Agenda Item No:

Re: FY 2014 Classification and Pay Plan

#### **EXECUTIVE SUMMARY:**

The ordinance adopts the City Classification and Pay Plan for FY 2014.

#### **DISCUSSION:**

City Council approved funding in the FY 2013 budget for the City to engage an expert to conduct a comprehensive study of the City's job classifications, pay plan, benefits, and pay practices. CBIZ Human Capital Services began this project in October, 2012. CBIZ was asked to review current practices and recommend improvements related to:

- 1. Job classifications and descriptions;
- 2. Current pay and benefits compared to market;
- 3. Internal equity assessments;
- 4. Pay compression issues;
- 5. Salary structures;
- 6. Performance management; and
- 7. Compensation policies and procedures.

CBIZ conducted planning meetings and employee orientation sessions, collected job data from employees, supervisors and department directors, used employee focus groups to gather more detailed information, evaluated job data and analyzed classifications, analyzed compensation using defined market data, developed salary structures and benchmarked benefits. CBIZ also developed policy recommendations for pay administration, and prepared new job descriptions for all classifications.

The result of this project is a new classification plan and pay structure for the City. The current system was implemented in 1990; this plan replaces that system, and provides a compensation philosophy for the City as an employer and pay administration policies to manage the system going forward.

The proposed classification and pay plan becomes effective for the pay period beginning September 29, 2013.

The City Manager shall assign employees to appropriate classifications adopted by this ordinance.

#### FISCAL IMPACT:

Any employee whose classification is assigned to a pay grade where the minimum of the pay grade is greater than the employee's current rate of pay will receive a pay increase to the minimum of the new pay grade. Funds for these increases are included in the FY 2014 budget.
