## CERTIFICATION

The undersigned hereby certify that the attached document is a true copy of the annual budget of the City of Columbia, Missouri for the Fiscal Year beginning on October 1, 2004 and ending on September 30, 2005, as finally adopted by the City Council on September 20, 2004.

IN WITNESS WHEREOF, I have executed this certification on this 23<sup>rd</sup> day of September, 2004.

---

City Manager

IN WITNESS WHEREOF, I have executed this certification and affixed the corporate seal of the City on this 23<sup>rd</sup> day of September, 2004.

---

Sheela Amin, City Clerk

# FY 2005 Budget Amendments

## As of September 20, 2004

### Council Reserve Items for Consideration

**Amount of Reserve Available** **\$75,000**

Overtime & to Put Council Packet on the web	see attached memo
Historic Preservation Request for Matching Funds	\$3,200
Expand Midnight Hoops Program	\$7,500
Provide Low Income Adult Recreation Scholarships	\$5,000
Increase Social Services Funding for Centro Latino	\$4,000

Total Allocated	<b>\$19,700</b>
-----------------	-----------------

<b>Balance</b>	<b>\$55,300</b>
----------------	-----------------

### Administrative Issues:

#### General Fund - Health:

Increased Revenues from WIC Contract	\$30,012
--------------------------------------	----------

#### Clerk: *(see attached memo)*

Increased Cost for Elections	\$41,520
Electric - Share of Increased Cost for Election	\$31,480
	\$73,000

#### Transit:

Increased Revenues - University Contract Expanded	\$47,000
Increased Expenses - University Contract Expanded	\$47,000
Net Impact:	\$0

#### Airport:

Remove Request for Runway Marking - FAA will pay cost	(\$48,000)
---	------------

#### Storm Water:

Remove Request for Buggy to carry camera equipment	(\$25,000)
--	------------

#### Public Improvement Fund:

Increase transfer amount of Development Charge	\$1,576,500
--	-------------

### CIP Changes:

### Funding Source

#### Streets and Sidewalks:

##### SS #36. Blackfoot Road: Route E North 3500'

- Change <b>FY07-09</b> amount to	Unfunded	\$2,103,500
-----------------------------------	----------	-------------

#### Parks and Recreation:

	Unfunded	
<b><u>PR#63. Cosmo Skate Park/Roller Hockey Boards</u></b>	Donat/Grant	(\$70,000)
- Change funding source from Unfunded Donations/Grant	PYA Grant	\$14,727
- Change amount of project	PYA 1/4 99 Stax	\$18,000

# FY 2005 Budget Amendments

## As of September 20, 2004

### CIP Changes Continued:

### Funding Source

#### PR#49: Flat Branch Park Phase II

- Delete grant funding, grant will not be received	Grant	(\$150,000)
- Appropriate Donations already received	Donations	\$61,587
- Reflect remaining donations pledged	Unfund/Donat	\$305,000
- In <b>FY 2006</b> , increase Parks Stax to cover the remaining project amt.	Parks Sales Tax	\$105,013
- Total Project amount will not change		

#### PR#56 Parks Acquisition Neighborhood Parks

Purchase of land in North Central Columbia	Parks Sales Tax	\$150,000
--	-----------------	-----------

### Other General Government:

#### GG#12: Replace Severe Weather Sirens

- move from <b>2006 to 2005</b> and fund with Public Safety Fund Balance	Cap FB	\$54,000
--	--------	----------

### Transit:

#### #3. Purchase and Install Benches, Shelters, Concrete Pads

- 2005 Changes - <b>Fund 1/3 in 2005 and move the rest to 2006</b>	Unfunded	(\$56,806)
	Ent Rev	\$18,935
	FTA	(\$226,905)

- 2006 Changes

**Show the remaining project amount in 2006**

Unfunded	\$37,871
FTA	\$226,905

#### #4. Replace (6) Paratransit Vehicles

-2005 Changes - <b>move out to 2006</b>	Unfunded	(\$24,000)
	FTA	(\$96,000)

- 2006 Changes

Unfunded	\$24,000
FTA	\$96,000

#### #11: (17) GFI Farebox M-Boards and Upgraded Systems

-2005 Changes - change funding from Unfunded to use of Fund Bal.	Unfunded	(\$27,810)
	Ent Rev	\$27,810

#### #16. (5) GFI Farebox Motherboards and Upgraded Systems

-2005 Changes - change funding from Unfunded to use of Fund Bal.	Unfunded	(\$3,914)
	Ent Rev	\$3,914

### Airport:

#### #9. Land Purchase West Side of Rwy 2-20

-2005 Changes - <b>move out to 2006</b>	Unfunded	(\$15,000)
	FAA Gr	(\$285,000)

- 2006 Changes

Unfunded	\$15,000
FAA Gr	\$285,000

#### #16. Rehabilitation of Runway 13-31

-2005 Changes - change funding from Unfunded to use of PYA	Unfunded	(\$3,914)
since the unfunded amount was appropriated during FY 2004	PYA Transp Stax	\$3,914

# FY 2005 Budget Amendments

## As of September 20, 2004

<u>#7. Replace 2 Multi-space Falcon-6th and Cherry</u>			
-Changes needed to 2005 Column	Ent Rev	48,000	

# **BUDGET MESSAGE**

July 29, 2004

Honorable Mayor and City Council  
City of Columbia, Missouri

Pursuant to Columbia's city charter, I am pleased to submit the 2004-2005 City Manager's budget and budget message. The budget is the single most important document for the City Council to adopt in a given year as it provides necessary funding for city services, programs, and Capital Improvement Projects. Our dedicated staff will be working as a team with the financial resources in this budget, the many volunteers of our city, and gifts and donations, to continue our city as a progressive award winning city.

The budget includes a statement of programs and priorities; a description of each department, department objectives, highlights/significant changes; and comparative data and performance measurements. This balanced budget is a financial plan which helps implement issues included in our statement of programs and priorities. This year's budget message format has been reorganized to provide more emphasis on the outcomes supported by this budget.

## **BUDGET PROCESS**

### **Role of the City Manager and City Council**

The City Manager prepares a balanced budget at least 60 days prior to the beginning of the budget year which begins October 1. Each year the City Manager reviews the financial condition of the City and makes forecasts for the upcoming year to determine guidelines for the budget process. During the annual Council Retreat, the budget guidelines are discussed with the City Council as well as programs and priorities for the coming budget year. Each department prepares their budget using these guidelines and submits supplemental requests for consideration during the budget process. All requests are reviewed and decisions are made to allocate resources for balancing the priorities and needs of the city.

The charter provides that the Council shall hold public hearings on the budget as submitted, at which time all interested persons shall be given an opportunity to be heard. The charter also provides the Council adopt the budget by majority vote no later than the last Monday of the month preceding the first month of the budget year (September), or the budget submitted by the City Manager will be effective. The City Council has planned work sessions to review the budget, and conducts several public hearings for public input prior to adoption of the budget. Amendments are presented by the Council and the goal is to adopt the budget at the September 20<sup>th</sup> Council meeting.

### **Opportunities for Citizen Input**

The Council has set aside several opportunities for citizens to provide input on this budget prior to its' adoption. Public hearings will be held at 7:00 p.m. in the Council Chambers in the Daniel Boone Building at 7<sup>th</sup> and Broadway on August 16<sup>th</sup>, September 7<sup>th</sup>, and September 20<sup>th</sup>. Citizens are encouraged to provide input at the first two public hearings so the Council has time to review and consider the input prior to the night of adoption on September 20<sup>th</sup>. Copies of the budget are available on the city's website at [www.gocolumbiamo.com](http://www.gocolumbiamo.com) as well as at the public library.

## **OVERVIEW**

### **Comments About Columbia**

Columbia is a full service city with a population of 84,531 (2000 census, currently estimated at about 90,000), and operates under the Council-Manager form of government. The City Council consists of a Mayor elected at large and six Council members elected from wards all for three year staggered terms.

Columbia is a full-service city; therefore, this budget may be larger than many cities of comparative size and will have more specific accounts for all operations. Some of the larger enterprise funds include electric, water, wastewater, storm water, parking, solid waste, recreation services, transit and the regional airport. City operations include several internal service fund activities that support other departments, such as information services (computers), utility customer services, fleet operations (central garage), and custodial and building maintenance services.

### **Programs and Priorities**

The City Manager's 2004 Annual Report on Programs and Priorities (which is required by the City Charter) identifies eight important strategies to ensure Columbia remains a quality city. These are:

- Assure our City's Comprehensive Planning remains current
- Identify and address major challenges and opportunities
- Maintain and strengthen our central City of Columbia
- Plan for the orderly growth of our City from the inside outward
- Provide sufficient community resources to carry out programs and priorities
- Continue to maintain and improve existing infrastructure; provide for new infrastructure as required
- Continue to deliver services and programs in a timely cost effective manner
- Maintain proactive two-way communication with our residents and community partners.

These eight strategies, along with detailed programs and priorities, were reviewed with Council at their annual retreat for general guidance. Input is also received from various other sources including city advisory commissions, departments, employee groups, organizations, and a citizen survey.

### **BUDGET HIGHLIGHTS**

The FY 2005 budget of \$277,555,419 is a 10.0% increase over amended FY 2004. A significant portion of this increase is due to the increased contract cost for purchased power in the Electric utility. **Without this increase in purchased power, the FY 2005 budget is 7.1% above amended FY 2004.** The City of Columbia has been responsive to the economic challenges of the past few years while addressing growth needs in the City. It appears that the Columbia economy is recovering, therefore we are proposing some items in this budget that had been deferred in previous budgets.

This budget addresses the eight strategies that have made Columbia a quality city by meeting the total transportation needs, continued investment in infrastructure including our utilities, and providing the resources to keep our city vibrant and vital. Our focus is on clean and safe neighborhoods, well-maintained roads and sidewalks/pedways, providing needed social services, and continuing to provide recreation and cultural opportunities through our parks, trails, and other programs. We will continue to enhance economic stability and growth by improving customer services to our citizens and partnering with the private sector to keep Columbia's economy strong. The City attempts to implement all of these strategies in the most efficient manner and continues to look for new initiatives to protect our limited resources.

#### **Clean and Safe Neighborhoods**

- To continue to improve the appearance of our city, better respond to citizen concerns, and address problem areas we have proposed the addition of a safety/cleanup crew.
- To address traffic safety issues in our neighborhoods and around our schools, we will expand the program for installing permanent radar signs in school zones and purchase temporary radar signs to allow for more flexibility in responding to citizen concerns.
- To allow the Police Department to provide better followup response to citizens during peak times, this budget proposes additional staff (2 Sergeants) as identified in the Police Strategic Plan.
- To address citizen complaints about the use of cinders on our streets during winter months, this budget provides funding for the engineering and design of a salt storage facility. The land for this facility was purchased during FY 2004.
- To continue the efforts to stabilize our central city neighborhoods, this budget provides continued funding for the Neighborhood Response Team and home ownership programs.
- To continue to invest in infrastructure improvements in neighborhoods, this budget provides funding for several storm water improvements throughout the city.

#### **Well-maintained Total Transportation System, including Roads and Sidewalks/Pedways**

- Provides over \$325,000 in new funding for sidewalks/pedways throughout the City, with emphasis in the downtown and First Ward areas to continue our efforts in making Columbia a more walkable and accessible community.
- Provides over \$225,000 in new funding for landscaping projects along roadways, with emphasis on the Old 63 corridor to improve the appearance of major intersections.
- Provides over \$7.6 million in new funding for street projects, including major projects on Southampton and Chapel Hill.
- Continue the increased efforts funded in the FY 2004 budget in the areas of street maintenance, street striping, and street sweeping.

- Significant staff time and effort to work with the consultant selected in FY 2004 to update a transportation financing strategy and assist in receiving public input during this process.
- Complete the update of the sidewalk master plan.
- Continued use of Transportation Sales Taxes to support our Transit (\$1,600,000) and Airport (\$770,970) operations.

#### **Continued Investment in Buildings and Infrastructure:**

- Renovation of the Wabash Station, Gentry, and Howard Buildings in an effort to maintain and preserve our historic downtown City public buildings.
- Expansion of Public Buildings – continue the \$700,000 funding for the consolidation and renovation of city downtown offices to address space needs.
- Allocation of over \$17 million in Water, Electric, and Sewer capital projects to provide for needed system expansion and maintenance of the existing systems.

#### **Provide Needed Social Services:**

- Continues to provide over \$800,000 in funding to address the needs of the most at-risk populations in our community through social service contracts with 33 organizations that support 48 different program services. This represents a 3% increase over FY 2004.
- Increases the funding to \$371,500 for the Career Awareness and Related Experience (C.A.R.E.) program that provides career training to 180 disadvantaged youth ages 14 through 18. This budget includes funding for possible relocation of the office to a location near other job services for youth programs to better coordinate resources in our community.
- Continues the \$35,000 funding for scholarships to assist over 400 participants at the Activity and Recreation Center (ARC) and other recreation service programs and actively seeks private donations through the “Share the Light” utility check-off program.
- Administer the \$20,000 federal grant to provide funding and support for the Summer Food Program that provides over 8,000 lunches to low income children.
- Administer the \$75,000 Emergency Shelter Grant which provides emergency shelter services to over 785 individuals in need.

#### **Provide Recreation and Cultural Opportunities:**

- Continue the efforts to enhance the Flat Branch Park by dedicating \$150,000 of Parks Sales Tax funding, to be added to the grants and donations to fund over \$650,000 in improvements in FY 2005.
- Continue our neighborhood park program by providing funding for the development of neighborhood parks at Smith-Manhasset, Fairview, and Mill Creek.
- Increasing recreational opportunities at Cosmo Park by adding a Roller Hockey area to the skate park.
- Funding for \$190,000 in improvements at Cosmo-Bethel Park by adding a shelter and renovating the playground area.
- Continue to dedicate staff resources to the maintenance of 2,200 acres of parks and over 30 miles of trails.
- Open all areas at the newly developed Stephens’ Park including swimming, fishing, and trails.
- Provides support for the annual arts funding process for 16 local art agencies with over \$76,000 in funding.
- Administer the Festival and Event program which provides enhancement to many area festivals and has enabled the development of several first-time events with over \$350,000 in available funding, with an average of \$170,000 in annual festival and event allocations.

#### **Enhance Economic Stability and Growth:**

- To encourage shoppers in the downtown area and make it more convenient to conduct business, this budget funds an expansion of Prepaid Parking Meter Card program to include the entire downtown and campus areas, expanded use of crosswalk countdown timers downtown, and provide funding for downtown beautification efforts.
- Improve our service to the building community by providing more timely response with the addition of a building inspector and an engineering aide.
- Continue our E-government efforts through the expansion of services accessible through the City’s website.
- Continue to review ordinances in an attempt to streamline licensing and permitting processes.
- Continues funding of approximately \$330,000 in the City’s Economic Development which provides integral support to the Regional Economic Development Corporation (R.E.D.I.) to promote positive economic growth in Columbia.
- Continued support of the Columbia Area Chamber of Commerce through staff memberships and senior recruitment programs.
- Continued staff and financial support for Show-Me State Games, Special Olympics, and other activities that attract visitors to our community.

**Conserve/Preserve our Natural Resources:**

- Increased emphasis on conservation programs in the Water and Electric utility by restructuring the rates to encourage reduced usage during peak times, creation of an Energy Star Building program, Building Operator program, Commercial Lighting program, and Ultrasonic Leak Detector Program
- Funding provided to conduct a study of the recovery and possible uses of landfill methane gas as a source of energy for landfill operations and possible joint projects with business near the landfill.
- Continue the use of hybrid vehicles by adding one hybrid car in Protective Inspection to be used by Building Inspectors.
- Continue our efforts to develop and implement community acceptable storm water regulations and improvements by adding staff in the Storm Water utility.
- Continue the use of B-20 Biodiesel, which began in 2004.

**FINANCIAL IMPACT OF BUDGET ON RESIDENTS/CUSTOMERS****Taxes:**

- Sales Tax Rates (No increase)
- Property Tax Rates (No increase)
- Gross Receipt Tax Rates (No increase)

**Utility Rate Changes:**

- Solid Waste Rates (No Increase)
- Storm Water Rates (No Increase)
- 4.0% increase in Sewer rates (approximately \$0.61/month) as presented during the 2003 ballot issue for funding of capital projects.
- 7.5% overall increase in Water revenue (approximately \$0.81/month for an average user of 5ccf). This includes a rate restructuring to more accurately allocate operating costs of providing service as well fund capital projects approved during the 2003 ballot issue.
- 9.0% overall increase in Electric revenue (approximately \$4.48/month to the average user of 750 kWh). This includes a rate restructuring to more accurately allocate operating costs of providing service as well as cover the significant increase in purchased power costs.
- **Total impact on averaged residential customer will be approx. \$5.90/month**

Because of the rate restructuring in water and electric, there will be a wide variance on the effect on households. Smaller users could experience a monthly change of less than \$3, while larger users, especially during the peak summer months, could experience as much as \$15/month increases. However, our rates remain competitive when compared to other cities. Refer to **Exhibit B** for a comparison of our utility rates to other cities and providers.

**Fees and User Charges:**

- No increase in License or Permit fees, Health fees, Planning and Zoning fees, Parking fees, or most Parks & Recreation fees.
- Small increases in Adult sports fees (softball, volleyball, and basketball)
- Increases in Golf Fees to cover costs of operations and still maintain competitive rates.
- Creation of a land disturbance permit fee of \$200 to partially fund a position for land disturbance permitting and enforcement.
- Water Connection Fees will increase from \$500 to \$560 to cover the cost of the service.
- Require installation of auto read meters in all new construction which will increase the cost from \$31 to \$188 for 5/8" services and from \$85 to \$242 for 1 inch services.

## REVENUE HIGHLIGHTS

Total Revenues of \$247,238,033 are 7.5% above Estimated FY 2004 revenues with the largest increases in grants for capital projects and appropriated fund balance. Major revenue sources for the total budget are generated from Enterprise Operations fees (electric, water, solid waste, wastewater, etc.), which are approximately 46.02% followed by Sales Tax 14.05% and smaller percentages from other sources (see graph).

- **Sales Tax Revenue** growth is projected at 4.5% which is higher than the growth rate in recent years. The monthly growth rate of Sales Taxes for FY 2004 has varied from 0% to 7%. Recent receipts have indicated sustained growth; however continued economic uncertainty requires caution in estimating for future revenue growth.

## Overall Revenue Summary FY 2005

- **PILOT** from the Water & Light Department to the General Fund is projected to increase 8.3%. This projection is based upon the increase in water and electric rates and usage, including an increase in the number of customers.
- **Property taxes** are expected to grow at 4.0%. The proposed property tax rate is shown at \$0.41 per \$100 assessed value. The revenue increase is based on a 5% increase in assessed valuation which includes new construction. The \$0.41 General Fund levy is approximately 4 cents below the maximum the Council is authorized to levy for city operations. Each one cent levied generates approximately \$100,000 for the City. The City currently has no debt levy.
- **Gross Receipts Taxes** are projected to remain stable with overall growth at 1.5%.
- **Transfers (and Subsidies)** between funds are proposed to increase 24.4%. Much of the revenues collected on an annual basis in the special revenue funds are accumulated for use to fund projects in the Capital Improvement Plan (CIP). The FY 2005 CIP requires significant transfers of fund balance in the Transportation Sales Tax and Special Road District Tax Funds to the Capital Improvement Fund. These amounts vary widely each year depending upon the funding sources used for projects.
- **Interest earnings** continue to decline with rates remaining low and the elimination of certain balances that have been set aside for debt service reserves and capital projects.
- **Capital Contributions** (grants and donations for capital purposes) are higher due to capital grants in the airport and transit operations.
- **Utility Fee** increases are proposed for the Sanitary Sewer Utility (4.0%), Water Utility (7.5%), and Electric Utility (9.0%). This nine percent increase in electric revenues is calculated on the base rates that do not include the 9.5% summer fuel adjustment charge (which ends in October, 2004). Market volatility may necessitate the utilization of a fuel adjustment at some future date.

Staff is continuing to monitor closely economic indicators such as sales tax receipt, employment data and housing sales.

## EXPENDITURE HIGHLIGHTS

The overall expenditures shown for all funds total **\$277,555,419**; as compared to the amended FY 2004 amount of **\$252,361,295** an increase of **10.0%**. An increase in the cost of purchased power is a significant portion of this increase. The overall expenditures without the purchased power increase is 7.1%. A major portion of this budget includes the continued operations of the City's enterprise funds which provide essential services such as basic utilities and public transportation. A smaller, but still significant, portion of this budget provides for the general government operations of public safety, health, maintenance of streets and sidewalks, recreation, and other basic services.

- The overall operating budget is \$181,730,129, up 10.0% from amended FY 2004.
- Operating budget increase for Enterprise Funds is 11.8%. Power supply costs are projected to increase 17.8%, due to changes in our supply contracts.
- Operating budget increase for Internal Service Funds is 12.2%. The increased cost for medical claims is the primary reason for this increase.
- Non-operating expenditures have increased 12.5% overall. This category includes all transfers and subsidies. The City continues to provide subsidies for transit operations (\$1,600,000) and airport operations (\$770,970) from Transportation Sales Tax proceeds. Recreation Services receives a subsidy from the General Fund (\$1,620,000) as well as from Parks Sales Tax proceeds (\$557,230).

General Funds are also used to support our Cultural Affairs (\$300,000), and Volunteer Services (\$163,000). The General Fund is again transferring \$700,000 to the Capital Projects Fund to fund the Public Building and Expansion project.

- Capital Improvement Plan projects of \$35,682,498 are up 11.6% from the amended FY 2004 budget. This increase is due primarily to increases in Electric, Public Transportation, Airport, Sewer, and Storm Water projects.
- Total Personnel costs are increasing 6.9% which includes the addition of permanent and temporary positions as well cost of the pay package.
- Intragovernmental Charges (charges for services provided to other city departments) have increased 1.1%. These fees are adjusted each year to take into account the four year average net income so fund balances do not become too large.
- Capital outlays (for vehicles, equipment, etc.) are shown at \$5,628,632 which is a decrease of 2.3%. In FY 2004, an increase in carryforward money allowed us to increase the amount of money allocated to capital outlays.

Staff has spent many hours reviewing and analyzing their needs in order to prioritize and limit their requests. Expenditures for capital items (vehicles, equipment, etc.) are prioritized and scheduled on a quarterly basis to ensure the City can be responsive to unexpected declines in revenues without affecting personnel or other program cuts. It was still not possible to fund approximately **\$3.5 million** in department requests.

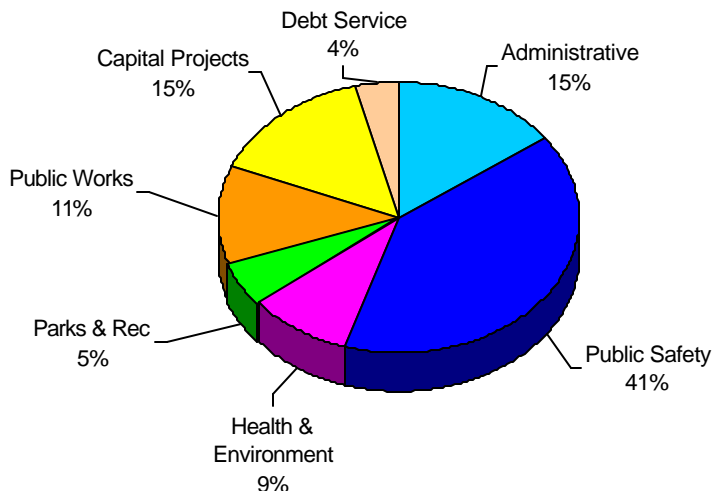

**This budget continues to maintain or increase existing services provided to our citizens.**

## General Government Expenditures

General government departments are those which provide traditional city government services to the citizens which are primarily supported by tax revenues. When comparing the FY 2005 expenditures by function (public safety, health, etc.), this budget maintains the balance between various city functions. As shown in the graph to the right, a major emphasis continues to be placed on public safety. The percentages allocated by function have remained fairly constant over the past five years.

The City Columbia was able to weather the recent economic downturn by limiting increases in past budgets. It appears that the Columbia economy is recovering. Sales tax receipts are stronger than originally forecasted and appear to be maintaining a higher growth. This budget includes some operating and personnel requests that had been delayed in previous budgets. We were also able to continue programs added last year in the areas of streets and traffic safety.

### General Government Expenditures By Function

### General Government Expenditures - By Expenditure Type

- The increase in the operating budget for General Governmental Funds is 6.1%.
- Subsidies, transfers, and other non-operating expenses have increased 14.0% from the FY 2004 amounts.
- General Government capital outlays (replacement of vehicles and equipment) are down 20.8% due to unusually large amount budgeted in FY 2004.
- General Government Capital Improvement Plan projects have decreased \$1,240,419, or 27.5%, due to the reduced allocations from the 1999 Quarter Cent Capital Sales Tax ballot and reduced amount of state funds available for major street projects.

- As required by Council policy resolution, the General Fund balance is projected at 16%.
- Contingency Funds of \$100,000 are available in the General Fund.
- A Council Reserve of \$75,000 is included. These funds are available for Council to utilize to address budget requests from public and/or Council input without reducing the fund balance below the 16% guideline.
- A General Government Reserve of \$150,000 has been set aside for funding of special projects the Council may want to address as opportunities present themselves during the year.
- This budget continues to set aside over \$570,000 in funds for payment to the Boone County Fire Protection District, matching funds for grants that may be available during the year, and other grant activities.
- Funds for social assistance programs and art activities show a 3% increase over FY 2004.

## PERSONNEL HIGHLIGHTS

Our full service city has proposed 1,168.30 permanent positions with total personnel services being a major budget item, particularly in the General Fund where it is 66.02% of the budget. Overall personnel costs increased 6.9%. Much of this increase (2.05%) is due to increased pension and health insurance costs. The city's health insurance costs increased 15%. New employees make up approximately 1.65% of the overall increase. **Even though new programs have been added, these new positions will increase our number of employees per thousand population to 12.84 which is comparable to the number of employees per thousand in the early 1990s.**

**New Positions Proposed:** A total of 25 new permanent positions are proposed as shown below.

**Public Safety: (7 new positions)**

- 1 Police Officer (CAT Team)
- 2 Police Sergeants (Central City Beat)
- 2 Firefighters
- 1 Programmer Analyst in Emergency Communication and Management
- 1 Administrative Support Assistant III (Deputy Court Clerk) in Municipal Court

**Administrative:** 1 Administrative Support Assistant II in City Prosecutor's Office

**Health and Environment:** 1 Administrative Support Assistant II in Health Department

**Public Works: (10 new positions)**

- 1 Public Works Supervisor II – to supervise the Safety/Cleanup Crew
- 1 Engineering Aide III to be split between Public Works Engineering and Storm Water
- 1 Building Inspector in Protective Inspection
- 1 Administrative Support Assistant III to support Protective Inspection and Building Maintenance areas
- 4 (0.75 FTE) Bus Drivers in Transit to convert temporary positions to part-time permanent positions
- 1 Engineering Aide IV in Storm Water to assist with EPA Phase II Work
- 1 Custodian to assist with cleaning at the new health facility
- 1 Vehicle Mechanic in Fleet Operations

**Water and Electric: (6 new positions)**

- 1 Chief Operator at the Water Treatment Plant
- 2 Chief Operators in Water Distribution
- 3 Apprentice Lineworkers in the Electric Department

Funds for temporary positions were added to the Prosecutor's Office, Purchasing, Community Services, Horticulture, Forestry, Park Safety, Parks Maintenance, and the Safety/Cleanup crew.

**Personnel Pay/Benefit Package**

- 3.5% COLA
- 2% merit, or \$0.27/hour whichever is higher
- 15% increase in the Health insurance rates paid by the City and employees

The goals of this pay package are:

- Affordable for both our General Fund and Enterprise Accounts
- Provide competitive salary/benefits for the employees we train
- Be responsive to our Labor Representatives, Employee Benefit Committee, and employee requests to be as fair as possible
- Community acceptable pay/benefit package
- 6.5% – 7.0% total increase in personnel costs
- Meet the financial requirements of our health insurance
- No reduction in take-home pay for any employee
- Add employees for new programs, requirements, and growth

A significant increase in claims experience for medical and prescription plan costs has required a 15% increase for FY 2005. In addition, this budget also includes a one-time transfer from each fund to the Employee Benefit Fund to partially offset the health insurance increases that are required. Funds have been budgeted for an overall benefit review during FY 2005 to determine changes that may be implemented in FY 2006 to contain these rising costs. The City pays the full cost of health and dental insurance for employees. Employees who purchase family coverage will have a 15% increase in their costs, which was a factor in determining the 3.5% COLA for FY 2005.

## DEPARTMENTAL BUDGET SUMMARY (WITHOUT CAPITAL PROJECTS)

Each year one of the goals in preparing a proposed budget is to maintain balance between the various functions/services the city provides. Over the past five years the percentage changes in the various department budgets may vary. This proposed budget, while emphasizing areas identified in our citizen survey, still maintains the overall balance. The following chart shows that over a five year period the average growth rates reflect the City's priorities. The departments noted with asterisks are those which had significant one-time grant/donations for FY 2004 or lower internal charges for FY 2005. Refer to Exhibit A for a detailed explanation of significant changes in the departments.

	Budget FY 2004	Projected FY 2005	Increase/ (Decrease)	Percent Change	5 Year Avg. Inc.
<b>PUBLIC SAFETY DEPARTMENTS:</b>					
Police	\$14,331,104	\$15,290,683	\$959,579	6.7%	6.5%
Fire	\$10,350,664	\$10,765,710	\$415,046	4.0%	5.7%
Municipal Court	\$597,656	\$610,628	\$12,972	2.2%	6.2%

## CAPITAL IMPROVEMENT PLAN (CIP) HIGHLIGHTS

The Capital Improvement section of this budget shows summaries of those projects funded this fiscal year, proposed funding for projects FY 2005, as well as those projects projected for future funding and construction (5-year plan). Our continued emphasis is on maintaining the facilities and infrastructure we have, upgrades in our older neighborhoods, and construction of new infrastructure needed for a growing community.

**Capital Improvement Projects (CIP) for all funds increased from \$31,976,114 in FY 2004 to \$35,682,498 which is an increase of 11.6%.** Enterprise Capital Project funding has increased \$7,946,803 or 47.9%. Significant new funding is included in Sewer projects that were approved in the recent ballot issue, Public Transportation grant for renovation of the Wabash Station and Airport grant for major renovation and repair to a runway.

This past year, Council held a series of work sessions to discuss a program for funding priority transportation, park, and public building needs as well as discussing the timing and projects to be included in a ballot to extend the quarter cent capital improvement sales tax that expires in December 2005. Council established priority projects for transportation and has selected a consultant to help develop a transportation financing strategy. Many of the transportation projects in FY 2005 are funded with balances accumulated in the Transportation Sales Tax, Special Road District Tax and Capital Funds in order to continue progress towards the transportation needs. Funding for the out years of the transportation CIP will be identified through the work of staff and consultant after receiving public input.

Because of the crowded office conditions, increased amount of rental space, and the need for major renovation, the public building and expansion/renovation project is considered to be a high priority project. Space studies have been completed. Preliminary plans have been developed by an architect and recommended by a citizen committee. The cost would be prorated from various funds based upon the space needs for their operation. This budget continues the transfer of \$700,000 in general funds for public building expansion and renovation projects. During FY 2004, Council authorized staff to engage an architect to complete detailed plans for the renovation of the Gentry and Howard Buildings. Previously appropriated funds will be utilized in FY 2005 to complete the renovation of these building in time to celebrate the 100<sup>th</sup> anniversary of the Gentry Building and utilize the space recently vacated by the Health Department's move to the Sanford-Kimpton Building.

**The General Government CIP Plan appropriates \$11,154,889 in new funds for improvements.** This is a decrease from the \$15,395,308 in FY 2004. This decrease is primarily in the areas of Streets and Sidewalks which included \$4.6 million for the expansion of East Broadway from Old 63 to US 63 in the FY 2004 plan. This plan also includes funding for Phase II of Flat Branch Park, site acquisition for fire stations, and continued funding for downtown special projects. During the Council Retreat projects were reviewed prior to inclusion in the Capital Improvement Plan.

Major General Government Capital Projects Funded in FY 2005	
<u>Streets and Sidewalks</u>	
Southampton: Nifong to State Farm Chapel Hill Road: Scott Blvd to Gillespie Bridge Road Route K: Scott Blvd Intersection Landscaping of (2) Traffic Islands on Old 63 at Stadium and Broadway	Engineering Funds for: * Brown School Road: 763 to NW Loop * Scott Blvd: Rollins to Brookview * Vandiver Drive: Intersection ramps to Mexico Gravel Rd. Corridor Study to Extend 740 Eastward Significant increase in funding available for annual programs
<u>Parks and Recreation</u>	
Flat Branch Park Improvements Phase II Smith-Manhasset Neighborhood Park Development Fairview Park Improvements	New Shelter and Playground Renovation Cosmo-Bethel Park Cosmo Antimi Ballfield Improvements Cosmo Skate Park - Roller Hockey Boards
<u>Fire</u>	
Renovate Fire Station #2	Fire Station Site Acquisition
<u>Other General Government Projects</u>	
City Hall Office Space - Expansion and Renovations Acquire Rest of City Hall Block	Downtown Special Projects

Major Enterprise Fund Capital Projects Funded in FY 2005	
<b>Electric</b>	
Distribution System Maintenance and Expansion Underground Power Line Maintenance and Conversion	Load Management Systems
<b>Water</b>	
Provide a 2nd 36" Transmission Line from McBaine to City Limits NE Pressure Zone Improvements	Complete New SCADA Monitoring and Control System
<b>Railroad</b>	
COLT Railroad Corridor Project (near Rogers Street)	Rail Terminal Improvements
<b>Sewer</b>	
80-acre Point Trunks New Sewer Districts #131, 148, 149, 154, 150, 158, and 159	S. UMC Campus Relief Sewer Phase I & II S. Grindstone Outfall-El Chaparral Lagoon Interceptor
<b>Storm Water</b>	
Rutledge - Weymeyer Quail Drive West Blvd and Mary Jane	Brown School Road Culverts Greenwood-Stewart Brandon Road
<b>Solid Waste</b>	
Energy Recovery System from Landfill Methane Gas	Expand Landfill Operations to Landfill Cell #4
<b>Transit / Airport</b>	
Wabash Station Renovation	Rehabilitation of Runway 13-31

## DEBT SERVICE HIGHLIGHTS

The City has a history of using prudent financing methods to fund its capital needs. Included in this budget is the City's debt service schedule for its outstanding bonds. The City continues to maintain an excellent bond rating of AA for its General Obligation and A1 for its Revenue bonds. Due to changes in the Electric market, the bond rating for the Water and Electric utility was changed to AA-, which did not seem to have a significant impact on the interest rates of the revenue bonds issued in March of 2004.

The City retired the remaining General Obligation Debt in FY 2003. With voter approval, the City has the constitutional authority to issue in excess of \$233 million in general obligation bonds. The Debt Service Summary page in the budget document provides a detailed list of all outstanding debt, which includes \$101,050,000 in Revenue Bonds; \$15,285,000 in Special Obligation Bonds; and \$15,655,000 in Certificates of Participation (COPs).

The City is in the process of receiving public input on the financing of its transportation and public building expansion project. The current financing plan for public building expansion renovation projects calls for the second phase of COPs to be issued in the future. These COPs can be issued with Council approval. This is a similar financing approach that has been used by other governmental agencies (such as City of Fulton and Boone County) to finance public buildings.

Staff will evaluate the need for Special Obligation or Revenue bonds to fund future quarter cent capital sales tax projects which will be presented to voters during calendar year 2005. The City will continue to participate in the state revolving loan fund to finance sanitary sewer projects approved by the voters in 2003.

## ADDITIONAL COUNCIL CONSIDERATIONS

Each year between the time when the City Manager submits the proposed budget to council and the council adopts the budget, the administration identifies items that require amendments or changes to this document. This can include such things as, additional grants, revenue estimate changes, or other items. Council is provided with a listing of additional considerations proposed by the administration prior to the final budget work session.

### General Fund Council Reserve

The General Fund budget is prepared to provide the Council an additional expenditure of \$75,000 without reducing the fund balance below our guideline of 16% or reducing expenditures as shown in the budget.

Listed below are items not included in the budget that the Council may want to consider during the budgeting process.

- University Incubator
- Adult Low-Income Recreation Scholarships \$5,000

## FUTURE ISSUES

- **Continuation of Capital Improvement Sales Tax** – to support general government capital projects. The current quarter cent tax ends in December, 2005.
- **Continuation of the 1/8% Parks Sales Tax** – for implementation of the parks/recreation master plan. Of the current ¼% tax in effect, 1/8% expires in April, 2006.
- **Additional City Office Space Requirements and Building Renovations in the downtown area** – the process would include public hearings to prior to preparation of final plans/specifications.
- **Future Fire Stations** – consider future fire stations and method for financing construction and operational costs.
- **Additional Parking Space** – consideration of adding parking space north of Broadway, possibly adding one level to the existing Parking Plaza.
- **Electric:** The electric power supply contract with Ameren, that began on June 1, 2004, will end on December 31, 2007. At that time, the contract will represent 57 MW's of power supply. To insure adequate supplies in 2008, the electric utility must begin assessing long-term power supply options during FY05.
- **Homeland Security** – Continue to take advantage of opportunities provided by increased emphasis on Homeland Security. The City is currently working with FEMA to participate in a community wide training exercise at the National Emergency Training Center, Emergency Management Institute in Emmitsburg, Maryland.
- **Health Insurance Cost Containment** – In order for premium revenue to cover the rising health care costs, efforts must be made for cost containment that include a voluntary wellness program and other plan changes.
- **Increase Support for Private Sector Procurement of Grants and Donations** – Continue to be at the table and participate in community wide discussions to help coordinate efforts to bring resources to our community for a variety of programs that include assistance to at risk youth and other segments of the community that are disadvantaged.
- **Expand Use of Technology To Provide Better Customer Service** – Continue to expand citizen access to government service through use of the City's web site. Continue to develop and coordinate GIS applications.
- **Enhance Economic Stability and Growth Through Future Partnerships:** Our city will need to continue to partnership on projects and programs with other governmental agencies and private sources. Examples include the Missouri Incubator Project as well as museum/education facilities such as the Health/Adventure Center, Archaeology museum, Flat Branch Park and others. Partnership projects with MoDOT, Boone County, and private developers will be important for timely construction of roadway projects.

## CONCLUSION

This budget provides the necessary resources to implement the programs and priorities discussed at the City Council Annual Retreat and which were used as general guidelines in preparing the budget. It meets our 16% General Fund Balance guideline, provides an adequate contingency fund, and provides funds for additional council budget considerations without adjusting proposed revenues or expenditures. Also, funds are included, and undesignated, to address special priority projects the Council may want to consider during the budget year.

Our city continues to be fiscally sound and, based upon our most recent revenue projections, this budget reflects enhancements to the level of services provided to our customers. Our resources not only include taxes and user fees, but also grants, donations, and volunteer services. Our property tax is relatively low, our utility rates (water, electric, solid waste, sewer) remain competitive. Columbia continues to be an award winning city and a great place to live. I am pleased that this budget, as presented, continues to reflect our expectations for a highly ranked quality city.

During the City Council review process, City staff and I will be happy to provide additional supporting information to assist the Council in finalizing the budget.

I want to personally acknowledge policy guidance provided by the Council, input provided by Boards and Commissions and residents and the work of all City staff, particularly the Finance Department, who assisted with the preparation of this budget.

Respectfully submitted,

Raymond A. Beck, P.E.  
City Manager

Detailed below are individual departments and explanations of significant changes in the FY 2005 budget

PUBLIC SAFETY DEPARTMENTS:					
	Budget FY 2004	Projected FY 2005	Increase/ (Decrease)	Percent Change	5 Year Avg. Inc.
Police	\$14,331,104	\$15,290,683	\$959,579	6.7%	6.5%
Fire	\$10,350,664	\$10,765,710	\$415,046	4.0%	5.7%
Municipal Court	\$597,656	\$610,628	\$12,972	2.2%	6.2%
Emer. Mgmt & Communications	\$2,230,634	\$2,505,274	\$274,640	12.3%	2.2%
<b>Total Public Safety</b>	<b>\$27,510,058</b>	<b>\$29,172,295</b>	<b>\$1,662,237</b>	<b>6.0%</b>	<b>5.8%</b>

#### Police Department

- Overall budget increased 6.7% for FY 2005.
- Personnel added include a Police Officer for the CAT Team and two Sergeants to cover the Central City and Downtown Beats.
- Funds have been included to begin equipping officers with tasers. This new technology allows officers to take custody of resisting individuals with less force and therefore less injury than traditional methods.
- Funds to replace the outdated technology to ensure continued performance of mobile data terminals
- Funds to replace the obsolete Dictaphone system to continue to allow for the efficient filing of police reports without tying up valuable officer time.

#### Fire Department

- Overall budget is increased by 4.0 %
- Two Firefighters were added to assist in controlling overtime and begin staffing for future additional fire stations.
- Continue replacement schedule of significant equipment required to effectively provide service to our customers.

#### Municipal Court

- Overall budget increased 2.2%
- Personnel added include an Administrative Support Assistant III (Deputy Court Clerk) to handle the increasing caseload.

#### JCIC and Emergency Management

- Overall budget is increased by 12.3%
- A significant amount of supplemental requests have been approved for 2005 which are to be funded by a Homeland Security Grant. These funds will enable the City to begin Phase I of a restructure of our current communication system which will provide the ability to handle future enhancements and expansions purchased by user agencies and will ultimately result in better radio coverage and cost savings.
- Personnel added include a Programmer Analyst to coordinate our GIS mapping, territorial agreement and annexations, and perform radio site maintenance.

HEALTH AND ENVIRONMENT:					
	Budget FY 2004	Projected FY 2005	Increase/ (Decrease)	Percent Change	5 Year Avg. Inc.
Health	\$4,712,412	\$4,711,387	(\$1,025)	(0.0%)	7.9%
Planning	\$669,638	\$668,231	(\$1,407)	(0.2%)	4.5%
Economic Development	\$315,799	\$329,992	\$14,193	4.5%	1.4%
Community Services	\$1,264,237	\$1,206,980	(\$57,257)	(4.5%)	2.2%
<b>Total Health and Environment</b>	<b>\$6,962,086</b>	<b>\$6,916,590</b>	<b>(\$45,496)</b>	<b>(0.7%)</b>	<b>6.0%</b>

## Health Department

- There is no overall increase shown in the budget for 2005. This is primarily due to the loss of \$256,000 in grant funds received from the Missouri Department of Health. This was a one year smallpox grant administered by the Health Department to vaccinate first responders in the central Missouri area. The FY 2005 increase would have been 5.72%, if the smallpox money was not included in the 2004 budget amount.
- The Health Department moved in and began operations in their new facility, the Sanford-Kimpton Building, on June 1, 2004. This budget includes an entire year of operating costs at the new facility.
- An Administrative Support Assistant II position has been added to assist with the ever increasing number of incoming phone calls and outgoing correspondences associated with the nuisance ordinance, West Nile prevention, and food safety services.
- Supplemental requests include the purchase of Health alert network software which will utilize Homeland Security grant funds. This software will allow the City communicate more efficiently and timely with outside individuals and groups in emergency or critical situations. This will replace our current system of faxing information out on one fax machine which ties up the fax machine for hours at a time and results in a much slower notification. This new software would allow us to use our e-mail system to send out the faxes much quicker. The alert system is used frequently to pass on information from the Centers for Disease Control as well as notification of physicians of outbreaks such as Hepatitis A, Pertussis, etc. as well as West Nile information to veterinarians. The software will also allow us to set up groups to ensure we are getting timely information to the right group.

## Planning (General Fund portion)

- No significant changes.

## Economic Development

- No significant changes.

## Community Services

- FY 2005 shows an overall decrease. This is due the receipt of over \$98,000 for a Youth at Risk one-time grant during FY 2004. Without the grant amount included, the FY 2005 budget would have shown an increase of 3.22%.
- Includes a 3% increase in Social Service contractual agreements to address the needs of the most at-risk populations in our community through social service contracts with 33 organizations that support 48 different program services. This represents a 3% increase over FY 2004
- Includes the addition of temporary help dollars for a Continuum of Care Coordinator which will assist with the development and submission of the annual community homeless assistance plan and grant application to the Department of Housing and Urban Development.

PARKS & RECREATION DEPARTMENT:					
	Budget FY 2004	Projected FY 2005	Increase/ (Decrease)	Percent Change	5 Year Avg. Inc.
Parks & Recreation - General Fund	\$3,696,822	\$3,927,479	\$230,657	6.2%	5.7%
Recreation Services Fund	\$6,604,763	\$6,775,768	\$171,005	2.6%	11.0%
<b>Total P&amp;R Excluding CIP Projects</b>	<b>\$10,301,585</b>	<b>\$10,703,247</b>	<b>\$401,662</b>	<b>3.9%</b>	<b>8.6%</b>

## Parks and Recreation General Fund

- Overall budget shows a 6.2% increase over the amended FY 2004 budget.
- Temporary help was added in a number of areas including forestry, park maintenance, park safety and horticulture.
- Continued replacement of major equipment according to our replacement schedule.

## Recreation Services Fund

- Total budget excluding CIP Projects increased 2.6% over the amended FY 2004 budget.
- Increased the subsidy from the General Fund by \$100,000 to \$1,620,000.
- \$557,230 subsidy from Parks Sales Tax to support operations
- Fee increases are proposed in the areas of adult sports and golf.
- Replacement of Tee Time reservation system equipment at both golf courses.

<b>PUBLIC WORKS DEPARTMENT:</b>					
	<b>Budget FY 2004</b>	<b>Projected FY 2005</b>	<b>Increase/ (Decrease)</b>	<b>Percent Change</b>	<b>5 Year Avg. Inc.</b>
Public Works - General Fund Oper.	\$8,155,082	\$8,372,619	\$217,537	2.7%	6.2%
Public Transportation Fund	\$3,615,219	\$3,844,204	\$228,985	6.3%	6.3%
Airport Fund	\$1,861,683	\$1,990,296	\$128,613	6.9%	4.5%
Sanitary Sewer Utility Fund	\$9,836,608	\$10,287,737	\$451,129	4.6%	5.0%

Fleet Operations Fund	\$3,827,258	\$4,253,373	\$426,115	11.1%	5.7%
<b>Total Public Works Dept.</b>					
<b>Excluding CIP Projects</b>	<b>\$43,331,985</b>	<b>\$46,047,095</b>	<b>\$2,715,110</b>	<b>6.3%</b>	<b>4.8%</b>

#### **Public Works General Fund**

- Increase in the total budget is 2.7% .
- Personnel has been added in Engineering, Streets, and Protective Inspection.
- In Engineering, additional staff has been added for land disturbance permitting and enforcement. Funding for this position will be from a newly created \$200 permit fee.
- Creation of a safety/cleanup crew to be responsive to citizens alerting the city of safety and other concerns along city streets as well as proactively locating areas requiring trash and brush cleanup.
- Additional pedestrian countdown timers to be located in the downtown areas.
- Expand the program of placement of permanent radar signs in school zones.
- Purchase temporary radar signs to allow for more flexibility in responding to citizen concerns
- A Building Inspector is being added in Protective Inspection to increase the number of daily field inspections.

#### **Public Transportation (Transit)**

- Expenses excluding CIP projects have increased 6.3% .
- Subsidy from Transportation Sales Tax Funds of \$1,600,000 is to remain the same amount as FY 2004.
- Four temporary bus driver positions have been converted to four 0.75 FTE (permanent part-time) bus driver positions in an effort to stabilize the workforce.

#### **Airport**

- Expenses excluding CIP projects have increased 6.9% .
- The subsidy from Transportation Sales Taxes will be increased by \$170,000 to \$770,970.
- Supplemental requests include the repainting of runway markings and replacement of a vehicle.

#### **Sanitary Sewer**

- Expenses excluding CIP projects have increased 4.6% .
- A 4.0% rate increase is proposed for this fund which is approximately \$0.61 per month for an average residential customer. This is the second of five increases which were presented at the time of the 2003 ballot issue for the upgrade and expansion of the sewer system.
- This budget includes \$355,000 for replacement of vehicles and equipment which is according to our major maintenance and replacement schedule for this fund.
- Our rates and connection fees remain competitive when compared to other similar cities as shown in Exhibit B.

#### **Parking Utility**

- Expenses excluding CIP projects have increases 2.2% .
- Funding for the expansion of the area to be covered with Park-Card meters (1,000 meters) to include all of the downtown area and campus areas. These meters allow the purchase and use of “pre-paid” parking cards instead of inserting coins at the parking meters. This project began in 2004 and has been successful.
- Funds are budgeted for the repair of parking garage facades downtown.
- Consideration will need to be given for adding parking north of Broadway, possibly by adding one level onto the existing Parking Plaza.

**Solid Waste Operations (Refuse)**

- Expenses excluding CIP projects have increased 8.2%.
- No rate increase proposed.
- We will be conducting an economic evaluation of the beneficial use of methane gas produced at the landfill. Possible uses for this gas may include use at the landfill or Materials Recovery Facility, or as a joint project with one of the business located close by for use in their boilers.
- Our rates remain competitive when compared to other similar cities as shown in Exhibit B.
- Continue to monitor our recycling contracts and evaluate the City's ability to perform these functions in house in a more cost effective manner.

**Storm Water**

- Expenses excluding CIP projects have increased 27.4%.
- No rate increase proposed.
- Funding for an additional Engineering Aide IV and temporary help for work on the EPA Phase II requirements. This will replace the money for contractual services that had been previously set aside for this purpose.
- The City will continue toward finalizing new storm water regulations to meet EPA requirements and be community acceptable.
- Includes funding for over \$421,000 in storm water capital improvement projects.

**Custodial & Building Maintenance Funds**

- Decrease excluding CIP Projects was 7.4%.
- Rates charged to user departments were reduced using the average net income for this fund over the past four years.
- Funding for an additional Custodian to work at the new Sanford-Kimpton Health Facility.

**Fleet Operations Fund (Vehicle Maintenance)**

- Increase excluding CIP projects is 11.1%. A major portion of this increase is due to the projected increased cost of fuel.
- Labor rates charged to departments remain the same as FY 2004 and are still below rates charged at commercial garages.
- Funding for an additional Vehicle Mechanic position. This will help with the increased workload resulting from a 19% increase in the city fleet since 1999 and will reduce the amount of work that needs to be sent outside, which is charged a higher rate.
- Continue the use of B-20 Biodiesel, which began in 2004. However, budget constraints and increasing fuel costs may limit the amount of Biodiesel that may be purchased.

<b>ADMINISTRATIVE DEPARTMENTS:</b>					
	<b>Budget FY 2004</b>	<b>Projected FY 2005</b>	<b>Increase/ (Decrease)</b>	<b>Percent Change</b>	<b>5 Year Avg. Inc.</b>
City Council	\$203,266	\$208,084	\$4,818	2.4%	3.9%
City Clerk	\$199,770	\$200,338	\$568	0.3%	5.9%
City Manager	\$749,384	\$782,417	\$33,033	4.4%	2.6%
Finance	\$2,731,178	\$2,865,016	\$133,838	4.9%	2.6%
Human Resources	\$678,645	\$711,359	\$32,714	4.8%	3.6%
Law	\$764,414	\$825,375	\$60,961	8.0%	4.2%
<b>Total Administrative</b>	<b>\$5,326,657</b>	<b>\$5,592,589</b>	<b>\$265,932</b>	<b>5.0%</b>	<b>3.1%</b>
General City (Nondepartmental)	\$4,462,472	\$5,385,135	\$922,663	20.7%	13.3%

**City Council:**

- No significant changes.

**City Clerk:**

- No significant changes.

**City Manager:**

- No significant changes.

**Finance:**

- Funding for the purchase of ACH conversion equipment which will allow us to convert checks to ACH transactions in an effort to improve the processing of customer payments.
- Temporary help funds were added in the Purchasing division.

**Human Resources:**

- No significant changes.

**Law Department:**

- Funding for an Additional Administrative Support Assistant and temporary help funds to increase prosecutor hours were added in the Prosecutor Division. This is in an effort to more efficiently handle the ever-growing caseload.

**General City (Nondepartmental)**

- Increase of 20.7%, or \$922,663
- Continue to set aside funds for payment to the Boone County Fire Protection District, grant matching, and other grant activities.
- Subsidies have increased to the following funds: Recreation Services, Cultural Affairs, and Contributions.
- A one-time transfer of over \$520,000 is being made to the Employee Benefit Fund to improve the financial position of that fund.
- An increase of over \$111,000 is reflected in Street Lighting as a result of the proposed electric rate increase.
- A General Government Reserve of \$150,000 has been set aside for funding of special projects the Council may want to address as opportunities present themselves during the year.
- An amount of \$25,000 has been set aside to cover shared expenses in the common areas at the Sanford-Kimpton Health Facility which are the responsibility of the condo association.

<b>WATER AND ELECTRIC DEPARTMENT:</b>					
<b>Water &amp; Electric Department</b>	<b>Budget FY 2004</b>	<b>Projected FY 2005</b>	<b>Increase/ (Decrease)</b>	<b>Percent Change</b>	<b>5 Year Avg. Inc.</b>
Water Utility Fund	\$12,215,817	\$13,942,594	\$1,726,777	14.1%	6.0%
Electric Utility Fund	\$70,785,093	\$79,739,215	\$8,954,122	12.6%	6.5%
<b>TI. Water &amp; Electric Dept. Excluding CIP Projects</b>	<b>\$83,000,910</b>	<b>\$93,681,809</b>	<b>\$10,680,899</b>	<b>12.9%</b>	<b>6.4%</b>
<b>Railroad Fund Excluding CIP Projects</b>	<b>\$727,833</b>	<b>\$865,883</b>	<b>\$138,050</b>	<b>19.0%</b>	<b>15.6%</b>

**Water Utility**

- Expenses excluding CIP projects have increased 14.1%.
- A 7.5% revenue increase is proposed. Of that amount, 3.5% is to address debt service requirements of the water bond issue passed by voters in November, 2003. The remaining 4% is to move the water utility toward fully funding all capital and debt requirements of the utility. The 7.5% revenue increase will be an increase of approximately \$0.81 per month for the average residential customer whose usage is 5ccf.
- As was presented to the voters, a 3.5% rate increase each year for six years will be necessary to cover debt service requirements of the water bond issue. FY 2005 includes the first such increase.
- Water Connection Fees will increase from \$500 to \$560
- We will now require installation of auto read meters in all new construction. This will increase the cost from \$31 to \$188 for 5/8" services and from \$85 to \$242 for 1 inch services.
- Funding for (1) Chief Operator at the Water Treatment Plant to provide training, oversee the plan expansion, operation of the wells, treatment plant, and pumping stations.
- Funding for (2) Chief Operators for water distribution to supervise crews engaged in the construction and maintenance of water mains, services, fire hydrants, maintain records, and to assist in meeting more stringent DNR requirements in the field.
- Our rates and connection fees remain competitive when compared to other similar cities as shown in Exhibit B.
- Replace existing equipment and major maintenance on a variety of facilities.
- \$8.3 million of projects in the FY 2005 are reflected in the capital improvement plan. These projects reflect the ones identified in the 2003 ballot issue passed by voters.

### Electric Utility

- Expenses excluding CIP projects have increased 12.6%. Without the increase in purchased power, this budget would have increased only 2.2%.
- Purchased power is increasing \$7,380,780 or 17.8%. The full impact of a new purchased power contract is reflected in the FY 2005 budget.
- A 9% revenue increase is being proposed for FY 2005 to partially offset the increase in purchased power. This will replace the 9.5% fuel adjustment instituted for the summer months of 2004. An additional rate increase will be needed in FY 2006 to address increased cost in purchased power, operational, maintenance, and capital needs. The 9% revenue increase will be an increase of approximately \$4.48 per month for the average residential customer whose usage is 750kWh.
- Funding for (3) Apprentice Lineworkers is included to insure the availability of skilled lineworkers as existing lineworkers get closer to retirement.
- Over \$4.2 million is budgeted for capital projects in FY 2005. Remaining funds from the 1997 bond issue have been appropriated. During FY 2005, plans should be developed to address future funding requirements for electric capital projects.
- Our rates remain competitive when compared to other similar cities as shown in Exhibit B.

### Railroad Utility

- Expenses excluding CIP projects have increased 19.0%
- The new rail terminal held a grand opening on March 11, 2004. Traffic is projected to continue to increase in FY 2005.
- Funds are budgeted for interest payments to the electric utility for a loan to fund capital projects.

OTHER DEPARTMENTS:					
	Budget FY 2004	Projected FY 2005	Increase/ (Decrease)	Percent Change	5 Year Avg. Inc.
Cultural Affairs Fund	\$362,978	\$373,132	\$10,154	2.8%	0.9%
Convention & Tourism Fund	\$1,422,274	\$1,486,675	\$64,401	4.5%	12.8%
CDBG Fund	\$356,861	\$338,407	(\$18,454)	(5.2%)	27.3%
Employee Benefit Fund	\$8,053,865	\$10,156,921	\$2,103,056	26.1%	12.9%
Self Insurance Reserve Fund	\$2,834,164	\$2,531,027	(\$303,137)	(10.7%)	(5.0%)
Information Services Fund	\$3,589,492	\$3,890,919	\$301,427	8.4%	2.5%
Public Communications Fund	\$896,558	\$985,743	\$89,185	9.9%	5.9%
Utility Customer Services Fund	\$1,355,490	\$1,504,058	\$148,568	11.0%	5.7%
Contributions Fund	\$235,348	\$180,109	(\$55,239)	(23.5%)	8.8%
<b>Total Other Funds</b>	<b>\$18,871,682</b>	<b>\$21,266,882</b>	<b>\$2,395,200</b>	<b>12.7%</b>	<b>6.3%</b>

### Cultural Affairs

- Funding of over \$76,000 (a 3% increase) for the annual arts funding process which will provide support for 16 local art agencies.
- Anticipated cuts in state funding required this budget to hold the line in almost all areas of the budget.
- This office will continue to administer the "1% Percent for the Arts" projects. In FY 2005 we anticipate completion of the project at Stephen's Park. The next Percent for the Arts project will be the Wabash Station Renovation.

### Convention and Tourism

- Overall budget increase of 4.5%.
- Continue to administer the Festival and Event program which provides enhancement to many area festivals and has enabled the development of several first-time events with over \$350,000 in available funding with an average of \$170,000 in annual festival and event allocations.

### **CDBG Fund**

- Overall decrease of 5.2% shown. The FY 2004 included a one-time appropriation of funds for a Housing Market Analysis. Without that amount, the FY 2005 increase would be 1.13%.

### **Employee Benefit Fund**

- Increase for 2005 is 26.1%
- There has been a dramatic increase in the amount paid for claims and prescriptions.
- A 15% rate increase in the health insurance rates is recommended this year; however fund balance will still have to be used to meet the projected obligations of this fund.
- There will be a one-time transfer into the Employee Benefit Fund from all other funds (based on the number of employees in the fund) in an effort to improve the financial position of this fund. This is merely a temporary fix for the declining fund balance.
- A complete review of the benefit package will be conducted in 2005 in an effort to identify plan changes that can be made to help contain costs
- As was the recommendation of the Employee Benefit Committee, funding has been added to begin a voluntary employee health screening program. This will allow for increased screenings to employees that do not currently receive physicals and will occur on a three year rotation.

### **Self-Insurance Reserve Fund**

- Funding from city departments was increased by 3.75% for FY 2005 and can be anticipated to increase in future years.
- Favorable changes in the insurance market have allowed us to budget approximately \$300,000 less for excess general liability insurance as compared to the double digit increases experienced over the past few years.
- Funding for additional temporary help has been added to assist with job safety analysis, accident investigations, driver safety, and related programs.

### **Information Services (Data Processing)**

- Upgrade our AS400 software to Naviline which will allow easier, browser-based interaction with the HTE system.
- Provides funding for the second year of a multi-year project to upgrade the telephone system to IP telephony technology which will enable a single cable solution for data and telephones. Emphasis will be placed on Fire Stations 4,8, and the Fire Training academy.
- Purchase of security software that utilizes newer technology in an effort to curb the negative effects of today's fast moving viruses and other detrimental behaviors.
- Continue to work with the E-Government Coordinator to ensure a smooth rollout of E-government services over the next few years. This will be accomplished by upgrading our current network infrastructure as well as creating a secure, expandable platform for web based services.
- Continue to play an important role in the development of G.I.S. applications throughout the City.

### **Public Communications Fund**

- Purchase of a color photocopier and replacement of a high speed photocopier in the Print Shop.
- Purchase equipment to provide closed captioning on our government access station's edited programs.

### **Utility Customer Service Division (UCS) of the Finance Department.**

- Fully implement all of the features of our recently purchased on-line utility account system including the ability to view and pay utilities on-line.
- To continue to improve collections on utility accounts, specifically in the accounts with non-metered services.
- Continue to utilize our recorded call system as a training tool and in an effort to provide better customer service.

### **Office of Volunteer Services (Contributions Fund)**

- An overall decrease of 23.5% is projected for FY 2005. We anticipate funds will be appropriated during the year from donations; however, we do not adopt a budgeted amount for these. If the money appropriated mid year was not included, the actual increase would be an increase of 7.6%.
- Provides funding for the administration of numerous volunteer opportunities the city provides such as Park Patrol, TreeKeepers, Cleanup Columbia and Adopt a Spot.
- Recently this office created "Youth in Action", a summer volunteer program for kids ages 12 to 15
- Provides staff support of the City Trust Fund and the 501(c)3, New Century Fund which has been responsible for distributing significant funds to projects such as the ARC and the Martin Luther King Jr. Memorial restoration project. Share the Light, a utility checkoff program which allows utility customers to donate to a number of city programs, is also administered through this office.

Below is a table showing the budgeted percentage increases by department and a five year average.

	2001 Increase	2002 Increase	2003 Increase	2004 Increase	2005 Increase	5 Year Avg. Inc.
<b>PUBLIC SAFETY:</b>						
Police	7.9%	8.4%	4.3%	5.3%	6.7%	6.5%

City of Columbia, Missouri  
Organizational Demographics

**Columbia Website Address: [www.gocolumbiamo.com](http://www.gocolumbiamo.com)**

*"A Full Service City providing comprehensive services to our residents and customers"*

**City Clerk 573-874-7208**

Records and maintains all city records.  
*City Clerk: Sheela Amin*

**City Manager 573-874-7214**

Responsible for the general administration of the City of Columbia and all of its functions.  
*City Manager: Raymond Beck*

**Community Services 573-874-7488**

Assesses the community's social service needs.  
*Manager: Phil Steinhaus*

**Convention & Visitor's 573-875-1231**

Promotes Columbia as a tour destination.  
*Director: Lorah Steiner*

**Cultural Affairs 573-874-6386**

Enhances the vitality of the city through creative expression.  
*Manager: Marie Hunter*

**Economic Development 573-442-8303**

Supports and facilitates the growth of Economics in the City.  
*Director: Bernard Andrews*

**Finance 573-874-7111**

Administers, directs, and coordinates all financial services for the City of Columbia.  
*Director: Lori Fleming*

**Fire 573-874-7393**

Serves as the fire protection agency for the City of Columbia.  
*Fire Chief: Bill Markgraf*

**Health 573-874-7347**

Assists to prevent disease and injury by promoting better health in the community.  
*Director: Stephanie Browning*

**Human Resources 573-874-7235**

Coordinates all personnel issues regarding employment and benefits.  
*Director: Margrace Buckler*

**Information Services 573-874-7284**

Provides administration and support of the City of Columbia's computer network.  
*Director: Robert Simms*

**JCIC 573-874-6328**

Emergency contact for all citizens to all public safety entities.  
*Director: Jim McNabb*

**Law 573-874-7223**

Manages all litigation and advises Council and all city related personnel on legal matters.  
*City Counselor: Fred Boeckmann*

**Municipal Court 573-874-7231**

Processes violations of laws and City ordinances.  
*Judge: Robert Aulgur*

**Parks and Recreation 573-874-7465**

Oversees and maintains acres of park land and a variety of sports and leisure programs.  
*Director: Mike Hood*

**Planning 573-874-7239**

Provides planning, economic and community development support to the City of Columbia.  
*Director: Chuck Bondra - acting*

**Police 573-874-7404**

Serves as the law enforcement agency for the City of Columbia.  
*Police Chief: Randy Boehm*

**Public Communications 573-874-7240**

Promotes the City of Columbia's public affairs.  
*Officer: Robert Ross*

**Public Works 573-874-7253**

Encompasses all public utilities i.e. fleet, refuse, transportation, parking, airport, sewer, streets, protective inspection, engineering and and custodial/bldg maint.  
*Director: Lowell Patterson*

**Volunteer Services 573-874-7499**

Manages donations made to the city in the form of volunteer time, cash, property and land.  
*Coordinator: Leigh Nutter*

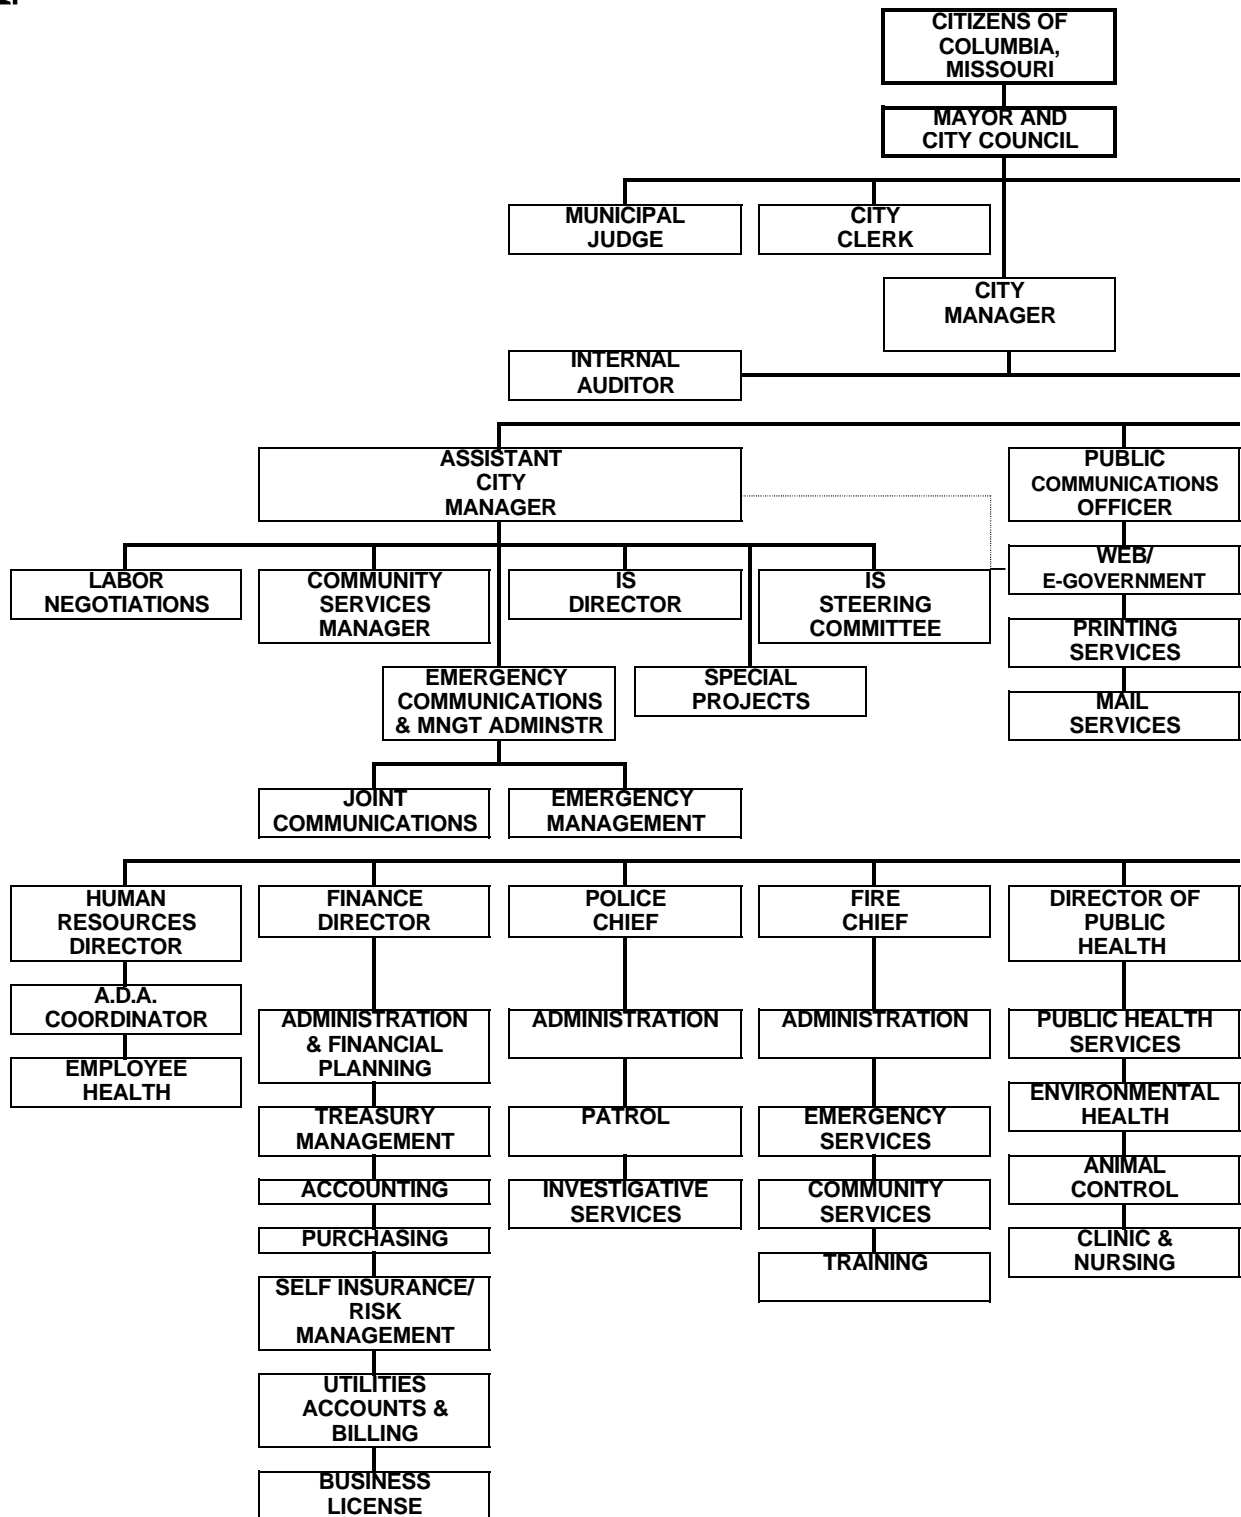

**Water and Light 573-874-7316**

Provides safe and dependable drinking water and electricity and operates COLT railroad  
*Director: Dan Dasho*

City Manager

# CITY OF COLUMBIA, MISSOURI

## History of Columbia:

Osage and Missouri Indians roamed parts of Missouri prior to Lewis and Clark's expedition which took place in the early 1800's.

The settlement currently named Columbia was called Smithton. However, due to a lack of water supply, the establishment moved the settlement east across the Flat Branch and renamed it Columbia in 1821. The City of Columbia was organized in 1892 and became incorporated in 1949. Columbia is a growing city and currently takes up 55.87 square miles of land.

## Government:

The City of Columbia has a council/manager form of government. The mayor and 6 council members are elected by the citizens of Columbia and serve as non-paid members for 3 years with staggered times of service. The City Manager reports to the Mayor and is considered the Chief Administrator. Department Heads for all municipal functions report to the City Manager.

## Culture and Recreation:

Columbia has big city entertainment and a great appreciation for all the arts ranging from international opera and ballet companies to modern music superstars. For the sports minded person you'll find many fun activities and ways to keep in shape no matter what your age.

### Recreation: (Parks and Recreation 874-7460)

**City Employees (FTE for FY 2005):** ..... 1,142.30

**Local Economy:** The cost of living for the City of Columbia is generally 5%-6% below the national average. Due to current conditions, Columbia is about 97%. Columbia has an average household income per capita of \$33,729. According to the Bureau of Labor Statistics (BLS) the unemployment rate for the City of Columbia for the month of August 2004 was 2.6%.

## Top (5) Employers in Columbia:

University of Missouri .....	13,950
University Hospital & Clinics .....	5,501
Columbia Public Schools .....	3,000
Boone Hospital .....	2,039
City of Columbia .....	1,141

## Sales Tax:

Sales tax in Columbia is 7.35% which has been in effect since Jan. 2003. The tax amount includes the following:	
State Sales Tax .....	4.225%
County General Revenue .....	0.500%
County Road Tax .....	0.500%
Boone County Law Enforcement Tax .....	0.125%
City General Revenue Tax .....	1.000%
City Transportation Tax .....	0.500%
City Capital Projects Tax .....	0.250%
Parks Sales Tax .....	0.250%

## Climate:

Annual Rainfall is approximately 42 inches per year.  
Annual Snowfall is approximately 15 inches per year.  
Warmest month and average (July – 78.8 degrees)  
Coolest month and average (January – 34.4 degrees)  
Number of sunny days 105. Number of cloudy days 166.

## Utilities:

The City of Columbia is a full service city which means we provide a variety of services to the citizens of Columbia.

Electricity.....	Water & Light Department (874-7380)
Recycling .....	Public Works Department (874-6280)
Trash Collection .....	Public Works (874-7291)
Water .....	Water & Light Department (874-7380)
Sewer .....	Public Works (445-9427 or 874-6287)

## Office of Volunteer Services: (874-7499)

There are many ways and opportunities for citizens to get involved with the community. Columbia has numerous events throughout the year that require hundreds of volunteer hours in order for the event to be successful. There are several departments within the City of Columbia that rely on the efforts of volunteer staff. In FY 2003, volunteers contributed more than 40,000 hours at a value of more than \$661,600.

Annual Unemployment Rates for Columbia	
Year	Rate
1999	1.2%
2000	1.2%
2001	1.8%
2002	2.2%
2003	2.3%

# CITY OF COLUMBIA, MISSOURI DEMOGRAPHIC STATISTICS

The city of Columbia has historically experienced a population growth rate of about 1.1%-2.0% over the course of the past 10 years. Columbia is a progressive city offering its citizens a wide variety of experiences from fine dining to theater to rides on the trail to exciting sporting events. Columbia offers it all. The City of Columbia works hard to help keep the city as one of the best places to live and raise a family!

The principal taxpayer information are the top 10 tax payers in the Columbia area based on a commercial assessed value of approximately 32% of the estimated actual value of the property. These are only a few of the numerous businesses both large and small, corporate and independently owned that offer an outstanding working environment for anyone interested in moving or re-locating to Columbia.

Principal Taxpayers			
Taxpayer	Type of Manufacturer	Assessed Valuation	Percentage of Total Assessed Valuation
Minnesota Mining and Manufacturing (3M)	Office Products	\$32,081,629	3.88%
State Farm Mutual Automobile Ins Company	Insurance	\$11,669,454	1.41%

# Discussion of the various components of the Budget Process

Preparation for the budget process begins as soon as the books are closed for the previous fiscal year. At this time the finance department begins looking at past year trends and current projections to begin forecasting for the upcoming budget year.

**Ten Year Trend Manual** - includes financial information on general government funds, enterprise funds, internal service funds, and special revenue funds. This information is generally completed by January of each year. This information is used during the forecasting process to assess the revenue trends and determine what percentage growth estimates will be prudent for the upcoming fiscal year.

**Computer Inventory Process** - During the month of January budget staff works in conjunction with the Information Services department, to inventory on a yearly basis, the number of computer related equipment in each department's possession. This inventory provides input to the IS Steering committee to assist with making decisions on minimum standards for computers, printers and monitors for the upcoming budget year, determine a replacement schedule as well as charge out for several intragovernmental charges.

**Equipment Replacement Process** - The budget staff provides reports to the various departments that own rolling stock to determine which pieces need to be replaced. The need is based on year purchased, mileage, usage etc. Then departments prioritize those items needing replacement in the next fiscal year.

**Optimistic and Conservative Forecasting** - Budget staff reviews historical information in conjunction with the latest current year financial statement to prepare a set of forecasts. Assumptions are developed in a model which forecasts general government revenues and expenditures over the next three years. Both optimistic and conservative forecasts are prepared. These forecasts are presented to, and reviewed with the City Manager so that general budget guidelines for the next year may be developed. This generally takes place beginning in March-April and is continually reviewed until the budget is adopted.

**Intragovernmental Fee Process** - During the months of January - April much time is spent working with internal service departments that charge out their functions to the other city departments. Budget staff prepares the fee assessments based on a model that takes into account the types of services provided. Departments are charged based on their usage of these services.

**Capital Improvement Program Process** - During the month of April capital projects and improvements are identified and discussed between departments and management. Funding sources are identified. A detailed discussion occurs at the council retreat. Priority projects are identified based on citizen and council input. The City Manager and Finance staff determines appropriate funding sources for the projects to be funded in the next year.

**Budget Instruction Process** - In late April, guidelines are established by the City Manager and provided to the various City departments along with budget instructions. Access to the budgeting system is also provided at this time. Departments are responsible for preparing

estimates budgets for the current year and projections for the next year as well as submission of supplemental requests. Actual inputting of data concludes in mid-May for all the departments.

**Budget Guidelines** - Prior to establishing guidelines for the upcoming budget year, the City Manager reviews forecasts (see Optimistic and Conservative Forecasting) with the Finance Director. Based upon this review, budget guidelines are established. For FY 2005 a 2.5% increase was to be used, as a general guideline, for operating costs, and any increases above this amount required additional justification. The City Manager also requests that departments be prepared to change the operating cost increase to 1.5% if current trends warrant the change. Merit and COLA projections are not established until much later in the budget process. This enables the City Manager and finance staff to monitor actual revenues near the end of the current fiscal year. The City has established expenditures levels for supplemental requests for each department. Supplemental requests (capital items, supplies over \$1,000 and computers excluding personnel) are reviewed and compared to the established department level and adjustments are made where appropriate. Personnel issues are also decided upon late in the budget process based on citizen requests/concerns and department need.

**Council Retreat** - In late May or early June, before the preliminary budget numbers are completed by the departments, the City Manager conducts a Council Retreat. This retreat is attended by the Council, City Manager and Department Heads. This retreat provides an opportunity for the City Manager to present preliminary budget guidelines to the Council for their concurrence as well as to set priorities for the coming budget year. Departments present major topics to the Council for their input. Council also gets an opportunity to express their views on what the priorities should be in the budget.

In June, the City Manager continues meetings with Department Heads. Final adjustments are made to balance the budget in early July. Comparative Data and Performance Measurement information is updated in the Budget Document. The City Manager's Annual Budget Document is prepared and distributed, and a press conference is held at the end of July.

**Budget Amendment Process** - In August, the City Council holds budget work sessions with the City Manager, Finance Director, Budget Officer, and Department Heads to review the City Manager's Budget, individual department budgets, revenues and expenditures, and issues for the upcoming fiscal year. Public hearings are televised on the Local Government Cable Channel. Both the public and press are welcome to attend the work sessions and public hearings. Television, radio, and newspaper reporters keep the public informed on the status of the budget during these work sessions.

**Adopted Budget Process** - In September, the City Council continues budget work sessions and public hearings on the budget. The Budget is adopted during the month. The Finance staff makes the necessary changes and appropriation files are set up for the new year. The Annual Budget Document is prepared and distributed

In October, the new fiscal year begins.

*This document includes the following Fund Types:*

**Governmental Funds:**

**GENERAL FUND:**

The general fund is used to account for resources traditionally associated with government which are not required legally or by sound financial management to be accounted for in another fund.

**SPECIAL REVENUE FUNDS:**

**Cultural Affairs Fund** - used to account for monies reserved for cultural purposes. These monies are used to improve and sustain the cultural environment of the City by providing a system of support for area artists and cultural organizations.

**Convention and Tourism Fund** - used to account for the four percent tax levied on the gross daily rental receipts due from or paid by transient guests at hotels or motels. The revenues are used by the city for the purpose of promoting convention and tourism in the City of Columbia.

**99 1/4 Cent Sales Tax Fund** - used to account for the specific projects approved by the voters for a five year extension of the one quarter cent capital improvement sales tax. This tax will be effective January 1, 2001 to December 31, 2005.

**Parks Sales Tax Fund** - used to account for the Local Parks Sales Tax approved by the voters in November, 2000. These funds must be used for parks purposes.

**Transportation Sales Tax Fund** - used to account for city-enacted sales tax and expenditures for transaction purposes which include financial support of the public mass transportation system, construction and maintenance of streets, roads, bridges and airports to the extent of tax revenues.

**Public Improvement Fund** - used to account for and disburse monies the City receives from the city sales tax. This fund receives a portion of the city sales tax and is allocated for a wide range of public improvements to the City which includes streets, sidewalks and parks.

**Special Road District Tax Fund** - used to account for the road and bridge tax revenues. These revenues are used to improve, maintain, construct and repair certain streets and roads within the city limits.

**Community Development Block Grant Fund** - used to account for all federal monies received by the City and disbursed on Community Development Grant projects.

**DEBT SERVICE FUNDS:**

These funds are used to account for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the government is obligated in some manner for the payment.

**CAPITAL PROJECT FUNDS:**

Capital project funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities or improvements.

**EXPENDABLE TRUST FUND:**

**Contributions Fund** - This fund is used to account for all gifts, bequests, or other funds derived from property which may have been purchased or held in trust by or for the City of Columbia, Missouri. The expenses for the Office of Volunteer Services are also in this fund.

### ***Enterprise Funds:***

**Railroad Fund** - used to account for revenues and expenses resulting from the operation of a railroad branch line which runs from a Norfolk and Southern main line in Centralia, Missouri to the City of Columbia.

**Water Utility Fund** - used to account for the billing and collection of charges for water service for most city residents. Revenues are used to pay for both operating expenses and capital expenditures to maintain these services.

**Electric Utility Fund** - used to account for the billing and collection of charges for electric service for most city residents. Revenues are used to pay for both operating expenses and capital expenditures to maintain these services.

**Recreation Services Fund** - used to account for revenues and expenses for various recreational services provided by the Parks and Recreation Department for which participants are charged fees.

**Public Transportation Fund** - used to account for all expenses and revenues resulting from the provision of public transportation services by the Columbia Transit.

**Regional Airport Fund** - used to account for all expenses incurred and revenues received by operations at the Columbia Regional Airport.

**Sanitary Sewer Utility Fund** - used to account for the provision of sanitary sewer services to the residents of the city and a limited number of customers outside the city limits. All activities necessary to provide such services are accounted for in this fund.

**Parking Facilities Fund** - used to account for revenues and expenses resulting from the operation and maintenance of city parking lots, municipal garages, and parking meters.

**Solid Waste Collection Fund** - used to account for the provision of solid waste collection and operation of the landfill and materials recovery facility.

**Storm Water Utility Fund** - used to account for storm water funding, implementation of storm water management projects, and provide maintenance to existing drainage facilities.

### ***Internal Service Funds:***

**Employee Benefit Fund** - used to account for the City of Columbia's self-insurance program for health, disability, life insurance and other employee benefits for covered city employees.

**Information Services Fund** - used to account for the provision of electronic data processing information services used by other city departments.

**Self Insurance Reserve Fund** - used to account for the reserves established and held in trust for the Special Obligation Bonds (which were paid off in 2002) issued for the City's self insurance program, and to account for the payment of property and casualty losses, and uninsured workers' compensation claims.

**Custodial & Maintenance Services Fund** - used to account for the provision of custodial services and building maintenance used by other city departments.

**Fleet Operations Fund** - used to account for operating a maintenance facility for automotive equipment, and for fuel used by some city departments.

**Public Communications Fund** - used to account for the provision of printing press, xerox, interdepartmental mail, and postage services to other city departments, Columbia On-line Information Network, a telephone information system and cable television operations and web communications.

**Utility Customer Services Fund** - used to account for utility accounts receivable billing and customer services provided by the Finance Department to the Water and Electric, Sanitary Sewer, Solid Waste and Storm Water Utilities.

## CITY OF COLUMBIA, MO HOW TO USE THIS BUDGET DOCUMENT

A budget is a financial plan for a city. It includes both estimates of resources available, including revenues and fund balances, and appropriations, which are the authority to spend money for specific purposes. The budget is prepared by the City Manager and adopted by the City Council after extensive public input.

The document begins with a transmittal letter (budget message) from the City Manager. This letter summarizes the contents of the budget and provides an explanation of the rationale used by the City Manager during the budget development process. The City Manager also outlines the administration's work program for the upcoming year.

In separate sections, the following information is provided:

- **Budget Message** - Includes the Amendments to the City Manager's Budget Message, City Manager's Budget Message and the Ordinance Adopting the Budget.
- **General Information** - Organizational Chart, Demographic Statistics, Assessed Values of Taxable Property, Budget Calendar Process, Types of Funds Budgeted, How To Use This Budget Document, Notes and Comments, Fiscal and Budget Policies, and City Manager's Priorities.
- **Expenditure Summaries** - Includes Overall Budget Summary, Graphs, and various types of expenditure summaries
- **Revenue Summaries** - Includes Overall Revenue Summary and other types of revenue summaries.
- **Fund Statements** - Summary of Operating Statement for All Funds, Revenue, Expense, and Operating Position Statements for each fund, Summary of Total Revenues and Total Expenses by Fund.
- **Operating Budgets** - The departmental budgets, which are subdivided into divisions to account for the costs associated with specific activities or to account for the use of funds received from specific revenue sources. Department Description, Objectives, Highlights/Significant Changes, Comparative Data, and Performance Measurements are also included in this section. Organizational charts are also located in this section.
- **Capital Projects** - Five year Capital Improvement Program for the City.
- **Debt Service** - Information on all outstanding debt and debt service requirements.
- **Appendix** - Community Development Block Grant, Personnel Position Summary Information, and a Glossary.

The budget document is prepared to provide information about the city, both financial and operational, from a variety of perspectives and degree of detail. The reader should first review the Table of Contents, General Information section, the Appendix, and then read the City Manager's transmittal letter. The Summary sections should then be reviewed. In the Operating Budgets Section, the specific department budgets provide the detailed information as to what purposes the city's resources will be utilized during the fiscal year. Finally, the Capital Project and Debt Service sections provide further information. When reading this document, it is useful to remember that it has been developed based on both organizational structure and financial structure.

The organizational structure is reflected in the departmental budgets, which are subdivided into divisional budgets. The financial structure is reflected in the reporting of expenditures and revenues by fund. A fund is a self-balancing set of accounts designed to track specific revenues and the uses of those revenues. Each fund is independent of all other funds.

## NOTES AND COMMENTS

The City of Columbia is considered to be a full-service city. Thus, the budget may be larger when compared to cities with a similar population. The City of Columbia submits budgets for seven types of funds: General Fund; Enterprise Funds; Internal Service Funds; Special Revenue Funds; Trust Funds; Debt Service Funds; and Capital Projects Fund. A description of the fund types is shown in the glossary as well as in the General Information Section, pages 10-11.

**Basis of Accounting** – Governmental Funds use the modified accrual basis of accounting. Internal Service Fund and Enterprise Fund revenues and expenses are recognized on the accrual basis. Under this method of accounting, revenues are recognized in the accounting period in which they are earned, and expenses are recognized in the period incurred.

**Basis of Budgeting** - General Fund, Special Revenue, Debt Service, Capital Projects, and Expendable Trust Funds are recognized on the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both available and measurable. Expenditures are recognized in the accounting period in which the fund liability is incurred. This basis measures resources available to the City. Proprietary Funds are budgeted on a full accrual basis except for capital expenditures, which must be included in total appropriations.

**Budget Amendments** – There are two means of amending the adopted budget, a transfer of funds and an increase in appropriations. A transfer of funds occurs when the City Manager, upon the recommendation of a department head, transfers any unencumbered appropriation from one classification of expenditure to another within the department. These transfers must be reported to the council at the next scheduled meeting. An increase in appropriation occurs when the City Manager, upon the recommendation of a department head, prepares an ordinance to be adopted by the City Council. Ordinances are required to be read at two council meetings and provide for an opportunity for public comment. Increases to appropriations must identify the

necessary funding source from which the appropriation will come.

The Comprehensive Annual Financial Report (CAFR) states the status of the City's finances in accordance with revised GASB standards. In most instances the Budget and the CAFR are prepared under similar guidelines with the exception of the accounting for capital expenditures.

In all funds, (Enterprise, Internal and General Governmental Funds) when goods and services are not received by year end, the amount already set outside to purchase those items are encumbered and rolled over to the next year.

The FY 2005 Budget document contains detailed information concerning the dollar commitments and personnel resources required to support the varied activities and services of the City of Columbia. The FY 2005 Budget revenue and expenditure numbers appearing in this document include Appropriations, Transfers, and additional Revenues approved by the City Council from October 1, 2003 thru June 1, 2004.

Following these notes and comments are the Summary sections, which provides a combined and broad overview of the City's operating funds. Next, the "Operating Budgets" section provides the reader more detailed information about individual departments. The Department Summary (Colored Pages) present the total operating budget for each department regardless of funding source. For example, if a department has both General Fund operations (Public Works-Streets) and Enterprise operations (Sanitary Sewer Utility), the operating costs of both activities will be presented on the colored summary page in order to present a total operating picture of the department. Department Description, Department Objectives, Highlights/Significant Changes, Comparative Data, and Performance Measurement information is also included on these pages. The white pages contain the budget detail for the divisions within the departments.

### The Department Summary, on colored pages, contains the following sections:

- **Department Description** - A brief description of the department and the major divisions contained in the department. This will also include any purposes set forth by the department.
- **Department Objectives** - These include both the short-term and long-term goals/objectives set forth by the departments.
- **Department Highlights/Significant Changes** - This outlines the planning emphasis as well as any significant or operations changes for the coming year.
- **Organizational Charts** - These charts represent the authorized personnel in each department/division and exhibit the reporting hierarchy of each of those positions.
- **Authorized Personnel** – The Authorized Personnel presents the type and number of full-time and permanent part-time positions required in each department or division. The job code associated with these positions appears next to the position description.
- **Comparative Data** - Provides employees per 1,000 population and other comparative information between the City of Columbia and up to five other cities of comparable size and activities.
- **Performance Measurements/Service Indicators** - Provides performance information for Actual FY 2003, Budgeted FY 2004, and Estimated FY 2005 for each department.

The final section of the budget document is the Appendix. This section contains those activities, which are non-departmental in character such as the Community Development Block Grant. This section also includes the Personnel Position Summary information and a Glossary.

## FISCAL AND BUDGET POLICIES

The City of Columbia is a council-manager form of government. All powers of the City are vested in an elective Council, which enacts legislation, adopts budgets, determines policies, and appoints the City Manager.

The City Manager is the chief executive and administrative officer of the city and is responsible to the council for the proper administration of all the city's affairs. The City Manager keeps the Council advised of the financial condition of the City and makes recommendations concerning its future needs.

The fiscal year of the City begins on the first day of October and ends on the last day of September each year. The fiscal year constitutes the budget and accounting year.

### REVENUE POLICY:

- The City will endeavor to maintain a diversified and stable revenue base to minimize the effects of economic fluctuations as well as eliminate an over dependence on any single revenue source.
- The City will project and update revenues annually. These revenue forecasts will be presented to the City Council prior to the beginning of the budget process.
- Departments submit their revenue estimates for the current year and projected revenue for the next year to the Finance Department.
- Revenue trends are to be examined monthly and incorporated into annual revenue forecasts.
- Revenue sources are not utilized by the City while legal action is pending.
- Monthly reports comparing actual to budgeted revenues will be prepared by the Finance Department and presented to the City Manager.
- Cash investments of the City shall be undertaken in a manner that seeks to ensure the preservation of capital in the portfolio.
- User fees and rates will be examined annually and adjusted as necessary to cover the costs of providing the services.
- The City will follow a policy of collecting, on a timely basis, all fees, charges, taxes, and other revenues properly due the City. The City will follow an aggressive policy of collecting all delinquencies due the City.

### BUDGET POLICY:

- Between 120 and 180 days prior to the adoption of the budget, the City Manager shall prepare and submit to the Council a statement of the policy recommendations for programs and priorities which, in the opinion of the City Manager, will be of benefit to the city.
- The City Manager shall submit a budget to Council at least sixty days prior to the beginning of each budget year.
- Expenditures proposed in the budget for each department, office, or agency shall be itemized by character, object, function, activity, and fund.
- In no event shall the total amount of the proposed expenditures exceed the estimated income of the City.
- The City Council shall hold public hearings on the budget as submitted, at which all interested persons shall be given an opportunity to be heard.
- The City Council shall adopt the budget, by majority vote, no later than the last Monday of the month preceding the first month of the budget year. If the City Council does not take final action by this date, the budget will be considered effective as it was submitted.
- The budget shall be on record in the City Clerk's office and open to public inspection. In addition, a copy of the budget is available for the citizens of Columbia to view at the Columbia Public Library. The budget is also available for viewing and/or printing on the City's website at [www.gocolumbiamo.com](http://www.gocolumbiamo.com)
- A detailed listing of the budget calendar is found on page 5.
- The City will annually submit documentation to obtain the GFOA Distinguished Budget Presentation Award.
- After adoption of the budget, the budget can be amended via ordinance or resolution. The City Manager can submit ordinances and resolutions to the Council to increase expenditures or revenues. When the Council approves the ordinance or resolution, additional appropriations are made in the appropriate department.

- At the request of the City Manager and within the last 6 months of the fiscal year, the council may, by resolution, transfer any unencumbered appropriation balance or portion thereof from one office department or agency to another. No transfer shall be made of specified fixed appropriations.
- All appropriations shall lapse at the end of the budget year to the extent that they shall not have been expended or lawfully encumbered.

#### **CAPITAL IMPROVEMENTS POLICY:**

- The City develops a five-year program for capital improvements and updates it annually.
- The City will identify the estimated costs and potential funding sources for each capital improvement project proposal before it is submitted to the City Council for approval.
- The capital improvement program will be included in the Annual Budget. The Annual Budget will implement the first year of the capital improvement program.

#### **FIXED ASSET POLICY:**

The following fixed asset policy shall be in force commencing with fiscal year 2000. This policy is consistent with Government Financial Officers Association Recommended Practices and should be reviewed periodically and compared to recommended practices of the GFOA or other nationally recognized government finance organization.

For purposes of establishing an appropriate capitalization threshold for fixed assets the following guidelines shall apply:

- Fixed assets should be capitalized only if they have an estimated life of more than 1 year following the date of acquisition and have a purchase cost of \$5,000 or more. Items which cost less than \$5,000 and/or have a life of one year or less will be expensed upon acquisition
- Purchase cost of a fixed asset includes freight, installation charges, carrying cases, adaptors and other items which are connected to the fixed asset and necessary for its operation or use.
- Fixed assets' capitalization threshold should be applied to individual fixed assets rather than to groups of fixed assets.
- A small tag with a fixed asset number will be issued by the Finance Department for all items that can be reasonably tagged (physically). Said tag will be affixed to the fixed asset until such time

it is declared surplus property and properly disposed through the Purchasing Agent as required by City ordinance.

- Departments will notify the Finance Department of any change in location or loss of a fixed asset.
- Departments should exercise control over their non-capitalized fixed assets by establishing and maintaining adequate control procedures at the departmental level.

#### **ACCOUNTING POLICY:**

- An independent financial audit shall be made of all accounts of the City government at least annually and more frequently if deemed necessary by the City Council.
- The General Fund, Special Revenue, Debt Service, General Capital Projects, and Expendable Trust Funds will be accounted for under the modified accrual basis of accounting.
- Enterprise Funds, Internal Service Funds, and Non-Expendable Trust Funds will be accounted for under the accrual basis of accounting.
- Full disclosure will be provided in the financial statements and bond representations.
- The City will annually submit documentation to obtain the Certificate of Achievement for Excellence in Financial Reporting from GFOA.
- The Annual Financial Report will be prepared in accordance with revised GASB standards.

#### **PURCHASING POLICY:**

- The Purchasing Division shall have responsibility for and authority to contract for, purchase, store and distribute all supplies, materials and equipment required for the operation and maintenance of offices, departments or agencies of the city.
- It shall be the policy of the City to encourage competitive business practices through public bidding or requests for proposals wherever possible and feasible.
- In evaluating bids and awarding contracts, the head of the purchasing division is authorized to give preference to recycled and environmentally preferable products according to prescribed guidelines.

**DEBT POLICY:**

- The City may issue general obligation bonds, revenue bonds, special obligation bonds, and short-term notes and leases.
- The City may issue refunding bonds for the purpose of refunding, extending or unifying the whole or any part of its valid outstanding revenue bonds.
- The City will limit long-term debt to only those capital projects that cannot be financed from current revenue or other available sources.
- The City will follow a policy of full disclosure on every financial report and bond prospectus.
- When the City finances capital projects by issuing bonds, it will repay the bonds within a period not to exceed the expected useful life of the projects.
- The City's policy shall be to manage its budget and financial affairs in such a way so as to ensure continued high bond ratings.
- No bonds shall be issued without the assent of the requisite number of qualified electors of the City voting thereon.

**RESERVE POLICY:**

- The City will calculate an unreserved, undesignated fund balance equal to 16% of expenditures for the adopted budget. These funds will be used to avoid cash flow interruptions, generate interest income, reduce need for short-term borrowing and assist in maintaining what is considered an investment grade bond rating capacity.
- Self Insurance Reserves shall be maintained at a level to protect the City against incurred and reported losses as well as those incurred but not reported and future losses within the retention.
- A contingency reserve account will be appropriated annually in the General Fund to provide for unanticipated expenditures of a nonrecurring nature and/or to meet unexpected increases in costs.
- Balanced Budget - At the direction of the Council and the oversight of the City Manager, the General Fund portion of the budget is to be balanced. Expenditures equal to revenues with the use of appropriated fund balance. The use of fund balance cannot reduce the ending projected balance below the council's established guidelines of 16% of expenditures

**ENTERPRISE FUND POLICY:**

- Enterprise Funds will be used to account for the acquisition, operation, and maintenance of City facilities and services which are intended to be entirely or predominately self-supporting from user charges or for which periodic net income measurement is desirable.
- The Water and Electric Department will pay into the General Fund of the City annually an amount substantially equivalent to that sum which would be paid in taxes if the water and electric light works were privately owned.
- Enterprise funds are required to establish rates that generate revenues sufficient to cover the cost of operations including debt expense and capital needs. Per City Charter, operating costs must include any intragovernmental charges such as, General and Administration Fees, and other internal service fees. Rate calculations also take into consideration any approved subsidies from General Government Funds.

**INTERNAL SERVICE FUND POLICY:**

- Internal Service Funds will be used to account for the provision of goods and services by one department of the City to the other departments.
- Internal Service Funds are to be self-supporting from user charges to the respective user departments.
- Internal Service Funds are to only recover the complete cost of operations without producing any significant amount of profit in excess of the fund's requirement. In computing revenue requirements for rate setting purposes, the rate base should include such items as debt expense, interest expense, operating expense, prorated reserves (for lease/purchase arrangements) and depreciation expense or estimated capital outlay either of which are usually financed 100% internally through rates.
- If a large fund balance has occurred in excess of reasonable revenue requirements, rates should be adjusted in the next fiscal year based on a four year average of net income/loss. This allows the City to maintain appropriate levels of retained earnings without large swings in the rates charged out to departments in any given year.

## **ANNUAL PROGRAMS AND PRIORITIES**

**“State of the City” - Columbia, Missouri - Raymond A. Beck, P.E., City Manager May 19, 2004**

It is with pleasure that I submit ‘Programs and Priorities’ to the Mayor, Council and citizens of Columbia. Columbia’s City Charter requires the City Manager to present ‘Programs and Priorities’ on an annual basis. This is sometimes referred to as Columbia’s State of the City report. This Charter provision provides an opportunity for the City Manager to communicate to the community goals for the upcoming year. I have traditionally presented this report prior to the Council’s annual retreat and prior to the preparation of the annual city budget. The Council retreat is scheduled for May 21 and 22.

This year’s report is being carried live on our Columbia Channel 13, and will be rebroadcast several dates and times to accommodate viewers’ schedules. A copy is available on the city web page, [www.GoColumbiaMO.com](http://www.GoColumbiaMO.com), and a hard copy is available at the Columbia Public Library. The Mayor and Council have been provided a copy and it will be publicly discussed during the upcoming retreat. I would like to thank the members of the press, who have also been provided a copy of the report, for covering this event. I will be pleased to answer your questions following the presentation.

In addition to presenting ‘Programs and Priorities’, I will be commenting on our State of the City, our strategies and accomplishments.

Columbia’s local government is a unique combination of professional employees and dedicated volunteers working together to maintain our community’s superior quality of life by assuring a safe, progressive, well managed community accessible to all. I am privileged and proud to be a part of it.

Columbia is what I frequently refer to as a “full service city” providing comprehensive services to our residents with an annual budget of about \$238 million and over 1,150 permanent full-time employees. Your city government provides not only typical local government services such as, police, fire, public health, etc., but it also provides utilities, including water, electric, wastewater, solid waste, and storm water management. Our total transportation system includes a municipal airport, bus system, short line railroad, and vehicle and pedestrian facilities whose objective is to meet the needs of all our residents.

Columbia’s current population is estimated at over 90,000 and continues to grow at an annual rate between 1-2%. Our present geographic area is 56.51 square miles. Last year, there were 21 voluntary annexations totaling 0.556 square miles with a growth area being slightly less than 1%. Within the city, building permits were issued for 1,682 dwelling units with 909 for single-family homes.

At the same time, about 1,153 dwelling unit permits were issued in Boone County outside the Columbia city limits. While some may believe this rate of growth is too fast, census figures show that Boone County’s growth rate is not in the top ten fastest growing Counties in our state and is far less than Lincoln County and Christian County’s growth rate of over 13%. I feel Columbia must maintain a moderate growth to sustain our quality of life.

In response to a comprehensive city-wide survey and the growth rate indicated above, our current city budget added 12 new positions, including two traffic officers and 3.5 positions for street maintenance and traffic control. These were the highest priorities indicated in the survey.

The city remains financially sound as evidenced by our excellent bond ratings, interest rates and the report submitted to the Council by the Council appointed Finance Committee. Through careful budgeting and budget management practices, we have avoided mid-year budget cuts experienced by many others during the recent economic downturns. Our city continues to receive budget awards through Government Finance Officer’s Association. Much of the city’s revenue sources, particularly sales tax, are impacted by the economy. As the economy begins to improve, we are hopeful that financial pressures will be somewhat less.

Sales tax, our primary source of general fund revenues, is also negatively impacted by internet sales and those sales that once were made in Columbia but are now being made in communities nearby. I feel it is important that states and cities, working with Congress, continue to find a fair and equitable method of taxing internet sales. Deliveries of merchandise into our city, purchased through the internet, has an impact on our streets and traffic systems and other city services we provide that are primarily funded from local sales tax. It is important that our retail outlets continually update and diversify our product mix to retain and expand our regional shopping base. We are pleased that Famous-Barr has joined our city and retailers such as Bass Pro, Best Buy, and others will be coming along with a wide variety of restaurants to diversify our retail offering and help keep Columbia a regional shopping hub.

In addition to retail, we are pleased to see many of our employers rebounding from the economic slump. 3M, a long time Columbia employer, recently announced they have called all of their laid off employees back to work. Another long time corporate citizen, State Farm, after carefully studying restructuring, announced that not only will they stay in Columbia, but add up to 300 jobs. Multi-million dollar construction projects at the University and Boone Hospital help keep our construction industry active. A new industry, Gates Rubber, has joined the Columbia community adding 100 good paying jobs. The city is working closely with the University and others in the area of biotechnology, partnering on an incubator and working to make property available for high tech research and development. In short, the economic outlook for our city looks strong into the foreseeable future. The strength of our employer base and retail sales base is significant to the quality of life we have come to expect.

Last year, our city accomplished many important tasks including securing voter approval of bonds for water and wastewater utility capital improvements. We began and will soon complete construction of our new Health Department facility. We completed a Strategic Plan for the Columbia Police Department. The Activities and Recreation Center (ARC) completed its first year of operation proving to be financially successful with a total of 7,200 memberships.

We are pleased that Columbia remains the host for major events; such as, the Show-Me State Games, the largest state games in the country, the Special Olympics, the air show and parade during Memorial Day weekend, high school tournaments, major sporting and cultural events, and the recently added Mid-Missouri Mavericks.

Our city will face a number of high profile issues and challenges during the next year. These include developing a fair and equitable way for funding our transportation system, park needs, and rehabbing and expanding our existing downtown office buildings. The Howard Building and the Gentry Building both need to be refurbished and brought up to our modern day codes. The Gentry Building will be 100 years old in 2006 and architectural work is proceeding on those two buildings. Preliminary plans are completed to expand the government office space on the Daniel-Boone block and is in need of a Council approved financial plan.

Other major issues include the upgrading of I-70 and beginning the process of reviewing our City-Boone Electric territorial agreement.

I hope residents and other interested parties will have and take time to read and discuss the 'Programs and Priorities' presented today. Participation of our residents is very important in helping to develop our city with the quality of life we all enjoy today. Our city continues to be an award-winning city. Sperling's Best Places and MSN internet service ranked Columbia 9<sup>th</sup> of 331 metropolitan areas as "best places to live in America". The rankings were based on 70 categories including cost of living, crime rate, education, housing, arts and culture, health, leisure, transportation, and weather. Also, the Forbes web site on May 7<sup>th</sup>, 2004 posted Columbia as being number 38 out of 168 small metro areas as the "best small places to do business". Money Magazine has ranked Columbia in their competition 13 of the past 15 years.

I will next present strategies or guidelines that have and are being used to help guide our city. These are strategies I feel will help keep our city a quality place to live and work. This will be followed by a status report on last year's priorities and proposed priorities for the next year. Also, attached is a detailed listing of accomplishments and goals for each department.

My thanks are extended to our volunteer Mayor and City Council, city staff and those who provided information which I used to prepare this annual report on 'Programs and Priorities'. I am privileged and proud to be a part of our city efforts in making our city what it is today.

## **Eight Important Strategies**

- Assure our City's Comprehensive Planning remains current
- Identify and address major challenges and opportunities
- Maintain and strengthen our central city
- Plan for the orderly growth of our City from the inside outward
- Provide sufficient community resources to carry out programs and priorities
- Continue to maintain and improve existing infrastructure; provide for new infrastructure as required
- Continue to deliver services and programs in a timely cost effective manner.
- Maintain proactive two-way communication with our residents and community partners.

## **Major Elements of Comprehensive Plan**

- Fire Station Master Plan
- Columbia Regional Airport Master Plan 1989
- Parks, Recreation & Open Space Master Plan

- Metro Greenbelt/Trail Plan
- City Sidewalk Plan
- City Bicycle Plan
- City of Columbia Land Use Plan - Metro 2020
- Major Thoroughfare Plan
- Consolidated Housing Plan
- Long Range Transit Plan
- Paratransit Plan
- Long Range Electrical Distribution
- Planning Report on Wastewater Collection & Treatment
- Long Range Water System Study

### **Status Report of Programs and Priorities for 2003 (last year - Not listed in priority order)**

- Increase resources for traffic management and street maintenance program
  - included in FY 04 budget
- Renovation of the City/County Sanford-Kimpton Health Facility
  - being completed in May 2004
- Expansion and rehabilitation of municipal office space in downtown Columbia
  - architectural work beginning on Howard and Gentry building only
- Prepare for a revenue bond issue ballot for the expansion of the city's water plant and system
  - completed
- Prepare for a revenue bond issue ballot for wastewater improvements
  - completed
- Finalize purchase agreement for additional power for electric utility with consideration for purchase of some green power
  - completed
- Develop finance plan for future transportation projects. Consider extending present 1/4 percent capital improvement sales tax and other sources.
  - to do
- City/State Roadway projects: (projects in bold are funded)
  - **East Broadway from Old 63 to US 63** – underway
  - **US 63/I-70 Interchange Improvements** – underway
  - Stadium Blvd from US 63 to I-70 (Lake of the Woods) - to do
  - 763 widening northward to US 63 - final design being prepared
  - Scott Blvd (State/County/City project) - concept plans completed by consultant
  - I-70 Interchange Improvements between Stadium and Perche Creek and Connecting Roadways - being studied
  - US 63 Gans Road Interchange and Connecting Roadways - concept plan completed
  - Work with MoDOT on I-70 alternatives - final planning underway
- City street projects in development: (projects in bold are funded)
  - **Green Meadows Road extension (Providence to Route AC)** - final design being completed
  - **Garth Avenue extension northward (Thurman to Blueridge Road** - 2 projects) – contracted
  - **Rollins Road (Colonial Gardens to Rothwell Heights)** - being completed
  - **Blue Ridge Road Garth to 763** - being designed
  - **Forum Blvd, continued south to Old Plank Road** - being completed
  - **Roger Wilson Drive (partially funded)** - under construction
  - **South Hampton, extend north to AC** - under design
  - Brown School Road connection from US 763 to US 63 - partially complete
  - Lemone Blvd. extension northward to Stadium Blvd. extended - concept plans completed by consultant
  - Chapel Hill Road, Scott Boulevard to Gillespie Bridge Road - partially complete
  - Mexico Gravel Road - Vandiver Interchange to Route PP - planning started
- Continue to recruit quality businesses/industry and work with other partners toward office and technology park
  - being continued
- Emergency Preparedness/Homeland Security
  - grants received, equipment, etc being delivered.
- Council adoption of updated street, sidewalk and pedway standards
  - to do
- Implement EPA Storm water Phase II Permit Requirements
  - additional contracts awarded toward storm water management

- Purchase property for future fire stations
  - two sites being negotiated
- Complete the rail terminal project which will handle containers for mid-Missouri
  - completed
- Renovation and expansion of Historical Wabash Station
  - grant/local financing completed and architect being hired
- Renovation of the Blind Boone House
  - new grants received - work underway - additional funds needed
- Restore and upgrade the MLK Jr. Memorial
  - funding obtained and work underway
- Continue budgeting \$800,000 plus for city social service funding
  - included in FY04 budget
- Continue development of the Stephens Lake Park
  - Phase I work is underway
- Initiate construction of two new softball fields at Antimi Youth Baseball Complex
  - construction underway
- Develop finance plan for future Park/Recreation purposes. Consider extension of present 1/8 percent parks sales tax for that purpose.
  - to do
- Continue to promote volunteer opportunities within the city and gifts to our city trust fund and "Share the Light"
  - ongoing programs - gifts continuing to be received
- Continue to pursue grant funding
  - substantial grant funding obtained this past year
- Update and adopt master plan for wastewater collection and treatment
  - Underway
- Promote development of city from inside outward to reduce infrastructure costs and cost of providing services.
  - voluntary annexation continuing
- Continue joint planning of the urban fringe area
  - underway by city/county planning commissions
- Complete master plan for undergrounding utilities
  - to do
- Business Loop 70 Improvements
  - sidewalk project to begin this year
- Construct a storm water detention basin in Meredith Branch drainage area
  - being designed
- Continue to promote/update City's web page and e-government services by implementing on-line utility billing option, on-line registration for Parks/Rec programs, on-line building permits and other interactive applications.
  - partially completed
- Continue implementation of West Nile Virus prevention and control program
  - doing
- Complete and implement Convention and Visitor's Bureau Master Plan Revision
  - completed
- Market composted material from landfill site
  - program has been implemented
- Assure competitive wages and benefits for city employees
  - doing with financial resources available

## **Programs and Priorities – 2004 (not in priority order)**

### **Meet the Transportation needs of the Community**

- Council adoption of updated right of way, street, sidewalk and pedway standards.
- Develop and present transportation financing plan to our voters for highest priority projects.
- Present a new list of priority transportation projects to the MoDOT.
- Update city sidewalk master plan and review policies for sidewalk construction/maintenance.
- Continue to promote use of American Connection air service at Columbia Regional Airport.
- Continue planning for meeting parking needs north of Broadway.

### **Provide for Public Health and Safety Needs**

- Develop plan for financing additional fire station and apparatus needs for the next five years.
- Purchase fire station sites.

- Implement RHAVE, a specialized fire department management information system.
- Continue to place a high priority on emergency preparedness/homeland security.
- Continue implementing the Police Department strategic plan to include a performance appraisal system related to community policing.
- Revise public health strategic plan and begin preparation for department accreditation
- Develop a chronic disease prevention and screening plan for low income and at risk populations.

#### **Provide for the Renovation and Addition of Downtown City Office Space**

- Rehabilitate the Howard and Gentry Buildings.
- Finalize financing plan for the renovation and expansion of the Daniel-Boone Building.
- Address additional interim space needs for the Police Department.

#### **Address Major Parks and Recreation Requirements**

- Update a finance plan for future implementation of the Parks and Recreation Master Plan.
- Consider extension of present one-eighth percent parks sales tax for that purpose.
- Determine the city's role and priority for the development of the Atkins/Fairground park area.
- Complete purchase of Philips Park property and purchase of Crane property for a future regional southeast park.
- Complete Phase I and plan for Phase II development of Stephens Park project.

#### **Growth Issues**

- Coordinate with Boone County Commission to standardize development policies and standards in the urbanizing area around Columbia.
- Roadway and storm water standards.
- Street/sidewalks and pedways.
- Continue policy of voluntary annexation
- Continue to promote orderly expansion from the inside outward.
- Revise procedures and requirements for planned zoning districts.
- Continue to recruit quality business/industry and work with partners toward incubator, office and technology park

#### **Utilities and Services**

- Plan for additional power source for our electric utility with consideration for purchase of some green power.
- Update and adopt master plan for wastewater collection and treatment.
- Implement EPA storm water phase II permit requirements.
- Develop priorities for underground electric utilities and a level of supportive funding.
- Integrate and coordinate our electric system with regional power grid.
- Begin discussions to extend territorial agreement between the city and Boone Electric.
- Plan for an additional cell at the landfill giving consideration to bio-reactor technology (accelerated decomposition of refuse).
- Develop plans at landfill for use of methane gas as fuel source.

#### **Communications**

- Complete implementation of on-line utility payment options, on-line building permits and other interactive applications on the city's web site.
- Conduct a second comprehensive city-wide survey.
- Expand promotion of city's web site.
- Review city policies and protocols to insure compliance with new open records legislation.

#### **Listing of 2004 Major Construction Projects**

- Renovate and provide improved facilities for our transit operation at the Wabash station using grant and local funds available.
- Water Utility - expand water plant, construct 36 inch transmission line from plant to city, northeast pumping station and continue replacing old lines.
- Wastewater Utility - continue construction of required trunk sewers, neighborhood replacement projects, and sewer line rehabilitation work.
- Continue expansion and improvements to our solid waste material recovery facility.

- Roadway Projects in development - Garth Avenue bridge over Bear Creek, Green Meadows Road, Providence to AC, Roger Wilson Drive extension in northeast Columbia, South Hampton - extension northward to AC, East Broadway from Old 63 to US 63 (city/state), US 63/I-70 interchange improvements (city/state), Route 763 widening in north central Columbia - plans to be finalized, I-70 widening through Columbia - plans to be finalized, and Blue Ridge Road - Garth to 763.
- Storm water - Meredith Branch Detention

**Other Major Priorities:**

- Continue placing emphasis on traffic management and our street maintenance program.
- Continue programs and projects to strengthen the central business district area including museum area (Boone House, Health Adventure Center), Flat branch Park, Avenue of the Columns, sidewalks and benches.
- Adopt Convention and Visitor's Bureau Master Plan Revision, including tourism development fund guidelines.
- Complete a new consolidated plan to guide the allocation of CDBG and home funds over the next five years.
- Continue to promote volunteer opportunities within the city and gifts.
- Continue to pursue grant funding.
- Continue emphasis for affordable housing.
- Continue funding and implementing 1% for the arts projects.
- Continue to fund, monitor and assist the network of social services in our community at the \$800,000 plus level.
- Continue to maintain and upgrade the central neighborhoods utilizing the neighborhood response team.
- Place additional emphasis on coordinating and providing summer youth employment opportunities.
- Continue to implement the restoration of the MLK Jr. Memorial.
- Review and revise overtime categories for classification and pay plans to comply with federal changes to the fair labor standards act.

# Expenditure Summaries

*City of Columbia*  
*Columbia, Missouri*

## OVERALL EXPENDITURES:

- ✦ **Personnel Services:** includes the addition of 25 permanent positions as well as a personnel package for existing employees of 2% merit, 3.5% COLA, and 15% increase in Health insurance rates paid by the City and employees. The 7.0% increase in this category falls within the guideline reviewed by Council.
- ✦ **Power Supply:** includes the cost the power plant must pay to purchase power. The 17.8% increase for FY 2005 includes a full year on a new contract that began in June of 2004.
- ✦ **Supplies and Materials:** No major changes.
- ✦ **Travel and Training:** FY 2005 shows a 1.2% increase which reflects a decision to hold these costs at near last year's level with the exception of a few additional requests for training during FY 2005.
- ✦ **Intragovernmental Charges:** These are charges for services between city departments. FY 2005 shows an increase of 1.1%. In several internal service fund departments, the charges were lowered so that a planned use of fund balance occurred and the resulting ending fund balance was at a level allowed by our internal service fund policy. In a few internal service funds costs increased due to higher utility costs and higher claims.
- ✦ **Utilities, Services & Miscellaneous:** FY 2005 shows an increase of 5.6%. The largest portion of this increase is for contractual work that will be done on capital projects. New funding for capital projects has increased for FY 2005 for Transportation, Airport and Sewer due to large amount of grants and capital contributions received.
- ✦ **Capital:** This category accounts for all items over \$5,000 and includes vehicles, equipment, buildings, etc. FY 2005 shows an increase of 66.3%. Most of this increase is due scheduled capital improvements and projects needed in railroad, water and electric.
- ✦ **Other:** This category accounts for non-operating types of expenses including subsidies, transfers, interest payments, and depreciation. FY 2005 shows an increase of 14.2%. Most of this increase is due to increased amounts of transfers from the Transportation Sales Tax Fund, the Public Improvement Fund and Special Road District Fund into the Capital Projects Fund to fund the capital improvement plan. An additional transfer this year was done from all departments to the Employee Benefit Fund to improve the decreasing fund balance position.
- ✦ **Operating Expenses:** include those expenses which are directly related to the fund's primary service activity. FY 2005 shows a 10.1% increase. Part of this increase is due to the implementation of the personnel package listed above. The departments with increases in operating expenses include: Electric with increases in purchased power, Public Works General Fund operations continue to emphasize street maintenance and traffic flow, increases to various departments whose supplemental items cost under \$5,000 and were moved to supplies and materials which falls into operating expenses as well as increased fuel costs and rising claims costs.
- ✦ **Non-Operating Expenses:** include those expenses incurred that are not directly related to the fund's primary service activities such as interest expense, depreciation, subsidies, and transfers. FY 2005 shows a 16.9% increase. Increased transfer amounts will come from the Transportation Sales Tax Fund, the Public Improvement Fund and Special Road District Fund into the Capital Projects Fund to fund the capital improvement plan as well as a one-time transfer from each fund to the Employee Benefit Fund to help improve that fund's financial position.
- ✦ **Debt Service:** includes those expenses incurred in the payment of long-term debt. FY 2005 shows a 1.1% decrease. This is mainly due to the decreasing number of years left to pay on our debt liability.
- ✦ **Capital Additions:** includes those expenses for items that cost over \$5,000 each (our fixed asset limit) and include the replacement of fleet vehicles and other equipment. FY 2005 shows a 2.8% decrease. Most of this decrease is in the General Fund in Police and Fire. Fire had a budget amendment in FY 2004 for the use of the homeland security grant to purchase capital items which is not reflected in 2005. Many of the Police Department items such as the replacement of mobile data terminals and are less than \$5,000 are reflected in supplies and materials instead of capital
- ✦ **Capital Improvement Plan:** FY 2005 shows a 12.9% increase. The departments with increases in their Capital Improvement Plan include: Railroad for capital projects and improvements for rail traffic, Electric with increases for their distribution expansion, Public Transportation for renovation of the Wabash Station and the Airport for rehabbing of runway 13-31.

# Overall Budget Summary

## FY 2005

### Overall Budget Summary

	Actual FY 2003	Budget FY 2004	Estimated FY 2004	Adopted FY 2005	% Change From Budget FY 2004

## Expenditures - Gov. Fund Type FY 2005

## Expenditures - Enterprise Fund Type FY 2005

## Expenditures - Internal Service Funds FY 2005

## Overall Expenditures by Fund Type FY 2005

## Financial Summary - Highlights / Significant Changes

### Governmental Fund Type

**Personnel Services 7.2% Increase:** Includes the addition of 12 permanent positions as well as a personnel package for existing employees of 2% merit, 3.5% COLA, and 15% increase in Health insurance rates paid by the City and employees.

**Utilities, Services, and Miscellaneous (15.6%) Decrease:** Most of this decrease is due to decreased funding in the Capital Projects Fund for General Government Projects for Parks and Recreation and Fire. Fire replaced a pumper and made improvements to Fire Station #1 in FY 2004. Parks and Recreation irrigated LA Nickell Golf Course in FY 2004.

**Capital and Capital Additions (20.8%) Decrease:** Most of this decrease is in Police, Fire and General Fund Public Works. Fire had a budget amendment in FY 2004 for the use of the homeland security grants to purchase additional capital items. Many of the Police Department items such as the replacement of mobile data terminals are less than \$5,000 and thus reflected in the materials and supplies category for FY 2005 and not the capital category. The Street department added a cut crew last year that was in addition to the "normal" approved capital items.

**Other 20.3% Increase and Non Operating Expenses 22.9% Increase:** This is primarily due to increases in transfers to the Capital Projects Fund to fund the capital improvement plan.

**Debt Service 1.0% Increase:** This remains relatively unchanged from FY 2004.

**Capital Improvement Plan (26.8%) Decrease:** FY 2005 includes a lower amount of new funding amount for Fire, Parks and Recreation, Streets. This is due to reduced expenditures from the 1999 Quarter Cent Capital Sales Tax ballot and reduced amount of state funds available for major street projects.

### Enterprise Fund Type

**Power Supply 17.8% Increase:** A new contract for a portion of our purchased power went into effect in June of 2004 which was significantly higher than the city's previous contract. FY 2005 will be the first full year with the new contract. A rate increase will be required in FY 2005 to partially offset this increased cost. Future increases can be anticipated.

**Utilities, Services & Misc 16.5% Increase:** primarily due to increases in contractual work that will be done on capital projects. New funding for capital projects has increased for FY 2005 in Transportation, Airport and Sewer due to large amount of grants and capital contributions received.

**Capital 113.9% Increase:** primarily due to an increased amount of new funding for capital projects and improvements in the Railroad, Water, and Electric funds.

**Capital Improvement Plan 49.8% Increase:** FY 2005 includes increases for new funding for Capital Projects in the following funds: Railroad for capital projects and improvements for rail traffic, Electric for the distribution expansion, Public Transportation for renovation of the Wabash Station and Airport for the rehabbing of runway 13-31.

### Internal Service Fund Type

**Supplies and Materials 6.9% Increase:** primarily in the Fleet Operations due to increased fleet activity and the projected increase in fuel costs.

**Utility Services and Miscellaneous 16.6% Increase:** primarily in the Employee Benefit Fund for increased medical and prescription claims costs.

**Capital and Capital Additions 6.8% Increase:** primarily in Information Services. This department plans to use Homeland Security Grant funds to purchase several drives, servers, mount and electronic door locks for security purposes.

**Other and Non-Operating 30.6% Increase:** primarily in Public Communications. The transfer from this department to the Electric Utility for video services was increased in FY 2005.

## Financial Summary - Expenditures By Fund Type

	Actual FY 2003	Budget FY 2004	Estimated FY 2004	Adopted FY 2005	% Change From Budget FY 2004

# General Government Expenditures By Function FY 2005

**General Government Expenditures By Function**

	Actual FY 2003	Budget FY 2004	Estimated FY 2004	Adopted FY 2005	% Change From Budget FY 2004
Administrative	\$ 4,899,577	\$ 5,326,657	\$ 5,210,967	\$ 5,637,309	5.8%
Public Safety	25,460,160	27,510,058	27,121,613	29,172,295	6.0%
Health & Environment	7,083,743	7,318,947	6,946,335	7,258,997	(0.8%)
Parks & Recreation	3,428,616	3,696,822	3,668,499	3,927,479	6.2%
Public Works	6,282,258	8,155,082	8,066,577	8,372,619	2.7%
Subsidies/Transfers & Other	20,575,441	23,387,944	23,378,234	28,488,135	21.8%
Debt Service	2,213,628	2,749,693	2,749,993	2,777,503	1.0%
General Gov. Capital Plan	7,813,310	15,395,308	15,395,308	11,270,476	(26.8%)
<b>Total Appropriations</b>	<b>\$ 77,756,733</b>	<b>\$ 93,540,511</b>	<b>\$ 92,537,526</b>	<b>\$ 96,904,813</b>	<b>3.6%</b>

✦ **Subsidies/Transfers & Other:** include: City General, Cultural Affairs Fund, Convention & Tourism Fund, Transportation Sales Tax Fund, 99 Quarter Cent Sales Tax Fund, Parks Sales Tax Fund, Public Improvement Fund, Special Road District Tax Fund, and Contributions Fund, 99 1/4 Cent Sales Tax Fund, Transportation Sales Tax Fund, and the Special Road District Tax Fund. The FY 2005 transfers include a significant increase in transfers into the Capital Projects Fund for projects being funded for FY 2005 along with a one time transfer into the Employee Benefit Fund to partially offset the anticipated depletion of the fund balance due to higher claims costs.

✦ **Health and Environment:** decreased due to the elimination of the smallpox grant in the Health department.

✦ **General Government Capital Plan:** decreased in Fire and Parks and Recreation due to completed projects in FY 2004. Streets also decreased due to a reduced amount of state funds being available for major street projects.

## Enterprise Fund Expenses By Fund FY 2005

### Enterprise Fund Expenses By Fund

	Actual FY 2003	Budget FY 2004	Estimated FY 2004	Adopted FY 2005	% Change From Budget FY 2004
Electric Utility Fund	\$ 73,037,406	\$ 73,854,364	\$ 74,244,952	\$ 83,976,295	13.7%
Water Utility Fund	15,536,093	21,472,679	21,871,002	22,334,001	4.0%
Railroad Fund	1,088,078	1,070,333	1,061,871	1,454,683	35.9%
Recreation Services Fund	8,082,254	7,314,763	7,062,916	7,013,268	(4.1%)
Public Transportation Fund	3,151,799	3,863,219	3,587,830	7,086,574	83.4%
Regional Airport Fund	1,800,857	1,963,867	1,868,916	3,037,296	54.7%
Sanitary Sewer Utility Fund	13,006,886	11,777,483	11,598,641	16,425,737	39.5%
Parking Facilities Fund	1,761,576	1,778,770	1,768,168	1,891,916	6.4%
Solid Waste Utility Fund	11,050,555	12,033,167	12,320,834	13,392,336	11.3%
Storm Water Utility Fund	2,258,360	1,989,896	1,866,108	1,932,835	(2.9%)
<b>Total</b>	<b>\$ 130,773,864</b>	<b>\$ 137,118,541</b>	<b>\$ 137,251,238</b>	<b>\$ 158,544,941</b>	<b>15.6%</b>

✦ **Electric Utility Fund, Water Utility Fund, Railroad Fund, Public Transportation, Regional Airport Fund, Sanitary Sewer and Solid Waste:** All have increases due to increases in the level of new funding for capital projects for FY 2005. In addition there is a substantial increase in the cost of purchased power in the Electric Fund.

✦ **Recreation Services Fund:** decrease due to the amount of debt the city is paying on and the decrease in the scheduled amount of Capital Projects for FY 2005.

## Internal Service Fund Expenses By Fund FY 2005

### Internal Service Fund Expenses By Fund

	Actual FY 2003	Budget FY 2004	Estimated FY 2004	Adopted FY 2005	% Change From Budget FY 2004
Employee Benefit Fund	\$ 9,345,216	\$ 8,053,865	\$ 9,037,955	\$ 10,156,921	26.1%
Self Insurance Reserve Fd	3,252,028	2,834,164	2,796,669	2,531,027	(10.7%)
Custodial & Bldg Maint. Fd	785,106	1,145,416	1,081,971	1,060,965	(7.4%)
Fleet Operations Fund	3,915,173	3,827,258	3,823,547	4,253,373	11.1%

Public Communications Fd	763,651	896,558	784,899	985,743	9.9%
Utility Customer Serv. Fd	1,218,299	1,355,490	1,440,288	1,504,058	11.0%
<b>Total</b>	<b>\$ 22,437,551</b>	<b>\$ 21,702,243</b>	<b>\$ 22,525,370</b>	<b>\$ 24,383,006</b>	<b>12.4%</b>

✦ **Employee Benefit Fund:** increase due to significant increase in medical and prescription claim costs.

✦ **Self Insurance Reserve Fd:** decrease in the cost of excess general liability coverage after several years of increases.

✦ **Fleet Operations Fund:** the increase reflects increased fleet activity along with increased fuel costs.

✦ **Utility Customer Services Fund:** the increase is due to more emphasis being placed on our after hours answering service and an increase to bad debt expense as we attempt to improve our collections on accounts with non-metered service.

(THIS PAGE INTENTIONALLY LEFT BLANK)

# Overall Revenue Summaries

*City of Columbia  
Columbia, Missouri*

## OVERALL REVENUES:

- ✦ **Property Taxes:** The growth in Property Taxes is shown to be 4.0% over Estimated FY 2004. The growth of assessed valuation of real property is projected to be 5%, which is the same as in 2004. Personal property tax revenue is projected to be flat based on preliminary assessed valuation data. The General Fund rate will remain at \$0.41 per \$100 assessed value as it has since 2002. There is no G.O. Bond levy.
- ✦ **Sales Taxes:** The growth in Sales Taxes is projected at 4.5%. The projected rate of increase is higher than it has been in the past couple of years. While the actual growth rate of Sales Taxes from FY 2002 to FY 2003 was 2.88%, the current trend has indicated strong sustained growth for the past 6 months. City staff continues to be cautiously optimistic about the increases we are currently experiencing in sales taxes. At this time, the projected estimated increase reflects new projections based on the current trend.
- ✦ **PILOT:** (Payment-In-Lieu-Of-Taxes) The Water and Electric Fund pays the General Fund annually an amount substantially equivalent to the 7% gross receipts taxes and property taxes which would be paid if the utilities were owned privately. PILOT payments are projected to grow at 8.3% over Estimated FY 2004 based upon recent growth trends, and the proposed rate increases in the Electric and Water Utilities.
- ✦ **General and Administrative Fees:** (G&A) The City charges proportionately for all services performed by General Fund departments for enterprise, internal services, and other City funds. The charges are computed on the basis of an estimated allocation of time the various City departments contribute for servicing these funds. Beginning in FY 2001, we added an additional component to this fee calculation which collects from some of our other city-owned utilities (Sewer, Solid Waste, and Storm Water) a payment-in-lieu-of-taxes equal to the amount they would pay in property taxes. G&A Fees are projecting a 1.3% increase over Estimated FY 2004.
- ✦ **Grants:** The decrease of 36.3% is due to the reduced amount of funds made available for major street projects and the elimination of the smallpox grant in the Health department.
- ✦ **Capital Contributions:** The increase of 225.5% reflects the amount of new capital grant funds in Airport to refurbish an existing runway, Public Transportation to construct new bus shelters and in Sewer for donated sewer lines.
- ✦ **Interest:** Interest earnings are shown on a GAAP basis which requires an adjustment for unrealized gains and losses. Without this adjustment interest earnings for FY 2003 would have been \$5,737,034. There is no way to accurately predict the amount of this adjustment for FY 2004 and FY 2005 therefore, no adjustment is reflected. Interest earnings have decreased 15.1% for FY 2005 due to smaller cash balances and continued low interest rate projections.
- ✦ **Transfers:** These include both subsidies and transfers between funds. FY 2005 reflects a 25.5% increase. This is primarily due to a larger number of transfers going into the Capital Projects Fund to fund General Government capital projects. Increases in General Fund subsidies also account for a portion of this increase.
- ✦ **Other Local Revenues:** include Licenses and Permits, Fines, Governmental Fees and Charges, and Miscellaneous Revenues such as Auction Revenues the City receives when it sells its' old vehicles and equipment and purchases new items. For FY 2005, Other Local Revenues are showing a decrease of 16.8%. This decrease is primarily in revenues for Capital Projects and Developer Contributions.
- ✦ **Appropriated Fund Balance:** Due to careful analysis and a close watchful eye on expenditures and revenues for FY 2003 and estimated FY 2004, the appropriated fund balance is higher for FY 2005.
- ✦ **Enterprise Fund Fees:** These are fees charged to users for utility and other types of services. The 9.4% increase for FY 2005 reflects a growing number of customers as well as rate increases proposed in Water, Electric and Sewer.
- ✦ **Internal Service Fund Fees:** These are fees charged for providing services to other city departments. The 7.8% increase reflects increased medical and prescription costs and projected fuel costs.

## GENERAL FUND REVENUES:

The City of Columbia receives revenues from a number of sources, including Property Taxes; Sales Taxes; Other Local Taxes; PILOT; General and Administrative (G&A) Fees; Grants; Interest Revenue; Transfers; Franchises, Licenses and Permits; Fines, Fees, Service Charges, Miscellaneous Revenues, and Appropriated Fund Balance.

Some of the City's major revenue sources include: Sales Taxes, Transfers, PILOT, Other Local Taxes, and G&A Fees. Revenues highlighted below are those which are shown to change significantly from Estimated FY 2004 to Adopted FY 2005.

✦ **Property Taxes:** The growth in Property Taxes is shown to be 4.0% over Estimated FY 2004. The growth of assessed valuation of real property is projected to be 5%, which is the same as in 2004. Personal property tax revenue is projected to be flat based on preliminary assessed valuation data. The General Fund rate will remain at \$0.41 per \$100 assessed value as it has since 2002. There is no G.O. Bond levy.

✦ **Sales Taxes:** A 1% general sales tax is levied on all persons selling tangible personal property or rendering taxable services on a retail basis within the City limits. The City's General Fund receives 95.9% of the 1% gross receipts received from the State, and the General Fund percentage has remained the same since FY 2001. The other 4.1% of the 1% received goes to the Public Improvement Fund. The FY 2005 General Fund Sales Tax is shown to increase 4.5% over Estimated FY 2004. The actual growth rate from FY 2002 to FY 2003 was 3.18%. The growth rate in our sales tax had been decreasing for the past several years and is closely watched by staff since it is a major revenue source of the General Fund. However, the current trend has indicated strong sustained growth for the past 6 months. City staff continues to be cautiously optimistic about the increases we are currently experiencing in sales taxes. At this time, the projected estimated increase reflects new projections based on the current trend.

✦ **Other Local Taxes:** These include the gasoline tax, cigarette tax, and motor vehicle taxes.

◇ **Gasoline Tax** provides for the construction and maintenance of highways. The rate is 17 cents per gallon. The FY 2005 amount is projected to remain the same as the Estimated FY 2004 amount of \$2,400,000. This estimate is in line with the Actual FY 2003 amount of \$2,364,583.

◇ **Cigarette Tax** of 10 cents per package is collected on each package by the wholesaler. The FY 2005 amount is projected at the same amount as Estimated FY 2004. This is still slightly lower than the Actual FY 2003 amount. Since FY 2001, we have observed a decline in the amount of cigarette tax revenues received; therefore, our projections for next year remain conservative.

◇ **Motor Vehicle Tax** includes 1 1/2 cents per \$1.00 vehicle cost and \$12.50 of the license plate fee. The FY 2005 amount projects a 1% growth over Estimated FY 2004 which is based on current trends. This amount is higher than the FY 2003 actual amount due to the turn around we are experiencing in the economy and the increase in the sale of vehicles.

✦ **PILOT:** (Payment-In-Lieu-Of-Taxes) The Water and Electric Fund pays the General Fund annually an amount substantially equivalent to the 7% gross receipts taxes and property taxes which would be paid if the utilities were owned privately. PILOT payments are projected to grow at 8.3% over Estimated FY 2004 based upon recent growth trends, and projected rate increases in the Electric Utility and Water Utility.

✦ **General and Administrative Fees:** (G&A) The City charges proportionately for all services performed by General Fund departments for enterprise, internal services, and other City funds. The charges are computed on the basis of an estimated allocation of time the various City departments contribute for servicing these funds. Beginning in FY 2001, we added an additional component to this fee calculation which collects from some of our other city-owned utilities (Sewer, Solid Waste, and Storm Water) a payment-in-lieu-of-taxes equal to the amount they would pay in property taxes. G&A Fees are projecting a 1.3% increase over Estimated FY 2004.

✦ **Grants:** Grants are shown to decrease by 5.4% from Estimated FY 2004 due to the reduction in state and federal grants and specifically the elimination of the smallpox grant in the Health department.

✦ **Interest:** Interest earnings are shown on a GAAP basis which requires an adjustment for unrealized gains and losses. Without this adjustment, interest earnings for FY 2003 would have been \$561,595. There is no way to accurately predict the amount of this adjustment for FY 2004 and FY 2005. therefore, no adjustment is reflected in those years.

✦ **Appropriated Fund Balance:** Due to careful analysis and a close watchful eye on expenditures and revenues for FY 2003 and estimated FY 2004, the appropriated fund balance is higher for FY 2005.

## ENTERPRISE FUND REVENUES:

The City of Columbia has ten enterprise funds that generate a total of \$129,845,072 in revenues and \$130,479,173 in expenses (not including capital additions or capital project amounts). The City provides the following utilities to its citizens: Electric, Water, Storm Water, Sewer, and Solid Waste collection. The City's other enterprise activities include Railroad, Public Transportation, Regional Airport, Parking, and Recreation Services.

Some of the City's major enterprise sources include: Sales of Electric and Water, Solid Waste Collection Charges, and Sewer Charges. Revenues highlighted below are those which are shown to change significantly from Estimated FY 2004 to Adopted FY 2005.

- ✦ **Electric Fund:** The sale of electricity is a major revenue source for this fund. There are approximately 40,000 customers that receive electricity from the city. The growth rate in new customers is about 2.6% per year. The major sources of electric revenue are as follows: Residential Sales (36%), Commercial and Industrial Sales (54%), and Sales to Public Authorities (10%). There is a 9% increase in revenue from the rate change proposed for FY 2005. Peak summer for electric usage requires the purchase of additional electric capacity and expensive energy. The new rate structure is designed to send a price signal that helps consumers recognize the need to implement summer conservation measures.
- ✦ **Water Fund:** The sale of water is the major revenue source for this fund. There are approximately 39,000 customers that receive water from the City. The growth rate in new customers is about 3.2% per year. A 7.5% increase in revenue from the rate change is proposed to address debt service requirements and to meet the capital requirements of the fund.
- ✦ **Railroad Fund:** Rail traffic is experiencing growth due to the opening of the new rail terminal. An increase in the budget for capital Improvements is due to increased rail traffic.
- ✦ **Recreation Services Fund:** This fund provides various recreational services for which participants are charged fees. These fees are expected to recover only a portion of the cost of providing the activity. The remaining revenue comes in the form of subsidies and transfers from the General Fund and the Parks Sales Tax Fund. Fee increases are proposed for FY 2005 for golf and adult sport activity fees.
- ✦ **Public Transportation Fund:** Revenues have been increased due to the City receiving additional FTA grants. This revenue will be used to build additional bus shelters/benches, refurbish and expand the Wabash Station, and upgrade (22) GFI Fareboxes.
- ✦ **Regional Airport Fund:** Revenues were received from the FAA grant to purchase land and rehab runway 13-31 for FY 2005.
- ✦ **Sanitary Sewer Fund:** Sewer charges are the major revenue source for this fund. There are approximately 36,500 sewer utility customers. A 4.0% rate increase is proposed for FY 2005 to pay for the 2003 voter approved ballot issue revenue bonds used to fund capital improvements.
- ✦ **Parking Fund:** Parking fees are charged to users of the City's garages, surface lots, and metered parking. A fee increase was implemented in FY 2002. No fee increase is proposed for FY 2005.
- ✦ **Solid Waste Utility Fund:** There are about 36,500 Solid Waste utility accounts served by the City. The average residential rate per month is \$11.17 for a single family. Revenue generated from both residential and commercial collection charges amounts to about 61% of the total refuse revenues. Landfill fees, which are \$32.50/ton, amount to 18% of total revenues. There are no proposed fee increases for FY 2005.
- ✦ **Storm Water Fund:** Storm water fees paid by utility customers as well as development charges are the major revenue sources for this fund. FY 2005 revenues reflect a 5.2% decrease in total revenues from Estimated FY 2004. Most of this decrease is in non-operating revenues.

## Enterprise Fund Revenues By Fund FY 2005

### Enterprise Fund Revenues By Fund

	Actual FY 2003	Budget FY 2004	Estimated FY 2004	Adopted FY 2005	% Change From Estimated FY 2004

<b>Total</b>	<b>\$ 117,539,128</b>	<b>\$ 115,901,831</b>	<b>\$ 116,552,769</b>	<b>\$ 129,845,072</b>	<b>11.4%</b>

## INTERNAL SERVICE FUND REVENUES:

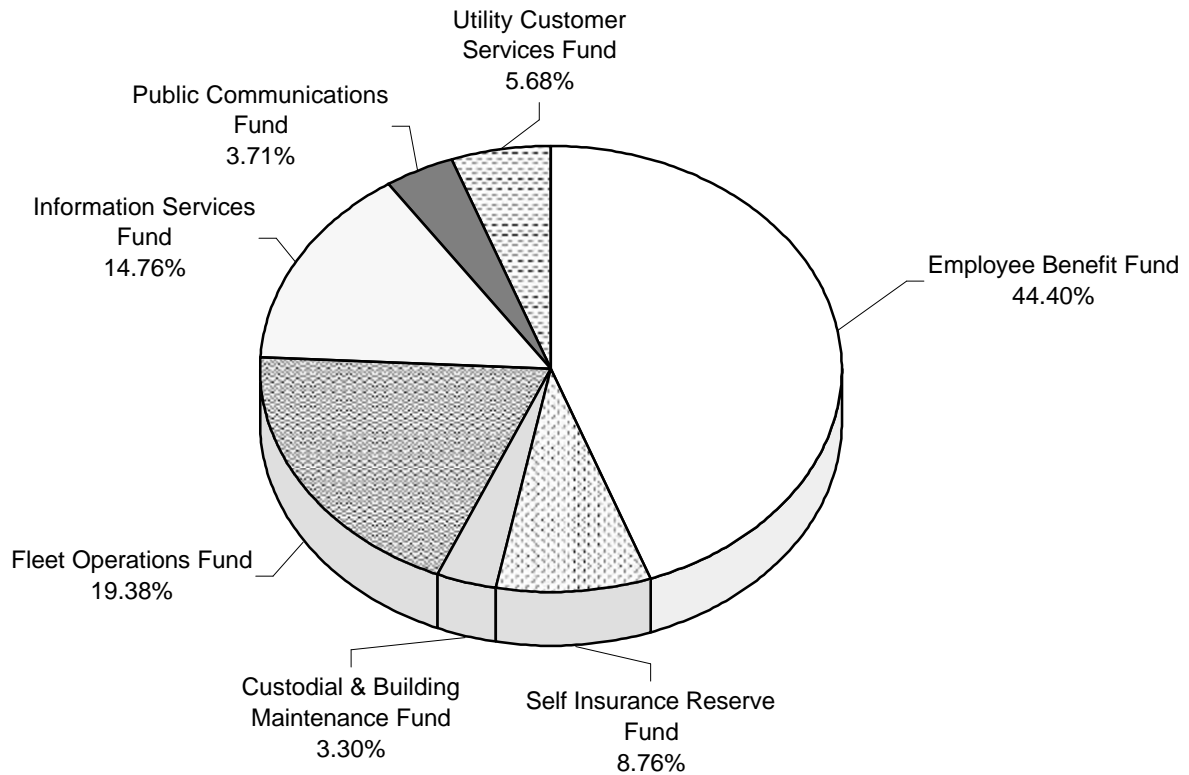

The City of Columbia has seven internal service funds that generate a total of \$21,969,072 in revenues and \$23,682,300 in expenses (not including capital addition and capital project amounts). Once again, several of the fees charged by these departments have been adjusted to reflect an adjustment for net income added over the past four years. In these funds, there will be a planned use of fund balance to reduce the ending fund balance down to a level allowed by our internal service fund policy. These seven funds include: Employee Benefit Fund, Self Insurance Fund, Custodial and Building Maintenance Fund, Fleet Operations Fund, Information Services Fund, Public Communications Fund, and the Utility Customer Services Fund.

Below are revenue highlights for these funds.

- ✦ **Employee Benefit Fund:** This fund is used to account for the City of Columbia's self insurance program for health, disability, and life insurance for covered City employees. In addition, charges for Employee Health/Wellness (which consists of physicals, drug testing, Hepatitis B shots, etc.), employee recognition and post employment health benefits are included in this fund. In FY 2005 the fund shows a 25.9% increase which includes an increased number of participants as well as the proposed health insurance rate increase.
- ✦ **Self Insurance Reserve Fund:** This fund is used to account for the reserves established and held in trust for the City's self insurance program, and to account for the payment of property and casualty losses, and uninsured workers' compensation claims. The 4.6% increase in FY 2005 revenues over Estimated FY 2004 is due to the increased amount collected from the other departments to pay for the ever increasing premiums paid by this fund.
- ✦ **Custodial and Building Maintenance Services Fund:** This fund provides janitorial and building maintenance services to the other city departments. FY 2005 revenues reflect an 0.8% increase. This fund has continued to increase its fund balance over the past few years. As mentioned above, we reduced the amount to be recovered resulting in a planned use of fund balance and an ending fund balance that would be at a level allowed by our internal service fund policy.
- ✦ **Fleet Maintenance Fund:** This fund provides equipment maintenance and repair operation for Public Works and other user departments. Departments are charged a shop labor rate. This rate is proposed to remain the same at \$42 for FY 2005. This fund also provides a fueling station for many of the departments. A 6.8% increase in total revenues is projected due to increased fleet activities and the rising cost of fuel.
- ✦ **Information Services Fund:** This fund provides computer services to the other city departments including the support and administration of the AS/400 midrange computer, a Wide Area Network (WAN), Local Area Networks (LAN), telecommunications (PBX), personal computers, and workstations. Fees are assessed based upon each department's usage of the AS 400 and the number of computer workstations for all departments. The revenues for FY 2005 reflects a 7.6% increase due to receiving a large Homeland Security Grant used to purchase several drives, servers, mounts and electronic door locks for security purposes.
- ✦ **Public Communications Fund:** This fund provides public communications, web communications/electronic government, printing services, and mail services. FY 2005 revenues reflect a 1.8% increase.
- ✦ **Utility Customer Services Fund:** This fund charges various City departments for billing the following types of utilities: waster, electric, sanitary sewer, solid waste, and storm water. FY 2005 revenues reflect an 0.8% increase.

The rates charged to the user departments are adjusted, as needed, to cover the costs of providing the goods and services. An initial rate is set at the beginning of the budget process and then it is reviewed during the budget process to ensure that the Internal Service Funds are able to recover their operating costs.

## General Government Fund Balance

**General Fund** -The City of Columbia has consistently been able to utilize balances from previous years from unspent appropriation and revenues in excess of budget as a funding source in its budget process as “Appropriated Fund Balance”. Tight budgetary controls and prudent revenue estimates have resulted in actual expenditures averaging between 96 % and 98% of budget and actual revenues averaging between 102% and 104% of budget. The City will only budget the amount of fund balance that will maintain the 16% of expenditure threshold required by City Council Policy Resolution. The chart below depicts the last 10 years use of fund balance.

**Special Revenue Funds** - The budgets for the City’s Special Revenue Funds can vary greatly from year to year. By nature these funds are restricted for special use and will often allow a portion of these funds to accumulate until such time as sufficient resources are available for projects, typically capital projects. Then funds will be transferred out and a reduction in fund balance will occur.

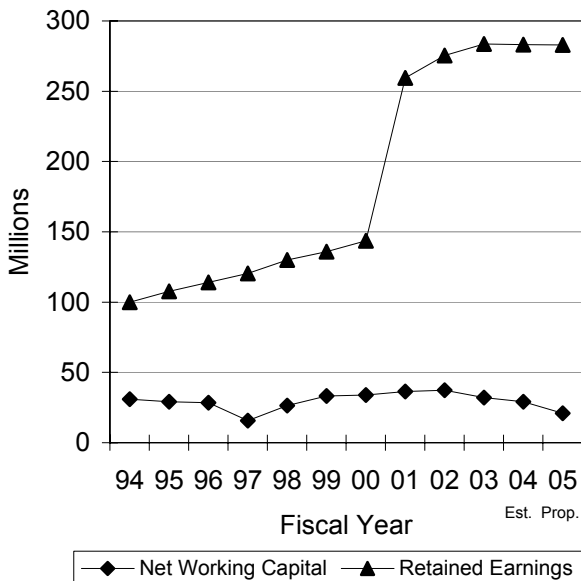

**Debt Service Funds** – Funds may accumulate or be utilized in any given budget year to meet the requirements for debt service reserves as outlined in various bond ordinances.

**Capital Projects** – The City will periodically budget funds that have accumulated from interest earnings or closed out/completed projects. The City does not allocate interest earnings to each project during their construction.

### General Fund

Fiscal Year	Revenues	Expenditures	Unreserved, Undesignated Fund Balance	Fund Balance as a % of Expenditures
1994	\$34,412,828	\$32,382,118	\$6,665,115	20.58%

2005 <b>prop</b>	\$59,408,227	\$59,408,227	\$9,487,172	15.97%

## Net Working Capital and Retained Earnings/Net Assets Enterprise Funds

## Enterprise Funds

User charges/rates are set in the City's Enterprise Funds to recuperate the costs of providing service and provide sufficient funds for the capital needs of the enterprise. The City also attempts to avoid significant rate increases in any given year. Periodically major changes in the cost of operations or major capital expansion will require large rate increases to cover these costs. The City has taken the approach where sufficient balances exist, to phase in these increases over a period of several years to minimize the effects on our citizens. The noticeably large increase in retained earnings from 2000 to 2001 is due to GASB 34 which required the City to include contributions in Net Assets. The City also adjusted its capitalization threshold during this time frame.

## Internal Service Funds

User charges/rates are set in the City's Internal Service Funds to recuperate the costs of providing service and provide sufficient funds for the capital needs of the operations. It has been typical for these funds to accumulate retained earnings over the years due to the fact that they are able to operate without expending their entire budget. When an internal service fund has accumulated excess retained earnings, the City will adjust the rate calculation for the three-year average of net income or loss. This allows the City to maintain appropriate levels of retained earnings without large swings in the rates charged out to departments in any given year. The noticeably large increase in retained earnings from 2000 to 2001 is due to GASB 34 which required the City to include contributions in Net Assets. The City also adjusted its capitalization threshold during this time frame.

## FUND DESCRIPTION

The General Fund is used to finance and account for a large portion of the current operating expenditures and capital additions (not capital improvements) of City Government. The General Fund is one of the largest and most important of the City's funds because most governmental programs (Police, Fire, Public Works, Parks and Recreation, etc.) are generally financed wholly or partially from it. The General Fund has a greater number and variety of revenue sources than any other fund, and its resources normally finance a wider range of activities.

## DEPARTMENT EXPENDITURES

**DEPARTMENT DESCRIPTION**

City General is the part of the budget where non-departmental expenditures are located. These include various subsidies and transfers as well as other items which are not related to a specific department.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

The subsidies to Recreation Services, Cultural Affairs, and Contributions Funds have been increased from FY 2004. The following amounts have been set aside for specific purposes: Council Reserve of \$55,300, Contingency of \$100,000, General Government Reserve of \$150,000, Grant Reserve of \$50,000, and \$36,000 for grant writing activities. This division also includes \$25,000 set aside to cover shared costs at the newly opened Sanford-Kimpton Health Facility. The council can still spend the \$55,300 Council Reserve and still maintain a 16% fund balance.

A transfer to the Employee Benefit Fund is being done to improve its financial position. Each fund is making a transfer to the Employee Benefit Fund based on the number of employees in that fund.

**SUBSIDIES, TRANSFERS, AND OTHER (DETAIL)**

	<b>Actual FY 2003</b>	<b>Budget FY 2004</b>	<b>Estimated FY 2004</b>	<b>Adopted FY 2005</b>	<b>Percent Change</b>

**DEPARTMENT DESCRIPTION**

The Mayor and City Council act as the legislative and policy making body for the City of Columbia. Operating under a home rule charter, the Council uses various voluntary citizen boards, commissions, and task forces as well as public hearings in the development of City policy matters. According to the City Charter, the City Council is responsible for the appointment of the City Manager, City Clerk, and Municipal Judge.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

There are no significant changes in this budget for the coming year.

**AUTHORIZED PERSONNEL**

**Actual  
FY 2003**

**Budget  
FY 2004**

**Estimated  
FY 2004**

**Adopted  
FY 2005**

There are no personnel assigned to this budget, however, there are 7 volunteer staff members - 1 Mayor and 6 Council members.

(THIS PAGE INTENTIONALLY LEFT BLANK)

**DESCRIPTION**

To effectively represent the citizens of Columbia, formulate and enact public policy which addresses the needs of the community, and provide community leadership to all citizens.

**HIGHLIGHTS/SIGNIFICANT CHANGES**

There are no significant changes in this budget for the coming year.

**DEPARTMENT DESCRIPTION**

The City Clerk's office serves as the depository for all official records of the City, and the Clerk certifies City records for the courts, City departments, and citizens. The Clerk's office serves as a center for citizen inquiry, proclamation preparation and signing, and personal appearance requests. The Clerk maintains membership rosters for all boards and commissions. The City Clerk also acts as secretary to the Board of Adjustment.

**DEPARTMENT OBJECTIVES**

Maintain and provide access to official city documents in the most expedient and efficient manner; and to expeditiously respond to the citizenry, City Council, Boards and Commissions, and City staff requests for services as provided by this department.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

There are no significant changes in this budget for the coming year.

**DESCRIPTION**

This budget provides funds from which the County Clerk is reimbursed for the costs incurred in conducting City elections.

**HIGHLIGHTS/SIGNIFICANT CHANGES**

A significant increase is reflected in FY 2005 due to the increase special election cost in November. This increase cost is occurring due to fewer entities with issues on the ballot to share the cost. The council received three petitions for voter-initiated issues to be placed on the November ballot.

**DEPARTMENT DESCRIPTION**

The City Manager's Office is responsible for the general administration of the City of Columbia, an annual statement of City programs and priorities, preparation of the annual budget, and 5-year capital improvements plan, preparation of Council agendas and special staff reports, and program coordination and development. The City Manager is directly responsible to the City Council for the proper administration of all the City affairs as well as implementation of policies and programs adopted by the Council. The City Manager attends all Council meetings and Council work sessions. The City Manager appoints all officers and employees of the City except for the City Clerk and Municipal Judge. Appointment of subordinates is generally delegated to the appropriate Department Director.

**DEPARTMENT OBJECTIVES**

(1) Provide effective and efficient delivery of services to residents; (2) Enhance communication with City Council and citizens; (3) Provide necessary written and verbal information to assist the City Council in setting policy for the needs of the citizens; (4) Provide timely responses to Council and citizens inquiries; (5) Prepare and monitor annual operating and capital budget and keep the Council advised of the financial conditions of the city; (6) Implement policies authorized by the City Council; and (7) Exercise direction over all municipal day-to-day operations of the city.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

There are no significant changes in this year's budget.

## FINANCE DEPARTMENT - SUMMARY

### DEPARTMENT DESCRIPTION

The Finance Department is responsible for the administration, direction, and coordination of all financial services of the City involving financial planning, budgeting, treasury management, investments, purchasing, accounting, payroll, business licensing, risk management, and utility customer services.

### DEPARTMENT OBJECTIVES

**General Finance Activities:** The Finance Department will provide the support necessary to allow the City to conduct business in an efficient and effective manner. This includes performing the day to day processing activity, providing accurate and timely management information, external financial reports that adhere to professional standards, and managing the city's capital needs through investing and borrowing activities. In addition, the Finance Department is responsible for ensuring the City adheres to all federal, state and local requirements that relate to purchasing, budgeting, and related activities.

**Business License:** Extensive monitoring and enforcement of all business licenses and other licenses and permits, as well as cigarette and hotel/motel taxes and regulations, required by City ordinance; and revising the existing ordinances to ensure all applications are processed in the most efficient and effective manner.

**Risk Management:** Maintain adequate protection for the City through the self-insurance fund for property, casualty and Worker's Compensation; and obtain adequate straight insurance coverage for Boiler and Machinery, Airport, Railroad, and the Health Department.

**Utility Customer Services:** Provide accurate and timely billing for city utilities, (electric, water, sewer, solid waste and storm water); effective handling of inquiries and complaints handled in person and by phone; set up payment arrangements for customers with delinquent bills; and provide information to customers needing utility assistance.

### DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

During FY 2005 the Finance Department will continue to monitor and evaluate the City's financial condition and internal controls. A major review of policies and procedures will be conducted with the implementation of an accounting pronouncements required by the Governmental Accounting Standards Board (GASB). The department staff will continue to work towards enhancing its e-government presence on the City's website.

**DESCRIPTION**

The Finance Department is responsible for the administration, direction, and coordination of all financial services of the City involving financial planning, budgeting, treasury management, investments, purchasing, accounting, payroll, business licensing, risk management, and utility customer services. With the exception of Utility Customer Services and Self Insurance, which are budgeted in other funds, all Finance Divisions are budgeted and accounted for in the General Fund.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Emphasis for FY 2005 will be to increase the City's internet capabilities through on-line transaction processing by completing the implementation of on-line processing of payments for utility billing information. The Finance Department will be working with other City staff to develop a financing strategy, and assist in the preparation of the capital improvement sales tax and parks sales tax ballot issues. This department will assist in the implementation of the Capital Improvement Plan through the tracking of projects, monitoring of cash flows, and the execution of the short and long term debt programs necessary to fund the Plan. Staff will continue to work to improve reporting and customer service, with emphasis on providing information through the internet and other technology to more efficiently perform functions.

**City of Columbia - Finance Department General Fund**  
34.25 FTE Positions

\* Position split between Business License & Administration.

**DESCRIPTION**

This Division is primarily responsible for the administration, direction, coordination, and supervision of all financial functions and operations for the City, including preparation of the Annual Operating Budget, the five-year Capital Improvement Program and the Ten Year Trend Manual. Duties include providing overall direction to Division heads and personnel involved with Administration and Planning, Accounting, Purchasing, Business License, Risk Management, Treasury Management, and Utility Customer Services. Additional duties include providing expertise and technical coordination of new bond requirements, providing recommendations to the City Manager on short-and long-range fiscal policy, and representing the City at public functions involving financial considerations.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Planning emphasis will be to improve all financial activities of the City by overseeing the utilization of enhanced functions offered by use of the internet; perform the tasks of researching the City's financial status for the sale of debt; and continue updating the City's manuals and monitoring reports to enable better evaluation of its financial condition. Staff will continue to review pertinent sections of the City Code of Ordinances to identify areas of improvement in an effort to provide customer service to the citizens of Columbia in the most effective and efficient manner.

**DESCRIPTION**

This Division is responsible for the cash management and investment of all City funds. Specific duties include management of investment portfolios for Pooled Cash, the Self-Insurance Reserve Fund, and Police and Firefighters' Retirement Fund; oversight of cashiering operations; management and oversight of banking and custodial services; coordination of debt issuance and debt service; and coordination of the 401A retirement plan.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The banking functions underwent dramatic technology improvements during the last year. Manual and paper processes were replaced with online processes and communication, thereby creating greater efficiency and meeting growing workloads with existing staff. Payment mechanisms designed to enhance customer convenience will receive greater focus in the next year. The exponential growth in online payments from 3rd party services has placed demands on staffing levels and offset the workload saved through technological improvements. In FY 2005 we will be implementing technology that will reduce paper processing by converting checks into electronic ACH files.

**DESCRIPTION**

The Purchasing Division provides centralized control over the procurement of materials, equipment, and services for all departments, offices, and agencies of the City. Purchasing is responsible for setting standards and specifications for items to be purchased; for advertising and tabulation of bids; assisting departments in obtaining contracts for services; preparation and issuance of purchase orders, materials management, and fixed asset inventory; and supervising the transfer or disposal of all surplus materials, supplies, and equipment.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Planning emphasis for FY 2005 will be on the continued consolidation of materials and services and standardization of specifications. Policies and procedures will be closely examined to ensure that commodities and services are obtained by the most efficient, effective and economical means possible. Purchasing will administer over 250 annual contracts, process an estimated 3,900 purchase orders, 1,500 change orders, 290 formal bids and 180 informal bids at a value of approximately \$39 million. With implementation of the Procurement Card system having been completed, a travel card system will be proposed for employees who must travel frequently as a part of their official duties and for other employees who incur travel expenses frequently. During FY 2004, an online registration process was begun to allow vendors to receive notices of bids electronically, thus significantly reducing the cost of preparing, duplicating and mailing bids. This system will be further developed during FY 2005 so that all formal bids are distributed electronically to registered vendors.

**DESCRIPTION**

The Business License Division is responsible for processing and issuing licenses and permits which include business and alcoholic beverage licenses, armed guard and security guard licenses, private detective licenses, taxi and limousine licenses, chauffeurs/taxi drivers permits, solicitors permits, animal licenses, and various other permits and licenses. Additional duties include the enforcement of the provisions of the Code of Ordinances which pertain to these licenses and permits, as well as administering the collection of cigarette and hotel/motel license taxes. Additional responsibilities include providing consumer protection against non-regulated operations in Columbia, the inspection and enforcement of garage sales and special permits, and the monitoring of payment of sales tax to the City by retail businesses prior to the renewal of a City business license.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Planning emphasis for FY 2005 will be to continue extensive monitoring and enforcement of all provisions of the City Code of Ordinances pertaining to business and alcoholic beverage licenses, hotel/motel license taxes, cigarette taxes and all other licenses and permits required by City ordinance. Additional planning emphasis will be placed on revising the existing licensing ordinances to provide a more efficient and effective licensing process.

**City of Columbia - Finance Department Utility Customer Services**  
**12.00 FTE Positions**

\* Position not included in Utility Customer Services's FTE count.

**DESCRIPTION**

The Utility Customer Services Division (UCS) is responsible for all billing related activities for the City's electric, water, sewer, solid waste, and storm water enterprise activities. As the City's primary interface to the customers, UCS staff handles all inquiries and service orders from customers and related City departments in an efficient and customer friendly manner. Our goal is to make it easy for our customers to interact with UCS and the City of Columbia.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Monitor and further develop "After Hours Answering Service" for calls from Utility Customers to the Power Plant.  
 Monitor and further develop outsourcing of mail stuffing and mailing process to AAA Mailing.  
 Continue series of monthly Customer Service Workshops to train Representatives to deal with threatening abusive customers. We will also focus on improving service to all of City of Columbia customers.  
 Continue training through Sungard HTE.  
 Continue development of a Training Manual for new employees.  
 Continue Desk Documentation Manuals which document all of UCS work processes.  
 Resume Audit group meetings to address ordinance changes for residential and commercial deposits.  
 Liaison with Information Services and Sungard HTE to convert expensive "mods" to base. This will save money and time for IS and allow HTE to fully support the Customer Information Systems (CX) program.

# City of Columbia - Finance Department Self-Insurance Fund

2.00 FTE Positions

\* Position not included in Self-Insurance's FTE count.

**DESCRIPTION**

The Self-Insurance Reserve Fund accounts for the transactions and reserves associated with the City's Self-Insurance Program. This program provides coverage for the City's workers' compensation, and property and casualty claims. Claims administration is managed by the City Finance Department.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The Risk Management division continues to emphasize loss prevention and claims administration in an effort to minimize the frequency and severity of claims. The Risk Manager, with the City's Executive Safety Committee, identify employee safety training needs, work to improve City wide safety programs and strengthen claim policies and procedures. Employee Safety training during FY04 included Slip, Trip, and Fall Prevention, Supervisor Safety Training, Safe Food Handling, and Back Wellness and Safety. City insurance coverages are continuously reviewed to provide the best protection at the most economical cost.

**DEPARTMENT DESCRIPTION**

The Human Resources Department is responsible for coordinating the efforts of all City departments in the recruitment, selection, hiring, evaluation, promotion, training and development of a diverse staff of qualified and dedicated employees to serve the citizens of Columbia. General pay and benefits administration, employee health and wellness programs, and drug and alcohol testing are also the responsibility of the Department.

**DEPARTMENT OBJECTIVES**

Assist all departments in recruitment and selection of qualified individuals to staff City positions. Provide employees evaluation, training and development opportunities that will increase retention, provide upward mobility and create high morale, and that are designed to reduce turnover in a labor market with a low unemployment rate. Provide accurate management information on compensation and benefit issues, and recommend strategies for pay and benefit plans that provide appropriate overall compensation to employees and control costs to the City. Manage the Employee Benefit Fund and the insurance and benefit programs funded in that budget. Those programs include health, dental and prescription drug insurance, life insurance, long term disability insurance and employee recognition. Provide employee health and wellness programs for City employees. Administer drug and alcohol testing for new and federally-mandated employees. Assist all departments in complying with federal, state and local employment laws, policies and procedures.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

The Department became responsible for management of the Employee Benefit Fund, and health/dental, life and long-term disability insurance programs in mid-FY 1999. A comprehensive review of the entire health care plan and administration was conducted in FY 2003 and FY 2004, addressing issues of plan cost, plan design, administrative services and network design. A new third party administrator and provider network were selected to process medical and dental claims. The Employee Benefit Committee, established in FY 2003, provided employee input in the review process. An additional benefit review will be conducted in FY 2005 to address plan cost and plan design issues.

HIPAA compliance, FLSA overtime rule changes, and administrative rule revisions will be priorities this year. Recruitment and retention strategies will be reviewed and modified where needed to reduce turnover, and to attract and retain qualified minorities and females. Employee training and employee benefit education program development will be emphasized.

The Employee Health and Wellness Unit was incorporated into the Department in FY 2000, and program emphasis is on safety, screening and illness prevention, and disease management programs for City employees. Access to health screening services for all employees will be added in FY 2005. Drug and alcohol testing for new and federally-mandated employees will continue, and appropriate training will be provided to supervisors on federal, state and local laws and policies.

## DEPARTMENT DESCRIPTION

The Law Department is charged with managing all litigation in which the City is a party and advising the Council, the City boards and commissions, the City Manager, and department directors on legal matters. The Department is composed of two divisions: the City Counselor and staff manage the civil law of the City, and the City Prosecutor prosecutes ordinance violations.

## DEPARTMENT OBJECTIVES

The Law Department's primary objective is to assist the Council, Manager and City departments in setting and meeting their objectives by providing high-quality legal support services.

## DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The addition of funds for increasing the temporary prosecutor hours as well as the addition of a permanent Administrative Support Assistant II in the Prosecutor's office will greatly assist with an ever growing caseload.

**DESCRIPTION**

The City Prosecutor handles the prosecution of city ordinances. This involves arraignments in Municipal Court, Judge tried cases in Municipal Court, jury trials in Circuit Court, and de novo appeals in Circuit Court.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

An Administrative Support Assistant and temporary help funds to increase prosecutor hours were added in this division. The addition of these funds and position is an effort to more efficiently handle the ever-growing caseload.

**DEPARTMENT DESCRIPTION**

The Municipal Court, under the City Charter, is organized to process violations of City ordinances resulting from citizen complaints, traffic violation, and misdemeanor arrests. By State statute it is a division of the Circuit Court of Boone County and subject to the administrative authority of the Presiding Judge of that court. Activities include processing traffic violations and recording convictions, collection of fines, scheduling of trials, and preparation of dockets. The court is also charged with serving subpoenas, issuing and service of warrants for traffic violations and other charges.

**DEPARTMENT OBJECTIVES**

(1) Process docket and record municipal ordinance violations including parking tickets; (2) Collect fines; (3) Schedule and conduct trials; (4) Monitor compliance with orders; (5) Issue and serve subpoenas; (6) Issue and serve summonses and warrants; and (7) Report monthly to the Circuit Court.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

The budget for FY2005 includes funds for an additional Deputy Court Clerk (ASA III) permanent position, Westlaw Software Package and replacement desks for court staff.

**DEPARTMENT DESCRIPTION**

The Police Department serves as the primary law enforcement agency for the City. Its mission is to reduce crime and improve public safety by enforcing the law, solving problems, and encouraging citizen responsibility for community safety and quality of life.

**DEPARTMENT OBJECTIVES**

To continually enhance Community Policing within the community by demonstrating integrity in all our actions, treating all people with respect and creating partnerships with the community.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

During the FY 2004, the Police Department continued to implement our strategic plan. We enhanced our traffic unit by adding two officers on motorcycles to perform traffic enforcement. We also added a traffic sergeant to the unit. This doubled the size of that unit. We also updated our field training program for new officers to assure that it reflects our community policing philosophy. We also added one detective to the Youth Services Unit to enhance our efforts in dealing with juvenile crime. In FY 2005 we will be adding two Sergeants and one CAT officer to the budget which were identified as needs in our strategic plan.

**DESCRIPTION**

The Administration Division is responsible for the general administration of the department. The areas of responsibility for the office of the Chief of Police include setting policy, establishing goals and providing direction for and overall management of the department. The Executive Assistant to the Chief is responsible for planning, projects, grant acquisition, staff inspections and Internal Affairs.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

FY 2005 Administration's goals are to provide the best possible delivery of police services within our budgeted resources by continuing the implementation of community policing.

<b>Total Permanent</b>	<b>3.00</b>	<b>4.00</b>	<b>4.00</b>	<b>4.00</b>	

**DESCRIPTION**

The Patrol Division is divided into two districts that generally divide the city in half and give responsibility for each half to a district captain. Each side has patrol officers and traffic officers, as well as, community service aides. Each officer has a specifically assigned beat that is patrolled each working shift. This is one of the basic foundations of our expanded community policing initiative. These officers are the first responders to all calls for service every day of the year. Most officers develop additional skills in numerous areas of special needs such as Special Tactics and Response (STAR), Crisis Negotiation Team, traffic accident reconstruction, evidence collection, interview techniques, community policing interaction, photography and many other important areas.

**HIGHLIGHTS / SIGNIFICANT CHANGES / GOALS**

Calls for service in 2003 were 65,093, up from 58,402 in 2002. Also during 2003, there were 3,837 FBI Uniform Crime Report Part 1 crimes reported, which is down from 3,897 in 2002. Columbia Police Department clearance rate for 2003 was 35 percent, unchanged from 2002, and compares to a national clearance rate of 20% for 2002. (Latest year national data available.) This budget includes the addition of 2 Sergeants and 1 CAT officer.

**FY 2005 Goal** - The addition of the two sergeants and one CAT officer supports the budget message goal of "Clean and Safe Neighborhoods". The two sergeants will allow the department to have permanent fourth shift supervisors. These additions will permit the department to more efficiently address issues in our Central city and Downtown area. The number of officers each sergeant is supervising will decrease, allowing for increased problem solving among staff. The addition of the CAT officer will allow team to work in two person teams which increases safety and efficiency. This unit spends a great deal of time dealing with issues in the Central city, Downtown and East Campus areas.

(THIS PAGE INTENTIONALLY LEFT BLANK)

**DEPARTMENT DESCRIPTION**

The Fire Department is charged with the protection of lives and property from fire, explosion, hazardous materials and other natural or man-made disasters, or any situation that threatens the well-being of our customers. By also providing emergency medical, public fire education, fire investigation and code enforcement services to the public, the Department takes an active role in improving the overall safety of our customers.

**DEPARTMENT OBJECTIVES**

(1) Deliver emergency services within acceptable time/distance criteria, (2) Reach our customers with fire and emergency medical safety and education programs, (3) Maintain budget integrity through prudent fiscal management, (4) Support operating divisions with sufficient staff, (5) Train fire/rescue personnel to required performance standards, (6) Continue capital improvement programs, (7) Review new construction plans for fire & life safety, (8) Conduct fire inspections on a regular basis, and (9) Provide central supply and support facility.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

Once again there were NO FIRE RELATED DEATHS in Columbia in the past year. The goal of continuing high quality service to the customers of the Fire Department will be aided by the budget. Growth of the City and population supports increased levels of fire companies and personnel. This calls for augmenting the often neglected support areas such as clerical, training, inspections, code enforcement, fire investigations, and public safety education. Renovation and retrofitting of existing facilities are continuing as buildings age.

Our focus on security has broadened with the establishment of the Columbia/Boone County Homeland Security group. With grants from the State Emergency Management Agency (SEMA), we have added bomb squad and other equipment to the Weapons of Mass Destruction (WMD) component of our Hazardous Materials unit. Two Columbia Fire personnel were selected by FEMA to evaluate national FIRE Act grant applications.

**DESCRIPTION**

This Division of the Fire Department is responsible for the efficient organization and performance of the entire department. Along with preparing the budget, procurements, payroll, records, reports, and grant applications, this division plans and implements the departmental goals, objectives, policies, and procedures, with the additional challenge/emphasis on customer protection against terrorism and Weapons of Mass Destruction (WMD).

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The Administration budget reflects decisions to improve the organization in such areas as fiscal control, supply, and communications. Work continues on an extensive self-assessment process, patterned after a nationally recognized accreditation program. As has been stated in previous years, personnel reorganization needs remain to be addressed.

**DESCRIPTION**

This Division comprises the largest number of personnel and equipment and provides for all the emergency services of the Department, including fire suppression, rescue, emergency medical, natural and/or man-made disasters, and hazardous materials responses.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

We continue to augment our Special Operations Response Team (SORT) equipment for rescue and hazardous materials incidents, including bomb squad equipment to be shared with the Police Department. Safety and upkeep issues continue to be addressed at the physical facilities wherever possible.

The public expects quick resolution to fire and/or EMS emergencies. Quicker response expectations dictate station location, apparatus condition and flexibility, and sufficient personnel to safely manage these emergency situations. Hence, land acquisitions budgeted for future fire stations are planned in accordance with the updated station location plan. As part of the quarter-cent sales tax replacement program, new Engine 7 and a new Rescue Squad were placed in service. This budget includes the addition of two firefighters. This addition will assist in controlling overtime and will also begin to prepare the department for future staffing needs at new fire stations.

**DESCRIPTION**

The budget reflects Division responsibilities, focusing on fire, emergency medical, hazardous materials, and rescue training. The Training Division is in a supportive role for Emergency Services, providing a central supply and storage facility, operating live fire drills in the burn building, and conducting research and development of new techniques and equipment.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

With continuing Weapons of Mass Destruction (WMD) needs, program goals for this fiscal year include the continuation of specialized hazardous materials and rescue training to meet federal mandates and supporting on-going skills training for the organization. Other current programs for the fiscal year include promotional processes, future officers training, Basic Recruit School and state mandated EMT continuing education. Capital improvements accomplished on the training grounds ensure the continued viability of the Training Academy.

**DESCRIPTION**

This Division is responsible for coordinating the Department's efforts to improve the safety and well being of our customers and community with an emphasis on "fire prevention through education". The major duties include public fire safety education, fire code enforcement and fire inspections, fire investigation, research and development, and related records and reports.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Division goals are to continue providing public safety education programs and department presence to reduce accidents and injuries. The child safety seat and bike helmet programs have been appreciated by the public. The Division continues to help the public understand and comply with the International Fire Code.

The Division attempts to influence and redirect public opinion and practices regarding fire safety, using new and existing local resources. Fire Marshals join with Police Officers to check on local establishments. With the Health Department, we train Community Emergency Response Teams (CERT), which is a FEMA program for teaching citizen volunteers to support first responders during disasters. Jointly with the University, we share equally in the time, cost, and assignments of an assistant fire marshal. Columbia's citizens are showing their support for fire prevention through Share the Light and New Century Fund campaign contributions.

**DEPARTMENT DESCRIPTION**

Emergency communication begins with a telephone call to a 9-1-1 center, Joint Communications. Emergency Management occurs after the disaster or devastation. The function of the Department of Emergency Communication and Management is to allow for a smooth and organized transition from event to conclusion, coordinating all public safety, public services, public utility and Government needs for the citizens and community safety and well being.

**DEPARTMENT OBJECTIVES**

Our Mission is to provide accurate, courteous and professional communications to all the citizens and organizations that we work for. We will fulfill this objective by maintaining a highly trained staff, interacting in a calm and respectful manner, and providing timely, effective and efficient communications. By working with pride, respect and integrity we will create and provide the highest level of trust and confidence to all those we serve and ourselves. We will provide an effective, orderly and professional response and structure for all the Public Safety and Service providers for all the members of our community. We will continue to look into alternate funding sources.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

Joint Communications continues to grow, expand and modernize its center, remain on the cutting edge of technology and provide a positive example to the communications community. Your Office of Emergency Management is growing and developing to be prepared for modern day disasters by being a responsive City/County organization. We completed and have online web site pages for each office.

Emergency Medical Service Calls	16,120	XXX	12,733	12,600	7,583	11,802

\*Service area population is Boone County which includes Columbia and student population

**DESCRIPTION**

Emergency response begins with a telephone call to the 9-1-1 center. Joint Communications answers all the emergency calls in Boone County. The Center responds to these calls by dispatching appropriate police, fire, ambulance or other emergency responders from three different fire response areas, three ambulance services and five law enforcement agencies and other emergency services as needed. These would include public works, road and bridge, water and light, Ameren U. E., Century Tel, Boone Electric, and Consolidated Water Districts, etc.

**DEPARTMENT OBJECTIVES**

Establish a definitive set of operating policies and procedures; Enhance statistical gathering and reporting methods; Improve and enhance the current radio communications system; Improve and enhance the current CAD system; Implement Geac CAD Parameterized Paging and Enroute Police & Fire I-Status capabilities; Implement First Watch Biosurveillance interface to Medical Priority Dispatch ProQA software; continue to improve the GIS program; continue efforts to identify and evaluate new technologies and best practices in order to remain a state-of-the art communications center

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Implemented a state-of-the-art GIS Mapping System with integration to the Enhanced 9-1-1 Telephone and Computer-Aided Dispatch (CAD) Systems - We are one of the few 9-1-1 centers in the state currently 100% phase-II compliant with federal wireless 9-1-1 legislation; Evaluated both our radio communications system and our CAD systems and formulated plans to improve and enhance them; Created an in-house technical support redundancy for our CAD System; Established a secure location with fixed antenna and power supply system to support our emergency backup communications trailer; Began negotiations with the University of Missouri Hospital to receive a retired ambulance to be used as an emergency backup communications vehicle.

This budget includes funds for a new programmer analyst which will specifically be used to handle GIS development and implementation. The new position will allow joint communications to create, update and maintain specific geographical data to support the "911" system and dispatching process. A significant increase in capital, to be funded with Homeland Security Grants funds, will be used to restructure our current communications system.

**DESCRIPTION**

Emergency Management is a separate function from the 911 operations. The Office of Emergency Management is responsible for the mitigation, preparedness, response and recovery of any disaster natural or man made. Our organization is responsible for County wide events. The key element of Emergency Management is to coordinate, organize and manage all the different groups, agencies and jurisdictions involved when a true disaster occurs. A disaster is defined by the Federal Emergency Management Administration as an "event which goes beyond the needs and capabilities of local resources".

**DEPARTMENT OBJECTIVES**

We intend to concentrate on involving the community and general public in awareness programs to make "Emergency Management" a part of the local vocabulary. We will continue to implement an outdoor warning siren monitoring and replacement program. We will continue to participate in Weapons of Mass Destruction grant programs. We will continue to update and upgrade the equipment, supplies and facilities at the EOC. Maintain a perpetual exercise and training program, including annual updates of the Emergency Operation Plan. Continue to integrate City/County organizations in preparation for an area wide disaster. Develop a community based training, education and information program. Develop a business education and training model for the local business community. We will continue to meet with the local Homeland Security work group in order to be prepared should the need arise for all Public Safety groups to respond

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Completed the annual revision of the City/County Emergency Operation Plan; Applied for Homeland Security Grants; Applied for a Community wide exercise training program at the National Emergency Training Center, Emergency Management Institute in Emmetsburg, Maryland; Installed an emergency backup generator at the Emergency Operations Center (EOC); Enhanced the Tech/Info Center at the EOC with GIS capabilities, a new plotter for printing maps, and a communications system; applied for CDBG funding to replace outdoor warning sirens in qualifying areas. Recently achieved "Storm Ready Community Status" awarded by the National Weather Service.

## DEPARTMENT DESCRIPTION

The mission of the Columbia/Boone County Health Department is to make life better by preventing disease, injury and disability, and protecting and promoting the health of the community.

## DEPARTMENT OBJECTIVES

**Administration:** Responsible for the management of the department including assessment, assurance, planning, organizing, and evaluating the operations of the Personal Health, WIC, Environmental Health and Animal Control Divisions.

**Personal Health:** Responsible for provision of personal and public health services for citizens of Columbia and Boone County. Provides childhood and adult immunization services, as well as investigation and follow up of reportable communicable diseases (including but not limited to Tuberculosis, vaccine preventable diseases, food borne illnesses, sexually transmitted diseases and communicable diseases in day cares and schools). Serves as lead agency for regional HIV testing, counseling and outreach education to 33 counties in central Missouri; conducts family planning services, sexually transmitted disease screening, surveillance and treatment clinics, pregnancy testing and referrals, utility and medication assistance for eligible individuals. Assesses families with potential or identified incidents of child abuse or neglect and conducts home visits for frail elderly and high risk maternal/child clients.

**WIC Program:** The WIC Program provides supplemental food packages and nutrition education to women, infants, and children under five years of age who meet the medical and income requirements. This program serves clients who are pregnant or breast-feeding, low birth weight or premature or demonstrate a medical or nutritional risk factor.

**Environmental Health:** This division provides county-wide environmental health programs such as: food sanitation inspections in restaurants, grocery stores, food warehouses, and food delivery; laboratory analysis of drinking water, food products, milk products, and water used for recreational purposes; foodhandlers education; public health nuisance control including sewage disposal, weeds, mosquito breeding areas, rubble accumulations, rodent infestation etc.; coordination of mosquito control activities; and enforcement of City's anti-smoking ordinance. The division also inspects day care homes and centers under contract with the State Health Department.

**Animal Control:** Enforces the Columbia animal control ordinance and the Boone County animal control ordinance. Animal control services include the impoundment of dogs running at large, assisting in locating lost animals, and investigating animal bite cases.

## DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

On June 1, 2004 the Health Department relocated operations to the new Sanford-Kimpton Building. The additional space provides a greatly improved environment for customers and staff. The department will closely monitor all costs associated with operations in the new facility, particularly utility costs. The overall FY 2005 budget reflects no increase over FY 2004 due to the elimination of revenue and expenditures associated with a special one year smallpox vaccination grant targeted to first responders. The focus of the department for FY 2005 includes:

- 1) continued emphasis on CORE Public Health services including an assessment of local health status, strategic planning, and a review of department priorities;
- 2) emergency planning and preparedness;
- 3) assuring healthy and safe environments;
- 4) preventing communicable diseases and promoting healthy lifestyles.

During FY2005, the department will review all existing public health services and operations to assure that services delivered meet current public health priorities in a cost effective manner.

**DESCRIPTION**

This division is responsible for all public health operations including planning, organizing, directing, budgeting, and evaluating the various operating sections of the Health Department.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The Administration Division will continue to work closely with the Board of Health and other community partners to assure that public health services are available to meet the needs of the local community. During FY 2005, the department will focus on analyzing local health data, strategic planning, evaluating program priorities and resources. Emergency preparedness activities will continue to be emphasized with a focus on training and exercises/drills. Homeland Security funding will be used to purchase special software to improve the health department's ability to rapidly communicate urgent health information to the medical community, first responders and other key providers using broadcast, fax, and e-mail systems.

**DESCRIPTION**

The Animal Control Division enforces the animal control ordinances for the City of Columbia and Boone County. Animal Control services include the impoundment of dogs running at large, assisting in locating lost animals, and investigating animal bite cases.

Animal Control responds to emergency situations 24 hours a day, seven days per week. Animal Control currently is staffed from 7:00 a.m. to 9:00 p.m., seven days per week.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

FY 2005 includes funding for Equine Investigation Training. We have requested to receive this training in response to a marked increase in the number of neglect complaints related to horses.

Note: County animal control officers are funded by the Boone County Commission through the annual contract.

**DESCRIPTION**

This division provides County-wide Environmental Health programs including food sanitation inspections in restaurants, grocery stores, food warehouses, and food delivery vehicles, laboratory analysis of drinking water, food products, milk products, and water used for recreational purposes, food handler education, public health nuisance control including sewage disposal, administration of the Boone County Waste Water Permit Program, weeds, mosquito breeding areas, rubble accumulations, rodent infestations, and coordination of mosquito control activities. Additionally, this division enforces the City's anti-smoking ordinance. The Health Department performs inspections of licensed day care homes and centers under contract with the State Department of Health.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Two temporary seasonal workers are used for weed abatement. One temporary employee has been hired to assist with mosquito control. Enforcement of the sewage ordinance and the public nuisance ordinance continues to be a priority. Increased activity related to the nuisance ordinance, West Nile Prevention and food safety have resulted in the need to request additional administrative support staff to keep pace with the public requests for services.

**DESCRIPTION**

Responsible for providing personal and public health services for citizens of Columbia and Boone County. This division provides the following services: family planning and well woman's clinics; sexually transmitted disease clinics; coordination and provision of regional HIV testing and counseling services, HIV outreach and educational programming, and assistance to 33 central Missouri county health agencies; childhood and adult immunizations including school based immunization clinics for school age children in elementary and secondary schools throughout Columbia and Boone County; chronic disease screening for hypertension and diabetes both in Columbia and in monthly rural health screening clinics throughout Boone County; screening and investigation of reportable communicable diseases and lead poisoning; educational services to child care facilities throughout the county; tuberculosis screening, treatment and surveillance; home visitation for frail elderly individuals and families with children with unmet needs; services to families with potential or identified incidents of child abuse and neglect; pregnancy testing; prenatal case management and referral of pregnant women to prenatal services; medical social services include assisting eligible individuals in applying for Medicaid programs for prenatal women and children; coordination of utility, medication and dental assistance programs, and referral to other medical/service providers; community focused health education and outreach services.

**HIGHLIGHTS / SIGNIFICANT CHANGES / GOALS**

During FY 2005, the division will focus on improving child immunization rates. The department continues to focus on minority health issues with assistance from a federal minority health grant to improve services to Spanish speaking individuals. Maternal Child Health Services will continue to focus on reducing teen pregnancy and reducing the incidence of obesity in children. Hepatitis outreach and case management is a new grant funded initiative. The FY 2005 budget reflects a decrease in the revenues and expenditures associated with the one-year smallpox vaccination grant program for first responders. The program was completed in July, 2004.

**FY 2005 Goal** - This year marks the fourth year of sponsoring a Summer Food Program funded by the USDA and the Missouri Department of Health and Senior Services for children who qualify for free and reduced cost lunches during the school year. This program supports the budget message goal of "Provide Needed Social Services". This program will feed an estimated 100 children each day, approximately 8,000 lunches during the summer.

**DESCRIPTION**

The WIC program provides nutrition education and vouchers for supplemental food to prenatal, breast-feeding, and postpartum women, infants and children under five years of age who meet income guidelines and have a medical and/or nutritional risk. WIC services are available to both Columbia and Boone County populations. In addition to their nutrition mission, WIC is actively involved with other community efforts including evaluation of immunization records, referral to the Medicaid for Children program, referrals to community based health care providers, and voter registration. The Columbia/Boone County WIC program has successfully provided services for the past 26 years.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The WIC program continues to identify ways to increase staff efficiency, improve customer service, and increase participation of eligible women and children in the WIC program. Working with the Missouri Department of Health and Senior Services, the WIC program continues to advance the use of technology to streamline the certification and voucher processes. The program continues to provide services at the downtown Howard Building location as well as at city and county satellite locations: Blind Boone Center, El Centro de Educacion y Salud and in Hallsville. The Columbia Farmer's Market/WIC collaboration continues to provide fresh fruits and vegetables to WIC participants. This agency continues to increase the number of participants served this year and will continue to work towards meeting the expanding needs of the community. New programs to increase breastfeeding rates have been implemented.

**DEPARTMENT DESCRIPTION**

The Planning and Development Department provides planning, economic development and community development support services to the community. The Department also provides staff services to the Planning and Zoning Commission, the Community Development Commission, the Bicycle and Pedestrian Commission, the Historic Preservation Commission, the Loan and Grant Committee, the Columbia Area Transportation Study Organization and various ad-hoc committees and task forces.

**DEPARTMENT OBJECTIVES**

Perform the above responsibilities, duties and assignments in an effective and efficient manner.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

Emphasis in the coming year will be on completing the new Five-Year Consolidated Plan to guide the allocation of CDBG and HOME funds, completing the Broadway Corridor Plan to enhance pedestrian and bicycle use, continuing to assist with implementing the Business Loop 70 Revitalization Plan, updating the Sidewalk Master Plan, developing revisions to planned district regulations, and preparation of an access management policy. Work will continue on integrating storm water management requirements into zoning and subdivision regulations, developing GIS applications using digital aerial photos, and amending the Major Roadway Plan to achieve consistency with I-70 Plans. The Community Development Division will work on continuing with redevelopment of neighborhoods in the NRT area, pursuing implementation of affordable housing activities, and improving the housing rehabilitation program.

## DESCRIPTION

The Planning Division is organized into Current Planning and Long-Range Planning. Current Planning is mainly responsible for reviewing zoning and subdivision applications, requests for variances, street and easement vacations, requests for annexation, supporting historic preservation activities, and providing maps and graphics. Long-Range Planning is mainly responsible for planning for future land use, transportation, and other comprehensive planning elements, gathering and analyzing population, employment and other data, developing GIS applications, preparing grant applications, and assisting with preparation of the capital improvement program.

**DESCRIPTION**

This element provides the necessary support to encourage and facilitate the growth of the economic base in Columbia. This task includes working with Regional Economic Development, Inc. to provide support services such as site maps, statistical reports, and demographic information. This Division also works with the Mid-Missouri Regional Planning Commission.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Efforts will focus on graphics and statistical information needed to assist in the development of marketing and proposal packages. Additional assistance will be provided as necessary.

**DESCRIPTION**

The Community Development Division administers the CDBG and HOME programs by coordinating applications for the use of these funds with the Department of Housing and Urban Development, other city departments and outside organizations. This division assists the Community Development Commission in reviewing CDBG funding requests, the Loan and Grant Committee in evaluating housing rehabilitation applications from low/moderate income homeowners, and the Mid-Missouri Counties' Human Development Corporation, Columbia Community Development Corporation, Enterlight Ministries, Habitat for Humanity and other community agencies and private developers in rehabilitating and building new affordable housing.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Considerable effort in the coming year will be directed toward preparation of the new five year Consolidated Plan. Efforts will continue on revitalizing inner-city neighborhoods through targeted code enforcement and providing city and other services to needy households which will generate additional housing rehabilitation and construction activities. Continued emphasis will be placed on improving low/moderate income neighborhoods by upgrading public facilities, demolishing dilapidated buildings, building replacement housing, providing homeownership assistance, and the rehabilitation of owner-occupied homes.

**DEPARTMENT DESCRIPTION**

This Department provides the necessary support to encourage and facilitate the growth of the economic base in Columbia. This task includes working with the various local and state development agencies, as well as the local educational institutions in an effort to recruit new investments, assist new business start-ups, and retain existing business. This Department staffs Regional Economic Development, Inc., which provides other operating funds.

**DEPARTMENT OBJECTIVES**

The staff's goal is to promote positive economic growth while maintaining Columbia's exceptional quality of life. The department and REDI promote specific activities designed to improve the area's business climate and promote Columbia as a business destination. Promotional and marketing activities include personal contacts, direct mail campaigns, web marketing campaigns, and trade shows, in addition to producing current, relevant reports on the economic indicators of the community. The department continues its public relations program to promote Columbia's strong business climate and exceptional quality of life through placement of positive articles in regional and national media. An additional emphasis has also been placed on life sciences and technology development through collaborative efforts between the business community and University of Missouri.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

The department wrapped up a membership campaign that increased the amount of private sector support of economic development efforts. Staff continues to put an emphasis in the area of life sciences by hosting the Life Sciences Business Coalition, and by sponsoring SPARC, the Scientific Partnership and Resource Connection event. Progress is being made towards a technology incubator and a research/technology park. Staff has also assisted in business retention and expansion efforts with State Farm Insurance, 3M, and other local industries. Staff has also been assisting the Incentives Subcommittee with the development of an incentives policy.

(THIS PAGE INTENTIONALLY LEFT BLANK)

**DEPARTMENT DESCRIPTION**

This office assists the Boone County Community Services Advisory Commission in determining the community's social service needs, reviewing agency proposals, and recommending the appropriation of City funds to contract for social services; monitoring and evaluating contract performance of social service organizations; providing information and technical assistance to advisory commissions. This office provides staff assistance to the Commission on Human Rights for community education and outreach activities, and the investigation of complaints of discrimination under the City's Human Rights Ordinance. The City's Substance Abuse Advisory Commission is also staffed through the Office of Community Services.

**DEPARTMENT OBJECTIVES**

To help coordinate and integrate the delivery of social services in the community through long-range planning in cooperation with other local funders and service providers; to obtain federal grants for services to the homeless and other at-risk populations; to target social service funding for programs providing emergency assistance and services to the most vulnerable segments of the population, particularly children, youth, and the elderly; to promote and encourage communication and cooperation between local social service providers; and to assist groups and organizations in coordinating, expanding, or developing social service programs that meet identifiable community needs. To provide staff support to the Commission on Human Rights in its community education and outreach activities and the investigation of human rights complaints under the City's Human Rights Ordinance. To provide staff support to the Substance Abused Advisory Commission in the coordination of community efforts to reduce substance abuse.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

The Office of Community Services will provide staff assistance to the Boone County Community Service Advisory Commission in its annual social service allocation process. The Commission uses a well developed process that includes monthly presentations and information on current social services issues; public hearings on social service needs; reviewing community needs assessments as well as other relevant studies and data; annual evaluations of City funded services; reviewing annual social service funding proposals; conducting agency hearings to review funding proposals; and preparing an annual social service funding plan for adoption and funding by the City Council and the Boone County Commission.

During FY 2004, a \$75,000 Emergency Shelter Grant was received to provide additional services to homeless families and individuals at three local shelters in Columbia. Similar funding is anticipated in FY 2005.

A new temporary 1/4 time Continuum of Care Coordinator position has been added for FY 2005 that will assist the Office of Community Services and the Columbia-Boone County Basic Needs Coalition with the implementation of a community- wide plan to reduce homelessness in our community.

The Commission on Human Rights will continue its community outreach and education efforts by conducting its annual "LET'S TALK, COLUMBIA!" Community Study Circles Program through facilitated discussion groups on diversity. Monthly "Community Circle" programs have also been initiated in 2004 to offer additional opportunities for dialogue. In addition, the commission is helping to sponsor student study circles at Hickman High School and is working with other community organizations and businesses to plan and implement additional study circles. The Commission also sponsors the human rights enhancement program which provides matching funds for local human rights educational activities. The commission also helps to sponsor and support the Columbia Values Diversity Celebration which is administered through the Office of Community Services.

The Substance Abuse Advisory Commission will continue its information gathering and community coordination efforts by working with other organizations to coordinate substance abuse prevention activities in our community and make recommendations to the City Council on policies to reduce substance abuse in Columbia. The commission has developed and maintains a web page of links to resources on substance abuse related topics for youth, parents, educators, policy makers and the general public.

## NOTES:

**Columbia, MO** Columbia's social service funding comes from the General Fund. 15-20% of CDBG funds are also available to social service agencies for capital improvement projects. These funds are available in the form of a "no interest loan" which must be paid back upon the sale of the property/asset.

**Ames, IA** Ames' social service funding comes from a one cent "local options sales tax" of which 40% goes to the Community Betterment Fund to fund social services. These funds are administered by the Assistant City Manager (.1 FTE) with the support of two administrative assistants (.1 FTE each) and one accounting technician (.1 FTE). No social service funding from city CDBG funds. The Ames City Council, United Way of Story County, Story County Department of Human Services, Story County Board of Supervisors, and the student government at Iowa State University coordinate their funding through the "ASSET" or Analysis of Social Services and Evaluation Team. Agency allocations does not reflect agency designations which are not given out.

**Boulder, CO** Boulder's social service funding comes from a 0.15% sales tax and general fund. Fifteen percent of CDBG funds also contribute to the city's funding of social services. City funds are allocated through the Department of Housing and Human Services which has four divisions: Housing and Community Development; Senior Services; Children, Youth, and Families; and Community Services. The allocations process is staffed by one full-time administrator and a quarter-time clerical position. The Department also provides direct services through the Senior Services and Children, Youth and Families divisions. City funding for these divisions is \$1,055,772 and \$2,534,669 respectively. The Boulder County United Way merged with Broomfield County. The bulk of the United Way's funding stays in Boulder County.

**Lawrence, KS** Lawrence's social service funding come from the city's general fund (\$267,013) and the "Special Alcohol Fund" (\$494,848). Citizen commission's oversee the allocation of both budgets and no direct staff support is provided to support the process. The "Special Alcohol Fund" receives funding through a state-wide tax on alcohol sales. This fund provides support for a variety of alcohol and other drug abuse prevention and treatment programs.

**St. Joseph, MO** St. Joseph's social service funding comes from CDBG funds (19.8% of the total) in the form of direct grants. These funds are administered through the Department of Planning and Community Development which includes the following divisions and staff: division head-1, social services-1, neighborhood services-1, neighborhood revitalization-1, housing rehabilitation-3, and historic preservation-1.

## HUMAN RIGHTS COMMISSION COMPARATIVE DATA

	Columbia, MO	Ames, IA	Boulder, CO	Lawrence KS	St. Joseph, MO
<b>Population</b>	<b>90,066</b>	<b>52,250</b>	<b>98,445</b>	<b>87,174</b>	<b>74,781</b>
Human Rights Commission	Yes	Yes	Yes	Yes	No
Number of Direct Employees	1.125	0 FTE	1.5 FTE	5 FTE	N/A
Number of Staff Liaisons/%FTE	3 / .83 FTE	2 / .2 FTE	0 / 0 FTE	0	N/A
Employees-Staff/1,000 Population	0.022	0.004	0.015	0.057	N/A
Human Rights Funding	\$35,181	3,000	\$35,233	\$301,070	N/A
Human Rights Funding Per Capita	\$0.39	\$0.06	\$0.36	\$3.45	N/A

**NOTES:**

**Columbia, MO** The Human Rights Commission is staffed by the Manager of the Office of Community Services (.3 FTE) and the City Attorney (.03 FTE) to provide administrative and legal support. An Administrative Assistant (.5 FTE) and an Assistant Human Rights Investigator internship position (.375 FTE) is also funded through the Office of Community Services. This intern assists the Human Rights Investigator/Educator in the investigation of complaints of discrimination. Funding for this support is included in the respective budgets of these departments. The Commission's budget includes funding for a part-time (.75 FTE) Human Rights Investigator/Community Educator. The Commission's budget supports the investigation of complaints of discrimination as well as funding for the "Let's Talk, Columbia!" Community Study Circles Program. The Commission also provides funding for community organizations conducting human rights educational programs.

**Ames, IA** The Human Rights Commission is staffed by the Assistant City Manager (.2 FTE). The City Attorney also provides legal consultation. A seven (7) member commission investigates complaints of discrimination paired with a community volunteer. The Commission conducts administrative hearings on complaints. The Commission has also initiated a Community Study Circles Program on race relations. The Commission has a small budget but is able to request additional funds from the City Council when the need arises, up to \$4,500.

**Boulder, CO** The Office of Human Rights has 1.5 FTE direct staff with an office budget of \$149,207. For FY2004, the Human Relations Commission, which is separate from the Office of Human Rights, has a budget of \$35,233 which included funding for grants to the community for cultural celebrations and educational programs.

**Lawrence, KS** The Human Relations Department has 5 FTE full-time staff persons and is charged with investigating complaints of discrimination and conducting community education and outreach. The department is "substantially equivalent" with the Kansas Commission on Human Rights, the Federal Department of Housing and Urban Development and the Equal Employment Opportunity Commission. Being "substantially equivalent" allows the department to receive payment from HUD and EEOC to investigate local complaints of discrimination. This designation also qualifies them for the HUD Fair Housing Assistance Program which provides grant funding for fair housing education, outreach and enforcement. In addition, the department receives HUD funding to conduct continuing legal education programs and in-service training for city employees. The City of Lawrence also budgets for a variety of community education programs provided by the department.

**St. Joseph, MO** The Human Rights Commission was disbanded in 1990 following the "Yellow Freight" decision by the Missouri Supreme Court. All complaints of discrimination are now referred to the Missouri Commission on Human Rights.

**DESCRIPTION**

This office assists the Boone County Community Services Advisory Commission in determining the community's social service needs, reviewing agency proposals, and recommending the appropriation of City funds to contract for social services; monitoring and evaluating contract performance of social service organizations; providing information and technical assistance to advisory commissions. This office provides staff assistance to the Commission on Human Rights for community education and outreach activities, and the investigation of complaints of discrimination under the City's Human Rights Ordinance. The City's Substance Abuse Advisory Commission is also staffed through the Office of Community Services.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The Office of Community Services will provide staff assistance to the Boone County Community Services Advisory Commission in its annual social service allocation process. The Commission uses a well developed process that includes monthly roundtable discussions on current social services issues; public hearings on social service needs; reviewing community needs assessments as well as other relevant studies and data; annual evaluations of City funded services; reviewing annual social service funding proposals; conducting agency hearings to review funding proposals; and preparing an annual social service funding plan for adoption and funding by the City Council and the Boone County Commission.

During FY 2004, a \$75,000 Emergency Shelter Grant was received to provide additional services to homeless families and individuals at three local shelters in Columbia. Similar funding is anticipated in FY 2005.

The newly added Continuum of Care Coordinator will work with the Office of Community Services and the Boone County Basic needs coalition to coordinate and provide housing as well as supportive services including substance abuse treatment, mental health services and employment services to the homeless. In FY 2005, the Continuum of Care plan will be updated and a funding application will be submitted to the Department of Housing and Urban Development.

The Commission on Human Rights will continue its community outreach and education efforts by conducting its annual "LET'S TALK, COLUMBIA!" Community Study Circles Program through facilitated discussion groups on diversity. Monthly "Community Circle" programs have also been initiated in 2004 to offer additional opportunities for dialogue. In addition, the commission is helping to sponsor student study circles at Hickman High School and is working with other community organizations and businesses to plan and implement additional study circles. The Commission also sponsors the human rights enhancement program which provides matching funds for local human rights educational activities. The commission also helps to sponsor and support the Columbia Values Diversity Celebration which is administered through the Office of Community Services.

The Substance Abuse Advisory Commission will continue its information gathering and community coordination efforts by working with other organizations to coordinate substance abuse prevention activities in our community and make recommendations to the City Council on policies to reduce substance abuse in Columbia. The commission has developed and maintains a web page of links to resources on substance abuse related topics for youth, parents, educators, policy makers and the general public.

**DESCRIPTION**

Each year the City of Columbia, through the Office of Community Services, submits an Emergency Shelter Grant application to the State of Missouri, Department of Social Services for funding to provide emergency shelter services to the homeless as well as services designed to prevent homelessness. The City of Columbia uses these funds to subcontract with three local agencies to provide additional services to homeless families and individuals as well as those persons most at-risk of becoming homeless in our community.

**HIGHLIGHTS / SIGNIFICANT CHANGES / GOALS**

Populations being served with Emergency Shelter Grant funds include homeless families and individuals, battered and abused women, and U.S. military veterans. In 2004, the City of Columbia received a grant of \$75,000 to serve the homeless. It is anticipated that a grant of a similar amount will also be secured in 2005. The most significant trend in the homeless and near-homeless populations is the increasing number of women, children and families seeking assistance from our local shelter and emergency food providers.

**FY 2005 Goal** - the continued support of the Emergency Shelter Grant supports the budget message goal of "Provide Needed social Services". The administration of this money provides emergency shelter services to over 785 individuals in need in the Boone County area.

**DESCRIPTION**

The Boone County Community Services Advisory Commission is charged with the responsibility of making recommendations to the City Council and the Boone County Commission for the appropriation of social service funding to local agencies providing services to the most needy citizens in our community. The Commission uses a well developed process that includes monthly roundtable discussions on current social services issues; public hearings on social service needs; reviewing community needs assessments as well as other relevant studies and data; annual evaluations of City funded services; reviewing annual social service funding proposals; conducting agency hearings to review funding proposals; and preparing an annual social service funding plan for adoption and funding by the City Council and the Boone County Commission.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The City Council has budgeted \$843,350 in social assistance funding for FY2005. This funding represents a 3% increase in social assistance funding over the base budget of \$818,800 for FY2004. During the FY2004 budget adoption process, the City Council added funds for the InterACT Teen-to-Teen Theatre program to maintain the same level of funding as in the previous year. During the FY 2005 budget process, the City Council added \$4,000 in funding for the Centro Latino program. This 3% funding increase reflects a commitment to be responsive to the needs of the most at-risk populations in our community. For FY2005, the Boone County Community Services Advisory Commission has recommended funding assistance for 33 organizations providing a total of 48 different program services. In addition, vendor contract funding for homemaker/personal care and respite care services to the elderly and disabled are administered through the Office of Community Services. In general, the Commission's funding priorities are to first meet the most basic needs of our community with high consideration also given to programs that address the needs of at-risk populations, particularly children, youth, families and the elderly. The Commission will continue to monitor community needs in order to target social service funding for the most critical needs and at-risk populations in the most effective and efficient manner.

**DEPARTMENT DESCRIPTION**

The Columbia Parks and Recreation Department oversees approximately 2,200 acres of park land and maintains 53 parks and recreation facilities. A wide array of sports, recreation activities, lessons, and special events are available for citizens of all ages. Open space, parks, and trails provide opportunities to enjoy the natural beauty of Columbia. The Department is organized into two divisions: Park Services and Recreation Services. The summer youth employment program, Career Awareness and Related Experience (CARE), is also administered by the Parks and Recreation Department.

**DEPARTMENT OBJECTIVES**

The Columbia Parks and Recreation Department is committed to delivering effective, courteous, and responsible leisure services, and to maintaining, preserving, and developing the natural resources entrusted to us. We strive to provide all citizens with a variety of high quality leisure opportunities. In delivery of these services, all participants are to be treated with fairness, dignity, and respect. To achieve these objectives, Park and Recreation staff constantly pursue excellence while attempting to provide the best possible services within resource limits placed upon the Department.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

The General Fund component of this budget contains Department Administration, a portion of the Park Services Division's two principle programs, Park Management and Operations and Park Planning and Development, and the C.A.R.E. Program. The Recreation Services Fund includes funding for all recreation activities and the operation of support facilities for those activities. Revenues generated from recreation activities and facilities are deposited in the Recreation Service Fund. Recreation activity fees are used for operations while the facility user fee and Golf improvement fee are appropriated by the City Council for capital improvement projects. Funding has been budgeted in the Recreation Services portion of the budget for the operation of the Activity and Recreation Center (ARC).

# City of Columbia - Parks and Recreation Dept. (General Fund)

40.50 FTE Positions

\* This position is budgeted 100% in the Recreation Services Fund

\*\* This position is budgeted in the General Fund

\*\*\* A portion of this position is in the Recreation Services Fund and in the General Fund

**DESCRIPTION**

The General Fund portion of the Parks and Recreation Department Budget includes Administration, a portion of Park Planning and Development, a portion of Park Management and Operations, and the C.A.R.E. Program. Additional Park Planning and Development expenses are budgeted in the Capital Projects sections of the budget. Park Management and Operations maintains recreation service facilities, and those expenses are budgeted in the Recreation Services Fund. Program areas not having revenue producing capabilities are budgeted in General Fund.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

This year's budget provides for the same quality of service as in previous years. Significant increases are related to anticipated higher fuel and utility costs.

**DESCRIPTION**

The Administration Division consists of the Director, Public Information Specialist, Administrative Support Assistant III, and 1.50 FTE Administrative Support Assistant II. This division assists the public with reservations, registrations, and information. Support and assistance is provided to all other divisions within the Department to ensure the successful operation of all areas of the Parks and Recreation Program. Areas of support generally include budget and accounting, promotion and the establishment of Department policies and procedures.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

This area will continue to provide the same level of service to all other Divisions within the Department.

(THIS PAGE INTENTIONALLY LEFT BLANK)

**DESCRIPTION**

In the General Fund, Park Services Division, the Planning and Development Program is responsible for all parks capital improvements. Program staff identify, plan and develop recreation areas and facilities to meet the varied recreation and leisure needs of the citizens of Columbia. Also included in this division is the City's Horticulture and Forestry programs that are responsible for all landscaping/forestry activities for parks, trails, public buildings, median strips, and the downtown.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

This year's budget provides for the same quality of service as in previous years. Significant increases are related to utility rate increase. Funding for additional temporary help for the forestry and horticulture programs has been budgeted.

\* In FY 2005 all Maintenance Assistant II's in Park Planning and Development were reclassified to Equipment Operator II's.

**DESCRIPTION**

This program targets economically, socially and academically disadvantaged youth ages 14 through 18 for career training. This is accomplished by providing educational resources to the trainee in the form of an intensive seven-day vocational training seminar, placement with a local employer for 205 hours of work experience, and coaching trainees on the job. Wages are provided by the City of Columbia. Supervision of trainees is provided by those agencies or businesses where they are employed.

**HIGHLIGHTS / SIGNIFICANT CHANGES / GOALS**

This budget contains funds to maintain the program at its current level including the fifth year of operation of the CARE Gallery Program. Funds have been included for the possible relocation of CARE program.

**FY 2005 Goal** - The 7% increase in funding for the CARE program supports the budget message goal of "Provide Needed Social Services". This program provides for career training to 180 disadvantaged youth and the increase includes funding for possible relocation of the current office to a location near other job services for youth programs, to better coordinate resources in our community.

The management, maintenance and capital replacement of the Parks and Recreation department's fleet is administered by program staff.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

This year's budget provides for the same quality of service as in previous years. Significant increases are related to anticipated higher fuel and utility costs. Some supplemental funding has been budgeted to replace rolling stock equipment as per the City's replacement schedule. Funding for additional temporary help for the park ranger and park maintenance programs has been budgeted.

(THIS PAGE INTENTIONALLY LEFT BLANK)

**DESCRIPTION**

The Recreation Services Fund includes the Recreation Services Division and those costs in the Parks Services Division which are necessary for operation of facilities within Recreation Services. Recreation Services provides a broad spectrum of leisure services to meet the needs of all segments of the community. This includes group and individual programming to promote a high quality of life through positive social, cultural, psychological, emotional, and physiological development. The sections administered in the Recreation Services Division are: Sports Programming; Aquatics/Special Events; Community Recreation; Golf /Concessions; Senior/Paquin/Life Enrichment Programs; Special Olympics/Adaptive; and the Activity and Recreation Center (ARC)

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The operating budget has been based on maintaining existing services and includes the costs for operation of the Activity & Recreation Center (ARC). Some monies are budgeted to replace capital equipment as per the City's replacement schedule. The Oak Tours program has been assimilated into the Senior Adult Program area

**DESCRIPTION**

The Recreation Services Fund includes a portion of the Park Services Division expenses for the management, operation, and maintenance of the facilities that are operated and/or programmed by the Recreation Services Division. These areas include all aquatic facilities, athletic fields, golf courses, indoor recreation facilities, and special event support. A selected portion of the fleet replacement and maintenance operations are also included in the Recreation Services Fund.

**HIGHLIGHTS / SIGNIFICANT CHANGES / GOALS**

The operating budget has been based on maintaining existing services.

**FY 2005 Goal** - With the completion of the Stephen's Park project the city will open all areas of the newly developed park which includes swimming, fishing and trails supporting the budget message goal of "provide recreation and cultural opportunities".

\* In FY 2005 (1) 1.00 FTE was reclassified to an Administrative Support Assistant III. The position is split between General Fund and the (ARC) activities and recreation center.

**MAJOR PROJECTS**

Improvements to the Antimi baseball/softball complex is the only parks & recreation capital project recommended for funding from the Recreation Services Fund this year.

**FISCAL IMPACT**

The renovation will include replacing the current bathrooms and concession area with a larger one. There will not be any increase in operating costs associated with the project. The new facilities will provide a much nicer concession and bathroom area for our patrons.

## DEPARTMENT DESCRIPTION

The Public Works Department operates and manages the Engineering, Street, Traffic, and Protective Inspection Divisions; Public Transportation; Columbia Regional Airport; Sanitary Sewer Utility; Parking Utility; Solid Waste; Storm Water Utility; Custodial and Building Maintenance Services; and Fleet Operations. Also, the Department is responsible for plans and specifications, contract management, and inspection of all public improvements made by the City of Columbia to ensure that the improvements are completed according to the specifications on a timely basis and in the most cost effective manner possible.

## DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Quality of life issues will continue to be a high priority for the Public Works Department. There will be continued emphasis placed on protection of water quality from storm water run off with the EPA Phase II Storm Water Regulations. A couple of major roadway alignments and reconstructions will be underway, at Grindstone Parkway to Southampton Drive and Blue Ridge Road to State Route 763, during FY05. Highlights of the coming year are to be the continued implementation of the 5 year street Capital Improvement Plan, continued work on various sewer districts throughout the city to eliminate private sewers, on-site septic tanks and lagoons, implementation of the 5 year sewer bond issue passed in November 2003, conversion of 1,000 additional parking meters in the downtown business district to accept park cards, which will better serve the public, produce a system that will recover energy from landfill methane gas and to start the design work for the next landfill cell. Staff will aggressively seek to supplement limited local resources with grants that are appropriate to the department's mission and will continue efforts to interactively communicate with the public in order to better understand and respond to the public's needs.

## DEPARTMENT DESCRIPTION

The General Fund Public Works Operations are charged with the traditional municipal public works functions of street, sidewalk, traffic system maintenance and operations, as well as building and construction inspections. In addition, engineering, survey, and right-of-way responsibilities are located in this office. Coordination, inspection and management of all public improvements are done through this office.

## DEPARTMENT OBJECTIVES

**Administration & Engineering:** Design, construction and management of the public infrastructure in a professional and cost effective manner.

**Streets:** To ensure all city streets are safe and passable to the traveling public.

**Traffic:** Provide, improve and maintain traffic control devices to allow the safe and efficient movement on city streets.

**Parking Enforcement:** Create and assure parking turnover in the City's enforcement areas. Enforce the no parking regulations in hazardous locations. Generally, enforce all parking ordinances in the central business district.

**Protective Inspection:** Protection of the public by assuring compliance of all building, rental housing, zoning, sign, and subdivision codes through the city.

X - Did not respond

**NOTES:****Lawrence, KS:**

- 1) Street, Sanitary Sewer, and Storm Sewer design and ROW acquisition are contracted.
- 2) No landscaping or land disturbance activities are done.
- 3) Traffic is a separate division.
- 4) Street repair and overlay is funded outside of engineering department, but has been included in street and sidewalk CIP.
- 5) Updated 2004.

**Springfield, MO**

- 1) Street, Sanitary Sewer, and Storm Sewer inspections are done by separate divisions.
- 2) Land disturbance and landscaping are reviewed and inspected by a separate division.
- 3) Eight administrative personnel in an administrative division with the Director of Public Works (included in budget \$'s).
- 4) Updated 2004

## COMPARATIVE DATA - STREET DIVISION

	Columbia, MO	Springfield, MO	Independence, MO	St. Charles, MO	Joplin, MO (2)	Ames, IA
<b>Street Division:</b>						
<b>Population</b>	<b>90,066</b>	<b>156,364</b>	<b>113,686</b>	<b>62,871</b>	<b>47,523</b>	<b>52,250</b>

## COMPARATIVE DATA - PROTECTIVE INSPECTION

	Columbia, MO	Springfield, MO	Ames, IA	St. Joseph, MO	Champaign, IL
<b>Protective Inspection:</b>					
<b>Population</b>	<b>90,066</b>	<b>156,364</b>	<b>52,250</b>	<b>74,781</b>	<b>69,226</b>
Number of Employees	15	29	11	10	10
Employees Per 1,000 Population	0.160	0.180	0.210	0.130	0.140
No. of Building Inspections	30,626	22,764	14,128	0*	7,006

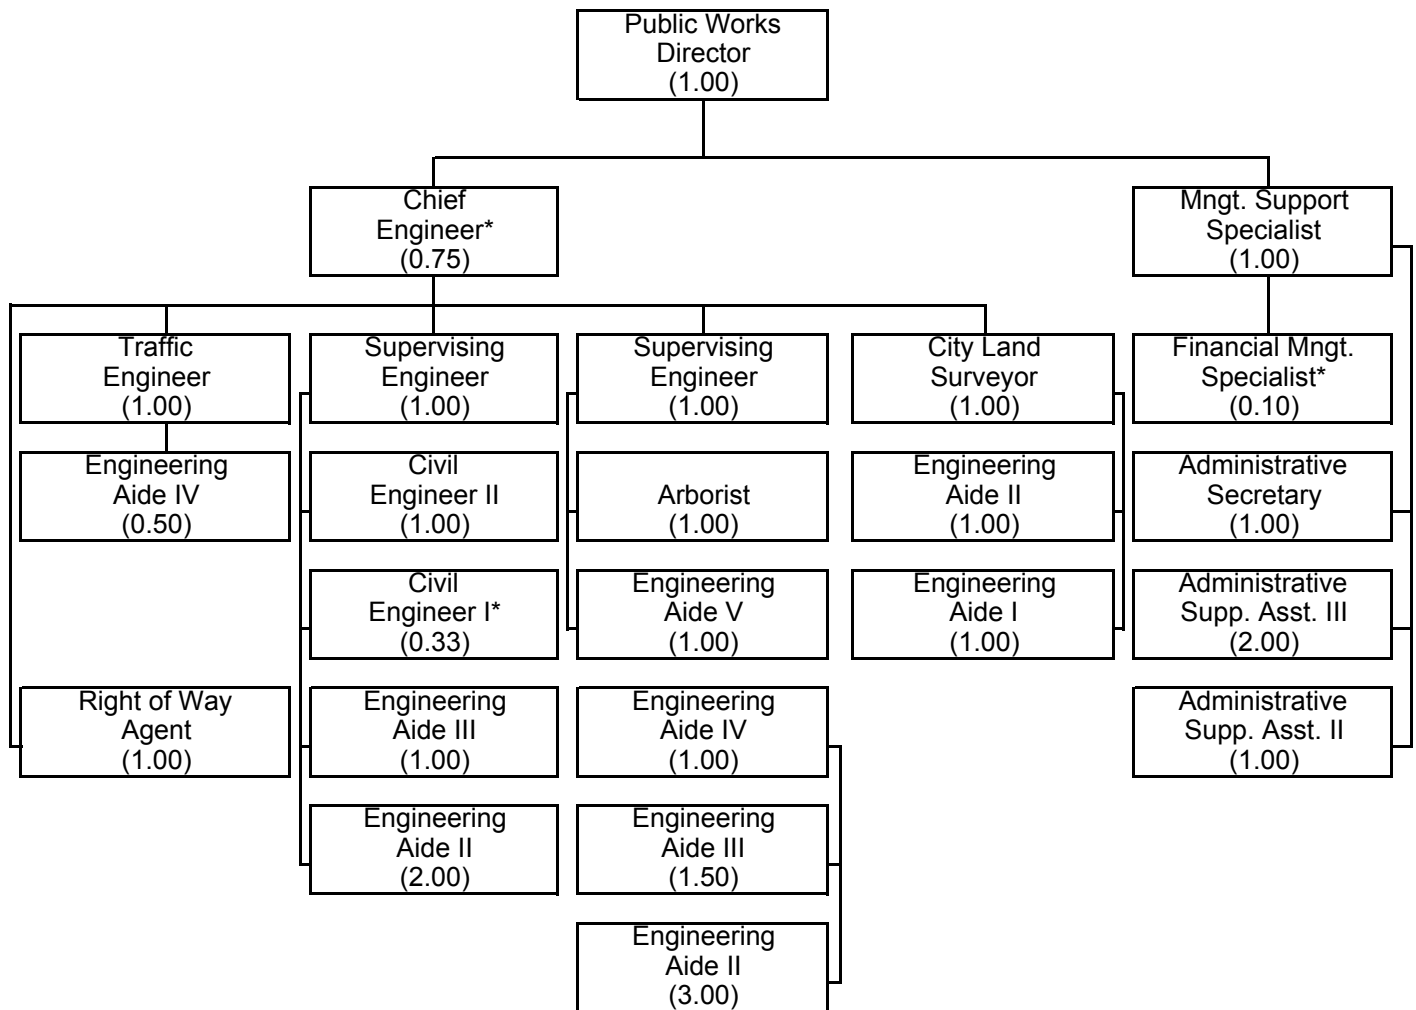

**NOTES:**

Number of inspections for Columbia includes zoning, signs, complaints, housing, business license, Neighborhood Response Team, housing and rental inspections.

- For all cities Number of Employees includes administrative, clerical and field inspectors.
- The City of Champaign and the City of St. Joseph do not have a Rental Inspection Program.
- Zoning enforcement at St. Joseph and Champaign is done by the Planning Department.
- Champaign's Planning Department inspects signs.
- Springfield's rental inspections are done by Health Department.
- St. Joseph does not track quantity/type of inspections.

**City of Columbia - Public Works Administration & Engineering**  
26.18 FTE Positions

\* Positions are budgeted in various Public Works divisions and/or funds

**DESCRIPTION**

The Administration section provides management of all divisions and functions of the Department including Engineering, Protective Inspection, Streets, Traffic, Transit, Regional Airport, Sanitary Sewer, Parking, Solid Waste, Custodial and Maintenance Services, Fleet Operations, Public Improvements, and Right-of-Way acquisition. The Engineering Division provides survey, design, contract administration and inspection of various public improvement projects, reviews of subdivision improvements, issuance of permits and inspection of all construction on public right-of-way.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Major roadways on new alignment such as Rollins Road connecting Colonial Gardens with Rothwell Heights, and Forum Boulevard south to Old Plank Road were constructed during this fiscal year. Roger I Wilson Drive which will connect Route 63 to Brown School Road as the main east-west corridor in the north part of the city is under construction. The combined Garth Avenue Bridge over Bear Creek which includes reconstruction of Garth Avenue south of Bear Creek to Thurman Avenue and also north of Bear Creek to Blue Ridge is also under construction. In addition, the construction of Green Meadows Road will begin during FY 2004. FY 2005 projects include the East Broadway widening project, Southampton Drive, a major roadway on new alignment from Grindstone Parkway to east terminus of Southampton Drive, as well as the reconstruction of Blue Ridge Road west of State Route 763 will be constructed after substantial completion of the Garth Projects. Continued emphasis will be placed on sidewalk construction, including removing sidewalk barriers in the downtown area. A sidewalk along the north side of Business Loop 70 from Creasy Springs Road to Garth Avenue will be constructed in FY 2005 as a state discretionary enhancement project.

**City of Columbia - Public Works Streets Department**  
38.80 FTE Positions

\* Position not included in Street Department's FTE count.  
\*\* Positions are budgeted in various Public Works divisions and/or funds

**DESCRIPTION**

The Street Division provides maintenance of 26.41 miles of unimproved streets and 371.44 miles of improved streets, snow removal on all City streets, mechanical and manual street cleaning, mowing of public right-of-ways, and utility service cut repairs. The Traffic Maintenance Division fabricates, installs and maintains approximately 20,000 traffic control and street names signs, paints 1,200,000 feet of pavement striping, paints curbs/crosswalks/symbols, and provides traffic signal maintenance.

**HIGHLIGHTS / SIGNIFICANT CHANGES / GOALS**

Continued emphasis will be given to our normal street maintenance program, including asphalt overlay and sealcoating of improved streets. A total \$400,000 is available for contractual street maintenance work to maintain the overall condition of Columbia's streets during FY 2004 increasing the total amount to \$400,000. The Street Division now owns, operates and maintains a SQL server housing an asset management system that permits timely analysis of maintenance costs and infrastructure condition. In FY 2004, an additional service cut crew was approved to assist in making repairs to service cuts in a timely manner. In addition to the service cut crew, a pavement striping and sign crew was added. This addition will increase the amount of pavement striping on city streets and increase the response time for installing and replacing signs. An additional street sweeper, for bike lanes, was received in April 2004. Property acquisition and site preparation for a salt storage and loading facility is underway with estimated completion at the end of FY2005.

**FY 2005 Goal** - The addition of a safety clean-up crew and the approval of \$325,000 in new funding for sidewalks, supports the budget message goals of "Clean and Safe Neighborhoods" and a "Well-Maintained Total Transportation System" respectively. The crew will be responsive to citizens alerting the city of safety and other concerns along city streets as well as, proactively locating areas requiring trash and brush clean-up. The additional sidewalk funds, with emphasis in the downtown area, will continue the City's efforts in making Columbia a more walkable and accessible community.

**City of Columbia - Public Works Protective Inspection**  
16.25 FTE Positions

\* Position not included in divisions' FTE count

\*\*Positions are budgeted in various Public Works divisions and/or funds

**DESCRIPTION**

Protective Inspection is responsible for administering the building, electrical, plumbing and mechanical, zoning, sign, subdivision, property maintenance and rental unit conservation ordinances. This Division also reviews plans and issues permits, including occupancy permits following appropriate inspections. Staff assistance is provided to the Building Construction Code Commission, trades licensing boards and appeal boards such as the Zoning Board of Adjustment and licensing boards. Staff is a member of and participates in Neighborhood Response Team planning and inspections. The division provides construction management services on selected City owned building capital improvement projects.

**HIGHLIGHTS / SIGNIFICANT CHANGES / GOALS**

Inspection services will continue at current levels for new construction, building additions, building alterations and rental inspection. Code enforcement inspection levels have and will continue to increase, with focused attention given to open or dangerous buildings. The increase in code enforcement is due to additional staffing. Protective Inspection has dedicated one staff position and crossed trained a second inspector for proper coverage of this operational area. We are aggressively seeking out open and other types of substandard structures through our increased involvement in NRT and intradivisional initiatives. In addition Administrative Support Assistant (50%) was added to allow for increased clerical help in the office.

**FY 2005 Goal** - The addition of a building inspector and the purchase of 2 hybrid cars supports the budget message goals of "Enhance Economic Stability and Growth" and "Conserve and Preserve our Natural Resources" respectively. The addition of a building inspector will allow for more inspections to be done each day and will improve the City's service to the building community. One of the hybrid cars purchased will be used by the building inspectors which will help city staff to minimize the strain on limited resources.

# City of Columbia - Public Works Parking Enforcement

4.00 FTE Positions

\* Positions not included in Parking Enforcement's FTE count.

**DESCRIPTION**

The Parking Enforcement Division is responsible for administering the parking ordinances of the City via parking control enforcement in the central business district and the metered University streets. The Parking Enforcement Section is responsible for enforcing the parking and loading zone ordinances adopted by the City Council, which seek to ensure adequate parking for downtown employees, customers, and businesses. Works with the City Prosecutor's, office, affected businesses, and consumers in the identification and mitigation of problematic enforcement zones.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Emphasis will continue on enforcing parking ordinances to optimize parking in the downtown and university areas, thereby improving traffic flow and enhancing the economic viability of the central business district. Special emphasis will continue toward ensuring that the public is aware that the hours of operation for all parking meters, garages and lots is 8:00 am to 6:00 pm and that parking is enforced during those hours Monday through Saturday.

\*\* \$0.35 for I.S.U. Students

\*\*\* Regular route only includes fixed route.

**DESCRIPTION**

This Division is responsible for all transit services except contracted University Shuttle and Para-transit services. Scheduled transit service is provided on four cross town routes and on a.m./p.m. commuter routes. Special services are offered during MU home football games.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Ridership has recently reflected an increasing trend. System efficiency continues to improve with added emphasis on customer service and policy enforcement. This has further enhanced Columbia Transit's pulse/timed system, optimizing travel throughout the city. Additionally, Columbia Transit implemented route enhancements (June, 2004) throughout the system which will increase efficiencies and better align the route system with the changing community. Passengers will enjoy a transit system that operates on schedule as well as taking them to more popular destinations. An estimated ridership of 460,000 is anticipated in FY 2005.

**DESCRIPTION**

The Para-transit system provides service to persons with a disability that prevents them from riding the regular fixed route buses. This service is supplemental to the fixed route service and is required by the Americans with Disabilities Act (ADA).

**HIGHLIGHTS / SIGNIFICANT CHANGES**

This system provides "curb to curb" service and is demand responsive. Users of the system must be certified as ADA eligible. The system provides service to certified riders anywhere within the City; however, users inside the ADA para-transit service area have priority over users outside the ADA para-transit service area. Para-Transit service is provided by eight mini buses that are lift equipped. Due to tightening of the client recertification criteria, ridership for FY 2004 continued to drop to approximately 25,000. For FY 2005, Columbia Transit is estimating ridership to continue to be approximately 25,000.

## DESCRIPTION

This service provides transportation service from outlying University parking facilities to designated University campus areas, and is reimbursed via contractual agreement with the University.

## HIGHLIGHTS / SIGNIFICANT CHANGES

The new contract for shuttle service with the University of Missouri began in FY 2004. This new contract will increase the hours of operation to seven days per week, providing bus services from the central campus area to the Hearn and Trowbridge parking lots for both students and employees. In early 2005 the daytime shuttle service will be increased to six vehicles from the current four. In addition, daytime shuttle services, handicapped accessible service similar to what the City provides for Paratransit services, and extended services on fixed routes will be provided. We are estimating ridership of over 500,000 students.

**MAJOR PROJECTS**

Columbia Transit continues to update its fleet and facilities by leveraging local funds with available FTA grants. Some of the upcoming projects will include refurbishing and expanding the Wabash Station operations center, and upgrading approximately 22 GFI Fareboxes.

**HIGHLIGHTS / SIGNIFICANT CHANGES / GOALS**

**FY 2005 Goal** - The approval of \$2.9 million for the renovation and expansion of the Wabash Station supports the budget message goal of "Continued Investment in Buildings and Infrastructure". This renovation will help to preserve our historic downtown City public buildings and make the Wabash station more appealing to customers/citizens.

**FISCAL IMPACT**

Columbia Transit attempts to maintain a prudent replacement schedule to ensure a fleet that does not require extensive resources to maintain. The replacement of vehicles is greatly influenced by the availability of federal funds as well as local dollars.

**City of Columbia - Public Works Regional Airport**  
16.00 FTE Positions

\* Position not included in Airport's FTE count.

(THIS PAGE INTENTIONALLY LEFT BLANK)

**DEPARTMENT DESCRIPTION**

The purpose of the Columbia Regional Airport is to provide safe and usable Airport facilities for the operation of commercial, general aviation and military aircraft, and to foster and create a healthy environment so that the community may access the national air transportation system and promote the economic growth of the region.

**DEPARTMENT OBJECTIVES**

To prudently protect the taxpayers' investment by managing the Airport in strict accordance with Federal Aviation Administration and Transportation Security Administration regulations by providing a certified airport which consists of a fully staffed fire and law enforcement office, maintenance, and administration. To offer a safe, serviceable, and attractive place for air travelers, commercial airlines, general aviation, charter services, air cargo, and supporting tenants; and to implement innovative ways to increase revenues, procure new airline services, and increase the traffic flow through the facility.

**DESCRIPTION**

Airport Administration is responsible for the overall operation and management of the Columbia Regional Airport. As part of the Public Works Department, Airport Administration works closely with other City departments, the Missouri Department of Transportation (MoDOT), the Transportation Security Administration, and the Federal Aviation Administration. Airport Administration is responsible for negotiating and managing Airport real estate leases, concessionaire contracts, and collecting Airport revenues. Airport Administration handles public relations activities, Airport improvement and development projects, and oversees the operation of the Public Safety and Airport Maintenance Programs.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The updated airport master plan was approved by City Council on November 17, 2003, having last been updated in 1989. During the time the master plan was being updated, the events of September 11, 2001, the general economic malaise, SARS, and the war in Iraq all severely impacted the air transportation industry, disrupting commercial, corporate and general aviation activities. Airport activities (passenger enplanements and tower activity levels) were reduced and have just started to approach levels prior to September 2001. Complicating the recovery, American Airlines reduced its passenger flights by more than 50% into and out of St. Louis on November 1, 2003, drastically reducing service to Columbia Regional Airport. As a result of concentrated efforts to publicize the advantages of flying from Columbia, using the support of such organizations as the Mid Missouri Tourism Council, enplanement percentages are at all time highs for the market, although total numbers are still below desired levels. Airport Administration will continue to work closely with MODOT and with the FAA on all aspects of state and federal funding and continuous updating and reprioritizing of Airport Improvement Program (AIP) projects. Staff will be working on the retention and expansion of current tenants and marketing to acquire new tenants, either aviation or non-aviation related. The top priorities will continue to be maximizing use of existing commercial air service and obtaining additional air transportation to and from Columbia Regional Airport. On November 1, 2002, airlines began collecting the \$4.50 passenger facility charge from each passenger enplaning in Columbia. The fee, which is used to fund City match requirements for capital projects, had been initially collected at below forecasted levels, but has now begun to catch up with amounts that are appropriate to current enplanement numbers. On June 1, 2004, the airport's restaurant facilities were leased to a successful area catering company.

**DESCRIPTION**

The duties of this Program are to assure that the runways, taxiways and other airfield operating areas are maintained in accordance with FAA standards with regard to safety and airfield maintenance. This includes airfield lighting, pavement maintenance and marking, snow removal, and safety area maintenance. In addition, this Program is responsible for the overall maintenance and upkeep of the City-owned Airport buildings, including two terminal buildings, the Automated Flight Service Station and backup generator building, maintenance buildings, roads, fences and adjacent land areas. The Program also maintains Airport vehicles and equipment, and is responsible for training operating personnel. During aircraft emergencies and fire fighting, the maintenance personnel assist Airport Public Safety personnel.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Airfield Maintenance has been able to maintain the operating areas of the airfield (runways, taxiways and aprons) in accordance with FAA standards, and has continued to maintain the 30-year old terminal buildings in good condition. During the December 2003 annual FAA certification inspection, the need for immediate replacement of some runway and taxiway panels was identified, and a high-priority FAA-funded project is underway to make needed repairs. During FY 2004, a project was completed to eliminate water seepage in the FAA Automated Flight Service Station building. Also in 2004, an airfield maintenance utility vehicle was replaced, greatly enhancing staff's response capability to respond to and solve airfield equipment problems. Continuing emphasis has been placed on vehicle and equipment maintenance.

**DESCRIPTION**

The duties of the Terminal Area personnel are to maintain all facilities and provide custodial services to ensure the terminal buildings and areas are clean, well maintained, neat and safe for the general public's use.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The terminal buildings are now over 30 years old and require constant attention to maintain both the buildings and adjacent areas in a manner which reflects credit on the City and the Airport. Continued efforts will be directed toward maintaining the high standards met in the past. A high priority for the future is to accomplish an environmental assessment and to begin a preliminary terminal upgrade study, major recommendations of the recently completed airport master plan update.

**DESCRIPTION**

Airport Safety has three primary duties: to provide crash, fire and rescue services in the event of an aircraft fire; to provide traditional fire and law enforcement protection at the Airport facility in accordance with FAA and Transportation Security Administration (TSA) regulations, City ordinances, and State statutes; and to control Airport compliance with FAA's airport certification requirements.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Continued emphasis will be placed on training in fire, crash rescue and law enforcement techniques to ensure compliance with FAA and TSA requirements. Airport Safety Officers are triple qualified; they are commissioned City of Columbia Police Officers, Certified Aircraft Rescue Fire Fighters, and Certified Emergency Medical Technicians. FAA and TSA security regulations require great emphasis on Airport access security and continued attention to operational and safety matters. Current TSA requirements mandate increased presence of law enforcement personnel whenever airline passenger and baggage screening operations are being conducted in preparation for commercial flights, greatly increasing the demands on the Public Safety Office. In addition, national homeland security and counter-terrorism requirements have significantly increased Safety Office responsibilities in all areas of general airport and property security. During FY 2003, an FAA grant was received in order to replace one of the Airport's aging, hard-to-maintain aircraft rescue fire fighting vehicles. That vehicle is being delivered and will become operational during the summer of 2004.

**DESCRIPTION**

With no personnel assigned primarily to this duty, all hands participate in snow removal efforts--Airport Maintenance, Airport Safety and the Airport terminal personnel. Airport Safety personnel on watch assist the custodians in snow removal efforts around the terminal and aircraft rescue, and fire fighting equipment building. Airport maintenance personnel operate the snow plows, runway sweeper, and snow blower.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Snow and freezing rain are a continual challenge for the maintenance staff to effectively deal with. Staff will continue to maintain its reputation as having the cleanest runways in the State.

There are no personnel assigned to this division.					

**MAJOR PROJECTS**

The 2005 capital plan includes a project to fund purchase of land adjoining the southwestern edge of the airport, which is identified in the airport master plan for future aviation development. Also in the FY 2005 plan is a project for the complete rehabilitation of Runway 13-31. Actual execution of this project will depend on the results of a pavement condition survey currently in progress and the consultant's recommendations following its completion. As of this year, these qualifying capital projects are eligible for 95% Federal funding (as opposed to 90% previously). Previous projects slated for FY 2004 to fund an environmental assessment and passenger terminal upgrade architectural and engineering design work, recommended by the airport master plan, are being pushed back to later fiscal years due to the general state of the economy and air industry.

**FISCAL IMPACT**

The land acquisition project requires that the City provide the funds up front for the purchase. Application can then be made to the FAA for a grant to cover 95% of the actual cost of the land and administrative expenses. If the runway rehabilitation project does occur, grant funding would be available to cover 95% of the costs prior to paying for the construction. During FY 2003, the City received an FAA grant to replace an aircraft rescue fire fighting vehicle at the urging of FAA safety and standards officials. The vehicle will be received in the summer of 2004 and will replace a much less robust and less capable vehicle that is eligible to be replaced with 90% Federal funding.

**DEPARTMENT DESCRIPTION**

The Sewer Utility is charged with the responsibility to protect the public health and to ensure minimal impact upon the aquatic environment by adequate collection and treatment of wastewater within a regional area including Columbia. This is achieved by engineering review of proposed and existing facilities and through effective and economical operation and maintenance of collection and treatment systems.

**DEPARTMENT OBJECTIVES**

To ensure new construction meets current Federal, State and City requirements. To provide the lowest practical cost for maintaining sanitary sewer facilities and resources. To provide proper treatment of wastewater by complying with the standards imposed for effluent discharge to the environment. To provide a prudent, reasonable, and responsible approach to meeting the objectives through careful management of the material and human resources provided for that purpose.

**DESCRIPTION**

Guidance for the overall Utility operation and maintenance functions is provided by the Administration Section.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The average daily flow for FY 2005 is expected to be about 16 million gallons per day. Black & Veatch Consulting Engineers completed the Sewer Utility master plan in FY 2004. The master plan provided recommendations for the future expansion of the Columbia Regional Wastewater Treatment Plant and evaluated the City's sewer collection system. The master plan included an electronic sewer map and sewer system model. The sewer system model will allow staff to identify sewer lines that lack the necessary capacity for current and future loading conditions in order to evaluate the impact of future proposed developments and determine when gravity sewer improvements are necessary. Development in the Hominy Branch watershed will require construction of a parallel sewer around Moon Valley Lake. This sewer is anticipated to be under construction in early 2005. O&M management assistance to the Boone County Regional Sewer District under an agreement executed in August 1990 is expected to continue through FY 2005.

**DESCRIPTION**

The Engineering Section of the Sewer Utility is responsible for the planning and design of various sewerage improvements such as sewer districts, trunk sewer extensions, pump stations and wastewater treatment facilities. This work includes preparation of construction contract documents; i.e. plans and specifications, construction inspection, supervision and providing assistance in easement acquisition. Sanitary sewer plans for private development are reviewed to ensure conformance with City and State rules, regulations and standards. All sanitary sewer plans, maps and other reference documents are maintained and updated for use by contractors, developers, realtors and the general public.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Work continues on various sewer districts throughout the City to eliminate private sewers, on-site septic tanks and lagoons. It is expected that Sewer District 150 along Mexico Gravel Road will be completed this year along with one or two others. The H-21 Relief Sewer to provide additional capacity from the Moon Valley Road area to the upper end of the Hominy Branch watershed in the Lake of the Woods area should be under contract in FY 2005 with completion in late 2005. Other similar 80-acre point sewers will be worked on as necessary. The ongoing sanitary sewer rehabilitation program will continue with rehabilitation of existing sewers by "no dig" methods.

**DESCRIPTION**

Operation of the Regional Wastewater Treatment Plant (WWTP) is provided on a three-shift, 24-hour per day basis each day of the year. Responsibility for adequate treatment of wastewater and wastewater biosolids (sludge) rests with the Plant Operations section. The Field Operations section is responsible for the operation of the Wetlands and the effluent pumping station located adjacent to the MDC Eagle Bluffs Wildlife Area and the wastewater treatment and spray irrigation system at the Columbia Regional Airport. The Plant Maintenance Section performs breakdown and preventative maintenance on Plant equipment and all field facilities, makes modifications and new installations as needed, and is responsible for care of buildings and provides routine operation of eighteen wastewater pumping stations located in the Columbia area. The Sludge Management Program is responsible for the ultimate disposal of the anaerobically digested biosolids by land application, and for annual reporting to MDNR, as well as grounds maintenance at the Regional WWTP, wetlands and field facilities. Industrial pretreatment management is also provided by this section. The Laboratory Section performs process control testing, MDNR monitoring and compliance reporting for the Regional WWTP and field sampling for the Sludge and Pretreatment Management Programs. Liaison with research organizations and tours of the wetlands are provided by the Lab Section.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

In FY 2004, engineering work continued on the long term facilities planning report to evaluate options to handle future wastewater collection and treatment needs. The engineering study identified wastewater plant deficiencies that will need to be addressed with new equipment or facilities going forward into the next twenty year period. The engineering review emphasized the need to replace two large centrifuges with larger capacity machines. The estimated cost to replace one of the machines was included with the FY 2003 operating budget funds, which have been carried over. The replacement of the second machine was included with the successful 2003 bond issue election for capital projects. These replacements should be under contract during the later portion of FY 2004 for installation in FY 2005. The twenty year plan will provide a guideline for new additions and equipment which will be coupled to the growing population of Columbia and needs for increased capacity for wastewater treatment. For the present, the third phase of repairs to the flood protection berms at Wetland Treatment Unit #1 will be completed in FY 2004. The berm repair work is expected to continue into FY 2005. The significant maintenance replacement list continues to be the guideline for budgeting and scheduling replacement of Plant equipment that has exceeded its 20 year life. The purpose is to maintain high quality effluent from the treatment units at the mechanical plant to maximize the capabilities of the constructed wetlands.

**DESCRIPTION**

The Sewer Maintenance Section is responsible for the maintenance of approximately 533 miles of sanitary sewer pipe. This involves routine cleaning of sanitary sewer pipe; routine internal television inspection of pipe; repair and/or replacement of pipe and manholes; and investigation of complaints and correction of problems identified.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The emphasis again this year will be placed upon repair of previously identified damaged portions of sanitary sewer mains at various locations throughout the system. A second repair crew will again be utilized to assist in reducing the backlog of identified repairs. Routine cleaning will also be emphasized for preventive maintenance. The Sewer Maintenance section will continue inspecting, identifying and prioritizing existing sewers that will be rehabilitated by annual maintenance contracts utilizing trenchless technology methods. Approximately 43,600 feet of pipe has been rehabilitated since the contract program began in 1998 following the passage of the 1997 Sewer Bond issue. The rehab work will continue into FY 2005 after passage of the November 2003 Sewer Bond Issue.

**MAJOR PROJECTS**

Voters approved an 18.5 million dollar revenue bond issue in November 2003. Several improvement projects will be funded by the bond issue over the next five years. Projects include repair and rehabilitation of older sewers, replacement of 20 year old plant equipment, extending main sewer trunk lines to the 80 acre point in developing drainage basins, and relief sewers providing additional capacity in existing service areas and elimination of lagoons discharging into creeks flowing through the city.

**HIGHLIGHTS/GOALS**

**FY 2005 Goals** - The approval of nearly \$5.3 million in Sewer Projects supports the budget message goal of "continued investment in Buildings and Infrastructure". Some of the projects are the 80 acre point trunks revolving fund (to extend outfall, trunk and interceptor sewer lines), the Centrifuge replacement at the Waste Water Treatment Plant, extension of City sewer into private common collector sewers, and the UMC Campus relief sewer project in its second phase. These capital investments in our sewer system will provide for much needed expansion and maintenance.

**FISCAL IMPACT**

To pay back the revenue bonds, rate increases of 4% in FY05 and FY06 and 3% increases in FY07 and FY08 will be implemented.

# City of Columbia - Public Works Parking Facilities

5.60 FTE Positions

\* Positions not included in Parking's FTE count.  
\*\* Positions are budgeted in various Public Works divisions and/or funds

(THIS PAGE INTENTIONALLY LEFT BLANK)

**DEPARTMENT DESCRIPTION**

The Parking Utility operates, maintains and administers four parking facilities, 15 surface lots as well as on-street parking meters. It is responsible for the collection of income from the facilities, the collection and data preparation of parking and parking facility studies, plus the installation and maintenance of the parking meters, gates, attendant buildings and other facilities.

**DEPARTMENT OBJECTIVES**

To provide and maintain convenient and adequate parking, both on-street and off-street, in the downtown business district. To collect income from parking facilities for the maintenance and operation of these facilities and provide financing to additional facilities, as needed.

\*\* Rochester, MN has installed one pay by space system in a parking lot on a trial basis.

\*\*Rochester, MN contracts day to day management of ramps and pay lots and may add another garage

**DESCRIPTION**

The Parking Utility operates, maintains and administers four parking facilities, 15 surface lots as well as on-street parking meters. It is responsible for the collection of income from the facilities, the collection and data preparation of parking and parking facility studies, plus the installation and maintenance of the parking meters, gates, attendant buildings and other facilities.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Working with the downtown business district, the Parking Utility works to ensure that the present and future parking needs in downtown Columbia are met. In FY 2004, 320 EZ Park Card conversion kits were added to selected meters in the business district and University campus. This modification to the electronic meters allow them to accept prepaid parking cards. The Parking Utility sells the reloadable cards. Public acceptance has been strong and the Utility plans to convert 1,000 more meters in the downtown and campus area. Funding is included to repair the facades at each of the downtown parking garages.

# City of Columbia - Public Works Solid Waste

77.25 FTE Positions

\* Positions not included in Solid Waste's FTE count.

\*\* Positions are budgeted in various Public Works divisions and/or funds

\*\*\* RCS - Refuse Collection Supervisor

(THIS PAGE INTENTIONALLY LEFT BLANK)

## DEPARTMENT DESCRIPTION

This utility is dedicated to the management of resources for the protection of public health. Human resources are managed to provide efficient trash and recycling collection, material recovery, and disposal services utilizing sound engineering practices. Natural resources are managed through education, reuse and recycling for the protection of the environment.

## DEPARTMENT OBJECTIVES

To provide an efficient collection, material recovery, and disposal service while protecting the environment and public health.

## APPROPRIATIONS

Quantity of Clear Compost Bags Delivered/Sold	423,085	425,000	429,000
No. White Goods Collected Through Special Collection	2,952	3,000	3,100
State Landfill Fees Collected and Forwarded to State	\$302,205	309,676	317,990
Educational and Informational Presentations	124	146	150
Residential Hazardous Waste Collected/Disposed (lbs per calendar year)	146,057	147,000	149,000
No. of Vehicles Serviced at Hazardous Waste Facility(per calendar year)	3,247	3,300	3,400
Trash Out Early Violations	164	180	200

**DESCRIPTION**

The Solid Waste Utility is responsible for the management of waste using sound engineering practices to protect human health and the environment. Administrative duties include keeping abreast of new regulations, designing waste and recyclables collection systems, collecting waste and recyclables, processing and marketing recyclables, landfilling and managing human resources.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Two exciting landfill projects are currently under evaluation. First, an economic evaluation will be conducted to determine the beneficial use of methane gas produced from the decomposition of garbage. Second, the evaluation will be conducted to determine if adding water to the landfill will accelerate decomposition. This process is referred to as bioreactor landfills.

Compost sales to the public will enter its second year with marginal level sales.

Non-Residential/Commercial recycling will enter its second year for collection.

Material Recovery Facility continues to process more and more recyclables and will be adding a small single product baler and conveyors to improve efficiencies. Partially funded by a grant, equipment will be purchased for baling whitegoods. Glass crushing equipment was installed this year and approximately 350-400 tons of glass will be crushed annually.

**DESCRIPTION**

Commercial collection provides waste removal services and recycling services from small single offices to large manufacturers. Services and equipment are available that range from a single bag for small generators to large 40 cubic yard compactors for manufacturers.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Mini roll-off service is growing and providing waste removal opportunities to medium and large volume generators that are too large for dumpsters and too small for the larger roll-off containers. Retaining commercial customers and route efficiencies will be the focus. Additional efforts will be made managing the non-residential recycling opportunities. There are no significant changes planned for commercial collection.

**DESCRIPTION**

To comply with state and federal regulations, Columbia Sanitary Landfill is operated using environmentally sound engineering practices for disposal of municipal solid waste. A 15-acre Compost Facility is operated on the landfill property and two half-acre mulch drop-off sites are maintained in town.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Total tons received at the landfill for fiscal year 2003 was 154,186. Fiscal year 2004 tonnage is expected to be slightly higher.

The next waste disposal cell will need to be constructed by 2007. Analysis will be conducted to compare a bioreactor cell to our Subtitle D cell to determine which one more efficiently utilizes air space.

The Compost Facility continues to operate at or near capacity. Annual tonnage for FY 2003 was 6,436. Finished compost is sold to customers @ \$12/cubic yard + tax, or \$8/cubic yard + tax for quantities greater than 100 cubic yards purchased within each calendar month.

The Landfill to the west of old HWY 63 landfill at Finger Lakes State Park received official notice of closure this year.

**FY 2005 Goal** - Additional funding is provided to conduct a study of the recovery and possible uses of landfill methane gas as a source of energy for landfill operations supporting the budget message goal of "Conserve and Preserve our Natural Resources". This study will help to determine the most beneficial option for utilizing gas produced at the landfill which is currently being flared off.

## DESCRIPTION

Contract collection of waste from all the facilities on the MU campus.

## HIGHLIGHTS / SIGNIFICANT CHANGES

No significant changes are expected. City staff continues to work with university personnel to increase efficiencies in solid waste services on campus by placement of compactors in lieu of dumpsters.

**DESCRIPTION**

This program includes weekly collection of commingled recyclables from residential units, daily collection of commingled recyclables from 7 drop-off locations (including the University of Missouri site), 8 apartment drop-off containers rotated among 24 apartment complexes, bi-monthly (April through November) collection of household hazardous waste, and weekly collection of major appliances and yard waste. The Public Works Volunteer Program utilizes over 2,800 volunteers per year in waste reduction activities such as Adopt - A -Spot litter control, household hazardous waste greeters, mulch site aides, worm loan aides, composting workshop leaders, special cleanups, and various other waste reduction projects.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The Material Recovery Facility received 6,662 tons of recyclables during FY 2003. As additional screening and sorting equipment has been installed, approximately half of that material was processed locally and that percentage is expected to rise with the hiring of more temporary help.

A grant for a scrap metal baler has been received from the solid waste district and will be put in service at the MRF for baling old appliances to sell for scrap revenue.

Non-residential recycling services were implemented during FY04. This program is currently servicing 17 businesses and continues to be developed.

Convenience store recycling was added during FY03 and the program has expanded to include over 117 containers placed at 34 locations around the city. Approximately 1/2 ton per week is collected from these containers.

The household hazardous waste collection serviced 3,247 cars in 2003, and collected 146,057 pounds of material.

The Volunteer Program continues to see increased interest in the Adopt-A-Spot Litter Control program, with 79 active groups and 78 ongoing volunteers who donate at least 4 hours per month doing waste reduction activities.

**MAJOR PROJECTS**

Construct a gas collection header along the southern end of the landfill to increase capacity and provide for redundancy in the system. Install the second gas blower to increase capacity as the landfill grows.

The first half of a gas to energy project will be completed this year followed by the second half in FY 2006. Consulting and design work for the next landfill cell (4) will be completed in FY 2005.

**FISCAL IMPACT**

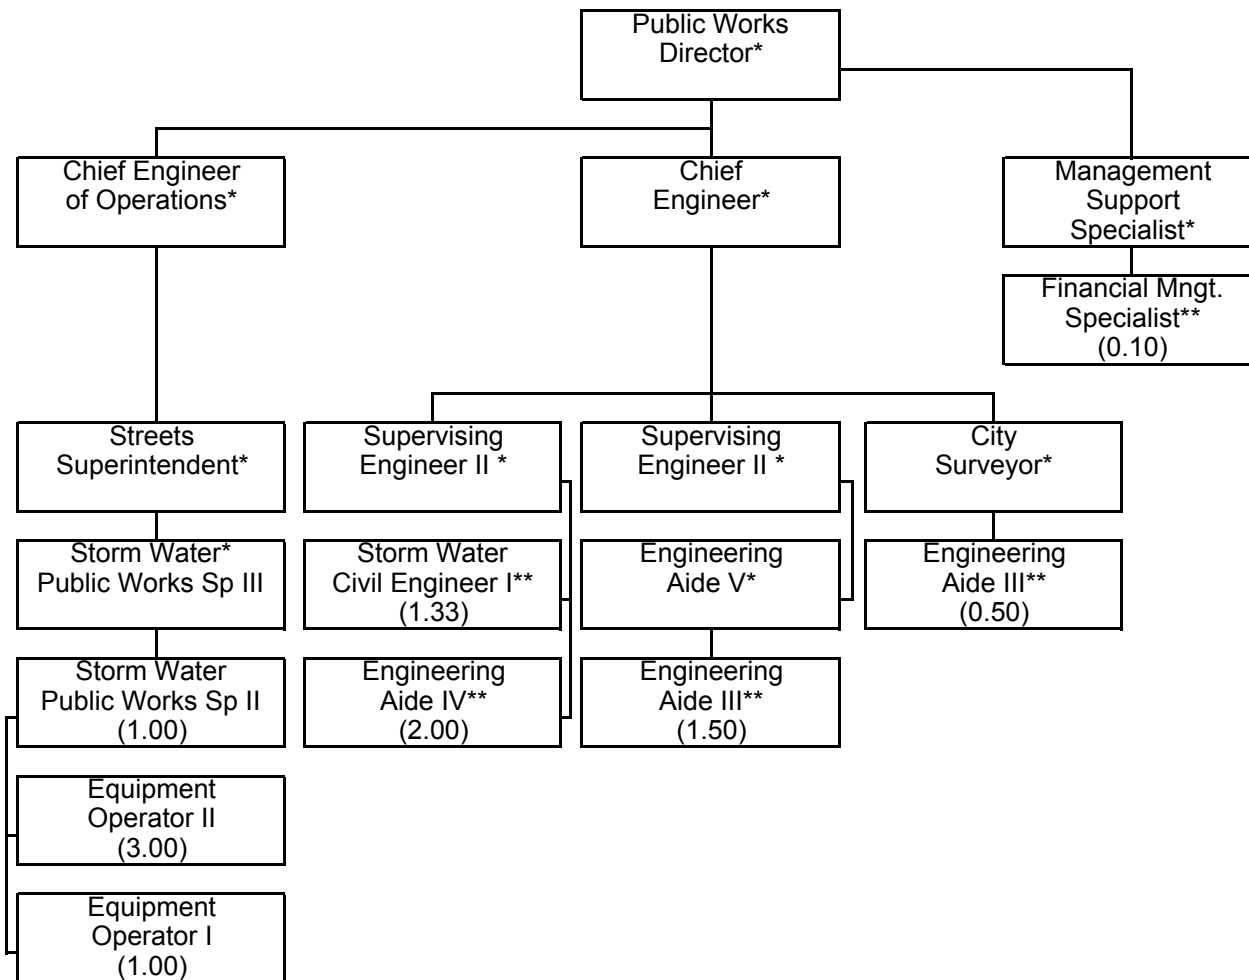

The fiscal impact will be approximately \$475,000, with the continued capital funding of \$95,000 for waste handling systems for commercial recycling equipment.

**City of Columbia - Public Works Storm Water Utility**  
10.43 FTE Positions

\* Positions not included in Storm Water's FTE count.  
\*\* Positions are budgeted in various Public Works divisions and/or funds

(THIS PAGE INTENTIONALLY LEFT BLANK)

## DEPARTMENT DESCRIPTION

The Storm Water Utility operates through funding approved by voters in April of 1993. Funding sources include development charges on new construction and Storm Water Utility charges on existing improved properties. The Storm Water Utility was established to provide funding for the implementation of storm water management projects, maintenance of existing storm water drainage facilities, and modeling of developing drainage basins with an eye toward implementation of regional detention facilities to control run off from developing areas.

## DEPARTMENT OBJECTIVES

To assure the movement of emergency vehicles during storm periods, to protect the public from rapidly flowing water or flash floods, to minimize losses and property damage resulting from uncontrolled storm water runoff, and establish requirements for construction of storm water management facilities in newly developed areas.

**DESCRIPTION**

The purpose of the Storm Water Utility is to assure the movement of emergency vehicles during storm periods, to protect the public from rapidly flowing water or flash floods, to minimize losses and property damage resulting from uncontrolled storm water run off, and establish requirements for construction of storm water management facilities in newly developed areas.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Public Works continues to work through the design and construction of a long list of capital improvement projects. Improvements are expected to be constructed in the Paris and Ann neighborhood, the Maupin/Edgewood neighborhood and the Woodside Drive neighborhood. Planning and design is underway for Brandon Road Culvert, Rock Quarry Road Culverts, Quail Drive, Middlebush Drive and the Rutledge and Weyemeyer area among others. The MDNR Storm Water Grant Program is on hold so that source of funding is unavailable this year.

The storm water complaint process has been moved from Public Works Engineering Inspection to Engineering Design. It is expected that this move will help streamline the process of addressing complaints.

The City continues to strive to meet the goals of the EPA Storm Water Phase II permit. Public education and outreach efforts for the permit are expected to be moved into Public Works at the end of the 2004 calendar year. In the past, education and outreach has been contracted through the University of Missouri with the University and Boone County participating in the contract.

**DESCRIPTION**

The Storm Water Utility - Field Operations is responsible for maintaining and repairing existing facilities and constructing small storm water projects (less than \$200,000).

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Field Operations continues to work on identified problem areas in public right-of-way with the highest priority given to flooding of homes and major streets in accordance with the approved Storm Water Utility Plan.

(THIS PAGE INTENTIONALLY LEFT BLANK)

## DEPARTMENT DESCRIPTION

Custodial and Maintenance Services Fund provides custodial services to the City Hall Building, Howard Building, Gentry Building, Gates Building and City Hall Annex. Building maintenance for these facilities as well as all fire stations, Grissum Building, Walton Building, Fire and Police Building and other City facilities is provided.

## HIGHLIGHTS / SIGNIFICANT CHANGES

To provide for functional, safe, healthful and clean facilities at the best cost and to preserve the facilities. Preventive maintenance and good housekeeping affects not only the life and maintenance costs of a facility, but also the morale and productivity of the occupants and users and the perceptions of the public.

## COMPARATIVE DATA

NOTE: Comparative Data was not available for the Custodial & Maintenance Services Fund.

**Custodial & Maintenance Services Fund -  
Building Maintenance**

671-6710

**DESCRIPTION**

This section provides general maintenance on the buildings previously mentioned including all electrical, plumbing, heating, air conditioning and structural maintenance as required.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The HTE software system for managing work orders and maintenance activities is still being developed. Efforts will continue in preventive maintenance and seeking ways for more efficient use of resources. When possible the maintenance crew provides remodeling/repair/renovation services to its customers. Due to routine maintenance duties we are unable to satisfy all requests. An Administrative Support Assistant III has been added to be split between Building Maintenance and Protective Inspection to assist with processing of payments, purchase orders, work orders and other organizational practices.

**Custodial & Maintenance Services Fund -  
Custodial Services**

671-6720

**DESCRIPTION**

This section provides custodial services in the buildings previously noted as well as snow removal services at the City Hall, City Hall Annex, Gentry and Howard Buildings. In addition, the custodians will provide security for the Daniel Boone Building during evening meetings.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Custodial services is provided for five downtown public buildings in addition to security for the Daniel Boone Building during evening meetings. Special emphasis will continue for the Health Clinic area. An additional custodian has been added to provide the custodian services at the newly opened Sanford-Kimpton Health Facility.

# City of Columbia - Public Works Fleet Operations

23.90 FTE Positions

\* Positions not included in Fleet Operation's FTE count.

\*\* Positions are budgeted in various Public Works divisions and/or funds.

\*\*\* Due to various shifts the noted positions report to the supervisor on duty.

(THIS PAGE INTENTIONALLY LEFT BLANK)

## DEPARTMENT DESCRIPTION

The Fleet Operations Division provides preventive maintenance, mechanical repair, repair parts, acquisition support, and fuel for the vehicles and equipment belonging to the Public Works Department, the Police Department, the Fire Department and other City departments.

## HIGHLIGHTS / SIGNIFICANT CHANGES

The Fleet Operations Division is continuing to evolve with the advent of hybrid vehicles and other electronic enhancements to boost the fuel efficiency and environmental compliance for vehicles and equipment. The division is planning to upgrade existing fueling site to incorporate overhead canopies and increased lighting. The City will continue to use Biodiesel fuel in the fleet fueling system as allowed by budgetary constraints. An additional vehicle mechanic has been added to allow more in-house repair of City fleet vehicles.

## PERFORMANCE MEASUREMENTS / SERVICE INDICATORS

	Actual FY 2003	Budget FY 2004	Estimated FY 2005
No. of Billable Employees	15.0	15.0	15.0
Billable Hours	31,200	31,200	31,200
Hours Actually Billed	27,374	26,000	26,000
Avg. Annual Labor Hours Per Vehicle Services at Grissum/Fleet Operations*	--		
Police Department	20	22	22
Street	42	40	42
Fire Department	51	48	55
Sewer	23	20	22
Solid Waste	136	142	160
Transit (1)	136	120	140
Outside Work (OWA's)	\$303,792	\$200,000	\$300,000
Backlog (Number of items waiting for repair per day)	56	58	60
Gasoline Sold (Gallons)	275,463	280,000	282,000
Diesel Sold (Gallons)	433,317	430,000	440,000

(1) Hours decreased due to new fleet of buses under warranty.

## COMPARATIVE DATA

	Columbia, MO(1)	Cape Girardeau, MO	St. Joseph, MO	University City, MO	Ames, IA	Lawrence, KS
<b>Population</b>	<b>90,066</b>	<b>35,723</b>	<b>74,781</b>	<b>36,435</b>	<b>52,250</b>	<b>87,174</b>
Number of Employees	12.00	11.00	8.00	9.00	10.00	14.00
Employees Per 1,000 Population	0.133	0.308	0.107	0.247	0.191	0.161
No. of Vehicles/Equip. Maintained	605(1)	380	329(3,8)	163	271(5,8)	595
Shop Labor Rate	\$42.00	\$47.00	N/A (4)	Mechanic's Wage (2)	\$45.50+(6)	\$50.00 (7)
Parts Inventory Value	\$350,000(1)	\$130,000	\$210,000	\$40000	\$40,000	\$138,000

- 1) Numbers have been altered to reflect less the Transit Bus System statistics relative to Columbia only. None of the other cities in the above comparison have a city owned/operated bus system.
- 2) Labor rate is supplemented by appropriated tax dollars. All overhead expenses (insurance, utilities, etc.) are not paid via the labor rate.
- 3) This Public Works vehicle maintenance organization does not support Fire Department nor Police.
- 4) No labor rate used. Maintenance totally supported by appropriated tax dollars.
- 5) This Public Works vehicle maintenance organization does not support Solid Waste nor Police.
- 6) Overhead expenses are averaged out and assessed monthly per vehicle in addition to labor rate. (assessment equals \$250 to \$1,800 per vehicle)
- 7) Labor rate increases if mechanics work overtime (\$65 an hour) or if a service call is required (\$70 an hour).
- 8) City does not have a City owned/operated Solid Waste/Mixed Refuse Department.

## MAJOR PROJECTS

No projects programmed for FY 2005.

## FISCAL IMPACT

None

## DEPARTMENT DESCRIPTION

This fund is responsible for the operation and maintenance of the short line Columbia Terminal Railroad (COLT).

## DEPARTMENT OBJECTIVES

To provide the customers of the Columbia Terminal Railroad with safe, reliable, and efficient rail service.

## DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Rail traffic has increased. The new rail terminal held a grand opening in March 2004. Traffic is projected to continue to increase in FY 2005.

## COMPARATIVE DATA

NOTE: Comparative Data not available.

**DESCRIPTION**

This fund is responsible for the operation and maintenance of the short line Columbia Terminal Railroad (COLT).

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The budget includes additional funds for interest payments. This increase is due to Capital Improvement Program (CIP) loan from the electric utility for the FY05 CIP. The budget also includes funds to meet the operation and maintenance requires of the increased traffic rail.

**BUDGET DETAIL**

**MAJOR PROJECTS**

Due to the increased traffic, Capital Improvements Program (CIP) projects are budgeted to separate the costs of rail replacement, tie replacement and surface maintenance. All projects are outlined in the CIP.

**FISCAL IMPACT**

A loan of \$484,800, from the electric utility, is requested for FY 2005. A study of track conditions was performed in FY 2004. Funding is requested to implement recommendations from that study as well as other needed capital projects. CDBG funds in the amount of \$104,000 have been requested for the Rail Corridor project between Rogers and College.

**DEPARTMENT DESCRIPTION**

The Water and Electric Utility provides the citizens of Columbia with a safe and dependable supply of drinking water and electricity.

**DEPARTMENT OBJECTIVES**

To provide the citizens of Columbia with service in the most effective and efficient manner possible to assure a dependable supply at the best possible cost.

**AUTHORIZED PERSONNEL**

**DESCRIPTION**

The Water Utility is responsible for the supply of safe drinking water and fire protection service to the City, and providing production, treatment, and distribution systems. The utility operates a well field in the Missouri River bottoms, the McBaine Water Treatment Plant, the West Ash and South Pump Stations, elevated water towers, and the distribution system. The personnel test and set meters, install and maintain fire hydrants, operate a laboratory and water testing facility, perform all maintenance on towers, lines, leak repair and customer service calls, and flush mains and service valves. Crews do some extension of water mains; however, most are contracted due to the large amounts of machinery and personnel required. The Water Utility serves over 39,000 customers.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

A 7.5 % revenue increase is proposed. Of that amount, 3.5% is to address debt service requirements of the water bond issue passed by voters in November 2003. The remaining 4.0% is to move the water utility toward fully funding all capital and debt requirements of the utility. In previous years, the overall funding needs of the water utility has been supported by the electric utility. While the Columbia Charter recognizes "Water & Light" as one utility, in future years the rates of each utility will be designed so that each rate structure supports the capital and debt requirements of the individual utility. To complete this process for the water utility, an additional rate increase will be proposed in FY06. This budget also includes appropriation of funds from the revenue bond election for construction of major water projects. Additional staff have been added to address the operation and maintenance needs of the expanding water utility. The one-time connection fee for installation of water service for new buildings will increase, as well as associated water meter fee.

**City of Columbia - Water Production & Distribution**  
62.90 FTE Positions

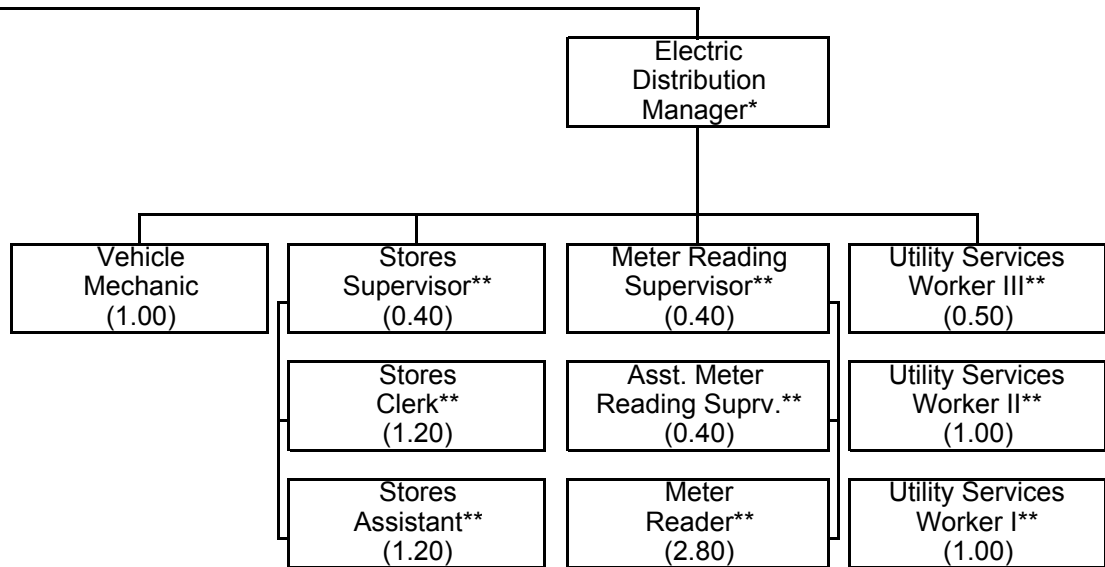

\* Position not included in Production or Distribution's FTE counts.  
\*\* Positions are budgeted in various Water and Electric divisions and supervised by the Electric Distribution Manager.

# City of Columbia - Water Production & Distribution

62.90 FTE Positions

\* Position not included in Production or Distribution's FTE counts.  
\*\* Positions are budgeted in various Water and Electric divisions and supervised by the Electric Distribution Manager.

**DESCRIPTION**

This division is responsible for the production and treatment of water entering the distribution system. Duties include operation of the well fields, the water treatment plant and responsibility for operating a testing laboratory thereby assuring the highest quality water possible. Water treatment plant personnel are also responsible for monitoring and operating the distribution system pump stations and storage facilities.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The budget includes an additional Chief Operator position for the water treatment plant. This position is needed to assist the water plant superintendent in planning, organizing, scheduling, and evaluating the work of the shift operators. This position will be the onsite project lead person for the plant expansion as well as, be responsible for developing expertise in the new equipment and systems being installed. This person will be directly in charge of the training of the shift operators, assuring that they have the necessary skills to operate and monitor the system. The person would oversee the operating of the wells, treatment plant, and pumping stations. The water treatment plant expansion was funded by the water bond election, design is near completion, and construction will begin in FY05. Budget also includes funding for normal operation and maintenance.

**DESCRIPTION**

This division is responsible for providing an adequate supply of water for individual consumption as well as fire protection to the citizens of Columbia. This task is accomplished through the operation of the West Ash and South Pump Stations, elevated water towers, and the distribution systems. This division tests and sets meters, installs and maintains fire hydrants, maintains all towers, lines and service valves and responds to customer service calls. Although some water main extensions are done by this division, most are contracted due to the specialized machinery and personnel required.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The budget includes the addition of 2 permanent Chief Operator positions for water distribution. The water utility is growing by about 1,500 new customers per year. These two positions are needed to supervise crews engaged in the construction and maintenance of water mains, services, fire hydrants and associated appurtenances; as well as to maintain records and prepare reports related to the work; investigate and prepare incident reports, prepare insurance documents for liability claims, injuries and vehicle or equipment accidents; and, assure work is completed according to proper standards. This budget includes a proposal for an increase in the one-time connection fee for installation of water services to a new building. In addition, it is proposed that all new meters be of the electronic remote read type and that meter fees for new construction reflect this change.

**MAJOR PROJECTS**

Projects to expand the pumping, treatment, transmission, and storage of water are outlined in the Capital Improvement Program (CIP).

**HIGHLIGHTS / GOALS**

**FY 2005 Goals** - The approval of nearly \$8.4 million in Water Projects supports the budget message goal of "Continued Investment in Buildings and Infrastructure". Some of the projects are a new service connections, North East pressure zone, and 36" transmission line from McBaine. These capital investments in our water system will provide for much needed expansion and maintenance.

**FISCAL IMPACT**

This includes the major capital improvements that are outlined in the Capital Improvement Program (CIP). Projects identified in the bond issue ballot are scheduled as presented to the voters. The only change is that full funding for the second 36" transmission main is requested in FY 2005. This is to facilitate routing and construction to match construction schedule of the water plant addition. As was presented to voters, six 3.5% rate increases will be necessary to cover debt service requirements of the full water bond issue. For FY 2005, the first 3.5% increase is reflected as part of in the overall increase requested for the water utility.

**DESCRIPTION**

The Electric Utility is to provide the citizens of Columbia with electricity in the most effective and efficient manner possible to assure a dependable supply at the lowest possible cost. This requires the Department to operate and maintain the electric generating and distribution system to serve over 40,000 customers.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The full impact of a new purchased power contract is reflected in the FY 2005 budget. Purchased power expense is projected to increase by \$7.4 million. A 9.0% revenue increase is proposed to offset this increase in expense. A rate structure will be set so as to encourage conservation especially during peak usage times. An additional rate increase will be needed in FY 2006 to address operational, maintenance and capital needs. Three new apprentice lineworkers are included to insure the availability of skilled lineworkers. An apprenticeship is four years. This budget includes an appropriation of working capital for Capital Improvement Program (CIP) projects. Previous CIP bond funding has been fully appropriated. During FY 2005, planning for future funding of the electric CIP should be developed.

# City of Columbia - Water and Electric (Electric Summary)

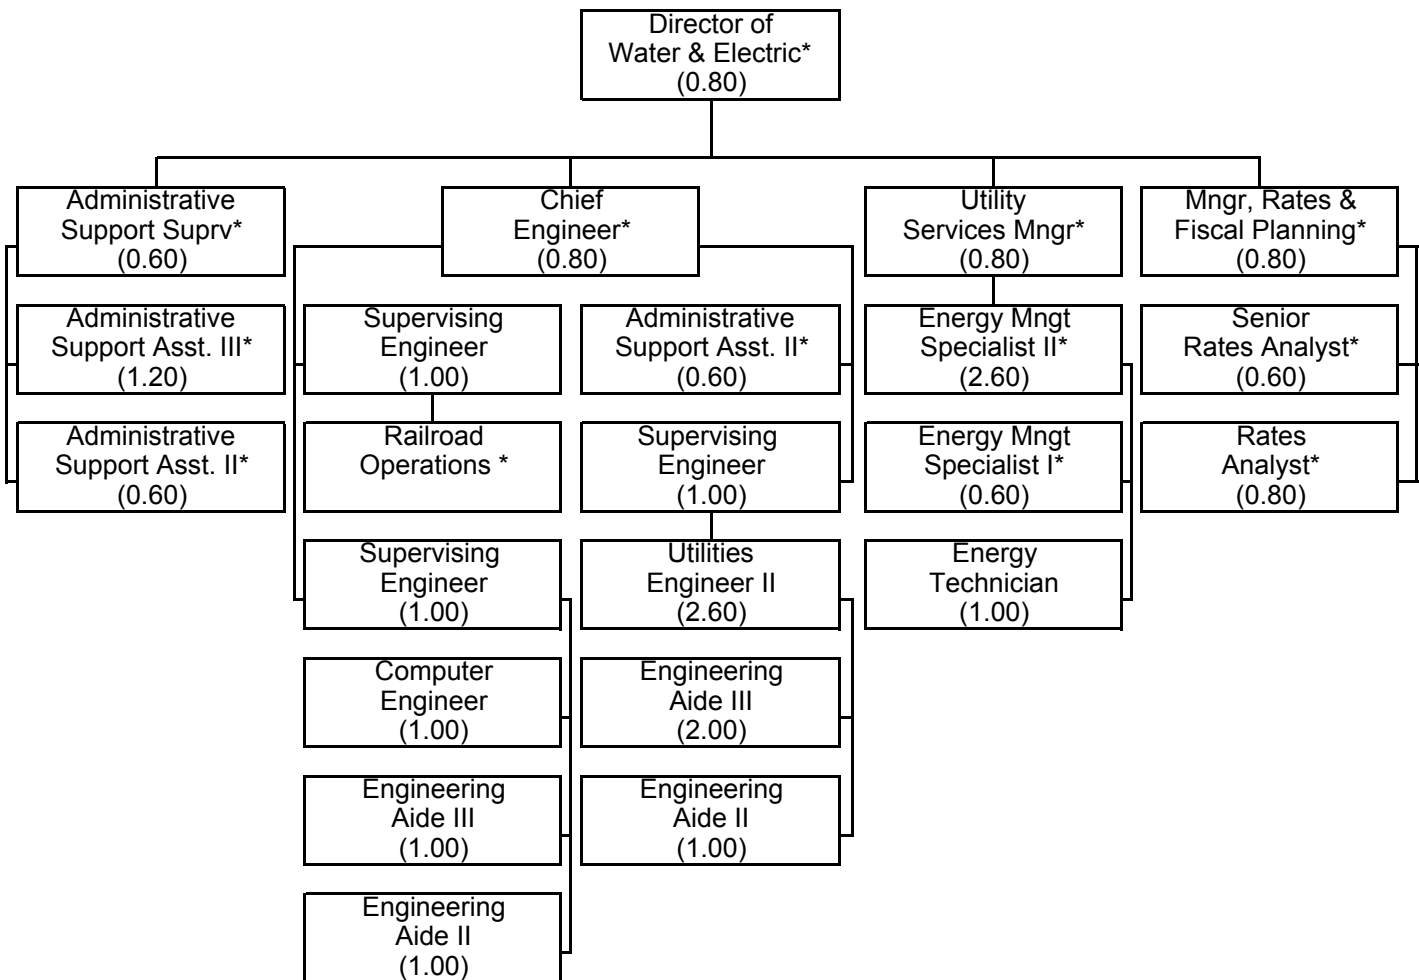

153.00 FTE Positions

- \* A portion of Utility Services' FTE's are budgeted in Transmission and Distribution (3.5 FTE's)
- \*\* Trans. & Dist. - Transmission and Distribution

**City of Columbia - Electric Administration & General**  
23.40 FTE Positions

\* Positions are budgeted in various Water and Electric divisions.

**DESCRIPTION**

The Administrative office is responsible for all operations of the utility. This office also includes the engineering section which is responsible for extensions, planning and layouts for construction crews, review of subdivision plans, and field review of all contract work. This group also does long-range planning, coordinates the work of consultants, and arranges for bulk power purchases. The rate section functions somewhat as a corporate planning division. This group works on the development of computer models which will provide load forecasting, budget projections, revenue and production requirements, rate design and cost of service studies. Also included in Administration is the Utility Services Division that is responsible for conservation and demand management programs, and marketing in general, including the operation of CABLE Channel 13.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

This budget includes funds for the normal operation of the division.

# City of Columbia - Electric Production Power Plant

46.00 FTE Positions

\* Position not included in Power Plant's FTE count.

\*\* Shifts consist of 8:00am-4:00pm, 4:00pm-12:00midnight, 12:00-8:00am and a relief shift

**DESCRIPTION**

This division is responsible for the production of electricity for the citizens and the operation of the Municipal Power Plant. Personnel staff operate the City's generating station on a 24-hour per day basis. The maintenance crew performs all routine maintenance and repair work except for major overhauls and reconstruction. Personnel schedule delivery of coal, operate an industrial water treatment system, operate the boilers and turbine, cooling tower, and other equipment. A central dispatch office is operated on a 24-hour basis. Dispatching personnel arrange for and schedule all power purchases via various interconnections operated with other utilities and maintain an integrated operation with them. The dispatch office receives all after-hours calls for the utility and dispatches water or electric personnel as required.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The budget includes the full impact of a new purchased power contract that began on June 1, 2004. The projected increase for purchased power is \$7.4 million. Funds have been requested to study the future long- term power supply needs of the utility. The budget also includes normal operation and maintenance for the division.

# City of Columbia - Electric Transmission & Distribution

83.60 FTE Positions

\* Position not included in Transmission or Distribution's FTE count.  
\*\* Positions are budgeted in various Water and Electric divisions  
\*\*\* (3) FTE Apprentice Lineworkers added due to potential retirements

**DESCRIPTION**

This division handles all of the electrical system beyond the production facilities, as well as the general warehousing and building facilities for the distribution operation. This division is responsible for all line crews and electric construction and maintenance of transmission lines, substations, distribution lines and fiber optic communication system. This division installs all underground lines, services, transformers and electric meters. The personnel install and maintain the City street lights. Meter testing is handled by this division as well as all customer turn-ons and turn-offs. A distribution dispatching center for water and electric crews is operated during normal working hours. Tree trimming and line clearance work is done by contractors, and inspection personnel are in this division. This division also operates the Water and Light garage and vehicle maintenance facilities, fueling stations and warehouse.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The budget includes three additional apprentice lineworkers. The electric utility has lost several skilled workers to retirement and to higher paid positions at other utilities. There is a four-year apprenticeship for lineworkers. These positions are needed to insure the utility can maintain the required number of skilled lineworkers. In addition to these positions, the budget includes funds for the normal operation and maintenance of the division.

*In FY 2005 - (3) FTE Apprentice Lineworkers were added for a limited time (4 years) due to potential retirements that may occur in the Lineworker position.					

**MAJOR PROJECTS**

This budget provides funds for the capital improvements in the Electric Utility.

**HIGHLIGHTS / GOALS**

**FY 2005 Goals** - The approval of nearly \$4.2 million in Electric Projects supports the budget message goal of "Continued Investment in Buildings and Infrastructure". Some of the projects are the expansion of the distribution system, the maintenance and conversion of underground powerlines, new electric connections, and transmission maintenance. These capital investments in our electric system will provide for much needed expansion and maintenance.

**FISCAL IMPACT**

This includes the major capital improvements that are outlined in our Capital Improvement Program. Remaining funds from the 1997 bond issue have been appropriated. During FY 2005, plans should be developed to address future funding requirements for the electric CIP.

**DEPARTMENT DESCRIPTION**

The Office of Cultural Affairs' (OCA) mission is to enhance the vitality of the city and the quality of life for all citizens by creating an environment wherein artists and cultural organizations can thrive by fostering opportunities for creative expression and the preservation and celebration of the City's multi-cultural heritage. The OCA strives to enhance the artistic, management and marketing capabilities of local artists and arts organizations; increase public and private resources for the arts; develop a broader audience for the arts; and encourage cooperation, partnerships and collaborations within the city's diverse cultural heritage.

**DEPARTMENT OBJECTIVE**

- ▶ To continue to implement the following general goals: promote the arts and life-long learning; market the arts; integrate business and the arts; advocate public art policies; and ensure managerial, fiscal and human resources to achieve all programs and services.
- ▶ To raise awareness of accessibility to, participation in and support for Columbia's rich array of artists and cultural offerings.
- ▶ To place new works of public art in Columbia with the goals of enhancing the public environment and civic pride while maintaining works currently owned by the City.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

- ▶ The OCA's Community Arts Program grant ranked in the top three statewide in the Missouri Arts Council's grant evaluation. Funds will be used for programs and services such as the Arts Express newsletter, the Artists' Registry, the Columbia Festival of the Arts and general technical assistance to local arts organizations.
- ▶ Growth in the Columbia Festival of the Arts continues to be limited due to state budget cuts (Missouri Arts Council). Despite that, interest from visual and performing artists is strong which will insure a quality event. Marketing efforts will again focus on increasing out-of-town visitors.
- ▶ The Percent for Art project at Stephens Lake Parks will be finalized; installation may take place as well.
- ▶ The Percent for Art project at the Wabash Station will get underway.
- ▶ Requests from local arts organizations for arts funding totaled \$141,600, an increase of more than \$30,000 from FY 2004. A new formula for determining funding levels was researched and implemented by the Commission on Cultural Affairs. It will continue to be assessed as will all funding policies.
- ▶ Greater participation in the CARE Gallery (a collaboration with P&R) will continue. Securing additional outside funding sources like the FY 2004 grant from the Missouri Arts Council's Arts Education program will continue to be an emphasis.
- ▶ Restoration of the Martin Luther King, Jr. Memorial will continue, a collaboration with P&R and the Office of Volunteer Services. Planning for re-dedication of the Memorial will occur as well.
- ▶ Collaborations with downtown improvement efforts include continued support of the Twilight Festivals and the Gallery Crawl as well as participation on the Avenue of the Columns committee.
- ▶ Ongoing opportunities for local arts organizations and their volunteers and event planners to interact include the regularly scheduled Arts Roundtable meetings and the Cultural Tourism Collaborative.
- ▶ Attempts to secure new funding sources will continue given the anticipated cuts at the Missouri Arts Council.
- ▶ The Arts Express newsletter new mailing schedule (bi-monthly) will continue in an effort to cut printing and postage costs. Subscription to the online version will be emphasized in an effort to cut costs as well.
- ▶ Updates to the OCA's cultural plan "Creative Columbia" will be addressed by the Commission on Cultural Affairs.
- ▶ Continued enhancements to the OCA web site will include additional on-line forms for the arts organization funding process, more listings in the Artists' Registry, an expanded section on the Columbia Festival of the Arts and e-mail subscription options for the Arts Express newsletter and Cultural Affairs Commission agenda.

(THIS PAGE INTENTIONALLY LEFT BLANK)

**DEPARTMENT DESCRIPTION**

The Convention and Visitors Bureau (CVB) promotes Columbia as a meeting, leisure and group tour destination through direct solicitations, tradeshow attendance, advertising and marketing.

**DEPARTMENT OBJECTIVES**

To increase the number of regional and national conventions held in Columbia; to increase the number of Sunday through Thursday visitors and lodgers while retaining existing weekend business; to increase leisure travel visitation through the enhancement and development of festivals, events and attractions; to provide exceptional service to our convention and meeting customers; to increase awareness of tourism as a viable form of economic development.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

Travel forecasts for the first quarter of FY 05 are positive. Although we are optimistic about revenue projections for FY 05, we remain conservative in our projections due to some concerns about the impact of state budget cuts on government related conferences. The lingering threat of another terrorist act is also a concern as travel is the first industry to be negatively impacted by such events.

An additional 200 hotel rooms were added to the market during the past two years and another 150 will be added in FY 05. The market needs continued improvement to create enough new demand to keep the additional room inventory from causing rate depression.

If the economy remains stable and continues the steady improvement seen in the past six months, revenues should continue to improve at a 3% growth rate or better.

**DESCRIPTION**

The Convention and Visitors Bureau has four primary responsibilities: 1) to promote Columbia as a destination for meetings and conventions; 2) to promote Columbia as an overnight and day-trip destination for leisure travelers and group tours; 3) to facilitate partnerships and cooperation among Columbia's tourism related businesses and associations and 4) to assure that Columbia is a "user friendly" destination for visitors through the provision of visitor brochures in tourism information centers and in businesses throughout Columbia.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The Convention & Visitors Bureau will continue its emphasis on building a destination image through continued development of our advertising and promotional campaign and our web site. The addition of a hospitality volunteer program, in partnership with the office of Volunteer Services last year, has been very successful and continues to grow. In 2003, the CVB also opened a visitor information center at the Lake of the Woods exit. We will continue to work to enhance operations at the center. A major focus for FY 2005 will be air service and continued support of the Mid Missouri Tourism Council's work in that area. The CVB will also be focusing on the implementation of our Master Plan with emphasis on attraction development and the partnership between arts and tourism.

\*In FY 2005 position was upgraded.

**DESCRIPTION**

In November, 1999, Columbia citizens passed a 2% increase in the hotel/motel tax. Of the 2%, one-half was designated for the enhancement or development of festivals, events and attractions. The Convention and Visitors Advisory Board was expanded to 12 members and charged with the development of guidelines for the Tourism Development program. The Board is also responsible for the review of applications and submission of funding recommendations to the City Council for final review and approval or amendment. The program is divided into two segments: Festivals and Events and Attractions.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

The Festival and Event program of the Tourism Development Fund is entering the fifth year of applications. The fund has provided enhancements to many area festivals and has enabled the development of several first-time events such as the 2004 "True False Film Festival." Festivals and events often expose visitors to a destination for the first time and create a positive image of our community in the mind of the visitor which often leads to future visits for other leisure activities. In 2004, the CVB sponsored a seminar, for all interested festival/event applicants, on developing sponsorships and event partnerships. We will continue to provide educational opportunities in festival development and management for applicants in 2005.

The second program of the Tourism Development Fund is Attraction Development. The CVB's Master Plan sub-committee on Attraction Development recently submitted to the City Council a set of recommendations for near-term and long-term use of Attraction Development funding. The committee recommended an initial focus on developing our existing attractions. They recommended that a consultant in the field of attraction development be retained to assist the city in determining what type of major or "destination level" attraction would be most appropriate for Columbia in the long-term.

The CVB will work with our existing attractions to develop a cooperative advertising and promotional plan.

## DEPARTMENT DESCRIPTION

The Employee Benefit Fund accounts for the transactions and reserves associated with the City's medical, dental, prescription drug, life and long-term disability programs for City employees, plus other benefits such as safety and service awards and sick leave buyback. Employee health and wellness programs are also managed through this fund. Coverage for health, dental, and prescription drug plans are self-insured. Other coverages are with commercial insurance carriers.

## DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The City's self-funded health insurance plan has experienced a sharp increase in claims in the past seven years. The highest rate of increase continues to be in the prescription drug portion of the plan. Claims experience will continue to be closely monitored. A comprehensive review of the entire health care plan and administration was conducted in FY 2003 and FY 2004 to address issues of plan cost, plan design, administrative services and network design. As a result, a new third party administrator and provider network were selected to process medical and dental claims. The Employee Benefit Committee, established in FY 2003, provided employee input in the review process. An additional benefit review will be conducted in FY 2005 to address plan cost and plan design issues. Life insurance, AD&D and disability insurance plans will be rebid in FY 2005.

Employee Health and Wellness programs and staff were placed in this budget in FY 2000. Emphasis in this area is on safety, illness prevention and disease management programs for City employees. Access to health screening services for all employees will be added in FY 2005. Drug and alcohol testing for new and federally-mandated employees is a function of this program. An Employee Health/Wellness fee is charged to all departments to cover the cost of the operation of this unit.

**DEPARTMENT DESCRIPTION**

Information Services (IS) is responsible for support and administration of an AS/400 midrange computer, a Wide Area Network (WAN), Local Area Networks (LANs), telecommunications (PBX) personal computers (PCS), and workstations throughout all City departments. IS provides systems development, system enhancements, upgrades, repairs and consulting in regards to individual department needs. IS also works to improve the operational efficiencies of the City as a whole.

**DEPARTMENT OBJECTIVES**

Information Services will, within the framework of its existing resources, continue to provide the highest level of support possible to all user agencies. We will continue to identify and suggest new and better methods of providing services to our users at the lowest possible cost.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

Information Services completed the third year of its computer replacement plan. The I.S. department replaced 11 servers and deployed over 120 PCs. Security was tightened with a firewall update and the addition of a content services switch. The I.S. department upgraded its email system and completed the migration to the Microsoft Office Suite. In addition the Web Trac online scheduling system went on-line.

The Information Services department priorities include implementation of the fourth year of the computer replacement plan, finishing the migration to Windows 2000/XP and implementing the new On-line Utility Billing system.

The I.S. department will continue to play an important role in the development of G.I.S. applications throughout the City.

**DEPARTMENT DESCRIPTION**

The Public Communications Office has four primary areas of responsibility: public communications, web communications/ electronic government, printing services, and mail services. The Public Communications Division oversees or coordinates the City's public communications program which includes Community Line, Columbia Online Information Network, Partners in Education, facility tours, speaking engagements, an employee newsletter, a citizen newsletter, media relations and distributes press releases, etc. The Web Communications/Electronic Government function is responsible for all facets of the web site including design and maintenance. The Public Communications Officer supervises the overall operation and reports to the City Manager.

**DEPARTMENT OBJECTIVES**

To facilitate better two-way communications between Columbia citizens and City government. To utilize Internet technology to enhance communication with citizens and to encourage use of electronic government applications for online transactions. To provide high-speed duplicating service to City departments. To provide full-service mail support to City departments.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

Public Communications consolidates a variety of communication efforts into one office by supporting the information efforts of various departments. Printing and Mail Services are supported with fees charged to users. Web Communications/Electronic Government utilizes web technology to better communicate with the public and to enhance efficiency through online transactions.

**DESCRIPTION**

To facilitate better two-way communications between Columbia citizens and City government. This is accomplished through prudent use of communication tools and channels including the Internet.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Produced, along with other departments, 12 editions of the City Source citizens newsletter that was distributed with utility bills. Also produced 12 editions of City Insider, the employee newsletter. During this period, the Citizen Handbook was produced and distributed. The handbook received a Certificate of Excellence from the Missouri City Management Association for this publication. The former public communications assistant position was upgraded to an assistant public communications officer in FY 2004. Community Line, a series of pre-recorded telephone messages continues to provide callers with information about services and programs of the city. A new online service, WebTrac, was activated in 2004. Public Communications sponsored a high school intern through the Partners In Education program. The Intern was supervised by the assistant public communications officer.

**DESCRIPTION**

E-Government Services is responsible for all facets of web communications and e-government. This includes strategic planning, training, monitoring, maintenance, and budgeting. The E-Government Coordinator serves as liaison for the Internet Citizens Advisory Group and a Staff committee.

**HIGHLIGHTS / SIGNIFICANT CHANGES / GOALS**

Implemented WebTrac, an online application that allows Parks and Recreation customers to pay for activities and programs electronically with a credit card. This is the city's first totally interactive online payment service. Implemented an online subscription service that allows customers to request e-mail delivery of news and information. The number of subscriptions types expanded to 17 and usage has climbed 385 percent, increasing from 298 subscriptions to 1,446. Site navigation was improved with the addition of a "GoWord" search feature that follows the theme of the Web Site name. "GoWords" are averaging a 48 percent increase each month. Site visitation increased by 15 percent in 2003.

**FY 2005 Goal** - Continued progress and expansion of services accessible on the City's website supports the budget message goal of "Enhance Economic Stability and Growth". E-Government enhances the connection and communication between our city services and citizens.

**DESCRIPTION**

This Division provides several major support services ranging from graphic art design/development, high speed photocopier service, bindery, perforating, folding, etc. The service is provided at a reasonable cost to departments.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

Printing Services continues to explore new and better methods of producing the highest quality product. The Print Shop concentrates its efforts on high-speed photocopy jobs and strives for prompt completion of jobs. Printing services requested the addition of a color photocopier to fill department needs for full-color photocopying services. This will be a new service. In addition to, the print shop is requesting funding for a high-speed photocopier to replace the existing photocopier that was ten years old.

**DEPARTMENT DESCRIPTION**

The Contributions Fund is a trust fund that was established to process donations and contributions given to the City. Donations include volunteer time, and gifts of cash, property and land. Proper procedures have been established to ensure funds and donations are expended for the purpose designated by the donor.

**DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES**

During fiscal year 2004, about 40,000 volunteer hours were reported at a value of over \$685,000 not including hours contributed by boards and commissions. Highlights during 2004 include the graduation of a seventh TreeKeepers program, the continuation of the Park Patrol (a community policing program for Columbia's trails), a volunteer recognition in the spring, and the eighth city-wide "Cleanup Columbia" including sponsorship by local media and businesses. The Adopt a Spot beautification continued with over 55 projects throughout the community. The Office sponsored its third year of Youth In Action, a summer volunteer program for youth ages 12-15. The Office of Volunteer Services has received a grant from the State Emergency Management Agency to continue Citizen Corps, a federal program to promote volunteer opportunities in Neighborhood Watch, the Police Department, Community Emergency Response Teams (CERT) and Medical Reserve Corps. The Office also plays a leadership role with the Mid-Missouri VOAD (Volunteer Organizations Active in Disaster), a group that works on planning for volunteer and donations management in the event of a disaster.

The Columbia Trust continued with the Share the Light program, publishing a newsletter promoting giving to the City and by publishing an annual report of gifts to the City of Columbia. The New Century Fund continued by holding a successful fundraising campaign for the Martin Luther King, Jr. Memorial Restoration, scholarships, and receiving other gifts and grants on behalf of the City.

**DESCRIPTION**

This office coordinates the promotion of volunteer opportunities within City Government. Advised by a Volunteer Working Group made up of city staff from a variety of departments, the office recruits volunteers, matches them with projects that compliment their interest and experience, and tracks their volunteer hours. The office also works on volunteer recognition activities and public relations events to promote volunteerism for City government.

In addition to general volunteer coordination, the Office of Volunteer Services coordinates a number of specific programs including the Park Patrol, the Adopt a Spot Beautification program, Cleanup Columbia, Youth in Action, and TreeKeepers, a program conducted in conjunction with the Parks & Recreation Department.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

During fiscal year 2004, about 40,000 volunteer hours were reported at a value of over \$685,000 not including hours contributed by boards and commissions. Highlights during 2003 include the graduation of a seventh TreeKeepers program, the continuation of the Park Patrol (a community policing program for Columbia's trails), a volunteer recognition in the spring, and the eighth city-wide "Cleanup Columbia" including sponsorship by local media and businesses.

The Adopt a Spot beautification continued with over 55 projects throughout the community. The Office sponsored it's third year of Youth In Action, a summer volunteer program for youth ages 12-15. The Office of Volunteer Services has received a grant from the State Emergency Management Agency to begin Citizen Corps, a federal program to promote volunteer opportunities in Neighborhood Watch, the Police Department, Community Emergency Response Teams (CERT) and Medical Reserve Corps.

**DESCRIPTION**

The Columbia Trust was founded in May 1999 as a formal structure for the City to receive gifts of cash, land, and other items. Other programs under the umbrella of the Trust include the New Century Fund, Inc. and Share the Light.

**HIGHLIGHTS / SIGNIFICANT CHANGES**

In Fiscal Year 2004, the Share the Light utility checkoff was continued, allowing utility customers to donate to a number of city programs including public art, public beautification, youth recreation scholarships, public health, the fire department, and the police department. To date, nearly \$40,000 has been raised since Share the Light, was created with over \$27,600 appropriated to programs. The Columbia Trust has received \$34,600 for the 8th Street/Ave. of the Columns Project.

The Columbia Trust has used the New Century Fund, Inc., a 501c3 organization, to receive gifts on behalf of the City. The New Century Fund was successful in raising over \$84,000 to repair the Martin Luther King, Jr. Memorial and has also raised \$1,200 for ARC Scholarship, received \$1,000 for the Police Department and \$1,000 for the Columbia Fire Department.

Promotion of the Trust and opportunities to give to the City continue. A newsletter, annual report of giving, and information in the City Source and Columbia Channel have all been used as avenues to get information to the public about gifts and opportunities to make donations.

Staff with the Office of Volunteer Services track donations to the city and prepare acknowledgements and thank you notes for the Columbia Trust, Share the Light and the New Century Fund, Inc.

## DEPARTMENT DESCRIPTION

Special Revenue Funds are established to track the receipts and disbursement of taxes collected for use for a specific purpose. In most cases, the legislation that enacts these taxes limit the use of these funds. In the case of the Public Improvement Fund it is the policy of the City Council to restrict the use of these funds for public improvement purposes. Transportation Sales Tax and Special Road District Tax proceeds are restricted for use for general transportation and road and bridge maintenance expenditures. The 99 1/4 Cent Sales Tax is restricted by legislation for capital improvement purposes and by Council policy for use on specific projects outlined during the ballot issue. Parks Sales Tax is limited for use for park and recreation purposes.

## DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Much of the revenues collected on an annual basis in the special revenue funds are accumulated for use to fund projects in the Capital Improvement Plan (CIP). The FY 2005 CIP requires significant draw downs of fund balance in the Transportation Sales Tax and Special Road District Tax Funds. The Park Sales Tax Fund is accumulating over \$1.5 million that will be utilized to fund the Master Parks Plan in future capital improvement plans.

## DESCRIPTION

On November 8, 1999, Columbia voters passed a five year extension of the one quarter cent capital improvement sales tax. This vote extended the tax from January 1, 2001 to December 31, 2005. Projects approved included a new Recreation Center, additional Fire Station, new and replacement fire equipment, and other park funding. The 2005 CIP completes appropriations of all ballot projects.

**DESCRIPTION**

In November of 2000, the voters of the City of Columbia passed a Local Parks Sales Tax in the amount of one-quarter of one percent (for five years), and one-eighth of one percent thereafter, on retail sales made in the City. The collection of this tax commenced on April 1, 2001. These funds must be used for parks purposes. The majority of the Parks Sales Tax will be used for the first five years for the purchase and development of the Stephens Lake property, to purchase additional and replacement equipment, and other maintenance costs associated with existing and new parks. The 2005 CIP completes appropriations for the development of Stephen's Park.

## DESCRIPTION

Section 94.600 of the Revised Missouri State Statutes allows cities to authorize a 1/2 cent sales tax for transportation purposes if a simple majority of the voters approve such action. The voters of the City of Columbia authorized the addition of this tax on April 6, 1982. State Statutes require proceeds from the tax to be accounted for in a trust fund separate from other sales tax resources. When the City receives proceeds from the transportation sales tax, the money is placed in a Transportation Sales Tax Fund. These funds are then transferred to subsidize Airport and Transit activities, fund various road projects, and pay for street and sidewalk related activities in the General Fund.

## DESCRIPTION

The Public Improvement Fund was established to account for and disburse monies the City receives from the city sales tax that it allocates for the Capital Improvement Plan. This fund receives a portion of the city sales tax and is allocated for a wide range of public improvements to the City which includes general government projects in the Capital Improvement Plan. The amount of the General Fund Sales Tax allocated for FY 2005 is 4.1%.

## DESCRIPTION

The Special Road District Tax Fund was created to account for the road and bridge tax revenues that are collected by Boone County and shared with the City per agreement. These revenues are used to improve, maintain, construct and repair streets and roads within the City limits that qualify per this agreement. The majority of these funds are transferred for street projects in the Capital Improvement Plan.

## CAPITAL PROJECTS SUMMARY

### DESCRIPTION

The City prepares a five year capital plan to address the capital needs of current and future years. The Capital Improvement Plan (CIP) is coordinated by the Planning Department. This plan contains two distinct sections: General Government and Enterprise. General government capital needs are funded primarily with Sales Taxes that are set aside, either by Council policy for general capital needs or voter referendum for specific projects. Enterprise capital projects are funded primarily through revenues generated by the enterprise.

### MAJOR CAPITAL PROJECTS

This year's budget shows continued funding from the 1999 1/4 cent capital improvement sales tax , which will expire in Dec. of 2005, STP Grants and Local Parks Sales Tax. Our continued emphasis will be maintaining the facilities and infrastructure we have and to construct new infrastructure needed for a growing community. The City hired a consultant to develop a financing strategy for transportation. Therefore most of the funding sources for the 2006 and beyond projects are designated as unfunded. Major projects for next year include:

- ▶ Major road project Southhampton, South of Nifong \$1,980,000
- ▶ Design work on several projects including Scott Blvd., Vandiver, and Brown School Road
- ▶ Funding of \$668,990 for Phase II of Flatbranch Park
- ▶ Funding for the Public Building Expansion Project with a \$700,000 transfer of General Funds as per the financing plan and continued funding for additional fire station sites \$400,000.
- ▶ Continued major expansion of the Water Treatment Plant and addition of 36" transmission line from McBaine as approved by voters in the 2003 Ballot issue.
- ▶ Rehabilitation of Runway 13-31 utilizing a grant from the FAA.
- ▶ City continues to work with Special Business District to fund a portion of the improvement in the downtown beautification projects.

### BUDGET CONSIDERATIONS

Major funding sources for the City's Capital Plan continues to be Capital and Parks Sales tax as well as Grant funds. The City continues to review rates in our enterprise funds to ensure funding is available for capital projects as well operations. Rate increases are proposed for FY 2005 in the Water Utility, Electric and Sanitary Sewer. Revenue Bond Ballot issues be placed on the November 2003 ballot to fund projects Water and Sewer Utilities pass by a wide margin.

### OPERATING IMPACT

The FY 2005 operating budget has the increased cost of a full year of operations of the Health Facility (Sandford-Kimpton Building ) which opened in June of 2004. With the opening of the Health Facility the internal service fee methodology for Building Maintenance and Custodial changed slightly for FY 2005. The fees are assessed based on square footage, where as in the past they have been assessed based on time spent in each building. In FY 2006 staff anticipates increases to the allocation as there will be a year's worth of information to once again asses charges based on time spent. Funding that had previously been appropriated for public building expansions will now be used to renovate and prepare the Howard Building which will be used as an interim location during various building renovations and will eventually house the parking division.

## CAPITAL PROJECTS FUNDING SOURCES

Abbreviations	Funding Source Descriptions
<b>97 Ballot</b>	<u>1997 Ballot</u> - Funds authorized by public vote via a ballot issue.
<b>1/4% 99 S Tax</b>	<u>99 1/4% Sales Tax</u> - Funds generated from the 1999 1/4 Cent Capital Improvement Sales tax issue
<b>All</b>	<u>Accumulated Investment Income</u> - Interest earnings on all projects
<b>BCRSD</b>	Funding source from <u>Boone County Regional Sewer District</u> for their cost of joint projects.
<b>Bond Balance</b>	Remaining balance of bond issues available to be appropriated.
<b>Bond Refinance</b>	Funds made available through the refinancing of bonds.
<b>CAP-FB</b>	<u>Capital Projects Fund Balance</u> - Monies made available through the closeout of old projects.
<b>CDBG</b>	<u>Community Development Block Grant</u> - Federal Entitlement Grant Program (annual) administered by U.S. Department of Housing and Urban Development, 100% grant requires no matching local funds.
<b>Col. Trust Donations</b>	<u>Columbia Trust Donations</u> - Donations received through the City's trust fund.
<b>Contrib. From Utilities</b>	<u>Contributions from Utilities</u> - Funds transferred from City utility funds for projects from which they will benefit.
<b>Co rd tax reb</b>	<u>County Rebate Funds</u> - Funds received by Columbia from Boone County for maintenance/improvement to roads under City jurisdiction after annexations.
<b>Dev charge</b>	<u>Development Charge</u> - A fee assessed at the time a building permit is issued for new construction, at a rate of \$0.061 per square foot. Revenue gained from this is used for construction of collector and arterial streets.
<b>Dev. Contributions</b>	<u>Developer Contributions</u> - Funds received from various entities or organizations benefit from a particular project. We have various current types of contributors: Developer, County and Utilities.
<b>Donations</b>	Monies or gifts donated from non-governmental entities.
<b>DLF</b>	<u>Designated Loan Fund</u> - This fund was established to up front money designated for specific projects. Repayment sources and terms must be identified.
<b>EU loans</b>	<u>Electric Utility Loans</u> - Funds provided for a project from the electric utility.
<b>Ent Rev</b>	<u>Enterprise Revenue</u> - Actual income to one of the City's utilities, such as sanitary sewers, water, etc.
<b>FAA Gr</b>	<u>Federal Aviation Administration (U.S.) Grant</u> - Competitive federal grant funds for local matching funds.
<b>FAL</b>	<u>Force Account Labor</u> - Labor for capital projects that is performed by City personnel and charged to the capital project.
<b>FTA</b>	<u>Federal Transit Administration Capital Grant</u> - Grant for transit related capital projects. 80% Federal; 20% Local funding.
<b>FTA Enh</b>	<u>Federal Transit Administration Enhancement grant funds</u>

## CAPITAL PROJECTS FUNDING SOURCES

Abbreviations	Funding Source Descriptions
<b>Future Financing</b>	Funds to be generated by bonds presented to the voters in the future or by other identified sources.
<b>Gen Fd Transfer</b>	<u>General Fund Transfer</u> - Funds transferred from the General Fund.
<b>Gen Fd/PI</b>	<u>General Fund/Public Improvement</u> - Local funds generated through the sales tax.
<b>GCIF</b>	<u>Golf Course Improvement Fund</u> - A \$1-per-round fee collected from golfers which is set aside for improvements at the City's golf courses.
<b>Grants</b>	<u>Grants</u> - Monies received from from local, state, county or federal entities.
<b>Local</b>	Monies received from street department for work performed by Water and Light
<b>MODOT</b>	<u>Missouri Highway Transportation Department</u> - Monies the City receives from the Mo. Hwy. Trans. Dept. for transportation related projects.
<b>Park Sales Tax</b>	Funds generated from the 2000 Local Parks Tax issue for the amount of one-quarter for five years and one-eighth thereafter.
<b>Prior Yr App (PYA)</b>	<u>Prior Year Appropriation</u> - Funds approved in previous years.
<b>Pub Bldg Bond Proc</b>	<u>Public Building Bond Proceeds</u> - Bond proceeds for the acquisition/improvement/development of public buildings.
<b>Rec Trail Grant</b>	<u>Recreation Trail Grant</u> - Grant money from state or federal governments for trails.
<b>Rental Income</b>	Income received by the city for rental of city building space.
<b>RSR Fd</b>	<u>Recreation Services Fund</u> - Funds generated from user fees paid by participants in programs involving capital facilities. User fee structure established by citizen election.
<b>State Hwy</b>	<u>State Highway</u> - Reimbursement from the State Highway Department for Railroad Crossings.
<b>Sale of Assets/Equipment</b>	Funds generated throught the sale of equipment or assets owned and depreciated by a particular fund.
<b>STP</b>	<u>Federal Highway Administration Surface Transportation Program</u> - Replaces the old Federal Aid Urban Program - 20% local match.
<b>STP Enh</b>	<u>Federal Highway Administration Surface Transportation Enhancement Program</u> - Enhancement program portion of STP program set aside for transportation enhancement projects. 80% federal; 20% local funding.
<b>Tax Bill</b>	<u>Tax Bills</u> - Charges, on a per lineal foot basis, assessed to property owners abutting new roads, or roads undergoing major improvements, for the improvements to their property. Charges based on benefit to property as determined by City Council.
<b>Transp S Tax</b>	<u>Transportation Sales Tax</u> - 1/2 cent sales tax authorized by the voters for transportation purposes.

## CAPITAL PROJECTS FUNDING SOURCES

Abbreviations	Funding Source Descriptions
Unfunded	<u>Unfunded</u> - Projects beyond current FY which have no definite funding commitment.
Unfunded/Ballot	<u>Unfunded/Ballot</u> - Projects beyond current FY which will go before the voters in a ballot issue.

# CAPITAL PROJECTS - GENERAL GOVERNMENT - SUMMARY

## PURPOSE

This budget adopts the FY 2005 portion of the capital improvements plan as the general government capital budget for the fiscal year. This budget accounts for funds from the Public Improvement Fund, Community Development Block Grant, Special Road District Fund, Special Assessments (tax bills), and related state and federal grants. After the projects are completed, improvements are capitalized per GASB 34 requirements.

## RESOURCES

	Adopted FY 2005
<b>General Government Capital:</b>	
FY 2005 Sales Tax Allocation (1%)	\$ 708,558
1999 CIP Sales Tax (1/4%) - Bonds Proceeds	381,087
Transportation Sales Tax (1/2%) - Operating Transfer	1,902,000
Parks Sales Tax (1/4%)	450,000
Capital Fund Balance	849,000
Developer Contribution	210,000
Developer Charge	1,786,500
Donation	61,587
Community Development Block Grant - Operating Transfer	350,000
Tax Bills - Miscellaneous Revenue	139,000
General Fund Transfer	700,000
County Road Tax Rebate	2,595,000
Grants: Federal Hwy Admin. Surface Transp. Program (STP) & Enhancement Program (STP Enh)	1,032,744
	<b>11,165,476</b>
<b>Resources in Other Funds:</b>	
Force Account Labor (FAL)	105,000
Recreational Services Fund	225,000
<b>TOTAL AVAILABLE RESOURCES</b>	<b>\$ 11,495,476</b>

## EXPENDITURES

	Adopted FY 2005
Parks and Recreation	\$ 1,222,674
Public Safety	570,000
Streets and Sidewalks	8,240,244
Other General Government:	1,462,558
<b>TOTAL BUDGETED EXPENDITURES</b>	<b>\$ 11,495,476</b>

# Estimated Operating Impact of Significant Capital Projects in FY 2005

Projects	Descriptions	Estimated Operating Costs
----------	--------------	---------------------------

## Parks and Recreation

5. Cosmo Rec Area Roads & Parking C46030	Renovation and/or replacement of this park which is older and is in poor condition. This park has high maintenance and repair costs. The renovation of this facility will be with high quality improvements.	Improvements will result in lower operating expenses for this facility.
7. Cosmo Rec Area Antimi Ballfield Improvements C46065	Renovation and/or replacement of this park which is older and is in poor condition. This park has high maintenance and repair costs. The renovation of this facility will be with high quality improvements.	Improvements will result in lower operating expenses for this facility.
13. Fairview Park Improvements C00215	Installation of a new restroom at this park which previously did not have one.	Increase of \$2,000 - \$3,000 for maint. and upkeep of restrooms. Additional revenue should be generated due to increase use of the shelter with bathroom facilities.
15. Smith-Manhasset Neighborhood Park Development C00186	Development of a new neighborhood park.	Estimated annual maintenance costs for this park is \$7,800
16. Oakland Park East Parking Lot C00217	Renovation and/or replacement of this park which is older and is in poor condition. This park has high maintenance and repair costs. The renovation of this facility will be with high quality improvements.	Improvements will result in lower operating expenses for this facility.
40. Cosmo-Bethel - new shelter C00218	Construction of a new shelter in the Cosmo-Park area.	Increase of \$2,000 - \$3,000 for maint. costs of the shelter. The shelter should generate additional revenue approximately equal to the estimated maint. costs.
41. Cosmo-Bethel Park Playground Renovation C00187	Renovation and/or replacement of this park which is older and is in poor condition. This park has high maintenance and repair costs. The renovation of this facility will be with high quality improvements.	Improvements will result in lower operating expenses for this facility.
49. Flat Branch Park Phase II	Phase II furthers the development of our downtown urban Flat Branch Park.	Estimated annual maintenance costs for this park is similar to the maint. required on a neighborhood park \$6,000-\$8,000.

## Fire

6. Remodel Fire Station #2 1212 W. Worley C00191	45 year old structure, the oldest fire station in the City of Columbia will be remodeled during FY 2005. Currently, the overhead doors are not large enough for newer apparatus to be housed at Station #2.	Minimal operating impact as the station is already in existence. However, once complete, newer trucks will service the Station 2 area.
10. Fire Station sites C40173	A great deal of assessment is needed to determine the location of a new fire station. Growth of the City has a large impact on location.	Currently, operating cost are minimal as the process is in the locating stage. Once a fire station is opened then increased costs will occur.

## Streets

3. Broadway Sidewalks; McBaine to West Blvd, north side C00068	Sidewalk project that is on the north side of Broadway from McBaine to West Boulevard	The operating costs of removing vegetation and to seal the joints for the sidewalks will be between \$8,000 - \$9,500
22a. Green Meadows Road; State Route 163 to Nifong C00103	This street project is for Green Meadows road from Providence Road running eastward to Grindstone Parkway. This will connect into the new AC Route.	Estimated maintenance costs on new or existing roads costs approximately \$16,800/mile.

## Other General Government

3. City Office Space; Building Expansion and Renovations C00099	This project is for the expansion of the downtown offices	Additional maintenance costs and utility costs will be associated with the expansion of the city building.
4. City Office Space: Gentry Building C00219	The project is the renovation of the 120 plus year old building. This renovation will better utilize limited office space.	May help to reduce operation and maintenance costs for the aging building.
5. City Office Space: Howard Building C00220	This project is the renovation of the Howard building recently vacated due to the opening of the Sanford-Kimpton Health Building. This renovation will better utilize limited office space.	May help to reduce operation and maintenance costs for the aging building.

# Operating Impact of Significant Capital Projects in FY 2005

Operating Impact of Significant Capital Projects FY 2000		
Projects	Descriptions	Estimated Operating Costs
Water		
13. 36" transmission line from McBaine (#120) <i>Additional 36" Transmission Main From Water Treatment Plant To Distribution System.</i>	Build new transmission main from the water treatment plant to tie in to the distribution system. This is in addition to existing 36" main on a different route - provides increased capacity and redundancy.	Will not impact operating cost.
1. Water Main Replacements (#10) <i>Annual Main Replacements</i>	Annual replacement program to replace and upgrade old water mains.	Will reduce operating cost because of replacement of old mains that leak and/or break more frequently.
Electric		
2. Distribution System Expansion (#22)	Annual project to expand electric distribution system to meet growth.	Long-term increase in operating costs as new lines require maintenance.
4. Load Management System (#49)	Program to install switches on air conditioners to control load during summer peaks.	Reduces operating cost by eliminating the need to purchase capacity.
Railroad		
1. Tie Program (#12) *	Project to replace old railroad ties.  <i>Contingent upon increase traffic at terminal</i>	Reduces operating cost by reducing maintenance of old track sections and increases speed of train delivers.
3. Rail Replacement * Program (#14)	Project to replace old rail.  <i>Contingent upon increase traffic at terminal</i>	Reduces operating cost by reducing maintenance of old track sections and increases speed of train delivers
Sewer		
9. Centrifuge Replacement at WWTP C43144	This project involves replacing existing equipment at the City's waste water treatment facility	Estimated operating costs for cleaning and televising is approximately \$13,500
15. SD 154 C43170	This project includes; West Broadway, Glenwood Avenue, Westwood Avenue, and Maupin Avenue Sewer District. The project will involve extending City sewer to the properties that are currently served by a private common collection sewer.	Estimated operating costs for cleaning and televising new constructed lines is approximately \$4,130
Solid Waste		
7. Landfill Cell # 4 C48038	At the current rate of space use, Cell #4 must be ready for use by January 2007. The cell phone and specifications will be developed to allow for construction during summer and fall of 2006	Estimated costs for operation, administration, depreciation, state fee and interest expense will be \$3.9 million ( Ave. tonnage/year * cost/ton
Parking		
6. Rpl. 2 multi-space Falcon 10th & Cherry C45046	The falcons are obsolete and no longer supported by the manufacturer. Approval has been made to replace both at the 10th & Cherry garage.	The estimated annual cost for dail maintenance is approximately \$2,500.
Transportation		
3. Purchase & Install Benches, Shelters, Concrete Pads C47023	Benches and shelters will be installed at various highly utilized bus stops. The transit department has been systematically installing enroute passenger waiting shelters over the past few years.	Estimated operating costs for cleaning and maintaining the shelters is approximately \$9,000 annually.
11. (17) GFI Farebox M-Boards and Upgraded Systems C47018	This upgrade will purchase a card programming capability, update the motherboards in each farebox, purchase a new Windows-based operating system which will allow Transit personnel tc electronically interface the GFI database with Excel so that CT no longer has to manually extract the data and enter it into Excel. This upgrade will also include the new computer and training package. With a Federal grant, Columbia Transit anticipates this purchase to be in FY05.	Estimated operating costs will be the necessary upgrades for the motherboards and system in the futre. Estimated costs are approximately \$4,500

**GENERAL INFORMATION**

The City is authorized to issue General Obligation Bonds payable from ad valorem taxes to finance capital improvements. General Obligation Bonds are supported by a pledge of the City's full faith and credit. The applicable Missouri statutes are listed below. The computation of legal debt margin is on the following page. The City currently has no General Obligation debt outstanding.

The City is authorized to issue Revenue Bonds to finance capital improvements to its various utility operations such as the electric system, water system, sewer system and parking and airport facilities. These types of Revenue Bonds require a majority vote of the qualified electorate voting on the specific proposition. All Revenue Bonds issued by the City are payable out of the revenues derived from the operation of the facility that is financed from the proceeds of such bonds.

The City is authorized to issue Special Obligation Bonds. These bonds are special obligations of the City. The payment of the principal of and interest on the Bonds is subject to an annual appropriation by the City. The City is not required or obligated to make any such annual appropriation, and the decision whether or not to appropriate such funds will be solely within the discretion of the then current City Council.

The City's stable financial condition as well as sound debt administration practices allow it to continue to enjoy favorable bond ratings of its General Obligation Bonds, Special Obligation Bonds, and Revenue Bonds. The City has consistently held a General Obligation Rating of AA and Revenue Bond rating of A1.

**MISSOURI STATUTES**

Section 95.115 & 95.120 of the 1978 Missouri Revised Statutes permits any county or city, by vote of two-thirds of qualified electors voting thereon, to incur additional indebtedness for city purposes not to exceed 5 percent of the taxable tangible property therein, as shown by the last assessment. Section 95.125 and 95.130 of the 1978 Missouri Revised Statutes provides that any city may become indebted not exceeding in the aggregate an additional 10 percent for the purpose of acquiring right-of-ways, constructing, extending and improving streets and avenues and/or sanitary or storm sewer system and an additional 10 percent for purchasing or construction of waterworks, electric or other light plants provided the total general obligation indebtedness of the city does not exceed 20 percent of the assessed valuation.

## **GENERAL OBLIGATION BONDS**

### **GENERAL INFORMATION**

General obligation bonds are supported by a pledge of the City's full faith and credit. The City paid the last of the General Obligation Debt off in FY 2003. There is currently no plans for issuing General Obligation Bonds for FY 2005.

## WATER AND ELECTRIC REVENUE BONDS

### GENERAL INFORMATION

#### **07/01/92 Water and Electric Series A Revenue Bonds (Interest rates: 2.75% - 5.70%)**

Original Issue - \$34,140,000

Balance As of 09/30/2004 - \$7,185,000

Maturity Date - 10/1/2005

In August of 1992, the City issued \$34,140,000 of Water and Electric System Revenue Bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. \$23,140,000 of the bonds were issued to refund \$19,265,000 of the outstanding 1985 Water and Electric Refunding Bonds, and \$11,000,000 were issued to provide funding for improvements and additions to the City's water works facility.

#### **03/01/98 Water and Electric Refunding and Improvement Bonds (Interest rates: 3.75% - 6.00%)**

Original Issue - \$28,295,000

Balance As of 09/30/2004 - \$28,010,000

Maturity Date - 10/01/22

In March of 1998 the City issued \$28,295,000 in Water and Electric Refunding and Improvement revenue bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. A portion of these bonds were used to defease \$5,215,000 of the 1992 bond issue. The remaining bond proceeds were issued to provide funding for improvements to the water and electric distribution system.

#### **02/01/02 Water and Electric Improvement Bonds (Interest rates: 3.00% - 6.00%)**

Original Issue - \$16,490,000

Balance As of 09/30/2004 - \$16,025,000

Maturity Date - 10/1/2026

In February of 2002 the City issued \$16,490,000 in Water and Electric Improvement revenue bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. The bonds were issued to provide funding for improvements to the Water and Electric Utility system.

#### **02/15/03 Water and Electric Series A Refunding Bonds (Interest rates: 2.00% - 5.00%)**

Original Issue - \$8,950,000

Balance As of 09/30/2004 - \$8,900,000

Maturity Date - 12/1/2015

In February of 2003 the City issued \$8,950,000 in Water and Electric Refunding bonds. The bonds are payable solely from, and secured by a pledge of the revenues of the Water and Electric system. The bonds were issued to refund the 1985 Series B Water and Electric Bonds.

#### **03/30/04 Water and Electric Series A Improvement Bonds (Interest rates: 2.00% - 4.25%)**

Original Issue - \$17,095,000

Balance As of 09/30/2004 - \$17,095,000

Maturity Date - 10/1/2028

In March of 2004 the City issued \$17,095,000 in Water and Electric Improvement Bonds. The bonds are payable solely from, and secured by a pledge of the revenues of the Water and Electric system. The bonds were issued to provide funding for improvements to the Water Utility system.

**GENERAL INFORMATION****08/01/79 Sanitary Sewerage System Revenue Bonds (Interest rates: 5.00% - 7.00%)**

Original Issue - \$3,500,000  
Balance As of 09/30/2004 - \$285,000  
Maturity Date - 10/01/04

In August of 1979, the City issued \$3,500,000 of Sewerage System Revenue Bonds. These bonds are secured solely by the net revenues of the system. Bond ordinance requirements provide for the restricting of operating revenues after current operating expenses have been met. The bonds were issued for the purpose of extending and improving the sewerage system, including outfall sewers and wastewater treatment facilities. The final principal and interest payment to bondholders due 10/01/2004, was paid in FY 2004, by the City to the Paying Agent and placed in an escrow account. Therefore, the principal and interest due on 10/01/2004 is not included in the debt service requirements for FY 2005.

**06/01/92 Sanitary Sewerage System Series B (Interest rates: 4.25% - 6.55%)**

Original Issue - \$870,000  
Balance As of 09/30/2004 - \$520,000  
Maturity Date - 01/01/13

In June 1992, the City participated in the State Revolving Loan program to issue \$870,000 in Bonds.

**06/01/99 Sanitary Sewerage System Series A (Interest rate: 3.625% - 5.25%)**

Original Issue - \$3,730,000

# PARKING SYSTEM BONDS

## GENERAL INFORMATION

### 09/15/95 Parking System Revenue Bonds (Interest rates: 3.80% - 6.00%)

Original Issue - \$3,400,000

Balance As of 09/30/2004 - \$2,780,000

Maturity Date - 10/01/20

In September of 1995, the City issued \$3,400,000 of Parking System Revenue Bonds to finance a portion of the costs of (i) the construction of a parking structure at Tenth and Cherry Streets, (ii) the reconstruction of the garage at Eighth and Cherry Streets, and (iii) the construction of a parking structure at Sixth and Locust Streets. The Bonds are payable solely from the net income of the City's Parking System.

### 08/01/96 Parking System Special Obligation Bonds (Interest rates: 3.75% - 5.50%)

Original Issue - \$7,120,000

Balance As of 09/30/2004 - \$4,990,000

Maturity Date - 02/01/16

In August, 1996, the City issued \$7,120,000 of Special Obligation Bonds to finance the construction and reconstruction of downtown parking facilities and refund \$2,521,500 in 1986 lease payments. Bond proceeds were used to fund construction of two new parking structures along Cherry street and reconstruct one parking structure at 8th and Cherry.

# CERTIFICATES OF PARTICIPATION - Recreation Center

## GENERAL INFORMATION

### Certificates of Participation

05/01/2001 ( Recreation Center) (Interest Rates: 4% - 5.215%)

Original Issue - \$10,500,000

Balance As of 09/30/2004 - \$4,665,500

Maturity Date - 2/1/2006

The City issued these Certificates of Participation to construct the new Recreation Center located on the property owned by the City at Ash Street and Clinkscapes. The facility will include indoor swimming, gyms, fitness center and meeting rooms. This projects was approved by the voters extension of the one-quarter cent Capital Improvement Sales Tax in November of 1999. This sales tax extension was effective January 1, 2001 and will run through December 31, 2005.

## CERTIFICATES OF PARTICIPATION - Stephens Lake

### GENERAL INFORMATION

#### Certificates of Participation

01/01/2001 (Stephens Lake Property) (Interest Rate: 5.975%)

Original Issue - \$7,000,000

Balance As of 09/30/2004 - \$7,000,000

Maturity Date - 1/1/2007

The City issued these Certificates of Participation to purchase an approximately 111 acres property commonly known as Stephens Lake Property. Payments due under this agreement will be made from a Local Parks Sales Tax that was authorized by the voters at an election held on November 7, 2000. Authorization is for sales tax in the amount of one-quarter of one percent (for five years), and one-eighth of one percent thereafter, on retail sales made in the City. Collections of the sales tax commenced April 1, 2001.

# COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)

## PURPOSE

This fund accounts for and disburses funds received by the City from the Dept. of Housing and Urban Development's Community Development Block Grant Program. These funds are to be used to provide facilities and assistance to low and moderate income citizens of the City such as housing programs, neighborhood improvements and community facilities. After receiving recommendations from the Community Development Commission, the staff, and public hearings, the Council adopts this budget and submits it to HUD for final approval. Following that approval, the funds become available in the spring of 2005.

In 2002 the City Council adopted the following guidelines for the expenditure of the annual allocation of Community Development Block Grant funds: 20-30% for Housing Programs, 45-50% for Public Improvements, 10-20% for Community Facilities, 0-5% for Community Services and 10-15% for Planning and Administration.

## GLOSSARY

**Accrual Basis of Accounting** - Internal Service Fund and Enterprise Fund revenues and expenses are recognized on the accrual basis. Under this method of accounting, revenues are recognized in the accounting period in which they are earned, and expenses are recognized in the period occurred

**Account Number** - A system of numbering or otherwise designating accounts, entries, invoices, vouchers, in such a manner that the number sequence used quickly reveals certain required information.

**Adopted Budget** - Refers to the budget amount as originally approved by the City Council at the beginning of the fiscal year.

**Anticipated Expenditures and Revenues** - The expenditures or revenues that are expected by the close of the budget year/fiscal year.

**Appropriation** - The legal authorizations made by the City Council (who approve department budgets) to the departments, offices and agencies of the City, allowing the departments to make expenditures and incur obligations for specific purposes within the amounts approved.

**Assessed Valuation** - This is the value of property set for tax purposes. The assessed value is set by the County Assessor, who is charged with determining the taxable value of property according to a formula set by the State of Missouri.

**Budget** - The financial plan for the operation of the City for the fiscal year.

**Budgetary Control** - The control or management of a government or enterprise fund/entity in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

**Capital** - An asset item with a value of \$5,000 or more and is expected to have an estimated life of greater than one year.

**Capital Projects Fund** - Capital Projects Funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities or improvements.

**Debt Service Fund** - The debt service funds are used to account for the accumulation of resources and payment of general long-term debt principal and interest.

**Deficit** - An excess of the liabilities of a fund over its assets. Also, the excess of expenditures over revenues during the budget year.

**Department** - The Department is the primary unit in City operations. Each is managed by a department director. Departments are generally composed of divisions which share a common purpose or which perform similar duties.

**Depreciation** - The decrease in value of physical assets due to use and the passage of time. In accounting for depreciation, the cost of a fixed asset is prorated over the estimated service life of such an asset, and each year is charged with a portion of such cost. Through this process, the entire cost of the asset is ultimately charged off as an expense.

**Encumbrance** - Commitment for unperformed contracts for goods or services. An amount of money committed and set aside, but not yet expended, for the purpose of a specific good or service.

**Enterprise Funds** - These funds are used to account for resources committed to self-supporting activities of governmental units that render services to the general public on a user-charged basis. Budgeted enterprise funds include: Water Utility, Electric Utility, Sanitary Sewer Utility, Regional Airport, Public Transportation, Solid Waste Collection, Parking Facilities, Recreation Services, Railroad, and Storm Water Utility.

## GLOSSARY

**Expendable Trust Fund** - A trust fund whose principal and earnings may be expended. The only expendable trust fund that is budgeted is the Contributions Fund.

**Expenditure** - An actual obligation incurred for goods or services received whether or not yet paid by a City check or by an interfund transfer for internal City bills.

**Fiscal Year** - The period used for the accounting year. The City of Columbia has a fiscal year of October 1st through the following September 30th.

**Fund** - A fund is a self balancing set of accounts designed to track specific revenues and the uses of those revenues.

**Fund Balance** - An accumulated excess of revenues over expenditures. Any amount left over after expenditures are subtracted from resources is then added to the beginning fund balance each year. Each fund begins and ends each year with a positive or negative fund balance. The exception to this is Enterprise Funds and Internal Service Funds which are accounted for in the same manner as private businesses and record retained earnings as opposed to a fund balance.

**Fund Type** - In governmental accounting, all funds are classified into seven generic fund types: General, Special Revenues, Debt Service, Capital Projects, Enterprise, Internal Service, and Trust and Agency.

**GAAP** - Generally Accepted Accounting Principals

**General Fund** - The fund used to account for all City activities not required to be accounted for elsewhere. The General Fund of a governmental unit is made up of the resources available for the purpose of carrying on the unit's operating activities. The General Fund includes the following departments: City Council, City Clerk and Elections, City Manager, Municipal Court, Human Resources, Law, Planning, Economic Development, Finance, Fire, Police, Health, Joint Communications, Emergency Management, Community Services, Divisions of Public Works (Administration and Engineering, Streets, Traffic, and Protective Inspection), and Divisions of Parks and Recreation (Administration, C.A.R.E. Program, and Parks).

**General Obligation Bonds** - Bonds backed by the full faith and credit of the City.

**Governmental/Trust Funds** - Includes the General Fund, Expendable Trust Funds, Non-Expendable Trust Funds, Special Revenue Funds, and Capital Project Fund.

**Legal Debt Margin** - The amount of additional debt the City may legally issue. It is currently 20% of the assessed value less general obligation debt currently outstanding.

**Intergovernmental Revenues** - Revenues from other governments in the form of grants, entitlement, shared revenues or payments in lieu of taxes.

**Internal Service Funds** - These funds are used to finance, administer, and account for the financing of goods and services provided by one department to other departments of the City on a cost reimbursement basis. Budgeted internal service funds are Fleet Operations, Custodial and Maintenance Services, Finance Utility Customer Service, Information Services, Public Communications, Employee Benefit Fund, and Self-Insurance Reserve Fund.

**Intragovernmental Charges** - Charges assessed to all other departments i.e. Enterprise, Special Revenue, Governmental and other Internal Service funds for services provided to those various departments. Some of the services include, delivery of mail, vehicle repair, custodial and building maintenance & computer support.

**Modified Accrual Basis** - General Fund, Special Revenue, Debt Service, Capital Projects, and Expendable Trust Funds are recognized on the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both available and measurable. Expenditures are recognized in the accounting period in which the fund liability is incurred. This basis measures resources available to the City.

## GLOSSARY

**Net Income** - The excess of revenues over expenses. Net income is calculated for Internal Service Funds and Enterprise Funds. Net income is not calculated for a governmental fund.

**Non-Expendable Trust Funds** - A trust fund whose principal must be preserved intact. Revenues earned on the principal may be expended.

**Non-Operating Expenses** - Expenses incurred by Enterprise and Internal Service Funds that are not directly related to the fund's primary service activities. Examples of non-operating expenses include Interest Expense, Loss on Disposal of Fixed Assets, and Miscellaneous Expenses.

**Non-Operating Revenues** - Enterprise and Internal Service Fund revenues that are not directly related to the fund's primary service activities. Examples of non-operating revenues include Interest revenue, gain on disposal of fixed assets, and miscellaneous revenue.

**Operating Budget** - The annual budget and process which provide a financial plan for the operation of government and the provision of services for the year. Excluded from the operating budget are capital projects which are determined by a separate, but interrelated process.

**Property Tax** - This refers to the property tax placed on property. The tax income is determined by multiplying the tax rate by each \$100 of assessed valuation.

**Proposed Budget** - The recommended City budget submitted by the City Manager to the City Council in late July each year.

**Revenue Bonds** - Bonds whose principal and interest are payable exclusively from earnings of an enterprise fund. In addition, these bonds may contain a mortgage on the enterprise fund's property.

**Revenues** - Money generated through taxes, charges, licenses and other sources to fund City operations

**Special Obligation Bonds** - Special obligations of the City. The payment of the principal of and the interest on the Bonds is subject to an annual appropriation by the City. The City is not required or obligated to make any such annual appropriation.

**Special Revenue Funds** - These funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes. Budgeted special revenue funds include: Convention and Tourism Fund, Transportation Sales Tax Fund, Community Development Block Grant Fund, Cultural Affairs Fund, Parks Sales Tax, 991/4 Cent Tax, Special Road District Tax Fund, and Public Improvement Fund.

**Subsidy** - Legally authorized subsidy from a fund receiving revenue to the fund through which the resources are to be expended.

**Supplementals** - A list of requests by each department which include computers, all other equipment, vehicles, trucks (capital items) and personnel. Requests are listed in priority order and then reviewed and amended by the City Manager and the Department Director based on the budget year's spending limitations.

**Transfer** - Legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended.

**Trust Funds** - These funds are used to account for assets held by the government in a trustee capacity. Trust Funds are composed of two main types, Non-Expendable and Expendable. The only Budgeted Trust Fund is the Contributions Fund.

**User Charges or Fees** - The payment of a charge or fee for direct receipt of a service by the party benefiting from the service.
