

## ACCOMPLISHMENTS

### *Section I - New Park Acquisition and Development*

One of the most significant priority needs identified in the *2002 Facility Needs Update* was the need to acquire a second regional park. The City was able to accomplish this with the acquisition of the two parks: A. Perry Philips Park and the Gans Creek Recreation Area. Together, these two parks represent a 460-acre regional park in southeast Columbia that complements the 533-acre Cosmo Park in northwest Columbia. In addition to the regional park, the department was able to acquire three community parks (Atkins, Strawn and Battle) and nine neighborhood parks.

A. Perry Philips Park

The table below lists the parks in order of acquisition. The Department also completed the development (or phase I development) of ten of these parks.
