AN ORDINANCE

declaring the need to acquire easements for construction of the Hominy Trail Phase I (from Broadway to Woodridge Drive) project; authorizing acquisition by negotiation or, if necessary, by condemnation; authorizing the City Manager to obtain and execute all instruments necessary for acquisition of such land; and fixing the time when this ordinance shall become effective.

WHEREAS, the Constitution and Statutes of the State of Missouri and the Home Rule Charter for the City of Columbia, Missouri, authorize the City Council to exercise the power of eminent domain, within or without the City, and among other things, to acquire, and maintain any property, real or personal within or without the City for all public uses or purposes, and to acquire, receive and hold any estate or interest in any such property; and

WHEREAS, the Council deems it necessary for the welfare and improvement of the City and in the public interest that certain private property be acquired by negotiation or by condemnation for public improvement.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBIA, MISSOURI, AS FOLLOWS:

SECTION 1. The City Council hereby declares the need to acquire the following described easements for construction of the Hominy Trail Phase I (from Broadway to Woodridge Drive) project:

RE: Hominy Creek Trail Phase I Easement Acquisition & Construction Approval

EXECUTIVE SUMMARY: Park Planning Staff has prepared for Council consideration an ordinance authorizing the acquisition of ten permanent and one temporary construction easements needed for the construction of the Hominy Creek Trail Phase I project. Staff is also requesting an ordinance authorizing construction of the Hominy Creek Trail Phase I and calling for bids through the City’s Purchasing Division.

The proposed concrete trail will include two phases: Phase I is from Stephens Lake Park to Woodridge Park and Subdivision. Phase II is from Woodridge to The Links subdivision. Total project cost for both phases is estimated at $3,176,000. Phase I of the project will be funded with $1,320,000 from the Park Sales Tax and $500,000 from a STP Enhancement Grant. Staff is proceeding with Phase I due to pending grant deadlines. Staff will return to Council at a later date to authorize Phase II of the project as it is funded with $1,356,000 from the Nonmotorized Transportation Pilot Program as administered by GetAbout Columbia.

DISCUSSION: Park Planning Staff has prepared for Council consideration an ordinance authorizing the acquisition of ten permanent and one temporary construction easements needed for the construction of the Hominy Creek Trail Phase I project. Staff is also requesting an ordinance authorizing construction of the Hominy Creek Trail Phase I and calling for bids through the City’s Purchasing Division. The proposed concrete trail will include two phases: Phase I will extend from Stephens Lake Park to Woodridge Park and subdivision and Phase II extends from Woodridge subdivision to The Links subdivision and on to Clark Lane.

At the August 2, 2010 City Council meeting, Council passed a resolution setting a public hearing for Sept 7, 2010 concerning the completion of the two mile Hominy Creek Trail Project.

Park Planning and Public Works GetAbout staff have been working with the neighbors on the proposed route of the trail. An Interested Party meeting was held on May 7, 2009 for both Phase I (west) and Phase 2 (east). Thirty seven individuals attended with 14 writing supportive comments and one adjacent landowner expressing concerns. Several suggestions were received and addressed. The trail was slightly re-aligned to mitigate the concerns expressed by one adjacent landowner.
Following the public hearing on Sept 7, 2010, Council is requested to authorize the acquisition of ten permanent trail easements and one temporary construction easement for Hominy Trail Phase I project. Most of the property owners from which the easements are required have indicated a willingness to work with the City on the acquisition of those easements for the trail project.

Staff is also requesting that following September 7, 2010 public hearing, Council approve an ordinance authorizing the construction of Phase I of the Hominy Creek Trail project and calling for bids through the City's Purchasing Department. This process meets all of the federal guidelines requiring advanced public notification.

The proposed trail construction will include a ten foot wide concrete trail that meets ADA requirements, provides a durable hard-surface for year round use and substantially reduces annual maintenance costs. The trail design also includes an adjacent five foot wide gravel side path for runners/joggers. The project will also include three low-water style bridges designed for pedestrian and maintenance vehicle use.

Staff will be returning to Council for Phase II trail easement acquisition ordinances and to authorize construction. In addition to the trail easements, other city staff will be seeking separate easements for utilities such as sewer and water. Since the Phase I portion of the trail has pending grant deadlines, staff is proceeding with Phase I easement acquisition ahead of these other easements. The Phase II portion of this project does not have the pending grant deadlines.

**FISCAL IMPACT:** Phase I is funded with $1,320,000 from the Park Sales Tax; $500,000 from STP Enhancement Grant. Phase II is funded with $1,356,000 from the Nonmotorized Transportation Pilot Program as administered by GetAbout Columbia. Total project cost for both phases is estimated at $3,176,000.

It is anticipated that the trail will be constructed with concrete, thus reducing the annual maintenance costs. It is anticipated that there will be periodic maintenance activities, such as: occasional trash pickup, graffiti removal, tree pruning and occasional mowing. These maintenance activities are all labor related with very few, if any materials/supplies required. Staff believes that these tasks will be able to be absorbed in the current operating budget. At this time, the department is not requesting any permanent or temporary employees based on the addition of this trail, but as other trails are added or developed, the addition of permanent employees or the conversion of temporary salaries to permanent may be requested.

**SUGGESTED COUNCIL ACTIONS:** If, after the public hearing, the Council concurs that the project should be constructed, the ordinances authorizing Phase I easement acquisition and construction should be authorized.
