Downtown Charrette Overview and Recap:

Mr. Gray gives update on charrette meetings thus far. Ms. Bourne notes the models seemed to be well received. Seems to be a lot of input from the community, good feedback. Open house is tomorrow at 5 p.m. with more stakeholder meetings Thursday and Friday.

Other Items:

H3 scheduled to be back July 6th and 7th for a final presentation. July meeting will address priorities from the report to recommend to council. A formal presentation will be made by H3 to City Council at the July 6th meeting. Mr. Steinhaus notes that we should publicize this as much as possible.

Mr. St. Romaine will be asked to have the CMO intern update our facebook page with the H3 presentation from CityStream link once it's available.

Mr. TK Livingston asks about THELA membership on this council. Mr. Gray and Mr. Teddy explain that City Council defeated the recommendation and that a new bill will be introduced which incorporates the proposed changes to Chapter 2 as previously voted on and approved by this body. Mr. Livingston noted he felt this committee was being underhanded

or sneaky. Mr. Gray told him that all the meetings are open to the public and that the agenda and minutes are posted on line.

Public Comments:

Ms. Carrie Gartner notes her appreciation of how open the entire charrette process has been. She notes she has a great display area with the windows at the Special Business District office that she would be willing to let us use for extra signage or to post the results of the charrette. Mr. Gray notes he will check into extra maps going there.
