NO

Discussion: The Department of Parks and Recreation regularly receives donations from both individuals and organizations for various improvements throughout the park system. The donated funds are initially deposited in the Permanent Park Improvement Fund and then appropriated to the correct accounts for expenditure.

Other Info.

The staff is requesting that the \$12,380 total be appropriated from the Permanent Park Improvement Fund to the current operating budget of the Division of Planning and Development. This represents numerous small donations received throughout the year for the planting of Memorial and Heritage Trees and the installation of Memorial and Heritage Benches. Trees are planted and benches installed as the donations are received with a one time appropriation being made as needed late in the fiscal year.

Suggested Council Action: Approve the ordinance appropriating the funds.
