CITY OF COLUMBIA, MISSOURI

Disabilities Commission

September 6, 2017

To: Mayor and Members of City Council

From: Columbia Disabilities Commission

Subject: Vision Zero Action Plan

Dear Mayor and Members of City Council:

On Thursday, August 10, 2017, the Disabilities Commission held its regular meeting, where the Vision Zero Plan was discussed, including its action plan and ongoing funding. The Commission unanimously voted to send the City Council a letter of support for the commitment to the safety and well-being of Columbia's residents through the Vision Zero Plan. We support future funding for the Vision Zero Plan to ensure the safety of all people who travel on community roadways and sidewalks.

We wish to convey the Disabilities Commission's support to the Vision Zero Plan, and we are happy to have elected a representative to the City's Vision Zero Team.

Sincerely,

Chuck Graham, Chair
Columbia Disabilities Commission
