RE: Liability Insurance Requirements – Park Special Events

SUMMARY: At the October 1, 2007 City Council Meeting, the Council requested a report regarding the requirement that sponsors of certain park special use events provide public liability insurance naming the City of Columbia as co-insured. With respect to public liability for condition of property, state statutes establish the City’s liability exposure limits at \$2,369,306 per occurrence. Based on that legislation, the liability insurance requirement for certain park special use events has been set at the \$2 million per occurrence level.

Fiscal Impact

YES

NO

It has been a long-term Department of Parks and Recreation policy to require certain events being held in our City parks that are planned, staffed, and operated by non-city staff to have sufficient liability insurance to protect the City in the event of a serious accident. Events requiring such insurance include community festivals of significant size, private outings that bring into the park recreational equipment/facilities such as dunking booths, bounce houses, hot air balloons, pony rides, etc., or other events which appear to involve considerable liability risk/exposure to the City. This operational policy has been strongly supported by the City’s Risk Management Division, but as noted by the Legal Department, is not required by City ordinance.

Other Info.

DISCUSSION: The City Parks and Recreation Department processes between two and three hundred park special use event requests annually. Because of the number and extremely varied nature of these requests, the Park and Recreation Department developed an in-depth policy for review and approval of these requests (See attached Park Special Use Permit Criteria and Park Special Use Application). Events that are either small in size, private (public not invited), co-sponsored by the Park and Recreation Department, or do not involve the use of the park or park facilities in any manner other than for which it was designed have not been required to provide liability insurance naming the City as co-insured. Such events primarily require coordination and scheduling to insure availability of facilities and lack of conflict with other scheduled events

However, there are certain events which, in staff’s judgment, expose the City to significant risk in the event of a serious accident. Examples of these events include larger community festivals to which the general public is invited (generally those with an expected attendance of several hundred or more), concerts, or private outings (company

picnics, birthday parties, class reunions, etc) which plan to bring into the park portable recreational facilities/equipment (dunking booths, bounce houses, hot air balloons, animal rides, etc). Organizers of such events have been required to provide liability insurance naming the City as co-insured. In FY 2007, twenty six different events were required to provide liability insurance coverage. A key concern regarding these events is that they involve bringing into the park various facilities/devices that have not been designed, built, or reviewed for safety issues by City staff. In addition, the event is planned, staffed, and operated by non-city staff. Therefore the City has no oversight as to whether the equipment/facilities/activity is properly used and/or supervised with respect to operational and safety guidelines.

For many years, the amount of liability insurance required was \$1 million per occurrence. That amount reflected the amount of exposure for dangerous condition of property the City could have with respect to any single occurrence as set by State Statutes. In 1999, the Missouri State Legislature revised the legislation regarding public liability and set the new exposure limit at \$2 million per occurrence. Under that legislation, the amount is adjusted annually. The current liability cap for operation of motor vehicles and dangerous condition of property is \$2,369,306.

As a result of the 1999 legislation and based upon the recommendation of the City's Risk Management Office, the Park and Recreation Department increased the required amount of liability insurance to the \$2 million level. Feedback from the public has indicated that the increase from \$1 million to \$2 million in required coverage has made it significantly more difficult and expensive for individuals and organizations to obtain the required coverage.

With respect to the LBG Coalition (which raised the question as to whether their event should be required to provide such liability coverage), Park and Recreation staff has worked with the Coalition to plan and schedule their event since 2003. Attendance at their first event in 2003 was estimated to be 40 people and was held at Antimi Shelter in Cosmo Park. The event has grown in size and complexity each year since. In 2006, the event was moved to Stephens Lake Park. In 2007, the event's projected attendance (1200) exceeded the one thousand estimate for the first time. The event has grown to include a number of outside food vendors, a performance stage, and a variety of games and activities. It was staff's judgment that the event had grown to the magnitude that liability insurance should be required to adequately protect the City. Staff can certainly appreciate the concern of the LBG Coalition with respect to having their insurance premium increase from \$600 to \$2,200 to provide the \$2 million per occurrence coverage. The question that must be addressed is at what point should the City expect outside organizations to provide coverage to protect

against any liability exposure the City might have by allowing the organization's event to occur on City property.

Staff has looked at numerous different communities' policies with respect to liability coverage. Virtually every community reviewed has established policies for park special use permits and also requirements for which type of event requires additional liability coverage (see attached policies from Louisville, Lake Oswego, and Johnson County as examples). Requirements vary from community to community but most seem to require \$1 million in coverage rather than \$2 million.

An issue that has been noted by Legal is that our current guidelines are based on Department policy not City ordinance. It is the recommendation of Legal that the City policy regarding requirements for liability insurance be formalized as a City ordinance. It is the staff's recommendation that a list of guidelines or criteria be developed with respect to what type of park special use events require the provision of liability insurance and that those requirements be formally adopted by City ordinance.

A draft set of such guidelines is presented below:

1. Events, concerts, or festivals to which the general public is invited with an expected attendance of 200 or more.
2. Events at which portable food/concession vendors will be selling food, beverage, or souvenirs.
3. Events which will have amusement rides, inflatables, dunk tanks, hot air balloons, or other portable recreation facilities.
4. Events at which animals will be present for show, display, or rides.
5. Events at which fireworks or pyrotechnics will be displayed.
6. Non-sanctioned sporting events or tournaments.
7. Any event which in the judgment of the Director of Parks and Recreation and/or the City's Risk Manager represents a significant exposure of risk to the City.

As noted earlier, the amount of insurance required has been set at the \$2 million level to cover most of the City's potential liability exposure as determined by State Statute. If the Council believes that amount of coverage is not needed or that such coverage results in unreasonable costs for groups to obtain such insurance, Council could direct staff to include in the proposed ordinance an amount

less than the \$2 million per occurrence limit. Staff's recommendation would be to retain the \$2 million amount based on the potential liability exposure of the City.

SUGGESTED COUNCIL ACTION: If the Council concurs with the above recommendations, direct staff to draft an ordinance which:
1.) Establishes guidelines defining those park special use events that require the provision of liability insurance with the City named as co-insured; and 2.) Establishes the amount of liability insurance required.

Park Special Use Permit Criteria

Special events are of great value to the City of Columbia as they contribute to the cultural and ethnicity of the City. A number of these events also have significant economic benefit through increased tourism, and many events also serve as major fund raisers for various non-profit organizations.

Special events are those activities which require the designation of exclusive use of an area and/or require the approval of conditions of use as outlined under the Park Special Use Permit guidelines. Many of the City's special events are sponsored by non-profit organizations that organize and conduct these activities. Often, the City's role with some special events is primarily limited to providing the facility or park. Since the City does not directly provide staffing or direction during these events, it requires a mechanism to delegate the control of a site to an event organizer/sponsor. This is accomplished through the Park Special Use Permit approval process. **City policies require that no person or organization shall advertise, organize, hold, or conduct any special event or activity in or on City park or recreation property without first having received a valid Park Special Use Permit.**

Park Special Use Permits are required if any of the following criteria associated with the activity apply:

1. Any event or activity that is expected to attract 200 or more people at a park shelter.
2. Any event or activity that is expected to attract 50 or more people other than at a park shelter.
3. Any event or activity involving a disc jockey or live musical entertainment with amplified sound.
 - a. Will also require a Police Department Sound Permit if it may be heard from 100 feet or more from the source (573-442-6131).
 - b. The human speech and music amplified shall not be profane, lewd, indecent or slanderous.
 - c. Sound shall be controlled so that it will not be audible for a distance in excess of three hundred (300) feet from the sound amplifying equipment.
4. Any event or activity involving amplifying equipment or devices that can be heard 100 feet or more from the source NOT in conjunction with a reserved shelter.
5. Any event or activity that would collect fees on City property (i.e., donations, admissions, concessions, or merchandise sales). This may also require a separate business license (573-874-7378) and/or health permit (573-874-7346). *Note: Permission to collect fees may be granted only to non-profit agencies registered with the State of Missouri. Confirmation of your agency or organization's non-profit status may be found at the Missouri Secretary of State's web site - www.sos.mo.gov/BusinessEntity/soskb/csearch.asp. (Religious organizations or educational institutions not required to register with the State must provide documentation of their tax-exempt status - IRS determination, articles of incorporation, or audited financial statements.)*
6. Any event requiring the use of temporary structures or facilities, including, but not limited to:
 - a. Tents, canopies, gazebos, or other temporary shade structures greater than 100 square feet in size and/or staging structures. *Note: This also requires a temporary building permit from the Public Works, Projective Inspection Department (573-874-7474).*

- b. Trailers (including large charcoal grill trailers), stages, concession facilities, or booths of any sort.
 - c. Amusement devices (bounce house, dunking booth) NOT in conjunction with a shelter reservation.
7. Interior park roads and/or city street closings are necessary due to the activity. *Note: City streets or roads outside of parks require City Manager or City Council approval. A separate Street Closure Request Application is required (573-874-7219).*
 8. Any event or activity in which the general public is invited or notified by the media.
 9. Gas grills, propane stoves, portable charcoal grills, or other fires outside the designated picnic grills (exception: fire pit at Collins Shelter, Stephens Lake Park).
 10. Any event or activity that includes animals for show, display, or rides.
 11. The ascent or descent within a park, any apparatus for aviation (i.e., hot air balloons).
 12. Any wedding held at a park location other than at a reservable shelter.
 13. Any event or activity necessitating the use of grounds or facilities in a manner other than their specified recreational use.

Note: If your event needs include a picnic shelter, it is strongly recommended that you go ahead and reserve the shelter to ensure its availability while your application is being processed. In the event your application is denied, your shelter reservation fee can be refunded.

COST

The cost of holding a special event at a park or shelter depends on several factors. Below is a list of the various fees and deposits that may be charged depending on the event type.

When facilities are used semi-exclusively by the renter and the renter charges participation fees, the renter will be charged per participant as outlined in the chart below. A \$75 per day reservation fee is due at the time of the reservation. The balance of the fees (over \$75) based upon actual usage is due 10 days after the event.

Fees		Deposits	
Shelter Reservation	\$30	Performance, cleanup, and damage bond	\$200
Large Shelter Reservation	\$40	Gate key	\$20
Tent Fee	\$25	Water spigot key	\$50
Wedding Fee	\$25	Other	TBD
Water Fee	\$10		
Concession Permit Fee	\$50		
Special Park Use Fee	\$25		
Participant Fee - Adult	\$1.85 per participant/per game or event/per day		
Participant Fee	\$1.70 per participant/per game or event/per day		
Other	TBD		

MISREPRESENTATION OF EVENT

Any misrepresentation as to the nature of the event, the number of attendees expected, contact or payment information, or any other falsification of permit documents will result in the immediate cancellation of the event and forfeiture of fees paid and may also result in denial of future permit requests and/or legal action.

EXAMPLES OF EVENTS THAT REQUIRE PERMITS	
Type of Event	Description
Activities at a park shelter consisting of 200 or more people	Private functions with or without food services, generally restricted to larger picnic shelters.
Type of Event	Description
Sporting Events	Tournaments are restricted to designated athletic facilities. <i>Note: All softball, baseball, soccer, football and lacrosse tournaments and games are to be scheduled through the Department's Sports Programmer. Special Event Permits may be needed for supplemental items such as the erection of tents, sales of tournament related items or food and beverages. First contact is with the Sports Programmer Supervisor (573-874-7466) to determine field availability.</i>
Amplified Sound -Concerts -Weddings -Political Rallies -Picnics -Festivals	Amplified sound may consist of a radio, phonograph, tape player, compact disc player, musical instrument or any similar device for producing or amplifying sound. Permits are required if the sound may be heard 100 feet or more from the source.
Weddings	Any wedding held at a park location other than at a reservable shelter.
Concerts & Theatrical Plays	Musical or theater events, consisting of live performers. Participation is open the general public. May be restricted to designated areas.
Celebrations -Community Events -Cultural Events -Religious Events -Baptisms	Community, cultural, or religious events. Participation may be open to the general public or to a targeted group. May focus on fund raising and/or "cause" awareness. May involve entertainment, food and beverage service, staging, public address sound systems, sale of event-related items, etc.
Festivals	Multi-faceted events, participation open to the public. Usually involve booths, staging, tents, public address sound systems, sale of event related items, etc. May involve food and beverage services. Large festivals have extensive set up and take down requirements.
Bonfires or Portable Cooking Grills	Includes the burning of logs, charcoal or other fires outside of the designated picnic grills. This includes large grills that are pulled behind vehicles. <i>Note: Small bonfires are only allowed at the designated fire pit at Collins Shelter, Stephens Lake Park.</i>
Pony Rides	Pony or horse rides either operated by a commercial vendor or by a private owner. <i>Note: only non-profit organizations may be authorized to collect funds.</i>
Hot Air Balloons or Apparatus for Aviation	Includes hot air balloons that either want to land or lift off from a park. <i>Note: All radio-controlled planes and self-propelled rockets are not permitted.</i>

PROOF OF INSURANCE

In addition to a Special Use Permit, some events will also require proof of \$2 million dollar public liability insurance coverage and a certificate of insurance naming the City of Columbia as an additional insured:

- Animals for show, display or rides.
- Ascent or descent within a park, any apparatus for aviation.
- Use of inflatables (such as a moonwalk), climbing wall, amusement rides, battery or gas powered toys.
- Festivals, concerts, or celebrations open to the general public.
- Competitive races, contests, exhibitions, or athletic events.
- Other event types as deemed by the Director of Parks and Recreation.

EVALUATION CRITERIA

A key component in the application process is evaluating a proposed event's compatibility with the Department's mission as well as determining the suitability of a site to accommodate the event.

Compatibility with Department's Mission

The mission of the Columbia Parks & Recreation Department is stated as follows:

"The Columbia Parks and Recreation Department is committed to delivering effective, courteous, and responsible leisure services. In order to assist all citizens in the proper use of leisure time, we strive to provide adequate type, quantity, and quality of leisure opportunities. In delivery of these services, participants shall be treated with fairness, dignity, and respect. It is our commitment to be accountable for the maintenance, preservation and development of the natural resources which have been entrusted to us."

As previously mentioned, the Department works in partnership with event organizers and sponsors in order to provide an event that will provide recreational value to the participants, and at the same time, preserve the natural resource. Thus, the Department gives priority in the allocation of park space to those special events which are compatible with the Department's mission.

For the purposes of special event approval, compatible events can be defined as those which focus on recreational activities which are physical, social, cultural, artistic and/or environmental in nature. Events whose primary purpose is not compatible with the Department's mission are generally not approved although they may be considered on a case-by-case basis. On occasion, the Department does approve events which are not compatible with its mission, but have a significant interest to the city. Examples include events of economic or tourism interest and/or civic, provincial, national or international events. It should be noted that these events may have additional special conditions of use placed on them.

Site Suitability

It is important to recognize that sites which accommodate special events are for public recreational use first, thus the regular use of a park must be respected. Most of Columbia's parks accommodate a variety of uses including both active and passive recreational opportunities which may occur on a casual and/or organized level. The majority of parks have not been designed to accommodate large scale-events, as many lack the necessary amenities, such as, washrooms, parking, and/or access to water or power to support major special events. In

addition, most parks have differing features and requirements; thus, what is appropriate in one park may not be appropriate in another. With this in mind, the objective for the Department is to match events to an appropriate park site. This is accomplished by evaluating the event and the site using the following criteria:

SITE SUITABILITY CRITERIA	EVALUATION DESCRIPTION
Compatibility of the event with existing uses/users of the park including public safety	Compatibility refers to regular park use in the general sense - passive, active or natural as well as the impact the event on other's enjoyment of the park, etc. The evaluation will be based on: whether the area is appropriate for the event; whether other uses of the park can continue during the event; whether the event impacts more the immediate site (e.g., noise, trash, traffic); and whether there are any safety concerns regarding the scheduling of the event in the area.
Intensity and frequency of other park uses/users	Intensity and frequency refers to the level of both scheduled and casual park use. It is recognized that parks do have limits on the frequency and number of events. Thus, efforts are made to distribute events across the park system as well as regulate the frequency on a specific site.
Park condition - protection and preservation	The scheduling of an event can not be at the expense of the park's regular use, especially with regard to environmental sensitive areas. It should be noted that parks differ in the level of programming that they can accommodate. Thus, the intensity of programming may differ from park to park. The evaluation will focus on whether the area's current condition can withstand the activity, as well as whether the scheduling of an event could possibly damage the park beyond immediate repair. The event will be evaluated based on impact on the natural environment, including natural and cultural resources, riparian areas, wetlands, and sensitive species. The season, time, intensity, duration of the event will also be evaluated.
Availability of amenities on site	To lessen their impact on the immediate surroundings, large events are scheduled at parks with the necessary support amenities, such as, washrooms, parking, access to alternate transportation, waste receptacles, etc.

PARK SPECIAL USE PERMIT CHECKLIST

All event organizers are required to complete a Park Special Use Application Form. Application forms can be downloaded from the Department's web site at www.GoColumbiaMo.com (GoWord: GoParkPermit).

In addition to the Park Special Use Application Form, the following items may be required depending on your event.

1. Copy of Certificate of Insurance for your event – Applicants must obtain Comprehensive General Liability Insurance protecting the City of Columbia.
2. Acquire City Health Department permit for an public catered event - Please call City Health Department, 573 874-7345.

Applicant acknowledges agreement with terms by initialing each item and signing application. On line applications - please type in initials.

Applicant Acknowledgment	Initial _____	I understand that in the case of an emergency or for reasons beyond the City's control, the City reserves the right to cancel the scheduled event prior to scheduled use without liability. Refunds will be made if cancellation by the City is necessary. In case of general maintenance or vandalism, the picnic tables, BBQ grills, or other amenities may be removed at anytime prior to the reservation date. Restrooms are closed from October 15 to April 15.
	Initial _____	I understand that this is only an application and not a guarantee that a permit will be issued. If a permit is issued, I agree that: (1) if any of the information contained in the application is found to be false; or (2) should my conduct, or the conduct of any participants or guests, not be as described in the application; or (3) should any applicable City, County, State, or Federal rules, regulations, codes or laws be violated, any reservations issued shall automatically become null and void and any activity associated with this application will immediately cease.
	Initial _____	I agree to indemnify, defend and hold harmless the City of Columbia from any and all liability claims arising from the actions of myself, or my agents, employees, or clients while conducting activities under this permit on City of Columbia park lands or waters.
	Initial _____	I agree that I: (1) am financially responsible for any costs incurred by the City of damages to City property; (2) forfeit all fees and deposits if it is determined that false information was provided on the application; (3) am financially responsible for any City costs that exceed fees and deposits already collected by the City for enforcement of provisions related to this application for reservation.
	Initial _____	I agree that I am responsible to see that all debris and trash is picked up from the event site and placed in appropriate refuse containers immediately after the event. Failure to do so may require the City to do so. Any trash removal expenses (for debris left at event site not placed in appropriate refuse containers) incurred by the City as a result of this event are my responsibility.
	Initial _____	I understand that permission to hold this event/activity does not grant exclusive use of any park or trail. The park or trail is to remain open for public use.
	Initial _____	I understand that this permit, if granted, may not be assigned without written approval and acceptance of the assignee by the Director of Parks and Recreation (or designated agent). I also understand that if the responsible party is other than myself, I am responsible to notify the responsible party of all rules, regulations, requirements, and conditions related to this application/permit.
	Initial _____	I understand that I am responsible to obtain the necessary permits/approvals granted by agencies or City departments other than the Parks and Recreation Department needed to hold this event. Permission granted by the Parks and Recreation Department to hold this event does not imply approval of items under other agencies' jurisdictions.

I hereby attest that to the best of my knowledge the information contained in this application is true and correct.

→ 12. Insurance Requirements

If a festival or event is going to be held on public property and has one or all of the following features:

- Expected attendance of 500 or more people;
- Fireworks or pyrotechnics will be displayed;
- Alcoholic beverages will be served or sold;
- Carnival rides or inflatables will be part of the event.

The event producer must comply with the insurance requirements below to be able to obtain a Special Event Permit from IPL.

Event producers and any vendors who enter into contracts with them must purchase and maintain throughout the event, including setup and dismantling, the following types of liability insurance at their own expense:

1. **General Liability Insurance:** If the event producer is a business or group and/or intends to serve or sell food or alcoholic beverages at the event, they must submit a Certificate of Insurance providing proof of a commercial general liability insurance policy or its equivalent, written on an occurrence basis for bodily injury, personal injury, property damage and product liability, with a minimum of \$1,000,000 per occurrence.

If the applicant/event producer intends to display fireworks or pyrotechnics and obtains a Fireworks or Pyrotechnics Permit from the Fire Department or Fire District having jurisdiction, or contracts with a fireworks/pyrotechnic vendor who obtains the required permit, the minimum combined single limit of liability for all displayers is \$1,000,000 per occurrence. This amount may be increased at the discretion of Louisville Metro officials based on potential risk associated with the event. The firm that actually launches the fireworks must provide Certificate of Liability Insurance for \$1,000,000 per occurrence, listing the date(s) of the event, and including Louisville Metro and any Louisville Metro-owned venue's name where the fireworks or pyrotechnics will be displayed, as additionally insureds.

2. **Personal Liability Insurance:** If the applicant/event producer is not a business or group, but is an individual who expects more than 500 attendees at the event and/or intends to serve or sell alcoholic beverages at the event, the applicant/event producer must submit a Certificate of Insurance providing proof of personal liability insurance, through either a homeowners policy or other liability insurance policy, in an amount not less than \$500,000 combined single limit per occurrence.

If alcohol is going to be served or sold by an individual event producer, a Certificate of Insurance must specify that Incidental/Host Liquor Liability coverage for that particular event

and specify the date of the event, unless the individual event producer contracts with a Louisville Metro-approved alcohol vendor to serve or sell alcoholic beverages at the event.

1. **Liquor Legal Liability Insurance:** If the event producer is a business or group and intends to serve or sell alcoholic beverages at an event and is in the business of manufacturing, distributing, selling or serving alcoholic beverages or uses a Louisville Metro-approved alcohol vendor to serve alcoholic beverages, liquor legal liability coverage must be purchased by the actual firm which serves or sells the alcohol. It can be endorsed to the commercial general liability insurance policy or purchased separately. The minimum acceptable limit of liability per claim and aggregate is \$1,000,000.
2. **Host Liquor Liability Coverage:** If the event producer is a business that will serve or sell alcoholic beverages at the event and is not in the business of manufacturing, distributing, selling or serving alcoholic beverages, the event producer's commercial general liability policy (on previous page) should not include the ISO Form CG 21500989 liquor liability exclusion amendatory endorsement, or similar exclusion limiting coverage for serving or selling alcoholic beverages.

All event-related insurance policies must state that Louisville Metro and any Louisville Metro-owned venues hosting an event will be notified at least 30 days in advance of any intent by an insurance company to cancel or not renew an applicant/event producer's insurance coverage.

All event producers and vendors must list Louisville Metro and any Louisville Metro-owned venues hosting an event, as additional insureds on all commercial general liability and liquor legal liability insurance policies.

With reasonable notice to event producers, Louisville Metro reserves the right to require insurance of event producers and/or vendors for activities other than those specifically mentioned, or to increase the minimum acceptable limits of liability.

All Certificates of Insurance required for an event must be submitted to IPL by event producers, along with the event's application for a Special Event Permit.

Approval of insurance by Louisville Metro does not in any way relieve or decrease the insurance liability of an event producer or vendor. Louisville Metro does not represent that the specified limits of liability or coverage or policy forms are sufficient or adequate to protect the interest or liabilities of the event producer or vendor.

All insurance must be placed with insurance companies with an AM Best rating of no less than B+VI, unless special approval is obtained from Louisville Metro's Risk Management Division.

3.13. SPECIAL USE PERMIT POLICY

Individuals or groups requesting special use or reservation of areas, roadways, or facilities not normally reserved in accordance with this policy may make application within the following guidelines for consideration by the Superintendent of Parks & Golf Courses and the Johnson County Park and Recreation District Board.

3.13.1. PROCEDURES

- A. All requests must be submitted in writing no less than 45 days prior to the date requested. Any requests that are received that do not provide a workable timeframe for review and processing will not be considered.
- B. All requests shall contain the following information:
 - 1. Name, address, phone number, and fax number of individual making request. In the case of an organization, the name, address, phone number, and fax number of the organization shall also be submitted.
 - 2. Detail of location or facility(ies) being requested, including dates and times desired.
 - 3. Purpose of the request.
 - 4. Number of participants involved in the Special Use activity
 - 5. Percentage of Johnson County residents attending and/or participating in the Special Use activity.
 - 6. A statement addressing whether or not the planned activity or use is for commercial or profit purposes. Carnivals and gambling will not be allowed.
 - 7. A statement addressing whether or not fees will be collected on site for the Special Use activity. Any proposed fees for participation shall have prior District approval.
 - 8. A statement addressing whether or not the existing facility(ies) will be adequate for the planned usage and, if not, what additional facilities or areas will be needed (i.e., restrooms, parking, tents, electricity, etc.).
- C. Permits will be issued or denied to organizations or individuals based on an appraisal of the information provided and the impact to the area, facility, and adjacent property owners.
- D. All current District Rules and Regulations are to be observed.
- E. The District has authority to cancel the Special Use Permit for any violations of permit requirements or District Rules and Regulations.
- F. The District reserves the right to cancel any permit due to severe or potentially dangerous weather conditions.
- G. Should Park Ranger services be required, a fee shall be assessed for each Park Ranger as per the Fees and Charges/Permits section of this manual.
-  H. The sponsoring individual or agency shall obtain and continuously maintain comprehensive general liability coverage covering the sponsor and the Johnson County Park and Recreation District from liability that may arise from the special event or from any activities or actions pursuant to the special event. Said policy shall be issued by a company duly authorized to do business in the State of Kansas and, if mutual, shall be non-assessable. Said policy shall provide for a liability limit of not less than \$500,000 per accident or occurrence with an aggregate limit of not less than \$1,000,000. The form of the policy shall be acceptable to the District and the sponsor shall provide the District with a copy of the proposed policy for review as soon as possible. The sponsor shall provide the District with a certificate evidencing the issuance of such policy not later than

12 noon two weeks before the event. Failure to provide such insurance coverage shall be grounds for the immediate termination of event approval by the District. Johnson County Park and Recreation District shall be named as a "Certificate Holder," as well as an additionally insured party for the event(s), which shall be noted within the "Description" portion of the Certificate of Insurance.

- I. The District Board will not approve more than a total of one special event per park, per day, utilizing weekdays or weekend days. Priority will be given to events held on weekdays and events that will be completed by 10 a.m. on either weekdays or weekends.
- J. A fee will be charged for each Special Use Permit as per the Fees and Charges/Permits section of this Manual.

The above guidelines apply to all requests other than District-sponsored events. Unusual requests, upon District staff review, may be forwarded to the District Board.

3.13.2. DISTRICT-SPONSORED EVENTS

It is the policy of the Johnson County Park and Recreation District Board to allow exceptions to the Facility Use Policy and the Special Event Area Use Policy when the District is sponsoring or promoting an event. All District-sponsored events will be presented to the District Board for approval. Exceptions for nonprofit groups affiliated with the District by activity or sponsorship will also be approved by the Board following staff review and recommendations.

3.13.3. HELEN S. CUDDY MEMORIAL ROSE GARDEN

Use of the Helen S. Cuddy Memorial Rose Garden is by reservation only. It is the policy of the Johnson County Park and Recreation District that all requests for Special Use Permits for the Rose Garden be submitted in writing to the District Reservationist at 6501 Antioch Road, Shawnee Mission, Kansas 66202.

The guidelines for this area are as follows:

- A. A fee will be charged for each reservation as per the Fees and Charges Permits section of this manual.
- B. All current Johnson County Park and Recreation District Rules and Regulations must be observed.
- C. Each request must include the number of people attending, time of day and date, and the request must be submitted forty-five (45) days prior to the planned event. Any requests that are received that do not provide a workable timeframe for review and processing will not be considered.
- D. The Johnson County Park and Recreation District has authority to cancel the special permit for any violations of permit requirements or District Rules and Regulations.
- E. The District reserves the right to cancel any permit due to severe or potentially dangerous weather conditions. Wedding parties with concerns about inclement weather should be asked to consider reserving a shelter or providing a tent, with the location of tent to be approved by the appropriate Park Manager.
- F. The time frame for each reservation will consist of no more than three (3) hours in length with one (1) hour between reservations.
- G. Park patrons cannot be excluded from the area during the reservation.
- H. The fee does not include the shelter reservation fee (see Fees and Charges Reservations section of this manual). Shelter reservations can be made by calling the District Reservations Office at 913-831-3355, Monday through Friday, 8:30 a.m. to 4:00 p.m. The request for a shelter reservation should not be made until after the Rose Garden reservation has been approved.
