

Interested Parties Meeting – 14th of October, 2015
for
Lake of the Woods
Golf Course Clubhouse Renovation

Please comment on what you like or dislike about the proposed clubhouse improvements?

Appears to be a waste of money. The present clubhouse is just fine.

It looks nice! Take some of the money and put it back into improving the course!!!

I like the style of the retail area. Also, the idea of the Columbia Golf Wall of Fame. However, I do believe the TV should stay on the same wall that it is now and shouldn't be moved.

I like the changes to the 19th Hole and retail area. The extra storage space will be nice.

What additions or changes would you like to see for the proposed clubhouse improvements:

Lockers and Showers

I would like to see the concession/control area be a little bigger for the workers.

Control/concessions is very small. I would be claustrophobic if I worked behind there.
