

PRELIMINARY OFFICIAL STATEMENT DATED MARCH 27, 2017

**NEW ISSUE
BOOK ENTRY ONLY**

**S&P RATING: “AA”
See “RATINGS” herein.**

In the opinion of Gilmore & Bell, P.C., Bond Counsel, under existing law and assuming continued compliance with certain requirements of the Internal Revenue Code of 1986, as amended (the “Code”), the interest on the Bonds (including any original issue discount properly allocable to an owner thereof) is excludable from gross income for federal and Missouri income tax purposes, except as described in this Official Statement, and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations. The Bonds have not been designated as “qualified tax-exempt obligations” within the meaning of Section 265(b)(3) of the Code. See “TAX MATTERS” in this Official Statement.

CITY OF COLUMBIA, MISSOURI

**\$5,660,000*
SPECIAL OBLIGATION IMPROVEMENT BONDS
(SOLID WASTE SYSTEM PROJECT)
SERIES 2017**

Dated: Date of Issuance

Due: February 1, as shown on inside cover page

The Bonds will be issued as fully registered bonds and will be registered in the name of Cede & Co., as registered owner and nominee for The Depository Trust Company, New York, New York (“DTC”). DTC will act as securities depository for the Bonds. The Bonds will be available for purchase in denominations of \$5,000 or any integral multiple thereof, under the book-entry system maintained by DTC. DTC will receive all payments with respect to the Bonds from UMB Bank, N.A., St. Louis, Missouri, as Paying Agent for the Bonds. DTC is required to remit such payments to DTC Participants for subsequent disbursement to the beneficial owners of the Bonds. Semiannual interest will be payable on February 1 and August 1, beginning on August 1, 2017.

The Bonds and the interest thereon will constitute special obligations of the City payable solely from amounts appropriated in each fiscal year (i) out of the income and revenues of the City provided for such fiscal year, plus (ii) any unencumbered balances from previous years. The City is not obligated to make any such annual appropriation. The Bonds do not constitute general obligations or indebtedness of the City within the meaning of any constitutional or statutory limitation or provision, and the City does not pledge its full faith and credit and is not obligated to levy taxes or resort to any other moneys or property of the City to pay the principal of and interest on the Bonds. The fiscal year of the City begins on each October 1 and ends on September 30.

The Bonds are being issued for the purpose of providing funds to (i) pay costs of various improvements to the City’s solid waste system and (ii) pay costs related to the issuance of the Bonds.

The Bonds are subject to optional redemption prior to maturity as further described herein.

The Bonds are offered when, as and if issued by the City, subject to the approval of legality by Gilmore & Bell, P.C., Kansas City, Missouri, Bond Counsel. Gilmore & Bell, P.C. will also pass upon certain matters relating to this Official Statement. It is expected that the Bonds will be available for delivery in book-entry form through DTC, New York, New York on or about April 19, 2017.

Bids for the Bonds will only be received via facsimile or electronically at www.ColumbiaCapitalAuction.com until 10:30 A.M., Central Daylight Time, on Monday, April 3, 2017, all in accordance with the Notice of Bond Sale for the Bonds.

The date of this Official Statement is April __, 2017.

REGARDING USE OF THIS OFFICIAL STATEMENT

No dealer, broker, salesman or other person has been authorized by the City or the Underwriter to give any information or to make any representations with respect to the Bonds other than those contained in this Official Statement, and, if given or made, such other information or representations must not be relied upon as having been authorized by any of the foregoing. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the Bonds by any person in any jurisdiction in which it is unlawful for such person to make such offer, solicitation or sale. The information set forth herein has been furnished by the City and other sources which are believed to be reliable, but such information is not guaranteed as to accuracy or completeness, and is not to be construed as a representation, by the Underwriter. The information and expressions of opinion herein are subject to change without notice and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the City since the date hereof.

The Underwriter has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of that information.

In connection with this offering, the Underwriter may overallocate or effect transactions that stabilize or maintain the market price of the Bonds at a level above that which might otherwise prevail in the open market. Such stabilizing, if commenced, may be discontinued at any time.

The Bonds have not been registered with the Securities and Exchange Commission under the Securities Act of 1933, as amended, or under any state securities or "blue sky" laws. The Bonds are offered pursuant to an exemption from registration with the Securities and Exchange Commission.

CAUTIONARY STATEMENTS REGARDING FORWARD-LOOKING STATEMENTS IN THIS OFFICIAL STATEMENT

Certain statements included in or incorporated by reference in this Official Statement that are not purely historical are "forward-looking statements" within the meaning of the United States Private Securities Litigation Reform Act of 1995, Section 21E of the United States Securities Exchange Act of 1934, as amended, and Section 27A of the United States Securities Act of 1933, as amended, and reflect the City's current expectations, hopes, intentions, or strategies regarding the future. Such statements may be identifiable by the terminology used such as "plan," "expect," "estimate," "budget," "intend" or other similar words.

THE ACHIEVEMENT OF CERTAIN RESULTS OR OTHER EXPECTATIONS CONTAINED IN SUCH FORWARD-LOOKING STATEMENTS INVOLVE KNOWN AND UNKNOWN RISKS, UNCERTAINTIES AND OTHER FACTORS WHICH MAY CAUSE ACTUAL RESULTS, PERFORMANCE OR ACHIEVEMENTS DESCRIBED TO BE MATERIALLY DIFFERENT FROM ANY FUTURE RESULTS, PERFORMANCE OR ACHIEVEMENTS EXPRESSED OR IMPLIED BY SUCH FORWARD-LOOKING STATEMENTS. INCLUDED IN SUCH RISKS AND UNCERTAINTIES ARE (i) THOSE RELATING TO THE POSSIBLE INVALIDITY OF THE UNDERLYING ASSUMPTIONS AND ESTIMATES, (ii) POSSIBLE CHANGES OR DEVELOPMENTS IN SOCIAL, ECONOMIC, BUSINESS, INDUSTRY, MARKET, LEGAL AND REGULATORY CIRCUMSTANCES, AND (iii) CONDITIONS AND ACTIONS TAKEN OR OMITTED TO BE TAKEN BY THIRD PARTIES, INCLUDING CUSTOMERS, SUPPLIERS, BUSINESS PARTNERS AND COMPETITORS, AND LEGISLATIVE, JUDICIAL AND OTHER GOVERNMENTAL AUTHORITIES AND OFFICIALS. ASSUMPTIONS RELATED TO THE FOREGOING INVOLVE JUDGMENTS WITH RESPECT TO, AMONG OTHER THINGS, FUTURE ECONOMIC, COMPETITIVE, AND MARKET CONDITIONS AND FUTURE BUSINESS DECISIONS, ALL OF WHICH ARE DIFFICULT OR IMPOSSIBLE TO PREDICT ACCURATELY. FOR THESE REASONS, THERE CAN BE NO ASSURANCE THAT THE FORWARD-LOOKING STATEMENTS INCLUDED IN THIS OFFICIAL STATEMENTS WILL PROVE TO BE ACCURATE.

UNDUE RELIANCE SHOULD NOT BE PLACED ON FORWARD-LOOKING STATEMENTS. ALL FORWARD-LOOKING STATEMENTS INCLUDED IN THIS OFFICIAL STATEMENT ARE BASED ON INFORMATION AVAILABLE TO THE CITY ON THE DATE HEREOF, AND THE CITY ASSUMES NO OBLIGATION TO UPDATE ANY SUCH FORWARD-LOOKING STATEMENTS IF OR WHEN ITS EXPECTATIONS OR EVENTS, CONDITIONS OR CIRCUMSTANCES ON WHICH SUCH STATEMENTS ARE BASED OCCUR OR FAIL TO OCCUR, OTHER THAN AS SET FORTH IN **APPENDIX B**.

THIS PRELIMINARY OFFICIAL STATEMENT IS DEEMED TO BE FINAL (EXCEPT FOR PERMITTED OMISSIONS) BY THE CITY FOR PURPOSES OF COMPLYING WITH RULE 15c2-12 OF THE SECURITIES AND EXCHANGE COMMISSION.

**CITY OF COLUMBIA, MISSOURI
SPECIAL OBLIGATION IMPROVEMENT BONDS
(SOLID WASTE SYSTEM PROJECT)
SERIES 2017**

INTRODUCTION

This introduction is only a brief description and summary of certain information contained in this Official Statement and is qualified in its entirety by reference to more complete and detailed information contained in the entire Official Statement, including the cover page and appendices hereto, and the documents summarized or described herein. A full review should be made of the entire Official Statement.

Purpose of the Official Statement

The purpose of this Official Statement is to furnish information relating to (1) the City of Columbia, Missouri (the “City”) and (2) the Special Obligation Improvement Bonds (Solid Waste System Project), Series 2017 (the “Bonds”), of the City, dated their date of delivery, to be issued in the principal amount of \$5,660,000*.

The City

The City is a constitutional charter city and political subdivision of the State of Missouri, organized, existing and operating under the constitution and laws of the State of Missouri and the City Charter, adopted in 1949, and exercises powers of municipal government specifically granted by the State of Missouri. For more information about the City, see *Appendix A* and *Appendix B*.

The Bonds

The Bonds are being issued pursuant to an ordinance to be passed by the City Council of the City on April 3, 2017 (the “Bond Ordinance”) for the purpose of (a) paying the costs of various improvements to the City’s solid waste system (the “Solid Waste System”), and (b) paying costs related to the issuance of the Bonds. See the sections “**THE BONDS**” and “**PLAN OF FINANCING**” herein.

Security and Source of Payment

The payment of the principal of and interest on the Bonds is subject to annual appropriation by the City. The City is not required or obligated to make any such appropriation. No property of the City is pledged or encumbered, and no reserve fund has been established, to secure payment of the Bonds.

The Bonds and the interest thereon will constitute special obligations of the City payable solely from amounts appropriated in each Fiscal Year (defined below) (i) out of the income and revenues of the City provided for such Fiscal Year, plus (ii) any unencumbered balances from previous years. The City is not obligated to make any such annual appropriation.

The Bonds do not constitute general obligations or indebtedness of the City within the meaning of any constitutional or statutory limitation or provision, and the City does not pledge its full faith and credit and is not obligated to levy taxes or resort to any other moneys or property of the City to pay the principal of and interest on the Bonds. The fiscal year of the City begins on each October 1 and ends on September 30 (each a “Fiscal Year”).

* Preliminary, subject to change.

See the section “**SECURITY AND SOURCES OF PAYMENT FOR THE BONDS**” herein.

Financial Statements

Audited financial statements of the City as of and for the Fiscal Year ended September 30, 2016, are included in the City’s Comprehensive Annual Financial Report in *Appendix B* to this Official Statement. These financial statements have been audited by RSM US LLP, Kansas City, Missouri, independent certified public accountants, to the extent and for the periods indicated in their report which is also included in *Appendix B* hereto.

Summary of the Bond Ordinance

A summary of the Bond Ordinance, including definitions of certain words and terms used herein and in the Bond Ordinance, is included in *Appendix C* to this Official Statement. Such summary and definitions do not purport to be comprehensive or definitive. All references herein to the Bond Ordinance are qualified in their entirety by reference to the Bond Ordinance. Copies of the Bond Ordinance and this Official Statement may be viewed at the office of the City’s financial advisor, Columbia Capital Management, LLC, 6330 Lamar Ave., Overland Park, Kansas 66202, (913) 248-8500, or will be provided to any prospective purchaser requesting the same.

Continuing Disclosure Information

The City has agreed to provide certain annual financial information and notices of certain events to the Municipal Securities Rulemaking Board via the Electronic Municipal Market Access system (“EMMA”), in accordance with Rule 15c2-12 promulgated by the Securities and Exchange Commission. See the section “**CONTINUING DISCLOSURE**” herein and “**Summary of the Continuing Disclosure Undertaking**” in *Appendix C*.

PLAN OF FINANCING

Authorization and Purpose of the Bonds

The Bonds are authorized pursuant to and in full compliance with the Constitution and statutes of the State of Missouri, the City’s Charter and the Bond Ordinance. The Bonds are being issued for the purpose (i) paying the costs of various improvements to the City’s Solid Waste System and (ii) paying costs related to the issuance of the Bonds.

The Improvements

The Bonds are being issued for the purpose of paying the costs of various improvements to the Solid Waste System. Generally, the improvements will include constructing an approximate 11.26 acre bioreactor landfill area within the permitted airspace of the City’s existing landfill (collectively, the “Project”). The estimated aggregate cost of the Project is \$5,508,000.

The City will proceeds of the Bonds in the Project Fund established under the Bond Ordinance. Such proceeds will be used by the City solely to pay costs of issuing the Bonds and costs of the Project, in accordance with the report and estimate of the City’s engineers and plans and specifications for said improvements to be prepared by the City’s engineers. Construction of the Project will begin in September 2017 and is estimated to be completed by October 2018.

Sources and Uses of Funds

The following table summarizes the estimated sources of funds and the expected uses of such funds, in connection with the plan of financing:

THE BONDS

The following is a summary of certain terms and provisions of the Bonds. Reference is hereby made to the Bonds and the provisions with respect thereto in the Bond Ordinance for the detailed terms and provisions thereof.

General Description

The Bonds will be issued in the principal amounts stated on the inside cover page of this Official Statement, will be dated the date of issuance thereof, and will consist of fully registered bonds without coupons in the denomination of \$5,000 or any integral multiple thereof. The Bonds will mature, subject to redemption as described below, on February 1 in the years and in the principal amounts set forth on the inside cover page of this Official Statement. Interest on the Bonds will be payable semiannually on February 1 and August 1 in each year, beginning on August 1, 2017. Principal will be payable by check or draft mailed by the Paying Agent upon presentation and surrender of the Bonds by the Registered Owners thereof at the principal payment office of UMB Bank, N.A., St. Louis, Missouri, Paying Agent. Interest shall be paid (a) to the Registered Owners of the Bonds as shown on the registration books of the Paying Agent (the "Bond Register") at the close of business on the "Record Date," which Record Date is the 15th day (whether or not a business day) of the calendar month next preceding an Interest Payment Date, for such interest by check or draft mailed by the Paying Agent to the address of such Registered Owners shown on the Bond Register or at such other address as is furnished to the Paying Agent in writing by any Registered Owner, or (b) in the case of an interest payment to any Registered Owner of \$500,000 or more in aggregate principal amount of Bonds, by wire transfer to such Registered Owner upon written notice given to the Paying Agent by such Registered Owner, not less than five days prior to the Record Date for such interest, containing the wire transfer address (which shall be in the continental United States) to which such Registered Owner wishes to have such wire directed.

Redemption Provisions

Optional Redemption. At the option of the City, the Bonds or portions thereof maturing on February 1, 2026, and thereafter will be subject to redemption and payment prior to maturity, on February 1, 2025, and thereafter in whole or in part at any time at the redemption price of 100% of the principal amount thereof, plus accrued interest to the redemption date.

Selection of Bonds for Redemption. Bonds shall be redeemed only in the principal amount of \$5,000 or any integral multiple thereof. When less than all of the outstanding Bonds are to be redeemed, such Bonds

shall be redeemed from maturities selected by the City, and Bonds of less than a full maturity shall be selected by the Paying Agent in \$5,000 units of principal amount in such equitable manner as the Paying Agent may determine.

Notice and Effect of Call for Redemption. In the event any of the Bonds are to be redeemed and paid prior to the maturity thereof the City, or the Paying Agent acting on behalf of the City, shall give written notice of its intention to redeem and pay said Bonds on a specified date, the same being described by number and maturity, said notice to be given by first class, registered or certified mail addressed to the original purchaser of the Bonds and to the registered owner of each Bond, each of said notices to be mailed at least 30 days prior to the date fixed for redemption. Whenever any Bond is called for redemption and payment, all interest on such Bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

The Paying Agent, as long as a book-entry system is used for the Bonds, will send notices of redemption only to the Securities Depository, as the registered owner of the Bonds. It is expected that the Securities Depository will notify the DTC Participants and request the DTC Participants to notify the Beneficial Owners of the Bonds of such redemption. Any failure of the Securities Depository to advise any of the DTC Participants, or of any DTC Participant or any nominee to notify any Beneficial Owner of the Bonds, of any such notice and its content or effect will not affect the validity or sufficiency of the proceedings relating to the redemption of the Bonds called for redemption.

Registration, Transfer and Exchange of Bonds

Each Bond when issued shall be registered by the Paying Agent in the name of the owner thereof on the Bond Register. If the Book-Entry Only System (described under the following caption) is discontinued the following provisions would apply: Bonds are transferable only upon the Bond Register upon presentation and surrender of the Bonds, together with instructions for transfer. Bonds may be exchanged for Bonds in the same series, aggregate principal amount and maturity upon presentation to the principal payment office of the Paying Agent, subject to the terms, conditions and limitations set forth in the Bond Ordinance and upon payment of any tax, fee or other governmental charge required to be paid with respect to any such registration, transfer or exchange. Bonds are transferable only upon the Bond Register upon presentation and surrender of the Bonds, together with instructions for transfer. Bonds may be exchanged for Bonds in the same series, aggregate principal amount and maturity upon presentation to the principal payment office of the Paying Agent, subject to the terms, conditions and limitations set forth in the Bond Ordinance and upon payment of any tax, fee or other governmental charge required to be paid with respect to any such registration, exchange or transfer.

Book-Entry Only System

Ownership interests in the Bonds will be available to purchasers only through a book-entry only system (the "Book-Entry Only System") described in ***Appendix D***.

SECURITY AND SOURCES OF PAYMENT FOR THE BONDS

The Bonds are special obligations of the City payable solely from amounts pledged or appropriated therefor in each Fiscal Year (i) out of the income and revenues provided for such Fiscal Year plus (ii) any unencumbered balances for previous years. **The Bonds do not constitute general obligations or indebtedness of the City within the meaning of any constitutional or statutory limitation or provision, and the City does not pledge its full faith and credit and is not obligated to levy taxes or resort to any other moneys or property of the City to pay the principal of and interest on the Bonds.**

The payment of the principal of and interest on the Bonds is subject to an annual appropriation by the City. The City Council has directed the Finance Director or any other officer of the City at any time charged with the responsibility of formulating budget proposals to include in each annual budget an appropriation of the amount necessary (after taking into account any moneys legally available for such purpose) to pay debt

service on the Bonds. The City is not required or obligated to make any such annual appropriation and the decision whether or not to appropriate such funds will be solely within the discretion of the then current City Council. No property of the City is pledged or encumbered, and no reserve fund has been established, as security for payment of the Bonds.

RISK FACTORS

The following section describes certain risk factors affecting the payment of and security for the Bonds. The following discussion of risks is not meant to be an exhaustive list of the risks associated with the purchase of Bonds and does not necessarily reflect the relative importance of the various risks. Potential investors are advised to consider the following factors along with all other information in this Official Statement in evaluating the Bonds. There can be no assurance that other risk factors will not become material in the future.

THE BONDS DO NOT GIVE RISE TO A GENERAL OBLIGATION OR OTHER INDEBTEDNESS OF THE CITY, THE STATE OF MISSOURI, OR ANY OTHER POLITICAL SUBDIVISION THEREOF WITHIN THE MEANING OF ANY CONSTITUTIONAL, STATUTORY OR CHARTER DEBT LIMITATION OR PROVISION.

THE BONDS SHALL BE SPECIAL OBLIGATIONS OF THE CITY PAYABLE SOLELY FROM THE ANNUAL APPROPRIATION OF FUNDS BY THE CITY FOR THAT PURPOSE. IN EACH FISCAL YEAR, PAYMENTS OF PRINCIPAL OF AND INTEREST ON THE BONDS SHALL BE MADE SOLELY FROM THE AMOUNTS APPROPRIATED THEREFOR (I) OUT OF THE INCOME AND REVENUES OF THE CITY PROVIDED FOR SUCH YEAR PLUS (II) ANY UNENCUMBERED BALANCES FOR PREVIOUS YEARS, AND THE DECISION WHETHER TO MAKE SUCH APPROPRIATION EACH YEAR SHALL BE WITHIN THE SOLE DISCRETION OF THE THEN CURRENT CITY COUNCIL. SUBJECT TO THE PRECEDING SENTENCE, THE OBLIGATIONS OF THE CITY TO MAKE PAYMENTS HEREUNDER AND TO PERFORM AND OBSERVE ANY OTHER COVENANT AND AGREEMENT CONTAINED IN THE BOND ORDINANCE SHALL BE ABSOLUTE AND UNCONDITIONAL.

IF THE CITY FAILS TO APPROPRIATE AMOUNTS SUFFICIENT TO PAY THE PRINCIPAL AND INTEREST ON THE BONDS IN ANY FISCAL YEAR, NO OTHER FUNDS OR PROPERTY WILL BE AVAILABLE TO PAY SUCH PRINCIPAL AND INTEREST. NO PROPERTY OF THE CITY IS PLEDGED OR ENCUMBERED, NOR HAS ANY RESERVE FUND BEEN ESTABLISHED, TO SECURE PAYMENT OF THE BONDS.

No Credit Enhancement or Reserve Fund

No bond insurance policy, letter of credit, reserve fund or other credit enhancement will be issued to insure payment of the principal of or interest on the Bonds. Accordingly, any potential purchaser of the Bonds should consider the financial ability of the City to make the payments of principal of and interest on the Bonds.

Enforcement of Remedies

The enforcement of the remedies under the Bond Ordinance may be limited or restricted by federal or state laws or by the application of judicial discretion, and may be delayed in the event of litigation to enforce the remedies. State laws concerning the use of assets of political subdivisions and federal and state laws relating to bankruptcy, fraudulent conveyances, and rights of creditors may affect the enforcement of remedies. Similarly, the application of general principles of equity and the exercise of judicial discretion may preclude or delay the enforcement of certain remedies. The legal opinions to be delivered with the issuance of the Bonds will be qualified as they relate to the enforceability of the various legal instruments by reference to the limitations on enforceability of those instruments under (1) applicable bankruptcy, insolvency, reorganization or similar laws affecting the enforcement of creditors' rights, (2) general principles of equity, and (3) the exercise of judicial discretion in appropriate cases.

Amendment of the Bond Ordinance

Certain amendments to the Bond Ordinance may be made without the consent of or notice to the owners of the Bonds, other amendments may be made with the consent of the owners of not less than a majority in principal amount of the Bonds then outstanding, and other amendments may be made with the consent of the owners of all the Bonds then outstanding. Such amendments may adversely affect the owners of the Bonds.

Risk of Audit

The Internal Revenue Service has established an ongoing program to audit obligations such as the Bonds to determine the legitimacy of the tax status of such obligations. No assurance can be given that the Internal Revenue Service will not commence an audit of the Bonds. Owners of the Bonds are advised that, if an audit of the Bonds were commenced, in accordance with its current published procedures, the Internal Revenue Service is likely to treat the City as the taxpayer, and the Owners of the Bonds may not have a right to participate in such audit. Public awareness of any audit could adversely affect the market value and liquidity of the Bonds during the pendency of the audit, regardless of the ultimate outcome of the audit.

Taxability

The Bonds are not subject to prepayment nor is the interest rate subject to adjustment in the event of a determination by the Internal Revenue Service or a court of competent jurisdiction that the interest paid or to be paid on any Bonds is or was includible in the gross income of the Owners of the Bonds for federal income tax purposes. It may be that Owners of the Bonds would continue to hold their bonds, receiving principal and interest as and when due, but would be required to include such interest payments in gross income for federal income tax purposes.

Other Factors Affecting the City

One or more of the following factors or events could adversely affect the City's operations and financial performance to an extent that cannot be determined at this time:

1. *Changes in Administration.* Changes in key administrative personnel could affect the capability of management of the City.
2. *Future Economic Conditions.* Adverse economic conditions or changes in demographics in the City, including increased unemployment and inability to control expenses in periods of inflation, could adversely impact the City's financial condition.
3. *Insurance Claims.* Increases in the cost of general liability insurance coverage and the amounts paid in settlement of liability claims not covered by insurance could adversely impact the City's financial condition.
4. *Natural Disasters.* The occurrence of natural disasters, such as floods, droughts, tornadoes or earthquakes, could damage the facilities of the City, interrupt services or otherwise impair operations and the ability of the City to produce revenues.
5. *Organized Labor Efforts.* Efforts to organize employees of the City into collective bargaining units could result in adverse labor actions or increased labor costs.

Investment Ratings and Secondary Market

The lowering or withdrawal of the investment rating initially assigned to the Bonds could adversely affect the market price for and the marketability of the Bonds. There is no assurance that a secondary market will develop for the purchase and sale of the Bonds. Prices of municipal securities in the secondary market are subject to adjustment upward and downward in response to changes in the credit markets and changes in operating

performance of the entities operating the facilities subject to the municipal securities. From time to time the secondary market trading in selected issues of municipal securities will fluctuate as a result of the financial condition or market position of the underwriter, prevailing market conditions, or a material adverse change in the operations of that entity, whether or not the subject securities are in default as to principal and interest payments, and other factors which may give rise to uncertainty concerning prudent secondary market practices. Municipal securities are generally viewed as long-term investments, subject to material unforeseen changes in the investor's circumstances, and may require commitment of the investor's funds for an indefinite period of time, perhaps until maturity.

Loss of Premium from Prepayment

Any person who purchases a Bond at a price in excess of its principal amount or who holds such Bond trading at a price in excess of par should consider the fact that the Bonds are subject to redemption prior to maturity at the redemption prices described herein in the event such Bonds are redeemed prior to maturity. See the section herein captioned **"THE BONDS – Redemption Provisions."**

Defeasance Risks

When all of the Bonds are deemed paid as provided in the Bond Ordinance, the requirements contained in the Bond Ordinance and all other rights granted to bond owners thereby shall terminate. Bonds or scheduled interest payments thereon shall be deemed to have been paid and discharged within the meaning of the Bond Ordinance if there has been deposited with the Paying Agent, or other commercial bank or trust company and having full trust powers, at or prior to the stated maturity or redemption date of said Bonds or the interest payments thereon, in trust for and irrevocably appropriated thereto, moneys and Defeasance Obligations which, together with the interest to be earned on any such Defeasance Obligations, will be sufficient for the payment of the principal of said Bonds and interest accrued to the stated maturity or redemption date, or if default in such payment has occurred on such date, then to the date of the tender of such payments; provided, however, that if any such Bonds are to be redeemed prior to their stated maturity, (1) the City has elected to redeem such Bonds, and (2) either notice of such redemption shall have been given, or the City shall have given irrevocable instructions, or shall have provided for an escrow agent to give irrevocable instructions, to the Paying Agent to give such notice of redemption in compliance with the Bond Ordinance. Defeasance Obligations include, in addition to cash and obligations pre-refunded with cash, bonds, notes, certificates of indebtedness, treasury bills and other securities constituting direct obligations of, or obligations the principal of and interest on which are fully and unconditionally guaranteed as to full and timely payment by, the United States of America. Historically, such United States obligations have been rated in the highest rating category by the rating agencies. There is no legal requirement in the Bond Ordinance that Defeasance Obligations consisting of such United States obligations be or remain rated in the highest rating category by any rating agency. Prices of municipal securities in the secondary market are subject to adjustment upward and downward in response to changes in the credit markets and that could include the rating of Bonds defeased with Defeasance Obligations to the extent the Defeasance Obligations have a change or downgrade in rating.

BASIC DOCUMENTATION

The City passed the Bond Ordinance for the purposes and subject to the terms and conditions described herein. A summary of the Bond Ordinance is contained in *Appendix C* to this Official Statement. Such summary of the Bond Ordinance does not purport to be complete and is qualified in its entirety by reference thereto.

LEGAL MATTERS

Legal Proceedings

As of the date hereof, there is no controversy, suit or other proceeding of any kind pending or threatened wherein or whereby any question is raised or may be raised, questioning, disputing or affecting in any way the legal organization of the City or its boundaries, or the right or title of any of its officers to their respective offices, or the legality of any official act in connection with the authorization, issuance and sale of the Bonds, or the constitutionality or validity of the Bonds or any of the proceedings had in relation to the authorization, issuance or sale thereof, or the levy and collection of a tax to pay the principal and interest thereof, or which might affect the City's ability to meet its obligations to pay the Bonds.

Approval of Legality

All legal matters incident to the authorization and issuance of the Bonds are subject to the approval of Gilmore & Bell, P.C., Kansas City, Missouri, Bond Counsel. Bond Counsel has participated in the preparation of this Official Statement, but the factual and financial information appearing herein has been supplied or reviewed by certain officials of the City and certified public accountants, as referred to herein, and Bond Counsel expresses no opinion as to the accuracy or sufficiency thereof except for the matters appearing in the sections of this Official Statement captioned **“THE BONDS,” “SECURITY AND SOURCE OF PAYMENT FOR THE BONDS,” “LEGAL MATTERS – Approval of Legality”** and **“TAX MATTERS.”**

TAX MATTERS

The following is a summary of the material federal and State of Missouri income tax consequences of holding and disposing of the Bonds. This summary is based upon laws, regulations, rulings and judicial decisions now in effect, all of which are subject to change (possibly on a retroactive basis). This summary does not discuss all aspects of federal income taxation that may be relevant to investors in light of their personal investment circumstances or describe the tax consequences to certain types of owners subject to special treatment under the federal income tax laws (for example, dealers in securities or other persons who do not hold the Bonds as a capital asset, tax-exempt organizations, individual retirement accounts and other tax deferred accounts, and foreign taxpayers), and, except for the income tax laws of the State of Missouri, does not discuss the consequences to an owner under any state, local or foreign tax laws. The summary does not deal with the tax treatment of persons who purchase the Bonds in the secondary market. Prospective investors are advised to consult their own tax advisors regarding federal, state, local and other tax considerations of holding and disposing of the Bonds.

Opinion of Bond Counsel

In the opinion of Gilmore & Bell, P.C., Bond Counsel, under the law existing as of the issue date of the Bonds:

Federal and Missouri Tax Exemption. The interest on the Bonds (including any original issue discount properly allocable to an owner thereof) is excludable from gross income for federal income tax purposes and is exempt from income taxation by the State of Missouri.

Alternative Minimum Tax. Interest on the Bonds is not an item of tax preference for purposes of computing the federal alternative minimum tax imposed on individuals and corporations, but is taken into account in determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on certain corporations.

Bank Qualification. The Bonds have not been designated as “qualified tax-exempt obligations” within the meaning of Section 265(b)(3) of the Code.

Bond counsel's opinions are provided as of the date of the original issue of the Bonds, subject to the condition that the Board and the City comply with all requirements of the Code that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excludable from gross income for federal income tax purposes. The Board and the City have covenanted to comply with all such requirements. Failure to comply with certain of such requirements may cause the inclusion of interest on the Bonds in gross income for federal and Missouri income tax purposes retroactive to the date of issuance of the Bonds. Bond Counsel is expressing no opinion regarding other federal, state or local tax consequences arising with respect to the Bonds but has reviewed the discussion under the heading "**TAX MATTERS.**"

Other Tax Consequences

Original Issue Discount. For federal income tax purposes, original issue discount ("OID") is the excess of the stated redemption price at maturity of a Bond over its issue price. The issue price of a Bond is the first price at which a substantial amount of the Bonds of that maturity have been sold (ignoring sales to bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents, or wholesalers). Under Section 1288 of the Code, OID on tax-exempt bonds accrues on a compound basis. The amount of OID that accrues to an owner of a Bond during any accrual period generally equals (1) the issue price of that Bond, plus the amount of OID accrued in all prior accrual periods, multiplied by (2) the yield to maturity on that Bond (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period), minus (3) any interest payable on that Bond during that accrual period. The amount of OID accrued in a particular accrual period will be considered to be received ratably on each day of the accrual period, will be excludable from gross income for federal income tax purposes, and will increase the owner's tax basis in that Bond. Prospective investors should consult their own tax advisors concerning the calculation and accrual of OID.

Original Issue Premium. If a Bond is issued at a price that exceeds the stated redemption price at maturity of the Bond, the excess of the purchase price over the stated redemption price at maturity constitutes "premium" on that Bond. Under Section 171 of the Code, the purchaser of that Bond must amortize the premium over the term of the Bond using constant yield principles, based on the purchaser's yield to maturity. As premium is amortized, the owner's basis in the Bond and the amount of tax-exempt interest received will be reduced by the amount of amortizable premium properly allocable to the owner. This will result in an increase in the gain (or decrease in the loss) to be recognized for federal income tax purposes on sale or disposition of the Bond prior to its maturity. Even though the owner's basis is reduced, no federal income tax deduction is allowed. Prospective investors should consult their own tax advisors concerning the calculation and accrual of bond premium.

Sale, Exchange or Retirement of Bonds. Upon the sale, exchange or retirement (including redemption) of a Bond, an owner of the Bond generally will recognize gain or loss in an amount equal to the difference between the amount of cash and the fair market value of any property received on the sale, exchange or retirement of the Bond (other than in respect of accrued and unpaid interest) and such owner's adjusted tax basis in the Bond. To the extent a Bond is held as a capital asset, such gain or loss will be capital gain or loss and will be long-term capital gain or loss if the Bond has been held for more than 12 months at the time of sale, exchange or retirement.

Reporting Requirements. In general, information reporting requirements will apply to certain payments of principal, interest and premium paid on the Bonds, and to the proceeds paid on the sale of the Bonds, other than certain exempt recipients (such as corporations and foreign entities). A backup withholding tax will apply to such payments if the owner fails to provide a taxpayer identification number or certification of foreign or other exempt status or fails to report in full dividend and interest income. The amount of any backup withholding from a payment to an owner will be allowed as a credit against the owner's federal income tax liability.

Collateral Federal Income Tax Consequences. Prospective purchasers of the Bonds should be aware that ownership of the Bonds may result in collateral federal income tax consequences to certain taxpayers, including, without limitation, financial institutions, property and casualty insurance companies, individual

recipients of Social Security or Railroad Retirement benefits, certain S corporations with “excess net passive income,” foreign corporations subject to the branch profits tax, life insurance companies, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry or have paid or incurred certain expenses allocable to the Bonds. Bond Counsel expresses no opinion regarding these tax consequences. Purchasers of Bonds should consult their tax advisors as to the applicability of these tax consequences and other federal income tax consequences of the purchase, ownership and disposition of the Bonds, including the possible application of state, local, foreign and other tax laws.

RATINGS

Standard & Poor’s Global Ratings (“S&P”), has assigned the Bonds the rating of “AA” (Stable Outlook). Ratings reflect only the view of S&P at the time such ratings are given, and the City and the Financial Advisor make no representation as to the appropriateness of such ratings or that such ratings will not be changed, suspended or withdrawn.

S&P has relied on the City and others for the accuracy and completeness of the information submitted in connection with the ratings. Ratings are not “market” ratings nor recommendations to buy, hold or sell the Bonds, and such ratings may be changed, suspended or withdrawn as a result of changes in, or unavailability of, information. Any downward revision, suspension or withdrawal of ratings could have an adverse effect on the market price and marketability of the Bonds.

CONTINUING DISCLOSURE

The City has agreed to provide certain annual financial information and notices of certain events to the Municipal Securities Rulemaking Board via the Electronic Municipal Market Access system (“EMMA”), in accordance with Rule 15c2-12 promulgated by the Securities and Exchange Commission (the “Rule”). The City has agreed to have updated financial information and operating data for the City available by the final day of the sixth month following the end of the City’s Fiscal Year, beginning with the City’s Fiscal Year ending September 30, 2017. The financial statements of the City are audited by the City’s independent certified public accountants. The City has also agreed to provide prompt notice of the occurrence of certain material events with respect to the Bonds. See “**Summary of the Continuing Disclosure Undertaking**” in *Appendix C*.

Compliance with Prior Undertakings Under the Rule

During the past five years, the City may not have made timely filings of event notices on EMMA relating to bond calls, defeasances or rating changes. The City believes this information was disseminated or available through other sources.

MISCELLANEOUS

Financial Statements

Audited financial statements of the City as of and for the Fiscal Year ended September 30, 2016, are included in **Appendix B**. These financial statements have been audited by RSM US LLP, Kansas City, Missouri, independent certified public accountants, to the extent and for the periods indicated in their report which is also included in **Appendix B**.

Financial Advisor

Columbia Capital Management, LLC, Overland Park, Kansas, has acted as financial advisor (the “Financial Advisor”) to the City in connection with the sale of the Bonds. The Financial Advisor is a “municipal advisor” as defined in the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010. The Financial Advisor has assisted the City in the preparation of this Official Statement and in other matters relating to the issuance of the Bonds. The Financial Advisor has not, however, independently verified the factual information contained in this Official Statement. The Financial Advisor will not be a manager or a member of any underwriting group submitting a proposal for the purchase of the Bonds.

Underwriting

Based upon bids received by the City on April 3, 2017, the Bonds were awarded to _____ (the “Underwriter”). The Bonds are being purchased for reoffering by the Underwriter. The Underwriter has agreed to purchase the Bonds from the City at a price equal to \$_____ (representing the par amount of the Bonds less an underwriters’ discount of \$_____ and plus [net] original issue premium of \$_____). The Underwriter is purchasing the Bonds from the City for resale in the normal course of the Underwriter’s business activities. The Underwriter may sell certain of the Bonds at a price greater than such purchase price, as shown on the inside cover page hereof. The Underwriter reserves the right to offer any of the Bonds to one or more purchasers on such terms and conditions and at such price or prices as the Underwriter, in its discretion, shall determine. The Underwriter reserves the right to join with dealers and other purchasers in offering the Bonds to the public. The Underwriter may offer and sell Bonds to certain dealers (including dealers depositing Bonds into investment trusts) at prices lower than the public offering prices.

Certification and Other Matters Regarding Official Statement

Information set forth in this Official Statement has been furnished or reviewed by certain officials of the City, certified public accountants, and other sources, as referred to herein, which are believed to be reliable. Any statements made in this Official Statement involving matters of opinion, estimates or projections, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any of the estimates or projections will be realized. The descriptions contained in this Official Statement of the Bonds and the Bond Ordinance do not purport to be complete and are qualified in their entirety by reference thereto.

Simultaneously with the delivery of the Bonds, the Mayor of the City, acting on behalf of the City, will furnish to the Underwriter a certificate which shall state, among other things, that to the best knowledge and belief of such officer, this Official Statement (and any amendment or supplement hereto) as of the date of sale and as of the date of delivery of the Bonds does not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements herein, in light of the circumstances under which they were made, not misleading in any material respect.

The form of this Official Statement, and its distribution and use by the Underwriter has been approved by the City. Neither the City nor any of its council members, officers or employees, in either their official or personal capacities, has made any warranties, representations or guarantees regarding the financial condition of the City or the City's ability to make payments required of it; and further, neither the City nor its officers, directors or employees assumes any duties, responsibilities or obligations in relation to the issuance of the Bonds other than those either expressly or by fair implication imposed on the City by the Bond Ordinance.

GENERAL AND DEMOGRAPHIC INFORMATION

General

The City of Columbia (the “City”) is located in Boone County, Missouri (the “County”), in the central portion of the State of Missouri, approximately 125 miles east of Kansas City and 125 miles west of St. Louis. The City encompasses approximately 64 square miles and, according to the United States Census Bureau, as of July 1, 2015, has an estimated population of approximately 119,108.

The City is a constitutional home rule charter city and was organized in 1892 pursuant to the laws of the State of Missouri. The City is governed by a home rule charter and has a Council-Manager, non-partisan form of government which was adopted in 1949. The Mayor and six council members are elected for three year staggered terms with two council members elected each year. The City is divided into six wards, with one council member representing each ward and the Mayor being elected at large.

The Mayor presides over meetings of the City Council. The City Council establishes utility and tax rates and authorizes all municipal indebtedness. Tax rates are established by the City Council in such amounts necessary to generate tax revenues shown in the adopted budget. As required by state law, the aggregate City budget may not include any expenditures in excess of anticipated revenues. The City’s fiscal year ends on September 30.

The City is a full service City which provides not only the traditional basic services such as public safety, public works and planning, but also a wide variety of enterprise activities. Columbia provides a majority of utility services including water, electricity, solid waste, storm water and sanitary sewers. Additionally, Columbia operates three transportation enterprises: the regional airport, public transportation and railroad operations.

Municipal Services and Utilities

The City provides the normal range of governmental services, such as street construction and maintenance, police protection, fire protection, streets and bridges, civil defense, code enforcement, building inspections, health services, animal control and parks. These items are financed from the revenues of the General Fund.

In addition, the City owns and operates several enterprise and internal service operations. Enterprise operations include: electric (generation and distribution) water, sewer, solid waste, airport, transit system, storm water, parking, railroad, transload and recreation services. Some enterprise operations receive operating subsidies from the General Fund. Internal service operations consist of custodial and maintenance service, utility customer services, information services, employee benefit, self-insurance, public communications, GIS services and fleet operations. These operations provide services to all City departments and assess charges to departments based upon usage in amounts sufficient to cover their costs of operation.

Economic Condition and Outlook

The City’s geographic location serves as a crossroad for travelers going east and west on Interstate 70 and north and south on U.S. 63. Columbia has excellent transportation resources being serviced by the Columbia Regional Airport, Columbia Terminal Railroad, Columbia Transit and two interstate bus services.

The City is the location of the main campus of the University of Missouri, Columbia College, and Stephens College. Approximately 52,613 students attend these institutions of higher education during the regular school year. In addition to higher education, Columbia is also a regional medical center with eight hospitals. Insurance is a major business operation in the City with home offices of Shelter Insurance Company, the Columbia Insurance Group, and a regional office of State Farm Insurance Company. Columbia

is a regional shopping area for central Missouri with 16 shopping centers. Other area industry consists of printing, structural metal fabrication, structural materials production, electronic products, auto parts and food processing.

All of these activities have given the City a fairly stable employment base. The average unemployment rate within the City's Metropolitan Statistical Area (the "MSA") for calendar year 2016 was approximately 3.2%, which is below the national unemployment average of approximately 4.9%.

Listed below are the major employers located in the City and the approximate number of employed by each:

Legal Debt Capacity

Under Article VI, Section 26(b), (c) and (d) of the Constitution of Missouri, the City may incur indebtedness for authorized City purposes not to exceed 20% of the valuation of taxable tangible property in the City according to the last completed assessment upon the approval of four-sevenths of the qualified voters in the City voting on the proposition at any municipal primary or general election or two-thirds voter approval on any other election date. As of December 31, 2016, the legal debt limit of the City is \$387,578,901 (which is equal to 20% of the City's assessed valuation for 2016 of \$1,937,894,504). The City has no outstanding indebtedness, which leaves a legal debt margin of \$387,578,901.

Special Obligation Bonds: After the issuance of the Bonds, the City will have nine other series of special obligation bonds outstanding. The City may make payments on the outstanding special obligation bonds from any funds of the City legally available for such purposes, subject to annual appropriation by the City Council. However, the City expects to make payments from revenues of the sewer system, solid waste system, parking system and electric utility of the City, as applicable, as well as from the Capital Improvement Sales Tax. The total debt service for these ten currently outstanding issues is set forth in the table below.

Other obligations: In addition to the above listed Bonds, the City has two outstanding bank loans and a direct loan agreement with the Missouri Transportation Finance Corporation that are described in Notes E and F of the September 30, 2016 Comprehensive Annual Financial Report included as **Appendix B**.

Future obligations: At a November 5, 2013 election, the voters of the City authorized \$32,340,000 of sanitary sewerage system revenue bonds. Simultaneously with the issuance of the Bonds, the City will be issuing Sewerage System Revenue Bonds, Series 2017, in the principal amount of \$16,405,000* (the "Series 2017 Sewer Bonds"). After the issuance of such Series 2017 Sewer Bonds, the City will have \$5,156,000 remaining from such authority.

No Default

The City has never defaulted on the payment of any of its debt obligations.

* Preliminary, subject to change.

FINANCIAL INFORMATION CONCERNING THE CITY

Accounting, Budgeting and Auditing Procedures

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements and the private purpose trust fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as soon as all eligibility requirements imposed by the provider have been met.

The financial statements for the pension and other post-employment benefit trust funds are prepared using the economic resources management focus and the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to each plan are recognized when due, as the City has a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, interest and principal on general long-term debt is recognized when due, or when payments are due early in the next fiscal year, and the advance of resources to the debt service fund is mandatory, and debt service expenditures are recognized before year-end to match the resources provided for these payments.

Property tax, sales tax, gasoline tax, motor vehicle tax, interest, and revenues from other governmental units associated with the current fiscal period are all considered to be susceptible to accrual and so they have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City is required by law to prepare an annual budget of estimated receipts and disbursements for the coming fiscal year under the direction of the City Manager which is presented to the City Council in August for approval after a public hearing. The City's fiscal year is October 1 through September 30. The budget lists estimated receipts by fund, sources and estimated disbursements by fund and purposes, and includes a statement of the rate of levy per hundred dollars of assessed valuation required to raise each amount shown on the budget as coming from ad valorem taxes.

The financial records of the City are audited annually by a firm of independent certified public accountants in accordance with generally accepted auditing standards. In recent years, the annual audit has been performed by McGladrey LLP; however, the annual audit for the fiscal years ended September 30, 2015 and September 30, 2016, was completed by RSM US LLP. Copies of past audit reports are on file in the City Clerk's office and are available for review. Financial Statements are also available online at the City's website www.gocolumbiamo.com.

⁽¹⁾ Represents sales taxes collected from City's 1-cent General Sales Tax levy.

Sales tax revenues currently represent nearly 38% of the City of Columbia's general fund revenues. The sales tax revenues of the City are derived from a 1-cent General Sales Tax, a ½-cent Transportation Sales Tax, a ¼-cent Capital Improvements Sales Tax and a ¼-cent Local Parks Sales Tax.

The General Sales Tax is used to fund basic government services such as Police, Fire, Health and other City services. A small portion of the General Sales Tax is also dedicated to capital projects for basic governmental operations. This is a permanent tax with no expiration date.

Transportation Sales Tax revenues are used to pay for basic maintenance of streets, provide subsidies to the operations of the bus system and airport and provide funding for capital projects for the bus system and the airport. Any remaining funds (approximately \$1 million annually) are available for road projects. This is a permanent tax with no expiration date.

The City has utilized the Capital Improvements Sales Tax to meet capital needs for Public Safety, Parks and Transportation. This ¼-cent tax was first approved by voters in 1991 and has been renewed in 1995, 2001, 2005 and 2015. The current tax expires on December 31, 2025.

Below is a table reflecting the sales tax revenues collected by the City for fiscal years ended September 30, 2012 through 2016.

Employee Retirement and Pension Plans

The City contributes to the Police Retirement Fund and the Firefighters' Retirement Fund, two separate single-employer defined benefit pension plans. The City acts as an agent of the plans and has administrative responsibility for the assets of the plans. All full-time regular police officers and full-time regular firefighters are participants in their respective plans. Participants become fully vested at the completion of their probationary period, which is generally 12 months after employment. Participants employed September 30, 2012 or earlier are eligible for an annual retirement benefit, payable monthly for life, upon reaching the age of 65, or 20 years of credited service. Police Participants employed October 1, 2012 or later are eligible for an annual retirement benefit, payable monthly for life, upon reaching the age of 65, or 25 years of credited service. Firefighter Participants employed October 1, 2012 or later are eligible for an annual retirement benefit, payable monthly for life, upon having completed at least one year of service and reaching the age of 55. The plans also provide early retirement, death and disability benefits.

All other employees of the City receive retirement benefits through a plan administered by the Missouri Local Government Employees Retirement System ("LAGERS"), an agent multiple-employer employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri. LAGERS was created and is governed by state statute, and is a defined-benefit pension plan that provides retirement, disability and death benefits. The plan is qualified under Section 401(a) of the Internal Revenue Code of 1986, as amended, and is tax-exempt. LAGERS is governed by a seven-member Board of Trustees ("LAGERS' Board") consisting of three trustees elected by participating employees, three trustees elected by participating employers and one trustee appointed by the Missouri Governor.

LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. The LAGERS Comprehensive Annual Financial Report for the fiscal year ended June 30, 2016 (the "2016 LAGERS CAFR") is available at <http://www.molagers.org/financial.html>. The link to the 2016 LAGERS CAFR is provided for general background information only, and the information in the 2016 LAGERS CAFR is not incorporated by reference into this Official Statement. The 2016 LAGERS CAFR provides detailed information about LAGERS, including its financial position, investment policy and performance information, actuarial information and assumptions affecting plan design and policies, and certain statistical information about the plan.

All full-time employees are eligible to participate in LAGERS. Benefits vest after five years of credited service. LAGERS provides retirement benefits, early retirement, death and disability benefits. The City is required by statute to contribute the amounts necessary to finance the coverage of its employees using the actuarial basis specified by state statute. For the fiscal year ended September 30, 2016, the employer contribution rate was 15.1% for general employees and 17.0% for water and electric utility employees. The employer contribution rate for the fiscal year ending September 30, 2017 decreased slightly to 13.8% for general employees and 15.1% for water and electric utility employees.

Membership of each plan consisted of the following at the date of the latest actuarial valuation:

| | <u>Police Pension</u> | <u>Fire Pension</u> | <u>LAGERS</u> |
|---|----------------------------------|--------------------------------|----------------------|
| Number of Participants: | | | |
| Current membership (receiving benefits) * | 157 | 156 | 621 |
| Terminated entitled, not yet receiving benefits | 19 | 3 | 293 |
| Current active members | 150 | 125 | 998 |

* Included in the total for current active and current membership (receiving benefits) Police and Fire members are 3 Fire DROP (Deferred Retirement Option Program) members and 5 Police DROP members

| Fire Pension | 9/30/2016 | \$7,801,471 | 100% | \$--- |

The City's funding policy provides for periodic employer contributions at actuarially determined rates

that, expressed as percentages of annual covered payroll, are designed to accumulate sufficient assets to pay benefits when due. Administration costs are financed by the revenues of the Police and Firefighters' Retirement Funds.

There were no long-term contracts for contributions outstanding on September 30, 2016.

Although the assets of the Police and Fire Plans are commingled for investment purposes, each plan's assets may be used only for the payment of benefits to the members of that plan, in accordance with the terms of the plan.

401(a) Retirement Plan

The City sponsors and administers, through a contract with Boone County National Bank, a 401(a) plan which is a defined contribution plan established to provide benefits at retirement to permanent employees of the City. At September 30, 2016, there were 1,314 plan members. The City will contribute to the plan on behalf of each participant an amount equal to 2.0% of the participant's salary contingent upon the participant making a matching contribution to a Section 457 deferred compensation plan. For the year ended September 30, 2016, the City contributed \$797,274 to the plan. Plan provisions and contribution requirements are established and may be amended by the City Council.

Post-Employment Health Plan (PEHP)

Beginning with the fiscal year ended September 30, 2010, the City no longer makes contributions toward the employee post-employment health plan. However, employees who terminate employment after 10 or more years of service may be eligible to convert unused sick leave hours (at the rate of \$2.00 for every hour of final accumulated sick leave) for deposit into the employee's PEHP account. For the year ended September 30, 2016, \$71,836 was contributed to the plan.

Other Post-Employment Benefits (OPEB)

The City's post-employment health plan is a single-employer defined benefit plan that is self-funded. The plan provides medical and prescription drug benefits to eligible retirees and their dependents. Eligible non-Medicare retirees receive health care coverage through a self-insured Point-of-Service plan offered through United Healthcare. Eligible Medicare retirees receive health care coverage through a fully insured Medicare Supplement Plan F and a Part D Rx plan offered through United American. As of October 1, 2014, the date of the last actuarial valuation, plan membership consisted of 75 Retirees receiving benefits and 1,338 active members for a total of 1,413 total current members.

Risk Management

The City has established a risk management program for workers' compensation, liability and property losses. Premiums are charged to other funds by the Self Insurance Reserve Trust Fund and are available to pay claims, claim reserves and administrative costs of the program. An actuary is used to determine the level of reserves. Excess coverage insurance policies cover individual claims in excess of \$500,000 for general liability, \$100,000 for property losses, and workers' compensation claims in excess of \$500,000 for most employee classifications and \$750,000 for police, fire and electrical employees. The City carries insurance policies for airport and railroad liability and health clinic professional responsibility. Two claims have exceeded self-insurance or deductible levels during the past three fiscal years.

PROPERTY TAX INFORMATION CONCERNING THE CITY

Property Valuations

Assessment Procedure:

All taxable real and personal property within the City is assessed annually by the Boone County Assessor. Missouri law requires that real property be assessed at the following percentages of true value:

| | |
|---|-----|
| Residential real property | 19% |
| Agricultural and horticultural real property | 12% |
| Utility, industrial, commercial, railroad and all other real property | 32% |

The assessment ratio for personal property is generally 33-1/3% of true value. However, subclasses of tangible personal property are assessed at the following assessment percentages: grain and other agricultural crops in an unmanufactured condition, 0.5%; livestock, 12%; farm machinery, 12%; historic motor vehicles, 5%; poultry, 12%; and certain tools and equipment used for pollution control, used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by certain types of companies specified by state law, 25%.

A general reassessment of real property occurred statewide in 1985. In order to maintain equalized assessed valuations following this reassessment, the Missouri General Assembly adopted a maintenance law in 1986. Beginning January 1, 1987, and every odd-numbered year thereafter, each County Assessor must adjust the assessed valuation of all real property located within his or her county in accordance with a two-year assessment and equalization maintenance plan approved by the State Tax Commission.

The Boone County Assessor is responsible for preparing the tax roll each year and for submitting the tax roll to the Boone County Board of Equalization. The Boone County Board of Equalization has the authority to adjust and equalize the values of individual properties appearing on the tax rolls.

Current Assessed Valuation:

The following table shows the 2016 final assessed valuation as of December 31, 2016, by category, of all taxable tangible property situated in the City as reported by the Boone County Clerk:

| | <u>Assessed Valuation</u> | <u>Assessment Rate</u> * | <u>Estimated Actual Valuation</u> |
|---------------------------|-------------------------------|------------------------------|---|
| Real Estate: | | | |
| Residential | \$1,104,432,307 | 19.00% | \$5,812,801,616 |
| Agricultural | 5,600,173 | 12.00 | 46,668,108 |
| Commercial ⁽¹⁾ | <u>505,144,785</u> | 32.00 | <u>1,578,577,453</u> |
| Subtotal | \$1,615,177,265 | | \$7,438,047,177 |
| Personal Property | <u>322,717,239</u> | 33.33 | <u>968,248,542</u> |
| TOTAL | \$1,937,894,504 | | \$8,406,295,719 |

* Assumes all personal property is assessed at 33 1/3%; because certain subclasses of tangible personal property are assessed at less than 33 1/3%, the estimated actual valuation for personal property would likely be greater than that shown above. See "Assessment Procedure" discussed above.

(1) Includes State assessed railroad and utility property.

History of Property Valuation:

The following table shows total assessed valuation of all taxable tangible property situated in the City, including state assessed railroad and utility property, applicable during each of the following fiscal years of the City, including the assessed valuation of property in the City for the previous December 31 assessed valuation.

| <u>Fiscal Year</u> | <u>Assessed Valuation (December 31)</u> | <u>Percent Change</u> |
|--------------------|---|---------------------------|
| 2017 | \$1,937,894,504 | 3.36% |
| 2016 | 1,874,871,904 | 1.03 |
| 2015 | 1,813,684,109 | 3.53 |
| 2014 | 1,751,870,633 | 1.77 |
| 2013 | 1,721,464,211 | 2.27 |
| 2012 | 1,683,324,254 | -- |

Property Tax Levies and Collections

Property taxes are levied and collected by the City. The City is required by law to prepare an annual budget, which includes an estimate of the amount of revenues to be received from all sources for the budget year, including an estimate of the amount of money required to be raised from property taxes and the tax levy rates required to produce such amounts. The budget must also include proposed expenditures and must state the amount required for the payment of interest, amortization and redemption charges on the City's debt for the ensuing budget year. Such estimates are based on the assessed valuation figures provided by the Boone County Clerk. The City must fix its ad valorem property tax rates and certify them to the Boone County Clerk not later than September 1 for entry in the tax books.

The Boone County Clerk receives the county tax books from the Boone County Assessor, which set forth the assessments of real and personal property. The Boone County Clerk enters the tax rates certified to him by the local taxing bodies in the tax books and assesses such rates against all taxable property in the City as shown in such books. The Boone County Clerk forwards the tax books by October 31 to the Boone County Collector, who is charged with levying and collecting taxes as shown therein. The Boone County Collector extends the taxes on the tax rolls and issues the tax statements in early December. Taxes are due in full on December 31 and become delinquent on January 1. The delinquent penalty for 2016 was 9% in January, increased by 2% in each succeeding month up through September for a maximum of 25%.

The Boone County Collector is required to make disbursements of collected taxes to the City each month. Because of the tax collection procedure described above, the City receives the bulk of its moneys from local property taxes in the months of December, January and February.

Tax Rates

Debt Service Levy. The City is required under Article VI, Section 26(f) of the Missouri Constitution to levy an annual tax on all taxable tangible property therein sufficient to pay the interest and principal of the indebtedness as they fall due and to retire the same within 20 years from the date of issue. The City Council may set the tax rate for debt service, without limitation as to rate or amount, at the level required to make such payments. Since the city has no general obligation bonds outstanding, the City has no debt service levy.

Other Levies. The total tax levy of the City for the fiscal year ended September 30, 2016 was \$0.41 per \$100 of assessed valuation and for the current fiscal year ended September 30, 2017, is also \$0.41 per \$100 of assessed valuation. The levy for the General Fund does not require annual voter approval but the City Council cannot raise the rate above that approved in the last election without the approval of a majority of the voters voting thereon. Under Article X, Section 11(c) of the Missouri Constitution, any increase in the City's General Fund levy above \$1.00 must be approved by two-thirds of the voters voting on the proposition.

The following table shows the City's tax levies (per \$100 of assessed valuation) for each of the last five fiscal years:

| Property Tax Rates (Per \$100 Assessed Value) | |
|--|-------------------------|
| Fiscal Year | General Fund |
| 2016 | 0.41 |
| 2015 | 0.41 |
| 2014 | 0.41 |
| 2013 | 0.41 |
| 2012 | 0.41 |

CITY OF COLUMBIA, MISSOURI

INTRODUCTORY SECTION

CITY OF COLUMBIA, MISSOURI

FINANCE DEPARTMENT
ADMINISTRATION

February 7, 2017

Honorable Mayor, City Council, City Manager, and the Citizens of the City of Columbia:

Introduction

Management Responsibility

The Comprehensive Annual Financial Report (CAFR) of the City of Columbia, Missouri (the City) is submitted for your review in compliance with the provisions of Article II, Section 17 of the City Charter. This CAFR was prepared by the staff of the Finance Department in close cooperation with the external auditor, RSM US LLP. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City. We believe the data, as presented, is accurate in all material aspects, that it is presented in a manner designed to fairly set forth the financial activity of its various funds and that all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial affairs have been included. Management's Discussion and Analysis ("MD&A") immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

The Financial Reporting Entity

The Governmental Accounting Standards Board has established the criteria to determine the financial reporting entity for a municipal government's financial report. Therefore, the City used these criteria to examine the relationship of the City to other associated but legally separate entities, to determine if their inclusion in this report would be necessary to fairly present the financial position of the City. These criteria generally have to do with financial benefit or burden, and levels of influence over the activities of these organizations.

The financial reporting entity includes all funds of the City. This financial report does not include the Columbia Regional Library District, the Columbia Housing Authority or the City of Columbia New Century Fund, Inc. For a more detailed explanation of the relationship to these entities, refer to footnote number one in the Notes to the Basic Financial Statements on page 39.

Government Structure

The City of Columbia is a constitutional home rule charter city and was organized in 1892 pursuant to the laws of the State of Missouri. The City is governed by a home rule charter and has a Council-Manager, non-partisan form of government which was adopted in 1949. The Mayor and six council members are elected for three year staggered terms with two council members elected each year. The City is divided into six wards, with one council member representing each ward and the Mayor being elected at large.

Columbia is a full service City which provides not only the traditional basic services such as public safety, public works and planning, but also a wide variety of enterprise activities. Columbia provides a majority of utility services including water, electricity, solid waste, and sanitary sewers. Additionally, Columbia operates three transportation enterprises: the regional airport, public transportation and railroad operations. It is this comprehensive service approach that allows Columbia to be responsive to the community while managing growth in a professional and fiscally responsible manner.

Economic Condition and Outlook

The City of Columbia is located in Boone County in the central portion of the State of Missouri. The City's central location serves as a crossroad for travelers going east and west on Interstate 70 and north and south on U.S. 63. Columbia has excellent transportation resources being serviced by the Columbia Regional Airport, Columbia Terminal Railroad, Columbia Area Transit System and one interstate bus service. The City encompasses approximately 64 square miles and has a current estimated population of approximately 121,627.

The City is the location of the main campus of the University of Missouri, Columbia College, and Stephens College. Approximately 51,095 students attend these institutions of higher education during the regular school year. In addition to higher education, Columbia is also a regional medical center with eight hospitals. Insurance is a major business operation in the City with home offices of Shelter Insurance Companies, the Columbia Insurance Group, and a regional office of State Farm Insurance Company. Columbia is a regional shopping area for central Missouri with 16 shopping centers. Other area industries consist of printing, structural metal fabrication, structural materials production, electronic products, auto parts and food processing.

All of these activities have given Columbia a fairly stable employment base. Public education (including the University) and government comprise over 31% of all non-farm employment and are four of the top ten employers in the Columbia area. Service industries provide approximately 42% of non-farm employment with the medical industry comprising two of the top ten employers. The retailing industry is also strong providing approximately 16% of the employment in the area. The unemployment rate in Columbia, approximately 2.2% in 2016, has been well below the national average of approximately 4.5%.

Financial Planning & Fiscal Responsibility

The City of Columbia utilizes an annual budget process that results in both annual and long-term financial planning. It is important to use a balanced budget approach to ensure that the City operates within its means. Every budget is approached with a conservative view of revenues and expenditures that capture all reasonably predicted events and needs for the upcoming year. The process begins with the City staff who are responsible for each fund and ends with the Council approving the budget before the new fiscal year begins. During the process, there are several opportunities for citizens to attend meetings and express views on the budget as it is being developed. Work sessions were held with the City Council during this fiscal year to keep Council informed and to allow the Council to provide additional information regarding service levels to our citizens.

The City of Columbia uses various methods of communicating the financial condition of the City. Financial reports such as the Capital Improvement Plan, Ten Year Trend Manual, Budget document, Comprehensive Annual Financial Report and Interim Financial reports are published on the City's website.

Major Initiatives

During FY 2016, City staff worked to implement new city-wide enterprise resource planning software system across the City (COFERS). The new COFERS system will integrate internal and external management information across the entire city, enhancing effectiveness and efficiency.

During Fiscal Year 2016, the City began implementation of the Strategic Plan adopted by City Council on September 21, 2015 including the development of a structure to measure the City's progress towards achieving its Strategic Plan priorities within the identified areas of: public safety, infrastructure, operational excellence economy and social equity.

As part of the Strategic Plan, the City has worked towards a collaborative effort with community partners and others to achieve the vision of Columbia as the best place for everyone to live, work, learn and play by obtaining input from two public meetings in strategic neighborhoods with a third planned for the near future. Some of the initiatives that advance the strategic goals in FY 2016 were the distribution of single fare bus pass booklets, the creation of a public safety community outreach unit, offering a Building Inclusive Communities workshop for City employees and the successful accreditation of Public Health and Human Services which adds to the six other departments/division accredited prior to 2016.

Other Information

Independent Audit

The State of Missouri statutes require an annual audit of all funds of the City. The firm of RSM US LLP has included its opinion in this report.

Certificate of Achievement

We believe this report meets and conforms to the very high standards of the Government Finance Officers Association (GFOA) of the United States and Canada for financial reporting of state and local governments. The City of Columbia, Missouri has received a Certificate of Achievement for Excellence in Financial Reporting for each of the last thirty six years, and we believe our current report continues to conform to the Certificate of Achievement Program requirements.

We will be submitting this report to GFOA to determine its eligibility for another certificate because a Certificate of Achievement is valid for a one-year period only. In order to be awarded a Certificate, the financial report must satisfy accounting principles and must be organized to strict program standards. Such reports must also satisfy applicable legal requirements.

Finally, I would like to say the preparation of the Comprehensive Annual Financial Report could not have been accomplished without the dedicated staff of the Finance Department, especially personnel in the Accounting Division who actually compiled the report. Appreciation is also extended to the Mayor, the City Council, and the City Manager, for their part in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

INDEPENDENT AUDITORS' REPORT

Independent Auditor's Report

RSM US LLP

To the Honorable Mayor and
Members of the City Council of the
City of Columbia, Missouri
Columbia, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Columbia, Missouri (the City) as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Budgetary Comparison Schedules, and the pension and postemployment information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual nonmajor fund financial statements and other schedules, listed in the table of contents as supplementary information, and the other information, such as the introductory and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and other schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The accompanying introductory, statistical sections and other schedules, as listed in the table of contents, have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS

City of Columbia, Missouri Management's Discussion and Analysis

As management of the City of Columbia (the "City"), we offer readers of the City's Comprehensive Annual Financial Report (CAFR), this narrative and analysis of the financial activities of the City for the fiscal year ended September 30, 2016. We encourage readers to consider the information presented here in conjunction with additional information provided in this report in our letter of transmittal and basic financial statements.

Financial Highlights

Columbia continues to be a growing city. The City provides a full range of governmental and proprietary services that include eleven enterprise activities.

- Total tax revenues of \$69,929,462 decreased .5% in fiscal year 2016. Sales tax revenue decreased in fiscal year 2016 by \$8,948.
- Charges for services in business-type activities increased \$11,470,466 or 5.7%.
- The City's total net position increased \$31,552,204 or 3.5%. Governmental activities net position increased \$9,161,746 or 2.2% while business-type activities net position increased \$22,390,458 or 4.7%. Total unrestricted net position increased \$5,042,073.

The City continued to make all required contributions to its pension plans.

The Comprehensive Annual Financial Report

This comprehensive annual financial report consists of six parts:

- Introductory section, which includes the transmittal letter and general information,
- Management's discussion and analysis (this part),
- The basic financial statements, which include the government-wide and the fund financial statements, along with the notes to the basic financial statements,
- Required supplementary information,
- Combining statements for non-major governmental funds, non-major enterprise funds, internal service funds, and fiduciary funds, and
- Statistical section

The basic financial statements present two kinds of information. The government-wide financial statements provide both long-term and short-term information about the City's overall financial status. These statements are prepared on a full accrual basis to present information in a more corporate-like presentation. Fund financial statements are included to provide useful information on individual parts of the government. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. More relevant detail is provided by distinct presentation of major funds in the basic financial statements, rather than summaries by total fund types.

Government-Wide Financial Statements

The basic financial statements include two government-wide financial statements: the *Statement of Net Position* and the *Statement of Activities*. The *Statement of Net Position* presents information on all of the City's assets and liabilities. The difference between the City's total assets and deferred outflows of resources, and total liabilities and deferred inflows of resources are reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. The *Statement of Activities* presents information showing how the City's net position changed during the most recent fiscal year.

The *governmental activities financial statements* include the functions of the City that are principally supported by taxes and intergovernmental revenues. The *business-type activities financial statements* include functions that are intended to recover all, or a significant portion, of their costs through user fees and charges.

These statements can be found on pages 21 to 23. The government-wide financial statements report information about the City as a whole using accounting methods similar to those used by the private sector.

The *statement of net position* and *statement of activities* divide the City into the following:

- **Governmental activities** – All of the City’s basic services are considered to be governmental activities, including public safety, public works, health, parks, planning, cultural and economic development and general administration. These activities are supported primarily with general City revenue such as sales taxes, gross receipts taxes, Payment in Lieu of Taxes (PILOT), property taxes, fines and specific program revenue like permit fees and grants.
- **Business-type activities** – All the City’s enterprise activities are included here. These operations derive revenues from charges for services that are intended to recoup the full cost (or a significant portion of the cost) of operations. Three of these operations require subsidies from tax revenue (airport, transit and recreation services).

The government-wide financial statements are required to also include legally separate entities (if any) for which the City is financially accountable. The City does not have any such entity that is required to be included as a “component unit” in its financial statements.

Fund Financial Statements

Another major section of the basic financial statements is the fund financial statements. These statements are on pages 24 to 33. The fund financial statements provide detailed information about each of the City’s most significant funds, called “major funds”. The city has four “major funds”, two governmental-type and two business type. The major governmental-type funds are the General Fund and Capital Projects Fund. The business-type major funds are the Water and Electric Utility and the Sanitary Sewer Utility. All “non-major” funds are summarized and presented in a single column.

The City has three kinds of funds:

- **Governmental funds** – Most of the City’s basic services are included in *governmental funds*. These fund statements are prepared on a modified accrual basis. *Governmental funds* are used to account for essentially the same functions as *governmental activities* in the government-wide financial statements. However, unlike the *government-wide* financial statements, *governmental fund* financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government’s near-term financing requirements. Capital assets and other long-lived assets, along with long-term liabilities, are not presented in the *governmental fund statements*. Because this information does not encompass the long-term focus of the government-wide financial statements, additional information is provided on pages 25 to 27 to explain the differences between them.
- **Proprietary funds** – These statements include both enterprise funds and internal service funds. Statements are prepared on the full accrual basis and include all their assets and liabilities, current and long-term. This is the same basis used in the government-wide financial statements.
- **Fiduciary funds** - These statements include activity of funds that report trust responsibilities of the City. These funds are summarized by type: pension, other employee benefit, private purpose trust and agency funds. These assets are restricted in purpose and do not represent discretionary assets of the City. Therefore, these assets are not presented as a part of the government-wide financial statements.

Schedule of Net Position

The following table reflects the condensed schedule of net position as of September 30, 2016 and 2015:

| City of Columbia's Net Position | | | | | | |
|----------------------------------|----------------------------|--------------|-----------------------------|-------------|----------------|---------------|

| Restricted | 75,639,922 | 84,328,836 | 21,988,771 | 20,139,301 | 97,628,693 | 104,468,137 |
| Unrestricted | (32,197,643) | (30,096,448) | 115,251,104 | 108,107,836 | 83,053,461 | 78,011,388 |
| Total net position | \$ 422,733,295 | 413,571,549 | \$ 503,033,467 | 480,643,009 | \$ 925,766,762 | 894,214,558 |

A review of the government-wide financial statement of net position reveals the following:

In fiscal year 2015, the City adopted GASB Statements No. 68 and No. 71 which established standards for measuring and recognizing liabilities, deferred outflows and inflows of resources and expenses related to pension plans. The City reported a net pension liability on the Statement of Net Position and related deferred outflows and inflows of resources related to its defined benefit plan with the Missouri Local Government Employees Retirement System (LAGERS) and two single employer defined benefit plans for police and firemen. The net pension liability for LAGERS as of September 30, 2016 was approximately \$14.2 million and the liability as of September 30, 2016 for the single employer plans for police plan and firemen's plan was approximately \$113.8 million.

Total assets for the City as a whole are \$1,425,224,986, an increase of \$14,088,120. This is due primarily to a decrease in the bond covenant account cash of \$12,218,320 and net additions to capital assets during the year of \$11,488,220 for governmental activities, and \$14,513,062 for business-type activities.

Overall the City experienced an increase in total liabilities of \$15,689,280, from \$536,787,720 to \$552,477,000 primarily due to an increase in net pension liability.

Total long-term liabilities increased \$17,833,675 from \$500,370,962 to \$518,204,637. Long-term liabilities in governmental activities increased \$21,340,473 primarily due to an increase in net pension liability and long-term liabilities in business-type activities decreased \$3,506,798 due to a reduction in bonds payable.

Governmental net investment in capital assets increased \$19,951,855, from \$359,339,161 to \$379,291,016 primarily due to capitalizing projects that have been completed.

Net investment in capital assets for business-type activities increased by \$13,397,720, from \$352,395,872 to \$365,793,592. Total restricted net position decreased \$6,839,444 and unrestricted net position increased \$5,042,073.

Schedule of Activities

The following table reflects the revenues and expenses for the City's activities for the years ended September 30, 2016 and 2015:

City of Columbia's Schedule of Activities

The government-wide statement of activities indicates the major sources of program revenues are charges for services, which increased by \$12,016,617 or 5.5% mostly due to an increase in business activities of \$11,470,466. This is largely due to increased revenues in the electric utility due to a 3.5% customer increase along with mild weather conditions.

Total revenues increased \$13,763,222, or 4.2%, for 2016. The largest increase, \$12,016,617, was in charges for services. Operating grants and contributions for fiscal year 2016 decreased \$1,385,137, or 14.5%, due mostly to the decrease in County revenues in Public Safety Joint Communications expense decreases as they transition to the county, thus decreasing revenues as well. Governmental activities miscellaneous revenues experienced an increase of 30.7% due to a one time billing of approximately \$483,000 to Columbia Public Schools for their contribution to a capital project.

Sales tax is the most significant revenue of the governmental activities. The city receives voter approved sales tax revenue of 1% for general revenue, .5% for transportation, .25% for capital improvements and .25% for parks. Amounting to \$47,165,825 in 2016, sales tax revenue represents 63% of the total \$74,944,432 general revenue for governmental activities. This is a decrease of \$8,948 in sales tax revenue over 2015 revenue. Staff continues to closely monitor the monthly sales tax files provided by the state.

On August 2, 2016 voters approved a temporary increase in the gross receipts license tax on hotels and motels from 4% to 5% effective January 1, 2017. The additional tax collected is to be used for planning and constructing airport terminal improvements. The rate will be reduced from 5% to 4% on or before January 1, 2040.

Investment revenue for both governmental activities and business-type activities decreased by a total of \$1,494,190, due to unfavorable market conditions for the year ending September 30, 2016.

Seven of the eleven business-type activities show program revenue in excess of expenses. The City budgets for subsidies or transfers to the Public Transportation, Recreation Services and Airport Funds. The City maintains appropriate reserves in all of the business-type funds.

Total program expenses for FY 2016 are \$307,905,214, an increase of \$12,355,711. The majority of these expenses, \$199,729,335, are for business-type activities. Business-type activity expenses increased \$8,176,921, or 4.3%. The most significant increase was in the Solid Waste utility where operating expenses increased \$4,101,756 due primarily to an increase in the recognition of Closure and Post Closure Cost which resulted in an expense of \$2,690,137. Governmental activities increased \$4,178,790, or 4% with the largest increase being in Policy Development and Administration due to increased pension expense for Police and Fire.

Net transfers from business-type activities to governmental activities were \$8,403,387. However, the City transferred over \$6.7 million in general funds, transportation sales tax and parks sales tax funds to support the operations of various business-type activities. For purposes of the government-wide financial statements, over \$15 million in payment in lieu of tax funds that are paid by the Water and Electric Utilities to the general fund are included as transfers. Detail of individual transfers can be found in the notes to the financial statements.

Fund Statements

The City's *fund statements* can be found on pages 24 to 33 of the basic financial statements. A reconciliation to the government-wide financial statements has been provided with these fund statements.

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. The City's *proprietary funds* provide the same type of information found in the government-wide financial statements, but show more detail.

The *proprietary funds* ended FY 2016 with an increase in net position due in part to the completion of several capital projects which caused capital assets to increase from \$619,360,716 in FY15 to \$633,873,778 in FY16, and the change in the GASB 68 pension liability which caused the deferred outflow of resources to increase from \$17,954,507 in FY15 to \$29,670,458 in FY16.

The *governmental funds* ended FY 2016 with a decrease in fund balance due in part to a capital projects fund balance decrease due to capital projects being finished and closed.

General Fund

The unassigned general fund balance is \$29,245,964. This is 36.6% of expenditures and transfers of \$79,972,309, well above the 20% target set by Council policy in August 2012. Care is taken to identify capital or other one-time uses of fund balance when the amount of appropriated fund balance increases substantially.

Overall revenues and transfers into the general fund were below the budgeted amount by \$1,392,974. Revenue from other governmental units was below budget by \$815,127, while sales tax receipts were \$460,171 below budget and fees and service charge revenue was \$761,893 above budget. As shown on page 101, for budgeting purposes, Payment in Lieu of Tax from the Water & Electric fund is treated as revenue, while generally accepted accounting principles require that it be recognized as a transfer from other funds. General fund revenues excluding appropriated fund balance and transfers decreased \$977,948 or (-1.6%). The overall property tax rate remained constant at 41 cents for every \$100 of assessed value.

General fund expenditures and transfers out were \$11.2 million under budget. Of the \$11.2 million, there were \$2.7 million in encumbrances and projects of \$2.0 million not encumbered which will be spent in FY17, leaving 6.5 million under budget. General fund expenditures, including transfers, decreased \$7,270,698 or (8.3%). Also, there was a decrease in Miscellaneous Non-programmed expenses of \$5.3 million due to an appropriation in Sept 2015 for a one time Police and Fire retirement Employer contribution.

The total fund balance of non-major governmental funds decreased by \$2,198,146 due in part to a decrease in the debt service funds caused by paying off the 2006B SO bond as well as an advanced refunding of the 2008B SO bond.

Enterprise Funds

A review of the net position of the proprietary funds indicates that all funds have positive unrestricted net position except the Transload fund. Operating revenues increased for the City's enterprise funds in FY 2016 by 5.73% and operating expenses decreased by 4.77%, respectively. The change in net position of \$21,298,649 was an increase of \$1,736,690. The City's enterprise funds continue to experience limited growth in customer base. Two of the City's internal service funds experienced a loss for FY 2016. The losses were budgeted as the accumulated balances were above those required to operate on a break even basis.

In FY16, there were no rate increases for water, electric, sewer or trash. The only residential rate increase for FY 2016 was a 25% storm water increase which was approved by the voters in April of 2015. Columbia continues to have very competitive utility rates for our region.

Budget Variances

It is the City's policy to allow departments to carry forward the budget allocation for project funds or for items that are encumbered at fiscal year end. The FY 2016 final budget for the general fund includes approximately \$2.3 million of encumbered funds carried forward from FY 2015. An increase of approximately \$2.9 million in the FY 2016 budget was in part for grants, surplus funds and contributions appropriated during the year, which also in part increased the general fund revenue budget in FY 2016.

Overall, the general fund ended FY 2016 with favorable budget variances for revenues, expenditures and transfers of \$9.8 million. Sales tax revenue ended the year with a 1.93% unfavorable variance. Other local tax revenues fell short of budget projections by \$1,051,034 and revenue from other governmental units (grants) fell short of budget projections by \$815,127.

Fiscal Year 2017 Budget

There are no proposed City tax increases for FY 2017 and no rate increases for gross receipts. In our business-type activities, rate increases include Water (2% operating rate increase), Electric (2% operating rate increase), Solid Waste (rate increase for commercial services and landfill fee increases), Sewer (4% voter approved and 1% operating rate increase to base and volume charges), and Storm Water (25% utility rate increase passed by the voters in April 2015).

The City is projecting a 1.0% increase in sales taxes for FY 2017.

An across the board (ATB) pay increase for permanent positions of \$0.25/hour or \$0.1786/hour for Firefighters for those not at or above the maximum of their job class is included in FY 2017. The pay increase will not cover all of the health insurance increases.

Overall there is a 29.00 net FTE increase in positions for FY 2017 with a net of 6.70 FTE positions added in the general Fund and a net of 22.30 FTE positions added in other funds.

**CITY OF COLUMBIA, MISSOURI
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2016**

Amounts reported for governmental activities in the statement of activities are different because:

| | |
|--|--------------|
| Net change in fund balances - total governmental funds | \$ (964,212) |
|--|--------------|

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Additionally, contributions of capital assets to the City are recorded as capital contributions on the Statement of Activities. This is the amount by which capital outlays and capital contributions, meeting the capitalization threshold, exceeded depreciation expense in the current year. Details of the reported amounts are as follows:

| | | |
|---|---------------------|------------|
| Capital outlay | 22,734,915 | |
| Net transfer from Internal Service fund | 36,225 | |
| Capital contribution | 11,514 | |
| Loss on disposal of capital assets | (280,120) | |
| Depreciation expense | <u>(10,816,245)</u> | |
| | | 11,686,289 |

| | |
|--|-----------|
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. | (913,450) |
|--|-----------|

| | |
|--|-----------|
| The repayment of the principal of long-term debt consumes the current financial resources of governmental funds. | 6,314,473 |
|--|-----------|

Bond proceeds provide current financial resources to governmental funds; however issuing debt increases long-term liabilities in the Statement of Net Position:

| | | |
|---------------------------------|-------------------|-----------|
| Issuance of 2016 Bonds | (17,580,000) | |
| Premium on Bonds Payable | (1,699,838) | |
| Unamortized charge on refunding | 1,449,085 | |
| Payment for 2008 refunded bonds | <u>19,785,000</u> | |
| | | 1,954,247 |

| | |
|---|----------|
| Amortization of deferred outflow of resources resulting from deferred refunding loss. | (29,302) |
|---|----------|

| | |
|------------------------------------|---------|
| Amortized premium on Bonds Payable | 196,884 |
|------------------------------------|---------|

| | |
|---|-----------|
| In the Statement of Activities compensated absences is accrued whereas in the Governmental Funds an expenditure is reported when due and matured. | (628,083) |
|---|-----------|

| | |
|---|--------|
| In the Statement of Activities interest is accrued whereas in the governmental funds an expenditure is reported when due. | 63,717 |
|---|--------|

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:

| | |
|---|-------------|
| Pension related amounts, pension expense - Lagers | (1,806,103) |
|---|-------------|

| | |
|--|-------------|
| Pension related amounts, pension expense - Police and Fire | (7,612,788) |
|--|-------------|

| | |
|--|---------|
| Change in other post employment benefit asset (obligation) | 442,368 |
|--|---------|

| | |
|--|-----------|
| Change in internal service funds allocated to business-type activities | (921,934) |
|--|-----------|

Internal service funds are used by the City to charge the costs of custodial maintenance, information technology, public communications, fleet operations, self insurance, and employee benefits to individual funds. The net revenue of certain activities of internal service funds is reported with governmental activities. (see page 51)

| | |
|--|------------------|
| | <u>1,379,640</u> |
|--|------------------|

| | |
|---|---------------------|
| Change in net position of governmental activities | <u>\$ 9,161,746</u> |

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies employed in the preparation of the accompanying basic financial statements.

A. Reporting Entity

The City of Columbia (the City) operates under a City Manager/Council, home rule charter form of government. The City's Basic Financial Statements include the accounts of all City operations: Policy Development and Administration, Public Safety, Transportation, Health and Environment, and Personal Development. Enterprise operations owned by the City include a Water and Electric Utility, Sanitary Sewer Utility, Regional Airport, Public Transportation System, Solid Waste Collection Operation, Parking Facilities, Recreation Services, Railroad System, Transload Facility and Storm Water System.

The City's relationship to other legally separate organizations has been examined to determine if their inclusion in the City's basic financial statements is necessary to fairly present the financial position and activities of the City. The criteria used in this determination included an examination of the nature and significance of the organization's relationship with the City, financial benefit or burden to the City, the ability of the City Council to appoint members of the entity's governing board, and the level of influence the City has over the activities of the organization. Based on these criteria, the following related organizations have been excluded from the accompanying financial statements:

Columbia Regional Library District (Library District) - The City's Mayor appoints all members to the Library District's board on a staggering-term basis (appointments do not correspond to the mayoral term), and a board member cannot be removed except for specific acts (illegal acts, etc.). The Library District is able to establish and approve its own budget and legally set its own tax rates. Therefore, although the City appoints all members of the Library District's board, the entity is able to act independently without City oversight.

Columbia Housing Authority (Authority) – The relationship with this entity is similar to the Columbia Regional Library District. The City's Mayor appoints members of the Authority's board with the same restrictions, and cannot remove members without cause. The Authority establishes its own budgets, and is financed with federal funds and rentals. Operations are administered by the Authority without City oversight.

City of Columbia New Century Fund, Inc. (Foundation) - The Foundation is a legally separate, tax-exempt entity that acts primarily as a fund-raising organization to solicit contributions for the betterment of the City. The ten member Board is appointed by the City Council to serve a three-year term. No board member is allowed to serve more than two consecutive full terms on the Board. Although the City does not control the timing or amount of receipts from the Foundation, the majority of resources, or incomes thereon that the Foundation holds and invests are restricted to the activities of the City by the donors. However, the accumulation of restricted resources and the support given during the current year are not significant to the City.

B. Government-Wide and Fund Financial Accounting

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City. The effect of interfund activities has been removed from these statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external parties.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements and the private purpose trust fund financial statements. Agency funds adhere to the accrual basis of accounting and do not have a measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The financial statements for the pension and other post employment benefits trust funds are prepared using economic resources measurement focus and the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to each plan are recognized when due, as the City has a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, interest and principal on general long-term debt is recognized when due, or when payments are due early in the next fiscal year, and the advance of resources to the debt service fund is mandatory, and debt service expenditures are recognized before year-end to match the resources provided for these payments.

Sales tax, gasoline tax, motor vehicle tax, interest, and revenues from other governmental units associated with the current fiscal period are all considered to be susceptible to accrual and so they have been recognized as revenues of the current fiscal period, when available. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following major governmental funds:

The *general fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *capital projects fund* is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

capital assets. Capital project funds exclude those types of capital related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

The City reports the following major proprietary funds:

The *water and electric utility fund* accounts for the billing and collection of charges for water and electric service for most city residents. Revenues are used to pay for both operating expenses and capital expenditures to maintain these services.

The *sanitary sewer utility fund* is used to account for the provision of sanitary sewer services to the residents of the city and a limited number of customers outside the city limits. All activities necessary to provide such services are accounted for in this fund.

Additionally, the City reports the following fund types:

Internal service funds account for custodial and maintenance services, utility customer services, information technology, community relations, fleet operations, self-insurance reserves, geographic information systems (GIS) and employee benefits for covered employees, provided to other departments or agencies of the City, or to other governments, on a cost reimbursement basis.

The *pension and other post employment benefits trust funds* are used to account for the accumulation of resources for pension benefit payments to qualified police and firefighter personnel and to account for the accumulation of resources for post employment benefits to qualified plan participants.

The *private purpose trust fund* is used to account for resources held by the City as an agent to account for REDI (Regional Economic Development, Inc.) transactions.

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Agency funds account for resources held by the City in a trustee capacity.

The *Permanent fund* is used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the City's programs.

Debt service funds are used to account for the accumulation of resources and payment of general and special obligation bond principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the City is obligated in some manner for the payment.

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements except for interfund services provided and used.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Federal S02 allowances that are sold represent allowances not

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

required for use in the normal operation of the Electric Utility; therefore sales of allowances are classified as nonoperating revenue.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Pooled Cash and Marketable Securities

Cash resources of certain individual funds are combined to form a pool of cash and investments. All amounts of pooled cash and investments are reported as cash and cash equivalents in the financial statements because the City is able to withdraw cash at any time without prior notice or penalty. Interest income earned as a result of pooling is distributed to the appropriate funds based on the ending monthly balance of cash and marketable securities of each fund.

When a fund overdraws its share of pooled cash, the overdraft is reported as an interfund payable in that fund, and an interfund receivable in the General Fund. At September 30, 2016, \$65,745 had been reclassified due to fund overdrafts in the Non Motorized Grant Special Revenue Fund, \$85,139 had been reclassified due to fund overdrafts in CDBG/HOME Special Revenue Fund, \$1,735,990 had been reclassified due to fund overdrafts in Police and Fire Retirement Fund and \$462,600 had been reclassified due to fund overdrafts for Public Transportation Fund.

All City investments are reported at fair value in accordance with Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*, except for money market investments which are reported at amortized cost.

Collateral is required for demand deposits and certificates of deposit. The fair value of the collateral must equal 100% of the value of the cash and investments in excess of deposit insurance. Obligations that may be pledged as collateral are of the same type as authorized for investment by the City. All legal requirements relating to deposits and investments were met during the year ended September 30, 2016.

Obligations pledged to secure deposits are delivered to the custodial bank. Written custodial agreements are required that provide that the collateral securities be held separate from the assets of the custodial bank.

Repurchase agreements are purchased from brokers and local banks. Securities underlying a repurchase agreement must have a fair value of at least 100% of the cost of the repurchase agreement. No substitution of securities is permitted. Securities underlying overnight repurchase agreements are held as collateral in the Federal Reserve Bank. For bank repurchase agreements, the securities are not held in the City's name but are pledged against the repurchase agreement pool held by the dealer bank. For broker repurchase agreements, the securities are held in the City's name.

2. Unbilled Revenue

The City records as accounts receivable in the Enterprise Fund financial statements the amount of accrued, but unbilled revenue for the Water and Electric Utility and Sanitary Sewer Utility Fund and non major Enterprise funds Solid Waste and Storm Water Utility Fund, determined by prorating actual subsequent billings.

3. Tax Bills Receivable

Special assessment tax bills are sold at book value, without recourse, to the Designated Loan and Special Tax Bill Investment Fund (a non-major governmental fund) when the special assessment project is completed. These tax bills are reported as taxes receivable in the Designated Loan Fund.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

4. Inventories

Inventories are adjusted to annual and periodic physical counts and are valued at cost utilizing the following methods of valuation:

General Fund - first-in, first-out

Enterprise Funds - weighted average and first-in, first-out

Internal Service Funds - first-in, first-out

The cost of governmental fund-type inventories are recorded as expenditures when consumed.

5. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the proprietary fund financial statements. Capital assets are defined as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

In accordance with GASB Statement No. 34, general government infrastructure assets (streets, bridges, sidewalks) have been capitalized retroactively to 1980 at historical cost.

The costs of normal maintenance and repairs that do not enhance functionality or materially extend the life of an asset are not capitalized.

Capital assets, with two exceptions, are depreciated using the straight-line method over the following estimated useful lives:

| | |
|-------------------------------|-------------|
| Buildings | 40 years |
| Structures & Improvements | 20-50 years |
| Air Easements | 35 years |
| Mains & Sewers | 99 years |
| Streets, Bridges, Sidewalks | 50 years |
| Furniture and Other Equipment | 10-20 years |
| Vehicles | 2-10 years |
| Computer Equipment | 5 years |
| Software | 3 years |

Net interest costs on funds borrowed to finance the construction of capital assets are capitalized and depreciated over the life of the related asset for business-type activities and proprietary fund types. Interest is not capitalized for governmental activities or governmental fund types within the fund financial statements. In fiscal year 2016, the City capitalized \$203,378 of interest in the business-type activities.

Water and Electric assets are depreciated using estimated useful lives established by the Federal Energy Regulatory Commission. Landfill cells are depreciated using the units of consumption method.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

6. Property Tax Revenue Recognition

Property tax revenue is recognized independent of receivable recognition in the fiscal year for which the taxes have been levied (budgeted). Delinquent taxes expected to be received later than 60 days after the close of the fiscal year are classified as a deferred inflow of resources within the governmental fund financial statements.

The City's property tax is levied each December 31 on the assessed valuation of property located within the City as of the preceding January 1, the lien date. Taxes are due in full on December 31, and become delinquent on January 1. The delinquent penalty for 2016 was 9% in January, increased by 2% in each succeeding month up through September for a maximum of 25%.

7. Intragovernmental Revenue

Several funds remit to the General Fund a budgeted fixed amount for management and accounting services rendered by the General Fund.

8. Compensated Absences

All vested or accumulated vacation and scheduled holiday leave is accrued when incurred in the government-wide and proprietary financial statements. Certain amounts have been recorded in the governmental fund financial statements as part of accrued payroll and payroll taxes, since such amounts came due (matured) during the fiscal year ended September 30, 2016.

9. Fund Balance

In the fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the City governmental funds which include the General Fund, the Capital Projects Fund and Non Major governmental funds (Special Revenue and Debt Service Funds, for example). Amounts that are restricted to specific purposes either by a) constraints placed on the use of resources by creditors, grantors, contributors, or laws or regulations of other governments or b) imposed by law through constitutional provisions or enabling legislation are classified as restricted fund balances. Amounts that can only be used for specific purposes pursuant to constraints imposed by the City Council through an ordinance or resolution (which are equally binding) are classified as committed fund balances. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the City Council. Amounts that are constrained by the City's intent to be used for specific purposes but are neither restricted nor committed are classified as assigned fund balances. The City has not established a policy regarding the assignment of funds so assignments are made by City management based on Council direction. Non-spendable fund balances include amounts that cannot be spent because they are either (a) not in spendable form (inventory and prepaid items) or (b) legally or contractually required to be maintained intact. Unassigned fund balance is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications. The general fund will be the only fund that reports a positive unassigned fund balance amount. In the other governmental funds, if expenditures exceed the amounts restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When an expenditure is incurred in governmental funds which may be paid using either restricted or unrestricted resources, the City's policy is to pay the expenditure from the restricted fund balance and then from less-restrictive classifications – committed, assigned and then unassigned fund balances.

CITY OF COLUMBIA, MISSOURI

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

10. Minimum Fund Balance Policy

The City shall maintain a minimum unassigned fund balance equal to twenty percent (20%) of the General Fund budgeted expenditures for any given year. The reserves shall be used when approved by formal City Council action or under the following circumstances:

1. Large one-time cost but use of reserves would provide a long-term cost savings.
2. To mitigate service impacts during a significant economic downturn in the economy or a significant and unexpected loss of revenue.
3. Catastrophic event or natural disaster that threatens the safety of persons and property within the City.
4. City sustains unexpected liabilities created by Federal, State or other mandates out of its control.

If in any fiscal year the General Fund reserve balance is required to be used or is not achieved, the City Manager and Finance Director shall present to the City Council a strategy to meet the fund balance within two (2) fiscal years.

All other funds of the City shall maintain a minimum fund balance of ten percent (10%) of the fund's budgeted expenditures but shall work to achieve a twenty percent (20%) or greater fund balance reserve given the fund's specific operational needs.

11. Net Position

In the government-wide and proprietary fund financial statements, equity is displayed in three components as follows:

Net Investment in Capital Assets – This consists of capital assets, net of accumulated depreciation, less the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets. Net investment in capital assets excludes unspent bond and loan proceeds. As of September 30, 2016, the City had unspent bond proceeds of \$48,265,730 in the Water and Electric Utility, \$15,751,410 in the Sanitary Sewer Utility, and \$1,692,594 in the Parking Fund.

Restricted – This consists of amounts that are legally restricted by outside parties or by law through constitutional provisions or enabling legislation. Governmental activities Net Position Restricted for Statutory Restrictions is \$31,952,096 which are restricted for capital projects, convention and tourism, transportation and health and environment. Business-type activities Net Position Restricted for Statutory Restrictions is \$2,507,115 which is for debt service.

Unrestricted – This consists of amounts that do not meet the definition of “restricted” or “net investment in capital assets.”

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, and then unrestricted resources as they are needed.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

12. Deferred Outflows/ Inflows of Resources and Unearned Revenue

In addition to assets, the financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position or fund balance that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position or fund balance that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The City reports Deferred Outflows/Inflows of Resources as follows:

Unavailable Revenues - Unavailable revenue is reported in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: property taxes and grants. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. In the City's government-wide statement of net position, only the property tax revenue remains as a deferred inflow of resources and will become an inflow in the year for which they are levied.

Gain/Loss on Refunding - In the government-wide and proprietary fund financial statements, deferred outflows/inflows of resources on refunding represent the difference between the reacquisition price of a refunded bond and its net carrying amount, which is amortized and recognized as a component of interest expense over the remaining life of the old refunded bonds or the new refunding bonds, whichever is shorter.

Pension Related Items - In relation to GASB Statement No. 68, *Accounting and Financial Reporting for Pensions - An Amendment of GASB Statement 27*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68*, deferred outflows of resources for pension contributions of \$33,079,146 for LAGERS represents the deferral of the City's contributions subsequent to the measurement date of June 30, 2016 as well as the net difference between projected and actual earnings on pension plan investments and changes in assumptions. A deferred outflow of \$22,979,220 in the Police and Fire pension represents the unamortized portion of the net difference between projected and actual experience on plan assumptions and plan investments and change in assumptions.

The government-wide and the proprietary fund statements of net position report pension related deferred inflows, which consists of the unamortized portion of the difference between expected and actual experience on plan assumptions, and deficit investment returns.

Unearned Revenue - Unearned revenue arises when resources are received by the City before it has a legal claim to them. In subsequent periods, when both revenue recognition criteria are met or when the government has a legal claim to the resources, revenue is recognized.

13. Future Accounting Pronouncements

This report does not incorporate GASB Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, GASB Statement No. 77, *Tax Abatement Disclosures*, GASB Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*, GASB Statement No. 80, *Blending Requirements for Certain Component Units—an amendment of GASB Statement No. 14*, GASB Statement No. 81, *Irrevocable Split-Interest Agreements*, GASB Statement No. 82, *Pension Issues—an amendment of GASB Statements No. 67, No. 68, and No. 73* and GASB Statement No. 83, *Certain Asset Retirement Obligations*. The City will adopt and implement these statements at the required time. The City's management has not yet determined the effect the statements will have on the City's financial statements.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

14. Bond Issuance Costs, Premiums/Discounts and Gain/Loss on Refunding

In the government-wide financial statements and the proprietary fund types in the fund financial statements, bond discounts and premiums are recorded as a reduction or addition to the debt obligation and bond issuance costs are expensed in the period in which they are incurred. Bond discounts and premiums are amortized using a method which approximates the effective interest method over the term of the related bonds. The gain or loss on refunding is amortized as a component of interest expense over the remaining life of the bonds using a method which approximates the effective interest method and gains and losses are reported as deferred inflows and outflows.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the period in which the debt is issued. The face amount of debt issued and any related premiums or discounts are reported as other financing sources/uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures during the year they are incurred.

15. Adoption of New Accounting Pronouncements

Effective October 1, 2015, the City adopted GASB Statement No. 72, *Fair Value Measurement and Application*. This Statement addresses accounting and financial reporting issues related to fair value measurements. This Statement provides guidance for determining a fair value measurement for financial reporting purposes. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. The adoption of this statement added additional disclosures to the financial statements.

Effective October 1, 2015, the City adopted GASB Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*. This Statement establishes requirements for defined benefit pensions that are not within the scope of Statement No. 68, *Accounting and Financial Reporting for Pensions*, as well as for the assets accumulated for purposes of providing those pensions. In addition, it establishes requirements for defined contribution pensions that are not within the scope of Statement 68. It also amends certain provisions of Statement No. 67, *Financial Reporting for Pension Plans*, and Statement 68 for pension plans and pensions that are within their respective scopes. This statement had no impact on the City's financial statements.

Effective October 1, 2015, the City adopted GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. The requirements in this Statement improve financial reporting by (1) raising the category of GASB Implementation Guides in the GAAP hierarchy, thus providing the opportunity for broader public input on implementation guidance; (2) emphasizing the importance of analogies to authoritative literature when the accounting treatment for an event is not specified in authoritative GAAP; and (3) requiring the consideration of consistency with the GASB Concepts Statements when evaluating accounting treatments specified in nonauthoritative literature. This statement had no impact on the City's financial statements.

Effective October 1, 2015, the City adopted GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*. This Statement establishes accounting and financial reporting standards for qualifying external investment pools that elect to measure for financial reporting purposes all of their investments at amortized cost. This Statement also establishes accounting and financial reporting standards for state and local governments that participate in a qualifying external investment pool that measures for financial reporting purposes all of its investments at amortized cost. This statement had no impact on the City's financial statements.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

16. Miscellaneous Revenue

Miscellaneous revenue includes sources such as auction revenue, photocopies, Housing Authority PILOT and other immaterial revenues.

17. Municipal Court Traffic Violations Fines and Costs

Missouri House Bill No. 103 amending RSMo Section 302.341.1 became effective on August 28, 2013. The amendments to the statute now require municipalities to report an accounting of the percent of "annual general operating revenue" from fines and court costs for traffic violations, including amended charges from any charged traffic violation, occurring within the city, town, village, or county and charged in the municipal court of that city, town, village, or county.

The State Auditor's office defines general operating revenue as: revenue that is not required by the enacting ordinance, law or Constitution to be used only for a designated purpose and can be used to pay any bill or obligation of a city, county, or other political subdivision. This includes, but is not limited to, general sales tax, general use tax, general property tax, and fees from certain licenses and permits, interest, fines and penalties. "General operating revenue" does not include, among other items, designated sales or use taxes, user fees, grant funds or other revenue designated by law, ordinance, or Constitution, for a specific purpose.

The City collected \$760,628 of fines and court costs for traffic violations which represents 1.12% of General Fund operating revenues of \$67,767,346 (does not include appropriation of prior year fund balance, user fees and service charges, operating transfers and grants) for the year ended September 30, 2016.

18. Pension

The net pension liability, deferred inflows and outflows of resources related to pensions, pension expense, information about the fiduciary net position of the Missouri Local Government Employees Retirement System (LAGERS) and the Police and Fire retirement funds, and additions to/deductions from these fiduciary net positions has been determined on the same basis as they are reported by LAGERS and Police and Fire retirement funds. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

An element of that reconciliation states that “internal service funds are used by management to charge the costs of custodial maintenance, information technology, community relations, fleet operations, self insurance, GIS and employee benefits.” The assets and liabilities of the internal service funds are therefore included in governmental activities in the following line items in the statement of net position (excluding certain internal service fund assets and liabilities that are included with business-type activities):

| | |
|--|----------------------------|
| Net Position – all Internal Service Funds | \$21,799,238 |
| Net Position – Internal Service Fund Reported with Business Type Activities | <u>(1,276,463)</u> |
| Net Position - Governmental Activities | <u><u>\$20,522,775</u></u> |

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

An element of that reconciliation states that “internal service funds are used by management to charge the costs of custodial maintenance, information technology, community relations, fleet operations, self insurance, GIS and employee benefits.” The portion of the net revenue (expense) of these internal service funds arising out of their transactions with governmental funds is reported with governmental activities, because they service those activities.

| | |
|--|---------------------------|
| Change in Net Position – all Internal Service Funds | \$1,549,515 |
| Change in Net Position of Internal Service Funds Reported with Business-Type Activities | <u>(169,875)</u> |
| Net adjustment to increase net changes in fund balances-total governmental funds to arrive at changes in net position of governmental activities | <u><u>\$1,379,640</u></u> |

CITY OF COLUMBIA, MISSOURI

III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Statement of Cash Flows

The City defines cash and cash equivalents used in the statement of cash flows as cash deposits, amounts included in the City's cash and investment pool and highly liquid investments with an original maturity of three months or less (both restricted and unrestricted) at the date of purchase.

B. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

IV. EQUITY IN POOLED CASH AND INVESTMENTS, CASH, INVESTMENTS, AND OBLIGATIONS UNDER REVERSE REPURCHASE AGREEMENTS

The City maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of the pool is displayed on the governmental funds' balance sheet and proprietary funds' statement of net position as "Cash and Cash Equivalents" and displayed in total on the government-wide statement of net position as "Cash and Investments." The investments of the pension and other post-employment benefit trust funds, certain debt service reserve accounts and cash with fiscal agents in the enterprise funds are held separately from those of other City funds.

A. Deposits

At year-end, the bank balances of the City's deposits were covered by federal depository insurance or by collateral held by the City's agent in the City's name. At September 30, 2016, the bank balances in the City's checking accounts were \$6,518,662.

B. Investments

Statutes, the City Charter, Policy Resolutions, and legal opinions authorize the City to invest in obligations of the U.S. Treasury, agencies, and instrumentalities; states, agencies and political subdivisions thereof; mutual funds containing authorized securities; certificates of deposit of banks and savings and loans in Missouri; and repurchase agreements. U.S. government agency securities consist of investments in FNMA, FHLMC, FFCB, FHLB and Government National Mortgage Association mortgage-backed securities. Mortgage-backed securities do not have a contractual maturity date and the City is subject to the risk of prepayment on these securities when changes in market interest rates occur. The City is also authorized to enter into reverse repurchase agreements.

The assets of the Police and Firefighters' Retirement Funds may be invested, reinvested and managed by an investment fiduciary who shall "act with the same care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a similar capacity and familiar with those matters would use in the conduct of a similar enterprise with similar aims." Authorized investment securities include those listed above as well as common stock, preferred stock, real estate mortgages, corporate debt securities including bonds and prime commercial paper, prime banker's acceptances and taxable municipal debt instruments.

Money market mutual funds held by fiscal agents are classified as cash and cash equivalents on the balance sheet but as investments for custodial risk disclosure.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

Fair Value of Investments

The City measures and records its investments, other than money market accounts, using fair value measurement guidelines established by generally accepted accounting principles. The definition of *fair value* is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- *Level 1:* quoted prices (unadjusted) in active markets/exchanges for identical assets or liabilities;
- *Level 2:* quoted prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other than quoted prices that are observable,
- *Level 3:* unobservable inputs based on the best information available in the circumstances, to the extent observable inputs are not available.

The City of Columbia and the Police and Fire pension invest in fixed income investments seeking to achieve positive returns utilizing experienced portfolio managers. These investments are valued at least monthly with pricing available daily. Investments are available in 1-3 days.

For the City and Police and Fire pension, the following fair value techniques were utilized in measuring the fair value of its investments:

U.S. Treasury securities, corporate equities, and mutual funds: These investments are reported at fair value based on quoted market prices obtained from exchanges and market maker trade pricing.

Corporate obligations, fixed income securities and other fixed income: These investments are reported at fair value based on evaluation using market sources and integrating relative credit information, observed market movements, and sector news into the evaluated pricing applications and models.

U.S. Government securities: U.S. Government securities are reported at fair value based on bullet (non-call) spread scale for each issuer for maturities going out to forty years. These spreads represent credit risk and are obtained from the new issue market, secondary trading, and dealer quotes.

Mortgage-backed securities: Mortgage-backed securities are reported at fair value via models using various inputs such as but not limited to daily cash flow, snapshots of the TBA market and the U.S. Treasury market.

Municipal bonds: Municipal bonds are reported at fair value based on trades, bid price or spread, two-sided markets, quotes, benchmark curves including but not limited to treasury benchmarks and LIBOR and swap curves, market data feeds such as MSRB, financial statements, discount rate, capital rates, and trustee reports.

Corporate bonds: Most corporate bond evaluations found on customer statements are obtained by UBS from Interactive Data Pricing and Reference Data. Interactive Data's evaluators gather information from several market sources and integrate relative credit information, observed market movements, and sector news into the evaluated pricing applications and models.

Exchange traded funds: ETFs are exchange traded funds, quoted on the ASX. The units of an ETF trade like listed shares.

Interest Rate Risk

Interest rate risk is the risk that the fair value of investments will be adversely affected by a change in interest rates. The City does not have a formal interest rate risk policy.

As of September 30, 2016, the City had the following investments and maturities:

| Investment Type | Fair Value | Less Than 1 | Investment Maturities (in years) | | |
|--------------------------|-----------------------|---------------------|----------------------------------|----------------------|-----------------------|
| | | | 1-5 | 6-10 | More Than 10 |

Credit Risk & Concentration of Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Credit risk is measured using credit quality ratings of investments in debt securities as described by nationally recognized rating agencies such as Standard & Poor's and Moody's. Concentration of credit risk is the risk of loss attributed to the magnitude of investment in a single issuer.

The City does not have a specific credit risk policy and there is no limit on the amount that may be invested in one issuer. The City's investments are to be purchased using the "Prudent Person" standard. Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

Of the City's total investments, 22.32% are issues of the Federal Home Loan Mortgage Corporation (FreddieMac), 18.73% are issues of the Federal National Mortgage Association (FannieMae) and 7.95% are issues of the Government National Mortgage Association (Ginnie Mae).

Custodial Credit Risk

In the event of a failure of a financial institution or counterparty, custodial credit risk is the risk that the City would not be able to recover its deposits, investments or collateral securities in the possession of an outside party. The City's investment policy requires assets held by a custodian as determined by the board of trustees be held in the name of the City of Columbia. In addition, the City addresses custodial credit risk by diversifying its investment portfolio and requiring all assets to be invested with the care, skill and diligence that a prudent person familiar with such matters acting in a like capacity would use in a similar enterprise.

| Total | <u>\$ 309,179,844</u> | <u>\$ 130,531,887</u> | <u>\$ 439,711,731</u> |

The City generally intends to buy and hold the securities in its portfolios, and to sell only when a gain is present or when a swap that offers substantial economic gains is available. The City maintains a minimum of 5% of the pooled investment portfolio in cash and cash equivalents to reduce the likelihood of selling a security to meet cash requirements. During the next fiscal year, the City does not intend to sell any securities at a loss in order to meet cash requirements.

The City's investment policies require that securities underlying repurchase agreements must have a fair value of at least 100% of the cost of the repurchase agreement.

C. Reverse Repurchase Agreements

The City is permitted to enter into reverse repurchase agreements; that is, a sale of securities with a simultaneous agreement to repurchase them in the future at the same price plus a contracted rate of interest. The fair value of the securities underlying reverse repurchase agreements normally exceeds the cash received, providing the dealers a margin against a decline in fair value of the securities. If the dealers default on their obligations to resell these securities to the City or provide securities or cash of equal value, the City would suffer an economic loss equal to the difference between the fair value plus accrued interest of the underlying securities and the agreement obligation, including accrued interest. There were no defaults during the year, and there were no reverse repurchase agreements outstanding at year-end.

B. Obligations to Purchase Electric Power

The Water and Electric Utility has an agreement with the Board of Municipal Utilities, Sikeston, Missouri, to purchase electric power effective through May 31, 2021. The City agreed to purchase 55 Megawatts at 110% of its proportionate share of monthly power costs (including debt service costs related to the revenue bond issue) as defined in the agreement. The City also contracted to purchase an additional 11 Megawatts from Sikeston

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

commencing on June 1, 1992. The 11 Megawatts was purchased at \$4.50 per kilowatt per month until May 31, 2002. On June 1, 2002, the capacity charge for the 11 Megawatts changed to 100% of the fixed costs and the energy charge changed to 110% of the energy costs.

The City has a wind generation purchase and transmission service agreement with Associated Electric Coop., Inc. effective through June 2027. The City has been allocated 11.1% of the net energy and green tags produced by the Bluegrass Ridge Wind Farm. The City pays an energy charge of \$55 per MWH during the term of this agreement, and receives transmission service from Associated Electric. The current transmission charge is \$10,844.06 per month.

The City has an agreement with Ameresco Jefferson City LLC to purchase power from a 3.17 megawatt generator from a landfill gas plant located in Jefferson City, Missouri. The City has agreed to purchase the electric output of the plant over a twenty year period starting in March 2009 at a fixed cost of \$52.50 per megawatt hour.

The City has agreed to purchase solar power from Free Power Company, Inc. Free Power has provided solar equipment which is installed at sites owned by the City. Power production started in December 2011. In 2013, the City paid \$54.95 per MWH with the price per MWH increasing by 1.75% in January 2014 and every year thereafter.

The City of Columbia is a member of the Missouri Joint Municipal Electric Utility Commission (MJMEUC). MJMEUC is a state wide agency that is authorized by state law to operate as an electric utility for the benefit of its members. The City has two agreements with MJMEUC for the purchase of power, the Prairie State Energy Campus from Peabody Energy, and the Iatan 2 project from Kansas City Power & Light Company. The agreements establish advisory committees that consist of representatives of the participating unit power purchasers. All decisions of the MJMEUC Board of Directors regarding Prairie State, or Iatan 2 will give consideration to the recommendations of their respective member committee, but final decision on any matter effecting either agreement shall be made by the MJMEUC Board of Directors.

In June 2007, the MJMEUC Board of Directors gave final approval for the participation in the construction, operation, and financing of the Prairie State Energy Campus. MJMEUC's interests are approximately 195 MW, and the City expects to receive approximately 26%, or about 50 MW from the units. The City's agreement with MJMEUC does not create any ownership rights on the part of the City to the Prairie State units. MJMEUC has capitalized its total costs incurred in connection with the development and construction of the Prairie State units and intends recover those costs through monthly capacity charges. Unit one of Prairie State was placed in service in June 2012 and unit two was placed in service in November 2012. The City started paying capacity charges on unit one in February 2012. The City agreed to make payments to MJMEUC for costs associated with Prairie State that were not capitalized, or rolled into the financing of the project based on the City's purchase percentage.

In 2009, the MJMEUC board gave final approval for an agreement with Kansas City Power & Light Company for a unit power interest in Iatan 2; a coal fired generating station near Weston, Missouri. MJMEUC will receive 100MW from the new unit. Of MJMEUC's 100 MW ownership, Columbia has agreed to buy 20 MW. The City's agreement with MJMEUC does not create ownership rights on the part of the City to the Iatan 2 Unit. MJMEUC has capitalized its costs in connection with the development and construction of the Iatan 2 unit and intends to recover those costs through a monthly capacity charge now that the Iatan 2 unit has begun commercial operation. Iatan 2 started production in January 2011. The City agreed to make payments to MJMEUC for its purchase percentage of costs associated with Iatan 2 that could not be capitalized.

The City has an agreement with Crystal Lake Wind III, LLC to purchase 21 megawatts of wind energy from Iowa. This is a 20 year contract with energy cost starting at \$42.50 per megawatt hour in 2012, increasing to \$43.50 in 2013, and \$44.50 in 2014. In 2015 the price increases to \$45.00 per megawatt hour, and remains at that rate until the end of the contract term.

C. Pollution Remediation Obligations

The Missouri Department of Natural Resources issued the City a "Letter of Warning" on March 19, 2009. The letter notified the City that the Water Treatment Plant site was in non-compliance with Clean Water Laws and Operating Permit #MO-G640087 and "caused pollution of an unnamed tributary to Perche Creek, waters of the state or placed or caused or permitted to be placed water contaminants in a location where it is reasonably certain to cause pollution of waters of the state." The contaminant is lime softening sludge which was improperly disposed of by stockpiling it on-site.

Due to the non-compliance with this permit, the City was required to: prepare a site specific sludge management plan for the water treatment plant site; to install storm water Best Management Practices (BMP) to prevent a discharge of contaminated storm water from the site; and, apply for a site specific storm water discharge permit for this site.

The City applied for a beneficial use exemption for the stockpiled sludge at the water treatment plant to allow the stockpiled sludge to remain in place. The request has been approved by the Missouri Department of Natural Resources, with conditions. The City is required to prepare plans and install a clay cap to contain the stockpiled sludge.

It is estimated that the cost of the work will range from \$501,500 to \$936,000 with the primary variant being the availability of materials near the plant. The estimated cost to the City is \$783,925, calculated as follows:

| | |
|---|----------------------------------|
| 65% probability that the actual costs will be \$936,000 | $(65\% * \$936,000) = \$608,400$ |
| 35% probability that the actual costs will be \$501,500 | $(35\% * \$501,500) = \$175,525$ |
| Total estimated liability | <u>\$783,925</u> |

The City does not expect to recover the remediation outlays from insurance, or any other parties. The total estimated liability is recorded in the Water and Electric utility fund in Accounts Payable.

D. Encumbrances

Purchase orders are issued throughout the fiscal year to encumber budgets in the governmental funds. Outstanding encumbrances as of September 30, 2016 are as follows:

| | |
|-----------------------|----------------------------|
| Major Funds: | |
| General Fund | \$ 2,558,382 |
| Capital Projects Fund | <u>4,491,321</u> |

| Nonmajor enterprise | — | 6,618,224 |
| Total | <u>\$ 10,950,360</u> | <u>\$ 10,950,360</u> |

Advances at September 30, 2016 include \$811,519 in the Non-Major Enterprise Parking Utility Fund, \$2,539,275 in the Non-Major Enterprise Solid Waste Utility Fund and \$97,691 in the Non-Major Enterprise Recreation Services Fund that are classified as Noncurrent Liabilities because the funds advanced from the Permanent Fund-Designated Loan Fund were restricted for use on capital projects. The \$2,539,275 advance to the Solid Waste Utility was for land purchased on Route B and an advance for the construction of a Solid Waste Facility. The \$811,519 to the Parking Utility was for construction of the Short Street garage and the \$97,691 to Recreation Services was for construction of improvements to the H.J. Waters and C.B. Moss Memorial Wildlife Area. These advances generally are not scheduled to be repaid in the next fiscal year. Management considers these collectible.

Advances of \$329,000 from the Permanent Fund-Designated Loan Fund to the Capital Projects Fund are for special assessment tax bills. These will be repaid when the associated capital projects are completed and the special assessment taxes are levied.

Payment in lieu of taxes of \$2,030,196 is reported as a receivable in the General Fund and a payable in the Water and Electric Utility Fund.

Payables from the Non-Major Special Revenue Non-Motorized Grant Fund of \$65,745, and \$85,139 from Community Development Grant Fund are due to the General Fund for fund overdrafts of cash and cash equivalents on September 30, 2016.

Loans with a balance of \$500,749 from the Water and Electric Utility to the Railroad Fund relate to construction work and the purchase of a locomotive. The current portion of this loan is \$73,529, payable within the next fiscal year.

A loan with a balance of \$2,206,390 from the Water and Electric Utility to the Transload Fund was transferred from the Railroad Fund and was originally used for the purchase of the intermodal facility. The current portion of this loan is \$79,676, payable within the next fiscal year.

C. Special Obligation Refunding and Capital Improvement Bonds – Series 2012 B, C, D, E, 2016

In July 2016 the City issued \$17,580,000 of Special Obligation Refunding Bonds for the purpose of advance refunding the 2008B Special Obligation Improvement Bonds, outstanding in the principal amount of \$19,785,000. Interest is paid semiannually on March 1 and September 1 with final payment due on March 1, 2028. The interest rates on this issue range from 2% to 5%.

In December of 2012, the City issued \$39,955,000 of Special Obligation Electric Utility Improvement Bonds. The bonds are special obligations of the City payable solely from the annual appropriation of funds by the City for that purpose. The bonds are treated as utility revenue bonds of the Electric Utility, and are secured by pledged revenues of the Electric Utility. The bonds were issued for the advance refunding of the 2006C Electric special obligation bonds. Interest is paid semiannually on March 1 and September 1. Principal is due each year on September 1, through September 2032. At the option of the City bonds are subject to optional redemption and payment prior to maturity on or after September 1, 2020 at the redemption price of 100% of principal amount redeemed plus accrued interest on redemption date. The interest rates on this issue range from 2.00% to 4.00%.

In May of 2012, the City issued \$1,465,000 of Special Obligation Refunding Bonds, Series B. The bonds are special obligations of the City payable solely from the annual appropriation of funds by the City for that purpose. The bonds are to be treated as revenue bonds of the Sanitary Sewer Utility and are secured by a first lien on the revenues of the system. The bonds were issued to currently refund the 2001A Special Obligation Capital Improvement Bonds. Principal is due annually on October 1 through October 1, 2020 and interest is payable on April 1 and October 1. At the option of the City, bonds maturing on and after October 1, 2019, are redeemable on October 1, 2018 and thereafter at par plus accrued interest. The interest rate on this issue is 2.0%. The bonds require \$146,500 in a debt service reserve account.

In May of 2012, the City issued \$2,650,000 of Special Obligation Refunding Bonds, Series C. The bonds are special obligations of the City payable solely from the annual appropriation of funds by the City for that purpose. The bonds were issued to currently refund the 2001B Special Obligation Capital Improvement Bonds. Principal is due annually on February 1 through February 1, 2021 and interest is payable on February 1 and August 1. At the option of the City, bonds maturing on and after February 1, 2019, are redeemable on February 1, 2018 and thereafter at par plus accrued interest. The interest rate on this issue is 2.0%.

In May of 2012, the City issued \$25,400,000 of Special Obligation Electric Utility Improvement Bonds. The bonds are special obligations of the City payable solely from the annual appropriation of funds by the City for that purpose. The bonds are to be treated as utility revenue bonds of the Electric Utility, and are secured by pledged revenues of the Electric Utility. The bonds were issued for the advance refunding of the 2008A Electric special obligation bonds. Interest is paid semiannually on April 1 and October 1. Principal is due each year on October 1, through October 1, 2033. At the option of the City bonds maturing on and after October 1, 2021, may be subject to redemption and payment prior to maturity on or after October 1, 2020 at the redemption price of 100% of the principal amount redeemed plus accrued interest to the redemption date. The interest rates on this issue range from 2.00% to 5.00%. The bonds require \$1,666,350 in a debt service reserve account.

D. Special Obligation Improvement Bonds – Series 2012A-1, Series 2012 A-2, and Series 2009A

In March of 2012, the City issued \$8,925,000 of Taxable and Tax-Exempt Special Obligation Improvement Bonds, Series A-1 and A-2, \$1,665,000 and \$7,260,000 respectively. The bonds are special limited obligations of the City, payable solely from the annual appropriation of funds of the City for that purpose. The bonds were issued for the purpose of financing the cost of certain capital improvements, making a deposit to the reserve account and paying costs incident to the issuance of the Bonds. Principal payments are due annually on March 1 through March 1, 2031 and interest payments are due on March 1 and September 1. The A-1 Series Bonds are not subject to optional redemption. CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

In September of 2009, the City issued \$13,030,000 of Taxable Special Obligation Improvement Bonds (Build America Bonds/Direct Subsidy). The bonds are special limited obligations of the City, payable solely from the annual appropriation of funds of the City for that purpose. The bonds were issued for the purpose of i) providing funds to acquire, construct and equip extensions, improvements, additions and enlargements of the City's Parking Utility; ii) making a deposit to the Debt Service Reserve Account; and iii) paying costs and expenses incident to the issuance of the Bonds. Interest is paid semiannually on March 1 and September 1. Principal maturities are to be paid March 1, 2017 and annually thereafter through March 1, 2034. At the option of the City, the Bonds may be subject to redemption and payment prior to maturity, on March 1, 2019 and thereafter in whole or in part at any time in any order of maturity selected by the City and by lot in multiples of \$5,000 within a maturity, at the redemption price of 100% of the principal amount thereof, plus accrued interest thereon to the redemption date. The interest rates on this issue range from 4.3% to 6.2%, prior to the interest subsidy as explained in the following paragraph. The bonds require \$1,071,317 in a debt service reserve account.

The City is making the irrevocable election to have Section 54AA of the Internal Revenue Code of 1986, as amended (the "Code") apply to the Bonds so the Bonds may qualify as "build America bonds" (the "BABs") under Code Section 54AA(d). The City is further making the irrevocable election to have Section 54AA(g) of the Code apply to the Bonds so the Bonds qualify as "qualified bonds" under Code Section 54AA(g) in order to receive the refundable credits allowed to issuers pursuant to Sections 54AA(g)(1) and 6431 of the Code with respect to "qualified bonds" (the "BABs Interest Subsidy Payments"). Under current law, the BABs Interest Subsidy Payments are to be paid by the United States directly to any issuer of bonds that qualify as BABs and as "qualified bonds" in an amount equal to 35% of the interest payable by such issuer on such bonds on each interest payment date, provided that certain requirements, as described in the Code and related IRS pronouncements, as to the uses and investment of the bond proceeds and other matters, are continuously satisfied by such issuer. The City is covenanting to comply with the requirements of the Code necessary to maintain the qualification of the Bonds as BABs under Code Section 54AA(d) and as "qualified bonds" under Code Section 54AA(g). In 2014, the IRS Office of Tax Exempt Bonds announced a sequester reduction percentage for payments to issuers of direct pay bonds and the 35% subsidy was reduced by 7.2%.

E. Special Obligation Notes - 2010

In December 2010 the City assumed a bank loan in the amount of \$2,550,000 taken by Columbia Area Jobs Foundation (CAJF) to pay Robert F LeMone Trust for the purchase of 2810 LeMone Industrial Boulevard (the IBM building). This loan has an interest rate of 5.25% and will be paid in monthly installments commencing February 1, 2011 and maturing December 31, 2020. Additionally, the city paid interest due from the initiation of the loan in May 2010 through December 2010. City funds are held in escrow at Boone County National Bank equal to the outstanding principal of the loan. Interest payments are subject to annual appropriation.

In December 2010 the City assumed a bank loan in the amount of \$9,229,723 taken by the Columbia Area Jobs Foundation (CAJF) to fund reconstruction of the building located at 2810 LeMone Industrial Boulevard (the IBM building). This loan has an interest rate of 6% and will be paid in monthly installments commencing February 1, 2011 and maturing October 1, 2020. The loan is not a general liability of the City except to the extent of fixed rental income from the lease of the property. The City assumed the ten year lease for the property between CAJF and IBM. The lender may not satisfy or seek a repayment of any sum due pursuant to the Loan from the City except by foreclosing on the items of collateral which secure the payment of the loan (the IBM building).

F. Direct Loan Agreement – Missouri Transportation Finance Corporation

In July 2008 the City was authorized to execute a direct loan agreement and promissory note with the Missouri Transportation Finance Corporation (MTFC) for transportation improvements to the Stadium Boulevard corridor from Broadway to I-70. The MTFC deposited the loan proceeds in three disbursements. The first disbursement of \$1.5 million was received by the City in March 2012. The second disbursement of \$1 million was deposited to the Missouri Transportation Commission's Local Fund on behalf of the City in March 2012. The third and final disbursement was made October 1, 2012 to the Local Fund in the amount of \$5.7 million for a total of \$8.2 million.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

The loan has an interest rate of 3.92% and will be paid in semi-annual installments commencing September 1, 2012 and maturing March 1, 2022. The loan is to be repaid with revenues received from the Columbia Mall Transportation Development District, the Shoppes at Stadium Transportation Development District and the Stadium Corridor Transportation Development District. Should these revenues be insufficient to meet the debt service requirements the City is responsible for the balance.

G. Special Obligation Refunding and Capital Improvement Bonds - Series 2015, 2006, and 2006B

On December 8, 2015 the City of Columbia issued \$7,080,000 in Special Obligation refunding bonds with an average interest rate of 3.069% to currently refund \$8,855,000 of outstanding 2006 Special Obligation bonds with an interest rate ranging from 4.00% to 5.00%. The interest is paid semiannually on February 1 and August 1. Principal payments are due on February 1. The final payment is due on August 1 2026. The Bonds are special limited obligations of the City, payable solely from the annual appropriation of the funds by the City for that purpose. The reacquisition price was greater than the net carrying amount of the old debt by \$1,030,713. This amount is being netted against the new debt and amortized over the remaining life of the current debt, which is the same as the life of the refunded debt. As a result of the current refunding the City reduced its total debt service requirements by \$2,667,087, which resulted in an economic gain of \$648,817.

In June of 2006, the City issued \$25,615,000 of Special Obligation Revenue Refunding and Improvement Bonds for the purpose of i) advance refunding the Certificates of Participation (City of Columbia, Missouri, Lessee), Series 2001A, outstanding in the principal amount of \$2,085,000; ii) funding certain public safety and road capital improvements within the City; iii) making a deposit to the Debt Service Reserve Account; and iv) paying costs of issuance. Interest is paid semiannually on February 1 and August 1. Principal payments are due on February 1. The final payment is due February 1, 2016. The interest rate on this issue is 5.00%. The Bonds are special limited obligations of the City, payable solely from the annual appropriation of funds by the City for that purpose. The bonds require \$2,561,500 in a debt service reserve account.

On February 1, 2006, the City issued \$20,005,000 of Special Obligation Revenue Refunding and Improvement Bonds for the purpose of i) currently refunding the outstanding portion of the City's Special Obligation Refunding and Capital Improvement Bonds, Series 1996; ii) currently refunding the outstanding portion of the City's Parking Utility Revenue Bonds, Series 1995; iii) construction, improving and extending the City-owned sanitary sewer utility; iv) construction and improving the City-owned solid waste utility; v) funding a debt service reserve account; vi) paying cost of issuance. Interest is paid semiannually on February 1 and August 1. Principal payments are due on February 1. The final payment is due February 1, 2026. Interest rates on this issue range from 4.00% to 5.00%. The Bonds are special limited obligations of the City, payable solely from the annual appropriation of funds by the City for that purpose. The bonds require \$1,752,268 in a debt service reserve account. This bond was refunded on December 7, 2015.

H. Water and Electric Revenue Bonds – 2015 Series, 2014 Series, 2011 Series, and 2009 Series

In August of 2015, the City issued \$51,280,000 of Water and Electric System Revenue Refunding Bonds. The bonds are to be paid by the net revenues of the system and certain accounts under the Ordinance to the extent pledged under the Ordinance. \$18,065,000 of the bonds was issued for the current refunding of the 2005A Water and Electric System Revenue Bonds and \$33,215,000 was issued to provide funding for improvements in the Electric Utility. Interest is paid semiannually on April 1 and October 1. Principal is due each year on October 1, through October 1, 2045. At the option of the City, the bonds or portions thereof maturing on October 1, 2024 and thereafter may be called for redemption and payment prior to their stated maturity on October 1, 2023 and thereafter, in whole or in part at any time in any order of maturity selected by the City and by lot in multiples of \$5,000 within a maturity, at the redemption price equal to the principal amount thereof, plus accrued interest thereon to the date of redemption. The interest rates on this issue range from 3.00% to 5.00%. The bonds require \$3,684,714 in a debt service reserve account.

In July of 2014, the City issued \$14,180,000 of Water and Electric System Revenue Refunding Bonds. The bonds are to be paid by the net revenues of the system and certain accounts under the Ordinance to the extent pledged

under the Ordinance. The bonds were issued for the current refunding of the 2003A Water and Electric System Revenue Refunding Bonds and the advance refunding of the 2004A Water and Electric System Revenue Bonds. Interest is paid semiannually on April 1 and October 1. Principal is due each year on October 1, through October 1, 2028. At the option of the City, the bonds or portions thereof maturing on October 1, 2023 and thereafter may be called for redemption and payment prior to their stated maturity on October 1, 2022 and thereafter, in whole or in part at any time in any order of maturity selected by the City and by lot in multiples of \$5,000 within a maturity, at the redemption price equal to the principal amount thereof, plus accrued interest thereon to the date of redemption. The interest rates on this issue range from 2.00% to 3.00%. The bonds require \$1,418,000 in a debt service reserve account.

In May of 2011, the City issued \$84,180,000 of Water and Electric System Revenue Bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. \$12,465,000 of the bonds were issued to refund \$11,680,000 of the outstanding 2002 Water and Electric Revenue Bonds, \$49,500,000 was issued to purchase the Columbia Energy Center, and \$22,215,000 was issued to provide funding for improvements and additions to the City's waterworks facilities. Interest is paid semiannually on April 1 and October 1. Principal is due each year on October 1 through October 1, 2041. Bonds maturing on October 1, 2020, and thereafter are subject to redemption prior to maturity at the option of the City at any time on or after October 1, 2019, at redemption price of 100% of the principal amount redeemed plus accrued interest to the redemption date. The interest rates on this issue range from 3.00% to 5.00%.

In September of 2009, the City issued \$16,725,000 of Water and Electric System Revenue Bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. The bonds were issued to provide funding for improvements and additions to the City's waterworks. Interest is paid semiannually on April 1 and October 1. Principal is due each year on October 1 through October 1, 2034. Bonds maturing on October 1, 2020, and thereafter are subject to redemption prior to maturity at the option of the City at any time on or after October 1, 2019, at redemption price of 100% of the principal amount redeemed plus accrued interest to the redemption date. The interest rates on this issue range from 3.00% to 4.125%.

The bond ordinances require 110% coverage of the aggregate debt service for each fiscal year. The Water and Electric Utility Fund is required to be accounted for in a separate enterprise fund under the bond ordinances. These ordinances also require that after sufficient current assets have been set aside to operate the fund, all remaining monies held by the fund be restricted in separate accounts in the following sequence:

| Nature of accounts | Amount | Authorized expenditures |
|--|---|---|
| (a) Current bond maturities and interest | Monthly accumulations equal to semiannual debt service. | Paying current principal and interest on bonds. |
| (b) Revenue bond reserve | Amount equal to 1/60th of the debt service requirements until said account shall equal the debt reserve requirements in the amount of \$18,602,525. | Paying principal and interest in the event of a deficiency in the current bond maturities and interest account. |
| (c) Renewal and replacement account | Amount of \$25,000 per month. Such payments shall be continued until the amount deposited and held in said fund shall equal \$1,500,000. | Paying unforeseen contingencies and meeting emergencies arising in the operation of the system. |
| (d) Revenue bond construction | To account for revenue bond issue proceeds prior to their expenditure for construction of utility plant. | To provide funds to pay construction cost to the extent such monies are available. |

The City issued \$915,000 of Sewerage System Bonds, Series B in November of 2006. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on July 1 of each year, beginning in 2007, through July 1, 2026, and interest payments are due on January 1 and July 1. The bonds maturing on and after July 1, 2017, are redeemable on each June 1 and December 1, commencing on June 1, 2016, at par plus accrued interest. The interest rates range from 4.00% to 5.00% on this issue.

The City issued \$650,000 of Sewerage System Bonds, Series B in May of 2004. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 of each year through January 1, 2025, and interest payments are due on January 1 and July 1. The bonds maturing on and after January 1, 2015, are redeemable on each June 1 and December 1, commencing on June 1, 2014, at par plus accrued interest. The interest rates range from 2.00% to 5.25% on this issue.

The City issued \$3,620,000 of Sewerage System Revenue Bonds, Series B in May of 2003. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 of each year through January 1, 2024, and interest payments are due on January 1 and July 1. The bonds maturing on and after January 1, 2014, are redeemable on each June 1 and December 1, commencing on December 1, 2012, at par plus accrued interest. The interest rates range from 2.00% to 5.25% on this issue.

The City issued \$2,230,000 of Sewerage System Revenue Bonds, Series A in May of 2002. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 of each year through January 1, 2023, and interest payments are due on January 1 and July 1. The bonds maturing on and after January 1, 2013, are redeemable on each June 1 and December 1, commencing on June 1, 2012, at par plus accrued interest. The interest rates range from 3.0% to 5.375% on this issue.

The City issued \$2,445,000 of Sewerage System Revenue Bonds, Series B in November of 2000. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on July 1 of each year through July 1, 2021, and interest payments are due on January 1 and July 1. The bonds maturing on and after July 1, 2013, are redeemable on each June 1 and December 1, commencing on December 1, 2010, at par plus accrued interest. The interest rates range from 4.350% to 5.625% on this issue.

The City issued \$1,420,000 of Sewerage System Revenue Bonds, Series B in December of 1999. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds

were issued for extending and improving the sewerage system. Payments of principal are due on July 1 of each year through July 1, 2020, and interest payments are due on January 1 and July 1. The bonds maturing on and after July 1, 2011, are redeemable on each June 1 and December 1, commencing on June 1, 2010, at par plus accrued interest. The interest rates range from 4.125% to 6.000% on this issue.

The City issued \$3,730,000 of Sewerage System Revenue Bonds, Series A in June of 1999. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 of each year through January 1, 2020, and interest payments are due on January 1 and July 1. The bonds maturing on and after January 1, 2010, are redeemable on each June 1, and December 1, commencing on June 1, 2009, at par plus a premium of 1% reduced by .5% each year thereafter to June 1, 2011. The interest rates range from 3.625% to 5.25% on this issue.

The bond ordinances require 110% coverage of the aggregate debt service for each fiscal year. In compliance with the bond ordinances, the Sanitary Sewer Utility Fund is accounted for in a separate enterprise fund. Additional bond ordinance requirements provide for the restricting of operating revenues after current operating expenses have been met. These restrictions occur in the following sequence:

| <u>Nature of accounts</u> | <u>Amount</u> | <u>Authorized expenditures</u> |
|---|---|--|
| (a) Operation and maintenance | Equal to one month's operating expenses of the utility. | Operating expenses when non-restricted current assets are not available for payment. |
| (b) Sinking fund (cash with fiscal agent) | Current fiscal year bond maturity and interest accumulated monthly. | Payment of current principal and interest on bonds. |
| (c) Revenue bond reserve | Amount equal to \$624,241 for the 2006 Special Obligation Bonds, \$937,989 for the 2009 Revenue Bonds, \$550,070 for the 2012 Revenue Bonds, \$131,000 for the 2012B Special Obligation Refunding Bonds and \$1,232,886 for the 2015 Revenue Bonds. | Payment of principal and interest due on bonds when other funds are unavailable. |
| (d) Contingency | Amount of \$2,000 per month. Such payments shall continue until the amount deposited and held in said fund shall equal \$200,000. | Unforeseen contingencies; emergencies affecting operation and maintenance replacement for effective and efficient operation. |
| (e) Revenue bond construction | To account for revenue bond issue proceeds prior to expenditure for construction of utility plant additions. | Cost of construction projects. |

In November 2013, voters approved the issuance of \$32,340,000 of Sanitary Sewer Revenue bonds and as of September 30, 2016, there is \$21,561,000 remaining from this authorization that has not been issued.

J. Capital Lease Agreements

1. Governmental Activities:

In December 2013, the City entered into a lease purchase agreement as lessee for financing the acquisition of computer equipment for the Information Technology Department. Lease payments began in March 2014 when the equipment was received. This agreement qualifies as a capital lease for accounting purposes; the City will make thirty six monthly payments including interest of 1.84%.

Future minimum lease payments for this lease are as follows:

| | <u>Debt Governmental Activities</u> |
|---|---|
| Year ending September 30: 2017 | <u>10,178</u> |
| Total minimum lease payment | 10,178 |
| Less interest amount | <u>46</u> |
| Present value of net minimum lease payment | <u><u>\$ 10,132</u></u> |

The following schedule provides an analysis of the City's investment in capital assets under lease arrangements as of September 30, 2016:

2. Business Type Activities:

On January 19, 2010, the City entered into an amendment to the ground lease agreement with Central Missouri Aviation, Inc. for future renovations and improvements to the fixed base operator hangar at Columbia Regional Airport. All improvements are the property of the City and were completed in 2011. This agreement qualifies as a capital lease for accounting purposes and, therefore, has been recorded at the present value of the future minimum lease payments of \$252,816 with an interest rate of 3.5% beginning April 1, 2011 and a final maturity of March 1, 2021.

The following is a schedule of the present value of net minimum lease payments for this capital lease as of September 30, 2016:

| | <u>Debt Business-Type Activities</u> |

| Total minimum lease payments | 135,000 |
| Less interest amount | <u>10,262</u> |
| Present value of net minimum lease payments | <u>\$124,738</u> |

The total improvements acquired through the agreement are \$415,306, including a private contribution of \$162,490, and have been added to the capital asset: Structures and Improvements.

In August 2015, the City entered into a lease purchase agreement as lessee for financing the acquisition of an electric bus for the Public Transportation fund. Lease payments began in November 2015. This agreement qualifies as a capital lease for accounting purposes; the City will make one-hundred forty-four monthly payments including interest of .903%.

The following is a summary of the capital lease transaction for the City for the year ended September 30, 2016:

K. Pledged Revenues

The City has pledged future sanitary sewer operating revenues, net of specified operating expenses, to repay \$98,282,700 in sanitary sewerage system revenue, revenue refunding and special obligation bonds. The bonds are payable solely from sanitary sewer net revenues and are payable through 2037. Annual principal and interest payments on the bonds have required on average 60 percent of net revenues. The total principal and interest remaining to be paid on the bonds is \$125,731,849. Principal and interest paid for the current year and total net sanitary sewer revenues for the current year were \$8,293,351 and \$13,467,314, respectively.

The City has pledged future water and electric operating revenues net of operating expenses to repay \$212,925,000 in water and electric system revenue and special obligation bonds. The bonds are to be paid solely from water and electric net revenues and are payable through 2045. Annual principal and interest payments on the bonds have required on average 33 percent of net revenues. Total principal and interest remaining to be paid on the bonds is \$305,547,889. Principal and interest paid for the current year and total net revenues were \$15,084,513 and \$47,012,840 respectively.

L. Legal Debt Margin

The City's assessed value supports a general obligation bond limit of \$385,794,355. The City did not have any general obligation bonds outstanding as of September 30, 2016.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

X. ADVANCE REFUNDING

The City has defeased certain special obligation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old debt. Accordingly, the trust account assets and the liability for the defeased debts are not included in the City's government-wide financial statements. On September 30, 2016, \$79,785,000 of special obligation bond debt outstanding is considered defeased. The table below details this issue.

| Issue | Outstanding at September 30, 2016 |
|--|--|
| Electric 2006C series Special Obligation bonds | 38,535,000 |
| Electric 2008A series Special Obligation bonds | 21,465,000 |
| 2008B Special Obligation Bonds | 19,785,000 |
| Total | \$ 79,785,000 |

XI. DEFEASANCE

On July 14, 2016 the City issued \$17,580,000 Special Obligation Refunding Bonds, Series 2016 to advance refund \$19,785,000 of outstanding 2008B Special Obligation Improvement Bonds. The proceeds of \$21,234,085 (including a City contribution of \$2,194,500) were used to purchase U.S. Government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 2008B Special Obligation Improvement Bonds. As a result the 2008B Special Obligation Improvement Bonds are considered to be defeased and the liability for those bonds has been removed from long term debt.

The reacquisition price was greater than the net carrying amount of the old debt by \$1,449,085. This amount is being netted against the new debt and amortized over the remaining life of the new debt, which is the same as the life of the advance refunded debt. As a result of the advance refunding the City reduced its total debt service requirements by \$4,640,040, which resulted in an economic gain of \$1,981,381.

XII. RISK MANAGEMENT

A. Self-insurance

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 1988, the City established a self insurance retention program for workers' compensation, liability, and property losses with two issues of special obligation bonds (repaid) to establish reserves for self-insurance. Excess coverage insurance policies cover individual claims in excess of \$500,000 for general liability, \$100,000 for property losses, and workers' compensation claims in excess of \$500,000 for most employee classifications and \$750,000 for Police, Fire and Electrical employees. The City carries insurance policies for airport and railroad liability and health clinic professional liability. Two claims have exceeded self-insurance or deductible levels during the past three years.

All operations of the City participate in the program and make payments to the Self-insurance Reserve Internal Service Fund's Liquidity Reserve based on an estimate of the amounts needed to pay claims. The claims liability of \$6,501,876 reported in the Self-insurance Reserve Fund at September 30, 2016 is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. None of the

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

claims liability have been discounted. The City has not purchased annuity contracts from commercial insurers to satisfy liabilities for any claim, therefore, no liability for claims has been removed from the balance sheet. Changes in the claims liability amount in fiscal years 2015 and 2016 were:

| | | Beginning of fiscal year liability | Current year Claims and changes in estimates | Claim payments | Balance fiscal year-end |
|-----------|----|---|---|---------------------------|--|
| 9/30/2015 | \$ | 5,487,590 | \$ 3,532,227 | \$ (2,696,444) | \$ 6,323,373 |
| 9/30/2016 | \$ | 6,323,373 | \$ 2,394,233 | \$ (2,215,730) | \$ 6,501,876 |

B. Employees' Health Plan

The Employee Benefit Internal Service Fund accounts for the transactions and reserves associated with the City's medical, dental, prescription drug, life, and long-term disability programs for City employees. Coverage for health, dental, and prescription drug plans are self-insured. The City has a stop-loss attachment point of \$100,000 per person. Other coverages are with commercial insurance carriers.

Incurred but not reported claims of \$1,075,710 are reported in the Employee Benefit Fund as of September 30, 2016. These medical, prescription, and dental reserves are estimated based on submitted claim lag reports using a 15-month run-off, which are adjusted for inflation/utilization trends, plan design and population changes. Changes in the claims liability amount in fiscal years 2015 and 2016 were:

| | | Beginning of fiscal year liability | Current year Claims and changes in estimates | Claim payments | Balance fiscal year-end |
|-----------|----|---|---|---------------------------|--|
| 9/30/2015 | \$ | 891,500 | \$ 10,339,046 | \$ (10,099,646) | \$ 1,130,900 |
| 9/30/2016 | \$ | 1,130,900 | \$ 10,196,593 | \$ (10,251,783) | \$ 1,075,710 |

XIII. LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

State and federal laws and regulations require that the City of Columbia place a final cover on its landfill when closed and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. During fiscal year 1994, the City adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 18, *Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs*. GASB No. 18 requires that, in addition to recognizing operating expenses related to current activities of the landfill, an expense provision and related liability be recognized for future closure and postclosure care costs that will be incurred near or after the date the landfill no longer accepts waste. The recognition of these landfill closure and postclosure care costs is accrued ratably over the useful life of the landfill based on the portion of the landfill used during the year and is being recorded in the Solid Waste Utility Enterprise Fund.

Landfill closure and postclosure costs to date are \$8,569,945 which is based on 66.92% usage of the landfill. The recorded liability is \$2,690,137 as of September 30, 2016. The City will recognize the remaining costs of closure and postclosure care of \$1,956,540 as the remaining capacity is filled. The estimated total current costs of the landfill closure and postclosure care (\$10,526,485) is based on the amount that would be paid if all equipment, facilities, and services required to close, monitor and maintain the landfill were acquired as of September 30, 2016. However, the actual cost of closure and postclosure care may be higher due to inflation, changes in technology, or changes in landfill laws and regulations. The estimated remaining life of the landfill is approximately 12 years.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

The City of Columbia has executed a contract of obligation with the Missouri Department of Natural Resources for landfill closure and postclosure care costs. This financial assurance instrument allows the Missouri Department of Natural Resources to collect the required amount from any state funds which could be dispersed to the City should the City fail to perform closure or postclosure care activities.

XIV. CONTINGENCIES

A. Grants

The City receives significant financial assistance from numerous federal, state, and local governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the individual fund types included herein or on the overall financial position of the City at September 30, 2016.

B. Litigation

Various suits and claims against the City are presently pending involving claims for personal injury, tax appeals, and miscellaneous cases. In the opinion of management, both individually and in the aggregate, such suits or claims will not have a material effect on the financial position of the City.

XV. EMPLOYEE RETIREMENT SYSTEMS AND PLANS

Except for Railroad employees, all full-time, regular employees of the City of Columbia participate in one of three retirement plans. The City administers two single-employer defined benefit pension plans, the Police Retirement Fund which covers full-time regular police officers, and the Firefighters' Retirement Fund which covers full-time regular firefighters. The Authority to provide pensions for Police and Firefighters is established in Revised Statutes of Missouri (RSMo) Section 86.583, and firefighters' retirement and relief systems for all municipalities in RSMo Section 87.005-87.105. Benefit provisions and contribution requirements are established by City ordinance, and may be amended by City ordinance. Management of the retirement plans is vested in the Police Retirement Board and the Firefighters' Retirement Board. Each board shall consist of five (5) members, two (2) of whom shall be members of each department, two (2) of whom shall be registered voters and residents of the city. The chief of each department shall be an ex officio, nonvoting member of the board.

The City participates in the Missouri Local Government Employees Retirement System (LAGERS) which is a defined benefit pension plan that provides certain retirement, disability and death benefits to plan members and beneficiaries. This plan covers substantially all of the City's employees not covered by the Police or Firefighters Retirement Funds. LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with RSMo. 70.600-70.755. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at www.molagers.org.

A. Police and Fire Pension

1. Plan Description

Participants in the Police and the Firefighters' Retirement plans become fully vested at the completion of their probationary period, which is generally one year after employment. Participants employed September 30, 2012 or earlier are eligible for retirement benefits, payable monthly for life, upon reaching the age of 65, or 20 years of credited service. Police participants employed October 1, 2012 or later are eligible for retirement benefits, payable

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

monthly for life, upon reaching the age of 65, or 25 years of credited service. Firefighter participants employed October 1, 2012 or later are eligible for retirement benefits, payable monthly for life, upon having completed at least one year of active service and reaching the age of 55. The plans also provide early retirement, death, and disability benefits. Benefits and refunds of the Police and the Firefighters' Retirement pension plans are recognized and payable when due.

Participants in the Police Retirement plan employed September 30, 2012 or earlier receive a normal benefit equal to 3.0% of their highest average salary multiplied by the number of years of active service up to 20 years, plus 2% of the highest average salary for each year of service in excess of 20 years, but not to exceed 70% of the highest average salary. This benefit shall continue for life. Participants in the Police Retirement plan employed as of October 1, 1991 could elect a second option. Under this option employees retiring after January 4, 1993 receive a benefit increase of 3% each year from retirement to age 62. When a covered employee reaches age 62, the retirement benefit shall equal 2.2% of the highest average salary times the years of service to a maximum of 52.5% of the highest average salary with 25 years of continuous service. The benefit calculated at age 62 is then increased by 2% for each year from retirement to age 61. This benefit is then payable from age 62 and increased in each future year by 2% of the preceding year's benefit.

Participants in the Police Retirement plan employed October 1, 2012 or later receive a normal benefit equal to 2.0% of highest average salary per year of covered employment up to twenty-five years. For each year of service in covered employment over twenty-five, the retiree shall receive an additional 1.5% of highest average salary per year, up to a maximum of 57.5% for twenty-five years of service. In the first month of each plan year the retirement benefit shall be increased by 0.6%.

Participants in the Firefighters' Retirement plan employed September 30, 2012 or earlier with 20 or more years of service receive a normal benefit equal to 70% of the highest annual salary plus 2% per year for each year in excess of 20 years, up to a maximum of 80% of the highest annual salary. The normal benefit is increased annually by 2%. Participants in the Firefighters' Retirement plan employed October 1, 2012 or later receive a retirement benefit equal to 2.5% of the retiree's highest average salary multiplied by the number of years of active service. If a retiree is age 50 and not yet age 55 at the date of retirement, the retirement benefit payable will be reduced by 0.5% for each month that the retirement date precedes age 55.

Membership of each plan consisted of the following at the date of the latest actuarial valuation:

| | <u>Police Pension</u> | <u>Fire Pension</u> |
|---|---------------------------|-------------------------|
| Number of participants: | | |
| Current membership (receiving benefits)* | 157 | 156 |
| Terminated entitled, not yet receiving benefits | 19 | 3 |
| Current active members* | 150 | 125 |

* Included in the total for current active and current membership (receiving benefits) Police and Fire members are 3 Fire DROP (Deferred Retirement Option Program) members and 6 Police DROP members.

Financial Statements for the Police and Firefighters' Retirement Funds are presented within this document. There are no separately issued financial statements for the Police and Firefighters' Retirement Funds.

2. Funding Policy and Assumptions

The City's Police and Fire pension contributions for the fiscal year ended September 30, 2016, were made in accordance with actuarially determined contribution requirements determined through actuarial valuation.

The roll-forward of total pension liability from September 30, 2015 to September 30, 2016 reflects expected service cost and interest reduced by actual benefit payments and administrative expenses. Actuarially determined

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

contribution rates are calculated as of September 30 which is 1 year prior to the beginning of the fiscal year in which contributions are reported.

The City's annual pension cost for Police and Fire pensions and the related information for each plan is as follows:

| | Police Plan | Fire Plan |
|--------------------------------|---|-----------------------|
| Contribution rates: | | |
| City | 39.19% | 56.46% |
| Plan members – contributory | 8.35% | 16.32% |

| Projected salary increases * | 0% – 10.3% | 0% – 10.3% |
| * Includes inflation at | 3.5% | 3.5% |
| Benefit increases | 2% annually until attained age of 62; 2.2% thereafter | 2% annually |

The healthy retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males was then established to be 2017. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to the above described tables. This assumption was last reviewed and updated as part of the 5-year experience study for the period October 1, 2010 through September 30, 2015.

The actuarial assumptions used in the September 30, 2015 valuation were based on results of an actuarial experience study for the five year period October 31, 2010 through September 30, 2015. Amounts reported as changes in assumptions resulted primarily from the changes in the investment rate of return (from 7.5% to 7.0%), wage inflation (from 3.5% to 3.25%) and the amortization period to a 30-year period.

Prior to September 22, 1985, participants in the police retirement plan were able to elect to receive a higher salary and make a contribution to the plan or elect to receive a lower salary and not make a contribution.

3. Investments

Due to the compatible investment objectives of the funds, the City pools the Police and Firefighters' Retirement Funds portfolio. Investments shall be made by the director of finance or the director's designee under the direction and review of the investment committee. The investment committee shall establish a general policy for investments, and the fund shall be invested by the director of finance in accordance with that policy. The investment committee shall review the investments from time to time as it shall deem appropriate. The director of finance shall make a quarterly report of investments and disbursements.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. The fund's investment policy establishes the following target allocation across asset classes:

For the year ended September 30, 2016, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 10.67 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

4. Changes in the Net Pension Liability of the Plans:

The net pension liability is to be measured as the total pension liability, less the amount of the pension plan's fiduciary net position. In actuarial terms, this will be the accrued liability less the market value of assets (not the smoothed actuarial value of assets that is often encountered in actuarial valuations performed to determine the employer's contribution requirement.)

An actuarial valuation to determine the total pension liability is required to be performed at least every two years. If the actuarial valuation is not calculated as of the plan's fiscal year end, the total pension liability is required to be rolled forward from the actuarial valuation date to the pension plan's fiscal year end.

The total pension liability shown in this report is based on an actuarial valuation performed as of September 30, 2015 and a measurement date of September 30, 2016. Standard update procedures were used to roll forward the total pension liability to September 30, 2016.

The components of the net pension liability at September 30, 2016 were as follows:

5. Single Discount Rate and Rate Sensitivity:

Projected benefit payments are required to be discounted to their actuarial present values using a Single Discount Rate that reflects (1) a long-term expected rate of return on pension plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on the Bond Buyer Index, general obligation, 20 years to maturity, mixed quality. The Bond Buyer notes that the

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

bonds' average credit quality is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp.'s AA as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

A single discount rate of 7.0% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.0%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Regarding the sensitivity of the net position liability to changes in the single discount rate, the following presents the plan's net pension liability, calculated using a single discount rate of 7.00% as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage point higher:

6. Pension Expense and Deferred Inflows and Outflows of Resources Related to Pension

For the year ended September 30, 2016, the City recognized pension expense of \$16,651,230 in the Police and Fire Funds. The employer reported deferred outflows and inflows of resources related to pensions from the following sources:

| | Fire Fund | |

| Difference between projected and actual investment returns | 2,764,573 | - |
| Total | <u>\$ 9,134,300</u> | <u>\$ (107,150)</u> |

Amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

| Fire Fund Year ending <u>September 30</u> | Net Deferred Outflows of <u>Resources</u> |
|---|---|
| 2017 | \$4,104,622 |
| 2018 | 4,104,622 |
| 2019 | 4,161,210 |
| 2020 | <u>1,199,160</u> |

| 2018 | 2,700,883 |
| 2019 | 2,717,369 |
| 2020 | <u>908,015</u> |
| Total | <u>\$9,027,150</u> |

Deferred inflows of resources are being amortized over a closed period equal to the average of the expected service lives of all employees as of the beginning of each measurement period. The deferred outflows of resources related to the difference between expected and actual investment earnings is being amortized over a closed five year period.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

The City's funding policy provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are designed to accumulate sufficient assets to pay benefits when due. Administration costs are financed by the revenues of the Police and Firefighters' Retirement Funds.

There were no long-term contracts for contributions outstanding on September 30, 2016.

Although the assets of the plans are commingled for investment purposes, each plan's assets may be used only for the payment of benefits to the members of that plan, in accordance with the terms of the plan.

DROP

The Deferred Retirement Option Program (DROP), implemented on August 21, 2007, is a program that allows qualified employees to retire without terminating their employment for up to 5 years while their retirement benefits accumulate and earn interest compounded monthly at an effective annual rate of 4.0% for DROP members with an effective DROP date on or before September 1, 2012, and 2% for DROP members with an effective DROP date after September 1, 2012. This program is available to eligible active members of the Columbia Police Department or the Columbia Fire Department who are in the Police Retirement Fund or Firefighters' Retirement Fund, respectively. DROP participants are still eligible for COLA increases. Employer and member contributions continue to be made while the member participates in the DROP. Member contributions are not deposited to the member's DROP account.

Eligible members of the Police Retirement Fund or Firefighters' Retirement Fund may participate in DROP when vested and they have reached their normal retirement date. In most cases an employee's normal retirement date is when vested and upon reaching age 65, or when they have completed 20 years of service, regardless of their age.

DROP eligibility begins the first month an employee reaches their normal retirement date. DROP participants must have written authorization from their employer and approval by the Administrator. In no event may the DROP period exceed 60 months.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

If the qualified employee fails to terminate employment at the end of the DROP period, both the retirement and DROP participation will be voided, and the employer must pay any additional contributions that may be required to establish service credit for the time the participant was in DROP.

Changes in the DROP balance in fiscal year 2016 were:

| Year Ended September 30 | Balance at Beginning of Year | Credits | Interest | Distributions | Adjustments | Balance at End of Year |
|-------------------------------|------------------------------------|-----------|----------|---------------|-------------|------------------------------|
| 2016 | \$2,113,318 | \$676,717 | \$54,908 | \$1,713,436 | \$0 | \$1,131,507 |

B. LAGERS

1. General Information about the Pension Plan

Benefits Provided:

LAGERS provides retirement, death and disability benefits. Participants in the LAGERS plan become fully vested after five years of service. Participants are eligible for a monthly defined service retirement benefit with full benefits for general and utility employees at age sixty. Actuarially reduced benefits are available for general and utility employees at age fifty-five. An alternate unreduced retirement provision is available based on age and service totaling 80 years. LAGERS also provides disability and death benefits.

Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

At June 30, 2016, the following employees were covered by the benefit terms:

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

Contributions:

The LAGERS contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute.

The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer do not contribute to the pension plan. Employer contribution rates are 15.1% General and 17.0% Utility.

Net Pension Liability:

The employer's net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of February 29, 2016. Standard update procedures were used to roll forward the total pension liability to June 30, 2016.

Actuarial Assumptions:

The total pension liability in the February 29, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Wage Inflation 3.25%
Salary Increase 3.25% to 6.55% including inflation
Investment rate of return: 7.25%

The healthy retiree mortality tables, for post-retirement mortality were the RP-2014 Healthy Annuitant mortality table for males and females. The disabled retiree mortality tables, for postretirement mortality, were the RP-2014 disabled mortality for males and females. The preretirement mortality tables used were the RP-2014 employees mortality table for males and females. Both the post-retirement and pre-retirement tables were adjusted for mortality improvement back to the observation period base year of 2006. The base year for males was then established to be 2017. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to the above described tables.

The actuarial assumptions used in the February 29, 2016 valuation were based on the results of an actuarial experience study for the period March 1, 2010 through February 28, 2015.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

| Asset Class | Target Allocation | Long-Term Expected Real Rate of Return |
|------------------|----------------------|---|
| Equity | 43.00% | 5.29% |
| Fixed Income | 26.00% | 2.23% |
| Real Assets | 21.00% | 3.31% |
| Strategic Assets | 10.00% | 5.73% |

Discount rate:

The discount rate used to measure the total pension liability is 7.25%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

Deferred inflows of resources are being amortized over a closed period equal to the average of the expected service lives of all employees as of the beginning of each measurement period. The deferred outflows of resources related to the difference between expected and actual investment earnings is being amortized over a closed five year period.

G. 401(a) Retirement Plan

The City sponsors and administers, through a contract with Boone County National Bank, a 401(a) plan which is a defined contribution plan established to provide benefits at retirement to permanent employees of the City. At September 30, 2016, there were 1,314 plan members. The City will contribute to the plan on behalf of each participant an amount equal to 2.0% of the participant's salary contingent upon the participant making a matching contribution to a Section 457 deferred compensation plan. For the year ended September 30, 2016, the City contributed \$797,274 to the plan. Plan provisions and contribution requirements are established and may be amended by the City Council.

H. Post Employment Health Plan (PEHP)

Beginning with the fiscal year ended September 30, 2010, the City no longer makes contributions towards the employee post employment health plan. However, employees who terminate employment after 10 or more years of service may be eligible to convert unused sick leave hours (at the rate of \$2.00 for every hour of final accumulated sick leave) for deposit into the employee's PEHP account. For the year ended September 30, 2016, \$71,836 was contributed to the plan.

I. Other Post Employment Benefits (OPEB)

Plan Description

The City of Columbia post employment Health Plan is a single employer defined benefit plan that is self funded. The Plan provides medical and prescription drug benefits to eligible retirees and their dependents. Eligible non-Medicare retirees receive health care coverage through a self-insured Point-of-Service plan offered through United Healthcare. Eligible Medicare retirees receive health care coverage through a fully-insured Medicare Supplement Plan F and a Part D Rx plan offered through United American.

As of October 1, 2014, the date of the latest actuarial valuation, plan membership consisted of the following:

| | |
|-----------------------------|--------------|
| Retirees receiving benefits | 75 |
| Active members | 1,338 |
| Total plan members | <u>1,413</u> |

Funding Policy

The City recognizes requirements for other post employment benefits (OPEB) in accordance with GASB 45. In 2014, retiree premium subsidies were eliminated. Retirees now pay 100% of the premium to participate in the City's health plan or to purchase coverage under the fully insured Medicare supplement plan.

Annual OPEB Cost and Net OPEB Obligation

The City of Columbia's annual other post employment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

a period not to exceed thirty years. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and the changes on the City's net OPEB obligation (asset) to the post employment health plan:

| | |
|--|---------------------------|
| Annual Required Contribution | (\$126,898) |
| Interest on Net OPEB Obligation | (28,927) |
| Adjustment to Annual Required Contribution | <u>58,837</u> |
| Annual OPEB Cost (Expense) | (96,988) |
| Employer contributions | <u>(345,380)</u> |
| Increase in Net OPEB Obligation (Asset) | (442,368) |

| Net OPEB Obligation (Asset)-September 30, 2016 | <u><u>(\$855,612)</u></u> |

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation (asset) for fiscal year 2016 and the preceding two years is as follows:

| <u>Fiscal Year Ended</u> | <u>Annual OPEB Cost</u> | <u>Percentage of Annual OPEB Cost Contributed</u> | <u>Net OPEB Obligation (Asset)</u> |
|--------------------------|-------------------------|---|------------------------------------|
| September 30, 2014 | \$91,744 | 19.99% | \$73,215 |
| September 30, 2015 | (\$132,197) | 267.98% | (\$413,244) |
| September 30, 2016 | (\$96,988) | 356.10% | (\$855,612) |

Financial statements for the OPEB plan are presented within this document. There are no separately issued financial statements for the OPEB plan.

Funded Status and Funding Progress

As of October 1, 2014, the most recent valuation date, the plan was 205% funded. The actuarial accrued liability for benefits was \$1,465,000 and the actuarial value of assets is \$3,002,000 resulting in an unfunded actuarial accrued liability (asset) of \$(1,537,000). Covered payroll (annual payroll of active employees covered by the plan) is \$65,437,191 and the ratio of the unfunded actuarial accrued liability to the covered payroll is (2.3%)

Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, will present multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and included the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The initial unfunded actuarial accrued liability is being amortized over ten years. The actuarial methods and assumptions used

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2016

include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. Additional information as of the latest actuarial valuation follows:

Required Supplementary Information Notes to the Budgetary Comparison Schedule For The Year Ended September 30, 2016

Budgetary Information

An annual budget prepared under the modified accrual basis of accounting is adopted in September prior to the beginning of each fiscal year for all revenues and expenditures of the General Fund of the City. Accordingly, the budget schedule presents actual expenditures in accordance with accounting principles generally accepted in the United States of America. The primary basis of budgetary control is at the department level. Departments may not legally exceed their total appropriation without City Council approval. A review of the current year's budget is made by the departments in September of each year and interdepartmental transfers are made with City Council approval. Any remaining unencumbered appropriations lapse at fiscal year end. Any increase in appropriations during the fiscal year must be approved by the City Council. During the current budget year, supplemental budget appropriations were necessary to approve funding for new grant programs, as well as other approved City programs. These appropriations increased the General Fund budget by \$6,370,183 and this increase is reflected in the final budgeted amounts in the accompanying required supplemental information.

Project budgets prepared under the modified accrual basis of accounting are adopted for the Capital Projects Fund. All projects remain appropriated until completed or until the City Council decides to eliminate the project. The Debt Service Funds are controlled by related bond ordinances. Special Revenue Funds with legally adopted annual budgets are: Convention and Tourism Fund, Public Improvement Fund, Capital Improvement Sales Tax Fund, Park Sales Tax Fund, Contributions Fund, Non-Motorized Grant Fund, Stadium TDD's, Mid Mo Solid Waste Mgt District Fund and the Transportation Sales Tax Fund.

| Inflation | 3.25% wage inflation; 2.50% price inflation |
| Salary increases | 3.25% to 6.55% including wage inflation |
| Investment rate of return | 7.25%, net of administrative and investment expenses |
| Retirement age | Experience-based table of rates that are specific to the type of eligibility condition. |
| Mortality | <p>The healthy retiree mortality tables, for post-retirement mortality, were the RP-2014 Healthy Annuitant mortality table for males and females. The disabled retiree mortality tables, for post-retirement mortality, were the RP-2014 disabled mortality table for males and females. The pre-retirement mortality tables used were the RP-2014 employees mortality table for males and females.</p> <p>Both the post-retirement and pre-retirement tables were adjusted for mortality improvement back to the observation period base year of 2006. The base year for males was then established to be 2017. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to the above described tables.</p> |
| Other information | New assumptions adopted based on the 5-year experience study for the period March 1, 2010 through February 28, 2015. |

Notes to Schedule of Contributions

Valuation Date:

The roll-forward of total pension liability from September 30, 2015 to September 30, 2016 reflects expected service cost and interest reduced by actual benefit payments.

Actuarially determined contribution rates are calculated as of September 30, 2015 which is 1 year prior to the beginning of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

| | |
|-------------------------------|---|
| Valuation date | September 30, 2015 |
| Actuarial cost method | Entry-Age Normal |
| Amortization method | Level Percentage of Payroll, Closed |
| Remaining amortization period | 24 years |
| Asset valuation method | 4-year smoothed market; 25% corridor |
| Inflation | 3.5% wage inflation; 3.00% price inflation |
| Salary increases | 0% to 10.3% (including 3.5% wage inflation) |
| Investment rate of return | 7.5%, net of administrative and investment expenses |
| Retirement age | Experience-based table of rates that are specific to the type of eligibility condition. |
| Mortality | RP 2000 mortality table (the mortality rates for pre-retirement mortality are 50% of 1971 Group Annuity Mortality Table projected to 1984, set back 0 years for men and 6 years for women.) |

Other information:

Notes: The TPL as of September 30, 2016 was calculated using assumptions adopted from the October 31, 2010 - September 30, 2015 experience study (dated November 7, 2016.) In particular, an investment rate of return of 7.0%, a wage inflation assumption of 3.25% and a 30-year amortization period.

NON-MAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Non Motorized Grant Fund - to account for federal grant monies reserved for non-motorized transportation projects.

Mid MO Solid Waste Management District Fund - to account for the operations of the MMSWMD funded by a state collected landfill fee. Operations are administered by the City per council approved agreement with the District.

Convention and Tourism Fund - to account for the four percent tax levied on the gross daily rental receipts due from or paid by transient guests at hotels or motels. The revenues are used by the City for the purpose of promoting convention and tourism in the City.

Community Development Grant Fund - to account for all federal monies received by the City and disbursed on Community Development Grant projects.

Public Improvement Fund - to account for and disburse monies the City receives from the City sales tax and voter-approved development fees. This fund receives a portion of the City sales tax which is allocated for a wide range of public improvements to the City including streets, sidewalks and parks. Development fees are used solely for construction of collector and arterial streets.

Capital Improvement Sales Tax Fund - to account for the 1/4 cent sales tax renewed by voters in August 2015, to be collected until December 31, 2025 for funding of capital improvement projects.

Stadium TDD's Fund - to account for receipts from the Stadium TDD's: Shoppes at Stadium, Columbia Mall and Stadium Corridor.

Park Sales Tax Fund - to account for the voter-approved, City-enacted 1/4 percent sales tax and expenditures for funding of local parks.

NON-MAJOR GOVERNMENTAL FUNDS

Special Revenue Funds (continued)

Contributions Fund - to account for all gifts, bequests, or other funds derived from property which may have been purchased or held in trust by or for the City of Columbia, Missouri.

Transportation Sales Tax Fund - to account for the voter approved, City-enacted sales tax and expenditures for transportation purposes which include financial support of the public mass transportation system, construction and maintenance of streets, roads, bridges, and airports to the extent of tax revenues.

Permanent Fund

The Permanent Fund is used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs.

Designated Loan & Special Tax Bill Investment Fund - to account for the purchase of all special assessment tax bills. The fund also makes loans and advances to other funds.

NON-MAJOR GOVERNMENTAL FUNDS

Debt Service Funds

The Debt Service Funds are used to account for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the government is obligated in some manner for the payment.

2006B Special Obligation Bonds - to accumulate monies for payment of Series 2006B \$25,615,000 5% Special Obligation Bonds with semi-annual installments of principal plus interest until maturity in 2016. Financing is to be provided by the Capital Improvement Sales Tax.

2008B Special Obligation Bonds - to accumulate monies for payment of Series 2008B \$26,795,000 4.3% Special Obligation Bonds with semi-annual installments of principal plus interest until maturity in 2028. Financing is to be provided by property tax and lease payments from enterprise funds. This series was refunded in 2016.

Lemone Trust Note - to accumulate monies for payment of the loan for the purchase of 2810 Lemone Industrial Blvd. (the IBM building.) The City assumed the obligation to pay this loan on December 31, 2010.

Missouri Transportation Finance Corporation Loan - to accumulate monies for payment of the loan for transportation improvements to the Stadium Boulevard corridor from Broadway to I-70. Financing is to be provided by contributions from the Columbia Mall and Stadium Corridor TDD's.

2016 Special Obligation Refunding Bonds - to refund the City's Special Obligation Bonds, Series 2008B.

NON-MAJOR ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises-where the intent of the government's council is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the government's council has decided that periodic determination of net income is appropriate for accountability purposes.

Parking Facilities Fund - to account for revenues and expenses resulting from the operation and maintenance of City parking lots, municipal garages, and parking meters.

Recreational Services Fund - to account for revenues and expenses for various recreational services provided by the Parks and Recreation Department for which participants are charged fees.

Storm Water Utility Fund - to account for storm water funding, implementation of storm water management projects, and provide maintenance to existing drainage facilities.

Solid Waste Fund - to account for the provision of solid waste collection and operation of the landfill.

Regional Airport Fund - to account for all the expenses incurred and revenues received by operations at the Columbia Regional Airport.

Public Transportation Fund - to account for all the expenses and revenues resulting from the provision of public transportation services by the Columbia Area Transportation System.

Railroad Fund - to account for revenues and expenses resulting from the operation of a railroad branch line which runs from a Norfolk and Southern main line in Centralia, Missouri to the City of Columbia.

Transload Fund - to account for revenues and expenses associated with the operation and maintenance of the Transload Facility.

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

Custodial and Maintenance Services Fund - to account for the provision of custodial services and building maintenance for City departments.

Utility Customer Services Fund - to account for utility accounts billing and customer service provided by the Finance Department for the Water and Electric, Sanitary Sewer, Solid Waste and Storm Water utilities.

Information Technology Fund - to account for the provision of hardware infrastructure to support the computing requirements of the City, as well as developing or implementing software to improve the operating efficiencies of departments within the City.

Public Communications Fund - to account for the provision of printing, copying, interdepartmental mail, and postage services to City departments, as well as cable television operations.

Fleet Operations Fund - to account for operating an automotive and equipment maintenance facility, and for fuel used by City departments.

Self Insurance Reserve Fund - to account for the payment of property and casualty losses, and uninsured workers' compensation claims.

GIS Fund - to account for the provision of geospatial technologies including computer, mapping, geographic information systems, global positioning systems, remote sensing, and the accompanying spatial data to all City departments.

Employee Benefit Fund - to account for the City of Columbia's self-insurance program for health, disability and life insurance for covered employees. Other employee benefits accounted for in this fund include retirement sick leave, medical services, service awards, cafeteria plan and employee health/wellness.

FIDUCIARY FUNDS

Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore cannot be used to support the City's own programs.

Police and Firefighters' Retirement Funds - to account for the accumulation of resources for pension benefit payments to qualified police and firefighter personnel.

Other Post Employment Benefit Trust Fund - to account for the accumulation of resources for post employment benefits to qualified plan participants.

Agency Funds - to report funds held for Daniel Boone Regional Library until requested by the Library board, and the Tiger Hotel and Regency Hotel TIF funds.

* Rate structure was changed as of October 1, 2014 and the FY2015-2016 column reflects the rates in effect as of June 1, 2015. The electric service rates for residential service, small general service, and the energy charge portion for large general service and industrial services are increased or decreased by a fuel adjustment allowance. The fuel adjustment allowance is computed annually based on the energy costs estimate (purchased power and fuel) per kilowatt hour.

Source: Assessed value data used to estimate applicable percentages provided by the Boone County Collectors Office. Debt outstanding data provided by each governmental unit.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognized that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

(a) For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the City's boundaries and dividing it by each unit's total taxable assessed value.

**Section 95.115 of the 1978 Missouri Revised Statutes permits any county or city, by vote of two-thirds of qualified electors voting thereon, to incur additional indebtedness for city purposes not to exceed 5 percent of the taxable tangible property therein, as shown by the last assessment.

Section 95.120 of the 1978 Missouri Revised Statutes permits any county or city, by a vote of two-thirds of qualified electors voting thereon, to incur additional indebtedness for city purposes not to exceed 5 percent of the taxable tangible property therein, as shown by the last assessment.

Sections 95.125 and 95.130 of the 1978 Missouri Revised Statutes provide that any city may become indebted not exceeding in the aggregate an additional 10 percent for the purpose of acquiring right-of-ways, constructing, extending, and improving streets and avenues and/or sanitary or storm sewer system, and an additional 10 percent for purchasing or construction of waterworks, electric, or other light plants, provided the total general obligation indebtedness of the city does not exceed 20 percent of the assessed valuation.

APPENDIX C

SUMMARY OF THE BOND ORDINANCE AND THE CONTINUING DISCLOSURE UNDERTAKING

SUMMARY OF THE BOND ORDINANCE

The following is a summary of certain provisions contained in the Bond Ordinance. The following is not a comprehensive description, however, and is qualified in its entirety by reference to the Bond Ordinance for a complete recital of the terms thereof.

Definitions

In addition to words and terms defined elsewhere in this Official Statement, the following are definitions of certain words and terms used in the Bond Ordinance and this Official Statement unless the context clearly otherwise requires. Reference is hereby made to the Bond Ordinance for complete definitions of all terms.

“Bond Counsel” means Gilmore & Bell, P.C., Kansas City, Missouri, or other attorney or firm of attorneys with a nationally recognized standing in the field of municipal bond financing selected by the City.

“Bond Payment Date” means any date on which principal of or interest on any Bond is payable.

“Bond Register” means the books for the registration, transfer and exchange of Bonds kept at the office of the Paying Agent.

“Bondowner,” “Owner” or “Registered Owner” when used with respect to any Bond means the Person in whose name such Bond is registered on the Bond Register.

“Bonds” means the Special Obligation Improvement Bonds (Solid Waste System Project), Series 2017, of the City, in the aggregate principal amount of \$_____, authorized and issued pursuant to the Bond Ordinance.

“Business Day” means a day, other than a Saturday, Sunday or holiday, on which the Paying Agent is scheduled in the normal course of its operations to be open to the public for conduct of its banking operations.

“Cede & Co.” means Cede & Co., as nominee name of The Depository Trust Company, New York, New York, and any successor nominee with respect to the Bonds.

“City” means the City of Columbia, Missouri, and any successors or assigns.

“Code” means the Internal Revenue Code of 1986, as amended, and the applicable regulations of the Treasury Department proposed or promulgated thereunder.

“Continuing Disclosure Instructions” means the Continuing Disclosure Undertaking dated the date set forth therein, the form of which is attached to the Bond Ordinance.

“Defaulted Interest” means interest on any Bond which is payable but not paid on any Interest Payment Date.

“Defeasance Obligations” means any of the following obligations:

- (a) United States Government Obligations that are not subject to redemption in advance of their maturity dates; or
- (b) obligations of any state or political subdivision of any state, the interest on which is excluded from gross income for federal income tax purposes and which meet the following conditions:
 - (1) the obligations are (i) not subject to redemption prior to maturity or (ii) the trustee for such obligations has been given irrevocable instructions concerning their calling and redemption and the issuer of such obligations has covenanted not to redeem such obligations other than as set forth in such instructions;
 - (2) the obligations are secured by cash or United States Government Obligations that may be applied only to principal of, premium, if any, and interest payments on such obligations;
 - (3) such cash and the principal of and interest on such United States Government Obligations (plus any cash in the escrow fund) are sufficient to meet the liabilities of the obligations;
 - (4) such cash and United States Government Obligations serving as security for the obligations are held in an escrow fund by an escrow agent or a trustee irrevocably in trust;
 - (5) such cash and United States Government Obligations are not available to satisfy any other claims, including those against the trustee or escrow agent; and
 - (6) such obligations are rated in a rating category by Moody’s or Standard & Poor’s that is no lower than the rating category then assigned by that Rating Agency to United States Government Obligations.

“Federal Tax Certificate” means the Federal Tax Certificate dated the date set forth therein, delivered by the City, which sets forth certain facts, covenants, representations, and expectations relating to the use of Bond proceeds and the use of property financed or refinanced with those proceeds, and the investment of the Bond proceeds and certain other related money in order to comply with the requirements of Code imposed on the Bonds.

“Fiscal Year” means the fiscal year of the City, currently October 1 to September 30.

“Interest Payment Date” means the Stated Maturity of an installment of interest on any Bond.

“Maturity” when used with respect to any Bond means the date on which the principal of such Bond becomes due and payable as therein and provided in the Bond Ordinance, whether at the Stated Maturity thereof or by call for redemption or otherwise.

“Outstanding,” when used with reference to Bonds, means, as of any particular date of determination, all Bonds theretofore issued and delivered hereunder, except the following Bonds:

- (a) Bonds theretofore cancelled by the Paying Agent or delivered to the Paying Agent for cancellation;
 - (b) Bonds deemed to be paid in accordance with the provisions of the Bond Ordinance;
- and

(c) Bonds in exchange for or in lieu of which other Bonds have been registered and delivered hereunder.

“Participants” means those financial institutions for whom the Securities Depository effects book-entry transfers and pledges of securities deposited with the Securities Depository, as such listing of Participants exists at the time of such reference.

“Paying Agent” means UMB Bank, N.A., St. Louis, Missouri, and any successors and assigns.

“Permitted Investments” means any of the following securities and obligations, if and to the extent the same are at the time legal for investment of the moneys held in the funds and accounts listed in the Bond Ordinance.

(a) United States Government Obligations;

(b) certificates of deposit or time deposits, whether negotiable or nonnegotiable, issued by any bank or trust company organized under the laws of the United States or any state, provided that such certificates of deposit or time deposits shall be either (1) continuously and fully insured by the Federal Deposit Insurance Corporation, or (2) continuously and fully secured by United States Government Obligations which shall have a market value, exclusive of accrued interest, at all times at least equal to the principal amount of such certificates of deposit or time deposits; and

(c) any other securities or investments that are lawful for the investment of moneys held in such funds or accounts under the laws of the State of Missouri.

“Person” means any natural person, corporation, partnership, firm, joint venture, association, joint-stock company, trust, unincorporated organization, or government or any agency or political subdivision thereof or other public body.

“Project” means improving the City’s solid waste system.

“Project Fund” means the fund by that name referred to in the Bond Ordinance.

“Purchaser” means _____, [City], [State], the original purchaser of the Bonds.

“Record Date” for the interest payable on any Interest Payment Date means the 15th day (whether or not a Business Day) of the calendar month next preceding such Interest Payment Date.

“Redemption Date” when used with respect to any Bond to be redeemed means the date fixed for such redemption pursuant to the terms of the Bond Ordinance.

“Redemption Price” when used with respect to any Bond to be redeemed means the price at which such Bond is to be redeemed pursuant to the terms of the Bond Ordinance, including the applicable redemption premium, if any, but excluding installments of interest whose Stated Maturity is on or before the Redemption Date.

“Replacement Bonds” means Bonds issued to the beneficial owners of the Bonds in accordance with the Bond Ordinance.

“Securities Depository” means, initially, The Depository Trust Company, New York, New York, and its successors and assigns.

“Special Obligation Debt Service Fund” means the fund by that name referred to in the Bond Ordinance.

“Special Record Date” means the date fixed by the Paying Agent pursuant to the Bond Ordinance for the payment of Defaulted Interest.

“Stated Maturity” when used with respect to any Bond or any installment of interest thereon means the date specified in such Bond and the Bond Ordinance as the fixed date on which the principal of such Bond or such installment of interest is due and payable.

“United States Government Obligations” means bonds, notes, certificates of indebtedness, treasury bills or other securities constituting direct obligations of, or obligations the principal of and interest on which are fully and unconditionally guaranteed as to full and timely payment by, the United States of America, including evidences of a direct ownership interest in future interest or principal payments on obligations issued or guaranteed by the United States of America (including the interest component of obligations of the Resolution Funding Corporation).

Establishment of Funds and Accounts

There have been or shall be established in the treasury of the City and shall be held and administered by the Finance Director of the City a Project Fund and a Special Obligation Debt Service Fund. Each fund shall be maintained as a separate and distinct fund and the moneys therein shall be held, managed, invested, disbursed and administered as provided in the Bond Ordinance. All moneys deposited in the funds shall be used solely for the purposes set forth in the Bond Ordinance. The City shall keep and maintain adequate records pertaining to each fund and all disbursements therefrom.

Application of Moneys in the Project Fund

Money in the Project Fund shall be used solely for the purpose of (a) paying the cost of the Project as provided in the Bond Ordinance, in accordance with the plans and specifications therefor prepared by the City’s Consultant for the Project, as approved by the Council of the City and on file in the office of the City Clerk, including any alterations in or amendments to said plans and specifications deemed advisable by the independent engineer or engineering firm retained and approved by the Council of the City, and (b) paying the costs and expenses incident to the issuance of the Bonds.

Upon completion of the Project as hereinbefore provided, any surplus money remaining in the Project Fund and not required for the payment of unpaid costs thereof shall be deposited into the Debt Service Account.

Application of Moneys in the Special Obligation Debt Service Fund.

All amounts paid and credited to the Special Obligation Debt Service Fund shall be expended and used by the City for the purpose of paying the Bonds as and when the same become due and the usual and customary fees and expenses of the Paying Agent. The Finance Director is authorized and directed to withdraw from the Special Obligation Debt Service Fund sums sufficient to pay the Bonds and the fees and expenses of the Paying Agent as and when the same become due, and to forward such sums to the Paying Agent in a manner which ensures that the Paying Agent will receive immediately available funds in such amounts on or before the Business Day immediately preceding the dates when such principal, interest and fees of the Paying Agent will become due. If, through the lapse of time or otherwise, the Registered Owners of Bonds are no longer entitled to enforce payment of the Bonds or the interest thereon, the Paying Agent shall return said funds to the City. All moneys deposited with the Paying Agent shall be deemed to be deposited in accordance with and subject to all of the provisions contained in the Bond Ordinance and shall be held in trust by the Paying Agent for the benefit of the Registered Owners of the Bonds entitled to payment from such moneys.

Any moneys or investments remaining in the Special Obligation Debt Service Fund after the retirement of the indebtedness for which the Bonds were issued and all other indebtedness of the City shall be transferred and paid into the appropriate fund(s) of the City as required by law.

Payments Due on Saturdays, Sundays and Holidays

In any case where a Bond Payment Date is not a Business Day, then payment of principal, Redemption Price or interest need not be made on such Bond Payment Date but may be made on the next succeeding Business Day with the same force and effect as if made on such Bond Payment Date, and no interest shall accrue for the period after such Bond Payment Date.

Nonpresentment of Bonds

If any Bond is not presented for payment when the principal thereof becomes due at Maturity, if funds sufficient to pay such Bond have been made available to the Paying Agent all liability of the City to the Registered Owner thereof for the payment of such Bond shall forthwith cease, determine and be completely discharged, and thereupon it shall be the duty of the Paying Agent to hold such funds, without liability for interest thereon, for the benefit of the Registered Owner of such Bond, who shall thereafter be restricted exclusively to such funds for any claim of whatever nature on his part under the Bond Ordinance or on, or with respect to, said Bond. If any Bond is not presented for payment within one year following the date when such Bond becomes due at Maturity, the Paying Agent shall repay to the City the funds theretofore held by it for payment of such Bond, and such Bond shall, subject to the defense of any applicable statute of limitation, thereafter be an unsecured obligation of the City, and the Registered Owner thereof shall be entitled to look only to the City for payment, and then only to the extent of the amount so repaid to it by the Paying Agent, and the City shall not be liable for any interest thereon and shall not be regarded as a trustee of such money.

Deposit and Investment of Moneys

Moneys in each of the funds and accounts created by and referred to in the Bond Ordinance shall be deposited in a bank or banks or other legally permitted financial institutions located in the State of Missouri that are members of the Federal Deposit Insurance Corporation. All such deposits shall be continuously and adequately secured by the banks or financial institutions holding such deposits as provided by the laws of the State of Missouri.

Moneys held in any fund or account held in the custody of the City referred to in the Bond Ordinance may be invested in Permitted Investments; provided, however, that no such investment shall be made for a period extending longer than the date when the moneys invested may be needed for the purpose for which such fund or account was created. All earnings on any investments held in any fund or account shall accrue to and become a part of such fund or account. In determining the amount held in any fund or account under any of the provisions of the Bond Ordinance, obligations shall be valued at the lower of the cost or the market value thereof.

Annual Audit

Annually, promptly after the end of the Fiscal Year, the City will cause an audit to be made of its funds and accounts for the preceding Fiscal Year by an independent public accountant or firm of independent public accountants.

Within 30 days after the completion of each such audit, a copy thereof shall be filed in the office of the City Clerk, and a duplicate copy of the audit shall be mailed to the Purchaser. Such audits shall at all times during the usual business hours be open to the examination and inspection by any Registered Owner of any of the Bonds, or by anyone acting for or on behalf of such Registered Owner.

As soon as possible after the completion of the annual audit, the City Council shall review such audit, and if the audit discloses that proper provision has not been made for all of the requirements of the Ordinance, the City shall, subject to the terms of the Bond Ordinance, promptly cure such deficiency.

A copy of each annual audit will be mailed to the Purchaser and, upon payment of the reasonable cost of preparing and mailing the same, a copy of any annual audit will, upon request, be sent to any Bondowner or prospective Bondowner.

Tax Covenants

The City covenants that (1) it will comply with all applicable provisions of the Code, including Sections 103 and 141 through 150, necessary to maintain the exclusion from federal gross income of the interest on the Bonds, and (2) it will not use or permit the use of any proceeds of the Bonds or any other funds of the City, nor take or permit any other action, or fail to take any action, which would adversely affect the exclusion from federal gross income of the interest on the Bonds. The City will also pass such other ordinances or resolutions and take such other actions as may be necessary to comply with the Code and with all other applicable future law in order to ensure that the interest on the Bonds will remain excluded from federal gross income, to the extent any such actions can be taken by the City.

The City covenants and agrees that (1) it will use the proceeds of the Bonds as soon as practicable for the purposes for which the Bonds are issued, and (2) it will not invest or directly or indirectly use or permit the use of any proceeds of the Bonds or any other funds of the City in any manner, or take or omit to take any action, that would cause the Bonds to be “arbitrage bonds” within the meaning of Section 148(a) of the Code.

The City covenants that it will pay or provide for the payment from time to time of all arbitrage rebate to the United States pursuant to Section 148(f) of the Code and the Federal Tax Certificate. This covenant shall survive payment in full or defeasance of the Bonds. The Federal Tax Certificate may be amended or replaced if, in the opinion of Bond Counsel, such amendment or replacement will not adversely affect the exclusion from federal gross income of the interest on the Bonds.

The City covenants that it will not use any portion of the proceeds of the Bonds, including any investment income earned on such proceeds, directly or indirectly, in a manner that would cause any Bond to be a “private activity bond” within the meaning of Section 141 of the Code.

Acceleration of Maturity Upon Default

The City covenants and agrees that if it defaults in the payment of the principal of or interest on any of the Bonds as the same become due on any Bond Payment Date, or if the City or its governing body or any of the officers, agents or employees thereof fail or refuse to comply with any of the provisions of the Bond Ordinance or of the constitution or statutes of the State of Missouri, and such default continues for a period of 30 days after written notice specifying such default has been given to the City by any Registered Owner of any Bond then Outstanding, or if the City declares bankruptcy, then, at any time thereafter and while such default continues, the Registered Owners of 25% in principal amount of the Bonds then Outstanding may, by written notice to the City filed in the office of the City Clerk or delivered in person to said City Clerk, exercise any of the remedies specified below. This provision, however, is subject to the condition that if all arrearages of interest upon all of said Bonds, except interest accrued but not yet due on such Bonds, and all arrearages of principal upon all of said Bonds has been paid in full and all other defaults, if any, by the City under the provisions of the Bond Ordinance and under the provisions of the statutes of the State of Missouri have been cured, then and in every such case the Registered Owners of a majority in principal amount of the Bonds then Outstanding, by written notice to the City given as hereinbefore specified, may rescind and annul such declaration and its consequences, but no such rescission or annulment shall extend to or affect any subsequent default or impair any rights consequent thereon.

Other Remedies

The provisions of the Bond Ordinance, including the covenants and agreements herein contained, shall constitute a contract among the City and the Registered Owners of the Bonds, and the Registered Owner or Owners of not less than 10% in principal amount of the Bonds at the time Outstanding shall have the right for the equal benefit and protection of all Registered Owners of Bonds similarly situated:

- (a) by mandamus or other suit, action or proceedings at law or in equity to enforce the rights of such Registered Owner or Owners against the City and its officers, agents and employees, and to require and compel duties and obligations required by the provisions of the Bond Ordinance or by the constitution and laws of the State of Missouri;
- (b) by suit, action or other proceedings in equity or at law to require the City, its officers, agents and employees to account as if they were the trustees of an express trust; and
- (c) by suit, action or other proceedings in equity or at law to enjoin any acts or things which may be unlawful or in violation of the rights of the Registered Owners of the Bonds.

Limitation on Rights of Bondowners

The covenants and agreements of the City contained herein and in the Bonds shall be for the equal benefit, protection and security of the legal owners of any or all of the Bonds. All of the Bonds shall be of equal rank and without preference or priority of one Bond over any other Bond in the application of the funds herein pledged to the payment of the principal of and the interest on the Bonds, or otherwise, except as to rate of interest, or date of Maturity or right of prior redemption as provided in the Bond Ordinance. No one or more Bondowners secured hereby shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the security granted and provided for herein, or to enforce any right hereunder, except in the manner herein provided, and all proceedings at law or in equity shall be instituted, had and maintained for the equal benefit of all Registered Owners of such Outstanding Bonds.

No Obligation to Levy Taxes

Nothing contained in the Bond Ordinance shall be construed as imposing on the City any duty or obligation to levy any taxes either to meet any obligation incurred herein or to pay the principal of or interest on the Bonds.

Defeasance

When any or all of the Bonds or the interest payments thereon shall have been paid and discharged, then the requirements contained in the Bond Ordinance and all other rights granted hereby shall terminate with respect to the Bonds or interest payments so paid and discharged. Bonds or the interest payments thereon shall be deemed to have been paid and discharged within the meaning of the Bond Ordinance if there has been deposited with the Paying Agent or other commercial bank or trust company located in the State of Missouri and having full trust powers, at or prior to the Stated Maturity or Redemption Date of said Bonds or the interest payments thereon, in trust for and irrevocably appropriated thereto, moneys and/or Defeasance Obligations which, together with the interest to be earned thereon, will be sufficient for the payment of the principal or Redemption Price of said Bonds, and/or interest to accrue on such Bonds to the Stated Maturity or Redemption Date, as the case may be, or if default in such payment shall have occurred on such date, then to the date of the tender of such payments; provided, however, that if any such Bonds shall be redeemed prior to the Stated Maturity thereof, (1) the City shall have elected to redeem such Bonds, and (2) either notice of such redemption shall have been given, or the City shall have given irrevocable instructions, or shall have provided for an escrow agent to give irrevocable instructions, to the Paying Agent to redeem such Bonds in compliance with the Bond Ordinance.

Amendments

The Continuing Disclosure Undertaking is exempt from the provisions of this section in the Bond Ordinance and is subject to amendment and modification only as provided therein. The rights and duties of the City and the Bondowners, and the terms and provisions of the Bonds or of the Bond Ordinance, may be amended or modified at any time in any respect by ordinance of the City with the written consent of the Registered Owners of not less than a majority in principal amount of the Bonds then Outstanding, such consent to be evidenced by an instrument or instruments executed by such Registered Owners and duly acknowledged or proved in the manner of a deed to be recorded, and such instrument or instruments shall be filed with the City Clerk, but no such modification or alteration shall:

- (a) extend the maturity of any payment of principal or interest due upon any Bond;
- (b) effect a reduction in the amount which the City is required to pay as principal of or interest on any Bond;
- (c) permit preference or priority of any Bond over any other Bond; or
- (d) reduce the percentage in principal amount of Bonds required for the written consent to any modification or alteration of the provisions of the Bond Ordinance.

Any provision of the Bonds or of the Bond Ordinance may, however, be amended or modified by ordinance duly adopted by the City Council at any time in any legal respect with the written consent of the Registered Owners of all of the Bonds at the time Outstanding.

Without notice to or the consent of any Bondowners, the City may amend or supplement the Bond Ordinance for the purpose of curing any formal defect, omission, inconsistency or ambiguity therein, or in connection with any other change therein which is not materially adverse to the security of the Bondowners.

SUMMARY OF THE CONTINUING DISCLOSURE UNDERTAKING

The following is a summary of certain provisions of the Continuing Disclosure Undertaking. The following is not a comprehensive description, however and is qualified in its entirety by reference to the Continuing Disclosure Undertaking for a full recital of the provisions thereof.

Definitions

In addition to the definitions set forth in the Bond Ordinance, which apply to any capitalized term used in the Continuing Disclosure Undertaking unless otherwise defined below, the following capitalized terms have the following meanings:

“Annual Report” means any Annual Report provided by the City pursuant to, and as described in, the Continuing Disclosure Undertaking.

“Beneficial Owner” means any registered owner of any Bonds and any person which (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries), or (b) is treated as the owner of any Bonds for federal income tax purposes.

“EMMA” means the Electronic Municipal Market Access system for municipal securities disclosures.

“Material Events” means any of the events listed in the Continuing Disclosure Undertaking.

“**MSRB**” means the Municipal Securities Rulemaking Board, or any successor repository designated as such by the Securities and Exchange Commission in accordance with the Rule.

“**Participating Underwriter**” means any of the original underwriters of the Bonds required to comply with the Rule in connection with offering of the Bonds.

“**Repository**” means the MSRB.

“**Rule**” means Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

Provision of Annual Reports

The City shall, not later than the final day of the sixth month following the end of the City’s fiscal year, beginning with the City’s Fiscal Year ending September 30, 2017, provide to the MSRB, through EMMA, the following financial information and operating data (the “**Annual Report**”):

(1) The audited financial statements of the City for the prior fiscal year prepared in accordance with the accounting principles described in the notes to the financial statements included as part of the Official Statement for the Bonds and audited by its independent auditors (or if not available as of such date, the unaudited financial statements of the City and as soon thereafter as available such audited financial statements of the City); and

(2) To the extent not otherwise included in the City’s audited financial statements, updates as of the end of the fiscal year of the financial information and operating data contained in *Appendix A* to the final Official Statement for the Bonds in substantially the scope contained in such Appendix in the tables labeled or identified as follows, which information may be contained in the audited financial statements of the City or any schedules supplemental thereto:

- A. The information contained in the table “**Other Long-Term Obligations of the City**” under the heading “**DEBT STRUCTURE OF THE CITY.**”
- B. All of the tables under the heading “**FINANCIAL INFORMATION CONCERNING THE CITY**” but *excluding* the tables under the subheadings “**Employee Retirement Pension Plans,**” “**Funding for Police and Fire Pension**” and “**Annual Pension Cost.**”
- C. All of the tables under the heading “**PROPERTY TAX INFORMATION CONCERNING THE CITY.**”

Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues with respect to which the City is an “**obligated person**” (as defined by the Rule), which have been provided to the MSRB and is available through EMMA or to the Securities and Exchange Commission. If the document included by reference is a final official statement, it must be available from the MSRB. The City shall clearly identify each such other document so included by reference.

In each case, the Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in this of the Continuing Disclosure Undertaking; *provided* that the audited financial statements of the City may be submitted separately from the balance of the Annual Report and later than the date required above for the filing of the Annual Report if they are not available by that date. If the City’s fiscal year changes, it shall give notice of such change in the same manner as for a Material Event.

Reporting of Material Events

Pursuant to the provisions of the Continuing Disclosure Undertaking, the City shall give, or cause to be given to the MSRB, through EMMA, notice of the occurrence of any of the following events with respect to the Bonds, if material (“**Material Events**”):

- (1) principal and interest payment delinquencies;
- (2) non-payment related defaults, if material;
- (3) unscheduled draws on debt service reserves reflecting financial difficulties;
- (4) unscheduled draws on credit enhancements reflecting financial difficulties;
- (5) substitution of credit or liquidity providers, or their failure to perform;
- (6) adverse tax opinions; the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;
- (7) modifications to rights of bondholders, if material;
- (8) bond calls, if material, and tender offers;
- (9) defeasances;
- (10) release, substitution or sale of property securing repayment of the Bonds, if material;
- (11) rating changes;
- (12) bankruptcy, insolvency, receivership or similar event of the City;
- (13) the consummation of a merger, consolidation, or acquisition involving the City or the sale of all or substantially all of the assets of the City, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and
- (14) appointment of a successor or additional trustee or the change of name of the trustee, if material.

If the City has not submitted the Annual Report to the MSRB by the date required above, the City shall send a notice to the MSRB of the failure of the City to file on a timely basis the Annual Report.

Termination of Reporting Obligation

The City’s obligations under the Continuing Disclosure Undertaking shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If the City’s obligations under the Continuing Disclosure Undertaking are assumed in full by some other entity, such person shall be responsible for compliance with the Continuing Disclosure Undertaking in the same manner as if it were the City, and the City shall have no further responsibility hereunder. If such termination or substitution occurs prior to the final maturity of the Bonds, the City shall give notice of such termination or substitution in the same manner as for a Material Event.

Designated Agents

The City may, from time to time, appoint or designate one or more agents (each, a “designated agent”) to submit Annual Reports, Material Event notices, and other notices or reports with the MSRB.

Amendment; Waiver

Notwithstanding any other provision of the Continuing Disclosure Undertaking, the City may amend the Continuing Disclosure Undertaking and any provision of the Continuing Disclosure Undertaking may be waived, provided that Bond Counsel or other counsel experienced in United States securities law matters provides the City with its written opinion that the undertaking of the City contained herein, as so amended or

after giving effect to such waiver, is in compliance with the Rule and all current amendments thereto and interpretations thereof that are applicable to the Continuing Disclosure Undertaking.

In the event of any amendment or waiver of a provision of the Continuing Disclosure Undertaking, the City shall describe such amendment or waiver in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or, in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the City. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (1) notice of such change shall be given in the same manner as for a Material Event, and (2) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

Additional Information

Nothing in the Continuing Disclosure Undertaking shall be deemed to prevent the City from disseminating any other information, using the means of dissemination set forth in the Continuing Disclosure Undertaking or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Material Event, in addition to that which is required by the Continuing Disclosure Undertaking. If the City chooses to include any information in any Annual Report or notice of occurrence of a Material Event, in addition to that which is specifically required by the Continuing Disclosure Undertaking, the City shall have no obligation under the Continuing Disclosure Undertaking to update such information or include it in any future Annual Report or notice of occurrence of a Material Event.

Default

If the City fails to comply with any provision of the Continuing Disclosure Undertaking, any Participating Underwriter or any Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandamus or specific performance by court order, to cause the City to comply with its obligations under the Continuing Disclosure Undertaking. A default under the Continuing Disclosure Undertaking shall not be deemed an event of default under the Bond Ordinance or the Bonds, and the sole remedy under the Continuing Disclosure Undertaking in the event of any failure of the City to comply with the Continuing Disclosure Undertaking shall be an action to compel performance.

APPENDIX D

BOOK-ENTRY ONLY SYSTEM

The following information concerning DTC and DTC's Book-Entry Only System has been obtained from sources that the City believes to be reliable, but is not guaranteed as to accuracy or completeness by and is not to be construed as a representation by the City, the Paying Agent or the Underwriter. The City, the Paying Agent and the Underwriter make no assurances that DTC, Direct Participants, Indirect Participants or other nominees of the Beneficial Owners will act in accordance with the procedures described above or in a timely manner.

General. The Bonds are available in book-entry only form. Purchasers of the Bonds will not receive certificates representing their interests in the Bonds. Ownership interests in the Bonds will be available to purchasers only through a book-entry system (the **"Book-Entry System"**) maintained by The Depository Trust Company (**"DTC"**), New York, New York.

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC. The following discussion will not apply to any Bonds issued in certificate form due to the discontinuance of the DTC Book Entry Only System, as described below.

DTC and its Participants. DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC's participants (**"Direct Participants"**) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (**"DTCC"**). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (**"Indirect Participants"**). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchase of Ownership Interests. Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond (**"Beneficial Owner"**) is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of

Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

Transfers. To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Notices. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond Ordinance. For example, Beneficial Owners of the Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Paying Agent and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Voting. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Payments of Principal, Redemption Price and Interest. Payment of principal or redemption price of and interest on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the City or the Paying Agent, on the payment date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, its nominee, the Paying Agent or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal or redemption price of and interest on the Bonds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or the Paying Agent. Disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

Discontinuation of Book-Entry System. DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the City or the Paying Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered as described in the Bond Ordinance.

The City may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed, registered in the name of DTC's partnership nominee, Cede & Co. (or such other name as may be requested by an authorized representative of DTC), and delivered to DTC (or a successor securities depository), to be held by it as

securities depository for Direct Participants. If, however, the system of book-entry-only transfers has been discontinued and a Direct Participant has elected to withdraw its Bonds from DTC (or such successor securities depository), Bond certificates may be delivered to Beneficial Owners in the manner described in the Bond Ordinance.

RESPONSIBILITY OR OBLIGATIONS TO SUCH PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES WITH RESPECT TO THE PAYMENTS TO OR THE PROVIDING OF NOTICE FOR THE PARTICIPANTS, THE INDIRECT PARTICIPANTS, OR THE BENEFICIAL OWNERS.

THE INFORMATION IN THIS SECTION CONCERNING DTC AND DTC'S BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE CITY AND THE UNDERWRITER BELIEVE TO BE RELIABLE, BUT THE CITY AND THE UNDERWRITER TAKE NO RESPONSIBILITY FOR THE ACCURACY THEREOF, AND NEITHER THE PARTICIPANTS NOR THE BENEFICIAL OWNERS SHOULD RELY ON THE FOREGOING INFORMATION WITH RESPECT TO SUCH MATTERS BUT SHOULD INSTEAD CONFIRM THE SAME WITH DTC OR THE PARTICIPANTS, AS THE CASE MAY BE.
