Re: 2011 Specification and Standards Update  
Addendum #2 Changes

To: Whom it May Concern

The City of Columbia adopted new Street, Storm Sewer, and Sanitary Sewer Specifications and Standards on January 1, 2012. Since then, some items have been brought forward to staff for clarification and requests for modifications. The second addendum to the original adopted standards will take effect as of today; August 2, 2013. These changes will be posted on the City's website:
