## **BUDGET MESSAGE**

July 26, 2001

Honorable Mayor and City Council  
City of Columbia, Missouri

In accordance with Columbia's City Charter, I am pleased to submit the 2001-2002 City Manager's budget and budget message. The budget provides the single most important document for the City Council to adopt in a given year as it provides necessary funding for city services, programs, and Capital Improvement Projects. Our dedicated staff will be working as a team with the financial resources in this budget, the many volunteers of our city, and gifts and donations, to continue our city as a progressive award winning city.

The budget includes a statement of programs and priorities; a description of each department, department objectives, highlights/significant changes; and comparative data and performance measurements. This balanced budget is a financial plan which helps implement issues included in our statement of programs and priorities.

### **OVERVIEW**

Columbia is a full service city of 84,531 population (2000 Census) that operates under the Council-Manager form of government. The City Council is made up of a Mayor elected at large and six Council members elected from wards all for three year staggered terms.

The budget includes four basic types of funds: General Fund, Enterprise Funds, Internal Services Funds and other "Special Funds". Because Columbia is a full-service city, this budget may be larger than many cities of comparative size and will indicate a larger number of specific accounts for each operation. Some of the larger enterprise funds include electric, water, wastewater, storm water, parking, solid waste, recreation services, transit and the regional airport. City operations include several internal service fund activities that support other departments, such as information services (computers), utility customer services, fleet operations (central garage), and custodial and building maintenance services.

### **BUDGET PROCESS**

The City Manager's budget must be submitted at least 60 days prior to the beginning of each budget year which begins October 1. Our goal is for the Council to submit any amendments to the budget for adoption of the budget during the second regular Council meeting in September. The charter provides that the Council shall hold public hearings on the budget as submitted, at which time all interested persons shall be given an opportunity to be heard. The charter also provides the Council adopt the budget by majority vote no later than the last Monday of the month preceding the last month of the budget year (September), or the budget submitted by the City Manager will be effective.

The City Council has planned work sessions to review the budget, and conducts several public hearings for public input prior to adoption of the budget.

### **Revenues for Total Budget**

Major revenue sources for the total budget are generated from Enterprise Operations fees (electric, water, solid waste, wastewater, etc.), which are approximately 47.5% followed by Sales Tax 14.5% and smaller percentages from other sources. Our fees remain competitive as evidenced by surveys and other indicators. This budget includes scheduled fee increases for the Water Utility, Solid Waste Operations, Parking Utility and other minor rate adjustments. (The Parking Utility Rate increase was initially proposed in FY 2001 but removed before the FY 2001 budget was adopted.) Sales Tax Revenues are showing a growth rate of 11.9%. This large increase is due to enacting the Parks Sales Tax, which was only collected for 5 months in FY 2001. The actual growth rate of Sales Taxes is projected to be 2.25% for FY 2002.

Overall Gross Receipts Tax is increasing at 2.7% which includes the Hotel Tax dedicated to the Convention & Tourism Fund. The Gross Receipts Tax used to fund General Fund activities only increased 0.6%. The substantial rate increase for natural gas has allowed the growth rate in Gross Receipts Tax to remain stable for FY 2001. However, the decreasing rate of growth caused by deregulation continues to be a concern. PILOT from the Water & Light Department to the General Fund is projected to increase 4.4%. This is higher than previous years primarily due to the increase in water rates and the increasing number of customers.

Overall transfers are up 38.7%. This is primarily due to the increased number of operating transfers required to account for the newly enacted Local Parks Sales Tax support for debt, capital improvements and operations. There is also a 90.5% decrease in Lease/Bond Proceeds due to budgeting of Certificates of Participation (COPs) proceeds in FY 2001 for the Public Building Expansion and 1999 One-Quarter Cent Capital Sales Tax projects.

### **Expenditures for Total Budget**

The overall expenditures shown for all funds total \$234,835,733; as compared to the amended FY 2001 amount of \$228,762,528, an increase of 2.7%. The overall operating budget is \$145,328,636, up 5.1% from amended FY 2001. This increase is larger than previous years due to the addition of operating expenditures for the new Fire Station #8, new Recreation Center, and a large increase in sworn Police officers.

Capital outlays (equipment, etc.) are shown at \$5,284,985 as compared to \$7,085,755 for amended FY 2001. This is primarily due to approximately \$2.7 million in mid-year adjustments in Police, Parks and Recreation, Electric, and Solid Waste. The Parks and Recreation budget amendment was for “catch up” equipment purchases from the newly enacted Local Parks Sales Tax in the amount of \$465,650. The change from adopted FY 2001 is \$313,994 or a 6.3% increase.

A four year replacement policy for personal computers is being implemented and “business class computers”, which cost less than \$1,000 each, are being used where feasible. This budget includes

the replacement of 122 computers in accordance with this four year replacement policy for a cost of over \$179,000. We feel this program will be more cost effective with less calls for support personnel. Other computer related equipment approved total \$348,000.

### **Capital Improvement Projects - All Funds**

Capital Improvement Projects (CIP) for all funds decreased from \$41,499,342 in FY 2001 to \$35,998,532, a decrease of 13.3%. The FY 2001 total included amounts for the projects which were approved by voters on the November 1999 One-Quarter Cent Capital Sales Tax ballot issue. This includes \$10,500,000 for construction of a Recreation Center and over \$2,000,000 for the new Fire Station and related equipment. The Water Utility is planning a substantial increase in their capital plan while the Electric Utility is planning a substantial decrease. More details of CIP plans and funding are shown elsewhere in this document.

### **PERSONNEL**

Our full service city has 1,106 permanent positions with total personnel services being a major budget item, particularly in the General Fund where it is about 66% of the budget. It was necessary this year to add personnel for the opening of two major facilities, the new Fire Station and Recreation Center, and a major increase in Police personnel is included. The budget strategy discussed at retreat assumed an overall personnel cost increase, before adding the new employees for these new facilities, of 5%. This budget includes approximately 4% for current personnel, a decrease in costs of 1% due to the reduction in pension contribution rates and retirement of some long-term employees, and an increase of 2.6% for new personnel, for a total increase of 5.6%. This is above the percentage increase that was shown for FY 2001 budget, but down from previous years' increases of 6.5%. It has been the practice of the City to hold the growth in new personnel to the growth rate of the City's population, previously thought to be 1.5% annually. New census figures indicate actual annual growth has been 2.2% annually. The total number of new employees is comparable to the growth rate of our City.

This budget includes a 2.5% COLA and a normal 2% merit or \$.27 cents per hour increase whichever is higher. The only additional benefit added was to increase the safety award from \$25 to \$50. This award will be given as a separate check rather than as a savings bond as in previous years. There will be 5% increase in health insurance rates paid by both the city and employees. The implementation of the classification and pay plan review completed earlier this year is included. As a result, 168 employees were moved to either new classifications and/or grades. Only 12 of these employees fell below the minimum recommended pay range and were adjusted upward. No other pay adjustments were included other than those allowed by the 2.5% COLA and 2% normal merit. Nearly all employees will be eligible for a minimum 4% pay increase which will place them at the top of their grade and others will be eligible for 4.5% or more. A small amount of funds has been set aside for other enhancements requested by the labor groups. In addition to pay increases, employees' next highest priority is enhancement to the LAGERS and other retirement plans which are not included in this budget.

This budget includes 15.25 FTE's added for the opening of the new Fire Station and Recreation Center (8 Fire personnel and 7.25 in Parks and Recreation). Other personnel in the amount of 14.9 FTE's are also included. In an effort to keep up with the demands of this growing City, this budget proposes seven additional sworn Police personnel, four Water & Light personnel, two Sewer Utility personnel, one Building Maintenance position, 0.75 FTE's in the Health Department and increasing the Municipal Judge by 0.15 FTE. Additional temporary funds were added to the Police Department, Prosecutor's Office, Community Services Office and Finance Department.

## **HIGHLIGHTS - GENERAL FUND**

The general fund shows revenues and expenditures for traditional operations and programs found in most communities such as Public Health, Safety, Planning, Public Works, Parks, etc. Subsidies are provided from the City General Fund account to those Enterprise Funds that do not provide adequate revenues from their fee structures.

As in previous years, continued emphasis has been placed on public safety and health. Also, additional funding is included in Public Works for equipment purchases deferred in the FY 2001 budget.

Key elements of the proposed FY 2002 General Fund budget are:

### **Revenues - General Fund**

Our General Fund provides for most basic city services such as public health, police, fire, parks, etc. Major General Fund sources of funding include Sales Tax 30%; payment in lieu of tax (PILOT) from electric and water 15%; Property Tax 8%; Gross Receipts 7%; grants and others. Property Tax Revenue to the General Fund is increasing (40.6%) even though the overall rate will remain constant at \$.41. This is due to the early repayment of General Obligation Bonds and the shifting of the Property Tax levy from the Debt Fund to the General Fund. It should be noted the \$.41 General Fund levy is still \$.04 below the maximum the Council is authorized to levy for city operations. A major concern is the decreasing rate of growth in Sales Tax Revenues, which not only affects the General Fund, but also our Transportation, Parks, and Capital Improvement Funds.

- Total resources are \$49,709,160 which is a 5.5% increase over estimated FY 2001. General Fund budgeted revenues include a transfer of \$2,163,003 from the projected unused fund balance of FY 2001. This is \$1,110,500 more than was available in FY 2001 but in line with previous years' transfers which have ranged from \$1.0 million to \$2.4 million over the past ten years.
- Resources, excluding appropriated fund balance, are projected at \$47,546,157 which is \$1,480,656 more or a 3.2% increase from estimated FY 2001.
- The primary source of this increase is a transfer of \$1,204,740 in Property Tax Revenue. The City has fully funded its Debt Service requirements on its General Obligation Bonds. The \$.10 levy for debt is no longer needed to service and will be levied for Operations. These funds were

- programmed in the City's five year capital planning process to fund the increased operational costs of the new Fire Station and to support Public Building Expansion needs of the City.
- Sales Tax Revenue is projected at a growth rate of 2.25% to generate \$322,000 over estimated FY 2001. The projected rate of increase in Sales Tax is down from previous years.
- Total Gross Receipts Tax is projected to grow at only 0.6% over estimated FY 2001; however, this increase is \$799,187 over the FY 2001 budget amount due to the increased revenue from natural gas rate increase. Telephone, electric and CATV receipts are expected to be remain stable.
- Transfers in from other funds are decreased by approximately \$500,000, mainly due to the decreased transfer in from Parks Sales Tax. FY 2001 budget was amended to include \$524,464 in Parks Sales Tax for "catch-up" capital purchases and the hiring of additional personnel. The FY 2002 budget includes a \$200,000 transfer of Parks Sales Tax, which is not quite sufficient to cover the increase in the Parks and Recreation budget. Therefore, \$148,842 more of other General Funds will be used to support Parks and Recreation than in FY 2001.

#### **Expenditures - General Fund**

- Expenditures are projected at \$49,708,660, up 6.8% from the amended FY 2001 budget.
- Capital additions are \$1,633,007, up \$475,910 over adopted FY 2001; however, are down \$136,510 or 7.7% from amended FY 2001. This decrease is due, in large part, to the one time "catch up" budget amendment for Parks & Recreation Equipment of \$465,650. This amendment was funded with Parks Sales Tax money approved by voters during FY 2001.
- Our Fund balance is projected at 16%, the Contingency Fund has been set at \$100,000 and \$75,000 is shown for Council Reserve. The Council may want to specify uses for all or part of these amounts in the Council adopted budget.
- Funds for social assistance programs and art activities show a 2.0% increase as discussed with the City Council prior to beginning the budget process. The Council may want to consider increasing this to 3% from the Council reserve.
- Subsidies to other funds have decreased slightly from the FY 2001 amounts. The subsidies are as follows:

<u>Operation</u>	<u>FY 2001</u>	<u>FY 2002</u>	<u>% change</u>
Recreation Services	\$1,500,000	\$1,500,000	0% increase
Cultural Affairs	239,000	239,000	0% increase
Volunteer Services	132,000	128,000	3% decrease
	-----	-----	
	\$1,871,000	\$1,867,000	

- The Fire Department's overall budget is increased by 9.8% , primarily due to the opening of the new Fire Station #8 which added approximately \$590,000 or 6.8% to their budget. Capital additions also increased in excess of \$81,000. It should be noted that FY 2001 capital additions were reduced substantially due to budget constraints. Capital additions include a vehicle for the Fire Marshall Division, replacement of a transmitter, combustible gas monitors, and AirPaks. Our actuaries calculated a large decrease in the City's contribution rate for firefighters' pension. This rate decrease is not anticipated to remain low for the FY 2003 budget because it was due to the large number of firefighters who waited to retire until after the pension enhancement was adopted during FY 2001. A large number of retirements have occurred since this enhancement was adopted and will increase the City's pension contribution rate for FY 2003. Therefore, while the rate used for FY 2002 budget purposes was lower than the FY 2001 rate, the FY 2002 contribution rate is higher than the rate recommended in the actuarial report to lessen the effect on the FY 2003 budget.
- The Police Department's overall budget increased 7.7% for FY 2002. Total supplemental requests, including personnel, are up \$312,520 from FY 2001. This includes the addition of six police officers, to be assigned to patrol, and a police detective, for a total of seven. Additional temporary help was also added. Fleet replacement includes 22 patrol vehicles, two vans and two detective cars, all of which have in excess of 100,000 miles. There are also two additional receivers budgeted to enhance radio communication. The Police Department is proposing to replace one-half of their handguns and 24 bullet proof vests which increased their supplies account by over \$75,000. Major renovation work should be completed on the Police building this year.
- The increase in police and other enforcement activities made it necessary to increase the Municipal Judge's position from 0.75 FTE to 0.90 FTE and to increase funding for a part-time temporary prosecutor. Additional overtime was added in Municipal Court to allow for the entry of warrants into the MULES system and \$5,100 was added to install shutters in the court room to protect the mural painting on the wall.
- Supplementals totaling \$64,165 in JCIC and Emergency Management have been proposed for computer equipment and software.
- Health Department includes the addition of .5 FTE Environmental Health Specialist, .25 FTE ASA I, and \$6,000 in temporary salaries to respond to the increasing demands of the Neighborhood Response Team and enforcement of the newly proposed nuisance ordinance. The Health Department will be replacing a number of computers this year per the four year computer replacement policy, as well as adding work stations in Nursing and WIC. Plans call for moving the Health Department to the vacated Nowell's store as soon as renovation work is complete.
- Parks and Recreation General Fund budget increased 11.4% over the adopted FY 2001 budget; however, is down \$226,110 from the amended FY 2001 budget. A mid-year budget amendment added \$465,650 in "catch up" capital additions (equipment). No new personnel

- were added in FY 2002, since two positions were added mid-year FY 2001 with the Parks Sales Tax amendment, as well as one other additional position.
- The increase in the total budget for Public Works General Fund is \$491,968 or 7.8%. However, operating expenditures are increasing \$233,473 or 3.9%. Capital equipment is increasing \$258,495 and includes replacing a street sweeper, two tandem dump trucks, and six vehicles. One inspector, who is dedicated to the Neighborhood Response Team, has been moved to the Planning Department, to better coordinate these activities. Funds in the amount of \$50,000 have been added to the Street Department budget for landscaping and maintenance of planters and right-of-way. Most of this work will be contracted or completed by Parks and Recreation staff.
- The overall Planning Department budget, including CDBG funds, is increasing 17.1%. The General Fund portion is only increasing 3.7% due to the allocation of costs to Community Block Grant eligible activities. General Funds in the amount of \$25,000 have been added to better respond to neighborhood clean up needs identified by the Neighborhood Response Team. It is also planned to use more CDBG funds where eligible. One Housing Inspector was transferred from Public Works to this department and is funded from CDBG.
- City general non-departmental expenditures are increasing \$897,559. A transfer in the amount of \$116,830 will go to the Debt Service Fund for the portion of the Certificates of Participation issued for Public Building Expansion. A transfer in the amount of \$696,170 will go to the Capital Projects Fund for projects related to City Hall Expansion and Public Building (Major Maintenance and Renovations).

### **BUDGET HIGHLIGHTS - ENTERPRISE FUNDS**

Combined budgets for all enterprise fund operations show projected revenues for FY 2002 at \$109,661,242 and expenses at \$100,958,544 for a net income of \$8,702,698. These funds are used for capital items and Capital Improvement Projects.

- Electric Utility projected revenues are \$67,792,336 with expenses of \$60,504,560 for a net income of \$7,287,776. No rate increase is being proposed for FY 2002. A total of \$1,382,089 is shown as capital supplemental expenditures which include the replacement of equipment and major maintenance and upgrading of a variety of facilities including the power plant. Four new positions are included in this fund, a Utility Engineer II, Engineer Aide III, Meter Reader and Utility Service Worker II. The cost of the Meter Reader and Service Worker will be pro-rated with the Water Utility.
- Water Utility projected revenues are \$11,297,089 and expenses of \$10,706,358 for a net income of \$590,731. The 2% rate increase planned in the Revenue Bond ballot issue will be implemented this year. Minor increases for connection fees (\$355-\$360) and temporary relocation of residential service drops are included. Capital supplemental requests approved for this budget total \$411,779. This is primarily for the replacement of existing equipment and major maintenance on a variety of facilities. A pro-rated portion of a Meter Reader and

Utility Service Worker is shown. Planning is underway to expand the Water Treatment Plant (\$8.4 million); the south reservoir (\$2.1 million); pump booster station in northeast Columbia (\$1.6 million) and two additional wells (\$1.0 million). It is anticipated a Revenue Bond ballot issue will be required in the near future.

- Railroad Utility projected revenues are \$451,000 with expenses of \$556,624 for a net loss of (\$105,624). Since the railroad provides direct benefits to the electric utility (primarily coal hauling), we have been transferring \$50,000 per year from the Electric Fund to the Railroad Fund. We are recommending that this transfer be continued on a year to year basis to assure a solid financial backing for the railroad. Staff believes the railroad continues to be an essential part of our overall, balanced transportation system and important to the economy of our community. Supplies used city-wide are being shipped by rail, providing competitive transportation alternatives. Several major railroad users are major customers of utilities and also continue significant PILOT funding to the General Fund. There is an adequate fund balance without additional transfer into this fund.
- Public Transportation (Transit) has projected revenues of \$2,855,335 and expenses of \$2,743,003 for a net income of \$112,332. Transportation Sales Tax Funds are being used to provide an operating subsidy of \$1,600,000, the same amount as FY 2001. One major budget issue in the CIP is the lack of funding for the local match on the Wabash Station (bus transfer point). A Master Plan for improvements has been completed. This budget also does not include the \$6,000 necessary to provide handicap bus service to Council meetings or additional bus routing, which the Council may want to consider.
- Airport has projected revenues of \$1,075,129, which includes a subsidy of \$554,000 from Transportation Sales Tax and expenses of \$1,272,786 for a net loss (\$197,657). Supplemental requests of \$9,000 are recommended for the replacement of a lawn tractor. Future budget issues for this fund include the status of implementing the master plan, possibility of reducing safety staff and the substantial subsidy from the Transportation Sales Tax. However, it should be noted that this fund still has a good working capital position.
- Wastewater Utility (Sanitary Sewer) has projected revenues of \$7,625,500 and expenses of \$6,853,104 for net income of \$772,396. A 3% rate increase was implemented in June 2001. There is no rate increase proposed for FY 2002. One additional Wastewater Treatment Operator and one Utility Maintenance Mechanic are proposed for FY 2002. Capital supplemental requests of \$347,398 include replacement of a 1989 sewer jet cleaner, three vehicles and a sludge injector mixer. Major construction projects are being completed (trunk sewers, wetlands, pumping station), and several more are being planned, including the Lake of the Woods area. Planning for a future Revenue Bond Issue will need to be considered.
- Parking Utility has projected revenues in the amount of \$2,009,863 and expenses of \$1,775,141 for a net income of \$234,722. A rate increase that was planned for FY 2001 will need to be implemented with the FY 2002 budget. After much discussion with the Special Business District Board, a proposal for rate increases has been developed. This rate increase includes raising most meters from \$0.20 and \$0.25 to \$0.30 per hour, increasing 24 minute

meters from \$0.25 to \$0.50 per hour, and increasing meters on campus to \$0.50/hr. to match the rate charged by the University. The SBD also recommended extending operating hours to 9:00 p.m. Monthly garage permits are recommended to increase \$10 per month except for uncovered spaces which will only increase \$5.00 per month. The CIP includes \$39,000 to improve the surface lot at 5<sup>th</sup> and Cherry and add additional parking spaces.

- Solid Waste Operations (Refuse) has projected net income before depreciation of \$586,715. Total revenues in the amount of \$9,757,915 and expenses, including depreciation, of \$10,329,828 are projected. A rate increase of \$0.45 is needed to implement the City's recycling program, provide funds for maintenance and storage buildings, and construction of a resource recovery structure to handle our blue bag program. Solid Waste capital supplemental requests of \$920,248 include equipment replacements for landfill excavating equipment at a cost of \$435,000, a tandem axle rear load vehicle, a tandem axle front-loader vehicle and other various equipment. Major improvements costing about \$3 million are planned at the landfill including the opening of a new "cell" which will add capacity. The estimated life of the landfill is 50-75 years.
- Storm Water Utility has projected revenues of \$1,240,000 and expenses of \$855,812, for net income of \$384,188. No new personnel are included in this year's budget proposal. Supplemental capital requests total \$20,000. Several major projects are planned and shown in the CIP. The City will continue toward finalizing new storm water regulations to meet EPA requirements and be community acceptable.
- Recreation Services Fund includes only the Recreation Services Division of the Parks & Recreation Department. This fund has projected revenues of \$5,557,075, expenses of \$5,361,328, and a net income of \$195,747. Revenues include \$1,500,000 from the General Fund and \$306,568 from Parks Sales Tax to support operations. An additional \$203,432 in Parks Sales Tax Funds are transferred in to purchase capital equipment for a total transfer from Parks Sales Tax of \$510,000. The debt and operating activities for three months of the Recreation Center are also included for FY 2002. Debt payments will be made from a transfer in of 1999 One-Quarter Cent Capital Sales Tax receipts. A total of 7.25 FTE's have been added to this budget for the new Recreation Center. Minor fee increases are proposed in the areas of adult softball, adult volleyball, day camp, and youth activity fees. Fee rates will need to be adopted for the Recreation Center.

### **HIGHLIGHTS - INTERNAL SERVICE FUNDS**

Internal Service Funds provide necessary services to support departmental operations throughout City government and receive revenues from those accounts and investment earnings. Combined budgets for all programs and projects operated as Internal Service Funds show projected revenues for FY 2002 of \$17,899,863 and expenses at \$20,039,594 for a net loss of (\$2,139,731). The majority of this loss is due to a planned use of accumulated retained earnings in the Information Services Fund, Employee Benefit Fund and Self-Insurance Fund.

- The Utility Customer Service Division (UCS) of the Finance Department (formerly Utility Accounts and Billing) is projecting a net income of \$109. Staff will continue the billing

improvement process to include expanded use of the internet and phone systems. Funds have been included to promote new features offered such as Budget Billing and web based services. A supplemental request has been included in the amount of \$95,000 to replace old equipment.

- Information Services (Data Processing) is projecting a net loss of (\$211,469). This is a planned use of available funds. Capital supplemental requests of \$186,677 are included. A high priority for the I.S. Department is ensuring a smooth rollout of E-government services over the next few years. This will be accomplished by upgrading our current network infrastructure as well as creating a secure, expandable platform of web based services.
- The Public Communications Fund is projecting a net income of \$27,625. This Internal Service Fund provides printing, copying and mail services to all city departments. Funds in the amount of \$50,000 were added to enhance the City's public relations and communication efforts through contractual services.
- The Fleet Operations Fund (Vehicle Maintenance) is projecting an operating loss of (\$29,140). Labor rates charged to departments were not changed for FY 2002. There is an adequate fund balance for this budget year.
- Employee Benefit Fund is projecting a net loss of (\$820,358). This is a planned use of accumulated fund balance. A 5% rate increase in the health insurance rates is recommended this year. Contractual administrative fees have increased substantially (over 30% in some areas). Staff will be reviewing options for ways to reduce these fees.
- Self-Insurance Reserve Fund is projecting a loss of (\$1,107,111). Funding from city departments was increased by 2.5% for FY 2002 and can be anticipated to increase in future years. Staff has projected revenues and expenditures for the next 10 years and this fund will be able to meet its obligations.
- Custodial & Building Maintenance Funds is projecting a net income of \$613. One new Maintenance Mechanic is proposed.

## **OTHER FUNDS**

- The Office of Volunteer Services was established in FY 1997 to expand volunteer services and to develop a formal City Trust Fund. Significant programs have been initiated utilizing services of many community volunteers. Programs such as Park Patrol, Adopt-A-Spot and several others have provided significant resources for projects and programs that would have not otherwise been initiated. A new City Trust was developed and implemented, and a new 501(c)3 has been authorized by the Council. A City Check Off program, "Share the Light", to be collected through the utility billing system is being implemented and more emphasis is being placed on the City Trust Program. Additional funds are included to emphasize marketing activities in this office.
- The Office of Cultural Affairs budget for FY 2002 has decreased a total of 3.5% due primarily to turnover in personnel. Funding for the arts agencies include a 2% increase. Several "1%

Percent for the Arts” projects have been completed and several more are planned including the Recreation Center and new Fire Station.

- The budget for Convention and Tourism decreased a total 1.6% for FY 2002. The Operations budget increased 9.75% and includes \$13,190 in supplemental requests for Housing Software to track hotel reservations for conventions and a LCD projector for presentations. Appropriation of Tourism Development funds (the 1% of the Hotel Tax increase reserved for special projects) is reduced to \$100,000 from \$211,250 appropriated in FY 2001. The balance of Tourism Development Funds on hand at the end of FY 2002 is projected to be approximately \$588,000. A partnership for expanding office space with the Chamber of Commerce and REDI Corporation is underway.
- Other Special Revenue Funds are included to show the receipt and disbursement of special taxes for their designated uses. These include the Public Improvement Fund, Special Road District Tax Fund, 1999 One-Quarter Cent Capital Sales Tax Fund, Transportation Sales Tax Fund and Parks Sales Tax Fund.

## **DEBT SERVICE**

Included in this budget is the City’s debt service schedule for its outstanding bonds. The City continues to maintain an excellent bond rating of AA for its General Obligation and A1 for its Revenue bonds. The City’s outstanding General Obligation Debt of \$2,125,000 is well below the constitutional debt limit of approximately \$202 million. The City has a history of using prudent financing methods to fund its capital needs. During FY 2001, the City issued Certificates of Participation to purchase the Stephens Lake Property and Public Building Expansion needs. It is anticipated the City will issue Special Obligation Bonds later in FY 2001 for capital needs at the landfill. Revenue bonds will also be issued late FY 2001 or early FY 2002 for sanitary sewer projects including Lake of the Woods. The second phase of Water & Electric Utility Revenue Bonds will be issued in FY 2002, as well as the second phase of Certificates of Participation for Public Building Expansion.

## **HIGHLIGHTS - CAPITAL IMPROVEMENTS (CIP)**

The Capital Improvement section of this budget shows summaries of those projects funded this fiscal year, proposed funding for projects FY 2002, as well as those projects projected for future funding and construction (5-year plan).

The General Government CIP Plan appropriates \$8,659,281 in new funds for improvements. This is up from \$7,832,247 in FY 2001. The total amount available, including prior year appropriations, is \$11,714,441 for FY 2002.

General Government CIP is increasing \$827,034 in FY 2002. Streets and Sidewalks is \$762,540 less than FY 2001. Some projects have been moved to FY 2003 and FY 2004 in order to meet the cash flow constraints of transportation funding sources. Fire Department projects are \$1,450,600 lower

than FY 2001 due to the Fire Station #8 project programmed in FY 2001 and being completed. Parks projects are \$428,165 higher due mainly to the programming of Stephens Lake property development. Other General Government projects are \$2,612,009 higher mainly because of projects related to Public Building Expansion (including the Nowell's property). As per the financing plan presented to Council in 1999, approximately \$800,000 of the Property Taxes shifted from the G.O. debt levy to the General Fund are being transferred to the CIP to fund these projects. A high priority project is City office space. The Mayor's committee, working with City staff, should present an expansion plan this year.

The Enterprise Fund CIP appropriates \$27,242,251 in new funds for improvements. This is down from \$33,667,095 in FY 2001. The total amount available, including prior year appropriations, is \$34,571,451 for FY 2002.

Enterprise capital projects are \$6,327,844 lower than the FY 2001 appropriation. This is due mainly to the Recreation Center project of \$10,500,000 that was programmed for FY 2001. Water Utility projects are in excess of \$11 million over the FY 2001 level. This is due to the major expansion at the Water Treatment Plant and transmission system projects. Electric Utility is appropriating \$7,033,700 less in new funds; however, they are programming approximately \$3.5 million in previously appropriated funds for projects. Transit expenditures are projected to be \$2.4 million lower due to the buses that were purchased in FY 2001.

Our continued emphasis is maintaining the facilities and infrastructure we have, upgrade in our older neighborhoods, and construct new infrastructure needed for a growing community. New funding for major projects for next year include:

### **General Government Projects**

#### **Streets & Sidewalks Projects:**

- Green Meadows Road to Southampton Connector - \$1,738,500
- Blackfoot Road Rt E North - \$1,139,000
- Garth Avenue: Thurman to Bear Creek & Bridge over Bear Creek - \$528,000
- Lemone Industrial Blvd. North to Stadium Blvd. - \$400,000

#### **Parks & Recreation Projects:**

- Stephens Lake Park - \$950,000
- Providence Road/Stewart underpass for the trail - \$228,300
- MKT Parkway Improvements and bridge repair - \$100,000

#### **Fire Projects:**

- Replace 1983 #1250 GPM pumper apparatus - \$482,000
- Replace 1991 rescue squad - \$297,000

#### **Other General Government Projects:**

- Public Health Clinic (City/County split) with prior year appropriations - \$2,232,000

- Downtown special projects - \$60,000

### **Enterprise Projects**

#### **Electric Projects:**

- Underground feeder to McBaine - \$1,300,000
- Power Plant Office/ Maintenance Building - \$250,000

#### **Water Projects:**

- Water Treatment Plant addition (8 million gallon) - \$8,400,000
- Two million gallon South Reservoir - \$2,100,000
- Northeast booster station - \$1,600,000
- Drill wells #15 and #16 - \$1,000,000

#### **Sewer Projects:**

- Upper Grindstone Outfall, Lake of the Woods - \$3,400,000
- Centrifuge Replacement at Waste Water Treatment Plant - \$1,305,000

#### **Storm Water Projects:**

- Bicknell to Ash to Walnut to Hirth - \$410,000

#### **Solid Waste (Refuse) Projects:**

- Landfill Cell #3 (Design, Construction and Construction Management) - \$2,500,000

### **ADDITIONAL CONSIDERATIONS**

The General Fund budget is prepared to provide the Council an additional expenditure of \$75,000 without reducing the fund balance below our guideline of 16% or reducing expenditures as shown in the budget. Listed below are items not included in the budget that the Council may want to consider during the budgeting process. Several of these were suggestions Council persons wanted to review and consider at budget time.

- Handicap Bus service for Council meetings (\$6,000).
- Current level of funding for Arts and Social Services is 2% - consider increasing to 3% (\$690, \$7600).
- Additional funding for nuisance abatement activities (\$5,000).
- Grants Administration/Enhancement (additional \$40,000).
- Consider pedestrian crosswalk signage - i.e. education campaign, fluorescent signage etc. (\$17,000).
- Review funding to determine placing Defibrillators in public buildings and public campaign - amount to be determined.

- Department Directors - review ways to reduce increases in personnel costs, e.g. utilize handheld devices in the field - amount to be determined.
- E-Government Director, recommended by Council Committee (\$61,155).

NOTE: It would have been desirable to address employees' request to enhance retirement benefits; however, there is a question of adequate revenues.

### **NEW/INCREASED INITIATIVES BUDGETED**

- Added significant funding for public safety for Police and Fire Departments.
- Budgeted \$50,000 for maintenance of planters for right-of-way.
- Budgeted \$25,000 General Funds to supplement CDBG funds for clean up for the Neighborhood Response Team.
- Budgeted \$50,000 in Public Communications to address public relations and communication needs.
- Developed Enhancements to the Nuisance Ordinance - increased temporary salaries by \$6,000 in Health Department to step up enforcement.

### **FUTURE ISSUES**

- Future issues include reviewing our financial base. Important for our budget is the lower rate of Sales Tax and Gross Receipts Tax increases, taxes our city heavily relies on. Internet and out-of-state catalog purchases allow buyers, in many instances, to bypass local Sales Tax. Delivery of items purchased through internet have a cost to local government similar to those who pay local Sales Taxes, yet they do not pay these local taxes to support police, fire, street construction/maintenance, etc. Our city may want to reconsider the Local Use Tax as a new source of revenue. This tax is referred to as a "Fairness Tax" since it would require outside purchases delivered to Columbia to pay the same tax as local merchants.
- Electric deregulations are being proposed which could have an additional adverse effect on both our Utility and General Fund through reduced PILOT payments. Deregulation has already allowed natural gas users to buy direct, bypassing our local supplier and thus avoiding Gross Receipts Tax. Also, new state and federal mandates can significantly add to costs, such as new state permit fees and EPA storm water requirements.
- Annexation - It is important that our city continue to plan for the orderly and timely expansion of our city limits. In addition to our current policy of voluntary annexation, the Council has directed staff to prepare a plan for voter initiated annexation. Future budgets will need to address those areas annexed.
- Future Partnerships - Our city will need to continue to partnership on projects and programs with other governmental agencies and private sources. A successful example is the US 63/Vandiver highway interchange with the city, county, state and private developers cooperating to jointly

fund this project. These types of projects will become more important as the community addresses roadway, storm water management and other types of projects and programs.

- I-70 alternatives and its impact on our community. This project can have a significant economic impact, and will need to continually be monitored.

## **CONCLUSION**

Columbia has potential resources to continue to be an award winning city. Our property tax is relatively low, our utilities (water, electric, solid waste, sewer) are competitive. Our sales tax rate has been increased and payment in lieu of tax from our Water & Light Department is increasing with new customers. This budget continues to improve our highly ranked quality of life.

Our city remains fiscally sound as evidenced by our bond ratings and the interest rate paid for money borrowed. This budget is balanced with an adequate contingency account, meets our 16% General Fund guideline, and provides funds for Council additions to this budget without adjusting proposed revenues or expenditures. The budget strategy discussed with the Council at the annual retreat was used as a general guide for preparing the budget. It provides necessary financial resources for the next fiscal year and beyond. Adoption of this budget provides resources to meet the basic needs of our community and many of our highest priorities for a progressive city.

During the City Council review process, City staff and I will be happy to provide additional supporting information to assist the Council in finalizing the budget process.

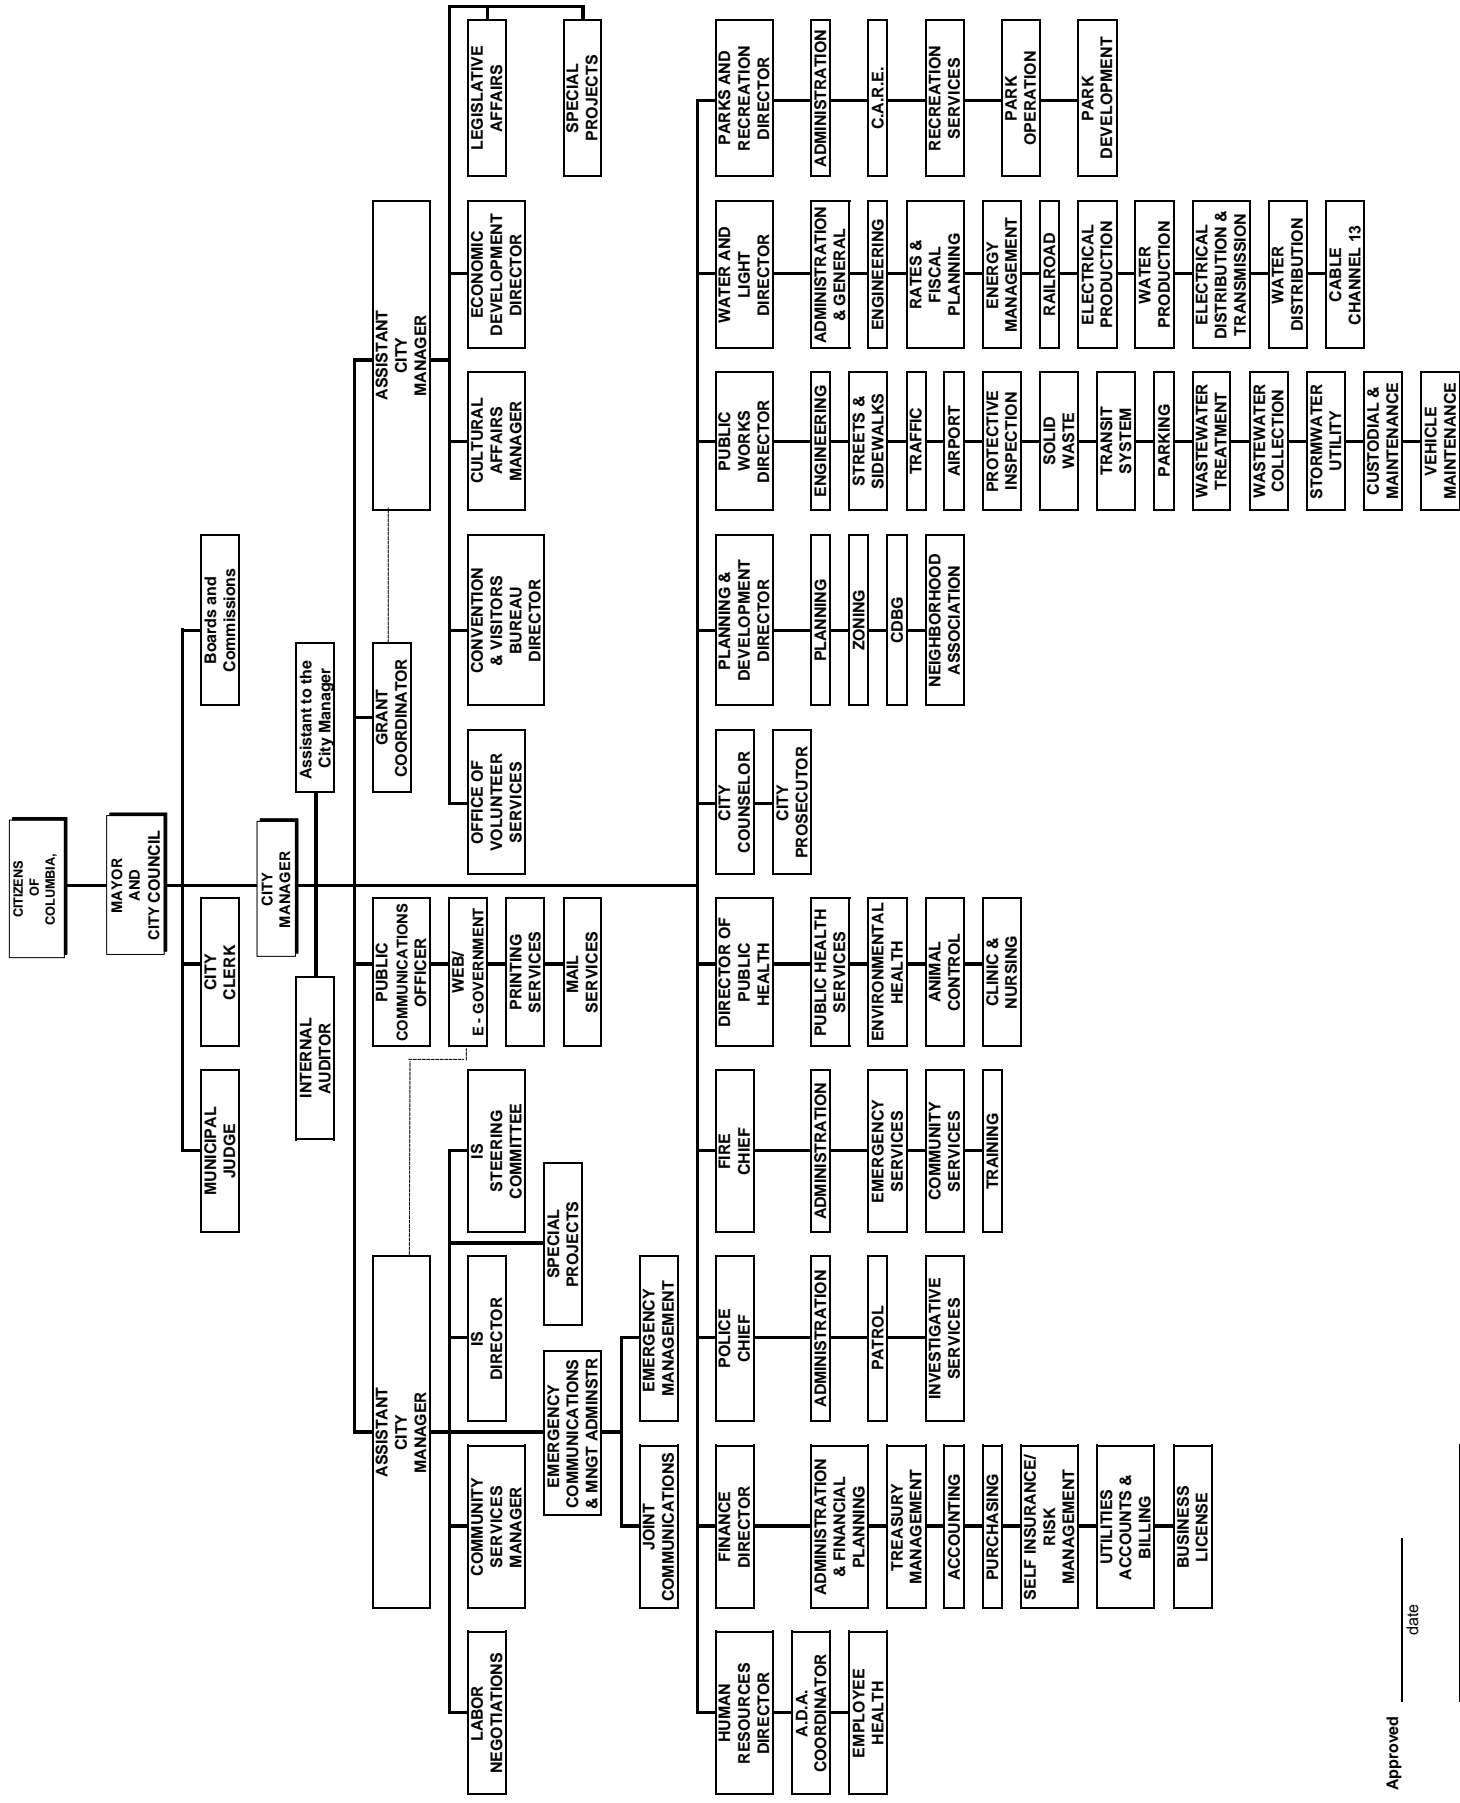

I want to personally acknowledge policy guidance provided by the Council, input provided by Boards and Commissions and residents and the work of all City staff, particularly the Finance Department, who assisted with the preparation of this budget.

Respectfully submitted,

Raymond A. Beck, P.E.  
City Manager

City Manager

## CITY OF COLUMBIA, MISSOURI DEMOGRAPHIC STATISTICS

### History of Columbia:

Osage and Missouri Indians roamed parts of Missouri prior to Lewis and Clark's expedition which took place in the early 1800's.

The settlement currently named Columbia was called Smithton. However, due to a lack of water supply, the establishment moved the settlement east across the Flat Branch and renamed it Columbia in 1821. The City of Columbia was organized in 1892 and became incorporated in 1949. Columbia is a growing city and currently takes up 53.3 square miles of land.

### Government:

The City of Columbia has a council/manager form of government. The mayor and 6 council members are elected by the citizens of Columbia and serve as non-paid members for 3 years with staggered times of service. The City Manager reports to the Mayor and is considered the Chief Administrator. Department Heads for all municipal functions report to the City Manager.

### Culture and Recreation:

Columbia has big city entertainment and a great appreciation for all the arts ranging from international opera and ballet companies to modern music superstars. For the sports minded person you'll find many fun activities and ways to keep in shape no matter what your age.

#### Recreation: (Parks and Recreation 874-7460)

Athletic Clubs	18
Baseball/Softball Fields	23
Community Rec Center	Summer, 2002 - 1
Number of Pools	
(Private & Public)	12
Golf Courses (Municipal)	2
Golf Courses (College)	1
Golf Courses (Private)	3
Frisbee Golf Course	1
Parks (Total Acres 2,093)	40
Bowling Alleys	3

Movie Theaters (24 screens)	3
-----------------------------	---

### Cultural Affairs (Cont)

Performing Arts Companies	13
Museums/Art Galleries	21
Festivals	2

### Community:

For being a relatively small town, Columbia has "Big Town" amenities. You will find a variety of local business, several hospitals, numerous radio stations and several hotels/motels and restaurants.

#### Community Facilities:

Hospitals	6
Hospital beds	1,216
Hotels/Motels	26
Hotel/Motel Rooms	2,696
Churches	116
Restaurants	600
Shopping Centers	15
Shopping Malls	1

#### Communications:

Newspaper (daily)	2
Newspaper (biweekly)	2
Radio Stations	15
TV Stations	6
Cable TV/Satellite	2

### Education:

Columbia Public Schools have national reputations. They have earned the highest possible rating in Missouri and continue to receive national honors both from the students and teachers alike. The school district graduates one of the highest percentages of Merit Scholars in the country.

Columbia also prides itself with having two private colleges and one university from which to receive extended education.

<b>Total Public School Enrollment:</b>	16,207
Elementary Schools	19
Middle Schools	3
Junior High Schools	3
Senior High Schools	3
Vocational Schools	1
Non-Public Schools	10
Stephens College Enrollment	800
Columbia College Enrollment	2,100
Univ. Of Missouri-Columbia Enrollment	22,280

### Libraries:

Ellis Library	3 million volumes
Daniel Boone Library	400,000 volumes
Columbia College	56,000 volumes

**City Streets:** (Public Works 874-6230)

Paved (miles)	284.3
Unimproved (miles)	49.3

**City Sewers:** (Public Works 445-9427 or 874-6287)

Sewers (miles)	450
----------------	-----

**Fire Protection:** (874-7391)

Number of Stations	7
Number of employees	115
Number of vehicles	31
Number of hydrants	3,800

**Police Protection:** (874-7506)

Number of stations	1
Number of sub-stations	4
Number of employees	162
Number of vehicles	82

**Parking:** (Public Works 874-7751)

Unmetered Off-Street	
Public Parking	1,360
Parking Meter-Street	1,500
Parking Lot Meters	315
Garage Attendant Parking	970

**Airport:** (Public Works 442-9770)

Airport Facilities	1
Airlines: Transworld	1

**City Employees (FTE for FY 2002):** 1,110.85

**Local Economy:**

The cost of living for the City of Columbia is generally 5%-6% below the national average. It currently runs between 94% and 95%. Columbia has an average household income per capita of \$31,219. According to the Bureau of Labor Statistics (BLS) the unemployment rate for the City of Columbia for the month of July 2001 was 1.8%.

**Top (5) Employers in Columbia:**

University of Missouri	14,987
University Hospital & Clinics	5,156
Columbia Public Schools	2,000
Boone Hospital	1,981
City of Columbia	1,110

**Sales Tax:**

Sales tax in Columbia is 7.225% which has been in effect since April 2001. The tax amount includes the following:	
State Sales Tax	4.225%
County General Revenue	.0500%
County Road Tax	.0500%
City General Revenue Tax	1.000%
City Transportation Tax	0.500%
City Capital Projects Tax	0.250%
Parks Sales Tax	.0250%

**Climate:**

Annual Rainfall is approximately 39 inches per year.  
 Annual Snowfall is approximately 23 inches per year.  
 Warmest month and average (July - 77 degrees)  
 Coolest month and average (January - 29 degrees)  
 Number of sunny days 105. Number of cloudy days 166.

**Utilities:**

The City of Columbia is a full service city which means we provide a variety of services to the citizens of Columbia.

Electricity	Water & Light Department (874-7380)
Recycling	Public Works Department (874-6280)
Trash Collection	Public Works (874-7291)
Water	Water & Light Department (874-7380)
Sewer	Public Works (445-9427 or 874-6287)

**Office of Volunteer Services:** (874-7499)

There are many ways and opportunities for citizens to get involved with the community. Columbia has numerous events throughout the year that require hundreds of volunteer hours in order for the event to be successful. There are several departments within the City of Columbia that rely on the efforts of volunteer staff. In FY 2001, volunteers contributed more than 45,000 hours at a value of more than \$643,500.

**City of Columbia population:**

1991	69,792
1992	70,490
1993	71,195
1994	74,072
1995	75,415
1996	76,756
1997	78,675
1998	80,642
1999	82,658
2000*	84,531
2001	86,391

\* Census population - other years are estimates.

City Manager's Annual Budget Document Prepared & Delivered					■			
Public Hearings and Department Work sessions Held						■	■	
City Council Adopts The Budget							■	
Appropriation Files Set Up for New Fiscal Year							■	
Annual Adopted Budget Document Prepared							■	■

Preparation for the budget process begins as soon as the books are closed for the previous fiscal year. It is at this time that budget staff begins the compilation of ten year trend data. The Ten Year Trend Manual includes financial information on general government funds, enterprise funds, internal service funds, and special revenue funds. This information is generally completed by January of each year.

Budget staff reviews historical information in conjunction with the latest current year financial statement to prepare a set of forecasts. Optimistic and conservative assumptions are developed in a model which forecast general government revenues and expenditures over the next three years. These forecasts are presented to and reviewed with the City Manager so that general budget guidelines for the next year may be developed.

In late April, the guidelines established by the City Manager are provided to the various City departments with appropriate budget instructions. Departments are provided with budget expenditure and revenue worksheets along with a Budget Instruction Manual. Access to the budgeting system is also provided at this time. Budget staff conducts the necessary training sessions.

In late May or early June, before the preliminary budget numbers are completed by the departments, the City Manager conducts a Council Retreat. This retreat is attended by the Council, City Manager and Department Heads. This retreat provides an opportunity for the City Manager to present preliminary budget guidelines to the Council for their concurrence as well as to set priorities for the coming budget year. It is also a time for

departments to present major topics to the Council for their input. This process allows Council to express their views on what the priorities should be in the budget. In June, the City Manager continues meetings with department heads. Final cuts are made to balance the budget in early July. Comparative Data and Performance Measurement information is updated in the Budget Document. The City Manager's Annual Budget Document is prepared and distributed. The City Manager holds a press conference at the end of July when the City Manager's Annual Budget is released.

In August, the City Council holds budget work sessions with the City Manager, Finance Director, Budget Officer, and Department Heads to review the City Manager's Budget, individual department budgets, revenues and expenditures, and issues for the coming fiscal year. Public hearings are televised on the Local Government Cable Channel. Both the public and press are welcome to attend the work sessions and public hearings. Television, radio, and newspaper reporters keep the public informed on the status of the budget during these work sessions.

In September, the City Council continues budget work sessions and public hearings on the budget. The Budget is adopted during the month. The Finance staff makes the necessary changes and appropriation files are set up for the new year. The Annual Budget Document is prepared and distributed

In October, the new fiscal year begins.

**City of Columbia, Missouri**  
**Fiscal Year 2001 - 2002**

***This document includes the following Fund Types:***

---

**GOVERNMENTAL FUNDS:**

**GENERAL FUND:**

The general fund is used to account for resources traditionally associated with government which are not required legally or by sound financial management to be accounted for in another fund.

**SPECIAL REVENUE FUNDS:**

**Cultural Affairs Fund** - used to account for monies reserved for cultural purposes. These monies are used to improve and sustain the cultural environment of the City by providing a system of support for area artists and cultural organizations.

**Convention and Tourism Fund** - used to account for the four percent tax levied on the gross daily rental receipts due from or paid by transient guests at hotels or motels. The revenues are used by the city for the purpose of promoting convention and tourism in the City of Columbia.

**99 1/4 Cent Sales Tax Fund** - used to account for the specific projects approved by the voters for a five year extension of the one quarter cent capital improvement sales tax. This tax will be effective January 1, 2001 to December 31, 2005.

**Parks Sales Tax Fund** - used to account for the Local Parks Sales Tax approved by the voters in November, 2000. These funds must be used for parks purposes.

**Transportation Sales Tax Fund** - used to account for city-enacted sales tax and expenditures for transaction purposes which include financial support of the public mass transportation system, construction and maintenance of streets, roads, bridges and airports to the extent of tax revenues.

**Public Improvement Fund** - used to account for and disburse monies the City receives from the city sales tax. This fund receives a portion of the city sales tax and is allocated for a wide range of public improvements to the City which includes streets, sidewalks and parks.

**Special Road District Tax Fund** - used to account for the road and bridge tax revenues. These revenues are used to improve, maintain, construct and repair certain streets and roads within the city limits.

**Community Development Block Grant Fund** - used to account for all federal monies received by the City and disbursed on Community Development Grant projects.

**DEBT SERVICE FUNDS:**

These funds are used to account for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the government is obligated in some manner for the payment.

**CAPITAL PROJECT FUNDS:**

Capital project funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities or improvements.

**EXPENDABLE TRUST FUND:**

**Contributions Fund** - This fund is used to account for all gifts, bequests, or other funds derived from property which may have been purchased or held in trust by or for the City of Columbia, Missouri. The expenses for the Office of Volunteer Services are also in this fund.

**City of Columbia, Missouri**  
**Fiscal Year 2001 - 2002**

***This document includes the following Fund Types:***

---

***ENTERPRISE FUNDS:***

**Railroad Fund** - used to account for revenues and expenses resulting from the operation of a railroad branch line which runs from a Norfolk and Southern main line in Centralia, Missouri to the City of Columbia.

**Water Utility Fund** - used to account for the billing and collection of charges for water service for most city residents. Revenues are used to pay for both operating expenses and capital expenditures to maintain these services.

**Electric Utility Fund** - used to account for the billing and collection of charges for electric service for most city residents. Revenues are used to pay for both operating expenses and capital expenditures to maintain these services.

**Recreation Services Fund** - used to account for revenues and expenses for various recreational services provided by the Parks and Recreation Department for which participants are charged fees.

**Public Transportation Fund** - used to account for all the expenses and revenues resulting from the provision of public transportation services by the Columbia Area Transportation System.

**Regional Airport Fund** - used to account for all the expenses incurred and revenues received by operations at the Columbia Regional Airport.

**Sanitary Sewer Utility Fund** - used to account for the provision of sanitary sewer services to the residents of the city and a limited number of customers outside the city limits. All activities necessary to provide such services are accounted for in this fund.

**Parking Facilities Fund** - used to account for revenues and expenses resulting from the operation and maintenance of city parking lots, municipal garages, and parking meters.

**Solid Waste Collection Fund** - used to account for the provision of solid waste collection and operation of the landfill.

**Storm Water Utility Fund** - used to account for storm water funding, implementation of storm water management projects, and provide maintenance to existing drainage facilities.

***INTERNAL SERVICE FUNDS:***

**Employee Benefit Fund** - used to account for the City of Columbia's self-insurance program for health, disability, life insurance and other employee benefits for covered city employees.

**Information Services Fund** - used to account for the provision of electronic data processing information services used by other city departments.

**Self Insurance Reserve Fund** - used to account for the reserves established and held in trust for the Special Obligation Bonds issued for the City's self insurance program, and to account for the payment of property and casualty losses, and uninsured workers' compensation claims.

**City of Columbia, Missouri**  
**Fiscal Year 2001 - 2002**

***This document includes the following Fund Types:***

---

**Custodial & Maintenance Services Fund** - used to account for the provision of custodial services and building maintenance used by other city departments.

**Fleet Operations Fund** - used to account for operating a maintenance facility for automotive equipment, and for fuel used by some city departments.

**Public Communications Fund** - used to account for the provision of printing press, xerox, interdepartmental mail, and postage services to other city departments, Columbia On-line Information Network, a telephone information system and cable television operations.

**Utility Customer Services Fund** - used to account for utility accounts receivable billing and customer services provided by the Finance Department to the Water and Electric, Sanitary Sewer, Solid Waste and Storm Water Utilities.

## CITY OF COLUMBIA, MO

### HOW TO USE THIS BUDGET DOCUMENT

A budget is a financial plan for a city. It includes both estimates of resources available, including revenues and fund balances, and appropriations, which are the authority to spend money for specific purposes. The budget is prepared by the City Manager and adopted by the City Council after extensive public input.

The document begins with a transmittal letter (budget message) from the City Manager. This letter summarizes the contents of the budget and provides an explanation of the rationale used by the City Manager during the budget development process. The City Manager also outlines the administration's work program for the upcoming year.

In separate sections, the following information is provided:

1. **Budget Message** - Includes the Amendments to the City Manager's Budget Message, City Manager's Budget Message and the Ordinance Adopting the Budget.
2. **General Information** - Organizational Chart, Demographic Statistics, Assessed Values of Taxable Property, Budget Calendar Process, Types of Funds Budgeted, How To Use This Budget Document, Notes and Comments, Fiscal and Budget Policies, and City Manager's Priorities.
3. **Expenditure Summaries** - Includes Graphs, Overall Budget Summary, Expenditures by Fund Type, Expenditure Summaries by Funding Source, and Expenditures by Department and Category, and Fund
4. **Revenue Summaries** - Includes Graphs, Overall Revenue Summary, Revenue Summaries By Category and Funding Source, and Revenues by Fund.
5. **Fund Statements** - Summary of Operating Statement for All Funds, Revenue, Expense, and Operating Position Statements for each fund, Summary of Total Revenues and Total Expenses by Fund.
6. **Operating Budgets** - The departmental budgets, which are subdivided into divisions to account for the costs associated with specific activities or to account for the use of funds received from specific revenue sources. Department Description, Objectives, Highlights/Significant Changes, Comparative Data, and Performance Measurements are also included in this section. Organizational charts are also located in this section.
7. **Capital Projects** - Five year Capital Improvement Program for the City.
8. **Debt Service** - Information on all outstanding debt and debt service requirements.
9. **Appendix** - Community Development Block Grant, Personnel Position Summary Information, and a Glossary.

The budget document is prepared to provide information about the city, both financial and operational, from a variety of perspectives and degree of detail. The reader should first review the Table of Contents, General Information section, the Appendix, and then read the City Manager's transmittal letter. The Summary sections should then be reviewed. In the Operating Budgets Section, the specific department budgets provide the detailed information as to what purposes the city's resources will be utilized during the fiscal year. Finally, the Capital Project and Debt Service sections provide further information. When reading this document, it is useful to remember that it has been developed based on both organizational structure and financial structure.

The organizational structure is reflected in the departmental budgets which are subdivided into divisional budgets. The financial structure is reflected in the reporting of expenditures and revenues by fund. A fund is a self balancing set of accounts designed to track specific revenues and the uses of those revenues. Each fund is independent of all other funds.

## NOTES AND COMMENTS

The City of Columbia is considered to be a full-service city. Thus, the budget may be larger when compared to cities with a similar population. The City of Columbia submits budgets for seven types of funds: General Fund; Enterprise Funds; Internal Service Funds; Special Revenue Funds; Trust Funds; Debt Service Funds; and Capital Projects Fund. A description of the fund types is shown in the glossary as well as in the General Information Section, pages 7-8.

**Basis of Accounting\Budgeting** - The budgets for the General Fund, Special Revenue Funds, Debt Service Fund, General Capital Projects, and Expendable Trust Funds are prepared under the modified accrual basis of accounting. The budgets for the Enterprise Funds, and Internal Service Funds are prepared under the accrual basis of accounting. A complete description of these two types of accounting is found in the glossary.

The FY 2002 Budget document contains detailed information concerning the dollar commitments and personnel resources required to support the varied activities and services of the City of Columbia. The FY 2001 Budget revenue and expenditure numbers appearing in this document include Appropriations, Transfers, and additional Revenues approved by the City Council from October 1, 2000 thru May 1, 2001.

Following these notes and comments are the Summary sections which provides a combined and broad overview of the City's operating funds. Next, the "Operating Budgets" section provides the reader more detailed information about individual departments. The Department Summary (Colored Pages) present the total operating budget for each department regardless of funding source. For example, if a department has both General Fund operations (Public Works-Streets) and Enterprise operations (Sanitary Sewer Utility), the operating costs of both activities will be presented on the colored summary page in order to present a total operating picture of the department. Department Description, Department Objectives, Highlights/Significant Changes, Comparative Data, and Performance Measurement information is also included on these pages. The white pages contain the budget detail for the divisions within the departments.

The Department Summary, on colored pages, contain the following sections:

**Department Description** - A brief description of the department and the major divisions contained in the department. This will also include any purposes set forth by the department.

**Department Objectives** - These include both the short-term and long-term goals/objectives set forth by the departments.

**Department Highlights/Significant Changes** - This outlines the planning emphasis as well as any significant or operations changes for the coming year.

**Organizational Charts** - These charts represent the authorized personnel in each department/division and exhibit the reporting hierarchy of each of those positions.

**Authorized Personnel** - The Authorized Personnel section presents the type and number of full-time and permanent part-time positions required in each department or division. The job code associated with these positions appears next to the position description.

**Comparative Data** - Provides employees per 1,000 population and other comparative information between the City of Columbia and up to five other cities of comparable size and activities.

**Performance Measurements/Service Indicators** - Provides performance information for Actual FY 2000, Budgeted FY 2001, and Estimated FY 2002 for each department.

The final section of the budget document is the Appendix. This section contains those activities which are non-departmental in character such as the Community Development Block Grant. This section also includes the Personnel Position Summary information and a Glossary.

## **FISCAL AND BUDGET POLICIES**

The City of Columbia is a council-manager form of government. All powers of the City are vested in an elective Council which enacts legislation, adopts budgets, determines policies, and appoints the City Manager.

The City Manager is the chief executive and administrative officer of the city and is responsible to the council for the proper administration of all the city's affairs. The City Manager keeps the council advised of the financial condition of the city and makes recommendations concerning its future needs.

The fiscal year of the city begins on the first day of October and ends on the last day of September each year. The fiscal year constitutes the budget and accounting year.

### **REVENUE POLICY:**

- ◆ The City will endeavor to maintain a diversified and stable revenue base to minimize the effects of economic fluctuations as well as eliminate an over dependence on any single revenue source.
- ◆ The City will project and update revenues annually. These revenue forecasts will be presented to the City Council prior to the beginning of the budget process.
- ◆ Departments submit their revenue estimates for the current year and projected revenue for the next year to the Finance Department.
- ◆ Revenue trends are to be examined monthly and incorporated into annual revenue forecasts.
- ◆ Revenue sources are not utilized by the City while legal action is pending.
- ◆ Monthly reports comparing actual to budgeted revenues will be prepared by the Finance Department and presented to the City Manager.
- ◆ Cash investments of the City shall be undertaken in a manner that seeks to ensure the preservation of capital in the portfolio.
- ◆ User fees and rates will be examined annually and adjusted as necessary to cover the costs of providing the services.
- ◆ The City will follow a policy of collecting, on a timely basis, all fees, charges, taxes, and other revenues properly due the City. The City will follow an aggressive policy of collecting all delinquencies due the City.

### **BUDGET POLICY:**

- ◆ Between 120 and 180 days prior to the adoption of the budget, the City Manager shall prepare and submit to the Council a statement of the policy recommendations for programs and priorities which, in the opinion of the City Manager, will be of benefit to the city.
- ◆ The City Manager shall submit a budget to Council at least sixty days prior to the beginning of each budget year.
- ◆ Expenditures proposed in the budget for each department, office, or agency shall be itemized by character, object, function, activity, and fund.
- ◆ In no event shall the total amount of the proposed expenditures exceed the estimated income of the City.
- ◆ The City Council shall hold public hearings on the budget as submitted, at which all interested persons shall be given an opportunity to be heard.
- ◆ The City Council shall adopt the budget, by majority vote, no later than the last Monday of the month preceding the first month of the budget year. If the City Council does not take final action by this date, the budget will be considered effective as it was submitted.

## FISCAL AND BUDGET POLICIES

- ◆ The budget shall be on record in the City Clerk's office and open to public inspection. In addition, a copy of the budget is available for view at the Columbia Public Library, University Library, University Journalism School Library, Columbia College Library, and the Stephens College Library. The budget shall also be available for viewing and/or printing on the City's website at [www.ci.columbia.mo.us](http://www.ci.columbia.mo.us).
- ◆ A detailed listing of the budget calendar is found on page 5.
- ◆ The City will annually submit documentation to obtain the GFOA Distinguished Budget Presentation Award.
- ◆ After adoption of the budget, the budget can be amended via ordinance or resolution. The City Manager can submit ordinances and resolutions to the Council to increase expenditures or revenues. When the Council approves the ordinance or resolution, additional appropriations are made in the appropriate department.
- ◆ At the request of the City Manager and within the last 6 months of the fiscal year, the council may, by resolution, transfer any unencumbered appropriation balance or portion thereof from one office department or agency to another. No transfer shall be made of specified fixed appropriations.
- ◆ All appropriations shall lapse at the end of the budget year to the extent that they shall not have been expended or lawfully encumbered.

### **CAPITAL IMPROVEMENTS POLICY:**

- ◆ The City developed a five-year program for capital improvements and updates it annually.
- ◆ The City will identify the estimated costs and potential funding sources for each capital improvement project proposal before it is submitted to the City Council for approval.
- ◆ The capital improvement program will be included in the Annual Budget. The Annual Budget will implement the first year of the capital improvement program.

### **FIXED ASSET POLICY:**

The following fixed asset policy shall be in force commencing with fiscal year 1999. This policy is consistent with Government Financial Officers Association Recommended Practices and should be reviewed periodically and compared to recommended practices of the GFOA or other nationally recognized government finance organization.

For purposes of establishing an appropriate capitalization threshold for fixed assets the following guidelines shall apply:

- ◆ Fixed assets should be capitalized only if they have an estimated life of more than 1 year following the date of acquisition and have a purchase cost of \$1,000 or more. Items which cost less than \$1,000 and/or have a life of one year or less will be expensed upon acquisition.
- ◆ Purchase cost of a fixed asset includes freight, installation charges, carrying cases, adaptors and other items which are connected to the fixed asset and necessary for its operation or use.
- ◆ Fixed assets' capitalization threshold should be applied to individual fixed assets rather than to groups of fixed assets.
- ◆ A small tag with a fixed asset number will be issued by the Finance Department for all items that can be reasonably tagged (physically). Said tag will be affixed to the fixed asset until such time it is declared surplus property and properly disposed through the Purchasing Agent as required by City ordinance.
- ◆ Departments will notify the Finance Department of any change in location or loss of a fixed asset.
- ◆ Departments should exercise control over their noncapitalized fixed assets by establishing and maintaining adequate control procedures at the departmental level.

## **FISCAL AND BUDGET POLICIES**

### **ACCOUNTING POLICY:**

- ◆ An independent financial audit shall be made of all accounts of the city government at least annually and more frequently if deemed necessary by the City Council.
- ◆ The General Fund, Special Revenue, Debt Service, General Capital Projects, and Expendable Trust Funds will be accounted for under the modified accrual basis of accounting.
- ◆ Enterprise Funds, Internal Service Funds, and Non-Expendable Trust Funds will be accounted for under the accrual basis of accounting.
- ◆ Full disclosure will be provided in the financial statements and bond representations.
- ◆ The City will annually submit documentation to obtain the Certificate of Achievement for Excellence in Financial Reporting from GFOA.
- ◆ The Annual Financial Report will be prepared in accordance with revised GASB standards.

### **PURCHASING POLICY:**

- ◆ The purchasing division shall have responsibility for and authority to contract for, purchase, store and distribute all supplies, materials and equipment required for the operation and maintenance of offices, departments or agencies of the city.
- ◆ It shall be the policy of the City to encourage competitive business practices through public bidding or requests for proposals wherever possible and feasible.
- ◆ In evaluating bids and awarding contracts, the head of the purchasing division is authorized to give preference to recycled and environmentally preferable products according to prescribed guidelines.

### **DEBT POLICY:**

- ◆ The City may issue general obligation bonds, revenue bonds, special obligation bonds, and short-term notes and leases.
- ◆ The City may issue refunding bonds for the purpose of refunding, extending or unifying the whole or any part of its valid outstanding revenue bonds.
- ◆ The City will limit long-term debt to only those capital projects that cannot be financed from current revenue or other available sources.
- ◆ The City will follow a policy of full disclosure on every financial report and bond prospectus.
- ◆ When the City finances capital projects by issuing bonds, it will repay the bonds within a period not to exceed the expected useful life of the projects.
- ◆ The City's policy shall be to manage its budget and financial affairs in such a way so as to ensure continued high bond ratings.
- ◆ No bonds shall be issued without the assent of the requisite number of qualified electors of the city voting thereon.

### **RESERVE POLICY:**

- ◆ The City will calculate an unreserved, undesignated fund balance equal to 16% of expenditures for the adopted budget. These funds will be used to avoid cash flow interruptions, generate interest income, reduce need for short-term borrowing and assist in maintaining what is considered an investment grade bond rating capacity.
- ◆ Self Insurance Reserves shall be maintained at a level to protect the City against incurred and reported losses as well as those incurred but not reported and future losses within the retention.

## **FISCAL AND BUDGET POLICIES**

- ◆ A contingency reserve account will be appropriated annually in the General Fund to provide for unanticipated expenditures of a nonrecurring nature and/or to meet unexpected increases in costs.

### **ENTERPRISE FUND POLICY:**

- ◆ Enterprise funds will be used to account for the acquisition, operation, and maintenance of City facilities and services which are intended to be entirely or predominately self-supporting from user charges or for which periodic net income measurement is desirable.
- ◆ The Water and Electric department will pay into the General Fund of the City annually an amount substantially equivalent to that sum which would be paid in taxes if the water and electric light works were privately owned.

### **INTERNAL SERVICE FUND POLICY:**

- ◆ Internal Service Funds will be used to account for the provision of goods and services by one department of the City to the other departments.
- ◆ Internal Service Funds are to be self-supporting from user charges to the respective user departments.
- ◆ Internal Service Funds are to only recover the complete cost of operations without producing any significant amount of profit in excess of the fund's requirements.

## **CITY MANAGER'S ANNUAL REPORT ON PROGRAMS AND PRIORITIES**

*(Obtained from the City Manager's Annual State of the City Address  
June 2001)*

### **ANNUAL STATE OF THE CITY ADDRESS OPENING REMARKS**

Our Columbia City Charter provides that the City Manager submit an annual report on "Programs and Priorities". I will be making a few comments about what I believe to be the state of our city which will be followed by a more detailed list and discussion of programs, priorities and accomplishments. This information has been forwarded to the Mayor and City Council and will be used as a guideline for discussions with the City Council and for budgeting purposes. This report is being carried live today on City Channel 13 and will be rebroadcast several times. It will also be made available in the Columbia Regional Library and on the City's web page.

We are pleased that Columbia continues to be ranked as one of the best places to live by various national ranking publications. We have many things to be thankful for. We have a strong sturdy local economy with one of the lowest unemployment rates in the country which has been a major factor for providing the quality of life of our city we all enjoy. Columbia remains a regional center for employment, education, shopping, services provided, entertainment, recreation and others.

Columbia continues to remain a city rich with diversity and one with numerous religions, races and cultures. It is significant to preserve those heritages as our city continues to grow. Our Cultural Affairs Office and Historic Preservation Commission have continued to be active with substantial Council funding made available for preservation and cultural activities. Working with the United Way, our Office of Community Services helps to provide support for our residents in need.

Our citizens are increasingly supportive of their city as evidenced by the passage of two ballot issues this past year and generous donations of private funding toward our new Community Recreation Center and Flat Branch Park. During the past year, we have increased our activity in promoting our Columbia Trust Fund and we are setting up a 501(c)3 as a part of that program. Later this year, another new program is being provided for our utility customers to have an opportunity to voluntarily contribute on a monthly basis to a number of programs to further enhance our city. Also, this past year, over 46,000 hours of voluntary services were provided in various City programs.

Columbia continues to grow with the latest census indicating an average annual growth rate of 2.2% over the last 10 years. Our present geographic boundary of 54 square miles has expanded on a somewhat limited basis during this same period under our present voluntary annexation policy. Substantial development is occurring in the immediate area around our city, making it more challenging to provide infrastructure and services in a coordinated cost effective manner. It is important to continue to provide a vision, planning and policy for any future community growth. Working with the County Commission, I believe this can be accomplished in an environmentally and community acceptable manner.

Columbia is a "full-service" city providing most services our residents require with a budget of about \$220,000,000 and approximately 1,050 permanent full-time employees. We are served by an excellent staff, and many volunteer hours are spent by our Mayor and City Council, Boards and Commissions, and other City volunteers.

Our city remains fiscally sound as evidenced by our excellent bond rating and interest rates charged. The slowing of our economy and deregulation has reduced the rate of increases of several of our major revenue sources; such as, sales tax and gross receipts tax. This concern will require careful monitoring. It is important that we assure the delivery of our programs, services and projects in the most cost effective manner.

We continue to have other challenges to address with some of the most immediate being affordable housing, public safety, preservation of our Central City including immediate surrounding neighborhoods, storm water regulations and management, growth issues and implementation of our transportation and utility plans. We must include priorities to stress programs and projects that serve all sectors of our community without regard to social, physical or economic status.

During the past several years, I feel our city has developed and implemented many projects, programs and policies that will continue to make our city a great place to live. The quality of life for all our community will be enhanced for many years by the construction of our trail system, Community Recreation Center and our latest acquisition of the Stephens Lake area near our Central City.

I want to thank our City staff and Council for the information they have provided and for their assistance in preparing this annual report of priorities and programs. Next I will present specific issues that I feel our city will be addressing and discuss priority programs and projects, along with some major accomplishments during the past year

### **Six Most Important Issues**

- ◆ PROVIDE FOR COMPREHENSIVE PLANNING/IMPLEMENTATION
- ◆ MAINTAIN AND STRENGTHEN OUR CENTRAL CITY.
- ◆ PLAN FOR ORDERLY GROWTH OF OUR CITY.
- ◆ CONTINUE TO PROVIDE AND MAINTAIN INFRASTRUCTURE ON A TIMELY BASIS.
- ◆ CONTINUE TO DELIVER SERVICES AND PROGRAMS IN A TIMELY & COST EFFECTIVE MANNER.
- ◆ PROVIDE FOR COMMUNITY RESOURCES.

### **Most Important Issues**

#### **1) PROVIDE FOR CITY COMPREHENSIVE PLANNING**

- ◆ DEVELOP COMMUNITY ACCEPTABLE STANDARDS TO COMPLY WITH EPA STORM WATER STANDARDS.
- ◆ UPDATE CITY PARKS AND RECREATION MASTER PLAN.
- ◆ FINALIZE AND ADJUST AIRPORT MASTER PLAN.
- ◆ REVISE MAJOR STREET RIGHT-OF-WAY AND DESIGN STANDARDS.
- ◆ UPDATE THE CITY OFF-STREET PARKING REQUIREMENTS.
- ◆ UPDATE CITY SIDEWALK MASTER PLAN.

#### **Major Elements of Comprehensive Plan**

- ◆ Fire Station Master Plan
- ◆ Columbia Regional Airport master Plan '89 - now being updated.
- ◆ Parks, Recreation & Open Space Master Plan
- ◆ City Sidewalk Plan
- ◆ City Bicycle Plan
- ◆ City of Columbia Land use Plan - Metro 2020
- ◆ Major Thoroughfare Plan
- ◆ Consolidated Housing Plan
- ◆ Long Range Transit Plan
- ◆ Paratransit Plan
- ◆ Long Range Electrical Distribution
- ◆ Planning Report on Wastewater Collection & Treatment
- ◆ Long Range Water System Study

#### **2) MAINTAIN AND STRENGTHEN OUR CENTRAL CITY**

- ◆ Continue promotion of downtown attractions for our residents, tourists and visitors. Examples include cultural activities (Missouri Theater) and historical districts and attractions. The J.W. "Blind" Boone home has been purchased by the city, flat branch park underway and the historical Missouri theater is planned for expansion and upgrading.
- ◆ Expand neighborhood development and affordable housing activities in and around the central city area.
- ◆ Determine a way to finance additional parking north of Broadway as identified in recently completed parking study.
- ◆ Continue downtown improvement plan including sidewalks, planters, trees, signage, replacement benches and other amenities.
- ◆ Partnership with other property owners for improvements to the avenue of the columns (8<sup>th</sup> street) corridor.
- ◆ Implement renovation of the historic Wabash station (bus transfer point).
- ◆ Implement enhancement to entrance of our central business district at Providence/Broadway.
- ◆ Support the SBD efforts for downtown improvements and beautification (hub).

#### **3) PLAN FOR ORDERLY GROWTH OF OUR CITY**

- ◆ Plan for and extend city boundaries.
- ◆ Continue voluntary annexation policy
- ◆ Proceed with plans for voter approved annexation
- ◆ Promote development from inside outward reducing infrastructure costs for development.
- ◆ Encourage development on vacant lots and tracts, particularly in area already served by infrastructure.

- ◆ Continue implementation of wastewater policy with pre-annexation agreements and agreements with the regional sewer district.
  - ◆ Update plans for interceptor and trunk sewer lines including lower Gans Creek, Midway and upper Grindstone.
- 4) CONTINUE TO PROVIDE AND MAINTAIN INFRASTRUCTURE ON A TIMELY BASIS.**
- ◆ Complete studies for expanding and improving city hall and its office space.
  - ◆ Renovate nowells building to provide for new public health facility.
  - ◆ Plan for the construction of major road projects including Highway WW (East Broadway) widening, Southampton and Green Meadows road loop, Blueridge and Garth Avenue, and the Vandiver/U.S. 63 interchange.
  - ◆ Complete design and plan for financing expansion of water system with possible ballot issue in 2002.
  - ◆ Complete new community recreation facility and fire station approved by voters.
  - ◆ Expand sanitary landfill and construct new recycling, storage and maintenance facilities at the landfill.
  - ◆ Work in partnership for possible expansion of iatan power plant in north missouri.
  - ◆ Construct detention facility in Merideth branch drainage area.
- 5) CONTINUE TO DELIVER SERVICES & PROGRAMS IN A TIMELY & COST EFFECTIVE MANNER**
- ◆ Working with consultant, complete a study for the police department regarding strategic planning, enhancement to community policing and staffing analysis.
  - ◆ Provide for budget billing and web page transactions for utility customers.
  - ◆ Enhance City of Columbia web page.
  - ◆ Continue to provide financial resources to meet the social service needs of our city.
  - ◆ Implement plan to improve maternal child health in four areas; teen pregnancy, children dental care, immunizations, and reduction of childhood obesity.
- 6) PROVIDE FOR COMMUNITY RESOURCES**
- ◆ Complete plans and develop schedule for future water and waste water revenue bond issues.
  - ◆ Continue to encourage businesses that provide financial resources for our city.
  - ◆ Work with REDI corporation, convention and visitors bureau and the chamber of commerce to support diverse economic development for the city.
  - ◆ Implement the new utility billing check-off program for utility customers to contribute to programs such as parks and recreation scholarships and five others.

## **PROGRAMS & PRIORITIES for 2001 - 2002**

### **PLANNING & DEVELOPMENT**

#### **Priorities:**

- ◆ Proceed with planning for voter approved annexation.
- ◆ Continue voluntary annexation policy.
- ◆ Expand neighborhood development/preservation and affordable housing activities.
- ◆ Work with Department of Transportation in evaluating the impact on alternatives for widening I-70.
- ◆ Revise/update zoning ordinance and subdivision regulations.
- ◆ Complete and begin implementation of the Business Loop 70 Revitalization Plan.
- ◆ Provide staff support for ward redistricting following 2000 Census.
- ◆ Prepare 2000 Census demographic data summaries.
- ◆ Update sidewalk plan working with the Bicycle and Pedestrian Commission.
- ◆ Integrate storm water regulations into zoning and subdivision procedures.
- ◆ Enhance GIS mapping capabilities using satellite images and parcel base maps.
- ◆ Revise Capital Improvement Program process and procedures.
- ◆ Prepare an Urban Conservation Overlay District for East Campus.
- ◆ Working partnership with other property owners on the Avenue of the Columns project (8<sup>th</sup> Street).

#### **Accomplishments:**

- ◆ Finalized and adopted Metro 2020 Plan.
- ◆ Completed preparation of the 2025 Transportation Plan and the Major Roadway Plan which was adopted by CATSO organization.
- ◆ Hired a Neighborhood Specialist to support the Neighborhood Response Team in assisting property owners in upgrading their property and neighborhood.

- ◆ Assisted the I-70 Stakeholder's Committee in identifying factors to be considered in evaluating widening versus bypass alternatives.
- ◆ Examined CDBG program draw downs and identified inactive projects with unspent funds for recapture and reallocation.
- ◆ Developed brochures on the rezoning and subdivision process.
- ◆ Prepared information to enable a review of the city and county fire district service area agreement.
- ◆ Implemented the Lead-Based Paint Reduction program and prepared the Emergency Home Repair and Code Violation Abatement programs for implementation.
- ◆ Worked with other departments and city management in preparing the annual Capital Improvement Program.
- ◆ Organized and conducted an education/training workshop for the Planning and Zoning Commission on various planning topics.
- ◆ Assisted the Planning and Zoning Commission and other advisory boards on development a recommendation on sidewalk widths.

## **POLICE DEPARTMENT**

### **Priorities:**

- ◆ Complete the building renovation project.
- ◆ Complete a strategic plan.
- ◆ Hire a consultant to assist in completing a strategic plan, Community Policing Enhancement Program and staffing study.
- ◆ Develop recruitment plan with emphasis on protected classes.

### **Accomplishments:**

- ◆ Total Crime Index down 11%.
- ◆ Substantial completion of renovated offices.
- ◆ Obtained federal grant for three school resource officers.
- ◆ Obtained private funding for purchase and training of two K-9's.
- ◆ Organizational changes to enhance communications and effectiveness to include partial rotation in specialty assignments.
- ◆ Successfully complied with new Racial Profiling Law.
- ◆ Enhanced community policy by: Implementation of neighborhood watch revitalization; Implementation of Citizen on Patrol Program (grant funded); Implementation on Crime Solutions meetings; Neighborhood Response Team completed target area.

## **FIRE DEPARTMENT**

### **Priorities:**

- ◆ Continue implementing the five-year improvement plan approved by voters.
- ◆ Complete construction and open Fire Station #8 located in southeast Columbia.
- ◆ Pursue location for new Fire Station site in northwest Columbia.
- ◆ Design and order replacement for 1991 Rescue Squad and 1983 engine.
- ◆ Provide necessary renovation to mechanical and exhaust removal systems for Fire Station 4, 5, 6 and 7.

### **Accomplishments:**

- ◆ Groundbreaking held for the new station and began construction; designed and ordered the rolling stock equipment for the station.
- ◆ Trained 4 of the 12 people needed to staff Fire Station 8.
- ◆ Placed in service a Customer Service Van, enhancements for which were donated by local retailers.
- ◆ Designed and placed order for replacement for 1980 Engine.
- ◆ Entered into partnership with the University for Fire Marshal services.
- ◆ Enhanced the highly successful Columbia Safe Kids Child Safety Seat Program and educational safety program for grades K - 8.
- ◆ Placed orders for improved hazardous materials detection equipment and protective gear.

## **JOINT COMMUNICATIONS DEPARTMENT AND EMERGENCY MANAGEMENT**

### **Priorities:**

- ◆ Implement the warning siren replacement program.
- ◆ Complete revision of the 1993 Emergency Operation Plan.

- ◆ Plan disaster exercise within the City of Columbia.
- ◆ Complete a manual of standard operating procedures for the Joint Communications Center.
- ◆ Coordinate with Wireless Cellular companies to meet new federal legislative standards required in local 911 centers.

#### **Accomplishments:**

- ◆ Completed and dedicated new Communications Center and installed Orbacom radio communication consoles.
- ◆ Replaced all the 911 telephones with new state of the art computerized units with 21-inch touch screen monitors
- ◆ Implemented Language Line telephone service which allows non-English speaking callers to communicate with the center and also enhances communications with those hearing impaired.
- ◆ Reorganized the Public Safety Joint Communications Center and all created positions have been filled.
- ◆ Established an alternate Emergency Operation Center in the lower level of the Armory Sports Complex.
- ◆ Developed and implemented a County wide comprehensive severe weather notification and action plan.
- ◆ Completed training and implemented a new computerized Medical Priority Dispatch stand-alone computer program. Program allows operators the opportunity to provide pre-arrival medical instructions to callers on EMS emergencies.
- ◆ Successfully participated in a full-scale disaster drill exercise.

### **WATER AND LIGHT DEPARTMENT**

#### **Priorities:**

- ◆ Develop cost estimates and financing options for water system additions, including NE booster district station, new well field south loop supply main, expand 36" transmission main and wells 15 and 16.
- ◆ Continue working with Columbia Energy Center for start up gas turbine project.
- ◆ Work in partnership for the possible participation in an Iatan power plant expansion project for future power source.
- ◆ Purchase used locomotive for the City-owned short line railroad.
- ◆ Plan for development of a railroad terminal.
- ◆ Implement a partnership program with Shelter Insurance for providing backup electrical power project.
- ◆ Begin Rebel Hill substation addition and new feeder line system.

#### **Accomplishments:**

- ◆ Constructed two new wells in the McBaine bottoms.
- ◆ Started rehabilitation of second deep well in the City for backup water resource.
- ◆ Began design work for addition to south pump station and reservoir.
- ◆ Entered in agreements with Ameren for the new gas turbine project in northeast Columbia, with project underway.
- ◆ Entered into joint use agreement with Central Electric Cooperative for joint pole use project along U.S. 763.
- ◆ Agreement with Shelter for distributed generation/backup generator project.

### **PUBLIC WORKS DEPARTMENT**

#### **Administration and Engineering (Public Works)**

#### **Priorities:**

- ◆ Implementation of downtown sidewalk improvements.
- ◆ Continue implementation of street and sidewalk improvement plan with special emphasis on those shown for the ballot issues.
- ◆ Review streets and sidewalk standards.
- ◆ Provide engineering, design and construction services for street, sidewalk, waste water and storm water projects.
- ◆ Provide administrative support for public building projects.
- ◆ Increase responses to neighborhood traffic problems.

**Accomplishments:**

- ◆ Contracted with Jim Davis of the University of Missouri and with Mr. Thomas Schueler, Executive Director of the Center for Watershed Protection to assist in the development of programs and regulations to comply with EPA Phase II requirements.
- ◆ Began implementation of public participation and education requirements of EPA Phase II Storm Water Regulations with formation of stream partnerships.
- ◆ Completed design and held public hearing on two downtown sidewalk projects for improving handicap accessibility.
- ◆ Completed construction of Scott Boulevard, Brown Station Road, 4<sup>th</sup> Avenue and annual sidewalk program.
- ◆ Completed design and have contracted Sunflower Street.
- ◆ Worked with neighborhoods to develop designs and get public hearing approval for Rollins Road and Forum Boulevard.
- ◆ Constructed sidewalks along Providence Road with MoDOT enhancement grant.
- ◆ Two enhancement grants for pedestrian bridges over I-70 and Business Loop 70.
- ◆ Street and sewer standard specifications have been placed on the web.

**Streets and Sidewalks (Public Works)****Priorities:**

- ◆ Continue aggressive street maintenance and sidewalk repair program.
- ◆ Provide pavement marking at least twice a year on a timely basis.

**Accomplishments:**

- ◆ Resurfaced or repaired over 250 street segments.
- ◆ Repaired approximately 300 utility service cuts.
- ◆ Painted all pavement markings twice.

**Protective Inspection (Public Works)****Priorities:**

- ◆ Complete review and implementation of new building codes.
- ◆ Utilization of the web page for permits issued by the City and for informational purposes.
- ◆ Step up informational program with builders and landlords regarding code changes in enforcement policies and related issues.

**Accomplishments:**

- ◆ Building Codes Commission has nearly completed review of new codes and is on schedule to have them adopted by October 1 as planned.
- ◆ Provided construction management for completion of the renovation of the Armory new JCIC center and Police Building.
- ◆ Participated in Neighborhood Response Team.

**Parking Utility (Public Works)****Priorities:**

- ◆ Determine a method for financing additional parking spaces north of Broadway.
- ◆ Increase parking utility revenues.
- ◆ Relocate parking enforcement offices from the Wabash Station to the Howard Building.
- ◆ Continue transition to electronic parking meters.
- ◆ Continue working with SBD on parking related issues, including enforcement issues.

**Accomplishments:**

- ◆ Installed over 500 electronic parking meters.
- ◆ Completed consultant study for additional parking needs north of Broadway.
- ◆ Increased emphasis on parking enforcement, particularly in parking structures.

**Transit (Public Works)****Priorities:**

- ◆ Complete initial planning and secure grant funding for renovation of Wabash Station, the City's bus transfer location.
- ◆ Continue installation of benches and shelters on fixed routes.

- ◆ Continue marketing of bus passes.
- ◆ Performance monitoring- Systems have been put in place to assure accurate accounting for ridership information

**Accomplishments:**

- ◆ Replacement of bus fleet.
- ◆ Completed planning report for upgrading and expanding the Wabash Station transfer location.
- ◆ Installed bus benches and shelters provided for in initial transit grant.

**Airport (Public Works)**

**Priorities:**

- ◆ Complete final report on update to Airport Master Plan.
- ◆ Complete Passenger Facility Charge Program and begin implementation.
- ◆ Complete major airport projects, including pavement repairs and safety zone work as approved and primarily funded by FAA.
- ◆ Develop land acquisition policy around airport.
- ◆ Increase public awareness of economic impact of the airport.
- ◆ Enhancement of the appearance of the main terminal.

**Accomplishments:**

- ◆ Completed preliminary report on Airport Master Plan Update and passenger facility charge program.
- ◆ Acquired an additional 224 acres of land adjacent to and for the protection of the airport.
- ◆ Contracted repair and rehabilitation of primary runway 2-20.
- ◆ Contracted replacement of cable and central control circuit
- ◆ Contracted construction of emergency generator building
- ◆ Contracted runway 2-20 north safety area.
- ◆ Held public hearing for apron expansion project.
- ◆ Repainted all runway and taxiway markings to comply with new FAA standards.
- ◆ Completed annual FAA certification inspection with no discrepancies.

**Sewer Utility (Public Works)**

**Priorities:**

- ◆ Update city's facility plan for long range development of trunk and interceptor lines to include the lower Gans Creek drainage basin, the Midway area and the upper Grindstone.
- ◆ Develop time frame for the next wastewater ballot issue which is planned for about every five years.
- ◆ Complete major trunk and interceptor projects including the Cow Branch and upper Hinkson Creek drainage areas.
- ◆ Continue implementation of wastewater policy with pre-annexation agreements and agreements with regional sewer districts.
- ◆ Continue establishment of sewer districts to unsewered areas and for the replacement of private common collectors.

**Accomplishments:**

- ◆ Completed construction of wetlands unit #4 and repairs to wetlands units 1, 2, and 3.
- ◆ Completed construction of the upper Bear Creek and Bearfield Meadows sewer lines.
- ◆ Constructed Cow Branch pump station and collector lines.
- ◆ Held public hearing for Upper Hinkson Outfall relief sewer line and acquiring right-of-way.
- ◆ Held public hearing for construction of Upper Grindstone sewer line.
- ◆ Seven new sewer districts underway for providing sewers to unsewered areas and those in need of reconstruction.
- ◆ Completed over \$600,000 in rehabilitation work on sewer lines in the older part of the city.
- ◆ Executed two additional extra-territorial service agreements with the Boone County Regional Sewer District (Bearfield Subdivision and Leisure Hills Subdivision).

**Solid Waste (Public Works)**

**Priorities:**

- ◆ Construct new Subtitle D Cell at landfill for additional landfill capacity on our current landfill site.

- ◆ Complete plans for the construction of a new blue bag recycling facility at the landfill.
- ◆ Construct new maintenance and storage buildings at the landfill.
- ◆ Review and make necessary modifications to the bag distribution numbers.

#### **Accomplishments:**

- ◆ Rejected bids for Cell 3 due to cost. Prepared and submitted application for a vertical fill permit modification to allow a minimum of another year before Cell 3 is needed.
- ◆ Bids have been received for a one year contract for processing of Columbia's recyclables while city's material recovery building is being constructed.
- ◆ Specifications for buildings for equipment repair and storage, and for material recovery have been completed and are being bid.

#### **Storm Water Utility (Public Works)**

##### **Priorities:**

- ◆ Develop criteria for implementation of EPA Phase II Storm Water Regulations to be implemented no later than March 2003.
- ◆ Construct new detention facility in the Meredith Branch drainage area.
- ◆ Continue implementation for storm water projects shown in the Storm water Master Plan or initiated through the City Council.
- ◆ In partnership with the University, develop and monitor pilot projects for erosion control for public participation in storm water quality practices.

#### **Accomplishments:**

- ◆ Completed capital projects in the Creasy Springs and Doris Drive area and the Alton Avenue project. Public hearings have been held for Bicknell-Ash- Walnut-Hirth projects.
- ◆ Report on Meridith Branch detention facility has been submitted to Council for approval.

#### **Fleet Operations (Public Works)**

##### **Priorities:**

- ◆ Acquire additional land around Public Works operational facility.
- ◆ Construct new fueling facility at Public Works operational facility to comply with federal regulations.
- ◆ Develop plan for satellite operational facility in south Columbia.

#### **Accomplishments:**

- ◆ Plan for land acquisition has been prepared along with funding proposal.

#### **PARKS AND RECREATION DEPARTMENT**

##### **Priorities:**

- ◆ Complete construction of Community Recreation Center and open facility for public use during the summer of 2002.
- ◆ Complete the update of the 1994 Park and Recreation Comprehensive Master Plan.
- ◆ Prepare and obtain public/council approval of site master plans for the development of both the Stephens and the Russell properties.
- ◆ Complete construction of the Flat Branch Park located at the corner of Fourth and Cherry Streets and initiate fund raising efforts for the development of the second phase, located between Locust and Elm Streets.
- ◆ Complete construction of Phase IV of the Bear Creek Trail. This phase will extend from Highway 763 to Oakland Park.
- ◆ Support enhancements to entrances to our central city.
- ◆ Improve MKT Trail access at Providence/Stewart intersection. Seek enhancement grant to develop alternative trail crossing under both Stewart and Providence Road.
- ◆ Complete construction of the joint project with the Columbia Public School District to develop an eight court tennis complex at Cosmo-Bethel Park/Gentry Middle School/ Rock Bridge High School.
- ◆ Complete installation of the new fairway irrigation system at Lake of the Woods Golf Course. Begin restoration of fairways with zoysia grass.
- ◆ Complete construction of two new football/lacrosse fields in the Columbia Cosmopolitan Recreation Area. Fields to be partially funded with a Land and Water Conservation Fund grant.

- ◆ Hire outdoor art conservator to provide detailed recommendations to correct the deterioration problems occurring to the Dr. Martin L. King Memorial.
- ◆ Acquire neighborhood park sites in the Smith Road/Scott Blvd. and the Smiley Lane/Providence Road (extended) neighborhoods.
- ◆ Replace bridge # 6 on the City's MKT Trail.
- ◆ Complete construction of Dublin Avenue Neighborhood Park.
- ◆ Initiate construction of Smithton Neighborhood Park
- ◆ Initiate improvements to Indian Hills Neighborhood Park
- ◆ Complete asphalt resurfacing projects on parking lots in Oakland, Kiwanis, and Cosmo-Bethel Parks.
- ◆ Increase summer programs at the Armory Sports Center.
- ◆ Develop innovative methods to recruit sports officials and improve the level of retention.
- ◆ Plan and develop a permanent home for the Camp Adventure Day Camp program, taking into consideration transportation, shelter and ample recreational opportunities.
- ◆ Prepare plan for expanded activities in the new Community Recreation Center and Stephens Lake area, working with resource groups and organizations within the community for such programs as computer classes and aquatic programs.
- ◆ Continue to recruit, train, and utilize volunteers in the Senior, Adapted, Special Olympic, Life Enrichment and Special Event program areas.
- ◆ Work with Special Olympics Missouri headquarters staff to move the State summer games to Columbia within the next 5 years.
- ◆ Expand the CARE Gallery component to include: 3 - 5 additional trainees.

#### **Accomplishments:**

- ◆ Awarded construction contract for the construction of the Community Recreation Center.
- ◆ Raised \$581,000 in private funding to fund the addition of a second gymnasium, additional meeting room, youth fitness room and an expanded walking track for the Rec Center.
- ◆ Ballot issue was passed for a 1/4% parks sales tax for 5 years and a permanent 1/8% to fund the purchase of the Stephens Lake property and to provide additional funding for our expanding City parks system.
- ◆ Completed construction of the stream restoration portion of the Flat Branch Park (formerly Trailhead Park) project.
- ◆ Bear Creek Trail: Completed trail system along the Bear Creek from Cosmo Park to Highway 763 and awarded contract for Phase IV leading from Highway 763 to Oakland Park. Completed substantial construction of the Hinkson Creek trail connecting Capen Park to the University Hinkson Field Recreation Area.
- ◆ Awarded contract for the construction of an eight court tennis complex, in partnership with the Columbia School District, at Cosmo-Bethel Park/Rock Bridge High School.
- ◆ Completed renovation of and resumed full recreation programming of the Armory Sports Center.
- ◆ Installed lights on the Douglass Park Baseball Field.
- ◆ Acquired permanent ownership of the 16.6 acre American Legion Park through a donation by Herbert Williams Legion Post 202.
- ◆ Completed construction of the Cosmo Recreation Area Fitness Trail, a one mile by 12 foot wide hard-surface multi-purpose trail. Project was funded by a National Recreational Trails Grant and donations from the Cosmo Club.
- ◆ Completed development of Rothwell Heights and Field Neighborhood Parks.
- ◆ Acquired a new neighborhood park site immediately north of Smithton Middle School.
- ◆ Completed the engineering study of the current condition of the MKT Trail bridges and developed a priority repair/replacement schedule.
- ◆ Completed construction of gravel walking trail in Valley View Neighborhood Park.
- ◆ Completed improvements to neighborhood parks such as Rock Hill (split-rail fencing) and Again Street (ballfield, fencing, drinking fountain, landscaping), and Rock Quarry (east entrance walkway).
- ◆ Completed renovation of Lake of the Woods swimming pool including the plumbing and circulation system, installation of a new floor in deep end of pool, addition of a small slide to replace the diving board, and expansion of the fenced area to capture additional green space within the pool facility.
- ◆ Continued to recruit, train, and utilize volunteers in programs such as Treekeepers and Park Patrol.

- ◆ Through the Life Enrichment program, offered new classes and programs such as a Summer Theater Camp, Camp Shakespeare, and the Nifong "Front Porch Wisdom Series".
- ◆ Offered a pilot program for the C.A.R.E. (Columbia's Art Related Experience) Gallery at the Armory Sports Center.

## **CONVENTION AND VISITOR'S BUREAU**

### **Priorities:**

- ◆ Increase convention sales bookings.
- ◆ Develop Master Plan for Cultural and Historic District.
- ◆ Research and make recommendations for the development of a Columbia Sports Commission.
- ◆ Develop guidelines for the Attraction Development Fund and implement program.
- ◆ Implement African American Reunions and Meetings program.

### **Accomplishments:**

- ◆ Successfully bid Outdoor Writers of America 2003 National Conference.
- ◆ Successfully bid School of Tomorrow - 3,000 room nights in 2001.
- ◆ Bureau again achieved a better than 98% "excellent" rating on our convention services customer surveys.
- ◆ Although two new hotels opened in 2000, revenues have remained stable.
- ◆ Implemented Festival and Events Funding Program (Tourism Development Program).
- ◆ CCVB won two state awards for work with the tourism industry and our Katy Central marketing program.
- ◆ Developed Columbia Cultural Events brochure in collaboration with arts community

## **OFFICE OF CULTURAL AFFAIRS**

### **Priorities:**

- ◆ Successfully complete the Percent for Art projects at Fire Station No. 8 (installation expected by December 2001) and the Community Recreation Center (installation expected summer 2002).
- ◆ Address other city-owned public art issues including a plan for restoring the *Martin Luther King, Jr. Memorial* and identification of a new location for *La Colomba*.
- ◆ Continue to expand outreach efforts such as the "Arts Express" newsletter and the Artists' Registry so to serve more artists, arts organizations and the general public.
- ◆ Continue to strengthen programming that supports local arts organizations such as the annual funding process.

### **Accomplishments:**

- ◆ Completed successful artist-in-residence for the Community Recreation Center Percent for Art project. City-produced video documenting the program won a national award.
- ◆ Secured increased funding from the Missouri Arts Council through their Community Arts Program. OCA's grant was ranked number one in the state for the third year in a row.
- ◆ Received national award for the Columbia Festival of the Arts 2000 Commemorative Poster.
- ◆ Received substantial funding from the Convention and Visitors Bureau's Tourism Development Grant program in support of special attractions at the 2001 Columbia Festival of the Arts.

## **ECONOMIC DEVELOPMENT**

### **Priorities:**

- ◆ Review and Revise REDI's Master Plan.
- ◆ Promote Columbia as a Life Sciences Destination
- ◆ Continue to work to get technology-transfer incubator erected in Columbia.
- ◆ Launch .ComCrunch campaign to promote web site.
- ◆ Launch "Destination Columbia" community promotion campaign.

### **Accomplishments:**

- ◆ Completed a Labor Availability Analysis for the Columbia area labor shed to determine workforce availability.
- ◆ Completed a Labor Skills Assessment for companies within Boone Co. to determine training needed to advance company goals.
- ◆ Completed a project with MU's School of Journalism to identify strategies to retain graduating

- ◆ college seniors as members of the Columbia-area workforce.
- ◆ Launched [www.Columbiaredi.com](http://www.Columbiaredi.com) promoting the area as a destination for employers and skilled workers.
- ◆ Completed a 7-minute video which aired on E! in January as part of their "Portraits of America" - Columbia, MO.

## **FINANCE DEPARTMENT**

### **Priorities:**

- ◆ Provide enhanced features to our customers including budget billing, web based transaction and phone initiated transactions that include use of credit cards.
- ◆ Issue second phase of Revenue Bonds for Water & Light and Sanitary Sewer approved in ballot issue as well as Certificates of Participation to finance Capital Sales Tax and other public building projects. Develop financing plan for Solid Waste capital expansion.
- ◆ Prepare for the implementation of GASB 34, which will include a review of accounting policies and procedures.
- ◆ Develop policy and program for City wide use of procurement card system.

### **Accomplishments:**

- ◆ Provided financing for Sanitary Sewer Projects through the State Revolving Loan Fund. Issued first phase of Certificates of Participation for Recreation Center and Fire Station construction. Construction at favorable interest rates.
- ◆ Provide for the ability to accept credit cards over the counter at cashiers' stations.
- ◆ Modified utility billing ordinance to better address delinquent fees and bad checks.

## **OFFICES OF VOLUNTEER SERVICES/COLUMBIA TRUST**

### **Priorities:**

- ◆ Expand volunteer programs and projects.
- ◆ Promote the Columbia Trust through publishing an annual report and other communication pieces.
- ◆ Implement *Share the Light* utility checkoff program as an opportunity for utility customers to contribute to a number of programs via their utility bill.

### **Accomplishments:**

- ◆ Filed with the Secretary of State's Office to create the City of Columbia New Century Fund and are currently working to complete the documents with the IRS to create a 501(c)3.
- ◆ Volunteer contributed over 46,000 hours of service in fiscal year 2000, valued at over \$650,000.
- ◆ Increased awareness of volunteer opportunities through a bimonthly newsletter, volunteer fair and a variety of other events.

## **OFFICE OF COMMUNITY SERVICES**

### **Priorities:**

- ◆ Monitor and provide financial and technical assistance to the network of social services in our community.
- ◆ Improve the planning and outcomes-based evaluation processes for city funded social services.
- ◆ Investigate complaints of discrimination under the City's Human Rights Ordinance in a timely and effective manner.
- ◆ Expand current human rights educational programming.
- ◆ Annual planning for the Columbia Values Diversity Celebration.

### **Accomplishments:**

- ◆ Allocated and administered \$760,300 in city social service funding and \$75,000 in Emergency Shelter Grant funding while providing technical assistance to funded social service agencies.
- ◆ Revised the social service evaluation process to include a greater focus on outcomes-based performance measurement.
- ◆ Responded to and investigated human rights complaints in a timely and effective manner.
- ◆ Allocated and administered \$3,500 in funding for nine community-based Human Rights educational programs.
- ◆ Currently developing a Community Study Circles Program with a focus on diversity.
- ◆ The Columbia Values Diversity Celebration drew a record crowd of 1,100 citizens in a

celebration of Dr. Martin Luther King Jr.'s birthday.

## **PUBLIC COMMUNICATIONS**

### **Priorities:**

- ◆ Coordinate efforts to enhance the City's web page and use more as an information source.
- ◆ Publish an Annual Report during Fiscal Year 2001.
- ◆ Produce a monthly citizen newsletter to disseminate information to the public.
- ◆ Produce a monthly employee newsletter to enhance dissemination of information to employees.

### **Accomplishments:**

- ◆ Made enhancements to web page including services information, news releases, etc.
- ◆ Produced 12 monthly City Source newsletters that are mailed with City utility bills.
- ◆ Prepared and distributed 193 press releases and media advisories to the press in FY 2000.
- ◆ Produced 12 monthly employee newsletters that contain information about benefits and City programs.

## **HEALTH DEPARTMENT**

### **Priorities:**

- ◆ Complete renovation and move into new Health Department facility.
- ◆ Implement plan to achieve improved Maternal Child Health status in four core areas: teen pregnancy prevention, children's dental health, immunizations, and reduction of childhood obesity.
- ◆ Develop programs and seek funding for prevention of chronic diseases and dental health education.
- ◆ Continue active process of community health assessment through collaboration with the Health Report Card, Community Partnership, Board of Health, Community Services Advisory Board, and United Way.
- ◆ Expand outreach to increase enrollment in WIC program.

### **Accomplishments:**

- ◆ Completed ten year space needs study for public health.
- ◆ Purchased Nowell's facility to provide space for Health facility.
- ◆ Revised Columbia Food Service ordinance and strengthened food handler/manager training requirements.
- ◆ Implemented Summer Food Program.
- ◆ Implemented new West Nile Virus human case surveillance program.
- ◆ Secured funding for home visiting program for high risk pregnant women.
- ◆ Continued active participation in Neighborhood Response Team project.

## **HUMAN RESOURCES DEPARTMENT**

### **Priorities:**

- ◆ Complete review of classification and pay plans and implement approved revisions.
- ◆ Develop and implement plan for systematic maintenance of the classification and pay plans.
- ◆ Continue development of city-wide training program: develop supervisor training curriculum; enhance diversity training program; revise new employee orientation program.
- ◆ Revise the performance appraisal process and evaluation instruments, and provide appropriate training to employees.
- ◆ Develop overall compensation and benefit strategy to balance plan enhancements with plan cost management.
- ◆ Review self-insured health/dental plan to develop Request for Proposal to bid the administration of the plan for plan year 2002.
- ◆ Review and recommend revisions to Ch. 19 and Administrative Rules.
- ◆ Review, revise and document Employee Health and Wellness programs, protocols and standing orders.
- ◆ Develop additional recruitment strategies, including increased use of internet job posting, use of alternative media for advertising and increased participation in appropriate job and college fairs.

### **Accomplishments:**

- ◆ Bid administration of pharmacy benefit management in employee health plan which will result in savings to the Employee Benefit Fund.

- ◆ Supported recruiting and hiring for projected 180 full-time positions compared to 135 in 2000 and 128 in 1999.
- ◆ Developed and conducted training/educational programs: customer service (Transit and Parks and Recreation); city-wide Family and Medical Leave Act (supervisors and support staff); retirement planning; cold weather safety ( Street and Solid Waste divisions); city-wide blood borne pathogen procedures.
- ◆ Developed and conducted employee benefit survey for use in development in annual wage and benefit package.
- ◆ Participated in development and implementation with IS of cold imaging project for payroll reports.
- ◆ Developed pilot radio advertising plan for seasonal Parks and Recreation positions and for recruitment of targeted permanent positions.
- ◆ Revised the temporary pay plan.
- ◆ Provided automated training tracking system to departments.
- ◆ Implemented monthly meeting schedule for employees with deferred compensation representatives.
- ◆ Developed priorities for employee health and wellness functions.

## **INFORMATION SERVICES**

### **Priorities:( E-Gov Services & upgrading infrastructure)**

- ◆ Implement Windows 2000 as the standard desktop Operating system.
- ◆ Plan to complete putting utility bill images on the web. This will allow departments to view the bill images that were sent to the customer.
- ◆ "New On" Service Start Web Application that will control the number of work orders that can be processed in a given day and reduce the number of potential errors.
- ◆ Update the hardware and software inventory.
- ◆ Plan to build a computer inventory/software licensing application.
- ◆ Convert Police to 100Mb Ethernet
- ◆ Purchase\Install Gb Backbone Switch

### **Accomplishments:**

- ◆ Complete installation of Key systems in remote Fire Stations.
- ◆ Increased the disk capacity of AS/400 to 217 GB.
- ◆ Created a new data sync. procedure for HTE files.
- ◆ Moved reports to Cold Storage web site. Payroll, Miscellaneous Receivable, and General Ledger reports that were previously printed and distributed to over a hundred employees are now available via the internet.
- ◆ Token-Ring to Ethernet Conversion Complete

## **INTERNAL AUDITOR**

### **Priorities:**

- ◆ Review and monitor performance indicators and comparables, in conjunction with City Manager and department directors.
- ◆ Perform special projects/reviews as requested (such as cost/benefit analyses and cost recovery).
- ◆ Continue other reviews of management policies and procedures, systems of control and computerized accounting systems.

### **Accomplishments:**

- ◆ Working with department heads, increased the collection of money owed the City and assisted in the development of system controls and procedures for additional savings to the City.
- ◆ Completed review/special projects (such as City-wide risk assessment, cost recovery, structure of drug and alcohol program, timeliness of billings, routing of collections, payroll issues, exit processes, and investigation of citizen complaint) that provided information to assist management in a variety of ways.

# Overall Budget Summary FY 2002

## Overall Budget Summary

	Actual FY 2000	Budget FY 2001	Estimated FY 2001	Adopted FY 2002	% Change From Budget FY 2001
Personnel Services	\$ 55,223,930	\$ 58,737,348	\$ 58,290,331	\$ 62,222,276	5.9%
Power Supply	33,128,975	33,572,000	33,572,000	34,686,760	3.3%

Grants	6,134,773	6,717,582	6,953,088	7,174,839	3.2%
Interest *	10,128,453	6,410,518	6,568,663	6,802,443	3.6%
Transfers	12,712,727	12,917,881	12,893,620	18,459,468	43.2%
Other Local Revenues	6,154,358	6,070,171	6,035,964	5,475,321	-9.3%
Lease/Bond Proceeds	0	14,260,660	6,465,055	612,000	-90.5%
Appropriated Fund Balance	2,038,125	1,786,503	1,786,503	2,215,355	24.0%
Enterprise Fund Fees	90,925,044	96,566,028	95,147,302	98,820,930	3.9%
Internal Service Fund Fees	15,664,018	16,135,545	16,234,329	16,833,463	3.7%
<b>Total</b>	<b>\$ 188,956,901</b>	<b>\$ 210,557,552</b>	<b>\$ 200,902,894</b>	<b>\$ 209,079,704</b>	<b>4.1%</b>

\* Interest earnings are shown on a GAAP basis which requires an adjustment for unrealized gains and losses. Without this adjustment, interest earning for FY 2000 would have been \$9,734,214. There is no way to accurately predict the amount of this adjustment for FY 2001 and FY 2002; therefore, no adjustment is reflected in those years.

+ Actual growth in Sales Tax Revenue is estimated at 2.25%. The increase shown is due to only receiving a partial years' receipts in FY 2001 for the newly enacted local parks sales tax.

^ Actual growth in General Fund Gross Receipts Taxes is 0.6%. The increase shown includes an 8% growth in the Hotel/Motel Tax .

## GENERAL FUND REVENUES:

The City of Columbia receives revenues from a number of sources, including Property Taxes; Sales Taxes; Other Local Taxes; PILOT; General and Administrative (G&A) Fees; Grants; Interest Revenue; Transfers; Franchises, Licenses and Permits; Fines, Fees, Service Charges, and Misc; and Appropriated Fund Balance.

Some of the City's major revenue sources include: Sales Taxes, Transfers, PILOT, Other Local Taxes, and G&A Fees. Other revenues highlighted below are those which are shown to change significantly from Estimated FY 2001 to FY 2002.

- ◆ **Property Tax:** While the overall rate has remained constant at \$0.41 per \$100 assessed value, the City has shifted the remaining \$0.10 (\$937,500) which was no longer needed for debt service to general operations. Due to this shift, the growth in Property Taxes is shown to be 40.6% over Estimated FY 2001. However, the actual growth rate is anticipated at 6.0% over Estimated FY 2001.
- ◆ **Sales Taxes:** A general sales tax is levied on all persons selling tangible personal property or rendering taxable services on a retail basis within the City limits. The City's General Fund receives 95.9% of 1% of gross retail receipts and 4.1% goes to the Public Improvement Fund. FY 2002 General Fund Sales Tax is shown to increase 2.2% over Estimated FY 2001. The growth rate in our sales tax has been decreasing for several years and is closely watched by staff since it is a major revenue source of the General Fund.
- ◆ **Gross Receipts Tax** is 7% of gross receipts. This tax is collected from General Telephone Company, Union Electric, and Boone Electric. Anticipated growth over Estimated FY 2001 is shown at 0% for Union Electric, 2.0% for Boone Electric, and 2.0% for General Telephone based on historical trends.
- ◆ **Other Local Taxes:** These include the gasoline tax, cigarette tax, and motor vehicle taxes.
  - ◇ The Gasoline Tax provides for the construction and maintenance of highways. The rate is 17 cents per gallon. A 1% over estimated FY 2001 growth rate is anticipated based on historical trends.
  - ◇ The Cigarette Tax Rate is 10 cents per package. The tax is collected on each package by the wholesaler. A 0% growth over estimated FY 2000 is projected for this revenue.
  - ◇ The City's portion of the Motor Vehicle Sales Tax is 1½ cents per \$1.00 vehicle cost. The City also receives a part of the license plate fee which is approximately \$12.50. A 0.60% decrease for FY 2002 is anticipated, which is based on current trends.
- ◆ **PILOT:** (Payment-In-Lieu-Of-Taxes) The Water and Electric Fund pays the General Fund annually an amount substantially equivalent to the 7% gross receipts taxes and property taxes which would be paid if the utilities were owned privately. PILOT payments are projected to grow at 4.4% over estimated FY 2001 based upon recent growth trends, and then taking into consideration the 2% rate increase proposed in the Water Utility.
- ◆ **General and Administrative Fees:** (G&A) The City charges proportionately for all services performed by General Fund departments for enterprise, internal services, and other City funds. The charges are computed on the basis of an estimated allocation of time the various City departments contribute for servicing these funds. Beginning in FY 2001, we have added an additional component to this fee calculation which collects from some of our other city-owned utilities (Sewer, Solid Waste, and Storm Water) a payment-in-lieu-of-taxes equal to the amount they would pay in property taxes.
- ◆ **Grants:** Grants are shown to increase by 16.7% from Estimated FY 2001. This is due to the amount of revenues projected to be received from user agencies, as well as, an increase in federal health grants and a FEMA grant.
- ◆ **Interest:** Interest earnings are shown on a GAAP basis which requires an adjustment for unrealized gains and losses. Without this adjustment, interest earnings for FY 2000 would have been \$9,734,214. There is no way to accurately predict the amount of this adjustment for FY 2001 and FY 2002; therefore, no adjustment is reflected in those years.
- ◆ **Appropriated Fund Balance:** Due to careful analysis and a close watchful eye on expenditures and revenues this year, the appropriated fund balance is higher for FY 2002.

## General Fund Revenues FY 2002

## ENTERPRISE FUNDS:

The City of Columbia has ten enterprise funds that generate a total of \$109,590,160 in revenues, and \$101,109,360 in expenses (not including capital additions or capital project amounts). The City provides the following utilities to its citizens: electric, water, storm water, sewer, and solid waste collection. The city's other enterprise activities include Railroad, Public Transportation, Regional Airport, Parking, and Recreation Services.

Some of the City's major enterprise revenue sources include: Sales of Electric and Water, Solid Waste Collection Charges, and Sewer Charges. Other revenues highlighted below are those which are shown to change significantly from Estimated FY 2001 to FY 2002.

- ◆ **Sale of Electric:** There are approximately 36,000 customers that receive electricity from the City's Power Plant. The major sources of electric revenue are as follows: Residential Sales (35%), Commercial and Industrial Sales (53%), and Sales to Public Authorities (10%). There is no rate change proposed for FY 2002.
- ◆ **Sale of Water:** There are approximately 34,500 customers that receive water from the City. The fourth phase of the Water Utility rate increase, to fund the 1997 bond issue passed by voters, will be implemented in FY 2002. This is the final 2% rate increase that was planned.
- ◆ **Recreation Services Fund:** Provides various recreational services for which participants are charged fees. There are proposed fee increases in the areas of adult softball, adult volleyball, day camp and youth activity fee. The Recreation Center has been added to the budget for FY 2002. Recreation Services Fund Revenues for FY 2002 are projected at a 35.3% increase over Estimated 2001. This is primarily due to the anticipated sale of annual passes, daily fees, and discounted ticket packages for the Recreation Center and the Parks Sales Tax which is 0.250% of the 7.225% Sales Tax rate, to be used specifically for Parks.
- ◆ **Sewer Charges:** There are approximately 32,250 sewer utility customers. A 3% rate increase became effective June, 2001. This was the third and final increase which was approved by voters in 1997. No rate increase is proposed for FY 2002.
- ◆ **Parking Fees:** Parking fees are charged to users of the City's garages, surface lots, and metered parking. A fee increase is proposed in both permit and metered parking for FY 2002 pursuant to the financial plan developed in 1996 when the City issued special obligation bonds. These rate increases will be effective October 1, 2001.
- ◆ **Solid Waste Collection Charges:** There are over 34,000 Solid Waste utility accounts served by the City. The average residential rate per month is \$10.30. Revenue generated from both residential and commercial collection charges amounts to about 61% of the total refuse revenues. Landfill fees, which are \$32.50/ton amount to 20% of total revenues. There is a \$0.45 rate increase proposed for FY 2002. This is the second planned rate increase and will be effective October 1, 2001. The third and final planned rate increase of \$0.45 will be effective October 1, 2002.

FY 2002 revenues are forecasted to exceed FY 2001 estimated revenues by \$4,735,223, or 4.5%.

All revenue sources continue to grow at rates similar to the past few years. There are no substantive areas in which revenues are anticipated to decrease.

## Enterprise Fund Revenues By Fund FY 2002

### Enterprise Fund Revenues By Fund

	Actual FY 2000	Budget FY 2001	Estimated FY 2001	Adopted FY 2002	% Change From Estimated FY 2001

<b>Total</b>	<b>\$ 101,244,552</b>	<b>\$ 106,089,176</b>	<b>\$ 104,854,937</b>	<b>\$ 109,590,160</b>	<b>4.5%</b>

## INTERNAL SERVICE FUNDS:

The City of Columbia has seven internal service funds that generate a total of \$17,949,863 in revenues and \$20,094,594 in expenses (not including capital addition and capital project amounts). These seven funds include: Utility Customer Services Fund; Information Services Fund; Public Communications Fund; Custodial and Maintenance Services Fund; Fleet Operations Fund; Self Insurance Reserve Fund; and Employee Benefit Fund. Internal Service Funds, by definition, provide goods and services to other city departments on a cost reimbursement basis.

The City's major internal service fund revenue sources include: Fleet Operations Revenue, Utility Customer Service Charges, Information Services Fees, Employee Benefit Fund revenues, and Self Insurance Reserve Fund revenues.

- ◆ **Employee Benefit Fund:** This fund is used to account for the City of Columbia's self insurance program for health, disability, and life insurance for covered city employees. In addition, charges for Employee Health (which consist of physicals, drug testing, Hep B shots etc.), employee recognition and post employment health benefits are in the Employee Benefit Fund. There is a 5% Health Insurance rate increase proposed in FY 2002.
- ◆ **Self Insurance Reserve Fund:** This fund is used to account for the reserves established and held in trust for Special Obligation Bonds issued for the city's self insurance program, and to account for the payment of property and casualty losses, and uninsured workers' compensation claims.
- ◆ **Fleet Operations Revenue:** The Fleet Operations Fund provides equipment maintenance and repair operation for Public Works and other user departments. Departments are charged a shop labor rate of \$38.00/hour. No rate increase is proposed for FY 2002.
- ◆ **Information Services Fees:** Fees are assessed based upon each department's usage of the AS/400 and number of computer workstations for all departments. The FY 2002 fees charges reflect a 2.3% decrease over estimated FY 2001. The decrease is primarily due to a decrease in the amount of depreciation in Information Services' Budget.
- ◆ **Utility Customer Services Charges:** The Utility Customer Services Fund charges various city departments for billing the following types of utilities: water, electric, sanitary sewer, solid waste, and storm water.

The rates charged to the user departments are adjusted, as needed, to cover the costs of providing the goods and services. An initial rate is set at the beginning of the budget process and then it is reviewed during the budget process to ensure that the Internal Service Funds are able to recover their operating costs.

**GENERAL FUND SUMMARY**

Fund 110

**FUND DESCRIPTION**

The General Fund is used to finance and account for a large portion of the current operating expenditures and capital additions (not capital improvements) of City Government. The General Fund is one of the largest and most important of the City's funds because most governmental programs (Police, Fire, Public Works, Parks and Recreation, etc.) are generally financed wholly or partially from it. The General Fund has a greater number and variety of revenue sources than any other fund, and its resources normally finance a wider range of activities.

**DEPARTMENT EXPENDITURES**

**CITY GENERAL EXP - SUBSIDIES &  
OTHER NON-DEPARTMENTAL EXP.**

110-8500

**DEPARTMENT DESCRIPTION**

City General is the part of the budget where non-departmental expenditures are located. These include various subsidies and transfers as well as other items which are not related to a specific department.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

Subsidies to other funds have remained constant or decreased slightly in FY 2002. The increase in transfers is due to the new transfers to the Debt Service Fund for the Certificates of Participation and transfer to the Capital Fund. Both of these transfers relate to the City's progress in developing and implementing a Public Building Expansion plan to address the overall space needs of the City. There is \$32,849 set aside as a Council Reserve which Council can allocate during the fiscal year and still maintain a 16% General Fund Balance.

**SUBSIDIES, TRANSFERS, AND OTHER (DETAIL)**

**DEPARTMENT DESCRIPTION**

The Mayor and City Council act as the legislative and policy making body for the City of Columbia. Operating under a home rule charter, the Council uses various voluntary citizen boards, commissions, and task forces as well as public hearings in the development of City policy matters. According to the City Charter, the City Council is responsible for the appointment of the City Manager, City Clerk, and Municipal Judge.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

Funds are included in the budget to cover the cost of services of an interpreter for the hearing impaired at City Council meetings. This is in compliance with the Americans with Disabilities Act. Additional funds were also included in the budget for Boards and Commissions.

**AUTHORIZED PERSONNEL**

**DEPARTMENT DESCRIPTION**

The City Clerk's office serves as the depository for all official records of the City, and the Clerk certifies City records for the courts, City departments, and citizens. The Clerk's office serves as a center for citizen inquiry, proclamation preparation and signing, and personal appearance requests. The Clerk maintains membership rosters for all boards and commissions. The City Clerk also acts as secretary to the Board of Adjustment.

**DEPARTMENT OBJECTIVES**

Maintain and provide access to official city documents in the most expedient and efficient manner; and to expeditiously respond to the citizenry, City Council, Boards and Commissions, and city staff requests for services as provided by this department.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

There are no significant changes in this budget for the coming year.

**DEPARTMENT DESCRIPTION**

The City Manager's Office is responsible for the general administration of the City of Columbia, an annual statement of city programs and priorities, preparation of the annual budget, preparation of Council agendas and special staff reports, and program coordination and development. As chief administrative officer, the City Manager is directly responsible to the City Council for all operations of the City as well as implementation of policies and programs adopted by the Council. The City Manager appoints all officers and employees of the City except for the City Clerk and Municipal Judge. Appointment of subordinates is generally delegated to the appropriate Department Director, working through the Human Resources Department.

**DEPARTMENT OBJECTIVES**

(1) Provide effective and efficient delivery of services to residents; (2) Enhance communication with City Council and citizens; (3) Provide necessary written and verbal information for City Council to assist them in setting policy for the needs of the citizens; (4) Respond to inquiries made by the City Council and citizens; (5) Prepare and monitor annual budget for city services; and (6) Implement policies set by action of the City Council.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

This budget includes the addition of a 1.00 FTE Grants Coordinator position.

## FINANCE DEPARTMENT - SUMMARY

### DEPARTMENT DESCRIPTION

The Finance Department is responsible for the administration, direction, and coordination of all financial services of the City involving financial planning, budgeting, treasury management, investments, purchasing, accounting, payroll, business licensing, risk management, and utility customer services.

### DEPARTMENT OBJECTIVES

**General Finance Activities:** The Finance Department will provide the support necessary to allow the City to conduct business in an efficient and effective manner. This includes performing the day to day processing activity, providing accurate and timely management information, external financial reports that adhere to professional standards, and managing the city capital needs through investing and borrowing activities. In addition, the Finance Department is responsible for ensuring the City adheres to all federal, state and local requirements that relate to purchasing, budgeting and related activities.

**Business License:** Extensive monitoring and enforcement of all business licenses and other licenses and permits, as well as cigarette and hotel/motel taxes and regulations, required by City ordinance; and revising the existing ordinances to ensure all applications are processed in the most efficient and effective manner.

**Risk Management:** Maintain adequate protection for City through self-insurance fund for property, casualty and Worker's Compensation; and obtain adequate straight insurance coverage for Boiler and Machinery, Airport, Railroad, and the Health Department.

**Utility Customer Services:** Provide accurate and timely billing for city utilities, electric, water, sewer, solid waste, and storm water; effective handling of inquiries and complaints handled in person and by phone; set up payment arrangements for customers with delinquent bills; and provide information to customers needing utility assistance.

### DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

During FY 2002 the Finance Department will continue to monitor and evaluate the City's financial condition and internal controls. A major review of policies and procedures will be conducted with the implementation of an accounting model required by the Governmental Accounting Standards Board (GASB) Statement #34.

**DESCRIPTION**

The Finance Department is responsible for the administration, direction, and coordination of all financial services of the City involving financial planning, budgeting, treasury management, investments, purchasing, accounting, payroll, business licensing, risk management, and utility customer services. With the exception of Utility Customer Services and Self Insurance, which are budgeted in other funds, all Finance Divisions are budgeted and accounted for in the General Fund.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Emphasis for FY 2002 will be on the implementation of GASB Statement #34. The Finance Department will assist in the implementation of the Capital Improvement Plan through the tracking of projects, monitoring of cash flows, and the execution of the short and long term debt programs necessary to fund the plan. Staff will continue to work to improve reporting and customer service, with emphasis on providing information through the internet.

**City of Columbia - Finance Department General Fund**  
33.25 FTE Positions

\* Position split between business license & administration.

**DESCRIPTION**

This Division is primarily responsible for the administration, direction, coordination, and supervision of all financial functions and operations for the City, including preparation of the Annual Operating Budget, as well as the five-year Capital Improvement Program. Duties include providing overall direction to Division heads and personnel involved with Administration and Planning, Accounting, Purchasing, Business License, Risk Management, Treasury Management, and Utility Customer Services. Additional duties include providing expertise and technical coordination of new bond requirements, providing recommendations to the City Manager on short- and long-range fiscal policy, and representing the City at public functions involving financial considerations.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Planning emphasis will be to improve all financial activities of the City by overseeing the utilization of enhanced functions offered by use of the internet; perform the tasks of researching the City's financial status for the sale of debt; and continue updating the City's manuals and monitoring reports to enable better evaluation of its financial condition. Implementation of GASB Statement #34 will continue in FY 2002. Funds have been budgeted to review departmental procedures and assist in planning for any changes made necessary by the implementation of the new accounting model.

\* For FY 2002 all accounting assistants were reclassified to the Senior Accounting Assistant level and the Senior Accounting Assistant title was changed to Accounting Assistant.

**DESCRIPTION**

This Division is responsible for the cash management and investment of all City funds. Specific duties include management of investment portfolios for Pooled Cash, the Self-Insurance Reserve Fund, and Police and Firefighters' Retirement Fund; oversight of cashing operations; management and oversight of banking and custodial services; coordination of debt issuance and debt service; and coordination of the 401A retirement plan.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Investments and cash management functions receive almost continual enhancements driven primarily by technology upgrades. Additional improvements are planned in these areas to capitalize on various system capabilities. In the customer service area, credit payment options have been added to provide flexibility for our customers and improve cash collections. The 401 Retirement Plan was enhanced by the addition of Internet access by employees into their accounts, along with improved informational documents.

**DESCRIPTION**

The Purchasing Division provides centralized control over the procurement of materials, equipment, and services for all departments, offices, and agencies of the City. Purchasing is responsible for setting standards and specifications for items to be purchased; for advertising and tabulation of bids; assisting departments in obtaining contracts for services; preparation and issuance of purchase orders, materials management, and fixed asset inventory; and supervising the transfer or disposal of all surplus materials, supplies, and equipment.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Planning emphasis for FY 2002 will be on the continued consolidation of materials and services and standardization of specifications. Policies and procedures will be closely examined to ensure that commodities and services are obtained by the most efficient, effective and economical means possible. Purchasing will administer over 208 annual contracts, process an estimated 4,000 purchase orders, 1,500 change orders, 270 formal bids and 230 informal bids at a value of approximately \$40 million. Proposals were received in FY 2001 for procurement cards for use by the City. Evaluation and implementation will occur in late FY 2001 or early FY 2002. It is believed that procurement cards will greatly improve efficiency in the operating departments and finance by reducing the number of transactions processed and checks issued.

\*In FY 2002 the position was upgraded.

**DESCRIPTION**

The Business License Division is responsible for processing and issuing various licenses and permits upon proper investigation, and enforcing all alcoholic beverage and animal licensing laws as well as regulating and overseeing the collection of cigarette taxes and hotel/motel license taxes. Additional responsibilities include providing consumer protection against non-regulated operations in Columbia, the inspection and enforcement of garage sales and special permits, and the monitoring of payment of sales tax to the City by retail businesses prior to the renewal of a City business license.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Planning emphasis for FY 2002 will be to continue extensive monitoring and enforcement of all business and alcoholic beverage licenses, hotel/motel license taxes, cigarette taxes and various permits required by City ordinances. Additional planning emphasis will be placed on revising the existing ordinances to ensure that all applications will be processed in a more efficient and effective manner.

**City of Columbia - Finance Department Utility Customer Services**  
10.75 FTE Positions

\* Position not included in Utility Customer Services's FTE count.

**DESCRIPTION**

The Utility Customer Services Division (UCS) is responsible for all billing related activities for the City's electric, water, sewer, solid waste, and storm water enterprise activities. As the City's primary interface to the customers, UCS staff handles all inquiries and service orders from customers and related City departments in an efficient and customer friendly manner. Our goal is to make it easy for our customers to interact with UCS and the City of Columbia.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Budget Billing has been tested and is ready to be offered to the public. Ordinance amendments have been passed to:

- ▶ Increase the amount of the returned check charge from \$5 to \$25.
- ▶ Establish base refuse and sewer rates for Dormant accounts
- ▶ Raised Disconnect/Connect/After Hours Fees from \$12.50 to \$15
- ▶ Establish a 1 1/2% late fee on delinquent accounts
- ▶ Define deposits for Rental Property
- ▶ Establish that a customer must apply for service in their own name

We have tested and activated credit scoring and will use that for Friendly Reminders and review of accounts for deposit. We are working with the Utility Process Improvement Group on the "student rush" process and interactive sign up for utilities on the Internet. Training of new employees and on-going training is a high priority. One employee has been designated to be the in-house trainer. This will give more continuity to training and help define on-going training needs.

**City of Columbia - Finance Department Self-Insurance Fund**  
2.00 FTE Positions

\* Position not included in Self-Insurance's FTE count.

**DESCRIPTION**

The Self-Insurance Reserve Fund accounts for the transactions and reserves associated with the City's Self-Insurance Program. This program provides coverage for the City's workers' compensation, and property and casualty claims. Claims administration is managed by the City Finance Department.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The Risk Management division has continued to emphasize loss prevention and claims administration to decrease the frequency and severity of claims. The Risk Manager, with the City's Executive Safety Committee, has identified training needs, worked to improve City wide safety programs and strengthen claim policies and procedures. City insurance coverages are continuously reviewed to provide the best protection at the most economical cost.

**DEPARTMENT DESCRIPTION**

The Human Resources Department is responsible for coordinating the efforts of all City departments in the recruitment, selection, hiring, evaluation, promotion, training and development of a diverse staff of qualified and dedicated personnel to serve the citizens of Columbia. General pay and benefits administration, employee health and wellness programs, and drug and alcohol testing are also the responsibility of the Department.

**DEPARTMENT OBJECTIVES**

Assist all departments in recruitment and selection of qualified individuals to staff City positions. Provide employees evaluation, training and development opportunities that will increase retention, provide upward mobility and create high morale, and that are designed to reduce turnover in a labor market with a 1% unemployment rate. Provide accurate management information on compensation and benefit issues, and recommend strategies for pay and benefit plans that provide appropriate overall compensation to employees and control costs to the City. Manage the Employee Benefit Fund and the insurance and benefit programs funded in that budget. Those programs include health, dental and prescription drug insurance, life insurance, long term disability insurance and employee recognition. Provide employee health and wellness programs for City employees. Administer drug and alcohol testing for new and federally-mandated employees. Assist all departments in complying with federal, state and local employment laws, policies and procedures.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

The Department became responsible for management of the Employee Benefit Fund, and health/dental, life and long-term disability insurance programs in mid-FY 1999. A comprehensive review of the entire health care plan and administration is scheduled for FY 2002, and will address issues of plan cost, plan design, administrative services and network design. Emphasis in FY 2001 focused on development of a comprehensive pay and benefit strategy. Evaluation of the job classification plan and development, administration and analysis of a salary survey have been conducted. The Employee Health and Wellness Unit was incorporated into the Department in FY 2000, and program emphasis is on safety, illness prevention and disease management programs for City employees. Recruitment and retention strategies will be reviewed and modified where needed to reduce turnover, and to attract and retain qualified minorities and females. Drug and alcohol testing for new and federally-mandated employees will continue, and appropriate training will be provided to supervisors on federal, state and local laws and policies.

**LAW DEPARTMENT - SUMMARY**

110-15

**DEPARTMENT DESCRIPTION**

The Law Department is charged with managing all litigation in which the City is a party and advising the Council, the City boards and commissions, the City Manager, and department directors on legal matters. The Department is composed of two divisions: the City Counselor and staff manage the civil law of the City, and the City Prosecutor prosecutes ordinance violations.

**DEPARTMENT OBJECTIVES**

The Law Department's primary objective is to assist the Council, Manager and City departments in setting and meeting their objectives by providing high-quality legal support services.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

There are no significant changes in the Law Department's budget.

**DEPARTMENT DESCRIPTION**

The Municipal Court, under the City Charter, is organized to process violations of City ordinances resulting from citizen complaints, traffic violation, and misdemeanor arrests. By State statute it is a division of the Circuit Court of Boone County and subject to the administrative authority of the Presiding Judge of that court. Activities include processing traffic violations and recording convictions, collection of fines, scheduling of trials, and preparation of dockets. The court is also charged with serving subpoenas, issuing and service of warrants for traffic violations and other charges.

**DEPARTMENT OBJECTIVES**

(1) Process docket and record municipal ordinance violations including parking tickets; (2) Collect fines; (3) Schedule and conduct trials; (4) Monitor compliance with orders; (5) Issue and serve subpoenas; (6) Issue and serve summonses and warrants; and (7) Report monthly to the Circuit Court.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

There are no significant changes in this budget for the upcoming year.

**DEPARTMENT DESCRIPTION**

The Police Department serves as the primary law enforcement agency for the City. Its mission is to protect the lives and property of its citizens by following the philosophies of Community Policing, community involvement and interaction as well as crime prevention initiatives. All of these endeavors are supported by basic police approaches such as criminal investigations, traffic enforcement, response to emergencies and other calls for service. We believe all of these functions, together with building partnerships with the community, enhance the quality of life for the people of Columbia.

**DEPARTMENT OBJECTIVES**

To continually enhance our Community Policing program within the greater community.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

During the last fiscal year we have added three school resource officers through a federal grant. This gives us five total. We now have both of our major high schools and all of our junior high and middle schools covered in some part by a school resource officer.

**DESCRIPTION**

The patrol division is divided into two districts that generally divide the city in half and give responsibility for each half to a district captain. Each side has patrol officers and traffic officers as well as community service aides. Each officer has a specifically assigned beat that is patrolled each working shift. This is one of the basic foundations of our expanded Community Policing Initiative. These officers are the first responders to all calls for service every day of the year. Most officers develop additional skills in numerous areas of special needs such as Special Tactics and Response (STAR), Crisis Negotiation Team, Traffic Accident Reconstruction, Evidence Collection, Interview Techniques, Community Policing Interaction, Photography and many other important areas.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Calls for service in 2000 were 60,959, down from 61,775 in 1999. Also during 2000 there were 3,607 Uniform Crime Report Part 1 crimes reported which is down from 4,020 in 1999. (The latest year that data is available.) Columbia PD clearance rate for 2000 was 33 percent compared with a national clearance rate of 22%. This is up two percent from 1999.

**Police - Administrative Support Services**

110-2130 to 110-2139

**DESCRIPTION**

The Administrative Support Division provides the following: Records Management; secure evidence storage and control; computer operations; maintenance of equipment, vehicles, and building.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

As of June, 1999 all patrol vehicles were equipped with mobile computer terminals. They are providing significant time savings and information resources to officers on the beat. The building renovation has commenced and phase two of three has been completed as of June, 2001.

**DEPARTMENT DESCRIPTION**

The Fire Department is charged with the protection of lives and property from fire, explosion, hazardous materials and other natural or man-made disasters, or any situation that threatens the well-being of Columbia's citizens and visitors. By also providing emergency medical, public fire education, fire investigation and code enforcement services to the public, the Department takes an active role in improving the overall safety of our customers, the Citizens of Columbia.

**DEPARTMENT OBJECTIVES**

(1) Deliver emergency services within acceptable time/distance criteria, (2) Reach our citizens with fire and emergency medical safety and education programs, (3) Maintain budget integrity through prudent fiscal management, (4) Support operating divisions with sufficient staff, (5) Train fire/rescue personnel to required performance standards, (6) Continue capital improvement programs, (7) Review new construction plans for fire & life safety, (8) Conduct fire inspections on a regular basis, and (9) Provide central supply and support facility.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

The goal of continuing high quality service to the citizens of Columbia will be aided by the budget. Growth of the City and population supports increased levels of fire companies and personnel. This calls for augmenting the often neglected support areas such as clerical, training, inspections, code enforcement, fire investigations, and public safety education. Renovation and retrofitting of existing facilities are continuing as buildings age. Construction of a new fire station in the southeast began in April with projected opening of the fully staffed and equipped facility in December 2001. The citizens have shown their support for Fire Department goals: for example, by supporting a television station's drive for funding five thermal imaging cameras, and by approving a fire capital improvements sales tax extension by a seventy-nine percent margin.

**DESCRIPTION**

This Division of the Fire Department is responsible for the efficient operation of the entire Department. Activities include preparation of the budget, payroll, records and reports, as well as planning and implementation of departmental goals, objectives, policies, and procedures.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Fire Administration's goals continue to be organizational monitoring and evaluation of performance. The Administration budget reflects decisions to improve the organization in such areas as fiscal control, supply and communications, among others. There are certain personnel reorganization needs which remain to be addressed in future years.

<b>Total Permanent</b>	<b>4.00</b>	<b>5.00</b>	<b>5.00</b>	<b>5.00</b>

**DESCRIPTION**

This Division comprises the largest number of personnel and equipment and provides for all the emergency services of the Department, including fire suppression, rescue, emergency medical, natural and/or man-made disasters, and hazardous materials responses.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

In fiscal year 2000, we augmented our Special Operations Team equipment for rescue and hazardous materials incidents. Safety and upkeep issues continue to be addressed at the physical facilities wherever feasible.

The public expects a quick resolution to their fire and/or EMS emergency. Hence, a quicker response time dictates station location, apparatus condition and flexibility, and sufficient personnel to safely manage these emergency situations. Since the publication of a fifteen year plan which called for three additional fire stations, the city has grown even more in land mass and population. This budget document reflects the staffing and opening of the first of the three additional fire stations, thanks to a sales tax extension approved by seventy-nine percent of Columbia voters.

**DESCRIPTION**

The budget reflects Division responsibilities, focusing on fire, emergency medical, hazardous materials, and rescue training. The Training Division is in a supportive role for Emergency Services, providing a central supply and storage facility, operating live fire drills in the burn building, and conducting research and development of new techniques and equipment.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Program goals for this fiscal year include the continuation of specialized hazardous materials and rescue training to meet federal mandates and supporting on-going skills training for the organization. Other current programs for the fiscal year include promotional processes, future officers training, Basic Recruit School and state mandated EMT continuing education.

\*In FY 2002 the position was upgraded.

**DESCRIPTION**

This Division is responsible for coordinating the Department's efforts to improve the safety and well being of our citizens and community with an emphasis on "fire prevention through education". The major duties include Public Fire Safety Education, Fire Code Enforcement and Fire Inspections, Fire Investigation, Research and Development, and related records and reports.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Division goals are to continue providing public safety education programs and department presence to reduce accidents and injuries. The "Columbia Safe Kids Coalition" enjoys great success, and the "RiskWatch" school curriculum is well received. In the near future, the Division will review the new International Fire Code and make a recommendation to Council about its adoption.

Over the broad spectrum of safety and fire prevention, the Division attempts to influence and redirect public opinion and practices, using new and existing local resources. For instance, FY 2001 brought the addition of an assistant fire marshal, whose time and assignments are shared between the City and the University. A local television station initiated the "Fire Cam Fund Drive" which provided five thermal imaging cameras used for search and rescue. Also, with donations from local businesses the new Customer Service Van now provides support during the traumatic first hours of an emergency incident.

**DEPARTMENT DESCRIPTION**

Emergency communication begins with a telephone call to a 9-1-1 center, Joint Communications. Emergency Management occurs after the disaster or devastation. The function of the Department of Emergency Communication and Management is to allow for a smooth and organized transition from event to conclusion, coordinating all public safety, public services and public utility needs for the citizens and community safety and well being.

**DEPARTMENT OBJECTIVES**

Our Mission is to provide accurate, courteous and professional communications to all all the citizens and organizations that we work for. We will fulfill this objective by maintaining a highly trained staff, interacting in a calm and respectful manner, and providing timely, effective and efficient communications. By working with pride, respect and integrity we will create and provide the highest level of trust and confidence to all those we serve and ourselves. We will provide an effective, orderly and professional response and structure for all the Public Safety and Service providers for all the members of our community. We will continue to look into alternate funding sources.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

Joint Communications continues to grow, expand and modernize its center, remains on the cutting edge of technology and provides a positive example to the communications community. Your Office of Emergency Management is growing and developing to be prepared for modern day disasters by being a responsive City/County organization. We completed and have online web site pages for each office.

\*\*Included with Fire Calls

**DESCRIPTION**

Emergency response begins with a telephone call to the 9-1-1 center. Joint Communications answers all the emergency calls in Boone County. The Center responds to these calls by dispatching appropriate police, fire, ambulance or other emergency responders from three different fire response areas, two ambulance services and five law enforcement agencies and other emergency services as needed. These would include public works, road and bridge, water and light, Ameren U. E., Verizon, Boone Electric, etc.

**DEPARTMENT OBJECTIVES**

We continue to establish a definitive set of operating policies, enhance our statistical and reporting methods. We will enhance our Medical Priority Dispatching. We will be on the cutting edge of National and State wide wireless compliance. We will be utilizing the GIS mapping programs that have been developed by the City and County Governments. We will be addressing and streamlining operational issues and developing a community wide communications plan.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The Operation Center has moved into its new location which nearly doubled the existing operational space, and quadrupled the administrative area. We have been able meet and maintain a full level of staffing reducing the previously high level of turnover. Our reorganization is complete with all staffing needs met. We have new 911 telephones which were purchased with the 911 surcharge tax revenue by the County. We have implemented a Medical Priority dispatching system, the use of a Language Line for non-English speaking people, and we will continue to reach out to all elements of the community. We have created a comprehensive alarm billing protocol and are developing annual City Council reports. We have also completed an interactive Internet web site.

**DESCRIPTION**

Emergency Management is a separate function from the 911 operations. The Office of Emergency Management is responsible for the mitigation, preparedness, response and recovery of any disaster natural or man made. Our organization is responsible for County wide events. The key element of Emergency Management is to coordinate, organize and manage all the different groups and agencies involved when a true disaster occurs. A disaster is defined as an " event which goes beyond the needs and capabilities of local resources".

**DEPARTMENT OBJECTIVES**

We intend to concentrate on involving the community and general public in awareness programs to make "Emergency Management" a part of the local vocabulary. Develop a disaster plan for vulnerable areas such as trailer parks and other outdoor areas. We will complete the revision of the 1993 Emergency Operation Plan. We will complete disaster exercises within the community. We will also create and implement an outdoor warning siren monitoring and replacement program. We plan to implement a Weapons of Mass Destruction regional response team.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The initial organization of HAM operators and storm spotters has been accomplished. EMWIN (Emergency Managers Warning Information Network) equipment has been obtained to provide National Weather Service notifications. We have sponsored weather spotter training classes. We continue to provide disaster information to groups and organizations. We have attended classes on Terrorism, Mass Fatality, Organization of Emergency Management, Exercise Design and Development. We have completed several County wide disaster drills and exercises. We have located an effective Emergency Operation Center in the lower level of the Armory Sports Complex. We have established a comprehensive weather notification protocol, and we are continually looking into alternate funding sources. We have also created an interactive web page for Emergency Management.

## DEPARTMENT DESCRIPTION

The mission of the Columbia/Boone County Health Department is to assess, monitor, and improve the health of the community by means of policy development and by emphasizing health promotion and the prevention of disease and/or injury through the provision of high quality services responsive to identified needs.

## DEPARTMENT OBJECTIVES

**Administration:** Responsible for the management of the department including assessment, assurance, planning, organizing, and evaluating the operations of the Personal Health, WIC, Environmental Health and Animal Control Divisions.

**Personal Health:** Responsible for provision of personal public health services for citizens of Columbia and Boone County. Provides childhood and high risk adult immunization services, as well as investigation and follow up to reportable communicable diseases (including but not limited to Tuberculosis, food borne illnesses, sexually transmitted diseases and communicable diseases in day cares and schools). Serves as lead agency regional HIV testing, counseling and outreach education to 24 counties in central Missouri; conducts family planning services, sexually transmitted disease screening, surveillance and treatment clinics, pregnancy testing and referrals, utility and medication assistance, counseling and clinic services for eligible individuals. Assesses families with potential or identified incidents of child abuse or neglect and conducts home visits for frail elderly and high risk maternal/child clients.

**WIC Program:** The WIC Program provides supplemental food packages and nutrition education to women, infants, and children under five years of age who meet the medical and income requirements. This program serves clients who are pregnant or breast-feeding, low birth weight or premature or demonstrate a medical or nutritional risk factor.

**Environmental Health:** This division provides county-wide environmental health programs such as: food sanitation inspections in restaurants, grocery stores, food warehouses, and food delivery; laboratory analysis of drinking water, food products, milk products, and water used for recreational purposes; foodhandlers education; public health nuisance control including sewage disposal, weeds, mosquito breeding areas, rubble accumulations, rodent infestation etc.; coordination of mosquito control activities; and enforcement of City's container deposit law and anti-smoking ordinance. The division also inspects day care homes and centers under contract with the State Health Department.

**Animal Control:** Enforces the Columbia animal control ordinance and the Boone County animal control ordinance. Animal control services include the impoundment of dogs running at large, assisting in locating lost animals, and investigating animal bite cases.

## DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The Health Department will continue to provide and improve public health services to all residents of Boone County based on identified community health needs and priorities. Communicable disease related activities (Immunizations, HIV, TB, STD and other reportable diseases) will continue to be a priority service area. Implementation of the new Food Service Ordinance and enhanced training of food service personnel continues to be a major focus of Environmental Health. WIC will expand education and outreach activities with the goal of increasing caseload. A priority for this year will be the renovation of the Nowell's facility to serve as a new Health Department.

**DESCRIPTION**

This division is responsible for all operations of the Department and performs the classic functions of planning, organizing, directing, controlling, and evaluating the various operating sections of the Health Department.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The Administration Division will continue to work closely with the Board of Health and other community partners to assure that public health services are available to meet the needs of the local community. A priority focus for FY 2002 will be the renovation of the new Health Facility to assure that Public Health space needs are addressed in a cost effective manner.

**DESCRIPTION**

The Animal Control Division enforces the animal control ordinances for the City of Columbia and Boone County. Animal Control services include the impoundment of dogs running at large, assisting in locating lost animals, and investigating animal bite cases.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The FY 2002 budget reflects 4.0 FTE officers in City Animal Control and 2 County Animal Control officers. The 2 FTE county officers are paid for by the County Commission through a contract. Animal Control responds to emergency situations 24 hours a day, seven days per week effective January 1, 2000. Animal Control currently is staffed from 7:00 a.m. to 9:00 p.m., seven days per week.

**DESCRIPTION**

This division provides County-wide Environmental Health programs such as food sanitation inspections in restaurants, grocery stores, food warehouses, and food delivery vehicles, laboratory analysis of drinking water, food products, milk products, and water used for recreational purposes, food handler education, public health nuisance control including sewage disposal, administration of the Boone County Waste Water Permit Program, weeds, mosquito breeding areas, rubble accumulations, rodent infestations, etc., and coordination of mosquito control activities. Additionally, this division enforces the City's container deposit law and anti-smoking ordinance. The Health Department does inspections of licensed day care homes and centers under contract with State Department of Health.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

This budget includes 2.6 FTE's to deliver County services. Costs are reimbursed by County government. 7.63 FTE's are used to provide City services. An additional .5 seasonal worker is used for weed abatement. Enforcement of the sewage ordinance and the public nuisance ordinance continues to be a priority.

**DESCRIPTION**

Responsible for providing personal and public health services for citizens of Columbia and Boone County. This division provides the following services: health care to the medically indigent; family planning and well woman's clinics; sexually transmitted disease clinics; coordination and provision of regional HIV testing and counseling services, HIV outreach and educational programming, and assistance to 24 central Missouri county health agencies; childhood and adult immunizations including on-site immunization clinics for school age children in elementary and secondary schools throughout Columbia and Boone County; chronic disease screening for hypertension and diabetes both in Columbia and in monthly rural health screening clinics throughout Boone County; screening and investigation of reportable communicable diseases and lead poisoning; educational services to child care facilities throughout the county; tuberculosis screening, treatment and surveillance; home visitation for frail elderly individuals; services to families with potential or identified incidents of child abuse and neglect; pregnancy testing; prenatal case management and referral of pregnant women to prenatal services; medical social services which include psychological counseling, assisting eligible individuals in applying for medicaid programs for prenatal women and children; coordination of utility and dental assistance programs, and referral to other medical/social service providers; community focused health education and outreach services.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Demand for clinical services continues with childhood immunization services being focused on mandatory vaccinations for school and day care attendance. Service areas seeing continued growth are immunizations, HIV testing and counseling, TB control and sexually transmitted disease clinics. The department continues to focus on minority health issues. Maternal Child Health Services will focus on improving rates of immunizations for children under two year, increasing dental sealants for children, reducing teen pregnancy, and reducing the incidence of obesity in children. This year the Health Department sponsored a Summer Food Program funded by the Missouri Department of Health for children who qualified for free and reduced lunches during the school year. This program feeds an average of 120 children each day.

**DESCRIPTION**

The WIC program provides nutrition education and vouchers for supplemental food to prenatal, breastfeeding, and postpartum women, infants and children under five years of age who meet income guidelines and have a medical and/or nutritional risk. WIC services are available to both Columbia and Boone County populations. In addition to their nutrition mission, WIC is actively involved with other community efforts including evaluation of immunization records, referral to the Medicaid for Children program, referrals to community based health care providers, and voter registration. The Columbia/Boone County WIC program has successfully provided services for the past 25 years.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The WIC program continues to identify ways to increase staff efficiency, improve customer service, and increase enrollment of eligible participants into the WIC program. Working with the Missouri Department of Health, the WIC program continues to advance the use of technology to streamline the certification and voucher processes. The program continues to provide services outside the Howard Building location. The Columbia Farmer's Market/ WIC collaboration continues to provide fresh fruits and vegetables to WIC participants. An expansion grant will expand outreach to the community.

**DEPARTMENT DESCRIPTION**

The Planning and Development Department provides planning, economic development and community development support services to the community. The Department also provides staff services to the Planning and Zoning Commission, the Community Development Commission, the Bicycle and Pedestrian Commission, the Historic Preservation Commission, the Loan and Grant Committee, the Columbia Area Transportation Study Organization, and various ad-hoc committees and task forces.

**DEPARTMENT OBJECTIVES**

Perform the above in an effective and efficient manner.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

Emphasis in the coming year will be on planning for voter approved annexation, expanding neighborhood development and affordable housing activities, working with MoDOT on evaluating the impact of alternatives for widening I-70, completing and beginning implementation of Business Loop 70 Revitalization Plan, providing staff support for ward redistricting following 2000 Census, and revising major street right-of-way and design standards. Work will continue on updating/revising development regulations and enhancing GIS mapping capabilities. A Community Development Coordinator position has been added to better plan and implement community development and housing programs. A Building Inspector position was transferred from Public Works Protective Inspection to the Planning Department. This move was made to improve the housing rehabilitation program operating efficiency.

**DESCRIPTION**

This Division provides the necessary support to encourage and facilitate the growth of the economic base in Columbia. This task includes working with Regional Economic Development, Inc. to provide support services such as site maps, statistical reports, and demographic information. This Division also serves the Boone County Industrial Development Authority.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Efforts will focus on graphics and statistical information needed to assist in the development of marketing and proposal packages. Additional assistance will be provided as necessary.

**DESCRIPTION**

The Community Development Division administers the CDBG and HOME programs by coordinating applications for the use of these funds with the Department of Housing and Urban Development, other city departments and outside organizations. This division works with the Community Development Commission on reviewing CDBG funding requests, the Loan and Grant Committee on evaluating housing rehabilitation applications from low/moderate income homeowners, and the Mid-Missouri Counties' Human Development Corporation, Columbia Community Development Corporation, and private developers on building new affordable housing.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Considerable effort in the coming year will be directed toward revitalizing inner-city neighborhoods through targeted code enforcement and providing city and other services to needy households as well as generating additional housing preservation and construction activities. Continued emphasis will be placed on improving low/moderate income neighborhoods by upgrading public facilities and rehabilitating owner-occupied homes.

**DEPARTMENT DESCRIPTION**

This office assists the Boone County Community Services Advisory Commission in determining the community's social service needs, reviewing agency proposals, and recommending the appropriation of City funds to contract for social services; monitoring and evaluating contract performance of social service organizations; providing information and technical assistance to advisory commissions. This office provides staff assistance to the Commission on Human Rights for community education and outreach activities, and the investigation of complaints of discrimination under the City's Human Rights Ordinance. The City's Substance Abuse Advisory Commission is also staffed through the Office of Community Services.

**DEPARTMENT OBJECTIVES**

To help coordinate and integrate the delivery of social services in the community through long-range planning in cooperation with other local funders and service providers; to obtain federal grants for services to the homeless and other at-risk populations; to target social service funding for programs providing emergency assistance and services to the most vulnerable segments of the population, particularly children, youth, and the elderly; to promote and encourage communication and cooperation between local social service providers; and to assist groups and organizations in coordinating, expanding, or developing social service programs that meet identifiable community needs. To provide staff support to the Commission on Human Rights in its community education and outreach activities and the investigation of human rights complaints under the city's human rights ordinance. To provide staff support to the Substance Abused Advisory Commission in the coordination of community efforts to reduce substance abuse.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

- ▶ The Office of Community Services will provide staff assistance to the Boone County Community Service Advisory Commission in its annual social service allocation process. The Commission uses a well developed process that includes monthly roundtable discussions on current social services issues; public hearings on social service needs; reviewing community needs assessments as well as other relevant studies and data; annual evaluations of City funded services; reviewing annual social service funding proposals; conducting agency hearings to review funding proposals; and preparing an annual social service funding plan for adoption and funding by the City Council and the Boone County Commission.
- ▶ The Office of Community Services will continue to work with local and state funding entities, social service agencies, and the Boone County Health Report Card Project to develop a coordinated community planning process for health and human services.
- ▶ During FY 2001, a \$75,000 Emergency Shelter Grant was received to provide additional services to homeless families and individuals at three local shelters in Columbia. Similar funding is anticipated in FY 2002.
- ▶ The Commission on Human Rights will continue to expand its community outreach and education efforts through the implementation of a Community Study Circles Program. The Commission also sponsors the human rights enhancement program which provides matching funds for local human rights educational activities. In addition, the commission also helps to sponsor the Columbia Values Diversity Celebration which is administered through the Office of Community Services.
- ▶ The Substance Abuse Advisory Commission will continue its information gathering and community coordination efforts by working with other organizations to coordinate substance abuse prevention activities in our community and make recommendations to the City Council on policies to reduce substance abuse in Columbia.

## NOTES:

► **Columbia, MO** City social service funding comes from the General Fund. Up to 15% of CDBG funds are also available to social service agencies for capital improvement projects. These funds are available in the form of a "no interest loan" which must be paid back upon the sale of the property/asset.

► **Ames, IA** City funding comes from a one cent "Local Options Sales Tax" of which 40% goes to the Community Betterment Fund to fund social services. These funds are administered by the Assistant City Manager with two (2) FTE Administrative Assistants. No social service funding from city CDBG funds. The Ames City Council, United Way of Story County, Story County Department of Human Services, Story County Board of Supervisors, and the Student Government at Iowa State University coordinate their funding through the "ASSET" or Analysis of Social Services and Evaluation Team.

► **Boulder, CO** City funding comes from a 0.15% sales tax and the General Fund (\$2,618,179 in FY01.) Fifteen percent of CDBG funds also contribute to the city's funding of social services. (\$752,104 in FY01) City funds are allocated through the Department of Housing and Human Services which has four divisions: Housing; Senior Service; Children, Youth, and Families; and Community Services. The allocations process is staffed by one full time administrator and a half time clerical position. The Department also provides direct services through the Senior Services and Children, Youth and Families Division. Funding for these division is \$1,021,074 and \$1,826,863 respectively.

► **Independence, MO** City funding comes from CDBG funds (15% of total) in the form of direct grants. These funds are administered through the Community Development Department which is a combined department that includes the functions of planning, zoning, code enforcement, building inspection, tourism, historic presentation and community services. United Way funding is complex due to overlapping services in the Kansas City Metro area. The United Way of East Jackson County allocated \$1,494,738 to local agencies in 2001, of which \$1,105,738 goes to agencies located in East Jackson County and \$389,000 goes to Kansas City Metro Fund which allocates funds to agencies providing services to the whole metro area including Eastern Jackson County.

► **St. Joseph, MO** City funding comes from CDBG funds (20% of the total) in the form of direct grants. These funds are administered through the Department of Community Services which includes the following divisions and staff: Division head-1, social services-1, neighborhood services-1, neighborhood revitalization-1, housing rehabilitation-3, and historic preservation-1.

Many social services in St. Joseph are coordinated and funded through a quasi-governmental organization called the Social Welfare Board. This board is responsible for coordinating a wide variety of social services for the indigent. A public health clinic is supported by a public health tax. The Social Welfare Board and the Public Health Clinic are located in the same building and work cooperatively together to address health and human service needs.

**HUMAN RIGHTS COMMISSION COMPARATIVE DATA**

	<b>Columbia, MO</b>	<b>Ames, IA</b>	<b>Boulder, CO</b>	<b>Indepen- dence, MO</b>	<b>St. Joseph, MO</b>
<b>Population</b>	<b>86,391</b>	<b>49,265</b>	<b>92,150</b>	<b>113,288</b>	<b>73,990</b>

Human Rights Funding Per Capita	\$0.26	\$0.03	\$1.67	\$0.00	N/A

**NOTES:**

- **Columbia, MO** The Human Rights Commission is staffed by the Manager of the Office of Community Services (.3 FTE) and the City Attorney (.03 FTE) to provide administrative and legal support. Funding for this support is included in the respective budgets of these departments. The Commission also has a part-time (.5 FTE) Human Rights Investigator/Community Educator. Funding for this position is included in the Commission's budget.
- **Ames, IA** The Human Rights Commission is staffed by the Assistant City Manager (.2 FTE). The City Attorney also provides legal consultation. A seven (7) member commission investigates complaints of discrimination paired with a community volunteer. The Commission conducts administrative hearings on complaints. The Commission has also initiated a Community Study Circles Program on race relations. The Commission has a small budget but is able to request additional funds from the City Council when the need arises, up to \$4,500.
- **Boulder, CO** The Human Rights Commission has 1.5 FTE direct staff with an office budget of \$114,613. The Commission also receives \$39,440 in funding from the city's social service funding for cultural events and educational programming.
- **Independence, MO** The Human Rights Commission has one (1) staff liaison who spends approximately 10% (.1FTE) of their time assisting the Commission. The Commission meets every other month and has not direct budget. Complaints of discrimination are investigated by the Chair of the Commission or a team of Commission members.
- **St. Joseph, MO** The Human Rights Commission was disbanded in 1990 following the "Yellow Freight" decision by the Missouri Supreme Court. All complaints of discrimination are now referred to the Missouri Commission on Human Rights.

**DESCRIPTION**

This office assists the Boone County Community Services Advisory Commission in determining the community's social service needs, reviewing agency proposals, and recommending the appropriation of City funds to contract for social services; monitoring and evaluating contract performance of social service organizations; providing information and technical assistance to advisory commissions. This office provides staff assistance to the Commission on Human Rights for community education and outreach activities, and the investigation of complaints of discrimination under the City's Human Rights Ordinance. The City's Substance Abuse Advisory Commission is also staffed through the Office of Community Services.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

- ▶ The Office of Community Services will provide staff assistance to the Boone County Community Services Advisory Commission in its annual social service allocation process. The Commission uses a well developed process that includes monthly roundtable discussions on current social services issues; public hearings on social service needs; reviewing community needs assessments as well as other relevant studies and data; annual evaluations of City funded services; reviewing annual social service funding proposals; conducting agency hearings to review funding proposals; and preparing an annual social service funding plan for adoption and funding by the City Council and the Boone County Commission.
- ▶ The Office of Community Services will continue to work with local and state funding entities, social service agencies, and the Boone County Health Report Card Project to develop a coordinated community planning process for health and human services.  
During FY 2001, a \$75,000 Emergency Shelter Grant was received to provide additional services to homeless families and individuals at three local shelters in Columbia. Similar funding is anticipated in FY 2002.
- ▶ The Commission on Human Rights will continue to expand its community outreach and education efforts through the implementation of a Community Study Circles Program. The Commission also sponsors the human rights enhancement program which provides matching funds for local human rights educational activities. In addition, the commission also helps to sponsor the Columbia Values Diversity Celebration which is administered through the Office of Community Services.
- ▶ The Substance Abuse Advisory Commission will continue its information gathering and community coordination efforts by working with other organizations to coordinate substance abuse prevention activities in our community and make recommendations to the City Council on policies to reduce substance abuse in Columbia.

**DESCRIPTION**

Each year the City of Columbia, through the Office of Community Services, submits an Emergency Shelter Grant application to the State of Missouri, Department of Social Services for funding to provide emergency shelter services to the homeless as well as services designed to prevent homelessness. The City of Columbia uses these funds to to subcontract with three local agencies to provide additional services to homeless families and individuals as well as those persons most at-risk of becoming homeless in our community.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Populations being served with Emergency Shelter Grant funds include homeless families and individuals, battered and abused women, and U.S. military veterans. In 2001, the City of Columbia received a grant of \$75,000 to serve the homeless. It is anticipated that a grant of a similar amount will also be secured in 2002. The most significant trend in the homeless and near-homeless population is the increasing number of women, children and families seeking assistance from our local shelter and emergency food providers.

**DESCRIPTION**

The Boone County Community Services Advisory Commission is charged with the responsibility of making recommendations to the City Council and the Boone County Commission for the appropriation of social service funding to local agencies providing services to the most needy citizens in our community. The Commission uses a well developed process that includes monthly roundtable discussions on current social services issues; public hearings on social service needs; reviewing community needs assessments as well as other relevant studies and data; annual evaluations of City funded services; reviewing annual social service funding proposals; conducting agency hearings to review funding proposals; and preparing an annual social service funding plan for adoption and funding by the City Council and the Boone County Commission.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The City Council has budgeted \$783,100 in social assistance funding for FY 2002. This funding represents a 3.0% increase in social assistance funding over FY 2001. This increase reflects a commitment on behalf of the City Council to be responsive to the needs of the most at-risk populations in our community. For FY 2002, the Boone County Community Services Advisory Commission has recommended funding assistance for 29 organizations providing a total of 42 different program services. In addition, vendor contract funding for child care services to low-income families and homemaker/personal care and respite care services to the elderly and the disabled are administered through the Office of Community Services. In general, the Commission's funding priorities are to first meet the most basic needs of our community with high consideration also given to programs that address the needs of at-risk populations, particularly children, youth, families and the elderly. The local impact of welfare reform will continue to be monitored by the commission in an effort to meet the most critical needs in our community while allocating city resources in the most effective and efficient manner.

**PARKS AND RECREATION DEPARTMENT - SUMMARY**

110-50 to 110-59, Fund 552

**DEPARTMENT DESCRIPTION**

The Columbia Parks and Recreation Department oversees approximately 2,200 acres of park land and maintains 45 parks and recreation facilities. A wide array of sports, recreation activities, lessons, and special events are available for citizens of all ages. Open space, parks, and trails provide opportunities to enjoy the natural beauty of Columbia. The Department is organized into two divisions: Park Services and Recreation Services. The summer youth employment program, Career Awareness and Related Experience (CARE), is also administered by the Parks and Recreation Department.

**DEPARTMENT OBJECTIVES**

The Columbia Parks and Recreation Department is committed to delivering effective, courteous, and responsible leisure services, and to maintaining, preserving, and developing the natural resources entrusted to us. We strive to provide all citizens with a variety of high quality leisure opportunities. In delivery of these services, all participants are to be treated with fairness, dignity, and respect. To achieve these objectives, Park and Recreation staff constantly pursue excellence while attempting to provide the best possible services within resource limits placed upon the Department.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

The General Fund component of this budget contains Department Administration, a portion of the Park Services Division's two principle programs, Park Management and Operations and Park Planning and Development, and the C.A.R.E. Program. The Recreation Services Fund includes funding for all recreation activities and the operation of support facilities for those activities. Revenues generated from recreation activities and facilities are deposited in the Recreation Service Fund. Recreation activity fees are used for operations while the facility user fee and Golf improvement fee are appropriated by the City Council for capital improvement projects. Funding has been budgeted in the Recreation Services portion of the budget for the initial opening and operation of the new community recreation center. This funding anticipates an opening of the center during the summer of 2002.

# City of Columbia - Parks and Recreation Dept. (General Fund)

37.75 FTE Positions

\* This position is budgeted 100% in the Recreation Services Fund

\*\* This position is budgeted in the General Fund

\*\*\* A portion of this position is in the Recreation Services Fund and in the General Fund

## Parks and Recreation - General Fund Operations

110-50 to 110-59

### DESCRIPTION

The General Fund portion of the Parks and Recreation Department Budget includes Administration, a portion of Park Planning and Development, a portion of Park Management and Operations, and the C.A.R.E. Program. Additional Park Planning and Development expenses are budgeted in the Capital Projects sections of the budget. Park Management and Operations maintains recreation service facilities, and those expenses are budgeted in the Recreation Services Fund. Program areas not having revenue producing capabilities are budgeted in General Fund.

### HIGHLIGHTS / SIGNIFICANT CHANGES

Amounts in this budget are based on continuing the level of services provided in the previous year. This includes maintenance of the Stephens Property which was included in a FY 2001 mid-year budget amendment.

\* Athletic Fields include all athletic fields that have lights and/or irrigation systems.

\*\*30-40% of acreage is natural, unmaintained.

**DESCRIPTION**

The Administration Division consists of the Director, Public Information Specialist, Administrative Support Assistant III, and 1.75 FTE Administrative Support Assistant II. This Division assists the public with reservations, registrations and information. Support and assistance is provided to all other divisions within the Department to ensure the successful operation of all areas of the Parks and Recreation Program. Areas of support generally include budget and accounting, promotion and the establishment of Department policies and procedures.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

This area will continue to provide the same level of services to all other Divisions within the Department. The three quarter (0.75) Administrative Assistant II position is being recommended to be increased to full-time and placed at the new community recreation center. The position will be charged 50% to the Recreation Center and 50% to Administration as the position will continue several functions which are non-center related.

(THIS PAGE INTENTIONALLY LEFT BLANK)

**DESCRIPTION**

In the General Fund, Park Services Division, the Planning and Development Program is responsible for all parks capital improvements. Program staff identify, plan and develop recreation areas and facilities to meet the varied recreation and leisure needs of the citizens of Columbia. Also included in this division is the City's Horticulture and Forestry areas that are responsible for all parks, public buildings, median strips and the downtown area.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The proposed budget maintains the current level of services in this program area. A mid-year FY 2001 budget amendment added a Groundskeeper II position to the Forestry staff and a Parks Planner to the planning staff. This budget reflects a full year funding for both positions.

**Parks & Rec - Career Awareness &  
Related Experience Program (C.A.R.E.)**

110-5310

**DESCRIPTION**

This program targets economically, socially and academically disadvantaged youth ages 14 through 18 for career training. This is accomplished by providing educational resources to the trainee in the form of an intensive seven-day vocational training seminar, placement with a local employer for 205 hours of work experience, and coaching trainees on the job. Wages are provided by the City of Columbia. Supervision of trainees is provided by those agencies or businesses where they are employed.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

This budget contains funds to maintain the program at its current level.

**DESCRIPTION**

In the General Fund, Parks Services Division, the Parks Management and Operations Program is responsible for the management, maintenance, and operation of parks, playgrounds, indoor and outdoor recreation facilities, grounds, trails and support areas. The management, maintenance and capital replacement of the P & R department's fleet is administered by program staff. Support is also provided to other City departments for grounds maintenance, surplus property, and general labor.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The budget for this program represents the same commitment as in the past few years. A FY 2001 mid-year budget amendment added a Management Support Specialist and included basic maintenance of the Stephens Lake property. This budget reflects a full year of funding for both items. Some supplemental funding is budgeted to replace rolling stock equipment as per the City's replacement schedule.

(THIS PAGE INTENTIONALLY LEFT BLANK)

**Recreation Services Fund**

Fund 552

**DESCRIPTION**

The Recreation Services Fund includes the Recreation Services Division and those costs in the Parks Services Division which are necessary for operation of facilities within Recreation Services. Recreation Services provides a broad spectrum of leisure services to meet the needs of all segments of the community. This includes group and individual programming to promote a high quality of life through positive social, cultural, psychological, emotional, and physiological development. The sections administered in the Recreation Services Division are: Sports Programming; Aquatics, Adaptive, and Outdoor Recreation; Community Recreation; Golf/Concessions; Senior Programming, Cultural Arts, and Life Enrichment; Oak Tours; and the Community Recreation Center.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The operating budget has been based on maintaining existing services as well as opening the new recreation center. Some monies are budgeted to replace capital equipment as per the City's replacement schedule. Funds have been budgeted for the opening of the Recreation Center during the summer of 2002. This funding includes the creation of 7.25 FTE new positions to be assigned to the operation of the Community Recreation Center.

**Recreation Services - Park Services**

Fund 552-5410 thru 552-5499

**DESCRIPTION**

The Recreation Services Fund includes a portion of the Park Services Division expenses for the management, operation, and maintenance of the facilities that are operated and/or programmed by the Recreation Services Division. These areas include all aquatic facilities, athletic fields, golf courses, indoor recreation facilities, and special event support. A selected portion of the fleet replacement and maintenance operations are also included in the Recreation Services Fund.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The operating budget has been based on maintaining existing services.

**DESCRIPTION**

The Recreation Services Fund, Recreation Services portion, includes expenses and revenues associated with the operation of the Divisional programs and activities. The programming sections included in this area include: Sports Programming; Aquatics, Adaptive, and Outdoor Recreation; Community Recreation; Golf/Concessions; Senior Programming, Cultural Arts, and Life Enrichment; and Oak Tours.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The operating budget has been based on maintaining existing services. The Aquatics Supervisor and Aquatics Recreation Specialist will be split 50/50 between this area and the Recreation Center. An existing Recreation Specialist will also move to the Recreation Center to assist with recreation programs. A proposed \$5,000 increase in the Recreation Activity Support Program (scholarships) is included in the budget.

**DESCRIPTION**

The Recreation Services Fund, Recreation Center portion, includes expenses and revenues associated with the maintenance and operation of the Recreation Center programs and activities. The programming sections included in this area include: Center Administration; Sports; Fitness; Aquatics; Recreation; and Maintenance.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The operating budget has been based upon the opening of the Center during the summer of 2002. This funding includes the transfer of one existing Recreation Specialist to the Recreation Center and 50% of the expenses of an existing Aquatics Recreation Supervisor and Recreation Specialist. This funding includes the creation of 7.25 new FTE positions to be assigned to the operation of the Center.

**RECREATION SERVICES - CAPITAL PROJECTS**

Fund 552

**MAJOR PROJECTS**

Under the direction of the Park Services Division, improvements to the Twin Lakes Recreation Area and the renovation of the equipment storage/golf cart building at L.A. Nickell Golf Course are the two Parks and Recreation capital projects recommended for funding from the Recreation Services Fund this year.

**FISCAL IMPACT**

Investing in major improvement and renovation of these facilities should help control operating expense, maintain revenue and provide additional recreational opportunities.

**PUBLIC WORKS DEPARTMENT - SUMMARY**

110-60 to 110-69,

553 to 558, 671, 672

**DEPARTMENT DESCRIPTION**

The Public Works Department operates and manages the Engineering, Street, Traffic, and Protective Inspection Divisions; Public Transportation; Columbia Regional Airport; Sanitary Sewer Utility; Parking Utility; Solid Waste; Storm Water Utility; Custodial and Building Maintenance Services; and Fleet Operations. Also, the Department is responsible for plans and specifications, contract management, and inspection of all public improvements made by the City of Columbia to ensure that the improvements are completed according to the specifications on a timely basis and in the most cost effective manner possible.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

Quality of life issues will continue to be a high priority for the Public Works Department. There will be considerable emphasis placed on protection of water quality from storm water run off with implementation of the EPA Phase II Storm Water Regulations. Significant pedestrian orientated projects, such as pedestrian bridges over I-70 and Business Loop 70 are programmed for construction using federal funds. Other highlights of the coming year are to be the administration of the construction of a new fire station, completion of the renovation of the Police Building, continued implementation of the fully funded 5 year street CIP, the sewer ballot issue projects and the storm water utility CIP, construction of a new operations fueling station, and initial development of the landfill site for a future materials recovery facility. Staff will aggressively seek to supplement limited local resources with grants that are appropriate to the department's mission and will continue efforts to interactively communicate with the public in order to better understand and respond to the public's needs.

## DEPARTMENT DESCRIPTION

The General Fund Public Works Operations are charged with the traditional municipal public works functions of street, sidewalk, traffic system maintenance and operations, as well as building and construction inspections. In addition, engineering, survey, and right-of-way responsibilities are located in this office. Coordination, inspection and management of all public improvements are done through this office.

## DEPARTMENT OBJECTIVES

**Administration & Engineering:** Design, construction and management of the public infrastructure in a professional and cost effective manner.

**Streets:** To ensure all city streets are safe and passable to the traveling public.

**Traffic:** Provide, improve and maintain traffic control devices to allow the safe and efficient movement on city streets.

**Parking Enforcement:** Create and assure parking turnover occurs in the enforcement area; and enforcement of no parking regulations in hazardous locations.

**Protective Inspection:** Protection of the public by assuring compliance of all building, rental housing, zoning, sign, and subdivision codes through the city.

Sanitary Sewers	\$6,868,500	X	\$5,470,000	\$5,004,697	X	\$6,000,000
Storm Water	\$475,300	X	\$665,580	\$205,000	*	\$1,650,000

\* Five year estimate for streets/sidewalks, sanitary sewer and storm water projects.

X - Did not respond

**NOTES:****Lawrence, KS:**

- 1) Street, Sanitary Sewer, and Storm Sewer design and ROW acquisition are contracted.
- 2) No landscaping or land disturbance activities are done.
- 3) Traffic is a separate division.
- 4) Street repair and overlay is funded outside of engineering department, but has been included in street and sidewalk CIP.
- 5) Updated 2001.

**Norman, OK:**

- 1) Primary function of engineers and surveyors is to manage projects with consultants.
- 2) Sidewalks are the responsibility of the property owner.
- 3) Hires out all of their ROW acquisition, surveying and project design.
- 4) Updated 2001.

**Little Rock, AR:**

- 1) ROW acquisition and traffic engineering are handled by a separate division.
- 2) Street, storm water, and grant project design are done only if the designs are small, otherwise the designs are contracted. This applies also to land and design surveys.
- 3) Design review of sanitary sewers, land disturbance and landscaping are handled by another department.
- 4) Inspection of private development projects is only done in the ROW, and inspection of land disturbance and landscaping are handled by another department.
- 5) Updated 2001.

**Boulder, CO:**

Four main divisions: Administration, Utility, Transportation, Development, and Inspection Services.

- 1) Engineering division does water utility design as well.
- 2) Separate divisions do project management and inspection work.
- 3) Street, Storm Water & Sanitary Sewer Designs are contracted.
- 4) Updated 2001.

## COMPARATIVE DATA - STREET DIVISION

No. of Building Inspections	27,392	34,710	14,200	8,099	8,676

**NOTES:**

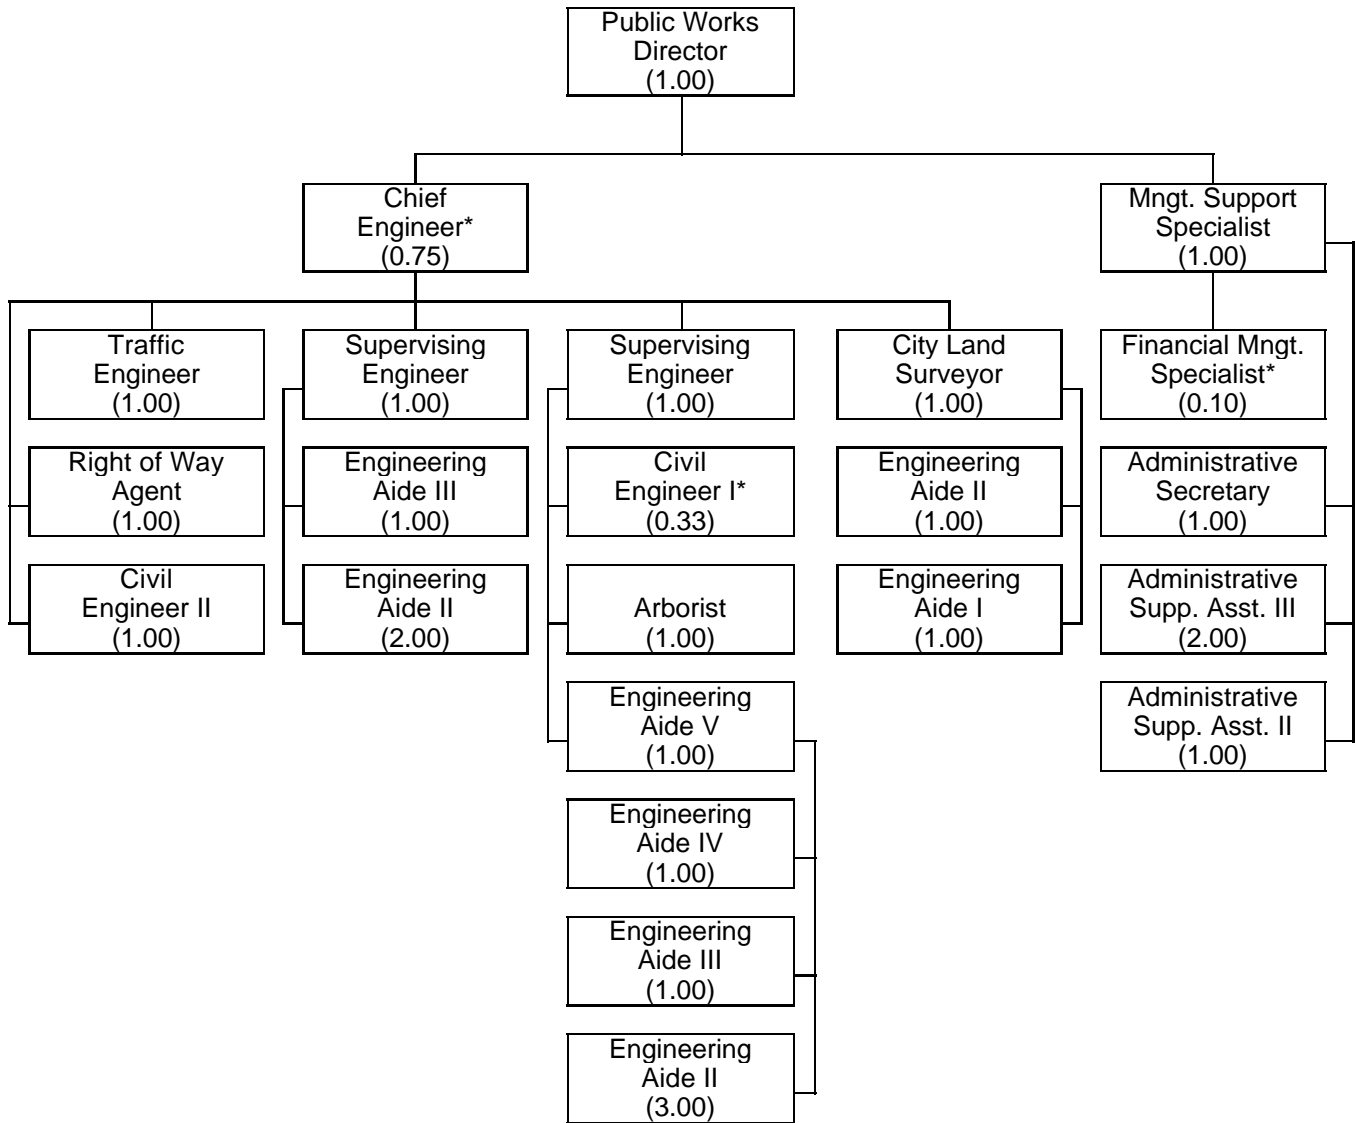

Number of inspections for Columbia includes zoning, signs, complaints, housing, business license, Neighborhood Response Team, housing and rental inspections.

- For all cities Number of Employees includes administrative, clerical and field inspectors.
- The City of Champaign and the City of St. Joseph do not have a rental inspection program.
- Zoning enforcement at St. Joseph and Champaign is done by the planning department.
- Champaign's Planning Department inspects signs.
- Springfield's rental inspections are done by Health Department.

# City of Columbia - Public Works Administration & Engineering

25.18 FTE Positions

\* Positions are budgeted in various Public Works divisions and/or funds

**DESCRIPTION**

The Administration section provides management of all divisions and functions of the Department including Engineering, Protective Inspection, Streets, Parking, Custodial and Maintenance Services, Fleet Operations, Regional Airport, Traffic, Transit, Sanitary Sewer, Solid Waste, Public Improvements, and Right-of-Way acquisition. The Engineering Division provides survey, design, contract administration and inspection of various public improvement projects, review of subdivision improvements, issuance of permits and inspection of all construction on public right-of-way.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The voter approved street and bridge projects finance by the 1/4% sales tax funds will be under construction and finalized during FY 2002. Continued emphasis will be placed on sidewalk construction, including removing sidewalk barriers in the downtown area. A pedestrian bridge over Interstate 70 at Providence Road and one over Business Loop 70 along Paris Road will be constructed this year. The Bear Creek Trail will be completed linking Cosmos Park with Albert Oakland Park and Hinkson Creek Trails I & II will be completed. Construction of major roadways on new alignment on Rollins Road and Forum Boulevard south to Old Plank Road will be constructed this year, as well as the reconstruction of Blue Ridge Road west of State Route 763. The Cow Branch Sanitary Sewer will be completed and construction should be under way on the Upper Hinkson Creek Outfall Relief Sewer and the Upper Grindstone Outfall Sewer.

# City of Columbia - Public Works Streets Department

34.80 FTE Positions

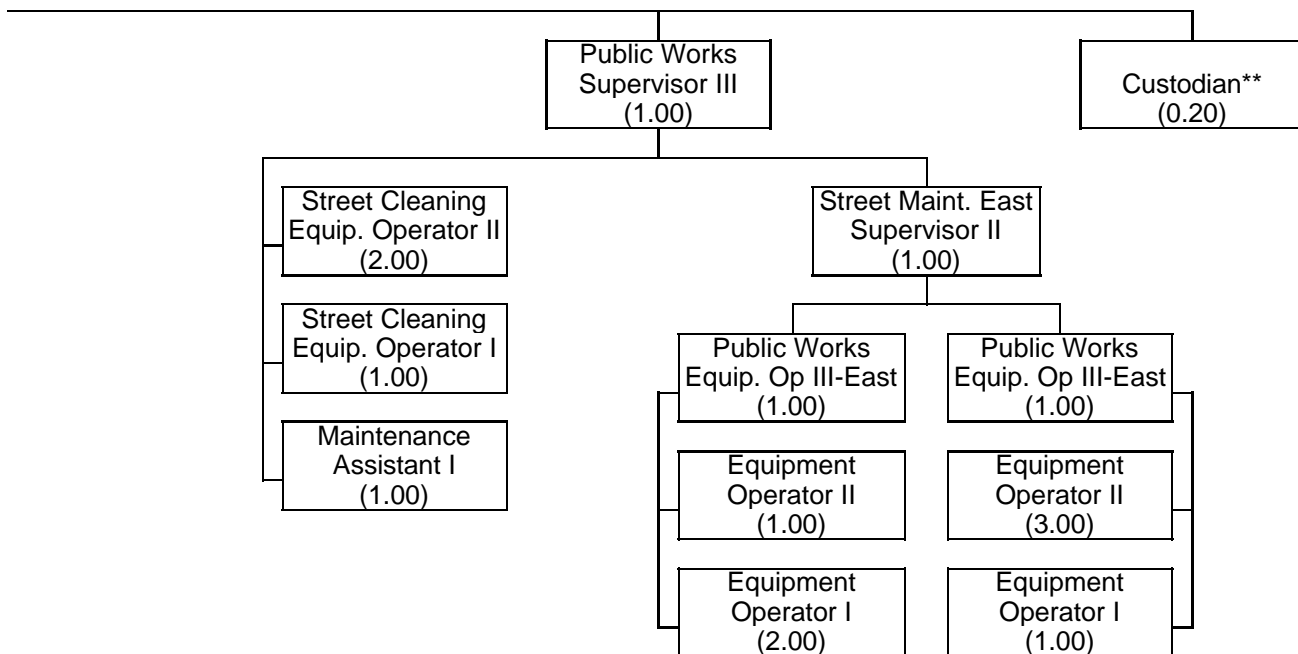

\* Position not included in Street Department's FTE count.

\*\* Positions are budgeted in various Public Works divisions and/or funds

**City of Columbia - Public Works Streets Department**  
34.80 FTE Positions

\* Position not included in Street Department's FTE count.

\*\* Positions are budgeted in various Public Works divisions and/or funds

**DESCRIPTION**

The Street Division provides maintenance of 49.3 miles of unimproved streets and 284.3 miles of improved streets, snow removal on all City streets, mechanical and manual street cleaning, mowing of public right-of-ways, and utility service cut repairs. The Traffic Maintenance Division fabricates, installs and maintains approximately 18,000 traffic control and street names signs, paints 1,200,000 feet of pavement striping, paints curbs/crosswalks/symbols, and provides traffic signal maintenance.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Continued emphasis will be given to our normal street maintenance program, including asphalt overlay and sealcoating of improved streets. \$200,000 is again being budgeted for contractual street maintenance work in order to maintain the overall condition of Columbia's streets. The Street Division now owns, operates and maintains a SQL server housing an asset management system that permits timely analysis of maintenance costs and infrastructure condition. An amount of \$50,000 has been added for landscaping and maintenance of planters on right-of-ways.

## City of Columbia - Public Works Protective Inspection

13.75 FTE Positions

\* Positions are budgeted in various Public Works divisions and/or funds

**DESCRIPTION**

Protective Inspection is responsible for administering the building, electrical, plumbing and mechanical, zoning, sign, subdivision, housing and rental unit conservation ordinances. This Division also reviews plans and issues permits, including occupancy permits following appropriate inspections. Staff assistance is provided to the Building Construction Committees and appeal boards such as the Zoning Board of Adjustment and licensing boards. Inspectors recommend improvements and monitor contracts in Community Development Block Grant areas for upgrading single-family dwelling units. Staff also is a member and participates in Community Action Team planning and inspection services. The division provides construction management services on select City owned building capitol improvement projects.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Inspection services will continue at current levels. Emphasis will continue to be placed on in-house training of inspectors. The new HTE computer system was fully implemented during FY 2000. The anticipated results as described in Highlight FY 2000 have been realized. We are now assisting other operational areas that are responsible for such as Public Works Engineering and the Fire Department who use the HTE Building Permit module for construction permitting, tracking and inspections in their development of the system. It is our goal through this cooperative effort to develop an uniform permitting and inspection process throughout and across departmental lines. Greater emphasis will be placed upon Web-Site development for information disbursement to the general public, and to provide an electronic method for applying for permits and rental certificates and receiving/responding to citizen complaints/inquires.

## City of Columbia - Public Works Parking Enforcement

4.00 FTE Positions

\* Positions not included in Parking Enforcement's FTE count.

**Public Works - Parking Enforcement**

110-6420

**DESCRIPTION**

The Parking Enforcement Division is responsible for administering the parking ordinances of the City parking control enforcement in the central business district and metered University campus streets. The Parking Enforcement Section is responsible for enforcing the parking and loading zone ordinances adopted by the City Council which seek to ensure adequate parking for downtown employees, customers, and businesses; and works with the City Prosecutor, affected businesses, and consumers in the identification and mitigation of problematic enforcement zones.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Emphasis will continue on enforcing parking ordinances to optimize parking in the downtown and university areas, thereby improving traffic flow and enhancing the economic viability of the central business district.

\*\* \$0.35 for I.S.U. Students

**DESCRIPTION**

This Division is responsible for all transit services except contracted University Shuttle services and Para-transit. Scheduled transit service is provided on four cross town routes and on a.m./p.m. commuter route. Special services are offered during MU home football games.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Ridership increases, that occurred the previous two fiscal years, flattened out in FY 2001. System efficiency continues to improve - assisted by minor route corrections early in FY 2001, further enhancing the Columbia Transit's pulse/timed transfer system, optimizing travel throughout the city. Thirteen new New Flyer buses replaced the older fleet at the end of the second quarter FY 2001. An estimated ridership of 460,000 will be provided in FY 2002.

**DESCRIPTION**

The Para-transit system provides service to persons with a disability that prevents them from riding the regular fixed route buses. It is supplemental to the fixed route services and is required by the Americans with Disabilities Act (ADA).

**HIGHLIGHTS / SIGNIFICANT CHANGES**

This system provides "curb to curb" service and is demand responsive. Users of the system must be certified as ADA eligible. The system provides service to certified riders anywhere within the City; however, users inside the ADA 3/4-mile para-transit service area have priority over users outside the ADA para-transit service area. Para-Transit service is provided by eight mini buses that are lift equipped. Ridership with the system has been increasing continuously since its inception in January 1993, to the point now that the four vehicles in current peak operation will need to be increased. An estimated 31,475 trips will be provided in FY 2002.

**DESCRIPTION**

This service provides transportation service from outlying University parking facilities to designated University campus areas, and is reimbursed via contractual agreement with the University.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Contracted shuttle bus services are provided to Hearnese parking lot and to Trowbridge parking lot, for students and employees. The current contract with the University will be extended for the FY 2002 school year. During the FY 2002 school year, an estimated 7,500 hours of services will be provided, with an estimated ridership of 310,000 students. Columbia Transit is working with the University to meet its changing transit needs. New buses were used on campus during the third quarter of FY 2001.

**MAJOR PROJECTS**

Columbia Transit continues to update its fleet and facilities by leveraging local funds with available FTA grants. The Fixed Route fleet was almost entirely replaced in FY 2001. Two Paratransit buses will be replaced in late FY 2001. Some of the upcoming projects should include replacing two additional Paratransit vehicles in FY 2002, constructing additional bus shelters/benches and slabs in FY 2002, refurbishing and expanding the Wabash Station, upgrading the exhaust system at the Grissum Bldg., and construct a restroom at the Grissum Bldg.

**FISCAL IMPACT**

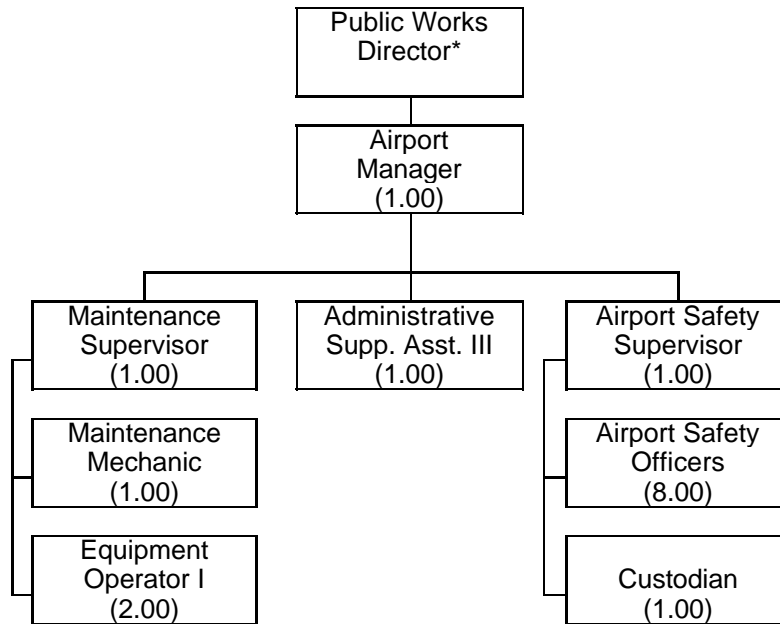

Columbia Transit attempts to maintain a prudent replacement schedule to ensure a fleet that does not require extensive resources to maintain. The replacement of vehicles is greatly influenced by the availability of federal funds as well as local dollars. The significant replacement of the bus fleet in FY 2000 and 2001 was possible because of the availability of grant funds. Columbia Transit is similarly trying to leverage appropriated local funds to complete the exhaust system and restroom construction projects in late FY 2001 or early FY 2002.

**City of Columbia - Public Works Regional Airport**  
16.00 FTE Positions

\* Position not included in Airport's FTE count.

(THIS PAGE INTENTIONALLY LEFT BLANK)

**Regional Airport Fund - Summary**

Fund 554

**DEPARTMENT DESCRIPTION**

The purpose of the Columbia Regional Airport is to provide safe and usable Airport facilities for the operation of commercial, general aviation and military aircraft, and to foster and create a healthy environment so that the community may access the national air transportation system and promote the economic growth of the region.

**DEPARTMENT OBJECTIVES**

To prudently protect the taxpayers' investment by managing the Airport in strict accordance with FAA regulations by providing a certified airport which consists of a fully staffed fire and law enforcement office, maintenance, and administration. To offer a safe, serviceable, and attractive place for air travelers, commercial airlines, general aviation, charter services, air cargo, and supporting tenants; and to implement innovative ways to increase revenues, procure new airline services, and increase the traffic flow through the facility.

**DESCRIPTION**

Airport Administration is responsible for the overall operation and management of the Columbia Regional Airport. As part of the Public Works Department, Airport Administration works closely with other City departments, the Missouri Department of Transportation, and the Federal Aviation Administration. Airport Administration is responsible for negotiating and managing Airport real estate leases, concessionaire contracts, and collecting Airport revenues. Airport Administration handles public relations activities, Airport improvement and development projects, and oversees the operation of the Public Safety and Airport Maintenance Programs.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The airport master plan is being updated during FY 2000 and 2001. This plan was last updated in September, 1989. The updated plan is in the final stages of review by the FAA and City staff and should be completed in summer 2001. In April 2001, Ozark Air Lines, which had operated out of Columbia Regional Airport since February 2000, was sold to Great Plains Airlines, Inc., of Tulsa, Oklahoma, effectively ending its service to this area. Also during early 2001, the operators of the airport shuttle service and the restaurant ceased operating and the two concessions are being advertised for bids. Airport Administration will continue to work closely with the FAA on all aspects of federal funding and continuous updating and reprioritizing of Airport Improvement Program (AIP) projects. Staff will be working on the retention and expansion of current tenants and marketing to acquire new tenants, either aviation or non-aviation related. The number one priority will continue to be additional air transportation to and from Columbia Regional Airport.

**DESCRIPTION**

The duties of this Program are to assure that the runways, taxiways and other airfield operating areas are maintained in accordance with FAA standards with regard to safety and airfield maintenance. This includes airfield lighting, pavement maintenance and marking, snow removal, and safety area maintenance. In addition, this Program is responsible for the overall maintenance and upkeep of the City-owned Airport buildings, including two terminal buildings, the Automated Flight Service Station, maintenance building, roads, fences and adjacent land areas. The Program also maintains Airport vehicles and equipment, and is responsible for training operating personnel. During aircraft emergencies and fire fighting, the maintenance personnel assist Airport Public Safety personnel.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Airfield Maintenance has been able to maintain the operating areas of the airfield (runways, taxiways and aprons) in accordance with FAA standards, and has continued to maintain the 30-year old terminal buildings in good condition. Three FAA-funded safety-related projects are being completed during 2001 using grant funds from prior fiscal years to replace the Airfield Lighting Control Cable, Upgrade the Runway 2-20 North Safety Area, and to Rehabilitate the Main Runway and some taxiways. Continuing emphasis has been placed on vehicle and equipment maintenance.

**DESCRIPTION**

The duties of the Terminal Area personnel are to maintain all facilities and provide custodial services to ensure the terminal buildings and areas are clean, well maintained, neat and safe for the general public's use.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The terminal buildings are now over 30 years old and require constant attention to maintain both the buildings and the adjacent areas in a manner which reflects credit on the City and the Airport. Continued efforts will be directed toward maintaining the high standards met in the past. In FY 2001, funding was obtained to replace the roof of the City-owned hangar leased to Central Missouri Aviation. A high priority for the future is to begin a preliminary terminal upgrade study, expected to be a major recommendation of the master plan update, nearing completion.

**DESCRIPTION**

Airport Safety has three primary duties: to provide crash, fire and rescue services in the event of an aircraft fire; to provide traditional fire and law enforcement protection at the Airport facility in accordance with FAA regulations, City ordinances, and State Statutes; and to control Airport compliance with FAA's airport certification requirements.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Continued emphasis will be placed on training in fire, crash rescue and law enforcement techniques to ensure compliance with FAA requirements. Airport Safety Officers are triple qualified; they are certified City of Columbia Police Officers, Certified Aircraft Rescue Fire Fighters, and Certified Emergency Medical Technicians. FAA security regulations require great emphasis on Airport access security and continued attention to operational and safety matters. In May 2001, Columbia Regional Airport became host to the MODOT Mobile ARFF Trainer. The unit will travel throughout the four-state FAA Central Region, providing realistic on-site crash rescue training. In return for providing a storage location, the airport will have training fees waived when using the new facility.

**DESCRIPTION**

With no personnel assigned primarily to this duty, all hands participate in snow removal efforts--Airport Maintenance, Airport Safety and the Airport terminal personnel. Airport Safety personnel on watch assist the custodians in snow removal efforts around the terminal and aircraft rescue, and fire fighting equipment building. Airport maintenance personnel operate the snow plows, runway sweeper, and snow blower.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Snow and freezing rain are a continual challenge for the maintenance staff to effectively deal with. Staff will continue to maintain its reputation as having the cleanest runways in the State.

There are no personnel assigned to this division.				

**MAJOR PROJECTS**

The 2002 capital plan includes a project to perform environmental assessments for the terminal and runway improvement projects identified in the master plan update. A second project is included to fund passenger terminal upgrade architectural and engineering design work, which is being recommended by the master plan update.

**FISCAL IMPACT**

Both projects will qualify for Federal funding under the Airport Improvement Program at levels up to 90%. Several airport capital projects are underway currently; all are funded under FY 2000 and 2001 FAA grants. They include three safety-related projects (Lighting Control Cable, North Safety Area Upgrade, and Runway 2-20 Rehabilitation), and the Phase II Air Carrier South Apron With Taxiway Connector. In addition, an FAA grant has been applied to reimburse the City for a portion of the cost of the former Centre Pointe property, purchased in November 2000. That grant will be 100% of qualifying costs and will be funded out of either FY 2001 or 2002 FAA funds depending on Federal fund availability.

**Sanitary Sewer Utility Fund - Summary**

Fund 555

**DEPARTMENT DESCRIPTION**

The Sewer Utility is charged with the responsibility to protect the public health and to ensure minimal impact upon the aquatic environment by adequate collection and treatment of wastewater within a regional area including Columbia. This is achieved by engineering review of proposed and existing facilities and through effective and economical operation and maintenance of collection and treatment systems.

**DEPARTMENT OBJECTIVES**

To ensure new construction meets current Federal, State and City requirements. To provide the lowest practical cost for maintaining sanitary sewer facilities and resources. To provide proper treatment of wastewater by complying with the standards imposed for effluent discharge to the environment. To provide a prudent, reasonable, and responsible approach to meeting the objectives through careful management of the material and human resources provided for that purpose.

Total Utility Budget (Less Depreciation & Capital Items)	\$4,935,825	\$5,474,604	\$4,591,666	\$3,750,000	\$6,461,600	\$6,763,000

\* Populations for Columbia, MO; Norman, OK; Lawrence, KS; and Boulder, CO do not include university housing.

**DESCRIPTION**

Guidance for the overall Utility operation and maintenance functions is provided by the Administration Section.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The completion of the fourth wetland unit will provide wastewater treatment capacity for City growth. The average estimated daily flow is expected to be in excess of 16 million gallons per day. The combination of the Columbia Regional Wastewater Treatment Plant and the four wetland units will provide capacity to 19.5 million gallons per day. The Cow Branch trunk sewer and pumping station is expected to be completed in FY 2002. This will provide sanitary sewer service in the northern part of Columbia nearly to Prathersville. Development in the Lake of the Woods area in the eastern part of Columbia will require a major trunk sewer in the north fork of the Grindstone Creek drainage area south of I-70. Development in the Hominy Branch area in the Lake of the Woods area north of I-70 will require a parallel trunk sewer around Moon Valley Lake. Development in the upper Hinkson Creek drainage area will require up sizing of the existing Hinkson Creek trunk sewer in the Stephens Park and Columbia Country Club area. All of these are intended to be under contract in FY 2002. Replacement of major equipment at the Treatment Plant will continue in FY 2002. The two activated sludge centrifuges have been in continuous operation (except for maintenance) since the Plant start-up in 1982. An engineering proposal was approved in FY 2001 to evaluate the costs and work involved for these replacements. Rehabilitation of existing sanitary sewers in the older parts of Columbia is expected to continue through FY 2002. O&M management assistance to the Boone County Regional Sewer District provided under an agreement executed in August 1990 is expected to continue through FY 2001.

**DESCRIPTION**

The Engineering Section of the Sewer Utility is responsible for the planning and design of various sewerage improvements such as sewer districts, trunk sewer extensions, pump stations and wastewater treatment facilities. This work includes preparation of construction contract documents; i.e. plans and specifications, construction inspection, supervision and providing assistance in easement acquisition. Sanitary sewer plans for private development are reviewed to ensure conformance with City and State rules, regulations and standards. All sanitary sewer plans, maps and other reference documents are maintained and updated for use by contractors, developers, realtors and the general public.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

With the passage of the revenue bond issue in November 1997, funds will be available in FY 2002 to continue the construction of the Cow Branch Sewer and Pump Station project, to serve the recently annexed area towards Prathersville. Improvement projects expected to be under construction in FY 2002 include Upper Hinkson Creek Outfall Relief Sewer, H-21 Relief Sewer and H-17 Extension. Sanitary sewer rehabilitation of existing sewers by "no dig" methods will continue with Phase IV during FY 2002. Trunk sewer extensions in accordance with the City's current 80 acre point sewer policy are expected to continue to be funded with funds from the 1997 ballot issue.

**DESCRIPTION**

Operation of the Regional Wastewater Treatment Plant (WWTP) is provided on a three-shift, 24-hour per day basis each day of the year. Responsibility for adequate treatment of wastewater and wastewater biosolids (sludge) rests with the Plant Operations section. The Field Operations section is responsible for the operation of the Wetlands and the effluent pumping station located adjacent to the MDC Eagle Bluffs Wildlife Area and the wastewater treatment and spray irrigation system at the Columbia Regional Airport. The Plant Maintenance Section performs breakdown and preventative maintenance on Plant equipment and all field facilities, makes modifications and new installations as needed, and is responsible for care of buildings and provides routine operation of sixteen wastewater pumping stations located in the Columbia area. The Sludge Management Program is responsible for the ultimate disposal of the anaerobically digested biosolids by land application, and for annual reporting to MDNR, as well as grounds maintenance at the Regional WWTP, wetlands and field facilities. Industrial pretreatment management is also provided by this section. The Laboratory Section performs process control testing, MDNR monitoring and compliance reporting for the Regional WWTP and field sampling for the Sludge and Pretreatment Management Programs. Liaison with research organizations and tours of the wetlands are provided by the Lab Section.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Wetland Treatment Unit #4 construction was completed in 2001. This increases the constructed wetlands water surface area to approximately 130 acres in the four units. The wastewater treatment capacity of the Columbia Regional WWTP and wetlands increased to 19.5 million gallons per day. The Perche Creek stabilization repair project and the flood control berm repair at WTU #2 were completed in the summer of 2001. The first phase of the WTU #1 flood control berm repair work was also completed in 2001. Two new pumping stations will be put into service during 2002; one to serve the new Cow Branch trunk sewer system, the other to serve a subdivision development near Wyatt Lane and Thompson Road. When completed, these two will increase the number of satellite wastewater pumping stations to eighteen, not including the wetlands effluent pump station and the Airport pump station. The original wastewater plant equipment has reached its twenty-year life. Major mechanical components are being replaced where necessary based upon a schedule to allow budgeting the costs over a period of years.

**DESCRIPTION**

The Sewer Maintenance Section is responsible for the maintenance of approximately 446 miles of sanitary sewer pipe. This involves routine cleaning of sanitary sewer pipe; routine internal television inspection of pipe; repair and/or replacement of pipe and manholes; and investigation of complaints and correction of problems identified.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The emphasis again this year will be placed upon repair of previously identified damaged portions of sanitary sewer mains at various locations throughout the system. A second repair crew will again be utilized to assist in reducing the backlog of identified repairs. Routine cleaning will also be emphasized for preventive maintenance. The Sewer Maintenance section will continue inspecting, identifying and prioritizing existing sewers that will be rehabilitated utilizing trenchless technology methods for the ongoing major contract rehabilitation and replacement work. Three phases of rehabilitation work have been completed totaling approximately 27,000 feet of pipe. The fourth and fifth phase of the rehab work is expected to continue into FY 2002 with emphasis on areas of the sewer collection system where inflow and infiltration are known to cause sewer problems during periods of high intensity or long duration rainfall.

**MAJOR PROJECTS**

Voters approved an 18.9 million dollar revenue bond issue in November 1997. Several projects on the list of improvements have been contracted. Several more are in the final design stages and will begin construction in FY 2002.

**FISCAL IMPACT**

To pay back the revenue bonds, three rate increases of 3% each have been implemented. The third 3% rate increase became effective in June 2001.

## City of Columbia - Public Works Parking Facilities

5.60 FTE Positions

\* Positions not included in Parking's FTE count.

\*\* Positions are budgeted in various Public Works divisions and/or funds

(THIS PAGE INTENTIONALLY LEFT BLANK)

**Parking Facilities Fund - Summary**

Fund 556

**DEPARTMENT DESCRIPTION**

The Parking Utility operates, maintains and administers four parking facilities, 16 surface lots as well as on-street parking meters. It is responsible for the collection of income from the facilities, the collection of data and preparation of parking and parking facility studies, and the installation and maintenance of parking meters, gates, attendant buildings and other facilities.

**DEPARTMENT OBJECTIVES**

To provide and maintain convenient and adequate parking, both on-street and off-street in the downtown business district. To collect income from parking facilities for the maintenance and operation of these facilities and provide financing to additional facilities, as needed.

## Parking Facilities

556-6410

### DESCRIPTION

The Parking Utility operates, maintains and administers four parking facilities, 16 surface lots as well as on-street parking meters. It is responsible for the collection of income from the facilities, the collection and data preparation of parking and parking facility studies, and the installation and maintenance of parking meters, gates, attendant buildings and other facilities.

### HIGHLIGHTS / SIGNIFICANT CHANGES

Working with the downtown business community, the Parking Utility works to ensure that the present and future parking needs in downtown Columbia are met. In FY 1998, construction was completed on a new parking structure at Sixth and Cherry. A major renovation of the City's oldest parking structure located at Eighth and Cherry was completed in FY 1999. A new temporary lot at 5th and Cherry was put into operation during FY 1999. This surface lot is permit only. During FY 2000 & FY 2001 600 electronic parking meters were installed in selected downtown areas. A security camera system was approved in FY 2000 and installed during FY 2001 as a pilot project, it is expected to mark the beginning of a new era in security for all parking facilities.

**DESCRIPTION**

The Solid Waste Utility is responsible for the management of waste using sound engineering practices to protect human health and the environment. Administrative duties include keeping abreast of new regulations, designing waste and recyclables collection systems, collecting waste and recyclables, landfilling and managing human resources.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Contract with Civic Recycling for processing recyclables ended in July 2001. Temporary quarters was set up at the compost facility to receive and prepare recyclables for transportation to Resource Management in Earth City, Missouri. A material recovery building will be built in the fall of 2001 to handle the transportation of recyclables on property recently purchased adjacent to the landfill. Landfill cell 2 will be full in the fall of 2001. An application for vertical expansion to raise the final elevation allowing fill over the old portion of the landfill has been submitted to MDNR. If approved, it will increase the overall life of the landfill by 5.8 years. The development of the next disposal area, cell 3 is in progress and will be completed in 2002. Commingled recycling continues to grow with approximately 600 more tons collected from the previous year.

**DESCRIPTION**

Commercial collection provides waste removal services from small single offices to large manufacturers. Services and equipment are available that range from a single bag for small generators to large 40 cubic yard compactors for manufacturers.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Mini roll-off service is growing and providing waste removal opportunities to medium and large volume generators that are too large for dumpsters and too small for the larger roll-off containers. Retaining commercial customers and route efficiencies will be the focus. There are no significant changes planned for commercial collection.

**DESCRIPTION**

Residential solid waste services include collection of refuse, recycling, yard waste and white goods from single family and multiple residential units.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Trash and commingled recyclables are collected weekly in the same truck. Yard waste is collected with a separate vehicle. White goods are collected by appointment and freon recovery by city staff is completed before the unit is sent for metal recycling. Collection truck styles, e.g. one man collection, will be the focus to increase efficiencies. There are no significant changes planned for residential collections.

**DESCRIPTION**

To comply with state and federal regulations, Columbia Sanitary Landfill is operated using environmentally sound engineering practices for disposal of municipal solid waste.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Total tons received at the landfill for fiscal year 2000 was 146,274. Fiscal year 2001 tonnage is expected to equal or exceed the previous year. A landfill vertical expansion modification request has been submitted to the Missouri department of Natural Resources for approval. If approved, this will add 5.8 years of overall life to the landfill at current tonnage rates. Current landfill Cell 2 will be full in the fall of 2001. Site development for Cell 3, landfill operation center and a material recovery building will be completed late summer utilizing city forces. Operation center and material recovery buildings will be build by contract with an early 2002 completion date. Landfill gas to energy project will be evaluated for and prior to building construction for heating and electrical generation. Cell 3 will be constructed and readied to accept waste in fiscal year 2002.

Composting operation continues to expand. A new windrow turner and trommel screen have been added to the equipment mix. These units will provide for the efficient production of a marketable end-product compost material. Partial grant funding of the new processing equipment was provided by the MDNR-Solid Waste Management Program, Environmental Improvement and Energy Resource Authority, Mid-Missouri Solid Waste District H and Columbia Foods, Inc. A four acre expansion of the composting facility will be completed summer 2001. A marketing proposal for bulk sales of compost and mulch is in the development stage.

**DESCRIPTION**

This program includes weekly collection of commingled recyclables from residential units, daily collection of commingled recyclables from 7 drop-off locations (including the University of Missouri site), 7 apartment drop-off containers rotated among 21 apartment complexes, rotating bi-monthly (April through November) collection of household hazardous waste, and weekly collection of major appliances and yard waste. The Public Works Volunteer Program utilizes over 2000 volunteers per year in waste reduction activities such as Adopt - A -Spot litter control, household hazardous waste greeters, mulch site aides, worm loan aides, composting workshop leaders, and various other special projects.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Starting June 2001, we began transporting recyclable material to Resource Management in Earth City, Missouri, for processing. A building for a Material Recovery Facility to be located on landfill property will be completed in the fall of 2001.

The apartment recycling drop-off program was expanded this year to service an additional 9 locations, for a total of 21 complexes. The containers are placed at each apartment complex for at least a twenty-four hour period for their designated recycling day then moved to the next location.

Commingled recycling continues to increase weekly curbside set-outs rates and tonnages. Last year total tons collected from curbside and drop-off was 4,682, up from 4,087 the prior year.

The household hazardous waste collection serviced 2682 cars in 2000, and collected 166,220 pounds of material.

**MAJOR PROJECTS**

The construction of Cell 3 was bid and bids were rejected as they were over budget. Site work for Cell 3 is being handled by City forces. The liner construction for Cell 3 will be rebid in 2002. Fiscal year 2001 Cell 3 funding was redirected operation center and material recovery facility buildings and the site work for Cell 3.

Continued capital funding of \$75,000 for refuse handling equipment.

**FISCAL IMPACT**

The fiscal impact will be approximately \$2,000,000.

# City of Columbia - Public Works Storm Water Utility

8.93 FTE Positions

\* Positions not included in Storm Water's FTE count.

\*\* Positions are budgeted in various Public Works divisions and/or funds

(THIS PAGE INTENTIONALLY LEFT BLANK)

**Storm Water Utility Fund - Summary**

Fund 558

**DEPARTMENT DESCRIPTION**

The Storm Water Utility operates through funding approved by voters in April of 1993. Funding sources include development charges on new construction and Storm Water Utility charges on existing improved properties. The Storm Water Utility was established to provide funding for the implementation of storm water management projects, maintenance of existing storm water drainage facilities, and modeling of developing drainage basins with an eye toward implementation of regional detention facilities to control run off from developing areas.

**DEPARTMENT OBJECTIVES**

To assure the movement of emergency vehicles during storm periods, to protect the public from rapidly flowing water or flash floods, to minimize losses and property damage resulting from uncontrolled storm water runoff, and establish requirements for construction of storm water management facilities in newly developed areas.

**DESCRIPTION**

The purpose of the Storm Water Utility is to assure the movement of emergency vehicles during storm periods, to protect the public from rapidly flowing water or flash floods, to minimize losses and property damage resulting from uncontrolled storm water run off, and establish requirements for construction of storm water management facilities in newly developed areas.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Design & construction of the Storm Water capital improvement projects will continue this year. Ongoing contracts with Dr Jim Davis and the University of Missouri related to public education and outreach and the formation and coordination with the watershed partnerships will be ongoing during this fiscal year. EPA Phase II storm water regulations, and MDNR's development of state stormwater regulations will be monitored closely. The city has contracted with Tom Schueler of the Institute for Watershed Protection and will be working on a comprehensive storm water ordinance to address storm water quality issues during the fiscal year.

**Storm Water Utility - Field Operations**

558-6620 to 558-6629

**DESCRIPTION**

The Storm Water Utility - Field Operations is responsible for maintaining and repairing existing facilities and constructing small storm water projects (less than \$200,000).

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Field Operations continues to work on identified problem areas in public right-of-way with the highest priority given to flooding of homes and major streets in accordance with the approved Storm Water Utility Plan.

**Custodial & Maintenance Services Fund - Summary**

Fund 671

**DEPARTMENT DESCRIPTION**

Custodial and Maintenance Services Fund provides custodial services to the City Hall Building, Howard Building, Gentry Building, Gates Building and City Hall Annex. Building maintenance for these facilities as well as all fire stations, Grissum Building, Walton Building, Fire and Police Building and other City facilities is provided.

**DEPARTMENT OBJECTIVES**

Maintain condition of buildings as efficiently as possible.

**COMPARATIVE DATA**

NOTE: Comparative Data was not available for the Custodial & Maintenance Services Fund.

**Custodial & Maintenance Services Fund -  
Building Maintenance**

671-6710

**DESCRIPTION**

This section provides general maintenance on the buildings previously mentioned including all electrical, plumbing, heating, air conditioning and structural maintenance as required.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The maintenance crews have completed the renovation of City Hall. The HTE software system for managing work orders and maintenance activities is being developed. Efforts will continue in preventive maintenance and seeking ways for more efficient use of resources. When possible the maintenance crew provides remodeling/repair/renovation services to its customers. Due to routine maintenance duties we are unable to satisfy all requests. The division recently remodeled the Planning Department by adding three private offices. The maintenance crew was able to complete the project, requiring a fraction of the time and costs the competitive bid process would have required.

**Custodial & Maintenance Services Fund -  
Custodial Services**

671-6720

**DESCRIPTION**

This section provides custodial services in the buildings previously noted as well as snow removal services at the City Hall, City Hall Annex, Gentry and Howard Buildings. In addition, the custodians will provide security for the Daniel Boone Building during evening meetings.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Custodial services is provided for five downtown public buildings in addition to security for the Daniel Boone Building during evening meetings. Special emphasis will continue for the Health Clinic area.

## City of Columbia - Public Works Fleet Operations

22.90 FTE Positions

\* Positions not included in Fleet Operation's FTE count.

\*\* Positions are budgeted in various Public Works divisions and/or funds.

\*\*\* Due to various shifts the noted positions report to the supervisor on duty.

(THIS PAGE INTENTIONALLY LEFT BLANK)

**DEPARTMENT DESCRIPTION**

The Fleet Operations Division provides preventive maintenance, mechanical repair, repair parts, acquisition support, and fuel for the vehicles and equipment belonging to the Public Works Department, the Police Department, the Fire Department and other City departments.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Acquisition of laptop computers loaded with diagnostic software will allow the Fleet Operations Division to continue to improve its support of the City's fleet. The turnover of the Transit Division's busses will reduce labor and parts support of a maintenance intensive operation. The division will continue to provide planning support for a new fueling station for the City and expanded employee parking, all in the area of the Grissum Building.

Transit	210	210	198
Outside Work (OWA's)	\$191,494	\$151,426	\$150,000
Backlog (Number of items waiting for repair per day)	47	49	44
Gasoline Sold (Gallons)	257,255	280,000	280,000
Diesel Sold (Gallons)	355,003	395,000	405,000

**COMPARATIVE DATA**

	<b>Columbia, MO(1)</b>	<b>Cape Girardeau, MO</b>	<b>St. Joseph, MO</b>	<b>University City, MO</b>	<b>Ames, IA</b>	<b>Lawrence, KS</b>
<b>Population</b>	<b>86,391</b>	<b>35,349</b>	<b>73,990</b>	<b>37,428</b>	<b>49,265</b>	<b>79,700</b>
Number of Employees	9.5 (1)	12.0	8.0	9.0	9.0	13.0
Employees Per 1,000 Population	0.110	0.339	0.108	0.240	0.183	0.163
No. of Vehicles/Equip. Maintained	559(1)	375	250(3,8)	163	265(5,8)	550
Shop Labor Rate	\$38.00	\$12.00(2)	N/A (4)	Mechanic's Wage (2)	\$32.00+(6)	\$60.00 (7)
Parts Inventory Value	\$218000(1)	\$125000	\$150000	\$30000	\$35000	\$140000

- 1) Numbers have been altered to reflect less the Transit Bus System statistics relative to Columbia only. None of the other cities in the above comparison have a city owned/operated bus system.
- 2) Labor rate is supplemented by appropriated tax dollars. All overhead expenses (insurance, utilities, etc.) are not paid via the labor rate.
- 3) This Public Works vehicle maintenance organization does not support Fire Department nor Police.
- 4) No labor rate used. Maintenance totally supported by appropriated tax dollars.
- 5) This Public Works vehicle maintenance organization does not support Solid Waste nor Police.
- 6) Overhead expenses are averaged out and assessed monthly per vehicle in addition to labor rate. (assessment equals \$250 to \$1,800 per vehicle)
- 7) Labor rate increases if mechanics work overtime (\$60 an hour) or if a service call is required (\$70 an hour). Lawrence is currently considering an increased labor rate for heavy trucks/equipment.
- 8) City does not have City owned/operated Solid Waste/Mixed Refuse Department.

**FLEET OPERATIONS - CAPITAL PROJECTS**

Fund 672

**MAJOR PROJECTS**

Replacement of gas station at the Grissum building.

**FISCAL IMPACT**

Surcharge on fuel sold will continue to fund repayments due the Designated Loan Fund for the FY 1999 fueling station project.

**WATER & ELECTRIC UTILITY FUND - SUMMARY**

Fund 550, Fund 551

**DEPARTMENT DESCRIPTION**

The Water and Light Utility provides the citizens of Columbia with a safe and dependable supply of drinking water and electricity.

**DEPARTMENT OBJECTIVES**

To provide the citizens of Columbia with service in the most effective and efficient manner possible to assure a dependable supply at the lowest possible cost.

**AUTHORIZED PERSONNEL**

**Water Utility - Summary**

Fund 550

**DESCRIPTION**

The Water Utility is responsible for the supply of safe drinking water, fire protection service to the City, and for providing production, treatment, and distribution systems. The utility operates a well field in the Missouri River bottoms, the McBaine Water Treatment Plant, the West Ash and South Pump Stations, elevated water towers, and the distribution system. Water Utility personnel test and set meters, install and maintain fire hydrants, operate a laboratory and water testing facility, perform all maintenance on towers, lines, leak repair and customer service calls, and flush mains and service valves. Crews do some extension of water mains; however, most are contracted due to the large amounts of machinery and personnel required.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The fourth phase of Water Utility rate increase, to fund the 1997 bond issue passed by voters, will be implemented for FY 2002. Due to large increases in growth rates, expansion of water production, pumping, and storage facilities are identified in the Capital Projects area. Two positions are being added that are split between the Water and Electric Utilities. The Water Utility will fund a .4 FTE meter reader position and a .5 FTE service worker position. These positions are needed to maintain acceptable service levels after several years of increased customer growth. For supervisory purposes, individuals in these positions are part of the Electric Distribution area which funds the remainder of each position.

**Water - Production**

550-7100 to 550-7199

**DESCRIPTION**

This division is responsible for the production and treatment of water entering the distribution system. Duties include operation of the well fields, the water treatment plant and responsibility for operating a testing laboratory thereby assuring the highest quality water possible.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

A bond issue, or another funding mechanism, will be necessary to begin expansion of production facilities during FY 2002.

**Water - Distribution**

550-7200 to 550-7299

**DESCRIPTION**

This division is responsible for providing an adequate supply of water for individual consumption, as well as fire protection, to the citizens of Columbia. This task is accomplished through the operation of the West Ash and South Pumping Stations, elevated water towers, and the distribution systems. This division tests and sets meters, installs and maintains fire hydrants, maintains all towers, lines and service valves and responds to customer service calls. Although some water main extensions are done by this division, most are contracted out due to the specialized machinery and personnel required.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The budget includes normal operation and maintenance for the division.

**MAJOR PROJECTS**

Projects to expand the pumping, treatment, transmission, and storage of water are outlined in the CIP.

**FISCAL IMPACT**

This includes the major capital improvements that are outlined in the CIP. The 1998 Bonds for the water utility were sold in the amount \$8,540,000. This represents 53% of the total issue approved by voters in 1997. The total issue approved was \$16,125,000 in Water Capital Improvements. Additional sale of bonds is anticipated during FY 2002. New projects, outlined in the CIP, will require a bond issue or another funding source. Rate changes will be necessary as each project is completed.

**Electric Utility - Summary**

Fund 551

**DESCRIPTION**

The Electric Utility is to provide the citizens of Columbia with electricity in the most effective and efficient manner possible to assure a dependable supply at the lowest possible cost. This requires the Department to operate and maintain the electric generating and distribution system to serve over 36,000 customers.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

This budget includes four new positions. Two positions are being added that are split between the Water and Electric Utilities. The Electric Utility will fund a .6 FTE meter reader position and a .5 FTE service worker position. These positions are needed to maintain acceptable service levels after several years of increased customer growth. The other two positions are in electric engineering. One FTE utility engineer position and 1 FTE utility engineering aide position are being added to address the work load from required maintenance, system expansion, and power line relocations for street, highway, storm water, and sanitary sewer projects.

## City of Columbia - Water and Electric (Electric Summary)

146.80 FTE Positions

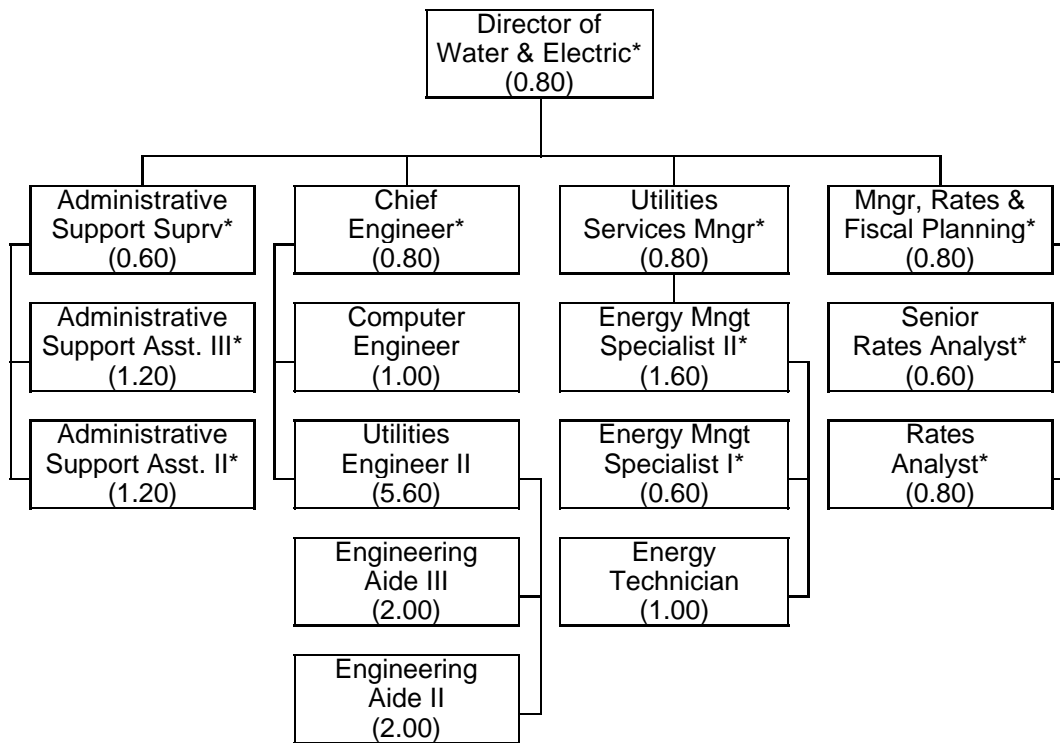

- \* A portion of Utility Services's FTE's are budgeted in Transmission and Distribution (3.5 FTE's)
- \*\* Trans. & Dist. - Transmission and Distribution

## City of Columbia - Electric Administration & General

21.40 FTE Positions

\* Positions are budgeted in various Water and Electric divisions.

**DESCRIPTION**

The Administrative office is responsible for all operations of the utility. This office includes engineering which is responsible for extensions, planning and layouts for construction crews, review of subdivision plans, and field review of all contract work. This group does long-range planning, coordinates the work of consultants, and arranges for bulk power purchases. The rate section functions somewhat as a corporate planning division. This group is currently working on the development of computer models which will provide load forecasting, budget projections, revenue and production requirements, rate design and cost of service studies. This group coordinates the budgeting efforts of the other divisions, makes the monthly fuel cost calculations, advises the power plant on generating costs and the best method of economical loading of generating units, and works with their economic development effort and customers in general to provide information on electric rates. The Utility Services Division is responsible for conservation and demand management programs, and marketing in general, including operation of CABLE Channel 13.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

This budget includes two new positions for Electric Engineering. One FTE utility engineer position and 1 FTE utility engineering aide position are being added to address the work load from required maintenance, system expansion, and power line relocations for street, highway, storm water, and sanitary sewer projects.

# City of Columbia - Electric Production Power Plant

46.00 FTE Positions

\* Position not included in Power Plant's FTE count.

\*\* Shifts consist of 8:00am-4:00pm, 4:00pm-12:00midnight, 12:00-8:00am and a relief shift

**DESCRIPTION**

This division is responsible for the production of electricity for the citizens and the operation of the Municipal Power Plant. Personnel staff and operate the City's generating station on a 24-hour per day basis. The maintenance crew performs all routine maintenance and repair work except for major overhauls and reconstruction. Personnel schedule delivery of coal, operate an industrial water treatment system, operate the boilers and turbine, cooling tower, and other equipment. A central dispatch office is operated on a 24-hour basis. Dispatching personnel arrange for and schedule all power purchases via various interconnections operated with other utilities and maintain an integrated operation with them. The dispatch office receives all after hour calls for the utility and dispatches water or electric personnel as required.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The budget includes funds for the normal operation and maintenance for the division.

# City of Columbia - Electric Transmission & Distribution

79.40 FTE Positions

\* Position not included in Transmission or Distribution's FTE count.  
\*\* Positions are budgeted in various Water and Electric divisions

**DESCRIPTION**

This division handles all of the electrical system beyond the production facilities, as well as the general warehousing and building facilities for the distribution operation. This division is responsible for all line crews and electric construction and maintenance of transmission lines, substations, distribution lines and fiber optic communication system. This division installs all underground lines, services, transformers and electric meters. The personnel install and maintain the City street lights. Meter testing is handled by this division as well as all customer turn-on and turn-offs. A distribution dispatching center for water and electric crews is operated during normal working hours. Tree trimming and line clearance work is done by contractors, and inspection personnel are in this division. This division also operates the Water and Light garage and vehicle maintenance facilities, fueling stations and warehouse.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

This budget includes two positions that are being split between the Water and Electric Utilities. The Electric Utility will fund a .6 FTE meter reader position and a .5 FTE service worker position. These positions are needed to maintain acceptable service levels after several years of increased customer growth. For supervisory purposes, individuals in these positions are part of the Electric Distribution area.

**MAJOR PROJECTS**

This budget provides funds for the capital improvements in the Electric Utility.

**FISCAL IMPACT**

This includes the major capital improvements that are outlined in our Capital Improvement Program. The 1998 Bonds for the electric utility were sold in the amount of \$12,100,000. This represents 52% of the total issue approved by voters in 1997. The total issue approved was \$23,125,000 in Electric Capital Improvements. Additional sale of bonds was anticipated for FY 2001, but will not be necessary until FY 2002.

## DEPARTMENT DESCRIPTION

The Office of Cultural Affairs (OCA) mission is to enhance the vitality of the city and the quality of life for all citizens by creating an environment wherein artists and cultural organizations can thrive by fostering opportunities for creative expression and the preservation and celebration of the City's multi-cultural heritage. OCA strives to enhance the artistic, management and marketing capabilities of local artists and arts organizations; increase public and private resources for the arts; develop a broader audience for the arts; and encourage cooperation, partnerships and collaborations within the city's diverse cultural heritage.

## DEPARTMENT OBJECTIVE

- ▶ To provide leadership in the public art field by maintaining works currently owned by the City while expanding the collection through the Percent for Art Program.
- ▶ To raise awareness of accessibility to, participation in and support for Columbia's rich array of artists and cultural offerings.
- ▶ To continue to implement the following general goals: promote the arts and life-long learning; market the arts; integrate business and the arts; advocate public art policies; and ensure managerial, fiscal and human resources to achieve all programs and services.

## DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

- ▶ A \$5,300 Arts Education grant from the Missouri Arts Council will enhance the Fire Station No. 8 Percent for Art project by involving a local artist at nearby New Haven Elementary School in a residency experience. The program will also expand the OCA's Partners in Education Program with the district-wide art department.
- ▶ A Community Arts Program grant from the Missouri Arts Council of \$39,500 is the most ever received by the OCA in this grant category; OCA ranked first statewide in the grant evaluation. Funds will be used for programs and services such as the Arts Express newsletter, the Artists' Registry, the Columbia Festival of the Arts and general technical assistance to local arts organization.
- ▶ New opportunities for local arts organizations and event planners to interact include the regularly scheduled Arts Administrators Roundtable meetings and the Cultural Tourism Collaborative.
- ▶ Requests from local arts organizations for arts funding totaled \$175,874, an increase of 15% from FY01 requests. More applications than ever were received--28, compared with 21 in FY01.
- ▶ Percent for Art projects at the Community Recreation Center and Fire Station No. 8 will continue with installation and dedication of both expected in FY02. New Percent for Art projects will be researched and may be initiated.
- ▶ Collaborations with downtown improvement efforts include continued support of the Twilight Festivals and Gallery Crawl as well as participation on the Avenue of the Columns committee.
- ▶ Enhancements to the OCA web site will include additional on-line forms for the arts organization funding process, more listings in the Artists' Registry and an expanded section on the Columbia Festival of the Arts.
- ▶ Additional growth in all areas of the Columbia Festival of the Arts is expected with emphases placed on including more visual and performing artists and local arts organizations as well as providing more free participatory art activities for children and adults. Marketing efforts will focus on increasing out-of-town visitors.
- ▶ The Arts Express newsletter will include special inserts sponsored by local arts organizations in an effort to assist them in getting the word out about their programs.

**DEPARTMENT DESCRIPTION**

The Convention and Visitors Bureau (CVB) promotes Columbia as a meeting, leisure and group tour destination through direct solicitations, tradeshow attendance, advertising and marketing.

**DEPARTMENT OBJECTIVES**

To increase the number of regional and national conventions held in Columbia; to increase the number of Sunday through Thursday visitors and lodgers while retaining existing weekend business; to substantially expand our exposition market; to increase leisure travel visitation through the enhancement and development of festivals, events and attractions; to provide exceptional service to our convention and meeting customers; to increase awareness of tourism as a viable form of economic development.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

In November of 1999, Columbia citizens passed a 2% increase in the hotel/motel tax. One-half of the increase or approximately \$300,000 was applied, in the FY 2001 budget, to advertising and marketing. This increase enabled the CVB to conduct a two-state radio campaign for festivals, events and leisure travel. We were also able, for the first time, to advertise our convention facilities in several key publications targeting the meetings industry. In April, 2001, we added a full-time, outside sales staff member who will be calling, 4 days a week, on association and corporate meeting planners. We anticipate that the number of convention leads and bookings will increase significantly this year. In July, 2000, the Convention and Visitors Bureau Advisory Board submitted to the City Council its recommendations for funding of festivals and events through the Tourism Development program that was made possible by the increase in the hotel/motel tax. The Council approved the recommendations and contracts were issued in the fall of 2001. The funding provided for increased entertainment and activities during the 2000 holiday season. Columbia's December hotel revenues were up significantly over the previous year. Funding for the Twilight Festival provided for a larger children's area and evening concerts. Twilight Festival attendance has increased and the Central Columbia Association is now receiving inquiries about the Festival from out-state markets and out-of-state markets. The Fall Festival of the Arts will feature a major interactive exhibit for children that has only been booked in major metro areas. This exhibit was, again, made possible by funds from the Tourism Development Program.

In FY 2002, the Convention and Visitors Bureau Advisory Board will be addressing the guidelines for the second part of the Tourism Development Program which deals with attraction development.

Number of Rooms	2,650	5,415	1,200	1,385	7,500

**DESCRIPTION**

The Convention and Visitors Bureau has four (4) primary responsibilities: 1) to promote Columbia as a destination for meetings and conventions; 2) to promote Columbia as an overnight and day-trip destination for leisure travelers and group tours; 3) to facilitate partnerships and cooperation among Columbia's tourism related businesses and associations and 4) to assure that Columbia is a "user friendly" destination for visitors through the provision of visitor brochures in tourism information centers and in businesses throughout Columbia.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The passage, in November 1999, of a 2% increase in the hotel/motel tax provided an additional \$300,000 for the Bureau's marketing and promotional efforts. The funds were used to: 1) Hire a full-time, outside convention sales manager. 2) Implement a two-state, year-long radio campaign to highlight Columbia's festivals, events and activities. 3) Expand our convention marketing efforts in print and through tradeshow participation. 3) Increase our ability to retain existing convention business by enhancing our services and support. 4) Increase our brochure offerings to include often requested niche areas such as African American visitor resources; Genealogy and Art Galleries. 5) Increase contact with and services for area hotel/motel managers and sales staff. Although several new hotels have opened in the market during the past year, the occupancy levels and average rates for the market have remained stable or have increased.

**DESCRIPTION**

In November, 1999, Columbia citizens passed a 2% increase in the hotel/motel tax. Of the 2%, one-half was designated for the enhancement or development of festivals, events and attractions. The Convention and Visitors Advisory Board was expanded to 12 members and charged with the development of guidelines for the Tourism Development program. The Board is also responsible for the review of applications and submission of funding recommendations to the City Council for final review and approval or amendment. The program is divided into two segments: Festivals and Events and Attractions.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

In 2000, the Advisory Board developed guidelines for the Festivals and Events segment of the program. The guidelines were reviewed and approved by the City Council. Eleven festivals and events submitted proposals for contracts with the city to provide event/festival enhancements. Contracts were issued for nine events. Some of the enhancements include: an extensive children's area and evening concerts for the Twilight Festival; a holiday concert series; a "first ever" joint performance by the three best ragtime musicians in the U.S.; a major children's interactive exhibit held previously only in major U.S. cities and the addition of several heritage artisans to the Heritage Festival. The guidelines for the Attractions segment of the program are still under consideration by the Advisory Board.

**DEPARTMENT DESCRIPTION**

The Employee Benefit Fund accounts for the transactions and reserves associated with the City's medical, dental, prescription drug, life and long-term disability programs for City employees, plus other benefits such as safety and service awards and sick leave buyback. Employee health and wellness programs are also managed through this fund. Coverages for health, dental, and prescription drug plans are self-insured. Other coverages are with commercial insurance carriers.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

The City's self-funded health insurance plan has experienced a sharp increase in claims in the past four years after a relatively stable three year period. The greatest rate of increase continues to be in the prescription drug portion of the plan. Claims experience will be closely monitored during the next year to see if the trend continues. A comprehensive review of the entire health care plan and administration is scheduled for FY 2002, and will address issues of plan cost, plan design, administrative services and network design.

Employee Health and Wellness programs and staff were placed in this budget in FY 2000. Emphasis in this area is on safety, illness prevention and disease management programs for City employees. Drug and alcohol testing for new and federally-mandated employees is a function of this program. An Employee Health/Wellness fee is charged to all departments to cover the cost of the operation of this unit.

**DEPARTMENT DESCRIPTION**

Information Services (IS) is responsible for support and administration of an AS/400 midrange computer, a Wide Area Network (WAN), Local Area Networks (LANs), personal computers (PCS), and workstations throughout all City departments. IS provides systems development, system enhancements, upgrades, repairs and consulting in regards to individual department needs. IS also works to improve the operational efficiencies of the City as a whole.

**DEPARTMENT OBJECTIVES**

Information Services will, within the framework of its existing resources, continue to provide the highest level of support possible to all user agencies. We will continue to identify and suggest new and better methods of providing services to our users at the lowest possible cost.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

Information Services has completed the installation of key systems in remote Fire Stations. The IS department has also increased the disk capacity of the AS/400 to 217 GB, and created a new data sync. procedure for HTE files. IS moved reports to Cold Storage website, where Payroll, Miscellaneous Receivable, and General Ledger reports, that were previously printed and distributed to over a hundred employees, are now available via the Internet. The Token-Ring to the Ethernet conversion has been completed as well.

The Information Services Department priorities(E-Gov Services & upgrading infrastructure) include completing the hardware and software inventory and implementing Windows 2000 as the standard desktop operating system. IS is working on the "New On" Service Start Web Application, which will facilitate setting up a new account in a shorter time frame than what HTE allows in the CX system. It will reduce the number of potential errors that occur during setup and will control the number of work orders that can be processed in a given day, according to a system control schedule. IS plans to complete putting utility bill images on the web allowing departments to view the bill images that were sent to the customer. IS plans to build a computer inventory/software licensing application. This system will assist IS in monitoring the City's licensing certificates of software and will assist IS in monitoring the City's maintenance/upgrade requirements for hardware. Other priorities include converting the Police Dept. to 100Mb Ethernet and the purchase/install of Gb Backbone Switch.

**PUBLIC COMMUNICATIONS FUND - SUMMARY**

Fund 675

**DEPARTMENT DESCRIPTION**

The Public Communications Office has three responsibilities: public communications, printing services, and mail services. The Public Communications Division oversees or coordinates the City's public communications program which includes Community Line, Columbia Online Information Network, Partners in Education, facility tours, speaking engagements, an employee newsletter, a citizen newsletter, media relations and distributes press releases, etc. The Public Communications Officer supervises the overall operation and reports to the City Manager.

**DEPARTMENT OBJECTIVES**

To facilitate better two-way communications between Columbia citizens and City government. To provide high-speed duplicating service to City departments. To provide full-service mail support to City departments.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

Public Communications consolidates a variety of communication efforts into one office by supporting the information efforts of various departments. Printing and Mail Services are supported with fees charged to users.

**AUTHORIZED PERSONNEL**

**DESCRIPTION**

To facilitate better two-way communications between Columbia citizens and City government. This is accomplished through prudent use of communication tools and channels.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Columbia's Community Line continues to be a viable information channel for citizens seeking basic information. The Community Line directory was updated and many voice messages were also updated. The Public Communications Office continues to seek new ways to communicate with the citizens. Public Communications coordinated monthly employee Public Communications Committee meetings. It also coordinated, along with other departments, a monthly citizen newsletter, "City Source," that is mailed with utility bills, and a weekly consolidated advertisement in one of the local newspapers. Public Communications publishes a monthly employee newsletter. The budget includes funding for enhancing the City's Web Site and \$50,000 to enhance public relations efforts. This budget includes the addition of a 1.00 FTE E-Government Coordinator position.

**DESCRIPTION**

This Division provides several major support services ranging from graphic art design/development, high speed photocopier service, bindery, perforating, folding, etc. The service is provided at a reasonable cost to departments.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Printing Services continues to explore new and better methods of producing the highest quality product. The Print Shop eliminated printing presses and now concentrates on high-speed photocopying and associated services. Jobs previously done by printing press are outsourced.

**CONTRIBUTIONS FUND - SUMMARY**

Fund 753

**DEPARTMENT DESCRIPTION**

The Contributions Fund is a trust fund that was established to process donations and contributions given to the City. Proper procedures have been established to ensure funds and donations are expended for the purpose designated by the donor.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

During fiscal year 2001, over 45,000 (est.) volunteer hours were reported at a value of over \$643,500 not including hours contributed by boards and commissions. Highlights during 2001 include the graduation of a fourth TreeKeepers program, the continuation of the Park Patrol (a community policing program for the MKT Trail), a volunteer recognition near Valentines Day, and the fifth city-wide "Cleanup Columbia" including sponsorship by local media and businesses held in conjunction with Earth Day. The Adopt a Spot beautification program added several new projects during the year throughout the City. Goals for FY 2002 include more activities to promote and recruit volunteer opportunities and cooperating for more recognition and public relations activities to raise awareness and morale about City volunteer opportunities. A plan has been assembled to take the Columbia Trust to the next level, including annual fund-raising events, donor recognition, and prospective donor tracking.

**DESCRIPTION**

This office coordinates the promotion of volunteer opportunities within City Government. Advised by a Volunteer Working Group made up of city staff from a variety of departments, the office recruits volunteers, matches them with projects that compliment their interest and experience, and tracks their volunteer hours. The office also works on volunteer recognition activities and public relations events to promote volunteerism for City government.

In addition to general volunteer coordination, the Office of Volunteer Services coordinates a number of specific programs including the Park Patrol, the Adopt a Spot Beautification program, Cleanup Columbia, and TreeKeepers, a program conducted in conjunction with the Parks & Recreation Department. In a separate area, the Office coordinates the Columbia Trust, a mechanism by which the City can receive land, money, and other in-kind donations to enhance our City and its services.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

During fiscal year 2001, over 45,000 (est.) volunteer hours were reported at a value of over \$643,500 not including hours contributed by boards and commissions. **DESCRIPTION**

The Columbia Trust was established in 1999 as a mechanism by which money, land, and other donations can be made to the City. The Trust would allow for donor recognition, identification of prospective donors, promotion of projects that are in need of public fund-raising, and the coordination of fund-raising events and communication about the Trust.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

In Fiscal Year 2001, the utility checkoff was established, allowing utility customers to donate to a number of city programs including public art, public beautification, youth recreation scholarships, public health, the fire department, and the police department. A vendor has been identified to assist in the creation of a newsletter and annual report, with the first Columbia Trust newsletter planned on being produced in the last half of the 2001 fiscal year. Staff has also spent a significant amount of time on development of a 501c3 organization to support the City of Columbia and has attended two training seminars on the topic of fundraising and 501c3 management.

**OTHER SPECIAL REVENUE FUNDS**

200-230

**DEPARTMENT DESCRIPTION**

Special Revenue Funds are established to track the receipts and disbursement of taxes collected for use for a specific purpose. In most cases, the legislation that enacts these taxes limit the use of these funds. In the case of the Public Improvement Fund it is the policy of the City Council to restrict the use of these funds for public improvement purposes. Transportation Sales Tax and Special Road District Tax proceeds are restricted for use for general transportation and road and bridge maintenance expenditures. The 99 1/4 Cent Sales Tax is restricted by legislation for capital improvement purposes and by Council policy for use on specific projects outlined during the ballot issue. Parks Sales Tax is limited for use for park and recreation purposes.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

FY 2002 will be the first full year for collections of the Parks Sales Tax. The majority of this tax will be utilized for the debt repayment and development associated with the Stephens Lake Property. The other special revenue funds are used for standard transfers for capital and operating transportation uses.

**DESCRIPTION**

On November 8, 1999, Columbia voters passed a five year extension of the one quarter cent capital improvement sales tax. This vote extended the tax from January 1, 2001 to December 31, 2005. Projects approved included a new Recreation Center, additional Fire Station, new and replacement fire equipment, and other park funding.

**PARKS SALES TAX FUND**

Fund 220

**DESCRIPTION**

In November of 2000, the voters of the City of Columbia passed a Local Parks Sales Tax in the amount of one-quarter of one percent (for five years), and one-eighth of one percent thereafter, on retail sales made in the City. The collection of this tax commenced on April 1, 2001. These funds must be used for parks purposes. The majority of the Parks Sales Tax will be used for the first five years for the purchase and development of the Stephens Lake property, to purchase additional and replacement equipment, and other maintenance costs associated with existing and new parks.

**TRANSPORTATION SALES TAX FUND**

Fund 221

**DESCRIPTION**

Section 94.600 of the Revised Missouri State Statutes allows cities to authorize a 1/2 cent sales tax for transportation purposes if a simple majority of the voters approve such action. The voters of the City of Columbia authorized the addition of this tax on April 6, 1982. State Statutes require proceeds from the tax to be accounted for in a trust fund separate from other sales tax resources. When the City receives proceeds from the transportation sales tax, the money is placed in a Transportation Sales Tax Fund. These funds are then transferred to subsidize Airport and Transit activities, fund various road projects, and pay for street and sidewalk related activities in the General Fund.

**RESOURCES**

**PUBLIC IMPROVEMENT FUND**

Fund 222

**DESCRIPTION**

The Public Improvement Fund was established to account for and disburse monies the City receives from the city sales tax that it allocates for the Capital Improvement Plan. This fund receives a portion of the city sales tax and is allocated for a wide range of public improvements to the City which includes general government projects in the Capital Improvement Plan.

**SPECIAL ROAD DISTRICT TAX FUND**

Fund 227

**DESCRIPTION**

The Special Road District Tax Fund was created to account for the road and bridge tax revenues that are collected by Boone County and shared with the City per agreement. These revenues are used to improve, maintain, construct and repair streets and roads within the City limits that qualify per this agreement. The majority of these funds are transferred for street projects in the Capital Improvement Plan.

## CAPITAL PROJECTS SUMMARY

### DESCRIPTION

The City prepares a five year capital plan to address the capital needs of current and future years. The Capital Improvement Plan (CIP) is coordinated by the Planning Department. This plan contains two distinct sections: General Government and Enterprise. General government capital needs are funded primarily with Sales Taxes that are set aside, either by Council policy for general capital needs or voter referendum for specific projects. Enterprise capital projects are funded primarily through revenues generated by the enterprise.

### MAJOR CAPITAL PROJECTS

This year's budget shows continued funding from the 1999 1/4 cent capital improvement sales tax and new funding from the Local Parks Sales Tax. Our continued emphasis should be maintaining the facilities and infrastructure we have and to construct new infrastructure needed for a growing community. Major projects for next year include:

- ▶ Funding of \$900,000 to start the development of the Stephens Lake Property
- ▶ Funding for the renovation of the newly acquired Nowell's property for use as a City/County Health Department Facility
- ▶ Major road projects at Garth Ave to include the bridge over Bear Creek and another at Blackfoot north of Route E
- ▶ Funding for the planning and design for Public Building Expansion project to meet the space needs of the growing City
- ▶ Major expansion of the Water distribution system that includes 2 new wells, a northeast booster station and water treatment plant expansion
- ▶ Landfill Cell #3 design and construction of \$2,000,000 and continued work of the Material Recovery Facility

### BUDGET CONSIDERATIONS

Funding for the Stephens Lake property is coming from the newly enacted Local Parks Sales Tax. Rate increases have been approved for the Solid Waste projects. The fourth and final 3% rate increase will be necessary for bonds to be issued for the Water system expansion.

### OPERATING IMPACT

Two projects approved in FY 2001, the new Fire station and the Multi-purpose Community Recreation Center have had a major impact on the respective operating budgets. The new fire station added approximately \$500,000 to the operating budget of the Fire Department and included the addition of eight fire personnel in FY 2002. Three months of operations have been included in the Recreation Services budget for the new Recreation Center. It is anticipated the Recreation Center will open in the fourth quarter of FY 2002. The Material Recovery Facility will also require additional personnel and operating expenditures when completed. This increase is not anticipated until the FY 2003 budget.

## CAPITAL PROJECT FUNDING SOURCES

Abbreviations	Funding Source Descriptions
<b>1997 Ballot</b>	<u>1997 Ballot</u> - Funds authorized by public vote via a ballot issue.
<b>1997 Bonds</b>	<u>1997 Bonds</u> - Funds generated from bonds approved on the April 1997 ballot for Water and Light capital improvements.
<b>1/4% 96 S Tax</b>	<u>96 1/4% Sales Tax</u> - Funds generated from the 1996 CIP sales tax issue.
<b>All</b>	<u>Accumulated Investment Income</u> - Interest earnings on all projects.
<b>Bond Balance</b>	<u>Bond Balance</u> - Remaining balance of bond issues available to be appropriated
<b>CAP-FB</b>	<u>Capital Projects Fund Balance</u> - Monies made available through the closeout of old projects.
<b>CDBG</b>	<u>Community Development Block Grant</u> - Federal Entitlement Grant Program (annual) administered by U.S. Department of Housing and Urban Development, 100% grant requires no matching local funds.
<b>Co rd tax reb</b>	<u>County Rebate Funds</u> - Funds received by Columbia from Boone County for maintenance/improvement to roads under City jurisdiction after annexations.
<b>Dev charge</b>	<u>Development Charge</u> - A fee assessed at the time a building permit is issued for new construction, at a rate of \$0.061 per square foot. Revenue gained from this is used for construction of collector and arterial streets.
<b>Contributions</b>	<u>Contributions</u> - Funds received from various entities or organizations who will benefit from a particular project. We have various current types of contributors: Developer, County and Utilities.
<b>Donations</b>	<u>Donations</u> - Monies or gifts donated from non-governmental entities.
<b>EU loans</b>	<u>Electric Utility Loans</u> - Funds provided for a project from the electric utility.
<b>Ent Rev</b>	<u>Enterprise Revenue</u> - Actual income to one of the City's utilities, such as sanitary sewers, water, etc.
<b>FAA Gr</b>	<u>Federal Aviation Administration (U.S.) Grant</u> - Competitive federal grant funds for capital projects at airports, no set amount per year, 90% grant requires 10% local matching funds.
<b>FAL</b>	<u>Force Account Labor</u> - Labor for capital projects that is performed by City personnel and charged to the capital project.
<b>FTA</b>	<u>Federal Transit Administration Capital Grant</u> - Grant for transit related capital projects. 80% Federal; 20% Local funding.
<b>Grants</b>	<u>Grants</u> - Monies received from from local, state, county or federal entities.
<b>GCIF</b>	<u>Golf Course Improvement Fund</u> - A \$1-per-round fee collected from golfers which is set aside for improvements at the City's golf courses.
<b>Gen Fd/PI</b>	<u>General Fund/Public Improvement</u> - Local funds generated through the sales tax.
<b>LUT</b>	<u>Local Use tax</u> - The amount represents the local use tax that was distributed to the City of Columbia during the years of 1993-1996 which did not have to be refunded to the state.
<b>MODOT</b>	<u>Missouri Highway Transportation Department</u> - Monies the City receives from the Mo. Hwy. Trans. Dept. for transportation related projects.

## CAPITAL PROJECT FUNDING SOURCES

<u>Abbreviations</u>	<u>Funding Source Descriptions</u>
<b>Prior Yr App (PYA)</b>	<u>Prior Year Appropriation</u> - Funds approved in previous years.
<b>RSR Fd</b>	<u>Recreation Services Fund</u> - Funds generated from user fees paid by participants in programs involving capital facilities. User fee structure established by citizen election.
<b>State Hwy</b>	<u>State Highway</u> - Reimbursement from the State Highway Department for Railroad Crossings.
<b>STP</b>	<u>Federal Highway Administration Surface Transportation Program</u> - Replaces the old Federal Aid Urban Program - 20% local match.
<b>STP Enh</b>	<u>Federal Highway Administration Surface Transportation Enhancement Program</u> - Enhancement program portion of STP program set aside for transportation enhancement projects. 80% federal; 20% local funding.
<b>Tax Bill</b>	<u>Tax Bills</u> - Charges, on a per lineal foot basis, assessed to property owners abutting new roads, or roads undergoing major improvements, for the improvements to their property. Charges based on benefit to property as determined by City Council.
<b>Transp S Tax</b>	<u>Transportation Sales Tax</u> - 1/2 cent sales tax authorized by the voters for transportation purposes.
<b>Unfunded</b>	<u>Unfunded</u> - Projects beyond current FY which have no definite funding commitment.
<b>Unfunded/Ballot</b>	<u>Unfunded/Ballot</u> - Projects beyond current FY which will go before the voters in a ballot issue.

## CAPITAL PROJECTS - GENERAL GOVERNMENT - SUMMARY

### PURPOSE

This budget adopts the FY 2002 portion of the capital improvements plan as the general government capital budget for the fiscal year. This budget accounts for funds from the Public Improvement Fund, Community Development Block Grant Special Road District Fund, Special Assessments (tax bills), and related state and federal grants. After the projects are completed, improvements are capitalized per GASB 34 requirements.

### RESOURCES

	Adopted FY 2002
<b>General Government Capital:</b>	
FY 2002 Sales Tax Allocation (1%)	\$ 631,041
1999 CIP Sales Tax (1/4%) - Bonds Proceeds	1,147,000
Transportation Sales Tax (1/2%) - Operating Transfer	218,000
Parks Sales Tax (1/4%)	1,040,000
County Road Tax Rebate - Operating Transfer	1,258,400
County Contribution - Intergovernmental Revenue	1,870,000
Community Development Block Grant - Operating Transfer	624,000

\* The City and County split the cost (50/50) of the 30,000 sq. ft. used for the Health facility. Total Project costs include the total cost of acquisition, renovation and relocation costs of the Health Department. Does not include renovation of the 20,000 sq. ft not utilized by the Health Department.

\*\* Public Building Bonds are to be repaid with property tax proceeds that previously were levied for GO debt payments, and in FY 2002 and beyond will be levied in the General Fund.

\*\*\* \$1,250,000 shown in Electric Project #14, new W & L Administrative Building.

## DEBT SERVICE - SUMMARY

### GENERAL INFORMATION

The City is authorized to issue General Obligation Bonds payable from ad valorem taxes to finance capital improvements. General Obligation Bonds are supported by a pledge of the City's full faith and credit. The applicable Missouri statutes are listed below. The computation of legal debt margin is also shown below.

The City is authorized to issue Revenue Bonds to finance capital improvements to its various utility operations such as the electric system, water system, sewer system and parking and airport facilities. These types of Revenue Bonds require a majority vote of the qualified electorate voting on the specific proposition. All Revenue Bonds issued by the City are payable out of the revenues derived from the operation of the facility that is financed from the proceeds of such bonds.

The City is authorized to issue Special Obligation Bonds. These bonds are special obligations of the City. The payment of the principal of and interest on the Bonds is subject to an annual appropriation by the City. The City is not required or obligated to make any such annual appropriation, and the decision whether or not to appropriate such funds will be solely within the discretion of the then current City Council.

The City's stable financial condition as well as sound debt administration practices allow it to continue to enjoy favorable bond ratings of its General Obligation Bonds, Special Obligation Bonds, and Revenue Bonds. The City has consistently held a General Obligation Rating of AA and Revenue Bond rating of A1.

### MISSOURI STATUTES

Section 95.115 & 95.120 of the 1978 Missouri Revised Statutes permits any county or city, by vote of two-thirds of qualified electors voting thereon, to incur additional indebtedness for city purposes not to exceed 5 percent of the taxable tangible property therein, as shown by the last assessment. Section 95.125 and 95.130 of the 1978 Missouri Revised Statutes provides that any city may become indebted not exceeding in the aggregate an additional 10 percent for the purpose of acquiring right-of-ways, constructing, extending and improving streets and avenues and/or sanitary or storm sewer system and an additional 10 percent for purchasing or construction of waterworks, electric or other light plants provided the total general obligation indebtedness of the city does not exceed 20 percent of the assessed valuation.

## GENERAL OBLIGATION BONDS

### GENERAL INFORMATION

General obligation bonds are supported by a pledge of the City's full faith and credit. These bonds, which are recorded in the General Long-Term Debt Account Group, were issued to finance various capital projects. In August of 1992, the City issued \$16,670,000 in General Obligation Bonds for the purpose of refunding all of the City's General Obligation Street and Bridge Bond Series 1986, General Obligation Street and Bridge Bond Series 1983, and General Obligation Fire Protection Bond Series 1982, each of which were subject to redemption prior to maturity. Total outstanding on the refunded bonds was \$16,280,000. Interest payments on the new bonds are due on April 1 and October 1. Principal payments are due on October 1 each year. The final payment is due on October 1, 2003. Interest rates on this issue range from 2.75% to 9%.

### NET GENERAL BONDED DEBT RATIO

The ratio of net general bonded debt to assessed valuations of property for tax purposes and the amount of bonded debt per capita are useful to management, citizens, and investors as indicators of the City's financial status. These ratios at the close of fiscal year 1998 are projected as follows:

Type of Debt	Amount	Ratio of Debt to Assessed Value	Per Capita Debt Total
Net General Bonded Debt	\$ 2,125,000	0.21%	28

### DEBT SERVICE REQUIREMENTS 1992 General Obligation Refunding Bonds

2002	\$ 1,425,000	\$ 115,450	\$ 1,540,450
2003	700,000	38,500	738,500
2004	0	0	0
2005	0	0	0
2006	0	0	0
<b>Total</b>	<b>\$ 2,125,000</b>	<b>\$ 153,950</b>	<b>\$ 2,278,950</b>

## **WATER AND ELECTRIC REVENUE BONDS**

### **GENERAL INFORMATION**

#### **12/12/85 Water and Electric Series B Bonds (Interest rates: determined weekly)**

Original Issue - \$15,500,000

Balance As of 09/30/2001 - \$15,500,000

Maturity Date - 12/01/15

In December of 1985, the City issued \$15,500,000 of Water and Electric System Revenue Bonds, Series B. The bonds are to be paid by the net revenues of the system and are secured by a first lien on those revenues. The bonds were issued to provide funding for capital improvement projects of the system's power generating facility. The effective interest rate for FY00 was 5.55% which resulted in interest payments of approximately \$618,471

#### **07/01/92 Water and Electric Series A Revenue Bonds (Interest rates: 2.75% - 5.70%)**

Original Issue - \$34,140,000

Balance As of 09/30/2001 - \$16,625,000

Maturity Date - 10/01/12 original 10/1/05 due to refinancing

In August of 1992, the City issued \$34,140,000 of Water and Electric System Revenue Bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. \$23,140,000 of the bonds were issued to refund \$19,265,000 of the outstanding 1985 Water and Electric Refunding Bonds, and \$11,000,000 were issued to provide funding for improvements and additions to the City's water works facility.

#### **03/01/98 Water and Electric Refunding and Improvement Bonds (Interest rates: 3.75% - 6.00%)**

Original Issue - \$28,295,000

Balance As of 09/30/2001 - \$28,185,000

Maturity Date - 10/01/22

In March of 1998 the City issued \$28,295,000 in Water and Electric Refunding and Improvement revenue bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. A portion of these bonds were used to defease \$5,215,000 of the 1992 bond issue. The remaining bond proceeds were issued to provide funding for improvements to the water and electric distribution system.

## SANITARY SEWER REVENUE BONDS

### GENERAL INFORMATION

#### **08/01/79 Sanitary Sewerage System Revenue Bonds (Interest rates: 5.00% - 7.00%)**

Original Issue - \$3,500,000  
Balance As of 09/30/2001 - \$1,280,000  
Maturity Date - 10/01/04

In August of 1979, the City issued \$3,500,000 of Sewerage System Revenue Bonds. These bonds are secured solely by the net revenues of the system. Bond ordinance requirements provide for the restricting of operating revenues after current operating expenses have been met. The bonds were issued for the purpose of extending and improving the sewerage system, including outfall sewers and wastewater treatment facilities.

#### **06/01/92 Sanitary Sewerage System Revenue Bonds (Interest rates: 4.00% - 6.25%)**

Original Issue - \$8,515,000  
Balance As of 09/30/2001 - \$8,480,000  
Maturity Date - 10/01/17

The City issued \$8,515,000 of Sewerage System Revenue Bonds in June of 1992. These Bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the system.

#### **06/01/92 Sanitary Sewerage System Series B (Interest rates: 4.25% - 6.55%)**

Original Issue - \$870,000  
Balance As of 09/30/2001 - \$670,000  
Maturity Date - 01/01/13

The City issued \$3,730,000 of Sewerage System Series A Revenue Bonds in June of 1999. These Bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system.

#### **08/01/92 Sanitary Sewerage System Refunding (Interest rate: 5.6%)**

Original Issue - \$795,000  
Balance As of 09/30/2001 - \$280,000  
Maturity Date - 10/01/02

The City issued \$795,000 of Sewerage System Revenue Bonds in August of 1992. These Bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued to refund the 1982 Sewerage System Revenue Bonds.

#### **06/01/99 Sanitary Sewerage System Series A (Interest rate: 3.625% - 5.25%)**

Original Issue - \$3,730,000  
Balance As of 09/30/2001 - \$3,730,000  
Maturity Date - 01/01/20

In 1999 the City participated in the State Revolving Loan Program to issue \$3,730,000 in Bonds. Voters approved the issuance of these Bonds in November of 1997.

#### **12/01/99 Sanitary Sewerage System Series B (Interest rate: 4.125%-5.75%)**

Original Issue - \$1,420,000  
Balance As of 09/30/2001 - \$1,420,000  
Maturity Date - 07/01/20

In 1999 the City participated in the State Revolving Loan Program to issue \$1,420,000 in Bonds. Voters approved the issuance of these Bonds in November of 1997.

#### **11/01/00 Sanitary Sewerage System Series B (Interest rate: 4.35% - 5.625%)**

Original Issue - \$2,445,000  
Balance As of 09/30/2001 - \$2,445,000  
Maturity Date - 07/01/21

In 2000, the City participated in the State Revolving Loan Program to issue \$2,445,000 in bonds. Voters approved the issuance of the Bonds in November of 1997.

## PARKING SYSTEM BONDS & LEASE

### GENERAL INFORMATION

**09/15/95 Parking System Revenue Bonds (Interest rates: 3.80% - 6.00%)**

Original Issue - \$3,400,000

Balance As of 09/30/2001 - \$3,050,000

Maturity Date - 10/01/20

In September of 1995, the City issued \$3,400,000 of Parking System Revenue Bonds to finance a portion of the costs of (i) the construction of a parking structure at Tenth and Cherry Streets, (ii) the reconstruction of the garage at Eighth and Cherry Streets, and (iii) the construction of a parking structure at Sixth and Locust Streets. The Bonds are payable solely from the net income of the City's Parking System.

**08/01/96 Parking System Special Obligation Bonds (Interest rates: 3.75% - 5.50%)**

Original Issue - \$7,120,000

Balance As of 09/30/2001 - \$5,830,000

Maturity Date - 02/01/16

In August, 1996, the City issued \$7,120,000 of Special Obligation Bonds to finance the construction and reconstruction of downtown parking facilities and refund \$2,521,500 in 1986 lease payments. Bond proceeds were used to fund construction of two new parking structures along Cherry street and reconstruct one parking structure at 8th and Cherry.

## CERTIFICATES OF PARTICIPATION - Stephens Lake

### GENERAL INFORMATION

#### Certificates of Participation

**'01/01/2001 (Stephens Lake Property) (Interest Rate: 5.975%)**

Original Issue - \$7,000,000

Balance As of 09/30/2001 - \$7,000,000

Maturity Date - 01/01/08

The City issued these Certificates of Participation to purchase an approximately 111 acres property commonly known as Stephens Lake Property. Payments due under this agreement will be made from a Local Parks Sales Tax that was authorized by the voters at an election held on November 7, 2000. Authorization is for sales tax in the amount of one-quarter of one percent (for five years), and one-eighth of one percent thereafter, on retail sales made in the City. Collections of the sales tax commenced April 1, 2001.

# COMMUNITY DEVELOPMENT BLOCK GRANT

## PURPOSE

This fund accounts for and disburses funds received by the City from the Department of Housing and Urban Development's Community Development Block Grant Program. These funds are to be used to provide facilities and assistance to low and moderate income citizens in the CDBG area of the City such as housing programs, neighborhood improvements and community facilities. After receiving recommendations from the Community Development Commission, the staff, and public hearings, the Council adopts this budget and submits it to HUD for final approval. Following that approval, the funds become available in the spring of 2002.

In 1991 the City Council adopted the following guidelines for the expenditure of the annual allocation of Community Development Block Grant funds: 20-25% for Housing Programs, 60-65% for Neighborhood Improvements (includes Planning and Administration) and 10-15% for Community Facilities.

## GLOSSARY

**Accrual Basis of Accounting** - Internal Service Fund and Enterprise Fund revenues and expenses are recognized on the accrual basis. Under this method of accounting, revenues are recognized in the accounting period in which they are earned, and expenses are recognized in the period incurred.

**Account Number** - A system of numbering or otherwise designating accounts, entries, invoices, vouchers, etc., in such a manner that the symbol used quickly reveals certain required information.

**Adopted Budget** - Refers to the budget amount as originally approved by the City Council at the beginning of the fiscal year.

**Anticipated Expenditures and Revenues** - The expenditures or revenues that are expected by the close of the budget year.

**Appropriation** - The legal authorizations made by the City Council to the departments, offices and agencies of the City which approves their budgets and allows them to make expenditures and incur obligations for specific purposes within the amounts approved.

**Assessed Valuation** - This is the value of property set for tax purposes. The assessed value is set by the County Assessor, who is charged with determining the taxable value of property according to a formula set by the State of Missouri.

**Budget** - The financial plan for the operation of the City for the year.

**Budgetary Control** - The control or management of a government or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

**Capital** - An asset item with a value of \$1,000 or more and is expected to have an estimated life of greater than one year.

**Capital Projects Fund** - Capital Projects Funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities or improvements.

**Debt Service Fund** - The debt service funds are used to account for the accumulation of resources and payment of general long-term debt principal and interest.

**Deficit** - An excess of the liabilities of a fund over its assets. Also, the excess of expenditures over revenues during the budget year.

**Department** - The Department is the primary unit in City operations. Each is managed by a department head. Departments are generally composed of divisions which share a common purpose or which perform similar duties.

**Depreciation** - The decrease in value of physical assets due to use and the passage of time. In accounting for depreciation, the cost of a fixed asset is prorated over the estimated service life of such an asset, and each year is charged with a portion of such cost. Through this process, the entire cost of the asset is ultimately charged off as an expense.

## GLOSSARY

**Encumbrance** - Commitment for unperformed contracts for goods or services. An amount of money committed and set aside, but not yet expended, for the purpose of a specific good or service.

**Enterprise Funds** - These funds are used to account for resources committed to self-supporting activities of governmental units that render services to the general public on a user-charged basis. Budgeted enterprise funds include: Water Utility, Electric Utility, Sanitary Sewer Utility, Regional Airport, Public Transportation, Solid Waste Collection, Parking Facilities, Recreation Services, Railroad, and Storm Water Utility.

**Expendable Trust Fund** - A trust fund whose principal and earnings may be expended. The only expendable trust fund that is budgeted is the Contributions Fund.

**Expenditure** - An actual obligation incurred for goods or services received whether or not yet paid by City check or by interfund transfer for internal City bills.

**Fiscal Year** - The period used for the accounting year. The City of Columbia has a fiscal year of October 1 through the following September 30.

**Fund** - A fund is a self balancing set of accounts designed to track specific revenues and the uses of those revenues.

**Fund Balance** - An accumulated excess of revenues over expenditures. An amount left over after expenditures are subtracted from resources is added to a beginning fund balance each year. Each fund begins and ends each year with a positive or negative fund balance. The exception to this is Enterprise Funds and Internal Service Funds which are accounted for in the same manner as private businesses and record retained earnings as opposed to fund balance.

**Fund Type** - In governmental accounting, all funds are classified into seven generic fund types: General, Special Revenues, Debt Service, Capital Projects, Enterprise, Internal Service, and Trust and Agency.

**GAAP** - Generally Accepted Accounting Principals

**General Fund** - The fund used to account for all City activities not required to be accounted for elsewhere. The General Fund of a governmental unit is made up of the resources available for the purpose of carrying on the unit's operating activities. The General Fund includes the following departments: City Council, City Clerk and Elections, City Manager, Municipal Court, Human Resources, Law, Planning, Economic Development, Finance, Fire, Police, Health, Joint Communications, Emergency Management, Community Services, Divisions of Public Works (Administration and Engineering, Streets, Traffic, and Protective Inspection), and Divisions of Parks and Recreation (Administration, C.A.R.E. Program, and Parks).

**General Obligation Bonds** - Bonds backed by the full faith and credit of the City.

**Governmental/Trust Funds** - Includes the General Fund, Expendable Trust Funds, Non-Expendable Trust Funds, Special Revenue Funds, and Capital Project Fund.

## GLOSSARY

**Legal Debt Margin** - The amount of additional debt the City may legally issue. It is currently 20% of the assessed value less general obligation debt currently outstanding.

**Intergovernmental Revenues** - Revenues from other governments in the form of grants, entitlement, shared revenues or payments in lieu of taxes.

**Internal Service Funds** - These funds are used to finance, administer, and account for the financing of goods and services provided by one department to other departments of the City on a cost reimbursement basis. Budgeted internal service funds are Fleet Operations, Custodial and Maintenance Services, Finance Utility Customer Service, Information Services, Public Communications, Employee Benefit Fund, and Self-Insurance Reserve Fund.

**Modified Accrual Basis** - General Fund, Special Revenue, Debt Service, Capital Projects, and Expendable Trust Funds are recognized on the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both available and measurable. Expenditures are recognized in the accounting period in which the fund liability is incurred. This basis measures resources available to the City.

**Net Income** - The excess of revenues over expenses. Net income is calculated for Internal Service Funds and Enterprise Funds. Net income is not calculated for a governmental fund.

**Non-Expendable Trust Funds** - A trust fund whose principal must be preserved intact. Revenues earned on the principal may be expended.

**Non-Operating Expenses** - Expenses incurred by Enterprise and Internal Service Funds that are not directly related to the fund's primary service activities. Examples of non-operating expenses include Interest Expense, Loss on Disposal of Fixed Assets, and Miscellaneous Expenses.

**Non-Operating Revenues** - Enterprise and Internal Service Fund revenues that are not directly related to the fund's primary service activities. Examples of non-operating revenues include Interest Revenue, Gain on Disposal of Fixed Assets, and Miscellaneous Revenue.

**Operating Budget** - The annual budget and process which provide a financial plan for the operation of government and the provision of services for the year. Excluded from the operating budget are capital projects which are determined by a separate, but interrelated process.

**Property Tax** - This refers to the property tax placed on property. The tax income is determined by multiplying the tax rate by each \$100 of assessed valuation.

**Proposed Budget** - The recommended City budget submitted by the City Manager to the City Council in late July each year.

**Revenue Bonds** - Bonds whose principal and interest are payable exclusively from earnings of an enterprise fund. In addition, these bonds may contain a mortgage on the enterprise fund's property.

**Revenues** - Money generated through taxes, charges, licenses and other sources to fund City operations.

## GLOSSARY

**Special Obligation Bonds** - Special obligations of the City. The payment of the principal of and the interest on the Bonds is subject to an annual appropriation by the City. The City is not required or obligated to make any such annual appropriation.

**Special Revenue Funds** - These funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes. Budgeted special revenue funds include: Convention and Tourism Fund, Transportation Sales Tax Fund, Community Development Block Grant Fund, Cultural Affairs Fund, Parks Sales Tax, 991/4 Cent Tax and Special District Tax Fund, and Public Improvement Fund.

**Subsidy** - Legally authorized subsidy from a fund receiving revenue to the fund through which the resources are to be expended.

**Transfer** - Legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended.

**Trust Funds** - These funds are used to account for assets held by the government in a trustee capacity. Trust Funds are composed of two main types, Non-Expendable and Expendable. The only Budgeted Trust Fund is the Contributions Fund.

**User Charges or Fees** - The payment of a charge or fee for direct receipt of a service by the party benefitting from the service.
