New Restrooms to be Installed at Park Facilities and Trail Points

Some park and trail users may experience delays on Friday, November 16 when five new, prefabricated restrooms are installed at some of Columbia's recreational facilities.

The parking lots at the MKT Trail access points on Forum Boulevard and Scott Boulevard will be closed to trail users starting at 7 p.m. on November 15 through part of the day on November 16. The lots must be closed to allow crews and a crane enough space to place the restrooms. The lots will be reopened as quickly as possible.

New restrooms will also be placed at Kiwanis Park, Fairview Park and Lake of the Woods Golf Course. Those facilities will remain open, although park users and golfers may not have full access to all park amenities at all times.

For more information, call Parks and Recreation at 874-7460.
