CITY OF COLUMBIA, MISSOURI

INTRODUCTORY SECTION

CITY OF COLUMBIA, MISSOURI

FINANCE DEPARTMENT
ADMINISTRATION

February 3, 2010

Honorable Mayor, City Council, City Manager, and the Citizens of the City of Columbia:

Introduction

Management Responsibility

The Comprehensive Annual Financial Report (CAFR) of the City of Columbia, Missouri (the City) is submitted for your review in compliance with the provisions of Article II, Section 17 of the City Charter. This CAFR was prepared by the staff of the Finance Department in close cooperation with the external auditor, McGladrey and Pullen LLP. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City. We believe the data, as presented, is accurate in all material aspects, that it is presented in a manner designed to fairly set forth the financial activity of its various funds and that all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial affairs have been included. Management's Discussion and Analysis ("MD&A") immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

The Financial Reporting Entity

The Governmental Accounting Standards Board has established the criteria to determine the financial reporting entity for a municipal government's financial report. Therefore, the City used these criteria to examine the relationship of the City to other associated but legally separate entities, to determine if their inclusion in this report would be necessary to fairly present the financial position of the City. This criteria generally has to do with financial benefit or burden, and levels of influence over the activities of these organizations.

The financial reporting entity includes all funds of the City. This financial report does not include the Columbia Regional Library District, the Columbia Housing Authority or the City of Columbia New Century Fund, Inc. For a more detailed explanation of the relationship to these entities, refer to footnote number one in the Notes to the Basic Financial Statements on page 43.

Government Structure

The City of Columbia is a constitutional home rule charter city and was organized in 1892 pursuant to the laws of the State of Missouri. The City is governed by a home rule charter and has a Council-Manager, non-partisan form of government which was adopted in 1949. The Mayor and six council members are elected for three year staggered terms with two council members elected each year. The City is divided into six wards, with one council member representing each ward and the Mayor being elected at large.

Columbia is a full service City which provides not only the traditional basic services such as public safety, public works and planning, but also a wide variety of enterprise activities. Columbia provides a majority of utility services including water, electricity, solid waste, and sanitary sewers. Additionally, Columbia operates three transportation enterprises: the regional airport, public transportation and railroad operations. It is this comprehensive service approach that allows Columbia to be responsive to the community while managing growth in a professional and fiscally responsible manner.

Economic Condition and Outlook

The City of Columbia is located in Boone County in the central portion of the State of Missouri. The City's central location serves as a crossroad for travelers going east and west on Interstate 70 and north and south on U.S. 63. Columbia has excellent transportation resources being serviced by the Columbia Regional Airport, Columbia Terminal Railroad, Columbia Area Transit System and two intrastate bus services. The City encompasses approximately 60 square miles and has a current estimated population of approximately 100,000.

The City is the location of the main campus of the University of Missouri, Columbia College, and Stephens College. Approximately 45,358 students attend these institutions of higher education during the regular school year. In addition to higher education, Columbia is also a regional medical center with eight hospitals. Insurance is a major business operation in the City with home offices of Shelter Insurance Companies, the Columbia Insurance Group, and a regional office of State Farm Insurance Company. Columbia is a regional shopping area for central Missouri with 16 shopping centers. Other area industry consists of printing, structural metal fabrication, structural materials production, electronic products, auto parts and food processing.

All of these activities have given Columbia a fairly stable employment base. Public education (including the University) and government comprise over 33% of all non-farm employment and are four of the top ten employers in the Columbia area. Service industries provide approximately 37% of non-farm employment with the medical industry comprising two of the top ten employers. The retailing industry is also strong providing approximately 16% of the employment in the area. The unemployment rate in Columbia, approximately 5.9% in 2009, has been well below the national average of approximately 10%.

Long-Term Financial Planning

The City of Columbia has a number of forecasting tools for long term financial planning. The 3 to 5 year model utilized for the General Fund is updated throughout the year to not only determine possible adjustments that may be necessary to the current year's budget, but to also determine what effects those changes may have in future years. In addition, the City utilizes cost of service models developed by consultants to assist in the long term planning for our enterprise activities. The City's larger internal service funds have developed three year business plans in an effort to keep charges to city departments competitive.

Due to the economic downturn, staff shared these forecasts with the Council earlier and more often during fiscal year 2009. Six different work sessions were held with the City Council during the last nine months of the fiscal year to keep Council informed and to allow the Council to provide additional information regarding service levels to our citizens. During this process, Council agreed to create a reserve in excess of 16% of expenditures as outlined in the City's policy resolution. This will allow the City to be more flexible in responding to the forecasted budget deficits in 2010 – 2013. The City is continuing this process in fiscal year 2010.

Major Initiatives

Like many municipalities, 2009 presented a number of challenges for the City of Columbia. The national economic downturn has affected the local economy and resulted in a decline in resources available to provide even the most basic services. Unlike other communities, the City reduced expenditures mid year to adjust for declining revenues by holding vacancies and postponing equipment purchases. Staff was able to do this with minimal effect on our citizens.

The City continues to work with its partners at the University of Missouri, Boone County and REDI (Regional Economic Development Inc.) to make long-term investments for the public good. These efforts resulted in the restructuring of the REDI operations with the hiring of a new Economic Development Director and continued support for our local social service programs.

City staff continued to work with our Visioning Partners and consultant to develop an implementation plan centered around the thirteen community vision statements identified by the process. An inventory of current resources has been completed and the final plan was presented to Council in fiscal year 2009. The final product is a community vision of Columbia

through the next fifteen years. The complete vision report including goals, strategies, action plans, appendices and implementation supplement is available at www.gocolumbiamo.com (click on Community Visioning.)

Staff completed work on the City's pay and classification plan for employees during 2009 during which time the City completely revised its employee evaluation process. A talent strategy committee has been formed to help insure the workforce, both now and in the future is trained and capable to effectively provide the products and services directed by the City Council and instill a culture of "hire to departure" learning environment within City government.

Other Information

Independent Audit

The State of Missouri statutes require an annual audit of all funds of the City. The firm of McGladrey and Pullen LLP has included its opinion in this report.

Certificate of Achievement

We believe this report meets and conforms to the very high standards of the Government Finance Officers Association (GFOA) of the United States and Canada for financial reporting of state and local governments. The City of Columbia, Missouri has received a Certificate of Achievement for Excellence in Financial Reporting for each of the last thirty years, and we believe our current report continues to conform to the Certificate of Achievement Program requirements.

We will be submitting this report to GFOA to determine its eligibility for another certificate because a Certificate of Achievement is valid for a one-year period only. In order to be awarded a Certificate, the financial report must satisfy accounting principles and must be organized to strict program standards. Such reports must also satisfy applicable legal requirements.

Finally, I would like to say the preparation of the Comprehensive Annual Financial Report could not have been accomplished without the dedicated staff of the Finance Department, especially personnel in the Accounting Division who actually compiled the report. Appreciation is also extended to the Mayor, the City Council, and the City Manager, for their part in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

**Lori B. Fleming
Director of Finance**

Independent Auditor's Report

To the Honorable Mayor and
Members of the City Council of the
City of Columbia, Missouri
Columbia, Missouri

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Columbia, Missouri, as of and for the year ended September 30, 2009, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Columbia, Missouri as of September 30, 2009, and the respective changes in financial position and the cash flows where applicable thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note I.D. 17, and in finding 09-II-A of our consideration of the City's internal control over financial reporting referenced below, the City of Columbia, Missouri restated beginning fund balance and net assets to correct the recording of accounts receivable, deferred revenue and revenue relating to certain revenue sources of the City.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 29, 2010 on our consideration of the City of Columbia, Missouri's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis on pages 9 through 17, the budgetary comparison information on pages 91 through 93, and the schedules of funding progress and schedules of employer contributions on pages 94 and 95 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Columbia, Missouri's basic financial statements. The combining and individual nonmajor fund financial statements and other schedules, listed in the table of contents as supplementary information, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The accompanying introductory and statistical sections, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. This information has not been subjected to the auditing procedures applied in our audit of the basic financial statements and, accordingly, we express no opinion on them.

McGladrey & Pullen, LLP

Kansas City, Missouri
January 29, 2010

CITY OF COLUMBIA, MISSOURI

MANAGEMENT'S DISCUSSION AND ANALYSIS

City of Columbia, Missouri Management's Discussion and Analysis

This discussion and analysis is meant to provide an objective and easily readable analysis of the City's financial activities based on current facts and conditions. Please read this in conjunction with the accompanying transmittal letter and basic financial statements.

Fiscal Year Highlights

Columbia continues to be a growing city. However the recent economic downturn has slowed growth considerably. The City provides a full range of governmental and proprietary services that include ten enterprise activities.

- Tax revenues declined in fiscal year 2009, particularly in sales taxes and gross receipts taxes. Spending controls were implemented to minimize the effect of sales taxes not meeting budget projections.
- For the second year in a row, a decline in developer donated infrastructure accounted for a portion of the reductions in capital grants and contributions program revenues in both governmental and business-type activities.
- Charges for services in business-type activities increased \$6,108,858 or 4% as the City continued implementation of the cost of service studies for the Electric, Water, Sewer and Solid Waste utilities.
- The Finance Advisory and Audit Committee, a Council appointed group of citizen volunteers, completed the initial phase of reviewing the City's governmental revenues and will be making a preliminary recommendation to the City Council for any long term change in composition. Council asked the committee to continue a review of a use tax.
- The City's total net assets increased \$34,298,128 or 4.7%. Governmental activities net assets increased \$25,871,151 or 7.4% while business-type activities net assets increased \$8,426,977 or 2.3%. Total unrestricted net assets increased \$1,334,770.
- The City continued to fully fund its OPEB liability associated with retiree health insurance subsidies as well as make all required contributions to its pension plans.

The Comprehensive Annual Financial Report

This comprehensive annual financial report consists of six parts:

- Introductory section, which includes the transmittal letter and general information,
- Management's discussion and analysis (this part),
- The basic financial statements, which include the government-wide and the fund financial statements, along with the notes to the basic financial statements,
- Required supplementary information,
- Combining statements for non-major governmental funds, non-major enterprise funds, internal service funds, and fiduciary funds, and
- Statistical section

The basic financial statements present two kinds of information. The government-wide financial statements provide both long-term and short-term information about the City's overall financial status. These statements are prepared on a full accrual basis to present information in a more corporate-like presentation. Fund financial statements are included to provide useful information on individual parts of the government. More relevant detail is provided by distinct presentation of major funds in the basic financial statements, rather than summaries by total fund types.

Government-Wide Financial Statements

The basic financial statements include two government-wide financial statements: the statement of net assets and the statement of activities. These statements can be found on pages 21 to 23. The government-wide financial statements report information about the City as a whole using accounting methods similar to those used by the private sector.

The statement of net assets and statement of activities divide the City into the following:

- **Governmental activities** – All of the City’s basic services are considered to be governmental activities, including public safety, public works, health, parks, planning, cultural and economic development and general administration. These activities are supported primarily with general City revenue such as sales taxes, gross receipts taxes, P.I.L.O.T., property taxes, fines and specific program revenue like permit fees and grants.
- **Business-type activities** – All the City’s enterprise activities are included here. These operations derive revenues from charges for services that are intended to recoup the full cost of operations. Three of these operations require subsidies from tax revenue (airport, transit and recreation services).

The City does not include any component units in its financial statements.

Fund Financial Statements

Another major section of the basic financial statements is the fund financial statements. These statements are on pages 24 to 37. The fund financial statements provide detailed information about each of the City’s most significant funds, called “major funds”. All “non-major” funds are summarized and presented in a single column.

The City has three kinds of funds:

- **Governmental funds** – Most of the City’s basic services are included in governmental funds. These fund statements are prepared on a modified accrual basis, which means they measure only current financial resources and uses. Capital assets and other long-lived assets, along with long-term liabilities, are not presented in the governmental fund statements. Because this information does not encompass the long-term focus of the government-wide financial statements, additional information is provided on pages 25 and 27 to explain the differences between them.
- **Proprietary funds** – These statements include both enterprise funds and internal service funds. Statements are prepared on the full accrual basis and include all their assets and liabilities, current and long-term. This is the same basis used in the government-wide financial statements.
- **Fiduciary funds** - These statements include activity of funds that report trust responsibilities of the City. These funds are summarized by type: pension, other employee benefit and private purpose trust. These assets are restricted in purpose and do not represent discretionary assets of the City. Therefore, these assets are not presented as a part of the government-wide financial statements.

Schedule of Net Assets

The following table reflects the condensed schedule of net assets as of September 30, 2009 and 2008:

City of Columbia's Net Assets

	Governmental Activities		Business-type Activities		Total	
	2009	2008	2009	2008	2009	2008
Current and other assets	\$ 164,955,937	173,497,266	\$ 194,072,184	161,699,940	\$ 359,028,121	335,197,206
Capital assets	294,461,875	253,508,148	426,993,961	415,599,294	721,455,836	669,107,442
Total assets	459,417,812	427,005,414	621,066,145	577,299,234	1,080,483,957	1,004,304,648
Long-term liabilities	56,823,973	60,056,816	215,456,013	182,764,659	272,279,986	242,821,475
Other liabilities	26,907,832	17,133,742	22,803,358	20,154,778	49,711,190	37,288,520
Total liabilities	83,731,805	77,190,558	238,259,371	202,919,437	321,991,176	280,109,995
Net assets						
Invested in capital assets, net of related debt	260,097,787	244,275,475	283,331,995	276,597,165	543,429,782	520,872,640
Restricted	80,373,047	72,819,079	13,979,258	11,127,010	94,352,305	83,946,089
Unrestricted	35,215,173	32,720,302	85,495,521	86,655,622	120,710,694	119,375,924
Total net assets	\$ 375,686,007	349,814,856	\$ 382,806,774	374,379,797	\$ 758,492,781	724,194,653

A review of the government-wide financial statement of net assets reveals the following:

Total assets for the City as a whole are \$1,080,483,957, an increase of \$76,179,309. Governmental activities total assets increased only \$32,412,398. Governmental activities current assets actually decreased \$8,541,329 primarily due to a decrease in cash in the Capital Projects fund as the city increases activity on capital projects as outlined in the Capital Improvement Plan. Business-type activities total assets increased \$43,766,911. Both current and capital assets in business-type activities increased in the current fiscal year. Total capital assets increased \$52,348,394. Of this amount, \$40,953,727 was in governmental activities (primarily in street infrastructure and the new government center) and \$11,394,667 for business-type activities.

Overall the City experienced an increase in liabilities of \$41,881,181. The increase of \$29,458,511 in long-term liabilities is due to the issuance of debt. In 2009 business activity debt was issued for the Water, Parking and Sewer utilities. Other liabilities increased \$12,422,670 most of which occurred in governmental activities due to the unearned revenue liability for the property tax receivable. The city restated fiscal year 2008 numbers due to a change in revenue recognition. Other liabilities increased for business-type activities by \$2,648,580, which is a result of increases in construction contracts payable and a pollution remediation liability of approximately \$783,925 due to implementation of GASB 49.

Total net assets for the City as a whole are \$758,492,781, an increase of \$34,298,128 or 4.7%. Governmental activities total net assets increased \$25,871,151 and business-type activities total net assets increased \$8,426,977, increases of 7.4% and 2.3%, respectively. Governmental net assets invested in capital assets net of related debt increased \$15,822,312 due primarily to streets donated by developers. Restricted net assets increased \$10,406,216, primarily in governmental activities. Total unrestricted net assets had a small increase over fiscal year 2008 of \$1,334,770.

Schedule of Activities

The following table reflects the revenues and expenses for the City's activities for the year ended September 30, 2009 and 2008:

City of Columbia's Schedule of Activities

	Governmental Activities		Business-type Activities		Total	
	2009	2008	2009	2008	2009	2008
Revenues:						
Program revenues:						
Charges for services	\$ 10,982,979	9,917,029	\$ 161,036,946	154,928,088	\$ 172,019,925	164,845,117
Grants and contributions	7,410,843	7,777,301	2,026,465	1,588,506	9,437,308	9,365,807
Capital grants and contributions	15,608,834	28,476,557	2,476,997	4,366,361	18,085,831	32,842,918
General revenues:						
Property taxes	10,703,734	10,724,486	-	-	10,703,734	10,724,486
Sales tax	37,615,054	38,669,141	-	-	37,615,054	38,669,141
Other taxes	13,557,057	13,687,438	-	-	13,557,057	13,687,438

The government-wide statement of activities indicates the major sources of program revenues are charges for services which increased by 4.4%. Rate increases and customer growth in the City's Water, Electric and Sewer Utilities account for most of this increase. The City's enterprise operations continue to experience growth in their customer bases, however the rate of growth has declined. Charges for services for governmental activities increased by \$1,065,950 primarily due to Health and Planning fee increases implemented during 2009.

Total revenues decreased \$12,485,677 or 4.3% for 2009 due to the significant decrease in capital contributions. Government-wide, capital grants and contributions decreased \$14,757,087 mostly due to the decrease in infrastructure donated by developers. Governmental activities accepted approximately \$5.7 million in capital contributions in FY 2009 a decrease of \$9.3 million from 2008. The value of donated water and sewer lines also declined from 2008 due to the slowdown in private development activities in 2009. Operating grants and contributions for fiscal year 2009 are essentially the same as fiscal year 2008.

Total governmental activities general revenues experienced a decrease of 4.9%. Miscellaneous other revenue decreased \$2,595,043 primarily due to the receipt of a settlement with wireless communication providers in fiscal year 2008. Sales tax is the most significant general revenue. Columbia experienced a \$1,054,087 decrease in sales tax revenue which is a (2.7%) change. Staff continues to closely monitor the monthly sales tax files provided by the state. Business-type revenues grew by less than 2% due to the decrease in capital contributions. Charges for service grew 3.9% due to rate increases and small growth in customer base.

Four of the ten business-type activities show program revenue in excess of expenses. The City budgets for subsidies or transfers to the Public Transportation, Recreation Services and Airport Funds. The City is currently reviewing the need to adjust rates in the Storm Water utility. The City maintains appropriate reserves in all of the business-type activity funds.

Total program expenses for FY 2009 are \$244,859,568, an increase of 5.7%. The majority of these expenses, \$159,824,773, are for business-type activities. Business-type activity expenses increased 7%. The most significant increases were in Electric, Water and Sewer funds. Solid Waste fund expenses decreased in 2009, mainly due to the decrease in fuel costs. Governmental activities program expenses increased 3.2%. The most significant increases are in interest on long term debt of 34% due to special obligation bonds that were issued mid year in 2008 to finance the Downtown Government Center, Transportation increases of 10.8% and an increase in Public Safety of 5.1%. Policy development and administration expenses decreased approximately \$1.3 million. Most of this decrease relates to favorable claims experience in the Self Insurance fund.

Net transfers from business-type activities to governmental activities were \$6,110,870. However, the City transferred over \$5.6 million in general funds and transportation sales tax funds to support the operations of various business-type activities. For purposes of the government-wide financial statements, over \$11.5 million in payment in lieu of tax funds that are paid by the Water and Electric Utilities to the general fund are included as transfers. Detail of individual transfers can be found in the notes to the financial statements.

The City did not have any special or extraordinary items in FY 2009.

Fund Statements

The City's fund statements can be found on pages 24 to 37 of the basic financial statements. A reconciliation to the government-wide financial statements has been provided with these fund statements. The proprietary funds ended FY 2009 with an increase in net assets. The governmental funds ended FY2009 with a decrease in fund balance.

Undesignated general fund balance is 23.6% of expenditures and transfers, well above the 16% target set by Council policy. It is the City's policy to designate the portion of fund balance that has been appropriated as revenue for the FY 2009 budget. The City had budgeted for the use of over \$4.9 million in appropriated fund balance for FY 2009 and designated only \$3.6 million for use in FY 2010. Staff has forecast the need to utilize fund balance for the next several years. Council decided during the fiscal 2010 budget process to keep reserve levels above the 16% required by Council policy to have funds available for future years. Care is taken to identify capital or other one time uses when the amount of appropriated fund balance increases substantially.

Overall revenues and transfers into the general fund exceeded budget by approximately \$1.5 million. Grant revenues account for most of this difference. Sales tax receipts were \$853,803 below budget. It should be noted that for budget purposes, Payment in Lieu of Tax from the Water & Electric fund is treated as a revenue, while generally accepted accounting principles require that it be recognized as a transfer from other funds. General fund revenues excluding appropriated fund balance and transfers decreased \$3,526,980 or 6.2%. The overall property tax rate

remained constant at 41 cents. The City experienced a decrease in sales tax over FY 2008. Significant decreases occurred in miscellaneous revenues due to the settlement with wireless communication providers in 2008.

General fund expenditures were \$8.3 million under budget for FY 2009 with over \$1.9 million in policy development and administration related to the non motorized grant activity. Of the total amount, over \$4 million has been encumbered to be spent in FY 2010. The City encumbered funds but postponed the purchase of police vehicles and several other large equipment purchases until 2010 to make sure revenues and expenditures did not vary significantly from the amounts budgeted. General fund expenditures, including transfers, increased \$3.1 million or 4.4%. The largest dollar increase was in the area of public safety at \$2.3 million or 6.6% mostly in police and fire personnel costs. Transportation also increased over \$883,000 or 11.4% and includes administration of the non motorized grant activities.

Overall, total non-major governmental funds fund balance decreased by \$776,353 primarily due to restatement of fund balance. Capital projects fund balance decreased by over \$19.5 million as the City completes projects funded through bond proceeds.

A review of the net assets of the proprietary funds indicates that all funds have positive unrestricted net assets. Operating revenues and operating expenses increased for the City's enterprise funds in FY 2009 by 4.0% and 6.6%, respectively. Power costs increased \$4.6 million, or 7.6%. The change in net assets of \$8,426,977 was a decrease of \$7,512,229 from the \$15,939,206 increase in 2008. The City's enterprise funds continue to experience limited growth in customer base. Several of the City's internal service funds experienced losses for FY 2009. All of the losses were budgeted as the accumulated balances were above those required to operate on a break even basis. Rate increases to user departments were budgeted in FY 2010 for most of the internal service funds to ensure net assets remain at appropriate levels.

The City implemented a 5% rate increase in electric rates, a 5.5% increase in water rates, and a 15% increase in sewer rates in 2009. Total production cost for the electric utility increased approximately \$5.1 million primarily due to new contracts for purchased power. Columbia continues to have very competitive utility rates for our region.

Budget Variances

It is the City's policy to allow departments to carry forward the budget allocation for project funds or for items that are encumbered at fiscal year end and will be expensed in the subsequent fiscal year. The FY 2009 final budget for the general fund includes approximately \$4.4 million of funds carried forward from FY 2008. The remaining increases in the FY 2009 budget were for grants and contributions received during the year. These grants and contributions also increased the general fund revenue budget for FY 2009. These changes are not expected to affect future budgets.

Overall, the general fund ended FY 2009 with favorable budget variances for revenues, expenditures and transfers of \$9.9 million. As stated earlier, current economic conditions caused sales taxes to fall \$853,803 short of budget projections. General property taxes and other local tax revenues ended the year with a 3.3% favorable variance. Revenue from other governmental units (Grants) indicate a \$1.37 million favorable variance due to a multi year non motorized grant that is on a reimbursement basis.

General fund expenditures were \$8.3 million under budget for FY 2009. As sales taxes continued to decline during the year, the City Manager requested departments to implement cost saving measures that would allow for this significant amount to remain unspent and build reserves for use in future budgets. The largest savings were obtained from the Streets and Sidewalk and Traffic divisions of approximately \$2.3 million from supplies and contracts for street maintenance activities. The Police department did not purchase replacement vehicles for a saving of almost \$700,000 and saved another \$860,000 in personnel vacancies and supplies. Of the \$8.3 million under budget, over

\$3.6 million has been encumbered to be spent in FY 2010. Typically, the City anticipates expenditures to end the year between 3% and 6% below budget.

Major Capital Asset Events FY09

- Construction of the new government center was nearing completion with move-in scheduled for early 2010.
- The new Fire Station #7 in southwest Columbia was completed at a cost of approximately \$2.1 million. This project was funded by the extension of the ¼ cent capital sales tax approved by voters in November, 2005.
- Construction of Fire Station #9 in northwest Columbia was well underway at fiscal year end. This project was also funded by the extension of the ¼ cent capital sales tax approved by voters in November, 2005.
- The \$1.5 million police training facility was essentially complete with the official opening scheduled for mid-November 2009.
- Highway 763 expansion, a joint project of the City, Boone County and the State of Missouri was nearing completion at September 30. City funding includes ¼ cent capital sales tax.
- Engineering for several improvement projects funded by the federal Non-motorized Grant continued. Intersection improvements at Providence and Stadium, Providence and Stewart and Stadium and Forum were completed.
- Construction began on the \$16 million Scott Blvd. widening project funded by a federal grant along with state and city funding.
- Construction continues on the Vandiver Ramp to Mexico Gravel Road project funded in part by the extended ¼ cent capital sales tax approved by voters in 2005.
- The Providence Road extension from Vandiver to Blue Ridge was nearing completion at fiscal year end. Funding for this project was provided in part by a federal grant and ¼ cent capital sales tax.
- Engineering continued for the Waste Water Treatment Plant Expansion. In 2008 voters authorized \$77 million in bonds for constructing improvements to the waste water treatment facility and sanitary sewer collection system. Construction is scheduled to begin in early 2010.
- Construction began on the 5th and Walnut parking garage funded by a \$13,030,000 Build America Bond issue.

Additional information on the City's capital assets can be found in Note VI on pages 58-60 of this report.

Debt Administration

The City's debt issues are discussed in Note IX on pages 65-74 of this report. Please refer to it for additional information. The City had three debt issuances in 2009. The City issued \$13,030,000 in Special Obligation Build America Bonds for the construction of a parking garage at 5th and Walnut. The debt payments will be funded through revenues generated by the Parking Utility for space rental and meter collections. The Water and Electric Utility issued \$16,725,000 in Revenue Bonds for improvements to the water distribution system. The Sanitary Sewer Utility issued \$10,405,000 in Revenue Build America Bonds for the acquisition, construction and equipment for improvements, additions and enlargements of the City's Sewer System. Debt payments for the Water and Electric and Sewer Utilities have been programmed in their cost of service study used to set rates.

The notes to the financial statements are an integral part of this statement.

**CITY OF COLUMBIA, MISSOURI
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2009**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds \$ (20,552,225)

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Additionally, contributions of capital assets to the City are recorded as capital contributions on the Statement of Activities. This is the amount by which capital outlays and capital contributions, meeting the capitalization threshold, exceeded depreciation expense in the current year. Details of the reported amounts are as follows:

Capital outlay	42,008,951	
Capital contribution	5,724,514	
Loss on disposal of capital assets	(300,465)	
Change in net capital assets internal services fund	131,565	
Depreciation expense	<u>(6,610,838)</u>	40,953,727

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. 1,178,668

The repayment of the principal of long-term debt consumes the current financial resources of governmental funds. 3,205,000

Bond proceeds provide current financial resources to governmental funds; however issuing debt increases long-term liabilities in the Statement of Net Assets:

Amortized deferred amount on refunding	(9,996)	
Amortized issue costs on Notes Payable	(9,861)	
Amortized issue costs on Bonds Payable	(36,716)	
Amortized premium on Bonds Payable	<u>129,161</u>	72,588

In the Statement of Activities compensated absences is accrued whereas in the Governmental Funds an expenditure is reported when due and matured. (147,894)

In the Statement of Activities interest is accrued whereas in the Governmental Funds an expenditure is reported when due. 22,309

Internal service funds are used by the City to charge the costs of custodial maintenance, information services, public communications, fleet operations, self insurance, and employee benefits to individual funds. The net revenue of certain activities of internal service funds is reported with governmental activities. (see page 51) 1,138,978

Change in net assets of governmental activities \$ 25,871,151

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies employed in the preparation of the accompanying financial statements.

A. Reporting Entity

The City of Columbia (the City) operates under a City Manager/Council, home rule charter form of government. The City's Basic Financial Statements include the accounts of all City operations: Policy Development and Administration, Public Safety, Transportation, Health and Environment, and Personal Development. Enterprise operations owned by the City include a Water and Electric Utility, Sanitary Sewer Utility, Regional Airport, Public Transportation System, Solid Waste Collection Operation, Parking Facilities, Recreation Services, Railroad System and Storm Water System.

The City's relationship to other legally separate organizations has been examined to determine if their inclusion in the City's basic financial statements is necessary to fairly present the financial position and activities of the City. The criteria used in this determination included an examination of the nature and significance of the organization's relationship with the City, financial benefit or burden to the City, the ability of the City Council to appoint members of the entity's governing board, and the level of influence the City has over the activities of the organization. Based on these criteria, the following related organizations have been excluded from the accompanying financial statements:

Columbia Regional Library District (Library District) - The City's Mayor appoints all members to the Library District's board on a staggering-term basis (appointments do not correspond to the mayoral term), and a board member cannot be removed except for specific acts (illegal acts, etc.). The Library District is able to establish and approve its own budget and legally set its own tax rates. Therefore, although the City appoints all members of the Library District's board, the entity is able to act independently without City oversight.

Columbia Housing Authority (Authority) - This entity is similar to the Columbia Regional Library District. The City's Mayor appoints members of the Authority's board with the same restrictions, and cannot remove members without cause. The Authority establishes its own budgets, and is financed with federal funds and rentals. Operations are administered by the Authority without City oversight.

City of Columbia New Century Fund, Inc. (Foundation) - The Foundation is a legally separate, tax-exempt entity that acts primarily as a fund-raising organization to solicit contributions for the betterment of the City. The five member Board is appointed by the City Council to serve a one-year term. No board member is allowed to serve more than five terms on the Board. Although the City does not control the timing or amount of receipts from the Foundation, the majority of resources, or incomes thereon that the Foundation holds and invests are restricted to the activities of the City by the donors. However, the accumulation of restricted resources and the support given during the current year are not significant to the City.

B. Government-Wide and Fund Financial Accounting

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the City. The effect of interfund activities has been removed from these statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external parties.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements and the private purpose trust fund financial statements. Agency funds adhere to the accrual basis of accounting and do not have a measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The financial statements for the pension and other post employment benefits trust funds are prepared using economic resources measurement focus and the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to each plan are recognized when due, as the City has a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, interest and principal on general long-term debt is recognized when due, or when payments are due early in the next fiscal year, and the advance of resources to the debt service fund is mandatory, and debt service expenditures are recognized before year-end to match the resources provided for these payments.

Property tax, sales tax, gasoline tax, motor vehicle tax, interest, and revenues from other governmental units associated with the current fiscal period are all considered to be susceptible to accrual and so they have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *capital projects fund* is used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

The government reports the following major proprietary funds:

The *water and electric utility fund* accounts for the billing and collection of charges for water and electric service for most city residents. Revenues are used to pay for both operating expenses and capital expenditures to maintain these services.

The *sanitary sewer utility fund* is used to account for the provision of sanitary sewer services to the residents of the city and a limited number of customers outside the city limits. All activities necessary to provide such services are accounted for in this fund.

The *solid waste utility fund* accounts for the provision of solid waste collection and operation of the landfill and Material Recovery Facility.

Additionally, the government reports the following fund types:

Internal service funds account for custodial and maintenance services, utility customer services, information technologies, public communications, fleet operations, self-insurance reserves and employee benefits for covered employees, provided to other departments or agencies of the government, or to other governments, on a cost reimbursement basis.

The *pension and other post employment benefits trust funds* are used to account for the accumulation of resources for pension benefit payments to qualified police and firefighter personnel and to account for the accumulation of resources for post employment benefits to qualified plan participants.

The *private purpose trust funds* are used to account for resources held by the City in a trustee capacity for the payment of food and medical expenses of indigent persons of the City and as an agent to account for REDI (Regional Economic Development, Inc.) transactions.

Agency funds account for resources held by the City in a trustee capacity for the transportation development districts.

The City applies all applicable pronouncements of the Financial Accounting Standards Board (FASB) in accounting and reporting for proprietary activities issued on or before November 30, 1989, unless these pronouncements conflict with applicable Governmental Accounting Standards Board (GASB) guidance as prescribed by GASB Statement No. 20. No pronouncements of the FASB issued after November 30, 1989 have been adopted.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements except for interfund services provided and used.

Amounts reported as program revenues include 1) charges to customers or applications for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Federal SO2 allowances that are sold represent allowances not required for use in the normal operation of the Electric Utility; therefore sales of allowances are classified as nonoperating revenue.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, and then unrestricted resources as they are needed.

D. Assets, Liabilities, and Net Assets or Equity

1. Pooled Cash and Marketable Securities

Cash resources of certain individual funds are combined to form a pool of cash and investments. Interest income earned as a result of pooling is distributed to the appropriate funds based on the ending monthly balance of cash and marketable securities of each fund.

When a fund overdraws its share of pooled cash, the overdraft is reported as an interfund payable in that fund, and an interfund receivable in the General Fund. At September 30, 2009 \$9,112 had been reclassified due to a fund overdraft in the Park Sales Tax Fund, a special revenue fund.

Investments are reported at fair value in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, which establishes fair values for certain investments and in accordance with City policy. The fair values are based on quoted market prices.

Collateral is required for demand deposits and certificates of deposit. The fair value of the collateral must equal 100% of the value of the investment in excess of deposit insurance. Obligations that may be pledged as collateral are of the same type as authorized for investment by the City. All legal requirements were met during the year ended September 30, 2009.

Obligations pledged to secure deposits are delivered to the custodial bank. Written custodial agreements are required that provide that the collateral securities be held separate from the assets of the custodial bank.

Repurchase agreements are purchased from brokers and local banks. Securities underlying a repurchase agreement must have a fair value of at least 100% of the cost of the repurchase agreement. No substitution of securities is permitted. Securities underlying overnight repurchase agreements are held as collateral in the Federal Reserve Bank. For bank repurchase agreements, the securities are not held in the City's name but are pledged against the repurchase agreement pool held by the dealer bank. For broker repurchase agreements, the securities are held in the City's name.

2. Unbilled Revenue

The City records as accounts receivable in the Enterprise Fund financial statements the amount of accrued, but unbilled revenue for the Water and Electric Utility, Sanitary Sewer Utility, and Solid Waste Funds and non major governmental fund-Storm Water Utility Fund, determined by prorating actual subsequent billings.

3. Tax Bills Receivable

Special assessment tax bills are sold at book value, without recourse, to the Designated Loan and Special Tax Bill Investment Fund (a non-major governmental fund) when the special assessment project is completed. These tax bills are reported as tax bills receivable in the Designated Loan and Special Tax Bill Investment Fund.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

4. Inventories

Inventories are adjusted to annual and periodic physical counts and are valued at cost utilizing the following methods of valuation:

Enterprise Funds - weighted average and first-in, first-out
Internal Service Funds - first-in, first-out

5. Pension Trust Funds' Investments

The Police and Firefighters' Retirement Funds, pension trust funds, are invested in U.S. Treasury, agency and instrumentalities obligations, government national mortgage certificates, and preferred and common stocks and bonds. These investments are reported at fair value, which is based on quoted market prices.

6. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

In accordance with GASB Statement No. 34, general government infrastructure assets (streets, bridges, sidewalks) have been capitalized retroactively to 1980 at historical cost.

The costs of normal maintenance and repairs that do not enhance functionality or materially extend the life of an asset are not capitalized.

Capital assets, with two exceptions, are depreciated using the straight-line method over the following estimated useful lives:

Buildings	40 years
Structures & Improvements	20-50 years
Air Easements	35 years
Mains & Sewers	99 years
Streets, Bridges, Sidewalks	50 years
Furniture and Other Equipment	10-20 years
Vehicles	2-10 years
Computer Equipment	5 years
Software	3 years

Water and Electric assets are depreciated using estimated useful lives established by the Federal Energy Regulatory Commission. Landfill cells are depreciated using the units of consumption method.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

7. Property Tax Revenue Recognition

Property tax revenue is recognized independent of receivable recognition in the fiscal year for which the taxes have been levied (budgeted). Delinquent taxes expected to be received later than 60 days after the close of the fiscal year are classified as deferred revenue within the governmental fund financial statements.

The City's property tax is levied each December 31 on the assessed valuation of property located within the City as of the preceding January 1, the lien date. Taxes are due in full on December 31, and become delinquent on January 1. The delinquent penalty for 2009 was 9% in January, increased by 2% in each succeeding month up through September for a maximum of 25%.

8. Intragovernmental Revenue

Several funds remit to the General Fund a budgeted fixed amount for management and accounting services rendered by the General Fund.

9. Compensated Absences

All vested or accumulated vacation and scheduled holiday leave is accrued when incurred in the government-wide and proprietary financial statements. Certain amounts have been recorded in the governmental fund financial statements as part of accrued payroll and payroll taxes, since such amounts came due (matured) during the fiscal year ended September 30, 2009.

10. Net Assets

In the government-wide and proprietary fund financial statements, equity is displayed in three components as follows:

Invested in Capital Assets, Net of Related Debt – This consists of capital assets, net of accumulated depreciation, less the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets. Net assets invested in capital assets, net of related debt excludes unspent bond and loan proceeds. As of September 30, 2009, the City had unspent bond proceeds of \$14,278,988 in governmental activities, \$34,081,197 in the Water and Electric Utility, \$11,579,272 in the Sanitary Sewer Utility, \$827,610 in the Solid Waste Utility, and \$13,067,137 in the Parking Fund. The City had unspent loan proceeds of \$8,535,750 in the Water and Electric Utility and \$52,700 in the Railroad Fund.

Restricted – This consists of net assets that are legally restricted by outside parties or by law through constitutional provisions or enabling legislation. Governmental activities Net Assets Restricted for Statutory Restrictions is \$20,157,428 which is for restricted tax revenues. Business-type activities Net Assets Restricted for Statutory Restrictions is \$2,210,713 which is for debt service.

Unrestricted – This consists of net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

11. Future Accounting Pronouncements

This report does not incorporate GASB Statement No. 51, Accounting and Financial Reporting for Intangible Assets; GASB Statement No. 53; Accounting and Financial Reporting for Derivative Instruments; or GASB

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. The City will adopt and implement these statements at the required times.

12. Capitalization of Interest

Net interest costs on funds borrowed to finance the construction of capital assets are capitalized and depreciated over the life of the related asset for business-type activities and proprietary fund types. Interest is not capitalized for governmental activities or governmental fund types within the fund financial statements. In fiscal year 2009, the City capitalized \$25,916 of interest.

13. Capital Contributions

Capital contributions represent government grants and other aid used to fund capital projects. Capital contributions are recognized as revenue when the expenditure is made and amounts become subject to claim for reimbursement.

14. Amortization of Bond Costs

In the government-wide financial statements and the proprietary fund types in the fund financial statements, bond discounts and premiums are recorded as a reduction or addition to the debt obligation and bond issuance costs are recorded as deferred charges. Bond discounts and premiums and issuance costs are amortized using the straight-line method over the term of the related bonds. The loss on refunding is amortized as a component of interest expense over the remaining life of the bonds using the straight-line method.

15. Adoption of New Accounting Pronouncements

Effective October 1, 2008, the City adopted GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*. This statement establishes criteria for governments to use to account for pollution remediation obligations. A liability was incurred and additional disclosures were required in the financial statements. Please see Note VII, D. for more information.

Effective October 1, 2008, the City adopted GASB Statement No. 52, *Land and Other Real Estate Held as Investments by Endowments*. This statement establishes consistent standards for the reporting of land and other real estate held as investments by essentially similar entities. This statement had no impact on the City's financial statements.

16. Miscellaneous Revenue

Miscellaneous revenue includes sources such as auction revenue, photocopies, Housing Authority PILOT and other immaterial revenues.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

17. Change in Net Assets/Fund Balance

Change in Net Assets:

During the fiscal year ended September 30, 2009 the City determined that certain revenues for sales, gasoline, property and hotel-motel taxes had not been appropriately accrued in the financial statements of the governmental activities for the year ended September 30, 2008. Management has revised the governmental activities net assets as of September 30, 2008 to correct this error.

The following is a summary of the adjustment:

	Governmental activities
Net assets, September 30, 2008, as previously reported	\$ 354,954,743
Increase in revenue earned-sales tax, hotel/motel tax, gasoline tax	2,314,338
Reduction in revenue earned-property taxes	(7,454,225)
Net assets, September 30, 2008, as revised	349,814,856

This error resulted in an overstatement of \$5,139,887 in the change in net assets of the governmental activities opinion unit originally reported in the September 30, 2008 financial statements.

Change in Fund Balance:

As of September 30, 2008, the City changed its accounting policy regarding when revenues are considered to be available under the modified accrual basis of accounting. Under the City's new policy, revenues are considered to be available if they are collected within 60 days of year-end.

These changes in accounting policy resulted in an adjustment of beginning fund balance (September 30, 2008) as follows:

	General fund	Capital Projects fund	Nonmajor governmental funds	Total government funds
Fund balance at beginning of year	\$ 24,748,997	80,297,776	35,754,396	140,801,169
Add adjustment for earned revenue collected within 60 days of year-end	1,158,208	-	1,156,130	2,314,338
Fund balance at beginning of year, as restated	\$ 25,907,205	80,297,776	36,910,526	143,115,507

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets

An element of that reconciliation states that “internal service funds are used by management to charge the costs of custodial maintenance, information technologies, public communications, fleet operations, self insurance, and employee benefits.” The assets (excluding capital assets) and liabilities of the internal service funds are therefore included in governmental activities in the following line items in the statement of net assets (excluding certain internal service fund assets and liabilities that are included with business-type activities):

Cash and cash equivalents	\$7,568,563
Accounts receivable	480,555
Accrued interest	20,115
Inventory	695,800
Prepaid items	5,141
Investments	6,055,308
Accounts payable	(379,110)
Accrued payroll and payroll taxes	(436,944)
Other liabilities – current	(69,698)
Claims payable – worker’s compensation and general liability	(4,735,000)
Claims payable – health insurance	<u>(679,956)</u>
Net adjustment to increase fund balance-	
total governmental funds to arrive at net	
assets-governmental activities	<u><u>\$8,524,774</u></u>

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

An element of that reconciliation states that “internal service funds are used by management to charge the costs of custodial maintenance, information technologies, public communications, fleet operations, self insurance, and employee benefits.” The portion of the net revenue (expense) of these internal service funds arising out of their transactions with governmental funds is reported with governmental activities, because they service those activities.

Change in Net Assets – all Internal Service Funds	\$1,247,639
Change in Net Assets of Internal Service Funds	
Reported with Business-Type Activities	22,904
Change in Capital Assets – all Internal Service Funds	(131,565)
Change in Capital Assets – Internal Service Funds	
Reported with Business-Type Activities	<u>0</u>
Net adjustment to increase net changes in fund	
balances-total governmental funds to arrive at	
changes in net assets of governmental activities	<u><u>\$1,138,978</u></u>

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Statement of Cash Flows

The City defines cash and cash equivalents used in the statement of cash flows as all cash and highly liquid investments with an original maturity of three months or less (both restricted and unrestricted).

B. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

IV. EQUITY IN POOLED CASH AND INVESTMENTS, CASH, INVESTMENTS, AND OBLIGATIONS UNDER REVERSE REPURCHASE AGREEMENTS

The City maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of the pool is displayed on the government-wide statement of net assets as "Cash and Cash Equivalents." The investments of the pension and other post-employment benefit trust funds, are held separately from those of other City funds.

A. Deposits

At year-end, the bank balances of the City's deposits were covered by federal depository insurance or by collateral held by the City's agent in the City's name. At September 30, 2009, the bank balances in the City's checking accounts were \$3,597,462.

B. Investments

Statutes, the City Charter, Policy Resolutions, and legal opinions authorize the City to invest in obligations of the U.S. Treasury, agencies, and instrumentalities; states, agencies and political subdivisions thereof; mutual funds containing authorized securities; certificates of deposit of banks and savings and loans in Missouri; and repurchase agreements. U.S. government agency securities consist of investments in FNMA, FHLMC, FFCB, FHLB and Government National Mortgage Association mortgage-backed securities. Mortgage-backed securities do not have a contractual maturity date and the City is subject to the risk of prepayment on these securities when changes in market interest rates occur. The City is also authorized to enter into reverse repurchase agreements.

The assets of the Police and Firefighters' Retirement Funds may be invested, reinvested and managed by an investment fiduciary who shall "act with the same care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a similar capacity and familiar with those matters would use in the conduct of a similar enterprise with similar aims." Authorized investment securities include those listed above as well as common stock, preferred stock, real estate mortgages, corporate debt securities including bonds and prime commercial paper, prime banker's acceptances and taxable municipal debt instruments.

Money market mutual funds held by fiscal agents are classified as cash and cash equivalents on the balance sheet but as investments for custodial risk disclosure.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

Interest Rate Risk

Interest rate risk is the risk that the fair value of investments will be adversely affected by a change in interest rates. The City does not have a formal interest rate risk policy.

As of September 30, 2009, the City had the following investments and maturities:

Investment Type	Fair Value	Investment Maturities (in years)			
		Less Than 1	1-5	6-10	More Than 10
U.S. Treasuries	\$ 310,423	\$ -	\$ -	\$ 310,423	\$ -
Guaranteed U.S. Agencies	16,484,378	-	-	122,085	16,362,293
U.S. Agencies	188,666,057	2,253,230	13,632,018	41,103,262	131,677,547
Taxable Municipal Bonds	9,753,920	-	-	9,753,920	-
Corporate Bonds	13,417,738	402,300	1,507,036	3,296,750	8,211,652
Tax-Exempt Securities	932,193	-	-	932,193	-
Money Market Accounts	92,177,093	92,177,093	-	-	-
Mutual Funds	36,582,028	36,582,028	-	-	-
Guar. Invest. Contracts	359,059	-	46,884	782	311,393
Total	\$ 358,682,889	\$ 131,414,651	\$ 15,185,938	\$ 55,519,415	\$ 156,562,885

Credit Risk & Concentration of Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Credit risk is measured using credit quality ratings of investments in debt securities as described by nationally recognized rating agencies such as Standard & Poor's and Moody's. Concentration of credit risk is the risk of loss attributed to the magnitude of investment in a single issuer.

The City does not have a specific credit risk policy and there is no limit on the amount that may be invested in one issuer. The City's investments are to be purchased using the "Prudent Person" standard. Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

Of the City's total investments, 23.19% are issues of the Federal Home Loan Mortgage Corporation (FreddieMac), 17.81% are issues of the Federal National Mortgage Association (FannieMae) and 6.24% are issues of the Federal Home Loan Bank.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

A reconciliation of cash and cash equivalents as shown on the government-wide statement of net assets is as follows:

	Balance September 30, 2009
Fair value of investments	\$ 354,033,383
Investments with fiscal agents	4,649,506
Cash with fiscal agents	5,813,666
Cash on hand	27,457
Imprest accounts	2,070,311
Total	\$ 366,594,323

	Government- Wide Statement of Net Assets	Fiduciary Funds Statement of Net Assets	Total
Cash and cash equivalents	\$ 187,041,727	\$ 1,839,176	\$ 188,880,903
Investments	6,055,308	75,635,401	81,690,709
Restricted assets:			
Cash and cash equivalents	5,139,904	—	5,139,904
Bond covenant account cash	85,202,079	—	85,202,079
Closure and postclosure reserve	1,960,901	—	1,960,901
Customer security and escrow deposits	3,719,827	—	3,719,827
Total	\$ 289,119,746	\$ 77,474,577	\$ 366,594,323

The City generally intends to buy and hold the securities in its portfolios, and to sell only when a gain is present or when a swap that offers substantial economic gains is available. The City maintains a minimum of 5% of the pooled investment portfolio in cash and cash equivalents to reduce the likelihood of selling a security to meet cash requirements. During the next fiscal year, the City does not intend to sell any securities at a loss in order to meet cash requirements.

The City's investment policies require that securities underlying repurchase agreements must have a fair value of at least 100% of the cost of the repurchase agreement.

C. Reverse Repurchase Agreements

The City is permitted to enter into reverse repurchase agreements; that is, a sale of securities with a simultaneous agreement to repurchase them in the future at the same price plus a contracted rate of interest. The fair value of the securities underlying reverse repurchase agreements normally exceeds the cash received, providing the dealers a margin against a decline in fair value of the securities. If the dealers default on their obligations to resell these securities to the City or provide securities or cash of equal value, the City would suffer an economic loss equal to the difference between the fair value plus accrued interest of the underlying securities and the agreement obligation, including accrued interest. There were no defaults during the year, and there were no reverse repurchase agreements outstanding at year-end.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

V. RECEIVABLES AND PAYABLES

Balances at September 30, 2009 were as follows:

	Accounts Receivable	Accrued Interest	Grants Receivable/ Rehabilitation Loan	Taxes	Total Receivables	Allowance for Doubtful Accounts	Receivables, Net
Governmental activities:							
General	\$ 517,874	\$ 62,315	\$ 541,993	\$ 10,242,669	\$ 11,364,851	\$ (98,448)	\$ 11,266,403
Capital Projects	2,005,432	172,376	7,074,075	-	9,251,883	(527)	9,251,356

Transportation	4,152,494
Health and Environment	45,507
Personal Development	680,709
Capital assets held by the government's internal service funds are charged to the various functions based on their usage of the asset	353,132
 Total depreciation expense - governmental-type activities	6,963,970
Accumulated depreciation for assets transferred from business-type activities	17,487
 Total Additions - Accumulated Depreciation	 \$ 6,981,457

VII. COMMITMENTS

A. Construction Commitments

At September 30, 2009, construction contract commitments of the City were:

	Amounts
Major Governmental Fund:	
Capital Projects Fund	\$ 25,013,867
Enterprise Funds:	
Major Funds:	
Water and Electric Utility	972,728
Sanitary Sewer Utility	783,136
Solid Waste Utility	303,218
Nonmajor Funds	16,407,516
Total Enterprise Funds	18,466,598
Total	\$ 43,480,465

Construction contract commitments of the City will be paid from capital improvement sales tax, parks sales tax, federal and state grant revenues, county road tax, development fees, bond proceeds, enterprise revenues, and general revenues of the City.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

B. Obligations to Purchase Electric Power

The Water and Electric Utility has an agreement with the Board of Municipal Utilities, Sikeston, Missouri, to purchase electric power effective through May 31, 2021. The City agreed to purchase 55 Megawatts at 110% of its proportionate share of monthly power costs (including debt service costs related to the revenue bond issue) as defined in the agreement. The City also contracted to purchase an additional 11 Megawatts from Sikeston commencing on June 1, 1992. The 11 Megawatts was purchased at \$4.50 per kilowatt per month until May 31, 2002. On June 1, 2002, the capacity charge for the 11 Megawatts changed to 100% of the fixed costs and the energy charge changed to 110% of the energy costs. In fiscal year 2006, the cost of maintenance and repairs for capital assets at the Sikeston plant resulted in an additional assessment of \$2,926,176. This assessment will be paid as follows: \$135,175 in FY06, \$551,939 in FY2007, \$570,375 in FY2008, \$589,425 in FY2009, \$609,113 in FY2010 and \$470,149 in FY2011. This assessment is to be paid to the Board during fiscal years 2006 to 2011, and is reported as part of other long-term liabilities.

The Water and Electric Utility has an agreement with the Kansas City, Kansas Board of Public Utilities (BPU) to purchase electric power effective through April 5, 2013. The City will purchase 8.51% (20 Megawatts) of the electric power and energy of the BPU 235 Megawatts coal-fired Nearman Creek Power Station No. 1. In fiscal year 2009, the City paid a demand charge of \$10.23 per kilowatt on 20,000 kilowatts per month. The demand charge may be increased in the event of certain capital expenditures at the Nearman Plant. In addition to the demand charge, the City is required to pay a monthly fuel charge, based on the amount of power actually taken in any month, equal to 105% of the Nearman Plant's fuel cost per kilowatt hour. The City must also pay an operation and maintenance charge based upon its reserved capacity and the amount of power actually taken, and must make a payment in lieu of taxes equal to 5.9% of gross billings. The demand charge, a portion of the operating and maintenance charge, and associated payments in lieu of taxes, must be paid regardless of whether the Nearman Plant is operating. The City may terminate the contract if the Nearman Plant becomes permanently inoperable.

The Water and Electric Utility has an agreement with Ameren Energy Marketing to purchase electric power effective through December 31, 2014. The City agreed to purchase 20 Megawatts during the period June 1, 2001, until December 31, 2001, 25 megawatts during the period January 1, 2002, until December 31, 2002, and 36 megawatts during the period January 1, 2003, until the end of the contract term. The City paid a capacity charge of \$5.25/kw-month through December 31, 2001. Effective January 1, 2002, and each subsequent contract year thereafter, the capacity charge shall increase by 2.5%. The City pays an energy charge each month for all energy deliveries calculated as follows: actual fuel cost + (variable operations and maintenance cost * energy delivered) + (start charges * the number of individual unit starts).

In September 2003, the Water and Electric Utility made an agreement with Ameren Energy Marketing to purchase power commencing on June 1, 2004, and terminating on December 31, 2007. Under the terms of the contract, capacity shall be 50 Mw at \$11.49/Kw-month in 2004, 52 Mw at \$10.67/Kw-month in 2005, 54 Mw at \$11.73/Kw-month in 2006, and 56 Mw at \$13.43/Kw-month in 2007. The energy cost will be a flat \$1.6 cents/Kw-hour.

In October 2003, the Water and Electric Utility made an agreement with Ameren Energy Marketing to purchase power commencing on June 1, 2004, and terminating on December 31, 2017. Under the terms of the contract, capacity shall be 22 Mw at \$5.65/Kw-month in June 2004 until December 2004, and will increase by 2.5% per year thereafter. Capacity shall be 23 Mw in 2005, 27 Mw in 2006, 34 Mw in 2007, and 36 Mw in January 2008 to the end of the contract.

The City made a power supply agreement with Ameren Energy Marketing in April 2007 that is effective June 1, 2008 through May 31, 2011. The City will purchase 60 MW during the first contract year at a price of \$49.35/MWh for energy, and \$0.85/kw-month capacity. June 1, 2009 through May 31, 2010, the City will purchase 65 MW at 49.75/MWh for energy, and a capacity charge of \$1.00/kw-month. During the final contract year, the City will purchase 70 MW at \$50.45/MWh and capacity at \$1.25/kw-month.

The City has a wind generation purchase and transmission service agreement with Associated Electric Coop., Inc. effective through June 2027. The City has been allocated 11.1% of the net energy and green tags produced by the

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

Bluegrass Ridge Wind Farm. The City pays an energy charge of \$55 per MWh during the term of this agreement, and receives transmission service from Associated Electric. The current transmission rate is \$1.72128 / kw-month.

The City of Columbia is a member of the Missouri Joint Municipal Electric Utility Commission (MJMEUC). MJMEUC is a state wide agency that is authorized by state law to operate as an electric utility for the benefit of its members. The City has two agreements with MJMEUC for the purchase of power, the Prairie State Energy Campus from Peabody Energy, and the Iatan 2 project from Kansas City Power & Light Company. Both agreements involve units that are under construction, and not currently producing power. The agreements establish advisory committees that consist of representatives of the participating unit power purchasers. All decisions of the MJMEUC Board of Directors regarding Prairie State, or Iatan 2 will give consideration to the recommendations of their respective member committee, but final decision on any matter effecting either agreement shall be made by the MJMEUC Board of Directors.

In June 2007, the MJMEUC Board of Directors gave final approval for the participation in the construction, operation, and financing of the Prairie State Energy Campus. MJMEUC's interests will be approximately 195 MW, and the City expects to receive approximately 26%, or about 50 MW from the units. The City's agreement with MJMEUC does not create any ownership rights on the part of the City to the Prairie State units. MJMEUC intends to capitalize its total costs incurred in connection with the development and construction of the Prairie State units and recover those costs through monthly capacity charges that will commence when the first PSEC unit enters commercial operation. Unit one of Prairie State is expected to be placed in service in August 2011 and unit two is expected to be placed in service in May 2012. However, the City has agreed to make payments to MJMEUC for costs associated with Prairie State that are not capitalized, or rolled into the financing of the project based on the City's purchase percentage. If either, or both units fail to achieve the expected commercial operation date on which MJMEUC's financing is based, and unless a decision is made to undertake continued financing, the City shall pay its pro-rata share of the capacity costs, and administrative costs associated with the unit(s) on an ongoing basis starting with the expected commercial operation date.

In 2009, the MJMEUC board gave final approval for an agreement with Kansas City Power & Light Company for a unit power interest in Iatan 2; a coal fired generating station near Weston, Missouri. MJMEUC will receive 100MW from the new unit. Of MJMEUC's 100 MW ownership, Columbia has agreed to buy 20 MW. The City's agreement with MJMEUC does not create ownership rights on the part of the City to the Iatan 2 Unit. MJMEUC intends to capitalize its costs incurred in connection with the development and construction of the Prairie State units and recover those costs through monthly capacity charges that will commence when the Iatan 2 unit enters commercial operation. Iatan 2 is expected to be in production in June 2010. The City has agreed to make payments to MJMEUC for its purchase percentage of costs associated with Iatan 2 that cannot be capitalized. If Iatan 2 fails to achieve the expected in-service date on which MJMEUC's financing is based, the City shall pay its purchase percentage of the capacity costs and administrative costs associated with Iatan 2 on an ongoing basis starting with the expected commercial operation date.

C. Obligation to Purchase Coal

The City has a purchase contract with Massey Coal Sales Company to buy coal for the municipal electric generating plant. The City will require approximately 50,000 tons per year for the contract term beginning June 1, 2009, and ending May 31, 2011. The price per ton for the initial 12 month contract period, June 1 through May 31, 2010 is \$70.00 per ton. The price per ton for the second 12 month contract period, June 1, 2010 through May 31, 2011 is \$75.00 per ton. This price is adjusted monthly based on the average BTU/LB content for coal delivered during the month.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

D. Pollution Remediation Obligations

The Missouri Department of Natural Resources issued the City a "Letter of Warning" on March 19, 2009. The letter notified the City that the Water Treatment Plant site was in non-compliance with Clean Water Laws and Operating Permit #MO-G640087 and "caused pollution of an unnamed tributary to Perche Creek, waters of the state or placed or caused or permitted to be placed water contaminants in a location where it is reasonably certain to cause pollution of waters of the state." The contaminant is lime softening sludge which was improperly disposed of by stockpiling it on-site.

Due to the non-compliance with this permit, the City was required to: prepare a site specific sludge management plan for the water treatment plant site; to install storm water Best Management Practices to prevent a discharge of contaminated storm water from the site; and, apply for a site specific storm water discharge permit for this site.

The City applied for a beneficial use exemption for the stockpiled sludge at the water treatment plant to allow the stockpiled sludge to remain in place. The request has been approved by the Missouri Department of Natural Resources, with conditions. The City is required to prepare plans and install a clay cap to contain the stockpiled sludge.

It is estimated that the cost of the work will range from \$501,500, and to \$936,000 with the primary variant being the availability of materials near the plant. The estimated cost to the City is \$783,925, calculated as follows:

65% probability that the actual costs will be \$936,000 (65% * 936,000) =	608,400
35% probability that the actual costs will be \$501,500 (35% * 501,500) =	<u>175,525</u>
Total estimated liability	<u>783,925</u>

The City does not expect to recover the remediation outlays from insurance, or any other parties. The total estimated liability is recorded in the Water and Electric utility fund as other liabilities.

E. Intermodal Facility Obligation

In June 2003, the City Council authorized an agreement with Intermodal Facility, LLC. The agreement authorized Intermodal Facility to build a building on City property and to contract with a third party operator for the on-going operation of the facility. Part of the agreement obligates the City in the event of default of the third party. On June 4, 2009 Intermodal Facility notified the City that the third party operator was in default. This event required the City to begin making monthly rent payments, and started a nine month default cure period. In August, the third party notified the City that they would cease operation of the facility. The City began operation of the Intermodal facility on September 1, 2009. To date, neither the City, nor Intermodal Facility has been successful in their search for a new operator of the facility. In anticipation that an operator will not be found prior to the end of the default cure period, the City is taking steps to purchase the facility. The purchase price will not exceed \$2,402,000. Ongoing costs are estimated to be \$210,000 for FY10 if the City continues operation of the facility.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

VIII. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Interfund receivable and payable balances at September 30, 2009 are as follows:

	Interfund receivables	Interfund payables
Major Governmental Funds:		
General Fund	\$ 1,481,964	\$ 5,283
Capital Projects Fund	—	678,547
Nonmajor governmental funds - permanent fund	1,365,398	—
Nonmajor governmental funds - special revenue	5,283	9,112
Enterprise Funds:		
Major Funds:		
Water and Electric Utility	944,739	1,472,852
Sanitary Sewer Utility	—	345,000
Nonmajor enterprise	—	1,286,590
Total	\$ 3,797,384	\$ 3,797,384

Advances at September 30, 2009 include \$341,851 in the non-major enterprise Recreation Services Fund, and \$345,000 in the Sanitary Sewer Utility Fund that are classified as Current Liabilities Payable from Restricted Assets because the funds advanced from the Permanent Fund-Designated Loan Fund were restricted for use on capital projects. These advances generally are not scheduled to be repaid in the next fiscal year.

Advances of \$329,000 from the Permanent Fund-Designated Loan Fund to the Capital Projects Fund are for special assessment tax bills. These will be repaid when the associated capital projects are completed and the special assessment taxes are levied. Additional advances from the Permanent fund-Designated Loan Fund of \$349,547 will be repaid by pledged donations or other funding sources as they become available.

Payment in lieu of taxes of \$1,472,852 is reported as a receivable in the General Fund and a payable in the Water and Electric Utility Fund.

Loans with a balance of \$944,739 from the Water and Electric Utility to the Railroad Fund relate to construction work and the purchase of a locomotive. The current portion of this loan is \$56,500 and will be payable within the next fiscal year.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

Interfund transfers consisted of the following amounts:

	Transfer From								Total
	General Fund	Capital Projects	Nonmajor Governmental	Water and Electric Utility	Sanitary Sewer Utility	Solid Waste Utility	Non-Major Enterprise	Internal Service	
Major Governmental Funds:									
General Fund	\$ -	\$ 8,875	\$ 7,439,305	\$ 11,481,441	\$ -	\$ -	\$ -	\$ 12,318	\$ 18,941,939
Capital Projects Fund	112,649	-	8,422,048	-	5,611	22,444	22,444	33,667	8,618,863
Nonmajor Governmental	1,015,125	80,000	4,297,762	-	-	-	36,924	115,632	5,545,443
Major Enterprise Funds:									
Water and Electric	-	-	-	-	-	-	-	-	-
Solid Waste	-	-	-	-	-	-	-	-	-
Nonmajor Enterprise	1,780,910	-	3,783,118	50,000	-	-	-	-	5,614,028
Internal Service	-	-	-	-	-	-	-	-	-
Total	\$ 2,908,684	\$ 88,875	\$ 23,942,233	\$ 11,531,441	\$ 5,611	\$ 22,444	\$ 59,368	\$ 161,617	\$ 38,720,273

Transfers are used to (1) move revenues from the fund that budgets or ordinance requires to collect them to the fund that budgets or ordinance requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Included in the transfers schedule is a transfer from the Water and Electric Utilities Fund to the General Fund of \$11,481,441. The transfer represents PILOT payments.

IX. LONG-TERM LIABILITIES

A. Changes in Long-term Liabilities

Changes in long-term liabilities during the year ended September 30, 2009 were as follows:

	Balance October 1, 2008	Additions	Deductions	Balance September 30, 2009	Current Portion
Governmental Activities:					
Special Obligation Notes:

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

C. Special Obligation Improvement Bonds – Series 2009A, Series 2008A, and Series 2008B

In September of 2009, the City issued \$13,030,000 of Taxable Special Obligation Improvement Bonds (Build America Bonds/Direct Subsidy). The bonds are special limited obligations of the City, payable solely from the annual appropriation of funds of the City for that purpose. The bonds were issued for the purpose of i) providing funds to acquire, construct and equip extensions, improvements, additions and enlargements of the City's Parking Utility; ii) making a deposit to the Debt Service Reserve Account; and iii) paying costs and expenses incident to the issuance of the Bonds. Interest is paid semiannually on March 1 and September 1. Principal maturities are to be paid March 1, 2017 and annually thereafter through March 1, 2034. At the option of the City, the Bonds may be subject to redemption and payment prior to maturity, on March 1, 2019 and thereafter in whole or in part at any time in any order of maturity selected by the City and by lot in multiples of \$5,000 within a maturity, at the redemption price of 100% of the principal amount thereof, plus accrued interest thereon to the redemption date. The interest rates on this issue range from 4.3% to 6.2%, prior to the interest subsidy as explained in the following paragraph. The bonds require \$1,071,317 in a debt service reserve account.

The City is making the irrevocable election to have Section 54AA of the Internal Revenue Code of 1986, as amended (the "Code") apply to the Bonds so the Bonds may qualify as "build America bonds" (the "BABs") under Code Section 54AA(d). The City is further making the irrevocable election to have Section 54AA(g) of the Code apply to the Bonds so the Bonds qualify as "qualified bonds" under Code Section 54AA(g) in order to receive the refundable credits allowed to issuers pursuant to Sections 54AA(g)(1) and 6431 of the Code with respect to "qualified bonds" (the "BABs Interest Subsidy Payments"). Under current law, the BABs Interest Subsidy Payments are to be paid by the United States directly to any issuer of bonds that qualify as BABs and as "qualified bonds" in an amount equal to 35% of the interest payable by such issuer on such bonds on each interest payment date, provided that certain requirements, as described in the Code and related IRS pronouncements, as to the uses and investment of the bond proceeds and other matters, are continuously satisfied by such issuer. The City is covenanting to comply with the requirements of the Code necessary to maintain the qualification of the Bonds as BABs under Code Section 54AA(d) and as "qualified bonds" under Code Section 54AA(g).

In March of 2008, the City issued \$21,465,000 of Special Obligation Electric Utility Improvement Bonds. The bonds are special obligations of the City payable solely from the annual appropriation of funds by the City for that purpose. The bonds are to be treated as utility revenue bonds of the Electric Utility, and are secured by pledged revenues of the Electric Utility. The bonds were issued for the purpose of providing funds to extend, expand, improve, repair, replace, and equip the Electric Utility. Interest is paid semiannually on April 1 and October 1. Principal maturities are to be paid October 1, 2016, and thereafter through October 1, 2033. At the option of the City, the Bonds may be subject to redemption and payment prior to maturity on or after October 1, 2017 in whole at any time, and in part on any interest payment date at the redemption price of 100% of the principal amount redeemed plus accrued interest to the redemption date. The bonds maturing October 1, 2023, October 1, 2025, October 1, 2028, October 1, 2030, and October 1, 2033 (collectively the "Term Bonds"), shall be subject to mandatory redemption and payment prior to maturity at the principal amount thereof plus accrued interest to the redemption date, without premium. The interest rates on this issue range from 4.00% to 5.50%. The bonds require \$2,146,500 in a debt service reserve account.

In May 2008, the City issued \$26,795,000 2008B Special Obligation Improvement Bonds to fund the construction, expansion, renovation and equipping of the City's downtown government center. Interest is paid semi-annually on March 1 and September 1. These bonds are special obligations of the City payable solely from the annual appropriation of funds by the City for that purpose. The bonds are not secured by a mortgage of the downtown government center or any other property. Principal payments are due each March 1 with the final payment due March 1, 2028. At the option of the City, the Bonds may be subject to redemption and payment prior to maturity, on March 1, 2018 and thereafter in whole at any time or in part on any interest payment date in any order of maturity selected by the City and by lot in multiples of \$5,000 within a maturity, at the redemption price of 100% of the principal amount thereof, plus accrued interest thereon to the redemption date. The bonds maturing March 1, 2023, March 1, 2026 and March 1, 2028 (collectively the "Term Bonds"), shall be subject to mandatory redemption and payment prior to maturity at the principal amount thereof plus accrued interest to the redemption date, without

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

premium. Interest rates on this issue range from 3.5% to 5%. The bonds require \$2,194,500 in a debt service reserve account.

D. Special Obligation Notes - Series 2007A

In June 2007, the City issued \$3,740,000 2007A Special Obligation Notes for the acquisition of property for a southeast regional park. Interest is paid semi-annually on March 1 and September 1. Principal payments are due each March 1 with the final payment due March 1, 2011. These notes are not subject to optional redemption and payment prior to their stated maturity. The interest rate on this issue is 4.23%.

These notes are special obligations of the City payable solely from the annual appropriation of funds by the City for that purpose. It is intended that principal and interest payments will be paid from the Parks sales tax.

This debt was issued as “bank qualified” which limited the City to issue no more than \$10 million of debt in calendar year 2007.

E. Special Obligation Refunding and Capital Improvement Bonds - Series 2006, 2006B and 2006C

In September of 2006, the City issued \$38,535,000 of Special Obligation Electric Utility Improvement Bonds. The bonds are special obligations of the City payable solely from the annual appropriation of funds by the City for that purpose. The bonds are to be treated as utility revenue bonds of the Electric Utility, and are secured by pledged revenues of the Electric Utility. The bonds were issued for the purpose of providing funds to extend, expand, improve, repair, replace, and equip the Electric Utility. Interest is paid semiannually on April 1 and October 1. Principal maturities are to be paid October 1, 2023, and thereafter through October 1, 2032. At the option of the City, the Bonds may be subject to redemption and payment prior to maturity on or after October 1, 2016 on any interest payment date at the redemption price of 100% of the principal amount redeemed plus accrued interest to the redemption date. The interest rates on this issue range from 4.25% to 5.00%. The bonds require \$3,853,500 in a debt service reserve account.

In June of 2006, the City issued \$25,615,000 of Special Obligation Revenue Refunding and Improvement Bonds for the purpose of i) advance refunding the Certificates of Participation (City of Columbia, Missouri, Lessee), Series 2001A, outstanding in the principal amount of \$2,085,000; ii) funding certain public safety and road capital improvements within the City; iii) making a deposit to the Debt Service Reserve Account; and iv) paying costs of issuance. Interest is paid semiannually on February 1 and August 1. Principal payments are due on February 1. The final payment is due February 1, 2016. The interest rate on this issue is 5%. The Bonds are special limited obligations of the City, payable solely from the annual appropriation of funds by the City for that purpose. The bonds require \$2,561,500 in a debt service reserve account.

On February 1, 2006, the City issued \$20,005,000 of Special Obligation Revenue Refunding and Improvement Bonds for the purpose of i) currently refunding the outstanding portion of the City’s Special Obligation Refunding and Capital Improvement Bonds, Series 1996; ii) currently refunding the outstanding portion of the City’s Parking Utility Revenue Bonds, Series 1995; iii) construction, improving and extending the City-owned sanitary sewer utility; iv) construction and improving the City-owned solid waste utility; v) funding a debt service reserve account; vi) paying cost of issuance. Interest is paid semiannually on February 1 and August 1. Principal payments are due on February 1. The final payment is due February 1, 2026. Interest rates on this issue range from 4.00% to 5.00%. The Bonds are special limited obligations of the City, payable solely from the annual appropriation of funds by the City for that purpose. The bonds require \$1,752,268 in a debt service reserve account.

F. Special Obligation Bonds - Series 2001A and 2001B

In November 2001, the City issued \$2,685,000 of Special Obligation Series A Bonds and \$4,640,000 of Special Obligation Series B Bonds for the purpose of acquisition, construction, improvement and extension of the City-owned sanitary sewer utility and the City’s solid waste utility. Interest is paid semiannually on February 1 and

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

August 1. Principal payments are due on February 1. The final payment is due on February 1, 2021. Interest rates on this issue range from 3.65% to 4.80%.

The 2001 Series A Bonds, \$2,685,000, are reported in the Sanitary Sewer Utility Enterprise Fund and the 2001 Series B Bonds, \$4,640,000, are reported in the Solid Waste Utility Enterprise Fund.

The bonds are special obligations of the City payable solely from the annual appropriation of funds by the City for that purpose. The series 2001A bonds require \$214,840 in a debt service reserve account. The series 2001B bonds require \$370,680 in a debt service reserve account.

G. Water and Electric Revenue Bonds – 2009 Series, 2005 Series, 2004 Series, 2003 Series, 2002 Series, and 1998 Series

In September of 2009, the City issued \$16,725,000 of Water and Electric System Revenue Bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. The bonds were issued to provide funding for improvements and additions to the City's waterworks. Interest is paid semiannually on April 1 and October 1. Principal is due each year on October 1 through October 1, 2034. Bonds maturing on October 1, 2020, and thereafter are subject to redemption prior to maturity at the option of the City at any time on or after October 1, 2019, at redemption price of 100% of the principal amount redeemed plus accrued interest to the redemption date. The interest rates on this issue range from 3.00% to 4.125%.

In May of 2005, the City issued \$30,630,000 of Water and Electric System Revenue Bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. \$19,425,000 of the bonds were issued to refund \$19,685,000 of the outstanding 1998 Water and Electric Revenue Bonds, and \$11,205,000 were issued to provide funding for improvements and additions to the City's waterworks and electric facilities. Interest is paid semiannually on April 1 and October 1. Principal is due each year on October 1 through October 1, 2029. Bonds maturing on October 1, 2016, and thereafter are subject to redemption prior to maturity at the option of the City at any time on or after October 1, 2015, at a redemption price of 100% of the principal amount redeemed plus accrued interest to the redemption date. The interest rates on this issue range from 3.00% to 5.25%.

In March of 2004, the City issued \$17,095,000 of Water and Electric System Revenue Bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. The bonds were issued to provide funding for improvements and additions to the City's waterworks facilities. Interest is paid semiannually on April 1 and October 1. Principal is due on April 1 and October 1 on maturities through October 1 2009, and thereafter on October 1 through October 1, 2028. Bonds maturing on October 1, 2015, and thereafter are subject to redemption prior to maturity at the option of the City at any time on or after October 1, 2014, at a redemption price of 100% of the principal amount redeemed plus accrued interest to the redemption date. The interest rates on this issue range from 2.00% to 4.25%.

In February of 2003, the City issued \$8,950,000 of Water and Electric System Revenue Bonds. The bonds are secured by a pledge of the revenues of the Water and Electric System. The bonds were issued for the purpose of refunding the City's Water and Electric System Revenue Bonds, 1985 Series B. Interest is paid semiannually on June 1 and December 1, and principal is due each year on December 1 through December 1, 2015. Bonds maturing on December 1, 2012, and thereafter are subject to redemption prior to maturity at the option of the City at any time on or after December 1, 2011, at a redemption price of 100% of the principal amount redeemed plus accrued interest to the redemption date. The interest rates on this issue range from 2.00% to 5.00%.

In February of 2002, the City issued \$16,490,000 of Water and Electric System Revenue Bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. The bonds were issued to provide funding for improvements and additions to the City's waterworks and electric facilities. Interest is paid semiannually on April 1 and October 1. Principal is due each year on October 1 through October 1, 2026. Bonds maturing on October 1, 2013, and thereafter are subject to redemption prior to maturity at the option of the City at any time on or after October 1, 2012, at a redemption price of 100% of the principal amount redeemed plus accrued interest to the redemption date. The interest rates on this issue range from 3.00% to 6.00%.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

In March of 1998, the City issued \$28,295,000 of Water and Electric System Revenue Bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. \$5,535,000 of the bonds were issued to refund \$5,215,000 of the outstanding 1992 Water and Electric Revenue Bonds, and \$22,760,000 were issued to provide funding for improvements and additions to the City's waterworks and electric facilities. Interest is paid semiannually on April 1 and October 1. Principal is due each year on October 1 through October 1, 2022. Bonds maturing on October 1, 2009, and thereafter are subject to redemption prior to maturity at the option of the City at any time on or after October 1, 2008, at a redemption price of 100% of the principal amount redeemed plus accrued interest to the redemption date. The interest rates on this issue range from 3.75% to 6.00%.

The bond ordinances require 110% coverage of the aggregate debt service for each fiscal year. The Water and Electric Utility Fund is required to be accounted for in a separate enterprise fund under the bond ordinances. These ordinances also require that after sufficient current assets have been set aside to operate the fund, all remaining monies held by the fund be restricted in separate accounts in the following sequence:

<u>Nature of accounts</u>	<u>Amount</u>	<u>Authorized expenditures</u>
(a) Current bond maturities and interest	Monthly accumulations equal to semiannual debt service.	Paying current principal and interest on bonds.
(b) Revenue bond reserve	Amount equal to 1/60th of the debt service requirements until said account shall equal the debt reserve requirements in the amount of \$7,384,089.	Paying principal and interest in the event of a deficiency in the current bond maturities and interest account.
(c) Renewal and replacement account	Amount of \$25,000 per month. Such payments shall be continued until the amount deposited and held in said fund shall equal \$1,500,000.	Paying unforeseen contingencies and meeting emergencies arising in the operation of the system.
(d) Revenue bond construction	To account for revenue bond issue proceeds prior to their expenditure for construction of utility plant.	To provide funds to pay construction cost to the extent such monies are available.

H. Sanitary Sewer Revenue Bonds – 2009 Series, 2007 Series B, 2006 Series B, 2004 Series B, 2003 Series B, 2002 Refunding Series, 2002 Series A, 2000 Series B, 1999 Series A, 1999 Series B, and 1992 Series B

In September of 2009, the City issued \$10,405,000 of Taxable Sewerage System Revenue Bonds (Build America Bonds/Direct Subsidy). The bonds are special limited obligations of the City, payable solely from the net income and revenues derived by the City from the operation of its sewerage system, after payment of costs of operation and maintenance. The bonds were issued for the purpose of i) providing funds to acquire, construct and equip extensions, improvements, additions and enlargements of the City's Sewer System; ii) making a deposit to the Debt Service Reserve Account; and iii) paying costs and expenses incident to the issuance of the Bonds. Interest is paid semiannually on April 1 and October 1. Principal maturities are to be paid October 1, 2024 and annually thereafter through October 1, 2034. At the option of the City, the Bonds may be subject to redemption and payment prior to maturity, on October 1, 2019 and thereafter in whole or in part at any time in any order of maturity selected by the City and by lot in multiples of \$5,000 within a maturity, at the redemption price of 100% of the principal amount thereof, plus accrued interest thereon to the redemption date. The interest rates on this issue range from 5.44% to 6.02%, prior to the interest subsidy as explained in the following paragraph.

The City is making the irrevocable election to have Section 54AA of the Internal Revenue Code of 1986, as amended (the "Code") apply to the Bonds so the Bonds may qualify as "build America bonds" (the "BABs") under Code Section 54AA(d). The City is further making the irrevocable election to have Section 54AA(g) of the Code apply to the Bonds so the Bonds qualify as "qualified bonds" under Code Section 54AA(g) in order to receive the refundable credits allowed to issuers pursuant to Sections 54AA(g)(1) and 6431 of the Code with respect to "qualified bonds" (the "BABs Interest Subsidy Payments"). Under current law, the BABs Interest Subsidy

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

Payments are to be paid by the United States directly to any issuer of bonds that qualify as BABs and as “qualified bonds” in an amount equal to 35% of the interest payable by such issuer on such bonds on each interest payment date, provided that certain requirements, as described in the Code and related IRS pronouncements, as to the uses and investment of the bond proceeds and other matters, are continuously satisfied by such issuer. The City is covenanting to comply with the requirements of the Code necessary to maintain the qualification of the Bonds as BABs under Code Section 54AA(d) and as “qualified bonds” under Code Section 54AA(g).

The City issued \$1,800,000 of Sewerage System Bonds, Series B in November of 2007. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 of each year, beginning in 2009, through January 1, 2028, and interest payments are due on January 1 and July 1. The bonds maturing on and after January 1, 2018, are redeemable on each June 1 and December 1, commencing on December 1, 2016, at par plus accrued interest. The interest rates range from 4.00% to 5.00% on this issue.

The City issued \$915,000 of Sewerage System Bonds, Series B in November of 2006. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on July 1 of each year, beginning in 2007, through July 1, 2026, and interest payments are due on January 1 and July 1. The bonds maturing on and after July 1, 2017, are redeemable on each June 1 and December 1, commencing on June 1, 2016, at par plus accrued interest. The interest rates range from 4.00% to 5.00% on this issue.

The City issued \$650,000 of Sewerage System Bonds, Series B in May of 2004. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 of each year through January 1, 2025, and interest payments are due on January 1 and July 1. The bonds maturing on and after January 1, 2015, are redeemable on each June 1 and December 1, commencing on June 1, 2014, at par plus accrued interest. The interest rates range from 2.00% to 5.25 % on this issue.

The City issued \$3,620,000 of Sewerage System Revenue Bonds, Series B in May of 2003. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 of each year through January 1, 2024, and interest payments are due on January 1 and July 1. The bonds maturing on and after January 1, 2014, are redeemable on each June 1 and December 1, commencing on December 1, 2012, at par plus accrued interest. The interest rates range from 2.00% to 5.25% on this issue.

The City issued \$7,940,000 of Sewerage System Revenue Refunding Bonds in September of 2002. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued to refund the 1992 Sewerage System Revenue Bonds. Payments of principal are due on October 1 of each year through October 1, 2017, and interest payments are due on October 1 and April 1. The bonds maturing on and after October 1, 2013, are redeemable on each October 1 and April 1, commencing on October 1, 2012, at par plus accrued interest. The interest rates range from 2.0% to 4.0% on this issue.

The City issued \$2,230,000 of Sewerage System Revenue Bonds, Series A in May of 2002. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 of each year through January 1, 2023, and interest payments are due on January 1 and July 1. The bonds maturing on and after January 1, 2013, are redeemable on each June 1 and December 1, commencing on June 1, 2012, at par plus accrued interest. The interest rates range from 3.0% to 5.375% on this issue.

The City issued \$2,445,000 of Sewerage System Revenue Bonds, Series B in November of 2000. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on July 1 of each year through July 1, 2021, and interest payments are due on January 1 and July 1. The bonds maturing on and after July 1, 2013, are redeemable on each June 1 and December 1, commencing on December 1, 2010, at par plus accrued interest. The interest rates range from 4.350% to 5.625% on this issue.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

The City issued \$1,420,000 of Sewerage System Revenue Bonds, Series B in December of 1999. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on July 1 of each year through July 1, 2020, and interest payments are due on January 1 and July 1. The bonds maturing on and after July 1, 2011, are redeemable on each June 1 and December 1, commencing on June 1, 2010, at par plus accrued interest. The interest rates range from 4.125% to 6.000% on this issue.

The City issued \$3,730,000 of Sewerage System Revenue Bonds, Series A in June of 1999. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 of each year through January 1, 2020, and interest payments are due on January 1 and July 1. The bonds maturing on and after January 1, 2010, are redeemable on each June 1, and December 1, commencing on June 1, 2009, at par plus a premium of 1% reduced by .5% each year thereafter to June 1, 2011. The interest rates range from 3.625% to 5.25% on this issue.

The City issued \$870,000 of Sewerage System Series B Revenue Bonds in June of 1992. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 of each year through January 1, 2013, and interest payments are due on January 1 and July 1. The bonds maturing January 1, 2008, and January 1, 2013, are redeemable on each June 1, and December 1, commencing on June 1, 2002, at par plus a premium of 2% reduced by 1% each year thereafter to June 1, 2004. The interest rates range from 4.25% to 6.55% on this issue.

The bond ordinances require 110% coverage of the aggregate debt service for each fiscal year. In compliance with the bond ordinances, the Sanitary Sewer Utility Fund is accounted for in a separate enterprise fund. Additional bond ordinance requirements provide for the restricting of operating revenues after current operating expenses have been met. These restrictions occur in the following sequence:

<u>Nature of accounts</u>	<u>Amount</u>	<u>Authorized expenditures</u>
(a) Operation and maintenance	Equal to one month's operating expenses of the utility.	Operating expenses when non-restricted current assets are not available for payment.
(b) Sinking fund (cash with fiscal agent)	Current fiscal year bond maturity and interest accumulated monthly.	Payment of current principal and interest on bonds.
(c) Revenue bond reserve	Amount equal to \$214,840 for the 2001 Special Obligation Series A Bonds, \$624,241 for the 2006 Special Obligation Bonds, and \$937,989 for the 2009 Revenue Bonds. The 2002 Refunding Series included a premium paid of \$26,039 for a debt service reserve fund policy of \$743,963.	Payment of principal and interest due on bonds when other funds are unavailable.
(d) Contingency	Amount of \$2,000 per month. Such payments shall continue until the amount deposited and held in said fund shall equal \$200,000.	Unforeseen contingencies; emergencies affecting operation and maintenance replacement for effective and efficient operation.
(e) Revenue bond construction	To account for revenue bond issue proceeds prior to expenditure for construction of utility plant additions.	Cost of construction projects.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

I. Pledged Revenues

The City of Columbia has pledged future sanitary sewer operating revenues, net of specified operating expenses, to repay \$37,800,000 in sanitary sewerage system revenue, revenue refunding and special obligation bonds. The bonds are payable solely from sanitary sewer net revenues and are payable through 2034. Annual principal and interest payments on the bonds have required on average 70 percent of net revenues. The total principal and interest remaining to be paid on the bonds is \$59,907,187. Principal and interest paid for the current year and total sanitary net revenues for the current year were \$3,021,537 and \$4,008,801, respectively.

The City has pledged future water and electric operating revenues net of operating expenses to repay \$145,525,000 in water and electric system revenue and special obligation bonds. The bonds are to be paid solely from water and electric net revenues and are payable through 2034. Annual principal and interest payments on the bonds have required on average 30 percent of net revenues. Total principal and interest remaining to be paid on the bonds is \$244,846,463. Principal and interest paid for the current year and total net revenues were \$10,000,758 and \$34,105,852, respectively.

J. Legal Debt Margin

The City's legal debt margin is \$328,051,141.

X. ADVANCE REFUNDING

The City has defeased certain revenue bonds and certificates of participation by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old debt. Accordingly, the trust account assets and the liability for the defeased debts are not included in the City's government-wide financial statements. On September 30, 2009, \$1,770,000 of certificates of participation debt outstanding is considered defeased. The table below details these issues.

<u>Issue</u>	<u>Outstanding at September 30, 2009</u>
Governmental activities certificates of participation: Certificates of participation, series 2001	<u>1,770,000</u>
Total	<u>\$ 1,770,000</u>

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

XI. RISK MANAGEMENT

A. Self-insurance

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 1988, the City established a risk management program for workers' compensation, liability, and property losses with two issues of special obligation bonds (repaid) to establish reserves for self-insurance. An excess coverage insurance policy covers individual claims in excess of \$500,000 for general liability, \$100,000 for property losses, and workers' compensation claims in excess of \$750,000. The City carries insurance policies with outside insurers for airport, railroad, health clinic, and boiler and explosion claims. There has been no significant change in insurance coverage from the previous fiscal year. Settled claims have not exceeded self-insurance or deductible levels on any insurance coverage in any of the past three years.

All operations of the City participate in the program and make payments to the Self-insurance Reserve Internal Service Fund's Liquidity Reserve based on an estimate of the amounts needed to pay claims, and to meet the debt service requirements of the self-insurance bond issues. The claims liability of \$4,735,000 reported in the Self-insurance Reserve Fund at September 30, 2009 is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. None of the claims liability have been discounted. The City has not purchased annuity contracts from commercial insurers to satisfy liabilities for any claim, therefore, no liability for claims has been removed from the balance sheet. Changes in the claims liability amount in fiscal years 2008 and 2009 were:

	<u>Beginning of fiscal year liability</u>	<u>Claims and changes in estimates</u>	<u>Claim payments</u>	<u>Balance fiscal year-end</u>
9/30/2008	\$ 4,686,403	\$ 2,582,911	\$ (2,742,930)	\$ 4,526,384
9/30/2009	\$ 4,526,384	\$ 2,628,868	\$ (2,420,252)	\$ 4,735,000

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

B. Employees' Health Plan

The Employee Benefit Internal Service Fund accounts for the transactions and reserves associated with the City's medical, dental, prescription drug, life, and long-term disability programs for City employees. Coverage for health, dental, and prescription drug plans are self-insured. The City has a stop-loss attachment point of \$100,000 per person. Other coverages are with commercial insurance carriers.

Incurred but not reported claims of \$679,956 are reported in the Employee Benefit Fund as of September 30, 2009. These medical and dental reserves are estimated based on submitted claim lag reports using a 15-month run-off, which are adjusted for inflation/utilization trends, plan design and population changes. Changes in the claims liability amount in fiscal years 2008 and 2009 were:

	<u>Beginning of fiscal year liability</u>	<u>Claims and changes in estimates</u>	<u>Claim payments</u>	<u>Balance fiscal year-end</u>
9/30/2008	\$ 887,087	\$ 8,264,619	\$ (8,203,295)	\$ 948,411
9/30/2009	\$ 948,411	\$ 7,524,785	\$ (7,793,240)	\$ 679,956

XII. LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

State and federal laws and regulations require that the City of Columbia place a final cover on its landfill when closed and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. During fiscal year 1994, the City adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 18, *Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs*. GASB No. 18 requires that, in addition to recognizing operating expenses related to current activities of the landfill, an expense provision and related liability be recognized for future closure and postclosure care costs that will be incurred near or after the date the landfill no longer accepts waste. The recognition of these landfill closure and postclosure care costs is accrued ratably over the useful life of the landfill based on the portion of the landfill used during the year and is being recorded in the Solid Waste Utility Enterprise Fund. As of September 30, 2009, the liability recorded for landfill closure and postclosure care costs was \$1,960,901, which is recorded as part of other liabilities and which is based on 51.11% usage of the landfill, less costs paid to date of \$3,450,271. The City will recognize the remaining costs of closure and postclosure care of \$2,448,059 as the remaining capacity is filled. The estimated total current costs of the landfill closure and postclosure care (\$7,859,231) is based on the amount that would be paid if all equipment, facilities, and services required to close, monitor and maintain the landfill were acquired as of September 30, 2009. However, the actual cost of closure and postclosure care may be higher due to inflation, changes in technology, or changes in landfill laws and regulations. The estimated remaining life of the landfill is approximately 20 years.

The City of Columbia has executed a contract of obligation with the Missouri Department of Natural Resources for landfill closure and postclosure care costs. This financial assurance instrument allows the Missouri Department of Natural Resources to collect the required amount from any state funds which could be dispersed to the City should the City fail to perform closure or postclosure care activities.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

XIII. CONTINGENCIES

A. Grants

The City receives significant financial assistance from numerous federal, state, and local governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the individual fund types included herein or on the overall financial position of the City at September 30, 2009.

B. Litigation

Various suits and claims against the City are presently pending involving claims for personal injury, tax appeals, and miscellaneous cases. In the opinion of management, both individually and in the aggregate, such suits or claims will not have a material effect on the financial position of the City.

XIV. EMPLOYEE RETIREMENT SYSTEMS AND PLANS

Except for Railroad employees, all full-time, regular employees of the City of Columbia participate in one of three retirement plans. The City administers two single-employer defined benefit pension plans, the Police Retirement Fund which covers full-time regular police officers, and the Firefighters' Retirement Fund which covers full-time regular firefighters. The Authority to provide pensions for Police and Firefighters is established in Revised Statutes of Missouri (RSMo) Section 86.583, and firefighters' retirement and relief systems for all municipalities in RSMo Section 87.005-87.105. Benefit provisions and contribution requirements are established by City ordinance, and may be amended by City ordinance. The City also participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent, multi-employer statewide public employee retirement plan for units of local government established and is governed by provisions of the Revised Statutes of Missouri (RSMo) Section 70.600 - 70.755. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. LAGERS is a defined benefit pension plan which provides retirement, disability, and death benefits to plan members and beneficiaries and covers substantially all of the City's employees not covered by the Police or Firefighters Retirement Funds. The plan is qualified under the Internal Revenue Code Section 401a and it is tax exempt.

A. Plan Descriptions

Police and Firefighter Pension

Participants in the Police and the Firefighters' Retirement plans become fully vested at the completion of their probationary period, which is generally one year after employment. Participants are eligible for retirement benefits, payable monthly for life, upon reaching the age of 65, or 20 years of credited service. The plans also provide early retirement, death, and disability benefits. Benefits and refunds of the Police and the Firefighters' Retirement pension plans are recognized and payable when due.

Participants in the Police Retirement plan receive a normal benefit equal to 3.0% of their highest average salary multiplied by the number of years of active service up to 20 years, plus 2% of the highest average salary for each year of service in excess of 20 years, but not to exceed 70% of the highest average salary. This benefit shall continue for life. Participants in the Police Retirement plan employed as of October 1, 1991 could elect a second option. Under this option employees retiring after January 4, 1993 receive a benefit increase of 3% each year from

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

retirement to age 62. When a covered employee reaches age 62, the retirement benefit shall equal 2.2% of the highest average salary times the years of service to a maximum of 52.5% of the highest average salary with 25 years of continuous service. The benefit calculated at age 62 is then increased by 2% for each year from retirement to age 61. This benefit is then payable from age 62 and increased in each future year by 2% of the preceding year's benefit.

Participants in the Firefighters' Retirement plan with 20 or more years of service receive a normal benefit equal to 70% of the highest annual salary plus 2% per year for each year in excess of 20 years, up to a maximum of 80% of the highest annual salary. The normal benefit is increased annually by 2%.

Financial Statements for the Police and Firefighters' Retirement Funds are presented within this document. There are no separately issued financial statements for the Police and Firefighters' Retirement Funds.

DROP

The Deferred Retirement Option Program (DROP), implemented on August 21, 2007, is a program that allows qualified employees to retire without terminating their employment for up to 5 years while their retirement benefits accumulate and earn interest compounded monthly at an effective annual rate of 4.0%. This program is available to eligible active members of the Columbia Police Department or the Columbia Fire Department who are in the Police Retirement Fund or Firefighters' Retirement Fund, respectively.

Eligible members of the Police Retirement Fund or Firefighters' Retirement Fund may participate in DROP when vested and they have reached their normal retirement date. In most cases an employee's normal retirement date is when vested and upon reaching age 65, or when they have completed 20 years of service, regardless of their age.

DROP eligibility begins the first month an employee reaches their normal retirement date. DROP participants must have written authorization from their employer and approval by the Administrator. In no event may the DROP period exceed 60 months.

If the qualified employee fails to terminate employment at the end of the DROP period, both the retirement and DROP participation will be voided, and the employer must pay any additional contributions that may be required to establish service credit for the time the participant was in DROP.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

LAGERS

Participants in the LAGERS plan become fully vested after five years of service. Participants are eligible for a monthly defined service retirement benefit with full benefits for general and utility employees at age sixty. Actuarially reduced benefits are available for general and utility employees at age fifty-five. An alternate unreduced retirement provision is available based on age and service totaling 80 years. LAGERS also provides disability and death benefits.

The Missouri Local Government Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. Box 1665, Jefferson City, MO 65102 or by calling 1-800-447-4334.

Membership of each plan consisted of the following at the date of the latest actuarial valuation:

	Police Pension	Fire Pension	LAGERS
Number of participants:			
Current membership (receiving benefits)	114	129	429
Terminated entitled, not yet receiving benefits	12	—	219
Current active members	150	132	903

B. Funding Policy

The City's Police and Fire pension contributions for the fiscal year ended September 30, 2009, were made in accordance with actuarially determined contribution requirements determined through actuarial valuation. The LAGERS contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute.

The City's annual pension cost for the current year and the related information for each plan is as follows:

	Police Plan	Fire Plan	LAGERS
Contribution rates:			
City – general, utility	29.61%	41.15%	13.9%, 16.5%
Plan members – contributory	8.35%	16.32%	—
Plan members – noncontributory	3.50%	—	—
Annual pension cost	\$2,549,967	\$3,098,617	\$5,949,643
Contributions made	\$2,549,967	\$3,098,617	\$5,949,643
Actuarial valuation date	9/30/2008	9/30/2008	2/28/2009
Actuarial cost method	entry age normal	entry age normal	entry age normal
Amortization method	level % of pay–closed	level % of pay–closed	level % of pay–open
Remaining amortization period	19 years	19 years	15 years
Asset valuation method	smooth 4 year market	smooth 4 year market	smooth 5 year market
Actuarial assumptions:			
Investment rate of return	8%	8%	7.5%
Projected salary increases *	0% – 4.1%	0% – 4.1%	0% – 6.0%
* Includes inflation at	4%	4%	4%
Benefit increases	2% annually until attained age of 62; 2% thereafter	2% annually	6% maximum annually based on consumer price index

Prior to September 22, 1985, participants in the police retirement plan were able to elect to receive a higher salary and make a contribution to the plan or elect to receive a lower salary and not make a contribution. For financial reporting purposes for Lagers, the projection of benefits does not explicitly incorporate the potential effects of the legal limit on employer contributions.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

C. Annual Pension Cost

LAGERS

Schedule of Employer Contributions

<u>Fiscal year ending</u>	<u>Annual pension cost (APC)</u>	<u>Percentage of APC contributed</u>	<u>Net pension obligation</u>
6/30/2007	\$ 5,270,425	100%	\$ —
6/30/2008	\$ 5,655,705	100%	\$ —
6/30/2009	\$ 5,949,643	100%	\$ —

Police and Firefighter Pension

Schedule of Employer Contributions

	<u>Fiscal year ending</u>	<u>Annual pension cost (APC)</u>	<u>Percentage of APC contributed</u>	<u>Net pension obligation</u>
Police	9/30/2007	\$ 2,401,908	100%	\$ —
	9/30/2008	\$ 2,520,373	100%	\$ —
	9/30/2009	\$ 2,549,967	100%	\$ —
Fire	9/30/2007	\$ 2,759,165	100%	\$ —
	9/30/2008	\$ 2,853,109	100%	\$ —
	9/30/2009	\$ 3,098,617	100%	\$ —

The City's funding policy provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are designed to accumulate sufficient assets to pay benefits when due. Administration costs are financed by the revenues of the Police and Firefighters' Retirement Funds.

There were no long-term contracts for contributions outstanding on September 30, 2009.

Although the assets of the plans are commingled for investment purposes, each plan's assets may be used only for the payment of benefits to the members of that plan, in accordance with the terms of the plan.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

D. Funded Status

The funded status of the Police pension as of September 30, 2008, the most recent actuarial valuation date is as follows:

Actuarial Valuation Date	Actuarial Value of Assets	Entry Age Actuarial Accrued Liability (AAL)	Unfunded Accrued Liability (UAL)	Funded Ratio	Annual Covered Payroll	UAL as a Percentage of Covered Payroll
9/30/2008	\$35,143,685	\$53,963,403	\$18,819,718	65%	\$8,198,959	230%

The funded status of the Fire pension as of September 30, 2008, the most recent actuarial valuation date is as follows:

Actuarial Valuation Date	Actuarial Value of Assets	Entry Age Actuarial Accrued Liability (AAL)	Unfunded Accrued Liability (UAL)	Funded Ratio	Annual Covered Payroll	UAL as a Percentage of Covered Payroll
9/30/2008	\$51,502,482	\$80,817,591	\$29,315,109	64%	\$6,996,192	419%

The funded status of Lagers as of February 28, 2009, the most recent actuarial valuation date is as follows:

Actuarial Valuation Date	Actuarial Value of Assets	Actuarial Accrued Liability (AAL)	Unfunded Accrued Liability (UAL)	Funded Ratio	Annual Covered Payroll	UAL as a Percentage of Covered Payroll
2/28/2009	\$79,437,495	\$112,714,076	\$33,276,581	70%	\$39,834,121	84%

The schedules of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, present multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AALs for benefits.

G. 401(a) Retirement Plan

The City sponsors and administers, through a contract with Boone County National Bank, a 401(a) plan which is a defined contribution plan established to provide benefits at retirement to permanent employees of the City. At September 30, 2009, there were 1,249 plan members. The City will contribute to the plan on behalf of each participant an amount equal to 2.0% of the participant's salary contingent upon the participant making a matching contribution to a Section 457 deferred compensation plan. For the year ended September 30, 2009, the City contributed \$909,567 to the plan. Plan provisions and contribution requirements are established and may be amended by the City Council.

H. Post Employment Health Plan (PEHP)

The City Council adopted a Post Employment Health Plan (PEHP), a defined contribution plan, in September 1997, which became effective in fiscal year 1998. The City administers the plan through a contract with Nationwide Retirement Solutions. All permanent City employees are eligible. At September 30, 2009, there were 1,333 plan members. The City contributes \$21.00 to individual employee accounts on a monthly basis. Upon retirement or separation, these funds are available to cover the cost of post-employment insurance premiums and medical expenses. In addition to the monthly contributions from the City, employees who terminate employment after 10 or more years of service may be eligible to convert unused sick leave hours (on a dollar-per-hour-basis) for deposit into the employee's PEHP account. For the year ended September 30, 2009, the City contributed \$358,035 to the plan.

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

I. Other Post Employment Benefits (OPEB)

Other Post Employment Benefits (GASB 43 and 45) reporting requirements became effective for the City of Columbia for the fiscal year ended September 30, 2008.

Plan Description

The City of Columbia Postemployment Health Plan is a single employer defined benefit plan that is self funded. The Plan provides medical and prescription drug benefits to eligible retirees and their dependents. Eligible non-Medicare retirees receive health care coverage through a self-insured Point-of-Service plan offered through United Healthcare. Eligible Medicare retirees receive health care coverage through a fully-insured Medicare Supplement Plan F offered through United American and a Part D Rx plan through Medco.

As of October 1, 2008, the date of the latest actuarial valuation, plan membership consisted of the following:

Retirees receiving benefits	278
Active members	1,218
Total plan members	<u>1,496</u>

Funding Policy

The funding policy is based on the City contributing into a trust an amount that is approximately equal to the current fiscal year GASB 45 annual required contribution (ARC). Contributions for the medical and prescription drug benefit are required for both retiree and dependent coverage. It is assumed that the total contribution will increase with medical trends. The contribution requirement is included in the City's annual budget which is adopted by the City Council.

Annual OPEB Cost and Net OPEB Obligation

The City of Columbia's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and the changes on the City's net OPEB obligation to the postemployment health plan:

Annual Required Contribution	\$662,000
Interest on Net OPEB Obligation	2,000
Adjustment to Annual Required Contribution	<u>(3,000)</u>
Annual OPEB Cost (Expense)	661,000
Employer contributions into trust	<u>(767,000)</u>
Increase in Net OPEB Obligation (Asset)	(106,000)
Net OPEB Obligation-October 1, 2008	<u>28,000</u>
Net OPEB Obligation-September 30, 2009	<u>(\$78,000)</u>

CITY OF COLUMBIA, MISSOURI

Notes to the Basic Financial Statements September 30, 2009

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal year 2009 and the preceding year is as follows:

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
September 30, 2008	\$787,868	96%	\$27,868
September 30, 2009	\$661,000	116.04%	(\$78,000)

The City implemented GASB Statement 45 for the fiscal year ended September 30, 2008; therefore, information for prior years is not available. Financial statements for the OPEB plan are presented within this document. There are no separately issued financial statements for the OPEB plan.

Funded Status and Funding Progress

As of October 1, 2008, the most recent valuation date, the plan was 7.64% funded. The actuarial accrued liability for benefits was \$(4,686,000) and the actuarial value of assets is \$358,000 resulting in an unfunded actuarial accrued liability (UAAL) of \$(4,328,000). Covered payroll (annual payroll of active employees covered by the plan) is \$54,280,288 and the ratio of the unfunded actuarial accrued liability to the covered payroll is 8.0%.

Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, will present multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and included the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The initial unfunded actuarial accrued liability is being amortized over ten years. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. Additional information as of the latest actuarial valuation follows:

Actuarial cost method	Projected unit credit
Amortization method	Level % of pay-open
Asset valuation method	market value
Actuarial assumptions:	
Investment rate of return	8% *
Projected salary increases	4%
Healthcare cost trend rate	10% initially
	5% ultimate

* Based on the expected long term investment return of the employer's own investments used to pay plan benefits.

XV. SUBSEQUENT EVENTS

The City issued \$59,335,000 of Sewerage System Revenue Bonds In January 2010. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 and July 1 of each year, beginning July 1, 2013 through July 1, 2032 and interest payments are due on January 1 and July 1.

CITY OF COLUMBIA, MISSOURI
Required Supplementary Information (Unaudited)
Notes to the Budgetary Comparison Schedule
For The Year Ended September 30, 2009

Budgetary Information

An annual budget prepared under the modified accrual basis of accounting is adopted in September prior to the beginning of each fiscal year for all revenues and expenditures of the General Fund of the City. Accordingly, the budget schedule presents actual expenditures in accordance with accounting principles generally accepted in the United States of America. The primary basis of budgetary control is at the department level. Departments may not legally exceed their total appropriation without City Council approval. A review of the current year's budget is made by the departments in September of each year and interdepartmental transfers are made with City Council approval. Any remaining unencumbered appropriations lapse at fiscal year end. Any increase in appropriations during the fiscal year must be approved by the City Council. During the current budget year, supplemental budget appropriations were necessary to approve funding for new grant programs, as well as other approved City programs. These appropriations increased the General Fund budget by \$5,790,080 and this increase is reflected in the final budgeted amounts in the accompanying required supplemental information.

Project budgets prepared under the modified accrual basis of accounting are adopted for the Capital Projects Fund. All projects remain appropriated until completed or until the City Council decides to eliminate the project. The Debt Service Funds are controlled by related bond ordinances. Special Revenue Funds with legally adopted annual budgets are: Special Road District Tax Fund, Convention and Tourism Fund, Public Improvement Fund, Capital Improvement Sales Tax Fund, Park Sales Tax Fund, Contributions Fund and the Transportation Sales Tax Fund.

SUPPLEMENTARY INFORMATION

CITY OF COLUMBIA, MISSOURI

**COMBINING FUND
FINANCIAL STATEMENTS
AND SCHEDULE**

NON-MAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Library Debt Fund - to account for the monies reserved for debt service of the Daniel Boone Regional Library.

Library Operating Fund - to account for the receipts from the general property taxes for the Daniel Boone Regional Library and disbursements to the Daniel Boone Regional Library.

Library Building Fund - to account for monies reserved for maintenance and repairs of the Daniel Boone Regional Library Building.

Special Road District Tax Fund - to account for the road and bridge tax revenues. These revenues are used to improve, maintain, construct and repair certain streets and roads within the City limits.

Columbia Special Business District Fund - to account for the proceeds of property taxes levied on all property within the district for the purpose of providing promotion of the district as a shopping and entertainment area for the general public.

Convention and Tourism Fund - to account for the four percent tax levied on the gross daily rental receipts due from or paid by transient guests at hotels or motels. The revenues are used by the City for the purpose of promoting convention and tourism in the City.

Community Development Grant Fund - to account for all federal monies received by the City and disbursed on Community Development Grant projects.

Public Improvement Fund - to account for and disburse monies the City receives from the City sales tax. This fund receives a portion of the City sales tax and is allocated for a wide range of public improvements to the City which includes streets, sidewalks and parks.

NON-MAJOR GOVERNMENTAL FUNDS

Special Revenue Funds (continued)

Capital Improvement Sales Tax Fund - to account for the 1/4 cent sales tax approved by voters in November 2005, to be collected until December 31, 2015 for funding of capital improvement projects.

Park Sales Tax Fund - to account for the City-enacted 1/4 percent (to be reduced to 1/8 percent in 2011) sales tax and expenditures for funding of local parks.

Contributions Fund - to account for all gifts, bequests, or other funds derived from property which may have been purchased or held in trust by or for the City of Columbia, Missouri.

Transportation Sales Tax Fund - to account for City-enacted sales tax and expenditures for transportation purposes which include financial support of the public mass transportation system, construction and maintenance of streets, roads, bridges, and airports to the extent of tax revenues.

Debt Service Funds

The Debt Service Funds are used to account for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the government is obligated in some manner for the payment.

2006B Special Obligation Revenue Refunding and Improvement Bonds - to accumulate monies for payment of Series 2006B \$25,615,000 5% Special Obligation Bonds with semi-annual installments of principal plus interest until maturity in 2016. Financing is to be provided by the Capital Improvement Sales Tax.

2007A Special Obligation Notes - to accumulate monies for payment of Series 2007A \$3,740,000 4.23% Special Obligation Notes with semi-annual installments of principal plus interest until maturity in 2011. Financing is to be provided by the Parks Sales Tax.

2008B Special Obligation Notes - to accumulate monies for payment of Series 2008B \$26,795,000 4.3% Special Obligation Bonds with semi-annual installments of principal plus interest until maturity in 2028. Financing is to be provided by property tax and lease payments from enterprise funds.

NON-MAJOR GOVERNMENTAL FUNDS

Permanent Fund

The Permanent Fund is used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs.

Designated Loan & Special Tax Bill Investment Fund - to account for the purchase of all special assessment tax bills. The fund also makes loans and advances to other funds.

NON-MAJOR ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises-where the intent of the government's council is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the government's council has decided that periodic determination of net income is appropriate for accountability purposes.

Parking Facilities Fund - to account for revenues and expenses resulting from the operation and maintenance of City parking lots, municipal garages, and parking meters.

Recreational Services Fund - to account for revenues and expenses for various recreational services provided by the Parks and Recreation Department for which participants are charged fees.

Storm Water Utility Fund - to account for storm water funding, implementation of storm water management projects, and provide maintenance to existing drainage facilities.

Regional Airport Fund - to account for all the expenses incurred and revenues received by operations at the Columbia Regional Airport.

Public Transportation Fund - to account for all the expenses and revenues resulting from the provision of public transportation services by the Columbia Area Transportation System.

Railroad Fund - to account for revenues and expenses resulting from the operation of a railroad branch line which runs from a Norfolk and Southern main line in Centralia, Missouri to the City of Columbia.

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

Custodial and Maintenance Services Fund - to account for the provision of custodial services and building maintenance used by other City departments.

Utility Customer Services Fund - to account for utility accounts receivable billing and customer services provided by the Finance Department to the Water and Electric, Sanitary Sewer, Solid Waste and Storm Water utilities.

Information Technologies Fund - to account for the provision of hardware infrastructure to support the computing requirements of the City, as well as developing or implementing software to improve the operating efficiencies of the departments within the City.

Public Communications Fund - to account for the provision of printing press, xerox, interdepartmental mail, and postage services to other City departments, and cable television operations.

Fleet Operations Fund - to account for operating a maintenance facility for automotive equipment, and for fuel used by some City departments.

Self Insurance Reserve Fund - to account for the payment of property and casualty losses, and uninsured workers' compensation claims.

Employee Benefit Fund - to account for the City of Columbia's self-insurance program for health, disability and life insurance for covered City employees. Other employee benefits accounted for in this fund include; retirement sick leave, medical services, service awards, cafeteria plan and employee health/wellness.

FIDUCIARY FUNDS

Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore cannot be used to support the City's own programs.

Police and Firefighters' Retirement Funds - to account for the accumulation of resources for pension benefit payments to qualified police and firefighter personnel.

Conley Poor Fund - to account for resources for a trust that was established primarily for food and medical payments for indigent persons of Columbia, Missouri.

REDI Trust Fund - to account for all Regional Economic Development, Inc. transactions.

Other Post Employment Benefit Trust Fund - to account for the accumulation of resources for post employment benefits to qualified plan participants.

TDD Columbia Mall Agency Fund - to report funds held for Columbia Mall TDD until they can be disbursed to the district to complete approved transportation projects.

STATISTICAL SECTION

The Statistical Section "relates to the physical, economic, social and political characteristics of the City." Its design is to provide financial statement users with additional historical perspective, context, and detail to assist in using the information in the financial statements, notes to the financial statements, and required supplementary information to understand and assess the City's economic condition.

Financial Trends Information - is intended to assist users in understanding and assessing how the City's financial position has changed over time.

Revenue Capacity Information - is intended to assist users in understanding and assessing the factors affecting the City's ability to generate its own-source revenues, sales tax and property tax.

Debt Capacity Information - is intended to assist users in understanding and assessing the City's debt burden and its ability to issue additional debt.

Demographic and Economic Information - is intended (1) to assist users in understanding the socioeconomic environment within which the City operates and (2) to provide information that facilitates comparisons of financial statement information over time.

Operating Information - is intended to provide contextual information about the City's operations and resources to assist readers in using financial statement information to understand and assess the City's economic condition.

Sources: Unless otherwise noted, the information provided in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB Statement 34 in fiscal year end September 30, 2002; schedules presenting government-wide information include information beginning in that year.

Energy charge (All KWH)	¢ per KWH	n/a	n/a

* The rates shown in this table are those in effect at October 1, 2008. The electric service rates for residential service, small general service, and the energy charge portion for large general service and industrial services are increased or decreased by a fuel adjustment allowance. The fuel adjustment allowance is computed annually based on the energy costs estimate (purchased power and fuel) per kilowatt hour.

Totals	<u>\$145,819,748</u>	<u>\$14,244,185</u>	<u>\$131,575,563</u>		<u>\$107,563,124</u>

Source: Assessed value data used to estimate applicable percentages provided by the Boone County Collectors Office. Debt outstanding data provided by each governmental unit.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognized that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

(a) For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the City's boundaries and dividing it by each unit's total taxable assessed value.

**Section 95.115 of the 1978 Missouri Revised Statutes permits any county or city, by vote of two-thirds of qualified electors voting thereon, to incur additional indebtedness for city purposes not to exceed 5 percent of the taxable tangible property therein, as shown by the last assessment.

Section 95.120 of the 1978 Missouri Revised Statutes permits any county or city, by a vote of two-thirds of qualified electors voting thereon, to incur additional indebtedness for city purposes not to exceed 5 percent of the taxable tangible property therein, as shown by the last assessment.

Sections 95.125 and 95.130 of the 1978 Missouri Revised Statutes provide that any city may become indebted not exceeding in the aggregate an additional 10 percent for the purpose of acquiring right-of-ways, constructing, extending, and improving streets and avenues and/or sanitary or storm sewer system, and an additional 10 percent for purchasing or construction of waterworks, electric, or other light plants, provided the total general obligation indebtedness of the city does not exceed 20 percent of the assessed valuation.

(a) Revenue bonds and their related interest are payable solely from the revenues derived from the operation of the enterprise owned by the City. The taxing power of the City is not pledged to secure payment of the bonds and interest.

(b) Interest payments made during the fiscal year.

(c) The 95 Parking Revenue Bonds were refunded with the Special Obligation Bonds, Series 2006A issue.
