Re: Public Hearing - Keene Street Pavement Improvements

Documents Included With This Agenda Item

Council memo, Resolution/Ordinance

Supporting documentation includes: Maps, Plats and Plans, Correspondence from Public, Contact Log

Executive Summary

Setting a public hearing for June 2, 2014, for the Keene Street Pavement Improvement project, from I-70 Drive SE to East Broadway. Council approved the Surface Transportation Program (STP) Agreement with the Missouri Highways and Transportation Commission for this project on October 21, 2013. The total project cost estimate is \$287,000. The state will reimburse the City 80%, or \$229,600. The City's local match is \$57,400.

Discussion

The proposed Keene Street Pavement Improvement project includes resurfacing Keene Street, from I-70 Drive SE to East Broadway (Route WW). The resurfacing includes milling (removing) the existing concrete pavement surface to a depth of approximately 1-1/2 inches, and placing a thin lift asphalt overlay. Except for certain areas where pavement distresses extend to the curb, and at intersections, the milling and overlay will extend from bicycle lane to bicycle lane. Thus, the resulting roadway will have asphalt pavement for the vehicle lanes and concrete for the bike lanes. Staff feels the contrasting bike lanes will provide a benefit to cyclists, while saving money. Preliminary plans are attached.

In order to satisfy requirements of Title II of the Americans with Disabilities Act (ADA), curb ramps along this route will be brought into compliance with current ADA requirements. Many of the existing curb ramps predate current ADA requirements and are not accessible; therefore, 19 curb ramps will be altered or reconstructed as part of this project. No additional easements will be needed. It is anticipated that the resurfacing work will be completed during night-time hours to limit disruption.

An Interested Parties (IP) meeting was held on March 25, 2014, in conjunction with the Ridgemont Road Bridge Mitigation project. Conceptual plans for the intersection of Keene Street and I-70 Drive SE were also shown at the IP meeting, but this intersection is not part of the current pavement improvement project. Eleven (11) people were in attendance, with two comment forms (attached). One comment included a request for the bicycle lanes to be removed and a center two-way left turn

City of Columbia

701 East Broadway, Columbia, Missouri 65201

lane added. At this time, plans include retaining the bicycle lanes, which will remain concrete for a majority of the project, as explained above.

Staff attempted to contact all adjacent property owners by telephone to inform them of the improvements, and the proposed public hearing. A Property Owner Contact Log is attached.

There is currently no funding source identified for the intersection improvement at Keene Street and I-70 Drive SE. Based on previous comments staff received about the location, the concept was shown at the IP meeting in order to gauge interest for possible improvements. A roundabout option was favored over an all-way stop control, based on discussions at the IP meeting and the comment forms received.

Fiscal Impact

Short-Term Impact: The estimated cost of this project is \$287,000, and that amount was appropriated when the STP-Urban Program agreement was authorized with MHTC. The state will reimburse the City 80%, or \$229,600, and the City's local match is \$57,400.

Long-Term Impact: The mill and overlay will prolong the life of the street, extending the timeframe for extensive reconstruction by 10+ years. Surface treatments costing approximately \$50,000 to \$100,000, depending on what is needed, at roughly 5 to 7 year intervals would further extend the life of the street. .

Vision, Strategic & Comprehensive Plan Impact

Vision Impact: Transportation

Strategic Plan Impact: Infrastructure

Comprehensive Plan Impact: Infrastructure

Suggested Council Action

Following Council discussion and public input, Council should make a motion directing staff to proceed with plans and specifications for the project.

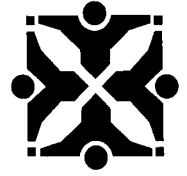

Legislative History

03/25/14 - Interested Parties Meeting

10/21/13 - Surface Transp Program (STP) Agreement with MHTC

We are accepting comments until April 9, 2014. Thank you for your input!

- ☐ I support the resurfacing project as proposed.
☒ I support the resurfacing project with the following exception noted below.
☐ I do not support the resurfacing project.
- ☒ I support the roundabout concept as proposed.
☐ I support the roundabout concept with the following exception noted below.
☐ I support the all-way-stop concept as proposed.
☐ I support the all-way-stop concept with the following exception noted below.
☐ I do not support either concept.

Comments:

WITH RESURFACING, I'D LIKE TO SEE THE BIKE LANES - WHICH ARE RARELY USED - REMOVED SO THE STREET CAN BE STRIPED WITH A CENTER TURN LANE.

A RESOLUTION

declaring the necessity for construction of pavement improvements on Keene Street, from I-70 Drive SE to East Broadway (Route WW); stating the nature of and the estimate of the cost of the improvement; providing for payment for the improvement; providing for compliance with the prevailing wage law; and setting a public hearing.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF COLUMBIA, MISSOURI, AS FOLLOWS:

SECTION 1. The City Council deems the construction of pavement improvements on Keene Street, from I-70 Drive SE to East Broadway (Route WW), and other miscellaneous work, all in accordance with City of Columbia Street and Storm Sewer Specifications and Standards, necessary to the welfare and improvement of the City. Specific improvements include milling the existing concrete pavement surface to depth of approximately 1½-inches and placing a thin lift asphalt overlay, and reconstruction of curb ramps to be ADA compliant.

SECTION 2. The nature and scope of the improvement shall consist of furnishing all labor, materials, transportation, insurance and all other items, accessories and incidentals thereto necessary for the complete construction of the improvements.

SECTION 3. The estimated cost of this improvement is \$287,000.00.

SECTION 4. Payment for this improvement shall be made from Missouri Highways and Transportation Commission STP funding, annual street maintenance funds and such other funds as may be lawfully appropriated. Per the terms of an STP-Urban Program agreement, the Missouri Highways and Transportation Commission shall reimburse the City 80%, or \$229,600.00, of the project costs, and the City's local match is \$57,400.00.

SECTION 5. Any work done in connection with the construction of the improvement specified above shall be in compliance with the provisions of the prevailing wage laws of the State of Missouri.

SECTION 6. A public hearing in respect to this improvement will be held in the Council Chamber of the City Hall Building, 701 E. Broadway, Columbia, Missouri, at 7:00 p.m. on June 2, 2014. The City Clerk shall cause notice of this hearing to be published in a newspaper published in the City.

ADOPTED this _____ day of _____, 2014.
