Re: Acquisition of Land Adjacent to Clyde Wilson Memorial Park

EXECUTIVE SUMMARY:
The Park and Recreation Department is requesting approval to proceed with the acquisition of approximately 1.3 acres of land located adjacent to the northeast boundary of Clyde Wilson Memorial Park. Staff has prepared an ordinance authorizing the City Manager to execute the attached Contract for Sale of Real Estate with the current property owner, the Gudrun D. Parmentier Revocable Living Trust. The proposed purchase price is $85,000. Neighbors of Wilson Park and the East Campus Neighborhood Association have donated a total of $28,780 towards the purchase of the property. The balance of funding needed ($56,220) for this acquisition has been set aside from the 2010 Park Sales Tax land acquisition funds.

DISCUSSION:
The possibility of the City acquiring approximately 1.3 acres adjacent to Clyde Wilson Memorial Park was initially brought to the attention of the Park and Recreation Department by neighbors of the park in the early summer of 2010. Those neighbors expressed concern about the possible future development of the 1.3 acres and indicated a desire to see the property preserved as public open space as part of the existing Wilson Park. Based on those discussions, the neighborhood committed to raising a portion of the funds needed to acquire the property. Initial fund raising efforts resulted in a donation to the City in the amount of $23,780. Following extended negotiations between the property owner and the City, the East Campus Neighborhood Association committed an additional $5,000 towards the project resulting in a total donation of $28,780.

The 1.3 acre site is located adjacent to a portion of the northeast boundary of the park just south of the south terminus of Taylor Road (see attached map). The majority of the site has a steep topography with the entire acreage being covered with a medium density oak-hickory forest. The addition of the property to the park would provide the potential for the development of an additional park access for those individuals living north and northeast of the park.

As part of the initial property negotiations, City staff had an appraisal prepared to assist in determining the value of the property. The City's appraisal, completed by Allan Moore, MAI, of Moore and Shyrock, LLC valued the property at $80,000. After extended negotiations between the property owner and the City, both parties have agreed to a purchase price of $85,000. Staff is recommending that the City Council approve the Contract for Sale for the 1.3 acres at the agreed upon price of $85,000.

FISCAL IMPACT:
The proposed purchase price for this property is $85,000. Neighbors of the park and the East Campus Neighborhood Association have combined to donate $28,780 towards the purchase of the property. The remaining funds needed to complete the purchase ($56,220) will be from monies set aside in the 2010 park sales tax ballot for land acquisition. Site will be maintained as part of the natural area of the park and as such should have only limited, if any, impact on the Department's maintenance and operation budget.

VISION IMPACT:
http://www.gocolumbiamo.com/Council/Meetings/visionimpact.php

The acquisition of this property helps address vision goal 12.1 which identifies the need for the City to acquire and develop a variety of attractive, well maintained parks throughout Columbia, including neighborhood parks, regional parks, nature parks, and urban parks to ensure all residents have access to a full range of outdoor and indoor recreational opportunities.

The proposed acquisition also addresses vision goal 5.2 which identifies the need to preserve land throughout Columbia and Boone County in order to protect farmland, scenic views, natural topographies rural
atmosphere, watersheds, healthy streams, natural areas, native species, and unique environmentally sensitive areas, resulting in an enhanced quality of life.

**SUGGESTED COUNCIL ACTIONS:**
Approve the ordinance authorizing the City Manager to sign the Contract for Sale of Real Estate and execute all other documents necessary to complete the acquisition.
