May 25, 2017

David Silvester  
District Engineer  
MoDOT Central District  
1511 Missouri Blvd.  
Jefferson City, MO 65109

Dear Mr. Silvester:

The Columbia Area Transportation Study Organization (CATSO) endorses the City of Columbia's grant application for MoDOT Cost Share program funding for assistance in the construction of a roundabout at the existing T-intersection at Keene Street and I-70 Drive Southeast. This project is designed to eliminate the congestion issues at this intersection during peak traffic times, particularly vehicle backup on northbound Keene Street at the existing stop sign on I-70 Drive Southeast.

The provision of MoDOT Cost Share funding would help facilitate the timely implementation of this project.

Sincerely,

Mike Matthes, Chair  
CATSO Coordinating Committee
