Re: Appropriation of one half of FY 2014 General Fund savings

#### **Documents Included With This Agenda Item**

Council memo, Resolution/Ordinance

Supporting documentation includes: List of Department Savings

#### **Executive Summary**

Staff has prepared for Council consideration an ordinance appropriating 50% of the FY 2014 General Fund savings back to departments based on their proportion of the total savings for FY 2014.

#### Discussion

The Council approved an Incentive Based Budgeting initiative in March, 2013 to provide an incentive for general fund departments to not spend all of their budget each year. In years when there are savings in the general fund, one half of the savings will go back to departments based on the proportion of the savings they generated. These savings can only be spent on one-time expenses since the savings may not occur in future years. The other half of the general fund savings is allocated by the City Council. The funds are set up in project accounts which allow funds to be carried into the next year if they are not completely spent. There were general fund savings allocated in FY 2012. There were no savings to allocate in FY 2013.

The General Fund savings for FY 2014 is \$4,166,988, of which 50% of that savings, \$2,083,494, goes back to the departments for one time purchases.

#### Fiscal Impact

Short-Term Impact: The General Fund reserve will be reduced for FY 2015, but it will still be significantly above the 20% policy.

Long-Term Impact: None

#### Vision, Strategic & Comprehensive Plan Impact

Vision Impact: Not Applicable

<u>Strategic Plan Impact:</u> Financial Health <u>Comprehensive Plan Impact:</u> Not Applicable
