As a naturalized citizen of Columbia, in the County of Boone Missouri, I hereby request to address the Mayor of Columbia and the Columbia Council. My concerns pertain to the exclusion of the fifty citizens whom wished and or desired to have the opportunity, privilege and or rights to participate and experience the full participation in the democratic process without delay.

The current selection process has been carried out in the manner of applying for a job, in which is not in the scope of the U. S. Constitution, that guarantees that ALL citizens and or classes of people can not be arbitrarily denied the right to ANY LAW and most certainly, the right to experience federally protected activities, without good cause reason and without due process of law. It is imperative that ALL fifty citizens be added to this committee, to avoid nepotism and favoritism and to honor our former president Andrew Jackson who fought for, "government for the people and by the people." The current appeal of the people to participate in this committee is contrary to his idea, but yet, mirrors that old habit and belief that some citizens of a certain persuasion shall be continually denied participation and seen as property. Therefore, no opportunity, no progress and a resounding Arrested Development which keeps disenfranchised peoples in mental slavery.

Power to the People!

Respectfully submitted,
Marlon L. Jordan
