Q18. Funding for capital improvements for parks, trails, recreation facilities and green space preservation comes from a dedicated 1/8-cent Park Sales Tax that was approved by voters in 2000 for a 5 year period and was renewed in 2005 for an additional 5 years. This tax amounts to 12.5-cents for every \$100 spent and is scheduled to expire March 2011. A vote to renew will not increase your taxes. Renewing the tax at its current rate would allow Columbia to continue to protect open space, acquire and develop parkland, and renovate and maintain the condition of existing parks, trails, and recreation facilities. Knowing this, how supportive are you of renewing the 1/8-cent Park Sales Tax for the same period of five years? (without "no response")

Q19. The current 1/8-cent Park Sales Tax was passed for a five year period. The longer the funding period, the more improvements can be made to the parks and recreation system, including open space preservation. Knowing that, how supportive would you be of renewing the 1/8-cent Park Sales Tax for a ten(10) year period? (without "no response")
