SPECIAL CONDITIONS

6. This special condition facilitates compliance with the provisions of the National Environmental Policy Act (NEPA) relating to clandestine methamphetamine laboratory operations, including the identification, seizure, or closure of clandestine methamphetamine laboratories [hereinafter, "meth lab operations"]. No monies from this award may be obligated to support meth lab operations unless the grantee implements this special condition.

The Office of Justice Programs (OJP), in consultation with the Bureau of Justice Assistance, the Drug Enforcement Administration, and the Office for Community Oriented Policing Services, prepared a Program-level Environmental Assessment (Assessment) governing meth lab operations. The Assessment describes the adverse environmental, health, and safety impacts likely to be encountered by law enforcement agencies as they implement specific actions under their methamphetamine laboratory operations. Consistent with the Assessment, the following terms and conditions shall apply to the grantee for any OJP funded methlab operations:

A. The grantee shall ensure compliance by OJP funded sub-grantees with federal, state, and local environmental, health, and safety laws and regulations applicable to meth lab operations, to include the disposal of the chemicals, equipment, and wastes resulting from those operations.

B. The grantee shall have a Mitigation Plan in place that identifies and documents the processes and points of accountability within its state. This plan will be used to ensure that the adverse environmental, health, and safety impacts delineated in the Assessment are mitigated in a manner consistent with the requirements of this condition.

C. The grantee shall monitor OJP funded meth lab operations to ensure that they comply with the following nine mitigation measures identified in the Assessment and whose implementation is addressed in the grantee's Mitigation Plan. These mitigation measures must be included as special conditions in all subgrants: (See Part II of this special condition)

7. 1. Provide medical screening of personnel assigned or to be assigned by the grantee to the seizure or closure of clandestine methamphetamine laboratories;
2. Provide Occupational Safety and Health Administration (OSHA) required initial and refresher training for law enforcement officials and all other personnel assigned to either the seizure or closure of clandestine methamphetamine laboratories;
3. As determined by their specified duties, equip the personnel with OSHA required protective wear and other required safety equipment;
4. Assign properly trained personnel to prepare a comprehensive contamination report on each seized/closed laboratory;
5. Utilize qualified disposal personnel to remove all chemicals and associated glassware, equipment, and contaminated materials and wastes from the site(s) of each seized laboratory;
6. Dispose of the chemicals, equipment, and contaminated materials and wastes at properly licensed disposal facilities or, when allowable, at properly licensed recycling facilities;
7. Monitor the transport, disposal, and recycling components of subparagraphs numbered 5. and 6. immediately above in order to ensure proper compliance;
8. Have in place and implement a written agreement with the responsible state environmental agency. This agreement must provide that the responsible state environmental agency agrees to (i) timely evaluate the environmental condition at and around the site of a closed clandestine laboratory and (ii) coordinate with the responsible party, property owner, or others to ensure that any residual contamination is remediated, if determined necessary by the state environmental agency and in accordance with existing state and federal requirements; and
9. Have in place and implement a written agreement with the responsible state or local service agencies to properly respond to any minor, as defined by state law, at the site. This agreement must ensure immediate response by qualified personnel who can (i) respond to the potential health needs of any minor at the site; (ii) take that minor into protective custody unless the minor is criminally involved in the meth lab activities or is subject to arrest for other criminal violations; (iii) ensure immediate medical testing for methamphetamine toxicity; and (iv) arrange for any follow-up medical tests, examinations, or health care made necessary as a result of methamphetamine toxicity.

COLUMBIA POLICE DEPARTMENT
Review Narrative: Grant: 2007- F6217-MO-DJ

Because the City of Columbia Police Department and the Boone County Sheriff's Department have been certified as "disparate organizations", they have to file a joint application. If the agencies did not come to an agreement on how to equitably split the funds between the agencies, neither agency would get funding.

Both departments, Columbia Police Department and the Boone County Sheriff's Department have agreed on how the Byrne Memorial funds would be divided and what equipment would be purchased by the departments.

At the City Council Meeting on meeting on July 16, 2007, it will be announced that the City of Columbia Police Department and the Boone County Sheriff's Department are jointly applying for the Edward Byrne Memorial Justice Assistance Grant Program.

The Columbia Police Department's Application and the Agreement between the City of Columbia and the County of Boone will be submitted for approval to the City Manager on July 16, 2007. The Application and Agreement between the City of Columbia and the County of Boone will be placed on the City Council agenda and advertised in the local newspapers, Columbia Daily Tribune, the Columbia Missourian and other small town newspapers within our County as well as via email to the local radio and television stations... At the meeting, citizens will be invited to comment on any agenda item being heard at that meeting.

BUDGET NARRATIVE: Grant: 2007- F6217-MO-DJ

COLUMBIA POLICE DEPARTMENT – LIST OF DESIRED ITEMS -

Beginning in 2006, the Columbia Police Department began the process of purchasing and equipping patrol officers with X-26 Tasers. The initial purchase of (16) X-26 Tasers was completed using grant funding. In 2007 the department budgeted for an additional 22 units. The FY 2008 operating budget does not provide for additional Taser purchases.

The Columbia Police Department currently has 38 Tasers deployed to officers who are primarily responsible for patrol operations. If awarded the JAG grant, the department intends to purchase 35 additional Tasers to add to our goal of equipping all 99 officers with this type of duty assignment.

If funding is approved and the full amount of \$32,930.00 (60%) is made available, the Columbia Police Department intends to purchase the following equipment:

Budget:

35	X-26 Tasers	Model #TAS26011	\$28,348.25
70	Cartridge Pouches	Model#SAF307-9-23BPL	\$1,792.00
35	X-26 Taser Leg Holsters	Model#SAF6005-64-122	\$2,992.50
		TOTAL COST	\$33,132.75*

*The Columbia Police Department would incur the additional cost of \$202.75 to fully equip 35 officers.

At the meeting, citizens will be invited to comment on any agenda item being heard at that meeting.

Budget Narrative: Grant: 2007- F6217-MO-DJ

The Boone County Sheriff's Department began the process of providing more force-on-force training for deputies by utilizing simunitions. We currently have 3 pistols and 2 shotgun kits available for simunitions. At this time the 2007 budget does not contain any funding for the purchase of additional firearms conversion kits and protective equipment. If awarded the JAG grant, the department intends to purchase 2 Glock Simunition pistols, 2 12 gauge pump shotgun conversion kits. 4 sets of protective clothing to include: face, neck, arm and upper torso.

The Boone County Sheriff's Department began using M-26 Tasers in the jail in 2003. At the present time there are 6 Tasers utilized by jail staff. Due to the age of the m-26 tasers they are beginning to fail. If awarded the JAG grant, the department intends to purchase 6 X-26 tasers with Blade Tech holsters.

To aid with investigations the department would like to obtain 1 LEA Bird-Dog-GPS system. Currently, the department does not have this capability. This equipment would lend itself well to narcotics, property crime and crimes against person investigations due to its GPS tracking capabilities. The Gold All-In-One GPRS package is \$5950.00.

In addition, the department would like to acquire an Instant Armor 1st Responder Tactical Blanket System. This would aid the department in a number of ways by allowing officers to safely reach a downed officer or citizen during a critical incident or allow officers to safely evacuate citizens from a volatile situation. This system is versatile and would allow the ballistic blanket to be broken up into as many as 8 pieces that would afford several officers protection at one time.

2007- F6217- Mo - DJ

If approved and the full amount of \$21,954.60 (40%) is made available, the Boone County Sheriff's Department intends to purchase the following equipment:

Budget:

2	Glock Simunition pistol kits \$459.00	\$918.00
2	Simunition 12 gauge pump kits 5302910 \$239.00	\$478.00
4	Simunition protective gear	\$1352.00
	FX9002 Helmet \$129.00	
	FX9000 Vest \$99.00	
	FX9000 Throat Collar \$41.00	
	FX9000 Protective Sleeves \$69.00	
6	X-26 Tasers w/ blade tech holster \$814.95	\$4889.70
1	Instant Armor 1 st Responder System	\$8600.00
1	LEA Bird-Dog-GPS system	\$5950.00
	Gold All-in-One GPRS package	

Project Total \$22,187.70

Grant Budget \$21,954.60

The difference of \$233.10 will be covered by the Boone County Sheriff's Department.
