Emphasys sole obligation and Licensee's sole remedy under this warranty is for Emphasys, at its option, to provide such services, bug fixes or other modifications it deems appropriate, provide a functional equivalent or reperform services, if: (i) Emphasys receives proper notice of any claimed Software or Cash Management Software Service defect during the warranty period or a claim of defective services or Software under the Plan within 15 business days of the related occurrence. Proper notice includes copies of the data, reports and written procedures documenting the claim. And, (ii) the Licensee is otherwise in compliance with this Agreement and using the current version of the Software in accordance with the Documentation.

In the event that it is not commercially reasonable and technically feasible to perform either (A) or (B), then Emphasys may elect to (C) refund the Licensee (1) the unused portion of the Cash Management Subscription fees, if any, paid to Emphasys for the Software and discontinue Licensee's use of such Software, and/or (2) the portion of the license fee paid to Emphasys less a charge for use by Licensee based on straight line depreciation assuming a useful life of five (5) years, provided that Licensee has returned or destroyed and discontinued its use of such software.

- C. Hardware Recommendation. Emphasys represents and warrants that it has completed a hardware analysis per exhibit A and has determined that the Designated Equipment proposed by Emphasys to Licensee for purchase is sufficient to provide adequate capacity to satisfy the current and projected requirements of Licensee's use of the Software and the Cash Management Software Service for a period of five (5) years. Emphasys has made a good faith effort in evaluating the transaction volumes, transaction densities, desired responsiveness, equipment requirements, and software constraints in determining the capacity of the Designated Equipment. In the event of future software releases, new products or offerings, Emphasys will advise Licensee of any additional required system resources (i.e. additional CPU, disk space, or memory requirements). If, as a result of any future software releases, the recommended configuration proposed by Emphasys is unable to satisfactorily meet the needs of Licensee, Emphasys will pay for any required upgrades to the hardware configuration.
- D. <u>Further Limitations</u>. The limited warranties provided in this Section 5, as limited by other provisions of this Agreement, are non-transferable by Licensee except as set forth below and shall immediately become void in the event of any unauthorized use, modification or repair of the Licensed Products or any part thereof or upon breach by Licensee of any provision of this Agreement which remains uncured after notice and thirty (30) days opportunity to cure. Except as otherwise may be provided in any technical support and maintenance agreement between the parties, Licensee shall pay, at Emphasys' then current rates, for services performed by Emphasys to correct problems or defects not covered by warranty, including, without limitation, those traceable to Licensee's errors.
- E. Should Licensee request Emphasys perform work or services that are not covered by warranty or the Plan or the Cash Management Software Service subscription, including work traceable to Licensee's errors (hereinafter "Special Work"), Emphasys shall notify Licensee in writing that the Special Work is not covered by the warranty or the Plan and shall provide Licensee with a written estimate of the costs associated with the Special Work. Upon Licensee's written notice to proceed with the Special Work, Licensee shall pay, at Emphasys' then current rates, for services performed by Emphasys for the Special Work. All such services will be provided to a specific proposal outlining the

scope of work, time and material rates and delivery schedules. The Agreement for the Special Work shall be authorized either by a written amendment to this Agreement or by a separate written agreement.

6. <u>Indemnification.</u>

- Emphasys hereby agrees to indemnify Licensee against any damages finally awarded against Licensee in connection with a claim that the Licensed Products or Cash Management Software Service directly infringe a United States copyright or patent or other intellectual property rights, provided that: (i) Licensee notifies Emphasys in writing within 30 days of the claim; (ii) Emphasys shall have primary control and authority with respect to the defense, settlement or compromise of the claim(s), provided, however, Emphasys shall obtain Licensee's consent, prior to settling or compromising any claim in the event that Licensee is a named party in such action and the proposed settlement, compromise or resolution of such claim requires any payment from Licensee which will not be indemnified by Emphasys, or any action by Licensee including the cessation of use of the infringing Emphasys Software Product or Cash Management Software Service; and (iii) Licensee provides Emphasys with the required assistance, information and authority. Emphasys shall have no liability for any claim of infringement arising from: (a) any unauthorized use, alteration or modification of the Software including use of the Software in conjunction with products not provided by Emphasys, except such Software identified in the Scope of Work attached to the master agreement between Tyler Technologies, Inc., and Licensee; or, (b) use of a superseded or altered release of the Software if the infringement would have been avoided by the use of a current unaltered release of the Licensed Products.
- B. If the Licensed Products are held or are believed by Emphasys to infringe, Emphasys shall have the option, at its expense, to: (i) modify the Licensed Products and/or Cash Management Software Service to be non-infringing; or, (ii) obtain for Licensee a license to continue using the Licensed Products and/or the Cash Management Software Service. If it is not commercially reasonable to perform either of the above options, then Emphasys may terminate the license for the infringing Licensed Products and/or Cash Management Software Service, and refund License Fees, Cash Management Subscription fees, service fees and Annual Maintenance and Support Plan fees paid for the affected Licensed Products and/or Cash Management Software Service within the past 24 months from the date of the settlement. Licensee shall discontinue use of the Software and/or the Cash Management Software Service.
- C. The provisions of this Section 6 state each party's entire obligation and liability with respect to the infringement of any property right based on the use of the Licensed Products and/or the Cash Management Software Service.
- 7. <u>LIMITATION OF LIABILITY</u>. To the extent a claim arises under warranty, the remedy stated in Section 5 applies. To the extent a claim arises under indemnification, the remedy stated in Section 6 applies. AS TO ALL OTHER CLAIMS, LICENSEE ACKNOWLEDGES THAT POTENTIAL DAMAGES IN ANY PROCEEDING WOULD BE DIFFICULT TO MEASURE WITH CERTAINTY AND THE PARTIES EXPRESSLY AGREE THAT AS A FAIR ASSESSMENT OF POTENTIAL DAMAGES, EMPHASYS AND ITS LICENSOR'S LIABILITY UNDER THIS AGREEMENT, REGARDLESS OF FORM OF ACTION, PROCEEDING OR THEORY OF RECOVERY, SHALL NOT EXCEED 1.5 TIMES THE LICENSE AND SERVICE FEES PAID.

REGARDLESS OF THE FORM OF ACTION, PROCEEDING, OR THEORY OF RECOVERY, NEITHER EMPHASYS NOR ITS LICENSORS SHALL IN ANY MANNER BE LIABLE FOR ANY LOST PROFITS, LOST SAVINGS OR OTHER SPECIAL, INCIDENTAL, CONSEQUENTIAL OR EXEMPLARY DAMAGES, INCLUDING WITHOUT LIMITATION, ANY SUCH DAMAGES ASSESSED AGAINST OR PAID BY LICENSEE TO ANY THIRD PARTY, ARISING OUT OF THE USE, INABILITY TO USE, QUALITY OR PERFORMANCE OF THE LICENSED PRODUCTS PROVIDED, EVEN IF EMPHASYS HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

A. Term.

- 1. Term for Licensed Products License. This Agreement is for a perpetual license for the Licensed Products.
- 2. Term for the Plan. The term on the Plan (the "Plan Term") shall commence upon Final Acceptance of the Software by Licensee (the "Acceptance Date") and shall continue until the date that is one (1) year following the Acceptance Date. Termination of this Agreement shall not relieve Licensee of its obligation to pay for any fees incurred prior to termination nor result in the refund of any fees paid prior to termination.

Upon termination or expiration of this Agreement, provided that Licensee has paid Emphasys all amounts due under this Agreement, performed all obligations required to be performed by Licensee, and is not in material breach of this Agreement, Emphasys shall promptly assist Licensee with the provision of all Licensee data to Licensee as a native database export in a standard excel format or other mutually acceptable format. Emphasys shall be paid all applicable charges for services rendered through final termination of this Agreement and shall be reimbursed its reasonable out-of-pocket costs and expenses incurred in providing such termination assistance.

9. General.

- A. <u>Injunctive Relief.</u> Licensee's breach of any obligation under this Agreement regarding the use, duplication, modification, transfer or confidentiality of the Licensed Products shall entitle Emphasys to injunctive, specific performance or other equitable relief, all without need of bond or undertaking of any nature, Licensee specifically acknowledging that Emphasys' remedies at law under such circumstances would be inadequate.

to its stated intent.

- E. <u>Waiver</u>. Failure to require performance of any provision or waiver of a breach of a provision does not waive a party's right to subsequently required full and proper performance of that provision.
- F. <u>Entire Agreement</u>. This Agreement represents the entire agreement on this subject matter excluding all prior agreements, representations, statements, negotiations, and understandings and provisions in any Orders issued hereunder unless the parties consent in writing. Nothing in this agreement shall be construed to supersede, conflict with or otherwise defeat any provision of the Missouri Revised Statues Chapter 610 Governmental Bodies and Records (Missouri Sunshine Law). If Licensee receives a Sunshine request pertaining to the Emphasys Software Products and/or User Guides, Licensee shall notify Emphasys within 20 days to allow Emphasys to take any action Emphasys deems appropriate or necessary to protect the Emphasys Software Products and/or User Guides.

AGREEMENT

This agreement ("Agreement") is made this 19th day of November 2013 ("Effective Date") by and between Tyler Technologies, Inc., a Delaware corporation with offices at 1 Tyler Drive, Yarmouth, Maine 04096 ("Tyler") and the City of Columbia, a Missouri municipal corporation, with offices at 701 E Broadway, 5th Floor, Columbia, Missouri 65201 ("Client"). Client and Tyler are each individually referred to herein as a "Party" and collectively as the "Parties".

In consideration of the mutual covenants and promises set forth herein, Tyler and Client agree that Tyler shall provide products and services, and Client shall pay prices, as set forth in this Agreement. Tyler shall provide to Client the products, software and services set forth in the Investment Summary which is attached as Exhibit 1 and as further described in the Statement of Work outlined in Exhibit 6, and including the interfaces or data exchanges contained therein.

SECTION A – SOFTWARE LICENSE AGREEMENT

1. License Grant.

- a) Upon the Effective Date, Tyler hereby grants to Client a non-exclusive, non-transferable, royalty-free, revocable license to use the Tyler software products set forth in the investment summary attached hereto as Exhibit 1 ("Investment Summary") and related interfaces identified in the Statement of Work contained in Exhibit 6 and incorporated herein by reference (collectively, the "Tyler Software Products") and Tyler user guides provided in or with the Tyler Software Products ("User Guides") for Client's business purposes only and otherwise subject to the terms and conditions of this Agreement. This license is revocable by Tyler if Client fails to comply with the terms and conditions of this Agreement, including without limitation, Client's failure to timely pay the Software fees in full. Upon Client's payment in full for the Tyler Software Products, this license will become irrevocable, subject to the restrictions on use and other terms set forth in this Agreement.
- b) Tyler shall retain ownership of, including all intellectual property rights in and to, the Tyler Software Products and User Guides.
- c) The Tyler Software Products are not licensed to perform functions or processing for any entity or organization other than the City of Columbia.
- d) The right to transfer the Tyler Software Products to a different environment is included in this Agreement. The Tyler Operating System and Database Administration Support Service (hereinafter, "OSDBA") fee includes remote system transfer service once every two (2) years to migrate the production system to a different environment. Client acknowledges that Tyler's obligation to provide maintenance services on, and the warranty for, the Tyler Software Products is dependent on Client's use of the Tyler Software Products in an environment supported by Tyler.
- e) Client acknowledges and agrees that the Tyler Software Products and User Guides are proprietary to Tyler and have been developed as trade secrets at Tyler's expense. Tyler acknowledges that Client is subject to the Missouri Sunshine Law. The Parties agree that this Agreement shall be interpreted in accordance with the provisions of the Missouri Sunshine Law. If Client receives a Sunshine request pertaining to the Tyler Software Products and/or User Guides, Client shall notify Tyler to allow Tyler to take any action Tyler deems appropriate or necessary to protect the Tyler Software Products and/or User Guides.
- f) Except as provided within the Statement of Work, the Tyler Software Products may not be modified by anyone other than Tyler. If Client modifies the Tyler Software Products without Tyler's prior written consent, Tyler's obligations to provide maintenance services on, and the warranty for, the Tyler Software Products will be void. Client shall not perform decompilation, disassembly, translation or other reverse engineering on the Tyler Software Products.
- g) Client may make copies of the Tyler Software Products for archive and backup purposes only. Client shall repeat any and all proprietary notices on any copy of the Tyler Software Products. Client may make copies of the Tyler User Guides for internal use only.

- h) Tyler maintains an escrow agreement with an escrow services company under which Tyler places the source code of each major release of the Tyler Software Products. The Escrow Agreement is attached as Exhibit 8. At Client's request, Tyler shall add Client as a beneficiary to such escrow agreement. Client will pay the annual beneficiary fees directly to the escrow services company and Tyler shall maintain Client's status as a beneficiary so long as Client is current in the payment of the annual beneficiary fees. Tyler shall notify Client if Tyler's escrow agreement with Iron Mountain Intellectual Property Management, Inc. is terminated.
- 2. <u>License Fees</u>. Client agrees to pay Tyler, and Tyler agrees to accept from Client as payment in full for the license granted herein, the Software fees set forth in the Investment Summary.
- 3. Limited Warranty. For the purposes of this Agreement, a "Defect" is defined as a failure of the Tyler Software Products to substantially conform to the then-current Tyler User Guides and the Functional Specifications set forth in Exhibit 5 ("Functional Specifications"). In the event of conflict between the thencurrent Tyler User Guides and the Functional Specifications, then for a period of five (5) years from the Effective Date the Functional Specifications shall control, thereafter the then-current Tyler User Guides shall control. Tyler agrees that the warranted functionality shall not be removed in future releases of the Tyler Software Products, except in connection with compliance with state or federal mandates, however, Tyler may in such future releases, provide the functionality by a different method, manner, process, or way. A Tyler Software Product is "Defective" if it contains a Defect. For as long as a current Maintenance Agreement is in place, Tyler warrants that the Tyler Software Products will not contain Defects. If the Tyler Software Products do not perform as warranted, Tyler will use reasonable efforts, consistent with industry standards, to cure the Defect in accordance with Tyler's then-current support call process (Tyler's current support call processes are set forth in the documents attached hereto as Exhibit 2 (a) and Exhibit 2 (b)). Should Tyler be unable to cure the Defect or provide a replacement product, Client will be entitled to a refund of the Software fee paid for the Defective Tyler Software Product, as depreciated on a straight-line basis over a seven (7) year period commencing two (2) years from the earlier of 1) the date set forth in the mutually developed Statement of Work for the first productive use of all Tyler Software Products using actual Client Data ("Live Production") of the applicable Tyler Software Product, unless Live Production is delayed by Tyler's failure to perform, in which event the date for Live Production will be postponed the corresponding number of days, or; 2) the first day of Live Production of all applicable Tyler Software Products, which will be Client's sole remedy should Tyler be unable to cure the Defect or provide a replacement product.

4. Intellectual Property Infringement Indemnification.

- a) Tyler's Obligations. To the fullest extent not prohibited by law, Tyler shall indemnify and hold harmless Client, its directors, officers, agents and employees from and against all claims, damages, losses, and expenses (including but not limited to reasonable attorney's fees) arising by reason of any and all claims that a Tyler Software Product, if used within the scope of this Agreement, directly infringes that party's registered United States patent, copyright or trademark issued and existing as of the Effective Date or as of the distribution date of a release to the Tyler Software Product, and will pay the amount of any resulting adverse final judgment issued by a court of competent jurisdiction or of any settlement made by Tyler in writing. Tyler's liability for damages and expenses arising out of an intellectual property infringement claim, whether based on a theory of contract or tort, including negligence and strict liability shall not be limited to the amount of Software fees set forth in the Investment Summary and paid by Client.
- b) Client's Obligations. Tyler obligations in this section are contingent on the Client performing all of the following in connection with any claim as described herein:
 - i. Promptly notifies Tyler in writing of any such claim; and
 - ii. Gives Tyler reasonable cooperation, information, and assistance in connection with the claim; and iii. Should the claims involve all of Tyler's customers, Client consents to Tyler's primary control and authority with respect to the defense, settlement or compromise of the claim(s), provided, however, Tyler shall obtain Client's consent, prior to settling or compromising any claim in the event that Client is a named party in such action and the proposed settlement, compromise or resolution of such claim

requires any payment from Client which will not be indemnified by Tyler, or any action by Client including the cessation of use of the infringing Tyler Software Product.

- c) Exceptions to Tyler's Obligations. Tyler will have no liability hereunder if the claim of infringement or an adverse final judgment rendered by a court of competent jurisdiction results from:
 - i. Client's use of a previous version of a Tyler Software Product and the claim would have been avoided had Client used the current version of the Tyler Software Product;
 - ii. Client's combining the Tyler Software Product with devices or products not provided by Tyler, except those devices or products identified in the Statement of Work;
 - iii. Use of a Tyler Software Product in applications, business environments or processes for which the Tyler Software Product was not designed or contemplated, and where use of the Tyler Software Product outside such application, environment or business process would not have given rise to the claim. This exception shall not apply to those applications, business environments or processes identified by Client in the Statement of Work;
 - iv. Corrections, modifications, alterations or enhancements that Client made to the Tyler Software Product which are not identified in the Statement of Work, and such correction, modification, alteration or enhancement is determined by a court of competent jurisdiction to be a contributing cause of the infringement;
 - v. Use of the Tyler Software Product by any person or entity other than Client or Client's employees, Client's volunteers, or Client's court designated providers and contractors; or
 - vi. Client's willful infringement, including Client's continued use of a Tyler Software Product after a court of competent jurisdiction issues an injunction prohibiting Client's use of such Tyler Software Product.

d) Remedy.

- i. In the event a Tyler Software Product is, by a court of competent jurisdiction, finally determined to be infringing and its use by Client is enjoined, Tyler will, at its election and at its sole expense:
 - (a) Procure for Client the right to continue using the infringing Tyler Software Product;
 - (b) Modify or replace the infringing Tyler Software Product so that it becomes non-infringing; or
 - (c) Terminate Client's license for the infringing Tyler Software Product and refund to Client as follows: If the claim for infringement occurs within two (2) years from the earlier of 1) the date set forth in the mutually developed Statement of Work for Live Production of the applicable Tyler Software Product, unless Live Production is delayed by Tyler's failure to perform, in which event the date for Live Production will be postponed the corresponding number of days, or; 2) the first day of Live Production of the applicable Tyler Software Product, then Tyler will refund to Client all software, professional services fees, and maintenance fees paid by Client. If the claim for infringement occurs thereafter, then Tyler will refund to Client the Software fee paid for the infringing Tyler Software Product as depreciated on a straight-line basis over a seven(7) year period commencing two (2) years from the earlier of 1) the date set forth in the mutually developed Statement of Work for Live Production of the applicable Tyler Software Product, unless Live Production is delayed by Tyler's failure to perform, in which event the date for Live Production will be postponed the corresponding number of days, or; 2) the first day of Live Production of the applicable Tyler Software Product.
- 5. <u>Limitation of Liability</u>. Except for Tyler's indemnification obligations under this Agreement, Tyler shall not be liable for special, indirect, incidental, consequential, or exemplary damages, including, without limitation, any damages resulting from loss of use, loss of data, interruption of business activities, or failure to realize savings arising out of or in connection with the use of the Tyler Software Products. Except as otherwise expressly set forth in this Software License Agreement, Tyler's liability for damages and expenses arising out of this Software License Agreement, whether based on a theory of contract or tort, including negligence and strict liability, will be limited to two (2) times the total fees set forth in the Investment Summary and paid by Client. Such License fees reflect and are set in reliance upon this limitation of liability.

6. Successor Software. As long as Client maintains a continuous Maintenance Agreement with Tyler for each of the Tyler Software Products and (i) in the event a Tyler Software Product is no longer supported, and (ii) Tyler makes available successor software products (e.g., software products based on a new technical architecture) ("Successor Products") with substantially similar price, features, and functionality to the Tyler Software Product within seven (7) years from Phase V Final Acceptance, then Client, at its sole discretion, may transfer the Tyler Software Product to the Successor Products, for no additional license fees. In the event Client elects to transfer the Tyler Software Products to the Successor Products, Client shall return to Tyler the Tyler Software Products and pay the then-current maintenance fees for the Successor Products, fees for services, and fees for third party hardware and software associated with the transfer to the Successor Products Tyler's then current rate(s). There shall be no additional fees for the purchase of the licenses to the Successor Products.

SECTION B - PROFESSIONAL SERVICES AGREEMENT

- 1. <u>Services</u>. Tyler shall provide the services set forth in the Investment Summary at Client's election, including Consulting, Training, Conversion, and other miscellaneous Services.
- 2. Professional Services Fees.
- a) Notwithstanding specific prices to the contrary set forth in the Investment Summary, all Consulting and Training services will be invoiced in half-day and full-day increments.
- b) Expenses will be billed in accordance with the then-current Tyler Business Travel Policy, based on Tyler's usual and customary practices. Copies of receipts will be provided on an exception basis at no charge. Should all receipts for non per diem expenses be requested, an administrative fee will be incurred. Receipts for mileage and miscellaneous items less than five dollars (\$5) are not available.

3. Additional Services.

- a) Training and/or consulting services utilized in excess of those set forth in the Investment Summary and additional related services not set forth in the Investment Summary will be billed at Tyler's then-current rates. Tyler will hold the rates set forth in the Investment Summary in place for sixty (60) months from the Effective Date.
- b) Programming and/or interface quotes are estimates based on Tyler's understanding of the specifications supplied by Client. In the event Client requires additional work performed above the specifications provided, Tyler will submit to Client an amendment containing an estimate of the charges for the additional work. Client will have sixty (60) calendar days from the date the estimate is provided to approve the amendment.
- 4. <u>Limitation of Liability</u>. Except for Liquidated Damages, in no event shall Tyler be liable for special, indirect, incidental, consequential, or exemplary damages, including, without limitation, any damages resulting from loss of use, loss of data, interruption of business activities, or failure to realize savings arising out of or in connection with the provision or quality of the services or the use of the Tyler Software Products. Tyler's liability for damages and expenses arising out of this Professional Services Agreement, whether based on a theory of contract or tort, including negligence and strict liability will be limited to two (2) times the total fees set forth in the Investment Summary and paid by Client. Such fees reflect and are set in reliance upon this limitation of liability.
- 5. <u>Cancellation</u>. In the event Client cancels services less than two (2) weeks in advance, Client is liable to Tyler for (i) all non-refundable expenses incurred by Tyler on Client's behalf; and (ii) daily fees associated with the canceled services if Tyler is unable to re-assign its personnel. Notwithstanding the foregoing, Client shall not be liable to Tyler if the cancellation is due to Tyler's action or inaction.
- 6. Services Warranty. Tyler warrants that it shall perform services in a professional, workmanlike manner,

consistent with industry standards. In the event Tyler provides services that do not conform to this warranty, Tyler will re-perform the services at Tyler's sole expense.

- 7. <u>Personnel</u>. Tyler shall at all times utilize qualified personnel in providing Services to Client. Tyler shall provide Client with the resumes of the members of the Tyler team assigned to Client's project at least two weeks in advance of their start date on the project. In the event Tyler personnel provide services that do not conform to the warranties herein or are otherwise deemed unacceptable to Client, Tyler will be given an opportunity to correct the deficiency. In the event the deficiency persists, the Client may require the removal of personnel in question, however, both Parties shall work towards a mutually agreeable remedy in the event of a change in Project Manager or other personnel, including the effect upon the timelines and milestones set forth in the Statement of Work, the Project Plan, and in any of the Data Exchange Schedules adopted by the Parties pursuant to Section F, and the Project Manager's participation level. Tyler shall perform the services contemplated herein without unreasonably interfering with the activities of the Client's staff or visitors.
- 8. <u>Client Property</u>. All persons working for or on behalf of Tyler whose duties bring them upon the Client's premises shall obey the rules and regulations that are established by the Client and shall comply with the reasonable directions of the Client.
- 9. <u>Hardware Recommendations</u>. Tyler's recommended system configuration and hardware compatibility information for Client's initial installation, planned hardware upgrades and replacements is contained within the Statement of Work, which the City is relying upon given Tyler's experience with similar client situations. By doing so, Tyler warrants that the recommended hardware configuration is sufficient to operate the Tyler Software Products and System Software. In the event the recommended hardware configuration is not sufficient to operate the Tyler Software Products and System Software due solely to factors within Tyler's control, Client may, at its election, invoke the termination for cause provision in Section G (15) (a) or require Tyler to provide the necessary products and services at no cost to Client in order to achieve such operation.
- 10. Project Plan and Acceptance. Tyler will develop a detailed project plan that details both Tyler's and Client's responsibilities as indicated in the Statement of Work ("Project Plan"). The Project Plan should be in sufficient detail to specify the installation, conversion, training, testing, acceptance, and live operation activities. Both Tyler and Client agree that a mutually agreeable Project Plan will be submitted to Client within sixty (60) days of the project kickoff meeting. In the event Tyler is unable to provide the Project Plan within sixty (60) days of the project kickoff meeting, due to Tyler's action or inaction, Client will have at its option, the ability to receive a credit from Tyler in the amount of Five Hundred Dollars (\$500) per business day until the Project Plan is delivered. The Project Plan will also include the criteria by which the Tyler Software Products will be tested and accepted by Client.

11. Acceptance Testing.

a) ERP System Acceptance

- 1) Conditional Acceptance: Upon Tyler's notification that the Tyler Software Products conform to all requirements listed in the Functional Requirements for each application, the Client shall begin testing for the Tyler Software Products scheduled for Live Production in a non-production environment using the test procedures and standards contained in the Statement of Work and the Project Plan, or such other standards as are mutually agreed upon in writing ("User Acceptance Test").
 - (i) The duration of the User Acceptance Test shall be defined in the project plan but will at least provide thirty (30) calendar days.
 - (ii) If the Client determines that a module, component, program modification, or interface, or the ERP System as a whole, does not perform as provided for in this Agreement, the Client shall deliver to Tyler a report describing the discrepancies.
 - (iii) In the event Tyler disagrees with Client's determination that a Software Component or the ERP System as a whole does not perform as provided for in this Agreement, Tyler will invoke

the dispute resolution process set forth herein in Section G, Article 7.

- (iv) Tyler shall correct the errors or defects and the Client may re-perform the User Acceptance Test.
- (v) This procedure shall continue until Conditional Acceptance of the phase has been granted.
- 2) Final Acceptance: Once Conditional Acceptance of the phase has occurred, and the Live Production Date for each phase has been reached, the Client shall begin using Tyler Software Products in a production environment (Live Testing). After Client has operated the Tyler Software Products for ninety (90) consecutive calendar days and there are no reported unresolved Priority 1 or Priority 2 issues ("Acceptance Issues") and all work tasks, deliverables, and milestones as described in the Statement of Work are completed and accepted, Final Acceptance shall be issued by Client.
 - (i) Final acceptance will occur for each phase independently and for the ERP System as a whole (defined as "phase closure and "project closure".)
 - (ii) If Acceptance Issues are resolved within the last fifteen (15) days of the ninety (90) day period, Client will have an additional fifteen (15) days of Live Testing.
- 3) Final Acceptance of the ERP System by the Client will not release Tyler from complying with the warranties and maintenance requirements set forth herein.
- 4) Failure of User Acceptance Testing: If after conducting the User Acceptance Test the Tyler Software Products or the ERP System do not function in compliance with the specifications detailed in the agreement including the Statement of Work and the Functional Requirements or if Tyler fails to materially adhere to these procedures at the Client's reasonable discretion, the Client shall have the option, upon notice to Tyler to:
 - (i) Terminate this entire Agreement for cause in accordance with the provisions of this Agreement in Section G, Article 15 in the event of a Priority 1 issue; or
 - (ii) Accept the Tyler Software Products or ERP System at its then level of performance; or
 - (iii) Permit the User Acceptance Test or Live Testing to be further extended for such period as mutually agreed upon by the parties in writing; or
 - (iv) Accept those modules of the ERP System that pass the acceptance criteria and require Tyler to conform the remaining portions to the requirements of the Agreement; or
 - (v) Pursue such remedies as may be available to Client at law or in equity.

b) Non-ERP System Deliverable Acceptance

- 1) The Client will review, approve and provide written sign-off for all Deliverables and Milestones in the following way:
 - (i) Tyler will submit each deliverable to the Client for review. Upon completion of project Milestones, Tyler shall notify the Client that the Milestone has been completed and will present the Acceptance Form.
 - (ii) The Client will identify in writing any required changes, deficiencies, and/or additions necessary, based on the Deliverable Acceptance Criteria or requirements in the SOW within ten (10) business days of receipt of each draft deliverable.
 - (iii) Tyler will revise each deliverable or re-perform services required for each Milestone based on feedback from the Client and submit a revised version of the deliverable for review and sign-off from the Client. The Client will then review the deliverable and provide any additional comments on any required changes, deficiencies, and/or additions necessary within five (5) business days or receipt of the deliverable or Acceptance Form. This process will be repeated until the Client grants acceptance of the Deliverable or Milestone.
 - (iv) Upon acceptance of the Deliverable or Milestone, the Client Project Manager will sign a Deliverable Acceptance form and shall return it to the Tyler.
- 2) Notification of the lack of action on the acceptance of a Deliverable or Milestone (no signed acceptance or no notification of required changes, deficiencies, and/or additions) will be reported in writing to the Client by the Tyler at the end of the review period following delivery. In the event the extended review period expires without the Client's action to either accept or reject the deliverable, and the Client and Tyler have not mutually agreed upon an extended review period, the deliverable shall be considered accepted.

SECTION C - MAINTENANCE AGREEMENT

1. <u>Scope of Agreement</u>. Client agrees to purchase and Tyler agrees to provide maintenance services for the Tyler Software Products in accordance with the following terms and conditions. It is specifically understood and agreed that this Maintenance Agreement shall extend to interfaces developed by Tyler for the Client which shall be supported as provided herein.

- b) Renewal Maintenance Terms. Software maintenance will renew automatically for additional one (1) year terms at Tyler's then-current Maintenance Fees unless terminated in writing by either party at least thirty (30) days prior to the end of the then-current term, provided, however, that Tyler shall not increase Maintenance Fees for the Tyler Software Products set forth in the Investment Summary more than three percent (3%) for the first annual renewal (the increase will be based on the undiscounted first annual Maintenance Fees); three percent (3%) for the second annual renewal; three percent (3%) for the third annual renewal; three percent (3%) for the fourth annual renewal, five percent (5%) per year for each of the fifth, sixth, seventh, eighth, and ninth annual renewals.  - (i) The duration of the User Acceptance Test shall be defined in the project plan but will at least provide thirty (30) calendar days.
 - (ii) If the Client determines that a module, component, program modification, or interface, the Third Party Product or the ERP System as a whole, does not perform as provided for in this Agreement, the Client shall deliver to Tyler a report describing the discrepancies.

Council Meeting Date:

December 2, 2013

Authorizing a software license and service and maintenance agreement with Emphasys Software for treasury management software for the Columbia Financial Enterprise Resource System (COFERS) Project.

EXECUTIVE SUMMARY:

Staff has prepared for Council consideration an agreement with Emphasys Software for treasury management software to be implemented as part of the Columbia Financial Enterprise Resource System (COFERS) Project.

DISCUSSION:

Council Bills B337-13, B338-13 and R239-13 along with the related memos and documentation provide the detailed background and costs regarding the COFERS project which was approved by Council on November 18, 2013. Treasury and cash management software was included in the agreement with Tyler Technologies as a third party offering by Emphasys Software. The agreement with Tyler includes the license fees for the use of this software along with the services to be provided. However, cash management subscription fees, maintenance and support fees are to be paid directly to Emphasys Software under this proposed agreement. Fees are as follows:

- \$16,600 per year (Desktop and Debt Management)
- -\$18,000 per year (Cash Management)

Implementation of the cash and debt management software is included in Phase 3 of the COFERS project which will occur from April - December, 2015.

FISCAL IMPACT:

No additional appropriation of funds is necessary. Funds were included in Council Bill 338-13 which was approved by Council on November 18, 2013 which appropriated funds for the COFERS project.

VISION IMPACT:

http://www.gocolumbiamo.com/Council/Meetings/visionimpact.php
