Event Description:

I would like to co-host long-board/skateboard races on the top levels of the parking garage located at 5th and Walnut on May 11th with Parks and Rec for Bike Walk Wheel week. I have already spoke with P&R about the event and they are committed as long as I can get it approved the city. I am aware that a city ordinance prohibits the use of skateboards in parking garages downtown but was hoping City Council would make an exception for one day and approve a variance for the event.

If open to the public, please check all methods by which the event is advertised:

- TV
- Internet
- Billboards
- Posters
- Ticket

Other: Bike, walk, wheel week advertisement through P&R. City source etc.

To Whom it May Concern:

GetAbout Columbia in partnership with Columbia Parks and Recreation is promoting a wide variety of activities for Bike, Walk and Wheel Week, May 11 – 18. This letter is a means to pledge promotional support of a longboard skating event as proposed by Chris Bailey and Shane Stander on their recent special event application.

Skateboarding is a healthy physical activity and an ideal form of active transportation for short distances. Longboarding as a means of transportation is an increasing trend among college students and adults across the nation.

In conclusion, I support the efforts of this application to bring awareness to safe, responsible skateboarding in Columbia.

Sincerely,

Janet Godon
