**Council Meeting Date:** October 6, 2014

**Re:** Accepting a Donation of a Timber Bridge from the University of Missouri College of Engineering

## Documents Included With This Agenda Item

Council Memo, Resolution/Ordinance

**Supporting documentation includes:** Images

## Executive Summary

The University of Missouri, through the College of Engineering's Timber Bridge Team, has donated a timber bridge to the City of Columbia (photo attached).

## Discussion

The University of Missouri College of Engineering and the Public Works Department have collaborated over the years on several programs and projects. This year, the MU Timber Bridge Team built a 16-foot pedestrian timber truss for the 2014 National Timber Bridge Design Competition. Earlier this month, Public Works was contacted by the Engineering College inquiring if there was interest in obtaining the timber bridge after the competition (the bridge won 2nd place in the "Best Support Structure" category). Public Works staff contacted the Parks and Recreation department and learned that they had a small waterway crossing need at their Strawn Road Park. The University was in agreement and has donated the structure to the City to be used at this location.

## Fiscal Impact

Short-Term Impact: N/A

Long-Term Impact: N/A

## Vision, Strategic & Comprehensive Plan Impact

Vision Impact: None

Strategic Plan Impact: None

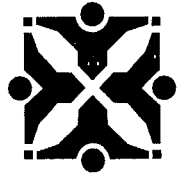

Comprehensive Plan Impact: None

## Suggested Council Action

Accept the donation of the timber bridge from the University of Missouri College of Engineering.
