Executive Summary

If approved this request would set February 16, 2015, as the public hearing date for the proposed annexation of 127.81 acres of land owned by St. Charles Road Development (SCRD) located between Lake of the Woods Golf Course and Battle High School north of St. Charles Road.

Discussion

St. Charles Road Development (SCRD) is requesting to annex 127.81 acres of land into the City of Columbia, and have it permanently zoned R-1 (One-Family Dwelling District), O-P (Planned Office District), and C-P (Planned Business District). The property is currently zoned Boone County R-S (Single-Family) and A-2 (Agriculture). The permanent zoning is scheduled for a hearing of the Planning & Zoning Commission on February 5, 2015. It is anticipated that an ordinance annexing and zoning the subject property may be introduced on February 16, 2015 and considered for adoption at the March 2, 2015 City Council meeting.

The 127.81 acre property is subject to an annexation agreement approved by Ordinance # 21236 on February 20, 2012. The requested zoning district designations were identified as the owners' desired zoning in the annexation agreement. The agreement did not commit the City to those zoning classifications and anticipated the possibility of the project beginning under Boone County zoning jurisdiction. The property became contiguous with the City upon annexation of the Lake of the Woods Golf Course in January 2014.

The subject site is accessed via St. Charles Road and Battle Avenue - both currently maintained by Boone County. The site receives electric, water, and public safety services from Boone Electric, Public Water Service District #9, and the Boone County Fire Protection District, respectively. Upon annexation, City of Columbia municipal services (fire, police, and trash) as well as sanitary services will be extended to the property.

The annexation and zoning of the subject site is a necessary prerequisite for the annexation and permanent zoning of Columbia Public School's Battle Elementary and High School sites as well as the City's Battle Avenue Park. The subject acreage is within the Urban Service Boundary as shown

on the Future Land Use Map of Columbia Imagined.

Staff is concluding its review on the requested permanent zoning and preliminary plat for the proposed single-family residential lots (to be zoned R-1). Statements of Intent (for the planned zones) and a development agreement will accompany the formal annexation and permanent zoning report which is scheduled for Planning and Zoning Commission consideration on February 5.

Consideration of the annexation request (a Council action) typically follows the Planning and Zoning Commission's public hearing on the permanent zoning. As such, approval of the attached resolution to "set the public hearing" on the requested annexation is following the normal application procedure.

Fiscal Impact

Short-Term Impact: A proposed development agreement will accompany the permanent zoning request. This agreement specifies minimum public roadway improvements for Battle Avenue and St. Charles Road, subject to building permitting/platting requests, as well as sanitary sewer extension. All proposed improvements will be borne by the applicant. The subject site is not served by City water or electric services.

Long-Term Impact: Long-term impacts will include maintenance of public infrastructure (roadways and sanitary sewer) as well as provision of public safety and refuse collection services. These impacts will be off set by increases in property tax collections and user fees.

The proposed development agreement, accompanying the permanent zoning request, includes the establishment of a City-managed TDD (Transportation Development District) which will receive pledged tax and special property assessments intended to cover previously identified regional transportation improvements in the 1800 acres surrounding the subject site. The 1800 acres is equal to the area within the NE Columbia Area Plan (NECAP) study area.
