Executive Summary

Authorizing the acquisition of necessary easements for construction of the Peach Tree Connector and Water Quality Feature project, as shown on the attached site location map. A public hearing was held on June 1, 2015.

Discussion

The City of Columbia entered into a development agreement with Jeffrey E. Smith Investment Company on December 22, 2011 involving a new development located at the southeast corner of Nifong Boulevard and Bethel Street. The development agreement was amended on August 17, 2015 to extend the project completion date from October 3, 2015 to October 3, 2018.

As outlined in that development agreement, the City is responsible for designing a new east-west connector roadway, called Nova Way, from Peach Tree Drive to the proposed Aurora Drive and a stormwater quality feature. Additionally, the City is responsible for construction of the water quality feature and sidewalks along Nifong Boulevard, from Bethel Street to the proposed Aurora Drive.

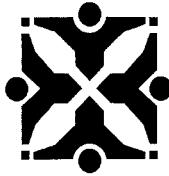

Two permanent street easements and two temporary construction easements are needed from two property owners. The City's obligation for design and construction of this project is estimated to cost \$267,350. Construction is scheduled to begin May of 2016.

Fiscal Impact

Short-Term Impact: The total construction concept cost estimate for this project is \$773,500. The City's obligation includes engineering design and construction of a water quality feature at an estimated cost of \$191,643 to be paid from stormwater utility funds. Construction of the sidewalks is estimated to cost \$75,707 to be paid from the annual sidewalk project. The City's total obligation for this project is \$267,350.

City of Columbia

701 East Broadway, Columbia, Missouri 65201

Long-Term Impact: Approximately 1,000 linear feet of roadway and 2,000 linear feet of sidewalk will be constructed between the previously platted Aurora Drive and the east/west connector street to be named Nova Way; and 1,250 feet of sidewalk along Nifong Boulevard. This new street, sidewalk, and stormwater quality feature will be maintained by the City at an estimated cost of \$12,100 annually.

Vision, Strategic & Comprehensive Plan Impact

Vision Impact: Environment, Transportation

Strategic Plan Impact: Infrastructure...Connecting the Community

Comprehensive Plan Impact: Infrastructure, Mobility, Connectivity, and Accessibility

Suggested Council Action

AN ORDINANCE

declaring the need to acquire easements for construction of a stormwater quality feature, construction of a sidewalk along a portion of the south side of Nifong Boulevard between the proposed Aurora Drive and Bethel Road, construction of sidewalks along both sides of the proposed Aurora Drive, and the design of a new east-west connector roadway from Peach Tree Drive to the proposed Aurora Drive; authorizing acquisition by negotiation or, if necessary, by condemnation; authorizing the City Manager to obtain and execute all instruments necessary for acquisition of such land; and fixing the time when this ordinance shall become effective.

WHEREAS, the Constitution and Statutes of the State of Missouri and the Home Rule Charter for the City of Columbia, Missouri, authorize the City Council to exercise the power of eminent domain, within or without the City, and among other things, to acquire, and maintain any property, real or personal within or without the City for all public uses or purposes, and to acquire, receive and hold any estate or interest in any such property; and

WHEREAS, the Council deems it necessary for the welfare and improvement of the City and in the public interest that certain private property be acquired by negotiation or by condemnation for public improvement.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBIA, MISSOURI, AS FOLLOWS:

SECTION 1. The City Council hereby declares the need to acquire easements for the construction of a stormwater quality feature, construction of a sidewalk along a portion of the south side of Nifong Boulevard between the proposed Aurora Drive and Bethel Road, construction of sidewalks along both sides of the proposed Aurora Drive, and the design of a new east-west connector roadway from Peach Tree Drive to the proposed Aurora Drive, described as follows:
