

Kick-off Meeting Summary Sheets

The Citizen Topic Group Kick-off included a number of group activities to review the ideas for the future of Columbia generated by the public at the Big Idea Gathering (BIG) Meetings and through surveys, agree on sub-topics for organizing those ideas, and then review the ideas within a sub-topic to identify emerging themes and distill the ideas into a summary statement.

This document includes the list of sub-topics agreed upon during the Kick-off. In this case, the subtopic group was unable to complete a list of themes for the subtopics or write summary statements.
