

Health and Environment

Description

The Health and Environment departments are a group of departments with a central mission to preserve, protect, and promote our community. These departments are diverse in that they receive their funding through one of three mechanisms: from general city funds, special revenue funds, or funds held in trust. The departments receiving general city funding include Public Health and Human Services, Community Development, Economic Development, and Cultural Affairs. While there is some funding from dedicated sources such as grants and fees and service charges, much of the funding for these departments is considered to be general and, as such, can be moved from one department to any other general city funded department. The departments that receive special revenue funding include the Convention and Visitors Bureau, and the Community Development Block Grant Fund. The funding for these departments are dedicated and must be used to meet the specific needs of those departments. The department with funding held in trust is the Contributions Fund. Funds received in this department must be used for the specific purpose designated. The Office of Sustainability while a general fund department is completely offset by grants and transfers from the utilities.

Health and Human Services

Public Health and Human Services provides essential services that support optimal health, safety and well-being for all city and county residents.

Economic Development

Economic Development provides the necessary support to encourage and facilitate the growth of the economic base in Columbia.

Cultural Affairs

Cultural Affairs enhances the vitality of the city and the quality of life for all citizens by creating an environment wherein artists and cultural organizations can thrive by fostering opportunities for creative expression and the preservation and celebration of the City's multi-cultural heritage.

Office of Sustainability

The Office of Sustainability is responsible for internal and external sustainability efforts in Columbia.

Community Development

The Office of Neighborhood Services, Building and Site Development and Planning have been combined into one department to better serve the public. The goal is customer service. Neighborhood Services improves the quality of life for Columbia's residents through fairly and swiftly enforcing city codes related to residential life and building a sense of community by offering valuable volunteer opportunities, and providing resources for neighborhood leaders to solve issues independently. Building and Site Development responds to our community's building safety needs in order to deliver an effective and efficient system of services, which minimizes risk to life, health and property. Planning provides long-range land use planning, transportation, housing, community and economic development planning services to the community.

Community Development Block Grant

Community Development Block Grant Fund (CDBG) administers federal funding to improve low to moderate income neighborhoods through improvement of public infrastructure and community facilities, demolition of dilapidated buildings, construction of replacement housing, assistance to home owners and prospective home buyers, and rehabilitation of existing housing.

Convention and Visitors Bureau

Convention and Visitors Bureau (CVB) promotes Columbia as a meeting, leisure and group tour destination through direct solicitations, tradeshow attendance, advertising and marketing.

Contributions Fund

Contributions Fund manages donations to support and improve our community.

Description

The Columbia/Boone County Department of Public Health & Human Services provides essential services that support optimal health, safety and well-being for all city and county residents.

Department Objectives

Administration: Responsible for the overall management of department operations. Includes the Epidemiology, Planning, and Evaluation Unit; Public Communications; and Vital Records. Provides staff support to the Board of Health.

Community Health Promotion: Supports overall community health with programs focused on overweight/obesity, physical activity, nutrition, adolescent health, HIV/STD, and health literacy. Emphasis is placed on evidence-based, comprehensive approaches to planning, developing, and evaluating health promotion initiatives to address social determinants of health.

Animal Control: Enforces Columbia and Boone County animal control ordinances. Services include investigating animal bite cases, rabies prevention, responsible pet ownership education, impoundment of dogs running at large, assistance in locating lost animals, animal cruelty and neglect investigations, and responding to injured animal and wildlife calls 24 hours per day.

Environmental Public Health: Enforces city, county, and state ordinances, rules, and regulations relating to environmental health and sanitation. Services include food service, licensed day care, lodging facility, and tattoo establishment inspections; food handler education and certification; recreational water testing and analysis; permitting and monitoring of public and semi-public swimming pools; environmental lead assessments; and mosquito control. The unit administers the Boone County Waste Water Permit Program and enforces the county's nuisance ordinance.

Community Health: Provides population-based health services including: communicable disease investigation and treatment, tuberculosis control, immunizations, child care nurse consultation, blood lead testing, chronic disease screening and education, tobacco cessation, as well as refugee, family planning, well-woman, and sexually transmitted disease clinics.

WIC Program: Provides nutrition education, breastfeeding support and supplemental food packages to women, infants, and children who meet medical and income requirements. The program serves women who are pregnant or breast-feeding; babies born prematurely, at a low birth weight or who demonstrate a medical or nutritional risk factor; and children under age five. Administers the Summer Food Program at Douglass Park.

Social Services: Provides a variety of social services including: pregnancy testing and counseling, pregnancy support services, Healthy Families America home visitation services, information and referral, medication assistance, utility assistance, and eligibility determination for department services.

Department Objectives- continued

Human Services: Work includes addressing the causes and conditions of poverty by purchasing, coordinating and providing social services in the community. Provides staff support to the Columbia Human Services Commission and the Substance Abuse Advisory Commission.

Highlights/Significant Changes

- For FY 2018, the Public Health and Human Services budget will decrease \$193,695 or 2.5%. This is primarily due to the ending of HEAL and Tobacco grants.
- Potential cuts to public health and human services funding, at the federal level, could have a significant impact on revenue and services locally.
- There are no additional positions budgeted. Employees per thousand population will decrease from 0.567 to 0.556.
- **Strategic Priority: Social Equity** - With continued support from the Lichtenstein Foundation and MU Health Care, influenza vaccines will continue to be offered to all K-12 students in public and private schools throughout the county.
- **Strategic Priority: Social Equity** - Social services funding is \$893,556 for FY 2018 (the same amount since FY 2010).
- Permit inspections and plan review fees for the food safety program will be increased in FY 2018 to cover 75% of costs.
- Dental pain relief program costs are eliminated with funds transferred to medication assistance due to other options that are now available.
- Increased Medicaid reimbursement rates will result in slight increases in revenue in FY 2018.

**Other Local Revenues include a Reimbursement from REDI (Regional Economic Development Incorporated). For FY 2018 this also includes \$30,000 from the University for partial reimbursement of Entrepreneurship Program Coordinator position.

Description

This Department provides the necessary support to encourage and facilitate the growth of the economic base in Columbia. This task includes working with the various local, regional and state economic development agencies, as well as educational institutions in an effort to attract new businesses, retain and expand existing businesses, and foster a stronger entrepreneurial ecosystem for business start-ups and emerging technologies. This Department staffs **Regional Economic Development Inc. (REDI)**, which provides additional operating funds.

Department Objectives

Strategic Priority: Economy - Jobs that Support Families

The staff's goal is to promote positive economic growth in Columbia and Boone County while maintaining the region's exceptional quality of life. The Department/REDI purpose is to facilitate the creation and retention of quality, sustainable jobs in our community. The three program areas are: 1) marketing the community as a destination for primary businesses with an emphasis on life science and technology sectors by providing workforce, site and building data to prospects; 2) working with existing employers on business retention and expansion, especially workforce development initiatives including labor availability analysis and the Certified Work Ready Community (CWRC) program; and, 3) supporting the entrepreneurial community through a variety of activities, programs and business counseling services at REDI's Innovation Hub through collaborative and coordinated efforts with area resources and agencies.

Highlights/Significant Changes

- Staff serves as co-chairs for the Economy Priority of the City's Strategic Plan 2016-2019, providing leadership to the team in establishing goals, indicators and metrics to ensure the creation of quality jobs that pay a living wage.
- Staff leads the Certified Work Ready Community (CWRC) designation effort by providing program facilitation through the Steering Committee. The CWRC program encourages job seekers to earn the National Career Readiness Certificate (NCRC), and businesses to sign on to recognize the NCRC in their hiring practices. Boone County earned the Certified Work Ready Community status in November 2016 and is now in the Maintaining Phase of the program until December 2018. Over 1,200 individuals in Boone County have now earned a National Career Readiness Certificate.
- Staff provided assistance and facilitation of the Chapter 100 project for Dana Light Axle Products, LLC that resulted in an additional capital investment of \$39 million and the addition of 135 new manufacturing positions at the local facility over a 3-year period from 2016-2018.
- Staff provided assistance and facilitation to Aurora Organic Dairy (AOD) that resulted in AOD purchasing the city-owned Sutter site for a \$100+ million investment in a milk processing facility that will employ 130+ individuals over the next several years. Staff also facilitated the Chapter 100 process for the company, and is assisting the company during the current construction phase.

Highlights/Significant Changes (cont.)

- Staff provided site selection and facilitation of the American Outdoor Brands Corporation Distribution Center that is planned for the Route Z area in Boone County. This investment of more than \$50 million will create additional employment, and also retains a significant number of the current employees of Battenfeld Technologies, a Columbia company.
- Hired a dedicated full-time Entrepreneurship Program Coordinator to focus on Innovation Hub clients, connecting the entrepreneurial ecosystem of support, and creating new initiatives to spur entrepreneurial activity.
- Hosted several new entrepreneurial events throughout the year, including the first Video Game Jam in January which brought six teams together and created a finished product.
- Organized and hosted a meeting place for a community Social Entrepreneurship Group that is currently developing programming, support, and highlighting mission driven organizations in Columbia.
- Several of the entrepreneurs utilizing the Innovation Hub have bootstrapped to grow their team, acquired investors, and secured a SBA loan in 2017.
- Six new companies have been accepted into the Innovation Hub (as of June 2017). Additional applications continue to be received throughout the year.
- Staff worked through a branding process with a graphic designer who designed logos and marketing pieces for the Innovation Hub. These designs will be used to create a graphic identity for the Hub and is already in use in new signage promoting the location of the Hub.
- Staff created additional promotional videos highlighting REDI's work with existing legacy companies and promoting Columbia as a location for businesses new to the region.
- Staff compiled and submitted an application for Accredited Economic Development Organization status from the International Economic Development Council; application is currently pending approval (as of June 2017).
- Staff created Newslinks, a new newsletter format that is distributed weekly or biweekly to a wide audience to share information and awareness of REDI programs and activities.
- Staff created a Marketing Plan for REDI which aligns with REDI's Strategic Plan implementation.
- Staff assisted with promotion of the Minority and Women Owned Business Directory, and participated in other community initiatives including Cradle to Career Alliance, Mayors Climate Protection Agreement Awards, Economic Outlook Conference, and University of Missouri student recruitment efforts.
- Completed a department reorganization by moving the Columbia Regional Airport from Public Works to Economic Development to allow for continued growth and expansion of the airport as an economic driver of the mid-Missouri region.

Department of Economic Development

Description

The Office of Cultural Affairs' (OCA) mission is to create an environment where artists and cultural organizations thrive by advancing and supporting the arts and culture for the benefit of the citizens of Columbia.

Cultural Affairs is the department liaison for the following boards and commissions:

- Commission on Cultural Affairs
- Commission on Cultural Affairs Standing Committee on Public Art
- Mayor's Task Force on U.S.S. Columbia

Core Values

- **Service** - We exist to provide the best possible support to all arts and culture organizations in Columbia.
- **Communication** - We listen and respond with clarity and timeliness.
- **Continuous Improvement** - We maintain excellence by assessing our practices and by exploring new and innovative methods to serve.
- **Integrity** - Our office ethic will be one of integrity and impartiality regardless of the capacity of the organization we are serving.
- **Teamwork** - We value diversity and partnerships not only within our own organization but also throughout the community.
- **Stewardship** - We are responsible and respectful of the resources the community entrusts to us.

Strategic Priorities

- **Sustainability** - to provide resources to our arts and culture organizations so they are able to fulfill their missions.
- **Advocacy** - to influence public policy and resource allocation decisions that affect the Columbia arts and culture community.
- **Cultural Stewardship** - to ensure that Columbia celebrates and maintains its cultural heritage by responsible planning and management of cultural resources and assets.

Highlights/Significant Changes

- OCA embarked upon a mission in 2013 to increase the level of funding allocated to arts and culture organizations by creating and maintaining the Columbia Arts Fund (CAF), an arts endowment established at the Community Foundation of Central Missouri in 2012. The CAF's mission is to augment annual funding already distributed to eligible arts and culture organizations. Due to individual donations, contributions from the Convention and Visitors Bureau, and successful fundraisers such as the annual Celebration of the Arts event, the fund began its first distributions in FY 2017.
- After expanding the Poster Party for the Arts in 2014, approximately \$36,500 has been raised for the Columbia Arts Fund. The event is being rebranded as the 2016 Celebration of the Arts and not only will continue the tradition of unveiling an annual commemorative poster but also will recognize an individual who has provided invaluable service to an arts/cultural organization(s) nominated by their own peers.

Highlights/Significant Changes- continued

- The OCA manages agreements between the John William "Blind" Boone Heritage Foundation and the Boone County Historical Society regarding the curation of the Blind Boone Home and the Maplewood House respectively.
- OCA took the lead to help redesign the Columbia Citizen's Handbook. The annual commemorative poster design is now featured on the cover, and other submissions are included throughout the booklet as honorable mentions.
- OCA has moved their entire funding process online to improve customer service and ensure accessibility to all.
- The Traffic Box Art Program, a graffiti abatement collaborative with the District and the Columbia Police Department, continues with an tenth box being completed in 2017. Two additional installations have also been created by students through OCA's Partner in Education with Columbia Public Schools, with a third box to be completed in 2017.
- The OCA continues its efforts to promote the arts. The OCA underwrites year-round radio and print advertising to assist local arts agencies with publicity and to raise awareness about the variety of arts opportunities available to citizens and visitors. In addition to social media, the office produces a monthly half-hour show on Columbia Access Television entitled "Arts Focus."
- The OCA staff manages the Columbia Sister City program as well as acts as the liaison for the Mayor's Task Force on the U.S.S. Columbia. New international connections are always being explored to expand Columbia's reach throughout the world.
- The FY 2018 budget reflects a decrease of \$14,068 or 2.6%. A 0.25 FTE Sr. ASA position will be reallocated to the City Manager's budget to provide additional support to that department.
- CAT TV funding for FY 2018 is \$35,000. Annual arts funding will remain at \$100,000.
- The City Council has designated the Columbia Sports Fieldhouse Phase I as an eligible Percent for Art Project. The OCA staff manages the Percent for Art Program along with the Standing Committee on Public Art. The Sports Fieldhouse Percent for Art project has a total budget of \$37,000, with \$31,450 established for the art component.
- **Strategic Priority: Social Equity - Improving the Odds for Success** - The Office of Cultural Affairs will work to strengthen participation in cultural activities in the three strategic focus areas.

Authorized Personnel

*In FY 2014 - FY 2016 Sustainability was reflected in the City Manager's section of the budget

** Transfers come from Water, Electric, Transit, Parking, Solid Waste, Storm Water, and Fleet Operations

Description

The Office of Sustainability is responsible for internal and external sustainability efforts in Columbia. As part of Columbia's efforts to increase conservation of fiscal and natural resources, it was important to have a department and staff dedicated to spearheading all of the sustainability efforts for the community. This will ensure that all areas of the local government and community are working together to reach the same goals guided by this department and staff.

The Office of Sustainability is the department liaison for the Energy and Environment Commission.

Department Objectives

- Coordinate efforts across departments to ensure sustainability goals are met and Columbia is a good steward of all resources.
- Evaluate, propose and implement sustainability objectives of the City of Columbia Strategic Plan and those highlighted as opportunities for improvement in Columbia's STAR Communities certification.
- Develop, coordinate and implement environmental education with community and regional partners; including Columbia Public Schools.
- The Sustainability Office coordinates and pursues sustainability grants for the City to reduce the City's consumption of natural resources.

Highlights/Significant Changes

- Due to a reallocation, the Mid-Missouri Solid Waste Management District budget will move from being under the direction of the Public Works Department to the direction of the Office of Sustainability in FY 2018. The majority of expenses are reimbursed from the Missouri Department of Natural Resources.
- Savings from FY 2016 will be utilized for the development of Columbia's first Climate Action Plan, as directed by Resolution 83-17A. Funds will be used to hire a consultant for project coordination and for necessary community engagement activities.
- This budget also reflects year two of a cooperative agreement with Missouri Department of Conservation for a Community Conservationist position. This position coordinates projects with departments and community education efforts about the social, environmental, and economic benefits to urban conservation. This position also manages the 3M Urban Restoration grant.
- For FY 2018, the Office of Sustainability budget will decrease \$27,493 or 6.4% due to the ending of a grant which resulted in the Sustainability Educator position being eliminated.
- There are no general source revenues used to fund this budget.

Description

The Community Development Department has three functional divisions: Building and Site Development, Planning and Zoning, Neighborhood Services.

Building and Site Development: functions as a "one stop shop" for the development community. This division is responsible for coordinating plan review, permitting, and inspection of both privately constructed infrastructure and building construction, and ensures compliance with Code of Ordinances, specifications and standards, and the adopted International Building Codes.

Neighborhood Services: administers the existing Office of Neighborhood Services (ONS) programs and the Housing Programs (HOME and CDBG). Neighborhood Services administers compliance of the Rental Unit Conservation Law, code enforcement, coordination of the Neighborhood Association Recognition Program, "Neighborhood Congresses," the Neighborhood Leadership Program; Volunteer Programs which support volunteer activities for all departments throughout the City; and Housing Program prepares plans and administers HOME and CDBG grant programs.

Planning and Zoning: consists of current and long-range planning. Current planning works to coordinate inter-departmental development review to facilitate better communication and more neighborhood engagement during the development process and administers the zoning and subdivision codes. Long-range planning is engaged in the preparation of the comprehensive plan, future land use plans, neighborhood and special area plans, and transportation plans; and provides staff for the federally funded and mandated (Columbia Area Transportation Study Organization) transportation planning which collects demographic and economic data.

Community Development is the department liaison for the following boards and commissions:

- Bicycle/Pedestrian Commission
- Board of Adjustment
- Building Construction Codes Commission
- Columbia Community Development Commission
- Columbia Land Trust Organization Board
- Columbia Tree Task Force
- Historic Preservation Commission
- Parking and Traffic Management Task Force
- Planning and Zoning Commission

Department Objectives & Highlights/Significant Changes

All divisions will complete preparations for the implementation of EnerGov software in FY 2018. Scheduled to "go live" in January, EnerGov is a Community Development and Infrastructure software product purchased by the City as the final stage of the COFERS Enterprise Resource Program initiative. EnerGov will modernize the Department's systems to better assist the development community with the plan review, permitting, and inspection processes.

Department Objectives & Highlights/Significant Changes (Cont.)

Building and Site Development:

Staff continues to strive to protect the public health, safety, and welfare through the plan review and inspection of privately funded public infrastructure and residential and commercial structures in a year dominated by multi-family residential projects. In addition, as of June 1, 2017, staff has issued 211 building permits for the construction of single family homes. Staff anticipates meeting its 75% cost recovery goal and the adoption of a Right of Way Management Ordinance in FY 2017 which will help staff better coordinate work within the right of way by private utility companies and their contractors.

Strategic Priority: Operational Excellence - The division anticipates adding an additional Engineering Technician (site inspector) and reclassifying an existing Engineering Technician to a Right of Way Technician to assist with the adoption and enforcement of the Right of Way Management Ordinance in FY 2017. Staff anticipates these position changes will be offset by the additional permit fees required by the ordinance. These changes will allow the division to divide the inspection of privately funded public infrastructure, residential and commercial civil/site work, erosion and sediment control, etc. amongst staff so as to provide better enforcement City-wide. These changes will also, for the first time, dedicate an employee to specifically coordinate all work within the City right of way.

Neighborhood Services:

- As of June 13, 2017, ONS had 10,056 buildings and 27,476 units registered under the Rental Unit Conservation Law (RUCL).
- Staff is conducting a systematic review of the City to ensure all rental properties are in compliance with the RUCL.
- ONS has focused on demolition and enforcement of nuisance structures and properties in code violation, particularly in the Central Strategic Plan neighborhood. Inspectors have also been assigned to each of the three Strategic Plan neighborhoods to work on code enforcement and liaison with residents and Columbia Outreach Unit (COU) officers.
- In FY 2016, the office handled 3,937 code enforcement cases, most on residential properties excluding rental inspections. Code enforcement cases include 1,360 nuisance violations, 1,277 weed cases, 530 property maintenance cases and 257 vehicle violations (unlicensed/inoperable/junk filled).
- Volunteer Services reports that volunteers shared 35,180 hours of service valued at nearly \$830,000.
- In FY 2017, staff worked with Parks & Recreation on a new Adopt-A-Trail program to remove invasive plants along the MKT trail.
- Volunteers also supported the new Community Conservation program in the Office of Sustainability.

Highlights/Significant Changes (Cont.)**Neighborhood Services: (cont.)**

- Volunteer Programs is working with Public Works Streets and Sustainability to replant roundabouts that will be maintained by volunteers through the Adopt-A-Spot Beautification Program.
- Volunteers continue to play an important role in staffing events, picking up litter in public spaces, and beautifying our right of way.

Highlights/Significant Changes (Cont.)**Planning and Zoning:**

In FY 2017 the Planning and Zoning division completed the comprehensive revisions to the zoning and subdivision regulations (approved by the City Council March 20, 2017). Known as the Unified Development Code (UDC), the new chapter 29 replaced the previously existing Chapters 29 (Zoning), 25 (Subdivisions), and 23 (Signs), and parts of Chapters 20 (Planning) and 12A (Land Preservation) and re-codified them as a single chapter with six articles. Staff continued work on a development scorecard and interactive services map; and continued monitoring and updating the interactive Columbia Imagined Implementation matrix. The Transportation Planners updated the Transportation Improvement Program (TIP) and the Unified Planning Work Program (UPWP). Staff began administration of historic preservation grant monies for a survey of the North Central Neighborhood area.

In FY 2018 the Division will implement the new development code through additional training, forms, interpretation decisions, and "clean-up" amendments as necessary. The Division will complete the infrastructure scoring system and solicit a list of 5-year updates to Columbia Imagined (comprehensive plan) for Planning & Zoning Commission review and Council consideration.

Description	Highlights/Significant Changes
<p>Strategic Priority: Social Equity - Improving the odds for success - This program disburses funds received by the City from the Department of Housing and Urban Development's Community Development Block Grant Program and HOME Investment Partnerships Program. These funds are used to assist low and moderate income citizens of the City with affordable housing, neighborhood needs, economic development, community facilities and fair housing. After receiving recommendations from the Community Development Commission, the staff, and public hearings, the Council adopts this budget and submits it to HUD for final approval. Following HUD approval, the funds become available in the spring/summer of 2018.</p>	<p>Housing and CDBG Programs staff have significantly expanded their efforts to increase permanently affordable housing by implementing the formation of the Columbia Community Land Trust (CCLT). Significant progress has been made on organizational infrastructure and plans for future CCLT projects. The City of Columbia has received national recognition for the level and quality of progress made on implementing the Columbia Community Land Trust organization. The CCLT received a grant and local donations of support to host the first regional convening of other community land trust organizations. This event provided the opportunity to educate local and regional partners on CLTs and share best practices between existing CLTs. Construction of the Lynn Street Cottages will be completed during FY 2018 and staff anticipates completing significant planning for its next CCLT project to be completed on the City's N. Eighth Street lot.</p>

Community Development Block Grant (CDBG)

Purpose

This program disburses funds received by the City from the Department of Housing and Urban Development's Community Development Block Grant Program. These funds are to be used to provide facilities and assistance to low to moderate income citizens of the City such as affordable housing, neighborhood needs, economic development, community facilities and fair housing. The City Council adopted the following guidelines for expenditure of annual Community Development Block Grant funds from 2015 through 2019:

- 25 - 40% for Affordable Housing
- 20 - 50% for Neighborhood Needs
- 0 - 30% for Community Facilities
- 10 - 50% for Economic Development
- 0 - 5% for Fair Housing
- 0 - 18% for Planning and Administration

These funding categories and guidelines for annual expenditure of CDBG funding are a direct result of public input received through the 2015-2019 consolidated planning process. This year's funding requests exceeded target percentages for affordable housing and were below in Neighborhood Needs, therefore funding recommendations are outside of the annual funding percentages.

Home Requests

Purpose

This program disburses funds received by the City from the HOME Investment Partnership Act Program from the Department of Housing and Urban Development. The City provides funds in the following five categories: Owner Occupied Housing Rehabilitation, Homebuyer Assistance, Community Housing Development Organizations (15% required set aside), Rental Housing, and Administration (10% maximum). All funds must be spent on projects that are defined by HUD as meeting their definition of "affordable."

This year, applications for HOME dollars received by the deadline were significantly greater than the amount of estimated funding available. Funds available for the HOME Program are at a historical low, since the inception of the program.

Fund Balance Beg. of Year	\$7,029,657	\$7,344,868	\$7,344,868	\$7,344,868
Fund Balance End of Year	\$7,344,868	\$7,344,868	\$7,344,868	\$7,344,868

Note: Actual column reflects total expenses for all grant activities. Proposed amounts include administrative costs only

The graph at the right shows revenues are above or below expenditures as a result of the timing of the grant drawdown and the receipt of funds. The CDBG grant is a reimbursement grant which means the funds can only be received after the expenses occur and a drawdown request is submitted. This process may cross from one fiscal year to another.

Description

The Convention and Visitors Bureau (CVB) promotes Columbia as a meeting, leisure, group tour and sports destination through direct solicitations, tradeshow attendance, marketing, advertising, and public relations. The initial 2% lodging tax levied by City Council took effect in 1980 and the public approved an additional 2% increase in 1999. In August of 2016 the public approved another 1% increase to fund the Airport terminal project. This 1% is temporary and is projected to sunset after 23 years.

Department Objectives

To increase the number of regional and national conventions held in Columbia; to increase the number of Sunday through Thursday visitors and lodgers while retaining existing weekend business; to increase travel visitation through the enhancement and development of festivals, sports, events and attractions; to provide exceptional service to our convention and meeting customers; to increase awareness of tourism as a viable form of economic development.

The CVB is the dept. liaison for the CVB advisory Board.

Highlights/Significant Changes

CVB Operations: As the tourism industry grows, so does the role of destination marketing and management organizations. CVBs are taking on more responsibilities and require a high-performing staff to meet those needs. In FY 2017, the organization of the CVB was restructured. Three (3) supervisory positions were established to oversee the many different facets the CVB represents. The Operations Supervisor is responsible for the office management, Tourism Development Program, Certified Tourism Ambassador Program, and the supervision of Sr. Administrative Assistant and the newly created Industry Relations Specialist. The Sales Supervisor oversees the sales and service specialists who are tasked with bringing and retaining convention and meetings business in Columbia. The Operations Analyst assists the director with tracking and benchmarking success through analysis of room revenue, occupancy, and marketing assessments. The Operations Analyst also is the public relations liaison for the CVB.

Tourism growth was evident in a number of areas important to Columbia as a destination. Digital audiences grew, especially on Instagram and the CVB achieved a record return on investment for our leisure marketing efforts. Columbia's occupancy, hotel tax revenues and tourism related spending increased over Fiscal Year 2016.

The CVB also implemented a new Customer Relationship Management (CRM) system called Simpleview. This system allows all CVB staff to store information, optimize communications and align processes for more streamlined operations while also creating an improved process for hotels to submit proposals to convention and meeting planners.

Highlights/Significant Changes- Continued

Destination and Tourism Awareness: Not only is it important for visitors to see Columbia as a destination, but locals and businesses must buy-in as well and become advocates. A key piece of this process is the Columbia Tourism Ambassador (CTA) program. Since its inception in 2013, the program has certified well over 500 CTAs and has a large active base that attends networking events, volunteers at events and welcomes visitors to our city. In FY 2017 more than 175 new CTAs were certified and were involved in networking events that included visits to Harold's Doughnuts, the "Blind" Boone Home and the Boone County Historical Society.

Industry Partnerships: Also vital to tourism's success is a strong group of tourism industry partners. The CVB prides itself on the relationships it builds and maintains with businesses across the tourism sector. This includes the creation of the Industry Partner Specialist position. The CVB also conducted its third annual Industry Partner Survey (IPS) to gauge partner satisfaction with various aspects of operations. Overall satisfaction with the CVB measured at 4.28/5. The CVB continues to pursue new ways to creatively work with local partners to promote the destination.

Economic Growth: Columbia's hotel gross receipts continue to grow, and key measures such as Occupancy and Average Daily Rate (ADR) are on the rise as well. Tourism is very dependent upon the state of the economy, recovery in manufacturing and service industry sectors, gas prices and the unemployment rate. In FY 2018 there will be more than 350 new rooms in the Columbia market. This is in part due to the success Columbia has seen. We will be working closely with the hotel community to see what impact the new rooms will have, as well as to partner and bring new business to Columbia. Growth for Boone County and Columbia will continue, but not at the pace it has over the past few years.

Public Relations and Marketing: In FY 2017, the CVB launched a new marketing campaign with new creative tactics for all three markets in traditional and digital marketing for its amateur sports market and continued with its established leisure and conventions/meetings marketing tactics. The CVB conducted its annual Advertising Effectiveness Study with the following results for FY 2016: Columbia's ads and PR messages reached approximately 2.4 million households (up from 1.7 million in FY 2015); the campaign generated over 39,800 incremental trips, resulting in 105,000 room nights; more than \$21.3 million in incremental travel revenue that would not have occurred without the marketing efforts; and for every \$1 spent on marketing by the CVB, \$81 was generated in visitor spending, up from \$76 in FY 2015.

The FY 2018 budget reflects a decrease of \$949,045 or 24.3%. The FY 2017 budget included a one-time transfer of \$1 million to the Capital Projects Fund for the Parks and Recreation Field House project.

* Amount of Restricted Tourism Funds	\$2,279,233	\$2,458,657	\$2,495,567	\$1,541,279

+ Planned use of fund balance. The CVB utilized \$1 million of its restricted tourism funds to help pay for the construction of an indoor sports field house in FY 2017.

Total revenues have been above expenditures since FY 2010. Funds received for the 1% hotel/motel tax that is dedicated for tourism development is accumulated over time and then used to fund specific projects. This was used in FY 2017 to help fund an indoor sports field house.

Beginning in FY 2017, there is also a 1% hotel/motel tax being collected to fund airport improvements. These funds will be accumulated & transferred as needed for various airport improvement projects.

Financial Sources Over/(Under) Uses for Operations	\$163,432	(\$206,176)	(\$88,471)	(\$41,148)

The Funding Sources and Uses Statement is a management tool which provides a more complete look at the cash and other resources for the operation compared to the expenses and other uses of the operation. This allows management to examine the projected ending cash reserves for the operation compared to a cash reserve target which provides useful information about the financial health of the fund.

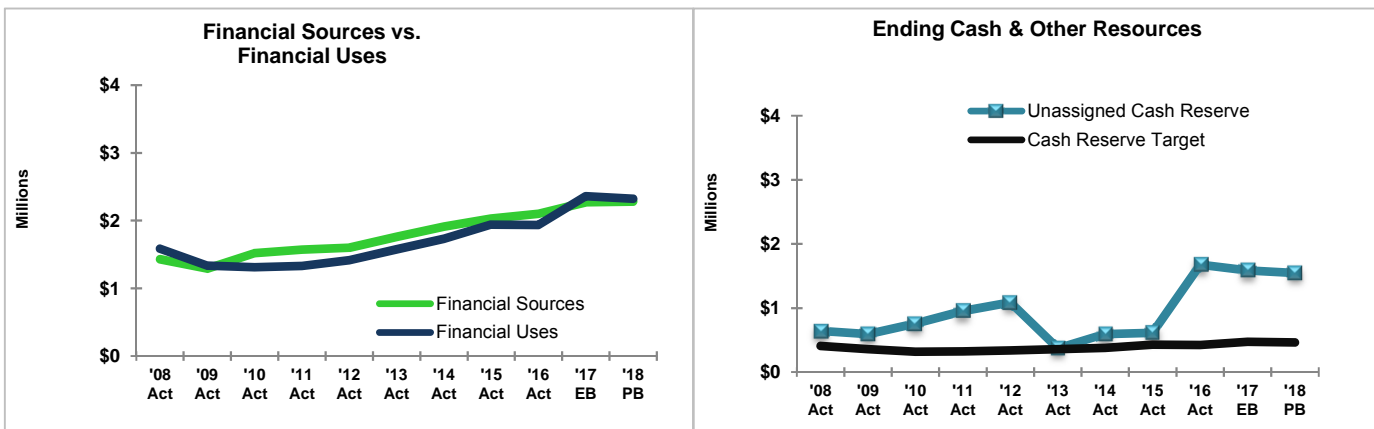

This statement takes information from the net income statement and subtracts out non-cash items (GASB adjustments for interest revenue, pensions, and vacation liabilities).

A cash reserve target is calculated in accordance with the cash reserve policy. In the event of a disaster, these funds would be used to keep the operation going for approximately three months plus fund the next year's infrastructure costs. The cash reserve target amount is different for each operation and depends on their operational and capital project needs.

The ending unassigned cash reserves are compared to the cash reserve target. When the reserves are below the cash reserve target it will be necessary for management to adjust fees or reduce expenses in order to get the reserves at or above the cash reserve target. With this type of fund, it is a normal practice to utilize smaller rate increases over time in order to build up reserves and then use those reserve balance to fund capital project costs.

Funding Sources and Uses Convention and Tourism Fund

	Actual FY 2016	Adj. Budget FY 2017	Estimated FY 2017	Proposed FY 2018
Unassigned Cash Reserves				
Beginning Unassigned Cash Reserve		\$1,676,940	\$1,676,940	\$1,588,469
Financial Sources Over/(Under) Uses Cash and Cash Equivalent		(\$206,176)	(\$88,471)	(\$41,148)
Projected Unassigned Cash Reserve	\$1,676,940	\$1,470,764	\$1,588,469	\$1,547,321
Cash Reserve Target				
Total Financial Uses for Operations	\$1,936,292	\$2,477,736	\$2,360,031	\$2,323,120
20% Guideline for Operational Expenses	x 20%	x 20%	x 20%	x 20%
Cash Reserve Target	\$387,258	\$495,547	\$472,006	\$464,624
Above/(Below) Cash Reserve Target	\$1,289,682	\$975,217	\$1,116,463	\$1,082,697

Financial sources were below financial uses in FY 2017 due to a one-time transfer to the Capital Projects fund to help fund an indoor sports field house.

The unassigned cash reserve is above the cash reserve target for FY 2017 and FY 2018.

Contributions Fund - Summary

Fund 2310

Description

The Columbia Trust was founded in May 1999 as a formal structure for the City to receive gifts of cash, land, and other items. Other programs under the umbrella of the Trust include the New Century Fund, Inc. and Share the Light. Donations include volunteer time, as well as gifts of cash, securities, and some types of real property. Proper procedures have been established to ensure funds and donations are expended for the purpose designated by the donor.

Department Objectives

The Columbia Trust serves as a channel both to receive and solicit donations for City of Columbia projects which enhance the lives of Columbia citizens. To that end, the Columbia Trust seeks to:

- Cooperate willingly with and express appreciation to donors.
- Handle all funds and processes in a fiduciary responsible manner.
- Increase the impact of the Trust year by year.
- Help in such a way as to truly serve those who work on or give to any Columbia Trust-related project.

Highlights/Significant Changes

- The Contributions Fund has three ongoing aspects: 1) The Columbia Trust which includes gifts directly to the city; 2) Share the Light, an ongoing program that allows small and repeated donations to a variety of city programs through a customer's utility bill; and 3) The New Century Fund, a separate 501(c)(3) organization with a board appointed by City Council.
- The New Century Fund, established in 2001, functions as a fundraising tool for the City of Columbia and is used to receive gifts and grants on behalf of the City. Most any significant enhancement to community life sponsored or directed by the City may become a project for the New Century Fund. Recent programs of the New Century Fund were the Columbia Public Schools' Influenza Inoculation program (majority funding granted from the David B. Lichtenstein Foundation through the NCF); the Christy Welliver Project; a re-landscaped main entrance to Stephens Lake Park; the Children's Grove; a community-wide gardens project at Stephens Lake Park to provide a positive influence in response to the Newtown, Connecticut, tragedy of December, 2012; upgrades to the Martin Luther King Memorial on Stadium Blvd; fundraising for a new dog-themed bench at the Grindstone Park Dog Park; and fund development for historical preservation in Columbia.

Highlights/Significant Changes - Continued

- Share the Light has received approximately \$255,000 in donations since beginning in the summer of 2001. More than \$202,000 has been appropriated for use in a variety of city projects including community arts funding, community beautification, youth recreation scholarships, youth dental care, public health issues, fire prevention and education, and crime prevention. Donations for this program are solicited each September.
- The Columbia Trust sends acknowledgment letters to donors to City fundraising projects including Share the Light and CASH and HELP utility assistance programs. Approximately \$62,000 was donated by local citizens to these two programs, helping over 400 local families last year.
- The Trust Administrator position works with the Columbia Trust, the New Century Fund, and serves as the executive director of the Community Foundation of Central Missouri (CFCM), which was established in 2010. CFCM is a 501(c)(3) nonprofit organization with an independent board of community leaders and the broad charitable purpose of improving lives in the communities it serves. As of June, 2017, there were over \$6 million in assets in 80 funds administered by the Community Foundation of Central Missouri. The funds and their earnings are used for charitable purposes mostly in the Columbia and central Missouri area. Over \$1,200,000 was gifted out from Community Foundation funds and programs to nonprofit organizations in FY 2016 - FY 2017 (the City's fiscal year and CFCM's overlap). Included in that total is the Foundation's 2016 end-of-year campaign named "CoMoGives," which received and distributed over \$567,000 in donations to participating nonprofit agencies in Columbia.

Cash Reserve Target

The primary expenditures from this fund are for items specifically donated; therefore, there is no cash reserve target for this fund.

Financial sources represent donations by citizens through a variety of different programs. Financial uses represent the transfer of the accumulated funds for a specific project to the responsible departmental budget to be spent. In years where financial sources are above financial uses, donations are being accumulated. In years where financial uses are above financial sources, accumulated balances are being transferred to a department budget to be spent according to the purpose of the donation.

The assigned cash reserve has been relatively stable since FY 2010. There is no cash reserve target for this fund because the purpose of the fund is to track donations coming in and the transfer of the donations to the respective departmental budgets to be spent. The minimal operating costs of this function are covered by interest revenue that is generated on the accumulated donations.
