Re: Metering Locust Street between Hitt Street and Waugh Street (CM 3864)

EXECUTIVE SUMMARY:

Staff has prepared for Council consideration an ordinance amending Section 14-414 of the City Code to allow metered parking on the north side of Locust Street between Hitt Street and Waugh Street.

DISCUSSION:

At the June 17, 2013 Council meeting, staff provided a report concerning installing additional parking meters on Locust Street between Hitt and Waugh streets. Staff indicated that a representative of Sacred Heart Church, located at 1115 Locust Street, voiced concerns about possible parking issues once the construction of the nearby apartment building is complete. The block near the church currently has no meters. Staff determined that there was adequate space for ten (10) additional metered parking spaces on the north side of Locust between Hitt Street and Waugh Street. Council directed staff to bring forward an ordinance allowing additional metered parking on Locust Street.

FISCAL IMPACT:

The cost to purchase, ship and install ten meters (4 duplexes and 2 singles), plus painting of stall lines and curbs is \$3,514, and would be paid from the Parking Utility.

VISION IMPACT:

Significant investments in the physical, community, and business environment, as well as the tools to leverage economic strength, will bring vibrancy and diversity of culture, professions, and businesses, and lead to major attractions. People and vehicles will have access to downtown businesses and services and enhance movement within and throughout the downtown area.

SUGGESTED COUNCIL ACTIONS:

Approve the ordinance amending Section 14-414 of the City Code to allow metered parking on the north side of Locust Street between Hitt Street and Waugh Street.
