Re: Gold Route Apartment Agreement for 2013 Spring Semester

EXECUTIVE SUMMARY:

Staff has prepared for Council consideration a Resolution authorizing an agreement with *The Reserve at Columbia* for transportation services via the Gold Route, for the spring semester. The Gold Route has been very successful, with a total ridership of 649,119 for the 2011/2012 school year.

DISCUSSION:

Columbia Transit provides public transportation service to several apartment complexes along Old Highway 63, which cater primarily to college students. These complexes enable their tenants to board the bus "free at the farebox," by contracting with the City. The semester passes are issued to the apartment complexes to provide to their tenants. Any other transit rider would pay the normal applicable fare as they board the bus, or may purchase an applicable pass from Columbia Transit. Services are only provided during the University of Missouri's fall and spring semesters; no summer service is provided.

The agreement with *The Reserve at Columbia*, for transportation services, is for the spring semester only at a cost of \$41,148, or \$62.34 per bed. These agreements allow Columbia Transit better planning opportunities and the ability to more efficiently manage its resources.

FISCAL IMPACT:

The Reserve at Columbia will pay the City \$41,148 (660 beds @ \$62.34) for the spring semester. The combined contractual fees do not pay all associated operational expenses, but do significantly increase the revenue for the routes. In addition, they allow Columbia Transit to provide a service which removes hundreds of private cars from the City roadways each day.

VISION IMPACT:

<http://www.gocolumbiamo.com/Council/Meetings/visionimpact.php>

An efficient, innovative, accessible public and human services transportation system will be fully integrated with all other forms of transportation in Colombia and surrounding communities. It will be possible for all residents to live easily in Columbia.

Expand the public transit system, and identify and fill in existing gaps in that system to include longer hours of service, more frequent service, and greater coverage of the city.

SUGGESTED COUNCIL ACTIONS:

Approve the resolution authorizing the City Manager to execute the agreement with *The Reserve at Columbia* for transportation services.
