Agenda Item No:

Re: Missouri Department of Health & Senior Services
Vital Records (Birth and Death Certificate Issuance) Memorandum of Understanding

EXECUTIVE SUMMARY:

A resolution authorizing the City Manager to sign a Memorandum of Understanding between the City of Columbia and the Missouri Department of Health and Senior Services related to the issuance of vital records (birth and death certificates) and the associated information technology activities. The MOU will be effective for the period of September 1, 2013 through August 31, 2014.

DISCUSSION:

This bill will authorize the City Manager to sign a Memorandum of Understanding with the Missouri Department of Health for issuance of computerized birth and death certificates by the Columbia/Boone County Department of Public Health & Human Services.

The City retains the \$15.00 fee for each copy of a computerized birth certificate and the \$13.00 fee for the first copy of each computerized death certificate (\$10.00 for each additional copy requested at the same time) less approximately \$1.46 per transaction. Estimated revenue for FY14 is \$220,000. The monthly transaction fee paid to the state for this program averaged \$889 for FY12.

This program, initiated by the State Health Department, allows local health departments to issue on-the-spot birth and death certificates. This is a considerable improvement over the prior system which required persons needing such documents to fill out a form and mail it to the State Health Department along with the fee. The process often took several weeks. Area residents continue to be pleased with the quick response from this service.

FISCAL IMPACT:

Funding was anticipated during the FY14 budget process.
