ADDENDUMS TO BUDGET MESSAGE

September 30, 1999

Following submission of the City Manager's budget dated July 31, 1999, the City Council held several work sessions to discuss each of the City departmental budgets. Public hearings were opened August 16, 1999, at the Council meeting and continued through the evening of the adoption of the budget, September 20, 1999. The attached summary sheet reflects amendments made to the City Manager's budget prior to its adoption and adjusts the numbers in the original budget message contained in the document dated July 28, 1999. Accordingly, there were changes made to the General Fund, certain Enterprise and Internal Service Funds. The original budget message is published in this document; however, all final adopted amounts are reflected in the Financial Summary Section and Detailed Budget Sections. The FY 2000 Personnel Package adopted was within the guidelines of the City Council. The General Fund, which provides for traditional operations and programs, reflects a 16% fund balance of adopted expenditures.

FY 2000 Capital Projects, which are listed in the Capital Project section of the budget, will not have a major impact on operating funds in FY 2000. However, in the coming years, some will affect certain operating budgets in areas of materials, supplies, utilities, equipment, etc. Capital projects for FY 2000 total \$28,990,703.

FY 2000 all budgeted funds total \$201,867,453. This all funds figure includes certain expenditures between departments such as charges to departments for services rendered (internal service funds), subsidies, and transfers. A true all funds budget amount can be obtained by reducing the above all funds number by these items. The net budget amount for FY 2000 is approximately \$172 million.

Respectfully submitted,

Raymond A. Beck, P.E.
City Manager

AMENDMENTS TO FY 2000 CITY MANAGER'S BUDGET

Adopted 9/20/99

Department	Account	Description of Changes	Amount to Increase/ (Decrease)
Estimated FY 1999 General Fund Changes:			
Revenues:			
Sales Taxes	110-0000-411.10-00	Sales Tax (Reduce FY 99 Est from that shown in amended budget to 4.5%)	(\$119,634)
Gross Receipts	110-0000-412.20-10	GTE Gross Receipts	(\$25,000)
Taxes	110-0000-412.20-20	Union Electric Gross Receipts	(\$100,000)
	110-0000-412.20-30	Boone Electric Gross Receipts	\$30,000
	110-0000-412.20-40	CATV Franchise	\$418
		Total Changes in Estimated FY 1999 Gross Receipts Taxes to reduce FY 99 Est from that shown in amended budget to 7.9%	(\$94,582)
Intragovernmental	110-0000-451.10-00	Electric PILOT	\$71,862
		Total Change In Estimated FY 1999 Intragovernmental Revenue	\$71,862
		Net Reduction to FY 1999 Estimated Revenues	(\$142,354)
Expenditures:			
Public Works	110-6023-521.66-40	Funds Left Over from purchase of equipment	(\$53,085)
		Net Reduction to FY 1999 Expenditures	(\$53,085)
		Net Reduction to FY 1999 General Fund Balance	(\$89,269)
		Available to be carried Forward	

Proposed FY 2000 General Fund Changes:			
Revenues:			
Sales Taxes	110-0000-411.10-00	Sales Tax (Reduce from 4.5% to 4% over FY 1999 Revised Estimate)	(\$189,260)
Gross Receipts	110-0000-412.20-10	GTE Gross Receipts	(\$18,683)
Taxes	110-0000-412.20-20	Union Electric Gross Receipts	(\$63,250)
	110-0000-412.20-30	Boone Electric Gross Receipts	\$32,825
		Total Change in FY 2000 Gross Receipt Taxes to adjust to 4% over FY 1999 Revised Estimate	(\$49,108)
Intragovernmental	110-0000-451.10-00	Electric PILOT	130,570
	110-0000-452.10-00	G & A Revenue	(23,098)
		Total Change in FY 2000 Intragovernmental Revenue	107,472
Transportation Sales Tax Transfer	110-0000-490.10-21	FY 2000 Transportation Sales Tax Transfer Increase	150,000
Police	110-2120-461.04-00	Law Enforcement Traffic Services Newly Approved Grant For Hazardous Moving Violations	10,000
		Net Increase to FY 2000 Revenues	29,104

Expenditures:			
various	110-xxxx-xxx.02-30	Reduce Disability Insurance Rate	(12,967)
various	110-xxxx-xxx.02-36	Reduce Life Insurance Rate	(8,465)
All Depts	110-xxxx-xxx.2x-xx	Reduce all Travel by 5%	(16,130)
City Manager	110-0510-501.49-90	Reduce Miscellaneous Contractual Services	(5,000)
Council	110-0120-501.49-90	Adjust Boards & Commission Requests	(4,162)
Finance	110-1010-502.49-90	Reduce Supplemental Request Amount for Dept Procedures Review	(2,500)
Police	110-2120-511.01-41	Overtime - Hazardous Moving Violations Grant (Net Cost \$3,151)	10,000
Police	110-2120-511.02-10	Social Security - Hazardous Moving Violations Grant	765

AMENDMENTS TO FY 2000 CITY MANAGER'S BUDGET

Adopted 9/20/99

Department	Account	Description of Changes	Amount to Increase/ (Decrease)
Police	110-2120-511.02-25	Police Pension - Hazardous Moving Violations Grant	2,386
Fire	110-2320-513.66-41	Reduce for Savings on (10) Scott Air Paks	(6,592)
Parks & Recreation	110-5440-540.49-60	Increase First Night Funding from \$7,500 to \$10,000	2,500
Non-Departmental	110-8500-590.56-86	Reduce Council Reserve Amount from \$75,000 to \$55,000	(20,000)
Net Reduction to FY 2000 Expenditures			(60,165)
Council Reserve Allocated:			
Non-Departmental	110-8500-590.49-90	Set money aside for Grant Writing Services	10,000
Non-Departmental	110-8500-800.81-75	Funds for Web Page Improvement	20,000
Total Council Reserve Allocated to Departments			30,000
Non-Departmental	110-8500-590.56-86	Reallocate Council Reserve for Budget Amendments	(30,000)

Proposed FY 2000 Other Fund Changes (Not General Fund)

Revenues:

Cultural Affairs	226-4630-462.10-10	Increase Mo. Arts Council Arts Educ Grant Received	1,000
Public Comm	675-0000-490.01-10	Transfer from General Fund for Web Page Improvement	20,000
Net Increase to Other Fund Revenues			21,000

Expenditures:

various	xxx-xxxx-xxx.02-30	Reduce Disability Insurance Rate	(11,153)
various	xxx-xxxx-xxx.02-36	Reduce Life Insurance Rate	(8,809)
Water	550-7050-600.45-95	Minor changes needed in intragovernmental charges	(1,488)
Electric	551-7050-600.xx-xx	Minor changes needed in intragovernmental charges	(1,997)
Information Serv	674-1850-601.49-90	Additional Funds for MLAs for Groupwise and NetWare (From IS FB)	18,800
Cultural Affairs	226-4630-509.49-90	Additional Expenses for Mo. Arts Council Arts Education Grant (Net = \$0)	1,000
Self Insurance	669-1080-601.49-90	Additional Funds Needed for Claims Admin Fees (From SI FB)	63,000
Net Increase to Other Fund Expenditures			59,353

Council Requests:

Cultural Affairs	226-4610-509.49-90	Fund (4) Cultural Arts Programs @ 25% of their original request (8,225)	8,225
Public Comm	675-0910-601.49-90	Funds for Web Page Improvement	20,000

Total FY 2000 Council Requests	28,225
---------------------------------------	---------------

Total Changes to FY 2000 Other Fund Expenditures	87,578
---	---------------

CIP CHANGES:

See Revised CIP Pages	Add to Golf Course Improvement Project #34 for Irrigation Study	15,000
	Move Street Project #48 to FY 2000 (remainder of projects will be from prior year appropriations)	41,000

BUDGET MESSAGE

July 28, 1999

Honorable Mayor and City Council
City of Columbia, Missouri

I am pleased to submit the 1999-2000 City Manager's Budget and Budget Message as provided for in Columbia's City Charter. The city budget is one of the most important documents the Manager and staff prepares and the Council adopts each year. This budget provides the funding for implementing city services, programs and projects for the next fiscal year. With our dedicated staff working as a team with the many volunteers of our city and the financial resources provided in this budget, our city will continue as an award winning city.

The budget includes a statement of programs and priorities; a description of each department, department objectives, highlights/significant changes; and, comparative data and performance measurements. This balanced budget represents a financial plan which implements many of the priorities and objectives of our city.

BUDGET PROCESS:

The City Manager's budget must be submitted at least 60 days prior to the beginning of each budget year which begins October 1. Following Council work sessions and public hearings, our goal is for the Council to submit any amendments to the budget in order that the budget can be adopted during the second regular Council meeting in September as has been the practice in the past. The charter provides that the Council shall hold public hearings on the budget as submitted, at which time all interested persons shall be given an opportunity to be heard. The charter also provides the Council adopt the budget by majority vote no later than the last Monday of the month preceding the last month of the budget year (September), or the budget submitted by the City Manager will be effective.

OVERVIEW:

The budget includes four basic types of funds: General Fund, Enterprise Funds, Internal Services Funds and other "Special Funds". Because Columbia is a full-service city, this budget may be larger than many cities of comparative size and will indicate a larger number of specific accounts for each operation. Some of the larger enterprise funds include electric, water, wastewater, stormwater, parking, solid waste, recreation services, and the regional airport. City operations include several internal service fund activities that support other departments, such as Information Services (computers), utility customer services, fleet operations (central garage), and custodial and building services. Certain accounting changes have been reflected in both the adjusted 1999 and 2000 budget numbers. These changes include the flow of funds of transportation sales tax proceeds and the inclusion in the overall totals of debt amounts that were previously only listed in the debt section.

Total Property tax rates for City purposes are shown to remain at \$.41, which includes \$.23 for the General Fund and \$.18 for Debt Service. This is a shift of \$.03 from the Debt Service levy to the General Fund levy. It should be noted the \$.23 General Fund levy is \$.22 below the maximum the Council is authorized to levy for city operations. Each one cent yields about \$88,000 per year. Sales tax receipts continue to vary substantially from month to month and continue to grow at a slower pace than in previous years. Sales tax revenues are projected to grow at a rate of 4.5% over the 1999 estimated budget. Gross receipts tax is projected to show a 2.2% growth. Electric rates are proposed to decrease by 2% for residential, 3% for commercial and 5% for Large General Service and Industrial Customers. This rate decrease will save customers about \$2.1 million, decrease electric utility revenues and PILOT (payment in lieu of tax) payment to the General Fund. PILOT from the Water and Light Department to the General Fund is projected to increase a total of 1.4%, even after adjusting the electric PILOT downward for the rate decrease. Water PILOT is up substantially from the 1999 budget due to increase in rates and increase in customers, and partly due to agreements and mergers with water districts. Grant revenues are increasing only 1.3% in the General Fund, mostly due to the elimination of several grant funded programs in the Health Department.

The overall operating budget is \$131,273,783, up 3.5% from amended FY 1999. Total expenditures excluding the capital improvement plan are \$172,848,062, an increase of only 0.4%. This is due mainly to the decrease in debt service from 1999 to 2000. The city repaid in excess of \$5 million in principal on special obligation bonds whose maturity was scheduled to coincide with a reimbursement from the state for the Route B road project. The overall expenditures shown for all funds total \$201,782,765; as compared to the adjusted FY 1999 amount of \$204,219,920, down 1.2%, however, when subtracting internal service funds (\$18,389,262), operating transfers (\$8,696,476) and general & administrative accounting fees (\$2,536,392) **the actual city spending is \$172,160,635 as compared to \$175,099,404 for amended FY 1999.**

Capital outlays are shown at \$5,281,753 as compared to \$4,467,202 for FY 1999. One major reason for the increase in capital outlays is the purchase of 22 new marked patrol vehicles for the Police Department. The Electric Utility is also budgeting a substantial increase in capital outlays for replacement of major equipment at the power plant.

Capital Improvement projects (CIP) for all funds decreased from \$31,985,723 in FY 1999 to \$28,934,703, a decrease of \$3,051,020 or 9.5%. The FY 2000 total does not include the amounts for the projects which will be placed on the November 1999 ballot issue. The largest decrease is in the wastewater projects. A large number of projects funded from voter approved issues were appropriated in 1999. Also, the FY 1999 capital improvement plan included the appropriation of \$2.19 million in local use tax. This was a one time appropriation of the balance that was left over after repayment to the state. Voters did not approve an extension of the use tax this past year.

Subsidies for certain enterprise operations have decreased. The General Fund is no longer providing a \$124,405 subsidy to the Storm Water Utility. It should be noted that the transportation related subsidies, Airport and Transit, are no longer processed through the General Fund. These subsidies are being transferred directly from the Transportation Sales Tax Fund to those accounts. The 1999 Budget and Estimated amounts have been adjusted to reflect this change in process.

The user rate increases proposed with this budget include the planned 2% in water rates, an increase in water meter and connection fees and several in Parks & Recreation fees. This is the third of four 2% increases planned for the water utility at the time of the ballot issue.

There are no proposed rate increases for the wastewater, stormwater, solid waste, parking or other operations.

PERSONNEL:

Our full service city has over 1,050 permanent positions with total personnel services being a major budget item, particularly in the General Fund where it is about 67% of the budget. My budget strategy assumed an overall personnel cost increase of about 5%; this budget includes 3.5% for current personnel and 0.8% for new personnel for a total increase of 4.4%. When considering the elimination of programs the **effective personnel increase is about 4.9%**. This is down from the previous years' increase total of 6.5%. This percentage for new employees is below our city growth of about 1.5% per year. This overall reduction of 2.1% from the previous year is responsive to the lower rate of growth of our revenues, partly because this fiscal budget converts a smaller number of temporary positions to permanent than last year, other enhancements made to the health program last year, and the reduction of contract personnel in the Health Department.

This budget includes a 2.5% COLA and a normal 3% merit or \$.40 cents per hour increase whichever is higher. It was also necessary to include a 5% increase in insurance premiums for FY 2000. An additional \$8 a month is proposed to be added to the Post Employment Health Plan (PEHP) contribution for a total of \$21.00 per month. These funds are available at retirement. This should be particularly beneficial for shorter term employees, trained by the city who remain until retirement. Our standard sick leave buy back program for active employees has been very effective and provides mutual benefits to many employees who have accumulated adequate sick leave and are at the top of their pay range. This budget includes an enhancement to the annual sick leave buy back program which allows employees with accumulated sick leave time over 1,040 hours to sell back their excess annual accumulated hours at 50% of their pay. The enhancement would increase the rate from 50% to 75% of pay. Also included as a high priority of employees, is an additional .5% of pay as the city's match for the 401(a) plan which will bring the city's contribution rate to 3%. In addition, funds were made available to address specific work related issues such as shift differential, safety items etc.

A large number of reclassification requests were submitted by department heads for various positions. Only two reclassifications were made (one higher and one lower); however \$30,000 is included **in the budget** to review all positions. The last comprehensive review was done about nine years ago. Additional funds are also included for positions where we are having recruiting/retention problems. We plan to provide higher starting salaries and award a "super merit" increase to existing employees (where applicable) to keep their salaries above newly recruited/hired personnel.

When including the conversion of temporary positions to permanent positions, a net total of 13.95 new positions are included which is less than 1.5%, the approximate city growth. New positions added include five Police Officers (assuming grants) ; one Animal Control Officer, increased a Nutrition Educator position by .2 FTE and added .75 FTE Social Worker in the Health Department; one Maintenance Specialist, two Maintenance Assistant IIs, and one Recreation Leader in Parks and

Recreation; one Engineering Aide III, two Airport Security Officers and one Bus Dispatcher in Public Works; one Power Plant Tech Supervisor and 1.5 Energy Management Specialist I in Water and Electric; and one ASA II in Planning.

In the Health Department, 4.5 positions in the Corrections, School Health and Parkade programs will no longer be administered by the City and therefore have been removed from the budget.

HIGHLIGHTS - GENERAL FUND:

The general fund shows revenues and expenditures for traditional operations and programs found in most communities such as Public Health, Safety, Planning, Public Works, Parks, etc. Subsidies are provided from the City General Fund account to those enterprise funds that do not provide adequate revenues from their fee structures.

Key elements of the proposed FY 2000 General Fund budget are:

- General Fund budgeted revenues include a transfer of \$2,038,125 from the projected unused fund balance of FY 1999. This is \$340,499 or 14.3% less than the \$2,378,624 available in FY 1999. Total resources are \$44,096,898 which is a 3.7% increase over estimated FY 1999.
- **Resources** excluding appropriated fund balance are projected at \$42,058,773 which is \$1,906,076 or a 4.7% increase from estimated FY 1999.
- **Expenditures** are projected at \$44,098,272 up 4.0% from the amended FY 1999 budget.
- The Contingency Fund has been set at \$100,000 and \$75,000 is shown for Council Reserve, which the Council may want to specify uses for all or part of these amounts in the Council adopted budget.
- Funds for social assistance programs and art activities show a 3.0% increase as discussed with the City Council prior to beginning the budget process. The Council will need to determine if they want to increase this another .5% from the Special Council Reserve Account.
- Subsidies to funds such as recreation services and others are shown at \$1,859,976 compared to \$1,937,025 last year. The subsidy for the Storm Water Utility has been eliminated. The subsidies are as follows:

<u>Operation</u>	<u>FY 1999</u>	<u>FY 2000</u>	<u>% change</u>
Recreation Services	\$1,500,000	\$1,500,000	0% increase
Storm Water Utility	124,405	0	100% decrease
Cultural Affairs	210,120	232,000	10.41% increase
Volunteer Services	102,500	127,976	26.85% increase
	-----	-----	
	\$1,937,025	\$1,859,976	

Continued emphasis has been placed on public safety with the addition of the following:

- In the Police Department, five police officers which will be partially supported through grants or reimbursements. Two of these officers will be placed in the schools during the school year. The City will be reimbursed by the School District for part of the cost of these officers. Total approved supplemental requests (non personnel) equal \$504,836 which includes replacement of 22 of the 36 marked patrol vehicles.
- Funds to pay for the annual cost of utilizing fiber optic connections between the fire stations and other City facilities. This will allow the stations to share maps and other information. Total approved supplemental requests for FY 2000 are \$145,802 for non personnel items down \$50,087 from FY 1999. Many of the Fire Departments capital needs are included in the November 1999 ballot issue to be funded with the extension of the 1/4 cent capital improvement sales tax. A substantial increase in personnel will be required for the new station.
- Addition of one Animal Control Officer in the Health Department and additional funds for stand-by pay to extend the hours of operation of the Animal Control facility with special emphasis in the evening hours.
- Supplementals totaling \$31,118 in Emergency Management for four generators and ten radio controls for the Severe Weather Sirens. These programs are being phased in.

Other General Fund highlights include:

- In Parks and Recreation there was a conversion of temporary benefited employees to two Maintenance Assistant IIs. A new Maintenance Specialist was added to assist with the plumbing and electrical work throughout city parks. Total approved supplemental requests for FY 2000 are \$226,084 (non personnel).
- In the Public Works General Fund operations, total approved non personnel supplemental requests for FY 2000 are \$376,980. Major items include replacing two tandem dump trucks, a tractor with backhoe loader, and a skid steer loader with backhoe.
- In the Health Department, 4.5 positions were eliminated, 2.5 FTE Nursing and a clerical position, which were funded through a contract with the county at the Boone County Correctional facility. These positions were transferred to the control of the sheriff. One full-time city social worker position was transferred from the Community Partnership to Advent Enterprises Personnel Advantage. A city nurse practitioner, previously contracted and funded by Family Health Care, became an employee of Family Health Care.
- In the Planning & Development Department, a new ASA II position is included to help address increasing activities and will be funded primarily from CDBG funds. New federal requirements, Metro 2020 planning and updating the Consolidated Plan are some of the activities to address.

- Subsidies for Airport and Public Transportation were moved out of the General Fund. These funds will be transferred directly from the Transportation Sales Tax Fund to these utilities. This change in accounting procedure reduced the overall expenditures in the General Fund and therefore reduced the required 16% fund balance reserve by approximately \$63,000 for FY 2000. The General Fund Balance is still considered to be healthy.
- The review of the methodology for allocation of Information Service charges increased intragovernmental charges to the General Fund by \$202,857. This new methodology allows for a more accurate charge out to each department based upon the number of workstations connected to the network and the number of users of AS/400. Employee Health was also converted to an internal service activity to better allocate the cost of this activity to the departments that utilize the service. The overall effect of this change increased intragovernmental charges by \$147,340 to the General Fund. Other increases in intragovernmental charges include \$67,777 in Building Maintenance Charges and \$39,826 in Janitorial Services.
- Transferred \$.03 from the Debt Service Property Tax levy to the General Fund Property Tax levy. Total property tax rate will remain the same at \$0.41. The debt service levy can be reduced by \$.03 and yet service bond requirements, and the General Fund operations has increased needs for this additional revenue.

BUDGET HIGHLIGHTS - ENTERPRISE FUNDS:

Combined budgets for all programs and projects operated as enterprise funds show projected revenues for FY 2000 at \$102,506,882 and expenses at \$93,329,189 for a net income of \$9,177,693.

- Electric Utility Operating revenues show \$64,644,858 with expenses of \$56,774,284, for a net income of \$7,870,574. Electric rates are shown to decrease by 2% for residential, 3% for commercial and 5% for Large General Service and Industrial Customers. This rate decrease equals approximately \$2.1 million in savings for our customers and a decrease in revenues to the utility and General Fund PILOT. A total of \$1,727,427 is shown as non-personnel supplemental expenditures which include the replacement of equipment and major maintenance and upgrading of a variety of facilities including the power plant. The CIP reflects an additional \$500,000 for converting and maintaining underground electric lines, and the total for office space is \$1,250,000. One new position is included for this fund, a Power Plant Tech. Supervisor. Two temporary benefited positions that are shared with Public Communication have been converted to permanent part-time positions. The department will continue the capital improvements, including those outlined in the 1997 ballot issue.
- Water Utility projected revenues are \$11,016,116 and expenses of \$10,101,196 for a net income of \$914,920. The 2% rate increase planned in the Revenue Bond ballot issue will be implemented again this year. This will be the third of four planned increases. In addition, connection fees for 3/4 inch and 1 inch service is proposed to increase from \$307 to \$325 and \$360 to \$380 respectively. Meter box fees will also increase by \$4, making the fees \$78 and \$83 for 3/4 inch and 1 inch service respectively. Non personnel supplemental requests approved for this budget total \$405,442. This is primarily for the replacement of existing equipment and major maintenance on a variety of facilities. We now have merged with or have formal agreements with all districts except Water District No. 4, which is being finalized.

- The Railroad Operation projected revenues are \$414,050 and expenses of \$460,868 for a net loss of (\$46,818). Since the railroad provides direct benefits to the electric utility (primarily coal hauling), we have been transferring \$50,000 per year from the Electric Fund to the Railroad Fund. We are recommending that this transfer be continued on a year to year basis to assure a solid financial backing for the railroad. Staff believes the railroad continues to be an essential part of our overall, balanced transportation system, and important to the economy of our community.
- Public Transportation (Transit) has projected revenues of \$2,651,536 and expenses of \$2,629,172 for a net income of \$22,364. To achieve this transportation sales tax funds are being used to provide an operating subsidy of \$1,500,000, a \$146,000 reduction from FY 1999. The operating subsidy will no longer be processed through the General Fund. We are recommending one position, a bus dispatcher, be added to this budget. The Capital Improvement Plan for Public Transportation includes the replacement of (7) 40' buses, (6) 30' buses and (2) paratransit vehicles. The City is able to accomplish this large scale replacement of buses due to the availability of FTA grant funds this fiscal year and available transportation sales tax funds for the local match. Transit ridership continues to increase.
- The airport has projected revenues of \$1,138,930 and expenses of \$1,140,923 for a net loss of (\$1,993). This budget recommends the addition of two Airport Safety Officers and training costs to reduce the long working hours of the current trained officers. Ozark Air Lines announced their intent to operate from the Columbia Regional Airport beginning this 1999 calendar year. A new office/hangar building is under construction and existing counter space rented in the terminal. A consultant has been selected to update the master plan, and this update should be completed in FY 2000.
- The Wastewater Utility (Sanitary Sewer) shows revenues of \$6,312,840 and expenses of \$6,003,648 for net income of \$309,192. Approximately \$300,000 in non personnel supplemental requests are included in the budget. Major items include one 5-ton single axle dump truck, two 1-ton trucks, a 3/4-ton pickup and a 1/2-ton pickup. The city continues to utilize the state revolving loan fund for the financing needs related to the 1997 ballot issue projects. An additional new wetland area financed in a previous ballot issue and several major trunk sewer lines will be placed under construction this year.
- The Parking Utility shows projected revenues in the amount of \$1,840,696 and expenses of \$1,678,462, for a net income of \$162,234. Garage revenues are anticipated to increase in FY 2000 with the opening of the newly remodeled 8th and Cherry structure, which includes an art project. Our utility is totally supported from user fees and a pro-rated amount of parking fines. No tax funds, property tax, or other funds are used for parking purposes. Planning for additional spaces north of Broadway is underway.
- Solid Waste Operations (Refuse) shows projected revenues in the amount of \$9,091,720, and expenses of \$10,000,043 for a net loss of (\$908,323). However, net income before depreciation is \$530,789. Approximately \$921,000 in capital equipment is included in this budget. Major items include two rear loader trucks, a tandem axle front loader truck, a wheel loader truck, and tandem axle roll off truck. Major work continues at the landfill and negotiations are underway for

a city owned resource recovery facility. In addition, the blue-bag program was implemented this past year. An increase in refuse rates will be considered, possibly before the next fiscal year pending completion of resource recovery issues.

- Storm Water Utilities has projected revenues of \$1,175,000 and expenses of \$741,487, for net income of \$433,513. Due to the strong financial position of this fund, the subsidy from the General Fund is not included in this budget. There is no proposed increase in storm water fees. The additional Engineer Aide position has been added primarily to provide inspection services to both the stormwater and sanitary sewer utility. New federal storm water regulations could have a significant impact beginning this fiscal year.
- The Recreation Services Fund includes only the Recreation Services Division of the Parks & Recreation Department. This fund has projected revenues of \$4,221,136, which includes the General Fund subsidy of \$1,500,000. Expenses of \$3,799,106 resulted in a net income of \$422,030. One position, a Recreation Leader, is being recommended to be converted from temporary benefited to permanent position. Approximately the same level of capital expenditures are being proposed this year as in FY 1999. A high priority is for indoor recreation. A ballot issue to construct a community recreation center is being considered.

HIGHLIGHTS - OTHER FUNDS - INTERNAL SERVICE FUNDS:

Combined budgets for all programs and projects operated as internal service funds show projected revenues for FY 2000 of \$17,619,281 and expenses at \$17,738,905 for a net loss of (\$119,624). This loss is due to a planned use of accumulated retained earnings in the Information Services Fund. The Employee Benefit Fund was expanded to include Employee Wellness functions that have been moved from the General Fund.

- The Utility Customer Service Division (UCS) of the Finance Department (formerly Utility Accounts and Billing) shows a net loss of (\$28,146). Retained Earnings are projected to remain above 20% of operating expenditures after this planned reduction for FY 2000. Upgrades to the phone system have allowed the office to better respond to the large peaks in workload during the year. No new personnel were added in this proposed budget.
- Information Services (Data Processing) is projecting a net loss of (\$336,319). This is a planned use of available funds. Non-personnel supplemental requests totaling \$261,584 are recommended and include a COLD (Computer Output to Laser Disk) system, continued conversion to Ethernet, and funds for document imaging.
- The Public Communications Fund is projecting a net income of \$19,200. This internal service fund provides printing, copying and mail services to all city departments. The current level of operations is under review to determine if major press work could efficiently be contracted out.
- The Fleet Operations Fund (Vehicle Maintenance) shows an operating income of \$24,461. Labor rates charged to departments did not change for FY 2000. A supplemental request to complete a new combined fueling station is included in this budget. Funds for this project will be loaned from the Designated Loan Fund and repaid with the existing surcharge added to fuel sold at the facility.

- Other Internal Service Funds - all other funds; Employee Benefit Fund, Self Insurance and Custodial & Building Maintenance Fund have no significant changes proposed for the FY 2000 Budget.

OTHER FUNDS:

- Office of Volunteer Services - this office was established in FY 1997 and a Volunteer Coordinator was hired. Due to the success of this program, a Program Assistant was added in FY 1999. Significant programs have been initiated utilizing services of many community volunteers. Programs such as Park Patrol, Adopt-A-Spot and several others have provided significant resources for projects that would have not otherwise been initiated. During this past year, the "Columbia Trust" has been implemented and handled by this office.
- The Office of Cultural Affairs budget for FY 2000 has increased a total of 6.2%, due to the reallocation of intragovernmental charges, mainly Information Services Fees. The first two "1% For Arts" programs are being completed at the Oakland Pool and 8th & Cherry Parking Garage.
- The budget for Convention and Tourism increased a total of 8.7% for FY 2000, due to the reallocation of intragovernmental charges, mainly Information Services Fees. \$15,000 is included to replace a DOS based software package currently used to track convention activity. The fund balance has been used down. Adequate funding for promotional activities and destination attractions needs to be considered. A new plan was reviewed by the Council and a ballot issue to raise the room tax from 2% to 4% is pending.

DEBT SERVICE:

Included in this budget is the City's debt service schedule for its outstanding bonds. The City continues to maintain an excellent bond rating of AA for its General Obligation and A1 for its Revenue bonds. The City's outstanding General Obligation Debt of \$4,795,000 is well below the constitutional debt limit of approximately \$180 million. The City has a history of using prudent financing methods to fund its capital needs.

HIGHLIGHTS - CAPITAL IMPROVEMENTS:

The capital improvement section of this budget shows summaries of those projects proposed for next year as well as those projected to be recommended for FY 2001.

Next year's budget is the last year for funding from the 1996 1/4 cent capital improvement sales tax. This budget proposal completes the appropriations for the few remaining projects approved by voters in the 1996 1/4 cent sales tax, as well as water and sewer projects authorized in last year's ballot proposals. Our continued emphasis should be maintaining the facilities and infrastructure we have and to construct new infrastructure needed for a growing community. Major projects for next year include:

1. Increased funding of \$500,000 for a total of \$1 million for underground power lines maintenance and conversion.
2. Additional \$1.25 million for administrative offices for Water & Electric.
3. Continued implementation of the Sanitary Sewer capital plan approved by the voters including

continued work on Wetlands Treatment Unit #4 and B-17 Interceptor.

4. A number of Storm Water projects including Crestridge Drive Culvert, Creasy Springs at Doris, Defoe Drive, Business Loop 70 at Cosmo and West Boulevard & Mary Jean.
5. Major Public Building Maintenance funds for required major maintenance of city buildings, especially the Howard Building (old city hall), which uses Public Improvement Fund money.
6. Replacement of (7) 40' buses, (6) 30' buses and (2) paratransit vehicles. The City is able to accomplish this large scale replacement of buses due to the availability of FTA grant funds.
7. Taxiway Extension at the Columbia Regional Airport
8. Street Projects:
 - a) Roger I Wilson Drive - Utilize developer contribution and annual street funds to realign and extend north.
 - b) Vandiver Drive - Two projects on west Vandiver Drive to extend to interchange and add the interchange and ramps. Funded through developer contributions, county grant, MoDOT, and county road tax rebate funds.
 - c) Rock Quarry Road - Route AC to Grindstone.
 - d) I-70 Drive SW at West Blvd. Intersection.
 - e) Rollins Road, Colonial Gardens to Rothwell Heights.
 - f) Sunflower, Route E to Barberry.

During the annual Council Retreat, I presented a 5-year financing plan for the General Fund Account projected to service both operations and CIP projects without raising property tax or sales tax rates. With general obligation bonds being paid off, the \$.18 property tax levy for debt service could be converted to operations and the \$500,000 in transportation sales tax used for bonds, could be used for both capital and operations. Although over \$48 million would be available for streets and funding for public buildings, a ballot issue to extend the 1/4 cent capital improvement sales tax for 5 years is recommended to finance a new fire station, major fire equipment, a community recreation center and to continue our parks, open space, greenbelt and trail program.

Even with increased resources this year and the proposed ballot issue, there is a long list of unfunded capital improvement projects shown in the five year plan. In order to meet our future needs, the city will need to strengthen its partnerships embracing city, county, state, federal and private funding sources.

ADDITIONAL CONSIDERATIONS:

The General Fund budget is prepared to provide the Council an additional expenditure of **\$75,000** without reducing the fund balance below our guideline of 16% or reducing expenditures as shown in the budget.

- Following the Council work session and public hearing, the Council may consider projects or programs not presently included in the budget. Also, as discussed during the retreat, programs provided a level of funding, such as arts and social services have included a 3% increase. Council indicated they may consider use of up to an additional .5% for specific projects or programs.
- Internet Program - The Council may want to further address this issue. Last year, I indicated in the budget, that the Citizen Internet Committee suggested a range of \$25,000-\$30,000.
- We plan to continue to monitor revenues, particularly sales tax and PILOT, prior to adoption of the budget to determine if adjustments need to be made.

NEW INITIATIVES:

- Major revenues for our city come from various taxes, user fees, volunteers and gifts. Several years ago, we established the Office of Volunteer Services and this past year established "The Columbia Trust". The volunteer program has been very successful and believe the Trust will be.
- Currently we provide an opportunity for customers we bill on a monthly basis to voluntarily "check off" funds used for several city programs such as the HELP program for the needy. I am recommending this program be expanded to provide for various opportunities for citizens to donate money as a part of the Columbia Trust. We should continue those programs already in place, but also consider others ways to enhance our city and city programs. A staff report could be prepared for Council initial review.
- Consideration should be given to establish payment in lieu of tax (PILOT) type programs for non-tax paying structures, particularly those generating profits or functioning as private operations, such as the Boone Hospital Center and possibly others. In lieu of a PILOT, specific contracts might be established for major services such as fire service.

CONCERNS:

Our city faces many challenges each year. Important for our budget is the lower rate of sales tax increases, a tax our city heavily relies on. Internet and out-of-state catalog purchases allows buyers in many instances to by-pass local sales tax and a use tax which was not approved by the voters. Electric deregulations are being proposed which could have an additional adverse effect on both our utility and General Fund through reduced PILOT payments. Also, deregulation has allowed natural gas users to buy direct, by-passing our local supplier and thus avoiding gross receipts tax. New state and federal mandates can significantly add to costs. In summary, our city relies heavily on sales tax, gross receipts tax and PILOT revenues which must be monitored and protected to avoid relying more heavily on property tax and other sources.

CONCLUSION:

Our city remains fiscally sound as evidenced by our bond ratings and the interest rate paid for money borrowed. This budget is balanced with an adequate contingency account, meets our 16% General Fund guideline, and provides funds for Council additions to this budget without adjusting proposed revenues or expenditures. The budget strategy discussed with the Council was used as a general guide

for preparing the budget. It provides necessary financial resources for the next fiscal year and many other longer term plans.

Adoption of this budget provides resources to meet the basic needs of our community and many of our highest priorities for a progressive city. Columbia will continue to be an award winning city as our citizens continue to participate and work together on the City Council, Boards and Commissions, volunteers and city staff.

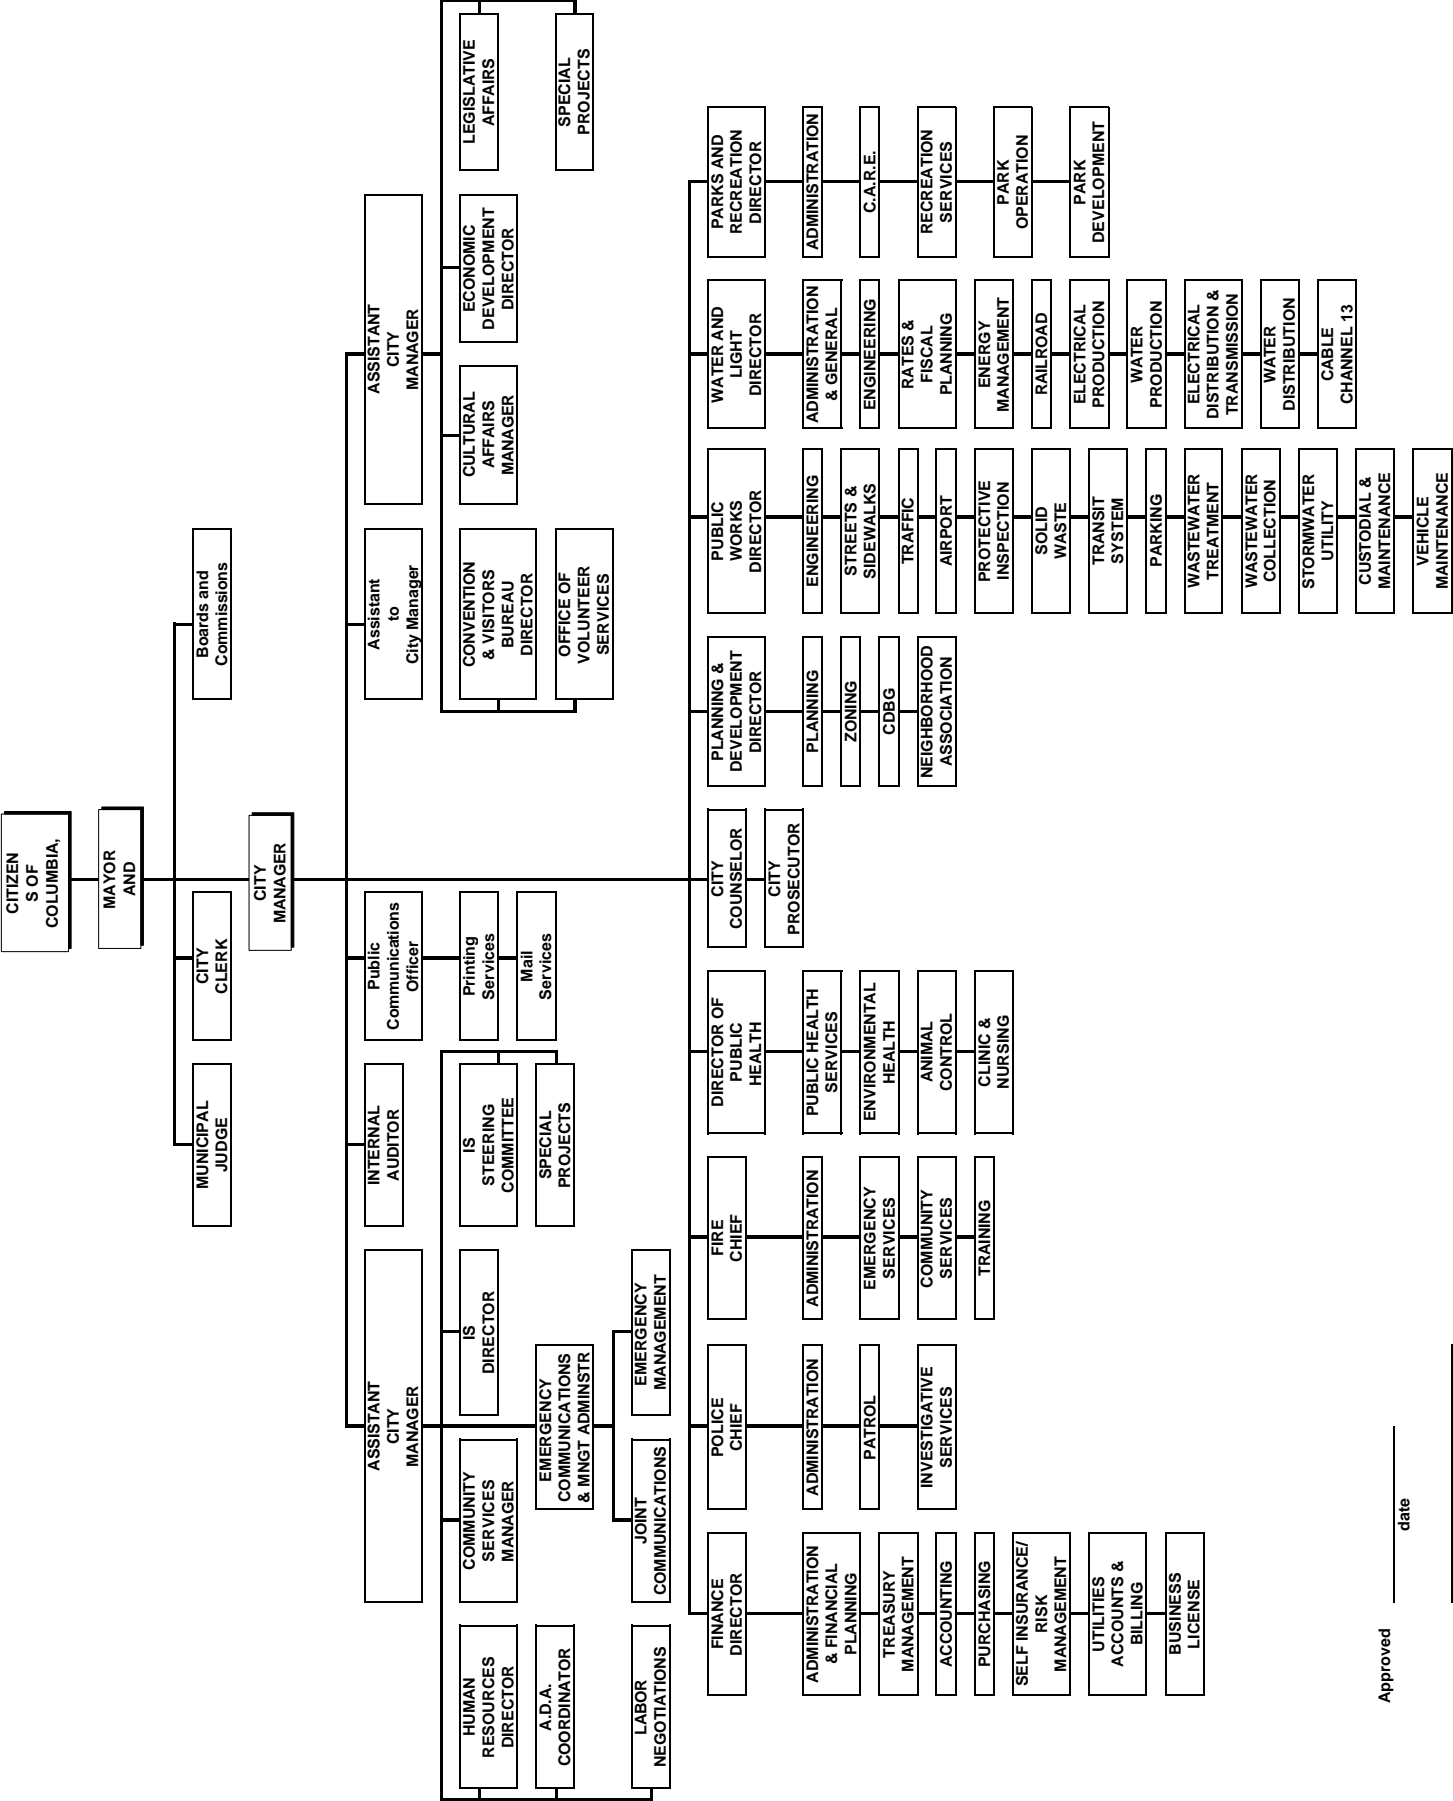

During the City Council review process, City staff and I will be happy to provide additional supporting information to assist the Council in finalizing the budget process.

I want to personally acknowledge the work of all City staff, particularly the Finance Department, who assisted with the preparation of this budget.

Respectfully submitted,

Raymond A. Beck, P.E.
City Manager

FUNCTIONAL ORGANIZATIONAL CHART - CITY OF COLUMBIA, MISSOURI

Approved _____ date _____
City Manager

CITY OF COLUMBIA, MISSOURI DEMOGRAPHIC STATISTICS

History of Columbia:

Osage and Missouri Indians roamed parts of Missouri prior to Lewis and Clark's expedition which took place in the early 1800's.

The settlement currently named Columbia was called Smithton. However, due to a lack of water supply, the establishment moved the settlement east across the Flat Branch and renamed it Columbia in 1821. The City of Columbia was organized in 1892 and became incorporated in 1949. Columbia is a growing city and currently takes up 53.3 square miles of land.

Government:

The City of Columbia has a council/manager form of government. The mayor and 6 council members are elected by the citizens of Columbia and serve as non-paid members for 3 years with staggered times of service. The City Manager reports to the Mayor and is considered the Chief Administrator. Department Heads for all municipal functions report to the City Manager.

Culture and Recreation:

Columbia has big city entertainment and a great appreciation for all the arts ranging from international opera and ballet companies to modern music superstars. For the sports minded person you'll find many fun activities and ways to keep in shape no matter what your age.

Recreation: (Parks and Recreation 874-7460)

Athletic Clubs	13
Number of Pools (Private & Public)	7
Golf Courses (Municipal)	2
Golf Courses (College)	2
Golf Courses (Private)	2
Parks (Total Acres 1,850)	40
Bowling Alleys	3
State Parks	4
Roller Rinks	1
Skate Park	1

Cultural Arts: (Cultural Affairs 874-7512)

Movie Theaters (25 screens)	3
Theaters	7
Museums	5
Galleries	8
Festivals	2

Community:

For being a relatively small town, Columbia has "Big Town" amenities. You will find a variety of local business, several hospitals, numerous radio stations and several hotels/motels and restaurants.

Community Facilities:

Hospitals	6
Hospital beds	1,380
Hotels/Motels	24
Hotel/Motel Rooms	2,512
Churches	116
Restaurants	257
Shopping Centers	14

Communications:

Newspaper (daily)	2
Newspaper (biweekly)	2
Radio Stations	12
TV Stations	4
Cable TV/Satellite	4

Education:

Columbia Public Schools have national reputations. They have earned the highest possible rating in Missouri and continue to receive national honors both from the students and teachers alike. The school district graduates one of the highest percentages of Merit Scholars in the country.

Columbia also prides itself with having two private colleges and one university from which to receive extended education.

Total Public School Enrollment:	16,007
Elementary Schools	18
Middle Schools	3
Junior High Schools	3
Senior High Schools	3
Vocational Schools	1
Non-Public Schools	10
Stephens College Enrollment	800
Univ. Of Missouri-Columbia Enrollment	22,723

Libraries:

Ellis Library	10 million volumes
Daniel Boone Library	400,000 volumes
Columbia College	56,000 volumes

City Streets: (Public Works 874-6230)

Paved (miles)	274.8
Unimproved (miles)	51.3

City Sewers: (Public Works 445-9427 or 874-6287)
Sewers (miles) 435

Fire Protection: (874-7392)
Number of Stations 7
Number of employees 115
Number of vehicles 31
Number of hydrants 3,654

Police Protection: (874-7506)
Number of stations 1
Number of sub-stations 4
Number of employees 155
Number of vehicles 74

Parking: (Public Works 874-7751)
Unmetered Off-Street
Public Parking 1,482
Parking Meter-Street 1,380
Parking Lot Meters 313
Garage Attendant Parking 829

Airport: (Public Works 442-9770)
Airport Facilities 1
Airlines: Transworld & Ozark 2

City Employees (FTE for FY 2000): 1,054.65

Cost of Living Information:
The cost of living for the City of Columbia is generally 5%-6% below the national average. It currently runs between 94% and 95%. Columbia has an average household income per capita of \$22,059. According to the Bureau of Labor Statistics (BLS) the unemployment rate for the City of Columbia for the month of August 1999 was 1.4%.

Climate:
Annual Rainfall is approximately 39 inches per year.
Annual Snowfall is approximately 23 inches per year.
Warmest month and average (July - 77 degrees)
Coolest month and average (January - 29 degrees)
Number of sunny days 105
Number of cloudy days 166

Taxes:
Sales tax in Columbia is 6.975% which has been in effect since 1993. The tax amount includes the following:
State Sales Tax 4.225%
County General Revenue 0.500%
County Road Tax 0.500%
City General Revenue Tax 1.000%
City Transportation Tax 0.250%
City Capital Projects Tax 0.500%

Utilities:
The City of Columbia is a full service city which means we provide a variety of services to the citizens of Columbia.

Electricity Water & Light Department (874-7380)
Recycling Public Works Department (874-6280)
Trash Collection Public Works (874-7291)
Water Water & Light Department (874-7380)
Sewer Public Works (445-9427 or 874-6287)

Office of Volunteer Services: (874-7499)
There are many ways and opportunities for citizens to get involved with the community. Columbia has numerous events throughout the year that require hundreds of volunteer hours in order for the event to be successful.

There are several departments within the City of Columbia that rely on the efforts of volunteer staff. In FY 1999, volunteers contributed more than 42,000 hours at a value of more than \$550,000.

City of Columbia population:
1990 69,101
1991 69,792
1992 70,490
1993 71,195
1994 74,072
1995 74,813
1996 75,561
1997 76,315
1998 77,079
1999 79,082

FY 2000 BUDGET CALENDAR

	1st & 2nd Qtr	April	May	June	July	August	Sept.	Oct.
Trend Data Prepared								
Forecast Prepared								
Budgets Delivered To Departments								
Departments Work On Budgets								
Council Retreat Held								
City Manager meets With Departments								
Comparative Data Updated								
Performance Measurement Info. Updated								
City Manager's Annual Budget Document Prepared & Delivered								
Public Hearings and Department Work sessions Held								
City Council Adopts The Budget								
Appropriation Files Set Up for New Fiscal Year								
Annual Adopted Budget Document Prepared								

Preparation for the budget process begins as soon as the books are closed for the previous fiscal year. It is at this time that budget staff begins the compilation of ten year trend data. The Ten Year Trend Manual includes financial information on general government funds, enterprise funds, internal service funds, and special revenue funds. This information is generally completed by January of each year.

Budget staff reviews historical information in conjunction with the latest current year financial statement to prepare a set of forecasts. Optimistic and conservative assumptions are developed in a model which forecast general government revenues and expenditures over the next three years. These forecasts are presented to and reviewed with the City Manager so that general budget guidelines for the next year may be developed.

In late April, the guidelines established by the City Manager are provided to the various City departments with appropriate budget instructions. Departments are provided with budget expenditure and revenue worksheets along with a Budget Instruction Manual. Access to the budgeting system is also provided at this time. Budget staff conducts the necessary training sessions.

In late May or early June, before the preliminary budget numbers are completed by the departments, the City Manager conducts a Council Retreat. This retreat is attended by the Council, City Manager and Department Heads. This retreat provides an opportunity for the City Manager to present preliminary budget guidelines to

the Council for their concurrence as well as to set priorities for the coming budget year. It is also a time for departments to present major topics to the Council for their input. This process allows Council to express their views on what the priorities should be in the budget. In June, the City Manager continues meetings with department heads. Final cuts are made to balance the budget in early July. Comparative Data and Performance Measurement information is updated in the Budget Document. The City Manager's Annual Budget Document is prepared and distributed. The City Manager holds a press conference at the end of July when the City Manager's Annual Budget is released.

In August, the City Council holds budget work sessions with the City Manager, Finance Director, Budget Officer, and Department Heads to review the City Manager's Budget, individual department budgets, revenues and expenditures, and issues for the coming fiscal year. Public hearings are televised on the Local Government Cable Channel. Both the public and press are welcome to attend the work sessions and public hearings. Television, radio, and newspaper reporters keep the public informed on the status of the budget during these work sessions.

In September, the City Council continues budget work sessions and public hearings on the budget. The Budget is adopted during the month. The Finance staff makes the necessary changes and appropriation files are set up for the new year.

In October, the new fiscal year begins and the Annual Budget Document is prepared and distributed.

**City of Columbia, Missouri
Fiscal Year 1999 - 2000**

This document includes the following Fund Types:

GOVERNMENTAL FUNDS:

GENERAL FUNDS:

The general fund is used to account for resources traditionally associated with government which are not required legally or by sound financial management to be accounted for in another fund.

SPECIAL REVENUE FUNDS:

Cultural Affairs Fund - used to account for monies reserved for cultural purposes. These monies are used to improve and sustain the cultural environment of the City by providing a system of support for area artists and cultural organizations.

Convention and Tourism Fund - used to account for the two percent tax levied on the gross daily rental receipts due from or paid by transient guests at hotels or motels. The revenues are used by the city for the purpose of promoting convention and tourism in the City of Columbia.

Transportation Sales Tax Fund - used to account for city-enacted sales tax and expenditures for transaction purposes which include financial support of the public mass transportation system, construction and maintenance of streets, roads, bridges and airports to the extent of tax revenues.

Community Development Block Grant Fund - used to account for all federal monies received by the City and disbursed on Community Development Grant projects.

DEBT SERVICE FUNDS:

These funds are used to account for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the government is obligated in some manner for the payment.

CAPITAL PROJECT FUNDS:

Capital project funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities or improvements.

EXPENDABLE TRUST FUND:

Contributions Fund - This fund is used to account for all gifts, bequests, or other funds derived from property which may have been purchased or held in trust by or for the City of Columbia, Missouri. The expenses for the Office of Volunteer Services are also in this fund.

ENTERPRISE FUNDS:

Railroad Fund - used to account for revenues and expenses resulting from the operation of a railroad branch line which runs from a Norfolk and Southern main line in Centralia, Missouri to the City of Columbia.

Water Utility Fund - used to account for the billing and collection of charges for water service for most city residents. Revenues are used to pay for both operating expenses and capital expenditures to maintain these services.

Electric Utility Fund - used to account for the billing and collection of charges for electric service for most city residents. Revenues are used to pay for both operating expenses and capital expenditures to maintain these services.

Recreation Services Fund - used to account for revenues and expenses for various recreational services provided by the Parks and Recreation Department for which participants are charged fees.

Public Transportation Fund - used to account for all the expenses and revenues resulting from the provision of public transportation services by the Columbia Area Transportation System.

Regional Airport Fund - used to account for all the expenses incurred and revenues received by operations at the Columbia Regional Airport.

Sanitary Sewer Utility Fund - used to account for the provision of sanitary sewer services to the residents of the city and a limited number of customers outside the city limits. All activities necessary to provide such services are accounted for in this fund.

Parking Facilities Fund - used to account for revenues and expenses resulting from the operation and maintenance of city parking lots, municipal garages, and parking meters.

Solid Waste Collection Fund - used to account for the provision of solid waste collection and operation of the landfill.

Storm Water Utility Fund - used to account for storm water funding, implementation of storm water management projects, and provide maintenance to existing drainage facilities.

INTERNAL SERVICE FUNDS:

Employee Benefit Fund - used to account for the City of Columbia's self-insurance program for health, disability, life insurance and other employee benefits for covered city employees.

Information Services Fund - used to account for the provision of electronic data processing information services used by other city departments.

Self Insurance Reserve Fund - used to account for the reserves established and held in trust for the Special Obligation Bonds issued for the City's self insurance program, and to account for the payment of property and casualty losses, and uninsured workers' compensation claims.

Custodial & Maintenance Services Fund - used to account for the provision of custodial services and building maintenance used by other city departments.

Fleet Operations Fund - used to account for operating a maintenance facility for automotive equipment, and for fuel used by some city departments.

Public Communications Fund - used to account for the provision of printing press, xerox, interdepartmental mail, and postage services to other city departments, Columbia On-line Information Network, a telephone information system and cable television operations.

Utility Customer Services Fund - used to account for utility accounts receivable billing and customer services provided by the Finance Department to the Water and Electric, Sanitary Sewer, Solid Waste and Storm Water Utilities.

CITY OF COLUMBIA, MO

HOW TO USE THIS BUDGET DOCUMENT

A budget is a financial plan for a city. It includes both estimates of resources available, including revenues and fund balances, and appropriations, which are the authority to spend money for specific purposes. The budget is prepared by the City Manager and adopted by the City Council after extensive public input.

The document begins with a transmittal letter (budget message) from the City Manager. This letter summarizes the contents of the budget and provides an explanation of the rationale used by the City Manager during the budget development process. The City Manager also outlines the administration's work program for the upcoming year.

In separate sections, the following information is provided:

1. **Budget Message** - Includes the Amendments to the City Manager's Budget Message, City Manager's Budget Message and the Ordinance Adopting the Budget.
2. **General Information** - Organizational Chart, Demographic Statistics, Assessed Values of Taxable Property, Budget Calendar Process, Types of Funds Budgeted, How To Use This Budget Document, Notes and Comments, Fiscal and Budget Policies, and City Manager's Priorities.
3. **Expenditure Summaries** - Includes Graphs, Overall Budget Summary, Expenditures by Fund Type, Expenditure Summaries by Funding Source, and Expenditures by Department and Category, and Fund
4. **Revenue Summaries** - Includes Graphs, Overall Revenue Summary, Revenue Summaries By Category and Funding Source, and Revenues by Fund.
5. **Fund Statements** - Summary of Operating Statement for All Funds, Revenue, Expense, and Operating Position Statements for each fund, Summary of Total Revenues and Total Expenses by Fund.
6. **Operating Budgets** - The departmental budgets, which are subdivided into divisions to account for the costs associated with specific activities or to account for the use of funds received from specific revenue sources. Department Description, Objectives, Highlights/Significant Changes, Comparative Data, and Performance Measurements are also included in this section.
7. **Capital Projects** - Five year Capital Improvement Program for the City.
8. **Debt Service** - Information on all outstanding debt and debt service requirements.
9. **Appendix** - Community Development Block Grant, Personnel Position Summary Information, and a Glossary.

The budget document is prepared to provide information about the city, both financial and operational, from a variety of perspectives and degree of detail. The reader should first review the Table of Contents, General Information section, the Appendix, and then read the City Manager's transmittal letter. The Summary sections should then be reviewed. In the Operating Budgets Section, the specific department budgets provide the detailed information as to what purposes the city's resources will be utilized during the fiscal year. Finally, the Capital Project and Debt Service sections provide further information. When reading this document, it is useful to remember that it has been developed based on both organizational structure and financial structure.

The organizational structure is reflected in the departmental budgets which are subdivided into divisional budgets. The financial structure is reflected in the reporting of expenditures and revenues by fund. A fund is a self balancing set of accounts designed to track specific revenues and the uses of those revenues. Each fund is independent of all other funds.

NOTES AND COMMENTS

The City of Columbia is considered to be a full-service city. Thus, the budget may be larger when compared to cities with a similar population. The City of Columbia submits budgets for seven types of funds: General Fund; Enterprise Funds; Internal Service Funds; Special Revenue Funds; Trust Funds; Debt Service Funds; and Capital Projects Fund. A description of the fund types is shown in the glossary as well as in the General Information Section, pages 7-8.

Basis of Accounting\Budgeting - The budgets for the General Fund, Special Revenue Funds, Debt Service Fund, General Capital Projects, and Expendable Trust Funds are prepared under the modified accrual basis of accounting. The budgets for the Enterprise Funds, Internal Service Funds and Non-Expendable Trust Funds are prepared under the accrual basis of accounting. A complete description of these two types of accounting is found in the glossary.

The FY 2000 Budget document contains detailed information concerning the dollar commitments and personnel resources required to support the varied activities and services of the City of Columbia. The FY 1999 Budget revenue and expenditure numbers appearing in this document include Appropriations, Transfers, and additional Revenues approved by the City Council from October 1, 1998 thru July 1, 1999.

Following these notes and comments are the Summary sections which provides a combined and broad overview of the City's operating funds. Next, the "Operating Budgets" section provides the reader more detailed information about individual departments. The Department Summary (Green Pages) present the total operating budget for each department regardless of funding source. For example, if a department has both General Fund operations (Public Works-Streets) and Enterprise operations (Sanitary Sewer Utility), the operating costs of both activities will be presented on the green summary page in order to present a total operating picture of the department. Department Description, Department Objectives, Highlights/Significant Changes, Comparative Data, and Performance Measurement information is also included on these pages. The white pages contain the budget detail for the divisions within the departments.

The Green Department Summary pages contain the following sections:

Department Description - A brief description of the department and the major divisions contained in the department. This will also include any purposes set forth by the department.

Department Objectives - These include both the short-term and long-term goals/objectives set forth by the departments.

Department Highlights/Significant Changes - This outlines the planning emphasis as well as any significant or operations changes for the coming year.

Authorized Personnel - The Authorized Personnel section presents the type and number of full-time and permanent part-time positions required in each department or division. The job code associated with these positions appears next to the position description.

Comparative Data - Provides employees per 1,000 population and other comparative information between the City of Columbia and up to five other cities of comparable size and activities.

Performance Measurements/Service Indicators - Provides performance information for Actual FY 1998, Budgeted FY 1999, and Estimated FY 2000 for each department.

The final section of the budget document is the Appendix. This section contains those activities which are non-departmental in character such as the Community Development Block Grant. This section also includes the Personnel Position Summary information and a Glossary.

FISCAL AND BUDGET POLICIES

The City of Columbia is a council-manager form of government. All powers of the City are vested in an elective Council which enacts legislation, adopts budgets, determines policies, and appoints the City Manager.

The City Manager is the chief executive and administrative officer of the city and is responsible to the council for the proper administration of all the city's affairs. The City Manager keeps the council advised of the financial condition of the city and makes recommendations concerning its future needs.

The fiscal year of the city begins on the first day of October and ends on the last day of September each year. The fiscal year constitutes the budget and accounting year.

REVENUE POLICY:

- ◆ The City will endeavor to maintain a diversified and stable revenue base to minimize the effects of economic fluctuations as well as eliminate an over dependence on any single revenue source.
- ◆ The City will project and update revenues annually. These revenue forecasts will be presented to the City Council prior to the beginning of the budget process.
- ◆ Departments submit their revenue estimates for the current year and projected revenue for the next year to the Finance Department.
- ◆ Revenue trends are to be examined monthly and incorporated into annual revenue forecasts.
- ◆ Revenue sources are not utilized by the City while legal action is pending.
- ◆ Monthly reports comparing actual to budgeted revenues will be prepared by the Finance Department and presented to the City Manager.
- ◆ Cash investments of the City shall be undertaken in a manner that seeks to ensure the preservation of capital in the portfolio.
- ◆ User fees and rates will be examined annually and adjusted as necessary to cover the costs of providing the services.
- ◆ The City will follow a policy of collecting, on a timely basis, all fees, charges, taxes, and other revenues properly due the City. The City will follow an aggressive policy of collecting all delinquencies due the City.

BUDGET POLICY:

- ◆ Between 120 and 180 days prior to the adoption of the budget, the City Manager shall prepare and submit to the Council a statement of the policy recommendations for programs and priorities which, in the opinion of the City Manager, will be of benefit to the city.
- ◆ The City Manager shall submit a budget to Council at least sixty days prior to the beginning of each budget year.
- ◆ Expenditures proposed in the budget for each department, office, or agency shall be itemized by character, object, function, activity, and fund.
- ◆ In no event shall the total amount of the proposed expenditures exceed the estimated income of the City.
- ◆ The City Council shall hold public hearings on the budget as submitted, at which all interested persons shall be given an opportunity to be heard.
- ◆ The City Council shall adopt the budget, by majority vote, no later than the last Monday of the month preceding the first month of the budget year. If the City Council does not take final action by this date, the budget will be considered effective as it was submitted.

- ◆ The budget shall be on record in the City Clerk's office and open to public inspection. In addition, a copy of the budget is available for view at the Columbia Public Library, University Library, University Journalism School Library, Columbia College Library, and the Stephens College Library. The budget shall also be available for viewing and/or printing on the City's website at www.ci.columbia.mo.us.
- ◆ A detailed listing of the budget calendar is found on page 5.
- ◆ The City will annually submit documentation to obtain the GFOA Distinguished Budget Presentation Award.
- ◆ After adoption of the budget, the budget can be amended via ordinance or resolution. The City Manager can submit ordinances and resolutions to the Council to increase expenditures or revenues. When the Council approves the ordinance or resolution, additional appropriations are made in the appropriate department.
- ◆ At the request of the City Manager and within the last 6 months of the fiscal year, the council may, by resolution, transfer any unencumbered appropriation balance or portion thereof from one office department or agency to another. No transfer shall be made of specified fixed appropriations.
- ◆ All appropriations shall lapse at the end of the budget year to the extent that they shall not have been expended or lawfully encumbered.

CAPITAL IMPROVEMENTS POLICY:

- ◆ The City developed a five-year program for capital improvements and updates it annually.
- ◆ The City will identify the estimated costs and potential funding sources for each capital improvement project proposal before it is submitted to the City Council for approval.
- ◆ The capital improvement program will be included in the Annual Budget. The Annual Budget will implement the first year of the capital improvement program.

FIXED ASSET POLICY:

The following fixed asset policy shall be in force commencing with fiscal year 1999. This policy is consistent with Government Financial Officers Association Recommended Practices and should be reviewed periodically and compared to recommended practices of the GFOA or other nationally recognized government finance organization.

For purposes of establishing an appropriate capitalization threshold for fixed assets the following guidelines shall apply:

- ◆ Fixed assets should be capitalized only if they have an estimated life of more than 1 year following the date of acquisition and have a purchase cost of \$1,000 or more. Items which cost less than \$1,000 and/or have a life of one year or less will be expensed upon acquisition.
- ◆ Purchase cost of a fixed asset includes freight, installation charges, carrying cases, adaptors and other items which are connected to the fixed asset and necessary for its operation or use.
- ◆ Fixed assets' capitalization threshold should be applied to individual fixed assets rather than to groups of fixed assets.
- ◆ A small tag with a fixed asset number will be issued by the Finance Department for all items that can be reasonably tagged (physically). Said tag will be affixed to the fixed asset until such time it is declared surplus property and properly disposed through the Purchasing Agent as required by City ordinance.
- ◆ Departments will notify the Finance Department of any change in location or loss of a fixed asset.
- ◆ Departments should exercise control over their noncapitalized fixed assets by establishing and maintaining adequate control procedures at the departmental level.

ACCOUNTING POLICY:

- ◆ An independent financial audit shall be made of all accounts of the city government at least annually and more frequently if deemed necessary by the City Council.

- ◆ The General Fund, Special Revenue, Debt Service, General Capital Projects, and Expendable Trust Funds will be accounted for under the modified accrual basis of accounting.
- ◆ Enterprise Funds, Internal Service Funds, and Non-Expendable Trust Funds will be accounted for under the accrual basis of accounting.
- ◆ Full disclosure will be provided in the financial statements and bond representations.
- ◆ The City will annually submit documentation to obtain the Certificate of Achievement for Excellence in Financial Reporting from GFOA.

PURCHASING POLICY:

- ◆ The purchasing division shall have responsibility for and authority to contract for, purchase, store and distribute all supplies, materials and equipment required for the operation and maintenance of offices, departments or agencies of the city.
- ◆ It shall be the policy of the City to encourage competitive business practices through public bidding or requests for proposals wherever possible and feasible.
- ◆ In evaluation bids and awarding contracts, the head of the purchasing division is authorized to give preference to recycled and environmentally preferable products according to prescribed guidelines.

DEBT POLICY:

- ◆ The City may issue general obligation bonds, revenue bonds, special obligation bonds, and short-term notes and leases.
- ◆ The City may issue refunding bonds for the purpose of refunding, extending or unifying the whole or any part of its valid outstanding revenue bonds.
- ◆ The City will limit long-term debt to only those capital projects that cannot be financed from current revenue or other available sources.
- ◆ The City will follow a policy of full disclosure on every financial report and bond prospectus.
- ◆ When the City finances capital projects by issuing bonds, it will repay the bonds within a period not to exceed the expected useful life of the projects.
- ◆ The City's policy shall be to manage its budget and financial affairs in such a way so as to ensure continued high bond ratings.
- ◆ No bonds shall be issued without the assent of the requisite number of qualified electors of the city voting thereon.

RESERVE POLICY:

- ◆ The City will calculate an unreserved, undesignated fund balance equal to 16% of expenditures for the adopted budget. These funds will be used to avoid cash flow interruptions, generate interest income, reduce need for short-term borrowing and assist in maintaining what is considered an investment grade bond rating capacity.
- ◆ Self Insurance Reserves shall be maintained at a level to protect the City against incurred and reported losses as well as those incurred but not reported and future losses within the retention.
- ◆ A contingency reserve account will be appropriated annually in the General Fund to provide for unanticipated expenditures of a nonrecurring nature and/or to meet unexpected increases in costs.

ENTERPRISE FUND POLICY:

- ◆ Enterprise funds will be used to account for the acquisition, operation, and maintenance of City facilities and services which are intended to be entirely or predominately self-supporting from user charges or for which periodic net income measurement is desirable.
- ◆ The Water and Electric department will pay into the General Fund of the City annually an amount substantially equivalent to that sum which would be paid in taxes if the water and electric light works were privately owned.

INTERNAL SERVICE FUND POLICY:

- ◆ Internal Service Funds will be used to account for the provision of goods and services by one department of the City to the other departments.
- ◆ Internal Service Funds are to be self-supporting from user charges to the respective user departments.
- ◆ Internal Service Funds are to only recover the complete cost of operations without producing any significant amount of profit in excess of the fund's requirements.

CITY MANAGER'S ANNUAL REPORT ON PROGRAMS AND PRIORITIES

*(Obtained from the City Manager's Annual State of the City Address
June 1999)*

ANNUAL STATE OF THE CITY ADDRESS OPENING REMARKS

Our Columbia Charter provides that the City Manager submit an annual report on the city's "programs and priorities" for the next fiscal year. Today, I will briefly discuss the state of our city followed by a detailed list of programs and priorities.

Our city continues to grow at a rate of 1-1.5% and continues to experience a strong economy. We are a city of about 79,000 population with 35,909 households within a geographic area of about 52 square miles. Our unemployment rate is one of the lowest in our state. Columbia is in sound financial condition, as evidenced by our bond rating and low interest rate paid for money borrowed. Our city levies an exceptionally low property tax for operating purposes, a reasonable sales tax rate (1.75%) and competitive utility rates and other fees used to support our local government.

Columbia is what I have frequently termed a "full-service city", which allows our mayor and six councilpersons to set priorities and direction for our city. Your city government not only provides traditional services; such as public health and safety, street operations, controlled development and others, but it also provides many utility, transportation and other services that may not be provided by other city governments. I believe this is a major strength of our city, since our city council can coordinate the zoning and approval of plats for property and assure all streets & utilities are provided on a timely basis for a project or neighborhood.

Our annual budget for each of those activities are combined together into an overall city budget. Our full-service city's current operating budget is about \$126 million with over 1,000 full-time employees. With its' adoption by the city council, the budget becomes our blue print for implementing programs and projects. Next year's budget will be submitted to the City Council about August 1 for Council review and adoption by October 1.

Columbia continues to be ranked as one of the best places to live, work, raise a family, and retire. Columbia is a great city because the values of its residents, when translated into public policies and actions by their elected officials, have created an excellent livable city. Our city is served by professional, hard-working employees who are dedicated to our city. Many volunteer hours are contributed by our mayor and city council, boards and commissions, citizen task forces and others to help insure we maintain our high standards.

Columbia must continue to plan for what we want our city to be in five, ten, twenty years and beyond. We must keep our comprehensive plan current to grow into, regardless of the rate of growth for any given year. We need to make sure that growth and development occur in an orderly fashion, preferably where infrastructure exists or can economically be provided to support it.

Our priorities should include serving all our residents regardless of economic status. Special emphasis should be given to those programs that provide resources such as transportation, day care centers, affordable housing and recreation to those residents unable to be served by the private sector alone.

I have prepared a listing of highest priority issues and programs that I will discuss in some detail. Also, each city department has a listing of programs and projects that I am suggesting be addressed this coming year. Due to the limited time available, I plan to comment only on priority items of these departments. Some of the major accomplishments during the past year will be briefly discussed; however, a more detailed listing is shown in this document. The priorities discussed today will serve as a potential listing of the general direction of the city for the coming years that your city council will consider.

I want to thank the city council and city staff for information provided and for their assistance in preparing this annual report.

Copies of the report for those wishing to see it in its entirety are being made available at the Columbia Public Library, on the city's webpage (www.ci.columbia.mo.us) and members of the press.

Most Important Issues

- ◆ UPDATE CITY COMPREHENSIVE PLAN
- ◆ MAINTAIN & STRENGTHEN OUR CENTRAL CITY
- ◆ PLAN FOR ORDERLY GROWTH OF OUR CITY
- ◆ CONTINUE TO PROVIDE INFRASTRUCTURE ON A TIMELY BASIS.
- ◆ CONTINUE TO DELIVER SERVICES & PROGRAMS IN A TIMELY & COST EFFECTIVE MANNER.
- ◆ PROVIDE FOR COMMUNITY RESOURCES.

Priority Issues 1999

1) UPDATE CITY COMPREHENSIVE PLAN

- ◆ Provide for more generalized land use categories and develop guidelines for decision making - *Metro 20/20 Plan*.
- ◆ Provide for coordination of the overall plan with County land use planning, particularly in the metro area (city/county area) and the area around the airport.
- ◆ Incorporate our newly adopted transportation plan with the new metro plan and with public facility plan; such as, schools, recreation facilities, fire stations etc.
- ◆ Work with Department of Transportation on major investment study for 740/I-70, and all future alternatives to I-70.
- ◆ Update city consolidated plan, including the housing plan.

2) MAINTAIN AND STRENGTHEN OUR CENTRAL CITY

- ◆ Continue to pursue downtown attractions to bring a "stream of tourists and visitors" to the central business district. Examples include educational and museum type activities; such as, Health Adventure Center, J.W. "Blind" Boone Home, MKT Trailhead and a future arts center. These could be supported through a future museum district.
- ◆ Complete the renovation of the 8th & Cherry garage (projected for completion Fall '99). Review future parking needs north of Broadway.
- ◆ Continue downtown improvement plan with additions such as intersection and sidewalk reconstruction, planters, trees and other amenities.
- ◆ Complete traffic improvements.
- ◆ Support enhancements to central city entrances - Providence/Broadway, east Broadway (Stephens area), etc.

3) PLAN FOR ORDERLY GROWTH OF OUR CITY

- ◆ Plan for and extend city boundaries in a timely manner
- ◆ Continue voluntary annexation policy.
- ◆ Complete agreement with Water District #4. City has agreements with all other surrounding water districts.
- ◆ Continue implementation of waste water policy with preannexation agreements and agreements with the regional sewer district.
- ◆ Promote orderly growth from inside outward.
- ◆ Plan opportunity for voter approved annexation.

4) CONTINUE TO PROVIDE INFRASTRUCTURE ON A TIMELY BASIS.

- ◆ Transportation - streets, highways, traffic control, parking, transit, sidewalks, trails.
- ◆ Utilities - water, wastewater, electric, stormwater, solid waste (landfill).
- ◆ Provide more indoor activities for our youth and families; such as, completing armory building upgrade, pursuing new community recreation center at the old fairground property (already owned by the city).
- ◆ Provide for city administrative space, particularly for Water & Light and Public Health. Planning these offices should be in conjunction with a master plan of City Hall (Daniel Boone Building), which should be expanded in the half block just south of the parking plaza.
- ◆ In April 1997, voters approved a water & electric ballot issue and in November 1997 voters approved a wastewater ballot issue. These projects are underway and must be completed on a timely basis.
- ◆ Strengthen partnership for highway planning/funding between city/county/state and developers.

5) CONTINUE TO DELIVER SERVICES & PROGRAMS IN A TIMELY & COST EFFECTIVE MANNER.

- ◆ Complete comprehensive citizen survey on a regular basis to address citizen concerns and measure citizen satisfaction.
- ◆ Ensure Y2K planning and implementation strategy is successful.
- ◆ Utilize new technology where cost effective.

6) PROVIDE FOR COMMUNITY RESOURCES

- ◆ Assure funding to maintain, operate and elevate city projects/programs for which adequate funding has not been identified.
- ◆ Consider ballot issues in 1999/2000 to finance unfunded projects; such as, streets; bridges; sidewalks; busses; fire station/equipment/staffing; community center; parks and greenbelt; and, administrative offices. (Consider extending 1/4% sales tax and issuing general obligation bonds with same property tax rate).
- ◆ Expand & promote city partnerships with both private & public agencies to leverage use of city funds (MoDOT, county, developers, institutions, & others).
- ◆ Promote the Columbia Trust to assist in financing city projects & programs to elevate the quality of life of our city through increasing special gifts.
- ◆ Continue promoting our growing volunteer program.
- ◆ Work with state & federal legislative delegation to take advantage of state/federal grants and programs.
- ◆ Continue to support diverse economic development & participate with Regional Economic Development, Inc., C &VB and the Chamber of Commerce.

PROGRAMS AND PRIORITIES FOR 1999-2000

PUBLIC SAFETY

Programs & Priorities:

- ◆ Begin renovation on Police & JCIC Building, and plan for future additional public safety space.
- ◆ Build, equip & staff at least one new fire station.
- ◆ Complete installation of MDCs for Police & Fire Department.
- ◆ Finalize implementation of COMPSTAT which provides analytical assessment of crime problems.
- ◆ Continue emphasis on Community Policing philosophy throughout the city.
- ◆ Obtain federal grant to implement school resources officer program.

Accomplishments:

- ◆ Established Community Councils in each district with community members from each zone represented. Provided intense Community Policing training for every member of the agency.
- ◆ Last year crime rate declined over 13% which was twice the national average; clearance rates were more than twice the national average.
- ◆ Completion of the live burn building at the Fire Training Academy.
- ◆ Analyzing the product and plan to award bid shortly for a total of 18 defibrillator. Boone Hospital, Med Center and Columbia Regional each donated \$5,000 toward purchase.
- ◆ Demonstrated the integrated teamwork of city departments during the November 98 tornado response and cleanup.
- ◆ Completed future fire station location planning.
- ◆ Retrofitted fire stations with fire alarm systems.
- ◆ Replaced 1972 foam carrying apparatus with state-of-the-art foam delivery truck.

HEALTH DEPARTMENT

Programs & Priorities:

- ◆ Complete plans for larger Health Department facilities.
- ◆ Continue assessing community health needs through the Community Health Report Card.
- ◆ Revise/update swimming pool ordinance; Revise food service ordinance and code.
- ◆ Continue close cooperation with Family Health Center.
- ◆ Expand Animal Control operations into evening hours.

Accomplishments:

- ◆ Completed internal audit of County Health Department costs for services.
- ◆ Participated in the 1998 reassessment of Boone County Health and Behavioral Needs assessment.
- ◆ Hired new Director of Public Health.
- ◆ Completed second year as fiscal agent of the Boone County START program - provides comprehensive services to sexual assault victims in Boone County.
- ◆ Provided Hepatitis A vaccine to over 1,100 Columbia and Boone County children as a part of a pilot school based

immunization program.

- ◆ Began school based immunization of middle school, junior high, and high school children for Hepatitis B, vaccinating over 700 children in this program alone.

JOINT COMMUNICATIONS INFORMATION CENTER (JCIC)

Programs & Priorities:

- ◆ Purchase new JCIC communication consoles approved by voters.
- ◆ Relocate JCIC operations as part of building renovation.
- ◆ Continue radio system upgrade program for emergency dispatch.

Accomplishments:

- ◆ Purchased Medical Priority Dispatch software to assist victims during medical emergencies.
- ◆ Purchased and installed a new 64 channel telephone and radio logger.
- ◆ Initiated a monthly training program and established a JCIC User's Group Committee whose purpose is to address and resolve problem areas at the operations level.

PARKS & RECREATION

Programs & Priorities:

- ◆ Complete Bear Creek Trail Phase I through IV and Hinkson Creek Trail Phase I and II.
- ◆ Renovate the old Armory Building to include making the facility fully ADA compliant.
- ◆ Community recreation center to provide indoor recreation.
- ◆ Complete development of Westwinds and Rothwell Heights neighborhood parks.
- ◆ Complete construction of MKT Trailhead project at the corner of 4th/Cherry Streets.
- ◆ Initiate planning process to develop a Master Plan for the Garland Russell property which was donated to the city.
- ◆ Continue ADA plan for renovation of park facilities.
- ◆ Acquire neighborhood park sites, shown in master plan and ballot issue.
- ◆ Complete construction of Rhett Walters' Memorial Mountain Bike Trail in the Columbia Cosmo Rec area.
- ◆ Begin development of Dublin Avenue Neighborhood Park.
- ◆ Construct hard surface walking trail, approx 1 mile in length, in Cosmo Park.
- ◆ Complete plan for Field School Park.

Accomplishments:

- ◆ Completed Phase I and Phase II construction of Rock Quarry Park.
- ◆ Completed renovation of existing 50 meter Oakland Pool and constructed a new zero depth & family play pool.
- ◆ Completed construction of the Skateboard and roller Hockey Park in Cosmo Park.
- ◆ Completed 3-year program of replacing older playground equipment in order to meet current safety standards.
- ◆ Aquatics Staff received the 1998 Gold National Safety Award.
- ◆ Acquired Field Neighborhood Park site and initiated development planning process.
- ◆ Installed 200' of walkway in Nifong Park; Provided ADA access to Maplewood Barn Theater in Nifong Park.
- ◆ Established an Adapted Youth Sports Program which has been successful in providing basketball, t-ball and soccer for individuals with developmental disabilities.
- ◆ Community Recreation staff developed and continues to expand the new Frederick Douglass Little League Program.
- ◆ Planned and coordinated Arbor Day Celebration. Received Tree City USA Award for second straight year.
- ◆ Started a Start Smart Sports Skills 8-week program for pre-school children. Program was designed to teach basic motor skills necessary for sports participation.
- ◆ Initiated three clubs in three middle schools called TREND - Turning Resources and Energy in New Directions. Clubs are designed to promote positive activities for teens.
- ◆ Worked with Mayor's Rec Center Committee to complete community need assessment for a recreation center.

WATER & LIGHT

Programs & Priorities:

- ◆ Continue to participate in the legislative process on deregulation issues in the electric industry.
- ◆ Implemented Y2K task force which has set a goal to have the water and electric utility Y2K ready by mid-summer 1999.
- ◆ Build new water mains to complete connections to merged Water District No. 1 and No. 2.

- ◆ Continue working to complete the ties with Water District #2; Continue engineering work at NE corner of Water District #2.
- ◆ Develop a business plan for conduct of business in a deregulated and restructured electric industry.
- ◆ Continue to work on Retail Competition with Missouri Public Service Commission task force, the State Legislature and an internal restructuring committee.
- ◆ Highway construction and associated utility relocations including Rt. B, Rt. AC, Oakland Road, and Brown Station Road.

Accomplishments:

- ◆ Completed a territory agreement with Consolidated Water District #1 including final approval from the Missouri Public Service Commission.
- ◆ Completed fiber optic installation and began service to MU and the School District.
- ◆ Completed the Blue Ridge electric substation, and additions to the Harmony Branch, and Perche Creek substations.
- ◆ Received the Tree Line USA award for second year in a row. Received national awards for video production.
- ◆ Completed the merger with Water District #2, installed interconnections and began service to the customers. Began construction of additional improvements in the area.
- ◆ Relocated electric and water lines for Route B improvements from Highway 63 interchange north to north city limit.

STREETS, HIGHWAYS & SIDEWALKS

Programs & Priorities:

- ◆ Establish financial plan for future street and bridge projects.
- ◆ Construct signalized intersections at Forum/Nifong and Bethel/Nifong.
- ◆ Construction of Oakland Gravel Road, Brown Station Road (Route B to Starke Ave) Sunflower Street, Grant Lane, Scott Blvd. - Current Avenue
- ◆ Emphasis on neighborhood traffic calming projects.
- ◆ Complete downtown intersection improvements.
- ◆ Continue annual sidewalk program to fill in gaps in existing sidewalk networks.
- ◆ Complete design of Ash Street Sidewalk; Clinkscates Rd to West Blvd and acquire right of way.

Accomplishments:

- ◆ Completed Forum Blvd & Stadium project including pedestrian connection to Westwind.
- ◆ Completed West Broadway sidewalks - sidewalks on Bus Loop 70, Berrywood, Worley and Smiley Lane Bridge.
- ◆ Completed Ashland Road Bridge Rehabilitation.
- ◆ Completed traffic calming projects at 10/Rogers intersection; Soccer Fields by Fairview School.
- ◆ Development of future AC project in conjunction with MoDOT.
- ◆ Completed Rt. B, US 63 Overpass to north city limits and Clark Lane (Rte PP) with city advance funding.

PROTECTIVE INSPECTION

Programs & Priorities:

- ◆ Complete implementation of computer software programs to provide better record management and reporting capabilities.
- ◆ Continue efforts to improve communications with builders and landlords regarding code changes and enforcement policies.

TRANSPORTATION (Transit)

Programs & Priorities:

- ◆ Acquire replacement busses.
- ◆ Continue installation of benches and shelters on fixed routes.
- ◆ Develop grant application and get approval for renovations at Wabash Station.

Accomplishments:

- ◆ Continue increasing ridership which continues to increase at about 16% every year.

AIRPORT

Programs & Priorities:

- ◆ Provide timely support for Ozark Air Lines, Inc..
- ◆ Construct lead out ramp to main runway and extend apron for Ozark Airline.
- ◆ Enhance appearance of the main terminal.
- ◆ Emphasis on marketing and development of general, corporate, and other aviation related uses of airport.

Accomplishments:

- ◆ Completed access apron project for Airborne Express in 1998.

PARKING

Programs & Priorities:

- ◆ Complete reconstruction of 8th & Cherry parking garage, thus completing downtown parking program begun in 1995.
- ◆ Develop and implement performance monitoring systems to evaluate utilization of parking facilities and levels of revenues.
- ◆ Continue working with SBD on downtown parking issues.

Accomplishments:

- ◆ Completed construction and dedication of 6th & Cherry parking garage.

WASTEWATER

Programs & Priorities:

- ◆ Implementation of 5-year plan - construct Bearfield subdivision sewer, begin construction of Wetland Unit #4, begin construction of Cow Branch sewer in north central Columbia, a newly annexed area.
- ◆ Complete Wetland Unit #3 flood relief structure utilizing FEMA funding.

Accomplishments:

- ◆ Began construction of a major sanitary sewer in SW Columbia in accordance with city policy. (80 acre point).

STORM WATER UTILITY

Programs & Priorities:

- ◆ Construct Again-Worley, Glen Eagle and Hamlet projects.
- ◆ Under construction - Rockbridge Subdivision Drainage Improvements.
- ◆ Acquiring Right of Way for Parklawn Court and Defoe Drive Drainage Improvements.

Accomplishments:

- ◆ Completed design of Rock Bridge Mill Creek project.
- ◆ Completed Garth Sexton drainage improvement - major storm water utility project.
- ◆ Completed design of Hamlet storm drainage project and arrived at cost sharing agreement with homeowners association.
- ◆ Completed public hearing for Alton Street Drainage Project - CDBG funds.

SOLID WASTE

Programs & Priorities:

- ◆ Began implementation of city resources recovery center.

Accomplishments:

- ◆ Completed implementation of commingled blue bag recycling program.
- ◆ Plan approved by MDNR to install additional gas monitoring and extraction wells and additional groundwater monitoring wells at landfill.

CULTURAL AFFAIRS

Programs & Priorities:

- ◆ Reformat and place the local artists registry on-line.
- ◆ Complete and begin implementation of the strategic plan, Creative Columbia: through 2000 and beyond.
- ◆ Produce a comprehensive marketing plan.
- ◆ Continue current programs for: Funding local arts organizations, technical assistance for artists and arts

- organizations, outreach activities such as Arts Express, the monthly newsletter.
- ◆ Continue planning and staffing existing programs including the Fall Festival of the Arts and the Percent for Art Program.

Accomplishments:

- ◆ Completed a Percent for Art Program for Oakland Pool; 8th/Cherry Parking garage art project is underway.
- ◆ Developed Creative Columbia: through 2000 and beyond, as a strategic plan for the Office of Cultural Affairs.
- ◆ Secured grants for the Public Art Promotion and Preservation.
- ◆ Produced a Public Art guide.
- ◆ Reformatted Arts Express to make more friendly and reduce costs.

COMMUNITY SERVICES

Programs & Priorities:

- ◆ Monitor federal welfare reform and its impact on Columbia.
- ◆ Continue working with Columbia/Boone County Community Partnership to develop a comprehensive coordinated community planning process for the delivery of health and human services.
- ◆ Significant issues include access to health services, workforce development and employment, child care, and the ability to meet the basic needs of shelter, food, and transportation.
- ◆ Continue working with Community Child Care Consortium in developing quality child care systems.

Accomplishments:

- ◆ Provided \$723,675 in social service funding to local agencies.
- ◆ Worked with other community organizations to conduct a comprehensive health and human needs assessment for Boone County.
- ◆ Secured emergency grant shelter funding (\$75,000 in FY99) to assist the homeless in our community.
- ◆ Supported the development of the Columbia/Boone County Community Partnership.
- ◆ Supported the implementation of the Caring Communities Program.

CONVENTION & VISITORS BUREAU

Programs & Priorities:

- ◆ Secure funding for the implementation of the approved CVB Master Plan.
- ◆ Increase the number of national conventions and events held in Columbia.
- ◆ Continue to work with Mid-Missouri Tourism Council to expand cross-marketing opportunities.
- ◆ Sustain and increase visitor patronage of Columbia's arts and entertainment offerings especially during low meeting times.
- ◆ Assist with development and marketing of a vision for historic/cultural district in downtown Columbia.

Accomplishments:

- ◆ CVB Master Plan approved by City Council.
- ◆ Katy Central Program recognized as best cooperative marketing program in Missouri which promotes use of Katy Trail.
- ◆ First quarter 1999 convention room nights show an increase of 3,800 room nights over same period 1998. Figures reflect conventions serviced by CVB and do not include other visitors.
- ◆ Began Research for Exposition Marketing Program.
- ◆ Completed first year of cooperative research program with Cultural Affairs to determine visitor profiles, origins and expenditure patterns.

DOWNTOWN IMPROVEMENT

Programs & Priorities:

- ◆ Complete MKT Trailhead Project at the corner of Fourth & Cherry streets (Flatbranch Area).
- ◆ Convert electric lines from overhead to underground in the downtown area from 5th to 8th between Locust and Elm.
- ◆ Add two additional planters and crosswalks along Broadway.

Accomplishments:

- ◆ Converted electric lines from overhead to underground in the downtown area of the 6th/Cherry parking garage.

GROWTH MANAGEMENT PLANNING**Programs & Priorities:**

- ◆ Work with County Commission to implement standard utility and development policies for an urban service area.
- ◆ Continue voluntary annexation and review needs for city initiated annexation, where necessary for efficient and orderly extension of city sewers, roads and services.
- ◆ Continue to negotiate cooperative agreements with service providers adjoining Columbia.
- ◆ Adopt urban service area with County Commission.

Accomplishments:

- ◆ Consolidated Water District #1 agreement.
- ◆ Formal agreements have been completed with all water districts, except for #4; Rural Electric Cooperative (REC); Fire District; and several with County and Sewer District.

ECONOMIC DEVELOPMENT**Programs & Priorities:**

- ◆ Continue to assume a leadership role in Workforce Development efforts.
- ◆ Recruitment of companies that are compatible with our community.
- ◆ Support Ozark Airlines startup.
- ◆ Complete REDI Web Page.
- ◆ Support MU's technology transfer programs.
- ◆ Continue coordination with Chamber to strengthen comprehensive business retention program.

Accomplishments:

- ◆ Received a state workforce development grant for Boone Works.
- ◆ Ongoing public relations and marketing activities to diversify city's economic base.
- ◆ Secured two State CDBG Infrastructure grants for Ozark Airlines and ABC Laboratories.
- ◆ Secured American Economic Development Council's reaccreditation.

PLANNING**Programs & Priorities:**

- ◆ Finalize Metro 2020 Community Structure Plan.
- ◆ Complete 5-year Housing Plan.
- ◆ Continue voluntary annexation and urban service area efforts.
- ◆ Begin review and revisions to zoning ordinance, per Council directives.
- ◆ Update Major Thoroughfare Plan.
- ◆ Update local transportation planning efforts resulting from TEA-21.
- ◆ Begin bicycle/pedestrian plan update with Bike/Pedestrian Commission.
- ◆ Assess impacts of possible cuts in CDBG and HOME programs.

Accomplishments:

- ◆ Completed numerous voluntary annexations to the city.
- ◆ Prepared "Walkable Columbia" report, a guide to policies for improving pedestrian opportunities.
- ◆ Supported affordable housing by providing down payment assistance to approximately 60 buyers and housing renovation projects.
- ◆ Completed several amendments to our development regulations, including the communication tower ordinance, adult entertainment, landscaping, historic preservation, scenic roads.
- ◆ Prepared new Rt. AC land use plan guidelines.
- ◆ Implemented new financial management system with HUD.
- ◆ Adopted Historic Preservation Ordinance.

INFORMATION SERVICES

Programs & Priorities:

- ◆ Ensure Y2K issues have been addressed.
- ◆ Design and develop enhanced City Web Page (on-line transactions).
- ◆ Select and implement computer output to compact disk, document imaging and work flow systems.
- ◆ Continue to upgrade the microcomputer network from token ring to Ethernet.

Accomplishments:

- ◆ City Home Page is fully implemented on the internet except on-line transactions.
- ◆ Began development of the data warehouse structure.
- ◆ Implemented software system for the City Clerk's office and Municipal Court.
- ◆ Restructured IS department to include three supervisor positions for more efficient management of daily operations.

FINANCE

Programs & Priorities:

- ◆ Complete Y2K testing of the HTE software packages.
- ◆ Implement budget billing, late penalties and expanded hours for Utility customer Services.
- ◆ Complete Sanitary Sewer State Revolving Loan and Revenue bond transactions.
- ◆ Continue phone upgrade features to provide more responsive service to utility customers.

Accomplishments:

- ◆ Received GFOA's Distinguished Budget Award for the second year and Certificate of Achievement for Excellence in Financial Reporting for the 19th year.
- ◆ Continued enhancements to the budget process which includes assisting the internal auditor's review of certain interdepartmental fees and charges.

INTERNAL AUDIT

Programs & Priorities:

- ◆ Continue reviews of management policies and procedures, systems of control, and computerized operating systems.

Accomplishments:

- ◆ Conducted internal analysis of Health Department financing.
- ◆ Completed reviews in various areas and performed preliminary surveys for reviews to be accomplished.
- ◆ Communicated results of internal audit activity to management and other government officials.

VOLUNTEER SERVICES

Programs & Priorities:

- ◆ Develop a proposal to evaluate volunteer programs using feedback from staff, Council and volunteers.
- ◆ Increase public awareness of charitable donations to the City of Columbia through the Columbia Trust Fund.
- ◆ Develop one new volunteer program.
- ◆ Continue to recruit and place volunteers with City Departments and special events.
- ◆ Continue to expand beautification Adopt a Spots.

Accomplishments:

- ◆ Developed and initiated Columbia Trust for general and specific projects/programs to enhance our quality of life.
- ◆ Secured corporate sponsor and organized citywide volunteer recognition event.
- ◆ Added additional Adopt a Spots locations --Forum/Stadium, Bear Creek Parking lot, 10th/Rogers, and expansion of Stadium planting.

HUMAN RESOURCES

Programs & Priorities:

- ◆ Develop overall compensation/benefit strategy that provides stable benefits to employees and controls costs to the City.
- ◆ Implement salary and benefit surveys to use in development of annual wage and benefit package.
- ◆ Implement internal procedures for monitoring benefit plan and budgets.

- ◆ Continue development of city-wide training program.
- ◆ Place forms, brochures and other appropriate HR information on the City Intranet for more efficient employee access, information and use.
- ◆ Review current labor negotiations process and recommend changes if needed.
- ◆ Review and recommend revisions to Chapter 19.

Accomplishments:

- ◆ Hired new Human Resources Director
- ◆ Assumed responsibility for management of the Employee Benefits Fund, and health/dental, life and long-term disability insurance programs.
- ◆ Implemented change in health/dental insurance eligibility for new employees.
- ◆ Implemented procedures for providing some City benefits to designated part-time temporary positions.
- ◆ Developed and implemented new service and retirement award program.
- ◆ Placed City Application for Employment and added job vacancy announcements to HR section of City web page.
- ◆ Developed and implemented new process for reclassification and upgrade reviews of job classifications in order to integrate more effectively with the budget development cycle.

OTHER ISSUES

Programs & Priorities:

- ◆ Determine alternatives for meeting future space needs for administrative offices and the Water & Light Department.
- ◆ Complete renovation of City Hall lobby working with Council appointed lobby committee.
- ◆ Continue program with Health Adventure Center for museum/education facility in Central Business District.

Overall Budget Summary

GENERAL FUND REVENUES:

The City of Columbia receives revenues from a number of sources, including Property Taxes; Sales Taxes; Other Local Taxes; PILOT; General and Administrative (G&A) Fees; Grants; Interest Revenue; Transfers; Franchises, Licenses and Permits; Fines, Fees, Service Charges, and Misc; and Appropriated Fund Balance.

Some of the City's major revenue sources include: Sales Taxes, Transfers, PILOT, Other Local Taxes, and G&A Fees.

- ◆ **Sales Taxes:** A general sales tax is levied on all persons selling tangible personal property or rendering taxable services on a retail basis within the City limits. The City's General Fund receives 91.80% of 1% of gross retail receipts and 8.2% goes to the Public Improvement Fund. Sales tax revenues are projected to grow at a rate of 4.0% over estimated FY 1999. Because of the significance of the funding source, this area will be monitored closely.
- ◆ **Transfers:** Several different funds of the City transfer amounts into the General Fund. The largest transfer comes from the Transportation Sales Tax Trust Fund. The City of Columbia collects a ½% sales tax that is to be used for transportation purposes. Part of this sales tax is transferred into the City's General Fund. The General Fund uses this revenue to fund street and sidewalk related expenses. The transfer amount from Transportation Sales Tax Fund increased 15.5% over estimated FY 1999 because the amount needed for the Public Transportation subsidy decreased which allowed more funds to be transferred into the General Fund.
- ◆ **PILOT:** (Payment-In-Lieu-Of-Taxes) The Water and Electric Fund pays the General Fund annually an amount substantially equivalent to the 7% gross receipts taxes which would be paid if the utilities were owned privately. PILOT payments are projected to grow at 2.3% over estimated FY 1999 based upon recent growth trends.
- ◆ **Other Local Taxes:** These include the gasoline tax, cigarette tax, motor vehicle taxes, and gross receipt taxes from General Telephone Company, Union Electric, and Boone Electric.
 - ◇ The Gasoline Tax provides for the construction and maintenance of highways. As provided by state law, the gasoline rates have been increasing 2 cents per gallon every two years. The rate increased to 17 cents per gallon on April 1, 1996, the last year of the state approved increase. A 2.9% over estimated FY 1999 growth is anticipated for FY 2000.
 - ◇ The Cigarette Tax Rate is 10 cents per package. The tax is collected on each package by the wholesaler. A 4.7% growth over estimated FY 1999 is projected for this revenue.
 - ◇ The City's portion of the Motor Vehicle Sales Tax is 1½ cents per \$1.00 vehicle cost. The City also receives a part of the license plate fee which is approximately \$12.50.
 - ◇ The Gross Receipts Tax Rate is 7% of gross receipts. This tax is collected from General Telephone Company, Union Electric, and Boone Electric. Grown at 2% for Union Electric and and 4% Boone Electric based on historical trends.
- ◆ **General and Administrative Fees:** (G&A) The City charges proportionately for all services performed by General Fund departments for enterprise, internal services, and other City funds. The charges are computed on the basis of an estimated allocation of time the various City departments contribute for servicing these funds. Minor adjustment were made to the allocation methodology for FY 2000. Amount allocated is based on actual FY 1999 personnel cost projected to FY 2000.

FY 2000 budgeted revenues exceed FY 1999 estimated revenues by \$1,737,035 or 4.1%.

ENTERPRISE FUNDS:

The City of Columbia has ten enterprise funds that generate a total of \$102,506,882 in revenues, and \$93,310,659 in expenses (not including capital additions or capital project amounts). The City provides the following utilities to its citizens: electric, water, storm water, sewer, and solid waste collection. The city's other enterprise activities include Railroad, Public Transportation, Regional Airport, Parking, and Recreation Services.

Some of the City's major enterprise revenue sources include: Sales of Electric and Water, Solid Waste Collection Charges, and Sewer Charges.

- ◆ **Sale of Electric:** There are approximately 33,200 customers that receive electricity from the City's Power Plant. The major sources of electric revenue are as follows: Residential Sales (36%), Commercial and Industrial Sales (51%), and Sales to Public Authorities (10%). Electric rates are proposed to decrease 2% for residential, 3% for commercial, and 5% for large general service and industrial customers. This rate decrease equals approximately \$2.1 million in revenues to the Electric Utility.
- ◆ **Sale of Water:** There are 31,000 customers that receive water from the City. There is a 2% increase proposed for FY 2000 which was planned for in the 1997 bond issue passed by voters. This increase equals approximately \$175,000 to the Water Utility.
- ◆ **Solid Waste Collection Charges:** There are 32,000 Solid Waste utility accounts served by the City. The average residential rate per month is \$9.85. Revenue generated from both residential and commercial collection charges amounts to about 40% of the total refuse revenues. Landfill fees, which are \$32.50/ton amount to 17% of total revenues. There are no rate increases proposed for FY 2000.
- ◆ **Sewer Charges:** There are approximately 31,000 sewer utility customers. There is no rate increase proposed for FY 2000.
- ◆ **Recreation Services Fund:** Provides various recreational services for which participants are charged fees. Small fee increases are proposed for FY 2000.

FY 2000 revenues are forecasted to exceed FY 1999 estimated revenues by \$1,537,424, or 1.5%.

All revenue sources continue to grow at rates similar to the past few years. There are no substantive areas in which revenues are anticipated to decrease.

Enterprise Fund Revenues By Fund

INTERNAL SERVICE FUNDS:

The City of Columbia has seven internal service funds that generate a total of \$17,639,281 in revenues and \$18,029,411 in expenses (not including capital addition and capital project amounts). These seven funds include: Utility Customer Services Fund; Information Services Fund; Public Communications Fund; Custodial and Maintenance Services Fund; Fleet Operations Fund; Self Insurance Reserve Fund; and Employee Benefit Fund. Internal Service Funds, by definition, provide goods and services to other city departments on a cost reimbursement basis.

The City's major internal service fund revenue sources include: Fleet Operations Revenue, Utility Customer Service Charges, Information Services Fees, Employee Benefit Fund revenues, and Self Insurance Reserve Fund revenues.

- ◆ **Fleet Operations Revenue:** The Fleet Operations Fund provides equipment maintenance and repair operation for Public Works and other user departments. Departments are charged a shop labor rate of \$38.00/hour. No rate increase is proposed for FY 2000.
- ◆ **Utility Customer Services Charges:** The Utility Customer Services Fund charges various city departments for billing the following types of utilities: water, electric, sanitary sewer, solid waste, and storm water. The FY 2000 charges reflect a decrease over estimated FY 1999 as a result of the changes that occurred in Intragovernmental charges to this fund.
- ◆ **Information Services Fees:** A reallocation of IS charges were assessed for FY 2000. The fees more accurately reflect usage of the AS/400 and number of computer workstations for all departments. The FY 2000 expense charges reflect a 5.5% increase over estimated FY 1999.
- ◆ **Employee Benefit Fund:** This fund is used to account for the City of Columbia's self insurance program for health, disability, and life insurance for covered city employees. Beginning in FY 2000, charges for Employee Health (which consist of physicals, drug testing, Hep B shots etc.) will be reflected in the Employee Benefit Fund.
- ◆ **Self Insurance Reserve Fund:** This fund is used to account for the reserves established and held in trust for Special Obligation Bonds issued for the city's self insurance program, and to account for the payment of property and casualty losses, and uninsured workers' compensation claims.

The rates charged to the user departments are adjusted, as needed, to cover the costs of providing the goods and services. An initial rate is set at the beginning of the budget process and then it is reviewed during the budget process to ensure that the Internal Service Funds are able to recover their operating costs.

GENERAL FUND SUMMARY

Fund 110

FUND DESCRIPTION

The General Fund is used to finance and account for a large portion of the current operating expenditures and capital additions (not capital improvements) of City Government. The General Fund is one of the largest and most important of the City's funds because most governmental programs (Police, Fire, Public Works, Parks and Recreation, etc.) are generally financed wholly or partially from it. The General Fund has a greater number and variety of revenue sources than any other fund, and its resources normally finance a wider range of activities.

DEPARTMENT EXPENDITURES

	Actual FY 1998	Budget FY 1999	Estimated FY 1999	Adopted FY 2000

**CITY GENERAL EXP - SUBSIDIES &
OTHER NON-DEPARTMENTAL EXP.**

110-8500

DEPARTMENT DESCRIPTION

City General is the part of the budget where non-departmental expenditures are located. These include various subsidies and transfers as well as other items which are not related to a specific department.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Subsidies have been increased from the FY 1999 level for the Cultural Affairs Fund and Contributions Fund. The subsidy for Public Transportation and Airport are no longer processed thru the General Fund. They will now go directly from the Transportation Sales Tax Fund to the respective funds. The Storm Water Utility will no longer receive funding from the General Fund. \$25,000 has been set aside as Council Reserve to use and still maintain a 16% Fund Balance. A transfer of \$20,000 to the Public Communications Fund is for making improvements to the City's Web Page and \$10,000 in Misc. Non-programmed is for Grant Writing Services.

DEPARTMENT DESCRIPTION

The Mayor and City Council act as the legislative and policy making body for the City of Columbia. Operating under a home rule charter, the Council uses various voluntary citizen boards, commissions, and task forces as well as public hearings in the development of City policy matters. According to the City Charter, the City Council is responsible for the appointment of the City Manager, City Clerk, and Municipal Judge.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Funds are included in the budget to cover the cost of services of an interpreter for the hearing impaired at City Council meetings. This is in compliance with the Americans with Disabilities Act. Additional funds were also included in the budget for Boards and Commissions.

DEPARTMENT DESCRIPTION

The City Clerk's office serves as the depository for all official records of the City, and the Clerk certifies City records for the courts, City departments, and citizens. The Clerk's office serves as a center for citizen inquiry, proclamation preparation and signing, and personal appearance requests. The Clerk maintains membership rosters for all boards and commissions. The City Clerk also acts as secretary to the Board of Adjustment.

DEPARTMENT OBJECTIVES

Maintain and provide access to official city documents in the most expedient and efficient manner; and to expeditiously respond to the citizenry, City Council, Boards and Commissions, and city staff requests for services as provided by this department.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

There are no significant changes in this budget for the coming year.

DEPARTMENT DESCRIPTION

The City Manager's Office is responsible for the general administration of the City of Columbia, program coordination and development, preparation of agendas and special staff reports, and an annual statement of city programs and priorities. As chief administrative officer, the City Manager is directly responsible to the City Council for all operations of the City as well as implementation of policies and programs adopted by the Council. The City Manager appoints all officers and employees of the City except for the City Clerk and Municipal Judge. Appointment of subordinates is generally delegated to the appropriate Department Director.

DEPARTMENT OBJECTIVES

(1) Provide effective and efficient delivery of services to residents; (2) Enhance communication with City Council and citizens; (3) Provide necessary written and verbal information for City Council to assist them in setting policy for the needs of the citizens; (4) Respond to inquiries made by the City Council and citizens; (5) Prepare and monitor annual budget for city services; and (6) Implement policies set by action of the City Council.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

There are no significant changes in this budget for the coming year.

FINANCE DEPARTMENT - SUMMARY

DEPARTMENT DESCRIPTION

The Finance Department is responsible for the administration, direction, and coordination of all financial services of the City involving financial planning, budgeting, treasury management, investments, purchasing, accounting, payroll, business licensing, risk management, and utility customer services.

DEPARTMENT OBJECTIVES

General Finance Activities: The Finance Department will provide the support necessary to allow the City to conduct business in an efficient and effective manner. This includes performing the day to day processing activity, providing accurate and timely management information, external financial reports that adhere to professional standards, and managing the city capital needs through investing and borrowing activities. In addition, the Finance Department is responsible for ensuring the City adheres to all federal, state and local requirements that relate to purchasing, budgeting and related activities.

Business License: Extensive monitoring and enforcement of all business licenses, hotel/motel licenses, and permits required by City ordinance; and revising the existing ordinances to ensure that all applications will be processed in a more efficient and effective manner.

Risk Management: Maintain adequate protection for City through self-insurance fund for property, casualty and Worker's Compensation; and obtain adequate straight insurance coverage for Boiler and Machinery, Airport, Railroad, and City Hall Building.

Utility Customer Services: Provide accurate and timely billing for city utilities, electric, water, sewer, solid waste , and storm water; effective handling of inquiries and complaints handled in person and by phone; set up payment arrangements for customers with delinquent bills; and provide information to customers needing utility assistance.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

During FY 2000 the Finance Department will continue to monitor and evaluate the City's financial condition and internal controls. A major review of policies and procedures will be conducted with the implementation of a new information system, looking for ways to improve productivity and efficiency City wide. This system should result in greater and more timely access to financial information by all users of the system.

DESCRIPTION

The Finance Department is responsible for the administration, direction, and coordination of all financial services of the City involving financial planning, budgeting, treasury management, investments, purchasing, accounting, payroll, business licensing, risk management, and utility customer services. With the exception of Utility Customer Services and Self Insurance, which are budgeted in other funds, all Finance Divisions are budgeted and accounted for in the General Fund.

HIGHLIGHTS / SIGNIFICANT CHANGES

Emphasis for FY 2000 will be on the enhanced use of the additional features available on the new financial system software. Staff will be developing improved reporting for investment and other activities. The Finance Department will assist in the implementation of the Capital Improvement Plan through the tracking of projects, monitoring of cash flows, and the execution of the short- and long-term debt programs necessary to fund the plan.

DESCRIPTION

This Division is primarily responsible for the administration, direction, coordination, and supervision of all financial functions and operations for the City, including preparation of the Annual Operating Budget, as well as the five-year Capital Improvement Program. Duties include providing overall direction to Division heads and personnel involved with Administration and Planning, Accounting, Purchasing, Business License, Risk Management, Treasury Management, and Utility Customer Services. Additional duties include providing expertise and technical coordination of new bond requirements, providing recommendations to the City Manager on short- and long-range fiscal policy, and representing the City at public functions involving financial considerations.

HIGHLIGHTS / SIGNIFICANT CHANGES

Planning emphasis will be to improve all financial activities of the City by overseeing the utilization of enhanced functions offered by the new financial application software; perform the tasks of researching the City's financial status for the sale of debt; and continue updating the City's manuals and monitoring reports to enable better evaluation of its financial condition. Development of special reports will be emphasized in FY 2000. Funds have been budgeted to review departmental procedures and assist in planning for any changes made necessary by the implementation of the new accounting model as proposed by GASB. The FY 1999 and FY 2000 Adopted Budget were placed on the City's page for public viewing and/or printing.

DESCRIPTION

The Accounting Division is responsible for recording and reporting all financial transactions on an accurate and timely basis, preparing financial statements in accordance with Generally Accepted Accounting Principles, and issuing internal and special reports as required.

HIGHLIGHTS / SIGNIFICANT CHANGES

During 1999 the Accounting Division has been working to implement the new HTE payroll, accounts payable, and general ledger software packages. During FY 2000 we expect to continue the development and refinement of new procedures in the Accounting Division. We will be developing various financial reports with the Crystal Reports report writer software. Funds have been budgeted to review departmental procedures and assist in planning for any changes made necessary by the implementation of the new accounting model as proposed by GASB. The FY 1998 Annual Financial Report was placed out on the internet for public viewing and/or printing.

DESCRIPTION

This Division is responsible for the cash management and investment of all City funds. Specific duties include management of investment portfolios for Pooled Cash, the Self-Insurance Reserve Fund, and Police and Firefighters' Retirement Fund; oversight of cashing operations; management and oversight of banking and custodial services; coordination of debt issuance and debt service; and coordination of the 401A retirement plan.

HIGHLIGHTS / SIGNIFICANT CHANGES

Investments and cash management functions receive almost continual enhancements driven primarily by technology upgrades. Additional improvements are planned in these areas to capitalize on various system capabilities. Customer service operations are receiving closer scrutiny to provide better response to customer demands and our changing work environment. Planned improvements to the 401 Retirement Plan during the next year include Internet access by employees into their accounts.

DESCRIPTION

The Purchasing Division provides centralized control over the procurement of materials, equipment, and services for all departments, offices, and agencies of the City. Purchasing is responsible for setting standards and specifications for items to be purchased; for advertising and tabulation of bids; assisting departments in obtaining contracts for services; preparation and issuance of purchase orders, materials management, and fixed asset inventory; and supervising the transfer or disposal of all surplus materials, supplies, and equipment.

HIGHLIGHTS / SIGNIFICANT CHANGES

Planning emphasis for FY 2000 will be on the continued consolidation of materials and services with standardization of specifications through the Mid-Missouri Public Purchasing Cooperative to create Term Supply Contracts with greater efficiency of service at reduced cost. Purchasing will administer over 205 annual contracts, process an estimated 3,834 purchase orders, 1,500 change orders, 227 formal bids and 216 informal bids at a value of approximately \$28.2 million for a cost savings of approximately \$2,820,000.

DESCRIPTION

The Business License Division is responsible for processing and issuing various licenses and permits upon proper investigation, and enforcing all alcoholic beverage and animal licensing laws as well as regulating and overseeing the collection of cigarette taxes and hotel/motel license taxes. Additional responsibilities include providing consumer protection against non-regulated operations in Columbia, the inspection and enforcement of garage sales and special permits, and the monitoring of payment of sales tax to the City by retail businesses prior to the renewal of a City business license.

HIGHLIGHTS / SIGNIFICANT CHANGES

Planning emphasis for FY 2000 will be to continue extensive monitoring and enforcement of all business and alcoholic beverage licenses, hotel/motel license taxes, cigarette taxes and various permits required by City ordinances. Additional planning emphasis will be placed on revising the existing ordinances to ensure that all applications will be processed in a more efficient and effective manner.

DESCRIPTION

The Utility Customer Services Division (UCS) is responsible for all billing related activities for the City's electric, water, sewer, solid waste, and storm water enterprise activities. As the City's primary interface to the customers, UCS staff handles all inquiries and service orders from customers and related City departments in an efficient and customer friendly manner.

HIGHLIGHTS / SIGNIFICANT CHANGES

The Supervisor's position in UCS was filled January of 1999. During the first six months time was spent evaluating the strengths and weaknesses of the department. Emphasis for FY 2000 will be on training needs that range from customer service skills to software training. Changes have been made to the payment agreement process from a handwritten form to using an automated form. Agreements are done at the desks by designated personnel. A "timely reminder" is being developed to send out to customers before the shut-off notice. Budget Billing should be in place before the heating season. The goal for FY 2000 is to examine each of UCS's processes to ensure we are using our resources to provide the best service to our customers. "Lunch and Learn" sessions will be planned on a quarterly basis.

DESCRIPTION

The Self-Insurance Reserve Fund accounts for the transactions and reserves associated with the City's Self-Insurance Program. This program provides coverage for the City's workers' compensation, and property and casualty claims. Claims administration is managed by the City Finance Department.

HIGHLIGHTS / SIGNIFICANT CHANGES

The Risk Management division has continued to emphasize loss prevention and claims administration to decrease the frequency and severity of claims. The Risk Manager, with the City's Executive Safety Committee, has identified training needs, worked to improve City wide safety programs and strengthen claim policies and procedures. City insurance coverages are continuously reviewed to provide the best protection at the most economical cost.

DEPARTMENT DESCRIPTION

The Human Resources Department is responsible for coordinating the efforts of all City departments in the selection, hiring, evaluation, promotion, training and development of a staff of qualified and dedicated personnel to serve the citizens of Columbia. General benefits administration, employee health and wellness programs, and drug and alcohol testing are also the responsibility of the Department.

DEPARTMENT OBJECTIVES

Assist all departments in recruitment and selection of qualified individuals to staff City positions. Provide employees evaluation, training and development opportunities that will increase retention, provide upward mobility and create high morale, and that are designed to reduce turnover in a labor market with a less than 1% unemployment rate. Provide accurate management information on compensation and benefit issues, and recommend strategies for pay and benefit plans that provide appropriate overall compensation to employees and control costs to the City. Manage the Employee Benefit Fund and the insurance and benefit programs funded in that budget. Those programs include health insurance, life insurance, long term disability insurance and employee recognition. Provide employee health and wellness programs for City employees. Administer drug and alcohol testing for new and federally-mandated employees. Assist all departments in complying with federal, state and local employment laws, policies and procedures.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The Department became responsible for management of the Employee Benefit Fund, and health/dental, life and long-term disability insurance programs in mid-FY 1999. Emphasis in FY 2000 will focus on development of a comprehensive pay and benefit strategy. Evaluation of the job classification plan, and development, administration and analysis of a salary survey are planned. The Employee Health and Wellness Unit will be incorporated into the Department in FY 2000, and emphasis will be on safety, illness prevention and disease management programs for City employees. Recruitment and retention strategies will be reviewed and modified where needed to reduce turnover, and to attract and retain qualified minorities and females. Drug and alcohol testing for new and federally-mandated employees will continue, and appropriate training will be provided to supervisors on federal, state and local laws and policies.

LAW DEPARTMENT - SUMMARY

110-15

DEPARTMENT DESCRIPTION

The Law Department is charged with managing all litigation in which the City is a party and advising the Council, the City boards and commissions, the City Manager, and department directors on legal matters. The Department is composed of two divisions: the City Counselor and staff manage the civil law of the City, and the City Prosecutor prosecutes ordinance violations.

DEPARTMENT OBJECTIVES

The Law Department's primary objective is to assist the Council, Manager and City departments in setting and meeting their objectives by providing high-quality legal support services.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

There are no significant changes in the Law Department's budget.

DEPARTMENT DESCRIPTION

The Municipal Court, under the City Charter, is organized to process violations of City ordinances resulting from citizen complaints, traffic violation, and misdemeanor arrests. By State statute it is a division of the Circuit Court of Boone County and subject to the administrative authority of the Presiding Judge of that court. Activities include processing traffic violations and recording convictions, collection of fines, scheduling of trials, and preparation of dockets. The court is also charged with serving subpoenas, issuing and service of warrants for traffic violations and other charges.

DEPARTMENT OBJECTIVES

(1) Process docket and record municipal ordinance violations including parking tickets; (2) Collect fines; (3) Schedule and conduct trials; (4) Monitor compliance with orders; (5) Issue and serve subpoenas; (6) Issue and serve summonses and warrants; and (7) Report monthly to the Circuit Court.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

There are no significant changes in this budget for the upcoming year.

DEPARTMENT DESCRIPTION

The Police Department serves as the primary law enforcement agency for the City. Its mission is to protect the lives and property of its citizens by following the philosophies of Community Policing, community involvement and interaction as well as crime prevention initiatives. All of these endeavors are supported by basic police approaches such as criminal investigations, traffic enforcement, response to emergencies and other calls for service. We believe all of these functions, together with community input, enhance the quality of life for the people of Columbia.

DEPARTMENT OBJECTIVES

To continually progress towards a more interactive Community Policing program within the greater community.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Chief Botsford, now entering his third year of service with the police department is continuing to manage the Community Policing philosophy. The Community Action Team is the most significant new unit in the department, which focuses on problem areas in the city with specific targeted enforcement initiatives.

- (1) Crime Index - The Crime Index is composed of selected offenses used to gauge fluctuations in the overall volume and rate of crime reported to law enforcement. The offenses included are the violent crimes of murder and non-negligent manslaughter, forcible rape, robbery, and aggravated assault and the property crimes, from the 1996 UCR report (latest available), of burglary, larceny-theft, motor vehicle theft, and arson. Figures for Columbia are actual 1997.
- (2) From 1995 Source Book of Criminal Justice Statistics.

DESCRIPTION

The Administration Division is responsible for the general administration of the Department. The areas of responsibility for the office of the Chief of Police include setting policy, establishing goals, and providing direction for and overall management of the department. The Executive Assistant to the Chief is responsible for planning, projects, grant acquisition, maintenance and staff inspections.

HIGHLIGHTS / SIGNIFICANT CHANGES

FY 2000 Administration's goals are to provide the best possible delivery of police services within our budgeted resources by continuing the implementation of community policing.

DESCRIPTION

The patrol division is divided into two districts that generally divide the city in half and give responsibility for each half to a district captain. Each side has detectives and traffic officers as well as community service aides. Each officer has a specifically assigned beat that is patrolled each working shift. This is one of the basic foundations of our expanded Community Policing Initiative. These officers are the first responders to all calls for service every day of the year. Most officers develop additional skills in numerous areas of special needs such as Special Tactics and Response (STAR), Crisis Negotiation Team, Traffic Accident Reconstruction, Evidence Collection, Interview Techniques, Community Policing Interaction, Photography and many other important areas.

HIGHLIGHTS / SIGNIFICANT CHANGES

Calls for service jumped significantly during 1998 to 61,700 calls, up from 58,884 in 1997. Also during 1998 there were 4,403 Uniform Crime Report Part 1 crimes reported which is a dramatic reduction from 1997. Columbia PD clearance rate for 1998 was 30 percent compared with a national clearance rate of 22%. FY 2000 capital expenses include the replacement of 22 of our 36 marked patrol cars.

DESCRIPTION

The Administrative Support Services Division provides the following: Record Management; Evidence storage and control; Computer Operations; Maintenance of equipment, vehicles, and building; Recruitment, Hiring, and Training; Purchasing; and Budget Preparation.

HIGHLIGHTS / SIGNIFICANT CHANGES

Major challenges facing the Department in FY 1999 included the implementation of mobile computer terminals and expansion of police operations into offices vacated by the fire department. As of June, 1999 all patrol vehicles have been equipped with mobile computer terminals. They are providing significant time savings and information resources to officers on the beat. The building renovation has moved into final planning stages and should be out for bid before FY 2000 begins.

DEPARTMENT DESCRIPTION

The Fire Department is charged with the protection of lives and property from fire, explosion, hazardous materials and other natural or man-made disasters, or any situation that threatens the well-being of Columbia's citizens and visitors. By also providing emergency medical, public fire education, fire investigation and code enforcement services to the public, the Department is pursuing an active role in improving the overall safety of our customers, the Citizens of Columbia.

DEPARTMENT OBJECTIVES

(1) Deliver emergency services within acceptable time/distance criteria, (2) Reach our citizens with fire and emergency medical safety and education programs, (3) Maintain budget integrity through prudent fiscal management, (4) Support operating divisions with sufficient staff, (5) Train fire/rescue personnel to required performance standards, (6) Continue capital improvement programs, (7) Review new construction plans for fire & life safety, (8) Conduct fire inspections on a regular basis, and (9) Provide central supply and support facility.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The goal of continuing high quality service to the citizens of Columbia will be aided by the budget. Growth of the City and population dictates an increase in the number of fire companies and personnel. This requires increased levels in the often neglected support areas such as clerical, training, inspections, code enforcement activities, fire investigations, and public fire safety goals. Significant renovation and remodeling of existing facilities are needed as buildings continue to require maintenance. Growth issues call for the addition of three fire stations, apparatus, and personnel.

DESCRIPTION

This Division of the Fire Department is responsible for the efficient operation of the entire Department. Activities include preparation of the budget, payroll, records and reports, as well as planning and implementation of departmental goals, objectives, policies, and procedures.

HIGHLIGHTS / SIGNIFICANT CHANGES

Fire Administration's goals continue to be organizational monitoring and evaluation of performance. The Administration budget reflects decisions to improve the organization in such areas as fiscal control, supply and communications, among others.

Money has been added in FY 2000 to utilize fiber optic connections between the fire stations and other City facilities. This will allow the stations to share maps and other information.

DESCRIPTION

This Division comprises the largest number of personnel and equipment and provides for all the emergency services of the Department, including fire suppression, rescue, emergency medical, natural and/or man-made disasters, and hazardous materials responses.

HIGHLIGHTS / SIGNIFICANT CHANGES

In the past year, we began a new level of medical service by equipping our first responders with automatic external defibrillators. As part of our ongoing equipment upgrade, the live burn training facility was replaced, and a new foam truck and haz mat trailer were put into service.

Emergency Services' goals are basically demand driven. The public expects a quick resolution to their fire and/or EMS emergency. Hence, a quicker response time dictates station location, apparatus condition and flexibility, and sufficient personnel to safely manage and control these emergency situations. Because of the growth of the City in land mass as well as population since the last fire station was added in 1983, additional facilities and personnel must be planned for upcoming budgets.

DESCRIPTION

The budget reflects Division responsibilities, focusing on fire, emergency medical, hazardous materials, and rescue training. The Training Division is in a supportive role for Emergency Services.

HIGHLIGHTS / SIGNIFICANT CHANGES

Program goals for this fiscal year include the continuation of specialized hazardous materials and rescue training to meet federal mandates and supporting on-going skills training for the organization. Other current programs for the fiscal year include promotional processes, Basic Recruit School and state mandated EMT continuing education.

DESCRIPTION

This Division is responsible for coordinating the Department's efforts to improve the safety and well being of our citizens and community with an emphasis on "fire prevention through education". The major duties include Public Fire Safety Education, Fire Code Enforcement and Fire Inspections, Fire Investigation, Research and Development, and related records and reports.

HIGHLIGHTS / SIGNIFICANT CHANGES

Division goals are to continue providing a highly visible and effective public safety education program and department presence to reduce accidents and injuries. Toward the ideal of a zero tolerance accident rate for our children, the "Columbia Safe Kids Coalition" has been launched, and the "RiskWatch" school curriculum is continuing. Over the broad spectrum of safety and fire prevention, the division attempts to influence and redirect public opinion and practices, using new and existing local resources.

DEPARTMENT DESCRIPTION

Emergency services begins with the 9-1-1 operator who is the first person to handle all reported emergencies in Columbia/Boone County. The center is responsible for all 9-1-1 calls and dispatches the appropriate fire, police and ambulance services. Non-emergency calls are also answered by JCIC.

DEPARTMENT OBJECTIVES

The objective of the Joint Communications and Information Center is to facilitate the prompt and safe response of emergency services. The goal of Emergency Management is to minimize the effects of disaster situations through a process of identification, mitigation, emergency response and organized recovery.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The JCIC Console/Furniture project should be under contract by the beginning of the new fiscal year. 29 new severe weather warning sirens have been added to the siren network system providing greater warning capabilities. Several radio receiver sites will be fitted with generator back up capability.

DESCRIPTION

Joint Communications is the central location for emergency communications in Boone County. All 9-1-1- telephone calls are answered in the Center and dispatched to the appropriate Fire, Police, and Ambulance services. Joint Communications also answers non-emergency telephone calls and acts as a referral to the citizens of Columbia/Boone County.

DEPARTMENT OBJECTIVES

To complete relocation and renovation of the new center with minimum disruption of service to our User Agencies. To be Y2K compliant by the end of summer '99.

HIGHLIGHTS / SIGNIFICANT CHANGES

JCIC Console/Furniture project is nearing implementation. The current computer aided dispatch system will be enhanced allowing dispatchers access to software which will provide prearrival instruction to victims of medical emergencies.

Emergency Management

110-3810

DESCRIPTION

Emergency Management has four phases: mitigation, preparedness, response and recovery. The organization has the responsibility for coordinating all the components of the emergency management system in the jurisdiction. The components consist of police and fire, emergency medical service, public works, water and light, volunteers, and other groups contributing to the management of emergencies.

DEPARTMENT OBJECTIVES

To provide Columbia/Boone County with the most advanced warning of severe weather possible.

HIGHLIGHTS / SIGNIFICANT CHANGES

The installation of 29 new early warning sirens has improved JCIC's ability to alert our community of severe weather.

DEPARTMENT DESCRIPTION

The mission of the Columbia/Boone County Health Department is to assess, monitor, and improve the health of the community by means of policy development and by emphasizing health promotion and the prevention of disease and/or injury through the provision of high quality services responsive to identified needs.

DEPARTMENT OBJECTIVES

Administration: Responsible for all operations of the department and thus performs the classic management functions of planning, organizing, directing, controlling, and evaluating the various operating sections of this department.

Personal Health: Responsible for provision of clinical public health services for citizens of Columbia and Boone County. Childhood and high risk adult immunization services, as well as investigation and follow up to reportable communicable diseases (including but not limited to Tuberculosis, food borne illnesses, sexually transmitted diseases and communicable diseases in day cares and schools), provision of regional HIV testing, counseling and outreach education to 24 counties in central Missouri as the Central District lead agency for HIV testing and counseling. Family planning services, sexually transmitted disease screening, surveillance and treatment clinics, pregnancy testing and referrals and programs include utility and medication assistance, counseling and clinic eligibility. Assessment of families with potential or identified incidents of child abuse or neglect and home visitation of frail elderly and high risk maternal/child clients are provided.

WIC Program: The WIC Program provides supplemental food packages and nutrition education to women, infants, and children under five years of age who meet the medical and income requirements. This program serves clients who are pregnant or breast-feeding, low birth weight or premature or demonstrate a medical or nutritional risk factor.

Environmental Health: This division provides county-wide environmental health programs such as: food sanitation inspections in restaurants, grocery stores, food warehouses, and food delivery; laboratory analysis of drinking water, food products, milk products, and water used for recreational purposes; foodhandlers education; public health nuisance control including sewage disposal, weeds, mosquito breeding areas, rubble accumulations, rodent infestation etc.; coordination of mosquito control activities; and enforcement of City's container deposit law and anti-smoking ordinance. We also inspect day care homes and centers under contract with the State Health Dept.

Animal Control: Enforces the Columbia animal control ordinance and the Boone County animal control ordinance. Animal control services include the impoundment of dogs running at large, assisting in locating lost animals, and investigating animal bite cases.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The department will continue to provide and improve various public health services to all residents of Boone County. Childhood immunization needs, because of changing school and day care immunization regulations for older children, are expected to increase. HIV testing with the new oral HIV test have increased the number of HIV tests performed this year. The management and programming for Employee Health will transfer to Human Resources. City Animal Control will expand hours of operation.

DESCRIPTION

The Animal Control Division enforces the animal control ordinances for the City of Columbia and Boone County. Animal Control services include the impoundment of dogs running at large, assisting in locating lost animals, and investigating animal bite cases.

HIGHLIGHTS / SIGNIFICANT CHANGES

The FY 2000 budget reflects 4.0 FTE officers in City Animal Control and 1.5 County Animal Control officers. The 1.5 FTE officers are paid for by the County Commission through a contract. This represents an increase of 1.0 FTE from the previous budget. Four (4.0) FTE's will be dedicated to City activities. The increase of 1.0 FTE will allow Animal Control to increase the hours of operation of the City Animal Control Division. Animal Control will also respond to emergency situations 24 hours a day, seven days per week effective January 1, 2000. Animal Control currently is staffed from 7:00 a.m. to 6:00 p.m., seven days per week. Effective January 1, 2000, the hours will change to 7:00 a.m. to 9:00 p.m., seven days per week. This change will allow for improved Animal Control services for City residents.

DESCRIPTION

This division provides County-wide Environmental Health programs such as food sanitation inspections in restaurants, grocery stores, food warehouses, and food delivery vehicles, laboratory analysis of drinking water, food products, milk products, and water used for recreational purposes, food handler education, public health nuisance control including sewage disposal, administration of the Boone County Waste Water Permit Program, weeds, mosquito breeding areas, rubble accumulations, rodent infestations, etc., and coordination of mosquito control activities. Additionally, this division enforces the City's container deposit law and anti-smoking ordinance. The Health Department does inspections of licensed day care homes and centers under contract with State Department of Health.

HIGHLIGHTS / SIGNIFICANT CHANGES

This budget includes 2.5 FTE's to deliver County services. Costs are reimbursed by County government. 7.63 FTE's are used to provide City services. An additional .5 seasonal worker is used for weed abatement.

DESCRIPTION

The division is responsible for the following activities: Investigation of reportable communicable diseases, TB surveillance, HIV services (testing, counseling, education and outreach), sexually transmitted disease clinics, childhood and high risk adult immunizations, hypertension and tuberculosis screening. Clinical services also include family planning services, medical social services, utility and medication assistance program, pregnancy testing and referral to prenatal care, early prenatal care incentive program, home nursing services and services to families with potential or identified incidents of child abuse or neglect, coordination with and referral to other medical providers and social services agencies.

HIGHLIGHTS / SIGNIFICANT CHANGES

Demand for services in Public Health and Personal Health service areas will continue. HIV testing and counseling has seen the greatest increase in staff time. Family Planning and Sexually Transmitted Disease clinics continue to be heavily utilized. Immunization clinics will be offered on site in all public schools to respond to kindergarten registration and vaccination of school age children for Hepatitis A & B. Primary care continues to increase with the inclusion of physical examination and medical treatment of clients seeking dental assistance. The Employee Health Program will be transferred to Human Resources in FY 2000.

DEPARTMENT DESCRIPTION

The Planning and Development Department provides planning, community development and economic development support services to the community. The Department also provides staff services to the Planning and Zoning Commission, the Community Development Commission, the Bicycle and Pedestrian Commission, the Historic Preservation Commission, the Loan and Grant Committee, the Columbia Area Transportation Study Organization, and various ad-hoc committees and task forces.

DEPARTMENT OBJECTIVES

Perform the above.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Emphasis in the coming year will be on the Consolidated Plan update, continuing development of a Geographic Information System, implementing actions identified in the neighborhood plans, revising the Major Thoroughfare Plan, amending development regulations, new avenues will be explored to continue our progress in streamlining the Department and keeping in touch with all new technology related to our mission and whatever is decided relative to urban services areas.

DEPARTMENT DESCRIPTION

This Department provides the necessary support to encourage and facilitate the growth of the economic base in Columbia. This task includes working with the various local and state development agencies, as well as the local educational institutions in an effort to recruit new investments, assist new business start-ups, and retain existing business. This Department staffs Regional Economic Development, Inc., which provides other operating funds.

DEPARTMENT OBJECTIVES

The staff's goal is to promote continued positive economic growth while maintaining Columbia's exceptional quality of life. Staff is implementing the revised 5-year Economic Development Master Plan. The plan discusses specific types of businesses REDI targets for attraction. Furthermore, the plan promotes specific activities which will improve the business climate of Columbia such as attracting administrative offices, planning for future industrial needs, and assisting with workforce development issues. Promotional and marketing activities include personal contacts, direct mail, trade shows and marketing events. The Department continues to implement a Public Relations Program which seeks to place positive articles in regional and national media, and promotes the community's strong business climate and exceptional quality of life.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Staff continues implementing the Economic Development Master Plan. Promotional and marketing levels continue to expand through REDI Corporation funding. Workforce Development issues continue to be a focus of this Department. REDI continues to reimburse the City's General Fund for the cost of public relations personnel.

DEPARTMENT DESCRIPTION

This office is responsible for assisting the Boone County Community Services Advisory Commission in determining the community's social service needs, reviewing agency proposals, and recommending the appropriation of City funds to contract for social services; monitoring and evaluating contract performance of social service organizations; and providing information and technical assistance to advisory commissions, local social service agencies, various task forces and citizen committees. This office also provides staff assistance to the Commission on Human Rights and the Substance Abuse Advisory Commission.

DEPARTMENT OBJECTIVES

To help coordinate and integrate the delivery of social services in the community through long-range planning in cooperation with other local funders and service providers; to obtain federal grants for services to the homeless and other at-risk populations; to target social service funding for programs providing emergency assistance and services to the most vulnerable segments of the population, particularly children, youth, and the elderly; to promote and encourage communication and cooperation between local social service providers; and to assist groups and organizations in coordinating, expanding, or developing social service programs that meet identifiable community needs. To provide staff support to the Commission on Human Rights in its community education and outreach activities and the investigation of human rights complaints under the city's human rights ordinance. To provide staff support to the Substance Abuse Advisory Commission in the coordination of community efforts to reduce substance abuse.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

- ❖ Emphasis in the coming year will focus on the continuing development of the Columbia/Boone County Community Partnership and the Caring Communities Program. This office works cooperatively with a coalition of community stakeholders to implement new strategies for the planning and coordination of social service delivery systems in our community.
- ❖ The City of Columbia in partnership with other community organizations will use the information gathered through the recently completed Boone County Health and Human Services Needs Assessment to establish community priorities for health and human services funding, establish indicators that measure community progress in addressing health and human service needs, and provide much needed documentation of community needs for grant writing purposes.
- ❖ The Office of Community Services will continue its active involvement with the Community Child Care Consortium in its goal to develop a comprehensive community child care system that meets the needs of families and employers. Emphasis will focus on the coordination of existing community child care resources as well as securing additional external state and private foundation funding to improve the quality, affordability and accessibility of child care for all citizens in our community.
- ❖ During FY 99, a Federally funded Emergency Shelter Grant for services to the homeless was obtained on behalf of three not-for-profit agencies operating shelters in Columbia. An application for this grant will be submitted for FY 00.
- ❖ The Commission on Human Rights will focus its efforts on community education regarding the rights afforded to citizens under the city's Human Rights Ordinance. In addition, the commission will continue to promote community human rights activities by providing funding for local human rights education and outreach activities.
- ❖ The Substance Abuse Advisory Commission will continue its information gathering and community coordination efforts by working with other organizations to coordinate substance abuse prevention activities in our community.

NOTES:

- **Columbia, MO** City social service funding comes from the General Fund. Up to 15% of CDBG funds are also available to social service agencies for capital improvement projects. These funds are available in the form of a "no interest loan" which must be paid back upon the sale of the property/asset.
- **Ames, IA** City funding comes from a one cent "Local Options Sales Tax" of which 40% goes to the Community Betterment Fund to fund social services. These funds are administered by the Assistant City Manager with two (2) FTE Administrative Assistants. No social service funding from city CDBG funds. The Ames City Council, United Way of Story County, Story County Department of Human Services, Story County Board of Supervisors, and the Student Government at Iowa State University coordinate their funding through the "ASSET" or Analysis of Social Services and Evaluation Team.
- **Boulder, CO** City funding comes from a 0.15% sales tax and the General Fund (\$2,455,338 in FY99). Fifteen percent of CDBG funds also contribute to the city's funding of social services. (\$463,620 in FY99) City funds are allocated through the Department of Housing and Human Services which has four divisions: Housing; Senior Service; Children, Youth, and Families; and Community Services. The allocations process is staffed by one full time administrator and a half time clerical position. The Department also provides direct services through the Senior Services and Children, Youth and Families Division. Funding for these division is \$920,000 and \$686,000 respectively.
- **Independence, MO** City funding comes from CDBG funds (15% of total) in the form of direct grants. These funds are administered through the Community Development Department which is a combined department that includes the functions of planning, zoning, code enforcement, building inspection, tourism, historic presentation and community services. United Way funding is complex due to overlapping services in the Kansas City Metro area. The United Way of East Jackson County allocated \$1,617,200 to local agencies in 1999, of which \$1,063,200 goes to agencies located in East Jackson County and \$554,000 goes to Kansas City Metro Fund which allocates funds to agencies providing services to the whole Metro Area including Independence.
- **St. Joseph, MO** City funding comes from CDBG funds (20% of the total) in the form of direct grants. These funds are administered through the Department of Community Services which includes the following divisions and staff: Division head-1, social services-1, neighborhood services-1, neighborhood revitalization-1, housing rehabilitation-3, and historic preservation-1. Many social services in St. Joseph are coordinated and funded through a quasi-governmental organization called the Social Welfare Board. This board is responsible for coordinating a wide variety of social services for the indigent. A public health clinic is supported by a public health tax. The Social Welfare Board and the Public Health Clinic are located in the same building and work cooperatively together to address health and human service needs.

DESCRIPTION

This office is responsible for assisting the Boone County Community Services Advisory Commission in determining the community's social service needs, reviewing agency proposals, and recommending the appropriation of City funds to contract for social services; monitoring and evaluating contract performance of social service organizations; and providing information and technical assistance to advisory commissions, local social service agencies, various task forces and citizen committees. This office assists the Commission on Human Rights in its community education and outreach programming and in coordinating commissioner training. The Investigator for the Commission on the Human Rights works out of this office and is supervised by the Community Services Manager in cooperation with the City Legal Department. The Substance Abuse Advisory Commission is assisted by the office in its information gathering and community outreach efforts as well as in the commission's service as an advisory resource to the City Council.

Community Services - Emergency Shelter Grant

110-4530

DESCRIPTION

Each year the City of Columbia, through the Office of Community Services, submits an Emergency Shelter Grant Application to the State of Missouri, Department of Social Services for funding to provide emergency shelter services to the homeless as well as services designed to prevent homelessness. The City of Columbia uses these funds to to subcontract with three local agencies to provide these services to the homeless and those at-risk of becoming homeless in our community.

HIGHLIGHTS / SIGNIFICANT CHANGES

Populations being served with Emergency Shelter Grant funds include homeless families and individuals, battered and abused women, and U.S. military veterans. In 1999, the City of Columbia received a grant of \$75,000 to serve the homeless. It is anticipated that a grant of a similar amount will also be secured in 2000. It is projected that due to the impact of federal welfare reform, demand for emergency shelter services will continue to increase in 2000.

DESCRIPTION

The Boone County Community Services Advisory Commission is charged with the responsibility of making recommendations to the City Council for the appropriation of Social Assistance funds to local organizations providing services to the most needy citizens in our community. The Boone County Community Services Advisory Commission requests proposals from local organizations to provide social services in our community. The commission uses a well developed process to review these proposals and make funding recommendations based on community needs. The City of Columbia then contracts with these agencies to provide social services in our community.

HIGHLIGHTS / SIGNIFICANT CHANGES

The City Council has budgeted \$745,400 in social assistance funding for fiscal year 2000. This funding represents a 3.0% increase in social assistance funding over FY 1999. This increase reflects a commitment on behalf of the City Council to be responsive to the needs of the most at-risk populations in our community. For FY 2000, the Boone County Community Services Advisory Commission has recommended funding assistance for thirty-two organizations providing a total of fifty different program services. In general, the Commission's funding priorities are to first meet the most basic needs of our community with high consideration also given to programs that address the needs of at-risk populations. The local impact of welfare reform will continue to be monitored by the commission in an effort to meet the most critical needs in our community while allocating city resources in the most effective and efficient manner.

PARKS AND RECREATION DEPARTMENT - SUMMARY

110-50 to 110-59, Fund 552

DEPARTMENT DESCRIPTION

The Columbia Parks and Recreation Department oversees approximately 1900 acres of park land and maintains 45 parks and recreation facilities. A wide array of sports, recreation activities, lessons, and special events are available for citizens of all ages. Open space, parks, and trails provide opportunities to enjoy the natural beauty of Columbia. The Department is organized into two divisions: Park Services and Recreation Services. The summer youth employment program, Career Awareness and Related Experience (CARE), is also administered under the Parks and Recreation Department.

DEPARTMENT OBJECTIVES

The Columbia Parks and Recreation Department is committed to delivering effective, courteous, and responsible leisure services, and to maintaining, preserving, and developing the natural resources entrusted to us. To assist all citizens in the positive use of their leisure time, we strive to provide a variety of high quality leisure opportunities. In delivery of these services, all participants shall be treated with fairness, dignity, and respect. To achieve these objectives Parks and Recreation Department staff constantly pursue excellence while attempting to provide the best possible services within resource limits placed upon the Department.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The General Fund component of this budget contains Department Administration, a portion of the Park Services Division's two principle programs, Park Management and Operations and Park Planning and Development, and the C.A.R.E. Program. The Recreation Services Fund includes funding for all recreation activities and the operation of support facilities for those activities. Revenues generated from recreation activities and facilities are deposited in the Recreation Service Fund. Recreation activity fees are used for operations while the facility user fee and Golf Improvement Fee are appropriated by the City Council for capital improvement projects.

Parks and Recreation - General Fund Operations

110-50 to 110-59

DESCRIPTION

The General Fund portion of the Parks and Recreation Department Budget includes Administration, a portion of Park Planning and Development, a portion of Park Management and Operations, and the C.A.R.E. Program. Additional Park Planning and Development expenses are budgeted in the Capital Projects sections of the budget. Park Management and Operations maintains recreation service facilities, and those expenses are budgeted in Recreation Services Fund. Program areas not having revenue producing capabilities are budgeted in General Fund.

HIGHLIGHTS / SIGNIFICANT CHANGES

Amounts in this budget are based on continuing the level of services provided in the previous year.

DESCRIPTION

The Administration Division consists of the Director, Public Information Specialist, Administrative Support Assistant III, and Administrative Support Assistant IIs. This Division assists the public with reservations, registrations and information. Support and assistance is provided to all other divisions within the Department to ensure the successful operation of all areas of the Parks and Recreation Program. Areas of support generally include budget and accounting, promotion and the establishment of Department policies and procedures.

HIGHLIGHTS / SIGNIFICANT CHANGES

This area will continue to provide the same level of services to all other Divisions within the Department.

DESCRIPTION

The Planning and Development Program is responsible for all parks capital improvements. Program staff identify, plan and develop recreation areas and facilities to meet the varied recreation and leisure needs of the citizens of Columbia. Staff also administers the City's landscape and forestry responsibilities which includes parks, public buildings, and downtown.

HIGHLIGHTS / SIGNIFICANT CHANGES

The proposed budget maintains the current level of services in this program area. Two temporary benefitted positions have been combined to create one additional permanent Maintenance Assistant II position.

**Parks & Rec - Career Awareness &
Related Experience Program (C.A.R.E.)**

110-5310

DESCRIPTION

This program targets economically, socially and academically disadvantaged youth ages 14 through 18 for career training. This is accomplished by providing educational resources to the trainee in the form of an intensive seven-day vocational training seminar, placement with a local employer for 205 hours of work experience, and coaching trainees on the job. Wages are provided by the City of Columbia. Supervision of trainees is provided by those agencies or businesses where they are employed.

HIGHLIGHTS / SIGNIFICANT CHANGES

This budget contains funds to maintain the current program.

DESCRIPTION

The Parks Management and Operations Program is responsible for the management, maintenance and operation of parks, playgrounds, indoor and outdoor recreation facilities, grounds, trails and support areas. The management, maintenance and capital replacement of the P & R department's fleet is administered by program staff. Support is also provided to other City departments for grounds maintenance, surplus property, and general labor.

HIGHLIGHTS / SIGNIFICANT CHANGES

The budget for this program represents a commitment the same as in the past few years. Some supplemental budget is included to replace rolling stock equipment as per the City's replacement schedule. Two temporary benefitted positions have been combined to create one additional permanent Maintenance Assistant II position. In addition, one permanent maintenance position has been recommended for this Division.

Recreation Services Fund

Fund 552

DESCRIPTION

The Recreation Services Fund includes the Recreation Services Division and those costs in the Parks Services Division which are necessary for operation of facilities within Recreation Services. Recreation Services provides a broad spectrum of leisure services to meet the needs of all segments of the community. This includes group and individual programming to promote a high quality of life through positive social, cultural, psychological, emotional, and physiological development. The sections administered in the Recreation Services Division are: Sports Programming; Aquatics, Adaptive, and Outdoor Recreation; Community Recreation; Golf/Concessions; Senior Programming, Cultural Arts, Life Enrichment, and Oak Tours.

HIGHLIGHTS / SIGNIFICANT CHANGES

The operating budget has been based on maintaining existing services. Some monies are budgeted to replace capital equipment according to our replacement schedule list. A temporary benefitted position has been upgraded to create a new permanent recreation leader position in the senior programming/life enrichment section.

RECREATION SERVICES - CAPITAL PROJECTS

Fund 552

MAJOR PROJECTS

Improvements to the Rainbow Softball Center and the Antimi Youth Baseball Complex are the two Park and Recreation Improvement projects recommended for funding from the Recreation Services Fund this year.

FISCAL IMPACT

Investing in major improvement and renovation of these two facilities should help control operating expenses, maintain revenue and provide additional recreational opportunities.

PUBLIC WORKS DEPARTMENT - SUMMARY

110-60 to 110-69,

553 to 558, 671, 672

DEPARTMENT DESCRIPTION

The Public Works Department operates and manages the Engineering, Street, Traffic, and Protective Inspection Divisions; Public Transportation; Columbia Regional Airport; Sanitary Sewer Utility; Parking Utility; Solid Waste; Storm Water Utility; Custodial and Building Maintenance Services; and Fleet Operations. Also, the Department is responsible for plans and specifications, contract management, and inspection of all public improvements made by the City of Columbia to ensure that the improvements are completed according to the specifications of a timely basis and in the most cost effective manner possible.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

It is expected that voter approved street and bridge projects financed by 1/4% sales tax funds will be completed or under construction during FY 2000. Construction of the November 1997 voter approved sanitary sewer improvement projects are well underway with Wetland Treatment Unit #4 expected to become operational during the latter summer months of the year 2000. Continued emphasis on sidewalk construction including filling the gaps in sidewalks along collector and arterial streets continues. Storm water construction projects will continue with the influx of funding from the State Storm Water Grant Program and the Storm Water Utility. Monitoring of operation and maintenance techniques for increased productivity and cost reductions will be continued throughout the Department.

Public Works - General Fund Operations

110-60 to 110-69

DEPARTMENT DESCRIPTION

The General Fund Public Works Operations are charged with the traditional municipal public works functions of street, sidewalk, traffic system maintenance and operations, as well as building and construction inspections. In addition, engineering, survey, and right-of-way responsibilities are located in this office. Coordination, inspection and management of all public improvements are done through this office.

DEPARTMENT OBJECTIVES

Administration & Engineering: Design, construction and management of the public infrastructure in a professional and cost effective manner.

Streets: To ensure all city streets are safe and passable to the traveling public.

Traffic: Provide, improve and maintain traffic control devices to allow the safe and efficient movement on city streets.

Parking Enforcement: Create and assure parking turnover occurs in the enforcement area; and enforcement of no parking regulations in hazardous locations.

Protective Inspection: Protection of the public by assuring compliance of all building, rental housing, zoning, sign, and subdivision codes through the city.

PERFORMANCE MEASUREMENTS / SERVICE INDICATORS

	Actual FY 1998	Budget FY 1999	Estimated FY 2000
Engineering: (1)			
Miles of Streets Constructed/Inspected in New Developments	4.86	7.00	7.00
Miles of Sanitary Sewers Constructed/Inspected in New Developments	6.07	9.00	10.00
Miles of Sanitary Sewers Constructed/Inspection for BCRSD	4.23	6.00	5.00
Miles of Streets Constructed/Rebuilt by City Contract (survey, design, contract admin., inspected)	0.00	3.80	2.00
Miles of Sanitary Sewers Constructed/Rebuilt by City Contract (survey, design, contract admin., inspected)	0.67	8.70	6.00
No. of Site Plans, Construction Plans, & Plats Reviewed	478	600	700
No. of Excavation Permits Issued	913	1,000	1,000
No. of Flood Plain Development Permits Reviewed	29	40	40
Streets:			
Street Segments Resurfaced/Repaired	377	245	245
Service/Maintenance Cuts Repaired	256	300	300
Tons of Asphalt Used (2)	10,700	10,500	10,500
Snow Removal Hours	3,423	2,100	2,100
Tons of Salt/Cinders Used	1,100/2,400	1,200/2,700	1,200/2,700
Street Sweeping Miles/Loads	N/A	8,500/3,000	8,500/3,000
Special Projects for Other Depts/Division Hours	12,327	12,000	12,000
Traffic (Control Operations)			
Signs Installed	352	450	450
Signs Replaced	1,144	1,100	1,100
Signing Hours	4,185	2,900	2,900
Striping (Miles of painting)			
Contracted striping	65	65	65
In-house striping	170	170	170
Other Painting (gallons of paint)	600	600	600
Parking Lots & Sidewalks:			
Snow Removal Hours	375	375	375
Cleaning Hours	3,200	0	0
Signal Maintenance/Installation Hours	2,059	2,200	2,200
Traffic Studies Hours	1,140	300	300
Parking Enforcement:			
Parking Tickets:			
Expired Meter Tickets	37,386	38,000	38,000
Uniform Tickets	10,396	11,000	11,000
Warnings Issued	148	130	130
Overtime Enforcement:			
Ticket Issued	6,442	6,500	6,500
Vehicles Chalked	113,346	82,000	82,000
SCOFFLAW Enforcement: Tows or Boots	141	122	122
Protective Inspection			
No. of Permits Issued (Bldg., Elect., Plumb., Sign, ROW)	6,000	6,200	6,200
No. of Rental Inspections	7,000	7,500	7,500
No. of Housing inspections	300	300	300
No. of Building Inspections	21,000	21,500	21,500
No. of Violations Referred for Prosecution:			
Rental	150	150	150
Signs	5	5	5
Zoning	5	5	5

(1) Engineering Division measurements and indicators are based on a calendar year.

(2) Tons of asphalt does not include overlay.

COMPARATIVE DATA - ADMIN/ENGINEERING

	Columbia, MO	Springfield, MO	Lawrence, KS	Norman, OK	Little Rock, AR	Boulder, CO
Admin/Engineering: Population	79,082	142,898	74,244	93,019	175,303	90,543
Number of Employees	33	44	11	13	40	29
Employees Per 1,000 Population	0.417	0.308	0.148	0.140	0.228	0.320
Operating Budget	\$2,164,455	\$2,477,482	\$710,989	\$709,870	\$4,078,526	\$3,776,900
Capital Improvement Budget:						
Streets/Sidewalks	\$7,581,973	\$958,333	\$2,640,000	\$4,638,013	\$40,000,000	\$3,900,000
Sanitary Sewers	\$8,375,400	\$4,800,000	\$9,449,000	\$14,481,563	*	\$425,000
Storm Water	\$1,995,700	\$3,500,000	\$755,000	\$2,475,058	*	\$1,980,000

* Five year estimate for streets/sidewalks, sanitary sewer and storm water projects.

NOTES:

Springfield, MO:

- 1) Engineering division is in process of creating land disturbance and landscaping ordinances.
- 2) Inspectors are being transferred to their street and sanitary sewer maintenance divisions, six to each division.
- 3) Seven administrative people in an admin. division (Included with budget figures) with the Director of Public Works.
- 4) Updated 1999.

Lawrence, KS:

- 1) Street, Sanitary Sewer, and Storm Sewer design and ROW acquisition are contracted.
- 2) No landscaping or land disturbance activities are done.
- 3) Traffic is a separate division.
- 4) Street repair and overlay is funded outside of engineering department, but has been included in street and sidewalk CIP.
- 5) Sanitary sewer budget includes \$6.9 million waste water treatment plant expansion.
- 6) Updated 1999.

Norman, OK:

- 1) Primary function of engineers and surveyors is to manage projects with consultants.
- 2) Engineering division does water utility work.
- 3) Sidewalks are the responsibility of the property owner.
- 4) Hires out all of their ROW acquisition, surveying and project design.
- 5) Updated 1999.

Little Rock, AR:

- 1) ROW acquisition and traffic engineering are handled by a separate division.
- 2) Street, storm water, and grant project design are done only if the designs are small, otherwise the designs are subcontracted. This applies also to land and design surveys.
- 3) Design review of sanitary sewers, land disturbance and landscaping are handled by another department.
- 4) Inspection of private development projects is only done in the ROW, and inspection of land disturbance and landscaping are handled by another department.
- 5) Updated 1998.

Boulder, CO:

Four main divisions: Administration, Utility, Transportation, Development, and Inspection Services.

- 1) Engineering division does water utility design as well.
- 2) Separate divisions do development design and inspection work.
- 3) Updated 1998.

COMPARATIVE DATA - STREET DIVISION

	Columbia, MO	Springfield, MO	Independence, MO	St. Charles, MO	Joplin, MO	Ames, IA
Street Division:						
Population	79,082	142,898	116,832	58,166	44,612	48,415

COMPARATIVE DATA - PARKING ENFORCEMENT

	Columbia, MO	Jefferson City, MO	Boulder, CO	Iowa City, IA	Lincoln, NE	Norman, OK
Parking Enforcement:						
Population	79,082	34,911	90,543	60,897	213,088	93,019
Number of Employees	4	3	13	7	7	0
Employees Per 1,000 Population	0.051	0.086	0.138	0.115	0.033	0.000
No. of Parking Spaces	3,313	2,943	3,126	3,186	7,305	750

COMPARATIVE DATA - PROTECTIVE INSPECTION

	Columbia, MO	Springfield, MO	Ames, IA	St. Joseph, MO	Champaign, IL
Protective Inspection:					
Population	79,082	142,898	48,415	69,622	64,280
Number of Employees	15	26	8	8	8
Employees Per 1,000 Population	0.190	0.170	0.165	0.110	0.124
No. of Building Inspections	27,912	28,924	9,750	5,105	6,010

NOTES:

Number of inspections for Columbia includes zoning, signs, complaints, housing and rental inspections.

- The City of Champaign and the City of St. Joseph do not have a rental inspection program.
- None of the comparable cities inspection department does CDBG inspections or technical support.
- Zoning enforcement at St. Joseph and Champaign is done by the planning department.
- Champaign's Planning Department inspects signs.
- Springfield's rental inspections are done by Health Department.

DESCRIPTION

The Administration section provides for the management of all divisions and functions of the Department including Engineering, Protective Inspection, Streets, Parking, Custodial and Maintenance Services, Fleet Operations, Regional Airport, Traffic, Transit, Sanitary Sewer, Solid Waste, Public Improvements, and Right-of-Way acquisition. The Engineering Division provides survey, design, contract administration and inspection of various public improvement projects, review of subdivision improvements, issuance of permits and inspection of all construction on public right-of-way.

HIGHLIGHTS / SIGNIFICANT CHANGES

It is expected that voter approved street and bridge projects financed by 1/4% sales tax funds will be completed or under construction during FY 2000. Construction of the November 1997 voter approved sanitary sewer improvement projects are well underway with Wetland Treatment Unit #4 expected to become operational during the latter summer months of the year 2000. Emphasis will continue to be placed on sidewalk construction, including filling the gaps in sidewalks along collector and arterial streets, storm water construction projects, improvement projects at Columbia Regional Airport, and implementation of the Bear Creek & Hinkson Creek Trail Enhancement projects.

Total Permanent	23.75	24.18	24.18	24.18

DESCRIPTION

The Street Division provides maintenance of 51.3 miles of unimproved streets and 274.8 miles of improved streets, snow removal on all City streets, mechanical and manual street cleaning, mowing of public right-of-ways, and utility service cut repairs. The Traffic Maintenance Division fabricates, installs and maintains traffic control and street name signs, pavement marking and curb painting, and traffic signal maintenance.

HIGHLIGHTS / SIGNIFICANT CHANGES

Continued emphasis will be given to our normal street maintenance program, including asphalt overlay and sealcoating of improved streets. \$200,000 is again being budgeted for contractual street maintenance work in order to improve the overall condition of Columbia's streets. The pilot project for contractual street line striping in FY 1997 allowed cost and performance data from in-house and contracted striping activities to be compared. This information is providing a sound basis for decisions concerning future pavement marking.

DESCRIPTION

Protective Inspection is responsible for administering the building, electrical, plumbing and mechanical, zoning, sign, subdivision, housing and rental unit conservation ordinances. This Division also reviews plans and issues permits, including occupancy permits following appropriate inspections. Staff assistance is provided to Code Revision Committees and appeal boards such as the Zoning Board of Adjustment and licensing boards. Inspectors recommend improvements and monitor contracts in Community Development Block Grant areas for upgrading single-family dwelling units.

HIGHLIGHTS / SIGNIFICANT CHANGES

Inspection services will continue at current levels. Emphasis will continue to be placed on in-house training of inspectors. The new HTE computer system will be fully implemented during this fiscal year. Currently, the building permit module is being used. Efforts will be made in conjunction with HTE personnel to resolve problems in the system concerning multiple residential permits. The Code Enforcement module will be brought on line during this fiscal year. Efforts will be made to improve and simplify the rental housing application process.

DESCRIPTION

The Parking Enforcement Division is responsible for administering the parking ordinances of the City parking control enforcement in the central business district and metered University campus streets. The Parking Enforcement Section is responsible for enforcing the parking and loading zone ordinances adopted by the City Council which seek to ensure adequate parking for downtown employees, customers, and businesses; and works with the City Prosecutor, affected businesses, and consumers in the identification and mitigation of problematic enforcement zones.

HIGHLIGHTS / SIGNIFICANT CHANGES

Emphasis will continue on enforcing parking ordinances to optimize parking in the downtown and university areas, thereby improving traffic flow and enhancing the economic viability of the central business district.

DESCRIPTION

This Division is responsible for all transit services except contracted University Shuttle services and Para-transit. Scheduled transit service is provided on four cross town routes and on a.m./p.m. commuter route. Special services are offered during MU home football games.

HIGHLIGHTS / SIGNIFICANT CHANGES

Ridership increases, that have occurred the previous two fiscal years, continued in FY 1999 at a some what slower rate. On-time continues to improve further enhancing the Columbia Transit's pulse/timed transfer system that optimizes travel throughout the city. An estimated ridership of 750,000 will be provided in FY 2000. New buses will enter service in the third quarter FY 2000.

DESCRIPTION

The Para-transit system provides service to persons with a disability that prevents them from riding the regular fixed route buses. It is supplemental to the fixed route services and is required by the Americans with Disabilities Act (ADA).

HIGHLIGHTS / SIGNIFICANT CHANGES

This system provides "curb to curb" service and is demand responsive. Users of the system must be certified as ADA eligible. The system provides service to certified riders anywhere within the City; however, users inside the ADA 3/4-mile para-transit zone have priority over users outside the ADA para-transit zone. Para-Transit service is provided by eight mini buses that are lift equipped. Ridership on the system has been increasing continuously since its inception in January 1993. An estimated 25,000 trips will be provided.

DESCRIPTION

This service provides transportation service from outlying parking facilities to the University campus areas, and is reimbursed fully through a contract with the University.

HIGHLIGHTS / SIGNIFICANT CHANGES

Contracted shuttle bus services are provided to Hearnese parking lot and to Trowbridge parking lot for students and employees. During the 1998 school year, 7,500 hours of services were provided and ridership was 1,000,000 passengers. Columbia Transit is working with the University to meet its changing transit demands. New buses will enter service in FY 2000.

MAJOR PROJECTS

Columbia Transit continues to update its fleet and facilities by leveraging local funds with available FTA grants.

FISCAL IMPACT

Columbia Transit attempts to maintain a prudent replacement schedule to ensure a fleet that does not require extensive resources to maintain. The replacement of vehicles is greatly influenced by the availability of federal funds as well as local dollars. The significant replacement of the bus fleet in FY2000 is possible because of the availability of grant funds. Future maintenance costs should be reduced because of this upgrade in the bus fleet.

Regional Airport Fund - Summary

Fund 554

DEPARTMENT DESCRIPTION

The purpose of the Columbia Regional Airport is to provide safe and usable Airport facilities for the operation of commercial, general aviation and military aircraft, and to foster and create a healthy environment so that the community may access the national air transportation system and promote the economic growth of the region.

DEPARTMENT OBJECTIVES

To prudently protect the taxpayers' investment by managing the Airport in strict accordance with FAA regulations by providing a certified airport which consists of a fully staffed fire and law enforcement office, maintenance, and administration. To offer a safe, serviceable, and attractive place for air travelers, commercial airlines, general aviation, charter services, air cargo, and supporting tenants; and to implement innovative ways to increase revenues, procure new airline services, and increase the traffic flow through the facility.

DESCRIPTION

Airport Administration is responsible for the overall operation and management of the Columbia Regional Airport. As part of the Public Works Department, Airport Administration works closely with other City departments, the Missouri Highway and Transportation Department, and the Federal Aviation Administration. Airport Administration is responsible for negotiating and managing Airport real estate leases, concessionaire contracts, and collecting Airport revenues. Airport Administration handles public relations activities, Airport improvement and development projects, and oversees the operation of the Public Safety and Airport Maintenance Programs.

HIGHLIGHTS / SIGNIFICANT CHANGES

The airport master plan will be updated during FY 2000. This plan was last updated in September, 1989. A consultant was selected during FY 1999 and FAA funding has been applied for. Upon FAA and Council approval, the master plan update contract will be executed and airport administration will assist as necessary in the development of the plan. This updated document will be a valuable planning guide for future development at the airport. During FY 1999, Ozark Air Lines announced it would locate its corporate headquarters and maintenance hangar/shops at the Columbia Regional Airport; this required accelerating the timing of planned commercial aircraft parking apron construction into FY 2000. Federal, State and private funds have been secured for this and related projects. Airport Administration will continue to work closely with all aspects of FAA funding and their corresponding Airport Improvement Plan (AIP) projects. Staff will be working on the retention and expansion of current tenants and marketing to acquire new tenants, either aviation or non-aviation related. The number one priority will continue to be additional air transportation to and from Columbia Regional Airport.

DESCRIPTION

The duties of this Program are to assure that the runways, taxiways and other airfield operating areas are maintained in accordance with FAA standards with regard to safety and airfield maintenance. This includes airfield lighting, pavement maintenance and marking, snow removal, and safety area maintenance. In addition, this Program is responsible for the overall maintenance and upkeep of the City-owned Airport buildings, including two terminal buildings, the Automated Flight Service Station, maintenance building, roads, fences and adjacent land areas. The Program also maintains Airport vehicles and equipment, and is responsible for training operating personnel. During aircraft emergencies and fire fighting, the maintenance personnel assist Airport Public Safety personnel.

HIGHLIGHTS / SIGNIFICANT CHANGES

Airfield Maintenance has been able to maintain the operating areas of the airfield in accordance with FAA standards, and has continued to maintain the 30-year old terminal buildings in good condition. Continuing emphasis has been placed on vehicle and equipment maintenance.

DESCRIPTION

The duties of the Terminal Area personnel are to maintain all facilities and provide custodial services to ensure the terminal buildings and areas are clean, well maintained, neat and safe for the general public's use.

HIGHLIGHTS / SIGNIFICANT CHANGES

The terminal buildings are now 30 years old and require constant attention to maintain both the buildings and the adjacent areas in a manner which reflects credit on the City and the Airport. Continued effort will be directed toward maintaining the high standards met in the past. FY 2000 budget will include money for roof replacement/repair.

DESCRIPTION

Airport Safety has three primary duties: to provide crash, fire and rescue services in the event of an aircraft fire; to provide traditional fire and law enforcement protection at the Airport facility in accordance with FAA regulations, City ordinances, and State Statutes; and to control Airport compliance with FAA's airport certification requirements.

HIGHLIGHTS / SIGNIFICANT CHANGES

Continued emphasis will be placed on training in fire, crash, rescue and law enforcement techniques to ensure compliance with FAA requirements. Airport Safety Officers are triple qualified; they are certified City of Columbia Police Officers, Certified Fire Fighters, and Certified Emergency Medical Technicians. FAA security regulations require great emphasis on Airport access security and continued attention to operational and safety matters. Two additional Airport Security Officers have been added for FY 2000.

DESCRIPTION

With no personnel assigned primarily to this duty, all hands participate in snow removal efforts--Airport Maintenance, Airport Safety and the Airport terminal personnel. Airport Safety personnel on watch assist the custodians in snow removal efforts around the terminal and aircraft rescue, and fire fighting equipment building. Airport maintenance personnel operate the snow plows, runway sweeper, and snow blower.

HIGHLIGHTS / SIGNIFICANT CHANGES

Snow and freezing rain are a continual challenge for the maintenance staff to effectively deal with. Staff will continue to maintain its reputation as having the cleanest runways in the State.

MAJOR PROJECTS

The FY 2000 budget includes an extension of Taxiway "C" (general aviation taxiway) to accomodate proposed construction of an additional general aviation hangar.

FISCAL IMPACT

The extension of Taxiway "C" is contingent on CMA's decision to build a hangar at the north end of the Airport.

Sanitary Sewer Utility Fund - Summary

Fund 555

DEPARTMENT DESCRIPTION

The Sewer Utility is charged with the responsibility to protect the public health and to ensure minimal impact upon the aquatic environment by adequate collection and treatment of wastewater within a regional area including Columbia. This is achieved by engineering review of proposed and existing facilities and through effective and economical operation and maintenance of collection and treatment systems.

DEPARTMENT OBJECTIVES

To ensure new construction meets current Federal, State and City requirements. To provide the lowest practical cost for maintaining sanitary sewer facilities and resources. To provide proper treatment of wastewater by complying with the standards imposed for effluent discharge to the environment. To provide a prudent, reasonable, and responsible approach to meeting the objectives through careful management of the material and human resources provided for that purpose.

DESCRIPTION

Guidance for the overall Utility operation and maintenance functions is provided by the Administration Section.

HIGHLIGHTS / SIGNIFICANT CHANGES

Contract wastewater treatment services to the Boone County Regional Sewer District broke through the \$10,000 per month level in FY 1999, a small but significant portion of the overall Utility revenue. As the District grows in areas where their system is connected to the City system or new county subdivisions are interconnected, the wholesale customer base will continue to grow. The sanitary sewer extensions within the City Limits has grown at a rate of about nine miles of pipeline per year serving new residential and commercial customers. The first phase of restoration of existing sanitary sewers was begun in FY 1999. This type of work is expected to continue for several more years. Part of the funds approved by the passage of the Sewer Utility revenue bond proposal in November 1997 were earmarked for rehabilitation of existing sewers. O & M management assistance to the Boone County Regional Sewer District provided under an agreement executed in August 1990 is expected to continue through FY 2000.

DESCRIPTION

The Engineering Section of the Sewer Utility is responsible for the planning and design of various sewerage improvements such as sewer districts, trunk sewer extensions, pump stations and wastewater treatment facilities. This work includes preparation of construction contract documents; ie. plans and specifications, construction inspection, supervision and providing assistance in easement acquisition. Sanitary sewer plans for private development are reviewed to ensure conformance with City and State rules, regulations and standards. All sanitary sewer plans, maps and other reference documents are maintained and updated for use by contractors, developers, realtors and the general public.

HIGHLIGHTS / SIGNIFICANT CHANGES

With the passage of the revenue bond issue in November 1997, funds will be available in FY 2000 to continue construction on several improvement projects including Wetlands Treatment Unit #4, restoration of creek bank erosion adjacent to WTU #3, Bearfield lagoon interceptor sewer C-6 (joint project with Boone County Regional Sewer District), and extensions to trunk sewers B-16 and B-17 near the Boone County Fairgrounds area. The Cow Branch sewers and pump station to serve the recently annexed area towards Prathersville is expected to be under construction in FY 2000.

DESCRIPTION

Operation of the Regional Wastewater Treatment Plant (WWTP) is provided on a three shift, 24-hour per day basis each day of the year. Responsibility for adequate treatment of wastewater and wastewater biosolids (sludge) rests with the Plant Operations section. The Field Operations section is responsible for the operation of the Wetlands and the effluent pumping station located adjacent to the MDC Eagle Bluffs Wildlife Area and the wastewater treatment and spray irrigation system at the Columbia Regional Airport. The Plant Maintenance Section performs breakdown and preventative maintenance on Plant equipment and all field facilities, makes modifications and new installations as needed, and is responsible for care of buildings and provides routine operation of eleven wastewater pumping stations located in the Columbia area. The Sludge Management Program is responsible for the ultimate disposal of the anaerobically digested biosolids by land application, and for annual reporting to MDNR, as well as grounds maintenance at the Regional WWTP, wetlands and field facilities. Industrial pretreatment management is also provided by this section. The Laboratory Section performs process control testing, MDNR monitoring and compliance reporting for the Regional WWTP and field sampling for the Sludge and Pretreatment Management Programs. Liaison with research organizations and tours of the wetlands are provided by the Lab Section.

HIGHLIGHTS / SIGNIFICANT CHANGES

In August 1998 construction was started on the new flood relief structure at wetland treatment unit #3. High groundwater levels slowed construction so the structure was completed in the spring of 1999. Construction of wetland treatment unit #4 began in the spring of 1999, with an expected completion time of 18 months. Major mechanical components of the original Plant are approaching their 20 year life. A significant equipment replacement schedule has been prepared in order to allow budgeting the costs and scheduling the work over a period of years.

DESCRIPTION

The Sewer Maintenance Section is responsible for the maintenance of approximately 434 miles of sanitary sewer pipe. This involves routine cleaning of sanitary sewer pipe; routine internal television inspection of pipe; repair and/or replacement of pipe and manholes; and investigation of complaints and correction of problems identified.

HIGHLIGHTS / SIGNIFICANT CHANGES

The emphasis again this year will be placed upon repair of previously identified damaged portions of sanitary sewer mains at various locations throughout the system. A second repair crew will again be utilized to assist in reducing the backlog of identified repairs. Routine cleaning will also be emphasized for preventive maintenance. The Sewer Maintenance section will continue inspecting, identifying and prioritizing existing sewers that will be rehabilitated utilizing trenchless technology methods for the ongoing major contract rehabilitation and replacement work.

MAJOR PROJECTS

The voters approved an 18.9 million dollar revenue bond issue in November 1997. Several projects on the list of improvements have been contracted. Several more are in the final design stages and will begin construction in FY 2000.

FISCAL IMPACT

To pay back the revenue bonds, the second of three scheduled rate increases became effective for the June 1999 billings. The second rate increase was 3% which amounts to an increase of approximately \$0.30 per month for a typical residential user. The third 3% rate increase is scheduled to become effective in FY 2001.

Parking Facilities Fund - Summary

Fund 556

DEPARTMENT DESCRIPTION

The Parking Utility operates, maintains and administers four parking facilities, 16 surface lots as well as on-street parking meters. It is responsible for the collection of income from the facilities, the collection of data and preparation of parking and parking facility studies, and the installation and maintenance of parking meters, gates, attendant buildings and other facilities.

DEPARTMENT OBJECTIVES

To provide and maintain convenient and adequate parking, both on-street and off-street in the downtown business district. To collect income from parking facilities for the maintenance and operation of these facilities and provide financing to additional facilities as needed.

Parking Facilities

556-6410

DESCRIPTION

The Parking Utility operates, maintains and administers four parking facilities, 16 surface lots as well as on-street parking meters. It is responsible for the collection of income from the facilities, the collection and data preparation of parking and parking facility studies, and the installation and maintenance of parking meters, gates, attendant buildings and other facilities.

HIGHLIGHTS / SIGNIFICANT CHANGES

Working with the downtown business community, the Parking Utility works to ensure that the present and future parking needs in downtown Columbia are met. In FY 1998, construction was completed on a new parking structure at Sixth and Cherry. A major renovation of the City's oldest parking structure located at Eighth and Cherry should be completed in FY 1999. A new temporary lot at 5th and Cherry was put into operation during FY 1999. This surface lot is permit only.

MAJOR PROJECTS

The 1998 Capital Plan calls for the completion of the planned improvements along Cherry Street. Renovation has been started on the 8th and Cherry facility and should be completed for FY 1999.

FISCAL IMPACT

Expansion of facilities is necessary to meet the needs of the community. Renovation of the 8th street facility will reduce losses that are occurring due to patrons moving out of the facility.

Solid Waste Fund - Summary

Fund 557

DEPARTMENT DESCRIPTION

This utility is dedicated to the management of resources for the protection of public health. Human resources are managed to provide efficient trash, recycling, and disposal services utilizing sound engineering practices. Natural resources are managed through education, reuse and recycling for the protection of the environment.

DEPARTMENT OBJECTIVES

To provide an efficient collection and disposal service while protecting the environment and public health.

DESCRIPTION

The Solid Waste Utility is responsible for the management of waste using sound engineering practices to protect human health and the environment. Administrative duties include keeping abreast of new regulations, designing waste and recyclable collection systems, collecting waste and recyclables, landfilling and managing human resources.

HIGHLIGHTS / SIGNIFICANT CHANGES

Blue bag commingled curbside recycling phase-in is complete. This will be the first full year of operation for the program. Blue bag participation and tonnage have exceeded early estimates. A pilot program for collection of commingled recyclables from apartment complexes will be implemented this year. The landfill is exploring potential end users for methane gas and opportunities to maintain and/or increase solid waste tonnage received. The landfill has entered into a 3-year joint research project with the University of Missouri to determine trash settlement and calculate airspace as the result of settlement of waste. There are no significant changes planned for residential or commercial collection of waste. Evaluations for the purchase of Civic Recycling and the development of a material recovery facility are on going.

DESCRIPTION

Commercial collection provides waste removal services from small single offices to large manufacturers. Services and equipment are available that range from a single bag for small generators to large 40 cubic yard compactors for manufacturers.

HIGHLIGHTS / SIGNIFICANT CHANGES

Roll-off service continues to grow and the mini roll-offs are providing service opportunities to medium and large volume generators that were too large for dumpsters and too small for the larger roll-off containers. Repair and replacement of old dumpster containers continues to be a focus. There are no significant changes to commercial collections.

Solid Waste - Residential

557-6530 to 557-6539

DESCRIPTION

Residential solid waste services include collection of refuse, recycling, yard waste and white goods from single family and multiple residential units.

HIGHLIGHTS / SIGNIFICANT CHANGES

Trash and commingled recyclables are collected weekly in the same truck. Yard waste is collected with a separate vehicle. White goods are collected by appointment and freon recovery by city staff is completed before the unit is sent for metal recycling. A pilot yard waste program to increase efficiency will be tested. There are no significant changes to residential collections.

Total Permanent	20.00	25.00	25.00	27.00

DESCRIPTION

To comply with state and federal regulations, Columbia Sanitary Landfill is operated using environmentally sound engineering practices for disposal of municipal solid waste.

HIGHLIGHTS / SIGNIFICANT CHANGES

FY 1998 Landfill annual waste disposal totaled 127,834 tons of solid waste. FY99 totals are uncertain due to a market consolidation and possible waste stream diversion to competing landfills. At mid-FY 1999 leachate handling totals stand at more than 1.6 million gallons being collected, aerated, tested, and trucked for disposal from the treatment basins. Planning for a force main sewer is ongoing. Landfill gas recovery efforts continue at a flow rate of 250,000 cubic feet of gas per day. Phase 2 gas recovery system construction, which increases the well field from 11 to 24 gas recovery wells, is ongoing and should be on-line by the end of FY 1999. Negotiations with an industrial end-user of the medium-BTU gas are ongoing. Disposal Cell No. 2 will have an estimated 100,000 tons of waste in place at the end of FY 1999.

The yard waste grinding operation continues to be very popular with the resources dedicated to the supply of mulch being exceeded by demand. The composting operation is involved in a pilot project with MDNR which allows incorporation of clean drywall into the normal yard waste stream. Additional opportunities for waste stream diversions through composting are being explored.

DESCRIPTION

This program includes weekly collection of commingled recyclables from residential units, daily collection of commingled recyclables from 7 drop-off locations (including the University site), bi-monthly (April through November) collection of household hazardous waste, and weekly collection of major appliances and yard waste. The Public Works Volunteer Program utilizes over 2000 volunteers per year in waste reduction activities such as Adopt-A-Spot litter control, household hazardous waste greeters, mulch site aides, worm loan aides, composting workshop leaders, and various other special projects.

HIGHLIGHTS / SIGNIFICANT CHANGES

Recycling tonnage collected from curbside has more than tripled since the implementation of the commingled (blue bag) program, while tonnage from the drop-offs continues to be steady to slightly rising. The change from a 30 gallon to a 15 gallon blue bag with drawstring has been favorable as it accommodates the quantity of recyclables generated weekly from the majority of residents. Prior to the new commingled recycling program approximately 8% of residents were recycling at curbside. Since the completion of the commingled recycling phase in this has increased to 20%. Broken glass continues to be a challenge for collection as well as processing of the recyclable material. Evaluations for the purchase of Civic Recycling and the development of a material recovery facility are on going.

An apartment recycling drop off program will begin in late FY 1999. This program is to include several drop off containers that will be rotated to various apartment complexes. The containers will be placed at each apartment complex for a twenty-four hour period before moving to the next location.

Storm Water Utility Fund - Summary

Fund 558

DEPARTMENT DESCRIPTION

The Storm Water Utility operates through funding approved by voters in April of 1993. Funding sources include development charges on new construction and Storm Water Utility charges on existing improved properties. The Storm Water Utility was established to provide funding for the implementation of storm water management projects, maintenance of existing storm water drainage facilities, and modeling of developing drainage basins with an eye toward implementation of regional detention facilities to control run off from developing areas.

DEPARTMENT OBJECTIVES

To assure the movement of emergency vehicles during storm periods, to protect the public from rapidly flowing water or flash floods, to minimize losses and property damage resulting from uncontrolled storm water runoff, and establish requirements for construction of storm water management facilities in newly developed areas.

Storm Water Utility - Field Operations

558-6620 to 558-6629

DESCRIPTION

The Storm Water Utility - Field Operations is responsible for maintaining and repairing existing facilities and constructing small storm water projects.

HIGHLIGHTS / SIGNIFICANT CHANGES

This fiscal year, Field Operations will expand work on identified problem areas in public right-of-way with the highest priority given to flooding of homes and major streets in accordance with the ballot approved Storm Water Utility Plan.

Custodial & Maintenance Services Fund - Summary

Fund 671

DEPARTMENT DESCRIPTION

Custodial and Maintenance Services Fund provides custodial services to the City Hall Building, Howard Building, Gentry Building, Gates Building and City Hall Annex. Building maintenance for these facilities as well as all fire stations, Grissum Building, Walton Building, Fire and Police Building and other City facilities is provided.

DEPARTMENT OBJECTIVES

Maintain condition of buildings as efficiently as possible.

Custodial & Maintenance Services Fund - Summary

Fund 671

PERFORMANCE MEASUREMENTS / SERVICE INDICATORS

	Actual FY 1998	Budget FY 1999	Estimated FY 2000
Custodial:			
Cost/Square Foot	3.01	3.11	3.11
No. Square Feet/Hours Worked	2,146	2,146	2,146
Maintenance:			
Cost/Square Foot	\$2.31 (2)(3)	\$2.18(1)(4)	\$2.18(1)(4)
No. Square Feet/Hours Worked	9,747	10,218	10,218

- 1) Square footage of responsible areas include common areas. Custodial has 68,671 square feet. Maintenance has 245,219 square feet.
- 2) New Fire Station #1 added 10,246 square feet to maintenance responsibilities during FY 98.
- 3) Utilities were not previously charged to maintenance until FY 98. This increased the cost per square foot.
- 4) City. Hall added 11,296 square feet of county area not previously accounted for in square footage until FY 99.

COMPARATIVE DATA

NOTE: Comparative Data was not available for the Custodial & Maintenance Services Fund.

**Custodial & Maintenance Services Fund -
Building Maintenance**

671-6710

DESCRIPTION

This section provides general maintenance on the buildings previously mentioned including all electrical, plumbing, heating, air conditioning and structural maintenance as required.

HIGHLIGHTS / SIGNIFICANT CHANGES

The maintenance crews will be completing the renovation of City Hall. The HTE software system for managing work orders and maintenance activities will be brought on line this fiscal year. Efforts will continue in preventive maintenance and seeking ways for more efficient use of resources.

DEPARTMENT DESCRIPTION

The Fleet Operations Division provides preventative maintenance, mechanical repair, repair parts, acquisition support, and fuel for the vehicles and equipment belonging to the Public Works Department, the Police Department, the Fire Department and other City departments.

HIGHLIGHTS / SIGNIFICANT CHANGES

Having completed the removal of underground fuel storage tanks per the Missouri Department of Natural Resources and the Environmental Protection Agency, the goal is to construct a state of the art fueling facility. This new facility will provide improved fueling support for the Fleet Operations' customer departments plus the inclusion of the Water and Light Department. Use of the new fleet maintenance software will continue to provide opportunities to identify and implement improved maintenance practices.

Shop Labor Rate	\$38.00	\$12.00(2)	N/A (4)	Mechanic's Wage (2)	\$32.00+(6)	\$45.00 (7)
Parts Inventory Value	\$210000(1)	\$125000	\$160000	\$25000	\$35000	\$140000

- Numbers have been altered to reflect less the Transit Bus System statistics relative to Columbia only. None of the other cities in the above comparison have a city owned/operated bus system.
- Labor rate is supplemented by appropriated tax dollars. All overhead expenses (insurance, utilities, etc.) are not paid via the labor rate.
- This Public Works vehicle maintenance organization does not support Fire Department nor Police.
- No labor rate used. Maintenance totally supported by appropriated tax dollars.
- This Public Works vehicle maintenance organization does not support Solid Waste nor Police.
- Overhead expenses are averaged out and assessed monthly per vehicle in addition to labor rate. (assessment equals \$250 to \$1,800 per vehicle)
- Labor rate increases if mechanics work overtime (\$60 an hour) or if a service call is required (\$70 an hour). Lawrence is currently considering an increased labor rate for heavy trucks/equipment.
- City does not have City owned/operated Solid Waste/Mixed Refuse Department.

FLEET OPERATIONS - CAPITAL PROJECTS

Fund 672

MAJOR PROJECTS

Replacement of gas station at the Grissum building.

FISCAL IMPACT

Surcharge on fuel sold will continue to fund repayments due the Designated Loan Fund for the FY 1999 fueling station project.

WATER & ELECTRIC UTILITY FUND - SUMMARY

Fund 550, Fund 551

DEPARTMENT DESCRIPTION

The Water and Light Utility is to provide the citizens of Columbia with a safe and dependable supply of drinking water and electricity.

DEPARTMENT OBJECTIVES

To provide the citizens of Columbia with service in the most effective and efficient manner possible to assure a dependable supply at the lowest possible cost.

Water Utility - Summary

Fund 550

DESCRIPTION

The Water Utility is responsible for the supply of safe drinking water and fire protection service to the City, and providing production, treatment, and distribution systems. The utility operates a well field in the Missouri River bottoms, the McBaine Water Treatment Plant, the West Ash Pump Station, elevated water towers, and the distribution system. The personnel test and set meters, install and maintain fire hydrants, operate a laboratory and water testing facility, perform all maintenance on towers, lines, leak repair and customer service calls, and flush mains and service valves. Crews do some extension of water mains; however, most are contracted due to the large amounts of machinery and personnel required.

HIGHLIGHTS / SIGNIFICANT CHANGES

There is a 2% rate increase projected in FY 2000. We are implementing the third phase of Water Utility rate increase to fund the 1997 bond issue passed by voters.

DESCRIPTION

The Administrative Office is responsible for all operations of the utility. This office also includes the engineering section which is responsible for all extensions, planning, and layouts for construction crews, review of subdivision plans, and field review of all contract work. Meter reading is also done through this office.

HIGHLIGHTS / SIGNIFICANT CHANGES

The budget includes normal operation and maintenance for the division.

Water - Production

550-7100 to 550-7199

DESCRIPTION

This Division is responsible for the production and treatment of water entering the distribution system. Duties include operation of the well fields, the water treatment plant and responsibility for operating a testing laboratory thereby assuring the highest quality water possible.

HIGHLIGHTS / SIGNIFICANT CHANGES

There are no new activities planned in this section.

DESCRIPTION

This division is responsible for providing an adequate supply of water for individual consumption as well as fire protection to the citizens of Columbia. This task is accomplished through the operation of the West Ash Pumping Station, elevated water towers, and the distribution systems. This division tests and sets meters, installs and maintains fire hydrants, maintains all towers, lines and service valves and responds to customer service calls. Although some water main extensions are done by this division, most are contracted due to the specialized machinery and personnel required.

HIGHLIGHTS / SIGNIFICANT CHANGES

The budget includes normal operation and maintenance for the division.

MAJOR PROJECTS

This budget accounts for the capital improvements made in the Water Utility.

FISCAL IMPACT

This includes the major capital improvements that are outlined in the CIP. The 1998 Bonds for the water utility were sold in the amount \$8,540,000. This represents 53% of the total issue approved by voters in 1997. The total issue approved was \$16,125,000 in Water Capital Improvements.

Electric Utility - Summary

Fund 551

DESCRIPTION

The Electric Utility is to provide the citizens of Columbia with electricity in the most effective and efficient manner possible to assure a dependable supply at the lowest possible cost. This requires the Department to operate and maintain the electric generating and distribution system which serves approximately 33,267 customers.

HIGHLIGHTS / SIGNIFICANT CHANGES

Load growth is projected to match our load forecast. Rates will be reduced as follows: Residential 2%, Commercial 3%, Large General Service & Industrial 5%. One new person is budgeted: An electric technician supervisor at the Power Plant.

DESCRIPTION

The Administrative office is responsible for all operations of the utility. This office also includes the engineering section which is responsible for extensions, planning and layouts for construction crews, review of subdivision plans, and field review of all contract work. This group also does long-range planning, coordinates the work of consultants, and arranges for bulk power purchases. The rate section functions somewhat as a corporate planning division. This group is currently working on the development of computer models which will provide load forecasting, budget projections, revenue and production requirements, rate design and cost of service studies. This group coordinates the budgeting efforts of the other divisions, makes the monthly fuel cost calculations, advises the power plant on generating costs and the best method of economical loading of generating units, and works with their economic development effort and customers in general to provide information on electric rates. Also included in Administration is an Energy Management Office that is responsible for conservation and demand management programs, water conservation and marketing in general, including operation of CABLE Channel 13.

HIGHLIGHTS / SIGNIFICANT CHANGES

This budget includes funds for normal operation and maintenance for the Division.

DESCRIPTION

This division is responsible for the production of electricity for the citizens and for the operation of the Municipal Power Plant. The personnel in this division man and operate the City's generating station on a 24-hour per day basis. The maintenance crew also performs all routine maintenance and repair work except for major overhauls and reconstruction. Personnel schedule delivery of coal, operate an industrial water treatment system, operate the boilers and turbine, cooling tower, and other equipment. A central dispatch office is operated on a 24-hour basis. The dispatching personnel arrange for and schedule all power purchases via various interconnections operated with other utilities and maintain an integrated operation with them. The dispatch office also receives all after hour calls for the utility and dispatches water or electric personnel as required.

HIGHLIGHTS / SIGNIFICANT CHANGES

The budget includes funds for the normal operation and maintenance for the division.

DESCRIPTION

This division handles all of the electrical system beyond the production facilities, as well as the general warehousing and building facilities for the distribution operation. This division is responsible for all line crews and electric construction and maintenance of transmission lines, substations and distribution lines. This division installs all underground lines, services, transformers and electric meters. The personnel install and maintain the City street lights. Meter testing is handled by this division as well as all customer turn-on and turn-offs. A distribution dispatching center for water and electric crews is operated during normal working hours. Tree trimming and line clearance work is done by contractors, and inspection personnel are in this division. This division also operates the Water and Light garage and vehicle maintenance facilities, fueling stations and warehouse. The actual costs for meter reading are shown in the administrative and general division but are administrated under this division.

HIGHLIGHTS / SIGNIFICANT CHANGES

The budget includes funds for the normal operation and maintenance for the division.

DEPARTMENT DESCRIPTION

The Office of Cultural Affairs' (OCA) mission is to enhance the vitality of the City and the quality of life for all citizens by creating an environment wherein artists and cultural organizations can thrive by fostering opportunities for creative expression and the preservation and celebration of the City's multi-cultural heritage. OCA strives to enhance the artistic, management and marketing capabilities of local artists and arts organizations; increase both public and private resources for the arts; encourage cooperation, partnerships and collaborations within the diverse cultural heritage and develop a broader audience for the arts.

DEPARTMENT OBJECTIVE

- \bi To provide leadership in the public art field by maintaining works currently owned by the City while expanding collection through the Percent for Art Program.
- \bi To address the three following focus areas which resulted from the 1998 Commission on Cultural Affairs retreat: delegation of commission work to committees and subcommittees; research the feasibility of conducting an Economic Impact Study; and raise awareness of Columbia's rich array of artists and cultural offerings.
- \bi To implement in a timely manner the goals set to carry OCA beyond 2000: Promoting Arts and Life-Long Learning; Marketing the Arts; Integrating Business and the Arts; Advocating Public Art Policies while ensuring managerial, fiscal and human resources to achieve the programs.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

- \bi The development of a collaboration of six local festivals resulted in a standardized evaluation instrument and inclusion in the Convention and Visitors Bureau's application to the Missouri Department of Economic Development to market six local festivals.
- \bi A fully funded Missouri Art Council (MAC) grant will permit the Public Art Guide, a self-guided walking or driving tour of Columbia's public art, to be used as a tool for teachers and community leaders in promoting Columbia's sculpture as an educational resource.
- \bi A successful Heritage Preservation grant allowed for professional sculptural condition assessments of three works owned by the City and training of the Public Art Committee.
- \bi Survey participants of the Columbia Festival of the Arts, Partners in Education's In-Service, and Technical Assistance workshops met the needs of the constituents.
- \bi The mailing list for Arts Express, the monthly event calendar, topped 1,000. Marketing efforts include radio and newspaper.
- \bi The commission studied data collected from surveys of artist registry participants, patrons, artists and arts organizations; comparative city data, performance measurements and service indicators; and a status report of initiatives outlined in Creative Columbia, 1993, to produce a strategic plan to guide OCA beyond the year 2000.
- \bi Local funding support provided over \$66,000 to fund 18 projects by 13 agencies plus five awards in the Small Request category.
- \bi Updated the web site.
- \bi Through MAC funding a part-time program assistant position was created.
- \bi Planned, coordinated, and implemented the Columbia Festival of the Arts in its eighth year.

DEPARTMENT DESCRIPTION

The Convention and Tourism Fund has three major responsibilities: (1) to encourage groups to hold meetings, trade shows and conventions in Columbia; (2) to assist these groups with meeting preparations and auxiliary services; and 3) to encourage tourists to visit the City to enjoy the historic, recreational, and cultural opportunities the City has to offer.

DEPARTMENT OBJECTIVES

To attract conventions, events, group tours and other tourism related business to the City of Columbia through personal solicitation, direct mail, promotion and attendance at industry trade shows. To provide support services to meetings and conventions held in Columbia. To provide itinerary planning support to motorcoach operators.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The Bureau's mission is carried out through direct sales calls, trade shows, direct mail, competitive bidding and advertising. In early 1997, the Bureau entered into a long range planning process with a committee of community representatives. Based upon the committee's findings, the Bureau began their focus in 1998 on four new areas of tourism development: (1) Cultural & Heritage tourism; (2) Marketing program for the Katy Trail in Central Missouri; (3) Development of destination attractions; (4) Exposition Marketing. These new programs do not exclude programs already in place for convention promotion and service.

Much of the Master Plan has not been implemented due to lack of funding.

We have seen a decrease, throughout the region, in "walk-ins" which are motel room bookings that were not previously secured with a reservation. This trend signals either an overbuilt marketplace or a general decline in leisure and corporate travel. Both are of concern as we approach FY 2000.

- (1)** Number of group tours requesting itineraries was reduced after the National Hot Air Balloon Championships ended.
- (2)** The jump in tours serviced is due to the large number of tours generated by the Carl Hurley performance which will be returning in 1999.
- (3)** Fewer group tour leads are due to decreasing emphasis and fewer tradeshowes attended following the end of the Balloon Championships.

DEPARTMENT DESCRIPTION

The Employee Benefit Fund accounts for the transactions and reserves associated with the City's medical, dental, prescription drug, life and long-term disability programs for City employees, plus other benefits such as safety and service awards and sick leave buyback. Employee health and wellness programs are also managed through this fund. Coverages for health, dental, and prescription drug plans are self-insured. Other coverages are with commercial insurance carriers.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The City's self-funded health insurance plan has experienced a sharp increase in claims over the past two years after a three year period of stable rates. This budget reflects a 5% increase in premiums to reflect at least a part of that increase. Claims experience will be closely monitored during the next year to see if the trend continues.

Employee Health and Wellness programs and staff will be placed in this budget beginning in FY 2000. Emphasis will be on safety, illness prevention and disease management programs for City employees. Drug and alcohol testing for new and federally-mandated employees will continue. An Employee Health/Wellness fee will be charged to all departments to cover the cost of the operation of this unit.

DEPARTMENT DESCRIPTION

Information Services provides the hardware infrastructure to support the computing requirements of the City, as well as developing or implementing software to improve the operating efficiencies of the departments within the City.

DEPARTMENT OBJECTIVES

Information Services will, within the framework of its existing resources, continue to provide the highest level of support possible to all user agencies. We will continue to identify and suggest new and better methods of providing services to our users at the lowest possible cost.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Information Services has worked with the user departments to install HTE programs and convert mainframe data for replacement of applications. We have coordinated use of our training center to offer classes on newly installed HTE application software. Assisted with evaluation of an RFP to provide MDT service for the Police and Fire Departments. Information Services has installed several micro computer hardware upgrades and expansions. A GIS Technical Committee is working on implementing a joint development effort with the City, County and Boone Electric Cooperative.

A new methodology was established for charging other departments for information service activities. This new methodology allows for a more accurate charge out to each department based upon the number of workstations connected to the network and the number of users of the AS/400.

PUBLIC COMMUNICATIONS FUND - SUMMARY

Fund 675

DEPARTMENT DESCRIPTION

The Public Communications Office has three responsibilities: public communications, printing services, and mail services. The Public Communications Division oversees or coordinates the City's public communications program which includes Community Line, Columbia Online Information Network, Partners in Education, facility tours, speaking engagements, an employee newsletter, a citizen newsletter, media relations and distributes press releases, etc. The Public Communications Officer supervises the overall operation and reports to the City Manager.

DEPARTMENT OBJECTIVES

To facilitate better two-way communications between Columbia citizens and City government. To provide normal printing and high-speed duplicating service for City departments. To provide full-service mail support for City departments.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Public Communications consolidates a variety of communication efforts into one office by supporting the information efforts of various departments. Printing and Mail Services are supported with fees charged to users.

DESCRIPTION

To facilitate better two-way communications between Columbia citizens and City government. This is accomplished through prudent use of communication tools and channels.

HIGHLIGHTS / SIGNIFICANT CHANGES

Columbia's Community Line continues to be a viable information channel for citizens seeking basic information. The Community Line directory was updated and many voice messages were also updated. The Public Communications Office continues to seek new ways to communicate with the citizens. Public Communications coordinated monthly employee Public Communications Committee meetings. It also coordinated, along with other departments, a monthly citizen newsletter, "City Source," that is mailed with utility bills, and a weekly consolidated advertisement in one of the local newspapers. Public Communications began publishing a monthly employee newsletter. The number of press releases exceeded the previous year's numbers by the end of the third fiscal year quarter. FY 2000 includes \$20,000 to improve the City's web page.

DESCRIPTION

This Division provides several major support services ranging from graphic art design/development, printing press jobs, high speed photocopier service, bindery, perforating, folding, etc. The service is provided at a reasonable cost to departments.

HIGHLIGHTS / SIGNIFICANT CHANGES

Printing Services continues to explore new and better methods of producing the highest quality product. Due to the age of our existing offset press machine and the significant cost to replace it, we will now be outsourcing most of our press jobs.

DESCRIPTION

Mail Services provides pick up and delivery of internal mail, as well as pick up and delivery of the U.S. Mail, and UPS packages. Service is provided to all city agencies.

HIGHLIGHTS / SIGNIFICANT CHANGES

Mail Services continues to explore better methods for providing better and more efficient services. The Mail Room added a new mail posting machine that allows posting mail of different weights and dimensions without presorting. The machine also allows refilling the postage meter by telephone.

CONTRIBUTIONS FUND - SUMMARY

Fund 753

DEPARTMENT DESCRIPTION

The Contributions Fund is a trust fund that was established to process donations and contributions given to the City. Proper procedures have been established to ensure funds and donations are expended for the purpose designated by the donor. This Fund also handles the promotion of volunteer opportunities within City government.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Last year, volunteers contributed more than 42,000 hours of service to the City of Columbia at a value of more than \$550,000. This number does not include hours contributed by boards and commissions. Highlights during 1999 include national recognition of the Park Patrol trail ambassador program, corporate sponsorship of "A Celebration of Volunteers" the second annual City-wide volunteer recognition event, the second annual City-wide "Clean-up Columbia" litter pick-up event, Adopt-A-Spot beautification's 30th partnership, the second graduating class of the TreeKeepers program and the development of the Columbia Trust, a charitable donations program to enhance the quality of life in Columbia. FY 2000 goals include continued development and expansion of City volunteer opportunities, increased Adopt-A-Spot beautification partnerships and the growth and expansion of the Columbia Trust.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DESCRIPTION

This office coordinates the promotion of volunteer opportunities within City Government. Through its advisory committee, it helps recruit volunteers and match them to projects of mutual interest and benefit. As an extension of its volunteer activities, the office coordinates the city's beautification "Adopt a Spot" program, working with City operations to identify Spots and match Adopters. The office also coordinates the Park Patrol trail ambassador program, TreeKeepers forestry volunteer program and "Cleanup Columbia" a city-wide litter cleanup event. The office coordinates the Columbia Trust, a charitable donations program for citizens wishing to donate resources other than time and talent.

HIGHLIGHTS / SIGNIFICANT CHANGES

Last year, volunteers contributed more than 42,000 hours of service to the City of Columbia at a value of more than \$550,000. This number does not include hours contributed by boards and commissions. Highlights during 1999 include national recognition of the Park Patrol trail ambassador program, corporate sponsorship of "A Celebration of Volunteers" the second annual City-wide volunteer recognition event, the second annual City-wide "Clean-up Columbia" litter pick-up event, Adopt-A-Spot beautification's 30th partnership, the second graduating class of the TreeKeepers program and the development of the Columbia Trust, a charitable donations program to enhance the quality of life in Columbia. FY 2000 goals include continued development and expansion of City volunteer opportunities, increased Adopt-A-Spot beautification partnerships and the growth and expansion of the Columbia Trust.

Donations

753-8500

DESCRIPTION

Donations are not budgeted during the initial budget process. Rather, donations are appropriated by Council for their intended use during the year as they are received.

HIGHLIGHTS / SIGNIFICANT CHANGES

Significant contributions were received during FY 1999. Contributions included improvements to the Oakland Aquatic Center, the MKT Trail Head Park, Public Safety, cash, land and stock.

Transportation Sales Tax Fund

City of Columbia
Columbia, Missouri

(THIS PAGE INTENTIONALLY LEFT BLANK)

TRANSPORTATION SALES TAX FUND

Fund 221

DESCRIPTION

Section 94.600 of the Revised Missouri State Statutes allows cities to authorize a 1/2 cent sales tax for transportation purposes if a simple majority of the voters approve such action. The voters of the City of Columbia authorized the addition of this tax on April 6, 1982. State Statutes require proceeds from the tax to be accounted for in a trust fund separate from other sales tax resources. When the City receives proceeds from the transportation sales tax, the money will be placed in a Transportation Sales Tax Fund and allowed for a wide range of transportation purposes.

CAPITAL PROJECTS SUMMARY

DESCRIPTION

The City prepares a five year capital plan to address the capital need of current and future years. The Capital Improvement Plan (CIP) is coordinated by the Planning Department. This plan contains two distinct sections: General Government and Enterprise. General government capital needs are funded primarily with Sales Taxes that are set aside, either by Council policy for general capital needs or voter referendum for specific projects. Enterprise capital projects are funded primarily through revenues generated by the enterprise.

MAJOR CAPITAL PROJECTS

This budget proposal completes the appropriations for the few remaining projects approved by voters in the 1996 1/4 cent sales tax, as well as water and sewer projects authorized in last year's ballot proposals. Our continued emphasis should be maintaining the facilities and infrastructure we have and to construct new infrastructure needed for a growing community. Major projects for next year include:

- \bl Increased funding for underground power lines maintenance and conversion
- \bl Additional \$1.25 million for administrative offices for Water & Electric
- \bl Continued implementation of the Sanitary Sewer capital plan approved by the voters including continued work on Wetland Treatment Unit #4 and B-17 Interceptor
- \bl Replacement of (7) 40' buses, (6) 30' buses and (2) paratransit vehicles
- \bl Vandiver Drive - Two projects on west Vandiver Drive to extend to interchange and add the interchange and ramps

BUDGET CONSIDERATIONS

Additional public safety and parks & recreation needs are shown as unfunded but are to be placed on a ballot issue in November 1999.

OPERATING IMPACT

The Capital Improvement Plan will not have a significant impact on the operating budget for FY 2000.

CAPITAL PROJECT FUNDING SOURCES

Abbreviations	Funding Source Descriptions
1997 Ballot	<u>1997 Ballot</u> - Funds authorized by public vote via a ballot issue.
1997 Bonds	<u>1997 Bonds</u> - Funds generated from bonds approved on the April 1997 ballot for Water and Light capital improvements.
98PC	<u>98 Private Contributions</u> - Private contributions received during 1998.
1/4% 96 S Tax	<u>96 1/4% Sales Tax</u> - Funds generated from the 1996 CIP sales tax issue.
All	<u>Accumulated Investment Income</u> - Interest earnings on all projects.
Armory Corp	<u>Armory Corp</u> - A federal organization which preserves and assists with local Armory facilities.
Bond Balance	<u>Bond Balance</u> - Remaining balance yet to be paid on bonds
CAP-FB	<u>Capital Projects Fund Balance</u> - Monies made available through the closeout of old projects.
CDBG	<u>Community Development Block Grant</u> - Federal Entitlement Grant Program (annual) administered by U.S. Department of Housing and Urban Development, 100% grant requires no matching local funds.
Co rd tax reb	<u>County Rebate Funds</u> - Funds received by Columbia from Boone County for maintenance/improvement to roads under City jurisdiction after annexations.
Dev charge	<u>Development Charge</u> - A fee assessed at the time a building permit is issued for new construction, at a rate of \$0.061 per square foot. Revenue gained from this is used for construction of collector and arterial streets.
Contributions	<u>Contributions</u> - Funds received from various entities or organizations who will benefit from a particular project. We have various current types of contributors: Developer, County and Utilities.
Donations	<u>Donations</u> - Monies or gifts donated from non-governmental entities.
EU loans	<u>Electric Utility Loans</u> - Funds provided for a project from the electric utility.
Ent Rev	<u>Enterprise Revenue</u> - Actual income to one of the City's utilities, such as sanitary sewers, water, etc.
FAA Gr	<u>Federal Aviation Administration (U.S.) Grant</u> - Competitive federal grant funds for capital projects at airports, no set amount per year, 90% grant requires 10% local matching funds.
FAL	<u>Force Account Labor</u> - Labor for capital projects that is performed by City personnel and charged to the capital project.
FTA	<u>Federal Transit Administration Capital Grant</u> - Grant for transit related capital projects. 80% Federal; 20% Local funding.
Grants	<u>Grants</u> - Monies received from from local, state, county or federal entities.
GCIF	<u>Golf Course Improvement Fund</u> - A \$1-per-round fee collected from golfers which is set aside for improvements at the City's golf courses.
Gen Fd/PI	<u>General Fund/Public Improvement</u> - Local funds generated through the sales tax.
Heritage Pr Gr	<u>Heritage Pr Gr</u> - Grant money received for the Martin Luther King Memorial restoration.

Abbreviations**Funding Source Descriptions**

LUT	<u>Local Use tax</u> - The amount represents the local use tax that was distributed to the City of Columbia during the years of 1993-1996 which did not have to be refunded to the state.
MODOT	<u>Missouri Highway Transportation Department</u> - Monies the City receives from the Mo. Hwy. Trans. Dept. for transportation related projects.
Prior Yr App (PYA)	<u>Prior Year Appropriation</u> - Funds left over from monies approved in previous years.
RSR Fd	<u>Recreation Services Fund</u> - Funds generated from user fees paid by participants in programs involving capital facilities. User fee structure established by citizen election.
State Hwy	<u>State Highway</u> - Reimbursement from the State Highway Department for Railroad Crossings.
STP	<u>Federal Highway Administration Surface Transportation Program</u> - Replaces the old Federal Aid Urban Program - 20% local match.
STP Enh	<u>Federal Highway Administration Surface Transportation Enhancement Program</u> - Enhancement program portion of STP program set aside for transportation enhancement projects. 80% federal; 20% local funding.
Tax Bill	<u>Tax Bills</u> - Charges, on a per lineal foot basis, assessed to property owners abutting new roads, or roads undergoing major improvements, for the improvements to their property. Charges based on benefit to property as determined by City Council.
Transp S Tax	<u>Transportation Sales Tax</u> - 1/2 cent sales tax authorized by the voters for transportation purposes.
Unfunded	<u>Unfunded</u> - Projects beyond current FY which have no definite funding commitment.
Unfunded/Ballot	<u>Unfunded/Ballot</u> - Projects beyond current FY which will go before the voters in a ballot issue.

CAPITAL PROJECTS - GENERAL GOVERNMENT - SUMMARY

PURPOSE

This budget adopts the FY 2000 portion of the capital improvements plan as the general government capital budget for the fiscal year. This budget accounts for funds from the Public Improvement Fund, Community Development Block Grant, Special Road District Fund, Special Assessments (tax bills), and related state and federal grants. After the projects are completed, the improvements are capitalized into the General Fixed Asset Group of Accounts, except for Streets and Sidewalks.

DEBT SERVICE - SUMMARY

GENERAL INFORMATION

The City is authorized to issue General Obligation Bonds payable from ad valorem taxes to finance capital improvements. General Obligation Bonds are supported by a pledge of the City's full faith and credit. The applicable Missouri statutes are listed below. The computation of legal debt margin is also shown below.

The City is authorized to issue Revenue Bonds to finance capital improvements to its various utility operations such as the electric system, water system, sewer system and parking and airport facilities. These types of Revenue Bonds require a majority vote of the qualified electorate voting on the specific proposition. All Revenue Bonds issued by the City are payable out of the revenues derived from the operation of the facility that is financed from the proceeds of such bonds.

The City is authorized to issue Special Obligation Bonds. These bonds are special obligations of the City. The payment of the principal of and interest on the Bonds is subject to an annual appropriation by the City. The City is not required or obligated to make any such annual appropriation, and the decision whether or not to appropriate such funds will be solely within the discretion of the then current City Council.

The City's stable financial condition as well as sound debt administration practices allow it to continue to enjoy favorable bond ratings of its General Obligation Bonds, Special Obligation Bonds, and Revenue Bonds. The City has consistently held a General Obligation Rating of AA and Revenue Bond rating of A1.

MISSOURI STATUTES

Section 95.115 & 95.120 of the 1978 Missouri Revised Statutes permits any county or city, by vote of two-thirds of qualified electors voting thereon, to incur additional indebtedness for city purposes not to exceed 5 percent of the taxable tangible property therein, as shown by the last assessment. Section 95.125 and 95.130 of the 1978 Missouri Revised Statutes provides that any city may become indebted not exceeding in the aggregate an additional 10 percent for the purpose of acquiring right-of-ways, constructing, extending and improving streets and avenues and/or sanitary or storm sewer system and an additional 10 percent for purchasing or construction of waterworks, electric or other light plants provided the total general obligation indebtedness of the city does not exceed 20 percent of the assessed valuation.

GENERAL OBLIGATION BONDS

GENERAL INFORMATION

General obligation bonds are supported by a pledge of the City's full faith and credit. These bonds, which are recorded in the General Long-Term Debt Account Group, were issued to finance various capital projects. In August of 1992, the City issued \$16,670,000 in General Obligation Bonds for the purpose of refunding all of the City's General Obligation Street and Bridge Bond Series 1986, General Obligation Street and Bridge Bond Series 1983, and General Obligation Fire Protection Bond Series 1982, each of which were subject to redemption prior to maturity. Total outstanding on the refunded bonds was \$16,280,000. Interest payments on the new bonds are due on April 1 and October 1. Principal payments are due on October 1 each year. The final payment is due on October 1, 2006. Interest rates on this issue range from 2.75% to 9%.

NET GENERAL BONDED DEBT RATIO

The ratio of net general bonded debt to assessed valuations of property for tax purposes and the amount of bonded debt per capita are useful to management, citizens, and investors as indicators of the City's financial status. These ratios at the close of fiscal year 1998 are projected as follows:

Type of Debt	Amount	Ratio of Debt to Assessed Value	Per Capita Debt Total
Net General Bonded Debt	\$ 4,795,000	0.55%	63

WATER AND ELECTRIC REVENUE BONDS

GENERAL INFORMATION

12/12/85 Water and Electric Series B Bonds (Interest rates: determined weekly)

Original Issue - \$15,500,000
Balance 9/30/99 - \$15,500,000
Maturity Date - 12/01/15

In December of 1985, the City issued \$15,500,000 of Water and Electric System Revenue Bonds, Series B. The bonds are to be paid by the net revenues of the system and are secured by a first lien on those revenues. The bonds were issued to provide funding for capital improvement projects of the system's power generating facility. The effective interest rate for FY98 was 3.63% which resulted in interest payments of approximately \$563,000.

07/01/92 Water and Electric Series A Revenue Bonds (Interest rates: 2.75% - 5.70%)

Original Issue - \$34,140,000
Balance 9/30/99 - \$22,165,000
Maturity Date - 10/01/12 original 10/1/05 due to refinancing

In August of 1992, the City issued \$34,140,000 of Water and Electric System Revenue Bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. \$23,140,000 of the bonds were issued to refund \$19,265,000 of the outstanding 1985 Water and Electric Refunding Bonds, and \$11,000,000 were issued to provide funding for improvements and additions to the City's water works facility.

03/01/98 Water and Electric Refunding and Improvement Bonds (Interest rates: 3.75% - 6.00%)

Original Issue - \$28,295,000
Balance 9/30/99 - \$28,295,000
Maturity Date - 10/01/22

In March of 1998 the City issued \$28,295,000 in Water and Electric Refunding and Improvement revenue bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. A portion of these bonds were used to defease \$5,215,000 of the 1992 bond issue. The remaining bond proceeds were issued to provide funding for improvements to the water and electric distribution system.

SANITARY SEWER REVENUE BONDS

GENERAL INFORMATION

08/01/79 Sanitary Sewerage System Revenue Bonds (Interest rates: 5.00% - 7.00%)

Original Issue - \$3,500,000
Balance 9/30/99 - \$1,495,000
Maturity Date - 10/01/04

In August of 1979, the City issued \$3,500,000 of Sewerage System Revenue Bonds. These bonds are secured solely by the net revenues of the system. Bond ordinance requirements provide for the restricting of operating revenues after current operating expenses have been met. The bonds were issued for the purpose of extending and improving the sewerage system, including outfall sewers and wastewater treatment facilities.

06/01/92 Sanitary Sewerage System Revenue Bonds (Interest rates: 4.00% - 6.25%)

Original Issue - \$8,515,000
Balance 9/30/99 - \$8,485,000
Maturity Date - 10/01/17

The City issued \$8,515,000 of Sewerage System Revenue Bonds in June of 1992. These Bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the system.

06/01/92 Sanitary Sewerage System Series B (Interest rates: 4.25% - 6.55%)

Original Issue - \$870,000
Balance 9/30/99 - \$705,000
Maturity Date - 01/01/13

The City issued \$3,730,000 of Sewerage System Series A Revenue Bonds in June of 1999. These Bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system.

08/01/92 Sanitary Sewerage System Refunding (Interest rate: 5.6%)

Original Issue - \$795,000
Balance 9/30/99 - \$365,000
Maturity Date - 10/01/02

The City issued \$795,000 of Sewerage System Revenue Bonds in August of 1992. These Bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued to refund the 1982 Sewerage System Revenue Bonds.

06/01/99 Sanitary Sewerage System Series A (Interest rate: 3.625% - 5.25%)

Original Issue - \$3,730,000
Balance 9/30/99 - \$3,730,000
Maturity Date - 01/01/20

PARKING SYSTEM BONDS & LEASE

GENERAL INFORMATION

09/15/95 Parking System Revenue Bonds (Interest rates: 3.80% - 6.00%)

Original Issue - \$3,400,000
 Balance 9/30/99 - \$3,205,000
 Maturity Date - 10/01/20

In September of 1995, the City issued \$3,400,000 of Parking System Revenue Bonds to finance a portion of the costs of (i) the construction of a parking structure at Tenth and Cherry Streets, (ii) the reconstruction of the garage at Eighth and Cherry Streets, and (iii) the construction of a parking structure at Sixth and Locust Streets. The Bonds are payable solely from the net income of the City's Parking System.

08/01/96 Parking System Special Obligation Bonds (Interest rates: 3.75% - 5.50%)

Original Issue - \$7,120,000
 Balance 9/30/99 - \$6,335,000
 Maturity Date - 02/01/16

In August, 1996, the City issued \$7,120,000 of Special Obligation Bonds to finance the construction and reconstruction of downtown parking facilities and refund \$2,521,500 in 1986 lease payments. Bond proceeds were used to fund construction of two new parking structures along Cherry street and reconstruct one parking structure at 8th and Cherry.

SELF INSURANCE - SPECIAL OBLIGATION INSURANCE RESERVE BONDS

SELF INSURANCE - SPECIAL OBLIGATION INSURANCE RESERVE BONDS

In July of 1988, the City entered into a program for Self-Insurance to cover workers compensation claims and property and casualty losses. The City issued and sold two series of bonds to establish reserves to provide for the Self-Insurance program, Liquidity Reserve, and Catastrophic Loss Reserve. Series 1988A Special Obligation Insurance Reserve Bonds were issued in the amount of \$25,000,000. Series B have been retired.

COMMUNITY DEVELOPMENT BLOCK GRANT

PURPOSE

This fund accounts for and disburses funds received by the City from the Department of Housing and Urban Development's Community Development Block Grant Program. These funds are to be used to provide services and improvements to low and moderate income citizens in the CDBG area of the City to aid in neighborhood stabilization and development. After receiving recommendations from the Community Development Commission, the staff, and public hearings, the Council adopts this budget and submits it to HUD for final approval. Following that approval, the funds become available in late winter or early spring of 2000.

In 1991 the City Council adopted the following guidelines for the expenditure of the annual allocation of Community Development Block Grant funds: 20-25% for Housing Programs, 60-65% for neighborhood Improvements, and 10-15% for Community Facilities.

RESOURCES

	Adopted FY 2000
Entitlement Amount Estimate	\$ 800,000

GLOSSARY

Accrual Basis of Accounting - Internal Service Fund and Enterprise Fund revenues and expenses are recognized on the accrual basis. Under this method of accounting, revenues are recognized in the accounting period in which they are earned, and expenses are recognized in the period incurred.

Account Number - A system of numbering or otherwise designating accounts, entries, invoices, vouchers, etc., in such a manner that the symbol used quickly reveals certain required information.

Adopted Budget - Refers to the budget amount as originally approved by the City Council at the beginning of the fiscal year.

Anticipated Expenditures and Revenues - The expenditures or revenues that are expected by the close of the budget year.

Appropriation - The legal authorizations made by the City Council to the departments, offices and agencies of the City which approves their budgets and allows them to make expenditures and incur obligations for specific purposes within the amounts approved.

Assessed Valuation - This is the value of property set for tax purposes. The assessed value is set by the County Assessor, who is charged with determining the taxable value of property according to a formula set by the State of Missouri.

Budget - The financial plan for the operation of the City for the year.

Budgetary Control - The control or management of a government or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

Capital - An asset item with a value of \$1,000 or more and is expected to have an estimated life of greater than one year.

Capital Projects Fund - Capital Projects Funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities or improvements.

Debt Service Fund - The debt service funds are used to account for the accumulation of resources and payment of general long-term debt principal and interest.

Deficit - An excess of the liabilities of a fund over its assets. Also, the excess of expenditures over revenues during the budget year.

Department - The Department is the primary unit in City operations. Each is managed by a department head. Departments are generally composed of divisions which share a common purpose or which perform similar duties.

Depreciation - The decrease in value of physical assets due to use and the passage of time. In accounting for depreciation, the cost of a fixed asset is prorated over the estimated service life of such an asset, and each year is charged with a portion of such cost. Through this process, the entire cost of the asset is ultimately charged off as an expense. This is done in proprietary funds which allows

the calculation of net income for each fund.

Encumbrance - Commitment for unperformed contracts for goods or services. An amount of money committed and set aside, but not yet expended, for the purpose of a specific good or service.

Enterprise Funds - These funds are used to account for resources committed to self-supporting activities of governmental units that render services to the general public on a user-charged basis. Budgeted enterprise funds include: Water Utility, Electric Utility, Sanitary Sewer Utility, Regional Airport, Public Transportation, Solid Waste Collection, Parking Facilities, Recreation Services, Railroad, and Storm Water Utility.

Expendable Trust Fund - A trust fund whose principal and earnings may be expended. The only expendable trust fund that budgeted is the Contributions Fund.

Expenditure - An actual obligation incurred for goods or services received whether or not yet paid by City check or by interfund transfer for internal City bills.

Fiscal Year - The period used for the accounting year. The City of Columbia has a fiscal year of October 1 through the following September 30.

Fund - A fund is a self balancing set of accounts designed to track specific revenues and the uses of those revenues.

Fund Balance - An accumulated excess of revenues over expenditures. An amount left over after expenditures are subtracted from resources is added to a beginning fund balance each year. Each fund begins and ends each year with a positive or negative fund balance. The exception to this is Enterprise Funds and Internal Service Funds which are accounted for in the same manner as private businesses and record retained earnings as opposed to fund balance. The budgets for these funds are prepared on a net working capital basis, which equates to fund balance.

Fund Type - In governmental accounting, all funds are classified into seven generic fund types: General, Special Revenues, Debt Service, Capital Projects, Enterprise, Internal Service, and Trust and Agency.

General Fund - The fund used to account for all City activities not required to be accounted for elsewhere. The General Fund of a governmental unit is made up of the resources available for the purpose of carrying on the unit's operating activities. The General Fund includes the following departments: City Council, City Clerk and Elections, City Manager, Municipal Court, Human Resources, Law, Planning, Economic Development, Finance, Fire, Police, Health, Joint Communications, Emergency Management, Community Services, Divisions of Public Works (Administration and Engineering, Streets, Traffic, and Protective Inspection), and Divisions of Parks and Recreation (Administration, C.A.R.E. Program, and Parks).

General Obligation Bonds - Bonds backed by the full faith and credit of the City.

Governmental/Trust Funds - Includes the General Fund, Expendable Trust Funds, Non-Expendable Trust Funds, and Special Revenue Funds.

Legal Debt Margin - The amount of additional debt the City may legally issue. It is currently 20% of

the assessed value less general obligation debt currently outstanding.

Intergovernmental Revenues - Revenues from other governments in the form of grants, entitlement, shared revenues or payments in lieu of taxes.

Internal Service Funds - These funds are used to finance, administer, and account for the financing of goods and services provided by one department to other departments of the City on a cost reimbursement basis. Budgeted internal service funds are Fleet Operations, Custodial and Maintenance Services, Finance Utility Customer Service, Information Services, Public Communications, Employee Benefit Fund, and Self-Insurance Reserve Fund.

Modified Accrual Basis - General Fund, Special Revenue, Debt Service, Capital Projects, and Expendable Trust Funds are recognized on the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both available and measurable. Expenditures are recognized in the accounting period in which the fund liability is incurred. This basis measures resources available to the City.

Net Income - The excess of revenues over expenses. Net income is calculated for Internal Service Funds and Enterprise Funds. Net income is not calculated for a governmental fund.

Non-Expendable Trust Funds - A trust fund whose principal must be preserved intact. Revenues earned on the principal may be expended.

Non-Operating Expenses - Expenses incurred by Enterprise and Internal Service Funds that are not directly related to the fund's primary service activities. Examples of non-operating expenses include Interest Expense, Loss on Disposal of Fixed Assets, and Miscellaneous Expenses.

Non-Operating Revenues - Enterprise and Internal Service Fund revenues that are not directly related to the fund's primary service activities. Examples of non-operating revenues include Interest Revenue, Gain on Disposal of Fixed Assets, and Miscellaneous Revenue.

Operating Budget - The annual budget and process which provide a financial plan for the operation of government and the provision of services for the year. Excluded from the operating budget are capital projects which are determined by a separate, but interrelated process.

Property Tax - This refers to the property tax placed on property. The tax income is determined by multiplying the tax rate by each \$100 of assessed valuation.

Proposed Budget - The recommended City budget submitted by the City Manager to the City Council in late July each year.

Revenue Bonds - Bonds whose principal and interest are payable exclusively from earnings of an enterprise fund. In addition, these bonds may contain a mortgage on the enterprise fund's property.

Revenues - Money generated through taxes, charges, licenses and other sources to fund City operations.

Special Obligation Bonds - Special obligations of the City. The payment of the principal of and the

interest on the Bonds is subject to an annual appropriation by the City. The City is not required or obligated to make any such annual appropriation.

Special Revenue Funds - These funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes. Budgeted special revenue funds include: Convention and Tourism Fund, Transportation Sales Tax Fund, Community Development Block Grant Fund, and Cultural Affairs Fund.

Subsidy - Legally authorized subsidy from a fund receiving revenue to the fund through which the resources are to be expended.

Transfer - Legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended.

Trust Funds - These funds are used to account for assets held by the government in a trustee capacity. Trust Funds are composed of two main types, Non-Expendable and Expendable. The only Budgeted Trust Fund is the Contributions Fund.

User Charges or Fees - The payment of a charge or fee for direct receipt of a service by the party benefitting from the service.
