## **Healthy Eating Active Living in Local Communities**

### **Columbia/Boone County Department of Public Health & Human Services**

#### **1. GENERAL**

- 1.1 The contract amount shall not exceed \$40,000 for the period of October 1, 2014 through September 30, 2015.
- 1.2 The Department has determined this contract is subrecipient in nature as defined in the Office of Management and Budget (OMB) Circular A-133, Section 210. To the extent that this contract involves the use, in whole or in part, federal funds, the Contractor shall comply with the special conditions contained in Attachment B as attached hereto and incorporated by reference as if fully set forth herein.

#### **2. PURPOSE**

- 2.1 The purpose of the Healthy Eating/Active Living (HEAL) Public Health Services (PHS) contract is to assist local public health agencies (LPHAs) with building the capacity to achieve policy and environmental changes that increase access to healthy foods and safe places to be physically active. This is aligned with the Department of Health and Senior Services' (hereinafter the Department) strategic goal of reducing the burden of chronic diseases and promoting healthy aging. Chronic diseases are the leading causes of death and disability in Missouri, resulting in unnecessary economic burden and human suffering. The contract supports the core public health functions of assessment, planning and policy development, and assurance.
- 2.2 The overall goal of the HEAL Program is to reduce two primary risk factors for developing chronic diseases: physical inactivity and unhealthy eating.
- 2.3 The focus of the HEAL Program is to implement evidence-based approaches for local environmental, policy and system changes to achieve the program goal.

#### **3. DEFINITIONS**

- 3.1 Program Outcomes – Specific, measureable environmental, policy and system changes that when accomplished contribute to reducing chronic disease risk factors. Examples: “Increasing the number of communities that have a Livable Streets policy” is a program outcome that contributes to improved health.

- 3.2 Baseline Performance Indicators – Data or information that serves as the starting point for gauging progress in achieving a program outcome. Examples: The number of communities with such written policies assessed at the start of this contract is a baseline indicator.
- 3.3 Policy – The purposeful action by an organization or institution to address an identified problem or issue through executive, legislative or administrative means. It can be voluntary or legally binding.

#### **4. DELIVERABLES AND OUTCOMES**

- 4.1 The Contractor shall provide services approved by the Department in accordance with the Contractor's submitted strategy selection form in Attachment C, attached hereto and incorporated by reference as if fully set herein. Modifications of the proposed activities will be allowed upon approval of the HEAL Program Coordinator.
  - 4.1.1 The Contractor shall provide baseline measures for each strategy selected in the Strategy Selection Form within 90 days of the contract start date if not previously provided. The baseline shall include the performance indicators for their selected strategies as listed in Attachment C.
- 4.2 The Contractor shall notify the Department within two weeks of any changes in staffing throughout the contract period.
- 4.3 The Contractor shall complete the work of this contract with input and guidance from a local health-related planning group or coalition. Contractors are encouraged to work with an existing group(s) or coalition(s) rather than create a new one to prevent duplication of efforts. Documentation shall be maintained and shall include minutes and attendance of coalition meetings.
- 4.4 The Contractor shall ensure that staff assigned to coordinate the HEAL project attend professional development provided by reputable organizations, Department sponsored teleconferences or webinars, and face-to-face workshops developed by reputable organizations including the Department. The program coordinator or approved designee shall attend a two-day training sponsored by the Department.
- 4.5 The Contractor shall attend a quarterly call with Department program staff to provide an update on contract activities.

- 4.6 The Contractor shall conduct process and evaluation for each strategy. They may work with the Department staff in designing the evaluation. The Contractor may be asked to participate in further evaluation processes to gather process and outcome data measures.
- 4.7 The Contractor shall ensure documentation of meetings and trainings, including attendance records and evaluation of meeting effectiveness.

## **5. REPORTS**

- 5.1 The Contractor shall submit a report of activities conducted during the previous month in support of objectives and selected strategies identified in the approved proposal using the monthly report form included as Attachment D, attached hereto and incorporated by reference as if fully set herein.
- 5.2 The Contractor shall submit a separate report page for each strategy selected.

  - 6.1.1 Supplies costing over \$1,500 must be pre-approved by the Program Coordinator. Funds can be used for the following items (but this is not a complete list): materials for walking trails; point of decision prompts for encouraging physical activity or healthy eating habits; and food for taste testing for education programs only.
  - 6.1.2 The Contractor shall not use these funds to provide patient care, personal health services, medications, patient rehabilitation or other costs associated with health services.
- 6.2 The Department reserves the right to reallocate or reduce contract funds at any time during the contract period due to underutilization of contract funds or changes in the availability of program funds. The Contractor will be given thirty (30) days prior written notification of any reallocation.
- 6.3 As specific needs are identified within the Scope of Work, the Contractor may rebudget funds between object class categories of the budget within 10% of the total budget without obtaining prior written approval of the Department; this rebudgeting will not require execution of a contract amendment. Such rebudgeting shall not cause an increase in the indirect cost category without prior approval of the Department.

- 6.4 Administrative costs billed to the Department shall not exceed 8% of the direct contract costs billed. Administrative costs are those associated with the management and oversight of an organization's activities. The Contractor is not required to submit supporting documentation to the Department.
- 6.5 The Department shall reimburse the Contractor for transportation provided by personal vehicles (mileage) at the lower of the current IRS rate for mileage reimbursement or the mileage reimbursement rate set by the Contractor's internal policy.
- 6.6 The Contractor shall follow competitive procurement practices assuring all purchases are at reasonable prices.

## **7. INVOICING AND PAYMENT**

The Department may delay payment until the ACH/EFT application is completed and approved.

- 7.2 The Contractor shall invoice the Department on the Contractor's original descriptive business invoice form. Uniquely identifiable invoice numbers are required to distinguish from a previously submitted invoice.
- 7.3 The Contractor shall be paid on a monthly basis upon receipt and approval of a properly prepared invoice and monthly activity report itemizing the deliverables performed during the month prior to the month in which an invoice is received. Invoices and reports shall be due by the last day of the month following the month in which services were provided during the contract period.

However, the balance of the contract shall remain in force between the parties unless terminated by consent of both the contractor and the state.

## **8. CANCELLATION OF CONTRACT**
