Executive Summary

Authorizing the City Manager to execute a Right of Use Permit with the University of Missouri to install and maintain a private storm sewer system within portions of Elm Street and the alley between Elm Street and Locust Street rights of way (see attached diagrams).

Discussion

The University of Missouri (Missouri Theater) is requesting authorization to install and maintain a private storm sewer system within portions of S. Ninth Street and the alley between Elm Street and Locust Street rights of way. The storm sewer system will consist of approximately 31 linear feet of 8" high-density polyethylene (HDPE) storm pipe, 111 linear feet of 10" high-density polyethylene (HDPE) storm pipe, and 96 linear feet of 12" high-density polyethylene (HDPE) storm pipe.

The Right of Use Permit outlines the responsibilities of the University of Missouri which include providing the City with detailed route maps and engineering and/or construction plans. The work will not begin until the plans are approved, proper building and/or construction permits obtained, and the work scheduled with the division of Building and Site Development. Further, the University of Missouri will not obstruct or block any City street or sidewalk during construction without first obtaining permission from the City.

RIGHT OF USE PERMIT

KNOW ALL MEN BY THESE PRESENT that on this _____ day of _____, 20__ the City of Columbia, a municipal corporation, in consideration of the sum of fifty dollars (\$50.00) and other considerations to it paid, does hereby permit **the Curators of the University of Missouri**, their heirs and/or assigns (hereinafter referred to as "Permittee") to enter upon the following described lands owned by the City of Columbia and located within the right of way of 9th Street and the right of way of the alley between 8th and 9th Streets (south of Locust Street and north of Elm Street) Columbia, County of Boone, State of Missouri, and more particularly described as follows, to wit:

STORM SEWER LOCATION: The street right-of-way of 9th Street from station 1+16 to station 1+67 (as measured northerly from the center of the intersection of Elm and 9th Streets) and the alley right of way between 9th and 8th Streets from station 0+27 to station 1+87 (as measured westerly from the intersection of the alley and 9th street) all within the limits of the City of Columbia.

This permit is subject to the following conditions and stipulations:

1. This permit is for the exclusive purpose of construction, improvement, operation and maintenance of a private storm sewer system in a portion of 9th Street and the alley between 8th and 9th Streets (south of Locust Street and north of Elm Street).
2. This permit does not grant Permittee or any of its officers, agents or employees the right to cut, break, excavate or damage the street pavement of 9th Street without City of Columbia consent.
3. Permittee will be responsible for the costs of any future repairs, maintenance or replacements which is the result from Permittee's use under this Right of Use Permit.
4. Prior to exercising its right granted herein, the Permittee shall present construction plans or diagrams locating the proposed infrastructure to the City Public Works Department and City Water and Light Department and any existing utility company using facilities located within the limits of the Permit.
5. Prior to exercising its right granted hereunder, Permittee agrees to obtain all necessary permits required by the City of Columbia pertaining to work being done in the right of way.
6. If the private storm sewer system is ever abandoned, all rights herein granted shall cease and terminate and Permittee shall have no further right of interest therein except that, upon abandonment, Permittee remains responsible for all of Permittee's facilities and structures left in place and any costs to remove them or store them or to otherwise clean up easement.
7. If at any time during construction, repair, modification or relocation of the storm sewer line or any utility existing in the easement at the time this permit is granted, is necessary which would require the relocation of the storm sewer or ret. wall, the Permittee shall relocate the storm sewer line at their own expense.
8. The Permittee agrees by exercising its rights under this permit that if the storm sewer line becomes damaged in anyway, whether negligently or intentionally by the construction, repair, modification or relocation of any utility existing in the easement at the time this permit is granted it will repair or replace the storm sewer at their own cost and hold the City of Columbia harmless for any of the costs associated with the repair or replacement or any other costs associated with the damage to the facilities.

9. This permit shall remain in effect until canceled by the City of Columbia, which shall be obligated to notify the Permittee six (6) months in advance of cancellation.

IN WITNESS WHEREOF, the said Party of the First Part has caused these presents to be signed by its officers the day and year first written above.
