City of Columbia
701 East Broadway, Columbia, Missouri 65201

Agenda Item Number: R 1-15
Department Source: Parks and Recreation
To: City Council
From: City Manager & Staff
Council Meeting Date: 1/5/2015
Re: Easement Acquisition and Construction: Timberhill Connector to the Hominy Creek Trail

Documents Included With This Agenda Item
Council memo, Resolution/Ordinance
Supporting documentation includes: Plats and Plans, Easement Description

Executive Summary

The Parks and Recreation Department is requesting Council authorization to proceed with the acquisition of an easement to construct a 6' wide concrete trail from Timberhill Street to the Hominy Creek Trail. Staff is also requesting authorization to construct the trail after acquisition of the easement. The proposed 410' trail was requested by residents of the Timberhill neighborhood and will connect the Timberhill neighborhood, as well as future residential and commercial development in the area, to the south of the Hominy Creek Trail. The proposed route crosses one property owned by William and Ruby Riggs. Park staff is currently in negotiations for the easement and believes that the property owners will donate the easement for the construction of the trail. Crockett Engineering has completed the required easement description for the proposed trail. The project, totalling $20,000, will be funded using remaining funds from the Hominy Creek Trail Project. It is anticipated that construction will begin in spring 2015 and be completed using a combination of force account and contract labor.

Discussion

After the completion of the Hominy Creek Trail, the Parks and Recreation Department was contacted by residents of the Timberhill neighborhood in August 2014 about a possible trail connection to the Hominy Creek Trail. Park staff met with representatives of the neighborhood on September 22, 2014 to discuss the proposed trail connector, necessary steps to acquire the easement for the trail and the construction process and timeline. Park staff evaluated potential routes and determined that a 6' wide concrete trail could be constructed on property adjacent to Highway 63 to provide the desired trail access. The connecting trail will provide access to the Timberhill neighborhood and future residential and commercial development to the south of the Hominy Creek Trail.

After determining ownership of the property between the neighborhood and Hominy Creek Trail, staff determined that the department would need to acquire a permanent trail easement to construct the 410' concrete trail on privately-owned property. The property owners, William and Ruby Riggs, met
with staff and has had email correspondence with park staff since September 2014. The Riggs family is very receptive to the proposed trail on their property and are willing to work with the department for a possible donation of the easement. Crockett Engineering has prepared the necessary easement paperwork for the property and park staff has completed proposed plans for the location of the connector trail.

Once the permanent trail easement has been acquired, park staff will use a combination of contract and force account labor to construct the connector trail from Timberhill Street to the Hominy Creek Trail. The 6’ wide concrete trail will be constructed using contract labor, and park staff will complete all necessary backfilling and seeding to complete the project. Park staff also anticipates that the property owners will request the installation of estate fencing along their property on Timberhill Road to eliminate vehicle traffic on the property from individuals accessing the Hominy Creek Trail. The total project budget is $20,000 and will be funded by remaining funds in the Hominy Creek Trail Project account. Staff anticipates that the trail will be completed by summer 2015.

### Fiscal Impact

Short-Term Impact: Park staff is in negotiation with the property owners and believes that there is a strong possibility that the property owner will donate the trail easement. Staff estimates that the proposed trail connector will have a total project cost of $20,000 and will be funded by remaining funds in the Hominy Creek Trail Project account.

Long-Term Impact: Staff anticipates minimal annual maintenance cost due to the trail being constructed in concrete.

### Vision, Strategic & Comprehensive Plan Impact

**Vision Impact:** Parks, Recreation and Greenways  
**Strategic Plan Impact:** Economic Development, Health, Safety and Wellbeing, Infrastructure  
**Comprehensive Plan Impact:** Mobility, Connectivity, and Accessibility, Livable & Sustainable Communities

### Suggested Council Action

Approve the resolution to set the public hearing and approve the ordinance authorizing the acquisition the trail easement and construction of the Timberhill Connector for the Hominy Creek Trail.

### Legislative History

Ordinance # 20732, 9/7/2010 - Council approval to acquire easements for construction of Hominy Trail Phase I  
Ordinance # 20731, 9/7/2010 - Council authorization to construct the Hominy Trail Phase I

A RESOLUTION

declaring the necessity for construction of the Timberhill Street connector to the Hominy Creek Trail; stating the nature of and the estimate of the cost of the improvement; providing for payment for the improvement; providing for compliance with the prevailing wage law; and setting a public hearing.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF COLUMBIA, MISSOURI, AS FOLLOWS:

SECTION 1. The City Council deems the construction of a six-foot wide concrete connector from Timberhill Street to the Hominy Creek Trail and the installation of estate fencing necessary to the welfare and improvement of the City.

SECTION 2. The nature and scope of the improvement shall consist of furnishing all labor, materials, transportation, insurance and all other items, accessories and incidentals thereto necessary for the complete construction of the improvements.

SECTION 3. The estimated cost of this improvement is $20,000.00.

SECTION 4. Payment for this improvement shall be made from Park Sales Tax funds and such other funds as may be lawfully appropriated.

SECTION 5. Any work done in connection with the construction of the improvement specified above shall be in compliance with the provisions of the prevailing wage laws of the State of Missouri.

SECTION 6. A public hearing in respect to this improvement will be held in the Council Chamber of the City Hall Building, 701 E. Broadway, Columbia, Missouri, at 7:00 p.m. on January 20, 2015. The City Clerk shall cause notice of this hearing to be published in a newspaper published in the City.

ADOPTED this _____ day of ___________________________, 2015.
