

A Guide to Recycling in Mid-Missouri

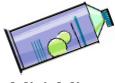

Serving Audrain, Boone, Callaway, Cole, Cooper, Howard, Moniteau, and Osage Counties.

This guide lists outlets within Mid-Missouri (Region H) for many items that can be recycled.

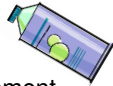

- **Please Call First.** There may be specific requirements or fees regarding the items accepted.
- **Only recycle clean materials.** Soiled recyclables contaminate equipment, people and the end product.
- **Don't see what you're looking for?** See page 13 for a resource from MDNR
- **Call the District office** at 573-874-7574 if:
 - You need help recycling items that are not listed.
 - You would like your business' recycling efforts listed here.

Rechargeable Battery Tips

1. Follow the manufacturer's instructions. There are specific charging recommendations for each product prior to use.
2. Never return a fully-charged battery to the charger for an extra boost. This will actually shorten the life of the battery.
3. Do not leave your rechargeable battery in the charger when not charging.
4. Let a discharged battery cool to room temperature before recharging.
5. Recharge batteries only when they are near to fully discharged.
6. When they no longer hold a charge and it's time to buy a replacement rechargeable battery, make sure to recycle your old one!

Have Medicine?

DO NOT FLUSH!!!!

1. Place the contents in a large plastic container (detergent or soda bottle)
2. Put a small amount of water in to dissolve the medicine
3. Add a thickening agent (flour, saw dust, cat litter etc.)
4. Recap and seal with duct tape - Place in trash just prior to pick up

*Blister packs - wrap in duct tape, place in plastic bottle and seal again with duct tape

Metal Recycling Facts

- Recycling one ton of steel saves 2,500 lbs of iron ore, 1,000 lbs of coal and 40 lbs of limestone.
- Recycling one pound of steel conserves enough energy to light a 60 watt light bulb for more than a day.

 All Plastics except Film (bags) and vinyl

Plastic Facts

- Americans use 2,500,000 plastic bottles every hour. Most of them are thrown away.
- Plastic bags and other plastic garbage that make their way to the ocean kill as many as 1,000,000 sea creatures every year.
- Recycling plastic saves twice as much energy as burning it in an incinerator would create.
- Americans throw away 25,000,000,000 Styrofoam coffee cups every year.

What kind of plastic is it?

Is it Plastic Film?

Can you ball it up like paper? It is film, another name for plastic bags. No matter what the bag says, or the number printed on it, plastic shopping bags (film) can only be recycled with other plastic film. This type of material is usually collected by grocery stores and should not be recycled with other types of plastics.

Not Film? What number is it?

There are many different types of plastics used to make containers; some are easier to recycle than others. These differences mean that communities can only recycle certain types of plastic. The type of plastic is usually marked on the bottom of the container and looks like this:

The presence of this symbol does not mean that the container can be recycled in your community. The number in the center is the key. Contact your recycler to find out which numbers they recycle.

Hint:

Lids to containers are usually a different type of plastic. Check the lids for their own

Don't see what you trying to recycle? You can also view MDNR's Material Management Directory and search by material or location. Visit dnr.mo.gov/env/swmp/rrr/waste-mgmt-directory.htm

ABOUT THE REGION H MID-MISSOURI SLID WASTE MANAGEMENT DISTRICT

- MMSWMD provides planning, technical, and financial support in solid waste management for the eight county region. This includes Audrain, Boone, Callaway, Cole, Cooper, Howard, Moniteau and Osage Counties.
- MMSWMD has a grant program to help cities, counties, and private organizations, both for-profit and nonprofit, pay for equipment and supplies to initiate or expand recycling, composting, and other waste minimization activities.
 - MMSWMD also conducts one day collection events for household hazardous waste (HHW), electronic waste, scrap tires and appliances, and performs on-site tire cleanups.
- For more information visit www.mmswmd.org
