BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBIA, MISSOURI, AS FOLLOWS:

#### **ARTICLE 1: PREAMBLE**

It is the purpose of this Ordinance to achieve and maintain harmonious relations between the City of Columbia, hereinafter referred to as the City or the Employer or Management, and the Columbia Professional Fire Fighters, Local 1055 of the International Association of Fire Fighters, hereinafter referred to as the Union or the Employee(s), to provide for an equitable and peaceful resolution of any differences which may arise.

The Employer will not discriminate because of participation in or affiliation with any labor organization.

#### **ARTICLE 2: RECOGNITION**

The Employer recognizes the Union as defined April 18, 1978, Public Case No. 1977-008, by the Missouri State Board of Mediation or as may be modified by court action, as the recognized bargaining agent of all full-time permanent bona fide City Firefighters assigned to the position classifications of Firefighter through Captain. Specifically excluded from the bargaining unit shall be the classifications of Battalion Chief, Division Chief, Assistant Fire Chief, Deputy Chief, and Fire Chief.

#### **ARTICLE 3: RESERVED MANAGEMENT RIGHTS**

The City possesses the sole right to operate the Fire Department and all management rights repose to the City as defined in Chapter 19 of the Code of Ordinances.

#### **ARTICLE 4: DUES CHECK OFF**

- A. Once a month, the Employer is to deduct the Union membership fees and dues from those employees who individually authorize in writing that such deductions be

made. All authorizations delivered to the Employer prior to the first day of the month are to be effective during the succeeding month.

- B. Dues are to be deducted from the first paycheck of each month and are to be remitted for deposit directly to the Union's General Fund with an itemized statement being sent to the Union Treasurer within fifteen (15) days after the deductions have been made.
- C. The City is to deduct, as a service fee, ten (10) cents per participating employee per month from the total monthly remittance to the Union's General Fund.
- D. An employee may cancel or revoke the authorization for check off deductions by written notice to the Employer and the Union. The cancellation is to become effective one month subsequent to the request for such cancellation.
- E. The City is to annually supply each Fire Department employee represented by the Union two (2) wallet-size shift calendars and with two (2) letter-size calendars.

#### **ARTICLE 5: UNION BUSINESS**

- A. Employees elected to Union Office may be granted a reasonable amount of on-duty time, (as agreed by Management) to investigate matters relating to the administration of this ordinance, Chapter 19 of the Code of Ordinances and Department rules and regulations, or for resolving complaints and grievances, provided that such time does not detract from normally assigned duties and does not require replacement of such Union representative.
- B. The Union's negotiating team will not suffer loss of pay to attend meetings mutually set by the Employer and the Union.
- C. The Union president and two members of the Union's negotiating team may be allowed, while on duty, to meet with City Council regarding Meet and Confer sessions with the City, provided such absence does not affect the effectiveness and efficiency of the Fire Department operation as determined by the Fire Chief or his/her authorized representative.
- D. There will be no discrimination by the Employer against any employee because of membership in the Union.

#### **ARTICLE 6: RULES AND REGULATIONS**

- A. Departmental Operational Bulletins that affect working conditions and performance are subject to the grievance procedure set forth in Chapter 19 of the Code of Ordinances.

- B. Except in cases of emergency, unless the Union requests to meet with the Fire Chief to discuss the proposed changes or additions within the ten (10) calendar day period, such changes or additions to the Operational Bulletins will become effective as proposed.
- C. At the request of the Union, the Fire Chief may meet with Union representatives to discuss changes or additions to the Fire Department Operational Bulletins submitted by the Chief or proposed by the Union.

## **ARTICLE 7: WAGES**

The wage schedule of Fire Department employees is set forth in the City's pay plan ordinance, a copy of which is to be made available at each fire station.

## **ARTICLE 8: EMERGENCY RECALL**

In an emergency requiring the recall of off-duty personnel, the primary task is to establish an effective fire fighting mechanism (personnel and equipment) in the shortest amount of time. Such circumstances are relatively rare and, therefore, overtime equalization need not be considered. In emergencies, the Fire Chief or his/her designee may employ any available mechanism to locate and press into service off-duty personnel appropriate to the needs of the department. All available means of communication may be used to accomplish this goal. Emergency recall is to follow guidelines as set forth in Fire Department Operational Bulletins.

- A. **MINIMUM CALL-IN COMPENSATION:** All employees covered by the terms of the Ordinance who are called back to work from off duty shall be paid for a minimum of three hours. If more than one call is received, the employee shall continue to earn pay in addition to the first three hours minimum; however, if the employee is required to work a total of three hours or more, the standard pay provisions shall apply. Only one minimum three-hour call-in allowance shall be provided per day.

Compensation for employees called to an emergency begins at the time they have arrived at the station where their fire fighting gear is located or their assigned location for that emergency, whichever can be accomplished sooner.

## **ARTICLE 9: NORMAL STAFFING**

The normal minimum staffing levels for Columbia Fire units are to follow guidelines as set forth in Fire Department Operational Bulletins.

## **ARTICLE 10: WORK SCHEDULE**

- A. The work schedule and assignments continue to be a management right. From time to time new assignments and reassignments are required. However, advance notice to employees is considered. The fifty six (56) hour employees currently work

an FLSA schedule of 27 day work period and shall be paid at one and one half times the regular rate of pay for overtime for all hours worked in excess of 204 hours during the work period. Currently, fifty-six (56) hour employees are divided into three (3) shifts and work a rotating schedule of 24 hours on duty and 24 hours off duty for three (3) duty tours followed by four (4) days off. The schedule is illustrated below with an "X" representing a 24 hour duty day and an "O" representing an off duty day.

(X O X O X O O O O)

Forty (40) hour employees work a seven (7) day work schedule beginning 7:00 a.m. on Sunday morning and paid at one and one half times the regular rate of pay for overtime for all hours worked in excess of forty (40) hours during the work period.

- B. Forty (40) hour employees shall be subject to standby/on-call provisions as defined by Chapter 19 of the City Code of Ordinances, Section 19-97.
- C. Three (3) employees may utilize vacation each day subject to the following conditions:
  - 1. The employee must be a fifty-six (56) hour employee and is limited to the employee's initial vacation picks only.
  - 2. Any vacation day not picked as "three off" initially will revert to the rule of two.
  - 3. If a vacation day is picked as an initial pick, and then turned back in, three (3) employees can still be on vacation that day because it was planned for.

## **ARTICLE 11: INJURY LEAVE**

Injury leave is to cover injuries to employees who are performing tasks on the emergency scene or participating in fire fighter training. Employees are reminded that Section 19-130 of the City Code, paragraphs (n) and (o) apply to injury and sick leave. To help clarify the intent of Section 19-130, some examples are in order. - B. **INJURIES NOT APPROPRIATE FOR INJURY LEAVE:** An injury resulting from entering or exiting a Fire Department vehicle during routine, non-emergency conditions; a fall at a fire station, a training facility, or administrative office; injuries resulting from vehicle accidents occurring while not traveling in an emergency

mode; cuts, scrapes, bruises, etc., while performing routine office tasks, writing reports, etc.

## **ARTICLE 12: SENIORITY**

- A. Seniority is defined as the length of continuous service with the Columbia Fire Department since date of most recent hire to a permanent position.
- B. Seniority for employees hired the same day, attending basic recruit school on or after October 1, 1985, is to be determined by final class standing upon graduation from basic recruit school. Final class standing is to be determined by total point accumulation for all applicable tests. #### **ARTICLE 14: EXCHANGE OF WORKING HOURS (TRADING TIME)**

- A. Employees employed in the same capacity may agree (solely at their option and) with the approval of the Fire Chief or his/her designee, to substitute for one another during scheduled work hours. The hours such employee worked as a substitute shall be excluded by the City in the calculation of the hours for which the employee is entitled to overtime compensation. Where one employee substitutes for another, each employee will be credited as if he or she had worked his or her normal work schedule for that shift.
- B. Trade time requests are to be made on the Request for Substitution of Exchange of Time form as soon in advance of the requested substitution as possible. The employee is to be notified, as soon as possible, if the request is approved or denied by the employee's Chief Officer or the Chief Officer's designee.
- C. It is the responsibility of the employee requesting the trade time to see that the substitute employee reports for duty at the proper time and location, unless the employee has secured the signature of the substitute on the Request for Exchange of Time form and the trade time has been approved by the duty Division Chief or his/her designee.
- D. An employee may trade time if it is determined the employee will be late for work. This trade time is subject to the approval of the Division Chief or the Division Chief's designee.

Should an employee, who has signed the appropriate form, become injured within five (5) calendar days prior to the date of the trade time, that employee will be responsible for securing another to fill-in during their absence. If no one can be found to work by the injured employee, that employee will be allowed to use vacation or sick leave from their accrued account to cover the traded shift.
- F. Trading is a privilege granted by the Fire Chief to shift personnel and is to be used responsibly. Consideration should be given to scheduled training and company obligations. Abuse of this privilege could result in specific trades being denied, loss of pay, or the loss of this privilege by the abusing employee for a determined amount of time.

- G. At the time an employee is promoted or demoted, that employee has seven (7) calendar days to notify the employee's Division Chief of outstanding trade time obligations. The employee has ninety (90) calendar days to resolve any out-of-rank trade time debits. Trade times beyond ninety (90) calendar days will require the Fire Chief's prior approval.

When a final selection is made by the Fire Chief, all candidates are to be notified of the selection by the Chief or the candidate's department designee.

## **ARTICLE 17: TRAINING**

Outdoor training is not to occur under inappropriate or unreasonable conditions. The Fire Chief, or the Chief's designee, will determine if conditions are appropriate for training.
