ADDENDUMS TO BUDGET MESSAGE

September 30, 1998

Following submission of the City Manager's budget dated July 31, 1998, the City Council held several work sessions to discuss each of the City departmental budgets. Public hearings were opened August 17, 1998, at the Council meeting and continued through the evening of the adoption of the budget, September 21, 1998. The attached summary sheet reflects amendments made to the City Manager's budget prior to its adoption and adjusts the numbers in the original budget message contained in the document dated July 29, 1998. Accordingly, there were changes made to the General Fund, certain Enterprise and Internal Service Funds. The original budget message is published in this document; however, all final adopted amounts are reflected in the Financial Summary Section and Detailed Budget Sections. The FY 99 Personnel Package adopted was within the guidelines of the City Council. The General Fund, which provides for traditional operations and programs, reflects a 16% fund balance of adopted expenditures.

FY 99 Capital Projects, which are listed in the Capital Project section of the budget, will not have a major impact on operating funds in FY 99. However, in the coming years, some will affect certain operating budgets in areas of materials, supplies, utilities, equipment, etc. Capital projects for FY 99 total \$29,031,039.

FY 99 all budgeted funds total \$188,163,260. This all funds figure includes certain expenditures between departments such as charges to departments for services rendered (internal service funds), subsidies, and transfers. A true all funds budget amount can be obtained by reducing the above all funds number by these items. The net budget amount for FY 99 is approximately \$164 million.

Respectfully submitted,

Raymond A. Beck, P.E.
City Manager

Attachment

AMENDMENTS TO CITY MANAGER'S BUDGET
Council Approved 09/21/98

Department	Account	Description of Changes	Amount to Increase/ (Decrease)
REVENUES - GENERAL FUND			
Police Department	110-2120-461.10-00	Universal Hiring Program Grant	\$51,258
		Increase to General Fund Revenues	\$51,258
EXPENDITURES - GENERAL FUND			
Parks & Recreation	110-5440-541.49-60	Partial Funding for "First Night" Activities	\$7,500
Parks & Recreation	110-5010-541.49-90	Senior Show-Me State Games Sponsorship	\$5,000
Parks & Recreation	110-5010-541.49-90	Fireworks Sponsorship - Columbia Cosmo Club	\$5,000
Police Department	110-2120-511.xx-xx	Add (2) Police Officers - Univ. Hiring Grant	92,532
Police Department	110-2120-511.xx-xx	Delete Deputy Police Chief Position	(87,871)
Police Department	110-2120-511.xx-xx	(1) Marked Vehicle for New Officers	32,360
Police Department	110-2120-511.xx-xx	(1) Unmarked Vehicle for New Officers	17,900
Fire	110-2320-513.66-41	Additional Defibrillators	24,000
JCIC	110-3510-517.01-01	Reclassify money from Personnel Services to IS. Charges *	(37,900)
JCIC	110-3510-517.30-44	Reclassify money from Personnel Services to IS. Charges *	37,900
Non-Departmental	110-8500-590.56-86	Reallocate Council Reserve for Budget Amendments	(45,163)
		Increase to General Fund Expenditures	\$51,258

REVENUES - OTHER FUNDS

Cultural Affairs	226-4610-462.10-00	Mo. Arts Council Grant	13,200
Cultural Affairs	226-4630-462.10-00	Mo. Arts Council Grant	\$3,800
Emp Benefit Fund	659-	Changes that did not get made during Budget Process **	\$799,575
Parking Fund	556-0000-446.40-00	Reduce Parking Revenue from SBD ***	(\$10,530)
Parking Fund	556-0000-446.30-00 KWBSH	Reflect Wabash Revenue from taking over SBD permits ***	\$2,692
Parking Fund	556-0000-446.30-00 K8CHRY	Reflect 8th & Cherry Rev. from taking over SBD permits ***	\$2,050
Parking Fund	556-0000-446.20-32 K7TH	Reflect Plaza Rev. from taking over SBD permits ***	\$523
Information Services	674-0000-444.60-00	Increase IS. Charges from JCIC *	\$37,900
		Increase to Other Fund Revenues	\$849,210

EXPENSES - OTHER FUNDS

Cultural Affairs	226-4610-509.01-05	Temp. Salaries - Mo. Arts Council Grant	13,200
Cultural Affairs	226-4630-509.49-90	Contractual Services - Mo. Arts Council Grant	\$3,800
Emp. Benefit Fund	659-	Changes that did not get made during Budget Process **	\$768,537
Information Services	674-1810-601.xx-xx	Add (1) Systems Analyst Position *	75,827
		Increase to Other Fund Expenses	\$861,364

CIP CHANGES:

See Revised CIP Pages

CDBG PAGE CHANGES:

See Revised CDBG Page

* An additional position is being added to Information Services Dept. to handle JCIC computer services. This position is being partially offset by an increase in JCIC Information Services charges. The JCIC will transfer the amount from salaries (due to an anticipated delay in filling position) to their IS Charges account. No General Fund impact; Information Services net cost is \$37,927.

** These changes should have been made during the normal budget process; however, they were not. The net of the revenue and expenditure changes is a \$31,038 increase in revenues.

*** These changes reflect a request from SBD for turning over their parking permit program to the City. City anticipates a net loss of revenue of \$5,265.

BUDGET MESSAGE

July 29, 1998

Honorable Mayor and City Council
City of Columbia, Missouri

Pursuant to our City Charter, I am pleased to submit the 1998-99 City Manager's Budget and Budget Message. The city budget is one of the most important documents the Manager and staff prepares and the Council adopts each year. It serves as a blueprint and provides the funding for implementing city services, programs and projects for the next fiscal year. With our dedicated staff working as a team with the many volunteers of our city and the resources provided in this budget, our city will continue to be a great place to live. This balanced budget represents a financial plan which implements many of the priorities and objectives of our city.

The budget includes a statement of programs and priorities; a description of each department, department objectives, highlights/significant changes; and, comparative data and performance measurements.

Budget Process

The City Manager's budget must be submitted at least 60 days prior to the beginning of each budget year which starts October 1. The charter provides that the Council shall hold public hearings on the budget as submitted, at which time all interested persons shall be given an opportunity to be heard. Following Council work sessions and public hearings, our goal is for the Council to adopt its' budget during the second regular Council meeting in September as has been the practice in the past. The charter provides the Council adopt the budget by majority vote no later than the last Monday of the month preceding the last month of the budget year, or the budget submitted by the City Manager will be effective.

Overview

The budget includes four basic types of funds: General Fund, Enterprise Funds, Internal Services Funds and other "Special Funds". Because Columbia is a full-service city, this budget may be larger than many cities of comparative size and will indicate a larger number of specific accounts for each operation. Some of the larger enterprise funds include electric, water, wastewater, solid waste, recreation services, and the regional airport. City operations include several internal service fund activities that support other departments, such as Information Services (computers), utility customer services, fleet operations (central garage), and custodial and building services.

Property tax rates are shown to remain at \$.20 for the General Fund and \$.21 for Debt Service. The County has submitted a projected growth rate of 4% of assessed value. It should be noted the \$.20 levy is \$.24 below the maximum the Council is authorized to levy for city operations. Each one cent yields about \$80,000 per year. Sales tax receipts continue to vary substantially from month to month. Based on the 6% increase through June of '98 we have shown a 5% for this budget rather than 4.25% shown in the previous year. Gross receipts tax and PILOT (payment in lieu of tax) from the Water and Light Department to the General Fund is projected to remain at about 3.5% growth. Final resolution of litigation on use tax (out-of-state-sale-tax) collected by the state for our city has made \$2,190,000 available for use, part of which funds are programmed into the General Fund Improvement Plan to fund public safety and health needs. A portion of the funds received and which had been set aside were refunded with interest, following the Supreme Court decision. I am recommending a new local use tax be voted on for public safety needs.

The overall expenditures shown for all funds total \$186,726,638; however, when subtracting internal service funds (\$16,958,572), operating transfers (\$4,326,525) and general & administrative accounting fees (\$2,517,763) the actual city spending is \$162,923,778 as compared to \$150,561,121 for FY97-98.

Capital outlays are shown at \$4,150,983 as compared to \$4,573,798 for FY97-98. Part of this reduction reflects a change in policy that allows new items less than \$1,000 to be included in the base budget as an operating expense rather than as a supplemental capital outlay item as was shown in previous budgets. Our capital outlay budget for the General Fund for trucks, autos and other major equipment is less than desirable.

Capital Improvement projects for all funds increased from \$20,152,159 in FY97-98 to \$28,507,039, an increase of \$8,354,880 or 41.46%. The largest increase is in the wastewater, stormwater, water, streets and solid waste projects. These increases are primarily funded from voter approved issues.

Subsidies for certain enterprise operations have decreased slightly (\$30,380) primarily due to the reduction in the public transit subsidy of \$100,000.

The user rate increases proposed with this budget include the planned 2% in water rates and several in Parks & Recreation. A solid waste rate increase was approved recently that will go into effect about October 1.

Our Volunteer Services Office has brought many resources to our city which could not have been budgeted without revenue increases. This budget places further emphasis on volunteer services and gifts to our city.

When the budget strategy was discussed with the Council, it was agreed to place more emphasis on moving personnel to a permanent basis rather than temporary basis and offering other city benefits to certain remaining temporary or seasonal categories. This budget includes a major increase in permanent positions and benefits while yet remaining near my overall personnel cost guideline.

Many, well documented department requests, could not be included because of financial constraints. I believe this budget provides adequate resources for the highest priority demands of the community except in the areas of equipment replacement and several major capital improvement projects. We should end FY98 in a sound financial position. While total General Fund revenues will not be substantially over budget as in past years, we are still able to utilize fund balance resources as a revenue for FY98-99. City department heads have done an excellent job managing resources available, while providing necessary services to our customers.

My overall budget strategy continues to be to provide for well-trained personnel with competitive salaries and benefits supported by good, state of the art equipment to provide programs, services and projects in the most cost effective manner.

HIGHLIGHTS - GENERAL FUND:

The general fund shows revenues and expenditures for traditional operations and programs found in most communities such as Public Health, Safety, Planning, Public Works, Parks, etc. Subsidies are provided from the City General Fund account to those enterprise funds that do not provide adequate revenues from their fee structures.

Listed below are key elements of the proposed FY 99 General Fund budget:

- General Fund resources excluding appropriated fund balance are projected at \$42,081,629 which is \$1,654,022 or 4.09% increase from FY98 .
- Expenditures are projected at \$44,460,253 up 3.8%.
- General Fund budget revenues include a transfer of \$2,378,624 from the unused fund balance of the present year.
- The Contingency Fund has been set at \$100,000 and \$75,000 is shown for Council Reserve, that the Council may want to specify uses for all or part of in the Council adopted budget.
- Funds for social assistance program and art activities show a 4.5% increase discussed with the City Council.
- Subsidies to enterprise fund such as transit, airport, recreation services and others are shown at \$3,824,405 compared to \$3,894,405 last year. In addition, the General Fund supports the Cultural Affairs Fund and the Office of Volunteer Services by the transfer of \$210,120 and \$102,500 respectively. The subsidies to enterprise funds are as follows:

<u>Operation</u>	<u>FY 98</u>	<u>FY99</u>	<u>% change</u>
Airport subsidy	554,000	554,000	0% increase
Bus subsidy	1,746,000	1,646,000	5.7% decrease
Recreation Services	1,470,000	1,500,000	2.0% increase
Storm water utility	124,405	124,405	0% increase

Continued emphasis has been placed on public safety with the addition of the following:

- Two police officers which will be partially supported through grant funds. Converted temporary ASA position to permanent position. Additional voice mail boxes will be added at a cost of \$12,500 to allow communication between citizens and community police officers both day and night. Total approved supplemental request (non personnel) equal \$119,931 up slightly from FY98.
- One additional fire fighter and the purchase of 12 Automatic External Defibrillation Units at a cost of \$33,000 are included in this budget. Total approved supplemental request for FY99 are \$130,737 (non personnel) up \$12,267 from FY98. Also, one additional fire truck shown in CIP budget.
- Two Communications Operator Trainee positions were added to the JCIC operations. Total non personnel supplemental request approved for JCIC are \$50,494.

Other General Fund highlights include:

- Continued Investment in technology of approximately \$111,000 in computer equipment and \$30,004 in upgrades to existing equipment to improve the operating efficiency of the LAN.
- A Maintenance Assistant II position has been recommended for the Parks & Recreation-Parks Division. In addition, \$79,000 for a 80' aerial platform truck and \$54,000 for a trencher with backhoe and backfill blade are recommended. Total non personnel supplemental requests recommended for FY99 is \$280,634 which is down slightly from FY98.
- The General Fund part of the Public Works Department shows an increase of \$39,330 in personnel for a portion of a Civil Engineer I and Financial Management Specialist. About \$465,000 in equipment is proposed in the General Fund budget. This includes the replacement of a street sweeper, two tandem trucks and a stripping machine. It should be noted that even with this relatively high level of equipment replacement, approximately \$1,000,000 in equipment requests in the Street Division alone, could not be budgeted.

BUDGET HIGHLIGHTS - ENTERPRISE FUNDS:

Combined budgets for all programs and projects operated as enterprise funds show projected revenues for FY99 at \$97,429,965 and expenses at \$90,346,017 for a net income of \$7,083,948.

- Electric Utility Operating revenues of \$62,167,529 with expenses of \$56,039,790, for a net income of \$6,127,739 is shown. Operating expenses are projected to decrease \$237,685, primarily due to a \$730,000 decrease in the cost of power supply. There has been no rate increase for over a decade and there are no rate increases projected in FY99. This fund continues in a strong financial condition with adequate cash flow and retained earnings. A total of \$1,128,975 is shown as supplemental expenditures for the replacement of equipment

and major maintenance and upgrading of a variety of facilities. Two new positions are included for this fund, a Locator I and Energy Management Specialist I Graphic Artist. The department will continue the capital improvements, including those outlined in the 1997 ballot issue.

- Water Utility projected revenues are \$10,086,487 and expenses of \$9,776,665 for a net income of \$309,822. The 2% rate increase planned in the Revenue Bond ballot issue will be implemented again this year. Supplemental requests approved for this budget total \$319,144. This is primarily for the replacement of existing equipment and major maintenance on a variety of facilities. During the past year, the city water system merged with Water District No. 2 increasing capital projects for that area and also the number of customers. A territorial agreement with Consolidated District No. 1 is underway as is active discussion with District No. 4.
- The Railroad Operation projected revenues are \$413,910 and expenses of \$486,471 for a net loss of (\$72,561). Since the railroad provides direct benefits to the electric utility, we have been transferring \$50,000 per year from the Electric Fund to the Railroad Fund. We are recommending that this transfer be continued on a year to year basis to assure a solid financial backing for the railroad. A major part of the loss shown is due to a revised schedule of assessing G & A fees to this operation. Staff believes the railroad continues to be an essential part of our overall, balanced transportation system.
- Public Transportation (Transit) has projected revenues of \$2,505,622 and expenses of \$2,453,131 for a net income for \$52,491. To achieve this the General Fund would provide an operating subsidy of \$1,646,000, a \$100,000 reduction from FY98. The operating subsidy is from the transportation sales tax. We are recommending 5.25 positions be converted from temporary to permanent benefitted positions to assist in keeping well trained operators. Transit ridership continues to increase.
- Airport has projected revenues of \$1,089,341 and expenses of \$1,105,440 for a net loss of (\$16,099). A master plan update will begin shortly. There is a continuous increase in cargo traffic and some other activities at the airport. FY99 expenditures, including CIP, total \$1,921,992 as compared to \$1,065,989 for FY98.
- The Wastewater Utility (Sanitary Sewer) shows revenues of \$6,018,951 and expenses of \$5,740,340 for net income of \$278,611. Approximately \$200,000 in supplemental requests are included in the budget. Major items include two 1 ton dump trucks, forklift, 1/2 ton pick up truck and accessory attachments for skid steer loader. The ballot issue in November 1997 was successful. This included funding for an additional wetland area; new trunk sewers; sewer rehabilitation work and reconstruction to reduce inflow/infiltration. A 3% increase in revenues is anticipated from a rate increase and new fee structure implemented in June 1998 as discussed during the ballot issue approved by the voters.

- The Parking Utility shows revenues in the amount of \$1,700,289 and expenses of \$1,431,270, for a net income of \$269,019. Garage revenues are anticipated to decline slightly during the renovation of the 8th and Cherry structure. Our utility is totally supported from user fees and a prorated amount of parking fines. No tax funds, property tax, or other funds are used for parking purposes. A new garage will be opened this calendar year and the 8th & Cherry garage will be totally renovated in 1999.
- Solid Waste Operations (Refuse) shows revenues in the amount of \$8,138,741, and expenses of \$8,980,328 for a net loss of (\$841,587). However, net income before depreciation is \$233,562. A new rate increase will go into effect in October to pay for the Blue Bag system, new maintenance facility at landfill, and other landfill costs. The city will be reviewing the purchase or construction of a resource recovery facility. The budget recommends 11.75 temporary positions be converted to permanent benefited positions. Approximately \$794,000 in capital equipment is included in this budget. Major items include split hopper rear loader, tandem axle front load truck, tandem axle rear loader and tandem axle roll off truck.
- Storm Water Utilities has projected revenues of \$1,170,875 and expenses of \$680,582, for net income of \$490,293. There has been \$27,500 recommended in supplemental requests for replacement of a 3/4 ton pickup with utility bed and CADD station. There is no proposed increase in storm water fees. The civil engineer position has been added in Public Works primarily to assist in storm sewer design.
- The Recreation Services Fund includes only the Recreation Services Division of the Parks & Recreation Department. This fund has projected revenues of \$4,138,220, which includes the General Fund subsidy of \$1,500,000. Expenses of \$3,652,000 resulted in a net income of \$486,220. One position is being recommended to be converted from temporary to permanent. Approximately the same level of capital expenditures are being proposed this year as in FY98.

HIGHLIGHTS - OTHER FUNDS - INTERNAL SERVICE FUNDS:

Combined budgets for all programs and projects operated as internal service funds show projected revenues for FY99 of \$16,728,976 and expenses at \$16,578,841 for a net income of \$150,135. Internal Service fund expenses are down from FY98 due to a decrease in the Self Insurance Fund primarily related to interest on bonds that were retired in FY98.

- The Utility Customer Service Division (UCS) of the Finance Department (formerly Utility Accounts and Billing) shows a net income of \$10,659. One additional customer service representative is recommended to assist with the increasing customer load. During FY99 this office will continue to work with the new utility billing system to enhance our ability to provide more flexible payment options to our utility customers.

- Information Services (Data Processing) is projecting a net loss of (\$350,395). This is a planned use of available funds and is being utilized for supplemental requests of approximately \$325,000. These supplemental requests include an upgrade to the operating system of the AS/400, upgrade to the Office Suite (network software) to ensure year 2000 compliance, and additional HP servers.
- The Public Communications Fund was established three years ago as an internal service fund and is projected to operate essentially at a break even point with a net loss of (\$39).
- The Fleet Operations Fund (Vehicle Maintenance) shows an operating income of \$77,141. Labor rates charged to departments did not change for FY99. One new mechanic is recommended for this fund which should have offsetting revenues due to increased garage activities.
- Self Insurance Fund has a significant change in the amount of interest expense budgeted for FY99 due to the maturing of approximately \$4.6 million in bond in FY98. Changes were made to the formula used to calculate charges to various departments in order to incorporate certain workmans' compensation and vehicle risk into the amount of premiums charged.
- Other Internal Service Funds - all other funds; Employee Benefit Fund and Custodial & Building Maintenance Fund have no significant changes proposed for the FY99 Budget.

OTHER FUNDS:

- Office of Volunteer Services - this office was established in FY97 and a Volunteer Coordinator was hired. Since this position has been filled, significant programs have been initiated utilizing services of many community volunteers. Programs such as Park Patrol, Adopt-A-Spot and several others have provided significant resources for projects that would have not otherwise been initiated. One new position has been added to this budget to assist the Volunteer Coordinator, to further increase volunteer services, and more actively pursue private funds for community partnership programs.
- The Office of Cultural Affairs budget for FY99 has increased a total of 11.6%. Personnel costs have increased due to reclassification of positions to assist in retaining quality support for the operations. The Percent for Arts program and the Columbia Festival of Arts, formerly called Missouri Fall Festival, will continue in FY99 as well as continued work on Creative Columbia initiatives. It is anticipated that a larger art grant will be obtained this year.
- The budget for Convention and Tourism increased a total of 7.5% for FY99. This is partially due to the recommended capital outlay for computer equipment upgrades. The Bureau will continue to implement the long range plan to focus on 4 new areas of tourism that include Cultural & Heritage tourism, Katy Trail, development of destination attraction and off season sports marketing. A ballot issue may be considered this year to increase revenues and programs.

PERSONNEL:

My budget strategy assumed an overall personnel cost increase of 5% for current personnel and 1.5% for new personnel as in previous years for a total of 6.5%. This percentage for new employees is consistent with our city growth of about 1.5% per year.

This budget includes a 3% COLA and a normal 3% merit increase. This budget also includes approximately \$132,000 to provide health benefits and holiday pay for qualified seasonal employees. An amount of \$1.00 an hour was added to the existing sick leave buy back program at retirement. This will allow for the city to buy back sick leave at retirement at \$2.00 for each hour of sick leave accumulated which is deposited into the employee post employment health plan and can be used for medical expenses after retirement (PEHP). An additional \$1 a month is proposed to be added to the PEHP contribution. Our standard sick leave buy back program for active employees is felt to be effective and provides mutual benefits to many employees who have accumulated adequate sick leave time and are at the top of their pay range. Another item included in the budget, which was also a high priority of employees, is an additional .5% of pay as the city's match for the 401(a) plan.

A total of 9.5 new positions are included which is less than 1.5% guideline and 23.30 positions converted from temporary to permanent, benefited positions. New positions added are two Police Officers, a Fire Fighter, a Financial Management Specialist in Public Works, a Civil Engineer I in Public Works, a Customer Service Representative in UCS, .5 ASA II in Risk Management, a Mechanic in Fleet Operations, a Energy Management Specialist (Graphic Artist) in Electric Utility, a Locator I in the Electric Utility, and a Program Assistant in Volunteer Services.

This budget places special emphasis on converting temporary help to permanent benefited positions as discussed with the Council. Also health benefits and holiday pay are included for qualified seasonal employees for the first time. Providing health benefits beginning at end of the first month of employment rather at the end of 6 months increased health costs by \$148,000 (unspent funds as a revenue) thus making overall personnel costs at 6.6%. This program should be of special benefit for the lower paid employees.

Converted positions include a HIV Planner/Programmer, two Communications Operator Trainees, a Maintenance Assistant II in Parks & Rec, an ASA I in the Police Department, 5.25 Bus Drivers, 9 Refuse Collectors, .75 ASA I in Solid Waste, 2 Equipment Operators III in Solid Waste, a Recreation Specialist and .5 ASA in Information Services.

DEBT SERVICE:

Included in this budget is the City's debt service schedule for its outstanding bonds. As of the date of this budget, the city has not yet issued Sewer Revenue Bonds authorized in the recent ballot. The City continues to maintain an excellent bond rating of AA for its General Obligation and A1 for its Revenue bonds. The City's outstanding General Obligation Debt of \$7,455,000 is well below the constitutional debt limit of approximately \$165 million. The City has a history of using prudent financing methods to fund its capital needs.

HIGHLIGHTS - CAPITAL IMPROVEMENTS:

The capital improvement section of this budget shows summaries of those projects proposed for next year as well as those projected to be recommended for FY2000. As a result of several one time opportunities including a suggested utilization of local use tax funds, the amount proposed for capital projects is significantly higher for next year versus this year's budget. Included in the proposed projects are several suggested as joint projects with the county.

Next year's budget proposal includes several road projects approved by voters in the 1996 1/4 cent sales tax, as well as water and sewer projects authorized in last year's ballot proposals. Our continued emphasis should be maintaining the facilities and infrastructure we have and to construct new infrastructure needed for a growing community. Major projects for next year include:

1. POLICE BUILDING RENOVATIONS AND JCIC CONSOLES - portion of funds (\$750,000) approved by voters in 1992 and 1996; sales tax ballots \$375,000 local use tax and Capital Improvement Fund balance. This project was delayed due to correction of environmental site concerns at new central fire station site.
2. PUBLIC HEALTH BUILDING - proposed joint project with county. City 1/2 of costs from CDBG and local use tax (\$1.13 million).
3. REPLACE 1980 FIRE PUMPER - continues city policy of replacing one piece of fire apparatus annually but still not able to keep up with scheduled replacement.
4. OAKLAND POOL RENOVATIONS - Funded with 1/4 cent sales tax, state grants and local recreation funds.
5. MAJOR MAINTENANCE OF PUBLIC BUILDINGS - funds for required major maintenance of city buildings especially the Howard Building (old city hall) from Public Improvement Fund.
6. PHASE 4 BEAR CREEK TRAIL AND GREENBELT PRESERVATION - continues using 1/4 cent sales tax to match federal money to continue city's greenbelt plan.
7. SEVERAL WATER MAIN IMPROVEMENT PROJECTS -included in the projects approved by voters in last years water and light bond issue.
8. BEGIN THE COW BRANCH INTERCEPTOR AND B-17 INTERCEPTOR (GREGORY HEIGHTS) SEWER PROJECTS as approved by voters in last year's sewer bond issue.
9. STREET PROJECTS:
 - a. **Roadway corridor preservation** - Planning ahead to acquire right of way for future streets before it is developed, becomes unavailable or significantly increases in cost
 - b. **Nifong/Bethel & Nifong/Forum signals**

- c. **Rollins Road - Colonial Gardens to Rothwell Heights**
- d. **Brown Station Road (phase 1) - Rt. B to Starke Lane**
- e. **Sunflower - Rt E to Barberry** - Funded by 1/4 cent sales tax approved by voters in 1996
- f. **Grant Lane** - existing to Scott Blvd - funded by 1/4 cent sales tax
- g. **Oakland Gravel Road - to Roger Wilson Drive** - jointly funded with 1/4 cent sales tax and county road grant funds - cooperative project.
- h. **Scott Blvd** - Bellview drive to Brookview terrace

Even with increased resources this year, there is a long list of unfunded capital improvement projects shown in the five year plan. In order to meet our future needs, the city will need to strengthen its partnerships embracing city, county, state, federal and private funding sources.

ADDITIONAL CONSIDERATIONS:

The General Fund budget is prepared to provide the Council an additional expenditure of **\$75,000** without reducing the fund balance below our guideline of 16% or reducing expenditures as shown in the budget. I am indicating below several items discussed earlier with the Council that are not included in the budget that I had intended to include, and you may want to add. Also, funding requests may be made during Council hearings and during Council work sessions that the Council may want to consider.

We plan to continue to monitor revenues, particularly sales tax and PILOT prior to adoption of the budget to determine if adjustments need to be made.

- As discussed with the Council, the budget should include \$7,500 for a part of the costs for “First Night” activities. I will have a recommendation as to an account it should be placed in. This was not worked out timely for the City Manager’s Budget.
- Internet Software - HTE is beginning some software systems to enable Internet users to access information, and in some cases, transmit business on line in conjunction with their operating modules; such as building permits and others. These were discussed by the Citizen Internet Committee. These range in costs from \$25,000 to \$30,000. The Council may want to start with a \$25,000 budget.
- Automatic Defibrillators - 12 of 18 requested are included in this budget. These units are recommended by Boone Hospital and the Fire Chief. Additional units could be added at \$4,400 each and might be purchased for less.
- Addition of sidewalks and landscaping on Providence (north of Business Loop 70 to Texas) to the CIP plan. This is major entrance to city.

CONCLUSION:

Our city remains fiscally sound as evidenced by our bond ratings and interest rate paid for money borrowed. This budget is balanced with an adequate contingency account, meets our 16% General Fund guideline, and provides funds for Council additions to this budget without adjusting proposed revenues or expenditures.

This annual budget provides for implementing city services and programs for the next fiscal year. The budget strategy discussed with the Council was used as a general guide for preparing the budget.

Adoption of this budget provides resources to meet the basic needs of our community and many of our highest priorities for a progressive city. It will have a substantial impact on our growing city.

During the City Council review process, City staff and I will be happy to provide additional supporting information to assist the Council in finalizing the budget process.

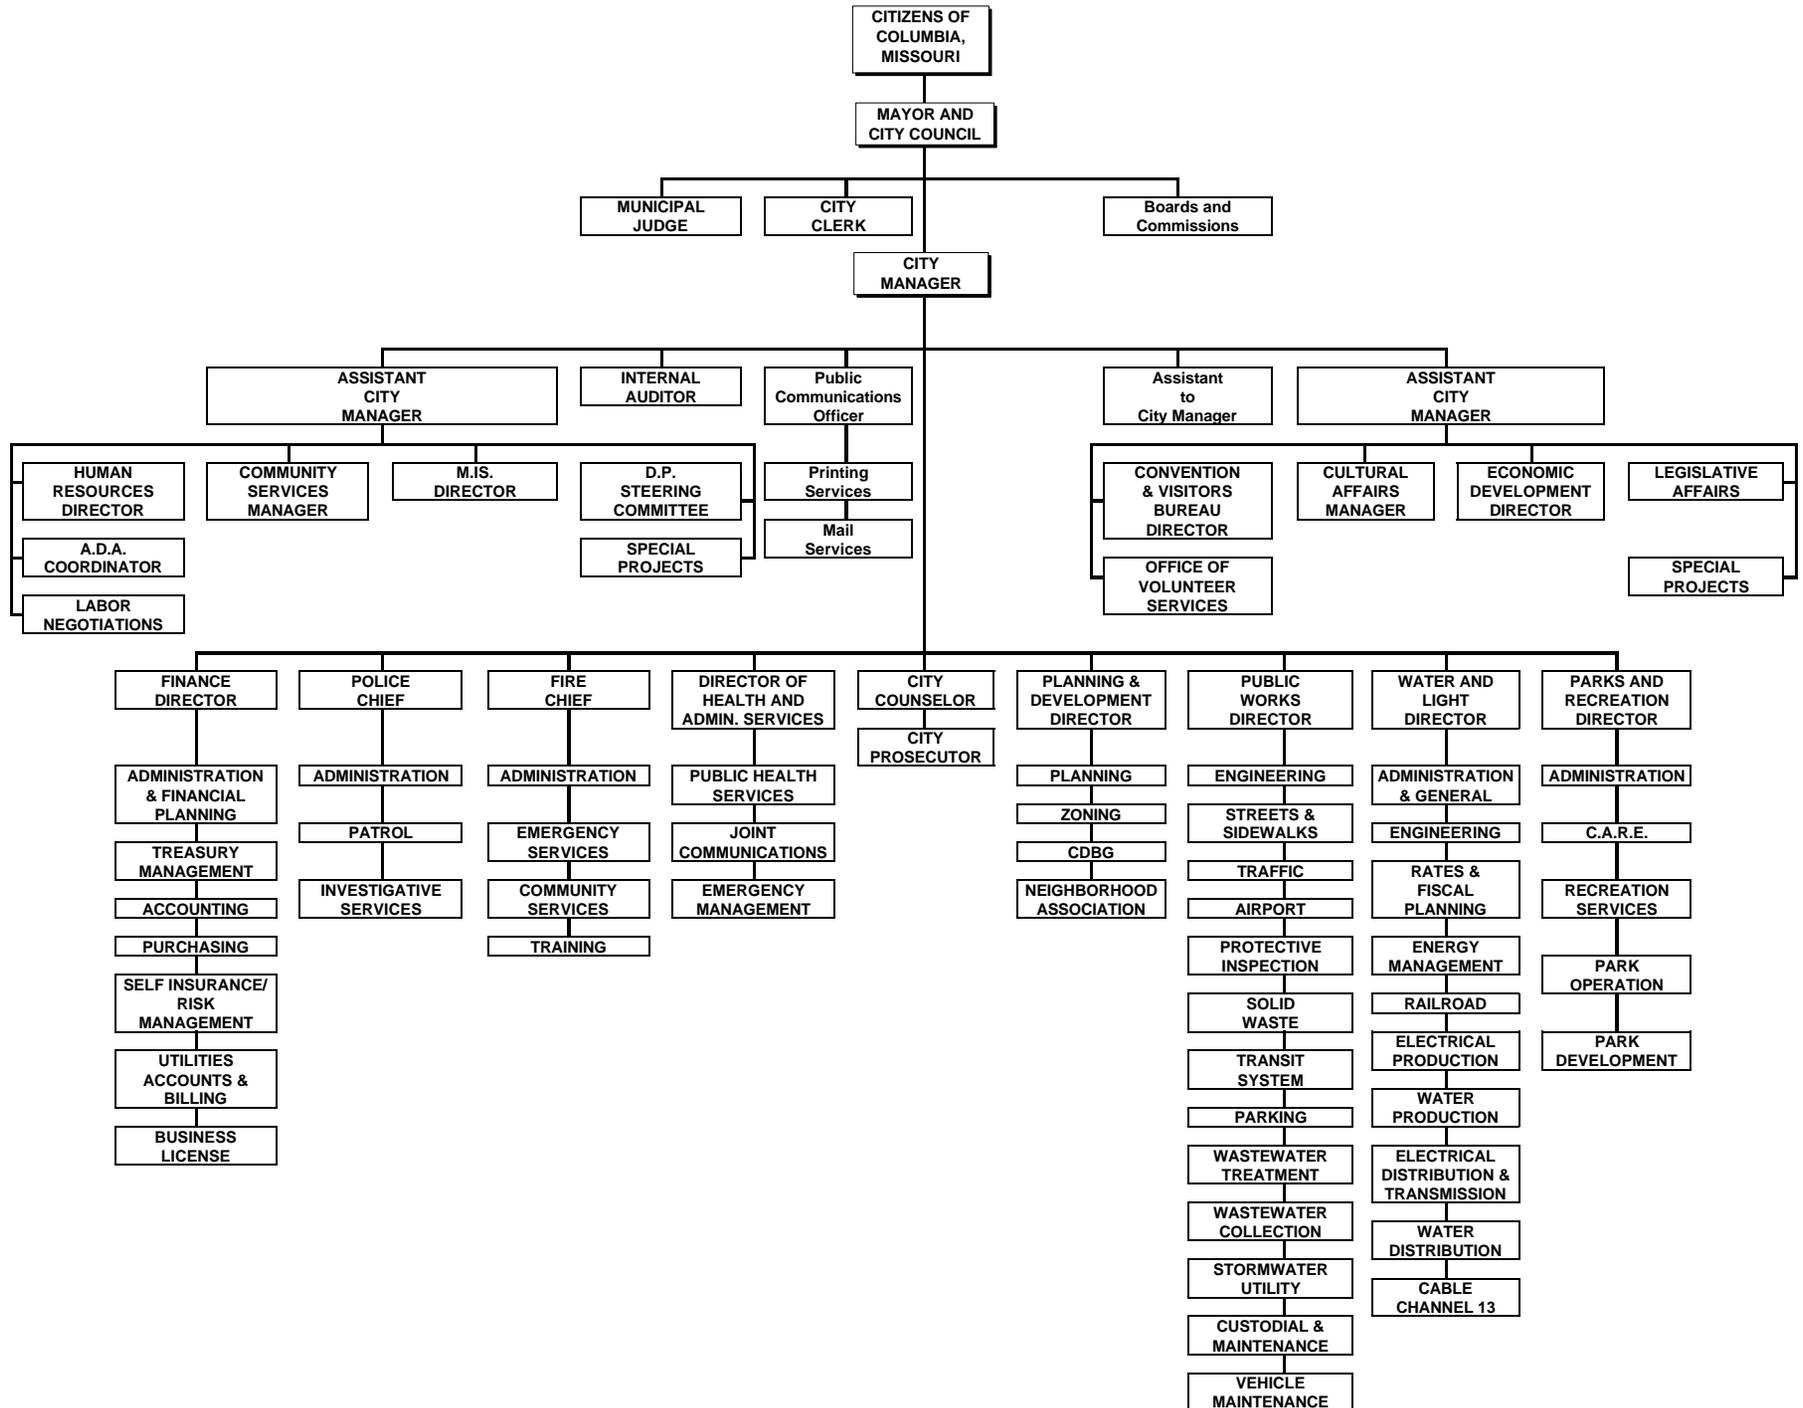

I want to personally acknowledge the work of all City staff, particularly the Finance Department, who assisted with the preparation of this budget.

Respectfully submitted,

Raymond A. Beck, P.E.
City Manager

* Total retail sales and store group sales for 1994 -1997(obtained from the 1995-1998 Survey of Buying Power) are not directly comparable to figures shown for prior years. The 1994 -1997 estimates are updates from the 1992 Census of Retail Trade, whereas previous years' figures used the 1987 Census of Retail Trade as a benchmark. Therefore, the 1994 -1997 figures are readjusted and allow for new benchmark data.

** The pharmaceutical retail sales figures for 1995, 1996, & 1997 were not included in the Sales & Marketing Management Survey of Buying Power.

FY 1999 BUDGET CALENDAR

	1st & 2nd Qtr	April	May	June	July	August	Sept.	Oct.
Trend Data Prepared								
Forecast Prepared								
Budgets Delivered To Departments								
Departments Work On Budgets								
Council Retreat Held								
City Manager meets With Departments								
Comparative Data/ Performance Measurement Info. Updated								
City Manager's Annual Budget Document Prepared & Delivered								
Public Hearings and Department Work sessions Held								
City Council Adopts The Budget								
Appropriation Files Set Up for New Fiscal Year								
Annual Adopted Budget Document Prepared								

Preparation for the budget process begins as soon as the books are closed for the previous fiscal year. It is at this time that budget staff begins the compilation of ten year trend data. The Ten Year Trend Manual includes financial information on general government funds, enterprise funds, internal service funds, and special revenue funds. This information is generally completed by January of each year.

Budget staff reviews historical information in conjunction with the latest current year financial statement to prepare a set of forecasts. Optimistic and conservative assumptions are developed in a model which forecast general government revenues and expenditures over the next three years. These forecasts are presented to and reviewed with the City Manager so that general budget guidelines for the next year may be developed.

In late April or early May, the guidelines established by the City Manager are provided to the various City departments with appropriate budget instructions. Departments are provided with budget expenditure and revenue worksheets along with a Budget Instruction Manual. Access to the budgeting system is also provided at this time. Budget staff conducts the necessary training sessions.

In late May or early June, before the preliminary budget numbers are completed by the departments, the City Manager conducts a Council Retreat. This retreat is attended by the Council, City Manager and Department Heads. This retreat provides an opportunity for the City Manager to present preliminary budget guidelines to the Council for their concurrence as well as to set priorities for the coming budget year. It is also a time for departments to present major topics to the Council for their input. This process allows Council to express their views on what the priorities should be in the budget. In July, the City Manager continues meetings with department heads. Final cuts are made to balance the budget. Comparative Data and Performance Measurement information is updated in the Budget Document. The City Manager's Annual Budget Document

is prepared and distributed. The City Manager holds a press conference at the end of July when the City Manager's Annual Budget is released.

In August, the City Council holds budget work sessions with the City Manager, Finance Director, Budget Officer, and Department Heads to review the City Manager's Budget, individual department budgets, revenues and expenditures, and issues for the coming fiscal year. Public hearings are televised on the Local Government Cable Channel. Both the public and press are welcome to attend the work sessions and public hearings. Television, radio, and newspaper reporters keep the public informed on the status of the budget during these work sessions.

In September, the City Council continues budget work sessions and public hearings on the budget. The Budget is adopted during the month. The Finance staff makes the necessary changes and appropriation files are set up for the new year.

In October, the new fiscal year begins and the Annual Budget Document is prepared and distributed.

City of Columbia, Missouri
Fiscal Year 1998 - 1999

This document includes the following Fund Types:

GENERAL FUND:

The general fund is used to account for resources traditionally associated with government which are not required legally or by sound financial management to be accounted for in another fund.

ENTERPRISE FUNDS:

Railroad Fund - used to account for revenues and expenses resulting from the operation of a railroad branch line which runs from a Norfolk and Southern main line in Centralia, Missouri to the City of Columbia.

Water Utility Fund - used to account for the billing and collection of charges for water service for most city residents. Revenues are used to pay for both operating expenses and capital expenditures to maintain these services.

Electric Utility Fund - used to account for the billing and collection of charges for electric service for most city residents. Revenues are used to pay for both operating expenses and capital expenditures to maintain these services.

Recreation Services Fund - used to account for revenues and expenses for various recreational services provided by the Parks and Recreation Department for which participants are charged fees.

Public Transportation Fund - used to account for all the expenses and revenues resulting from the provision of public transportation services by the Columbia Area Transportation System.

Regional Airport Fund - used to account for all the expenses incurred and revenues received by operations at the Columbia Regional Airport.

Sanitary Sewer Utility Fund - used to account for the provision of sanitary sewer services to the residents of the city and a limited number of customers outside the city limits. All activities necessary to provide such services are accounted for in this fund.

Parking Facilities Fund - used to account for revenues and expenses resulting from the operation and maintenance of city parking lots, municipal garages, and parking meters.

Solid Waste Collection Fund - used to account for the provision of solid waste collection and operation of the landfill.

Storm Water Utility Fund - used to account for storm water funding, implementation of storm water management projects, and provide maintenance to existing drainage facilities.

INTERNAL SERVICE FUNDS:

Employee Benefit Fund - used to account for the City of Columbia's self-insurance program for health, disability, life insurance and other employee benefits for covered city employees.

Information Services Fund - used to account for the provision of electronic data processing information services used by other city departments.

Self Insurance Reserve Fund - used to account for the reserves established and held in trust for the Special Obligation Bonds issued for the City's self insurance program, and to account for the payment of property and casualty losses, and uninsured workers' compensation claims.

Custodial & Maintenance Services Fund - used to account for the provision of custodial services and building maintenance used by other city departments.

Fleet Operations Fund - used to account for operating a maintenance facility for automotive equipment, and for fuel used by some city departments.

Public Communications Fund - used to account for the provision of printing press, xerox, interdepartmental mail, and postage services to other city departments, Columbia On-line Information Network, a telephone information system and cable television operations.

Utility Customer Services Fund - used to account for utility accounts receivable billing and customer services provided by the Finance Department to the Water and Electric, Sanitary Sewer, Solid Waste and Storm Water Utilities.

SPECIAL REVENUE FUNDS:

Cultural Affairs Fund - used to account for monies reserved for cultural purposes. These monies are used to improve and sustain the cultural environment of the City by providing a system of support for area artists and cultural organizations.

Convention and Tourism Fund - used to account for the two percent tax levied on the gross daily rental receipts due from or paid by transient guests at hotels or motels. The revenues are used by the city for the purpose of promoting convention and tourism in the City of Columbia.

Community Development Block Grant Fund - used to account for all federal monies received by the City and disbursed on Community Development Grant projects.

EXPENDABLE TRUST FUND:

Contributions Fund - This fund is used to account for all gifts, bequests, or other funds derived from property which may have been purchased or held in trust by or for the City of Columbia, Missouri. The expenses for the Office of Volunteer Services are also in this fund.

CITY OF COLUMBIA, MO

HOW TO USE THIS BUDGET DOCUMENT

A budget is a financial plan for a city. It includes both estimates of resources available, including revenues and fund balances, and appropriations, which are the authority to spend money for specific purposes. The budget is prepared by the City Manager and adopted by the City Council after extensive public input.

The document begins with a transmittal letter (budget message) from the City Manager. This letter summarizes the contents of the budget and provides an explanation of the rationale used by the City Manager during the budget development process. The City Manager also outlines the administration's work program for the upcoming year.

In separate sections, the following information is provided:

1. **Table of Contents**
2. **Budget Message** - Includes the City Manager's Budget Message and budget hearing guidelines.
3. **General Information** - Organizational Chart, Demographic Statistics, Assessed Values of Taxable Property, Budget Calendar Process, Types of Funds Budgeted, How To Use This Budget Document, Notes and Comments, Fiscal and Budget Policies, and City Manager's Priorities.
4. **Financial Summaries** - Includes Expenditure Summaries by Category, Fund Type, Funding Source, Department, and Fund; Revenue Summaries By Fund Type, Category, Funding Source, and Fund; and Revenue, Expense, and Operating Position Statements for each fund.
5. **Operating Budgets** - The departmental budgets, which are subdivided into divisions to account for the costs associated with specific activities or to account for the use of funds received from specific revenue sources. Department Description, Objectives, Highlights/Significant Changes, Comparative Data, and Performance Measurements are also included in this section.
6. **Capital Projects** - Five year Capital Improvement Program for the City.
7. **Debt Service** - Information on all outstanding debt and debt service requirements.
8. **Appendix** - Transportation Sales Tax Fund, Community Development Block Grant, Personnel Position Summary Information, and a Glossary.

The budget document is prepared to provide information about the city, both financial and operational, from a variety of perspectives and degree of detail. The reader should first review the Table of Contents, General Information section, the Appendix, and then read the City Manager's transmittal letter. The Financial Summaries section should then be reviewed. In the Operating Budgets Section, the specific department budgets provide the detailed information as to what purposes the city's resources will be utilized during the fiscal year. Finally, the Capital Project and Debt Service sections provide further information. When reading this document, it is useful to remember that it has been developed based on both organizational structure and financial structure.

The organizational structure is reflected in the departmental budgets which are subdivided into divisional budgets. The financial structure is reflected in the reporting of expenditures and revenues by fund. A fund is a self balancing set of accounts designed to track specific revenues and the uses of those revenues. Each fund is independent of all other funds.

NOTES AND COMMENTS

The City of Columbia is considered to be a full-service city. Thus, the budget may be larger when compared to cities with a similar population. The City of Columbia submits budgets for seven types of funds: General Fund; Enterprise Funds; Internal Service Funds; Special Revenue Funds; Trust Funds; Debt Service Funds; and Capital Projects Fund. A description of the fund types is shown in the glossary as well as in the General Information Section, pages 7-8.

Basis of Accounting - The budgets for the General Fund, Special Revenue Funds, Debt Service Fund, General Capital Projects, and Expendable Trust Funds are prepared under the modified accrual basis of accounting. The budgets for the Enterprise Funds, Internal Service Funds and Non-Expendable Trust Funds are prepared under the accrual basis of accounting. A complete description of these two types of accounting is found in the glossary.

The FY 1999 Budget document contains detailed information concerning the dollar commitments and personnel resources required to support the varied activities and services of the City of Columbia. The FY 1998 Budget revenue and expenditure numbers appearing in this document include Appropriations, Transfers, and additional Revenues approved by the City Council from October 1, 1997 thru July 1, 1998.

Following these notes and comments is a "Financial Summaries" section of the budget which provides a combined and broad overview of the City's operating funds. Next, the "Operating Budgets" section provides the reader more detailed information about individual departments. The Department Summary (Blue Pages) present the total operating budget for each department regardless of funding source. For example, if a department has both General Fund operations (Public Works-Streets) and Enterprise operations (Sanitary Sewer Utility), the operating costs of both activities will be presented on the blue summary page in order to present a total operating picture of the department. Department Description, Department Objectives, Highlights/Significant Changes, Comparative Data, and Performance Measurement information is also included on these pages. The white pages contain the budget detail for the divisions within the departments.

The Blue Department Summary pages contain the following sections:

Department Description - A brief description of the department and the major divisions contained in the department. This will also include any purposes set forth by the department.

Department Objectives - These include both the short-term and long-term goals/objectives set forth by the departments.

Department Highlights/Significant Changes - This outlines the planning emphasis as well as any significant or operations changes for the coming year.

Authorized Personnel - The Authorized Personnel section presents the type and number of full-time and permanent part-time positions required in each department or division. The job code associated with these positions appears next to the position description.

Comparative Data - Provides employees per 1,000 population and other comparative information between the City of Columbia and up to five other cities of comparable size and activities.

Performance Measurements/Service Indicators - Provides performance information for Actual FY 97, Budgeted FY 98, and Estimated FY 99 for each department.

The final section of the budget document is the Appendix. This section contains those activities which are non-departmental in character such as Transportation Sales Tax Fund and Community Development Block Grant. This section also includes the Personnel Position Summary information and a Glossary.

FISCAL AND BUDGET POLICIES

The City of Columbia is a council-manager form of government. All powers of the City are vested in an elective Council which enacts legislation, adopts budgets, determines policies, and appoints the City Manager.

The City Manager is the chief executive and administrative officer of the city and is responsible to the council for the proper administration of all the city's affairs. The City Manager keeps the council advised of the financial condition of the city and makes recommendations concerning its future needs.

The fiscal year of the city begins on the first day of October and ends on the last day of September each year. The fiscal year constitutes the budget and accounting year.

REVENUE POLICY:

- ◆ The City will endeavor to maintain a diversified and stable revenue base to minimize the effects of economic fluctuations as well as eliminate an over dependence on any single revenue source.
- ◆ The City will project and update revenues annually. These revenue forecasts will be presented to the City Council prior to the beginning of the budget process.
- ◆ Departments submit their revenue estimates for the current year and projected revenue for the next year to the Finance Department.
- ◆ Revenue trends are to be examined monthly and incorporated into annual revenue forecasts.
- ◆ Revenue sources are not utilized by the City while legal action is pending.
- ◆ Monthly reports comparing actual to budgeted revenues will be prepared by the Finance Department and presented to the City Manager.
- ◆ Cash investments of the City shall be undertaken in a manner that seeks to ensure the preservation of capital in the portfolio.
- ◆ User fees and rates will be examined annually and adjusted as necessary to cover the costs of providing the services.
- ◆ The City will follow a policy of collecting, on a timely basis, all fees, charges, taxes, and other revenues properly due the City. The City will follow an aggressive policy of collecting all delinquencies due the City.

BUDGET POLICY:

- ◆ Between 120 and 180 days prior to the adoption of the budget, the City Manager shall prepare and submit to the Council a statement of the policy recommendations for programs and priorities which, in the opinion of the City Manager, will be of benefit to the city.
- ◆ The City Manager shall submit a budget to Council at least sixty days prior to the beginning of each budget year.
- ◆ Expenditures proposed in the budget for each department, office, or agency shall be itemized by character, object, function, activity, and fund.
- ◆ In no event shall the total amount of the proposed expenditures exceed the estimated income of the City.
- ◆ The City Council shall hold public hearings on the budget as submitted, at which all interested persons shall be given an opportunity to be heard.
- ◆ The City Council shall adopt the budget, by majority vote, no later than the last Monday of the month preceding the first month of the budget year. If the City Council does not take final action by this date, the budget will be considered effective as it was submitted.

- ◆ The budget shall be on record in the City Clerk's office and open to public inspection. In addition, a copy of the budget is available for view at the Columbia Public Library, University Library, University Journalism School Library, Columbia College Library, and the Stephens College Library.
- ◆ A detailed listing of the budget calendar is found on page 5.
- ◆ The City will annually submit documentation to obtain the GFOA Distinguished Budget Presentation Award.
- ◆ After adoption of the budget, the budget can be amended via ordinance or resolution. The City Manager can submit ordinances and resolutions to the Council to increase expenditures or revenues. When the Council approves the ordinance or resolution, additional appropriations are made in the appropriate department.
- ◆ At the request of the City Manager and within the last 6 months of the fiscal year, the council may, by resolution, transfer any unencumbered appropriation balance or portion thereof from one office department or agency to another. No transfer shall be made of specified fixed appropriations.
- ◆ All appropriations shall lapse at the end of the budget year to the extent that they shall not have been expended or lawfully encumbered.

CAPITAL IMPROVEMENTS POLICY:

- ◆ The City developed a five-year program for capital improvements and updates it annually.
- ◆ The City will identify the estimated costs and potential funding sources for each capital improvement project proposal before it is submitted to the City Council for approval.
- ◆ The capital improvement program will be included in the Annual Budget. The Annual Budget will implement the first year of the capital improvement program.

FIXED ASSET POLICY:

The following fixed asset policy shall be in force commencing with fiscal year 1999. This policy is consistent with Government Financial Officers Association Recommended Practices and should be reviewed periodically and compared to recommended practices of the GFOA or other nationally recognized government finance organization.

For purposes of establishing an appropriate capitalization threshold for fixed assets the following guidelines shall apply:

- ◆ Fixed assets should be capitalized only if they have an estimated life of more than 1 year following the date of acquisition and have a purchase cost of \$1,000 or more. Items which cost less than \$1,000 and/or have a life of one year or less will be expensed upon acquisition.
- ◆ Purchase cost of a fixed asset includes freight, installation charges, carrying cases, adaptors and other items which are connected to the fixed asset and necessary for its operation or use.
- ◆ Fixed assets' capitalization threshold should be applied to individual fixed assets rather than to groups of fixed assets.
- ◆ A small tag with a fixed asset number will be issued by the Finance Department for all items that can be reasonably tagged (physically). Said tag will be affixed to the fixed asset until such time it is declared surplus property and properly disposed through the Purchasing Agent as required by City ordinance.
- ◆ Departments will notify the Finance Department of any change in location or loss of a fixed asset.
- ◆ Departments should exercise control over their noncapitalized fixed assets by establishing and maintaining adequate control procedures at the departmental level.

ACCOUNTING POLICY:

- ◆ An independent financial audit shall be made of all accounts of the city government at least annually and more frequently if deemed necessary by the City Council.
- ◆ The General Fund, Special Revenue, Debt Service, General Capital Projects, and Expendable Trust Funds

will be accounted for under the modified accrual basis of accounting.

- ◆ Enterprise Funds, Internal Service Funds, and Non-Expendable Trust Funds will be accounted for under the accrual basis of accounting.
- ◆ Full disclosure will be provided in the financial statements and bond representations.
- ◆ The City will annually submit documentation to obtain the Certificate of Achievement for Excellence in Financial Reporting from GFOA.

PURCHASING POLICY:

- ◆ The purchasing division shall have responsibility for and authority to contract for, purchase, store and distribute all supplies, materials and equipment required for the operation and maintenance of offices, departments or agencies of the city.
- ◆ It shall be the policy of the City to encourage competitive business practices through public bidding or requests for proposals wherever possible and feasible.
- ◆ In evaluation bids and awarding contracts, the head of the purchasing division is authorized to give preference to recycled and environmentally preferable products according to prescribed guidelines.

DEBT POLICY:

- ◆ The City may issue general obligation bonds, revenue bonds, special obligation bonds, and short-term notes and leases.
- ◆ The City may issue refunding bonds for the purpose of refunding, extending or unifying the whole or any part of its valid outstanding revenue bonds.
- ◆ The City will limit long-term debt to only those capital projects that cannot be financed from current revenue or other available sources.
- ◆ The City will follow a policy of full disclosure on every financial report and bond prospectus.
- ◆ When the City finances capital projects by issuing bonds, it will repay the bonds within a period not to exceed the expected useful life of the projects.
- ◆ The City's policy shall be to manage its budget and financial affairs in such a way so as to ensure continued high bond ratings.
- ◆ No bonds shall be issued without the assent of the requisite number of qualified electors of the city voting thereon.

RESERVE POLICY:

- ◆ The City will calculate an unreserved, undesignated fund balance equal to 16% of expenditures for the adopted budget. These funds will be used to avoid cash flow interruptions, generate interest income, reduce need for short-term borrowing and assist in maintaining what is considered an investment grade bond rating capacity.
- ◆ Self Insurance Reserves shall be maintained at a level to protect the City against incurred and reported losses as well as those incurred but not reported and future losses within the retention.
- ◆ A contingency reserve account will be appropriated annually in the General Fund to provide for unanticipated expenditures of a nonrecurring nature and/or to meet unexpected increases in costs.

ENTERPRISE FUND POLICY:

- ◆ Enterprise funds will be used to account for the acquisition, operation, and maintenance of City facilities and services which are intended to be entirely or predominately self-supporting from user charges or for which periodic net income measurement is desirable.
- ◆ The Water and Electric department will pay into the General Fund of the City annually an amount

substantially equivalent to that sum which would be paid in taxes if the water and electric light works were privately owned.

INTERNAL SERVICE FUND POLICY:

- ◆ Internal Service Funds will be used to account for the provision of goods and services by one department of the City to the other departments.
- ◆ Internal Service Funds are to be self-supporting from user charges to the respective user departments.
- ◆ Internal Service Funds are to only recover the complete cost of operations without producing any significant amount of profit in excess of the fund's requirements.

CITY MANAGER'S ANNUAL REPORT ON PROGRAMS AND PRIORITIES

*(Obtained from the City Manager's Annual State of the City Address
June 1998)*

ANNUAL STATE OF THE CITY ADDRESS OPENING REMARKS

Our Columbia City Charter provides that the City Manager annually submit programs and priorities to the community for the upcoming year. As we approach the 21st Century, I want to take a moment to reflect on the many successes and services that have made Columbia one of the best places to call home.

We continue to show not only our community, but the state as well, that Columbia is on the rise, with status as a leading "full service" city. With an ever increasing population, we provide a wide array of programs in a timely and cost effective manner. Our goal continues to be to serve the needs of all our residents well, while also standing firm in our commitment to always strive to be better.

For years, Columbia has been ranked as one of the best places to live, work, raise a family, and retire. Whether it is through national indicators like Money Magazine or individual letters and testimony at City Council meetings, Columbia continues to receive excellent marks. We are proud of our focus on the environment, the numerous recycling projects, past and present and our "city of trails". We have a strong local economy that offers our working-aged residents a low unemployment rate, while providing members of other communities a regional center for employment, retail outlets, social services and public transportation, including an airport. Public safety in Columbia has a high rating as well.

We are pleased that Columbia continues to remain a city rich with diversity, supporting numerous religions, races and cultures. It is important to preserve those heritages as our city continues to grow. Columbia's care for its neighborhoods, whether old or new, is vital to this continued success.

Columbia continues to be a growing community at the rate of about 1.5% a year. Over the last 10 years, the city has increased its number of households from 23,850 to 31,679. Similarly, our geographic boundaries have increased from 42 square miles in 1980 to 52 square miles in 1998. Our current budget as a full-service city is over \$155 million with nearly 1,000 full-time employees. Our city remains fiscally sound as evidenced by our bond ratings. Your government is supported by an excellent city staff, and the many volunteer hours spent by our City Council, boards and commissions and other city volunteers. Columbia residents have been supportive of their local government. During the past calendar year, a major revenue bond issue was passed for both the water and electric department and our wastewater utility. Adequate utilities are in place or funded to handle growth for an estimated 15-20 years. Our sanitary landfill site has capacity for 75 years at our current rate of fill. City roads are being constructed or reconstructed at an annual \$3-5 million level.

This is not to say, however, that the city is without its challenges. We must have the vision to plan for what we want our city to be in 5 years, 10 years, 20 years and beyond. We must keep our comprehensive plan current to grow into, regardless of the rate of growth for any given year.

We need to make sure that growth and development occur in an orderly fashion and where the infrastructure exists, or can be provided to support it. It is more cost effective to develop our community from inside outward where infrastructure can be extended. Our vision must be to think regionally, realizing that the decisions we make will not only impact our neighborhoods and community, but the neighboring communities, county, region and state as well.

Our priorities should continue to stress affordable housing for our required workforce and a sound economy to support the many programs and projects that make this city special. We need to place emphasis on these programs that assist our workforces such as day care and transportation. Alternative indoor programs and recreational activities should be a high priority for our youth who will be our leaders tomorrow.

I am sure that as the 21st Century nears, Columbia will enjoy many of the same successes it has had in the past, while continuing to work in the interest of the residents it serves. But I am also equally confident that we will, working together, make the City of Columbia the best it can be.

It is with these ideas in mind that I will now discuss the list of priorities for the city. I have prepared a listing of highest priority issues which I will spend more time on. Also, included is a detailed listing of programs & projects for each city department that I am suggesting be addressed this year along with accomplishments of the past year. I plan to

comment only on some priority items in each of our city departments because of the limited time available. These priorities serve as a potential blue print of the general direction of the city in the coming years that your City Council will consider. As the City staff and Council begins its budget process for our fiscal year beginning October 1, it is a good time for all of us to reflect on the numerous strengths of the city, while always keeping an eye to the future.

I want to thank our city staff and Council for the information they have provided and for their assistance in preparing this annual report.

Copies of this report, for those of you wishing to see it in its entirety, are being made available at the Public Library and to members of the press.

Highest Priority Issues

- ◆ Update comprehensive plan in coordination with County Planning.
- ◆ Provide infrastructure on a timely basis.
- ◆ Maintain and strengthen our central city.
- ◆ Plan for and extend city boundaries in a timely manner.
- ◆ Provide for more community resources.
- ◆ Provide for more partnership projects and programs.

Highest Priority Issues 1999

1. UPDATE COMPREHENSIVE PLAN IN COORDINATION WITH COUNTY PLANNING

- ◆ Incorporate our newly adopted transportation plan with other public facilities; such as recreation, schools, fire stations, etc.
- ◆ Provide for more generalized land use categories and develop guidelines for decision making.
- ◆ Provide for more coordination of the overall plan with the county.
- ◆ Work with Department of Transportation on major investment study for 740/I-70.

2. PROVIDE INFRASTRUCTURE ON A TIMELY BASIS.

- ◆ This includes streets, highways, utilities, building and others. In a growing community, this requires the continued construction of additions, extensions and upgrading of these Facilities.
- ◆ We need to provide more indoor activities for our youth. The old armory building downtown is being upgraded; however, additional space is important and should be included in a new community center at the old fairground property which is already owned by the city.
- ◆ In 1995, we had a sales tax issue that provided for general government improvements such as streets, public safety, parks, etc. An important issue of funding for city administrative space, particularly the Water & Light Department was not approved. Planning these offices should be in conjunction with a Master Plan of City Hall (Daniel Boone Building) which should be expanded in the half block just south of the parking plaza.
- ◆ In April 1997, voters approved a water & electric ballot issue and in November 1997 voters approved a wastewater ballot issue - these projects are underway and must be completed on a timely basis.
- ◆ The State Department of Transportation's lack of adequate funding for their 15-year plan will make it important for the City, County and State to work together to prioritize funding for highway needs in our urbanized area. More partnerships (joint funding) of projects will need to be considered with the county, state and developers. The city must position itself to obtain maximum funding from the newly passed federal highway bill.

3. MAINTAIN AND STRENGTHEN OUR CENTRAL CITY

- ◆ Continue to pursue downtown attractions to bring a "stream of tourists and visitors" to the Central Business District. Some examples include educational - museum type activities; such as the Health Adventure Center, J.W. "Blind" Boone Home, MKT Trailhead and a future Arts Center. These might be supported through a future Museum District in partnership with surrounding educational institutions.
- ◆ Complete the 6th & Cherry garage and renovate 8th & Cherry garage. Review future parking needs north of Broadway.
- ◆ Continue our downtown improvement plan with additions such as planters, trees and other amenities.
- ◆ Complete traffic improvements.

4. PLAN FOR AND EXTEND CITY BOUNDARIES IN A TIMELY MANNER

- ◆ Continue voluntary annexation policy.
- ◆ Complete agreements with the two remaining county water districts (Consolidated Dist. #1 and Dist. #4).
- ◆ Plan opportunity for voter approved annexation.
- ◆ Continue to support diverse economic development and participate with Regional Economic Development, Inc. and Convention and Visitor's Bureau activities.

5. PROVIDE FOR MORE COMMUNITY RESOURCES

- ◆ Consider ballot issue in 1999 to finance unfunded projects; such as, streets, bridges, sidewalks, fire station/equipment/staffing, community center, parks, and city buildings.
- ◆ Expand and promote city partnerships with both private and public agencies to leverage use of city funds.
- ◆ Formalize and promote city trust fund to assist in financing city projects and programs.
- ◆ Increase opportunity for special gifts such as land and special gifts for community excellence.
- ◆ Continue our growing volunteer program.

6. PROVIDE FOR MORE PARTNERSHIP PROJECTS & PROGRAMS

- ◆ Continue partnership projects with the highway department.
- ◆ Add new roadway partnership projects with County Commission and in some cases, developers.
- ◆ Possible partnership with educational institution in the Central Business District area for museum/educational facilities.

PROGRAMS AND PRIORITIES FOR 1998-99

PUBLIC SAFETY

Programs & Priorities:

- ◆ Complete installation of MDCs for Police & Fire Department.
- ◆ Begin renovation of the Police & JCIC Building.
- ◆ Adopt plan for new fire station locations and finance plan to build & staff stations.
- ◆ Rebuild the Fire Department training tower.
- ◆ Compstat project - designed to provide a visual up-to-date picture of crime.
- ◆ Build on Community Policing philosophy throughout the city.

Accomplishments:

- ◆ Established the foundation for a strong community policing program and implemented Community Councils in each of the two districts with citizens serving from each of the 18 beats.
- ◆ Completed Phase 2 of the Fire Service Agreement with Boone County Fire Protection District.
- ◆ Completed future fire station location planning.
- ◆ Established Boone County's TRIAD program - cooperative agreement between CPD, Sheriff's Department and AARP to provide more effective law enforcement actions and prevention training for senior citizens.
- ◆ Entered into a partnership with agencies to form DOVE (Domestic Violence Enforcement Unit.)

HEALTH DEPARTMENT

Programs & Priorities:

- ◆ Complete plans for larger Health Department facilities.
- ◆ Continue assessing community health needs through the Community Health Report Card.
- ◆ Revise food service ordinance and code, when new model is adopted by the State.
- ◆ Continue close cooperation with Family Health Center.

Accomplishments:

- ◆ Completed a strategic plan of public & personal health programming.
- ◆ Increased the number of client served by the Health Department's primary care clinics by approximately 30%.
- ◆ Implemented county-wide Sentinel Surveillance Program providing direct reporting from nursing homes, schools, physician's offices and laboratories.
- ◆ Completed the first year as fiscal agent of the Boone County START program - provides comprehensive services to sexual assault victims in Boone County.

JOINT COMMUNICATIONS INFORMATION CENTER (JCIC)

Programs & Priorities:

- ◆ Purchase new JCIC communication consoles approved by voters.
- ◆ Relocation within and renovation of JCIC/Police building.
- ◆ Continue radio system upgrade program for emergency dispatch.

Accomplishments:

- ◆ Upgraded computer aided dispatch system, thus providing for more space and improved response times.

PARKS & RECREATION

Programs & Priorities:

- ◆ Complete Bear Creek and Hinkson Creek Trails.
- ◆ Renovate the city's portion of the old National Guard Armory into a central recreation facility. Community activity center, with emphasis on basketball courts at old fairground property.
- ◆ Begin development of Westwinds and Rothwell Heights neighborhood parks.
- ◆ Successful renovation of Oakland Pool.
- ◆ Continue ADA plan for renovation of park walkways and continue to bring playground equipment in neighborhood parks up to new safety standards.
- ◆ Acquire at least two neighborhood park sites, possibilities include: Smithton, Mill Creek, Field School, and Whitegate areas.
- ◆ Completion of Skateboard Park in CCRA.

Accomplishments:

- ◆ New playground completed at Cosmo Park and dedicated June, 1997.
- ◆ Major improvements completed to Douglass Park; including ballfields, playground and new restrooms.
- ◆ Rock Quarry Park development approximately 90% complete; including new restroom, playground, play fields, sand volleyball courts, parking lot and landscaping.
- ◆ Golf course improvements include new ladies' tees and irrigation at L.A. Nickell Golf Course, and new cart bridges and irrigation upgrades at Lake of the Woods Golf Course.
- ◆ Resurfaced tennis courts and completed lighting for soccer fields #4 & #5 at Cosmo Park.
- ◆ Started an Adapted Youth Sports Program for ages 8-15 to teach the fundamentals of sports with an 8-week program for soccer and a 10-week program for tee ball.
- ◆ Completed landscape design and planted Adopt-A-Spot beds at Forum and Stadium with perennial plants.
- ◆ Hosted City of Columbia's Arbor Day Celebration and hosted Treekeepers' classes.
- ◆ Implemented MKT Trail Vegetative Management Plan.
- ◆ Started a Start Smart Sports Skills 8-week program for ages 3-5. Program was designed to teach basic motor skills necessary for sports participation.
- ◆ Received Tree City designation from the National Arbor Federation.

WATER & LIGHT

Programs & Priorities:

- ◆ Complete the merger with Water District #2, begin interconnections and begin service to the customers.
- ◆ Continue to participate in the legislative process on deregulation issues in the electric industry.
- ◆ Develop a business plan for conduct of business in a deregulated and restructured electric industry.
- ◆ Complete addition to the Perche Creek Substation.
- ◆ Relocate electric and water systems for Route B reconstruction from Highway 63 interchange south to I-70.
- ◆ Set another new record traffic level on COLT at 1500 cars.

Accomplishments:

- ◆ Completed fiber optic installation and began service to MU and the School District.
- ◆ Completed and brought two new wells on line at McBaine
- ◆ Converted electric lines from overhead to underground in the downtown area from 5th to 8th between Locust and Elm.
- ◆ Hauled a record number of cars on COLT at 1394.
- ◆ Participated in the Missouri Public Service Commission task force on Retail Competition
- ◆ Worked with Water Dist. #2 to develop a merger of the two systems and termination of the Federal law suit.
- ◆ Completed the Blue Ridge Substation and the Harmony Branch Substation addition.
- ◆ Relocated water and electric lines for Rte B improvements from Hwy 63 interchange north to north City limit.
- ◆ Received the Tree Line USA award.

STREETS, HIGHWAYS & SIDEWALKS

Programs & Priorities:

- ◆ Establish financial plan for future street and bridge projects.
- ◆ Construct signalized intersections at Forum/Nifong and Bethel/Nifong.
- ◆ Construction of Oakland Gravel Road, Sunflower Street, and Grant Lane.
- ◆ Emphasis on neighborhood traffic calming projects.
- ◆ Complete downtown traffic plan improvements.
- ◆ Continue annual sidewalk program to fill in gaps in existing sidewalk networks.

Accomplishments:

- ◆ Completion of Forum Blvd./Stadium project.
- ◆ Completion of planning for downtown traffic improvements and begin construction.
- ◆ Develop long term street needs assessment.
- ◆ Implementation of first traffic calming program on Westport Drive.
- ◆ Development of future AC project in conjunction with MoDOT.

PROTECTIVE INSPECTION

Programs & Priorities:

- ◆ Make building permit applications accessible by Internet.
- ◆ Provide inspectors lap top computers for use in field.
- ◆ Get a rental housing inspection computer system implemented.

Accomplishments:

- ◆ Reviewed and adopted new building codes.
- ◆ Implemented new permit process with HTE.

TRANSPORTATION (Transit)

Programs & Priorities:

- ◆ Acquired two new buses.
- ◆ Continue with bus shelter installation program.
- ◆ Initiate renovations at Wabash Station.
- ◆ Continue increasing ridership.

Accomplishments:

- ◆ Increased ridership approximately 18%.
- ◆ Installed three new bus shelters.

AIRPORT

Programs & Priorities:

- ◆ Construct connecting ramp south of terminal building.
- ◆ Construct and/or expand tenant parking lot near Airborne Express.

Accomplishments:

- ◆ Construct north apron.
- ◆ Begin Master Plan update.

PARKING

Programs & Priorities:

- ◆ Complete construction and dedicate new parking garage at 6th & Cherry.
- ◆ Complete reconstruction of 8th & Cherry parking garage, thus completing downtown parking program begun in 1995.

Accomplishments:

- ◆ Implemented new parking rate structure to fully support parking garages downtown.

WASTEWATER

Programs & Priorities:

- ◆ Implementation of 5-year plan - construct Bearfield subdivision sewer, begin construction of Wetland Unit #4, begin construction of Cow Branch sewer.
- ◆ Construct flood relief structure at Wetlands Unit #3.

Accomplishments:

- ◆ Voters approved \$19.8 million ballot issue for 5-year capital plan.
- ◆ Implementation of sewer connection fee.
- ◆ Adoption of extra-territorial policies providing for connection on land outside city to city sewer lines.
- ◆ Start consultants on design of projects in the 5-year capital plan.

STORM WATER UTILITY

Programs & Priorities:

- ◆ Construct Garth Sexton, Again-Worley, Glen Eagle and Hamlet projects.
- ◆ Begin construction of Rock Bridge - Mill Creek project.
- ◆ Finalize policy revision and begin implementation of basin management plan.
- ◆ Prepare for Phase II EPA storm water management regulations.
- ◆ Participate in monitoring program on Bear Creek to establish effective "Best Management Practices" in anticipation of the Phase II storm water regulations.
- ◆ Repair severe bank erosion on Bear Creek at old lagoon site.

Accomplishments:

- ◆ Completed design of Rock Bridge Mill Creek project.
- ◆ Completed right of way acquisition and contracted construction of Garth Sexton project.
- ◆ Completed design of Hamlet storm drainage project and arrived at cost sharing agreement with homeowners association.
- ◆ Completion of storm water basin management plan by consultants.

SOLID WASTE**Programs & Priorities:**

- ◆ Implementation of Blue Bag program.
- ◆ Finalize long-term arrangements with Civic Recycling for material recovery operations.
- ◆ Install additional groundwater monitoring wells and gas extraction systems at landfill.

Accomplishments:

- ◆ Adoption of comingled recycling program (BlueBag) and approval of rates for blue bag program and landfill construction.
- ◆ Acquisition of landfill buffer area - Turner property.
- ◆ Construction of second \$2M landfill subtitle D cell.
- ◆ Completion of material recovery facility (MRF) study.

CULTURAL AFFAIRS**Programs & Priorities:**

- ◆ Provide support for the art component at the 8th & Cherry garage and Oakland Pool renovation project.
- ◆ Produce a Public Art guide.
- ◆ Determine projects for FY99 Percent for Art and implement same.
- ◆ Produce a revised Creative Columbia document to take OCA beyond 2000.
- ◆ Produce a comprehensive marketing plan.
- ◆ Explore ways to accomplish an economic impact study of the arts for Columbia.
- ◆ Continue current programs for: Funding local arts organizations, technical assistance for artists and arts organizations, outreach activities such as Arts Express, the monthly newsletter.

Accomplishments:

- ◆ Implemented a Percent for Art Program for Oakland Pool and 8th/Cherry Parking garage.
- ◆ Increased technical assistance from OCA to local arts agencies.

COMMUNITY SERVICES**Programs & Priorities:**

- ◆ Monitor federal welfare reform and its impact on Columbia.
- ◆ Work to coordinate community efforts to develop a comprehensive coordinated community planning process for the delivery of health and human services.
- ◆ Collaborate with other community stakeholders to conduct a health and human needs assessment for Boone County.
- ◆ Strengthen the Columbia/Boone County Community Partnership and Caring Communities program.
- ◆ Significant issues include access to health services, workforce development and employment, child care, and the ability to meet the basic needs of shelter, food, and transportation.

Accomplishments:

- ◆ Hired community child care coordinator.

- ◆ Provided \$692,455 in social service funding to local agencies.
- ◆ Secured emergency grant shelter funding to assist the homeless in our community.
- ◆ Supported the development of the Columbia/Boone County Community Partnership.
- ◆ Supported the implementation of the Caring Communities Program.

CONVENTION & VISITORS BUREAU

Programs & Priorities:

- ◆ Begin implementation of sections of the Master Plan that do not require additional funding. These include:
 - Internet marketing to include on-line meeting bid requests.
 - Document cultural and heritage tourism resources.
 - Conduct research for the development of an exposition marketing plan.
 - Continue research programs to evaluate performance of current advertising and programs.
- ◆ Secure funding for the implementation of the Master Plan objectives:
 - Development & implementation of a cultural & heritage tourism marketing plan.
 - Expansion of promotion of Katy Trail central corridor.

DOWNTOWN IMPROVEMENT

Programs & Priorities:

- ◆ Complete design of MKT Trailhead Project at the corner of Fourth & Cherry streets and initiate construction.
- ◆ Add two additional planters along Broadway.
- ◆ Replace overhead electric lines with underground lines from Ash to Locust along 5th Street.

Accomplishments:

- ◆ Converted electric lines from overhead to underground in the downtown area from 5th to 8th between Locust and Elm.

GROWTH MANAGEMENT PLANNING

Programs & Priorities:

- ◆ Work with County Commission to implement standard utility and development policies for an urban service area.
- ◆ Continue voluntary annexation and review needs for city initiated annexation, where necessary for efficient and orderly extension of city sewers and services.
- ◆ Continue to negotiate cooperative agreements with service providers adjoining Columbia.
- ◆ Adopt urban service area with County Commission.

Accomplishments:

- ◆ Established sewer connection policy for land outside city.

ECONOMIC DEVELOPMENT

Programs & Priorities:

- ◆ Implement the 1997 Economic Development Master Plan, approved by City Council.
- ◆ Participate and sponsor Workforce Development efforts.
- ◆ Identify industrial site inventory.
- ◆ Continue to retain and assist existing businesses in their expansion efforts.
- ◆ Implement a second direct mail campaign based on recent Deloitte & Touche Fantus Consulting report.

Accomplishments:

- ◆ Completed approval of community's Economic Development Five-Year Masterplan.
- ◆ Helped organize "Boone Works" effort to coordinate community wide workforce development.
- ◆ Ongoing public relations and marketing activities to diversify city's economic base.
- ◆ Updated the marketing materials to attract positive business investments.

PLANNING

Programs & Priorities:

- ◆ Revise the Land Use Plan.

- ◆ Prepare the new 5-year housing plan for HUD.
- ◆ Continue voluntary annexation and urban service area efforts.
- ◆ Participate in Major Investment Study with MoDOT for U.S. 63/I-70/Route 740.
- ◆ Begin comprehensive review and revision to zoning ordinance, per Council directive.
- ◆ Adopt Historic Preservation ordinance.

Accomplishments:

- ◆ Completed numerous voluntary annexations to the city.
- ◆ Completed "Walkable Columbia", a guide to policies for improving pedestrian opportunities.
- ◆ Completed a major update to the Major Thoroughfare Plan.
- ◆ Completed the metro-wide traffic count program.
- ◆ Completed several amendments to our development regulations, including the communication tower ordinance.

INFORMATION SERVICES

Programs & Priorities:

- ◆ Begin design and development of enhanced City Web Page (on-line transactions).
- ◆ Work to implement advanced features of HTE systems to include field update capability.
- ◆ Complete implementation of mobile computers for emergency services departments.

Accomplishments:

- ◆ Established first phase of the City "Home Page" on Internet.
- ◆ Worked on stabilizing the HTE system.
- ◆ Assisted in the selection of a software system for the City Clerk's office and Municipal Court.

FINANCE

Programs & Priorities:

- ◆ Issue Phase II of Special Obligation Bonds to complete capital projects funded through the 1995 1/4 Cent Sales Tax.
- ◆ Issue Revenue bonds for Sanitary Sewer Projects approved in ballot issue.
- ◆ Complete the implementation of HTE by reviewing procedures to ensure most efficient use of system.
- ◆ Complete Crystal Reports training and assist in the development of custom reports for users.
- ◆ Implement budget billing, late penalties and expanded hours.
- ◆ Use phone upgrade features that will be delivered in July to better manage phones.
- ◆ Reduce the waiting time and the number of calls that cannot get through.

Accomplishments:

- ◆ Installed new HTE applications for Accounting, Purchasing, Payroll, Cash Receipts, Accounts Receivable, Business License and Utility Billing.
- ◆ Issued \$20,640,000 in Water and Electric Revenue Bonds.
- ◆ Received GFOA's Distinguished Budget Award for the first year and Certificate of Achievement for Excellence in Financial Reporting for the 19th consecutive year.

INTERNAL AUDIT

Programs & Priorities:

- ◆ Proceed with implementation of strategic audit plan and update as appropriate.
- ◆ Continue reviews of management policies and procedures, systems of control, and computerized operating systems.

Accomplishments:

- ◆ Successfully implemented newly-created position within city government.
- ◆ Prepared an internal audit strategic plan.
- ◆ Communicated results of internal audit activity to management and City Council as appropriate.
- ◆ Completed reviews in various areas and performed preliminary surveys for reviews to be accomplished.

VOLUNTEER SERVICES

Programs & Priorities:

- ◆ Maintain existing volunteer programs including Adopt A Spot, Park Patrol, TreeKeepers and Cleanup Columbia.
- ◆ Recruit and place volunteers with City Departments and special events.
- ◆ Implement "City Trust Fund" for general and specific projects/programs.
- ◆ Continue City-wide volunteer recognition efforts.

- ◆ Increase charitable donations to the City of Columbia through the development of a Community Trust Fund.

Accomplishments:

- ◆ Implemented Park Patrol and Adopt-A-Spot programs.

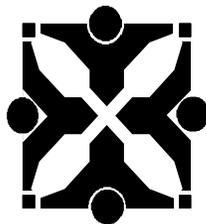

OTHER ISSUES

Programs & Priorities:

- ◆ Conduct citizen survey.
- ◆ Continue with final phases of remodeling Daniel Boone building and begin renovations of Howard Building.
- ◆ Complete renovation of City Hall lobby working with Council appointed lobby committee.
- ◆ Determine alternatives for meeting future space needs for administrative offices and the Water & Light Department.
- ◆ Continue program with Health Adventure Center for museum/education facility in Central Business District.

GENERAL FUND REVENUES:

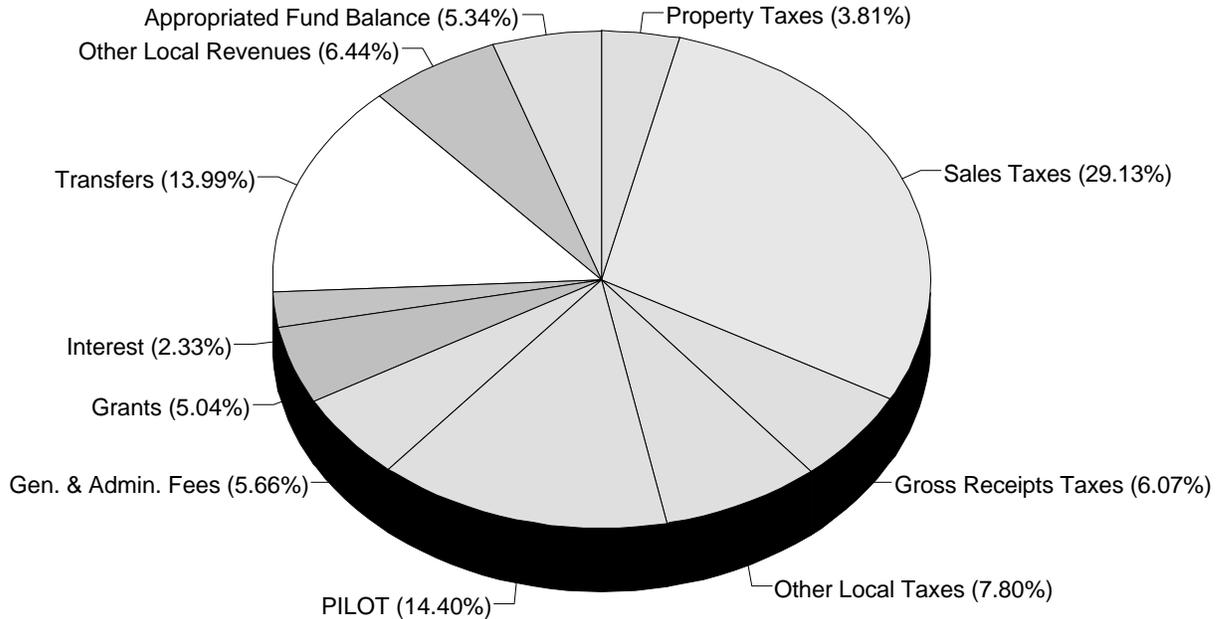

The City of Columbia receives revenues from a number of sources, including Property Taxes; Sales Taxes; Other Local Taxes; PILOT; General and Administrative (G&A) Fees; Grants; Interest Revenue; Transfers; Franchises, Licenses and Permits; Fines, Fees, Service Charges, and Misc; and Appropriated Fund Balance.

Some of the City's major revenue sources include: Sales Taxes, Transfers, PILOT, Other Local Taxes, and G&A Fees.

- ◆ **Sales Taxes:** A general sales tax is levied on all persons selling tangible personal property or rendering taxable services on a retail basis within the City limits. The City's General Fund receives 91.80% of 1% of gross retail receipts and 8.2% goes to the Public Improvement Fund. Sales tax revenues are projected to grow at a rate of 5%. FY 98 taxes are indicating slightly over 6%. Because of the significance of the funding source, this area will be monitored closely.
- ◆ **Transfers:** Several different funds of the City transfer amounts into the General Fund. The largest transfer comes from the Transportation Sales Tax Trust Fund. The City of Columbia collects a ½% sales tax that is to be used for transportation purposes. Part of this sales tax is transferred into the City's General Fund. The General Fund uses this revenue to fund bus and airport subsidies as well as pay for street and sidewalk related expenses. A 5% growth rate was also applied to this revenue.
- ◆ **PILOT:** (Payment-In-Lieu-Of-Taxes) The Water and Electric Fund pays the General Fund annually an amount substantially equivalent to the 7% gross receipts taxes which would be paid if the utilities were owned privately. PILOT payments are projected to grow at 3.5% based upon recent growth trends.
- ◆ **Other Local Taxes:** These include the gasoline tax, cigarette tax, motor vehicle taxes, and gross receipt taxes from General Telephone Company, Union Electric, and Boone Electric.
 - ◇ The Gasoline Tax provides for the construction and maintenance of highways. As provided by state law, the gasoline rates have been increasing 2 cents per gallon every two years. The rate increased to 17 cents per gallon on April 1, 1996, the last year of the state approved increase. 1% growth is anticipated for FY 99.
 - ◇ The Cigarette Tax Rate is 10 cents per package. The tax is collected on each package by the wholesaler. No growth is projected for this revenue.
 - ◇ The City's portion of the Motor Vehicle Sales Tax is 1½ cents per \$1.00 vehicle cost. The City also receives a part of the license plate fee which is approximately \$12.50. Grown at 5.5% based on historical trends.
 - ◇ The Gross Receipts Tax Rate is 7% of gross receipts. This tax is collected from General Telephone Company, Union Electric, and Boone Electric. Grown at 2% based on historical trends for Union Electric and Boone Electric. GTE projected revenues have been adjusted to reflect a recent change in distribution by GTE.
- ◆ **General and Administrative Fees:** (G&A) The City charges proportionately for all services performed by General Fund departments for enterprise, internal services, and other City funds. The charges are computed on the basis of an estimated allocation of time the various City departments contribute for servicing these funds. Minor adjustment were made to the allocation methodology for FY 99. Amount allocated is based on actual FY 97 personnel cost projected to FY 99.

FY 99 budgeted revenues exceed FY 98 estimated revenues by \$2,451,345, or 5.7%.

ENTERPRISE FUNDS:

The City of Columbia has ten enterprise funds that generate a total of \$97,424,700 in revenues, and \$90,346,017 in expenses (not including capital additions or capital project amounts). The City provides the following utilities to its citizens: electric, water, storm water, sewer, and solid waste collection. The city's other enterprise activities include Railroad, Public Transportation, Regional Airport, Parking, and Recreation Services.

Some of the City's major enterprise revenue sources include: Sales of Electric and Water, Solid Waste Collection Charges, and Sewer Charges.

- ◆ **Sale of Electric:** There are approximately 33,000 customers that receive electricity from the City's Power Plant. The major sources of electric revenue are as follows: Residential Sales (36%), Commercial and Industrial Sales (51%), and Sales to Public Authorities (10%). There are no rate increases proposed for FY 99.

- ◆ **Sale of Water:** There are 30,000 customers that receive water from the City. There is a 2% increase proposed for FY 99.

- ◆ **Solid Waste Collection Charges:** There are 28,000 Solid Waste utility accounts served by the City. The average residential rate per month is \$8.65. Revenue generated from both residential and commercial collection charges amounts to about 61% of the total refuse revenues. Landfill fees, which are \$29.40/ton amount to 19% of total revenues. There are no rate increases proposed for FY 99.

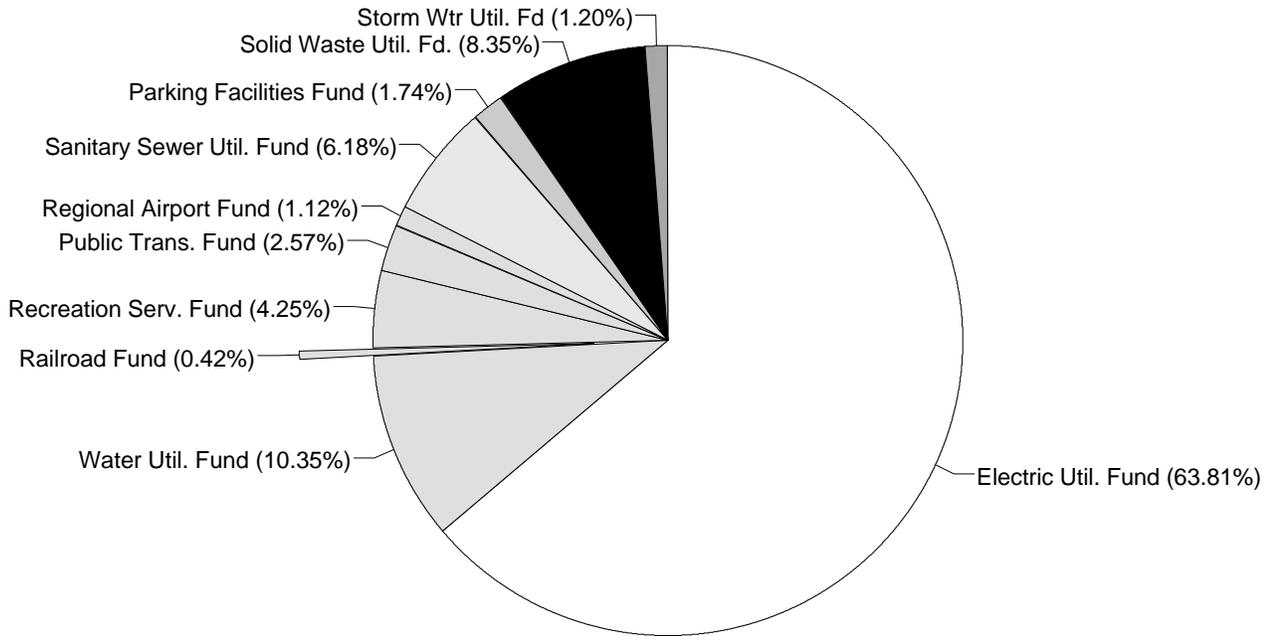

- ◆ **Sewer Charges:** There are approximately 30,000 sewer utility customers. There is a 3% rate increase budgeted in the FY 99.

- ◆ **Recreation Services Fund:** Provides various recreational services for which participants are charged fees. Small fee increases are proposed for FY 99

FY 99 revenues are forecasted to exceed FY 98 estimated revenues by \$3,009,556, or 3.2%.

All revenue sources continue to grow at rates similar to the past few years. There are no substantive areas in which revenues are anticipated to decrease.

INTERNAL SERVICE FUNDS:

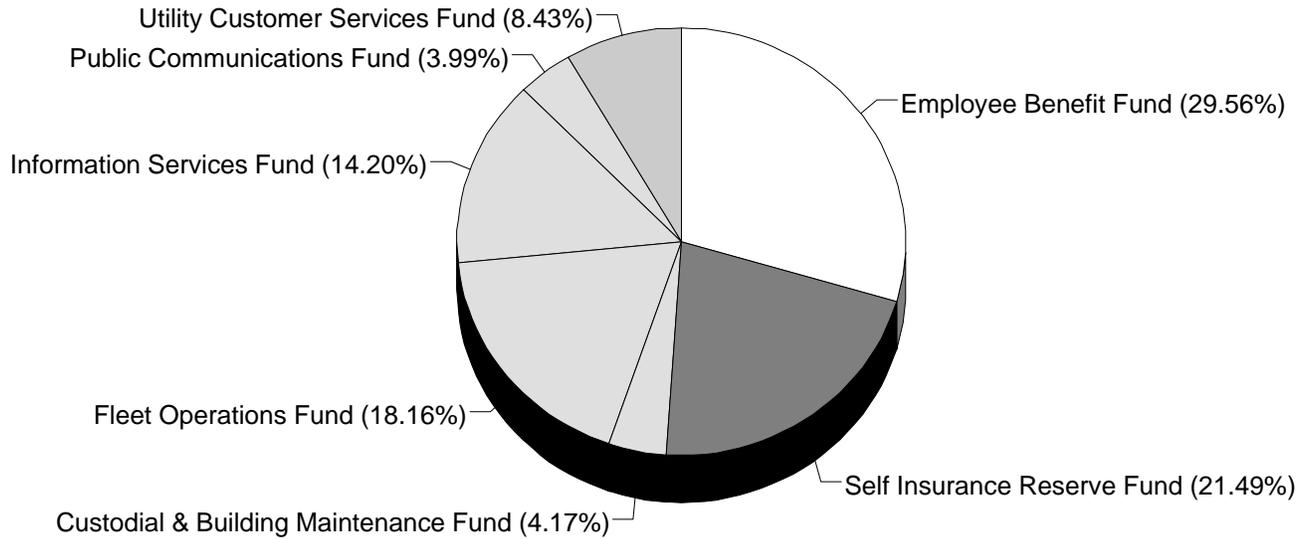

The City of Columbia has seven internal service funds that generate a total of \$17,566,451 in revenues and \$17,423,205 in expenses (not including capital addition and capital project amounts). These seven funds include: Utility Customer Services Fund; Information Services Fund; Public Communications Fund; Custodial and Maintenance Services Fund; Fleet Operations Fund; Self Insurance Reserve Fund; and Employee Benefit Fund. Internal Service Funds, by definition, provide goods and services to other city departments on a cost reimbursement basis.

The City's major internal service fund revenue sources include: Fleet Operations Revenue, Utility Customer Service Charges, Information Services Fees, Employee Benefit Fund revenues, and Self Insurance Reserve Fund revenues.

- ◆ **Fleet Operations Revenue**: The Fleet Operations Fund provides equipment maintenance and repair operation for Public Works and other user departments. Departments are charged a shop labor rate of \$36.00/hour. No rate increase is proposed for FY 99.
- ◆ **Utility Customer Services Charges**: The Utility Customer Services Fund charges various city departments for billing the following types of utilities: water, electric, sanitary sewer, solid waste, and storm water. The FY 99 charges reflect a 4% increase over FY 98.
- ◆ **Information Services Fees**: All departments that use mainframe processing are charged data processing fees by the Information Services Fund. The FY 99 expense charges reflect no increase over FY 98.
- ◆ **Employee Benefit Fund**: This fund is used to account for the City of Columbia's self insurance program for health, disability, and life insurance for covered city employees.
- ◆ **Self Insurance Reserve Fund**: This fund is used to account for the reserves established and held in trust for Special Obligation Bonds issued for the city's self insurance program, and to account for the payment of property and casualty losses, and uninsured workers' compensation claims.

The rates charged to the user departments are adjusted, as needed, to cover the costs of providing the goods and services. An initial rate is set at the beginning of the budget process and then it is reviewed during the budget process to ensure that the funds are able to recover their operating costs.

GENERAL FUND SUMMARY

Fund 110

FUND DESCRIPTION

The General Fund is used to finance and account for a large portion of the current operating expenditures and capital additions (not capital improvements) of City Government. The General Fund is one of the largest and most important of the City's funds because most governmental programs (Police, Fire, Public Works, Parks and Recreation, etc.) are generally financed wholly or partially from it. The General Fund has a greater number and variety of revenue sources than any other fund, and its resources normally finance a wider range of activities.

DEPARTMENT EXPENDITURES

	Actual FY 1997	Budget FY 1998	Estimated FY 1998	Adopted FY 1999

**CITY GENERAL EXP - SUBSIDIES &
OTHER NON-DEPARTMENTAL EXP.**

110-8500

DEPARTMENT DESCRIPTION

City General is the part of the budget where non-departmental expenditures are located. These include various subsidies and transfers as well as other items which are not related to a specific department.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Subsidies have been increased from the FY 98 level for the Recreation Services Fund, Cultural Affairs, and Contributions Fund. The subsidy for Public Transportation was decreased. An amount of \$29,837 has been set aside as Council Reserve to use and still maintain a 16% Fund Balance.

DEPARTMENT DESCRIPTION

The Mayor and City Council act as the legislative and policy making body for the City of Columbia. Operating under a home rule charter, the Council uses various voluntary citizen boards, commissions, and task forces as well as public hearings in the development of City policy matters. According to the City Charter, the City Council is responsible for the appointment of the City Manager, City Clerk, and Municipal Judge.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Funds are included in the budget to cover the cost of services of an interpreter for the hearing impaired at City Council meetings. This is in compliance with the Americans with Disabilities Act. Additional funds were also included in the budget for Boards and Commissions.

CITY CLERK AND ELECTIONS - SUMMARY

110-02

DEPARTMENT DESCRIPTION

The City Clerk's office serves as the depository for all official records of the City, and the Clerk certifies City records for the courts, City departments, and citizens. The Clerk's office serves as a center for citizen inquiry, proclamation preparation and signing, and personal appearance requests. The Clerk maintains membership rosters for all boards and commissions. The City Clerk also acts as secretary to the Board of Adjustment.

DEPARTMENT OBJECTIVES

Maintain and provide access to official city documents in the most expedient and efficient manner; and to expeditiously respond to the citizenry, City Council, Boards and Commissions, and city staff requests for services as provided by this department.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

There are no significant changes in this budget for the coming year.

DEPARTMENT DESCRIPTION

The City Manager's Office is responsible for the general administration of the City of Columbia, program coordination and development, preparation of agendas and special staff reports, and an annual statement of city programs and priorities. As chief administrative officer, the City Manager is directly responsible to the City Council for all operations of the City as well as implementation of policies and programs adopted by the Council. The City Manager appoints all officers and employees of the City except for the City Clerk and Municipal Judge. Appointment of subordinates is generally delegated to the appropriate Department Director.

DEPARTMENT OBJECTIVES

(1) Provide effective and efficient delivery of services to residents; (2) Enhance communication with City Council and citizens; (3) Provide necessary written and verbal information for City Council to assist them in setting policy for the needs of the citizens; (4) Respond to inquiries made by the City Council and citizens; (5) Prepare and monitor annual budget for city services; and (6) Implement policies set by action of the City Council.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

There are no significant changes in this budget for the coming year.

FINANCE DEPARTMENT - SUMMARY

DEPARTMENT DESCRIPTION

The Finance Department is responsible for the administration, direction, and coordination of all financial services of the City involving financial planning, budgeting, treasury management, investments, purchasing, accounting, payroll, business licensing, insurance, and utility customer services.

DEPARTMENT OBJECTIVES

General Fund Activities: The Finance Department will provide the support necessary to allow the city to conduct business in an efficient and effective manner. This includes performing the day to day processing activity, providing accurate and timely management information, external financial reports that adhere to professional standards, and managing the city capital needs through investing and borrowing activities. In addition, the Finance Department is responsible for ensuring the city adheres to all federal, state and local requirements that relate to purchasing, budgeting and related activities.

Business License: Extensive monitoring and enforcement of all business licenses, hotel/motel licenses, and permits required by City ordinance; and revising the existing ordinances to ensure that all applications will be processed in a more efficient and effective manner.

Risk Management: Maintain adequate protection for City through self-insurance fund for property, casualty and Worker's Compensation; and obtain adequate straight insurance coverage for Boiler and Machinery, Airport, Railroad, and City Hall Building.

Utility Customer Services: Provide accurate and timely billing for city utilities, electric, water, sewer, solid waste, and storm water; effective handling of inquiries and complaints handled in person and by phone; set up payment arrangements for customers with delinquent bills; and provide information to customers needing utility assistance.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

During FY 99 the Finance Department will continue to monitor and evaluate the City's financial condition and internal controls. A major review of policies and procedures will be conducted with the implementation of a new information system, looking for ways to improve productivity and efficiency city wide. This system should result in greater and more timely access to financial information by all users of the system.

DESCRIPTION

The Finance Department is responsible for the administration, direction, and coordination of all financial services of the City involving financial planning, budgeting, treasury management, investments, purchasing, accounting, payroll, business licensing, insurance, and utility customer services. With the exception of Utility Customer Services and Self Insurance, which are budgeted in other funds, all Finance Divisions are budgeted and accounted for in the General Fund.

HIGHLIGHTS / SIGNIFICANT CHANGES

Emphasis for FY 99 will be on the enhanced use of the additional features available on the new financial system software. Staff will be developing improved reporting for investment and other activities. The finance department will assist in the implementation of the Capital Improvement Plan through the tracking of projects, monitoring of cash flows, and the execution of the short- and long-term debt programs necessary to fund the plan.

DESCRIPTION

This Division is primarily responsible for the administration, direction, coordination, and supervision of all financial functions and operations for the City, including preparation of the Annual Operating Budget, as well as the five-year Capital Improvement Program. Duties include providing overall direction to Division heads and personnel involved with Administration and Planning, Accounting, Purchasing, Business License, Insurance, Treasury Management, and Utility Customer Services. Additional duties include providing expertise and technical coordination of new bond requirements, providing recommendations to the City Manager on short- and long-range fiscal policy, and representing the City at public functions involving financial considerations.

HIGHLIGHTS / SIGNIFICANT CHANGES

Planning emphasis will be to improve all financial activities of the City by overseeing the utilization of enhanced functions offered by the new financial application software; perform the tasks of researching the City's financial status for the sale of debt; and continue updating the City's manuals and monitoring reports to enable better evaluation of its financial condition. Development of special reports will be emphasized in FY 99.

DESCRIPTION

The Accounting Division is responsible for recording and reporting all financial transactions on an accurate and timely basis, preparing financial statements in accordance with Generally Accepted Accounting Principles, and issuing internal and special reports as required. Of primary importance is the Division's management of the internal control system to ensure the reliability of subsequent reports.

HIGHLIGHTS / SIGNIFICANT CHANGES

During 1998 the Accounting Division has been working to implement the new HTE payroll, accounts payable, and general ledger software packages. During 1999 we expect to continue the development and refinement of new procedures in the Accounting Division. We will be assisting users to develop various financial reports with the new Crystal Reports report writer software.

DESCRIPTION

This Division is responsible for the cash management and investment of all City funds. Specific duties include management of investment portfolios for Pooled Cash, the Self-Insurance Reserve Fund, and Police and Firefighters' Retirement Fund; oversight of cashing operations; management and oversight of banking and custodial services; coordination of debt issuance and debt service; and coordination of the 401A retirement plan.

HIGHLIGHTS / SIGNIFICANT CHANGES

Management of the cash and investments remains a major focus, particularly in light of rapidly changing technology. Additional refinements are planned for both areas to improve efficiency. Customer service operations will be modified to provide greater flexibility in responding to peak demand periods. Additional funds have been budgeted to expand the hours of the drive-up window beyond 8-5.

DESCRIPTION

The Purchasing Division provides centralized control over the procurement of materials, equipment, and services for all departments, offices, and agencies of the City. Purchasing is responsible for setting standards and specifications for items to be purchased; for advertising and tabulation of bids; assisting departments in obtaining contracts for services; preparation and issuance of purchase orders, materials management, and fixed asset inventory; and supervising the transfer or disposal of all surplus materials, supplies, and equipment.

HIGHLIGHTS / SIGNIFICANT CHANGES

Planning emphasis for FY 1999 will be on the continued consolidation of materials and services with standardization of specifications through the Mid-Missouri Public Purchasing Cooperative to create Term Supply Contracts with greater efficiency of service at reduced cost. The MMPPC Cooperative Stores concept will be pursued, which will provide central warehousing of the most common items, such as office, janitorial, plumbing, electrical, and lab supplies. During FY 1999, Purchasing will administer over 186 annual contracts, process an estimated 5,000 purchase orders, 1,500 change orders, 275 formal bids and 225 informal bids at a value of approximately \$24,500,000 for a cost savings of approximately \$2,450,000.

DESCRIPTION

The Business License Division is responsible for processing and issuing various licenses and permits upon proper investigation, and enforcing all alcoholic beverage and animal licensing laws as well as the cigarette and hotel/motel taxes and regulations. Additional responsibilities include providing consumer protection against non-regulated operations in Columbia, and the inspection and enforcement of garage sales and special permits. This Division also contacts businesses which are delinquent in sales tax payments to the State.

HIGHLIGHTS / SIGNIFICANT CHANGES

Planning emphasis for FY 1999 will be to continue extensive monitoring and enforcement of all business licenses, hotel/motel licenses, and permits required by City ordinances. Additional planning emphasis will be placed on revising the existing ordinances to ensure that all applications will be processed in a more efficient and effective manner.

DESCRIPTION

The Utility Customer Services Division (UCS) is responsible for all billing related activities for the City's electric, water, sewer, solid waste, and storm water enterprise activities. As the City's primary interface to the customers, UCS staff handles all inquiries and service orders from customers and related City departments in an efficient and customer friendly manner.

HIGHLIGHTS / SIGNIFICANT CHANGES

With implementation of the new billing application software and equipment, the UCS Division anticipates greater efficiencies through the use of microcomputers and connections to the City's LAN. The division's budget is recovered 100% from user charges to the various enterprise funds and has no financial impact on the General Fund.

DESCRIPTION

The Self-Insurance Reserve Fund accounts for the transactions and reserves associated with the City's Self-Insurance Program. This program provides coverage for the City's workers' compensation, and property and casualty claims. Claims are administered by the City Finance Department.

HIGHLIGHTS / SIGNIFICANT CHANGES

The Risk Management division has continued to emphasize loss prevention and claims administration to decrease the frequency and severity of claims. The Risk Manager, with the City's Safety Committee, has identified training needs and worked to establish and revise City wide safety and claim policies and procedures. Insurance coverages are reviewed to provide the City the best protection at the most economical cost.

DEPARTMENT DESCRIPTION

The Human Resources Department's function is to coordinate the efforts of all City departments in the selection, hiring, evaluation, promotion, training, and development of a staff of dedicated and qualified personnel to serve the citizens of Columbia.

DEPARTMENT OBJECTIVES

Our primary goal is the maintaining of a dedicated, professional staff to provide quality support services to the City and the public we serve. Major emphasis continues in the areas of personnel computerization and recruitment/retention of minorities and females. Special efforts are directed toward employee communication and recognition to encourage upward mobility, maintain high morale, and curb turnover in a low unemployment level environment.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Areas of continued emphasis include (but are not restricted to) compliance and training in the areas of numerous Government-mandated policies and procedures. The new employee specialist will continue to relieve supervisors of cumbersome new employee processing procedures and paperwork. We also anticipate assisting departments with development of training programs unique to each department.

LAW DEPARTMENT - SUMMARY

110-15

DEPARTMENT DESCRIPTION

The Law Department is charged with managing all litigation in which the City is a party and advising the Council, the City boards and commissions, the City Manager, and department directors on legal matters. The Department is composed of two divisions: the City Counselor and his staff manage the civil law of the City, and the City Prosecutor prosecutes ordinance violations.

DEPARTMENT OBJECTIVES

The Law Department's primary objective is to assist the Council, Manager and City departments in setting and meeting their objectives by providing high-quality legal support services.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

There are no significant changes in the Law Department's budget.

DEPARTMENT DESCRIPTION

The Municipal Court, under the City Charter, is organized to process violations of City ordinances resulting from citizen complaints, traffic violation, and misdemeanor arrests. By State statute it is a division of the Circuit Court of Boone County and subject to the administrative authority of the Presiding Judge of that court. Activities include processing traffic violations and recording convictions, collection of fines, scheduling of trials, and preparation of dockets. The court is also charged with serving subpoenas, issuing and service of warrants for traffic violations and other charges.

DEPARTMENT OBJECTIVES

(1) Process docket and record municipal ordinance violations including parking tickets; (2) Collect fines; (3) Schedule and conduct trials; (4) Monitor compliance with orders; (5) Issue and serve subpoenas; (6) Issue and serve summonses and warrants; and (7) Report monthly to the Circuit Court.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

There are no significant changes in this budget for the upcoming year.

DEPARTMENT DESCRIPTION

The police department serves as the primary law enforcement agency for the city. Its mission is to protect the lives and property of its citizens by following the philosophies of Community Policing, community involvement and interaction as well as crime prevention initiatives. All of these endeavors are supported by basic police approaches such as criminal investigations, traffic enforcement, response to emergencies and other calls for service. We believe all of these functions, together with community input, enhance the quality of life for the people of Columbia.

DEPARTMENT OBJECTIVES

To continually progress towards a more interactive Community Policing program within the greater community.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Reorganization during 1997 and the hiring of a new Chief were the highlights of this past year. An increase in commitment towards community policing and narcotics enforcement are the cornerstones of the coming year.

Crime Index (1)	5,033	5,957	8,771	4,547	11,505	5,079

1) Crime Index - The Crime Index is composed of selected offenses used to gauge fluctuations in the overall volume and rate of crime reported to law enforcement. The offenses included are the violent crimes of murder and non-negligent manslaughter, forcible rape, robbery, and aggravated assault and the property crimes, from the 1996 UCR report (latest available), of burglary, larceny-theft, motor vehicle theft, and arson. Figures for Columbia are actual 1997.

2) From 1995 Source Book of Criminal Justice Statistics.

DESCRIPTION

The Administration Division is responsible for the general administration of the Department. The areas of responsibility for the office of the Chief of Police include setting policy, establishing goals, and providing direction for and overall management of the department. The Executive Assistant to the Chief is responsible for planning, projects, and staff inspections.

HIGHLIGHTS / SIGNIFICANT CHANGES

FY 99 Administration's goals are to provide the best possible delivery of police services within our budgeted resources by continuing the implementation of community policing.

DESCRIPTION

The patrol division is divided into two districts that generally divide the city in half and give responsibility for each half to a district captain. Each side has detectives and traffic officers as well as community service aides. Each officer has a specifically assigned beat that is patrolled each working shift. This is one of the basic foundations of our expanded Community Policing Initiative. These officers are the first responders to all calls for service every day of the year. Most officers develop additional skills in numerous areas of special needs such as Special Tactics and Response (STAR), Crisis Negotiation Team, Traffic Accident Reconstruction, Evidence Collection, Interview Techniques, Community Policing interaction, Photography and many other important areas.

HIGHLIGHTS / SIGNIFICANT CHANGES

The reorganization of the Department that occurred in the fall of 1997 after the appointment of Norman Botsford as Chief of Police is the most significant event of the year for the Police Department. Calls for service jumped significantly (17.2%) during 1997 to 58,884 calls, up from 50,257 in 1996. Also during 1997 there were 5,033 Uniform Crime Report crimes reported which is a nearly identical number as reported in 1996. Twenty nine percent of those crimes were cleared (compared with a national clearance rate of 22%).

Police - Administrative Support Services

110-2130 to 110-2139

DESCRIPTION

The Administrative Support Services Division provides the following: Record Management; Evidence storage and control; Computer Operations; Maintenance of equipment, vehicles, and building; Recruitment, Hiring, and Training; Purchasing; and Budget Preparation.

HIGHLIGHTS / SIGNIFICANT CHANGES

Major challenges facing the Department include implementation of mobile computer terminals in the patrol vehicle fleet and expansion of police operations into offices vacated by the fire department. Remodeling of the present police building will also take place in FY 99. These projects were funded by quarter-cent sales tax revenue and federal grant funding.

DEPARTMENT DESCRIPTION

The Fire Department is charged with the protection of lives and property from fire, explosion, hazardous materials and other natural or man-made disasters, or any situation that threatens the well-being of the community's citizens. By also providing emergency medical, public fire education, fire investigation and code enforcement services to the public, the Department is pursuing an active role in improving the overall safety of our customers, the Citizens of Columbia.

DEPARTMENT OBJECTIVES

(1) Deliver emergency services within acceptable time/distance criteria, (2) Reach our population with fire and emergency medical safety and education programs, (3) Maintain budget integrity through prudent fiscal management, (4) Support operating divisions with sufficient staff, (5) Train fire/rescue personnel to required performance standards, (6) Continue capital improvement programs, (7) Review new construction plans for fire & life safety, (8) Inspect all buildings on a biennial basis, and (9) Provide central supply and support facility.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The goal of continuing high quality service to the citizens of Columbia will be aided by the budget. Growth of the City and population dictates an increase in the number of fire companies and personnel. This requires increased levels in the often neglected support areas such as clerical, training, inspections, code enforcement activities, fire investigations, and public fire safety goals. Significant renovation and remodeling of existing facilities are needed as buildings continue to require maintenance. Growth issues call for the addition of three fire stations, apparatus, and personnel.

DESCRIPTION

This Division of the Fire Department is responsible for the efficient operation of the entire Department. Activities include preparation of the budget, payroll, records and reports, as well as planning and implementation of departmental goals, objectives, policies, and procedures.

HIGHLIGHTS / SIGNIFICANT CHANGES

Fire Administration's goals continue to be organizational monitoring and evaluation of performance. The Administration budget reflects decisions to improve the organization in such areas as fiscal control, supply and communications, among others.

DESCRIPTION

This Division comprises the largest number of personnel and equipment and provides for all the emergency services of the Department, including fire suppression, rescue, emergency medical, natural and/or man-made disasters, and hazardous materials responses.

HIGHLIGHTS / SIGNIFICANT CHANGES

Emergency Services' goals are basically demand driven. The public expects a quick resolution to their fire and/or EMS emergency. Hence, a quicker response time dictates station location, apparatus condition and flexibility, and sufficient personnel to safely manage and control these emergency situations. Because of the growth of the City in land mass as well as population since the last fire station was added in 1983, additional facilities and personnel must be planned for additional facilities and personnel must be planned for in upcoming budgets.

DESCRIPTION

The budget reflects Division responsibilities, focusing on fire, emergency medical, hazardous materials, and rescue training. The Training Division is in a supportive role for Emergency Services.

HIGHLIGHTS / SIGNIFICANT CHANGES

Program goals for this fiscal year include the continuation of specialized hazardous materials and rescue training to meet federal mandates and supporting on-going skills training for the organization. Other current programs for the fiscal year include promotional processes, Basic Recruit School and state mandated EMT continuing education.

DESCRIPTION

This Division is responsible for coordinating the Department's efforts to improve the safety and well being of our citizens and community with an emphasis on "fire prevention through education". The major duties include Public Fire Safety Education, Fire Code Enforcement and Fire Inspections, Fire Investigation, Research and Development, and related records and reports.

HIGHLIGHTS / SIGNIFICANT CHANGES

Division goals are to continue focusing on providing a highly visible and effective public safety education program and department presence to reduce accidents and injuries. The Division's efforts will be directed at utilizing new as well as existing community resources to influence and redirect public opinion and practices over the broad spectrum of safety and fire prevention. The introduction of the "RISKWATCH" program will spearhead a new accident prevention campaign launched in conjunction with local school systems aimed at a zero tolerance accident rate for the community.

DEPARTMENT DESCRIPTION

The mission of the Columbia/Boone County Health Department is to assess, monitor, and improve the health of the community by means of policy development and by emphasizing health promotion and the prevention of disease and/or injury through the provision of high quality services responsive to identified needs.

DEPARTMENT OBJECTIVES

Administration: Responsible for all operations of the department and thus performs the classic management functions of planning, organizing, directing, controlling, and evaluating the various operating sections of this department.

Personal Health Services: Responsible for providing primary health care to the medically indigent; child indigent child health conferences; home nursing care; services to families with potential or identified incidents of child abuse or neglect; sexually transmitted disease clinic; family planning clinic; maternal nursing; childhood immunizations; TB surveillance; investigation of reported communicable diseases; medical social services; employee health; prenatal clinic; case management; early prenatal incentive programs for pregnant women; medical care to inmates at Boone County jail; HIV testing (regional site).

WIC Program: The WIC Program provides supplemental food and nutrition education to clients who are pregnant or breastfeeding, infants, and children under five years of age who demonstrate a medical or nutritional risk factor.

Environmental Health Services: This division provides county-wide environmental health programs vehicles; such as food sanitation inspections in restaurants, grocery stores, food warehouses, and food delivery laboratory analysis of drinking water, food products, milk products, and water used for recreational purposes; food handler education; public health nuisance control including sewage disposal, weeds, mosquito breeding areas, rubble accumulations, rodent infestation etc.; coordination of mosquito control activities; and enforcement of the City's container deposit law and anti-smoking ordinance. We also inspect day care homes and centers under contract with the State Health Department.

Animal Control: Enforces the Columbia animal control ordinance and the Boone County animal control ordinance. Animal control services include the impoundment of dogs running at large, assisting in locating lost animals, and investigating animal bite cases.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The Department will continue to provide and improve various public health services to all residents of Boone County. The drug testing program will be funded for a full year. Child immunization needs are expected to increase. The need for new space will dominate.

DESCRIPTION

This division provides County-wide environmental health programs such as food sanitation inspections in restaurants, grocery stores, food warehouses, and food delivery vehicles; laboratory analysis of drinking water, food products, milk products, and water used for recreational purposes; food handler education; public health nuisance control including sewage disposal, administration of the Boone County Waste Water Permit Program, weeds, mosquito breeding areas, rubble accumulations, rodent infestations, etc.; and coordination of mosquito control activities. Additionally, this division enforces the City's container deposit law and anti-smoking ordinance. The Health Department does licensed inspections of day care homes and centers under contract with State Department of Health.

HIGHLIGHTS / SIGNIFICANT CHANGES

This budget reflects .5 FTE Environmental Health Specialist and .75 ASA I to do day care inspections. These positions were approved during last year and paid for by the Missouri Department of Health.

DESCRIPTION

This division is responsible for the following activities: primary health care to the medically indigent; family planning clinics; prenatal clinics; sexually transmitted disease clinics; HIV testing and counseling; HIV education and outreach; childhood immunizations; hypertension screening; TB surveillance; investigation of reported communicable diseases; medical social services; utilities assistance program; early prenatal incentive program for pregnant women; home nursing services; services to families with potential or identified incidents of child abuse or neglect; coordination with and referral to other medical providers and social service agencies; employee health and wellness for City employees; and drug and alcohol testing for new and federally-mandated employees.

HIGHLIGHTS / SIGNIFICANT CHANGES

Increased demand for services have occurred in many of the Health Department service areas. Service areas seeing the greatest increases are primary care, family planning, HIV testing, and sexually transmitted disease clinics. Primary care continues to increase with inclusion of physical examination and medical treatment of clients seeking dental assistance. Cooperation with the Columbia School District and Boone County Schools for provision of on-site immunizations for school age children this year has expanded to include younger siblings. Alcohol and Drug testing programming for the city employees has expanded significantly.

DESCRIPTION

The W.IC. Program provides supplemental food and nutrition education to clients who are pregnant or breast-feeding, infants, and children under five years of age who demonstrate a medical or nutritional risk factor.

HIGHLIGHTS / SIGNIFICANT CHANGES

There is a continued increase in caseload. WIC has added satellite clinics at the Boone County DFS office, and at the Blind Boone Center; and on-site services at the University Hospital post partum unit. This is the fifth year of the Columbia Farmers Market/WIC collaboration.

DEPARTMENT DESCRIPTION

Emergency services begins with the 9-1-1 operator who is the first person to handle all reported emergencies in Columbia/Boone County. The center is responsible for all 9-1-1 calls and dispatches the appropriate fire, police and ambulance services. Non-emergency calls are also answered by JCIC.

DEPARTMENT OBJECTIVES

The objective of the Joint Communications and Information Center is to facilitate the prompt and safe response of emergency services. The goal of Emergency Management is to minimize the effects of disaster situations through a process of identification, mitigation, emergency response and organized recovery.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Two additional personnel will be added in JCIC.

DESCRIPTION

Joint Communications is the central location for emergency communications in Boone County. All 9-1-1- telephone calls are answered in the Center and dispatched to the appropriate Fire, Police, and Ambulance services. Joint Communications also answers non-emergency telephone calls and acts as a referral to the citizens of Columbia/Boone County.

DEPARTMENT OBJECTIVES

Our objective this year will be to move into the new center which will provide more space for the equipment and staff. The new center will help improve morale of the staff by providing a much better working environment.

HIGHLIGHTS / SIGNIFICANT CHANGES

The renovation of the old Fire Station One will be the primary objective for the JCIC staff. Maintaining one live center and moving to another without interruption of service will be the most important aspect of the move.

DESCRIPTION

Emergency Management has four phases: mitigation, preparedness, response and recovery. The organization has the responsibility for coordinating all the components of the emergency management system in the jurisdiction. The components consist of police and fire, emergency medical service, public works, water and light, volunteers, and other groups contributing to the management of emergencies.

DEPARTMENT OBJECTIVES

Conducting exercises to improve our abilities to respond to real emergencies will be the primary objective. Coordinating the re-writing of the disaster plan will be another objective for staff.

HIGHLIGHTS / SIGNIFICANT CHANGES

We will be working with the County placing new sirens throughout the community. The schedule of an emergency management exercise this year will increase the awareness of all city and county officials.

PLANNING AND DEVELOPMENT - SUMMARY

110-40, 266-40

DEPARTMENT DESCRIPTION

The Planning and Development Department provides planning, community development and economic development support services to the community. The Department also provides staff services to the Planning and Zoning Commission, the Community Development Commission, the Bicycle Commission, the Columbia Area Transportation Study Organization, and various ad-hoc committees and task forces.

DEPARTMENT OBJECTIVES

Perform the above.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Emphasis in the coming year will be on the Landuse Plan update, continuing development of a Geographic Information System, implementing actions identified in the neighborhood plans, revising the Major Thoroughfare Plan, amending development regulations, new avenues will be explored to continue our progress in streamlining the Department and keeping in touch with all new technology related to our mission and whatever is decided relative to urban services areas.

DESCRIPTION

The Planning Division is responsible for current and long-range planning, providing technological support for special projects such as census and similar data gathering and analysis, mapping and graphics, and planning grant administration. Planning also provides services to the Planning and Zoning Commission.

HIGHLIGHTS / SIGNIFICANT CHANGES

Considerable effort will be directed toward preparing a Landuse Plan update. A continued effort will be made to furnish accurate data to the general public via publications. Other plans and studies will be prepared as needed. Council requested reports and ordinance amendments are expected to continue.

DESCRIPTION

Community Development administers the Community Development Block Grant Program coordinating the use of these funds in other departments such as Public Works and Parks and Recreation, and directing the Loan and Grant Program which assists low- and moderate-income owner-occupants in housing rehabilitation. This Division serves the Community Development Commission.

HIGHLIGHTS / SIGNIFICANT CHANGES

Previously established goals of preserving neighborhoods and assisting low- and moderate-income persons will be retained, and will be attempted to be met through projects established by the City Council following public hearings.

DEPARTMENT DESCRIPTION

This Department provides the necessary support to encourage and facilitate the growth of the economic base in Columbia. This task includes working with the various local and state development agencies, as well as the local educational institutions in an effort to recruit new investments, assist new business start-ups, and retain existing business. This Department staffs Regional Economic Development, Inc., which provides other operating funds.

DEPARTMENT OBJECTIVES

The staff's goal is to promote continued positive economic growth while maintaining Columbia's exceptional quality of life. Staff is implementing the revised 5-year Economic Development Master Plan. The plan discusses specific types of businesses REDI targets for attraction. Furthermore, the plan promotes specific activities which will improve the business climate of Columbia such as attracting administrative offices, planning for future industrial needs, and assisting with workforce development issues. Promotional and marketing activities include personal contacts, direct mail, trade shows and marketing events. The Department continues to implement a Public Relations Program which seeks to place positive articles in regional and national media, and promotes the community's strong business climate and exceptional quality of life.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Staff continues implementing the Economic Development Master Plan. Promotional and marketing levels continue to expand through REDI Corporation funding. Workforce Development issues continue to be a focus of this Department. REDI continues to reimburse the City's General Fund for the cost of public relations personnel.

DEPARTMENT DESCRIPTION

This office is responsible for assisting the Boone County Community Services Advisory Commission in determining the community's social service needs, reviewing agency proposals, and recommending the appropriation of City funds to contract for social services; monitoring and evaluating contract performance of social service organizations; and providing information and technical assistance to advisory commissions, local social service agencies, various task forces and citizen committees. This office also provides staff assistance to the Commission on Human Rights and the Substance Abuse Advisory Commission. The Community Child Care Coordinator works out of the Office of Community Services. This position was created to assist in the development of a comprehensive community child care system.

DEPARTMENT OBJECTIVES

To help coordinate and integrate the delivery of social services in the community through long-range planning in cooperation with other local funders and service providers; to obtain federal grants for services to the homeless and other at-risk populations; to target social service funding for programs providing emergency assistance and services to the most vulnerable segments of the population, particularly children, youth, and the elderly; to promote and encourage communication and cooperation between local social service providers; and to assist groups and organizations in coordinating, expanding, or developing social service programs that meet identifiable community needs. To provide staff support to the Commission on Human Rights in its community education and outreach activities and the investigation of human rights complaints under the city's human rights ordinance. To provide staff support to the Substance Abused Advisory Commission in the coordination of community efforts to reduce substance abuse.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

- ▶ Emphasis in the coming year will focus on the continuing development of the Columbia/Boone County Community Partnership and the Caring Communities Program. This office works cooperatively with a coalition of community stakeholders to implement new strategies for the planning and coordination of social service delivery systems in our community.
- ▶ The City of Columbia will partner with other community organizations to conduct a comprehensive Community Health and Human Services Needs Assessment. This assessment will be used to establish community priorities for health and human services funding, establish indicators that measure community progress in addressing health and human service needs, and provide much needed documentation of community needs for grant writing purposes.
- ▶ During FY 98, a temporary one-year Community Child Care Coordinator position was created and funded in partnership with the Columbia Area United Way. This position was developed to assist in the coordination of the development of a comprehensive child care system.
- ▶ During FY 98, a Federally funded Emergency Shelter Grant for services to the homeless was obtained on behalf of three not-for-profit agencies operating shelters in Columbia. An application for this grant will be submitted for FY 99.
- ▶ The Commission on Human Rights will promote community human rights activities by providing funding for local human rights education and outreach activities.
- ▶ The Substance Abuse Advisory Commission will continue its information gathering and community coordination efforts by working with other community organizations to coordinate substance abuse prevention activities in our community.

NOTES:

- ▶ **Columbia, MO** City social service funding comes from the General Fund. Up to 15% of CDBG funds are also available to social service agencies for capital improvement projects. These funds are available in the form of a "no interest loan" which must be paid back upon the sale of the property/asset.
- ▶ **Ames, IA** City funding comes from a one cent "Local Options Sales Tax" of which 40% goes to the Community Betterment Fund to fund social services. These funds are administered by the Assistant City Manager with two (2) FTE Administrative Assistants. No social service funding from city CDBG funds. The Ames City Council, United Way of Story County, Story County Department of Human Services, Story County Board of Supervisors, and the Student Government at Iowa State University coordinate their funding through the "ASSET" or Analysis of Social Services and Evaluation Team.
- ▶ **Boulder, CO** City funding comes from a 0.15% sales tax and the General Fund. Fifteen percent of CDBG funds also contribute to the city's funding of social services. City funds are allocated through the Department of Housing and Human Services which has four divisions: Housing; Senior Service; Children, Youth, and Families; and Community Services. The allocations process is staffed by one full time administrator and a half time clerical position. The Department also provides direct services through the Senior Services and Children, Youth and Families Division. Funding for these division is \$919,284 and \$686,409 respectively.
- ▶ **Independence, MO** City funding comes from CDBG funds (15% of total) in the form of direct grants. These funds are administered through the Community Development Department which is a combined department that includes the functions of planning, zoning, code enforcement, building inspection, tourism, historic presentation and community services. United Way funding is complex due to overlapping services in the Kansas City Metro area. The United Way of East Jackson County allocated \$1,650,000 to local agencies in 1998, of which \$720,000 goes to agencies located in East Jackson County and \$500,000 goes to Kansas City Metro Fund which allocates funds to agencies providing services to the whole Metro Area including Independence.
- ▶ **St. Joseph, MO** City funding comes from CDBG funds (20% of the total) in the form of direct grants. These funds are administered through the Department of Community Services which includes the following divisions and staff: Division head-1, social services-1, neighborhood services-1, neighborhood revitalization-1, housing rehabilitation-3, and historic preservation-1.
- ▶ Many social services in St. Joseph are coordinated and funded through a quasi-governmental organization called the Social Welfare Board. This board is responsible for coordinating a wide variety of social services for the indigent. A public health clinic is supported by a public health tax. The Social Welfare Board and the Public Health Clinic are located in the same building and work cooperatively together to address health and human service needs.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DESCRIPTION

This office is responsible for assisting the Boone County Community Services Advisory Commission in determining the community's social service needs, reviewing agency proposals, and recommending the appropriation of City funds to contract for social services; monitoring and evaluating contract performance of social service organizations; and providing information and technical assistance to advisory commissions, local social service agencies, various task forces and citizen committees. This office assists the Commission on Human Rights in its community education and outreach programming and in coordinating commissioner training. The Investigator for the Commission on the Human Rights works out of this office and is supervised by the Community Services Manager in cooperation with the City Legal Department. The Substance Abuse Advisory Commission is assisted by the office in its information gathering and community outreach efforts as well as in the commission's service as an advisory resource to the City Council.

HIGHLIGHTS / SIGNIFICANT CHANGES

- ▶ Emphasis in the coming year will focus on the continuing development of the Columbia/Boone County Community Partnership and the Caring Communities Program. This office works cooperatively with a coalition of community stakeholders to implement new strategies for the planning and coordination of social service delivery systems in our community.
- ▶ The City of Columbia will partner with other community organizations to conduct a comprehensive Community Health and Human Services Needs Assessment. This assessment will be used to establish community priorities for health and human services funding, establish indicators that measure community progress in addressing health and human service needs, and provide much needed documentation of community needs for grant writing purposes.
- ▶ During FY 98, a temporary one-year Community Child Care Coordinator position was created and funded in partnership with the Columbia Area United Way. This position was developed to assist in the coordination of the development of a comprehensive child care system.
- ▶ The Commission on Human Rights will promote community human rights activities by providing funding for local human rights education and outreach activities.
- ▶ The Substance Abuse Advisory Commission will continue its information gathering and community coordination efforts by working with other community organizations to coordinate substance abuse prevention activities in our community.

Community Services - Emergency Shelter Grant

110-4530

DESCRIPTION

Each year the City of Columbia, through the Office of Community Services, submits an Emergency Shelter Grant Application to the State of Missouri, Department of Social Services for funding to provide emergency shelter services to the homeless as well as services designed to prevent homelessness. The City of Columbia uses these funds to subcontract with four local agencies to provide these services to the homeless and those at-risk of becoming homeless in our community.

HIGHLIGHTS / SIGNIFICANT CHANGES

Populations being served with Emergency Shelter Grant funds include homeless families and individuals, battered and abused women, the mentally ill, and U.S. military veterans. In 1998, the City of Columbia received a grant of \$85,000 to serve the homeless. It is anticipated that a grant of a similar amount will also be secured in 1999. It is projected that due to the impact of federal welfare reform, demand for emergency shelter services will increase in 1999.

DESCRIPTION

The Boone County Community Services Advisory Commission is charged with the responsibility of making recommendations to the City Council for the appropriation of Social Assistance funds to local organizations providing assistance to the most needy citizens in our community. The Boone County Community Services Advisory Commission requests proposals from local organizations to provide social services in our community. The commission uses a well developed process to review these proposals and make funding recommendations based on prioritized community needs. The City of Columbia then contracts with these agencies to provide social services in our community.

HIGHLIGHTS / SIGNIFICANT CHANGES

The City Council has budgeted \$723,675 in social assistance funding for fiscal year 1999. This funding represents a 4.5% increase in social assistance funding over FY 98. This increase reflects a commitment on behalf of the City Council to be responsive to the needs of the most at-risk populations in our community. For FY 99, the Boone County community Services Advisory Commission has recommended funding assistance for thirty-one organizations providing a total of forty-four different program services. In general, the Commission's funding priorities are to first meet the most basic needs of our community with high consideration also given to programs that address the needs of at-risk populations. The local impact of welfare reform will continue to be monitored by the commission in an effort to meet the most critical needs in our community while utilizing the city resources in the most effective and efficient manner. During FY 98, a temporary one-year Community Child Care Coordinator position was created and funded in partnership with the Columbia Area United Way. This position was developed to assist in the coordination of the development of a comprehensive child care system.

PARKS AND RECREATION DEPARTMENT - SUMMARY

110-50 to 110-59, Fund 552

DEPARTMENT DESCRIPTION

The Columbia Parks and Recreation Department oversees approximately 1,800 acres of park land and maintains 45 parks and recreation facilities. A wide array of sports, recreation activities, lessons, and special events are available for citizens of all ages. Open space, parks, and trails provide opportunities to enjoy the natural beauty of Columbia. The Department is organized into two divisions: Park Services and Recreation Services. The summer youth employment program, Career Awareness and Related Experience (CARE), is also administered under the Parks and Recreation Department.

DEPARTMENT OBJECTIVES

The Columbia Parks and Recreation Department is committed to delivering effective, courteous, and responsible leisure services, and to maintaining, preserving, and developing the natural resources entrusted to us. To aid all citizens in the proper use of leisure time, we strive to provide adequate type, quantity, and quality of leisure opportunities. In delivery of these services, all participants shall be treated with fairness, dignity, and respect. To achieve these objectives Parks and Recreation Department staff constantly pursue excellence while attempting to provide the best possible services within resource limits placed upon the Department.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The General Fund component of this budget contains Department Administration, a portion of the Park Services Division's two principle programs, Park Management and Operations and Park Planning and Development, and the C.A.R.E. Program. The Recreation Services Fund includes funding for all recreation activities and the operation of support facilities for those activities. Revenues generated from recreation activities and facilities are deposited in the Recreation Service Fund. Recreation activity fees are used for operations while the facility user fee and Golf Improvement Fee are appropriated by the City Council for capital improvement projects.

Parks and Recreation - General Fund Operations

110-50 to 110-59

DESCRIPTION

The General Fund portion of the Parks and Recreation Department Budget includes Administration, a portion of Park Planning and Development, a portion of Park Management and Operations, and the C.A.R.E. Program. Additional Park Planning and Development expenses are budgeted in the Capital Projects sections of the budget. Park Management and Operations maintains recreation service facilities, and those expenses are budgeted in Recreation Services Fund. Program areas not having revenue producing capabilities are budgeted in General Fund.

HIGHLIGHTS / SIGNIFICANT CHANGES

Amounts in this budget are based on continuing the level of services provided in the previous year. One additional new position is proposed in the Park Planning and Development Program.

DESCRIPTION

The Administration Division consists of the Director, Public Information Specialist, Administrative Support Assistant III, and Administrative Support Assistant IIs. This Division assists the public with reservations, registrations and information. Support and assistance is provided to all other divisions within the Department to ensure the successful operation of all areas of the Parks and Recreation Program. Areas of support generally include budget and accounting, promotion and the establishment of Department policies and procedures.

HIGHLIGHTS / SIGNIFICANT CHANGES

This area will continue to provide the same level of services to all other Divisions within the Department.

DESCRIPTION

The Planning and Development Program is responsible for all parks capital improvements. Program staff identify, plan and develop recreation areas and facilities to meet the varied recreation and leisure needs of the citizens of Columbia. Staff also administers the City's landscape and forestry responsibilities which includes parks, public buildings, and downtown.

HIGHLIGHTS / SIGNIFICANT CHANGES

The proposed budget maintains the current level of services in this program area. One additional staff position is proposed, as an addition, to the construction area of this program.

**Parks & Rec - Career Awareness &
Related Experience Program (C.A.R.E.)**

110-5310

DESCRIPTION

This program targets economically, socially and academically disadvantaged youth ages 14 through 18 for career training. This is accomplished by providing educational resources to the trainee in the form of an intensive seven-day vocational training seminar, placement with a local employer for 205 hours of work experience, and coaching trainees on the job. Wages are provided by the City of Columbia. Supervision of trainees is provided by those agencies or businesses where they are employed.

HIGHLIGHTS / SIGNIFICANT CHANGES

This budget contains funds to maintain the current program.

DESCRIPTION

The Parks Management and Operations Program is responsible for the management, maintenance and operation of parks operation of parks, playgrounds, indoor and outdoor recreation facilities, grounds, trails and support areas. The management, maintenance and capital replacement of the P & R department's fleet is administered by program staff. Support is also provided to other City departments for grounds maintenance, surplus property, and general labor.

HIGHLIGHTS / SIGNIFICANT CHANGES

The budget for this program represents a commitment the same as in the past few years. Some supplemental budget is included to replace rolling stock equipment as per the City's replacement schedule.

DESCRIPTION

The Recreation Services Fund includes the Recreation Services Division and those costs in the Parks Services Division which are necessary for operation of facilities within Recreation Services. Recreation Services provides a broad spectrum of leisure services to meet the needs of all segments of the community. This includes group and individual programming to promote a high quality of life through positive social, cultural, psychological, emotional, and physiological development. The sections administered in the Recreation Services Division are: Sports Programming; Aquatics, Adaptive, and Outdoor Recreation; Community Recreation; Golf/Concessions; Senior Programming, Cultural Arts, Life Enrichment, and Oak Tours.

HIGHLIGHTS / SIGNIFICANT CHANGES

The operating budget has been based on maintaining existing services. Some monies are budgeted to replace capital equipment according to our replacement schedule list. One additional position is proposed in the golf/concessions program area.

RECREATION SERVICES - CAPITAL PROJECTS

MAJOR PROJECTS

The renovation of Oakland Pool is the only Park and Recreation Capital Project recommended for funding from the Recreation Services Fund this year.

FISCAL IMPACT

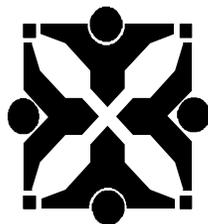

Investing in major maintenance, renovation, and expansion of the pool should help control operating expenses while providing additional recreational opportunities as well as additional revenue.

PUBLIC WORKS DEPARTMENT - SUMMARY

110-60 to 110-69, 553 to 558, 671, 672

DEPARTMENT DESCRIPTION

The Public Works Department operates and manages the Engineering, Street, Traffic, and Protective Inspection Divisions; Public Transportation; Columbia Regional Airport; Sanitary Sewer Utility; Parking Utility; Solid Waste; Storm Water Utility; Custodial and Building Maintenance Services; and Fleet Operations. Also, the Department is responsible for plans and specifications, contract management, and inspection of all public improvements made by the City of Columbia to ensure that the improvements are completed according to the specifications of a timely basis and in the most cost effective manner possible.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Major activities for FY 99 will include the construction of voter approved street and bridge projects financed by 1/4% Sales Tax, construction of November 1997 voter approved sanitary sewer improvement projects including-Wetland Treatment Unit #4, increased emphasis on sidewalks, and improved storm water management construction and operation. Monitoring of operation and maintenance techniques for increased productivity and cost reductions will continue throughout the department.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DEPARTMENT DESCRIPTION

The General Fund Public Works Operations are charged with the traditional municipal public works functions of street, sidewalk, traffic system maintenance and operations, as well as building and construction inspections. In addition, engineering, survey, and right-of-way responsibilities are located in this office. Coordination, inspection and management of all public improvements are done through this office.

DEPARTMENT OBJECTIVES

Administration & Engineering: Design, construction and management of the public infrastructure in a professional and cost effective manner.

Streets: To ensure all city streets are safe and passable to the traveling public.

Traffic: Provide, improve and maintain traffic control devices to allow the safe and efficient movement on city streets;

Parking Enforcement: Create and assure parking turnover occurs in the enforcement area; and enforcement of no parking regulations in hazardous locations.

Protective Inspection: Protection of the public by assuring compliance of all building, rental housing, zoning, sign, and subdivision codes through the city.

	Actual FY 1997	Budget FY 1998	Estimated FY 1999
Engineering: (1)			
Miles of Streets Constructed/Inspected in New Developments	7.03	7.70	7.00
Miles of Sanitary Sewers Constructed/Inspected in New Developments	9.00	10.00	10.00
Miles of Sanitary Sewers Constructed/Inspection for BCRSD	4.14	5.00	5.00
Miles of Streets Constructed/Rebuilt by City Contract (survey, design, contract admin., inspected)	1.20	1.80	2.00
Miles of Sanitary Sewers Constructed/Rebuilt by City Contract (survey, design, contract admin., inspected)	0.80	1.00	6.00
No. of Site Plans, Construction Plans, & Plats Reviewed	609	670	700
No. of Excavation Permits Issued	799	850	900
No. of Flood Plain Development Permits Reviewed	40	48	48
Streets:			
Street Segments Resurfaced/Repaired	314	245	245
Service/Maintenance Cuts Repaired	273	300	300
Tons of Asphalt Used (2)	12,900	10,500	10,500
Snow Removal Hours	3,168	2,100	2,100
Tons of Salt/Cinders Used	1,399/2,774	1,200/2,700	1,200/2,700
Street Sweeping Miles/Loads	7,440/1,933	8,500/3,000	8,500/3,000
Special Projects for Other Depts/Division Hours	11,173	12,000	12,000
Traffic (Control Operations)			
Signs Installed	393	450	450
Signs Replaced	991	1,100	1,100
Signing Hours	3,739	2,900	2,900
Striping (Miles of painting)			
Contracted striping	0	65	65
In-house striping	150	170	170
Other Painting (gallons of paint)	405	600	600
Parking Lots & Sidewalks:			
Snow Removal Hours	280	375	375
Cleaning Hours	2,250	3,200	0
Signal Maintenance/Installation Hours	1,092	1,700	2,200
Traffic Studies Hours	699.4	200	300
Parking Enforcement:			
Parking Tickets:			
Expired Meter Tickets	38,155	39,000	41,000
Uniform Tickets	6,278	12,000	12,000
Warnings Issued	151	175	200
Overtime Enforcement:			
Ticket Issued	2,562	9,200	8,700
Vehicles Chalked	43,452	50,000	50,000
SCOFFLAW Enforcement: Tows or Boots	77	100	250
Protective Inspection			
No. of Permits Issued (Bldg., Elect., Plumb., Sign, ROW)	5,850	6,000	6,200
No. of Rental Inspections	6,932	7,000	7,500
No. of Housing inspections	280	300	300
No. of Building Inspections	20,700	21,000	21,500
No. of Violations Referred for Prosecution:			
Rental	122	150	150
Signs	0	5	5
Zoning	0	5	5

1) Engineering Division measurements and indicators are based on a calendar year.

2) Tons of asphalt does not include overlay.

COMPARATIVE DATA - ADMIN/ENGINEERING

	Columbia, MO	Springfield, MO	Lawrence, KS	Norman, OK	Little Rock, AR	Boulder, CO
Admin/Engineering:						
Population	77,079	150,000	76,000	90,228	177,510	95,442

Operating Budget	\$1,314,707	\$1,952,000	\$487,954	\$834,513	\$4,078,526	\$3,776,900
Capital Improvement Budget:						
Streets/Sidewalks	\$5,608,400	\$5,000,000	\$3,246,000	\$3,858,399	\$40,000,000	\$3,900,000
Sanitary Sewers	\$840,000	\$750,000	\$7,228,000	\$2,139,600	*	\$425,000
Storm Water	\$964,000	\$2,500,000	\$50,000	\$2,385,000	*	\$1,980,000

* Five year estimate for streets/sidewalks, sanitary sewer and storm water projects.

NOTES:

Springfield, MO:

- 1) Engineering division is in process of creating land disturbance and landscaping ordinances.
- 2) Inspectors are being transferred to their street and sanitary sewer maintenance divisions, six to each division.
- 3) Seven administrative people in an administrative division with the Director of Public Works.

Lawrence, KS:

- 1) Street, Sanitary Sewer, and Storm Sewer design and ROW acquisition are contracted.
- 2) No landscaping or land disturbance activities are done.
- 3) Traffic is a separate division.
- 4) Street repair and overlay is funded outside of engineering department, but has been included in street and sidewalk CIP.

Norman, OK:

- 1) Primary function of engineers and surveyors is to manage projects with consultants.
- 2) Engineering division does water utility work.
- 3) Sidewalks are the responsibility of the property owner.
- 4) Hires out all of their ROW acquisition, surveying and project design.

Little Rock, AR:

- 1) ROW acquisition and traffic engineering are handled by a separate division.
- 2) Street, storm water, and grant project design are done only if the designs are small, otherwise the designs are subcontracted. This applies also to land and design surveys.
- 3) Design review of sanitary sewers, land disturbance and landscaping are handled by another department.
- 4) Inspection of private development projects is only done in the ROW, and inspection of land disturbance and landscaping are handled by another department.

Boulder, CO:

Four main divisions: Administration, Utility, Transportation, Development, and Inspection Services.

- 1) Engineering division does water utility design as well.
- 2) Separate divisions do development design and inspection work.

COMPARATIVE DATA - STREET DIVISION

	Columbia, MO	Springfield, MO	Indepen- dence, MO	St. Charles, MO	Joplin, MO	Ames, IA
Street Division:						
Population	77,079	150,000	115,531	56,339	44,576	48,691

COMPARATIVE DATA - PROTECTIVE INSPECTION

	Columbia MO	Springfield MO	Ames IA	St. Joseph MO	Champaign IL
Protective Inspection:					
Population	77,079	150,000	48,691	71,852	65,000
Number of Employees	15	26	8	8	8
Employees Per 1,000 Population	0.195	0.170	0.164	0.110	0.123
No. of Building Inspections	27,912	28,924	9,750	5,105	6,010

NOTES:

Number of inspections for Columbia includes zoning, signs, complaints, housing and rental inspections.

- The City of Champaign and the City of St. Joseph do not have a rental inspection program.
- None of the comparable cities inspection department does CDBG inspections or technical support.
- Zoning enforcement at St. Joseph and Champaign is done by the planning department.
- Champaign's Planning Department inspects signs.
- Springfield's rental inspections are done by Health Department.

DESCRIPTION

The Administration section provides for the management of all divisions and functions of the Department including Engineering, Protective Inspection, Streets, Parking, Custodial and Maintenance Services, Fleet Operations, Regional Airport, Traffic, Transit, Sanitary Sewer, Solid Waste, Public Improvements, and Right-of-Way acquisition. The Engineering Division provides survey, design, contract administration and inspection of various public improvement projects, review of subdivision improvements, issuance of permits and inspection of all construction on public right-of-way.

HIGHLIGHTS / SIGNIFICANT CHANGES

The Engineering Division is proceeding with the design, right-of-way acquisition and construction of: the November 1995 voter approved 1/4% sales tax street projects, the November 1997 voter approval Revenue Bonds for sanitary sewer improvements, the CDBG street improvements projects, as well as sidewalk improvement projects. The division is lending support on upcoming improvements at the airport, and will be involved in construction inspection for the 8th and Cherry Parking Structure rehabilitation project. Implementation of the Bear Creek & Hinkson Creek Trail Enhancement project will occur this year.

Permanent Part-Time	0.00	0.00	0.00	0.00
Total Permanent	23.75	23.75	23.75	24.18

DESCRIPTION

The Street Division provides maintenance of 47.7 miles of unimproved streets and 261.5 miles of improved streets, snow removal on all City streets, mechanical and manual street cleaning, mowing of public right-of-ways, and utility service cut repairs. The Traffic Maintenance Division fabricates, installs and maintains traffic control and street name signs, pavement marking and curb painting, and traffic signal maintenance.

HIGHLIGHTS / SIGNIFICANT CHANGES

Continued emphasis will be given to our normal street maintenance program, including asphalt overlay and sealcoating of improved streets. \$200,000 is again being budgeted for contractual street maintenance work in order to improve the overall condition of Columbia's streets. The pilot project for contractual street line striping in FY '97 allowed cost and performance data from in-house and contracted striping activities to be compared. This information should provide a sound basis for decisions concerning future pavement marking.

DESCRIPTION

Protective Inspection is responsible for administering the building, electrical, plumbing and mechanical, zoning, sign, subdivision, housing and rental unit conservation ordinances. This Division also reviews plans and issues permits, including occupancy permits following appropriate inspections. Staff assistance is provided to Code Revision Committees and appeal boards such as the Zoning Board of Appeals and licensing boards. Inspectors recommend improvements and monitor contracts in Community Development Block Grant areas for upgrading single-family dwelling units.

HIGHLIGHTS / SIGNIFICANT CHANGES

Inspection services will continue at current levels. Emphasis will continue to be placed on in-house training of inspectors. The new HTE computer system will be fully implemented during this fiscal year. Currently, the building permit module is being used. Efforts will be made in conjunction with HTE personnel to resolved problems in the system concerning multiple residential permits. The Code enforcement module will be brought on line during this fiscal year. Efforts will be made to improve and simplify the rental housing application process.

DESCRIPTION

The Parking Enforcement Division is responsible for administering the parking ordinances of the City parking control enforcement in the central business district and metered University campus streets. The Parking Enforcement Section is responsible for enforcing the parking and loading zone ordinances adopted by the City Council which seek to ensure adequate parking for downtown employees, customers, and businesses; and works with the City Prosecutor, affected businesses, and consumers in the identification and mitigation of problematic enforcement zones.

HIGHLIGHTS / SIGNIFICANT CHANGES

Emphasis will continue on enforcing parking ordinances to optimize parking in the downtown and university areas, thereby improving traffic flow and enhancing the economic viability of the central business district.

DESCRIPTION

This Division is responsible for all transit services except contracted University Shuttle services and Paratransit. Scheduled transit service is provided on four cross town routes and on a.m./p.m. commuter route. Special services are offered during MU home football games.

HIGHLIGHTS / SIGNIFICANT CHANGES

Ridership increases, first apparent in the previous year, continued in FY 98. On-time performance improved dramatically further enhancing the Columbia Transit's pulse/timed transfer system that optimizes travel throughout the city. An estimated ridership of 620,000 will be provided.

DESCRIPTION

The Paratransit system provides service to persons with a disability that prevents them from riding the regular fixed route buses. It is supplemental to the fixed route services and is required by the Americans with Disabilities Act (ADA).

HIGHLIGHTS / SIGNIFICANT CHANGES

This system provides "curb to curb" service and is demand responsive. Users of the system must be certified as ADA eligible. The system provides service to certified riders anywhere within the City; however, users inside the ADA 3/4-mile paratransit zone have priority over users outside the ADA paratransit zone. Paratransit service is provided by lift equipped vehicles, four mini buses and three vans. Ridership on the system has been increasing continuously since its inception in January 1993, an estimated 23,500 trips will be provided.

DESCRIPTION

This service provides transportation service from outlying parking facilities to the University campus areas, and is reimbursed fully through a contract with the University.

HIGHLIGHTS / SIGNIFICANT CHANGES

Contracted shuttle bus services are provided to Hearnes parking lot and to Trowbridge parking lot for students and employees. During the 1997 school year, 7,500 hours of services were provided and ridership was 1,000,000 passengers. Columbia Transit is working with the University to meet its changing transit demands.

MAJOR PROJECTS

Columbia Transit continues to update its fleet and facilities by leveraging local funds with available FTA grants.

FISCAL IMPACT

Columbia Transit attempts to maintain a prudent replacement schedule to ensure a fleet that does not require extensive resources to maintain. The replacement of vehicles is greatly influenced by the availability of federal funds as well as local dollars.

Regional Airport Fund - Summary

Fund 554

DEPARTMENT DESCRIPTION

The purpose of the Columbia Regional Airport is to provide safe and usable Airport facilities for the operation of commercial, general aviation and military aircraft, and to foster and create a healthy environment so that the community may access the national air transportation system and promote the economic growth of the region.

DEPARTMENT OBJECTIVES

To prudently protect the taxpayers' investment by managing the Airport in strict accordance with FAA regulations by providing a certified airport which consists of a fully staffed fire and law enforcement office, maintenance, and administration. To offer a safe, serviceable, and attractive place for air travelers, commercial airlines, general aviation, charter services, air cargo, and supporting tenants; and to implement innovative ways to increase revenues, procure new airline services, and increase the traffic flow through the facility.

DESCRIPTION

Airport Administration is responsible for the overall operation and management of the Columbia Regional Airport. As part of the Public Works Department, Airport Administration works closely with other City departments, the Missouri Highway and Transportation Department, and the Federal Aviation Administration. Airport Administration is responsible for negotiating and managing Airport real estate leases, concessionaire contracts, and collecting Airport revenues. Airport Administration handles public relations activities, Airport improvement and development projects, and oversees the operation of the Public Safety and Airport Maintenance Programs.

HIGHLIGHTS / SIGNIFICANT CHANGES

The airport master plan will be updated during FY 1999. This plan was last updated in September 1989. RFP'S have been received and the selection of a consultant will occur during the latter part of Fiscal Year 1998. Once the contract is awarded, airport administration will assist as necessary in the development of the plan. This updated document will be a valuable planning guide for future development at the airport. Airport administration will continue to work closely with all aspects of FAA funding and their corresponding Airport Improvement Plan (AIP) projects. Staff will be working on the retention and expansion of current tenants and marketing to acquire new tenants, either aviation or non-aviation related. The number one priority will continue to be additional air transportation to and from Columbia Regional Airport.

DESCRIPTION

The duties of this Program are to assure that the runways, taxiways and other airfield operating areas are maintained in accordance with FAA standards with regard to safety and airfield maintenance. This includes airfield lighting, pavement maintenance and marking, snow removal, and safety area maintenance. In addition, this Program is responsible for the overall maintenance and upkeep of the City-owned Airport buildings, including two terminal buildings, the Automated Flight Service Station, maintenance building, roads, fences and adjacent land areas. The Program also maintains Airport vehicles and equipment, and is responsible for training operating personnel. During aircraft emergencies and fire fighting, the maintenance personnel assist Airport Public Safety personnel.

HIGHLIGHTS / SIGNIFICANT CHANGES

Airfield Maintenance has been able to maintain the operating areas of the airfield in accordance with FAA standards, and has continued to maintain the 29-year old terminal buildings in outstanding condition. Continuing emphasis has been placed on vehicle and equipment maintenance.

DESCRIPTION

The duties of the Terminal Area personnel are to maintain all facilities and provide custodial services to ensure the terminal buildings and areas are clean, well maintained, neat and safe for the general public's use.

HIGHLIGHTS / SIGNIFICANT CHANGES

The terminal buildings are now 29 years old and require constant attention to maintain both the buildings and the adjacent areas in a manner which reflects credit on the City and the Airport. Continued effort will be directed toward maintaining the high standards met in the past.

DESCRIPTION

Airport Safety has three primary duties: to provide crash, fire and rescue services in the event of an aircraft fire; to provide traditional fire and law enforcement protection at the Airport facility in accordance with FAA regulations, City ordinances, and State Statutes; and to control Airport compliance with FAA's airport certification requirements.

HIGHLIGHTS / SIGNIFICANT CHANGES

Continued emphasis will be placed on training in fire, crash, rescue and law enforcement techniques to ensure compliance with FAA requirements. Airport Safety Officers are triple qualified; they are certified City of Columbia Police Officers, Certified Fire Fighters, and Certified Emergency Medical Technicians. New FAA security regulations will require greater emphasis on Airport access security and continued attention to operational and safety matters.

Airport - Snow Removal

554-6250

DESCRIPTION

With no personnel assigned primarily to this duty, all hands participate in snow removal efforts--Airport Maintenance, Airport Safety and the Airport terminal personnel. Airport Safety personnel on watch assist the custodians in snow removal efforts around the terminal and aircraft rescue, and fire fighting equipment building. Airport maintenance personnel operate the snow plows, runway sweeper, and snow blower.

HIGHLIGHTS / SIGNIFICANT CHANGES

Snow and freezing rain are a continual challenge for the maintenance staff to effectively deal with. Staff will continue to maintain its reputation as having the cleanest runways in the State.

There are no personnel assigned to this division.				

MAJOR PROJECTS

The 1999 capital plan includes a major project to construct an additional taxiway lead out from the southern portion of the parking apron to Taxiway A. This will permit large aircraft to park on the south apron area and be able to taxi directly to Taxiway A without turning around and proceeding north to a lead out. This will greatly enhance safety during taxi operations on the south end of the apron.

FISCAL IMPACT

This will improve the operations on the apron area and allow for more room to park large aircraft that may be diverted from the major airline hubs during inclement weather. This has the potential of generating additional landing fees.

Sanitary Sewer Utility Fund - Summary

Fund 555

DEPARTMENT DESCRIPTION

The Sewer Utility is charged with the responsibility to protect the public health and to ensure minimal impact upon the aquatic environment by adequate collection and treatment of wastewater within a regional area including Columbia. This is achieved by engineering review of proposed and existing facilities and through effective and economical operation and maintenance of collection and treatment systems.

DEPARTMENT OBJECTIVES

To ensure new construction meets current Federal, State and City requirements. To provide the lowest practical cost for maintaining sanitary sewer facilities and resources. To provide proper treatment of wastewater by complying with the standards imposed for effluent discharge to the environment. To provide a prudent, reasonable, and responsible approach to meeting the objectives through careful management of the material and human resources provided for that purpose.

* Populations for Columbia, MO; Norman, OK; Lawrence, KS; and Boulder, CO do not include university housing.

DESCRIPTION

Guidance for the overall Utility operation and maintenance functions is provided by the Administration Section.

HIGHLIGHTS / SIGNIFICANT CHANGES

Invoices to waste haulers for 1997 amounted to \$54,731.17. The revenues were expected to be \$50,000 per year to offset the cost of the receiving station and operation and maintenance of the unit. Expectations are being met. Major sewer line rehabilitation efforts are expected to begin in FY 99 utilizing trenchless methods for relining existing pipe. Part of the funds approved by the passage of the Sewer Utility revenue bond proposal in November 1997 were earmarked for restoration of existing sewers. O & M management assistance to the Boone County Regional Sewer District provided under an agreement executed in August 1990 is expected to continue through FY 99.

DESCRIPTION

The Engineering Section of the Sewer Utility is responsible for the planning and design of various sewerage improvements such as sewer districts, trunk sewer extensions, pump stations and wastewater treatment facilities. This work includes preparation of construction contract documents; ie. plans and specifications, construction inspection, supervision and providing assistance in easement acquisition. Sanitary sewer plans for private development are reviewed to ensure conformance with City and State rules, regulations and standards. All sanitary sewer plans, maps and other reference documents are maintained and updated for use by contractors, developers, realtors and the general public.

HIGHLIGHTS / SIGNIFICANT CHANGES

With the passage of the revenue bond issue in November 1997, funds are expected to be available in FY 99 to begin construction on several improvement projects including Wetlands Treatment Unit #4, restoration of creek bank erosion adjacent to WTU #3, Bearfield lagoon interceptor sewer C-6 (joint project with Boone County Regional Sewer District), and extensions to trunk sewers B-16 and B-17 near the Boone County Fairgrounds area.

DESCRIPTION

Operation of the Regional Wastewater Treatment Plant (WWTP) is provided on a three shift, 24-hour per day basis each day of the year. Responsibility for adequate treatment of wastewater and wastewater biosolids (sludge) rests with the Plant Operations section. The Field Operations section is responsible for the operation of the Wetlands and the effluent pumping station located adjacent to the MDC Eagle Bluffs Wildlife Area and the wastewater treatment and spray irrigation system at the Columbia Regional Airport. The Plant Maintenance Section performs breakdown and preventative maintenance on Plant equipment and all field facilities, makes modifications and new installations as needed, and is responsible for care of buildings and provides routine operation of eight wastewater pumping stations located in the Columbia area. The Sludge Management Program is responsible for the ultimate disposal of the anaerobically digested biosolids by land application, and for annual reporting to MDNR, as well as grounds maintenance at the Regional WWTP wetlands and field facilities. Industrial pretreatment management is also provided by this section. The Laboratory Section performs process control testing, MDNR monitoring and compliance reporting for the Regional WWTP and field sampling for the Sludge and Pretreatment Management Programs. Liaison with research organizations and tours of the wetlands are provided by the Lab Section.

HIGHLIGHTS / SIGNIFICANT CHANGES

In October 1997, Cell F in Wetland Treatment Unit #3 was planted with cattails by WWTP staff marking the completion of the 1995 flood related FEMA project. The Street Division assisted the WWTP staff in March 1998 stabilizing damage to the exterior of the flood control berm of WTU #2 along Perche Creek. The new biosolids dredge and traversing rail system acquired in FY 98 was installed by WWTP staff. The primary digester #1 roof was replaced by contract for \$40,000 concluding the roof replacements on both primary digesters. Special handling was required due to asbestos within the old roofing material.

Sanitary Sewer - Line Maintenance

555-6330

DESCRIPTION

The Sewer Maintenance Section is responsible for the maintenance of approximately 428 miles of sanitary sewer pipe. This involves routine cleaning of sanitary sewer pipe; routine internal television inspection of pipe; repair and/or replacement of pipe and manholes; and investigation of complaints and correction of problems identified.

HIGHLIGHTS / SIGNIFICANT CHANGES

The emphasis again this year will be placed upon repair of previously identified damaged portions of sanitary sewer mains at various locations throughout the system. A second repair crew will again be utilized to assist in reducing the backlog of identified repairs. Routine cleaning will also be emphasized for preventive maintenance. The Sewer Maintenance section will continue inspecting, identifying and prioritizing existing sewers that can be more efficiently rehabilitated utilizing trenchless technology methods. The goal is to develop and implement an ongoing plan for major contract rehabilitation and replacement work.

MAJOR PROJECTS

The voters approved an 18.9 million dollar revenue bond issue in November 1997. Several projects on the list of improvements are in the final design stages and will begin construction in FY 99.

FISCAL IMPACT

To pay back the revenue bonds, the first of three scheduled rate increases became effective for the June 1998 billings. The first rate increase was 3% which amounts to an increase of approximately \$0.30 per month for a typical residential user.

Parking Facilities Fund - Summary

Fund 556

DEPARTMENT DESCRIPTION

The Parking Utility operates, maintains and administers four parking facilities, 12 surface lots as well as on-street parking meters. It is responsible for the collection of income from the facilities, the collection of data and preparation of parking and parking facility studies, and the installation and maintenance of parking meters, gates, attendant buildings and other facilities.

DEPARTMENT OBJECTIVES

To provide and maintain convenient and adequate parking, both on-street and off-street in the downtown business district. To collect income from parking facilities for the maintenance and operation of these facilities and provide financing to additional facilities as needed.

Parking Facilities

556-6410

DESCRIPTION

The Parking Utility operates, maintains and administers four parking facilities, 12 surface lots as well as on-street parking meters. It is responsible for the collection of income from the facilities, the collection of data preparation of parking and parking facility studies, and the installation and maintenance of parking meters, gates, attendant buildings and other facilities.

HIGHLIGHTS / SIGNIFICANT CHANGES

Working with downtown business community, the Parking Utility works to ensure that the present and future parking needs in downtown Columbia are met. In FY 1998, construction was completed on a new parking structure at Sixth and Cherry. A major renovation of the City's oldest structure located at Eight and Cherry is to be completed in FY 1999.

MAJOR PROJECTS

The 1998 Capital Plan calls for the completion of the planned improvements along Cherry Street. Once the garage is complete at 6th and Cherry, renovation will begin on the 8th and Cherry facility.

FISCAL IMPACT

Expansion of facilities is necessary to meet the needs of the community. Renovation of the 8th street facility will reduce losses that are occurring due to patrons moving out of the facility.

Solid Waste Fund - Summary

Fund 557

DEPARTMENT DESCRIPTION

This utility is dedicated to the management of resources for the protection of public health. Human resources are managed to provide efficient trash, recycling, and disposal services utilizing sound engineering practices. Natural resources are managed through education, reuse and recycling for the protection of the environment.

DEPARTMENT OBJECTIVES

To provide an efficient collection and disposal service while protecting the environment and public health.

DESCRIPTION

The Solid Waste Utility is responsible for the management of waste using sound engineering practices to protect human health and the environment. Administrative duties include keeping abreast of new regulations, designing waste and recyclables collection systems, collecting waste and recyclables, landfilling, and managing human resources.

HIGHLIGHTS / SIGNIFICANT CHANGES

Curbside commingled recycling will be available to all residents this year. Drop off recycling will have its first full year of commingled operation. The second of six landfill disposal cells will be completed. The landfill will close 16 of the 107 permitted acres. Evaluation is ongoing for a material recovery facility.

DESCRIPTION

Commercial collection provides waste removal services from small single offices to large manufacturers. Services and equipment are available that range from a single bag for small generators to 40 cubic yard compactors for large waste generators.

HIGHLIGHTS / SIGNIFICANT CHANGES

The elimination of dumpsters in the Special Business District continues with the placement of two additional compactors, bringing the total to ten. Roll-off service continues to grow and the mini roll-offs are providing service opportunities to medium to large volume generators that were too large for dumpsters and too small for the larger roll-off containers.

Solid Waste - Residential

557-6530 to 557-6539

DESCRIPTION

Residential waste collections from single- and multiple-unit apartments include separate collection of recyclables, yard waste, and major appliances.

HIGHLIGHTS / SIGNIFICANT CHANGES

Phase in of the blue bag commingled recycling program will be completed this year. Trash and commingled recyclables will now be collected weekly in the same truck replacing trash and yard waste. Yard waste will be collected with a separate vehicle. A pilot recycling program for apartments will be tested.

DESCRIPTION

To comply with state and federal regulations, Columbia's Sanitary Landfill is operated using environmentally sound engineering practices for disposal of municipal solid waste.

HIGHLIGHTS / SIGNIFICANT CHANGES

FY 97 Landfill annual waste disposal totaled 127,902 tons of solid waste. FY 98 totals are uncertain due to the purchase of two local waste hauling companies and the potential for diversion of that waste stream. More than 1.5 million gallons of leachate have been collected, aerated, tested, and trucked for disposal from the treatment basins this year. Gas recovery continues at the rate of approximately 250,000 cubic feet of landfill gas per day with 11 of the 22 gas recovery wells. Additional gas wells will be added to control gas migration and meet current regulations. Opportunities to recover gas energy will be explored. The construction of the 2nd of 6 disposal cells is complete. This cell is expected to last three years. Last fall an estimated 10,000 cubic yards of compost were trucked from the yard waste composting facility for use as a soil amendment on a landfill reclamation project. The grinding operation continues to be very popular with the public.

Solid Waste - University

557-6560 to 557-6569

DESCRIPTION

Contract collection of waste from all the facilities on the MU campus.

HIGHLIGHTS / SIGNIFICANT CHANGES

The University is replacing standard containers with roll off compactors to improve efficiency. The contract is up for renewal December 31, 1998, for an additional 10 years.

DESCRIPTION

This program includes weekly (where the blue bag program is implemented) and bi-weekly collection (where blue bag program is not implemented) of up to 14 separate recyclable items from residential units, daily collection from 7 commingled drop-off locations (including the University site), bi-monthly collection of household hazardous waste (April through November and weekly collection of major appliances. Volunteer program active in waste reduction issues.

HIGHLIGHTS / SIGNIFICANT CHANGES

Civic Recycling maintains the contract for processing and marketing recyclables. Tonnage collected from curbside collection rose 9% in FY 97 to 753 tons, while tonnage from drop-offs continues to climb, up 13% in FY 97 to 1,723 tons. The Blue Bag Program should dramatically increase recycling participation rates and the amount recycled in FY 98. The PW Volunteer Program has been in place 4 plus years. Volunteers are trained and assigned various projects to work on such as backyard composting, classroom presentations, greeters for HHW, and environmental cleanups. A third compost demonstration site was added at the Bethal Park garden area. Over 1,276 PW Volunteers made Columbia cleaner through their Adopt-A-Spot program activities working 2,317 hours to clean up 87 spots and removing over 650 bags of trash.

Storm Water Utility Fund - Summary

Fund 558

DEPARTMENT DESCRIPTION

The Storm Water Utility operates through funding approved by voters in April of 1993. Funding sources include development charges on new construction and Storm Water Utility charges on existing improved properties. The Storm Water Utility was established to provide funding for the implementation of storm water management projects, maintenance of existing storm water drainage facilities, and modeling of developing drainage basins with an eye toward implementation of regional detention facilities to control run off from developing areas.

DEPARTMENT OBJECTIVES

To assure the movement of emergency vehicles during storm periods, to protect the public from rapidly flowing water or flash floods, to minimize losses and property damage resulting from uncontrolled storm water runoff, and establish requirements for construction of storm water management facilities in newly developed areas.

Storm Water Utility - Admin./Engineering

558-6610 to 558-6619

DESCRIPTION

The purpose of the Storm Water Utility is to assure the movement of emergency vehicles during storm periods, to protect the public from rapidly flowing water or flash floods, to minimize losses and property damage resulting from uncontrolled storm water run off, and establish requirements for construction of storm water management facilities in newly developed areas.

HIGHLIGHTS / SIGNIFICANT CHANGES

The emphasis this fiscal year will be to finalize the design and construct the Storm Water Capital Improvement Program projects, work with the consultant on Phase II of the modeling and master plan development and implement the draft storm water utility policies.

Storm Water Utility - Field Operations

558-6620 to 558-6629

DESCRIPTION

The Storm Water Utility - Field Operations is responsible for maintaining and repairing existing facilities and constructing small storm water projects.

HIGHLIGHTS / SIGNIFICANT CHANGES

This fiscal year, Field Operations will expand work on identified problem areas in public right-of-way with the highest priority given to flooding of homes and major streets in accordance with the ballot approved Storm Water Utility Plan.

Storm Water Utility - Capital Projects

558-6688

MAJOR PROJECTS

The 1998 Capital Plan calls for continued efforts at working with neighborhoods to provide effective drainage control in manner that preserves as much of the natural characteristic of the neighborhood.

The Mill Creek Basin project, which was started in 1997 should be completed.

FISCAL IMPACT

None

Custodial & Maintenance Services Fund - Summary

Fund 671

DEPARTMENT DESCRIPTION

Custodial and Maintenance Services Fund provides custodial services to the City Hall Building, Howard Building, Gentry Building, Gates Building and City Hall Annex. Building maintenance for these facilities as well as all fire stations, Grissum Building, Walton Building, Fire and Police Building and other City facilities is provided.

DEPARTMENT OBJECTIVES

Maintain condition of buildings as efficiently as possible.

Custodial & Maintenance Services Fund - Summary

Fund 671

PERFORMANCE MEASUREMENTS / SERVICE INDICATORS

	Actual FY 1997	Budget FY 1998	Estimated FY 1999
Custodial:			
Cost/Square Foot	\$2.32	\$3.01	\$3.11
No. Square Feet/Hours Worked	2,146	2,146	2,146
Maintenance:			
Cost/Square Foot	\$1.85	\$2.31 (2)(3)	\$2.18(1)(4)
No. Square Feet/Hours Worked	9,320	9,747	10,218

- 1) Square footage of responsible areas include common areas. Custodial has 68,671 square feet. Maintenance has 245,219 square feet.
- 2) New Fire Station #1 added 10,246 square feet to maintenance responsibilities during FY 98.
- 3) Utilities were not previously charged to maintenance until FY 98. This increased the cost per square foot.
- 4) City Hall added 11,296 square feet of county area not previously accounted for in square footage until FY 99

COMPARATIVE DATA

NOTE: Comparative Data was not available for the Custodial & Maintenance Services Fund.

**Custodial & Maintenance Services Fund -
Building Maintenance**

671-6710

DESCRIPTION

This section provides general maintenance on the buildings previously mentioned including all electrical, plumbing, heating, air conditioning and structural maintenance as required.

HIGHLIGHTS / SIGNIFICANT CHANGES

The maintenance crews will be completing the renovation of City Hall. The HTE software system for managing work orders and maintenance activities will be brought on line this fiscal year. Efforts will continue in preventive maintenance and seeking ways for more efficient use of resources.

Custodial Services**

671-6720

DESCRIPTION

This section provides custodial services in the buildings previously noted as well as snow removal services at the City Hall, City Hall Annex, Gentry and Howard Buildings. In addition, the custodians will provide security for the Daniel Boone Building during evening meetings.

HIGHLIGHTS / SIGNIFICANT CHANGES

Custodial services is provided for five downtown public buildings in addition to security for the Daniel Boone Building during evening meetings. Special emphasis will continue for the Health Clinic area.

DEPARTMENT DESCRIPTION

The Fleet Operations Division provides preventative maintenance, mechanical repair, repair parts, equipment/vehicle acquisition support, and fuel for the vehicles and equipment belonging to the Public Works Department, the Police Department, the Fire Department and other City departments.

HIGHLIGHTS / SIGNIFICANT CHANGES

An increased emphasis on technician training and the acquisition of new tools and diagnostic equipment will result in more economical and effective repairs. The new fleet maintenance computer system will provide the data to access maintenance practices, identify cost savings, and develop a more customer oriented inventory of repairs. The goal is to shift from reactive repairs to proactive preventative maintenance conducted in a cost effective environment. Upgrades to the fuel site at the Grissum facility, as mandated by the Environmental Protection Agency and Department of Natural Resources, should be completed by December 1998.

- 1) Numbers have been altered to reflect less the Transit Bus System statistics relative to Columbia only. None of the other cities in the above comparison have a city owned/operated bus system.
- 2) Labor rate is supplemented by appropriated tax dollars. All overhead expenses (insurance, utilities, etc.) are not paid via the labor rate.
- 3) This Public Works vehicle maintenance organization does not support Fire Department nor Police.
- 4) No labor rate used. Maintenance totally supported by appropriated tax dollars.
- 5) This Public Works vehicle maintenance organization does not support Solid Waste nor Police.
- 6) Overhead expenses are averaged out and assessed monthly per vehicle in addition to labor rate. (assessment equals \$250 to \$1,800 per vehicle)
- 7) Labor rate increases if mechanics work overtime (\$60 an hour) or if a service call is required (\$70 an hour). Lawrence is currently considering an increased labor rate for heavy trucks/equipment.
- 8) City does not have City owned/operated Solid Waste/Mixed Refuse Department.

Railroad Fund Operations

Fund 503

DESCRIPTION

This fund is responsible for the operation and maintenance of the Columbia Terminal Short Line Railroad.

HIGHLIGHTS / SIGNIFICANT CHANGES

The budget includes funds for the normal operation and maintenance of the Railroad.

WATER & ELECTRIC UTILITY FUND - SUMMARY

Fund 550, Fund 551

DEPARTMENT DESCRIPTION

The Water and Light Utility is to provide the citizens of Columbia with a safe and dependable supply of drinking water and electricity.

DEPARTMENT OBJECTIVES

To provide the citizens of Columbia with service in the most effective and efficient manner possible to assure a dependable supply at the lowest possible cost.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

There is no rate increase for the Electric Utility. We are implementing the second phase of Water utility rate increase of 2% to fund the 1997 bond issue passed by voters.

AUTHORIZED PERSONNEL

	Actual FY 1997	Budget FY 1998	Estimated FY 1998	Adopted FY 1999
Water Utility	64.00	65.40	67.00	67.00

Water Utility - Summary

Fund 550

DESCRIPTION

The Water Utility is responsible for the supply of safe drinking water and fire protection service to the City, and providing production, treatment, and distribution systems. The utility operates a well field in the Missouri River bottoms, the McBaine Water Treatment Plant, the West Ash Pump Station, elevated water towers, and the distribution system. The personnel test and set meters, install and maintain fire hydrants, operate a laboratory and water testing facility, perform all maintenance on towers, lines, leak repair and customer service calls, and flush mains and service valves. Crews do some extension of water mains; however, most are contracted due to the large amounts of machinery and personnel required.

HIGHLIGHTS / SIGNIFICANT CHANGES

There is a 2% rate increase projected in FY 1999.

Water - Administration and General

550-7000 to 550-7099

DESCRIPTION

The Administrative Office is responsible for all operations of the utility. This office also includes the engineering section which is responsible for all extensions, planning, and layouts for construction crews, review of subdivision plans, and field review of all contract work. Meter reading is also done through this office.

HIGHLIGHTS / SIGNIFICANT CHANGES

Internal Engineering Labor & expenses will be recorded here in Administration & General starting in FY 98 instead of Water Distribution.

Water - Production

550-7100 to 550-7199

DESCRIPTION

This Division is responsible for the production and treatment of water entering the distribution system. Duties include operation of the well fields, the water treatment plant and responsibility for operating a testing laboratory thereby assuring the highest quality water possible.

HIGHLIGHTS / SIGNIFICANT CHANGES

There are no new activities planned in this section.

Water - Distribution

550-7200 to 550-7299

DESCRIPTION

This division is responsible for providing an adequate supply of water for individual consumption as well as fire protection to the citizens of Columbia. This task is accomplished through the operation of the West Ash Pumping Station, elevated water towers, and the distribution systems. This division tests and sets meters, installs and maintains fire hydrants, maintains all towers, lines and service valves and responds to customer service calls. Although some water main extensions are done by this division, most are contracted due to the specialized machinery and personnel required.

HIGHLIGHTS / SIGNIFICANT CHANGES

The budget includes normal operation and maintenance for the division.

Electric Utility - Summary

Fund 551

DESCRIPTION

The Electric Utility is to provide the citizens of Columbia with electricity in the most effective and efficient manner possible to assure a dependable supply at the lowest possible cost. This requires the Department to operate and maintain the electric generating and distribution system which serves approximately 33,082 customers.

HIGHLIGHTS / SIGNIFICANT CHANGES

Load growth is projected to match our load forecast. There are no rate increases projected in FY 1999.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DESCRIPTION

The Administrative office is responsible for all operations of the utility. This office also includes the engineering section which is responsible for extensions, planning and layouts for construction crews, review of subdivision plans, and field review of all contract work. This group also does long-range planning, coordinates the work of consultants, and arranges for bulk power purchases. The rate section functions somewhat as a corporate planning division. This group is currently working on the development of computer models which will provide load forecasting, budget projections, revenue and production requirements, rate design and cost of service studies. This group coordinates the budgeting efforts of the other divisions, makes the monthly fuel cost calculations, advises the power plant on generating costs and the best method of economical loading of generating units, and works with their economic development effort and customers in general to provide information on electric rates. Also included in Administration is an Energy Management Office that is responsible for conservation and demand management programs, water conservation and marketing in general, including operation of CABLE Channel 13.

HIGHLIGHTS / SIGNIFICANT CHANGES

This budget includes funds for normal operation and maintenance for the Division. Internal Engineering Labor & Expenses will be recorded here in Administration & General starting in FY 98 instead of Electric Distribution.

DESCRIPTION

The division is responsible for the production of electricity for the citizens and for the operation of the Municipal Power Plant. The personnel in the division man and operate the City's generating station on a 24-hour per day basis. The maintenance crew also performs all routine maintenance and repair work except for major overhauls and reconstruction. Personnel schedule delivery of coal, operate an industrial water treatment system, operate the boilers and turbine, cooling tower, and other equipment. A central dispatch office is operated on a 24-hour basis. The dispatching personnel arrange for and schedule all power purchases via various interconnections operated with other utilities and maintain an integrated operation with them. The dispatch office also receives all after hour calls for the utility and dispatches water or electric personnel as required.

HIGHLIGHTS / SIGNIFICANT CHANGES

The budget includes funds for the normal operation and maintenance for the division.

Electric - Transmission and Distribution

551-7200 to 551-7299

DESCRIPTION

This division handles all of the electrical system beyond the production facilities, as well as the general warehousing and building facilities for the distribution operation. This division is responsible for all line crews and electric construction and maintenance of transmission lines, substations and distribution lines. This division installs all underground lines, services, transformers and electric meters. The personnel install and maintain the City street lights. Meter testing is handled by this division as well as all customer turn-on and turn-offs. A distribution dispatching center for water and electric crews is operated during normal working hours. Tree trimming and line clearance work is done by contractors, and inspection personnel are in this division. This division also operates the Water and Light garage and vehicle maintenance facilities, fueling stations and warehouse. The actual costs for meter reading are shown in the administrative and general division but are administrated under this division.

HIGHLIGHTS / SIGNIFICANT CHANGES

The budget includes funds for the normal operation and maintenance for the division. Budget includes two additional people in Electric Distribution.

MAJOR PROJECTS

This budget provides funds for the capital improvements in the Electric Utility.

FISCAL IMPACT

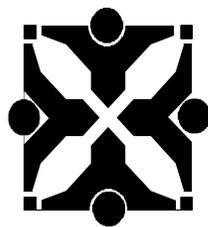

This includes the major capital improvements that are outlined in our Capital Improvement Program. The 1998 Bonds for the electric utility were sold in the amount of \$12,100,000. This represents 52% of the total issue approved by voters in 1997. The total issue approved was \$23,125,000 in Electric Capital Improvements.

DEPARTMENT DESCRIPTION

The Office strives to increase the artistic, management and marketing capabilities of local artists and arts organizations; increase both public and private resources for the arts; encourage cooperation, partnerships and collaborations within the cultural community and with other sectors of the community; support programming that is reflective of Columbia's diverse cultural heritage; and develop a broader audience for the arts.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The first year of the Percent for Art program was marked by the commissioning of public art for two renovation projects, the Eighth and Cherry Parking Garage and Oakland Pool. A report on research of United Art Funds was submitted to Council. A response to the Mayor's Taskforce on Cultural Diversity was submitted, to the Mayor, by the Commission on Cultural Affairs. A status report on Creative Columbia revealed 23 of the 27 original initiatives have been addressed. New initiatives added to take the plan beyond 2000: a comprehensive arts marketing plan and an economic impact study of the arts. Funding procedures were refined to follow more professional guidelines. Five programs were funded by the new Small Request initiative. Cultural tourism possibilities examined in regular festival collaborative meetings.

CONVENTION AND TOURISM FUND

Fund 229

DEPARTMENT DESCRIPTION

The Convention and Tourism Fund has three major responsibilities: (1) to encourage groups to hold meetings, trade shows and conventions in Columbia; (2) to assist these groups with meeting preparations and auxiliary services; and (3) to encourage tourists to visit the City to enjoy the historic, recreational, and cultural opportunities the City has to offer.

DEPARTMENT OBJECTIVES

To attract conventions, events, group tours and other tourism related business to the City of Columbia through personal solicitation, direct mail, promotion and attendance at industry trade shows. To provide support services to meetings and conventions held in Columbia. To provide itinerary planning support to motorcoach operators.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The Bureau's mission is carried out through direct sales calls, trade shows, direct mail, competitive bidding and advertising. In early 1997, the Bureau entered into a long range planning process with a committee of community representatives. Based upon the committee's findings, the Bureau will focus in 1998 on four new areas of tourism development: (1) Cultural & Heritage tourism; (2) Marketing program for the Katy Trail in Central Missouri; (3) Development of a destination attraction; (4) Off-season sports marketing. These new programs do not exclude programs already in place for convention promotion and service.

Definite Bookings	24	23	55
Economic Impact	\$1,487,091	\$2,651,513	\$6,500,000
Group Tours:			
No. of Group Tours Serviced	24	124	126
No. Leads Generated	360	70	70
No. of Proposals/Itineraries	78	50	30

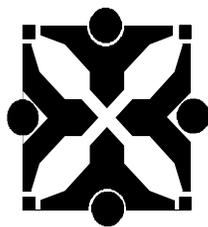

- 1) Number of group tours requesting itineraries was reduced after the National Hot Air Balloon Championships ended.
- 2) The jump in tours serviced is due to the large number of tours generated by the Carl Hurley performance which will be returning in 1999.
- 3) Fewer group tour leads are due to decreasing emphasis and fewer tradeshows attended following the end of the Balloon Championships.

EMPLOYEE BENEFIT FUND

Fund 659

DEPARTMENT DESCRIPTION

The Employee Benefit Fund accounts for the transactions and reserves associated with the City's medical, dental, prescription drug, life, and long-term disability programs for City employees plus other such benefits as safety and service awards and sick leave buyback. Coverages for health, dental, and prescription drug plans are self-insured. Other coverages are with commercial insurance carriers.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The City's self-funded health insurance plan has experienced a sharp increase in claims over the past year after a three year period of stable rates. This budget reflects a 5% increase in premiums to reflect at least a part of that increase. Claims experience will be closely monitored during the next year to see if the trend continues.

DEPARTMENT DESCRIPTION

Information Services provides the hardware infrastructure to support the computing requirements of the City, as well as developing or implementing software to improve the operating efficiencies of the departments within the City.

DEPARTMENT OBJECTIVES

Information Services will, within the framework of its existing resources, continue to provide the highest level of support possible to all user agencies. We will continue to identify and suggest new and better methods of providing services to our users at the lowest possible cost.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Information Services has worked with the user departments to install HTE programs and convert mainframe data for replacement of applications. We have coordinated use of our training center to offer classes on newly installed HTE application software. Assisted with evaluation of an RFP to provide MDT service for the Police and Fire Departments. Information Services has installed several micro computer hardware upgrades and expansions. A GIS Technical Committee is working on implementing a joint development effort with the City, County and Boone Electric Cooperative.

PUBLIC COMMUNICATIONS FUND - SUMMARY

Fund 675

DEPARTMENT DESCRIPTION

The Public Communications Office has three responsibilities: public communications, printing services, and mail services. The Public Communications Division oversees or coordinates the City's public communications program which includes Community Line, Columbia Online Information Network, Partners in Education, facility tours, speaking engagements, an employee newsletter, a citizen newsletter, media relations and distributes press releases, etc. The Public Communications Officer supervises the overall operation and reports to the City Manager.

DEPARTMENT OBJECTIVES

To facilitate better two-way communications between Columbia citizens and City government. To provide normal printing and high-speed duplicating service for City departments. To provide full-service mail support for City departments.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Public Communications consolidates a variety of communication efforts into one office by supporting the information efforts of various departments. Printing and Mail Services are supported with fees charged to users.

DESCRIPTION

To facilitate better two-way communications between Columbia citizens and City government. This is accomplished through prudent use of communication tools and channels.

HIGHLIGHTS / SIGNIFICANT CHANGES

Columbia's Community Line continues to be a viable information channel for citizens seeking basic information. The inclusion of the Community Line Directory in the local telephone directory has increased use to an average of 2,300 calls per month. Columbia Online Information Network (COIN) continues to expand, with more than 12,000 registered users. The office continues to seek new ways to communicate with the citizens. Public Communications coordinated monthly Public Communications Committee meetings. It has also coordinated, along with other departments, a monthly newsletter, "City Source," and a weekly consolidated City advertisement in one of the local newspapers. Public Communications assumed responsibility for an employee newsletter.

CONTRIBUTIONS FUND - SUMMARY

Fund 753

DEPARTMENT DESCRIPTION

The Contributions Fund is a trust fund that was established to process donations and contributions given to the City. Proper procedures have been established to ensure funds and donations are expended for the purpose designated by the donor.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Last year, volunteers contributed more than 33,500 hours of service to the City of Columbia at a value of more than \$400,000. This number does not include hours contributed by boards and commissions. Highlights during 1998 include national recognition of the Park Patrol trail ambassador program, "A Celebration of Volunteers" a first annual City-wide volunteer recognition event, a first annual City-wide "Clean-up Columbia" litter pick-up event, Adopt-A-Spot beautification's 25th partnership and the development of a TreeKeepers program. FY 99 goals include continued development and expansion of City volunteer opportunities, increased Adopt-A-Spot beautification partnerships and the implementation of a City giving and memorial program.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DESCRIPTION

This office coordinates the promotion of volunteer opportunities within City Government. Through its advisory committee, it helps recruit volunteers and match them to projects of mutual interest and benefit. As an extension of its volunteer activities, the office coordinates the city's beautification "Adopt a Spot" program, working with City operations to identify Spots and match Adopters. The office also coordinates the Park Patrol trail ambassador program, TreeKeepers forestry volunteer program and "Cleanup Columbia" a city-wide litter cleanup event. The office also will develop a giving and memorial program for citizens wishing to donate resources other than time and talent.

HIGHLIGHTS / SIGNIFICANT CHANGES

Last year, volunteers contributed more than 33,500 hours of service to the City of Columbia at a value of more than \$400,000. This number does not include hours contributed by boards and commissions. Highlights during 1998 include national recognition of the Park Patrol trail ambassador program. "A Celebration of Volunteers" a first annual City-wide volunteer recognition event, a first annual City-wide "Clean-up Columbia" litter pick-up event, Adopt-A-Spot beautification's 25th partnership and the development of a TreeKeepers program. FY 99 goals include continued development and expansion of City volunteer opportunities, increased Adopt-A-Spot beautification partnerships and the implementation of a City giving and memorial program.

General Government CIP

City of Columbia
Columbia, Missouri

(THIS PAGE INTENTIONALLY LEFT BLANK)

DEPARTMENT DESCRIPTION

The General Government CIP contains the major capital needs for General government purposes. The funding sources for these projects are primarily general sales taxes that are set aside by Council policy as well as a 1/4¢ sales tax passed by the voters in 1995 for specific projects.

MAJOR PROJECTS

The majority of general government CIP is allocated to streets and sidewalks. Oakland Gravel Road, Brown Station Road and others are included in the City's planned use of 1/4 cent sales tax proceeds. Local use tax dollars that have been made available by recent court action have also been allocated to fund public safety and other general government needs. Staff has identified additional public safety needs that staff recommends funding from a local use tax that is proposed for a November ballot issue.

1998 estimates are equal to the amount appropriated in FY 98, since fiscal year expenditures are not meaningful on appropriations that are valid for the life of the project.

FISCAL IMPACT

No new revenue sources are needed to fund this capital plan. Investing in major maintenance and renovation of public buildings should keep departmental operating costs from rising.

APPROPRIATIONS

CAPITAL PROJECTS SUMMARY

DESCRIPTION

The City prepares a five year capital plan to address the capital need of current and future years. The Capital Improvement Plan (CIP) is coordinated by the Planning Department. This plan contains two distinct sections: General Government and Enterprise. General government capital needs are funded primarily with Sales Taxes that are set aside, either by Council policy for general capital needs or voter referendum for specific projects. Enterprise capital projects are funded primarily through revenues generated by the enterprise.

MAJOR CAPITAL PROJECTS

The general government capital plan contains significant funds for road projects throughout the City. Major projects include Oakland Gravel Road, Brown Station Road and Grant Lane. Additional money has been allocation to the renovation/addition to Oakland Pool. Recent court decisions have made available a portion of the local use tax that has previously been collected. The City is utilizing these proceeds to fund public safety and other general government needs.

The Sanitary Sewer and Water & Electric Utilities will continue with the capital plans as approved in recent ballot issues.

BUDGET CONSIDERATIONS

Additional public safety needs are shown as unfunded but are to be placed on a local use tax ballot proposed for November 1998.

OPERATING IMPACT

The Capital Improvement Plan will not have a significant impact on the operating budget for FY 99.

CAPITAL PROJECT FUNDING SOURCES

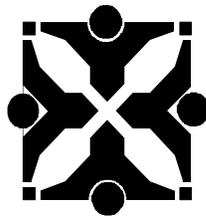

Abbreviations	Funding Source Descriptions
1997 Bonds	1997 Bonds - Funds generated from bonds approved on the April 1997 ballot for Water and Light capital improvements.
1/4% S Tax	1/4% Sales Tax - Funds generated from the 1991 CIP sales tax issue.
1/4% 96 S Tax	96 1/4% Sales Tax - Funds generated from the 1996 CIP sales tax issue.
82/86 Bonds	1982 & 1986 Bonds - Funds remaining from these bond issues.
Ann SW	Annual Sidewalks - Funds appropriated for various sidewalk projects.
Ann Traf Saf	Annual Traffic Safety - Funds appropriated for various traffic safety projects.
Bonds	Bonds - Funds generated from the 1996 issue of special obligation bonds.
CAP-FB	Capital Projects Fund Balance - Monies made available through the closeout of old projects.
CDBG	Community Development Block Grant - Federal Entitlement Grant Program (annual) administered by U.S. Department of Housing and Urban Development, 100% grant requires no matching local funds.
Co rd tax reb	County Rebate Funds - Funds received by Columbia from Boone County for maintenance/improvement to roads under City jurisdiction after annexations.
Co S Tax	County Road Tax - The ½ percent sales tax collected by Boone County for road improvements.
Dev charge	Development Charge - A fee assessed at the time a building permit is issued for new construction, at a rate of \$0.061 per square foot. Revenue gained from this is used for construction of collector and arterial streets.
DLF	Designated Loan Fund - Monies set aside to provide loans to various Enterprise and Intergovernmental service funds.
Ent Rev	Enterprise Revenue - Actual income to one of the City's utilities, such as sanitary sewers, water, etc.
FAA Gr	Federal Aviation Administration (U.S.) Grant - Competitive federal grant funds for capital projects at airports, no set amount per year, 90% grant requires 10% local matching funds.
FAL	Force Account Labor - Labor for capital projects that is performed by City personnel and charged to the capital project.
FTA	Federal Transit Administration Capital Grant - Grant for transit related capital projects. 80% Federal; 20% Local funding.
GCIF	Golf Course Improvement Fund - A \$1-per-round fee collected from golfers which is set aside for improvements at the City's golf courses.
Gen Fd/PI	General Fund/Public Improvement - Local funds generated through the sales tax.
LUT	Local Use tax - The amount represents the local use tax that was distributed to the City of Columbia during the years of 1993-1996 which did not have to be refunded to the state.
MHTD	Missouri Highway Transportation Department - Monies the City receives from the Mo. Hwy. Trans. Dept. for transportation related projects.

Abbreviations**Funding Source Descriptions**

Prior Yr App (PYA)	<u>Prior Year Appropriation</u> - Funds left over from monies approved in previous years.
Rev Bd	<u>Revenue Bond</u> - Bonds whose principal and interest are payable exclusively from earnings of an enterprise fund. In addition, these bonds may contain a mortgage on the enterprise fund's property.
RR Rehab Gr	<u>Railroad Rehabilitation Grant</u> - federal pass through funds from the Department of Transportation.
RSR Fd	<u>Recreation Services Fund</u> - Funds generated from user fees paid by participants in programs involving capital facilities. User fee structure established by citizen election.
Rec Trail Grant	<u>Recreation Trail Grant</u> - Missouri Department of Natural Resources grant.
State Hwy	<u>State Highway</u> - Reimbursement from the State Highway Department for Railroad Crossings.
STP	<u>Federal Highway Administration Surface Transportation Program</u> - Replaces the old Federal Aid Urban Program - 20% local match.
STP Enh	<u>Federal Highway Administration Surface Transportation Enhancement Program</u> - Enhancement program portion of STP program set aside for transportation enhancement projects. 80% federal; 20% local funding.
Tax Bill	<u>Tax Bills</u> - Charges, on a per lineal foot basis, assessed to property owners abutting new roads, or roads undergoing major improvements, for the improvements to their property. Charges based on benefit to property as determined by City Council.
Unfunded	<u>Unfunded</u> - Projects beyond FY 1998 which have no definite funding commitment.

CAPITAL PROJECTS - GENERAL GOVERNMENT - SUMMARY

PURPOSE

This budget adopts the FY 99 portion of the capital improvements plan as the general government capital budget for the fiscal year. This budget accounts for funds from the Public Improvement Fund, Community Development Block Grant, Special Road District Fund, Special Assessments (tax bills), and related state and federal grants. After the projects are completed, the improvements are capitalized into the General Fixed Asset Group of Accounts, except for Streets and Sidewalks.

RESOURCES

	Adopted FY 1999

DEBT SERVICE - SUMMARY

GENERAL INFORMATION

The City is authorized to issue General Obligation Bonds payable from ad valorem taxes to finance capital improvements. General Obligation Bonds are supported by a pledge of the City's full faith and credit. The applicable Missouri statutes are listed below. The computation of legal debt margin is also shown below.

The City is authorized to issue Revenue Bonds to finance capital improvements to its various utility operations such as the electric system, water system, sewer system and parking and airport facilities. These types of Revenue Bonds require a majority vote of the qualified electorate voting on the specific proposition. All Revenue Bonds issued by the City are payable out of the revenues derived from the operation of the facility that is financed from the proceeds of such bonds.

The City is authorized to issue Special Obligation Bonds. These bonds are special obligations of the City. The payment of the principal of and interest on the Bonds is subject to an annual appropriation by the City. The City is not required or obligated to make any such annual appropriation, and the decision whether or not to appropriate such funds will be solely within the discretion of the then current City Council.

The City's stable financial condition as well as sound debt administration practices allow it to continue to enjoy favorable bond ratings of its General Obligation Bonds, Special Obligation Bonds, and Revenue Bonds. The City has consistently held a General Obligation Rating of AA and Revenue Bond rating of A1.

MISSOURI STATUTES

Section 95.115 & 95.120 of the 1978 Missouri Revised Statutes permits any county or city, by vote of two-thirds of qualified electors voting thereon, to incur additional indebtedness for city purposes not to exceed 5 percent of the taxable tangible property therein, as shown by the last assessment. Section 95.125 and 95.130 of the 1978 Missouri Revised Statutes provides that any city may become indebted not exceeding in the aggregate an additional 10 percent for the purpose of acquiring right-of-ways, constructing, extending and improving streets and avenues and/or sanitary or storm sewer system and an additional 10 percent for purchasing or construction of waterworks, electric or other light plants provided the total general obligation indebtedness of the city does not exceed 20 percent of the assessed valuation.

GENERAL OBLIGATION BONDS

GENERAL INFORMATION

Section 94.600 of the Revised Missouri State Statutes allows cities to authorize a 1/2 cent sales tax for transportation purposes if a simple majority of the voters approve such action. The voters of the City of Columbia authorized the addition of this tax on April 6, 1982. State Statues require proceeds from the tax to be accounted for in a trust fund separate from other sales tax resources. When the City receives proceeds from the transportation sales tax, the money will be placed in a Transportation Sales Tax Fund and allowed for a wide range of transportation purposes. The City has defeased a portion of these bonds the past 2 years.

NET GENERAL BONDED DEBT RATIO

The ratio of net general bonded debt to assessed valuations of property for tax purposes and the amount of bonded debt per capita are useful to management, citizens, and investors as indicators of the City's financial status. These ratios at the close of fiscal year 1997 are projected as follows:

Type of Debt	Amount	Ratio of Debt to Assessed Value	Per Capita Debt Total
Net General Bonded Debt	\$ 7,455,000	0.90%	98

DEBT SERVICE REQUIREMENTS 1992 General Obligation Refunding Bonds

WATER AND ELECTRIC REVENUE BONDS

GENERAL INFORMATION

12/12/85 Water and Electric Series B Bonds (Interest rates: determined weekly)

Original Issue - \$15,500,000
Balance 9/30/96 - \$15,500,000
Maturity Date - 12/01/15

In December of 1985, the City issued \$15,500,000 of Water and Electric System Revenue Bonds, Series B. The bonds are to be paid by the net revenues of the system and are secured by a first lien on those revenues. The bonds were issued to provide funding for capital improvement projects of the system's power generating facility. The effective interest rate for FY97 was 3.61% which resulted in interest payments of approximately \$490,000.

07/01/92 Water and Electric Series A Revenue Bonds (Interest rates: 2.75% - 5.70%)

Original Issue - \$34,140,000
Balance 9/30/98 - \$24,735,000
Maturity Date - 10/01/12 original 10/1/05 due to refinancing

In August of 1992, the City issued \$34,140,000 of Water and Electric System Revenue Bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. \$23,140,000 of the bonds were issued to refund \$19,265,000 of the outstanding 1985 Water and Electric Refunding Bonds, and \$11,000,000 were issued to provide funding for improvements and additions to the City's water works facility.

03/01/98 Water and Electric Refunding and Improvement Bonds (Interest rates: 3.75% - 6.00%)

Original Issue - \$28,295,000
Balance 9/30/98 - \$28,295,000
Maturity Date - 10/01/22

In March of 1998 the City issued \$28,295,000 in Water and Electric Refunding and Improvement revenue bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. A portion of these bonds were used to defease \$5,215,000 of the 1992 bond issue. The remaining bond proceeds were issued to provide funding for improvements to the water and electric distribution system.

SANITARY SEWER REVENUE BONDS

GENERAL INFORMATION

08/01/79 Sanitary Sewerage System Revenue Bonds (Interest rates: 5.00% - 7.00%)

Original Issue - \$3,500,000
Balance 9/30/98 - \$1,695,000
Maturity Date - 10/01/04

In August of 1979, the City issued \$3,500,000 of Sewerage System Revenue Bonds. These bonds are secured solely by the net revenues of the system. Bond ordinance requirements provide for the restricting of operating revenues after current operating expenses have been met. The bonds were issued for the purpose of extending and improving the sewerage system, including outfall sewers and wastewater treatment facilities.

06/01/92 Sanitary Sewerage System Revenue Bonds (Interest rates: 4.00% - 6.25%)

Original Issue - \$8,515,000
Balance 9/30/98 - \$8,490,000
Maturity Date - 10/01/17

The City issued \$8,515,000 of Sewerage System Revenue Bonds in June of 1992. These Bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the system.

06/01/92 Sanitary Sewerage System Series B (Interest rates: 4.25% - 6.55%)

Original Issue - \$870,000
Balance 9/30/98 - \$735,000
Maturity Date - 01/01/13

The City issued \$870,000 of Sewerage System Series B Revenue Bonds in June of 1992. These Bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system.

08/01/92 Sanitary Sewerage System Refunding (Interest rate: 5.6%)

Original Issue - \$795,000
Balance 9/30/98 - \$450,000
Maturity Date - 10/01/02

The City issued \$795,000 of Sewerage System Revenue Bonds in August of 1992. These Bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued to refund the 1982 Sewerage System Revenue Bonds.

PARKING SYSTEM BONDS & LEASE

GENERAL INFORMATION

09/15/95 Parking System Revenue Bonds (Interest rates: 3.80% - 6.00%)

Original Issue - \$3,400,000
 Balance 9/30/98 - \$3,275,000
 Maturity Date - 10/01/20

In September of 1995, the City issued \$3,400,000 of Parking System Revenue Bonds to finance a portion of the costs of (i) the construction of a parking structure at Tenth and Cherry Streets, (ii) the reconstruction of the garage at Eighth and Cherry Streets, and (iii) the construction of a parking structure at Sixth and Locust Streets. The Bonds are payable solely from the net income of the City's Parking System.

08/01/96 Parking System Special Obligation Bonds (Interest rates: 3.75% - 5.50%)

Original Issue - \$7,120,000
 Balance 9/30/98 - \$6,570,000
 Maturity Date - 02/01/16

In August, 1996, the City issued \$7,120,000 of Special Obligation Bonds to finance the construction and reconstruction of downtown parking facilities and refund \$2,521,500 in 1986 lease payments. Bond proceeds were used to fund construction of two new parking structures along Cherry street and reconstruct one parking structure at 8th and Cherry.

SELF INSURANCE - SPECIAL OBLIGATION INSURANCE RESERVE BONDS

SELF INSURANCE - SPECIAL OBLIGATION INSURANCE RESERVE BONDS

In July of 1988, the City entered into a program for Self-Insurance to cover workers compensation claims and property and casualty losses. The City issued and sold two series of bonds to establish reserves to provide for the Self-Insurance program, Liquidity Reserve, and Catastrophic Loss Reserve. Series 1988A Special Obligation Insurance Reserve Bonds were issued in the amount of \$25,000,000. Series B were issued in the amount of \$4,660,000.

TRANSPORTATION SALES TAX FUND

DESCRIPTION

Section 94.600 of the Revised Missouri State Statutes allows cities to authorize a 1/2 cent sales tax for transportation purposes if a simple majority of the voters approve such action. The voters of the City of Columbia authorized the addition of this tax on April 6, 1982. State Statutes require proceeds from the tax to be accounted for in a trust fund separate from other sales tax resources. When the City receives proceeds from the transportation sales tax, the money will be placed in a Transportation Sales Tax Fund and allowed for a wide range of transportation purposes.

Total Expenditures	<u>6,336,081</u>
Revenues Over Expenditures	\$ <u><u>532,200</u></u>

CDBG EXPENDITURE GUIDELINES

In 1991, City Council adopted guidelines for the expenditure of the annual allocation of Community Development Block Grant funds.

1. 60-65% of funds are to be spent on neighborhood improvements, including streets, sidewalks and other projects on public property and right-of-way. This includes planning and administration.
2. 20-25% of funds are to be spent on housing related programs, such as rehabilitation of owner-occupied housing and assistance to persons buying homes.
3. 10-15% of funds are to be spent toward assisting in the improvement or development of facilities operated by agencies providing services to low income persons. Funding is generally done on a one-time basis.

CITY MANAGER NOTES/STAFF RECOMMENDATION FOLLOWING COMMUNITY DEVELOPMENT COMMISSION REVIEW OF STAFF AND AGENCY REQUESTS:

- 1) City-wide Rehabilitation: Staff recommended amount is adequate to fund program, particularly when combined with HOME funds.
- 2) Fourth Avenue Improvements: This project should be fully funded in order to complete the project sooner and, thereby, avoid unspent balances, which is of concern to HUD.
- 3) Community Center: This project should receive greater emphasis. Planning for and developing a community center will be an emphasis of the Council in the coming months and years, requiring expenditure of current year's funds, as well as future allocations.
- 4) Central Missouri Food Bank: This agency has been funded previously and provides limited service to Columbia residents, focusing more on required needs.
- 5) NCCNA Neighborhood Marker Project: This project has been previously funded in the amount of \$10,000, which has not yet been spent. No markers have been installed.
- 6) COLT Railroad Corridor Project: This is a \$281,000 project, as estimated by the Columbia Water & Light Department. It is a possible CIP project, but is not currently shown in the document. It should be a City-initiated and implemented project, subject to Council consideration relative to other capital projects and detailed planning and design by staff. Staff suggests it be included in the next year's draft CIP for Council discussion.
- 7) Senior Services of Boone County, Inc.: Request withdrawn by applicant.

COMMUNITY DEVELOPMENT BLOCK GRANT

PURPOSE

This fund accounts for and disburses funds received by the City from the Department of Housing and Urban Development's Community Development Block Grant Program. These funds are to be used to provide services and improvements to low and moderate income citizens in the CDBG area of the City to aid in neighborhood stabilization and development. After receiving recommendations from the Community Development Commission, the staff, and public hearings, the Council adopts this budget and submits it to HUD for final approval. Following that approval, the funds become available in late winter or early spring of 1999.

RESOURCES

	Adopted FY 1999
Reprogram Funds	\$ 70,000 *
Entitlement Amount Estimate	1,000,000
Total Resources	\$ 1,070,000

* Previous allocation of \$48,000 (Community Facilities) was not used. Will reprogram these funds back to a facility use and also add an additional \$25,000 which has recently become available.

GLOSSARY

Accrual Basis of Accounting - Internal Service Fund and Enterprise Fund revenues and expenses are recognized on the accrual basis. Under this method of accounting, revenues are recognized in the accounting period in which they are earned, and expenses are recognized in the period incurred.

Account Number - A system of numbering or otherwise designating accounts, entries, invoices, vouchers, etc., in such a manner that the symbol used quickly reveals certain required information.

Adopted Budget - Refers to the budget amount as originally approved by the City Council at the beginning of the fiscal year.

Anticipated Expenditures and Revenues - The expenditures or revenues that are expected by the close of the budget year.

Appropriation - The legal authorizations made by the City Council to the departments, offices and agencies of the City which approves their budgets and allows them to make expenditures and incur obligations for specific purposes within the amounts approved.

Assessed Valuation - This is the value of property set for tax purposes. The assessed value is set by the County Assessor, who is charged with determining the taxable value of property according to a formula set by the State of Missouri.

Budget - The financial plan for the operation of the City for the year.

Budgetary Control - The control or management of a government or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

Capital - An asset item with a value of \$1,000 or more and is expected to have an estimated life of greater than one year.

Capital Projects Fund - Capital Projects Funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities or improvements.

Debt Service Fund - The debt service funds are used to account for the accumulation of resources and payment of general long-term debt principal and interest.

Deficit - An excess of the liabilities of a fund over its assets. Also, the excess of expenditures over revenues during the budget year.

Department - The Department is the primary unit in City operations. Each is managed by a department head. Departments are generally composed of divisions which share a common purpose or which perform similar duties.

Depreciation - The decrease in value of physical assets due to use and the passage of time. In accounting for depreciation, the cost of a fixed asset is prorated over the estimated service life of such an asset, and each year is charged with a portion of such cost. Through this process, the entire cost of the asset is ultimately charged off as an expense. This is done in proprietary funds which allows the calculation of net income for each fund.

Encumbrance - Commitment for unperformed contracts for goods or services. An amount of money committed and set aside, but not yet expended, for the purpose of a specific good or service.

Enterprise Funds - These funds are used to account for resources committed to self-supporting activities of governmental units that render services to the general public on a user-charged basis. Budgeted enterprise funds include: Water Utility, Electric Utility, Sanitary Sewer Utility, Regional Airport, Public Transportation, Solid Waste Collection, Parking Facilities, Recreation Services, Railroad, and Storm Water Utility.

Expendable Trust Fund - A trust fund whose principal and earnings may be expended. The only expendable trust fund that budgeted is the Contributions Fund.

Expenditure - An actual obligation incurred for goods or services received whether or not yet paid by City check or by interfund transfer for internal City bills.

Fiscal Year - The period used for the accounting year. The City of Columbia has a fiscal year of October 1 through the following September 30.

Fund - A fund is a self balancing set of accounts designed to track specific revenues and the uses of those revenues.

Fund Balance - An accumulated excess of revenues over expenditures. An amount left over after expenditures are subtracted from resources is added to a beginning fund balance each year. Each fund begins and ends each year with a positive or negative fund balance. The exception to this is Enterprise Funds and Internal Service Funds which are accounted for in the same manner as private businesses and record retained earnings as opposed to fund balance. The budgets for these funds are prepared on a net working capital basis, which equates to fund balance.

Fund Type - In governmental accounting, all funds are classified into seven generic fund types: General, Special Revenues, Debt Service, Capital Projects, Enterprise, Internal Service, and Trust and Agency.

General Fund - The fund used to account for all City activities not required to be accounted for elsewhere. The General Fund of a governmental unit is made up of the resources available for the purpose of carrying on the unit's operating activities. The General Fund includes the following departments: City Council, City Clerk and Elections, City Manager, Municipal Court, Human Resources, Law, Planning, Economic Development, Finance, Fire, Police, Health, Joint Communications, Emergency Management, Community Services, Divisions of Public Works (Administration and Engineering, Streets, Traffic, and Protective Inspection), and Divisions of Parks and Recreation (Administration, C.A.R.E. Program, and Parks).

General Obligation Bonds - Bonds backed by the full faith and credit of the City.

Governmental/Trust Funds - Includes the General Fund, Expendable Trust Funds, Non-Expendable Trust Funds, and Special Revenue Funds.

Legal Debt Margin - The amount of additional debt the City may legally issue. It is currently 20% of the assessed value less general obligation debt currently outstanding.

Intergovernmental Revenues - Revenues from other governments in the form of grants, entitlement, shared revenues or payments in lieu of taxes.

Internal Service Funds - These funds are used to finance, administer, and account for the financing of goods and services provided by one department to other departments of the City on a cost reimbursement basis. Budgeted internal service funds are Fleet Operations, Custodial and Maintenance Services, Finance Utility Customer Service, Information Services, Public Communications, Employee Benefit Fund, and Self-Insurance Reserve Fund.

Modified Accrual Basis - General Fund, Special Revenue, Debt Service, Capital Projects, and Expendable Trust Funds are recognized on the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both available and measurable. Expenditures are recognized in the accounting period in which the fund liability is incurred. This basis measures resources available to the City.

Net Income - The excess of revenues over expenses. Net income is calculated for Internal Service Funds and Enterprise Funds. Net income is not calculated for a governmental fund.

Non-Expendable Trust Funds - A trust fund whose principal must be preserved intact. Revenues earned on the principal may be expended.

Non-Operating Expenses - Expenses incurred by Enterprise and Internal Service Funds that are not directly related to the fund's primary service activities. Examples of non-operating expenses include Interest Expense, Loss on Disposal of Fixed Assets, and Miscellaneous Expenses.

Non-Operating Revenues - Enterprise and Internal Service Fund revenues that are not directly related to the fund's primary service activities. Examples of non-operating revenues include Interest Revenue, Gain on Disposal of Fixed Assets, and Miscellaneous Revenue.

Operating Budget - The annual budget and process which provide a financial plan for the operation of government and the provision of services for the year. Excluded from the operating budget are capital projects which are determined by a separate, but interrelated process.

Property Tax - This refers to the property tax placed on property. The tax income is determined by multiplying the tax rate by each \$100 of assessed valuation.

Proposed Budget - The recommended City budget submitted by the City Manager to the City Council in late July each year.

Revenue Bonds - Bonds whose principal and interest are payable exclusively from earnings of an enterprise fund. In addition, these bonds may contain a mortgage on the enterprise fund's property.

Revenues - Money generated through taxes, charges, licenses and other sources to fund City operations.

Special Obligation Bonds - Special obligations of the City. The payment of the principal of and the interest on the Bonds is subject to an annual appropriation by the City. The City is not required or obligated to make any such annual appropriation.

Special Revenue Funds - These funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes. Budgeted special revenue funds include: Convention and Tourism Fund, Transportation Sales Tax Fund, Community Development Block Grant Fund, and Cultural Affairs Fund.

Subsidy - Legally authorized subsidy from a fund receiving revenue to the fund through which the resources are to be expended.

Transfer - Legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended.

Trust Funds - These funds are used to account for assets held by the government in a trustee capacity. Trust Funds are composed of two main types, Non-Expendable and Expendable. The only Budgeted Trust Fund is the Contributions Fund.

User Charges or Fees - The payment of a charge or fee for direct receipt of a service by the party benefiting from the service.
