AN ORDINANCE

declaring the need to acquire easements for construction of the Old 63 Grindstone Pedway project between Grindstone Nature Area and Ashland Road and from Bluffdale Drive to and along Moon Valley Road; authorizing acquisition by negotiation or, if necessary, by condemnation; authorizing the City Manager to obtain and execute all instruments necessary for acquisition of such land; and fixing the time when this ordinance shall become effective.

WHEREAS, the Constitution and Statutes of the State of Missouri and the Home Rule Charter for the City of Columbia, Missouri, authorize the City Council to exercise the power of eminent domain, within or without the City, and among other things, to acquire, and maintain any property, real or personal within or without the City for all public uses or purposes, and to acquire, receive and hold any estate or interest in any such property; and

WHEREAS, the Council deems it necessary for the welfare and improvement of the City and in the public interest that certain private property be acquired by negotiation or by condemnation for public improvement.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBIA, MISSOURI, AS FOLLOWS:

SECTION 1. The City Council hereby declares the need to acquire easements for construction of the Old 63 Grindstone Pedway project between Grindstone Nature Area and Stadium Boulevard and between Bluffdale Drive and Moon Valley Road, described as follows:

SECTION 2. The City Manager is authorized to acquire the land described in Section 1 by negotiation.

SECTION 3. The City Manager is authorized to obtain, execute and record all deeds and other instruments necessary to acquire the land described in Section 1.

SECTION 4. If the City cannot agree with the owners, or those claiming an interest in the land described in Section 1, on the proper compensation to be paid for such land, or if the owner is incapable of contracting, is unknown, or cannot be found, or is a non-resident of the State of Missouri, the City Counselor is authorized to petition the Circuit Court of Boone County, Missouri, to acquire the land described in Section 1 by condemnation.

SECTION 5. This ordinance shall be in full force and effect from and after its passage.

PASSED this _________ day of ______________________, 2011.

ATTEST:

______________________________  ______________________________
City Clerk      Mayor and Presiding Officer

APPROVED AS TO FORM:

______________________________
City Counselor
**EXECUTIVE SUMMARY:**

Staff has prepared for Council consideration an ordinance authorizing the acquisition of easements necessary to construct the Old 63 Grindstone Pedway and an ordinance authorizing bidding the project through the Purchasing division. The public hearing for this project was held on April 4, 2011 and was tabled until the May 2, 2011 meeting. After the April 4th public hearing, staff worked with a property owner to address concerns that the proposed design impacted their existing driveway at the location where the trail crosses under Old 63. Staff modified the plan to address the property owner’s concerns and the project was approved at the May 2nd public hearing. Staff will continue to work with the owners during right-of-way negotiation.

**DISCUSSION:**

At the May 2, 2011 public hearing, council directed staff to proceed with the Old 63 Grindstone Pedway project. The proposed work includes a north segment and a south segment both of which augment the Parks Department’s Hinkson Creek trail and Pedway project along Old 63 as shown on the attached diagram.

The north portion is approximately 1,600 feet long and includes construction of a 10’ pedway and trail from Bluffdale Drive to, and along, Moon Valley Road. Included is a pedestrian trail that cuts under the Old 63 bridge as well as a pedestrian bridge over Hinkson Creek to connect with Moon Valley Road. The south portion is approximately 1,400 feet long and involves widening the sidewalk on the west side of Old 63 to an 8’ pedway from Ashland Road to Grindstone Nature Area.

This project is being constructed mostly on existing City right-of-way. Permanent trail easements are needed from three landowners and temporary construction easements are needed from two landowners.
**FISCAL IMPACT:**

The total cost for the project is estimated at $1.66 million and will be paid for with Non-Motorized Transportation (GetAbout) funds.

**VISION IMPACT:**

Consistent with the goals of creating a safe, interconnected, non-motorized transportation network and a safe network of trails.

**SUGGESTED COUNCIL ACTIONS:**

Approve the ordinances to move forward with right-of-way acquisition and bidding the Old 63 Grindstone Pedway project through the Purchasing division.

</table>
| Lorri Kline – follow up 1 |             | 4/4/11          | 9:00 am | 1. She doesn't want the trail period and will tell the Council that.  
2. The current design limits her to her north driveway branch, which is hard to get in and out of. If you are going southbound on Old 63 you can't make the turn into the north leg. (My response was that we could fix the driveway issue, which often is done during ROW negotiations). This is a new issue - she hadn't mentioned it last time we met. We certainly can change the design to make her driveway work. |
| Homayoun Taalimi follow up |             | 4/4/11          | 9:30 | Mehrdad, her son called and stopped by. We will need to acquire a 10 x 150 permanent easement from them along one side of the property. He seemed ok, mentioned he had long term plans to put a storage locker facility there. I mentioned that it was in the floodplain. |
| Lorri Kline – follow up 2 |             | 4/14/11         | 11:00 am | The City met on site with Lorri and the design engineer and worked out a new driveway alignment that would meet her needs. |
| Lorri Kline – follow up 3 |             | 4/26/11         | 10:00 am | Met with Lorri in her office, she was ok with concept dwgs, will work out the details with staff. |
| Lorri Kline – follow up 4 |             | 6/2/11          | 9:00 am | Met with Lorri in her office, to go over final easement description. |

**TO:** City Council  
**FROM:** City Manager and Staff  
**DATE:** April 26, 2011  
**RE:** Supplemental Report - Public Hearing Old 63 Grindstone Pedway

**EXECUTIVE SUMMARY:**

Staff has prepared for Council consideration a supplemental report regarding concerns expressed by landowner Lorri Kline at the April 4, 2011 public hearing for the Old 63 Grindstone Pedway project. After meeting on site with Ms. Kline to discuss acceptable solutions, concept drawings were created showing the preferred configuration. Ms. Kline agreed that the general concept shown is acceptable to her and would work out the details with City staff.

**DISCUSSION:**

At the April 4, 2011 public hearing, Ms. Kline stated that she was a landowner next to the proposed trail where the trail loops under the Old 63 Hinkson Creek bridge. Ms. Kline expressed concern that the proposed design impacted her existing driveway and made it impossible for her to enter her property from southbound Old 63.

Staff, the design consultant and Councilperson Hoppe met on site with Ms. Kline on April 14 to investigate options. The preferred option was to remove the existing circle driveway and rebuild the area with a new concrete driveway and a trail separated by a landscape screen from the Kline residence. The attached concept drawings were presented to Ms. Kline on April 26. Ms. Kline agreed with the general approach shown on the concept drawings and indicated she would work with City staff on the details as the design moves forward.

**FISCAL IMPACT:**

The total cost for this project (design, acquisition and construction) is estimated to be $1.66 million. This project is being paid for with Non-Motorized Transportation (GetAbout) funds. The changes discussed with Ms. Kline will add only a small percentage to the cost of the project.

**VISION IMPACT:**

Consistent with the goals of creating a safe, interconnected, non-motorized transportation network and a safe network of trails.

**SUGGESTED COUNCIL ACTIONS:**

Following Council discussion and public input, Council should make a motion directing the staff to proceed with plans and specifications for the project.
EXECUTIVE SUMMARY:

Staff has prepared for Council consideration a resolution setting a public hearing for April 4, 2011 concerning the Old 63 Grindstone Pedway project. This project augments a Parks Department project that is now under construction, thus completing the Grindstone Nature Area to Stephens Lake Park portion of the Hinkson Creek Trail system. See attached diagram. The Old 63 Grindstone Pedway is funded with Get About funds.

DISCUSSION:

An Interested Party meeting was held on February 29, 2008 for both the Old 63 Pedway and the Park Department’s Hinkson Creek Trail project. Following the Interested Parties meeting a public hearing was held for the Parks Department’s project which is currently under construction.

The design concept for the Old 63 Pedway was reevaluated in order to address public comments and to reduce project costs. The re-design reduced the estimated total cost from $2.4 million to $1.7 million. The Old 63 Grindstone Pedway includes a north segment and a south segment both of which augment the Parks Department’s project as shown on the attached diagram.

The north portion of the Old 63 Grindstone Pedway is approximately 1,600 feet long and includes construction of a 10’ pedway from Bluffdale Drive to, and along, Moon Valley Road. The major features of the north section include:

a) increasing the sidewalk width from 4 ft to 7 - 8 ft on the west side of the Old 63 bridge over Hinkson Creek. The sidewalk widening is being achieved by narrowing the roadway width over the bridge. The reconfigured bridge will accommodate the 8 ft sidewalk, two 11 vehicle lanes and a 5 ft bicycle lane on the east side of the road.

b) constructing a 10’ wide concrete trail looping under the Old 63 bridge on the north bank of the Hinkson Creek and;

c) constructing a pedestrian Bridge over Hinkson Creek to connect with Moon Valley Drive.
The south portion of the Old 63 Grindstone Pedway is approximately 1,400 feet long and includes widening the sidewalk on the west side of Old 63 to an 8’ pedway from Ashland Road to Grindstone Nature Area. The sidewalk widening along the roadway is being achieved by shifting the roadway centerline 5 ft eastward to reduce impact to adjacent property owners on the west. The sidewalk widening on the Old 63 bridge over Grindstone Creek is also accomplished by narrowing the vehicle lanes as described earlier. A typical cross section for widening the Old 63 bridges on the north and south sections is attached.

There are four properties (three owners) where easements will be required. An ordinance to acquire easements will be forwarded for consideration at a future council meeting.

**FISCAL IMPACT:**

The total cost for this project (design, acquisition and construction) is estimated to be $1.66 million. This project is being paid for with Non-Motorized Transportation (GetAbout) funds.

**VISION IMPACT:**

Consistent with the goals of creating a safe, interconnected, non-motorized transportation network and a safe network of trails.

**SUGGESTED COUNCIL ACTIONS:**

Following Council discussion and public input, Council should make a motion directing the staff to proceed with plans and specifications for the project.

A RESOLUTION

declaring the necessity for construction of the Old 63 Grindstone Pedway project between Grindstone Nature Area and Stadium Boulevard and between Bluffdale Drive and Moon Valley Road; stating the nature of and the estimate of the cost of the improvement; providing for payment for the improvement; providing for compliance with the prevailing wage law; and setting a public hearing.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF COLUMBIA, MISSOURI, AS FOLLOWS:

SECTION 1. The City Council deems the construction of the Old 63 Grindstone Pedway project between Grindstone Nature Area and Stadium Boulevard and between Bluffdale Drive and Moon Valley Road, necessary to the welfare and improvement of the City.

SECTION 2. The nature and scope of the improvement shall consist of furnishing all labor, materials, transportation, insurance and all other items, accessories and incidentals thereto necessary for the complete construction of the improvements.

SECTION 3. The estimated cost of this improvement is $1,665,000.00.

SECTION 4. Payment for this improvement shall be made from Non-Motorized Transportation Funds and such other funds as may be lawfully appropriated.

SECTION 5. Any work done in connection with the construction of the improvement specified above shall be in compliance with the provisions of the prevailing wage laws of the State of Missouri. The City shall also cause to be inserted into the contract a stipulation that all laborers and mechanics employed by the contractor or subcontractors in the performance of work under the contract shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act.

SECTION 6. A public hearing in respect to this improvement will be held in the Council Chamber of the City Hall Building, 701 E. Broadway, Columbia, Missouri, at 7:00 p.m. on April 4, 2011. The City Clerk shall cause notice of this hearing to be published in a newspaper published in the City.

ADOPTED this _____ day of _________________________, 2011.
