CERTIFICATION

The undersigned hereby certify that the attached document is a true copy of the annual budget of the City of Columbia, Missouri for the Fiscal Year beginning on October 1, 2002 and ending on September 30, 2003, as finally adopted by the City Council on September 16, 2002.

IN WITNESS WHEREOF, I have executed this certification on this ____ day of _____, 2002.

City Manager

IN WITNESS WHEREOF, I have executed this certification and affixed the corporate seal of the City on this ____ day of _____, 2002.

Penny St. Romaine, City Clerk

FY 2003 Budget Amendments As of 09/16/02

Council Reserve Items for Consideration \$75,000

ADA Podium for Council Chambers	2,000	
NRT Program (Inspector, 9 months) (50%)	18,750	split between CDBG/Council Reserve
Increase Social Services Contract	6,500	Increase contract for Teen to Teen Interact
ARC Scholarships	20,000	
AEDs in Public Buildings - GF Portion	12,612	
AEDs in Public Buildings - Rec. Services Portion	8,200	subsidy from GF would have to increase
Total Allocated	68,062	

Balance	\$6,938
----------------	----------------

Other Funds - AED Costs for 1-Year Option

Water Fund	6,225
Electric Fund	4,548
Recreation Services Fund	8,200
Recreation Services Subsidy Increase	(8,200)
Public Transportation Fund	570
Sewer Fund	3,360
Solid Waste Fund	3,350
Fleet Operations Fund	1,030
Utility Customer Services Fund	2,105
Total Other Funds Cost	21,188

Total Cost to Implement 1-Year Option	\$42,000
----------------------------------------------	-----------------

Recreation Services Fund - Other Issues

Reduce Child's Swim Pass from \$2.25 to \$2.00	(\$7,515)
Reduce Youth 20 Pass from \$34 to \$30	(\$3,100)
Net Impact	(\$10,615)

Reduce Golf Course Improvement Fee by \$1	(\$53,500)	
Increase Activity Fee for Operations by \$1	\$53,500	
Decrease Principal & Interest Payments to DLF for Irrigation at Lake of the Woods	(\$25,200)	This will cause the length of the loan to increase by 10 months
Net Impact	(\$25,200)	

Administrative Issues:

Health Department:

HIV Prevention Contract Amendment	46,000	Revenues
HIV Prevention Contract Amendment	46,000	Expenses
Net Impact on General Fund	\$0	

Community Services - Diversity Breakfast

Revenues:

Increased Revenues Projected for Celebration	6,525
Transfer from Contributions Fd of Previous Year Fund Bal.	8,900
Total Revenue Changes	\$15,425

Expenses:

Increase Printing	75
Increase Publishing and Advertising	350
Increase Miscellaneous Contractual Services	15,000
	\$15,425

Net Impact on General Fund	\$0

BUDGET MESSAGE

July 31, 2002

Honorable Mayor and City Council
City of Columbia, Missouri

Pursuant to Columbia's City Charter, I am pleased to submit the 2002-2003 City Manager's budget and budget message. The budget provides the single most important document for the City Council to adopt in a given year as it provides necessary funding for city services, programs, and Capital Improvement Projects. Our dedicated staff will be working as a team with the financial resources in this budget, the many volunteers of our city, and gifts and donations, to continue our city as a progressive award winning city.

The budget includes a statement of programs and priorities; a description of each department, department objectives, highlights/significant changes; and comparative data and performance measurements. This balanced budget is a financial plan which helps implement issues included in our statement of programs and priorities.

BUDGET PROCESS

The City Manager's budget must be submitted at least 60 days prior to the beginning of each budget year which begins October 1. Our goal is for the Council to submit any amendments to the budget for adoption of the budget during the second regular Council meeting in September. The charter provides that the Council shall hold public hearings on the budget as submitted, at which time all interested persons shall be given an opportunity to be heard. The charter also provides the Council adopt the budget by majority vote no later than the last Monday of the month preceding the first month of the budget year (September), or the budget submitted by the City Manager will be effective. The City Council has planned work sessions to review the budget, and conducts several public hearings for public input prior to adoption of the budget.

Each year the City Manager reviews the financial condition of the City and forecasts for the upcoming year to determine guidelines for the budget process. These guidelines are established to ensure that all elements such as personnel, capital equipment, etc. are addressed. Each year departments prepare their budgets using these guidelines and submit supplemental requests for consideration during the budget process. Difficult decisions must be made to prioritize these requests and allocate the resources available. Budgetary controls are in place to allow us to monitor both revenues and expenditures throughout the year. It was obvious at the beginning of this budget process that less funds would be available for supplemental requests than in previous years. Departments have spent many hours reviewing and analyzing their needs in order to prioritize and limit their requests. It was still not possible to fund approximately \$1.5 million in department requests.

OVERVIEW

Columbia is a full service city with a population of 84,531 (2000 census) and operates under the Council-Manager form of government. The City Council consists of a Mayor elected at large and six Council members elected from wards all for three year staggered terms.

Because Columbia is a full-service city, this budget may be larger than many cities of comparative size and will have more specific accounts for all operations. Some of the larger enterprise funds include electric, water, wastewater, storm water, parking, solid waste, recreation services, transit and the regional airport. City operations include several internal service fund activities that support other departments, such as information services (computers), utility customer services, fleet operations (central garage), and custodial and building maintenance services.

This has been a more difficult budget year due to the sluggish growth in the economy. We have responded to the declining growth in resources through prudent fiscal planning, tight budgetary controls, and City management's review and evaluation of spending decisions. We have maintained or increased our existing service levels through responsible revenue estimates and making tough budget decisions. Our city departments do a good job of monitoring their budgets and returning unspent funds each year, which are necessary to provide resources in future years.

Most fees shown remain stable with the exception of an increase in water rates of 3% and slight fee increases in recreation service activities. It is important to note the City will continue to provide quality services to the citizens with no proposed increases in the property tax rate, sales tax rate or other tax rates.

This budget reflects the priorities that were established in the City Manager's Annual Report on Programs and Priorities and reviewed with Council at their annual retreat. These priorities are:

- C Provide for comprehensive planning/implementation
- C Maintain and strengthen our central city
- C Plan for orderly growth of our city
- C Continue to provide and maintain infrastructure on a timely basis
- C Continue to deliver services and programs in a timely and cost effective manner
- C Provide sufficient community resources to carry out programs and priorities

In order to meet these priorities, we have included funds for master planning of major areas such as sanitary sewer; continue support of the Neighborhood Response Team (NRT) to strengthen our central city; provide staff resources to continue with annexation activities for the orderly growth of our city; provide funding for a capital plan for construction of infrastructure and operating funds for maintenance of infrastructure on a timely basis; increase the number of sworn police officers to keep up with the growth in the city population and restructure of departments (health and electric) and services to continue to deliver services and programs in a timely and cost effective manner; and fund a citizen survey to determine the services and programs citizens view as most important.

Revenues for Total Budget

Major revenue sources for the total budget are generated from Enterprise Operations fees (electric, water, solid waste, wastewater, etc.), which are approximately 48.09% followed by Sales Tax 14.72% and smaller percentages from other sources. This budget includes scheduled fee increases for the Water Utility (3%) and various Recreation Service programs. The FY 2003 scheduled fee increase for Solid Waste Operations is planned to be postponed until FY 2004. Staff periodically reviews user fees to determine continued competitive rate structures.

Overall revenues are down 0.35%, primarily due to a decrease in Grants (received for one time capital projects such as federal grants for buses), transfers, Lease/Bond proceeds, and interest earnings.

The proposed growth rate for Sales Tax Revenues is about 2.75%. While the actual growth rate of Sales Taxes for FY 2002 continues to hold steady just above 3%, continued economic uncertainty requires modest growth estimates for future receipts. PILOT from the Water & Light Department to the General Fund is projected to increase 3.23%. This projection is based upon the increase in water rates and the increasing number of customers. Property taxes are expected to grow at 4.79%. This revenue projection is based upon a 5% growth in assessed values.

Overall Gross Receipts Taxes are projected to decrease slightly at 0.35%. Most of the General Fund portion of the Gross Receipts Tax are projected to remain stable. A decrease has been projected for the Gross Receipts Tax on local telephone services due to the uncertainty in receipts from local providers including mobile phones.

Overall transfers are down 9.87%. This is primarily due to the decreased number of operating transfers required into the Capital Improvement Fund. These amounts vary widely each year depending upon the funding sources used for projects. No transfer is projected from Special Road District Tax funds, which are being accumulated for road projects planned for later years in the Capital Improvement Plan. Interest earnings continue to decline with rates remaining low and the elimination of certain balances that have been set aside for debt service reserves and capital projects. Capital Contributions and Grants are lower due to the previous year's receipt of grant proceeds in the Public Transportation Fund for the purchase of new buses and funds received for a major road project. Grants of this nature are not expected each year.

Expenditures for Total Budget

The overall expenditures shown for all funds total \$221,753,612; as compared to the amended FY 2002 amount of \$220,923,328 an increase of 0.4%. The major portion of this budget includes the continued operations of the City's enterprise funds which provide essential services such as basic utilities and public transportation. A smaller, but still significant, portion of this budget provides for the general government operations of public safety, health, maintenance of streets and sidewalks, recreation, and other basic services.

The overall operating budget is \$155,793,450, up 6.1% from amended FY 2002. This overall increase is due primarily to the increase in purchase power cost in the Electric Utility. The increase in the operating budget for Governmental Funds is 4.8%, compared to the increase in Enterprise and Internal Service Funds which increased 7.0% and 5.5% respectively.

Non-operating expenditures remained fairly constant, increasing only 1.8% overall. This category includes all transfers and subsidies. The City continues to provide subsidies to the Public Transportation Fund (\$1,600,000) and Regional Airport Fund (\$569,235) from Transportation Sales Tax proceeds. General Funds are used to subsidize Recreation Services (\$1,500,000), and support our Cultural Affairs (\$239,000) and Volunteer Services (\$128,000).

Capital outlays (equipment, etc.) are shown at \$3,811,764 as compared to \$5,257,033 for amended FY 2002. General Government capital outlays are down about \$300,000. The largest decrease occurred in Enterprise Funds, where the replacement of several large pieces of equipment were scheduled and budgeted to be replaced in FY 2002, specifically in the Solid Waste Utility and Electric Utility, and not required this fiscal year.

This is the second year for the four year replacement policy for personal computers. The City continues to utilize the "business class computers" where feasible. These computers cost less than \$1,000 each. This budget includes the replacement of 155 computers in accordance with this four year replacement policy for a cost of over \$208,826. We feel this program will be more cost effective with less calls for support personnel. Other computer related equipment is included for a total of \$709,314.

Capital Improvement Projects - All Funds

The City prepares a five year capital plan to address the capital needs of current and future years. Capital Improvement Projects (CIP) for all funds decreased from \$20,557,018 in FY 2002 to \$14,416,340 a decrease of 29.9%. The amended FY 2002 CIP included over \$4,000,000 in Solid Waste Projects for work at the landfill that included the Materials Recovery Facility. Water Utility projects are also budgeted at a lower amount in FY 2003 primarily due to the major expansion at the Water Treatment Plant budgeted in the previous year. General Government Capital Improvement Program is down 8.5% with small decreases across most areas. This plan includes additional funding for the public building expansion and renovation projects.

We have included a list of projects which Council has expressed an interest in funding and these projects are currently shown as unfunded. Council will need to discuss this list during a budget work sessions and include the Council's approved projects in the adopted budget. The budget as submitted includes \$382,323 of funds to be allocated by the Council for these unfunded projects.

Many projects are budgeted for in one year and can take several years to complete. The City will continue work on projects such as the Green Meadows and South Hampton connectors to AC, Vandiver Connection to Mexico Gravel Road, the Public Health Building, South Water Reservoir, and the Upper Grindstone Outfall during FY 2003. During the year the City researches and applies for capital grants and other funding which may change the timing of certain projects. Further details of the CIP will be discussed later in this message.

PERSONNEL

Our full service city has 1,127.60 permanent positions with total personnel services being a major budget item, particularly in the General Fund where it is 66.95% of the budget. Overall personnel costs increased 4.9%, which is within our 5% guideline. New employees make up approximately 1.17% of this increase. This increase is less than in past years which has been our practice to hold the growth in new personnel to about the growth rate of the City's population. New census figures indicate actual annual growth of 2.2%.

New Positions Proposed

A total of 14.25 FTE's were added in this proposed budget, which is less than the growth rate of our city.

This budget adds a net of 6.5 permanent positions in the General Fund. These include:

- C 3 Police Officers (2 Traffic and 1 Patrol)
- C 1 ASA II in Municipal Court
- C 1 Public Health Planner
- C 0.50 ASA II in Health Department
- C 1 Maintenance Mechanic in Park Services
- C 1 Accounting Assistant in Finance
- C Elimination of 1 Grants Coordinator

The increase in the number of sworn officers is equal to the city's growth rate. Funds for temporary positions were added to the Street Division in Public Works and Human Rights Commission in Community Services.

In all other funds a net of 7.75 positions are being added. These positions include:

- C 1 Administrative Secretary in Convention and Tourism
- C 1 Substation Technician Supervisor in Electric Utility
- C 1 Energy Management Specialist in Electric Utility
- C 1 Public Works Supervisor in the Materials Resource Recovery Facility
- C 1 Equipment Operator III in the Materials Resource Recovery Facility
- C 1 Material Handler in the Materials Resource Recovery Facility
- C 1 Program Assistant in Recycling
- C 1 Customer Service Representative in Utility Customer Services
- C 0.50 Printer's Aide in the Print Shop
- C Elimination of 0.75 Recreation Leader.

Personnel Pay/Benefit Package

The goals established in determining the pay and benefit package were:

- Develop a pay package with pay increases that are affordable and community acceptable.
- Overall personnel cost would increase no more than 5% including new employees.
- Set rates to keep the Health insurance plan fiscally sound.
- Ensure pay increases cover the cost of Health insurance increases (no reduction in take home pay).
- Address the Labor groups and unrepresented employees request to implement the LAGERS L-6 pension enhancement made possible by the decreasing City cost of LAGERS.
- Address the growing disparity in pension contributions between the various groups due to the continued decrease in the LAGERS pension cost to the City and increasing costs to the City in the Police and Firefighters pensions.
- Fair as possible for all City employees.

This budget also includes a **5% increase in the Health insurance rates** paid by the City. The City pays the full cost of health and dental insurance for employees. Employees who purchase family coverage will have a 5% increase in their costs. We are proposing an **increase in the copay for prescription drugs** from \$4/\$8/\$14 to \$5/\$10/\$20 depending on the type of drug. This is still below the average of other plans we have surveyed but important to our lower paid employees.

This budget includes a **1% COLA or \$0.135 per hour increase**, whichever is higher. This is the first time we have implemented a COLA with a minimum cents per hour, though we have used this approach in conjunction with merit increases in the past. No merit is proposed for this year. With the small amount of funds available for actual pay increases, using a COLA instead of a merit ensured all employees receive the benefit of the pay increase for the entire year regardless of review dates. For the first time, this budget also includes a **one-time payment of \$300 for all permanent employees**. This pay package structure best minimized the effect of the health insurance increases, especially for our lower paid employees.

Due to a unique set of circumstances over the past two years the City's contribution rate for the LAGERS pension plan has decreased significantly for the same level of benefits. This is a State sponsored pension plan that covers all permanent employees except for sworn police officers and firefighters. For this reason, the various labor groups and a large number of the unrepresented employees have requested the City implement the recently available L-6 enhancement. This enhancement eliminates the benefit reduction at age 65 under the current plan. This budget includes the **L-6 enhancement for the LAGERS pension plan**. The new City LAGERS contribution rate with the enhancement would be lower than the rate the City paid in FY 2001. This budget also includes the

City picking up 1.5% Police and 1% Firefighter employee contributions to their pension plan. It was necessary to **reduce the City's 401(a) match** from 3% to 2% for all employees. It is easier for the City to adjust the 401(a) match, which is more flexible, and can be adjusted each year. It is more difficult to change the other defined benefit pension plans the City has such as LAGERS, Police and Firefighters pension plans.

HIGHLIGHTS - GENERAL FUND

The general fund shows revenues and expenditures for traditional operations and programs found in most communities such as Public Safety, Public Health, Planning, Public Works, Parks, etc. Subsidies are provided from the City General Fund account to an Enterprise Fund (Recreation Services) and Special Revenue Funds (Cultural Affairs and Volunteer Services) that do not provide adequate revenues from their fee structures.

Although the budget growth shown is lower than the previous year, there is continued emphasis on public safety related operations and public health. Specifically, the budget places a high priority on public safety by providing the community with well-equipped employees and increasing funding for these departments by a growth rate above the growth in most other General Fund Departments. This budget remains responsive to community needs by continuing support for NRT activities to strengthen the central city, supporting priority public health issues; providing funding for social service programs; addressing citizen requests for enhanced traffic enforcement by adding two traffic officers, and providing for citizen input through a citizen survey. We continue to provide a quality environment for the youth of our community through educational programs such as the CARE program for economically, socially and academically disadvantaged youth; the Police youth academy and summer camp; fire prevention programs in the community and schools; WIC programs to provide nutritional education and supplemental food vouchers; health education programs including the recently established oral hygiene program; as well as providing a variety of recreational opportunities. This budget also includes the continued maintenance of public right-of-way and green spaces including trails and parks; maintenance of streets, bike, and pedestrian infrastructure; and responses to homeland security issues.

Key elements of the proposed FY 2003 General Fund budget are:

Revenues - General Fund

Major General Fund sources of funding include Sales Tax 29.37% (about 91% of our 1% General Sales Tax); payment in lieu of tax (PILOT) from electric and water 13.84%; Property Tax 8.56%; Gross Receipts 5.62%; grants and others. Property Tax Revenue to the General Fund is increasing 4.79% and the property tax rate paid will remain constant at \$0.41 per \$100 assessed value. The revenue increase is based on a 5% increase in assessed valuation. It should be noted the \$0.41 General Fund levy is still \$.0391 below the maximum the Council is authorized to levy for city operations. A major concern for management is the continued low rate of growth in Sales Tax Revenues, which not only affects the General Fund, but also our Transportation, Parks, and Capital Improvement Funds.

C Total resources are \$51,953,833 which is a 2.68% increase over estimated FY 2002. General Fund budgeted revenues include a transfer of \$2,595,029 from the projected unused fund balance of FY 2002. This is \$432,026 or 19.97% more than was available in FY 2002 but in line with previous years' transfers which have ranged from \$1.0 million to \$2.4 million over the past ten years. This use of "carry forward" funds still maintains our 16% fund balance shown in our policy resolution.

C Resources are projected at \$49,358,804 which is \$925,880 more or a 1.9% increase from estimated FY 2002.

This does not include “carry forward” funds.

- Sales Tax Revenue is projected at a growth rate of 2.75% to generate \$408,500 over estimated FY 2002. The projected rate of increase in Sales Tax is continues to be lower than in previous years.
- Total Gross Receipts Tax is projected to decline slightly by 0.51% under estimated FY 2002. This budget projects stable revenue for electric, natural gas and CATV. A slight decrease has been projected for the Gross Receipts Tax on local telephone services due to the unstable nature of the receipt from local providers including mobile phones.
- Other local taxes are projected to decrease 2.65% or \$100,000 due to projected reduction in Cigarette Tax and Motor Vehicle Tax receipts.
- PILOT is projected to increase 3.23% which includes the effect of growth in customers plus the 3% rate increase proposed in the Water Utility.

Expenditures - General Fund

- C Expenditures are projected at \$51,953,833, up 3.4% from the amended FY 2002 budget.
- C Capital additions are \$1,227,126, down \$299,334 from the amended FY 2002 budget. This decrease is primarily due to the police fleet replacement schedule that required less vehicles to be replaced in FY 2003, one less dump truck was replaced in the Street Division, and several vehicles that were replaced for engineers and inspectors in FY 2002 did not need to be replaced in FY 2003. The Police Department shows an increase in equipment supplies, such as mobile vision cameras and Mobile Data Terminals, to offset the reduced number of vehicles. Other departments remained at about the same level of capital additions.
- C Our Fund balance is projected at 16%, the Contingency Fund has been set at \$100,000 and \$75,000 is shown for Council Reserve. The Council may want to specify uses for all or part of the Council Reserve in the Council adopted budget. A large increase is reflected in City General Nonprogrammed funding. This fund is planned for payment to the Boone County Fire Protection District estimated at \$150,000, matching funds for grants that may be available during the year, and other grant activities.
- C Funds for social assistance programs and art activities show a 2.0% increase over FY 2002.
- C Subsidies to other funds have not changed from the FY 2002 amounts.
- **Police Department** - Overall budget increased 3.7% for FY 2003. Total supplemental requests included are \$803,320. This includes the addition of three police officers, two to be assigned to traffic and one to be assigned to patrol. These officers were budgeted for nine months since it would not be possible to have them hired at the beginning of the fiscal year. Fleet replacement includes six patrol vehicles, ten detective vehicles, five crime prevention vehicles, and one detective van. This budget shows a significant equipment replacement schedule which includes 55 handguns and accessories, 50 bullet proof vests, 16 light bars for cars, 8 mobile vision cameras and 5 large mobile radios. This year 48 computers will be replaced per the 4 year replacement policy.
- C **Fire Department** - Overall budget is increased by 3.6%. Supplemental request totaling \$90,740 for the Fire Department include refurbishing a ladder truck, replacing a 1992 SUV for a Division Chief and various other

equipment. Two computers will be replaced per the replacement policy with Business Class computers as well as one laptop computer. Our actuaries calculated a large increase in the City's contribution rate for firefighters' pension. This rate increase is due in part to the large number of retirements that have occurred since the pension enhancement was adopted this past year.

- C **Municipal Court** - One ASA II is proposed to be added to Traffic Violations to assist in the processing of parking tickets and reduce the lines for individuals waiting to pay tickets. Funds were also added for increased security measures. The increase in police and other enforcement activities made it necessary to once again increase staffing.
- C **JCIC and Emergency Management** - Supplementals totaling \$69,915 have been proposed for computer equipment, software, and a new generator and other items for the EOC.
- C **Health Department** - One Public Health Planner and 0.5 FTE ASA II are proposed to be added. The Health Department is proposing to eliminate primary care services and shift resources to focus on priority public health issues in the community such as family planning, communicable disease control, and chronic disease prevention (diabetes, heart disease). Additional administrative support time will be allocated to Medicaid billing for services such as WIC and immunizations. Sixteen computers will be replaced this year per the four year computer replacement policy. One Animal Control truck will also be replaced. Plans call for moving the Health Department to the vacated Nowell's store as soon as renovation work is complete, which is anticipated in FY 2004. Therefore, this budget does not address any costs related to occupying the new offices.
- **Parks and Recreation General Fund** - Budget shows a 3.34% increase over the amended FY 2002 budget. One new Maintenance Mechanic is proposed for FY 2003. This is consistent with the Parks Sales Tax plan developed at the time of the ballot issue. Other supplemental requests totaling \$293,410 includes adding \$30,000 in contractual services for horticulture and forestry; replacing two vans, three trucks of various sizes, a cushman utility vehicle, and riding mower. Also included are one additional truck with utility bed and one additional small mower.
- C **Public Works General Fund** - Increase in the total budget is shown at 0.97%. However, operating expenditures are increasing 2.8%. The FY 2003 requests include a street sweeper, one tandem dump truck and three vehicles. Capital equipment is decreasing because FY 2002 included replacing a street sweeper, two tandem dump trucks, and six vehicles. This budget continues to include \$50,000 which was added to the Street Department budget for landscaping and maintenance of planters and right-of-way in FY 2002.
- C **Planning** - Increase in budget shown at 2.78% over the amended FY 2002 budget and includes continued funding of \$25,000 for NRT activities and \$30,000 for the employee home ownership program.
- C Other increases in the General Fund include adding approximately \$20,000 to the **Human Resource's budget** to implement an employee ID system for all City employees, and \$6,000 has been added to the **Council's budget** to replace a microfiche reader/printer.
- C City general non-departmental expenditures are increasing \$230,145. Increases in Miscellaneous Nonprogrammed expenses include funds for payment to the Boone County Fire Protection District, amounts set aside for grant matching, and other grant activities. Transfers and subsidies have stayed fairly constant

and includes a transfer in the amount of \$700,000 to the Capital Projects Fund for the Public Building Expansion and Renovation project.

HIGHLIGHTS - ENTERPRISE FUNDS

Combined budgets for all enterprise fund operations show projected revenues for FY 2003 at \$112,951,270 and expenses at \$109,395,034 for a net income of \$3,556,236. This income is for capital items and Capital Improvement Projects. Four of the City's ten enterprise funds have a net loss projected for FY 2003, Water Utility, Recreation Services, Public Transportation and Solid Waste. Sufficient fund equity exist in these funds to still allow for financially sound operations. Future rate increases are anticipated for the Water and Solid Waste Utilities.

- C **Electric Utility** projected revenues are \$68,620,124 with expenses of \$65,230,119 for a net income of \$3,390,005. This is down from the net income budgeted for FY 2002. Operating expenses are projected to increase 7.7% or \$3,734,370. An increase in the cost of purchased power of \$3,316,640 is the primary reason for the increase. No rate increase is being proposed for FY 2003. A total of \$1,241,085 is shown as supplemental expenditures which include the replacement of equipment and major maintenance and upgrading of a variety of facilities including the power plant. Two new positions are included in this fund, a Substation Technician Supervisor and an Energy Management Specialist II. Also included is a restructuring of engineering to make three "teams" headed by a supervising engineer and to restructure the substation technician operation to have three two person teams.
- C **Water Utility** projected revenues are \$11,012,366 and expenses of \$11,479,759 for a net loss of \$467,393. A 3% rate increase is included for this year and may be necessary in future years to fund system expansion and operating costs. Net income adjusted for depreciation expense is \$1,042,907 for FY 2003 compared to \$773,840 for estimated FY 2002. Supplemental requests approved for this budget total \$409,715. This is primarily for the replacement of existing equipment and major maintenance on a variety of facilities. No new personnel are planned for the Water Utility.
- C **Railroad Utility** projected revenues are \$675,365 with expenses of \$622,771 for a net income of \$52,594. Since the railroad provides direct benefits to the electric utility (primarily coal hauling), we have been transferring \$50,000 per year from the Electric Fund to the Railroad Fund. Supplies used city-wide are being shipped by rail, providing competitive transportation alternatives. Several major railroad users are major customers of utilities and also continue significant PILOT funding to the General Fund. The capital improvement plan includes funding for a new rail terminal facility. There is an adequate fund balance without additional transfer into this fund.

- C **Public Transportation (Transit)** has projected revenues of \$2,870,200 and expenses of \$3,000,062 for a net loss of \$129,862. This loss is a planned use of fund equity and allows for the operating subsidy from Transportation Sales Tax Funds of \$1,600,000 to remain the same amount as FY 2002. Few projects are planned in the CIP due to the funding cycle of federal grants. In FY 2003, the City does not expect to receive any major federal capital grants.
- C **Airport** has projected revenues of \$1,198,370 without the Federal Capital Grant, and expenses of \$1,331,594 for a net loss of \$133,224. This includes the subsidy from Transportation Sales Taxes of \$569,235 and the projected receipts from the newly proposed Passenger Facility Charge of \$70,720. The Airport will also be receiving an federal Grant for projects proposed in the CIP of \$914,000 for cargo aprons, taxiway, and an environmental assessment. This fund still has a good working capital position.
- C **Sanitary Sewer Utility** has projected revenues of \$8,297,800 and expenses of \$7,837,650 for net income of \$460,150. Supplemental requests proposed totaled \$393,809 and include replacement of several pieces of equipment including a road tractor, pump for Clear Creek Station, and single axle dump truck. Funds have been added to Temporary Positions for improved mowing, weed control, and wetland maintenance. The capital improvement plan includes funding for a facility plan update. Planning for a future Revenue Bond Issue needs to be considered.
- C **Parking Utility** has projected revenues in the amount of \$2,021,829 and expenses of \$1,756,740 for a net income of \$265,089. The rate increase and new meters that were implemented with the FY 2002 budget have improved the financial position of this enterprise. Staff continues to work with the downtown business district to ensure the parking needs of downtown are met. Supplementals totaling \$81,976 includes funds for the continued upgrade of parking meters from mechanical to electronic.
- C **Solid Waste Operations (Refuse)** has projected revenues of \$9,969,457 and expenses of \$10,841,252 for a net loss of \$871,795. However cash flows continue to remain positive. This budget recommends postponing the FY 2003 planned rate increase of \$0.45 that will be needed to continue to implement the City's recycling program, provide funds for maintenance and storage buildings, and construction of a resource recovery structure to handle our blue bag program. Funds are provided for the first phase of operations of the resource recovery structure. This included the conversion of temporary positions to permanent positions of one Public Works Supervisor, one Equipment Operator III, and one Materials Handler. Staff will monitor the amount of recyclable material processed to determine whether expansion of operations is feasible. A current temporary position used to coordinate the large volunteer activities will be converted into a permanent position. Other supplemental requests include replacing two rear loader trucks, a heating and air conditioning unit at the landfill operations center, and replacing a sludge roll off container as well as other equipment.
- C **Storm Water Utility** has projected revenues of \$1,170,000 and expenses of \$964,674, for net income of \$205,326. No new personnel are included in this year's budget proposal; however funds were added to temporary labor account. The City will continue toward finalizing new storm water regulations to meet EPA requirements and be community acceptable.
- C **Recreation Services Fund** includes only the Recreation Services Division of the Parks & Recreation Department. This fund has projected revenues of \$6,201,759, expenses of \$6,330,413, and a net loss of \$128,654. Revenues include operating subsidies from the General Fund and Parks Sales Tax. The

\$1,500,000 subsidy from the General Fund has been the same amount for the past several years. The \$525,300 subsidy from Parks Sales Tax to support operations and to purchase capital equipment was increased by 3%. In order to keep the General Fund subsidy constant, staff has proposed a combination of cuts and revenue increases. Some programs with low attendance will be eliminated, swimming at Stephens Lake will be converted to a "swim at your own risk" area, and temporary labor has been cut. Fees will be increased in Aquatics for lessons and admissions will be increased at certain facilities so that all pool admission prices are uniform. Other increases are proposed to activity fees for certain sports, day camp, shelter rental and golf passes. The debt and operating activities for the Recreation Center are also included for the entire FY 2003 budget year. Debt payments will be made from a transfer in of the 1999 One-Quarter Cent Capital Sales Tax receipts.

HIGHLIGHTS - INTERNAL SERVICE FUNDS

Internal Service Funds provide necessary services to support departmental operations throughout City government and receive revenues from those accounts and investment earnings. Combined budgets for all programs and projects operated as Internal Service Funds show projected revenues for FY 2003 of \$18,522,657 and expenses at \$19,967,994 for a net loss of \$1,445,337. The majority of this loss is due to a planned use of accumulated retained earnings rather than increasing service fees to operating department, where it is not necessary this year.

- C **Utility Customer Service Division (UCS)** of the Finance Department. Staff will continue the billing improvement process to include expanded use of the internet and phone systems. Funds have been included to promote new features offered such as Budget Billing and web based services. Supplemental requests include the addition on one Customer Service Representative with a decrease in temporary positions. This will allow for better trained employees to meet the increasing demand of our utility customers.
- C **Information Services (Data Processing)** has supplemental requests of \$352,225 include funds for the upgrade of AS/400 on a three year lease/buy option. Also included are funds to convert the City from Corel Office Suite software to Microsoft Office software. This is considered beneficial to allow City staff to more effectively exchange information with outside agencies and citizens. A high priority for the I.S. Department continues to be to work with the E-Government Coordinator to ensure a smooth rollout of E-government services over the next few years. This will be accomplished by upgrading our current network infrastructure as well as creating a secure, expandable platform of web based services.
- C **Public Communications Fund** budget includes the newly created E-Government Office. Staff will be tracking the activities of this office during FY 2003 to better develop an internal service fee to recoup the cost of this operation. This Internal Service Fund also provides printing, copying and mail services to all city departments. Supplemental requests include the addition of a 0.5 FTE Printer's Aide.
- C **Fleet Operations Fund (Vehicle Maintenance)** - Labor rates charged to departments were increased for FY 2003 and may need to be increased again in FY 2004. Staff will continue to review billing structures and operations to eliminate the loss in this fund in future years.
- C **Employee Benefit Fund** - A 5% rate increase in the health insurance rates is recommended this year in addition to an increase in the copay for prescription drugs from the current structure of \$4/\$8/\$14 to \$5/\$10/\$20. Contractual administrative fees have continued to increased substantially. Staff will be reviewing options for ways to reduce these fees.

- C **Self-Insurance Reserve Fund** - Funding from city departments was increased by 5% for FY 2003 and can be anticipated to increase in future years. It is anticipated that the debt in this fund will be retired during FY 2002. Staff has projected revenues and expenditures for the next 10 years and this fund will be able to meet its obligations.
- C **Custodial & Building Maintenance Funds** - Rates to user departments remained stable.

HIGHLIGHTS - OTHER FUNDS

- C **Office of Volunteer Services** has a budget of \$144,426. It was established in FY 1997 to expand volunteer services and to develop a formal City Trust Fund. The City Check Off program, "Share the Light", was successfully implemented in FY 2002 to collect donation to enhance 6 specific functions through the utility billing system. This allowed citizens to contribute to City of Columbia projects through their utility bill on a one-time or monthly basis. As of July, 2002, over \$10,000 has been raised for the six areas of city programming (Community Beautification, Crime Prevention, Fire Prevention, Public Art, Youth Dental, and Youth Recreation Scholarships). The Youth Dental funds have been used to purchase 650 oral hygiene kits which will be used to educate preschool age children and their parents on proper oral hygiene. The Crime Prevention funds will be used by the Police department to reimburse expenses for the Citizens on Patrol Program (C.O.P.) reimburse salaries for the Youth Academy and Summer Camp programs which create an opportunity to interact with local middle school, junior high school, and high school students. Fire Prevention and Education funds will be used to purchase 300 smoke detectors to continue the Columbia Fire Department's Smoke Alarm Program. Other significant programs that have been initiated utilizing services of many community volunteers. Continued emphasis will be placed on the City Trust and the new 501(c)3 that has been authorized by the Council. In the past fiscal year, the City Trust has received \$50,000 for parks beautification and the 501(c)3 has received \$62,500 for the Recreation Center.
- C **Office of Cultural Affairs** budget for FY 2003 has a total increase of 2.1%. Funding for the arts agencies include a 2% increase. This office will continue to administer the "1% Percent for the Arts" projects for the new Public Health facility and Stephens Lake Park development, organize the growing Columbia Festival of the Arts, as well as many other activities during the year.
- C **Convention and Tourism** budget increased a total of 31.5% for FY 2003. This increase is due primarily to the budgeting of the Tourism Development Funds. These programs are the Festival & Event program, which is entering its third year and the Attraction Development program. Final approval is expected by Council of the guidelines for the Attraction Development program which will allow for allocation of these funds. An Administrative Secretary position will be added.
- Other Special Revenue Funds are included to show the receipt and disbursement of special taxes for their designated uses. These include the Public Improvement Fund, Special Road District Tax Fund, 1999 One-Quarter Cent Capital Sales Tax Fund, Transportation Sales Tax Fund and Parks Sales Tax Fund.

HIGHLIGHTS - DEBT SERVICE

The City has a history of using prudent financing methods to fund its capital needs. Included in this budget is the City's debt service schedule for its outstanding bonds. The City continues to maintain an excellent bond rating of AA for its General Obligation and A1 for its Revenue bonds.

The City will retire the remaining General Obligation Debt of \$700,000 in FY 2003. With voter approval, the City has the constitutional authority to issue up to approximately \$210 million in general obligation bonds. The Debt Service Summary page in the budget document provides a detailed list of all outstanding debt, which includes \$95,990,000 in Revenue Bonds ; \$16,820,000 in Special Obligation Bonds; and \$21,345,000 in Certificates of Participation (COPs).

The current financing plan for Public Building Expansion projects calls for the second phase of COPs to be issued in FY 2004. These COPs can be issued with Council approval. This is a similar financing approach that has been used by other governmental agencies (such as City of Fulton and Boone County) to finance public buildings.

The second phase of Water & Electric Utility Revenue Bonds was issued in FY 2002. Staff is evaluating the need for Revenue bonds in the Water & Electric Utility and the Sanitary Sewer Utility. Both of these issues may be ready to be placed on a ballot issue during FY 2003.

HIGHLIGHTS - CAPITAL IMPROVEMENT PLAN (CIP)

The Capital Improvement section of this budget shows summaries of those projects funded this fiscal year, proposed funding for projects FY 2003, as well as those projects projected for future funding and construction (5-year plan). Our continued emphasis is on maintaining the facilities and infrastructure we have, upgrade in our older neighborhoods, and construct new infrastructure needed for a growing community.

The General Government CIP Plan appropriates \$5,309,217 in new funds for improvements. This is down slightly from \$5,854,520 in FY 2002. The total amount available, including prior year appropriations, is \$6,142,551 for FY 2003. During the Council Retreat projects were reviewed to be included in the CIP.

We have included a list of projects which Council has expressed an interest and are shown as unfunded . There is \$187,110 in new funds and other prior year funds for a total of \$382,323 to be allocated to these projects. Council will need to discuss this list during a budget work sessions and include approved projects in the adopted budget.

Public Building Expansion/Renovation

A major project discussed at the Retreat was city office space and renovation. Because of the crowded office conditions, increased amount of rental space, and the need for major renovation, this project should be considered a high priority project. Space studies have been completed. Preliminary plans have been developed by an architect and recommended by a citizen committee. The cost would be prorated from various funds based upon

the space needs for their operation.

This budget includes a transfer of \$700,000 in general funds and \$155,000 from previously issued COPs for public building expansion and renovation projects. In previous budgets funds have been appropriated in the Water and Light utility for additional office space in the amount of \$1,250,000, as well as \$445,000 in general fund and COPs proceeds. A total of \$2,680,000 would be available toward this project. As previously discussed with Council, these funds, along with the future sale of COPs, would finance the total project cost. The \$700,000 from the General Fund would be used to pay off these COPs over a twenty year period. The office space plan was developed to meet the space needs for twenty years. Total estimated costs for both the space expansion and renovation of existing buildings is \$16 million.

Enterprise Fund CIP appropriates \$9,192,123 in new funds for improvements. This is down from \$14,844,498 in FY 2002. Enterprise capital projects are \$5,652,375 lower than the FY 2002 appropriation. This is due mainly to the major construction projects at the landfill totaling approximately \$4,000,000 and the decrease in Water Utility projects for the major expansion at the Water Treatment Plant and transmission system projects budgeted for FY 2002. The total amount available, including prior year appropriations, is \$17,529,978 for FY 2003.

New funding for major projects for next year include:

General Government Projects

Streets & Sidewalks Projects:

- C Blue Ridge Road; Garth to 763 - \$829,000
- C Business Loop 70 Sidewalks: Garth to Creasy Springs - \$240,000
- C East Broadway; US 63 to Old 63 - \$125,000
- C Heather Lane; Broadway to Ash - \$137,000
- C Donnelly Avenue Improvements - \$109,000
- C Sidewalk Improvements - \$93,000

Parks & Recreation Projects:

- C Stephens Lake Park - \$670,300
- C Antimi Ballfield Complex Expansion - \$225,000
- C Greenbelt/Openspace - \$100,000

Fire Projects:

- C Replace 1988 pumper apparatus - \$500,000
- C Repair Training Academy Drill Tower - \$90,000

Other General Government Projects:

- C Public Building Expansion - \$1,300,000
- C Replace roof Police/JCIC - \$106,100

Enterprise Fund Projects

Electric Projects:

- C Grindstone Substation Expansion - \$2,200,000
- C New Electric SCADA- \$1,000,000
- C Increase amount for underground utilities from \$500,000 to \$800,000

Water Projects:

- C 12"Main Oakland Gravel Road; NE Booster Station to Grace Ellen - \$527,000
- C Former Water District #2 Upgrades - \$355,000

Sewer Projects:

- C Facility Plan Update - \$500,000
- C Sewer System Expansion - \$500,000
- C Sewer Maintenance Rehabilitation - \$500,000

Storm Water Projects:

- C Rollins at Rothwell - \$176,000
- Merideth Branch Detention Basin - \$175,000

Railroad Projects:

- C Rail Terminal - \$236,000
- Extend Broad Building Spur - \$278,100

Many projects are budgeted for in one year and can take several years to complete. The City will continue work on projects such as:

- C Green Meadows and South Hampton Connectors to AC
- C Vandiver Connection to Mexico Gravel Rd
- C Scott Blvd: Bellview Drive to Brookview Terrace
- C Private Common Sewers Collectors
- C Upper Hinkson Creek Sewer Outfall Relief
- C Upper Grindstone Sewer Outfall

ADDITIONAL COUNCIL CONSIDERATIONS

General Fund Council Reserve

The General Fund budget is prepared to provide the Council an additional expenditure of \$75,000 without reducing the fund balance below our guideline of 16% or reducing expenditures as shown in the budget. Listed below are items not included in the budget that the Council may want to consider during the budgeting process. Several of these were suggestions Council persons wanted to review and consider at budget time.

- C Additional funding to increase the area for NRT activities of \$37,500 (Additional Building Inspector for 9 months)
- C Automated External Defibrillators (AED) in City Facilities total cost of \$42,000 with a phase in of 1 year

(\$42,000), 2 years (\$21,000), or 3 years (\$14,000).

- C Any other issues that may come up during Council worksessions and public hearings.

Capital Improvement Funding Issues

- C Included in the CIP is a page listing projects for Council's consideration. The total amount of projects to be considered is \$729,000 and resources available for these projects (including the \$187,110 from the General Fund) is \$382,323. Specific issues shown on this list are those that Council has expressed interest in funding or increased funding for include: increasing the amount of funds available for landscaping, increasing funds for sidewalk maintenance, and funding to support downtown special projects identified by the Special Business District.
- C Increase development charges for capital improvement funding from \$0.061 to \$0.10 per square foot of building. This would generate approximately \$125,000.

NEW / INCREASED INITIATIVES BUDGETED

- C Homeland Security Defense: It is important that our city continue to evaluate the security of our community and all vital city services. We have upgraded the security access system for Police/JCIC/Water and Light facility to ensure a greater protection for employees, visitors and city inventory. The City has a well-equipped Emergency Operations Center that is ready to go in the event of a significant disaster. Situational exercises involving all our departments and other agencies have been ongoing and will continue each year to make our community well prepared in the event of a disaster
- C The city received a bioterrorism grant, included in the Health Department budget, which provides funding for a bioterrorism regional planner and an epidemiology specialist. In FY 2003 this program will be fully operational. This will enhance regional bioterrorism preparedness. We anticipate receiving a Department of Justice grant to be administered through the State Emergency Management Administration (SEMA), that will provide nearly all of the FBI required equipment for the city to re-activate our Explosives (Bomb) Disposal Unit. This has been a combined effort of our Police and Fire Departments. We are also reviewing the possibility of locating a backup communications and dispatch center for 911 and Water and Electric operations.
- C During the fall of 2002, we plan to unveil a new look for the City's Web Site along with enhancements including better navigation, architecture and functionality. Staff has been working with a web consultant and the Council appointed Internet Citizens Advisory Group to ensure that the new look accomplishes the goals established for the site.
- C Staff has been working with a consultant to develop the means for allowing customers to review their accounts and pay bills and fees online. We anticipate that this capacity will be possible during FY 2003, possibly starting with Parks and Recreation.
- C The City is anticipating that a contract will be finalized in the very near future with Prost Builders/Show Me

Transportation d/b/a Show Me Warehouse for construction and operation of a rail transload and terminal facility on City owned property located on Brown Station Road north of Route B. The terminal will provide a facility where commodities and materials can be unloaded off rail cars and delivered, or be received and be loaded onto rail cars outbound. The facility will be available to serve all of central Missouri, and should generate additional traffic and revenue for the Columbia Terminal.

- C In response to Council requests, this budget increases the amount of funding for underground utility lines from \$500,000 to \$800,000.

FUTURE ISSUES

- C **Homeland Security Defense:** The City will continue to coordinate effectively with City, County, State, Federal, and other agencies to address homeland security issues and pursue all funding opportunities available.
- C **Annexation:** It is important that our city continue to plan for the orderly and timely expansion of our city limits. In addition to our current policy of voluntary annexation, the Council has placed on the August 6, 2002 ballot a plan for voter initiated annexation. A financial plan has been presented to address those areas to be annexed and would not need to be considered for budget purposes until FY 2004 because the effective date of any voter approved annexation would be no earlier than October 1, 2003. No significant impact on future budgets due to annexation is anticipated.
- C **Public Building Expansion:** Implement the plan, including financing, to address the crowded office conditions and needed renovation of older public buildings.
- C **Electric:** Within the next six to twelve months, the City will be receiving and evaluating proposals for a large power supply purchase to replace an existing contract for an 80 Megawatt purchase from Ameren Energy Marketing that will terminate on May 31, 2004. The new contract is proposed to be for the period 2004-2010. This contract will represent about 27% of the City power supply resources in 2004.
- C **Water:** Council has received reports and is considering an eight year program to increase the water system production and distribution system to meet the needs of our growing community. The work includes expansion of the water treatment plan, addition to the water transmission pipeline system, new wells, improvements to the N.E. Booster districts and additional water distribution mains are under consideration including a traditional revenue bond issue and a lease finance program available through the Missouri Public Utility Alliance.
- C **Wastewater (Sanitary Sewer):** Utilize the results of the master plan to develop the plans for the upgrade and possible expansion of the twenty year old treatment facility and expansion of the distribution system. Develop financing options including the timing and amount of a revenue bond ballot issue.
- C **Solid Waste Recycling:** The rate increase of \$0.45, originally planned for FY 2003, has been postponed until FY 2004. During FY 2003, we will be monitoring the amount of recyclable materials processed and the fiscal impact of operations at the new resource recovery facility to determine the feasibility of implementing material sorting operations.

- C **Storm Water Management:** Our plan calls for meeting EPA requirements to receive a storm water phase II permit. A storm water citizens committee is working to develop a local ordinance to meet EPA requirements for post-construction activities.
- C **Police:** FY 2003 will be the last year for the DOVE grant which funds two officers and the School Resource Officer grant which currently funds three officers. The annual amount received from these two grants is \$190,000. We will need to identify other funding for FY 2004.
- C **Future Transportation Issues:** Address the financing of our comprehensive transportation plan for both construction and maintenance. This would encompass all modes of transportation including roadways, pedways/sidewalks, public transportation, rail, and airport. A review should include addressing the newly revised street maintenance tax bill policy and proposed construction/maintenance policy for sidewalks. The I-70 alternatives can have a significant impact on our community and will need to be continually monitored. Staff will continue to pursue capital grants for all modes of transportation including the Wabash Station improvements.
- C **Review of Tax Base:** Important for our budget is the lower rate of growth for Sales Tax and Gross Receipts Tax, taxes our city heavily relies on. Internet and out-of-state catalog purchases allow buyers, in many instances, to bypass local Sales Tax. Delivery of items purchased through internet have a cost to local government similar to those who pay local Sales Taxes, yet they do not pay these local taxes to support police, fire, street construction/ maintenance, etc. Our city may want to reconsider the Local Use Tax as a new source of revenue. This tax is referred to as a “Fairness Tax” since it would require outside purchases delivered to Columbia to pay the same tax as local merchants. Voters in several cities and counties in Missouri have approved this type of tax.
- C **Future Partnerships:** Our city will need to continue to partnership on projects and programs with other governmental agencies and private sources. A successful example is the US 63/Vandiver highway interchange with the city, county, state and private developers cooperating to jointly fund this project. These types of projects will become more important as the community addresses roadway, storm water management, parks/recreation, and other types of projects and programs.

CONCLUSION

Columbia has the potential resources to continue to be an award winning city. Our resources not only include taxes and user fees, but also grants, donations, and volunteer services. Our property tax is relatively low, our utilities (water, electric, solid waste, sewer) are competitive. The City's sales tax rate remains the same and payment in lieu of tax from our Water & Light Department is increasing with new customers. We are pursuing more grants and our donations have increased along with increasing participation in our Share the Light Utility checkoff program. Volunteer hours continue to increase each year. I am pleased that this budget, as presented, continues our highly ranked quality of life.

Our city remains fiscally sound as evidenced by our bond ratings and the interest rate paid for money borrowed. This budget is balanced with an adequate contingency account, meets our 16% General Fund guideline, and provides funds for Council additions to this budget without adjusting proposed revenues or expenditures. The budget strategy discussed with the Council at the annual retreat was used as a general guide for preparing the budget. It provides necessary financial resources for the next fiscal year and beyond. Adoption of this budget provides resources to meet the basic needs of our community and implement our highest priorities and programs to continue to operate as a progressive city.

During the City Council review process, City staff and I will be happy to provide additional supporting information to assist the Council in finalizing the budget process.

I want to personally acknowledge policy guidance provided by the Council, input provided by Boards and Commissions and residents and the work of all City staff, particularly the Finance Department, who assisted with the preparation of this budget.

Respectfully submitted,

Raymond A. Beck, P.E.
City Manager

CITIZENS OF COLUMBIA, MISSOURI	MAYOR AND CITY COUNCIL
--------------------------------------	---------------------------

City Manager

History of Columbia:

Osage and Missouri Indians roamed parts of Missouri prior to Lewis and Clark's expedition which took place in the early 1800's.

The settlement currently named Columbia was called Smithton. However, due to a lack of water supply, the establishment moved the settlement east across the Flat Branch and renamed it Columbia in 1821. The City of Columbia was organized in 1892 and became incorporated in 1949. Columbia is a growing city and currently takes up 55.87 square miles of land.

Government:

The City of Columbia has a council/manager form of government. The mayor and 6 council members are elected by the citizens of Columbia and serve as non-paid members for 3 years with staggered times of service. The City Manager reports to the Mayor and is considered the Chief Administrator. Department Heads for all municipal functions report to the City Manager.

Culture and Recreation:

Columbia has big city entertainment and a great appreciation for all the arts ranging from international opera and ballet companies to modern music superstars. For the sports minded person you'll find many fun activities and ways to keep in shape no matter what your age.

Recreation: (Parks and Recreation 874-7460)

Athletic Clubs	15
Baseball/Softball Fields	23
Community Rec Center	Fall, 2002 - 1
Number of Pools (Private & Public)	13
Golf Courses (Municipal)	2
Golf Courses (College)	1

Airport: (Public Works 442-9770)

Airport Facilities	1
Airlines: Transworld	1

City Employees (FTE for FY 2003): 1,129.60

Local Economy: The cost of living for the City of Columbia is generally 5%-6% below the national average. Due to current conditions, Columbia is between 98% and 99%. Columbia has an average household income per capita of \$31,219. According to the Bureau of Labor Statistics (BLS) the unemployment rate for the City of Columbia for the month of July 2002 was 1.7%.

Top (5) Employers in Columbia:

University of Missouri.....	14,970
University Hospital & Clinics	5,507
Columbia Public Schools	2,400
Boone Hospital.....	2,034
City of Columbia.....	1,110

Sales Tax:

Sales tax in Columbia is 7.225% which has been in effect since April 2001. The tax amount includes the following:	
State Sales Tax.....	4.225%
County General Revenue	0.500%
County Road Tax.....	0.500%
City General Revenue Tax	1.000%
City Transportation Tax	0.500%
City Capital Projects Tax	0.250%
Parks Sales Tax.....	0.250%

Climate:

Annual Rainfall is approximately 39 inches per year.
 Annual Snowfall is approximately 22 inches per year.
 Warmest month and average (August - 79 degrees)
 Coolest month and average (December - 20 degrees)
 Number of sunny days 105. Number of cloudy days 166.

Utilities:

The City of Columbia is a full service city which means we provide a variety of services to the citizens of Columbia.

Electricity	Water & Light Department (874-7380)
Recycling	Public Works Department (874-6280)
Trash Collection	Public Works (874-7291)
Water	Water & Light Department (874-7380)
Sewer	Public Works (445-9427 or 874-6287)

Office of Volunteer Services: (874-7499)

There are many ways and opportunities for citizens to get involved with the community. Columbia has numerous events throughout the year that require hundreds of volunteer hours in order for the event to be successful.

There are several departments within the City of Columbia that rely on the efforts of volunteer staff. In FY 2002, volunteers contributed more than 40,500 hours at a value of more than \$652,577.

City of Columbia population:

1992	70,490
1993	71,195
1994	74,072
1995	75,415
1996	76,756

Discussion of the Budget Process

Preparation for the budget process begins as soon as the books are closed for the previous fiscal year. It is at this time that budget staff compiles ten years of financial trend data. And prepares the Ten Year Trend Manual, which includes financial information on general government funds, enterprise funds, internal service funds, and special revenue funds. This information is generally completed by January of each year.

Budget staff reviews historical information in conjunction with the latest current year financial statement to prepare a set of forecasts. Optimistic and conservative assumptions are developed in a model which forecasts general government revenues and expenditures over the next three years. These forecasts are presented to and reviewed with the City Manager so that general budget guidelines for the next year may be developed.

In late April, guidelines are established by the City Manager and provided to the various City departments along with budget instructions. Access to the budgeting system is also provided at this time. Budget staff conducts the necessary training sessions.

In late May or early June, before the preliminary budget numbers are completed by the departments, the City Manager conducts a Council Retreat. This retreat is attended by the Council, City Manager and Department Heads. This retreat provides an opportunity for the City Manager to present preliminary budget guidelines to the Council for their concurrence as well as to set priorities for the coming budget year. Departments present major topics to the Council for their input. Council also gets an opportunity to express their views on what the priorities should be in the budget.

In June, the City Manager continues meetings with Department Heads. Final cuts are made to balance the budget in early July. Comparative Data and Performance Measurement information is updated in the Budget Document. The City Manager's Annual Budget Document is prepared and distributed. The City Manager holds a press conference at the end of July when the City Manager's Annual Budget is released.

In August, the City Council holds budget work sessions with the City Manager, Finance Director, Budget Officer, and Department Heads to review the City Manager's Budget, individual department budgets, revenues and expenditures, and issues for the coming fiscal year. Public hearings are televised on the Local Government Cable Channel. Both the public and press are welcome to attend the work sessions and public hearings. Television, radio, and newspaper reporters keep the public informed on the status of the budget during these work sessions.

In September, the City Council continues budget work sessions and public hearings on the budget. The Budget is adopted during the month. The Finance staff makes the necessary changes and appropriation files are set up for the new year. The Annual Budget Document is prepared and distributed

In October, the new fiscal year begins.

This document includes the following Fund Types:

Governmental Funds:

GENERAL FUND:

The general fund is used to account for resources traditionally associated with government which are not required legally or by sound financial management to be accounted for in another fund.

SPECIAL REVENUE FUNDS:

Cultural Affairs Fund - used to account for monies reserved for cultural purposes. These monies are used to improve and sustain the cultural environment of the City by providing a system of support for area artists and cultural organizations.

Convention and Tourism Fund - used to account for the four percent tax levied on the gross daily rental receipts due from or paid by transient guests at hotels or motels. The revenues are used by the city for the purpose of promoting convention and tourism in the City of Columbia.

99 1/4 Cent Sales Tax Fund - used to account for the specific projects approved by the voters for a five year extension of the one quarter cent capital improvement sales tax. This tax will be effective January 1, 2001 to December 31, 2005.

Parks Sales Tax Fund - used to account for the Local Parks Sales Tax approved by the voters in November, 2000. These funds must be used for parks purposes.

Transportation Sales Tax Fund - used to account for city-enacted sales tax and expenditures for transaction purposes which include financial support of the public mass transportation system, construction and maintenance of streets, roads, bridges and airports to the extent of tax revenues.

Public Improvement Fund - used to account for and disburse monies the City receives from the city sales tax. This fund receives a portion of the city sales tax and is allocated for a wide range of public improvements to the City which includes streets, sidewalks and parks.

Special Road District Tax Fund - used to account for the road and bridge tax revenues. These revenues are used to improve, maintain, construct and repair certain streets and roads within the city limits.

Community Development Block Grant Fund - used to account for all federal monies received by the City and disbursed on Community Development Grant projects.

DEBT SERVICE FUNDS:

These funds are used to account for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the government is obligated in some manner for the payment.

CAPITAL PROJECT FUNDS:

Capital project funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities or improvements.

EXPENDABLE TRUST FUND:

Contributions Fund - This fund is used to account for all gifts, bequests, or other funds derived from property which may have been purchased or held in trust by or for the City of Columbia, Missouri. The expenses for the Office of Volunteer Services are also in this fund.

Enterprise Funds:

Railroad Fund - used to account for revenues and expenses resulting from the operation of a railroad branch line which runs from a Norfolk and Southern main line in Centralia, Missouri to the City of Columbia.

Water Utility Fund - used to account for the billing and collection of charges for water service for most city residents. Revenues are used to pay for both operating expenses and capital expenditures to maintain these services.

Electric Utility Fund - used to account for the billing and collection of charges for electric service for most city residents. Revenues are used to pay for both operating expenses and capital expenditures to maintain these services.

Recreation Services Fund - used to account for revenues and expenses for various recreational services provided by the Parks and Recreation Department for which participants are charged fees.

Public Transportation Fund - used to account for all the expenses and revenues resulting from the provision of public transportation services by the Columbia Area Transportation System.

Regional Airport Fund - used to account for all the expenses incurred and revenues received by operations at the Columbia Regional Airport.

Sanitary Sewer Utility Fund - used to account for the provision of sanitary sewer services to the residents of the city and a limited number of customers outside the city limits. All activities necessary to provide such services are accounted for in this fund.

Parking Facilities Fund - used to account for revenues and expenses resulting from the operation and maintenance of city parking lots, municipal garages, and parking meters.

Solid Waste Collection Fund - used to account for the provision of solid waste collection and operation of the landfill.

Storm Water Utility Fund - used to account for storm water funding, implementation of storm water management projects, and provide maintenance to existing drainage facilities.

Internal Service Funds:

Employee Benefit Fund - used to account for the City of Columbia's self-insurance program for health, disability, life insurance and other employee benefits for covered city employees.

Information Services Fund - used to account for the provision of electronic data processing information services used by other city departments.

Self Insurance Reserve Fund - used to account for the reserves established and held in trust for the Special Obligation Bonds issued for the City's self insurance program, and to account for the payment of property and casualty losses, and uninsured workers' compensation claims.

Custodial & Maintenance Services Fund - used to account for the provision of custodial services and building maintenance used by other city departments.

Fleet Operations Fund - used to account for operating a maintenance facility for automotive equipment, and for fuel used by some city departments.

Public Communications Fund - used to account for the provision of printing press, xerox, interdepartmental mail, and postage services to other city departments, Columbia On-line Information Network, a telephone information system and cable television operations.

Utility Customer Services Fund - used to account for utility accounts receivable billing and customer services provided by the Finance Department to the Water and Electric, Sanitary Sewer, Solid Waste and Storm Water Utilities.

CITY OF COLUMBIA, MO HOW TO USE THIS BUDGET DOCUMENT

A budget is a financial plan for a city. It includes both estimates of resources available, including revenues and fund balances, and appropriations, which are the authority to spend money for specific purposes. The budget is prepared by the City Manager and adopted by the City Council after extensive public input.

The document begins with a transmittal letter (budget message) from the City Manager. This letter summarizes the contents of the budget and provides an explanation of the rationale used by the City Manager during the budget development process. The City Manager also outlines the administration's work program for the upcoming year.

In separate sections, the following information is provided:

- **Budget Message** - Includes the Amendments to the City Manager's Budget Message, City Manager's Budget Message and the Ordinance Adopting the Budget.
- **General Information** - Organizational Chart, Demographic Statistics, Assessed Values of Taxable Property, Budget Calendar Process, Types of Funds Budgeted, How To Use This Budget Document, Notes and Comments, Fiscal and Budget Policies, and City Manager's Priorities.
- **Expenditure Summaries** - Includes Overall Budget Summary, Graphs, and various types of expenditure summaries
- **Revenue Summaries** - Includes Overall Revenue Summary and other types of revenue summaries.
- **Fund Statements** - Summary of Operating Statement for All Funds, Revenue, Expense, and Operating Position Statements for each fund, Summary of Total Revenues and Total Expenses by Fund.
- **Operating Budgets** - The departmental budgets, which are subdivided into divisions to account for the costs associated with specific activities or to account for the use of funds received from specific revenue sources. Department Description, Objectives, Highlights/Significant Changes, Comparative Data, and Performance Measurements are also included in this section. Organizational charts are also located in this section.
- **Capital Projects** - Five year Capital Improvement Program for the City.
- **Debt Service** - Information on all outstanding debt and debt service requirements.
- **Appendix** - Community Development Block Grant, Personnel Position Summary Information, and a Glossary.

The budget document is prepared to provide information about the city, both financial and operational, from a variety of perspectives and degree of detail. The reader should first review the Table of Contents, General Information section, the Appendix, and then read the City Manager's transmittal letter. The Summary sections should then be reviewed. In the Operating Budgets Section, the specific department budgets provide the detailed information as to what purposes the city's resources will be utilized during the fiscal year. Finally, the Capital Project and Debt Service sections provide further information. When reading this document, it is useful to remember that it has been developed based on both organizational structure and financial structure.

The organizational structure is reflected in the departmental budgets, which are subdivided into divisional budgets. The financial structure is reflected in the reporting of expenditures and revenues by fund. A fund is a self-balancing set of accounts designed to track specific revenues and the uses of those revenues. Each fund is independent of all other funds.

NOTES AND COMMENTS

The City of Columbia is considered to be a full-service city. Thus, the budget may be larger when compared to cities with a similar population. The City of Columbia submits budgets for seven types of funds: General Fund; Enterprise Funds; Internal Service Funds; Special Revenue Funds; Trust Funds; Debt Service Funds; and Capital Projects Fund. A description of the fund types is shown in the glossary as well as in the General Information Section, pages 7-8.

Basis of Budgeting - The budgets for the General Fund, Special Revenue Funds, Debt Service Fund, General Capital Projects, and Expendable Trust Funds are prepared under the modified accrual basis of accounting.

Basis of Accounting - The budgets for the Enterprise Funds, and Internal Service Funds are prepared under the accrual basis of accounting. A complete description of these two types of accounting is found in the glossary.

The FY 2002 Budget document contains detailed information concerning the dollar commitments and personnel resources required to support the varied activities and services of the City of Columbia. The FY 2002 Budget revenue and expenditure numbers appearing in this document include Appropriations, Transfers, and additional Revenues approved by the City Council from October 1, 2001 thru May 1, 2002.

Following these notes and comments are the Summary sections, which provides a combined and broad overview of the City's operating funds. Next, the "Operating Budgets" section provides the reader more detailed information about individual departments. The Department Summary (Colored Pages) present the total operating budget for each department regardless of funding source. For example, if a department has both General Fund operations (Public Works-Streets) and Enterprise operations (Sanitary Sewer Utility), the operating costs of both activities will be presented on the colored summary page in order to present a total operating picture of the department. Department Description, Department Objectives, Highlights/ Significant Changes, Comparative Data, and Performance Measurement information is also included on these pages. The white pages contain the budget detail for the divisions within the departments.

The Department Summary, on colored pages, contain the following sections:

- **Department Description** - A brief description of the department and the major divisions contained in the department. This will also include any purposes set forth by the department.
- **Department Objectives** - These include both the short-term and long-term goals/objectives set forth by the departments.
- **Department Highlights/Significant Changes** - This outlines the planning emphasis as well as any significant or operations changes for the coming year.
- **Organizational Charts** - These charts represent the authorized personnel in each department/division and exhibit the reporting hierarchy of each of those positions.
- **Authorized Personnel** - The Authorized Personnel section presents the type and number of full-time and permanent part-time positions required in each department or division. The job code associated with these positions appears next to the position description.
- **Comparative Data** - Provides employees per 1,000 population and other comparative information between the City of Columbia and up to five other cities of comparable size and activities.
- **Performance Measurements/Service Indicators** - Provides performance information for Actual FY 2001, Budgeted FY 2002, and Estimated FY 2002 for each department.

The final section of the budget document is the Appendix. This section contains those activities, which are non-departmental in character such as the Community Development Block Grant. This section also includes the Personnel Position Summary information and a Glossary.

FISCAL AND BUDGET POLICIES

The City of Columbia is a council-manager form of government. All powers of the City are vested in an elective Council, which enacts legislation, adopts budgets, determines policies, and appoints the City Manager.

The City Manager is the chief executive and administrative officer of the city and is responsible to the council for the proper administration of all the city's affairs. The City Manager keeps the council advised of the financial condition of the city and makes recommendations concerning its future needs.

The fiscal year of the city begins on the first day of October and ends on the last day of September each year. The fiscal year constitutes the budget and accounting year.

REVENUE POLICY:

- The City will endeavor to maintain a diversified and stable revenue base to minimize the effects of economic fluctuations as well as eliminate an over dependence on any single revenue source.
- The City will project and update revenues annually. These revenue forecasts will be presented to the City Council prior to the beginning of the budget process.
- Departments submit their revenue estimates for the current year and projected revenue for the next year to the Finance Department.
- Revenue trends are to be examined monthly and incorporated into annual revenue forecasts.
- Revenue sources are not utilized by the City while legal action is pending.
- Monthly reports comparing actual to budgeted revenues will be prepared by the Finance Department and presented to the City Manager.
- Cash investments of the City shall be undertaken in a manner that seeks to ensure the preservation of capital in the portfolio.
- User fees and rates will be examined annually and adjusted as necessary to cover the costs of providing the services.
- The City will follow a policy of collecting, on a timely basis, all fees, charges, taxes, and other revenues properly due the City. The City will follow an aggressive policy of collecting all delinquencies due the City.

BUDGET POLICY:

- Between 120 and 180 days prior to the adoption of the budget, the City Manager shall prepare and submit to the Council a statement of the policy recommendations for programs and priorities which, in the opinion of the City Manager, will be of benefit to the city.
- The City Manager shall submit a budget to Council at least sixty days prior to the beginning of each budget year.
- Expenditures proposed in the budget for each department, office, or agency shall be itemized by character, object, function, activity, and fund.
- In no event shall the total amount of the proposed expenditures exceed the estimated income of the City.
- The City Council shall hold public hearings on the budget as submitted, at which all interested persons shall be given an opportunity to be heard.
- The City Council shall adopt the budget, by majority vote, no later than the last Monday of the month preceding the first month of the budget year. If the City Council does not take final action by this date, the budget will be considered effective as it was submitted.
- The budget shall be on record in the City Clerk's office and open to public inspection. In addition, a copy of the budget is available for view at the Columbia Public Library, University Library, University Journalism School Library, Columbia College Library, and the Stephens College Library. The budget shall also be available for viewing and/or printing on the City's website at www.gocolumbiamo.com
- A detailed listing of the budget calendar is found on page 5.
- The City will annually submit documentation to obtain the GFOA Distinguished Budget Presentation Award.
- After adoption of the budget, the budget can be amended via ordinance or resolution. The City Manager can submit ordinances and resolutions to the Council to increase expenditures or revenues. When the Council approves the ordinance or resolution, additional appropriations are made in the appropriate department.

- At the request of the City Manager and within the last 6 months of the fiscal year, the council may, by resolution, transfer any unencumbered appropriation balance or portion thereof from one office department or agency to another. No transfer shall be made of specified fixed appropriations.
- All appropriations shall lapse at the end of the budget year to the extent that they shall not have been expended or lawfully encumbered.

CAPITAL IMPROVEMENTS POLICY:

- The City developed a five-year program for capital improvements and updates it annually.
- The City will identify the estimated costs and potential funding sources for each capital improvement project proposal before it is submitted to the City Council for approval.
- The capital improvement program will be included in the Annual Budget. The Annual Budget will implement the first year of the capital improvement program.

FIXED ASSET POLICY:

The following fixed asset policy shall be in force commencing with fiscal year 2000. This policy is consistent with Government Financial Officers Association Recommended Practices and should be reviewed periodically and compared to recommended practices of the GFOA or other nationally recognized government finance organization.

For purposes of establishing an appropriate capitalization threshold for fixed assets the following guidelines shall apply:

- Fixed assets should be capitalized only if they have an estimated life of more than 1 year following the date of acquisition and have a purchase cost of \$5,000 or more. Items which cost less than \$5,000 and/or have a life of one year or less will be expensed upon acquisition
- Purchase cost of a fixed asset includes freight, installation charges, carrying cases, adaptors and other items which are connected to the fixed asset and necessary for its operation or use.
- Fixed assets' capitalization threshold should be applied to individual fixed assets rather than to groups of fixed assets.
- A small tag with a fixed asset number will be issued by the Finance Department for all items that can be reasonably tagged (physically). Said tag will be affixed to the fixed asset until such time

it is declared surplus property and properly disposed through the Purchasing Agent as required by City ordinance.

- Departments will notify the Finance Department of any change in location or loss of a fixed asset.
- Departments should exercise control over their non-capitalized fixed assets by establishing and maintaining adequate control procedures at the departmental level.

ACCOUNTING POLICY:

- An independent financial audit shall be made of all accounts of the city government at least annually and more frequently if deemed necessary by the City Council.
- The General Fund, Special Revenue, Debt Service, General Capital Projects, and Expendable Trust Funds will be accounted for under the modified accrual basis of accounting.
- Enterprise Funds, Internal Service Funds, and Non-Expendable Trust Funds will be accounted for under the accrual basis of accounting.
- Full disclosure will be provided in the financial statements and bond representations.
- The City will annually submit documentation to obtain the Certificate of Achievement for Excellence in Financial Reporting from GFOA.
- The Annual Financial Report will be prepared in accordance with revised GASB standards.

PURCHASING POLICY:

- The purchasing division shall have responsibility for and authority to contract for, purchase, store and distribute all supplies, materials and equipment required for the operation and maintenance of offices, departments or agencies of the city.
- It shall be the policy of the City to encourage competitive business practices through public bidding or requests for proposals wherever possible and feasible.
- In evaluating bids and awarding contracts, the head of the purchasing division is authorized to give preference to recycled and environmentally preferable products according to prescribed guidelines.

DEBT POLICY:

- The City may issue general obligation bonds, revenue bonds, special obligation bonds, and short-term notes and leases.
- The City may issue refunding bonds for the purpose of refunding, extending or unifying the whole or any part of its valid outstanding revenue bonds.
- The City will limit long-term debt to only those capital projects that cannot be financed from current revenue or other available sources.
- The City will follow a policy of full disclosure on every financial report and bond prospectus.
- When the City finances capital projects by issuing bonds, it will repay the bonds within a period not to exceed the expected useful life of the projects.
- The City's policy shall be to manage its budget and financial affairs in such a way so as to ensure continued high bond ratings.
- No bonds shall be issued without the assent of the requisite number of qualified electors of the city voting thereon.

RESERVE POLICY:

- The City will calculate an unreserved, undesignated fund balance equal to 16% of expenditures for the adopted budget. These funds will be used to avoid cash flow interruptions, generate interest income, reduce need for short-term borrowing and assist in maintaining what is considered an investment grade bond rating capacity.
- Self Insurance Reserves shall be maintained at a level to protect the City against incurred and reported losses as well as those incurred but not reported and future losses within the retention.
- A contingency reserve account will be appropriated annually in the General Fund to provide for unanticipated expenditures of a nonrecurring nature and/or to meet unexpected increases in costs.

ENTERPRISE FUND POLICY:

- Enterprise funds will be used to account for the acquisition, operation, and maintenance of City facilities and services which are intended to be entirely or predominately self-supporting from user charges or for which periodic net income measurement is desirable.
- The Water and Electric department will pay into the General Fund of the City annually an amount substantially equivalent to that sum which would

be paid in taxes if the water and electric light works were privately owned.

INTERNAL SERVICE FUND POLICY:

- Internal Service Funds will be used to account for the provision of goods and services by one department of the City to the other departments.
- Internal Service Funds are to be self-supporting from user charges to the respective user departments.
- Internal Service Funds are to only recover the complete cost of operations without producing any significant amount of profit in excess of the fund's requirement.

CITY MANAGER'S ANNUAL REPORT ON PROGRAMS AND PRIORITIES
(Obtained from the City Manager's Annual State of the City Address May 2002)

**ANNUAL STATE OF THE CITY ADDRESS
OPENING REMARKS**

Our Columbia City Charter provides that the City Manager present an annual report of "Programs and Priorities" for our city, sometimes referred to as the State of the City. This report is one of the City Manager's most important tasks taking into account input from the City Council, staff and public. It is just as important to develop and implement a strategy to meet those goals approved by the City Council. This report is being carried live today on our City Channel 13 and will be rebroadcast several times. A written version will also be available on the City's web page and at the Columbia Regional Library. The Mayor and City Council have been provided with a copy; it will be discussed at the upcoming City Council Retreat and used as a guideline in preparing the City Manager's Budget.

My highest priority continues to be maintaining and enhancing City services, programs and projects that help make our city one of the top places to live, work and raise a family. Columbia continues to have high national rankings and is truly considered an outstanding place to live. Comments made by residents who appear before the City Council at public hearings and communications received from our residents testify to the excellent quality of life of our city. To remain strong will require the continued effort of our open City Government that encourages and provides an opportunity for all our residents to be involved in the development and operation of their city. I want to thank our professional City staff and residents who have served our city, particularly those who have volunteered to serve as Mayor, City Councilpersons, serve on Boards and Commissions and task forces.

We Columbians have many things to be thankful for. We are a city of diversity. We continue to have a strong local economy with one of the lowest unemployment rates in the country. We are a regional center for employment, education, shopping, social services, entertainment, recreation, cultural and a number of major events. Family events such as the Show-Me State games, the largest state games in the country, high school tournaments, major sporting events, and Memorial Day Weekend bring thousands of visitors and guests to our city. We have great educational and medical facilities. Many retirees remain in Columbia and many come from other communities relocating to our city and we welcome them for all they bring to our community.

Columbia is a "full-service" city with a budget of about \$230,000,000 and approximately 1,110 full time/permanent employees. In addition to typical local government services, Columbia provides utilities such as power, water, wastewater, storm water management, and solid waste. Columbia also provides a total transportation system including an airport, bus system, short line railroad, and vehicle and pedestrian facilities with emphasis for accommodating all people.

Columbia's population continues to grow at an annual rate of about 2%. Our present geographic boundary of about 55 square miles has allowed for substantial residential, commercial and industrial development up to now. No major geographic area has been added to our city since 1969 when 19.2 square miles were added; however, the Council has placed on the August 6th ballot a proposal to bring an additional 8.7 square miles into our city to accommodate additional growth. This is an important issue to provide for orderly growth and prosperity in our community.

Subdivision development continues to occur throughout the County, making it difficult to provide infrastructure and services in a cost effective and environmentally sound manner. Public funds used for development or reconstruction, along with services provided throughout the County, is primarily generated in the City of Columbia. The most cost effective way to develop a community is from the inside outward. Working with the County Commission, we must assure equitable financial arrangements for all County residents, both in the City and those that reside outside City jurisdiction.

Financing our City Government primarily comes from sales tax, payment in lieu of tax from our Water & Light Department (PILOT), gross receipts tax, property tax, user fees, and other lesser sources. Our major revenue sources are considered elastic in nature in that sales tax is affected by the economy and PILOT and gross receipts tax by weather conditions. Our total property tax rate set at 41 cents per \$100 assessed value is more predictable. Six months into our fiscal year, our rate of increase in sales tax is lower than in recent years, but higher than budgeted, which is good news; however, our PILOT and gross receipts revenue, weather related, are much lower due to our warmer winter weather and our wet spring conditions. Overall, our budget remains on target. Columbia has heavily relied on sales tax since 1970. Then it was felt sales tax would be an equitable revenue resource since Columbia was providing regional services. There have been increasing demands for the use of sales tax by other government agencies for new purposes. For example, in the August 6th election, the State transportation

issue includes a sales tax provision and the County Commission is also proposing a new law enforcement sales tax issue. Looking to the future, our city may want to carefully review its revenue sources to determine whether the financing structure of our city in 1970 is still valid today. It is noteworthy that the City continues to receive the distinguished Budget Presentation Award and the Certification of Achievement for Excellence in Financial Reporting, awards we are happy to have received for a number of years.

Other major City resources are our volunteers, our innovative City trust funds and utility check-off programs. Our Volunteer Coordinator office shows over 41,000 volunteer hours and over the last several years, almost \$600,000 in donations to the City Trust and \$7,900 in utility check-off, all to enhance our quality of life.

Our city is developing and implementing many projects, programs and policies that will continue to make our city a great place to live. We have challenges to address with some of the most immediate being Homeland Security, expansion of our geographic area for future Columbia development, affordable housing, stormwater regulations and management, transportation and utility expansion, social services and others. We must continue to include priorities that stress programs and projects that serve all sectors of our community without regard to social, physical or economic status.

The City Council will soon begin to prioritize programs and projects they feel should be included in next year's budget and the City staff and Manager will bring a proposed budget to the Council in August. The budget will be adopted by the City Council following public hearings and will be a document that helps implement programs and priorities of our city.

Prior to discussing in more detail, our annual programs and priorities, I want to thank our City staff and City Council for the information they have provided and their assistance toward preparing this annual report on programs and priorities.

Six of the Most Important Issues:

- g PROVIDE FOR COMPREHENSIVE PLANNING/IMPLEMENTATION.
- g MAINTAIN AND STRENGTHEN OUR CENTRAL CITY.
- g PLAN FOR ORDERLY GROWTH OF OUR CITY.
- g CONTINUE TO PROVIDE AND MAINTAIN INFRASTRUCTURE ON A TIMELY BASIS.
- g CONTINUE TO DELIVER SERVICES AND PROGRAMS IN A TIMELY & COST EFFECTIVE MANNER.
- g PROVIDE SUFFICIENT COMMUNITY RESOURCES TO CARRY OUT PROGRAMS AND PRIORITIES.

1) PROVIDE FOR COMPREHENSIVE PLANNING/IMPLEMENTATION

- g Develop community acceptable Stormwater Management Standards and Regulations meeting EPA requirements.
- g Finalize and adopt the city's updated parks, recreation and open space master plan.
- g Adopt airport master plan revisions.
- g Finalize and adopt revised transportation master plan and standards.
- g Finalize and adopt downtown beautification plan.
- g Update city's master plan for wastewater collection and treatment.
- g Finalize plan for water expansion program.
- g Update plans for future roadway corridors and policies for reserving right-of-way.
- g Complete a master plan for undergrounding utilities.

2) MAINTAIN AND STRENGTHEN OUR CENTRAL CITY

- g Continue Downtown Improvement Plan, working with Special Business District, to include sidewalks, trees, benches, signage, street lights, and other amenities.
- g Partner with other adjacent property owners for improvements to the avenue of the columns (8th street) corridor.
- g Continue promoting downtown attractions for our residents, tourists, and visitors. Examples include cultural activities (Missouri Theater), educational museum facilities (Boone Home, health adventure center), flat branch park expansion, etc.
- g Develop a financial plan for additional parking opportunities north of Broadway.
- g Renovate historic Wabash station (bus transfer point).
- g Implement enhancement projects to the entrance to our central business district (Providence/Broadway).
- g Work with Federal Agency to secure location for new federal building in the downtown area.
- g Work toward preserving old federal building for public purposes such as, museum, art, education.
- g Strengthen and preserve neighborhoods in and around the central city area while providing opportunities for affordable housing.

3) PLAN FOR ORDERLY GROWTH OF OUR CITY

- g Plan for and extend city boundaries.
- g Promote the expansion of our city limits through voter approved annexation on the August 6 ballot
- g Continue Voluntary Annexation Policy.
- g Promote development from inside outward reducing infrastructure cost for development and cost to provide services.
- g Encourage development of vacant lots and tracts, particularly in areas already served by infrastructure.
- g Discourage subdivision development outside of an urban service boundary surrounding cities in Boone County.
- g Assure that subdivisions developed outside the city pay an equitable share of total development cost.
- g Continue to assure that development occurring outside the city limits is connected to city utilities and meet city development standards.

4) CONTINUE TO PROVIDE AND MAINTAIN INFRASTRUCTURE ON A TIMELY BASIS

- g Plan for the construction of major road/pedestrian projects in and around Columbia.
- g Widening and improvements of roadway/ pedestrian facilities.
- g Highway WW (East Broadway) from Old 63 past new US 63.
- g Southampton North to AC, and Green Meadows South to AC.
- g Blue Ridge and Garth Avenue reconstruction.
- g Widening of 763 in north Columbia.
- g I-70/63 interchange.
- g Relief for Stadium/I-70 interchange.
- g Assist in planning I-70 alternatives.
- g Preserve rights-of-way for future roadway corridors.
- g Adopt the master plans for expanding and renovating city downtown office space, including the Daniel Boone, Howard, Gentry, and Police/JCIC Building.
- g Complete planning and financing for needed expansion of our water system and determine timing for a revenue bond ballot issue (user fee).
- g Complete planning and financing for needed expansion of our wastewater utility and determine timing for a revenue bond issue (user fee).
- g Determine best alternative for securing needed future electrical power supply.
- g Complete construction of new recycling, storage and maintenance facilities at the sanitary landfill site.
- g Renovate Nowell's building to provide for new public health facility.
- g Promote and program new Columbia Recreation Center.
- g Construct major stormwater detention facility in Merideth Branch Drainage.

5) CONTINUE TO DELIVER SERVICES AND PROJECTS IN A TIMELY & COST EFFECTIVE MANNER

- g Review and implement the police department strategic planning, community policing and staffing analysis.
- g Enhance the city's web page to include transactions for utility customers and other e-government functions.
- g Continue to provide financial resources to help meet basic social service needs of our city.

6) PROVIDE FOR COMMUNITY RESOURCES

- g Consider ballot issue date for a water revenue bond issue and wastewater revenue bond issue.
- g Continue to encourage the location, retention and expansion of businesses which provide financial resources for our city and are compatible with community standards.
- g Work with the REDI corporation, convention and visitors bureau, chamber of commerce and the university to support diverse economic development for our city.
- g Continue to promote "share the light" utility billing checkoff program for utility customers to contribute to six programs (parks & recreation scholarships, youth dental care, the arts, fire prevention programs, crime prevention programs, and beautification).
- g Encourage donations through Columbia City trust funds to enhance the quality of life of our city.
- g Promote and expand volunteer service programs.
- g Continue to pursue grants with special emphasis on homeland security.

PROGRAMS AND PRIORITIES
MAJOR CITY ACCOMPLISHMENTS DURING PREVIOUS YEAR

PLANNING AND DEVELOPMENT

- g Added one square mile within the city limits under our voluntary annexation program.
- g Completed ward redistricting following 2000 census.

HEALTH DEPARTMENT

- g Utilize new federal funding to decrease barriers to Health services for non-English speaking Latinos in Boone County.
- g Retained architectural services for the new Health Department facility at the old Nowell's Supermarket.

POLICE DEPARTMENT

- g Completed building renovation for Police Department.
- g Added 7 Officers for addressing staffing needs.
- g Hired a consultant to assist in completing a Strategic Plan, Community Enhancement Program and Staffing Study.

HUMAN RESOURCES

- g Completed review of classification and pay plans and implemented approved revisions for our employees.

FIRE DEPARTMENT

- g Completed construction of Fire Station #8 located in southeast Columbia.
- g Conducted three (3) successful Basic Recruit Schools and trained 28 new Columbia fire fighters. This is the highest number of new hires in one year in the history of the Columbia Fire Department.
- g Executed agreement with the University for Fire Marshal services
- g Obtained SEMA grant of equipment for use in weapons of mass destruction incidents

JCIC

- g Completed integration of Medical Priority Dispatching with the Computer Aided Dispatching (CAD) system, allowing for pre-arrival instructions on all medical calls.

EMERGENCY MANAGEMENT

- g Established a permanent city/county Emergency Operation Center on the lower level of the Armory Sports complex.
- g Completion and printing of the revision an updated/revised City/County Emergency Operation Plan.
- g Initiated a comprehensive and perpetual city/county emergency exercise program.

PARKS AND RECREATION

- g Officially named "Stephens Lake Park" and completed site master plan and implementation plan for Phase I improvements.
- g Completed and dedicated Flat Branch Park Phase I located at the corner of Fourth and Cherry Streets.
- g Completed and dedicated Phase IV of the Bear Creek Trail which extends from Highway 763 to Oakland Park.
- g Completed Phase II of the Hinkson Creek Trail connecting Capen Park to the University's Hinkson Field Recreation Area.
- g Acquired a new 9.4 acre neighborhood park located west of the Hamlet Subdivision at the end of Manhasset Drive.
- g Completed construction of a joint project with the Columbia Public School District for an eight court tennis court complex at Cosmo-Bethel Park/Gentry Middle School/Rock Bridge High School

ECONOMIC DEVELOPMENT

- g Assisted with expansions at Collins & Aikman (formerly Textron) and Otscon.
- g Assisted with recruiting Gates Rubber, Industrial Textiles and the National Newspapers Association Headquarters

OFFICE OF COMMUNITY SERVICES

- g Allocated and administered \$783,100 in city social service funding and \$75,000 in Emergency Shelter Grant funding while providing technical assistance to funded social service agencies.
- g Implemented a Community Study Circles Program entitled, "Let's Talk, Columbia!" Dialogues on Diversity. Twenty study circles have been conducted involving 127 citizens.
- g The Columbia Values Diversity Celebration drew a record crowd of 1,100 citizens in a celebration of Dr. Martin Luther King Jr.'s birthday. A mural celebrating diversity in our community was created for the event by students from the CARE Arts Gallery and the Columbia Public Schools.

CULTURAL AFFAIRS

- g Completed successful artist-in-residence for the Fire Station No. 8 Percent for Art project. City-produced video documenting the program is being used statewide by the Missouri Arts Council as an example of excellent arts education programming.
- g Secured funding from the Missouri Arts Council through their Community Arts Program. OCA's grant was ranked first out of 43 applications statewide.

PUBLIC COMMUNICATIONS

- g Made several enhancements to the web page including links to major departments on the main page, updated site navigation to reduce search time, revised format for announcements and City information. Changed domain name to www.GoColumbiaMo.com Added E-Government Coordinator and retained web consultant to redesign site architecture and graphic look. These enhancements improve the quality and efficiency of customer services.

PUBLIC WORKS

- g Completed construction of Sunflower Street.
- g Completed construction of two downtown sidewalk projects to eliminate physical barriers to provide access for handicapped.
- g Contracted for the pedestrian bridge over Business Loop 70 through a state enhancement grant.
- g Committee formed to address EPA Phase II storm water regulations

STREETS

- g Implemented program for maintenance of landscaped areas in public ROW.
- g Installed Fluorescent Yellow Green signs in school zones.

PROTECTIVE INSPECTION

- g Divisional staffing duties, processes and procedures have been reorganized to enhance code enforcement measures.

PARKING

- g Parking Utility converted and installed over 500 electronic parking meters.
- g Working to establish a usable inventory and revenue database of every parking meter.

TRANSIT

- g Replacement of bus fleet including two new paratransit vans.
- g Installed trash containers and route maps at all current bench locations.
- g Began City Council Meeting Shuttle program for paratransit clients.

AIRPORT

- g Completed construction of donated airport sign.
- g Met all upgraded security requirements following 9-11
- g Completed FAA-funded project to rehabilitate main runway and parallel taxiway*
- g Completed FAA-funded project to complete south commercial parking apron Phase II and connecting taxiway**
- g Completed annual FAA certification inspection with no discrepancies for the eighth consecutive year

SEWERS

- g Completed construction of the American Legion Sewer.
- g Completed construction of Cow Branch pump station and outfall

- g \$500,000 sanitary sewer rehabilitation project is nearing completion. This project will correct structurally unstable sanitary sewer lines in the older parts of town.
- g Ten sewer districts will provide sewers to unsewered areas and eliminate private commons collectors.
- g Executed one additional extra-territorial service agreement with the Boone County Regional Sewer District (Walnut Brook).

SOLID WASTE

- g Construction of Subtitle D Cell #3 at the sanitary landfill
- g Construction of Landfill Operation Center and equipment storage buildings
- g Construction of Material Recovery Facility (MRF) and began operations in the building
- g Expanded apartment commingled recycling program

STORM WATER

- g State grant awarded in the amount of \$242,000 to fund one-half the cost of contour topographic planimetric maps for Columbia and surrounding area for Storm Water Master Plan and Basin Study
- g Design work on Merideth Branch detention facility has commenced.

FLEET

- g Completed approximately 6,000 repairs to City vehicles and equipment while maintaining the labor rate at 40% below commercial rate.

FINANCE

- g Provided financing for Sanitary Sewer Projects through the State Revolving Loan Fund and second phase of Water and Light Revenue Bonds.
- g Developed financing plan for public building expansion project that appropriately allocates costs to each of the business enterprises operated by the City.
- g Implemented budget billing for utility customers. Updated fees and charges for administrative costs.

CONVENTION AND VISITORS BUREAU

- g Completed first African American Visitor Guide.
- g Secured grant for the construction of a "gateway" shelter for the MKT trail entrance off of the Katy Trail.

VOLUNTEER SERVICES

- g Volunteers contributed 41,365 hours of service to the City of Columbia valued at almost \$664,000.
- g Established the City of Columbia New Century Fund, Inc. - a 501c3 organization that can receive gifts on behalf of the city. \$62,500 in funds from foundations has been given to the Fund for the Community Recreation Center.
- g Share the Light, allowing City of Columbia utility customers to donate to a number of city program, has raised \$7,860. Share the Light supports public art, community beautification, youth recreation scholarships, youth dental care, fire prevention & education and crime prevention programs.

WATER & LIGHT

- g Completed supply main to wells 13 & 14 and placed wells in service.
- g Completed Shelter Insurance distributed generation project.
- g Completed and dedicated Columbia Energy Center by Ameren Energy Generating.
- g Acquired second locomotive.
- g Acquired property for rail terminal.

INTERNAL AUDITOR

- g Completed reviews/special projects that provided information to assist management and/or external auditors in a variety of ways.

INFORMATION SERVICES

- g Completed physical security audit of I.S. dept. and made necessary hardware and procedural changes
- g Moved CVB/REDI to fiber network connection
- g Implemented budget billing
- g Completed city-wide software audit

OTHER ACCOMPLISHMENTS

- g Adopted guidelines for approving Transportation District Projects; executed intergovernmental cooperation agreement with Centerstate TDD.
- g Complete City Hall expansion proposal
- g Worked with SBD to prepare downtown beautification plan

PLANNING AND DEVELOPMENT DEPARTMENT

Priorities:

- g Continue to work with MoDOT on the Tier II Environmental Impact Study for widening existing I-70 or building a northern bypass.
- g Expand neighborhood revitalization and affordable housing activities with an emphasis on incentives to promote new private investment.
- g Integrate any new storm water management regulations into zoning and subdivision review and approval procedures.
- g Revise major street right-of-way and pavement standards and develop an access management policy, including amendments to ordinances.
- g Update the Sidewalk Master Plan working with the Bicycle and Pedestrian and Commission.
- g Enhance GIS and web-based mapping applications using satellite images, county tax parcel maps, and new digital aerial photos.
- g Prepare a Broadway Corridor Pedestrian and Bicycle Study in order to determine the feasibility of making improvements for such use.
- g Complete preparation of an Urban Conservation Overlay District for the East Campus Neighborhood
- g Begin implementation of the Business Loop 70 Revitalization Plan focusing on sidewalk and landscaping improvements.

Accomplishments:

- g Prepared maps and "plan of intent" for (5) annexation study areas being considered for voter approved annexation for the August election.
- g Added one square mile within the city limits under our voluntary annexation program.
- g Established a city employee home ownership assistance program.
- g Provided staff support for ward redistricting following 2000 census.

HEALTH DEPARTMENT

Priorities:

- g Complete renovation and move into new Health Department facility.
- g Strengthen the infrastructure and capacity of public health to respond to bioterrorism and other emerging health threats.
- g Restructure health programs to achieve a reduction in communicable and chronic disease rates, injuries and disability, and to promote healthy behaviors in the population.
- g Implement a comprehensive West Nile Virus prevention and control program.
- g Lead efforts to update community health assessment and prioritize health needs.
- g Continue active coordination and partnerships with health and social service providers to improve health outcomes and quality of life.

Accomplishments:

- g Utilized new federal funding to decrease barriers to health services for non-English speaking Latinos in Boone County.
- g Retained architectural services for the new Health Department facility at the old Nowell's Supermarket.
- g Improved partnership between the City and County for public health and animal control services and assured an equitable funding arrangement for program costs.
- g Implemented a revised nuisance ordinance.
- g Successfully completed the first year of a long range plan to reduce childhood obesity and teen pregnancy and to increase childhood immunization rates and use of dental sealants.
- g Utilized funding from the Share the Light program to conduct dental health education for preschool aged children.

POLICE DEPARTMENT

Priorities:

- g Complete Strategic Planning and Staffing Study by Consultant; begin implementation.
- g Enhance the Traffic Unit by requesting 2 additional Officers in the FY03 budget.
- g Continue to address Staffing needs through FY03 budget request.

Accomplishments:

- g Completed building renovation for police office space.
- g Added 7 Officers for addressing staffing needs.
- g Hired a consultant to assist in completing a strategic plan, Community Enhancement Program and staffing study.
- g Obtained Mobile Response Unit through a Federal Grant. (mobile command post type vehicle)
- g Obtained Chrysler P.T. Cruiser through private donation.

HUMAN RESOURCES

Priorities:

- g Develop and implement plan for systematic maintenance of the classification and pay plans.
- g Continue development of city-wide training program: update supervisor training curriculum; update diversity training program.
- g Review self-insured health/dental plan to determine if revisions needed.
- g Develop additional recruitment strategies, including increased use of Internet job posting, use of alternative media for advertising, and increased participation in appropriate job and college fairs.
- g Revise the performance appraisal process and evaluation instruments, and provide appropriate training to employees.
- g Develop and implement a comprehensive employee benefit education program.
- g Review and recommend revisions to Chapter 19 and Administrative Rules.
- g Develop information packet for employer assisted housing program.

Accomplishments:

- g Completed review of classification and pay plans and implemented approved revisions.
- g Reviewed, revised and documented Employee Health and Wellness programs.
- g Implemented use of new pharmacy benefit manager in employee health plan, which has resulted in savings to the Employee Benefit Fund.
- g Supported recruiting and hiring for projected 180 full-time positions compared to 175 in 2001, 135 in 2000 and 128 in 1999.
- g Developed and implemented new computer-based clerical applicant testing program.
- g Revised new employee orientation program.
- g Developed and implemented radio advertising plan for seasonal Parks and Recreation positions and for recruitment of targeted permanent positions.

FIRE DEPARTMENT

Priorities:

- g Continue implementing the five-year improvement plan approved by voters.
- g Pursue location for new Fire Station site in northwest Columbia.
- g Terrorism and Weapons of Mass Destruction (WMD) training and equipment.
- g Acquiring Federal FIRE Act Grant Funding for a variety of needs.

Accomplishments:

- g Completed construction of Fire Station #8 located in southeast Columbia.
- g Conducted three (3) successful Basic Recruit Schools and trained 28 new Columbia fire fighters. This is the highest number of new hires in one year in the history of the Columbia Fire Department.
- g Executed agreement with the University for Fire Marshal services.
- g New Apparatus funded by 1999 Sales tax extension - New engine for station eight. Replacement engine and ladder truck.
- g Fire Act Grant Award - awarded monies for water/ice rescue equipment.
- g SEMA grant of equipment for use in weapons of mass destruction incidents.
- g Provided training to Columbia Police and University Police on Hazardous Materials operations.

JOINT COMMUNICATIONS

Priorities:

- g Plan for a fixed location of a backup communication center.
- g Enhance, improve and remain current with the Medical Priority Dispatching system.
- g Continue to enhance our GIS mapping programs in compliance with wireless 911 legislative compliance requirements.
- g Improve and ensure interoperability with other current users of the mapping software.
- g Continue to strive to become a storm ready community and remain a state of the art communication center.

Accomplishments:

- g Completed integration of Medical Priority Dispatching with the Computer Aided Dispatching (CAD) system, allowing for pre-arrival instructions on all medical calls.
- g Implementation of a GIS mapping project as a stand alone system in the communication center.
- g Established a continuity protocol in event of a need to relocate the communication center.
- g Developed manual systems to dispatch public safety units in the event of a CAD failure.
- g Remained compliant with 911 wireless legislative requirements.

Emergency Management

Priorities:

- g Supply emergency generator power to the Emergency Operations Center (EOC) at the Armory Sports Complex.
- g Maintain a perpetual exercise and training program, including annual updates of the Emergency Operation Plan.
- g Continue to integrate City/County organizations in preparation for an area wide disaster.
- g Develop a community based emergency training, education and information program.
- g Develop a business education and training model for the local business community.

Accomplishments:

- g The establishment of permanent city/county Emergency Operation Center on the lower level of the Armory Sports complex.
- g Completion and printing of the revision an updated/revised City/County Emergency Operation Plan.
- g The initiation of a comprehensive and perpetual city/county emergency exercise program.
- g Completed Orientations and training programs with many of the city/county departments outlining their roles in a disaster situation.

PARKS AND RECREATION DEPARTMENT

Priorities:

- g Complete the update of the 1994 Park and Recreation Comprehensive Master Plan.
- g Complete construction of the Recreation Center and open facility for public use in 2002.
- g Begin improvements to Stephens Lake Park based on approved master plan.
- g Complete site master plan for the development of the Russell property.
- g Continue environmental assessment and fund raising efforts for the development of Flatbranch Park Phase II located between Locust and Elm Streets.
- g Support enhancements to entrances to our central city and complete landscape improvements located at the corner of Providence/Broadway.
- g Complete development of Smithton and Dublin Neighborhood Parks. Initiate construction of improvements to Indian Hills, Valley View, and High Pointe Neighborhood Parks.
- g Complete installation of a playground adjacent to large shelter in the Twin Lakes Recreation Area and initiate feasibility study regarding the addition of water features and possible conversion of the lake facility to a chlorinated water facility.
- g Acquire neighborhood park sites in the Smiley Lane/Providence Road (extended) and the Vawter School Road/Rte TT neighborhoods.
- g Complete replacement of Bridge #6 on City's MKT Trail. Complete installation of new bridge by spring 2003.
- g Begin restoration of Lake of the Woods Golf Course fairways.
- g Complete renovation of L.A. Nickell Golf Course cart storage area.

- g Complete design work and initiate construction of renovations to the restroom/concession building at the Rainbow Softball Center.
- g Initiate detailed planning for the construction of two new softball fields at the Antimi ballfield complex.

Accomplishments:

- g Officially named "Stephens Lake Park" and completed site master plan and implementation plan for Phase I improvements.
- g Completed and dedicated Flat Branch Park Phase I located at the corner of Fourth and Cherry Streets.
- g Completed and dedicated Phase IV of the Bear Creek Trail which extends from Highway 763 to Oakland Park.
- g Completed Phase II of the Hinkson Creek Trail connecting Capen Park to the University's Hinkson Field Recreation Area.
- g Acquired a new 9.4 acre neighborhood park located west of the Hamlet Subdivision at the end of Manhasset Drive.
- g Completed construction of the joint project with the Columbia Public School District to develop an eight court tennis court complex at Cosmo-Bethel Park/Gentry Middle School/Rock Bridge High School.
- g Hired Director for the new Recreation Center.
- g Worked collaboratively with the University of Missouri to establish a new computer technology center at the community recreation building (4th and Wilkes)
- g Completed installation of new fairway irrigation system at Lake of the Woods Golf Course.
- g Construction of two new football/lacrosse fields at Cosmo Park approximately 80% complete. Completion expected by mid-summer 2002.
- g Received final report with detailed recommendations for renovation of the Martin L. King Memorial.
- g Construction of the new Dexheimer Shelter in Cosmo Park.
- g Initiated asphalt resurfacing projects on parking lots in Oakland, Kiwanis, Cosmo- Bethel Parks, and the Columbia Cosmopolitan Recreation Area.
- g Updated and reprinted the Park and Recreation Guide which is the Department's primary promotional brochure.
- g For 20th consecutive summer provided a meaningful work and educational experience for at-risk youth through the CARE program. One hundred thirty-seven trainees completed the summer 2001 Care program. Expanded the Care Gallery component to include eight trainees.
- g Coordinated numerous community events such as Easter Festival, Mudstock, Heritage Festival, Tons of Trucks, and the Tiger Halloween Event attended by thousands of Columbians. Assisted with Earth Day, Festival of the Arts, Fourth of July, First Night, and other community events.
- g Continued to upgrade the parks and recreation web site.

ECONOMIC DEVELOPMENT

Priorities:

- g Secure approvals of REDI Master Plan update.
- g Develop life sciences marketing materials, including CD and distribute to key executives through a multi channel, regional campaign.
- g Continue marketing efforts to attract quality employers to Columbia/Boone County.
- g Complete and heavily market results of 2002 Labor Availability Analysis
- g Continue efforts with University/Community groups to develop a Technology Transfer Incubator.

Accomplishments:

- g Assisted with expansions at Collins & Aikman (formerly Textron) and Otscon.
- g Assisted with recruiting Gates Rubber, Industrial Textiles and the National Newspapers Association Headquarters.
- g Completed draft of REDI Master Plan update - review is beginning by Chamber, County, University and City.
- g Worked with BooneWorks to establish new Manufacturing Training and Construction Training programs to qualified applicants.
- g Developed Pedaling Columbia CD/video for general marketing.
- g Developed CD targeted to graduating college students and delivered.

OFFICE OF COMMUNITY SERVICES

Priorities:

- g Monitor and provide financial and technical assistance to the network of social services in our community.
- g Improve the planning and outcomes-based evaluation processes for city funded social services.
- g Investigate complaints of discrimination under the City's Human Rights Ordinance in a timely and effective manner.
- g Expand current human rights educational programming and the "Let's Talk, Columbia!" Dialogues on Diversity Study Circle Program.
- g Annual planning for the Columbia Values Diversity Celebration.

Accomplishments:

- g Allocated and administered \$783,100 in city social service funding and \$75,000 in Emergency Shelter Grant funding while providing technical assistance to funded social service agencies.
- g Implemented a Community Study Circles Program entitled, "Let's Talk, Columbia!" Dialogues on Diversity. Twenty study circles have been conducted involving 127 citizens.
- g The Columbia Values Diversity Celebration drew a record crowd of 1,100 citizens in a celebration of Dr. Martin Luther King Jr.'s birthday. A mural celebrating diversity in our community was created for the event by students from the CARE Arts Gallery and the Columbia Public Schools.
- g Evaluated city funded social services with emphasis on outcomes-based performance measurement.
- g Revised the human rights complaint investigation process and investigated complaints in a timely and effective manner.

OFFICE OF CULTURAL AFFAIRS

Priorities:

- g Successfully complete the Percent for Art project at the Community Recreation Center (installation expected in fall of 2002) and begin implementation of the project at the Health Department.
- g Continue to address other city-owned public art issues including restoration of the *Martin Luther King, Jr. Memorial*.
- g Continue to expand outreach efforts such as the "Arts Express" newsletter and the Artists' Registry so to serve more artists, arts organizations and the general public.
- g Continue to strengthen programming that supports local arts organizations such as the annual funding process.

Accomplishments:

- g Completed successful artist-in-residence for the Fire Station No. 8 Percent for Art project. City-produced video documenting the program is being used statewide by the Missouri Arts Council as an example of excellent arts education programming.
- g Secured funding from the Missouri Arts Council through their Community Arts Program. OCA's grant was ranked first out of 43 applications statewide.
- g Received national award for the Columbia Festival of the Arts 2001 Commemorative Poster.
- g One of only six Missouri organizations and the only one outside of St. Louis and Kansas City to participate in a nationwide campaign to promote arts education.
- g Served as one of nine host organizations statewide for the Missouri Arts Council's strategic planning process.

PUBLIC COMMUNICATIONS

Priorities:

- g Promote the City's web page as an information source that will allow interaction with users, online forms and online transactions.
- g Publish an Annual Report during Fiscal Year 2003.
- g Using outside assistance, conduct a communications "audit" to insure consistent, timely, accurate and effective communication with residents.
- g Produce a monthly citizen newsletter to disseminate information to the public
- g Produce a monthly employee newsletter to enhance dissemination of information to employees.

Accomplishments:

- g Made several enhancements to the web page including links to major departments on the main page, updated site navigation to reduce search time, revised format for announcements and City information. Changed domain name to www.GoColumbiaMo.com Added E-Government Coordinator and retained

web consultant to redesign site architecture and graphic look. These enhancements improve the quality and efficiency of customer services.

- g Produced 12 monthly *City Source* newsletters that are mailed with City utility bills. Most editions are six pages.
- g Produced 12 monthly employee newsletters that contain information about benefits and City programs.
- g Prepared and distributed 141 press releases and media advisories to the press in FY 2001.

PUBLIC WORKS DEPARTMENT

Administration and Engineering (Public Works)

Priorities:

- g Develop and refine policies for public input into various Public Works projects.
- g Continue implementation of streets and sidewalks improvement plans with special emphasis on those shown for the ballot issues.
- g Provide administrative support for public building projects.
- g Increase responses to neighborhood traffic problems with traffic calming programs.
- g Provide engineering design and construction services for streets, sidewalks, wastewater and storm water projects.

Accomplishments:

- g Completed construction of Sunflower Street.
- g Completed construction of two downtown sidewalk projects to eliminate physical barriers to provide access for handicapped.
- g Continued the implementation of the public participation and education requirements of the EPA Phase II Storm Water Regulations.
- g Initiated writing of EPA Phase II permit application.
- g Contracted for the pedestrian bridge over Business Loop 70 through a state enhancement grant
- g Bid Pedestrian bridge over I-70 through state enhancement grant.
- g Completed the Hinkson Creek Trail Phase II Project.
- g Completed construction of Fire Station No. 8.
- g Completed Armory and Police Station renovations.
- g Completed Scott Boulevard street improvement project.
- g Committee formed to address EPA Phase II storm water regulations.

Streets and Sidewalks (Public Works)

Priorities:

- g Continue aggressive street maintenance and sidewalk repair program.
- g Provide pavement marking at least twice a year for a majority of the marked areas.

Accomplishments:

- g Implemented program for maintenance of landscaped areas in public ROW
- g Installed Fluorescent Yellow Green signs in school zones.
- g Resurfaced or repaired over 275 street segments.
- g Repaired approximately 400 utility service cuts.
- g Painted pavement markings, a majority of which were repainted twice (1.2 million feet).
- g Brought a utility service cut contract on line to help reduce the backlog with a goal of repairing service cuts within 2 to 3 weeks of being notified.
- g Completed painting of approximately 60 enhanced crosswalks.

Protective Inspection (Public Works)

Priorities:

- g Develop web site and printed information targeting the general population informing them of available services and how to contact these services. Specifically, describing the building permitting and inspection processes, rental housing licensing and inspection procedures, property maintenance information and guidelines and zoning regulations applicable to single family lots.
- g Start digital inspection data entry for rental housing inspections.
- g Eliminate buildings that are either unsafe, dangerous or unfit for human occupancy.

Accomplishments:

- g Divisional staffing duties, processes and procedures have been reorganized to enhance code enforcement

measures.

- g Since October 1, 2002, the Division has reviewed 180 commercial applications and plans for building permits.
- g The Division initiated a rental housing compliance audit, by comparing digital rental records against archived documents, building permits, ownership records utility accounts and street surveys. The audit is 50% completed and the Division has found approximately 2000 rental units that were not registered in the rental housing licensing program. A total audit will be completed by October 1, 2002. This is the first audit and comprehensive survey of the rental housing program since the adoption of the Rental Unit Conservation Law.

Parking Utility (Public Works)

Priorities:

- g Continue transition to electronic parking meters.
- g Continue working with SBD on parking related issues, including enforcement issues
- g Relocate parking enforcement officers from the Wabash station to the Howard building when area vacated by Health Department.
- g Continue working with University of Missouri Parking & Transportation to lease them what could potentially be 100 spaces in the Sixth & Cherry garage.
- g Continue coordinating efforts with Engineering to increase landscaping in parking lots.
- g Continue working with SBD on increasing hood and bag rates to reflect new meter rates.
- g Continuing efforts to re-label Parking Plaza stalls using vinyl signs that are useless to vandals when torn off. This effort should be completed by the middle of May.

Accomplishments:

- g Parking Utility converted and installed over 500 electronic parking meters. Working to establish a usable inventory and revenue database of every parking meter.
- g Parking Utility revised Parking Operations Manual.
- g Established an Accessible Parking Policy which enables the equitable treatment of accessibility requests.
- g Ongoing maintenance of the parking facilities; lighting, painting stairwells, resurfacing surface lots, and resealing concrete surfaces.
- g Completed the stall painting and lot maintenance plan for FY 2002 & FY 2003.
- g Completed revision and update of the Parking Enforcement Manual.
- g Parking Enforcement continues to enforce parking regulations in metered areas. Regular parking enforcement in structures is being emphasized and closely monitored.

Transit (Public Works)

Priorities:

- g Complete initial planning and secure grant funding for renovation of Wabash station.
- g Continue installation of benches and shelters on fixed bus routes.
- g Continue marketing of bus passes.
- g Increase effectiveness and efficiency of paratransit scheduling.
- g Installation of the exhaust system at the Grissum Bldg bus barn.

Accomplishments

- g Replacement of bus fleet including two new paratransit vans.
- g Implemented internal controls resulting in a 50% reduction in sick leave.
- g Reduction of overtime.
- g Awarded contract to Columbia Curb and Gutter for the installation of passenger amenities.
- g Installed trash containers and route maps at all current bench locations.
- g Upgraded paratransit scheduling software.
- g Began City Council Meeting Shuttle program for paratransit clients.
- g Purchased and began installing the Brake Right System (brake saver system) for bus fleet.
- g Initiated aggressive marketing program with other City Departments to sell and advertise bus passes, tickets, and information.
- g Submitted the Columbia Transit Reorganization Plan.
- g Upgrading the vehicle exhaust system at the bus storage facility at the Grissum building.

Airport (Public Works)

Priorities:

- g Expand commercial passenger service
- g Pursue new aviation tenants such as Missouri National Guard aviation units and priority cargo services
- g Begin collection of Passenger Facility Charges
- g Increase public awareness of economic impact of the airport
- g Enhance appearance of the main terminal
- g Implement recommendations of Master Plan Update
- g Establish lease for Southern Boone County Fire Protection District station

Accomplishments:

- g Completed construction of donated airport sign
- g Met all upgraded security requirements following 9-11
- g Completed FAA-funded project to rehabilitate main runway and parallel taxiway*
- g Completed FAA-funded project to upgrade north runway safety area*
- g Completed FAA-funded project to replace lighting control cable and related equipment
- g Completed FAA-funded project to build a backup generator building for the Automated Flight Service Station*
- g Completed FAA-funded project to complete south commercial parking apron Phase II and connecting taxiway**
- g Joint land-use committee forwarded recommended airport approach zoning overlays to Boone County and Ashland for implementation
- g Replaced approximately 3,000 feet of west property line farm fence
- g Completed annual FAA certification inspection with no discrepancies for the eighth consecutive year

* Asterisked projects are complete except for punchlist items and closeout of contract and grant paperwork and final payments.

** As of May 13, taxiway lights and sign, seeding and mulching, and marking remain to be completed. Concrete surfaces will be available for use during Memorial Day airshow and, weather permitting, above items will also be complete by then.

Sewer Utility (Public Works)**Priorities:**

- g Update City Master Plan for the Columbia Regional Wastewater Treatment Facility expansion and the long range development of trunk and interceptor lines to include lower Gans Creek drainage basin and the Midway area pending successful annexation.
- g Complete major trunk and interceptor projects including the Upper Hinkson Creek Outfall Relief Sewer, Grindstone Creek Outfall Sewer and H-21 Relief Sewer (Hominy Branch Sewer).
- g Continue to rehabilitate the older sanitary sewer lines and manholes in the sanitary sewer collection system.
- g Continue establishment of sewer districts to unsewered areas and replacement of private common collectors
- g Develop time frame for the next wastewater ballot issue which is planned for about every five years.
- g Complete 80-acre point sewer projects including the B-20 (Settlers Ridge) sewer and H-21 Extension & H-21D Trunk (Evergreen Acres) sewer.
- g Continue implementation of wastewater policy with pre-annexation agreements and agreements with the Boone County Regional Sewer District.
- g Finish locating City manholes with GPS (global position) units, complete the electronic sewer map and continue with GIS development.

Accomplishments

- g Completed construction of the American Legion Sewer.
- g Completed construction of Cow Branch pump station and outfall
- g Upper Hinkson Creek Outfall Relief Sewer Project is under construction.
- g H-21 Outfall Extension & H-21D Trunk Sewer Project is under construction.
- g Held public hearing for the B-20 Sewer (Settlers Ridge) and acquiring right-of-way.
- g Held public hearing for the H-17 Outfall Extension & H-17N Trunk Sewer (Grindstone Sewer) and acquiring right-of-way this summer.
- g Developing electronic sewer map for GIS purposes. Sewer utility personnel have located approximately half of the City's sanitary sewer manholes with global position unit (GPS).

- g \$500,000 sanitary sewer rehabilitation project is nearing completion. This project will correct structurally unstable sanitary sewer lines in the older parts of town.
- g Ten sewer districts will provide sewers to unsewered areas and eliminate private commons collectors.
- g Executed one additional extra-territorial service agreement with the Boone County Regional Sewer District (Walnut Brook).

Solid Waste (Public Works)

Priorities:

- g Develop contractual arrangements with other municipalities and private organizations to maximize flow of recyclables through the MRF and material to the landfill.
- g Develop programs to increase customer recycling and the amount of recyclables collected by city operations
- g Review and make necessary modifications to the number of bags provided and distribution methods
- g Expand methane gas collection system and continue evaluation of utilization opportunities for the gas
- g Develop markets for sale of compost
- g Installation of water main to the landfill

Accomplishments:

- g Construction of Subtitle D Cell #3 at the sanitary landfill
- g Construction of Landfill Operation Center and equipment storage buildings
- g Construction of Material Recovery Facility (MRF) and began operations in the building
- g Provided extensive staff support for the container deposit/ recycling and litter reduction committee
- g Obtained MDNR approval for a landfill vertical expansion. Increased the life by approximately 7 years and postponed the need to have Cell #3 completed by about one and one half years
- g Constructed a force main to connect the landfill to sanitary sewer service
- g Rebid processing of recyclables to reduce cost
- g Expanded apartment commingled recycling program

Storm Water Utility (Public Works)

Priorities:

- g Complete permit application for EPA Phase II Storm Water Requirement Regulations by no later than March 2003
- g Construct new detention facility in the Merideth Branch drainage area
- g Work with the mayor and county appointed storm water task force to develop a storm water ordinance to address the post-construction practices required by the EPA
- g Continue implementation of storm water projects shown in the Storm Water Master Plan and/or initiated through the City Council
- g Through ordinance amendments and existing plan review processes, reduce or eliminate house flooding in new subdivisions
- g Continue to resolve smaller storm water problems.

Accomplishments:

- g State grant awarded in the amount of \$242,000 to fund one-half the cost of contour topographic planimetric maps for Columbia and surrounding area for Storm Water Master Plan and Basin Study
- g Design work on Merideth Branch detention facility has commenced
- g Bicknell/Walnut storm drainage project is under contract
- g Park Hill Addition drainage improvements were completed. This work was in conjunction with the Daniel Boone Regional Library renovation project
- g Completed four storm water projects

Fleet Operations (Public Works)

Priorities:

- g Develop Land Use Master Plan for the Public Works operational facility area
- g Construct new fueling facility to comply with federal regulations
- g Develop plan for satellite operational facility in south Columbia
- g Develop Storm Water management master plan for the Grissom Building area

Accomplishments:

- g Developed and successfully implemented a maintenance plan to integrate a new generation of

- electronically controlled diesel powered vehicles
- g Completed approximately 6,000 repairs to City vehicles and equipment while maintaining the labor rate at 40% below commercial rate
- g Provided over 600,000 gallons of fuel (diesel and unleaded gas) in support of City operations
- g Recouped over \$24,000 in fuel tax rebate from the State of Missouri

FINANCE DEPARTMENT

Priorities:

- g Continue to prepare for the implementation of GASB 34 which will include a review of accounting policies and procedures. Work closely with KPMG to assure FY 2002 financial statement meets the new criteria.
- g Provide web based and telephone initiated transactions with the use of credit cards.
- g Implement City-wide use of procurement card system.
- g Issue Revenue Bonds for Water & Light as well as Certificates of Participation to finance public building expansion projects. Restructure Self Insurance portfolio to address cash flow needs of the fund.
- g Plan and prepare for processing online payments for utility bills, Parks and Recreation programs, and procurement card transactions.
- g Review use of internet as it relates to Purchasing. Determine prudent uses in bidding and purchasing City supplies, and recommend any necessary ordinance and/or charter changes.
- g Work with Law and Public Works Departments to review Purchasing's role in the public improvement process.
- g Submit proposed revisions to the City Code related to the licensing of armed guards, security guards, taxis and limousines, and temporary business licenses.
- g Continue to work with City departments and administration to identify and implement security measures aimed at protecting City property and staff.
- g Review Police and Fire pension ordinance to simplify administration and ensure compliance with current practice.

Accomplishments:

- g Provided financing for Sanitary Sewer Projects through the State Revolving Loan Fund and second phase of Water and Light Revenue Bonds.
- g Developed financing plan for public building expansion project that appropriately allocates costs to each of the business enterprises operated by the City.
- g Assisted in the voter approved annexation project by developing revenue estimates required by the plan of intent.
- g Implemented budget billing for utility customers. Updated fees and charges for administrative costs.
- g Created a utility billing front-end entry program to streamline procedures and provide better service to our customers for processing new ons, offs and transfers.
- g Developed friendly utility late payment notice.
- g Implemented major policy and procedure changes to allow financial statements to be presented in compliance with new GASB 34 requirements.

CONVENTION AND VISITOR'S BUREAU

Priorities:

- g Implement image/branding campaign.
- g Implement on-line hotel availability capability.
- g Completion of MKT Shelter.
- g Complete Cultural and Historic District assessment.
- g Implement recommendations from Sports Commission assessment pending Council review and comment.

Accomplishments:

- g Completed first African American Visitor Guide.
- g Secured grant for the construction of a "gateway" shelter for the MKT trail entrance off of the Katy Trail.
- g Sponsored the development of a website and driving tour itinerary promoting the Lewis & Clark bicentennial in central Missouri
- g Completed Attraction Development Guidelines.
- g Developed an on-line Request for Proposals for meeting and convention planners.
- g Implemented direct hotel reservation line at Lake of the Woods Tourism Information Center.
- g Initiated study on Columbia's need for a Sports Commission.

VOLUNTEER SERVICES:

Priorities:

- g Promote Share the Light program, the New Century Fund, Inc. and awareness for private donations within the City of Columbia.
- g Implement Youth In Action this summer. This is a youth volunteer program aimed at kids 12 to 15 years old. Youth will be able to participate in a number of volunteer activities
- g Complete Adopt-A-Spot Beautification projects along Route B and Brown Station Road. When complete, this area of the City will include seven landscaping beds maintained by volunteers. There are currently 45 adopted beds throughout Columbia

Accomplishments:

- g Volunteers contributed 41,365 hours of service to the City of Columbia valued at almost \$664,000.
- g Established the City of Columbia New Century Fund, Inc. - a 501c3 organization that can receive gifts on behalf of the city. \$62,500 in funds from foundations has been given to the Fund for the Community Recreation Center.
- g Share the Light, allowing City of Columbia utility customers to donate to a number of city program, has raised \$7,860. Share the Light supports public art, community beautification, youth recreation scholarships, youth dental care, fire prevention & education and crime prevention programs
- g Park Patrol expanded to serve Columbia's newer trails: the Hinkson and Bear Creek. There are over 50 active Park Patrol volunteers who serve as trail ambassadors.
- g Completed Sixth Annual Cleanup Columbia on April 13 event with nearly 900 volunteers picking up litter throughout the community.

WATER AND LIGHT DEPARTMENT

Priorities:

Water

- g Complete 2 million gallon reservoir at South Pump Station.
- g Bring recommendations to Council for water production bond issue.

Electric Distribution

- g Complete conversion from overhead to underground lines on 5th Street.
- g Complete addition to Rebel Hills Substation and Grindstone Substation.
- g Construct distribution feeders in association with the two substation additions.
- g Paint downtown street light standards and begin implementation of new fixtures.

Electric Production

- g Issue RFP and evaluate bids for power supply, 2004-2010.
- g Install new controls on the combustion gas turbine.
- g Rehab cooling towers.

Colt Railroad

- g Proceed with public/private partnership on rail terminal.

Accomplishments:

Water

- g Began painting inside of the Walnut St. Elevated Storage tank.
- g Completed supply main to wells 13 & 14 and placed wells in service.

Electric

- g Completed Shelter Insurance distributed generation project.
- g Completed and dedicated Columbia Energy Center by Ameren Energy Generating.
- g Upgraded underground circuit through Woodrill replacing old cable that was deteriorating and causing outages in the area and to provide a second substation feed to the Wastewater Treatment Plant and the McBaine Water Plant.
- g Cleaned out power plant ash ponds, 70,000 cubic yards.

Railroad

- g Acquired second locomotive.
- g Acquired property for rail terminal.

INTERNAL AUDITOR

Priorities:

- g Perform special projects/reviews as requested (such as cost\benefit analyses and other performance-oriented reviews).
- g Continue reviews of management policies and procedures, systems of control and computerized accounting systems.
- g Follow-up on previous reviews.

Accomplishments:

- g Completed reviews/special projects that provided information to assist management and/or external auditors in a variety of ways (such as hotel revenue, procurement card payment processing, investments, budgetary control, payroll distributions, other payroll issues, compliance with agreements, expenditures, petty cash, auto allowances, use of City vehicles, JCIC cost recovery and gift acceptance and acknowledgment procedures).
- g Performed follow-up reviews of previous findings.

INFORMATION SERVICES

Priorities:

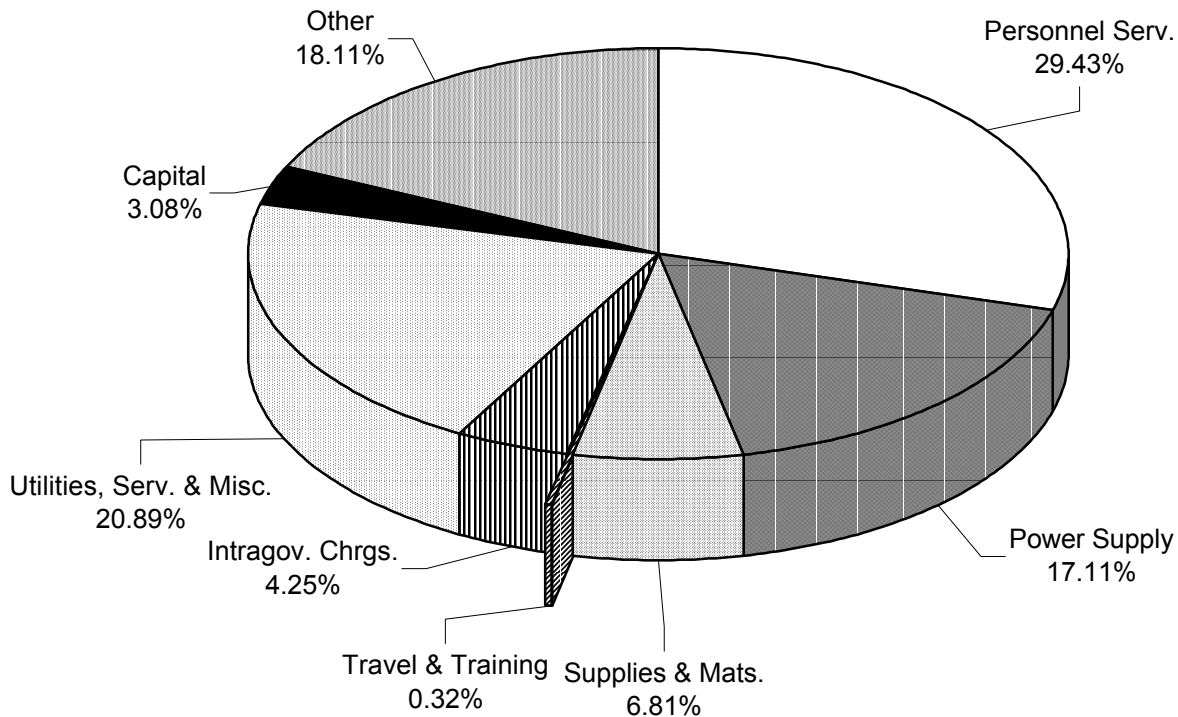

- g Install HTE Contact Management System and Parks & Rec software for online scheduling and online transactions.
- g Create GIS master address database in conjunction with Boone County
- g Migrate to Microsoft Office Suite
- g Complete I.S. Strategic Plan
- g Continue migration to Windows 2000 as the standard desktop Operating System
- g Implement online computer software training for City employees
- g Install new Web Server
- g Assist in implementing new Web Site
- g Continue PC/peripheral inventory (to be made available to all departments)

Accomplishments:

- g Started year 1 of computer replacement plan
- g Completed network upgrade to 100MB
- g Installed GB network backbone switch
- g Converted W&L meter reading system HTE interfaces from ITRON to MV-RS
- g Created "New On" Service Start web application for UAB
- g Doubled number of online reports in Cold Storage web application
- g Upgraded all Netware Server Operating Systems to Netware 5.1
- g Completed phase 3 wiring in Police Building remodel project
- g Completed physical security audit of I.S. department and made necessary hardware and procedural changes
- g Moved CVB/REDI to fiber network connection
- g Implemented budget billing
- g Implemented Elevator Compliance Application
- g Completed city-wide software audit

* Interest earnings are shown on a GAAP basis which requires an adjustment for unrealized gains and losses. Without this adjustment, interest earning for FY 2001 would have been \$15,008,772. There is no way to accurately predict the amount of this adjustment for FY 2002 and FY 2003; therefore, no adjustment is reflected in those years.

GENERAL FUND REVENUES:

The City of Columbia receives revenues from a number of sources, including Property Taxes; Sales Taxes; Other Local Taxes; PILOT; General and Administrative (G&A) Fees; Grants; Interest Revenue; Transfers; Franchises, Licenses and Permits; Fines, Fees, Service Charges, and Misc; and Appropriated Fund Balance.

Some of the City's major revenue sources include: Sales Taxes, Transfers, PILOT, Other Local Taxes, and G&A Fees. Other revenues highlighted below are those which are shown to change significantly from Estimated FY 2002 to FY 2003.

- ◆ **Property Tax**: The growth in Property Taxes is shown to be 4.79% over Estimated FY 2002. The growth of assessed valuation of real property is projected to be 5%.
- ◆ **Sales Taxes**: A general sales tax is levied on all persons selling tangible personal property or rendering taxable services on a retail basis within the City limits. The City's General Fund received 95.9% of 1% of gross retail receipts and 4.1% goes to the Public Improvement Fund. FY 2003 General Fund Sales Tax is shown to increase 2.75% over Estimated FY 2002. The growth rate in our sales tax has been decreasing for several years and is closely watched by staff since it is a major revenue source of the General Fund.
- ◆ **Other Local Taxes**: The include the gasoline tax, cigarette tax, and motor vehicle taxes.
 - The Gasoline Tax provides for the construction and maintenance of highways. The rate is 17 cents per gallon.
 - The Cigarette Tax rate is 10 cents per package. The tax is collected on each package by the wholesaler. A 0% growth over Estimated FY 2002 is projected for this revenue.
 - The City's portion of the Motor Vehicle Sales Tax is 1 ½ cents per \$1.00 vehicle cost. The City also receives a part of the license plate fee which is approximately \$12.50. A 10% decrease for FY 2003 is anticipated, which is based on current trends.
- ◆ **PILOT**: (Payment-In-Lieu-Of-Taxes) The Water and Electric Fund pays the General Fund annually an amount substantially equivalent to the 7% gross receipts taxes and property taxes which would be paid if the utilities were owned privately. PILOT payments are projected to grow at 3.23% over Estimated FY 2002 based upon recent growth trends, and then taking into consideration the 3% rate increased proposed in the Water Utility.
- ◆ **General and Administrative Fees**: (G&A) The City charges proportionately for all services performed by General Fund departments for enterprise, internal services, and other City funds. The charges are computed on the basis of an estimated allocation of time the various City departments contribute for servicing these funds. Beginning in FY 2001, we added an additional component to this fee calculation, which collects from some of our other city-owned utilities (Sewer, Solid Waste, and Storm Water) a payment-in-lieu-of-taxes equal to the amount they would pay in property taxes. G&A Fees are projecting a 4.31% increase over Estimated 2002.
- ◆ **Grants**: Grants are shown to increase by 2.32% from Estimated FY 2002.
- ◆ **Interest**: Interest earnings are shown on a GAAP basis which requires an adjustment for unrealized gains and losses. Without this adjustment, interest earnings for FY 2001 would have been \$15,008,772. There is no way to accurately predict the amount of this adjustment for FY 2002 and FY 2003; therefore, no adjustment is reflected in those years.
- ◆ **Appropriated Fund Balance**: Due to careful analysis and a close watchful eye on expenditures and revenues this year, the appropriated fund balance is higher for FY 2003.

ENTERPRISE FUND REVENUES:

The City of Columbia has ten enterprise funds that generate a total of \$112,968,855 in revenues, and \$109,441,613 in expenses (not including capital additions or capital project amounts). The City provides the following utilities to its citizens: electric, water, storm water, sewer, and solid waste collection. The city's other enterprise activities include Railroad, Public Transportation, Regional Airport, Parking, and Recreation Services.

Some of the City's major enterprise revenue sources include: Sales of Electric and Water, Solid Waste Collection Charges, and Sewer Charges. Other revenues highlighted below are those which are shown to change significantly from Estimated FY 2002 to FY 2003.

- ◆ **Sale of Electric:** There are approximately 36,000 customers that receive electricity from the City's Power Plant. The major sources of electric revenue are as follows: Residential Sales (35%), Commercial and Industrial Sales (53%), and Sales to Public Authorities (10%). There is no rate change proposed for FY 2003.
- ◆ **Sale of Water:** There are approximately 35,000 customers that receive water from the City. A 3% rate increase is proposed to address the operation expenses that were not covered by previous rate increase.
- ◆ **Recreation Services Fund:** Provides various recreational services for which participants are charged fees. There are proposed fee increases in the areas of adult softball, adult volleyball, day camp and youth activity fee. The Recreation Center reflects a full year of operation for FY 2003. Recreation Services Fund Revenues for FY 2003 are projected at a 21.05% increase over Estimated FY 2002.
- ◆ **Sewer Charges:** There are approximately 34,000 sewer utility customers. No rate increase is proposed for FY 2003.
- ◆ **Parking Fees:** Parking fees are charged to users of the City's garages, surface lots, and metered parking. A fee increase was implemented in FY 2002. No fee increase is proposed for FY 2003.
- ◆ **Solid Waste Collection Charges:** There are over 34,000 Solid Waste utility accounts served by the City. The average residential rate per month is \$10.30. Revenue generated from both residential and commercial collection charges amounts to about 61% of the total refuse revenues. Landfill fees, which are \$32.50/ton amount to 20% of total revenues. A \$0.45 rate increase was planned for FY 2003, but management has decided to delay the increase until FY 2004.

FY 2003 revenues are forecasted to exceed FY 2002 Estimated Revenues by \$1,982,703, or 1.79%.

All revenue sources continue to grow at rates similar to the past few years. There are no substantive areas in which revenues are anticipated to decrease.

Enterprise Fund Revenues By Fund FY 2003

Storm Water Utility Fund	1,416,532	1,240,000	1,135,000	1,170,000	3.08%
Total	\$ 115,193,146	\$ 111,199,680	\$ 110,986,152	\$ 112,968,855	1.79%

INTERNAL SERVICE FUND REVENUES:

The City of Columbia has seven internal service funds that generate a total of \$18,522,657 in revenues and \$19,971,129 in expenses (not including capital addition and capital project amounts). These seven funds include: Utility Customer Services Fund; Information Services Fund; Public Communications Fund; Custodial and Maintenance Services Fund; Fleet Operations Fund; Self Insurance Reserve Fund; and Employee Benefit Fund. Internal Service Funds, by definition, provide goods and services to other city departments on a cost reimbursement basis.

The City's major internal service fund revenue sources include: Fleet Operations Revenue, Utility Customer Service Charges, Information Services Fees, Employee Benefit Fund Revenues, and Self Insurance Reserve Fund Revenues.

- ◆ **Employee Benefit Fund:** This fund is used to account for the City of Columbia's self insurance program for health, disability, and life insurance for covered city employees. In addition, charges for Employee Health (which consist of physicals, drug testing, Hep B shots etc.), employee recognition and post employment health benefits are in the Employee Benefit Fund. There is a 5% Health insurance rate increase proposed for FY 2003 and the prescription drug co-pay amounts will be increased from \$4/\$8/\$14 to \$5/\$10/\$20.
- ◆ **Self Insurance Reserve Fund:** This fund is used to account for the reserves established and held in trust for Special Obligation Bonds issued for the city's self insurance program, and to account for the payment of property and casualty losses, and uninsured workers' compensation claims.
- ◆ **Fleet Operations Revenue:** The Fleet Operations Fund provides equipment maintenance and repair operation for Public Works and other user departments. Departments are charged a shop labor rate. The rate is proposed to increase from \$38 to \$40 (\$2 increase) for FY 2003.
- ◆ **Information Services Fees:** Fees are assessed based upon each department's usage of the AS 400 and the number of computer workstations for all departments. The FY 2003 fees charges reflect a 3.5% increase over Estimated FY 2002.
- ◆ **Utility Customer Services Charges:** The Utility Customer Services Fund charges various city departments for billing the following types of utilities: water, electric, sanitary sewer, solid waste, and storm water.

The rates charge to the user departments are adjusted, as needed, to cover the costs of providing the goods and services. An initial rate is set at the beginning of the budget process and then it is reviewed during the budget process to ensure that the Internal Service Funds are able to recover their operating costs.

FUND DESCRIPTION

The General Fund is used to finance and account for a large portion of the current operating expenditures and capital additions (not capital improvements) of City Government. The General Fund is one of the largest and most important of the City's funds because most governmental programs (Police, Fire, Public Works, Parks and Recreation, etc.) are generally financed wholly or partially from it. The General Fund has a greater number and variety of revenue sources than any other fund, and its resources normally finance a wider range of activities.

DEPARTMENT EXPENDITURES

DEPARTMENT DESCRIPTION

City General is the part of the budget where non-departmental expenditures are located. These include various subsidies and transfers as well as other items which are not related to a specific department.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Subsidies to most funds have remained the same as FY 2002. The Recreation Services subsidy has been increased by \$28,200 to fund scholarships for the Activities and Recreation Center and to put defibrillators (AEDs) at the L.A. Nickel Golf Course, the Lake of the Woods Golf Course, and the Parkade Center. The following amounts have been set aside for specific purposes: Council Reserve of \$6,938, Contingency of \$100,000, Grant Reserve of \$50,000, and \$36,000 for grant writing activities. The Council can allocate the \$6,938 Council Reserve and still maintain a 16% fund balance. This budget also reflects the purchase of defibrillators for the following public buildings : Daniel Boone Building, Farm and Home Building, Gentry, Howard, Police/JCIC/W&L, and the Grissum Building.

DEPARTMENT DESCRIPTION

The Mayor and City Council act as the legislative and policy making body for the City of Columbia. Operating under a home rule charter, the Council uses various voluntary citizen boards, commissions, and task forces as well as public hearings in the development of City policy matters. According to the City Charter, the City Council is responsible for the appointment of the City Manager, City Clerk, and Municipal Judge.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Funds are included in the budget to cover the cost of services of an interpreter for the hearing impaired at City Council meetings. This is in compliance with the Americans with Disabilities Act. Additional funds were also included in the budget for Boards and Commissions.

AUTHORIZED PERSONNEL

DEPARTMENT DESCRIPTION

The City Clerk's office serves as the depository for all official records of the City, and the Clerk certifies City records for the courts, City departments, and citizens. The Clerk's office serves as a center for citizen inquiry, proclamation preparation and signing, and personal appearance requests. The Clerk maintains membership rosters for all boards and commissions. The City Clerk also acts as secretary to the Board of Adjustment.

DEPARTMENT OBJECTIVES

Maintain and provide access to official city documents in the most expedient and efficient manner; and to expeditiously respond to the citizenry, City Council, Boards and Commissions, and city staff requests for services as provided by this department.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

There are no significant changes in this budget for the coming year.

DEPARTMENT DESCRIPTION

The City Manager's Office is responsible for the general administration of the City of Columbia, an annual statement of city programs and priorities, preparation of the annual budget, preparation of Council agendas and special staff reports, and program coordination and development. As chief administrative officer, the City Manager is directly responsible to the City Council for all operations of the City as well as implementation of policies and programs adopted by the Council. The City Manager appoints all officers and employees of the City except for the City Clerk and Municipal Judge. Appointment of subordinates is generally delegated to the appropriate Department Director, working through the Human Resources Department.

DEPARTMENT OBJECTIVES

(1) Provide effective and efficient delivery of services to residents; (2) Enhance communication with City Council and citizens; (3) Provide necessary written and verbal information for City Council to assist them in setting policy for the needs of the citizens; (4) Respond to inquiries made by the City Council and citizens; (5) Prepare and monitor annual budget for city services; and (6) Implement policies set by action of the City Council.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

This budget includes the deletion of a 1.00 FTE Grants Coordinator position. The money used to fund this position will be reflected as contractual services money in the City General budget to be used for grant activities. FY 2003 includes funding for a citizen survey to be conducted.

FINANCE DEPARTMENT - SUMMARY

DEPARTMENT DESCRIPTION

The Finance Department is responsible for the administration, direction, and coordination of all financial services of the City involving financial planning, budgeting, treasury management, investments, purchasing, accounting, payroll, business licensing, risk management, and utility customer services.

DEPARTMENT OBJECTIVES

General Finance Activities: The Finance Department will provide the support necessary to allow the City to conduct business in an efficient and effective manner. This includes performing the day to day processing activity, providing accurate and timely management information, external financial reports that adhere to professional standards, and managing the city capital needs through investing and borrowing activities. In addition, the Finance Department is responsible for ensuring the City adheres to all federal, state and local requirements that relate to purchasing, budgeting, and related activities.

Business License: Extensive monitoring and enforcement of all business licenses and other licenses and permits, as well as cigarette and hotel/motel taxes and regulations, required by City ordinance; and revising the existing ordinances to ensure all applications are processed in the most efficient and effective manner.

Risk Management: Maintain adequate protection for City through self-insurance fund for property, casualty and Worker's Compensation; and obtain adequate straight insurance coverage for Boiler and Machinery, Airport, Railroad, and the Health Department.

Utility Customer Services: Provide accurate and timely billing for city utilities, electric, water, sewer, solid waste, and storm water; effective handling of inquiries and complaints handled in person and by phone; set up payment arrangements for customers with delinquent bills; and provide information to customers needing utility assistance.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

During FY 2003 the Finance Department will continue to monitor and evaluate the City's financial condition and internal controls. A major review of policies and procedures will be conducted with the implementation of an accounting model required by the Governmental Accounting Standards Board (GASB) Statement #34. The pay-off of the Self Insurance Special Obligation Bond caused a significant decrease in overall departmental expenditures.

DESCRIPTION

The Finance Department is responsible for the administration, direction, and coordination of all financial services of the City involving financial planning, budgeting, treasury management, investments, purchasing, accounting, payroll, business licensing, risk management, and utility customer services. With the exception of Utility Customer Services and Self Insurance, which are budgeted in other funds, all Finance Divisions are budgeted and accounted for in the General Fund.

HIGHLIGHTS / SIGNIFICANT CHANGES

Emphasis for FY 2003 will be on the continued implementation of GASB Statement #34 and increasing the City's internet capabilities through on-line transaction processing. The Finance Department will assist in the implementation of the Capital Improvement Plan through the tracking of projects, monitoring of cash flows, and the execution of the short and long term debt programs necessary to fund the plan. Staff will continue to work to improve reporting and customer service, with emphasis on providing information through the internet.

City of Columbia - Finance Department General Fund
34.25 FTE Positions

* Position split between Business License & Administration.

DESCRIPTION

This Division is primarily responsible for the administration, direction, coordination, and supervision of all financial functions and operations for the City, including preparation of the Annual Operating Budget, as well as the five-year Capital Improvement Program. Duties include providing overall direction to Division heads and personnel involved with Administration and Planning, Accounting, Purchasing, Business License, Risk Management, Treasury Management, and Utility Customer Services. Additional duties include providing expertise and technical coordination of new bond requirements, providing recommendations to the City Manager on short- and long-range fiscal policy, and representing the City at public functions involving financial considerations.

HIGHLIGHTS / SIGNIFICANT CHANGES

Planning emphasis will be to improve all financial activities of the City by overseeing the utilization of enhanced functions offered by use of the internet; perform the tasks of researching the City's financial status for the sale of debt; and continue updating the City's manuals and monitoring reports to enable better evaluation of its financial condition. Special emphasis will be on the monitoring of revenues to determine the effect of recent budget cuts at the State and University. Implementation of GASB Statement #34 will continue in FY 2003.

DESCRIPTION

The Accounting Division is responsible for recording and reporting all financial transactions on an accurate and timely basis, preparing financial statements in accordance with Generally Accepted Accounting Principles, and issuing internal and special reports as required.

HIGHLIGHTS / SIGNIFICANT CHANGES

During FY 2003 the Accounting Division will focus on preparing a financial report for the City in accordance with the new accounting pronouncement, GASB #34. This Accounting Statement dramatically changes the annual financial report for municipal governments. Staff will work with Information Services, E-Gov. Coordinator and various city departments to properly implement web-based transaction processing.

* For FY 2002 all accounting assistants were reclassified to the Senior Accounting Assistant level and the Senior Accounting Assistant title was changed to Accounting Assistant.

DESCRIPTION

This Division is responsible for the cash management and investment of all City funds. Specific duties include management of investment portfolios for Pooled Cash, the Self-Insurance Reserve Fund, and Police and Firefighters' Retirement Fund; oversight of cashiering operations; management and oversight of banking and custodial services; coordination of debt issuance and debt service; and coordination of the 401A retirement plan.

HIGHLIGHTS / SIGNIFICANT CHANGES

Investments and cash management functions benefit from nearly constant technology improvements. Efforts will continue in streamlining and expanding information processing and reporting. In the customer service area, flexibility with payment options has received ongoing attention. Security concerns were addressed in the past year through additional security cameras and upgrades to recording equipment.

DESCRIPTION

The Purchasing Division provides centralized control over the procurement of materials, equipment, and services for all departments, offices, and agencies of the City. Purchasing is responsible for setting standards and specifications for items to be purchased; for advertising and tabulation of bids; assisting departments in obtaining contracts for services; preparation and issuance of purchase orders, materials management, and fixed asset inventory; and supervising the transfer or disposal of all surplus materials, supplies, and equipment.

HIGHLIGHTS / SIGNIFICANT CHANGES

Planning emphasis for FY 2003 will be on the continued consolidation of materials and services and standardization of specifications. Policies and procedures will be closely examined to ensure that commodities and services are obtained by the most efficient, effective and economical means possible. Purchasing will administer over 200 annual contracts, process an estimated 4,000 purchase orders, 1,500 change orders, 260 formal bids and 190 informal bids at a value of approximately \$40 million. With the pilot project phase of the Procurement Card system scheduled to be completed in late FY 2002, continued emphasis will be placed on rolling out this system to all City departments and making this system the preferred method for small dollar purchases. The use of E-Government solutions for improving the efficiency of how the City does business will continue to be developed, including an on-line vendor registration process and electronic bid notification system.

DESCRIPTION

The Business License Division is responsible for processing and issuing various licenses and permits including business and alcoholic beverage licenses, armed guard and security guard licenses, private detective licenses, taxi and limousine licenses, chauffeurs/taxi drivers permits, solicitors permits, animal licenses, and various other permits and licenses. Additional duties include the enforcement of the provisions of the Code of Ordinances which pertain to these licenses and permits, as well as administering the collection of cigarette and hotel/motel license taxes. Additional responsibilities include providing consumer protection against non-regulated operations in Columbia, the inspection and enforcement of garage sales and special permits, and the monitoring of payment of sales tax to the City by retail businesses prior to the renewal of a City business license.

HIGHLIGHTS / SIGNIFICANT CHANGES

Planning emphasis for FY 2003 will be to continue extensive monitoring and enforcement of all provisions of the City Code of Ordinances pertaining to business and alcoholic beverage licenses, hotel/motel license taxes, cigarette taxes and all other licenses and permits required by City ordinance. Additional planning emphasis will be placed on revising the existing licensing ordinances to provide a more efficient and effective licensing process.

City of Columbia - Finance Department Utility Customer Services
11.75 FTE Positions

* Position not included in Utility Customer Services's FTE count.

DESCRIPTION

The Utility Customer Services Division (UCS) is responsible for all billing related activities for the City's electric, water, sewer, solid waste, and storm water enterprise activities. As the City's primary interface to the customers, UCS staff handles all inquiries and service orders from customers and related City departments in an efficient and customer friendly manner. Our goal is to make it easy for our customers to interact with UCS and the City of Columbia.

HIGHLIGHTS / SIGNIFICANT CHANGES

Budget Billing has been available to the public for the last year. We have been promoting Budget Billing and Auto Pay.

- ▶ A new policy and procedure handbook has been established for UCS
- ▶ Task specific Procedure manuals are being developed to ensure consistency and accuracy of information for customers
- ▶ A user friendly "front end" to HTE has been developed to help handle student rush
- ▶ This "front end" will be added to the internet to expedite processing of orders from the internet
- ▶ Reports are being developed to quantify the errors in the daily exception process
- ▶ Reports are being developed to quantify the nature of the calls to UCS. These reports will be used to develop FAQ's for the internet and brochures. They will also be used for internal quality control UCS continues to work with the Utility Process Improvement Group to identify interdepartmental opportunities to cut cost and improve service to the customers. Reports are being developed to track late fees.
- ▶ We will be working toward a consistent, effective shut-off process with Water and Light.

City of Columbia - Finance Department Self-Insurance Fund

2.00 FTE Positions

* Position not included in Self-Insurance's FTE count.

DESCRIPTION

The Self-Insurance Reserve Fund accounts for the transactions and reserves associated with the City's Self-Insurance Program. This program provides coverage for the City's workers' compensation, and property and casualty claims. Claims administration is managed by the City Finance Department.

HIGHLIGHTS / SIGNIFICANT CHANGES

The Risk Management division has continued to emphasize loss prevention and claims administration to decrease the frequency and severity of claims. The Risk Manager, with the City's Executive Safety Committee, has identified training needs, worked to improve City wide safety programs and strengthen claim policies and procedures. City insurance coverages are continuously reviewed to provide the best protection at the most economical cost. Special Obligation Bonds were retired in FY 2002 significantly reducing overall expenditures.

DEPARTMENT DESCRIPTION

The Human Resources Department is responsible for coordinating the efforts of all City departments in the recruitment, selection, hiring, evaluation, promotion, training and development of a diverse staff of qualified and dedicated personnel to serve the citizens of Columbia. General pay and benefits administration, employee health and wellness programs, and drug and alcohol testing are also the responsibility of the Department.

DEPARTMENT OBJECTIVES

Assist all departments in recruitment and selection of qualified individuals to staff City positions. Provide employees evaluation, training and development opportunities that will increase retention, provide upward mobility and create high morale, and that are designed to reduce turnover in a labor market with a low unemployment rate. Provide accurate management information on compensation and benefit issues, and recommend strategies for pay and benefit plans that provide appropriate overall compensation to employees and control costs to the City. Manage the Employee Benefit Fund and the insurance and benefit programs funded in that budget. Those programs include health, dental and prescription drug insurance, life insurance, long term disability insurance and employee recognition. Provide employee health and wellness programs for City employees. Administer drug and alcohol testing for new and federally-mandated employees. Assist all departments in complying with federal, state and local employment laws, policies and procedures.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The Department became responsible for management of the Employee Benefit Fund, and health/dental, life and long-term disability insurance programs in mid-FY 1999. A comprehensive review of the entire health care plan and administration is scheduled for FY 2003, and will address issues of plan cost, plan design, administrative services and network design. Emphasis in FY 2002 focused on implementation of approved revisions to the job classification plan, and implementation of a new pharmacy benefit management program in the employee health plan. The Employee Health and Wellness Unit was incorporated into the Department in FY 2000, and program emphasis is on safety, illness prevention and disease management programs for City employees. Recruitment and retention strategies will be reviewed and modified where needed to reduce turnover, and to attract and retain qualified minorities and females. Drug and alcohol testing for new and federally-mandated employees will continue, and appropriate training will be provided to supervisors on federal, state and local laws and policies.

DEPARTMENT DESCRIPTION

The Law Department is charged with managing all litigation in which the City is a party and advising the Council, the City boards and commissions, the City Manager, and department directors on legal matters. The Department is composed of two divisions: the City Counselor and staff manage the civil law of the City, and the City Prosecutor prosecutes ordinance violations.

DEPARTMENT OBJECTIVES

The Law Department's primary objective is to assist the Council, Manager and City departments in setting and meeting their objectives by providing high-quality legal support services.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

There are no significant changes in the Law Department's budget.

DEPARTMENT DESCRIPTION

The Municipal Court, under the City Charter, is organized to process violations of City ordinances resulting from citizen complaints, traffic violation, and misdemeanor arrests. By State statute it is a division of the Circuit Court of Boone County and subject to the administrative authority of the Presiding Judge of that court. Activities include processing traffic violations and recording convictions, collection of fines, scheduling of trials, and preparation of dockets. The court is also charged with serving subpoenas, issuing and service of warrants for traffic violations and other charges.

DEPARTMENT OBJECTIVES

(1) Process docket and record municipal ordinance violations including parking tickets; (2) Collect fines; (3) Schedule and conduct trials; (4) Monitor compliance with orders; (5) Issue and serve subpoenas; (6) Issue and serve summonses and warrants; and (7) Report monthly to the Circuit Court.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The budget for FY2003 includes funds for an alarm system to be installed in the court room to further enhance security efforts in the court. The budget also includes funds for an additional 1.0 FTE in the Violations Bureau. The primary responsibility of this employee will be the collection of parking tickets issued.

DEPARTMENT DESCRIPTION

The Police Department serves as the primary law enforcement agency for the City. Its mission is to reduce crime and improve public safety by enforcing the law, solving problems, and encouraging citizen responsibility for community safety and quality of life.

DEPARTMENT OBJECTIVES

To continually enhance our Community Policing program within the greater community.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

During the last fiscal year, we have completed the building renovation and started a three phase consultant project. This project includes a strategic plan, community policing evaluation and staffing study.

DESCRIPTION

The Administration Division is responsible for the general administration of the department. The areas of responsibility for the office of the Chief of Police include setting policy, establishing goals and providing direction for and overall management of the department. The Executive Assistant to the Chief is responsible for planning, projects, grant acquisition, staff inspections and Internal Affairs.

HIGHLIGHTS / SIGNIFICANT CHANGES

FY 2003 Administration's goals are to provide the best possible delivery of police services within our budgeted resources by continuing the implementation of community policing.

DESCRIPTION

The Patrol Division is divided into two districts that generally divide the city in half and give responsibility for each half to a district captain. Each side has patrol officers and traffic officers, as well as, community service aides. Each officer has a specially assigned beat that is patrolled each working shift. This is one of the basic foundations of our expanded community policing initiative. These officers are the first responders to all calls for service every day of the year. Most officers develop additional skills in numerous areas of special needs such as Special Tactics and Response (STAR), Crisis Negotiation Team, Traffic Accident Reconstruction, Evidence collection, Interview techniques, Community policing interaction, photography and many other important areas.

HIGHLIGHTS / SIGNIFICANT CHANGES

Calls for service in 2001 were 57,030, down from 60,959 in 2000. Also during 2001, there were 5,077 FBI Uniform Crime Report Part 1 crimes reported which is up from 3,607 in 2000. Columbia Police Department clearance rate for 2001 was 32 percent, down one percent from 2000, and compares to a national clearance rate of 20.5 % for 2000. (Latest year national data available.)

DEPARTMENT DESCRIPTION

The Fire Department is charged with the protection of lives and property from fire, explosion, hazardous materials and other natural or man-made disasters, or any situation that threatens the well-being of Columbia's citizens and visitors. By also providing emergency medical, public fire education, fire investigation and code enforcement services to the public, the Department takes an active role in improving the overall safety of our customers, the Citizens of Columbia.

DEPARTMENT OBJECTIVES

(1) Deliver emergency services within acceptable time/distance criteria, (2) Reach our citizens with fire and emergency medical safety and education programs, (3) Maintain budget integrity through prudent fiscal management, (4) Support operating divisions with sufficient staff, (5) Train fire/rescue personnel to required performance standards, (6) Continue capital improvement programs, (7) Review new construction plans for fire & life safety, (8) Conduct fire inspections on a regular basis, and (9) Provide central supply and support facility.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The goal of continuing high quality service to the citizens of Columbia will be aided by the budget. Growth of the City and population supports increased levels of fire companies and personnel. This calls for augmenting the often neglected support areas such as clerical, training, inspections, code enforcement, fire investigations, and public safety education. Renovation and retrofitting of existing facilities are continuing as buildings age.

Fire Station #8, in the southeast part of the city, opened in December 2001, equipped with a new pumper. Our apparatus color scheme changed to white over red as vehicles are replaced or experience major body repairs. Using grants for equipment from the State Emergency Management Agency (SEMA) we have established a Weapons of Mass Destruction (WMD) component in our Hazardous Materials Unit.

DESCRIPTION

This Division of the Fire Department is responsible for the efficient operation of the entire Department. Activities include preparation of the budget, payroll, records and reports, as well as planning and implementation of departmental goals, objectives, policies, and procedures, with the additional challenge/emphasis on citizen protection against terrorism and Weapons of Mass Destruction (WMD).

HIGHLIGHTS / SIGNIFICANT CHANGES

Fire Administration's goals continue to be organizational monitoring and evaluation of performance. The Administration budget reflects decisions to improve the organization in such areas as fiscal control, supply and communications, among others. The challenges of homeland security have presented federal and state grant funding opportunities which Fire Administration is actively pursuing. There are certain personnel reorganization needs which remain to be addressed in future years.

DESCRIPTION

This Division comprises the largest number of personnel and equipment and provides for all the emergency services of the Department, including fire suppression, rescue, emergency medical, natural and/or man-made disasters, and hazardous materials responses.

HIGHLIGHTS / SIGNIFICANT CHANGES

We continue to augment our Special Operations Team equipment for rescue and hazardous materials incidents. Safety and upkeep issues continue to be addressed at the physical facilities wherever feasible.

The public expects a quick resolution to their fire and/or EMS emergency. Hence, a quicker response time dictates station location, apparatus condition and flexibility, and sufficient personnel to safely manage these emergency situations. Since the publication of a fifteen year plan which called for three additional fire stations, even more changes in land mass, population, and road net have taken place. Therefore, an update of the station location plan is now underway.

DESCRIPTION

The budget reflects Division responsibilities, focusing on fire, emergency medical, hazardous materials, and rescue training. The Training Division is in a supportive role for Emergency Services, providing a central supply and storage facility, operating live fire drills in the burn building, and conducting research and development of new techniques and equipment.

HIGHLIGHTS / SIGNIFICANT CHANGES

With the addition of Weapons of Mass Destruction (WMD) needs, program goals for this fiscal year include the continuation of specialized hazardous materials and rescue training to meet federal mandates and supporting on-going skills training for the organization. Other current programs for the fiscal year include promotional processes, future officers training, Basic Recruit School and state mandated EMT continuing education.

*In FY 2002 the Fire Lieutenant position in the Training Division was upgraded.

DESCRIPTION

This Division is responsible for coordinating the Department's efforts to improve the safety and well being of our citizens and community with an emphasis on "fire prevention through education". The major duties include Public Fire Safety Education, Fire Code Enforcement and Fire Inspections, Fire Investigation, Research and Development, and related records and reports.

HIGHLIGHTS / SIGNIFICANT CHANGES

Division goals are to continue providing public safety education programs and department presence to reduce accidents and injuries. The "Columbia Safe Kids Coalition" enjoys great success, and the "RiskWatch" school curriculum is well received. In concert with the Codes Commission, the Division has reviewed the new International Fire Code and recommended its adoption.

Over the broad spectrum of safety and fire prevention, the Division attempts to influence and redirect public opinion and practices, using new and existing local resources. For instance, the University shares equally in the time, cost, and assignments of an assistant fire marshal. Columbia's citizens are showing their support for fire prevention through Share the Light and New Century Fund campaign contributions.

DEPARTMENT DESCRIPTION

Emergency communication begins with a telephone call to a 9-1-1 center, Joint Communications. Emergency Management occurs after the disaster or devastation. The function of the Department of Emergency Communication and Management is to allow for a smooth and organized transition from event to conclusion, coordinating all public safety, public services, public utility and Government needs for the citizens and community safety and well being.

DEPARTMENT OBJECTIVES

Our Mission is to provide accurate, courteous and professional communications to all the citizens and organizations that we work for. We will fulfill this objective by maintaining a highly trained staff, interacting in a calm and respectful manner, and providing timely, effective and efficient communications. By working with pride, respect and integrity we will create and provide the highest level of trust and confidence to all those we serve and ourselves. We will provide an effective, orderly and professional response and structure for all the Public Safety and Service providers for all the members of our community. We will continue to look into alternate funding sources.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Joint Communications continues to grow, expand and modernize its center, remains on the cutting edge of technology and provides a positive example to the communications community. Your Office of Emergency Management is growing and developing to be prepared for modern day disasters by being a responsive City/County organization. We completed and have online web site pages for each office.

Emergency Medical Service Calls	13,889	4,052	11,505	9,000	6,240	10,879

*Service area population is Boone County which includes Columbia.

DESCRIPTION

Emergency response begins with a telephone call to the 9-1-1 center. Joint Communications answers all the emergency calls in Boone County. The Center responds to these calls by dispatching appropriate police, fire, ambulance or other emergency responders from three different fire response areas, three ambulance services and five law enforcement agencies and other emergency services as needed. These would include public works, road and bridge, water and light, Ameren U. E., Verizon, Boone Electric, and Consolidated Water Districts, etc.

DEPARTMENT OBJECTIVES

We continue to establish a definitive set of operating policies. Enhance our statistical and reporting methods. We will be utilizing the GIS mapping programs that have been developed by the City and County Governments. We will be addressing and streamlining operational issues and developing a community wide communications plan. Continue site visits to remain aware of new programs and innovations in the communications field being used successfully within other communities. Continue to enhance our fledgling GIS mapping programs in compliance with wireless 911 legislative compliance requirements. Improve and ensure interoperability with other current users of the mapping software. Plan for a fixed location of a backup communication center. Continue to strive to be a storm ready community and remain a state of the art communication center. Enhance, improve and remain current with the Medical Priority Dispatching system.

HIGHLIGHTS / SIGNIFICANT CHANGES

Completed integration of Medical Priority Dispatching with the Computer Aided Dispatching (CAD) system, allowing for pre-arrival instructions on all medical calls. Implementation of a GIS mapping project as a stand alone system in the communication center. Established a continuity protocol in event of a need to relocate the communication center. Developed manual systems to dispatch public safety units in the event of a CAD failure. Remained compliant with 911 wireless legislative requirements.

DESCRIPTION

Emergency Management is a separate function from the 911 operations. The Office of Emergency Management is responsible for the mitigation, preparedness, response and recovery of any disaster natural or man made. Our organization is responsible for County wide events. The key element of Emergency Management is to coordinate, organize and manage all the different groups, agencies and jurisdictions involved when a true disaster occurs. A disaster is defined by the Federal Emergency Management Administration as an "event which goes beyond the needs and capabilities of local resources".

DEPARTMENT OBJECTIVES

We intend to concentrate on involving the community and general public in awareness programs to make "Emergency Management" a part of the local vocabulary. We will continue to implement an outdoor warning siren monitoring and replacement program. We will continue to participate in Weapons of Mass Destruction grant programs. We will apply for CDBG funding to replace outdoor warning sirens in qualifying areas. We will supply emergency generator power to the Emergency Operations Center (EOC) at the Armory Sports Complex. We will continue to update and upgrade the equipment, supplies and facilities at the EOC. Maintain a perpetual exercise and training program, including annual updates of the Emergency Operation Plan. Continue to integrate City/County organizations in preparation for an area wide disaster. Develop a community based training, education and information program. Develop a business education and training model for the local business community.

HIGHLIGHTS / SIGNIFICANT CHANGES

Completion and printing of the revision of the 1993 City/County Emergency Operation Plan. The initiation of a comprehensive and perpetual city/county exercise program. The establishment of permanent city/county Emergency Operation Center on the lower level of the Armory Sports complex. Completed Orientations and training programs with many of the city/county departments outlining their roles in a disaster situation. Completed city council request for a report on tornado safe shelters in manufactured home parks.

DEPARTMENT DESCRIPTION

The mission of the Columbia/Boone County Health Department is to make life better by preventing disease, injury and disability, and protecting and promoting the health of the community.

DEPARTMENT OBJECTIVES

Administration: Responsible for the management of the department including assessment, assurance, planning, organizing, and evaluating the operations of the Personal Health, WIC, Environmental Health and Animal Control Divisions.

Personal Health: Responsible for provision of personal and public health services for citizens of Columbia and Boone County. Provides childhood and adult immunization services, as well as investigation and follow up of reportable communicable diseases (including but not limited to Tuberculosis, vaccine preventable diseases, food borne illnesses, sexually transmitted diseases and communicable diseases in day cares and schools). Serves as lead agency for regional HIV testing, counseling and outreach education to 33 counties in central Missouri; conducts family planning services, sexually transmitted disease screening, surveillance and treatment clinics, pregnancy testing and referrals, utility and medication assistance for eligible individuals. Assesses families with potential or identified incidents of child abuse or neglect and conducts home visits for frail elderly and high risk maternal/child clients.

WIC Program: The WIC Program provides supplemental food packages and nutrition education to women, infants, and children under five years of age who meet the medical and income requirements. This program serves clients who are pregnant or breast-feeding, low birth weight or premature or demonstrate a medical or nutritional risk factor.

Environmental Health: This division provides county-wide environmental health programs such as: food sanitation inspections in restaurants, grocery stores, food warehouses, and food delivery; laboratory analysis of drinking water, food products, milk products, and water used for recreational purposes; foodhandlers education; public health nuisance control including sewage disposal, weeds, mosquito breeding areas, rubble accumulations, rodent infestation etc.; coordination of mosquito control activities; and enforcement of City's anti-smoking ordinance. The division also inspects day care homes and centers under contract with the State Health Department.

Animal Control: Enforces the Columbia animal control ordinance and the Boone County animal control ordinance. Animal control services include the impoundment of dogs running at large, assisting in locating lost animals, and investigating animal bite cases.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The focus of the department for FY 2003 will include: strengthening the public health infrastructure; enhancing emergency preparedness and bioterrorism response; assuring that people live in a healthy and safe environment; preventing communicable and chronic diseases and injuries; increasing access to health resources; and, assuring that residents have the information and skills needed to adopt healthy lifestyles. A major priority this year will be the renovation of the new health facility. Increasing the use of technology to identify and prioritize health needs will be a major challenge for the Health Department. Primary Care services are being eliminated and funding is being shifted to meet unmet, priority public health needs in the community.

DESCRIPTION

This division is responsible for all public health operations including planning, organizing, directing, budgeting, and evaluating the various operating sections of the Health Department.

HIGHLIGHTS / SIGNIFICANT CHANGES

The Administration Division will continue to work closely with the Board of Health and other community partners to assure that public health services are available to meet the needs of the local community. Department priorities for FY 2003 will include the renovation of the new Health Facility and improving the department's core infrastructure and capacity to respond to bioterrorism and other emerging health threats impacting our community. Grant funding from the Missouri Department of Health and Senior Services for "Public Health Preparedness and Response for Bioterrorism" will result in to new positions: a Regional Bioterrorism Response Planner and a Regional Epidemiology Specialist.

DESCRIPTION

The Animal Control Division enforces the animal control ordinances for the City of Columbia and Boone County. Animal Control services include the impoundment of dogs running at large, assisting in locating lost animals, and investigating animal bite cases.

HIGHLIGHTS / SIGNIFICANT CHANGES

The FY 2003 budget reflects 4.0 FTE officers in City Animal Control and 2 County Animal Control officers. The 2 FTE county officers are funded by the Boone County Commission through an annual contract. Animal Control responds to emergency situations 24 hours a day, seven days per week effective January 1, 2000. Animal Control currently is staffed from 7:00 a.m. to 9:00 p.m., seven days per week.

DESCRIPTION

This division provides County-wide Environmental Health programs such as food sanitation inspections in restaurants, grocery stores, food warehouses, and food delivery vehicles, laboratory analysis of drinking water, food products, milk products, and water used for recreational purposes, food handler education, public health nuisance control including sewage disposal, administration of the Boone County Waste Water Permit Program, weeds, mosquito breeding areas, rubble accumulations, rodent infestations, etc., and coordination of mosquito control activities. Additionally, this division enforces the City's anti-smoking ordinance. The Health Department does inspections of licensed day care homes and centers under contract with State Department of Health.

HIGHLIGHTS / SIGNIFICANT CHANGES

This budget includes 2.6 FTE's to deliver County services. Costs are reimbursed by County government. 7.63 FTE's are used to provide City services. An additional .50 seasonal worker is used for weed abatement. Enforcement of the sewage ordinance and the public nuisance ordinance continues to be a priority.

DESCRIPTION

Responsible for providing personal and public health services for citizens of Columbia and Boone County. This division provides the following services: family planning and well woman's clinics; sexually transmitted disease clinics; coordination and provision of regional HIV testing and counseling services, HIV outreach and educational programming, and assistance to 33 central Missouri county health agencies; childhood and adult immunizations including including school based immunization clinics for school age children in elementary and secondary schools throughout Columbia and Boone County; chronic disease screening for hypertension and diabetes both in Columbia and in monthly rural health screening clinics throughout Boone County; screening and investigation of reportable communicable diseases and lead poisoning; educational services to child care facilities throughout the county; tuberculosis screening, treatment and surveillance; home visitation for frail elderly individuals and families with children children with unmet needs; services to families with potential or identified incidents of child abuse and neglect; pregnancy testing; prenatal case management and referral of pregnant women to prenatal services; medical social services include assisting eligible individuals in applying for medicaid programs for prenatal women and children; coordination of utility, medication and dental assistance programs, and referral to other medical/service providers; community focused health education and outreach services.

HIGHLIGHTS / SIGNIFICANT CHANGES

Demand for adult immunization services is increasing. Childhood immunization services are focused primarily on mandatory immunizations for school and day care attendance. Service areas experiencing continued growth are: immunizations, HIV testing and counseling, TB control, communicable disease surveillance and sexually transmitted disease clinics. The department continues to focus on minority health issues with assistance from a federal minority health grant to improve services to Spanish speaking individuals. Maternal Child Health Services will continue to focus on improving rates of immunizations for children under two years of age, reducing teen pregnancy, and reducing the incidence of obesity in children. This year marks the second year of sponsoring a Summer Food Program funded by the USDA and the Missouri Department of Health and Senior Services for low income children who qualify for free and reduced cost lunches during the school year. This program will feed an estimated 120 children each day.

DESCRIPTION

The WIC program provides nutrition education and vouchers for supplemental food to prenatal, breast-feeding, and postpartum women, infants and children under five years of age who meet income guidelines and have a medical and/or nutritional risk. WIC services are available to both Columbia and Boone County populations. In addition to their nutrition mission, WIC is actively involved with other community efforts including, evaluation of immunization records, referral to the Medicaid for Children program, referrals to community based health care providers and voter registration. The Columbia/Boone County WIC program has successfully provided services for the past 26 years.

HIGHLIGHTS / SIGNIFICANT CHANGES

The WIC program continues to identify ways to increase staff efficiency, improve customer service, and increase participation of eligible women and children in the WIC program. Working with the Missouri Department of Health and Senior Services, the WIC program continues to advance the use of technology to streamline the certification and voucher processes. The program continues to provide services at the downtown Howard Building location as well as at city and county satellite locations: Blind Boone Center, El Centro de Educacion y Salud and in Hallsville. The Columbia Farmer's Market/WIC collaboration continues to provide fresh fruits and vegetables to WIC participants. This agency was able to increase the number of participants served this year by 4% and will continue to work towards meeting the expanding needs of the community.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DEPARTMENT DESCRIPTION

The Planning and Development Department provides planning, economic development and community development support services to the community. The Department also provides staff services to the Planning and Zoning Commission, the Community Development Commission, the Bicycle and Pedestrian Commission, the Historic Preservation Commission, the Loan and Grant Committee, the Columbia Area Transportation Study Organization, and various ad-hoc committees and task forces.

DEPARTMENT OBJECTIVES

Perform the above responsibilities and services in an effective and efficient manner.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Emphasis in the coming year will be on following up on annexation activities if approved by the voters, implementing neighborhood development and affordable housing activities, working with MoDOT on evaluating the impact of alternatives for widening I-70, beginning implementation of the Business Loop 70 Revitalization Plan, completing the Sidewalk Master Plan, the Broadway Corridor Pedestrian and Bikeway Study and revising major street right-of-way and design standards. Work will continue on updating/revising development regulations including integrating storm water management regulations into zoning and subdivision procedures and updating GIS applications using digital aerial photos. The Community Development Division will place emphasis on implementing appropriate incentives to promote new private investment, improving the housing rehabilitation program operating efficiency, and helping implement Youthbuild if approved by HUD.

DESCRIPTION

This Division provides the necessary support to encourage and facilitate the growth of the economic base in Columbia. This task includes working with Regional Economic Development, Inc. to provide support services such as site maps, statistical reports, and demographic information. This Division also serves the Boone County Industrial Development Authority.

HIGHLIGHTS / SIGNIFICANT CHANGES

Efforts will focus on graphics and statistical information needed to assist in the development of marketing and proposal packages. Additional assistance will be provided as necessary.

DESCRIPTION

The Community Development Division administers the CDBG and HOME programs by coordinating applications for the use of these funds with the Department of Housing and Urban Development, other city departments and outside organizations. This division assists the Community Development Commission in reviewing CDBG funding requests, the Loan and Grant Committee in evaluating housing rehabilitation applications from low/moderate income homeowners, and the Mid-Missouri Counties' Human Development Corporation, Columbia Community Development Corporation, other community agencies and private developers in building new affordable housing.

HIGHLIGHTS / SIGNIFICANT CHANGES

Considerable effort in FY 2003 will be directed toward revitalizing inner-city neighborhoods through targeted code enforcement and providing city and other services to needy households which will generate additional housing rehabilitation and construction activities. Continued emphasis will be placed on improving low/moderate income neighborhoods by upgrading public facilities, demolishing dilapidated buildings, building replacement housing, providing homeownership assistance, and rehabilitating owner-occupied homes.

DEPARTMENT DESCRIPTION

This Department provides the necessary support to encourage and facilitate the growth of the economic base in Columbia. This task includes working with the various local and state development agencies, as well as the local educational institutions in an effort to recruit new investments, assist new business start-ups, and retain existing business. This Department staffs Regional Economic Development, Inc., which provides other operating funds.

DEPARTMENT OBJECTIVES

The staff's goal is to promote positive economic growth while maintaining Columbia's exceptional quality of life. The staff completed the 2002-2006 Economic Development Master Plan in 2002. The Plan promotes specific activities designed to improve the area's business climate and promote Columbia as a business destination. Promotional and marketing activities include personal contacts, direct mail campaigns, web marketing campaigns, and trade shows in addition to producing current, relevant reports on the economic indicators of the community. The department continues its public relations program designed to promote Columbia's strong business climate and exceptional quality of life through placement of positive articles in regional and national media.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Staff began implementation of the new Economic Development Master Plan. Promotional and marketing levels continue to expand through REDI Corporation funding. Workforce Development issues continue to be a focus of this Department. REDI continues to reimburse the City's General Fund for the cost of public relations personnel.

Trade Shows/Marketing Events	7	10	10
Web Site Hits	100	2,920	3,000
Community Committee Meetings	96	96	100

Performance Measurements Explanations:

Community Presentations - Presentations given by dept. staff/People attended in the Columbia/Boone County area.

Presentation Materials Sent - Retail, Office, Manuf. or Study Results Material delivered to clients; electronically/mail.

Targeted Marketing Efforts - Contacts made either electronically or via mail designed for a specific audience.

Inquiries Received - All unsolicited contacts to Dept.; in person, via the Internet, telephone, e-mail or postal service.

Business Attraction/Retention/Expansion Contacts - Contacts made to businesses for the purpose of attracting new business, retaining strong relations with existing business or assisting business with expansion plans.

Job Fairs - Attendees at job fairs coordinated or assisted by the Department/Estimates of job seekers attending.

Trade Shows/Marketing Events - Shows attended and events hosted or co-hosted by the Department.

Web Site Hits - Number of times the site visited. Requests from the site are counted under "Inquiries Received."

Community Committee Meetings - Meetings attended by Department staff to promote Economic Development initiatives. This includes, but is not limited to: BooneWorks, Mid-Missouri Regional Planning Council; Missouri Economic Development Council; the Mid-MO Manufacturer's Training Council; the Adult Business Education Committee of the Career Center; and the Chamber of Commerce's Manufacturing Council and School-to- Work Initiative.

DEPARTMENT DESCRIPTION

This office assists the Boone County Community Services Advisory Commission in determining the community's social service needs, reviewing agency proposals, and recommending the appropriation of City funds to contract for social services; monitoring and evaluating contract performance of social service organizations; providing information and technical assistance to advisory commissions. This office provides staff assistance to the Commission on Human Rights for community education and outreach activities, and the investigation of complaints of discrimination under the City's Human Rights Ordinance. The City's Substance Abuse Advisory Commission is also staffed through the Office of Community Services.

DEPARTMENT OBJECTIVES

To help coordinate and integrate the delivery of social services in the community through long-range planning in cooperation with other local funders and service providers; to obtain federal grants for services to the homeless and other at-risk populations; to target social service funding for programs providing emergency assistance and services to the most vulnerable segments of the population, particularly children, youth, and the elderly; to promote and encourage communication and cooperation between local social service providers; and to assist groups and organizations in coordinating, expanding, or developing social service programs that meet identifiable community needs. To provide staff support to the Commission on Human Rights in its community education and outreach activities and the investigation of human rights complaints under the city's human rights ordinance. To provide staff support to the Substance Abused Advisory Commission in the coordination of community efforts to reduce substance abuse.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

- ▶ The Office of Community Services will provide staff assistance to the Boone County Community Service Advisory Commission in its annual social service allocation process. The Commission uses a well developed process that includes monthly roundtable discussions on current social services issues; public hearings on social service needs; reviewing community needs assessments as well as other relevant studies and data; annual evaluations of City funded services; reviewing annual social service funding proposals; conducting agency hearings to review funding proposals; and preparing an annual social service funding plan for adoption and funding by the City Council and the Boone County Commission.
- ▶ During FY 2002, a \$75,000 Emergency Shelter Grant was received to provide additional services to homeless families and individuals at three local shelters in Columbia. Similar funding is anticipated in FY 2003.
- ▶ The Commission on Human Rights will continue to expand its community outreach and education efforts through the implementation of a Community Study Circles Program focusing on diversity called "LET'S TALK, COLUMBIA!". The Commission also sponsors the human rights enhancement program which provides matching funds for local human rights educational activities. In addition, the commission also helps to sponsor the Columbia Values Diversity Celebration which is administered through the Office of Community Services.
- ▶ The Substance Abuse Advisory Commission will continue its information gathering and community coordination efforts by working with other organizations to coordinate substance abuse prevention activities in our community and make recommendations to the City Council on policies to reduce substance abuse in Columbia.

3) Source: U.S. Bureau of Census, Census 2000-Table DP-3

NOTES:

- ▶ **Columbia, MO** City social service funding comes from the General Fund. Up to 15% of CDBG funds are also available to social service agencies for capital improvement projects. These funds are available in the form of a "no interest loan" which must be paid back upon the sale of the property/asset.
- ▶ **Ames, IA** City funding comes from a one cent "Local Options Sales Tax" of which 40% goes to the Community Betterment Fund to fund social services. These funds are administered by the Assistant City Manager with two (2) FTE Administrative Assistants. No social service funding from city CDBG funds. The Ames City Council, United Way of Story County, Story County Department of Human Services, Story County Board of Supervisors, and the Student Government at Iowa State University coordinate their funding through the "ASSET" or Analysis of Social Services and Evaluation Team. Agency allocations does not reflect agency designations which are not given out.
- ▶ **Boulder, CO** City funding comes from a 0.15% sales tax and General Fund. Fifteen percent of CDBG funds also contribute to the city's funding of social services. City funds are allocated through the Department of Housing and Human Services which has four divisions: Housing and Community Development; Senior Services; Children, Youth, and Families; and Community Services. The allocations process is staffed by one full time administrator and a half time clerical position. The Department also provides direct services through the Senior Services and Children, Youth and Families Division. Funding for these divisions is \$1,062,255 and \$2,280,164 respectively.
- ▶ **Independence, MO** City funding comes from CDBG funds (15% of total) in the form of direct grants. These funds are administered through the Community Development Department which is a combined department that includes the functions of planning, zoning, code enforcement, building inspection, tourism, historic presentation and community services. United Way funding is complex due to overlapping services in the Kansas City Metro area and a recent merger with the Cass County United Way. The Bi-County United Way of Cass and Jackson Counties allocated \$860,000 to Jackson County, \$70,450 to Cass County and \$390,400 to the Kansas City Metro fund for services provided in Jackson and Cass Counties.
- ▶ **St. Joseph, MO** City funding comes from CDBG funds (19.8% of the total) in the form of direct grants. These funds are administered through the Department of Community Services which includes the following divisions and staff: Division head-1, social services-1, neighborhood services-1, neighborhood revitalization-1, housing rehabilitation-3, and historic preservation-1. Many social services in St. Joseph are coordinated and funded through a quasi-governmental organization called the Social Welfare Board. This board is responsible for coordinating a wide variety of social services for the indigent. A public health clinic is supported by a public health tax. The Social Welfare Board and the Public Health Clinic are located in the same building and work cooperatively together to address health and human service needs.

Human Rights Funding Per Capita	\$0.33	\$0.03	\$1.56	\$0.00	N/A

NOTES:

- ▶ **Columbia, MO** The Human Rights Commission is staffed by the Manager of the Office of Community Services (.3 FTE) and the City Attorney (.03 FTE) to provide administrative and legal support. Funding for this support is included in the respective budgets of these departments. The Commission also has a part-time (.5 FTE) Human Rights Investigator/Community Educator. Funding for this position is included in the Commission's budget.
- ▶ **Ames, IA** The Human Rights Commission is staffed by the Assistant City Manager (.2 FTE). The City Attorney also provides legal consultation. A seven (7) member commission investigates complaints of discrimination paired with a community volunteer. The Commission conducts administrative hearings on complaints. The Commission has also initiated a Community Study Circles Program on race relations. The Commission has a small budget but is able to request additional funds from the City Council when the need arises, up to \$4,500.
- ▶ **Boulder, CO** The Human Rights Commission has 1.5 FTE direct staff with an office budget of \$109,451. The Commission also receives \$40,935 in funding from the city's social service funding for cultural events and educational programming.
- ▶ **Independence, MO** The Human Rights Commission has one (1) staff liaison who spends approximately 10% (.1FTE) of their time assisting the Commission. The Commission meets every other month and has no direct budget. Complaints of discrimination are investigated by the Chair of the Commission or a team of Commission members.
- ▶ **St. Joseph, MO** The Human Rights Commission was disbanded in 1990 following the "Yellow Freight" decision by the Missouri Supreme Court. All complaints of discrimination are now referred to the Missouri Commission on Human Rights.

DESCRIPTION

This office assists the Boone County Community Services Advisory Commission in determining the community's social service needs, reviewing agency proposals, and recommending the appropriation of City funds to contract for social services; monitoring and evaluating contract performance of social service organizations; providing information and technical assistance to advisory commissions. This office provides staff assistance to the Commission on Human Rights for community education and outreach activities, and the investigation of complaints of discrimination under the City's Human Rights Ordinance. The City's Substance Abuse Advisory Commission is also staffed through the Office of Community Services.

HIGHLIGHTS / SIGNIFICANT CHANGES

- ▶ The Office of Community Services will provide staff assistance to the Boone County Community Services Advisory Commission in its annual social service allocation process. The Commission uses a well developed process that includes monthly roundtable discussions on current social services issues; public hearings on social service needs; reviewing community needs assessments as well as other relevant studies and data; annual evaluations of City funded services; reviewing annual social service funding proposals; conducting agency hearings to review funding proposals; and preparing an annual social service funding plan for adoption and funding by the City Council and the Boone County Commission.
- ▶ During FY 2002, a \$75,000 Emergency Shelter Grant was received to provide additional services to homeless families and individuals at three local shelters in Columbia. Similar funding is anticipated in FY 2003.
- ▶ The Commission on Human Rights will continue to expand its community outreach and education efforts through the implementation of a Community Study Circles Program focusing on diversity called "LET'S TALK, COLUMBIA!". The Commission also sponsors the human rights enhancement program which provides matching funds for local human rights educational activities. In addition, the commission also helps to sponsor the Columbia Values Diversity Celebration which is administered through the Office of Community Services.
- ▶ The Substance Abuse Advisory Commission will continue its information gathering and community coordination efforts by working with other organizations to coordinate substance abuse prevention activities in our community and make recommendations to the City Council on policies to reduce substance abuse in Columbia.

DESCRIPTION

Each year the City of Columbia, through the Office of Community Services, submits an Emergency Shelter Grant application to the State of Missouri, Department of Social Services for funding to provide emergency shelter services to the homeless as well as services designed to prevent homelessness. The City of Columbia uses these funds to to subcontract with three local agencies to provide additional services to homeless families and individuals as well as those persons most at-risk of becoming homeless in our community.

HIGHLIGHTS / SIGNIFICANT CHANGES

Populations being served with Emergency Shelter Grant funds include homeless families and individuals, battered and abused women, and U.S. military veterans. In 2002, the City of Columbia received a grant of \$75,000 to serve the homeless. It is anticipated that a grant of a similar amount will also be secured in 2003. The most significant trend in the homeless and near-homeless population is the increasing number of women, children and families seeking assistance from our local shelter and emergency food providers.

DESCRIPTION

The Boone County Community Services Advisory Commission is charged with the responsibility of making recommendations to the City Council and the Boone County Commission for the appropriation of social service funding to local agencies providing services to the most needy citizens in our community. The Commission uses a well developed process that includes monthly roundtable discussions on current social services issues; public hearings on social service needs; reviewing community needs assessments as well as other relevant studies and data; annual evaluations of City funded services; reviewing annual social service funding proposals; conducting agency hearings to review funding proposals; and preparing an annual social service funding plan for adoption and funding by the City Council and the Boone County Commission.

HIGHLIGHTS / SIGNIFICANT CHANGES

The City Council has budgeted \$798,800 in social assistance funding for FY 2003. This funding represents a 2.0% increase in social assistance funding over FY 2002. An amount of \$6,500 was added during Council Worksessions to fully fund the Teen-To-Teen Interact program. Thus, the final adopted amount is 2.83% above FY 2002. This increase reflects a commitment on bto be responsive to the needs of the most at-risk populations in our community. For FY2003, the Boone County Community Services Advisory Commission has recommended funding assistance for 29 organizations providing a total of 41 different program services. In addition, vendor contract funding for child care services to low-income families and homemaker/personal care and respite care services to the elderly and the disabled are administrated through the Office of Community Services. In general, the Commission's funding priorities are to first meet the most basic needs of our community with high consideration also given to programs that address the needs of at-risk populations, particularly children, youth, families and the elderly. The local impact of welfare reform will continue to be monitored by the commission in an effort to meet the most critical needs in our community while allocating city resources in the most effective and efficient manner.

DEPARTMENT DESCRIPTION

The Columbia Parks and Recreation Department oversees approximately 2,100 acres of park land and maintains 53 parks and recreation facilities. A wide array of sports, recreation activities, lessons, and special events are available for citizens of all ages. Open space, parks, and trails provide opportunities to enjoy the natural beauty of Columbia. The Department is organized into two divisions: Park Services and Recreation Services. The summer youth employment program, Career Awareness and Related Experience (CARE), is also administered by the Parks and Recreation Department.

DEPARTMENT OBJECTIVES

The Columbia Parks and Recreation Department is committed to delivering effective, courteous, and responsible leisure services, and to maintaining, preserving, and developing the natural resources entrusted to us. We strive to provide all citizens with a variety of high quality leisure opportunities. In delivery of these services, all participants are to be treated with fairness, dignity, and respect. To achieve these objectives, Park and Recreation staff constantly pursue excellence while attempting to provide the best possible services within resource limits placed upon the Department.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The General Fund component of this budget contains Department Administration, a portion of the Park Services Division's two principle programs, Park Management and Operations and Park Planning and Development, and the C.A.R.E. Program. The Recreation Services Fund includes funding for all recreation activities and the operation of support facilities for those activities. Revenues generated from recreation activities and facilities are deposited in the Recreation Service Fund. Recreation activity fees are used for operations while the facility user fee and Golf improvement fee are appropriated by the City Council for capital improvement projects. Funding has been budgeted in the Recreation Services portion of the budget for the opening and operation of the new Activity & Recreation Center(ARC). This funding anticipates an opening of the center during the late fall of 2002.

City of Columbia - Parks and Recreation Dept. (General Fund)

38.50 FTE Positions

* This position is budgeted 100% in the Recreation Services Fund

** This position is budgeted in the General Fund

*** A portion of this position is in the Recreation Services Fund and in the General Fund

DESCRIPTION

The General Fund portion of the Parks and Recreation Department Budget includes Administration, a portion of Park Planning and Development, a portion of Park Management and Operations, and the C.A.R.E. Program. Additional Park Planning and Development expenses are budgeted in the Capital Projects sections of the budget. Park Management and Operations maintains recreation service facilities, and those expenses are budgeted in the Recreation Services Fund. Program areas not having revenue producing capabilities are budgeted in General Fund.

HIGHLIGHTS / SIGNIFICANT CHANGES

Amounts in this budget are based on continuing the level of services provided in the previous year. One new park maintenance position has been included in FY 2003 per the guidelines developed for the use of Park Sales Tax funding.

DESCRIPTION

The Administration Division consists of the Director, Public Information Specialist, Administrative Support Assistant III, and 1.50 FTE Administrative Support Assistant II. This division assists the public with reservations, registrations, and information. Support and assistance is provided to all other divisions within the Department to ensure the successful operation of all areas of the Parks and Recreation Program. Areas of support generally include budget and accounting, promotion and the establishment of Department policies and procedures.

HIGHLIGHTS / SIGNIFICANT CHANGES

This area will continue to provide the same level of service to all other Divisions within the Department. One of the two Administrative Assistant II positions will be placed at the Activity & Recreation Center and will be charged 50% to the Center and 50% to Administration as the position will continue to perform several functions which are non-center related.

DESCRIPTION

In the General Fund, Park Services Division, the Planning and Development Program is responsible for all parks capital improvements. Program staff identify, plan and develop recreation areas and facilities to meet the varied recreation and leisure needs of the citizens of Columbia. Also included in this division is the City's Horticulture and Forestry areas that are responsible for all parks, public buildings, median strips and the downtown area.

HIGHLIGHTS / SIGNIFICANT CHANGES

The proposed budget maintains the current level of services in this program area.

DESCRIPTION

This program targets economically, socially and academically disadvantaged youth ages 14 through 18 for career training. This is accomplished by providing educational resources to the trainee in the form of an intensive seven-day vocational training seminar, placement with a local employer for 205 hours of work experience, and coaching trainees on the job. Wages are provided by the City of Columbia. Supervision of trainees is provided by those agencies or businesses where they are employed.

HIGHLIGHTS / SIGNIFICANT CHANGES

This budget contains funds to maintain the program at its current level including the fourth year of the operation of the CARE Gallery Program.

DESCRIPTION

In the General Fund, Parks Services Division, the Parks Management and Operations Program is responsible for the management, maintenance, and operation of parks, playgrounds, indoor and outdoor recreation facilities, grounds, trails and support areas. The management, maintenance and capital replacement of the P & R department's fleet is administered by program staff. Support is also provided to other City departments for grounds maintenance, surplus property, and general labor.

HIGHLIGHTS / SIGNIFICANT CHANGES

FY 2003 includes the addition of one full-time park maintenance position per guidelines developed for the use of Parks Sales Tax. Some supplemental funding is budgeted to replace rolling stock equipment as per the City's replacement schedule.

City of Columbia - Recreation Services Fund
35.25 FTE Positions

* Positions not included in Recreation Services's FTE count.
** A portion of these positions are also budgeted in the General Fund.

City of Columbia - Recreation Services Fund
35.25 FTE Positions

* Positions not included in Recreation Services's FTE count.
** A portion of these positions are also budgeted in the General Fund.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DESCRIPTION

The Recreation Services Fund includes the Recreation Services Division and those costs in the Parks Services Division which are necessary for operation of facilities within Recreation Services. Recreation Services provides a broad spectrum of leisure services to meet the needs of all segments of the community. This includes group and individual programming to promote a high quality of life through positive social, cultural, psychological, emotional, and physiological development. The sections administered in the Recreation Services Division are: Sports Programming; Aquatics, Special Events; Community Recreation; Golf/Concessions; Senior Programming, Adaptive and Life Enrichment; Oak Tours; and the Activity and Recreation Center (ARC).

HIGHLIGHTS / SIGNIFICANT CHANGES

The operating budget has been based on maintaining existing services as well as opening the new Activity & Recreation Center (ARC). Some monies are budgeted to replace capital equipment as per the City's replacement schedule. Funds have been budgeted for the opening of the Activity & Recreation Center (ARC) during the late fall of 2002. Due to budget constraints, the recreation portion of this budget reflects some program elimination/adjustments.

DESCRIPTION

The Recreation Services Fund includes a portion of the Park Services Division expenses for the management, operation, and maintenance of the facilities that are operated and/or programmed by the Recreation Services Division. These areas include all aquatic facilities, athletic fields, golf courses, indoor recreation facilities, and special event support. A selected portion of the fleet replacement and maintenance operations are also included in the Recreation Services Fund.

HIGHLIGHTS / SIGNIFICANT CHANGES

The operating budget has been based on maintaining existing services.

DESCRIPTION

The Recreation Services Fund, Recreation Services portion, includes expenses and revenues associated with the operation of Divisional programs and activities. The programming sections included in this area include: Sports Programming; Aquatics and Special Events; Community Recreation; Golf/Concessions; Senior Programming Adaptive, and Life Enrichment; and Oak Tours.

HIGHLIGHTS / SIGNIFICANT CHANGES

The proposed operating budget for recreation reflects the transfer of certain programs and services to the Activity and Recreation Center (ARC) as well as some program eliminations /adjustments due to budget constraints. The Aquatics supervisor will be split 50/50 between this area and the Activity Recreation Center (ARC). An existing Recreation Specialist position has been moved to the ARC to assist with recreation programs. The budget includes the conversion of Stephens Lake to an unguarded swimming facility, the elimination of the family travel program, and the elimination of a (.75) three quarter time FTE recreation leader position.

MAJOR PROJECTS

Under the direction of the Park Services Division, improvements to the concession building at the Rainbow Softball Center and the conversion of the Lake of the Woods Golf Course fairways to a zoysia grass base are the two Park and Recreation capital projects recommended for funding from the Recreation Services Fund this year.

FISCAL IMPACT

The Recreation Center, funded in previous years, is anticipated to be operational in FY 2003. The additional operating cost of \$912,760 is reflected in the Recreation Center Division budget.

DEPARTMENT DESCRIPTION

The Public Works Department operates and manages the Engineering, Street, Traffic, and Protective Inspection Divisions; Public Transportation; Columbia Regional Airport; Sanitary Sewer Utility; Parking Utility; Solid Waste; Storm Water Utility; Custodial and Building Maintenance Services; and Fleet Operations. Also, the Department is responsible for plans and specifications, contract management, and inspection of all public improvements made by the City of Columbia to ensure that the improvements are completed according to the specifications on a timely basis and in the most cost effective manner possible.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Quality of life issues will continue to be a high priority for the Public Works Department. There will be considerable emphasis placed on protection of water quality from storm water run off with implementation of the EPA Phase II Storm Water Regulations. Several pedestrian orientated sidewalk projects are programmed in the Business Loop 70, Texas Avenue and Oakland Gravel Road areas. Other highlights of the coming year are to be the continued implementation of the fully funded 5 year street CIP, the sewer ballot issue projects and the storm water utility CIP, a sanitary sewer facility update, and initial implementation of the landfill materials recovery facility. Staff will aggressively seek to supplement limited local resources with grants that are appropriate to the department's mission and will continue efforts to interactively communicate with the public in order to better understand and respond to the public's needs.

DEPARTMENT DESCRIPTION

The General Fund Public Works Operations are charged with the traditional municipal public works functions of street, sidewalk, traffic system maintenance and operations, as well as building and construction inspections. In addition, engineering, survey, and right-of-way responsibilities are located in this office. Coordination, inspection and management of all public improvements are done through this office.

DEPARTMENT OBJECTIVES

Administration & Engineering: Design, construction and management of the public infrastructure in a professional and cost effective manner.

Streets: To ensure all city streets are safe and passable to the traveling public.

Traffic: Provide, improve and maintain traffic control devices to allow the safe and efficient movement on city streets.

Parking Enforcement: Create and assure parking turnover occurs in the enforcement area; and enforcement of no parking regulations in hazardous locations.

Protective Inspection: Protection of the public by assuring compliance of all building, rental housing, zoning, sign, and subdivision codes through the city.

X - Did not respond

NOTES:**Springfield, MO:**

- 1) Street, Sanitary Sewer, and Storm Sewer inspections are done by separate divisions.
- 2) Land disturbance and landscaping are reviewed and inspected by a separate division.
- 3) Seven administrative people in an administrative division (included with budget figures) with the Director of Public Works.
- 4) Updated 2002.

Lawrence, KS:

- 1) Street, Sanitary Sewer, and Storm Sewer design and ROW acquisition are contracted.
- 2) No landscaping or land disturbance activities are done.
- 3) Traffic is a separate division.
- 4) Street repair and overlay is funded outside of engineering department, but has been included in street and sidewalk CIP.
- 5) Updated 2002.

Little Rock, AR:

- 1) ROW acquisition and traffic engineering are handled by a separate division.
- 2) Street, storm water, and grant project design are done only if the designs are small, otherwise the designs are contracted. This applies also to land and design surveys.
- 3) Design review of sanitary sewers, land disturbance and landscaping are handled by another department.
- 4) Inspection of private development projects is only done in the ROW, and inspection of land disturbance and landscaping are handled by another department.
- 5) Updated 2002.

Boulder, CO:

Four main divisions: Administration, Utility, Transportation, Development, and Inspection Services.

- 1) Engineering division does water utility design as well.
- 2) Separate divisions do project management and inspection work.
- 3) Street, Storm Water & Sanitar Sewer Designs are contracted.
- 4) Updated 2002.

COMPARATIVE DATA - STREET DIVISION

	Columbia, MO	Springfield, MO	Independence, MO	St. Charles, MO	Joplin, MO (2)	Ames, IA
Street Division:						
Population	88,291	154,612	115,554	61,527	46,414	51,746
Number of Employees	30.80	80.00	45.00	32.00	26.00	18.00
Employees Per 1,000 Population	0.35	0.52	0.39	0.52	0.56	0.35
No. of Seasonal Employees	8	24	0	4	13	4

Traffic Division:						
No. of Signalized Intersections	35	136 (1)	45.00	40	40	60
Number of Employees	4	24	8.00	5	4	5
No. of Seasonal Employees	1	0	0	0	1	3
Feet of Striping Maintenance	1,200,000	3,168,000	1,170,048	500,000	--	350,000
Employees/100,000 ft of striping	0.33	0.76	0.68	1.00	--	1.43
Sign Inventory	20,000	49,000	28,000	--	10,000	9,000
Employees/1,000 signs	0.20	0.49	0.29	--	0.40	0.56

(1) Springfield has 239 signals - they only maintain 135 +19 flashers, MoDOT maintains the rest

(2) Joplin's centerline miles are as follows: 600 mi streets, 150 mi unpaved alleys, 18mi gravel roads.

COMPARATIVE DATA - PARKING ENFORCEMENT

	Columbia, MO	Jefferson City, MO	Boulder, CO	Iowa City, IA	Lincoln, NE (1)	* Rochester MN
Parking Enforcement:						
Population	88,291	40,429	96,566	63,464	230,093	87,522
Number of Employees	4	3	11	7	5	3
Employees Per 1,000 Population	0.045	0.074	0.114	0.110	0.022	0.034
No. of Parking Spaces	3,555	2,488	3,445	3,243	22,400	4,501
No. of Parking Spaces per Employee	889	829	313	463	4,480	1,500

(1) Lincoln, NE- annexed most of the county, which increased the employees (70) and parking spaces to enforce

* Norman, OK did not respond, replaced with Rochester MN for comparative data.

COMPARATIVE DATA - PROTECTIVE INSPECTION

	Columbia, MO	Springfield, MO	Ames, IA	St. Joseph, MO	Champaign, IL
Protective Inspection:					
Population	88,291	154,612	51,746	75,470	68,868
Number of Employees	14	26	10	9	10
Employees Per 1,000 Population	0.159	0.170	0.193	0.110	0.145
No. of Building Inspections	23,977	19,275	13,131	0*	7,653

NOTES:

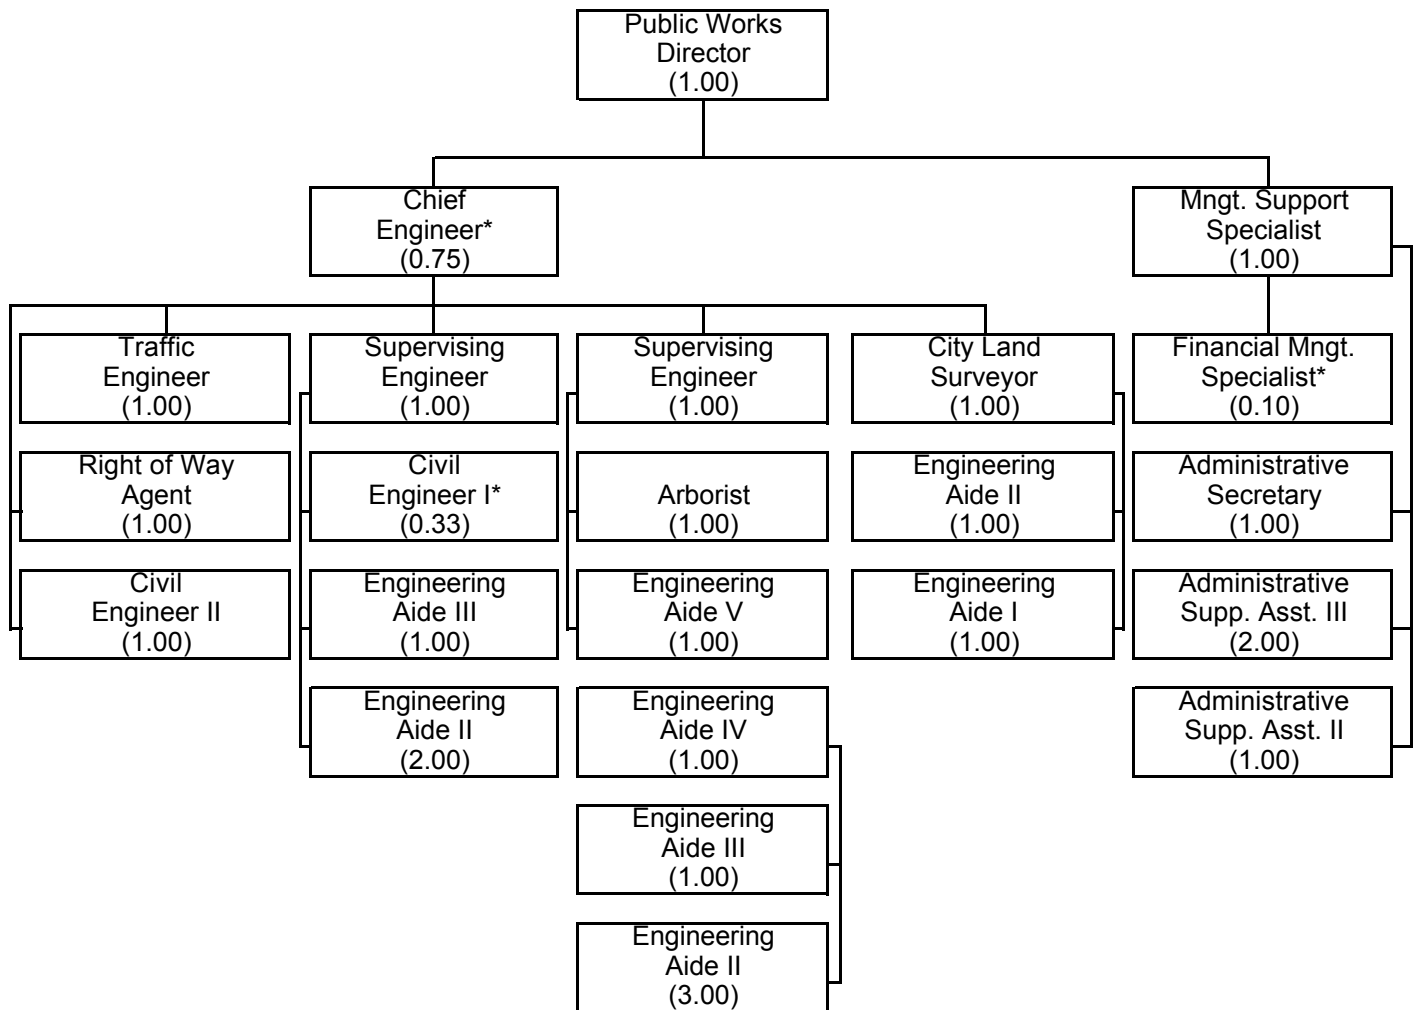

Number of inspections for Columbia includes zoning, signs, complaints, housing, business license, Neighborhood Response Team, housing and rental inspections.

- For all cities Number of Employees includes administrative, clerical and field inspectors.
- The City of Champaign and the City of St. Joseph do not have a rental inspection program.
- Zoning enforcement at St. Joseph and Champaign is done by the planning department.
- Champaign's Planning Department inspects signs.
- Springfield's rental inspections are done by Health Department.

* St. Joseph has not totaled their inspections for FY01

City of Columbia - Public Works Administration & Engineering
25.18 FTE Positions

* Positions are budgeted in various Public Works divisions and/or funds

DESCRIPTION

The Administration section provides management of all divisions and functions of the Department including Engineering, Protective Inspection, Streets, Traffic, Transit, Regional Airport, Sanitary Sewer, Parking, Solid Waste, Custodial and Maintenance Services, Fleet Operations, Public Improvements, and Right-of-Way acquisition. The Engineering Division provides survey, design, contract administration and inspection of various public improvement projects, reviews of subdivision improvements, issuance of permits and inspection of all construction on public right-of-way.

HIGHLIGHTS / SIGNIFICANT CHANGES

The voter approved street and bridge projects financed by the 1/4% sales tax funds will be under construction and finalized during FY 2003. Continued emphasis will be placed on sidewalk construction, including removing sidewalk barriers in the downtown area. Additionally, a pedestrian bridge over Interstate 70 at Providence Road will be completed early this fiscal year joining the recently completed bridge over Business Loop 70 along Paris Road. A sidewalk along the north side of Business Loop 70 from Creasy Springs Road to Garth Avenue will be constructed this year as a state discretionary enhancement project. Construction of major roadways on new alignment, e.g. Rollins Road connecting Colonial Gardens with Rothwell Heights, and Forum Boulevard south to Old Plank Road will be constructed, as well as the reconstruction of Blue Ridge Road west of State Route 763 and the Garth Avenue Bridge over Bear Creek which includes reconstruction of Garth Avenue south of Bear Creek to Thurman Avenue. The Upper Hinkson Creek Outfall Relief Sewer will be completed early in FY 2003 and the Upper Grindstone Creek Outfall Sewer, extending to Lake of the Woods will be under construction during the majority of FY 2003. Storm drainage projects are ongoing including the final few projects included in the \$5.3 million voter-approved package of the early 1990s, as well as numerous additional projects including the construction of the regional detention facility on the Merideth Branch.

** Positions are budgeted in various Public Works divisions and/or funds

City of Columbia - Public Works Streets Department
34.80 FTE Positions

* Position not included in Street Department's FTE count.

** Positions are budgeted in various Public Works divisions and/or funds

DESCRIPTION

The Street Division provides maintenance of 49.0 miles of unimproved streets and 335.2 miles of improved streets, snow removal on all City streets, mechanical and manual street cleaning, mowing of public right-of-ways, and utility service cut repairs. The Traffic Maintenance Division fabricates, installs and maintains approximately 20,000 traffic control and street names signs, paints 1,200,000 feet of pavement striping, paints curbs/crosswalks/symbols, and provides traffic signal maintenance.

HIGHLIGHTS / SIGNIFICANT CHANGES

Continued emphasis will be given to our normal street maintenance program, including asphalt overlay and sealcoating of improved streets. There is \$200,000 is again being budgeted for contractual street maintenance work in order to maintain the overall condition of Columbia's streets. The Street Division now owns, operates and maintains a SQL server housing an asset management system that permits timely analysis of maintenance costs and infrastructure condition.

*In FY 2002 one position was upgraded.

City of Columbia - Public Works Protective Inspection
14.75 FTE Positions

* Positions are budgeted in various Public Works divisions and/or funds

DESCRIPTION

Protective Inspection is responsible for administering the building, electrical, plumbing and mechanical, zoning, sign, subdivision, property maintenance and rental unit conservation ordinances. This Division also reviews plans and issues permits, including occupancy permits following appropriate inspections. Staff assistance is provided to the Building Construction Code Commission, trades licensing boards and appeal boards such as the Zoning Board of Adjustment and licensing boards. Staff is a member of and participates in Neighborhood Response Team planning and inspections. The division provides construction management services on selected City owned building capitol improvement projects.

HIGHLIGHTS / SIGNIFICANT CHANGES

Inspection services will continue at current levels for new construction, building additions and building alterations. Inspection levels for rental housing and code enforcement are expected to substantially increase. The increase in rental housing is due to many properties that have not been inspected during the past six years via the COC three year extension which will come due in FY03. Code enforcement, Property Maintenance, Zoning, Signs, etc., inspections are and will continue to increase due to a change in staffing assignment. With the beginning of the current fiscal an inspector that was previously assigned to new construction will be dedicated to code enforcement inspections. This has and will continue to improve the Division's code enforcement activities both quantitatively and qualitatively. All agencies, Water & Light Dept, Fire Dept., etc., that have plan review authority have been trained and are using the HTE system for plan review tracking. This has enhanced communications between the various agencies, and the Division's ability to inform building permit applicants of their construction plan status - City wide. We are developing the use of PALM pilot's as an inspection tool. We are using rental housing inspections as the test bed for this new process. In doing so we can reduce the amount of inspector office time, by creating a correction notice in the field. In addition to increasing the Division's inspection efficiency, and in response to a request from the Columbia Apartment Association, they have asked if the Division can deliver a correction notice in the field after the inspection has been completed. This Division provided technical support for the Police/JCIC renovation and is working with the City Manager's Office to restore the Blind Boone residence.

City of Columbia - Public Works Parking Enforcement

4.00 FTE Positions

* Positions not included in Parking Enforcement's FTE count.

DESCRIPTION

The Parking Enforcement Division is responsible for administering the parking ordinances of the City parking control enforcement in the central business district and metered University campus streets. The Parking Enforcement Section is responsible for enforcing the parking and loading zone ordinances adopted by the City Council which seek to ensure adequate parking for downtown employees, customers, and businesses; and works with the City Prosecutor, affected businesses, and consumers in the identification and mitigation of problematic enforcement zones.

HIGHLIGHTS / SIGNIFICANT CHANGES

Emphasis will continue on enforcing parking ordinances to optimize parking in the downtown and university areas, thereby improving traffic flow and enhancing the economic viability of the central business district. Special emphasis will be ensuring that the public is aware that the hours of operation for all parking meters, garages and lots is 8:00 am to 6:00 pm and parking is enforced those hours Monday through Saturday.

DESCRIPTION

This Division is responsible for all transit services except contracted University Shuttle services and Para-transit. Scheduled transit service is provided on four cross town routes and on a.m./p.m. commuter route. Special services are offered during MU home football games.

HIGHLIGHTS / SIGNIFICANT CHANGES

Ridership has recently displayed a slight tendency toward increasing. System efficiency continues to improve with added emphasis on customer service and policy enforcement, further enhancing Columbia Transit's pulse/timed transfer system, optimizing travel throughout the city. An estimated ridership of 490,000 will be served in FY 2003.

DESCRIPTION

The Para-transit system provides service to persons with a disability that prevents them from riding the regular fixed route buses. It is supplemental to the fixed route services and is required by the Americans with Disabilities Act (ADA).

HIGHLIGHTS / SIGNIFICANT CHANGES

This system provides "curb to curb" service and is demand responsive. Users of the system must be certified as ADA eligible. The system provides service to certified riders anywhere within the City; however, users inside the ADA 3/4-mile para-transit service area have priority over users outside the ADA para-transit service area. Para-Transit service is provided by eight mini buses that are lift equipped. Ridership with the system has been increasing continuously since its inception in January 1993, to the point now that the four vehicles in current peak operation will need to be increased. Columbia Transit estimates ridership will grow to in excess of 30,000 trips provided in FY 2003.

DESCRIPTION

This service provides transportation service from outlying University parking facilities to designated University campus areas, and is reimbursed via contractual agreement with the University.

HIGHLIGHTS / SIGNIFICANT CHANGES

Contracted shuttle bus services are provided to Hearnese parking lot and to Trowbridge parking lot, for students and employees. The current contract with the University has been extended for the FY 2003 school year. During the FY 2003 school year, an estimated 7,500 hours of services will be provided, with an estimated ridership of over 500,000 students. Columbia Transit is working with the University to meet its changing transit needs.

MAJOR PROJECTS

Columbia Transit continues to update its fleet and facilities by leveraging local funds with available FTA grants. There is no new funding for FY 2003. Future year projects should include replacing two additional Paratransit vehicles, constructing additional bus shelters/benches and slabs, refurbishing and expanding the Wabash Station, and upgrading the exhaust system at the Grissum Bldg.

FISCAL IMPACT

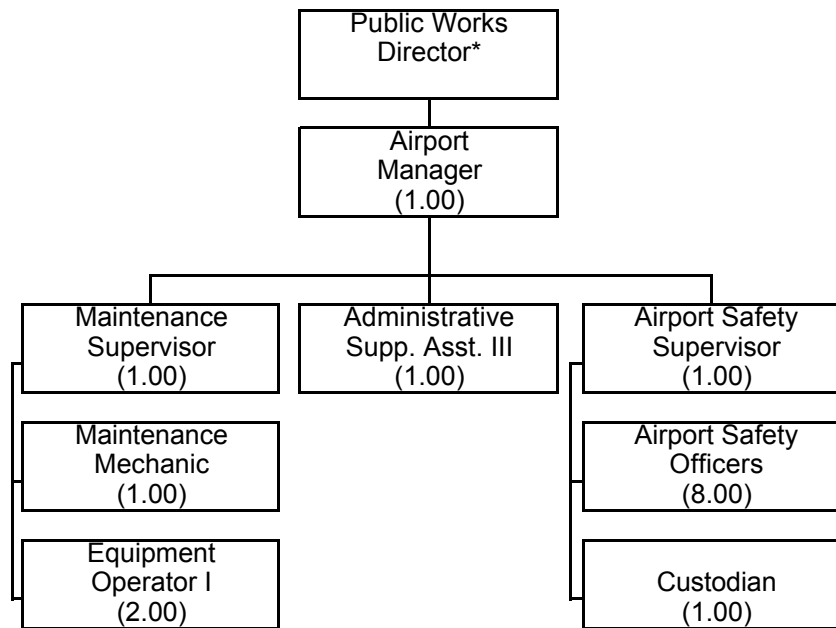

Columbia Transit attempts to maintain a prudent replacement schedule to ensure a fleet that does not require extensive resources to maintain. The replacement of vehicles is greatly influenced by the availability of federal funds as well as local dollars.

City of Columbia - Public Works Regional Airport
16.00 FTE Positions

* Position not included in Airport's FTE count.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DEPARTMENT DESCRIPTION

The purpose of the Columbia Regional Airport is to provide safe and usable Airport facilities for the operation of commercial, general aviation and military aircraft, and to foster and create a healthy environment so that the community may access the national air transportation system and promote the economic growth of the region.

DEPARTMENT OBJECTIVES

To prudently protect the taxpayers' investment by managing the Airport in strict accordance with Federal Aviation Administration and Transportation Security Administration regulations by providing a certified airport which consists of a fully staffed fire and law enforcement office, maintenance, and administration. To offer a safe, serviceable, and attractive place for air travelers, commercial airlines, general aviation, charter services, air cargo, and supporting tenants; and to implement innovative ways to increase revenues, procure new airline services, and increase the traffic flow through the facility.

DESCRIPTION

Airport Administration is responsible for the overall operation and management of the Columbia Regional Airport. As part of the Public Works Department, Airport Administration works closely with other City departments, the Missouri Department of Transportation, and the Federal Aviation Administration. Airport Administration is responsible for negotiating and managing Airport real estate leases, concessionaire contracts, and collecting Airport revenues. Airport Administration handles public relations activities, Airport improvement and development projects, and oversees the operation of the Public Safety and Airport Maintenance Programs.

HIGHLIGHTS / SIGNIFICANT CHANGES

The airport master plan was updated during FY 2000, 2001 and 2002. This plan was last updated in September, 1989. The updated plan was approved by the FAA in June 2002. The events of September 11, 2001 severely impacted all aspects of the air transportation industry, disrupting commercial, corporate and general aviation activities. Airport activities (passenger enplanements and tower activity levels) were reduced and have just started to attain levels prior to September 2001. During this period, however, concessionaires providing automated teller machine and restaurant services terminated their contracts with the City and the two concessions are being advertised for bids. Airport Administration will continue to work closely with MODOT and with the FAA on all aspects of state and federal funding and continuous updating and reprioritizing of Airport Improvement Program (AIP) projects. Staff will be working on the retention and expansion of current tenants and marketing to acquire new tenants, either aviation or non-aviation related. The number one priority will continue to be additional air transportation to and from Columbia Regional Airport. A major funding milestone occurred with FAA approval for the City to collect a \$4.50 passenger facility charge from each enplaning passenger. The authority begins on November 1, 2002 and extends for ten years. It is anticipated to generate approximately \$100,000 per year which will be credited against past and future airport capital projects. Another notable milestone attained this year was replacement of the Airport's sign on Airport Drive at Route H. Funded by a grant from the Heinkel Foundation, the new sign was dedicated in May 2002, significantly enhancing the public's first impression of the Airport and of the City.

DESCRIPTION

The duties of this Program are to assure that the runways, taxiways and other airfield operating areas are maintained in accordance with FAA standards with regard to safety and airfield maintenance. This includes airfield lighting, pavement maintenance and marking, snow removal, and safety area maintenance. In addition, this Program is responsible for the overall maintenance and upkeep of the City-owned Airport buildings, including two terminal buildings, the Automated Flight Service Station and backup generator building, maintenance buildings, roads, fences and adjacent land areas. The Program also maintains Airport vehicles and equipment, and is responsible for training operating personnel. During aircraft emergencies and fire fighting, the maintenance personnel assist Airport Public Safety personnel.

HIGHLIGHTS / SIGNIFICANT CHANGES

Airfield Maintenance has been able to maintain the operating areas of the airfield (runways, taxiways and aprons) in accordance with FAA standards, and has continued to maintain the 30-year old terminal buildings in good condition. Three FAA-funded safety-related projects have been completed during 2001 and 2002 using grant funds from prior fiscal years to replace the Airfield Lighting Control Cable, Upgrade the Runway 2-20 North Safety Area, and to Rehabilitate the Main Runway and some taxiways. Construction was completed on Phase II of the south commercial aircraft apron and new Taxiway D (connecting the commercial apron to the main taxiway) using FAA grant funds. Continuing emphasis has been placed on vehicle and equipment maintenance.

DESCRIPTION

The duties of the Terminal Area personnel are to maintain all facilities and provide custodial services to ensure the terminal buildings and areas are clean, well maintained, neat and safe for the general public's use.

HIGHLIGHTS / SIGNIFICANT CHANGES

The terminal buildings are now over 30 years old and require constant attention to maintain both the buildings and the adjacent areas in a manner which reflects credit on the City and the Airport. Continued efforts will be directed toward maintaining the high standards met in the past. A high priority for the future is to accomplish an environmental assessment and to begin a preliminary terminal upgrade study, major recommendations of the recently completed airport master plan update.

DESCRIPTION

Airport Safety has three primary duties: to provide crash, fire and rescue services in the event of an aircraft fire; to provide traditional fire and law enforcement protection at the Airport facility in accordance with FAA and Transportation Security Administration regulations, City ordinances, and State Statutes; and to control Airport compliance with FAA's airport certification requirements.

HIGHLIGHTS / SIGNIFICANT CHANGES

Continued emphasis will be placed on training in fire, crash rescue and law enforcement techniques to ensure compliance with FAA and TSA requirements. Airport Safety Officers are triple qualified; they are certified City of Columbia Police Officers, Certified Aircraft Rescue Fire Fighters, and Certified Emergency Medical Technicians. FAA and TSA security regulations require great emphasis on Airport access security and continued attention to operational and safety matters. In May 2001, Columbia Regional Airport became host to the MODOT Mobile ARFF Trainer. The unit will travel throughout the four-state FAA Central Region, providing realistic on-site crash rescue training. In return for providing a storage location, the airport will have training fees waived when using the new facility.

DESCRIPTION

With no personnel assigned primarily to this duty, all hands participate in snow removal efforts--Airport Maintenance, Airport Safety and the Airport terminal personnel. Airport Safety personnel on watch assist the custodians in snow removal efforts around the terminal and aircraft rescue, and fire fighting equipment building. Airport maintenance personnel operate the snow plows, runway sweeper, and snow blower.

HIGHLIGHTS / SIGNIFICANT CHANGES

During FY 2002, FAA funding was available through the Airport Improvement Program enabling the Airport to obtain a replacement snow plow/spreader truck, replacing an aging and unreliable vehicle. Snow and freezing rain are a continual challenge for the maintenance staff to effectively deal with. Staff will continue to maintain its reputation as having the cleanest runways in the State.

There are no personnel assigned to this division.

MAJOR PROJECTS

The 2003 capital plan includes a project to perform environmental assessments for the terminal and runway improvement projects identified in the master plan update. A second project is included to fund passenger terminal upgrade architectural and engineering design work, which is being recommended by the master plan update. A third project, to complete a commercial/cargo apron, is in this year's plan, but will likely be deferred until proposals, leases, and other commercial arrangements become final.

FISCAL IMPACT

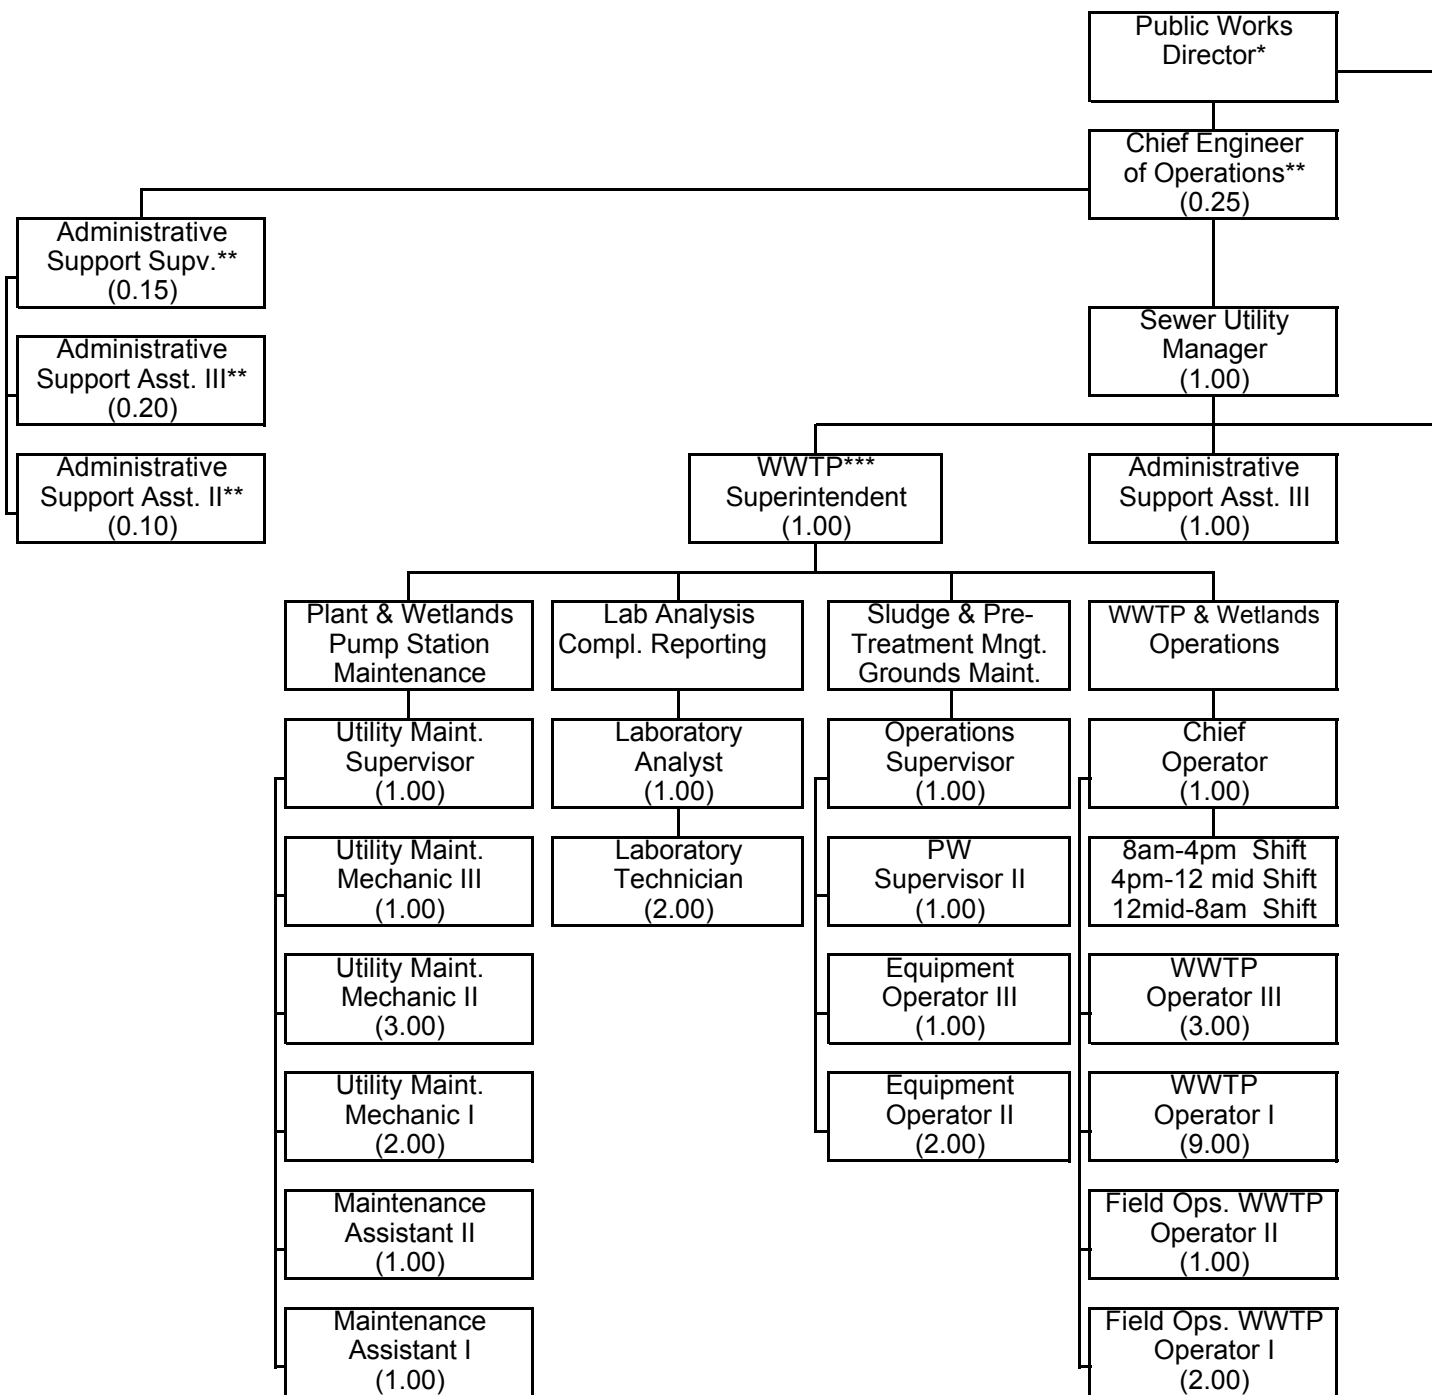

All projects will qualify for Federal funding under the Airport Improvement Program at levels up to 90%. Several airport capital projects have been recently completed, all funded under FY 2000, 2001 and 2002 FAA grants. They include three safety-related projects (Lighting Control Cable, North Safety Area Upgrade, and Runway 2-20 Rehabilitation), Phase II Air Carrier South Apron With Taxiway Connector, reimbursement for a portion of the cost of the former Centre Pointe property purchased in November 2000, and purchase of a replacement snow plow/spreader truck.

56.24 FTE Positions

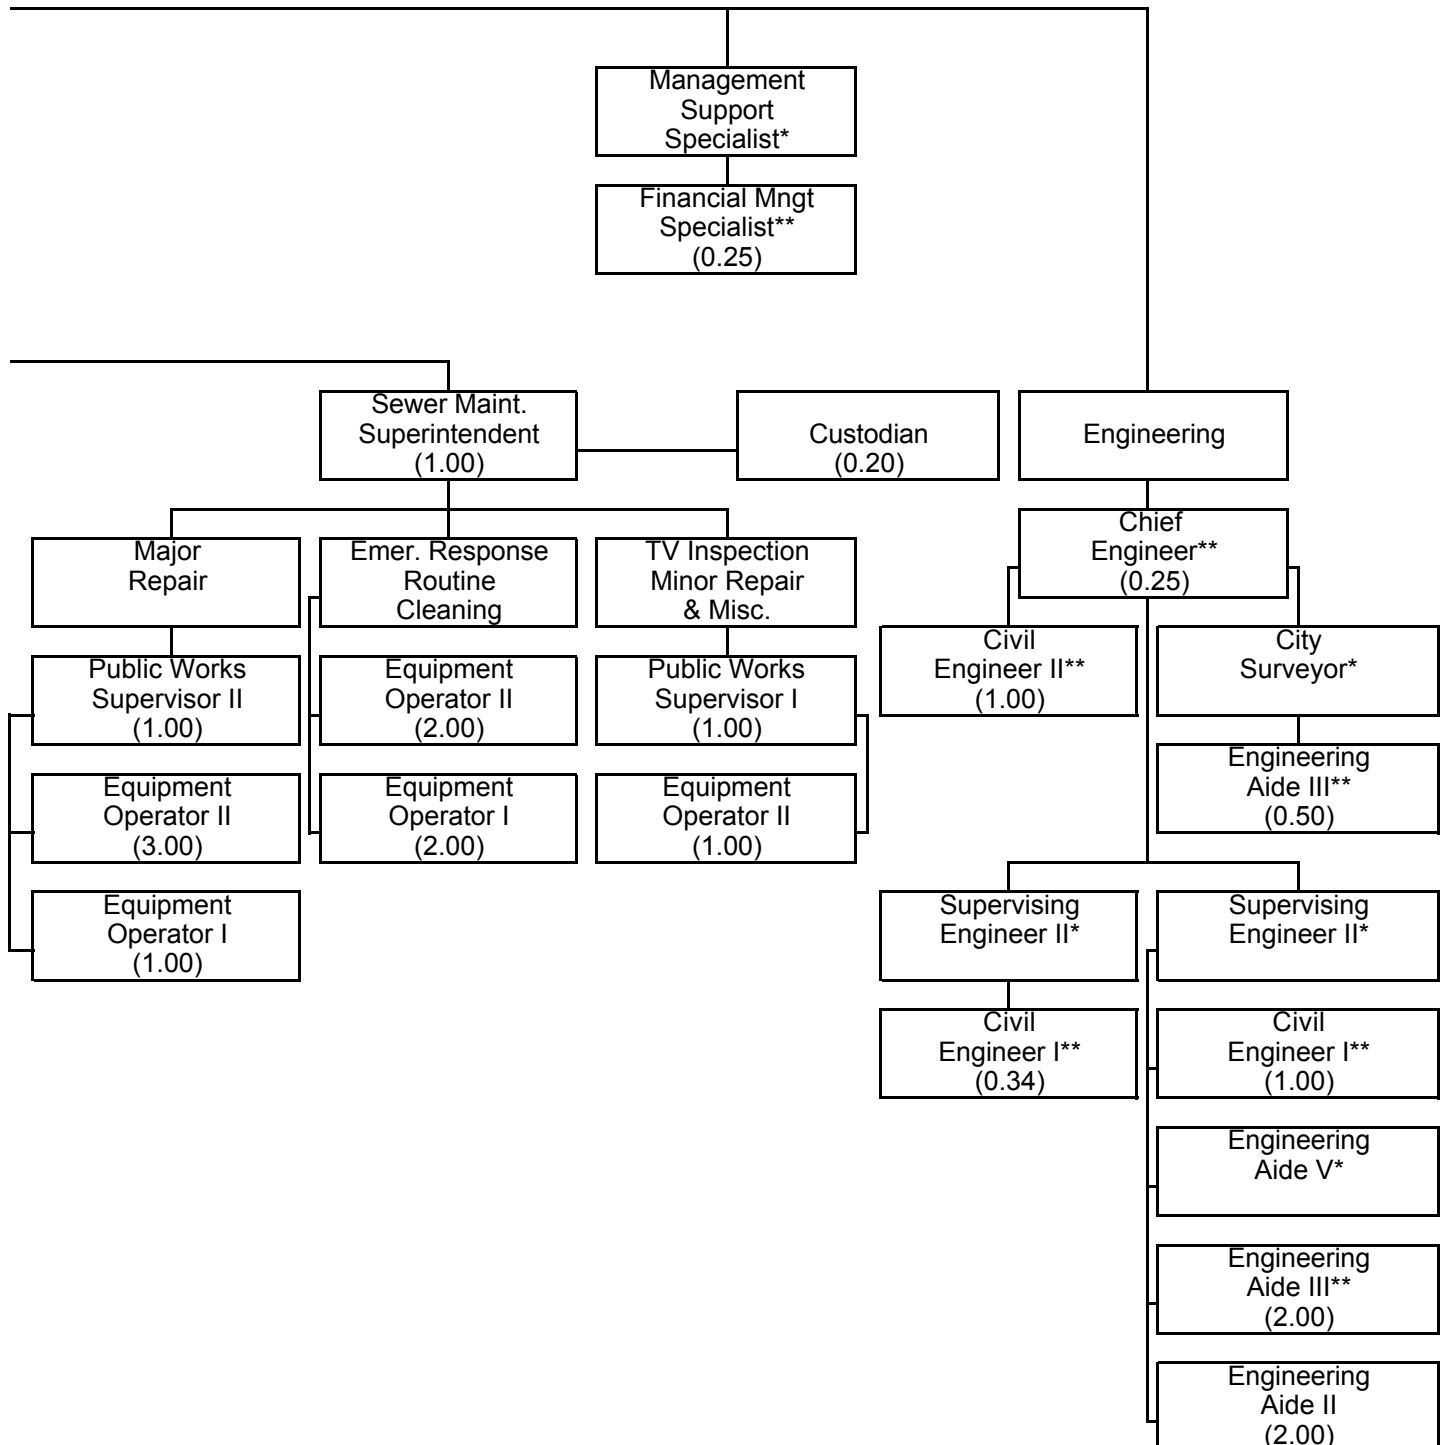

* Positions not included in Sanitary Sewer's FTE count.

** Positions are budgeted in various Public Works divisions and/or funds

*** WWTP - Waste Water Treatment Plant

(THIS PAGE INTENTIONALLY LEFT BLANK)

DEPARTMENT DESCRIPTION

The Sewer Utility is charged with the responsibility to protect the public health and to ensure minimal impact upon the aquatic environment by adequate collection and treatment of wastewater within a regional area including Columbia. This is achieved by engineering review of proposed and existing facilities and through effective and economical operation and maintenance of collection and treatment systems.

DEPARTMENT OBJECTIVES

To ensure new construction meets current Federal, State and City requirements. To provide the lowest practical cost for maintaining sanitary sewer facilities and resources. To provide proper treatment of wastewater by complying with the standards imposed for effluent discharge to the environment. To provide a prudent, reasonable, and responsible approach to meeting the objectives through careful management of the material and human resources provided for that purpose.

DESCRIPTION

Guidance for the overall Utility operation and maintenance functions is provided by the Administration Section.

HIGHLIGHTS / SIGNIFICANT CHANGES

The fourth construction wetland unit was completed in October 2001 which increased the wastewater treatment capacity to 20.6 million gallons per day. The average daily flow for FY 2003 is expected to be about 16 million gallons per day. Although there is capacity for growth, the department began the process of hiring a consultant to update the sewer utility's master plan. The master plan update will include the expansion of the Columbia Regional Wastewater Treatment Plant and a complete collection system evaluation. This master plan update will provide the sewer utility with an electronic map of the collection system which will allow staff to model the collection system and evaluate the impact of future proposed developments and determine when gravity sewer improvements are necessary. The Cow Branch Pump Station and Force Main and trunk sewer project was completed in the spring of 2002. This pump station will provide sanitary sewer service for the northern part of Columbia along Rt 763. Construction of the Upper Hinkson Creek Outfall Relief Sewer project began in May 2002 and is scheduled to be complete by April 2003. This project will provide additional sanitary sewer capacity for the Upper Hinkson Creek watershed and eliminate the Hinkson Creek Pump Station that is located on the Columbia Country Club Golf Course. The H-17 Outfall Extension & H-17N Sewer project to serve the Lake of the Woods area is currently under design and it is anticipated that easement acquisition will take place in the fall of 2002. Construction of the H-17 Outfall Extension & H-17N Sewer project should begin in the spring of 2003. Development in the Hominy Branch watershed will require that a parallel sewer be constructed around Moon Valley Lake. This sewer is anticipated to be constructed in the summer of 2003. O&M management assistance to the Boone County Regional Sewer District provided under an agreement executed in August 1990 is expected to continue through FY 2003.

DESCRIPTION

The Engineering Section of the Sewer Utility is responsible for the planning and design of various sewerage improvements such as sewer districts, trunk sewer extensions, pump stations and wastewater treatment facilities. This work includes preparation of construction contract documents; i.e. plans and specifications, construction inspection, supervision and providing assistance in easement acquisition. Sanitary sewer plans for private development are reviewed to ensure conformance with City and State rules, regulations and standards. All sanitary sewer plans, maps and other reference documents are maintained and updated for use by contractors, developers, realtors and the general public.

HIGHLIGHTS / SIGNIFICANT CHANGES

Work continues on various sewer districts throughout the City to eliminate on-site septic tanks and lagoons. It is expected that Sewer District 144 along Mexico Gravel Road will be completed this year along with one or two others. The Upper Hinkson Creek Outfall Relief Sewer, which will eliminate three shallow creek crossings and an airlift pump station on the Columbia Country Club golf course will be completed early in FY 2003. It is anticipated the Grindstone Creek Outfall Relief Sewer extending from near the Hollywood Theaters to the Lake of the Woods area will be completed late in calendar year 2003. The H-21 Parallel Sewer to provide additional capacity through the Moon Valley area should be under contract in FY 2003 with completion late that calendar year. The ongoing sanitary sewer rehabilitation program will continue with rehabilitation of existing sewer by "no dig" methods. Other similar 80-acre point sewers will be worked on as necessary.

DESCRIPTION

Operation of the Regional Wastewater Treatment Plant (WWTP) is provided on a three-shift, 24-hour per day basis each day of the year. Responsibility for adequate treatment of wastewater and wastewater biosolids (sludge) rests with the Plant Operations section. The Field Operations section is responsible for the operation of the Wetlands and the effluent pumping station located adjacent to the MDC Eagle Bluffs Wildlife Area and the wastewater treatment and spray irrigation system at the Columbia Regional Airport. The Plant Maintenance Section performs breakdown and preventative maintenance on Plant equipment and all field facilities, makes modifications and new installations as needed, and is responsible for care of buildings and provides routine operation of eighteen wastewater pumping stations located in the Columbia area. The Sludge Management Program is responsible for the ultimate disposal of the anaerobically digested biosolids by land application, and for annual reporting to MDNR, as well as grounds maintenance at the Regional WWTP, wetlands and field facilities. Industrial pretreatment management is also provided by this section. The Laboratory Section performs process control testing, MDNR monitoring and compliance reporting for the Regional WWTP and field sampling for the Sludge and Pretreatment Management Programs. Liaison with research organizations and tours of the wetlands are provided by the Lab Section.

HIGHLIGHTS / SIGNIFICANT CHANGES

Major mechanical components of the original Plant are beginning to exceed their 20 year life. A significant equipment replacement schedule has been prepared in order to allow budgeting the costs and scheduling the work over a period of years. The significant equipment replacement schedule continues to be the guideline for these efforts. Engineering work was completed in FY 2002 to evaluate the capacity needs of the waste activated sludge centrifuges. Installation of new centrifuges in a new building will be initiated in FY 2003. The evaluation, equipment procurement, building construction, and equipment installation were phased over a two year period in the capital program. For FY 2002 one FTE was added to the maintenance section to cover operation and maintenance of the growing number of wastewater pumping stations around the Columbia area. During FY 2003, one pump station is expected to be removed from service in the Columbia Country Club area, but a new one is expected to go on line to serve a portion of Thornbrook Subdivision. As the City continues to expand outward, the number of pumping stations is expected to increase.

DESCRIPTION

The Sewer Maintenance Section is responsible for the maintenance of approximately 450 miles of sanitary sewer pipe. This involves routine cleaning of sanitary sewer pipe; routine internal television inspection of pipe; repair and/or replacement of pipe and manholes; and investigation of complaints and correction of problems identified.

HIGHLIGHTS / SIGNIFICANT CHANGES

The emphasis again this year will be placed upon repair of previously identified damaged portions of sanitary sewer mains at various locations throughout the system. A second repair crew will again be utilized to assist in reducing the backlog of identified repairs. Routine cleaning will also be emphasized for preventive maintenance. The Sewer Maintenance section will continue inspecting, identifying and prioritizing existing sewers that will be rehabilitated using yearly maintenance contracts utilizing trenchless technology methods. Approximately 29,000 feet of pipe has been rehabilitated since the contract program began in 1998 following the passage of 1997 Sewer Bond issue. The rehab work will continue into FY 2003.

MAJOR PROJECTS

Voters approved an 18.9 million dollar revenue bond issue in November 1997. Several projects on the list of improvements have been contracted. Several more are in the final design stages and will begin construction in FY 2003.

FISCAL IMPACT

To pay back the revenue bonds, three rate increases of 3% each have been implemented. The third 3% rate increase became effective in June 2001.

City of Columbia - Public Works Parking Facilities

5.60 FTE Positions

* Positions not included in Parking's FTE count.
** Positions are budgeted in various Public Works divisions and/or funds

(THIS PAGE INTENTIONALLY LEFT BLANK)

DEPARTMENT DESCRIPTION

The Parking Utility operates, maintains and administers four parking facilities, 15 surface lots as well as on-street parking meters. It is responsible for the collection of income from the facilities, the collection of data and preparation of parking and parking facility studies, and the installation and maintenance of parking meters, gates, attendant buildings and other facilities.

DEPARTMENT OBJECTIVES

To provide and maintain convenient and adequate parking, both on-street and off-street in the downtown business district. To collect income from parking facilities for the maintenance and operation of these facilities and provide financing to additional facilities, as needed.

(1) Lincoln, NE- annexed almost the entire county, which increased the number of employees and parking spaces.

*Rochester, MN was added this year, there was no response from Norman, OK. so it was removed from survey.

**Rochester, MN contracts day to day management of ramps and pay lots.

DESCRIPTION

The Parking Utility operates, maintains and administers four parking facilities, 15 surface lots as well as on-street parking meters. It is responsible for the collection of income from the facilities, the collection and data preparation of parking and parking facility studies, and the installation and maintenance of parking meters, gates, attendant buildings and other facilities.

HIGHLIGHTS / SIGNIFICANT CHANGES

Working with the downtown business district, the Parking Utility works to ensure that the present and future parking needs in downtown Columbia are met. An expansion of the 5th & Cherry parking lot, along with the landscaping were completed in FY 2002. Between FY 2000 & FY 2002, 1100 electronic parking meters were installed in selected downtown areas. The expectation is to continue to upgrade the remaining mechanical meters to electronic through FY 2003. A security camera system for one garage, was approved in FY 2000 and installed during FY 2001 as a pilot project. The testing of the system continues and results have been favorable. Parking meters rates were increased in FY 2002.

DEPARTMENT DESCRIPTION

This utility is dedicated to the management of resources for the protection of public health. Human resources are managed to provide efficient trash, recycling, and disposal services utilizing sound engineering practices. Natural resources are managed through education, reuse and recycling for the protection of the environment.

DEPARTMENT OBJECTIVES

To provide an efficient collection and disposal service while protecting the environment and public health.

DESCRIPTION

The Solid Waste Utility is responsible for the management of waste using sound engineering practices to protect human health and the environment. Administrative duties include keeping abreast of new regulations, designing waste and recyclables collection systems, collecting waste and recyclables, landfilling and managing human resources.

HIGHLIGHTS / SIGNIFICANT CHANGES

A \$1.5 million design-build project at the landfill site has been underway the second half of FY 2002 to construct a Landfill Operation Center, Material Recovery Facility, and an Equipment Storage Facility. Landfill Cell 3 is also set to be completed by late summer, 2002. The processing contract for recyclables was rebid and since March, 2002, materials are delivered to Civic Recycling (Columbia), Resource Management (Earth City, Missouri), and Kingdom Projects, Inc. (Fulton, Missouri.) Columbia's beverage container deposit ordinance was repealed April 2, 2002, and since that time, quantities of recyclables collected has seen a noticeable increase, with curbside collection being over 300 tons per month for the first time in the program's history. Significant utility work for the Landfill and the Material Recovery Facility will be completed this construction season that will include extending an 8" water main and construction of a sewer line and pumping station to handle leachate and domestic waste water.

DESCRIPTION

Commercial collection provides waste removal services from small single offices to large manufacturers. Services and equipment are available that range from a single bag for small generators to large 40 cubic yard compactors for manufacturers.

HIGHLIGHTS / SIGNIFICANT CHANGES

Mini roll-off service is growing and providing waste removal opportunities to medium and large volume generators that are too large for dumpsters and too small for the larger roll-off containers. Retaining commercial customers and route efficiencies will be the focus. There are no significant changes planned for commercial collection.

DESCRIPTION

Residential solid waste services include collection of refuse, recycling, yard waste and white goods from single family and multiple residential units.

HIGHLIGHTS / SIGNIFICANT CHANGES

Residential route efficiencies and the style of truck best suited for each material collected will be the focus this year. White goods will continue to be collected by appointment, with an emphasis on covering the cost of this collection program. Yard waste collection methods will be analyzed to make recommendations to improve efficiency.

DESCRIPTION

To comply with state and federal regulations, Columbia Sanitary Landfill is operated using environmentally sound engineering practices for disposal of municipal solid waste.

HIGHLIGHTS / SIGNIFICANT CHANGES

Total tons received at the landfill for fiscal year 2001 was 156,803. Fiscal year 2002 tonnage is expected to be slightly less than the previous year due to the transporting of waste by a private hauler to their landfill in Macon, MO. The landfill's vertical modification was approved by the Missouri Department of Natural Resources. Construction of Cell No. 3 is progressing on schedule for completion before the end of fiscal year 2002. The new Landfill Operations Center and Equipment Storage Facility construction are scheduled to be completed by the end of fiscal year 2002. Planning for Phase 3 expansion of the Landfill Gas Recovery system is ongoing.

The expansion of the composting facility was completed on schedule. The compost operation received a large influx of compostable material (>8000 tons) from an industrial client that is being incorporated over time with the ongoing annual waste stream of 5000 tons of yardwaste, sawdust, drywall, and cellulose casings. Finished compost has been successfully sold by bid to commercial users. Plans for the marketing of the compost end products to additional sectors are ongoing.

A force main sewer and 8" water line to serve the landfill property is under construction and scheduled to be completed in the 2002 construction season.

DESCRIPTION

This program includes weekly collection of commingled recyclables from residential units, daily collection of commingled recyclables from 7 drop-off locations (including the University of Missouri site), 7 apartment drop-off containers rotated among 21 apartment complexes, bi-monthly (April through November) collection of household hazardous waste, and weekly collection of major appliances and yard waste. The Public Works Volunteer Program utilizes over 2000 volunteers per year in waste reduction activities such as Adopt - A -Spot litter control, household hazardous waste greeters, mulch site aides, worm loan aides, composting workshop leaders, and various other waste reduction projects.

HIGHLIGHTS / SIGNIFICANT CHANGES

- ▶ The Material Recovery Facility will be open by late summer, 2002. Grant funding has been attained for baling, screening, and sorting equipment. Over the road transportation of recyclables to outside processors will be minimized and eliminated when quantities and economics justify processing in-house. Materials are currently being delivered to Civic Recycling (Columbia), Resource Management (Earth City), and Kingdom Projects, Inc. (Fulton.)
- ▶ The apartment recycling containers continue to be rotated among 21 apartment complexes for at least a twenty-four hour period on a designated recycling day then moved to the next location. Plans are to add two additional containers to this program, offering a weekly on-site recycling opportunity to six additional complexes.
- ▶ Commingled recycling continues to increase weekly curbside set-out rates and tonnages. Last year total tons collected from curbside and drop-off was 4,785, up from 4,682 the prior year. Fiscal year 2002 finds record amounts being collected from curbside customers, over 300 tons per month beginning in April (FY 2001 averaged 237 tons per month).
- ▶ Collection of commercial cardboard began during FY02. Pilot programs for commercial beverage container collection are being planned and evaluated.
- ▶ The household hazardous waste collection serviced 2937 cars in 2001, and collected 133,346 pounds of material.
- ▶ The Volunteer Program continues to see increased interest in the Adopt-A-Spot Litter Control program, with 77 active groups.

MAJOR PROJECTS

Completion of Phase 3 gas recovery system with the installation of additional extraction wells.

Increase capital funding for waste handling systems by \$20,000 for commercial recycling equipment.

FISCAL IMPACT

The Materials Recovery Facility, funded in FY 2002, will be operational in FY 2003 and will require an additional operating cost of \$466,000. This amount is reflected in the Recycling Division budget.

City of Columbia - Public Works Storm Water Utility

8.93 FTE Positions

* Positions not included in Storm Water's FTE count.
** Positions are budgeted in various Public Works divisions and/or funds

(THIS PAGE INTENTIONALLY LEFT BLANK)

DEPARTMENT DESCRIPTION

The Storm Water Utility operates through funding approved by voters in April of 1993. Funding sources include development charges on new construction and Storm Water Utility charges on existing improved properties. The Storm Water Utility was established to provide funding for the implementation of storm water management projects, maintenance of existing storm water drainage facilities, and modeling of developing drainage basins with an eye toward implementation of regional detention facilities to control run off from developing areas.

DEPARTMENT OBJECTIVES

To assure the movement of emergency vehicles during storm periods, to protect the public from rapidly flowing water or flash floods, to minimize losses and property damage resulting from uncontrolled storm water runoff, and establish requirements for construction of storm water management facilities in newly developed areas.

DESCRIPTION

The purpose of the Storm Water Utility is to assure the movement of emergency vehicles during storm periods, to protect the public from rapidly flowing water or flash floods, to minimize losses and property damage resulting from uncontrolled storm water run off, and establish requirements for construction of storm water management facilities in newly developed areas.

HIGHLIGHTS / SIGNIFICANT CHANGES

Design and construction of storm water capital improvement projects will continue this year. One of the regional storm water detention basins listed in the Burns and McDonnell master plan on Merideth Branch will be designed and constructed this fiscal year. Projects will be selected and designed in order to maximize the usage of available state storm water grant monies on a 50% share basis. Ongoing contracts with the University of Missouri will allow the City to meet expected MDNR and EPA goals and time tables with respect to public education and outreach and public participation programs of the EPA Phase II Storm Water Regulations. Tom Schueler of the Center for Watershed Protection has developed a draft storm water ordinance to be used by the Mayor's Storm Water Committee as a framework from which to develop a local ordinance in order to meet the EPA requirements for post-construction activities. The City will be preparing and submitting an EPA Storm Water Phase II permit and should receive that permit during FY 2003.

DESCRIPTION

The Storm Water Utility - Field Operations is responsible for maintaining and repairing existing facilities and constructing small storm water projects (less than \$200,000).

HIGHLIGHTS / SIGNIFICANT CHANGES

Field Operations continues to work on identified problem areas in public right-of-way with the highest priority given to flooding of homes and major streets in accordance with the approved Storm Water Utility Plan.

City of Columbia - Public Works Custodial & Building Maint.
9.00 FTE Positions

* Position not included in Custodial and Building Maintenance's FTE count.
** Positions are budgeted in various Public Works divisions and/or funds

(THIS PAGE INTENTIONALLY LEFT BLANK)

DEPARTMENT DESCRIPTION

Custodial and Maintenance Services Fund provides custodial services to the City Hall Building, Howard Building, Gentry Building, Gates Building and City Hall Annex. Building maintenance for these facilities as well as all fire stations, Grissum Building, Walton Building, Fire and Police Building and other City facilities is provided.

HIGHLIGHTS / SIGNIFICANT CHANGES

To provide for functional, safe, healthful and clean facilities at the best cost and to preserve the facilities. Preventive maintenance and good housekeeping affects not only the life and maintenance costs of a facility, but also the morale and productivity of the occupants and users and the perceptions of the public.

NOTE: Comparative Data was not available for the Custodial & Maintenance Services Fund.

**Custodial & Maintenance Services Fund -
Building Maintenance**

671-6710

DESCRIPTION

This section provides general maintenance on the buildings previously mentioned including all electrical, plumbing, heating, air conditioning and structural maintenance as required.

HIGHLIGHTS / SIGNIFICANT CHANGES

The maintenance crews have completed the renovation of City Hall. The HTE software system for managing work orders and maintenance activities is being developed. Efforts will continue in preventive maintenance and seeking ways for more efficient use of resources. When possible the maintenance crew provides remodeling/repair/renovation services to its customers. Due to routine maintenance duties we are unable to satisfy all requests.

**Custodial & Maintenance Services Fund -
Custodial Services**

671-6720

DESCRIPTION

This section provides custodial services in the buildings previously noted as well as snow removal services at the City Hall, City Hall Annex, Gentry and Howard Buildings. In addition, the custodians will provide security for the Daniel Boone Building during evening meetings.

HIGHLIGHTS / SIGNIFICANT CHANGES

Custodial services is provided for five downtown public buildings in addition to security for the Daniel Boone Building during evening meetings. Special emphasis will continue for the Health Clinic area.

City of Columbia - Public Works Fleet Operations

22.90 FTE Positions

* Positions not included in Fleet Operation's FTE count.

** Positions are budgeted in various Public Works divisions and/or funds.

*** Due to various shifts the noted positions report to the supervisor on duty.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DEPARTMENT DESCRIPTION

The Fleet Operations Division provides preventive maintenance, mechanical repair, repair parts, acquisition support, and fuel for the vehicles and equipment belonging to the Public Works Department, the Police Department, the Fire Department and other City departments.

HIGHLIGHTS / SIGNIFICANT CHANGES

The Fleet Operations Division will continue to pursue training opportunities to support the City's fleet of more electronically controlled systems and components. The division will continue to provide planning support for a new fueling station for the City and expanded employee parking, all in the area of the Grissum Building. With the introduction of Biodiesel fuel (currently 2% soy oil) into the fleet fueling system, the division will evaluate the Biodiesel fuel impact on the fleet with a view of expanded use throughout FY 2003.

- 1) Numbers have been altered to reflect less the Transit Bus System statistics relative to Columbia only. None of the other cities in the above comparison have a city owned/operated bus system.
- 2) Labor rate is supplemented by appropriated tax dollars. All overhead expenses (insurance, utilities, etc.) are not paid via the labor rate.
- 3) This Public Works vehicle maintenance organization does not support Fire Department nor Police.
- 4) No labor rate used. Maintenance totally supported by appropriated tax dollars.
- 5) This Public Works vehicle maintenance organization does not support Solid Waste nor Police.
- 6) Overhead expenses are averaged out and assessed monthly per vehicle in addition to labor rate. (assessment equals \$250 to \$1,800 per vehicle)
- 7) Labor rate increases if mechanics work overtime (\$60 an hour) or if a service call is required (\$70 an hour). Lawrence is currently considering an increased labor rate for heavy trucks/equipment.
- 8) City does not have City owned/operated Solid Waste/Mixed Refuse Department.

MAJOR PROJECTS

Replacement of gas station at the Grissum building.

FISCAL IMPACT

Designated Loan fund balance will be paid off in FY 2002.

DEPARTMENT DESCRIPTION

This fund is responsible for the operation and maintenance of the short line Columbia Terminal Railroad (COLT).

DEPARTMENT OBJECTIVES

To provide the customers of the Columbia Terminal Railroad with safe, reliable, and efficient rail service.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Rail traffic expected to grow significantly as new rail terminal is placed into service. Spur and siding tracks will be constructed to support new rail terminal.

COMPARATIVE DATA

NOTE: Comparative Data not available.

DESCRIPTION

This fund is responsible for the operation and maintenance of the short line Columbia Terminal Railroad (COLT).

HIGHLIGHTS / SIGNIFICANT CHANGES

The budget includes funds for the normal operation and maintenance of the Columbia Terminal Railroad.

MAJOR PROJECTS

Two or three projects are budgeted each year to upgrade track, rail, bridges, crossings, and other facilities. The COLT will continue to perform routine maintenance that is capitalized.

FISCAL IMPACT

These projects require a loan from the Electric Utility. The operational impact will not occur until FY 2004 when the project will be completed.

DESCRIPTION

The Water Utility is responsible for the supply of safe drinking water and fire protection service to the City, and providing production, treatment, and distribution systems. The utility operates a well field in the Missouri River bottoms, the McBaine Water Treatment Plant, the West Ash and South Pump Stations, elevated water towers, and the distribution system. The personnel test and set meters, install and maintain fire hydrants, operate a laboratory and water testing facility, perform all maintenance on towers, lines, leak repair and customer service calls, and flush mains and service valves. Crews do some extension of water mains; however, most are contracted due to the large amounts of machinery and personnel required.

HIGHLIGHTS / SIGNIFICANT CHANGES

A three percent rate increase is proposed to address operation expenses that were not covered by previous rate increases. Those increases were to cover debt-service from the last bond issue. The proposed increase is to help cover cash requirements for normal operations.

City of Columbia - Water Production & Distribution

62.10 FTE Positions

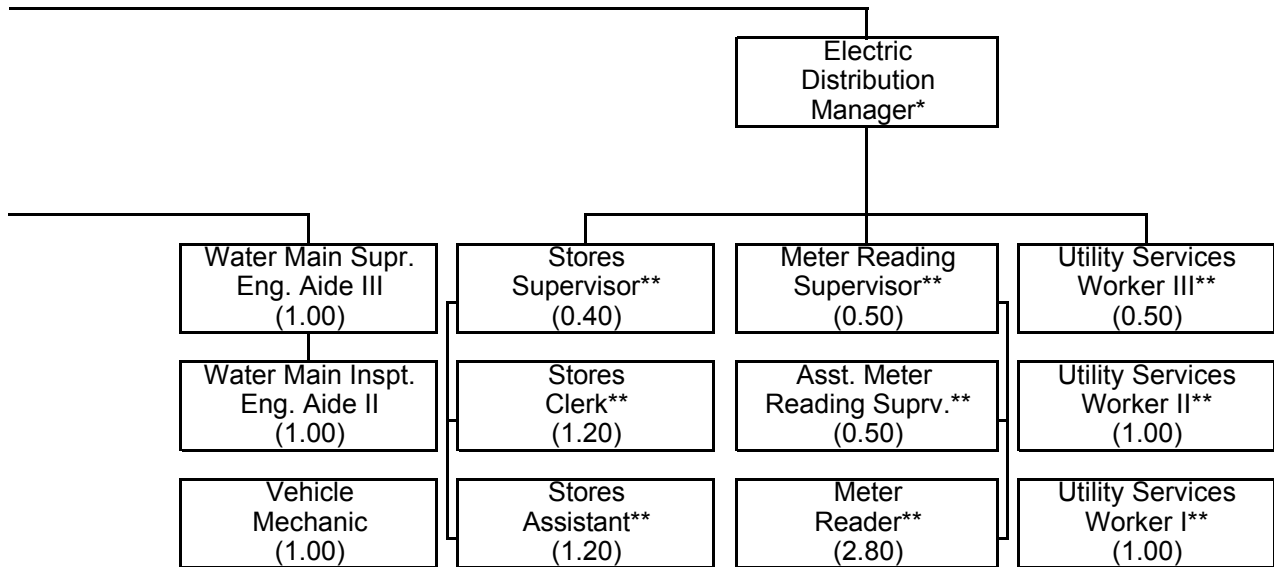

* Position not included in Production or Distribution's FTE counts.

** Positions are budgeted in various Water and Electric divisions and supervised by the Electric Distribution Manager.

City of Columbia - Water Production & Distribution

62.10 FTE Positions

* Position not included in Production or Distribution's FTE counts.
** Positions are budgeted in various Water and Electric divisions and supervised by the Electric Disitribution Manager.

DESCRIPTION

This division is responsible for the production and treatment of water entering the distribution system. Duties include operation of the well fields, the water treatment plant and responsibility for operating a testing laboratory thereby assuring the highest quality water possible.

HIGHLIGHTS / SIGNIFICANT CHANGES

A bond issue, or another funding mechanism, will be necessary to begin expansion of production facilities during FY 2003.

DESCRIPTION

This division is responsible for providing an adequate supply of water for individual consumption as well as fire protection to the citizens of Columbia. This task is accomplished through the operation of the West Ash and South Pump Stations, elevated water towers, and the distribution systems. This division tests and sets meters, installs and maintains fire hydrants, maintains all towers, lines and service valves and responds to customer service calls. Although some water main extensions are done by this division, most are contracted due to the specialized machinery and personnel required.

HIGHLIGHTS / SIGNIFICANT CHANGES

The budget includes normal operation and maintenance for the division.

MAJOR PROJECTS

Projects to expand the pumping, treatment, transmission, and storage of water are outlined in the Capital Improvement Program (CIP).

FISCAL IMPACT

This includes the major capital improvements that are outlined in the CIP. The remaining portion of the \$16,125,000 in bonds, approved by voters in 1997, were sold in FY 2002. Remaining projects, outlined during the election, are underway or in the planning stages. New projects, outlined in the CIP, will require a bond issue or another funding source. Rate changes will be necessary when new funding is in place.

DESCRIPTION

The Electric Utility is to provide the citizens of Columbia with electricity in the most effective and efficient manner possible to assure a dependable supply at the lowest possible cost. This requires the Department to operate and maintain the electric generating and distribution system to serve over 36,000 customers.

HIGHLIGHTS / SIGNIFICANT CHANGES

This budget includes two new positions. One position is in Utilities Services to assist in installation and maintenance of the Load Management System. Currently, there are over 12,000 load management switches installed with one full-time employee overseeing the program. The second position is an electric substation technician position. With nine electric substations and the fiber optic system, additional staff is needed to properly maintain these systems.

City of Columbia - Water and Electric (Electric Summary)

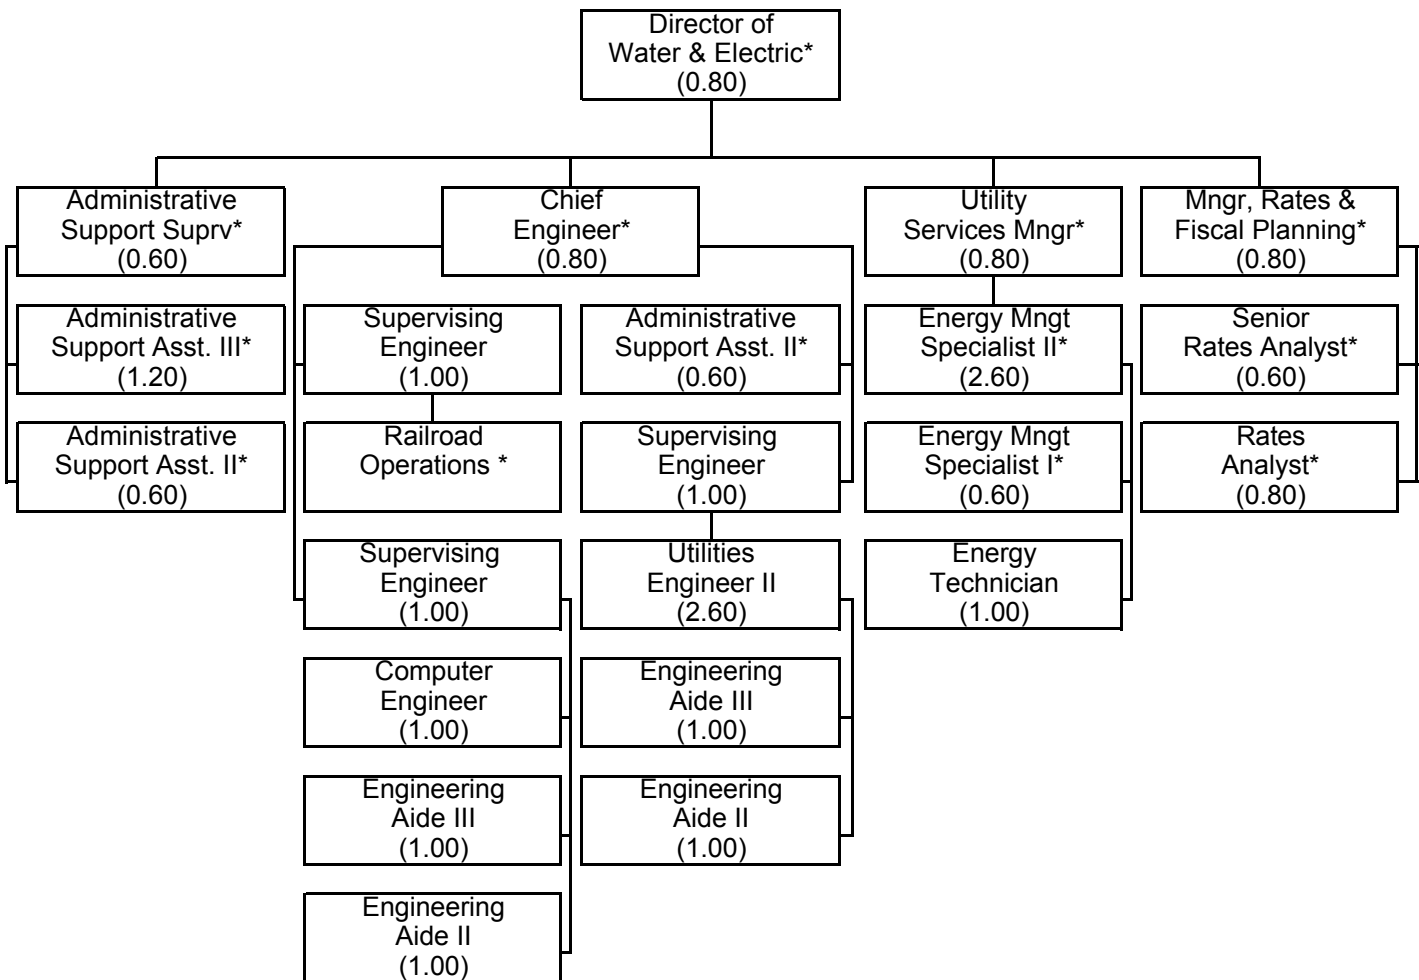

148.80 FTE Positions

- * A portion of Utility Services' FTE's are budgeted in Transmission and Distribution (3.5 FTE's)
- ** Trans. & Dist. - Transmission and Distribution

City of Columbia - Electric Administration & General
22.40 FTE Positions

* Positions are budgeted in various Water and Electric divisions.

DESCRIPTION

The Administrative office is responsible for all operations of the utility. This office also includes the engineering section which is responsible for extensions, planning and layouts for construction crews, review of subdivision plans, and field review of all contract work. This group also does long-range planning, coordinates the work of consultants, and arranges for bulk power purchases. The rate section functions somewhat as a corporate planning division. This group is currently working on the development of computer models which will provide load forecasting, budget projections, revenue and production requirements, rate design and cost of service studies. This group coordinates the budgeting efforts of the other divisions, makes the monthly fuel cost calculations, advises the power plant on generating costs and the best method of economical loading of generating units, and works with their economic development effort and customers in general to provide information on electric rates. Also included in Administration is the Utility Services Division that is responsible for conservation and demand management programs, and marketing in general, including operation of CABLE Channel 13.

HIGHLIGHTS / SIGNIFICANT CHANGES

This budget includes one new position in Utility Services to assist in installation and maintenance of the Load Management System. With over 12,000 load management switches installed, the system significantly reduces summer peak load. The position is needed to maintain acceptable service levels.

City of Columbia - Electric Production Power Plant

46.00 FTE Positions

* Position not included in Power Plant's FTE count.

** Shifts consist of 8:00am-4:00pm, 4:00pm-12:00midnight, 12:00-8:00am and a relief shift

DESCRIPTION

This division is responsible for the production of electricity for the citizens and the operation of the Municipal Power Plant. Personnel staff and operate the City's generating station on a 24-hour per day basis. The maintenance crew performs all routine maintenance and repair work except for major overhauls and reconstruction. Personnel schedule delivery of coal, operate an industrial water treatment system, operate the boilers and turbine, cooling tower, and other equipment. A central dispatch office is operated on a 24-hour basis. Dispatching personnel arrange for and schedule all power purchases via various interconnections operated with other utilities and maintain an integrated operation with them. The dispatch office receives all after-hours calls for the utility and dispatches water or electric personnel as required.

HIGHLIGHTS / SIGNIFICANT CHANGES

The budget includes funds for the normal operation and maintenance for the division.

City of Columbia - Electric Transmission & Distribution

80.40 FTE Positions

DESCRIPTION

This division handles all of the electrical system beyond the production facilities, as well as the general warehousing and building facilities for the distribution operation. This division is responsible for all line crews and electric construction and maintenance of transmission lines, substations, distribution lines and fiber optic communication system. This division installs all underground lines, services, transformers and electric meters. The personnel install and maintain the City street lights. Meter testing is handled by this division as well as all customer turn-ons and turn-offs. A distribution dispatching center for water and electric crews is operated during normal working hours. Tree trimming and line clearance work is done by contractors, and inspection personnel are in this division. This division also operates the Water and Light garage and vehicle maintenance facilities, fueling stations and warehouse.

HIGHLIGHTS / SIGNIFICANT CHANGES

FY 2003 includes the addition of one electric substation supervisor position. This position is needed to maintain acceptable service levels after continued expansion of the electric substations and the fiber optic system.

MAJOR PROJECTS

This budget provides funds for the capital improvements in the Electric Utility.

FISCAL IMPACT

This includes the major capital improvements that are outlined in our Capital Improvement Program. The remaining portion of the \$23,125,000 in bonds, approved by voters in 1997, were sold in FY 2002. Remaining projects, outlined in that bond issue, are underway or in the planning stages. A new bond issue will not be necessary in FY 2003.

DEPARTMENT DESCRIPTION

The Office of Cultural Affairs' (OCA) mission is to enhance the vitality of the city and the quality of life for all citizens by creating an environment wherein artists and cultural organizations can thrive by fostering opportunities for creative expression and the preservation and celebration of the City's multi-cultural heritage. The OCA strives to enhance the artistic, management and marketing capabilities of local artists and arts organizations; increase public and private resources for the arts; develop a broader audience for the arts; and encourage cooperation, partnerships and collaborations within the city's diverse cultural heritage.

DEPARTMENT OBJECTIVE

- ▶ To provide leadership in the public art field by maintaining works currently owned by the City while expanding the collection through the Percent for Art Program.
- ▶ To raise awareness of accessibility to, participation in and support for Columbia's rich array of artists and cultural offerings.
- ▶ To continue to implement the following general goals: promote the arts and life-long learning; market the arts; integrate business and the arts; advocate public art policies; and ensure managerial, fiscal and human resources to achieve all programs and services.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

- ▶ The OCA's Community Arts Program grant from the Missouri Arts Council ranked first out of 43 applications in the statewide in the grant evaluation. Funds will be used for programs and services such as the Arts Express newsletter, the Artists' Registry, the Columbia Festival of the Arts and general technical assistance to local arts organizations.
- ▶ Additional growth in all areas of the Columbia Festival of the Arts is expected with emphases placed on including more visual and performing artists and local arts organizations as well as providing more free participatory art activities for children and adults. Marketing efforts will focus on increasing out-of-town visitors.
- ▶ The Percent for Art project at the Community Recreation Center will be installed and dedicated.
- ▶ Percent for Art projects at the City/County Health Department and Stephens Lake Park will get underway.
- ▶ An Arts Education grant from the Missouri Arts Council will enhance the City/County Health Department Percent for Art project by involving the artist in a residency experience with area schools. The program will also expand the OCA's Partners in Education Program with the district-wide art department.
- ▶ Greater participation in the CARE Gallery will take place, including assistance with coordinating the summer sessions and securing funding.
- ▶ A grant from the National Endowment for the Arts will be implemented in support of the CARE Gallery. This is the first time the OCA has received a grant from the NEA since a 1994-1996 project was funded.
- ▶ Collaborations with downtown improvement efforts include continued support of the Twilight Festivals and Gallery Crawl as well as participation on the Avenue of the Columns committee.
- ▶ Ongoing opportunities for local arts organizations and event planners to interact include the regularly scheduled Arts Administrators Roundtable meetings and the Cultural Tourism Collaborative.
- ▶ Requests from local arts organizations for arts funding totaled \$153,122.
- ▶ The Arts Express newsletter will include special inserts sponsored by local arts organizations in an effort to assist them in getting the word out about their programs. Growth in the newsletter mailing list is expected as well.
- ▶ Continued enhancements to the OCA web site will include additional on-line forms for the arts organization funding process, more listings in the Artists' Registry and an expanded section on the Columbia Festival of the Arts.

DEPARTMENT DESCRIPTION

The Convention and Visitors Bureau (CVB) promotes Columbia as a meeting, leisure and group tour destination through direct solicitations, tradeshow attendance, advertising and marketing.

DEPARTMENT OBJECTIVES

To increase the number of regional and national conventions held in Columbia; to increase the number of Sunday through Thursday visitors and lodgers while retaining existing weekend business; to increase leisure travel visitation through the enhancement and development of festivals, events and attractions; to provide exceptional service to our convention and meeting customers; to increase awareness of tourism as a viable form of economic development.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The Tourism Development Fund is entering its third year of festival and event funding. We have seen marked growth in many of the funded events. The Downtown Twilight Festival now draws several thousand people each Thursday in June and September, many from out of town. The Heritage Festival saw substantial growth in spite of the fact that last year's event occurred just two weeks following the tragedies of September 11. Art in the Park entered into a very successful collaboration with the Missouri Theater to bring Arlo Guthrie to Columbia for a concert at the event and an evening concert at the Missouri theater. Estimates of Art in the Park attendance exceeded 30,000.

In July, 2002, the CVB will submit to the City Council a set of guidelines for the Tourism Development Fund Attraction Development Program. This program will provide funding for capital projects which have substantial potential to generate additional overnight stays and increase leisure tourism.

Additional efforts in convention sales and leisure advertising contributed to the relative stability of Columbia's tourism industry in the wake of September 11. While many cities around the state were reducing tourism budgets and laying-off staff, Columbia saw comparatively minor revenue losses and, in fact, saw increases in revenues in several of the months following 9-11.

In FY 2003, the CVB will begin its first branding and advertising campaign since 1986. The campaign was made possible by the additional funding provided by the FY 2000 increase in the lodging tax. Although the CVB has substantially increased radio, print and television advertising during the last two years, the FY 03 campaign will develop an image for the city's tourism promotion and unify the look and approach of our advertising.

DESCRIPTION

The Convention and Visitors Bureau has four (4) primary responsibilities: 1) to promote Columbia as a destination for meetings and conventions; 2) to promote Columbia as an overnight and day-trip destination for leisure travelers and group tours; 3) to facilitate partnerships and cooperation among Columbia's tourism related businesses and associations and 4) to assure that Columbia is a "user friendly" destination for visitors through the provision of visitor brochures in tourism information centers and in businesses throughout Columbia.

HIGHLIGHTS / SIGNIFICANT CHANGES

The emphasis of the Convention and Visitors Bureau in FY 2003 will be on building a destination image through the development of an advertising and promotional campaign that includes the creation of a "brand" for the city. A brand" positions a destination in a unique way that communicates the distinct advantages or differences between our destination and our competitors. The campaign will include a greater concentration on leisure travel promotion. With rising postage costs in mind, the CVB will also place a greater emphasis on driving traffic to our website rather than to a fulfillment number. The website will be expanded to include more information on Columbia and more real-time" information on events and activities as well as special packages or "getaways."

The state budget crisis has impacted the convention and meetings market. The CVB will be placing more emphasis on soliciting non-government, non-education related business due to budget constraints in both of those segments.

DESCRIPTION

In November, 1999, Columbia citizens passed a 2% increase in the hotel/motel tax. Of the 2%, one-half was designated for the enhancement or development of festivals, events and attractions. The Convention and Visitors Advisory Board was expanded to 12 members and charged with the development of guidelines for the Tourism Development program. The Board is also responsible for the review of applications and submission of funding recommendations to the City Council for final review and approval or amendment. The program is divided into two segments: Festivals and Events and Attractions.

HIGHLIGHTS / SIGNIFICANT CHANGES

The Festival and Event program of the Tourism Development Fund is entering the third year of applications. The Convention and Visitors Bureau has received 19 applications for funding for FY 2003. The fund has provided enhancements to many area festivals and has enabled the development of several first-time events. Festivals and events often expose visitors to a destination for the first time and create a positive image in the mind of the visitor which often leads to future visits for other leisure activities.

The second program of the Tourism Development Fund is the Attraction Development Program. The draft of the Attraction Development Program guidelines was presented to the City Council at the 2002 Council Retreat. The program provides funding for capital projects that have substantial potential to generate overnight visitation. The program will be implemented and applications will be received pending final approval of guidelines by the Council.

DEPARTMENT DESCRIPTION

The Employee Benefit Fund accounts for the transactions and reserves associated with the City's medical, dental, prescription drug, life and long-term disability programs for City employees, plus other benefits such as safety and service awards and sick leave buyback. Employee health and wellness programs are also managed through this fund. Coverages for health, dental, and prescription drug plans are self-insured. Other coverages are with commercial insurance carriers.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The City's self-funded health insurance plan has experienced a sharp increase in claims in the past five years after a relatively stable three year period. The greatest rate of increase continues to be in the prescription drug portion of the plan. Claims experience will be closely monitored during the next year to see if the trend continues. A comprehensive review of the entire health care plan and administration is scheduled for FY 2003, and will address issues of plan cost, plan design, administrative services and network design.

Employee Health and Wellness programs and staff were placed in this budget in FY 2000. Emphasis in this area is on safety, illness prevention and disease management programs for City employees. Drug and alcohol testing for new and federally-mandated employees is a function of this program. An Employee Health/Wellness fee is charged to all departments to cover the cost of the operation of this unit.

DEPARTMENT DESCRIPTION

Information Services (IS) is responsible for support and administration of an AS/400 midrange computer, a Wide Area Network (WAN), Local Area Networks (LANs), personal computers (PCS), and workstations throughout all City departments. IS provides systems development, system enhancements, upgrades, repairs and consulting in regards to individual department needs. IS also works to improve the operational efficiencies of the City as a whole.

DEPARTMENT OBJECTIVES

Information Services will, within the framework of its existing resources, continue to provide the highest level of support possible to all user agencies. We will continue to identify and suggest new and better methods of providing services to our users at the lowest possible cost.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Information Services completed the "New On" Service Start web application which has significantly increased the efficiency of the Utility Billing Dept. by simplifying the account creation process and reducing potential errors. Firestations 3 & 8 as well as the Convention and Visitors Bureau were connected by fiber to the City's network. A gigabit backbone switch was installed increasing the efficiency and expandability of the City's network. The HTE system was upgraded to version 6.

The Information Services Department priorities(E-Gov Services & upgrading infrastructure) include continuing with the implementation of the computer replacement plan, continuing the migration to Windows 2000/XP and the conversion from Corel Office to MS Office suite. The Information Services department will develop more web enabled applications to reduce the complexity of City operations and continue enhancing the usefulness of the City's web-site. These enhancements will include viewing billing history, on-line payments and on-line forms. Other priorities include development of a strategic plan which will also address disaster recovery and business continuity.

DEPARTMENT DESCRIPTION

The Public Communications Office has four primary areas of responsibility: public communications, web communications/electronic government, printing services, and mail services. The Public Communications Division oversees or coordinates the City's public communications program which includes Community Line, Columbia Online Information Network, Partners in Education, facility tours, speaking engagements, an employee newsletter, a citizen newsletter, media relations and distributes press releases, etc. The Web Communications/Electronic Government function is responsible for all facets of the web site including design and maintenance. The Public Communications Officer supervises the overall operation and reports to the City Manager.

DEPARTMENT OBJECTIVES

To facilitate better two-way communications between Columbia citizens and City government. To provide high-speed duplicating service to City departments. To provide full-service mail support to City departments.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Public Communications consolidates a variety of communication efforts into one office by supporting the information efforts of various departments. Printing and Mail Services are supported with fees charged to users. Web Communications/Electronic Government was added to begin utilizing web technology to better communicate with the public and to enhance efficiency through online transactions.

DESCRIPTION

To facilitate better two-way communications between Columbia citizens and City government. This is accomplished through prudent use of communication tools and channels including the Internet.

HIGHLIGHTS / SIGNIFICANT CHANGES

The City's web site was further developed to enhance communications and the City is moving toward providing the convenience of conducting transactions online.

Community Line continues to be a viable information channel for citizens seeking basic information. Public Communications coordinated monthly employee Public Communications Committee meetings. It also coordinated, along with other departments, a monthly citizen newsletter, "City Source," that is mailed with utility bills, and a weekly consolidated advertisement in one of the local newspapers. Public Communications publishes a monthly employee newsletter.

DESCRIPTION

E-Government Services is responsible for all facets of web communications and e-government. This includes strategic planning, training, monitoring, maintenance, and budgeting. The E-Government Coordinator serves as liaison for the Internet Citizens Advisory Group and the Staff committee.

HIGHLIGHTS / SIGNIFICANT CHANGES

The E-Gov Coordinator position was established in FY 2002. During FY 2002, the city hired a consultant to redesign the City's web site, including the graphic presentation, navigation and architecture to improve user friendliness and efficiency. The existing site was updated to improve navigation. This included deleting outdated pages, installing more intuitive links and standardizing more page formats. Initiated a preliminary format and data set to better monitor site usage. With the new E-Gov Coordinator, information on the main page is frequently updated, making the site more current. Services link was reorganized by service categories. Goal is to move toward online transactions that will allow customers to access their accounts and make on-line payments.

DESCRIPTION

This Division provides several major support services ranging from graphic art design/development, high speed photocopier service, bindery, perforating, folding, etc. The service is provided at a reasonable cost to departments.

HIGHLIGHTS / SIGNIFICANT CHANGES

Printing Services continues to explore new and better methods of producing the highest quality product. The Print Shop eliminated printing presses and now concentrates on high-speed photocopying and associated services. Jobs previously done by printing press are outsourced.

DESCRIPTION

Mail Services provides pick up and delivery of internal mail, as well as pick up and delivery of the U.S. Mail, and UPS packages. Service is provided to all city agencies.

HIGHLIGHTS / SIGNIFICANT CHANGES

The Mail Room uses a paragon mail processing machine that sorts and posts mail pieces of varying sizes and weights. Also, postage is refilled through "postage by phone." Mail Services staff made adjustments to enhance security of unattended mail.

DEPARTMENT DESCRIPTION

The Contributions Fund is a trust fund that was established to process donations and contributions given to the City. Proper procedures have been established to ensure funds and donations are expended for the purpose designated by the donor.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

During fiscal year 2002, over 40,500 volunteer hours were reported at a value of over \$652,577 not including hours contributed by boards and commissions. Highlights during 2002 include the graduation of a fifth TreeKeepers program, the continuation of the Park Patrol (a community policing program for Columbia's trails), a volunteer recognition in the spring, and the sixth city-wide "Cleanup Columbia" including sponsorship by local media and businesses. The Adopt a Spot beautification program added several new projects during the year particularly along Route B in northeast Columbia. This year, the office also started a summer youth volunteer program called Youth In Action aimed at youth ages 12-15. Goals for the next year include finding new ways to recognize volunteers, recruit new volunteers, and promote volunteer opportunities. The Columbia Trust continued to publish a newsletter twice per year, started the New Century Fund (a 501c3 non-profit organization), and continued the Share the Light utility checkoff program.

DESCRIPTION

This office coordinates the promotion of volunteer opportunities within City Government. Advised by a Volunteer Working Group made up of city staff from a variety of departments, the office recruits volunteers, matches them with projects that compliment their interest and experience, and tracks their volunteer hours. The office also works on volunteer recognition activities and public relations events to promote volunteerism for City government.

In addition to general volunteer coordination, the Office of Volunteer Services coordinates a number of specific programs including the Park Patrol, the Adopt a Spot Beautification program, Cleanup Columbia, and TreeKeepers, a program conducted in conjunction with the Parks & Recreation Department. In a separate area, the Office coordinates the Columbia Trust, a mechanism by which the City can receive land, money, and other in-kind donations to enhance our City and its services.

HIGHLIGHTS / SIGNIFICANT CHANGES

During fiscal year 2002, over 40,500 volunteer hours were reported at a value of over \$652,577 not including hours contributed by boards and commissions. Highlights during 2002 include the graduation of a fifth TreeKeepers program, the continuation of the Park Patrol (a community policing program on Columbia's trails), a volunteer recognition in the spring, and the sixth city-wide "Cleanup Columbia" including sponsorship by local media and businesses held in conjunction with Earth Day. The Adopt a Spot beautification program added several new projects especially in NE Columbia. The Office also created "Youth In Action," a summer volunteer program for kids ages 12 to 15. Goals for next year include more activities to promote and recruit volunteer opportunities and cooperating for more recognition and public relations activities to raise awareness and morale about City volunteer opportunities. A plan has been assembled to take the Columbia Trust to the next level, including annual fund-raising events, donor recognition, and prospective donor tracking.

DESCRIPTION

The Columbia Trust was established in 1999 as a mechanism by which money, land, and other donations can be made to the City. The Trust would allow for donor recognition, identification of prospective donors, promotion of projects that are in need of public fund-raising, and the coordination of fund-raising events and communication about the Trust.

HIGHLIGHTS / SIGNIFICANT CHANGES

In Fiscal Year 2002, the utility checkoff was continued, allowing utility customers to donate to a number of city programs including public art, public beautification, youth recreation scholarships, public health, the fire department, and the police department. Over \$10,000 will be raised by the end of FY 2002 with funds being appropriated to the health department for a youth dental care program and the Columbia Police Department for crime prevention programs. The Columbia Trust newsletter continued being published twice per year with copies going to donors, community leaders and estate planners. The City of Columbia New Century Fund, Inc. organized its first board in FY 2002 and has distributed \$62,500 in grants for the Columbia Recreation Center. The New Century Fund will continue to be used in other ways to add to city funds in FY 2003.

DEPARTMENT DESCRIPTION

Special Revenue Funds are established to track the receipts and disbursement of taxes collected for use for a specific purpose. In most cases, the legislation that enacts these taxes limit the use of these funds. In the case of the Public Improvement Fund it is the policy of the City Council to restrict the use of these funds for public improvement purposes. Transportation Sales Tax and Special Road District Tax proceeds are restricted for use for general transportation and road and bridge maintenance expenditures. The 99 1/4 Cent Sales Tax is restricted by legislation for capital improvement purposes and by Council policy for use on specific projects outlined during the ballot issue. Parks Sales Tax is limited for use for park and recreation purposes.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

FY 2002 was the first full year for collections of the Parks Sales Tax. The majority of this tax will be utilized for the debt repayment and development associated with the Stephens Lake Property. Park Sales Tax subsidies to the General Fund and the Recreation Services Fund were also increased in FY 2003. The other special revenue funds are used for standard transfers for capital and operating transportation uses.

DESCRIPTION

On November 8, 1999, Columbia voters passed a five year extension of the one quarter cent capital improvement sales tax. This vote extended the tax from January 1, 2001 to December 31, 2005. Projects approved included a new Recreation Center, additional Fire Station, new and replacement fire equipment, and other park funding.

DESCRIPTION

In November of 2000, the voters of the City of Columbia passed a Local Parks Sales Tax in the amount of one-quarter of one percent (for five years), and one-eighth of one percent thereafter, on retail sales made in the City. The collection of this tax commenced on April 1, 2001. These funds must be used for parks purposes. The majority of the Parks Sales Tax will be used for the first five years for the purchase and development of the Stephens Lake property, to purchase additional land replacement equipment, and other maintenance costs associated with existing and new parks.

DESCRIPTION

Section 94.600 of the Revised Missouri State Statutes allows cities to authorize a 1/2 cent sales tax for transportation purposes if a simple majority of the voters approve such action. The voters of the City of Columbia authorized the addition of this tax on April 6, 1982. State Statutes require proceeds from the tax to be accounted for in a trust fund separate from other sales tax resources. When the City receives proceeds from the transportation sales tax, the money is placed in a Transportation Sales Tax Fund. These funds are then transferred to subsidize Airport and Transit activities, fund various road projects, and pay for street and sidewalk related activities in the General Fund.

DESCRIPTION

The Public Improvement Fund was established to account for and disburse monies the City receives from the city sales tax that it allocates for the Capital Improvement Plan. This fund receives a portion of the city sales tax and is allocated for a wide range of public improvements to the City which includes general government projects in the Capital Improvement Plan.

DESCRIPTION

The Special Road District Tax Fund was created to account for the road and bridge tax revenues that are collected by Boone County and shared with the City per agreement. These revenues are used to improve, maintain, construct and repair streets and roads within the City limits that qualify per this agreement. The majority of these funds are transferred for street projects in the Capital Improvement Plan.

CAPITAL PROJECTS SUMMARY

DESCRIPTION

The City prepares a five year capital plan to address the capital needs of current and future years. The Capital Improvement Plan (CIP) is coordinated by the Planning Department. This plan contains two distinct sections: General Government and Enterprise. General government capital needs are funded primarily with Sales Taxes that are set aside, either by Council policy for general capital needs or voter referendum for specific projects. Enterprise capital projects are funded primarily through revenues generated by the enterprise.

MAJOR CAPITAL PROJECTS

This year's budget shows continued funding from the 1999 1/4 cent capital improvement sales tax , STP Grants and Local Parks Sales Tax. Our continued emphasis should be maintaining the facilities and infrastructure we have and to construct new infrastructure needed for a growing community. Major projects for next year include:

- ▶ Funding of \$670,300 to start the development of the Stephens Lake Property
- ▶ Funding for the Public Building Expansion Project with a \$700,000 transfer of General Funds as per the financing plan.
- ▶ Major road projects include Blue Ridge Road;Garth to Route 763 , Heather Lane and East Broadway
- ▶ Major expansion of the Grindstone Substation and new Electric SCADA systsem in the Electric Utility
- ▶ Funding the Rail Terminal project in the Railroad Fund
- ▶ Major Cargo Apron and Taxiway construction at the Airport

BUDGET CONSIDERATIONS

Major funding sources for the City's Capital Plan continues to be Capital and Parks Sales tax as well as Grant funds. The City continues to review rates in our enterprise funds to ensure funding is available for capital projects as well operations. Rate increases are proposed for FY 2003 in the Water Utility. A rate increase can be expected in FY 2004 in Solid Waste.

OPERATING IMPACT

The FY 2003 operating budget has the increased cost of a full year of operations of the Recreation Center which is scheduled to open in FY 2003. The renovation of the Health Department Facility and relocation of the department is not anticipated in FY 2003. The completion of the Materials Recovery Facility (MRF) at the landfill, has required \$501,000 to be added to the operating budget of Solid Waste.

CAPITAL PROJECT FUNDING SOURCES

<u>Abbreviations</u>	<u>Funding Source Descriptions</u>
1997 Ballot	<u>1997 Ballot</u> - Funds authorized by public vote via a ballot issue.
1997 Bonds	<u>1997 Bonds</u> - Funds generated from bonds approved on the April 1997 ballot for Water and Light capital improvements.
1/4% 96 S Tax	<u>96 1/4% Sales Tax</u> - Funds generated from the 1996 CIP sales tax issue.
All	<u>Accumulated Investment Income</u> - Interest earnings on all projects.
Bond Balance	<u>Bond Balance</u> - Remaining balance of bond issues available to be appropriated
CAP-FB	<u>Capital Projects Fund Balance</u> - Monies made available through the closeout of old projects.
CDBG	<u>Community Development Block Grant</u> - Federal Entitlement Grant Program (annual) administered by U.S. Department of Housing and Urban Development, 100% grant requires no matching local funds.
Co rd tax reb	<u>County Rebate Funds</u> - Funds received by Columbia from Boone County for maintenance/improvement to roads under City jurisdiction after annexations.
Dev charge	<u>Development Charge</u> - A fee assessed at the time a building permit is issued for new construction, at a rate of \$0.061 per square foot. Revenue gained from this is used for construction of collector and arterial streets.
Contributions	<u>Contributions</u> - Funds received from various entities or organizations who will benefit from a particular project. We have various current types of contributors: Developer, County and Utilities.
Donations	<u>Donations</u> - Monies or gifts donated from non-governmental entities.
EU loans	<u>Electric Utility Loans</u> - Funds provided for a project from the electric utility.
Ent Rev	<u>Enterprise Revenue</u> - Actual income to one of the City's utilities, such as sanitary sewers, water, etc.
FAA Gr	<u>Federal Aviation Administration (U.S.) Grant</u> - Competitive federal grant funds for capital projects at airports, no set amount per year, 90% grant requires 10% local matching funds.
FAL	<u>Force Account Labor</u> - Labor for capital projects that is performed by City personnel and charged to the capital project.
FTA	<u>Federal Transit Administration Capital Grant</u> - Grant for transit related capital projects. 80% Federal; 20% Local funding.
Grants	<u>Grants</u> - Monies received from from local, state, county or federal entities.
GCIF	<u>Golf Course Improvement Fund</u> - A \$1-per-round fee collected from golfers which is set aside for improvements at the City's golf courses.
Gen Fd/PI	<u>General Fund/Public Improvement</u> - Local funds generated through the sales tax.
LUT	<u>Local Use tax</u> - The amount represents the local use tax that was distributed to the City of Columbia during the years of 1993-1996 which did not have to be refunded to the state.
MODOT	<u>Missouri Highway Transportation Department</u> - Monies the City receives from the Mo. Hwy. Trans. Dept. for transportation related projects.

CAPITAL PROJECT FUNDING SOURCES

Abbreviations
Funding Source Descriptions

Prior Yr App (PYA)	<u>Prior Year Appropriation</u> - Funds approved in previous years.
RSR Fd	<u>Recreation Services Fund</u> - Funds generated from user fees paid by participants in programs involving capital facilities. User fee structure established by citizen election.
State Hwy	<u>State Highway</u> - Reimbursement from the State Highway Department for Railroad Crossings.
STP	<u>Federal Highway Administration Surface Transportation Program</u> - Replaces the old Federal Aid Urban Program - 20% local match.
STP Enh	<u>Federal Highway Administration Surface Transportation Enhancement Program</u> - Enhancement program portion of STP program set aside for transportation enhancement projects. 80% federal; 20% local funding.
Tax Bill	<u>Tax Bills</u> - Charges, on a per lineal foot basis, assessed to property owners abutting new roads, or roads undergoing major improvements, for the improvements to their property. Charges based on benefit to property as determined by City Council.
Transp S Tax	<u>Transportation Sales Tax</u> - 1/2 cent sales tax authorized by the voters for transportation purposes.
Unfunded	<u>Unfunded</u> - Projects beyond current FY which have no definite funding commitment.
Unfunded/Ballot	<u>Unfunded/Ballot</u> - Projects beyond current FY which will go before the voters in a ballot issue.

CAPITAL PROJECTS - GENERAL GOVERNMENT - SUMMARY

PURPOSE

This budget adopts the FY 2003 portion of the capital improvements plan as the general government capital budget for the fiscal year. This budget accounts for funds from the Public Improvement Fund, Community Development Block Grant, Special Road District Fund, Special Assessments (tax bills), and related state and federal grants. After the projects are completed, improvements are capitalized per GASB 34 requirements.

	Total	\$555,000	\$60,000	\$95,000	\$100,000	\$300,000

* The City and County split the cost (50/50) of the 30,000 sq. ft. used for the Health facility. Total Project costs include the total cost of acquisition, renovation and relocation costs of the Health Department. Does not include renovation of the 20,000 sq. ft not utilized by the Health Department.

** Public Building Bonds are to be repaid with property tax proceeds that previously were levied for GO debt payments, and in FY 2002 and beyond will be levied in the General Fund.

*** \$1,250,000 shown in Electric Project #15, new W & L Administrative Building, which brings total project cost to \$16,934,000.

**** Need to determine whether to acquire; if so, appraise & program funding.

GENERAL INFORMATION

The City is authorized to issue General Obligation Bonds payable from ad valorem taxes to finance capital improvements. General Obligation Bonds are supported by a pledge of the City's full faith and credit. The applicable Missouri statutes are listed below. The computation of legal debt margin is also shown below.

The City is authorized to issue Revenue Bonds to finance capital improvements to its various utility operations such as the electric system, water system, sewer system and parking and airport facilities. These types of Revenue Bonds require a majority vote of the qualified electorate voting on the specific proposition. All Revenue Bonds issued by the City are payable out of the revenues derived from the operation of the facility that is financed from the proceeds of such bonds.

The City is authorized to issue Special Obligation Bonds. These bonds are special obligations of the City. The payment of the principal of and interest on the Bonds is subject to an annual appropriation by the City. The City is not required or obligated to make any such annual appropriation, and the decision whether or not to appropriate such funds will be solely within the discretion of the then current City Council.

The City's stable financial condition as well as sound debt administration practices allow it to continue to enjoy favorable bond ratings of its General Obligation Bonds, Special Obligation Bonds, and Revenue Bonds. The City has consistently held a General Obligation Rating of AA and Revenue Bond rating of A1.

MISSOURI STATUTES

Section 95.115 & 95.120 of the 1978 Missouri Revised Statutes permits any county or city, by vote of two-thirds of qualified electors voting thereon, to incur additional indebtedness for city purposes not to exceed 5 percent of the taxable tangible property therein, as shown by the last assessment. Section 95.125 and 95.130 of the 1978 Missouri Revised Statutes provides that any city may become indebted not exceeding in the aggregate an additional 10 percent for the purpose of acquiring right-of-ways, constructing, extending and improving streets and avenues and/or sanitary or storm sewer system and an additional 10 percent for purchasing or construction of waterworks, electric or other light plants provided the total general obligation indebtedness of the city does not exceed 20 percent of the assessed valuation.

GENERAL OBLIGATION BONDS

GENERAL INFORMATION

General obligation bonds are supported by a pledge of the City's full faith and credit. These bonds, which are recorded in the General Long-Term Debt Account Group, were issued to finance various capital projects. In August of 1992, the City issued \$16,670,000 in General Obligation Bonds for the purpose of refunding all of the City's General Obligation Street and Bridge Bond Series 1986, General Obligation Street and Bridge Bond Series 1983, and General Obligation Fire Protection Bond Series 1982, each of which were subject to redemption prior to maturity. Total outstanding on the refunded bonds was \$16,280,000. Interest payments on the new bonds are due on April 1 and October 1. Principal payments are due on October 1 each year. The final payment is due on October 1, 2003. Interest rates on this issue range from 2.75% to 9%.

NET GENERAL BONDED DEBT RATIO

The ratio of net general bonded debt to assessed valuations of property for tax purposes and the amount of bonded debt per capita are useful to management, citizens, and investors as indicators of the City's financial status. These ratios at the close of fiscal year 1998 are projected as follows:

Type of Debt	Amount	Ratio of Debt to Assessed Value	Per Capita Debt Total
Net General Bonded Debt	\$ 700,000	0.07%	8

DEBT SERVICE REQUIREMENTS 1992 General Obligation Refunding Bonds

Year	Original Requirements	Interest Requirements	Total Requirements
2003	700,000	38,500	738,500
2004	0	0	0

2006	0	0	0
Total	\$ 700,000	\$ 38,500	\$ 738,500

WATER AND ELECTRIC REVENUE BONDS

GENERAL INFORMATION

12/12/85 Water and Electric Series B Bonds (Interest rates: determined weekly)

Original Issue - \$15,500,000

Balance As of 09/30/2002 - \$15,500,000

Maturity Date - 12/01/15

In December of 1985, the City issued \$15,500,000 of Water and Electric System Revenue Bonds, Series B. The bonds are to be paid by the net revenues of the system and are secured by a first lien on those revenues. The bonds were issued to provide funding for capital improvement projects of the system's power generating facility. The effective interest rate for FY 01 was 3.296% which resulted in interest payments of approximately \$505,004.

07/01/92 Water and Electric Series A Revenue Bonds (Interest rates: 2.75% - 5.70%)

Original Issue - \$34,140,000

Balance As of 09/30/2002 - \$13,645,000

Maturity Date - 10/01/12 original 10/1/05 due to refinancing

In August of 1992, the City issued \$34,140,000 of Water and Electric System Revenue Bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. \$23,140,000 of the bonds were issued to refund \$19,265,000 of the outstanding 1985 Water and Electric Refunding Bonds, and \$11,000,000 were issued to provide funding for improvements and additions to the City's water works facility.

03/01/98 Water and Electric Refunding and Improvement Bonds (Interest rates: 3.75% - 6.00%)

Original Issue - \$28,295,000

Balance As of 09/30/2002 - \$28,130,000

Maturity Date - 10/01/22

In March of 1998 the City issued \$28,295,000 in Water and Electric Refunding and Improvement revenue bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. A portion of these bonds were used to defease \$5,215,000 of the 1992 bond issue. The remaining bond proceeds were issued to provide funding for improvements to the water and electric distribution system.

03/01/98 Water and Electric Refunding and Improvement Bonds (Interest rates: 3.00% - 6.00%)

Original Issue - \$16,490,000

Balance As of 09/30/2002 - \$16,490,000

Maturity Date - 10/1/2026

In March of 1998 the City issued \$28,295,000 in Water and Electric Refunding and Improvement revenue bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. A portion of these bonds were used to defease \$5,215,000 of the 1992 bond issue. The remaining bond proceeds were issued to provide funding for improvements to the water and electric distribution system.

GENERAL INFORMATION**08/01/79 Sanitary Sewerage System Revenue Bonds (Interest rates: 5.00% - 7.00%)**

Original Issue - \$3,500,000
Balance As of 09/30/2002 - \$815,000
Maturity Date - 10/01/04

In August of 1979, the City issued \$3,500,000 of Sewerage System Revenue Bonds. These bonds are secured solely by the net revenues of the system. Bond ordinance requirements provide for the restricting of operating revenues after current operating expenses have been met. The bonds were issued for the purpose of extending and improving the sewerage system, including outfall sewers and wastewater treatment facilities.

06/01/92 Sanitary Sewerage System Revenue Bonds (Interest rates: 4.00% - 6.25%)

Original Issue - \$8,515,000
Balance As of 09/30/2002 - \$8,470,000
Maturity Date - 10/01/17

The City issued \$8,515,000 of Sewerage System Revenue Bonds in June of 1992. These Bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the system.

06/01/92 Sanitary Sewerage System Series B (Interest rates: 4.25% - 6.55%)

Original Issue - \$870,000
Balance As of 09/30/2002 - \$600,000
Maturity Date - 01/01/13

In June 1992, the City participated in the State Revolving Loan program to issue \$870,000 in Bonds.

08/01/92 Sanitary Sewerage System Refunding (Interest rate: 5.6%)

Original Issue - \$795,000
Balance As of 09/30/2002 - \$100,000
Maturity Date - 10/01/02

The City issued \$795,000 of Sewerage System Revenue Bonds in August of 1992. These Bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued to refund the 1982 Sewerage System Revenue Bonds.

06/01/99 Sanitary Sewerage System Series A (Interest rate: 3.625% - 5.25%)

Original Issue - \$3,730,000
Balance As of 09/30/2002 - \$3,405,000
Maturity Date - 01/01/20

In 1999 the City participated in the State Revolving Loan Program to issue \$3,730,000 in Bonds. Voters approved the issuance of these Bonds in November of 1997.

12/01/99 Sanitary Sewerage System Series B (Interest rate: 4.125%-6.00%)

Original Issue - \$1,420,000
Balance As of 09/30/2002 - \$1,300,000
Maturity Date - 07/01/20

In 1999 the City participated in the State Revolving Loan Program to issue \$1,420,000 in Bonds. Voters approved the issuance of these Bonds in November of 1997.

11/01/00 Sanitary Sewerage System Series B (Interest rate: 4.35% - 5.625%)

Original Issue - \$2,445,000
Balance As of 09/30/2002 - \$2,340,000
Maturity Date - 07/01/21

In 2000, the City participated in the State Revolving Loan Program to issue \$2,445,000 in bonds. Voters approved the issuance of the Bonds in November of 1997.

SANITARY SEWER BONDS**GENERAL INFORMATION****05/01/02 Sanitary Sewerage System Series A (Interest rates: 3.00% - 5.375%)**

Original Issue - \$2,230,000

Balance As of 09/30/2002 - \$2,230,000

Maturity Date - 1/1/2023

In 2002, the City participated in the State Revolving Loan Program to issue \$2,230,000 in bonds.
 Voters approved the issuance of these bonds in November of 1997

11/13/01 Sanitary Sewerage System Special Obligation Bonds (Interest rates: 3.65% - 4.80%)

Original Issue - \$2,685,000

Balance - \$2,685,000

Maturity Date - 2/1/2021

In November 2001, the City issued \$2,685,000 of Special Obligation Bonds in finance improvements to
 the sanitary sewer system of the City.

PARKING SYSTEM BONDS

GENERAL INFORMATION

09/15/95 Parking System Revenue Bonds (Interest rates: 3.80% - 6.00%)

Original Issue - \$3,400,000

Balance As of 09/30/2002 - \$2,965,000

Maturity Date - 10/01/20

In September of 1995, the City issued \$3,400,000 of Parking System Revenue Bonds to finance a portion of the costs of (i) the construction of a parking structure at Tenth and Cherry Streets, (ii) the reconstruction of the garage at Eighth and Cherry Streets, and (iii) the construction of a parking structure at Sixth and Locust Streets. The Bonds are payable solely from the net income of the City's Parking System.

08/01/96 Parking System Special Obligation Bonds (Interest rates: 3.75% - 5.50%)

Original Issue - \$7,120,000

Balance As of 09/30/2002 - \$5,560,000

Maturity Date - 02/01/16

In August, 1996, the City issued \$7,120,000 of Special Obligation Bonds to finance the construction and reconstruction of downtown parking facilities and refund \$2,521,500 in 1986 lease payments. Bond proceeds were used to fund construction of two new parking structures along Cherry street and reconstruct one parking structure at 8th and Cherry.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)**PURPOSE**

This fund accounts for and disburses funds received by the City from the Dept. of Housing and Urban Development's Community Development Block Grant Program. These funds are to be used to provide facilities and assistance to low and moderate income citizens in the CDBG area of the City such as housing programs, neighborhood improvements and community facilities. After receiving recommendations from the Community Development Commission, the staff, and public hearings, the Council adopts this budget and submits it to HUD for final approval. Following that approval, the funds become available in the spring of 2003.

In 1991 the City Council adopted the following guidelines for the expenditure of the annual allocation of Community Development Block Grant funds: 20-25% for Housing Programs, 60-65% for Neighborhood Improvements (includes Planning and Administration) and 10-15% for Community Facilities.

GLOSSARY

Accrual Basis of Accounting - Internal Service Fund and Enterprise Fund revenues and expenses are recognized on the accrual basis. Under this method of accounting, revenues are recognized in the accounting period in which they are earned, and expenses are recognized in the period incurred.

Account Number - A system of numbering or otherwise designating accounts, entries, invoices, vouchers, etc., in such a manner that the symbol used quickly reveals certain required information.

Adopted Budget - Refers to the budget amount as originally approved by the City Council at the beginning of the fiscal year.

Anticipated Expenditures and Revenues - The expenditures or revenues that are expected by the close of the budget year.

Appropriation - The legal authorizations made by the City Council to the departments, offices and agencies of the City which approves their budgets and allows them to make expenditures and incur obligations for specific purposes within the amounts approved.

Assessed Valuation - This is the value of property set for tax purposes. The assessed value is set by the County Assessor, who is charged with determining the taxable value of property according to a formula set by the State of Missouri.

Budget - The financial plan for the operation of the City for the year.

Budgetary Control - The control or management of a government or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

Capital - An asset item with a value of \$5,000 or more and is expected to have an estimated life of greater than one year.

Capital Projects Fund - Capital Projects Funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities or improvements.

Debt Service Fund - The debt service funds are used to account for the accumulation of resources and payment of general long-term debt principal and interest.

Deficit - An excess of the liabilities of a fund over its assets. Also, the excess of expenditures over revenues during the budget year.

Department - The Department is the primary unit in City operations. Each is managed by a department head. Departments are generally composed of divisions which share a common purpose or which perform similar duties.

Depreciation - The decrease in value of physical assets due to use and the passage of time. In accounting for depreciation, the cost of a fixed asset is prorated over the estimated service life of such an asset, and each year is charged with a portion of such cost. Through this process, the entire cost of the asset is ultimately charged off as an expense.

GLOSSARY

Encumbrance - Commitment for unperformed contracts for goods or services. An amount of money committed and set aside, but not yet expended, for the purpose of a specific good or service.

Enterprise Funds - These funds are used to account for resources committed to self-supporting activities of governmental units that render services to the general public on a user-charged basis. Budgeted enterprise funds include: Water Utility, Electric Utility, Sanitary Sewer Utility, Regional Airport, Public Transportation, Solid Waste Collection, Parking Facilities, Recreation Services, Railroad, and Storm Water Utility.

Expendable Trust Fund - A trust fund whose principal and earnings may be expended. The only expendable trust fund that is budgeted is the Contributions Fund.

Expenditure - An actual obligation incurred for goods or services received whether or not yet paid by City check or by interfund transfer for internal City bills.

Fiscal Year - The period used for the accounting year. The City of Columbia has a fiscal year of October 1 through the following September 30.

Fund - A fund is a self balancing set of accounts designed to track specific revenues and the uses of those revenues.

Fund Balance - An accumulated excess of revenues over expenditures. An amount left over after expenditures are subtracted from resources is added to a beginning fund balance each year. Each fund begins and ends each year with a positive or negative fund balance. The exception to this is Enterprise Funds and Internal Service Funds which are accounted for in the same manner as private businesses and record retained earnings as opposed to fund balance.

Fund Type - In governmental accounting, all funds are classified into seven generic fund types: General, Special Revenues, Debt Service, Capital Projects, Enterprise, Internal Service, and Trust and Agency.

GAAP - Generally Accepted Accounting Principals

General Fund - The fund used to account for all City activities not required to be accounted for elsewhere. The General Fund of a governmental unit is made up of the resources available for the purpose of carrying on the unit's operating activities. The General Fund includes the following departments: City Council, City Clerk and Elections, City Manager, Municipal Court, Human Resources, Law, Planning, Economic Development, Finance, Fire, Police, Health, Joint Communications, Emergency Management, Community Services, Divisions of Public Works (Administration and Engineering, Streets, Traffic, and Protective Inspection), and Divisions of Parks and Recreation (Administration, C.A.R.E. Program, and Parks).

General Obligation Bonds - Bonds backed by the full faith and credit of the City.

GLOSSARY

Governmental/Trust Funds - Includes the General Fund, Expendable Trust Funds, Non-Expendable Trust Funds, Special Revenue Funds, and Capital Project Fund.

Legal Debt Margin - The amount of additional debt the City may legally issue. It is currently 20% of the assessed value less general obligation debt currently outstanding.

Intergovernmental Revenues - Revenues from other governments in the form of grants, entitlement, shared revenues or payments in lieu of taxes.

Internal Service Funds - These funds are used to finance, administer, and account for the financing of goods and services provided by one department to other departments of the City on a cost reimbursement basis. Budgeted internal service funds are Fleet Operations, Custodial and Maintenance Services, Finance Utility Customer Service, Information Services, Public Communications, Employee Benefit Fund, and Self-Insurance Reserve Fund.

Modified Accrual Basis - General Fund, Special Revenue, Debt Service, Capital Projects, and Expendable Trust Funds are recognized on the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both available and measurable. Expenditures are recognized in the accounting period in which the fund liability is incurred. This basis measures resources available to the City.

Net Income - The excess of revenues over expenses. Net income is calculated for Internal Service Funds and Enterprise Funds. Net income is not calculated for a governmental fund.

Non-Expendable Trust Funds - A trust fund whose principal must be preserved intact. Revenues earned on the principal may be expended.

Non-Operating Expenses - Expenses incurred by Enterprise and Internal Service Funds that are not directly related to the fund's primary service activities. Examples of non-operating expenses include Interest Expense, Loss on Disposal of Fixed Assets, and Miscellaneous Expenses.

Non-Operating Revenues - Enterprise and Internal Service Fund revenues that are not directly related to the fund's primary service activities. Examples of non-operating revenues include Interest Revenue, Gain on Disposal of Fixed Assets, and Miscellaneous Revenue.

Operating Budget - The annual budget and process which provide a financial plan for the operation of government and the provision of services for the year. Excluded from the operating budget are capital projects which are determined by a separate, but interrelated process.

Property Tax - This refers to the property tax placed on property. The tax income is determined by multiplying the tax rate by each \$100 of assessed valuation.

Proposed Budget - The recommended City budget submitted by the City Manager to the City Council in late July each year.

Revenue Bonds - Bonds whose principal and interest are payable exclusively from earnings of an enterprise fund. In addition, these bonds may contain a mortgage on the enterprise fund's property.

GLOSSARY

Revenues - Money generated through taxes, charges, licenses and other sources to fund City operations.

Special Obligation Bonds - Special obligations of the City. The payment of the principal of and the interest on the Bonds is subject to an annual appropriation by the City. The City is not required or obligated to make any such annual appropriation.

Special Revenue Funds - These funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes. Budgeted special revenue funds include: Convention and Tourism Fund, Transportation Sales Tax Fund, Community Development Block Grant Fund, Cultural Affairs Fund, Parks Sales Tax, 991/4 Cent Tax and Special District Tax Fund, and Public Improvement Fund.

Subsidy - Legally authorized subsidy from a fund receiving revenue to the fund through which the resources are to be expended.

Transfer - Legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended.

Trust Funds - These funds are used to account for assets held by the government in a trustee capacity. Trust Funds are composed of two main types, Non-Expendable and Expendable. The only Budgeted Trust Fund is the Contributions Fund.

User Charges or Fees - The payment of a charge or fee for direct receipt of a service by the party benefitting from the service.
