RE: Resolution to accept overtime reimbursement for personnel assisting in the Boone County Sheriff's Office traffic enforcement grant

EXECUTIVE SUMMARY:

Reimbursement will occur routinely on a monthly basis during FY 2007 (October 1, 2006 through September 30, 2007) for personnel assisting in the Boone County Sheriff's Office traffic enforcement grant. No appropriation of funds will be required. The revenue is not expected to exceed \$10,000.00.

DISCUSSION:

The Boone County Sheriff's Office has received a grant from the State of Missouri for various traffic enforcement projects. These projects require a dedicated dispatcher for radio communications. This requires staffing beyond the normal requirements for the services provided by Public Safety Joint Communications.

The grant allowed for communications personnel to be included in the enforcement project. This is a service we would have normally provided and charged to our general operating budget as an overtime expense, and charged to all our user agencies. Since overtime funds are available no appropriation will be necessary.

The Sheriff's Office willingness to include us in this grant process demonstrates their true sense of "community".

SUGGESTED COUNCIL ACTION:

Should the council agree to accept reimbursement from the County for overtime traffic enforcement an affirmative vote would be appropriate.

Fiscal Impact
