

CITY OF COLUMBIA, MISSOURI

FY 2011 Adopted Budget

OUR VISION FOR OUR CITY

We are committed to achieving excellence in what we value: customers, communication, integrity, teamwork and resources

CORE VALUES

CUSTOMERS:

We EXIST to provide the best possible service to our customers – the men, women, children and businesses who make up our community.

COMMUNICATION:

We LISTEN to the members of our community and respond with clear, compassionate and timely communication to build awareness, share information and open ourselves to ideas and suggestions.

INTEGRITY:

We EXPECT our employees to be ethical, honest and responsible. Our customers deserve nothing less.

TEAMWORK:

We ACHIEVE results through valuing diversity and partnerships within our own organization as well as the community. Each person's contribution is critical to our progress.

RESOURCES:

We DEVELOP and EMPOWER our employees to serve the community to the best of their ability. We are responsible with the resources the community entrusts to us.

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**City of Columbia
Missouri**

For the Fiscal Year Beginning

October 1, 2009

President

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Columbia, Missouri for its annual budget for the fiscal year beginning October 1, 2009.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

This is the 14th consecutive year the City of Columbia has received this award.

CITY OF COLUMBIA, MISSOURI

July 28, 2010

OFFICE OF CITY MANAGER

Honorable Mayor and City Council
City of Columbia, Missouri

It is an honor to transmit the City Manager's FY 2011 budget proposal for your consideration. As required by our Charter, the budget provides a complete financial plan for the City of Columbia for the period starting October 1, 2010 and ending September 30, 2011. Submitting the budget officially launches the community decision-making process that allocates public resources for the benefit of citizens.

When I delivered my State-of-the-City remarks earlier this year, I said that our fiscal position was stable. That holds true today because we predicted how revenues would change over three years, starting in 2008. We continue to bring spending in line with our projections to get through this fiscal year.

Even though operating expenses are up slightly, we're making significant cuts in total budgeted expenses. We're still sustaining core City services and fulfilling our obligations to voters and bond-holders. We're still seeking opportunities to save..."SOS." Some of this reduction involves sacrifice; some is just smarter planning and execution.

To the best of our ability, we're limiting "pocket-book" effects on families and businesses. I am not recommending any fee or tax increases for FY 2011. On the other hand, we're budgeting unavoidable utility rate increases that will cost about \$8.25 per month for the average residential customer.

These three points...stability, sustained core services and limits...are the essence of my FY 2011 budget proposal. In the coming weeks, the City Council will hold hearings to discuss these recommendations with the public. Final Council action on the budget is expected near the end of September.

Financial Stability: FY 2011 Revenues

Overall, we expect total City revenues to be 2.7 percent *higher* in FY 2011 than estimated for FY 2010. That's over \$9 million more for the coming year, but keep this in mind: more than \$8 million in new income results from rate increases for the electric, water, sewer and solid waste utilities. Most of this was approved by voters in ballot issues.

We also will transfer income that's been accumulating in accounts over to the operating and capital sides, so that we can build voter-approved projects. This includes close to \$3 million in excess reserve funds to balance total revenue with total expenses in the General Fund.

And we estimate one percent growth in general sales tax revenue, or about \$185,000. Last year we did not expect *any* growth in sales tax, so this trend is somewhat encouraging. It's possible that new business activity from IBM, Linen King and even spill-over effects from new businesses elsewhere in Mid-Missouri will increase sales tax revenue. That remains to be seen.

At this time, General Fund revenue, which supports many services traditionally associated with local government, is expected to drop by close to \$578,000. Several grant resources are slowing down or expiring, such as those funding some public health, police and non-motorized transportation programs. This is expected, as grants usually have expiration dates. Opportunities to be renewed depend on resources available from federal and state government and

701 E. BROADWAY • P.O. BOX 6015 • COLUMBIA, MISSOURI 65205-6015

(573) 874-7214 • FAX (573) 442-8828 • TTY (573) 874-7215

WWW.GO.COLUMBIAMO.COM

from foundations. It is not prudent, however...and it's against our long-standing budgeting policy...to budget grant funds until we're sure we will receive them.

We also have not budgeted revenue from the current one-eighth cent capital sales tax for parks that is subject to voter renewal every five years. Next month City Council members are expected to authorize placing the question on the November 2 ballot. Voters will have an opportunity to extend the tax another five years. If they do so, Council can amend the budget to appropriate the funds then.

Sustaining Core Services and Meeting Obligations: FY 2011 Expenses

Frankly, our current budget and what I propose for FY 2011 are based on getting through FY 2012, which we think will be a very tight year. The State of Missouri's budget office also projects that 2012 and 2013 will be low points with continuing cuts and adjustments.

We expect our total overall expenses to be more than \$79 million lower next year than budgeted in FY 2010. That's a 17 percent drop from last year, and it includes all accounts.

Enterprise Fund spending, which supports all City utilities and other user-paid services, will decrease by about 25 percent, primarily due to acquisition of the Columbia Energy Center and construction of our Wastewater Treatment Plant. Both were budgeted for FY 2010. This money is spent and no longer recorded in our capital budget. Funds needed to run these facilities are now reflected in our utility operating budgets.

Spending for internal support services that City government provides to itself will drop by almost \$956,000. Functions such as building maintenance and information services, for example, are supported by fees assessed to internal customers...other City departments. We account for this on both revenue and expense sides, and lower spending for internal services translates to lower costs for all departments.

I propose lowering General Fund total expenses by about \$1.1 million. The General Fund supports public safety, public health, parks, the City Council and Clerk, Municipal Court and other functions traditionally associated with local government. The General Fund pays for both operating expenses and the cost of equipment. Changes in sales tax revenue affect these services more than others, and we can't use enterprise funds, internal service revenues or other dedicated funding sources to subsidize these services.

Last Spring, I felt more optimistic about our ability to pay for in FY 2011 some of the staff and equipment we deferred last fiscal year. In good faith, however, I must make prudent recommendations based on current conditions, and here is our reality, as I see it.

- The economy is reviving, but not all at once. We've seen some steps forward and back that affect local business activity and the community's ability to generate tax revenue for City services.
- Residential housing and new commercial permits have not picked up as hoped, and other signs are sluggish.
- Employee pension cost increases are higher than expected, and they must be satisfied as long as our current benefit structure is in place.
- "Red light cameras" were installed to increase road safety. They also increased revenue but not to the extent projected by our early experience with them.

- State budget cutbacks have tentacles that reach to counties and cities, including Columbia. As state-supported programs and facilities...like the University...feel pinched, the pain travels to the rest of us.
- There are a few bright spots. In addition to a slight increase in sales tax revenue, the City has a small surplus in its health insurance fund. Inflation remains low. Inflation remains low. Our bond rating is strong, and we continue to make the "best places" lists.

My job as City Manager is to keep our City financially strong, and that is the intent of the recommendations that follow.

Public Safety and Municipal Court

I recommend an additional \$476,023 for these General Fund agencies to cover increased Fire and Police pension costs; replacement of 16 Police vehicles; costs related to five new communication tower sites; technology maintenance agreements; full-year funding for positions related to increased traffic enforcement; and conversion of overtime pay to more reasonable costs for temporary staff. In addition, capital projects should include radio enhancements for Public Safety Joint Communications and replacing a pumper and rescue squad for the Fire Department

The FY 2011 budget eliminates eight vacant firefighter positions, continues closure of one of the two engine companies housed at Fire Station No. 2 and maintains an engine company at Station No. 9. It eliminates five Police vehicles for School Resource Officers, who will share vehicles with other Police staff, and reduces expenses for supplies and materials. The budget eliminates a vacant administrative support position at Municipal Court.

Streets and Sidewalks

In addition to funds for regular street maintenance, I recommend capital funding for improvements to Rolling Hills Road, from Old Hawthorne to Richland Road; for traffic improvements study at the Providence and Burnham Road intersection; and for the third phase of sidewalk improvements in east Columbia. We will continue cleaning streets at the reduced levels we established for FY 2010. Pending no penalty from the Department of Natural Resources, we'll continue to use salt for ice and snow removal.

Parks and Recreation

We will continue the CARE program that provides Columbia youth with summer work experience, and I propose capital funding for work at the Activities and Recreation Center, on our trails and pedways and in neighborhood parks. We also will improve the intersection of the MKT Trail and Hinkson Creek, near the Martin Luther King, Jr. Memorial, where we will restore a natural area. We will continue mowing and maintenance schedules at the reduced levels we established in FY 2010.

Health and Social Services

Current funding levels should be maintained for local social service contracts, most of which is leveraged to bring other funds to the community. A small increase is budgeted for the City's animal control contract with Central Missouri Humane Society.

Administration and Other Departments

A new half-time position is proposed for the Office of Neighborhood Services, and six new positions for building maintenance, custodial service and City fleet operations. The budget includes loss of an engineering position as our federal non-motorized transportation grant starts to wind down and loss of an attorney due to decreased resources needed to enforce traffic citations.

The budget includes funding to support the Citizen Police Review Board; a citizen satisfaction survey; retro-fits for City buildings, based on energy audits conducted through our Sustainability

block grant; and capital funding for Eighth Street improvements consistent with work done on City Hall.

I also hope that Council will support the City's "journey to excellence," shorthand for making City services more productive and focused on customer service. Last winter, Council directed us to pursue state and national quality awards. In my opinion, the journey is even more important than winning the prize. With Council's further guidance, I propose to assess our City organization, eliminate needless and out-dated processes and prepare our workforce for the future. We will start a formalized review to examine every activity to make it more productive and customer-friendly. Like an energy audit, I see this as an investment that will pay dividends for years.

Sewer Utility

Two new positions are needed at the wastewater treatment plant and an additional supervisor position for sewer maintenance. I also recommend several capital projects that will stabilize a portion of Bear Creek; provide outfall relief sewers and extensions; correct problems with some private common collector sewers; and being a pilot project to rid our system of inflow and infiltration problems.

Solid Waste Utility

I recommend two new positions to handle growing demands for solid waste roll-off services and to improve our bioreactor operations, where we convert trash to methane gas and electric energy. We also plan to build a second bioreactor landfill cell, and we'll have some higher costs for permits required by the federal Environmental Protection Agency.

Parking Utility

I propose one new position to maintain our new parking garage at 5th and Walnut, and I recommend increases for garage maintenance and for replacing 800 parking meters.

Electric Utility

I ask Council to support two permanent positions at the Transload Facility serving COLT Railroad customers; increased funds for heavy equipment and for operating the Columbia Energy Center; and, in addition to annual system improvements, capital funds for work at our Primary Control Center and on a couple of our major transmission lines.

Water Utility

I recommend one new position at the City's water treatment plant; increased funds for removing sludge and meeting Department of Natural Resources requirements; and, in addition to annual system improvements, capital funds for a new alluvial well and for work on large service and transmission mains.

Public Transit

The budget includes additional funds to expand our bus routes and upgrade bus radios to meet narrowband requirements set by the Federal Communications Commission. My capital recommendations include funds for a vehicle locator system and for replacing ten buses and two paratransit vans.

Airport

I recommend funds to renovate restrooms at our terminal and to accommodate our growing passenger base. Capital recommendations include funds for snow removal equipment and for runway designs.

Implementing the Community Vision

Of a total of 46 implementation tasks outlined for 2009 – 2011, Council members have directed we take no more action to create a business ombudsman in the City Manager's office, due to budget constraints. Of the remaining 45 tasks, 32 have been completed or are being implemented now. At their June retreat, City Council members discussed 14 tasks and identified

eight that deserved consideration in the FY 2011 budget. These tasks relate to economic development, affordable housing and to convening discussions on timely issues.

Personnel

Costs to support our City workforce make up about one-fourth of the budget, and these costs are disproportionately found in the General Fund agencies. Although one of my highest priorities has been the care and development of the people who serve citizens every day, I have been disappointed in my ability to recommend paying them what they really deserve. Again, it comes down to dollars and, in particular, our duty to only use dedicated funds for their intended purposes.

Suggestions to spend less on parks and more on public safety, for example, offer a false choice. We mostly fund parks with a voter-approved sales tax. Those taxes simply can't be used for anything else. The real choices, at this time, force us to weigh General Fund agencies against each other and to do everything possible to prudently spend General Fund resources.

So, for FY 2011, I recommend no across-the-board or performance increases for City employees, the same as my recommendation in FY 2010. Our last across-the-board raise was \$0.25/hour for all City employees in FY 2009. Many of our employees saw cuts in their take-home pay this year, including the City Manager.

This restraint allows me to propose stable benefits in other areas: no increases in employee contributions to health insurance; continued funding for all pension programs; no cuts in other benefits; a new high-deductible health plan; voluntary vision benefits, offered at-cost; and restoration of fixed holiday hours when calculating overtime pay.

Limiting Pocket-Book Effects

In FY 2011 I recommend no fee or tax increases. We will live within whatever limits these revenue sources provide.

City utility customers can expect residential rate increases for refuse, sewer, water and electric services. The average monthly increase for a residential customer is projected at \$8.25, a little less than the \$8.70 average increase last year, but still steep when many residents are having real problems paying utility bills now.

These rates and fees are dedicated solely to the purposes for which they were established. The revenue that's generated pays for the cost of providing service and for capital improvements and debt service authorized by voters through ballot issues.

The Big Deal about FY 2012

Why all this fuss about surviving FY 2011 and preparing for worse the year after that? What issues make this such a big deal? This is what I see coming to meet us.

- Pension and health insurance – Like the State of Missouri, we will need to address the continued, substantial City contributions to our retirement and health care benefits. We need to start talking with stakeholders, soon.
- Eliminating programs and personnel, at levels similar to or slightly higher than what FY 2010 and 2011.
- The transportation sales tax may no longer provide enough funds to subsidize bus, airport and street operations at current levels. Shortfalls will need to be made up with General Fund revenues, competing for this already scarce resource.

- Voters may not approve extending the one-eighth cent park sales tax. If they don't, about \$250,000 in major, annual maintenance costs will need to be covered by the General Fund.
- We need to invest big dollars and human resources to replace an outdated Citywide financial and management information system, an initiative that fits well with our journey to excellence.

The City of Columbia is a large, complex, continually changing business operation. These are cautious times that demand, if not a cautious response, one that is alert to risks and opportunities.

I thank you for your support and for the opportunity to serve as your City Manager with an outstanding, hard-working cadre of 1,302 public service professionals. Let me recognize, in particular, City Finance Director Lori Fleming, Budget Officer Laura Peveler and the rest of the Finance Department for again guiding this year's budget process. My thanks also go to City department directors and other staff members who contributed ideas and time in preparing this document.

And thanks to our employees. Without their willingness to help, many more layoffs and program reductions would have been necessary.

More details are included in the "Budget in Brief" found in the budget document. You may view the complete budget on our website at www.GoColumbiaMo.com; at City Hall; at the Daniel Boone Regional Library; and at the libraries at the University of Missouri, Stephens College and Columbia College. I look forward to discussing this proposal with the citizens of Columbia in the weeks ahead.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Bill Watkins', with a stylized, flowing script.

Bill Watkins
City Manager

CERTIFICATION

The undersigned hereby certify that the attached document is a true copy of the annual budget of the City of Columbia, Missouri for the Fiscal Year beginning on October 1, 2010 and ending on September 30, 2011, as finally adopted by the City Council on September 20, 2010.

IN WITNESS WHEREOF, I have executed this certification on this 24th day of **September, 2010**.

City Manager

IN WITNESS WHEREOF, I have executed this certification and affixed the corporate seal of the City on this 24th day of **September, 2010**.

Sheela Amin, City Clerk

Projects Changed:

Records Management System (ID 1307) - move from current projects list to 2012. Project is still unfunded.

Public Transportation:

Delete Project:

Seal Limestone - Exterior Façade - Wabash Station (ID 1243) - project is being funded and completed in 2010.

CDBG Changes:

see page 539 for Council Adopted CDBG changes

BUDGET IN BRIEF

Overall Expense Highlights

OPERATING EXPENSES

	Budget FY 2010	Adopted FY 2011	Increase/ (Decrease)	Percent Change
General Government Funds	\$75,906,719	\$74,786,642	(\$1,120,077)	(1.5%)
Enterprise Funds	\$153,765,449	\$156,421,856	\$2,656,407	1.7%
Internal Service Funds	\$33,491,679	\$32,469,981	(\$1,021,698)	(3.1%)
Total Operating Expenses	\$263,163,847	\$263,678,479	\$514,632	0.2%
General Fund Oper. Expenses	\$72,948,441	\$72,105,968	(\$842,473)	(1.2%)

- General Government: In response to current economic conditions and an effort to smooth out projected budget deficits over the next two to three years, the City made significant changes in 2011 to reduce costs in personnel by eliminating seven vacant positions and reducing numerous employees' auto allowance, as well as reductions in materials and supplies and travel and training. There were also several significant grants in the Police, Health, and Public Works Department which ended in 2010.
- Enterprise operations reflect an increase of \$1.2 million in personnel due to the addition of nine positions, primarily due to expansion of existing facilities (landfill, parking, and wastewater treatment facilities). There are also significant contractual service increases in Water for sludge removal due to changes in regulations and in Electric for the administrative fees to operate the City's portion of the Columbia Energy Center and rebuilding of the landfill generators.
- Internal Service operations reflect decreases in materials and supplies and travel and training due to economic constraints and reductions in premiums and claims in the Employee Benefit Fund.

CAPITAL ADDITIONS (Items Over \$5,000 - Rolling Stock Replacement, Major Equip, Etc.)

	Budget FY 2010	Adopted FY 2011	Increase/ (Decrease)	Percent Change
General Government Funds	\$1,401,175	\$1,416,773	\$15,598	1.1%
Enterprise Funds	\$3,130,170	\$1,424,111	(\$1,706,059)	(54.5%)
Internal Service Funds	\$217,738	\$284,377	\$66,639	30.6%
Total Capital Additions	\$4,749,083	\$3,125,261	(\$1,690,461)	(35.6%)
General Fund	\$1,401,175	\$1,093,748	(\$307,427)	(21.9%)

- The General Fund portion reflects a decrease of \$307,427, primarily in the Streets and Sidewalks area. The Police Department will continue efforts to reduce their fleet size by eliminating the cars used by the school resource officers. The Office of Sustainability Fund reflects an increase of \$323,000 to begin retrofits on our city facilities based on grant funded energy assessments.
- The largest decreases in equipment purchases are in the Solid Waste and Electric Utilities. The need to begin the construction of a new landfill cell in 2011 made it necessary to put off all capital additions until that project is completed. The Electric Utility budgeted for the replacement of several large pieces of equipment in 2010.
- The largest increases in equipment purchases are in Building Maintenance and Information Technologies. Building Maintenance is budgeting for replacement of a van and a lawn tractor. Information Technologies is budgeting for four storage area network units.

CAPITAL PROJECTS

	Budget FY 2010	Adopted FY 2011	Increase/ (Decrease)	Percent Change
General Government Funds	\$11,611,179	\$9,246,000	(\$2,365,179)	(20.4%)
Enterprise Funds	\$113,409,739	\$30,183,335	(\$83,226,404)	(73.4%)
Total Capital Projects	\$125,020,918	\$39,429,335	(\$85,591,583)	(68.5%)

- Reflects a large decrease in Street & Sidewalks and Parks and Recreation due to fewer ballot projects still to be completed.
- Reflects a large decrease in Electric due to the purchase of the transload facility and the Columbia Energy Center in 2010; and Sewer due to the Waste Water Treatment Plant facility in 2010.

TOTAL BUDGETED EXPENSES

	Budget FY 2010	Adopted FY 2011	Increase/ (Decrease)	Percent Change
General Government Funds	\$117,789,568	\$117,304,170	(\$485,398)	(0.4%)
Enterprise Funds	\$312,240,603	\$232,758,110	(\$79,482,493)	(25.5%)
Internal Service Funds	\$34,649,907	\$33,630,220	(\$1,019,687)	(2.9%)
Total Expenses	\$464,680,078	\$383,692,500	(\$80,987,578)	(17.4%)
General Fund Total Expenses	\$77,260,282	\$76,114,775	(\$1,145,507)	(1.5%)

- General Government: Operations and capital additions are down compared to FY 2010. There are increases in debt payments as well as special revenue funds transferred to fund the capital improvement plan.
- The decrease in the Enterprise Funds is primarily in the area of new capital project funding. The Electric utility budgeted for the purchase of a generation unit at the Columbia Energy Center in 2010 and the Sewer utility budgeted for the cost of the Waste Water Treatment expansion in 2010.
- The same cost saving strategies used by the General Government departments have been applied to Internal Service activities.

Personnel Package

The overall increase in personnel services is 1.8%.

- No across-the-board increase or performance pay increases have been budgeted.
- The internal review of all classifications was completed and the fourth year of recommended changes implemented in FY 2010. The FY 2011 review consisted of only new position requests, reorganization reviews and special department requests.
- Departments submitted twenty-one reorganization reviews and three special review requests. Fourteen were approved, impacting fifteen employees.
- Full funding of pension requirements which increased over \$950,000 for FY 2011. LAGERS increased over \$304,000 and Police and Fire Pensions increased over \$ \$646,000
- Continued funding for employee health screenings on a two year rotation.
- The City will continue to pay the full cost of employee health insurance premiums and will continue subsidizing dependent coverage premiums.
- Health insurance premiums for active employee dependent coverage will not increase under the current \$750 deductible plan. Retiree rates are expected to increase 7.5% for pre-65 retirees and a minimum of 15% for Medicare eligible retirees.
- A new \$1,500 deductible plan will be offered in 2011. A high deductible plan with a health savings account will also be offered. The City sponsored fully insured Medicare supplement plan is being bid to determine if lower rates are available.
- Retiree health insurance rate subsidies remain at a fixed rate as set by Council Resolution. The budget includes fully funding the required contribution for the post-employment liability.
- Continue Sick Leave Buyback benefit at 50% for hours sold above 1,040 hours of accumulated sick leave.
- Vision care will be offered to employees as a voluntary benefit at a cost to employees.
- Holiday hours will be considered as hours worked for purposes of calculating overtime.
- The FLSA cycle for Police employees will change from 170 hours in 28 days to 160.
- A change in the step-up pay policy to allow for payment of step-up pay in half shift increments instead of full shift increments.
- Reduction in auto allowance for numerous management level employees.

11.50 FTE New Positions Added

Public Safety (Net (2) positions)	Public Works (Net 11 Positions)
(4) Reduction of Firefighters - Fire Department	(1) Reduction of Eng. Spec I - Non-Motorized Grant
(1) Reduction Admin Support Asst - Mun. Court	(1) WWTP Operator I (6 months) - Sewer
(2.00) Communication Operators - PSJC	(1) Utility Maintenance Mech II (6 months) - Sewer
(1.00) Police Officer - Police Department	(1) Public Works Supervisor I (9 months) - Sewer
Administrative and Other (Net (0.50) positions)	(1) Maint. Asst II (6 months) - Parking
(1) Reduction Assistant City Counselor II - Law Dept	(1) Refuse Collector III (6 months) - Solid Waste
(0.50) Admin Support Asst II - Office of Neigh. Serv.	(1) Equipment Operator III (6 months) - Solid Waste Bioreactor
Water (Net 1 Position)	(1) Maint. Mech - Building Maintenance
(1) Water Treatment Plant Oper II/III	(1) Custodian - Custodial Services
Electric (Net 2 Positions)	(1) Custodian (8 months) - Custodial Services
(1) Equipment Operator III (Transload Facility)	(1) Administrative Support Asst III - Fleet Operations
(1) Transload Operations Supervisor	(1) Stores Clerk - Fleet Operations
	(1) Vehicle Mechanic - Fleet Operations

Overall Revenue Highlights

TOTAL BUDGETED REVENUES				
	Estimated FY 2010	Adopted FY 2011	Increase/ (Decrease)	Percent Change
General Government Funds	\$118,206,137	\$117,610,225	(\$595,912)	(0.5%)
Enterprise Funds	\$192,360,128	\$199,324,481	\$6,964,353	3.6%
Internal Service Funds	\$31,441,267	\$32,797,854	\$1,356,587	4.3%
Total Revenues	\$342,007,532	\$349,732,560	\$7,725,028	2.3%
General Fund	\$76,732,601	\$76,114,775	(\$617,826)	(0.8%)

- The City is projecting significant decreases in General Government for both operating and capital grant revenues. These decreases are more than offset by transfers of special revenues to support the Capital Improvement Plan.
- General Fund grant revenues are projected to be down substantially due to the loss of grants for Non Motorized Grant activity, Health Department, and Police Department. Sales Taxes are projected to increase 1% over Estimated FY 2010.
- Increases in Enterprise Fund revenues are the result of rate increases in Electric, Water, Sewer, and Solid Waste utilities.
- Fees to City departments for other insurance were increased 10% to offset increasing costs to provide coverage. In addition, custodial and maintenance fees were increased to cover the cost of additional employees needed to clean and maintain the expanded Daniel Boone Building.

MAJOR REVENUE SOURCES				
	Estimated FY 2010	Adopted FY 2011	Increase/ (Decrease)	Percent Change
Sales Taxes	\$37,750,000	\$37,316,900	(\$433,100)	(1.1%)
Transfers	\$23,928,589	\$25,692,048	\$1,763,459	7.4%
Grants & Capital Contributions	\$16,690,138	\$14,870,294	(\$1,819,844)	(10.9%)

- The single most significant source of funding for General Government operating and capital activities is sales tax revenue. FY 2011 reflects a 1.1% decrease over Estimated FY 2010 due to expiration of the 1/8th cent Parks Sales Tax in March, 2011. Voters will be asked to renew this in November, 2010. The City is projecting a 1% growth in sales taxes for 2011.
- Transfers are up significantly for 2011. Operating subsidies of sales taxes for parks, transit and airport increased 1% over 2010 levels. Transfers of Special Revenues for the Capital Improvement Plan such as capital improvement sales tax funds and public improvement funds are also up in 2011.
- The City is projecting significant decreases in the General Government for both operating and capital grant revenues. The City is also projecting slightly lower levels of federal funding for transportation in 2011. Any new grant awards will be appropriated during FY 2011.

Tax Rate Changes

There are no proposed City tax increases for FY 2011.

- Property Tax Rates (No increase over the current \$0.41 per \$100 assessed valuation)
- Sales Tax Rates (No City increase proposed) Current Total Sales Tax Rate = 7.35% in all areas of the City except those located in TDDs where the rate is higher. The City's portion is as follows:
 - * 1.000% - General Sales Taxes - funds basic government services
 - * 0.250% - Capital Sales Tax - restricted for capital related uses only - expires December 31, 2015
 - * 0.500% - Transportation Sales Tax - restricted for transportation use only
 - * 0.125% - Parks Sales Tax - restricted for park purposes (Permanent)
 - * 0.125% - Parks Sales Tax - restricted for park purposes - expires March 31, 2011. Voters will be asked to renew this in Nov. 2010.
- Gross Receipts Tax Rates (No increase over the 7% current rate). The state legislature has now ruled that gross receipts must be paid on wireless services.

Fees and User Charge Changes

- There are no fee and user charge changes proposed for FY 2011.

Utility Rate Changes - Average Monthly Customer Impact

	Average Monthly Customer Impact
• Refuse Rate (\$1/month residential rate increase)	\$1.00
• Sewer (15% Rate Increase) - 13% approved by voters in April 2008 and 2% to cover operating expenses	\$2.43
• Water (10% Rate Increase) - 5% approved by voters in Nov 2008, and 5% to cover increased operating expenses	\$2.28
• Electric (2% Rate Increase) - to cover operating and maintenance costs of the system	\$1.57
	\$7.28

Monthly Utility Rate Comparisons with Proposed Rate Increases

* Price varies depending on type of container and recycle option. Recycling charge of \$4/month per container

+ No recycling or yard waste options available.

** Includes 3 containers for trash, yard waste, and recycling.

++ \$14.40 base fee, \$10.10 for additional cart for recycling and yard waste.

^ \$14 base fee for one can, \$14 for each additional can. Services include weekly pick-up of recycling and yard waste.

Department Budget Highlights

PUBLIC SAFETY DEPARTMENTS

	Budget FY 2010	Adopted FY 2011	Increase/ (Decrease)	Percent Change	5 Year Avg. Inc.
Police	\$19,818,867	\$19,841,309	\$22,442	0.1%	3.8%
Fire	\$14,255,658	\$14,567,093	\$311,435	2.2%	4.0%
Municipal Court	\$934,727	\$1,179,766	\$245,039	26.2%	12.0%
Emer. Mgmt & Communications	\$2,733,167	\$2,982,385	\$249,218	9.1%	3.9%
Total Public Safety	\$37,742,419	\$38,570,553	\$828,134	2.2%	4.0%

Police Department

- There was a significant increase in pension costs for FY 2011.
- Due to budget constraints, the department significantly reduced their materials and supplies category.
- In a continuing effort to reduce the Police fleet, five school resource officer vehicles will be eliminated for FY 2011.
- One new police officer in the traffic unit was approved.
- Fleet replacement for 2011 will be sixteen patrol vehicles. This is lower than the scheduled replacement due to budget constraints.
- The FLSA cycle for Police employees will change from 170 hours in 28 days to 160.

Fire Department

- There was a significant increase in pension costs for FY 2011.
- Due to budget constraints (4) vacant fire fighter positions were eliminated. However, (3) Fire Fighters will be reclassified to Lieutenants and (3) to Engineers to support the operations of a specialty vehicle at Station 2.

Municipal Court

- Eliminated vacant administrative position due to lower than anticipated number of red light camera citations.
- Includes a full year of funding for the three positions added during FY 2010 and other operating costs associated with the red light camera program.

Emergency Management and Communications

- Includes funding for two additional communications operators and for temporary funding to help control overtime costs and ensure adequate coverage in the operations center.
- Significant increases in telephones for five additional tower sites added.
- Significant increases in monthly tower rental agreements.
- Significant increases in annual maintenance agreements for CAD and wireless equipment.

HEALTH AND ENVIRONMENT

	Budget FY 2010	Adopted FY 2011	Increase/ (Decrease)	Percent Change	5 Year Avg. Inc.
Public Health & Human Services	\$8,055,052	\$7,233,529	(\$821,523)	(10.2%)	2.1%
Planning	\$1,760,677	\$1,401,479	(\$359,198)	(20.4%)	5.0%
Economic Development	\$419,379	\$411,075	(\$8,304)	(2.0%)	3.5%
Cultural Affairs	\$391,669	\$378,251	(\$13,418)	(3.4%)	1.2%
Neighborhood Services	\$808,541	\$880,421	\$71,880	8.9%	
Total Health and Environment	\$11,435,318	\$10,304,755	(\$1,130,563)	(9.9%)	4.3%

Public Health and Human Services

- Significant decrease in temporary positions and supplies and materials due to end expiration of H1N1 grant.
- Maintains the funding level approved in 2010 and an additional \$3,000 for the animal control contract with the Central Missouri Humane Society.
- No fee increases proposed for FY 2011.
- Maintains the 2010 funding level of \$893,556 for social service contracts.

Planning Department

- Reduction due to funds budgeted in FY 2010 for the Comprehensive Master Plan Update.
- Eliminated employee home ownership assistance program (\$30,000) due to budget constraints.
- Includes funding to convert permanent record files to digital records.

Economic Development

- Removed all funding for travel and training which will be funded by REDI and made reductions to auto allowance.

Cultural Affairs

- Decrease due to the lower anticipated grant funding from the Missouri Arts Council.

Neighborhood Services

- Fully funds Trust Officer position added during FY 2010, the addition of a 0.50 FTE administrative position and 50% split for a senior building inspector with CDBG (Community Development Block Grant funding).
- Reduction of \$12,500 in Neighborhood Response Team funding due to budget constraints.
- Transferred \$26,000 in demolition funding from Public Works.
- Transferred additional operating costs for the rental inspection program from Public Works.

PARKS & RECREATION DEPARTMENT					
	Budget FY 2010	Adopted FY 2011	Increase/ (Decrease)	Percent Change	5 Year Avg. Inc.
Parks & Recreation	\$4,975,987	\$4,980,919	\$4,932	0.1%	3.4%
Recreation Services Fund	\$7,410,263	\$7,403,657	(\$6,606)	(0.1%)	0.9%
Total Excluding CIP Projects	\$12,386,250	\$12,384,576	(\$1,674)	(0.0%)	1.8%

Parks and Recreation General Fund Operations

- Increased temporary help by \$9,760 in parks management.
- Fleet replacement down \$17,000 from 2010 due to budget constraints.
- Maintains CARE funding at the FY 2010 level.

Recreation Services Fund

- No significant changes

PUBLIC WORKS DEPARTMENT:					
	Budget FY 2010	Adopted FY 2011	Increase/ (Decrease)	Percent Change	5 Year Avg. Inc.
Public Works - Gen. Fund Oper.	\$10,965,403	\$10,289,007	(\$676,396)	(6.2%)	3.4%
Public Transportation Fund	\$5,493,258	\$5,803,347	\$310,089	5.6%	6.5%
Airport Fund	\$2,697,445	\$2,634,930	(\$62,515)	(2.3%)	5.5%
Sanitary Sewer Utility Fund	\$13,936,141	\$15,658,383	\$1,722,242	12.4%	8.7%
Parking Utility Fund	\$2,084,373	\$2,715,859	\$631,486	30.3%	9.6%
Solid Waste Utility Fund	\$16,152,220	\$15,027,655	(\$1,124,565)	(7.0%)	1.8%
Storm Water Utility Fund	\$1,472,806	\$1,462,971	(\$9,835)	(0.7%)	1.1%
Custodial / Maintenance Fund	\$1,439,585	\$1,663,472	\$223,887	15.6%	8.8%
Fleet Operations Fund	\$7,058,179	\$7,109,584	\$51,405	0.7%	8.1%
Total Public Works Dept. Excluding CIP Projects	\$61,299,410	\$62,365,208	\$1,065,798	1.7%	5.0%

Public Works - General Fund Operations

- Eliminates (1) engineering position and other operating costs (\$335,000) due to the expiration of non-motorized grant funding.
- Movement of 1.42 FTE engineering positions to other funds to reflect changes in work assignments.
- Fleet replacement \$467,400 is down \$160,500 from FY 2010 due to budget constraints.
- Maintains FY 2010 level for Street Maintenance (\$1.85 million).
- Includes funding for continuation of speed display board program with schools by budgeting for speed display boards at Jefferson Junior High School and West Junior High School.
- Includes \$48,000 funding for Phase I of an electronic plan review process which involves setting up a stand alone workstation. If successful, it will require an additional \$60,000 in FY 2012 to fully implement.

Public Transportation

- Includes funding for narrow band radio upgrades and programming to meet 2012 mandates.
- Includes funding for expansion of routes with the university and to new areas which alleviates present timing difficulties on existing routes.
- Significant increases in vehicle maintenance costs to reflect actual trends in maintenance history.

Airport

- Includes funding for restroom repairs renovations at the airport terminal building.
- Continues to fund the maintenance and upgrades to the airfield facilities to accommodate increasing airline and airport operational needs.

Sanitary Sewer

- Includes 15% rate increase - necessary to support ballot issue passed by voters in April 2008 and increased operating costs.
- Adds (2) positions and additional operating cost due to the expansion of the Wastewater Treatment Plant.
- Includes full cost and an additional position for the mid-year reorganization and movement of engineering positions from the General Fund.
- Increase in interest expense due to debt issued in FY 2009 for the Wastewater Treatment Plant and other projects.

Parking Utility

- Adds (1) maintenance position due to opening of the additional parking garage.
- Includes funding to replace 800 parking meters (\$112,000).
- Includes funding for major maintenance at the 7th and Walnut Garage and the 5th and Cherry Garage.
- Increase in interest expense due to debt issued for the 5th and Walnut parking garage.

Solid Waste Utility

- Adds (1) position and operating costs for the Bioreactor operation.
- Adds (1) position in mini roll off services due to increased activities.
- Includes \$1/month increase in residential rates to provide funds for needed capital projects.
- Increase of \$106,000 for permitting required by the EPA related to Storm Water pollutants.
- Includes no replacement of fleet in order to provide funding for the new landfill cell to be constructed in FY 2011.

Storm Water Utility

- No significant changes.

Custodial and Building Maintenance

- Adds (2) Custodians and (1) Building Maintenance position and operating costs due to the expansion of city facilities.

Fleet Operations

- Adds (3) positions to more cost effectively service vehicles in house.

WATER AND ELECTRIC DEPARTMENT					
	Budget FY 2010	Adopted FY 2011	Increase/ (Decrease)	Percent Change	5 Year Avg. Inc.
Water & Electric Department					
Water Utility Fund	\$19,724,921	\$20,274,757	\$549,836	2.8%	6.2%
Electric Utility Fund	\$128,874,053	\$130,599,220	\$1,725,167	1.3%	9.3%
TI. Water & Electric Dept. Excluding CIP Projects	\$148,598,974	\$150,873,977	\$2,275,003	1.5%	8.8%
Railroad Fund Excluding CIP Projects	\$985,384	\$993,996	\$8,612	0.9%	0.6%

Water Utility

- Adds (1) Relief Water Plant Operator to help reduce overtime costs.
- Fully funds the mid-year reorganization and positions added during FY 2010.
- Includes a 10% water rate increase. Of this amount, 5% approved by voters in Nov 2008, and 5% to cover increased operating costs.
- Includes a significant increase (\$315,000) for sludge removal due to changes in regulations.

Electric Utility

- Adds (2) positions for the recently purchased Transload Facility.
- Fully funds the mid-year reorganization and positions added during FY 2010.
- Includes a 2% rate increase to cover operating and maintenance costs of the system
- Includes \$370,000 for costs related to the relocation to the government center.
- Increase of \$2 million in costs due to the recent purchase of an additional generation unit at the Columbia Energy Center.

Railroad

- No significant changes.

ADMINISTRATIVE DEPARTMENTS					
	Budget FY 2010	Adopted FY 2011	Increase/ (Decrease)	Percent Change	5 Year Avg. Inc.
City Council	\$290,732	\$211,866	(\$78,866)	(27.1%)	(4.0%)
City Clerk	\$333,246	\$346,603	\$13,357	4.0%	6.7%
City Manager	\$1,061,104	\$1,049,352	(\$11,752)	(1.1%)	4.0%
Finance	\$3,522,464	\$3,409,672	(\$112,792)	(3.2%)	1.5%
Human Resources	\$1,030,559	\$1,033,598	\$3,039	0.3%	6.0%
Law	\$1,328,067	\$1,287,521	(\$40,546)	(3.1%)	7.9%
Total Administrative	\$7,566,172	\$7,338,612	(\$227,560)	(3.0%)	3.2%
General City (Nondepartmental)	\$5,357,855	\$5,104,879	(\$252,976)	(4.7%)	(2.1%)

City Council

- The Citizen's Review Board was budgeted at the amended FY 2010 budget amount. Other Boards and the Board of Adjustment were reduced to reflect expenditure trends.
- Significant decrease in Intragov. charges due to allocation for custodial and building maintenance in the new government center.
- Significant reductions in travel and training and food, and printing accounts. Council members will no longer be provided meals before meetings.

City Clerk

- Fully funds the clerical position added in FY 2010.

City Manager

- Significant reductions to travel and training and auto allowance.

Finance

- Personnel down due to the elimination of a clerical position mid-year 2010.
- Due to budget constraints, materials and supplies and travel and training categories have been decreased.
- Building rentals has decreased \$43,000 due to the relocation to the new government center.

Human Resources

- No significant changes

Law Department

- Eliminated (1) vacant City Counselor position due to lower than anticipated number of red light camera citations.

City General (Non-Departmental)

- Includes an increase of \$40,000 to establish a Leadership for Excellence Division.
- Reduced street lighting costs \$200,000 due to a change in the way street light costs are calculated.
- General Fund contingency of \$100,000 was eliminated and Council Reserve was reduced from \$100,000 to \$25,000.

OTHER DEPARTMENTS					
	Budget FY 2010	Adopted FY 2011	Increase/ (Decrease)	Percent Change	5 Year Avg. Inc.
Convention & Tourism Fund	\$1,758,254	\$1,760,302	\$2,048	0.1%	2.1%
Office of Sustainability	\$297,368	\$717,398	\$420,030		
Employee Benefit Fund	\$12,543,343	\$12,157,032	(\$386,311)	(3.1%)	2.2%
Self Insurance Reserve Fund	\$4,397,340	\$4,390,216	(\$7,124)	(0.2%)	8.1%

Convention & Tourism

- No significant changes

Office of Sustainability

- Includes over \$600,000 in grant funds for retrofits to city facilities based on energy assessments.
- Includes full year funding for department operations. FY 2010 only included 6 months of costs.

Employee Benefit Fund

- Decrease due to staff's efforts to stabilize expenses over the past few years.
- Health insurance premiums for active employee dependent coverage will not increase under the current \$750 deductible plan. Retiree rates are expected to increase 7.5% for pre-65 retirees and a minimum of 15% for Medicare eligible retirees.
- A new \$1,500 deductible plan will be offered in 2011. A high deductible plan with a health savings account may also be offered. The City sponsored fully insured Medicare supplement plan is being bid to determine if lower rates are available.

Self Insurance Reserve Fund

- No significant changes.

Information Technologies Fund

- Due to budget constraints, the department significantly reduced all categories based on historical trends.

Public Communications Fund

- Includes \$35,000 for a citizen survey.
- Adds \$10,000 in temporary help to provide after hours support for the first floor of the government center.
- Print Shop name has been changed to Document Support Services and have increased services to include document imaging and shredding.
- Decrease in building rentals due to relocation of the City Channel into the government center.
- Reduction in capital and communication equipment due to significant purchases in FY 2010.

Utility Customer Services Fund

- Reflects a decrease in postage due to electronic billing and efforts to reduce credit card fees.

Contributions Fund

- No significant changes. Donations are not budgeted. They are appropriated when they are received.

Capital Project Highlights - Major Projects Scheduled/Funded

Streets and Sidewalks

- Rolling Hills Road - Old Hawthorn to Richland
- Providence Study - Burnham Intersection
- East side Sidewalks Phase III

Parks and Recreation

- ARC Floor and Improvements
- Capen/Grindstone Trailhead Improvements
- Rock Hill Park Improvements
- Scott's Branch Phase II: Chapel Pedway to Perche Creek
- MKT Sewer Plant #2 Natural Area Restoration

Public Safety

- Radio system enhancements for Public Safety Joint Communication Center
- Replace Pumper and Rescue Squad

Other General Government

- Eighth Street Plan Avenue of the Columns

Electric

- Annual Commercial Expansion
- Annual new electric connections
- Annual Substation feeders
- Annual street light additions
- Primary Control Center
- Relocation of 69kV Line - Hinkson to Perche
- Reconductor 69kV line - Boldstad-Switzler

Water

- Annual new service connections
- Annual water main replacements
- Annual water main relocations
- 16" Main - Brown Station Rd: Rt B to Peabody
- Drill Alluvial Wells #16
- Oakland church Road - 12,000' of 16" Main
- Route PP Main Upgrade - 25,00' of 12" Main
- S Section of 24" East Transmission Main

Sewer

- Bear Creek Bank Stabilization - Wonder Bread Site
- Hominy Branch Outfall Relief Sewer
- PCCE #3 - Stewart & Medavista
- PCCE #8 - Thilly Lathrop
- Sewer District #165 - Maple Bluff Dr. Area
- Upper Hinkson Creek Outfall Extension
- WWTP Improvement Phase I - continued

Storm Water

- No new projects due to fiscal constraints

Solid Waste

- Landfill Cell #5

Transit

- Automated Vehicle Locator System
- Rpl. (4) 35' Eldorado Buses with 40' buses
- Rpl. (6) 35' New Flyer Buses
- Rpl. (2) Paratransit Vehicles

Airport

- Snow Removal Equipment (SRE) Runway Tow Brown & Tow De-icer
- Design Extension of Crosswind RW and parallel TW

City of Columbia, MO How to Use this Budget Document

A budget is a financial plan for a city. It includes both estimates of resources available, including revenues and fund balances, and appropriations, which are the authority to spend money for specific purposes. The budget is prepared by the City Manager and adopted by the City Council after extensive public input.

The document begins with the budget message from the City Manager. The message summarizes the contents of the budget and provides an explanation of the rationale used by the City Manager during the budget development process. The City Manager also outlines the administration's work program for the upcoming year.

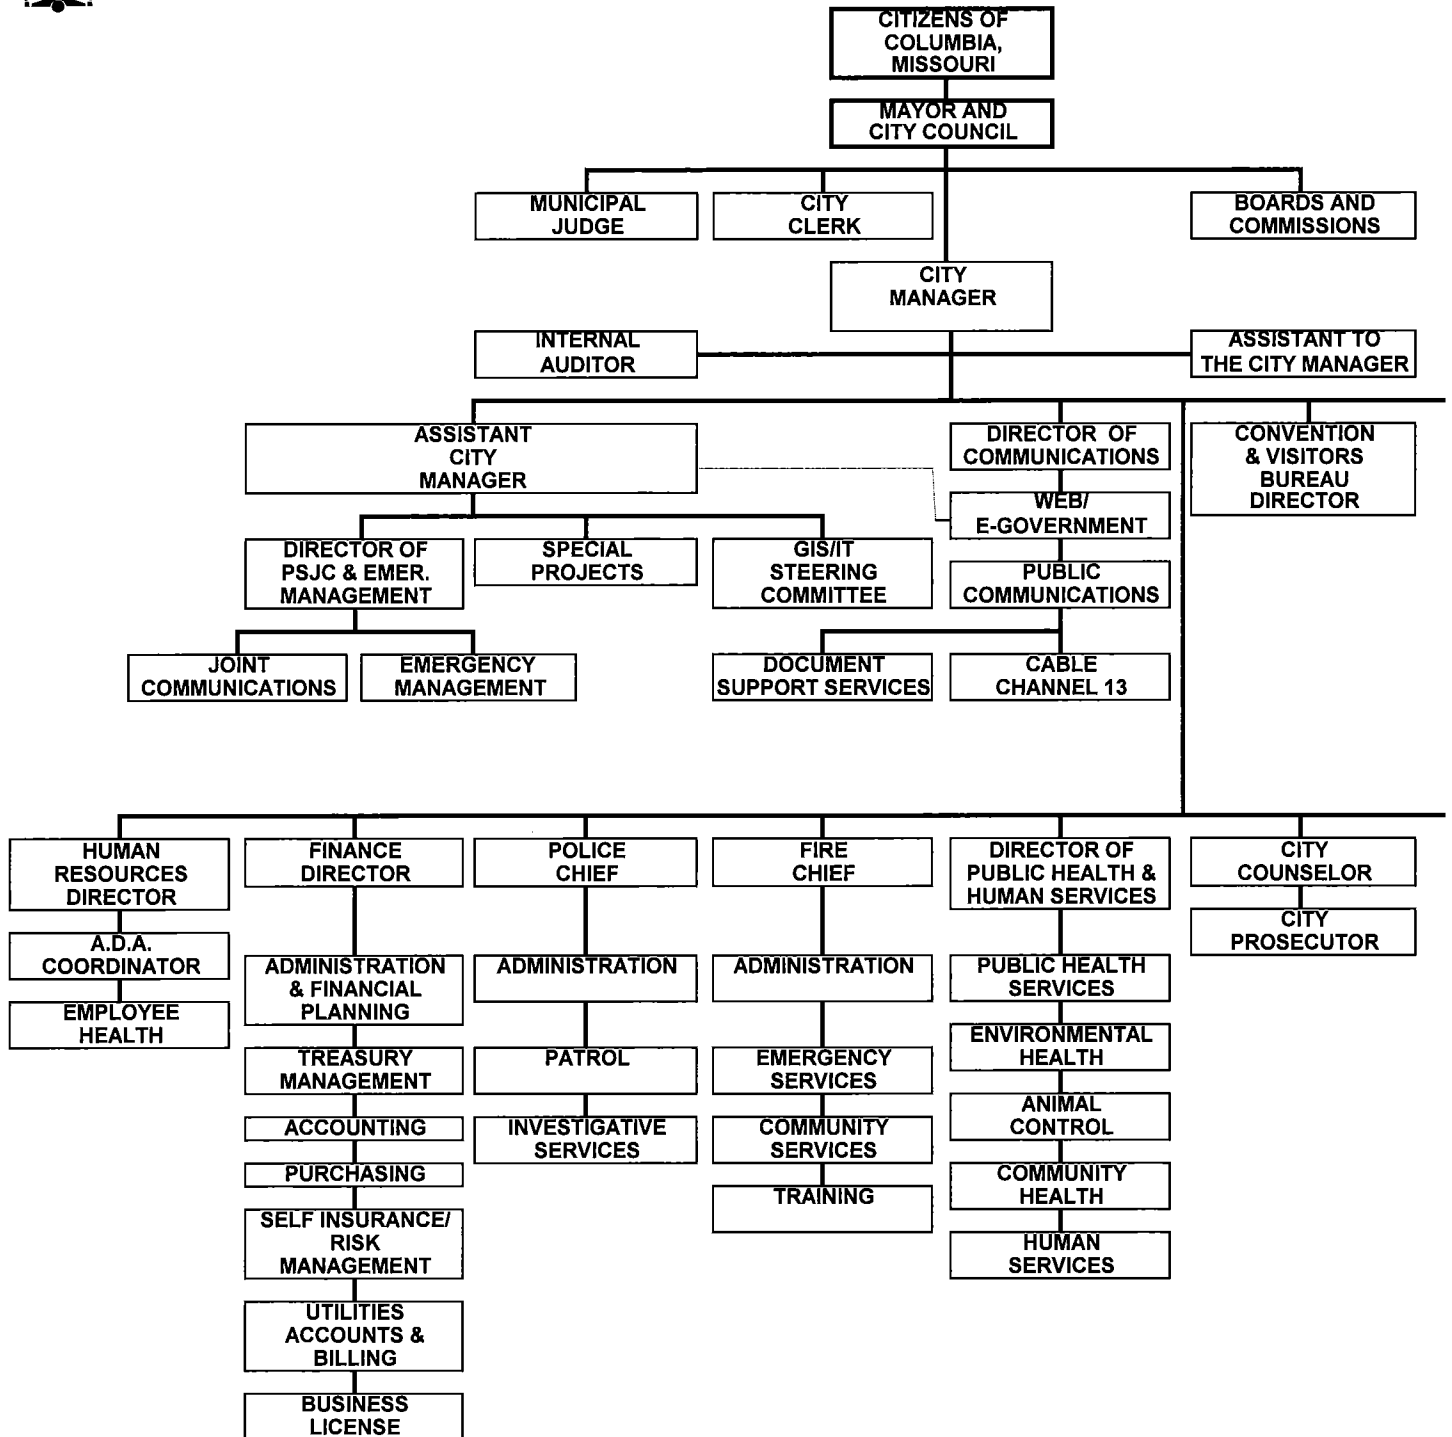

The budget document is prepared to provide information about the city, both financial and operational, from a variety of perspectives and degree of detail. The reader should first review the Table of Contents, General Information section, the Appendix, and then read the City Manager's transmittal letter and Budget-In-Brief. The Summary sections should then be reviewed. In the Operating Budgets Section, the specific department budgets provide the detailed information as to what purposes the city's resources will be utilized during the fiscal year. Finally, the Capital Project and Debt Service sections provide further information. When reading this document, it is useful to remember that it has been developed based on both organizational structure and financial structure.

In separate sections, the following information is provided:

- **Budget Message** - Includes the Amendments to the City Manager's Budget Message, City Manager's Budget Message and the Ordinance Adopting the Budget.
- **Budget-In-Brief** – Provides an overview of the Budget at a glance. Highlights all the noteworthy changes that will take place in the upcoming budget year along with any changes in personnel, fees, capital projects and operating budgets.
- **General Information** - How To Use This Budget Document, Organizational Chart, Demographic Statistics, Assessed Values of Taxable Property, Budget Calendar Process, Types of Funds Budgeted, Notes and Comments, Fiscal and Budget Policies, and State-of-the-City address with the City Manager's Priorities.
- **Expenditure Summaries** - Includes Overall Budget Summary, Graphs, and various types of expenditure summaries.
- **Revenue Summaries** - Includes Overall Revenue Summary and other types of revenue summaries.
- **Fund Statements** - Summary of Operating Statement for All Funds, Revenue, Expense, and Operating Position Statements for each fund, Summary of Total Revenues and Total Expenses by Fund.
- **Operating Budgets** - The departmental budgets, which are subdivided into divisions to account for the costs associated with specific activities or to account for the use of funds received from specific revenue sources. Department Description, Objectives, Highlights/Significant Changes, Organizational charts are also located in this section.
- **Capital Projects** – Five-year Capital Improvement Program for the City and Operating impact of capital projects.
- **Debt Service** - Information on all outstanding debt and debt service requirements.
- **Appendix** - Community Development Block Grant, Personnel Position Summary Information, and a Glossary. Newly added for FY 2011 are the performance measurements established by each department.

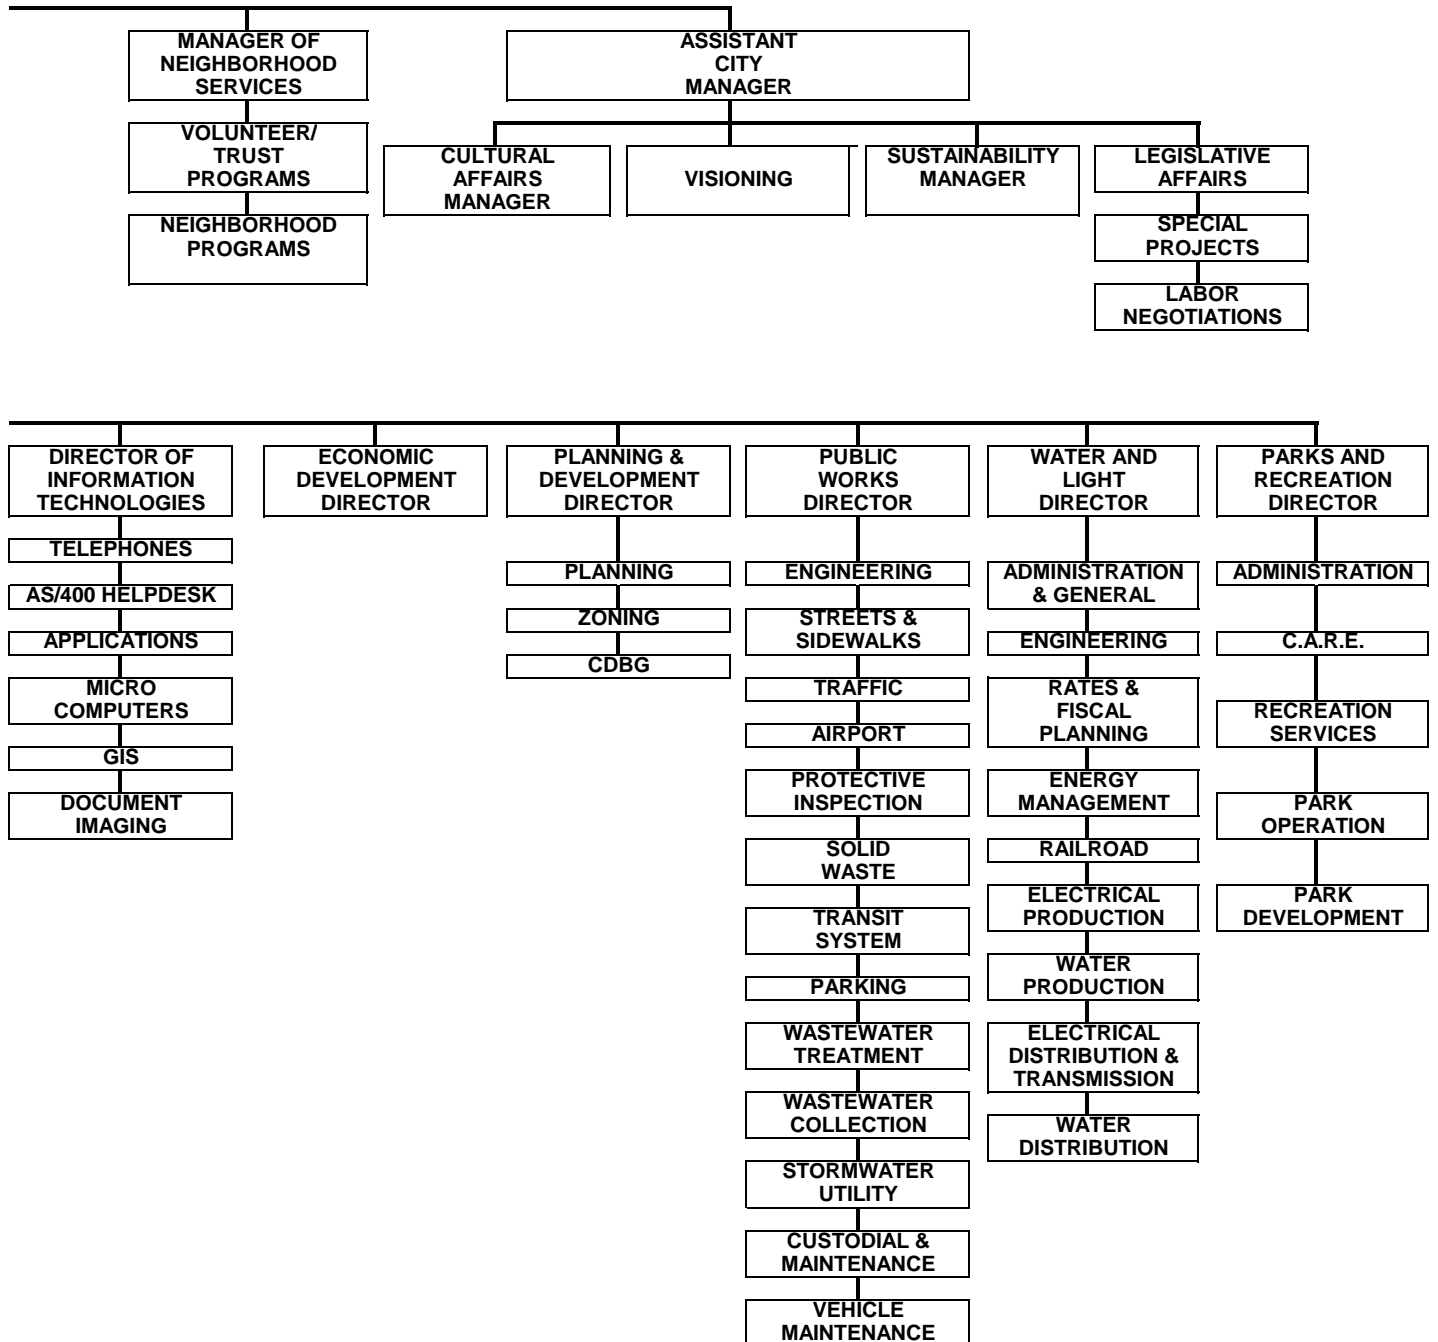

The organizational structure is reflected in the departmental budgets, which are subdivided into divisional budgets. The financial structure is reflected in the reporting of expenditures and revenues by fund. A fund is a self-balancing set of accounts designed to track specific revenues and the uses of those revenues. Each fund is independent of all other funds.

City Manager

Columbia Website Address: www.gocolumbiamo.com

"A Full Service City providing comprehensive services to our residents and customers"

City Clerk 573-874-7208

Records and maintains all City records.

City Clerk: Sheela Amin

City Manager 573-874-7214

Responsible for the general administration of the City of Columbia and all of its functions.

City Manager: Bill Watkins

Convention & Visitor's 573-875-1231

Promotes Columbia as a tour destination.

Director: Lorah Steiner

Cultural Affairs 573-874-6386

Enhances the vitality of the City through creative expression.

Manager: Marie Hunter

Economic Development 573-442-8303

Supports and facilitates the growth of City's economy.

Director: James Michael (Mike) Brooks

Finance 573-874-7111

Administers, directs, and coordinates all financial services for the City of Columbia.

Director: Lori Fleming

Fire 573-874-7393

Serves as the fire protection agency for the City of Columbia.

Fire Chief: Bill Markgraf

Human Resources 573-874-7235

Coordinates all personnel issues regarding employment and benefits.

Director: Margrace Buckler

Information Technologies 573-874-7284

Provides administration and support of the City of Columbia's computer network.

Director: Robert Simms

Law 573-874-7223

Manages all litigation and advises Council and all City-related personnel on legal matters.

City Counselor: Fred Boeckmann

Municipal Court 573-874-7231

Processes violations of laws and City ordinances.

Judge: Robert Aulgur

Neighborhood Services 573-874-7499

Manages donations made to the City in the form of volunteer time, cash, property and land.

Manager: Leigh Britt

Office of Sustainability 573-817-5025

Promotes sustainability and energy efficiency in the community and local government.

Manager: Barbara Buffaloe

Parks and Recreation 573-874-7460

Oversees and maintains park lands and a variety of sports and leisure programs.

Director: Mike Hood

Planning 573-874-7239

Provides planning, economic and community development support to the City of Columbia.

Director: Timothy Teddy

Police 573-874-7404

Serves as the law enforcement agency for the City of Columbia.

Assists to prevent disease and injury by promoting better health in the community. Includes community and social services programs.

Director: Stephanie Browning

Public Safety, Joint Comm. and Office of Emergency Management 573-874-7400

Emergency contact for all citizens to all public safety entities.

Director: Interim Director Zim Schwartz

Public Works 573-874-7253

Encompasses public utilities including, refuse, transportation, parking, sewer, and other public works activities such as fleet, protective inspection engineering and custodial and building maintenance.

Director: John Glascock

Water and Light 573-874-7613

Provides safe and dependable drinking water and electricity and operates COLT railroad

Director: Tad Johnsen

CITY OF COLUMBIA, MISSOURI DEMOGRAPHIC STATISTICS

Columbia is in the
center of Boone
County

History of Columbia:

Osage and Missouri Indians roamed parts of Missouri prior to Lewis and Clark's expedition which took place in the early 1800's.

The settlement currently named Columbia was called Smithton. However, due to a lack of water supply, the founders moved the settlement east across the Flat Branch and renamed it Columbia in 1821. The City of Columbia was incorporated in 1892 and became a charter city in 1949. Columbia is a growing city and currently takes up 63.4 square miles of land.

Government:

The City of Columbia has a council/manager form of government. The mayor and 6 council members are elected by the citizens of Columbia and serve as non-paid members for 3 years with staggered terms of service. The City Manager reports to the Mayor and is considered the chief administrator. Department heads for all municipal functions report to the City Manager.

Culture and Recreation:

Columbia has big city entertainment and a great appreciation for all the arts ranging from international opera and ballet companies to contemporary music superstars. For the sports minded person there are many fun activities and ways to keep in shape.

Recreation: (Parks and Recreation 874-7460)

Discussion of the various components of the Budget Process

Preparation for the budget process begins as soon as the books are closed for the previous fiscal year. At this time the Finance Department begins looking at past year trends and current projections to begin forecasting for the upcoming budget year.

Vision Process - "Imagine Columbia's Future" is a vision process started in 2008. The process provides an opportunity for citizen input regarding the future of Columbia. This process is the starting point for the budget and is one of the driving forces behind establishing priorities. The Columbia Vision Commission seeks input of other city boards, commissions, and departments, recommends implementation tasks to be undertaken every two years and resources needed to accomplish such tasks.

Ten Year Trend Manual - includes financial information on general government funds, enterprise funds, internal service funds, and special revenue funds. This information is generally completed by January of each year. This information is used during the forecasting process to assess the revenue trends and determine what percentage growth estimates will be prudent for the upcoming fiscal year.

Computer Inventory Process – During the month of January budget staff works in conjunction with the Information Technologies Department to inventory, on a yearly basis, computer related equipment in each department's possession. This inventory provides input to the IT Steering committee to assist with making decisions on minimum standards for computers, printers and monitors for the upcoming budget year, determining a replacement schedule and allocated intragovernmental charges.

Equipment Replacement Process - The budget staff provides reports to the various departments that own rolling stock to determine which pieces need to be replaced. The need is based on year purchased, mileage, usage etc. Then departments prioritize those items needing replacement in the next fiscal year.

Optimistic and Conservative Forecasting - Budget staff reviews historical information in conjunction with the latest current year financial statement to prepare a set of forecasts. Assumptions are developed in a model which forecasts general government revenues and expenditures over the next three years. Both optimistic and conservative forecasts are prepared. These forecasts are presented to and reviewed with the City Manager so that general budget guidelines for the next year may be developed. This generally takes place beginning in March-April and is continually reviewed until the budget is adopted.

Intragovernmental Fee Process – During the months of January – April much time is spent working with internal service departments that charge out their functions to the other City departments. Budget staff prepares the fee assessments based on a model that takes into account the types of services provided. Departments are charged based on their usage of these services.

Capital Improvement Program Process – From January - April capital projects and improvements are identified and discussed between departments and management. Possible funding sources are identified. A preliminary document is prepared listing all project requests and location maps to better identify the project. A detailed discussion occurs at the Council retreat. Priority projects are identified based on

citizen, council and staff input. The City Manager and Finance staff determines appropriate funding sources for the projects to be funded in the next year. A final CIP document is prepared after the budget is adopted.

Budget Instruction Process - In late April, guidelines are established by the City Manager and provided to the various City departments along with budget instructions. Department access to the budgeting system is also provided at this time. Departments are responsible for preparing estimates budgets for the current year and projections for the next year as well as submission of supplemental requests. Actual inputting of data concludes in mid-May for all the departments.

Budget Guidelines – Prior to establishing guidelines for the upcoming budget year, the City Manager reviews forecasts (see Optimistic and Conservative Forecasting) with the Finance Director. Based upon this review, budget guidelines are established but may change as current trends warrant. The City has established expenditures levels for supplemental requests for each department. Supplemental requests (capital items, supplies over \$5,000 and computers) are reviewed and compared to the established department level and adjustments are made where appropriate. Personnel issues are decided upon late in the budget process based on citizen requests/concerns and department need.

Council Retreat - Fiscal and capital improvement issues start to merge with City policy in May and June. The City Manager briefs the Council on the status of the current budget, provides a fiscal outlook for the coming year and discusses short- and long-range capital improvement plans in detail. This background prepares the Council, City Manager and department heads for discussions held during a special retreat where Council members and City staff identify program and policy priorities. To the extent possible, continuing development of the Budget reflects those discussions.

In June, the City Manager continues meetings with Department heads. Final adjustments are made to balance the budget in early July. Comparative data and performance measurement information is updated in the Budget Document. The City Manager's budget document is prepared and distributed, and a press conference is held at the end of July.

Budget Amendment Process - In August and Sept. the City Council holds budget work sessions with the City Manager, Finance Director, Budget Officer, and Department Heads to review the City Manager's Budget, individual department budgets, revenues and expenditures, and issues for the upcoming fiscal year. Public hearings are televised on the Columbia Cable Channel. Both the public and press are welcome to attend the work sessions and public hearings. Television, radio, and newspaper reporters keep the public informed on the status of the budget during these work sessions.

Adopted Budget Process - In September, the City Council continues budget work sessions and public hearings on the budget. The budget is adopted during the month. The finance staff makes the necessary changes and appropriation files are set up for the New Year. The Annual Budget document is prepared and distributed

In October, the new fiscal year begins.

This budget includes the three fund types

Governmental Funds

GENERAL FUND:

The General Fund is used to account for resources traditionally associated with government which are not required legally or by sound financial management to be accounted for in another fund.

SPECIAL REVENUE FUNDS:

Convention and Tourism Fund - used to account for the four percent tax levied on the gross daily rental receipts due from or paid by transient guests at hotels or motels. The revenues are used by the City for the purpose of promoting convention and tourism in the City of Columbia.

Capital Quarter Cent Sales Tax Fund - used to account for the specific projects approved by the voters for a ten year extension of the one quarter cent capital improvement sales tax. This tax will be effective January 1, 2005 to December 31, 2015.

Parks Sales Tax Fund - used to account for the Local Parks Sales Tax approved by the voters in November 2000. These funds must be used for parks purposes.

Transportation Sales Tax Fund - used to account for City-enacted sales tax and expenditures for transportation purposes which include financial support of the public mass transportation system, construction and maintenance of streets, roads, bridges and airports to the extent of tax revenues.

Public Improvement Fund - used to account for and disburse monies the City receives from the City sales tax. A portion of the tax is allocated for a wide range of public improvements to the City which includes streets, sidewalks and parks.

Special Road District Tax Fund - used to account for the road and bridge tax revenues. These revenues are used to improve, maintain, construct and repair certain streets and roads within the city limits.

Community Development Block Grant Fund (CDBG) - used to account for all federal monies received by the City and disbursed on Community Development Grant projects.

Office of Sustainability (OS) - used to account for and monitor all sustainability programs implemented by the City.

DEBT SERVICE FUNDS:

These funds are used to account for the accumulation of resources and payment of general obligation and special obligation bond principals and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the government is obligated in some manner for the payment.

CAPITAL PROJECT FUNDS:

Capital project funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities, improvements or other capital assets.

EXPENDABLE TRUST FUND:

Contributions Fund - This fund is used to account for all gifts, bequests, or other funds derived from property which may have been purchased or held in trust by or for the City of Columbia Missouri.

Enterprise Funds

Railroad Fund - used to account for revenues and expenses resulting from the operation of a railroad branch line which runs from a Norfolk and Southern main line in Centralia, Missouri to the City of Columbia.

Water Utility Fund - used to account for the billing and collection of charges for water service for most City residents. Revenues are used to pay for both operating expenses and capital expenditures to maintain these services.

Electric Utility Fund - used to account for the billing and collection of charges for electric service for most City residents. Revenues are used to pay for both operating expenses and capital expenditures to maintain these services.

Recreation Services Fund - used to account for revenues and expenses for various recreational services provided by the Parks and Recreation Department for which participants are charged fees.

Public Transportation Fund - used to account for all expenses and revenues resulting from the provision of public transportation services by Columbia Transit.

Regional Airport Fund - used to account for all expenses incurred and revenues received by operations at the Columbia Regional Airport.

Sanitary Sewer Utility Fund - used to account for the provision of sanitary sewer services to the residents of the city and a limited number of customers outside the city limits. All activities necessary to provide such services are accounted for in this fund.

Parking Facilities Fund - used to account for revenues and expenses resulting from the operation and maintenance of city parking lots, municipal garages, and parking meters.

Solid Waste Collection Fund - used to account for the provision of solid waste collection and operation of the landfill and materials recovery facility.

Storm Water Utility Fund - used to account for storm water funding, implementation of storm water management projects and maintenance to existing drainage facilities.

Internal Service Funds

Employee Benefit Fund - used to account for the City of Columbia's self-insurance program for health, disability, life insurance and other employee benefits for covered city employees.

Information Technologies Fund - used to account for the provision of electronic data processing information services used by other city departments.

Self-Insurance Reserve Fund - used to account for the reserves established and held in trust for the Special Obligation Bonds (which were paid off in 2002) issued for the City's self insurance program and to account for the payment of property and casualty losses and uninsured workers' compensation claims.

Custodial and Maintenance Services Fund - used to account for the provision of custodial services and building maintenance used by other City departments.

Fleet Operations Fund - used to account for operating a maintenance facility for automotive equipment, and for fuel used by some City departments.

Public Communications Fund - used to account for the provision of printing press, copying, interdepartmental mail and postage services to other City departments; a telephone information system; cable television operations and web communications.

Utility Customer Services Fund - used to account for utility accounts receivable billing and customer services provided by the Finance Department to the Water and Electric, Sanitary Sewer, Solid Waste and Storm Water utilities.

Notes and Comments

The City of Columbia is considered to be a full-service city. Thus, the budget may be larger when compared to cities with a similar population. The City of Columbia submits budgets for seven types of funds: General Fund; Enterprise Funds; Internal Service Funds; Special Revenue Funds; Trust Funds; Debt Service Funds; and Capital Projects Fund. A description of the fund types is shown in the glossary as well as in the General Information Section, pages 11-12.

Basis of Accounting – Governmental Funds use the modified accrual basis of accounting. Internal Service Fund and Enterprise Fund revenues and expenses are recognized on the accrual basis. Under this method of accounting, revenues are recognized in the accounting period in which they are earned, and expenses are recognized in the period incurred.

Basis of Budgeting - General Fund, Special Revenue, Debt Service, Capital Projects, and Expendable Trust Funds are recognized on the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both available and measurable. Expenditures are recognized in the accounting period in which the fund liability is incurred. This basis measures resources available to the City. Proprietary Funds are budgeted on a full accrual basis except for capital expenditures, which must be included in total appropriations.

Budget Amendments – There are two means of amending the adopted budget, a transfer of funds and an increase in appropriations. A transfer of funds occurs when the City Manager, upon the recommendation of a department head, transfers any unencumbered appropriation from one classification of expenditure to another in the department. These transfers must be reported to the council at the next scheduled meeting. An increase in appropriation occurs when the City Manager, upon the recommendation of a department head, prepares an ordinance to be adopted by the City Council. Ordinances are required to be read at two council meetings and provide for the public to comment. Increases to appropriations must identify the necessary

funding source from which the appropriation will come.

The Comprehensive Annual Financial Report (CAFR) states the status of the City's finances in accordance with revised GASB standards. In most instances the Budget and the CAFR are prepared under similar guidelines with the exception of the accounting for capital expenditures.

In all funds, (Enterprise, Internal and General Governmental Funds) when goods and services are not received by year end, the amount already set outside to purchase those items are encumbered and rolled over to the next year.

The current budget document contains detailed information concerning the dollar commitments and personnel resources required to support the varied activities and services of the City of Columbia. The budgeted revenue and expenditure numbers appearing in this document include Appropriations, Transfers, and additional Revenues approved by the City Council from the start of the previous fiscal year until the first of June in the present year.

Following these notes and comments are the Summary sections, which provide a combined and broad overview of the City's operating funds. Next, the "Operating Budgets" section provides the reader more detailed information about individual departments. The Department Summary (colored pages) present the total operating budget for each department regardless of funding source. For example, if a department has both General Fund operations (Public Works-Streets) and Enterprise operations (Sanitary Sewer Utility), the operating costs of both activities will be presented on the colored summary page in order to present a total operating picture of the department. Department Description, Department Objectives and Highlights/Significant Changes are also included in this section. The white pages contain the budget detail for the divisions within the departments. Performance Measurements for each department are found in the Appendix Section.

The Department Summary, on colored pages, contains the following sections:

- **Department Description** - A brief description of the department and the major divisions contained in the department. This will also include any purposes set forth by the department.
- **Department Objectives** - These include both the short-term and long-term goals/objectives set forth by the departments.
- **Department Highlights/Significant Changes** - This outlines the planning emphasis as well as any significant or operations changes for the coming year.
- **Organizational Charts** - These charts represent the authorized personnel in each department/division and exhibit the reporting hierarchy of each of those positions.
- **Authorized Personnel** – The Authorized Personnel presents the type and number of full-time and permanent part-time positions required in each department or division. The job code associated with these positions appears next to the position description.
- **Comparative Data** – Currently have not been included in the FY 2011 budget. The City is working to decide what comparative city's to use and how to present the information

The final section of the budget document is the Appendix. This section contains the Community Development Block Grant, Personnel Summary information and Performance Measurements/Service Indicators.

Fiscal and Budget Policies

The City of Columbia has a council-manager form of government. All powers of the City are vested in an elective Council, which enacts legislation, adopts budgets, determines policies, and appoints the City Manager.

The City Manager is the chief executive and administrative officer of the City and is responsible to the Council for the proper administration of all the City's affairs. The City Manager keeps the Council advised of the financial condition of the City and makes recommendations concerning its future needs.

The fiscal year of the City begins on the first day of October and ends on the last day of September each year. The fiscal year constitutes the budget and accounting year.

REVENUE POLICY

- The City will endeavor to maintain a diversified and stable revenue base to minimize the effects of economic fluctuations as well as eliminate an over dependence on any single revenue source.
- The City will project and update revenues annually. These revenue forecasts will be presented to the City Council prior to the beginning of the budget process.
- Departments submit their revenue estimates for the current year and projected revenue for the next year to the Finance Department.
- Revenue trends are to be examined monthly and incorporated into annual revenue forecasts.
- Revenue sources are not utilized by the City while legal action is pending.
- Monthly reports comparing actual to budgeted revenues will be prepared by the Finance Department and presented to the City Manager.
- Cash investments of the City shall be undertaken in a manner that seeks to ensure the preservation of capital in the portfolio.
- User fees and rates will be examined annually and adjusted as necessary to cover the costs of providing the services.
- The City will follow a policy of collecting, on a timely basis, all fees, charges, taxes, and other revenues properly due the City. The City will follow an aggressive policy of collecting all delinquencies due the City.

BUDGET POLICY

- Between 120 and 180 days prior to the adoption of the budget, the City Manager shall prepare and submit to the Council a statement of the policy recommendations for programs and priorities which, in the opinion of the City Manager, will be of benefit to the city.
- The City Manager shall submit a budget to Council at least 60 days prior to the beginning of each budget year.
- Expenditures proposed in the budget for each department, office, or agency shall be itemized by character, object, function, activity, and fund.
- In no event shall the total amount of the proposed expenditures exceed the estimated income of the City.
- The City Council shall hold public hearings on the budget as submitted, at which all interested persons shall be given an opportunity to be heard.
- The City Council shall adopt the budget, by majority vote, no later than the last Monday of the month proceeding the first month of the budget year. If the City Council does not take final action by this date, the budget will be considered effective as it was submitted.
- The budget shall be on record in the City Clerk's office and open to public inspection. In addition, a copy of the budget is available for the citizens of Columbia to view at the Columbia Public Library. The budget is also available for viewing and/or printing on the City's website at www.gocolumbiamo.com
- A detailed listing of the budget calendar is found on page 9.
- The City will annually submit documentation to obtain the Government Finance Officials Association (GFOA) Distinguished Budget Presentation Award.
- After adoption of the budget, the budget can be amended via ordinance or resolution. The City Manager can submit ordinances and resolutions to the Council to increase expenditures or revenues. When the Council approves the ordinance or resolution, additional appropriations are made in the appropriate department.

- At the request of the City Manager and within the last six months of the fiscal year, the Council may, by resolution, transfer any unencumbered appropriation balance or portion thereof from one office department or agency to another. No transfer shall be made of specified fixed appropriations.
- All appropriations shall lapse at the end of the budget year to the extent that they shall not have been expended or lawfully encumbered.

CAPITAL IMPROVEMENTS POLICY

- The City develops a five-year program for capital improvements and updates it annually for budgeting purposes. A Capital Improvement Plan (CIP) document is prepared which lists all project requests that go beyond the five year budget guideline.
- Estimated costs and potential funding sources for each capital improvement project proposal are identified before the document is submitted to the City Council for approval.
- The capital improvement program will be included in the Annual Budget. The Annual Budget will implement the first year of the capital improvement program.

FIXED ASSET POLICY

- The following fixed asset policy shall be in force commencing with fiscal year 2000. This policy is consistent with Government Financial Officers Association Recommended Practices and should be reviewed periodically and compared to recommended practices of the GFOA or other nationally recognized government finance organization.
- Fixed assets should be capitalized only if they have an estimated life of more than one year following the date of acquisition and have a purchase cost of \$5,000 or more. Items which cost less than \$5,000 and/or have a life of one year or less will be expensed upon acquisition
- Purchase cost of a fixed asset includes freight, installation charges, carrying cases, adaptors and other items which are connected to the fixed asset and necessary for its operation or use.
- Fixed assets' capitalization threshold should be applied to individual fixed assets rather than to groups of fixed assets.

- A small tag with a fixed asset number will be issued by the Finance Department for all items that can be reasonably tagged (physically). Said tag will be affixed to the fixed asset until such time it is declared surplus property and properly disposed through the Purchasing Agent as required by City ordinance.
- Departments will notify the Finance Department of any change in location or loss of a fixed asset.
- Departments should exercise control over their non-capitalized fixed assets by establishing and maintaining adequate control procedures at the departmental level.

ACCOUNTING POLICY

- An independent financial audit shall be made of all accounts of the City government at least annually and more frequently if deemed necessary by the City Council.
- The General Fund, Special Revenue, Debt Service, General Capital Projects, and Expendable Trust Funds will be accounted for under the modified accrual basis of accounting.
- Enterprise Funds, Internal Service Funds, and Non-Expendable Trust Funds will be accounted for under the accrual basis of accounting.
- Full disclosure will be provided in the financial statements and bond representations.
- The City will annually submit documentation to obtain the Certificate of Achievement for Excellence in Financial Reporting from GFOA.
- The Annual Financial Report will be prepared in accordance with revised GASB standards.

PURCHASING POLICY

- The Purchasing Division shall have responsibility for and authority to contract for, purchase, store and distribute all supplies, materials and equipment required for the operation and maintenance of offices, departments or agencies of the City.
- It shall be the policy of the City to encourage competitive business practices through public bidding or requests for proposals wherever possible and feasible.
- In evaluating bids and awarding contracts, the head of the Purchasing Division is authorized to give preference to recycled and environmentally preferable products according to prescribed guidelines.

DEBT POLICY

- The City may issue general obligation bonds, revenue bonds, special obligation bonds, and short-term notes and leases.
- The City may issue refunding bonds for the purpose of refunding, extending or unifying the whole or any part of its valid outstanding revenue bonds.
- The City will limit long-term debt to only those capital projects that cannot be financed from current revenue or other available sources.
- The City will follow a policy of full disclosure on every financial report and bond prospectus.
- When the City finances capital projects by issuing bonds, it will repay the bonds within a period not to exceed the expected useful life of the projects.
- The City's policy shall be to manage its budget and financial affairs in such a way so as to ensure continued high bond ratings.
- No bonds shall be issued without the assent of the requisite number of qualified electors of the City voting thereon.

RESERVE POLICY

- The City calculates an unreserved, undesignated fund balance equal to 16% of expenditures for the adopted budget. These funds will be used to avoid cash flow interruptions, generate interest income, reduce need for short-term borrowing and assist in maintaining what is considered an investment grade bond rating capacity.
- Self-Insurance Reserves shall be maintained at a level to protect the City against incurred and reported losses as well as those incurred but not reported and future losses within the retention.
- A contingency reserve account will be appropriated annually in the General Fund to provide for unanticipated expenditures of a nonrecurring nature and/or to meet unexpected increases in costs.
- At the direction of the Council and the oversight of the City Manager, the General Fund portion of the budget is to be balanced. Expenditures must equal revenues with the use of appropriated fund balance. The use of fund balance cannot reduce the ending projected balance below the Council's established guidelines of 16% of expenditures.

ENTERPRISE FUND POLICY

- Enterprise funds will be used to account for the acquisition, operation, and maintenance of City facilities and services which are intended to be entirely or predominately self-supporting from user charges or for which periodic net income measurement is desirable.
- The Water and Electric department will pay into the General Fund of the City annually an amount substantially equivalent to that sum which would be paid in taxes if the water and electric utilities were privately owned.
- Enterprise funds are required to establish rates that generate revenues sufficient to cover the cost of operations including debt expense and capital needs. In accordance with the City Charter, operating costs must include any intragovernmental charges. Rate calculations also take into consideration any approved subsidies from General Government Funds.

INTERNAL SERVICE FUND POLICY

- Internal service funds will be used to account for the provision of goods and services by one department of the City to the other departments.
- Internal service funds are to be self-supporting from user charges to the respective user departments.
- Internal service funds are to only recover the complete cost of operations without producing any significant amount of profit in excess of the fund's requirement. In computing revenue requirements for rate setting purposes, the rate base should include such items as debt expense, interest expense, operating expense, prorated reserves (for lease/purchase arrangements) and depreciation expense or estimated capital outlay, either of which are usually financed 100% internally through rates.
- If a large fund balance has occurred in excess of reasonable revenue requirements, rates should be adjusted in the next fiscal year based on a four-year average of net income/loss. This allows the City to maintain appropriate levels of retained earnings without large swings in the rates charged out to departments in any given year.

State of the City of Columbia, Missouri:
Manager's Programs and Priorities for FY 2011
Presented by City Manager Bill Watkins
June 2, 2010 – 9:30 a.m. – City Hall

Hello. I'm Bill Watkins and, since my appointment in 2006, it's been an honor to serve as Columbia's City Manager. This is my fifth "State of the City" address to Columbia citizens.

As required by our City Charter, the City Manager has a yearly duty to submit to the Council a statement of recommendations which he or she believes will benefit the City and to let you, the citizens, know his or her opinion of the state of affairs in the community. This traditionally occurs immediately before the City Council's annual retreat.

This year's annual retreat will be held at the Country Club Hotel in Lake Ozark, Missouri. It will start at 6:30 p.m. on Thursday, June 3 and end around noon on Saturday, June 5. The retreat is an open, public meeting. The news media and other observers are welcome to attend.

In one word, my opinion of the state of city government is "stable." We are in the third year of a financial plan we set up in 2008, when local revenues started declining.

Because we took immediate action, and as we continue to curb our spending, we remain responsibly focused on delivering core services to citizens. We're where we expected to be.

Adding new City programs and staff, even though needed, probably is not possible without cutting other services. For the next few years, budgeting is likely to remain a zero-sum game.

Still, wherever possible, we've taken advantage of new partnerships, outside funding sources and internal reorganization to make our dollars go farther. Therefore, I believe that the City of Columbia is well-positioned to keep our community thriving.

I don't know if you've met Larry Potterfield, the Chief Executive Officer of Midway Arms based here in Columbia. Last year his organization won the Malcolm Baldrige National Quality Award for small business. This is a huge honor, not just for Larry and his employees, but also for Columbia.

If you win a national quality award, it means that you are totally committed to excellence in every sense of the word. And, for Larry, it means challenging the rest of Columbia to create a community of excellence.

The City Council heard this call and last February set the goals of applying for and receiving both the Missouri Quality Award and the Baldrige national award. By October, City staff must recommend a time schedule to achieve these goals.

So, the City of Columbia joins a growing list of other local organizations and businesses

preparing for this challenge. I like what this says about our community. If we're committed to excellence, we're raising expectations. I believe that this signals a rising tide and hope for the future.

Attaining excellence is something the City of Columbia can do, even if resources are limited. The logical place to start is with our core services and obligations to citizens, including:

- Public safety - Police, Fire and Joint Communications services;
- City utilities;
- Job creation;
- Bus and air service; and
- Parks.

These are the most significant topics I will discuss with Council members during retreat. I have scheduled quality time for these subjects, because they deserve our attention now.

Let's start with our public safety agencies. We know that Police, Fire and Joint Communications have different roles grounded in centuries past.

Wherever there were laws, there was a need for enforcement. Whenever people lived in close proximity, there was a need to keep fires from turning neighborhoods to ashes. Whenever danger threatened, a "town crier" warned people to take shelter or lend a hand.

Fast-forward a few centuries, and see how these roles have expanded and interlaced. All of our public safety agencies do much more to educate people, prevent problems and fill new needs. We have up-to-date technology that makes all of this easy...or do we?

Public Safety Joint Communications...our modern day town crier system...must meet a Federal Communications Commission mandate to move all our radio systems to "narrowband" channels by January 2013. The FCC has advised local governments that this is a more efficient use of the radio spectrum and that we must move aggressively to convert from our current system.

Without action, we risk losing our wideband FCC authorization and our ability to communicate effectively. We need to remove this threat to excellence.

Fortunately, we have computers busily and efficiently digesting data and turning it into knowledge for all of our safety and justice agencies. These computers help us make decisions and do our jobs better...or do they?

Our public safety records systems, and there are several of them, were designed to store data, not shape them into management tools. They are "friendly" only to users who already have specific information that allows them to retrieve data. NOT excellent.

What all of our City and partner public safety agencies need are ways to collect, store and use information to help prevent problems and improve accountability. Our collective

records management systems should be easy to use and save time for those entering data. The information should be accurate and geographically-based. This is expensive, but it's a critical step toward excellence.

In the best of worlds, we would address this in an overall public safety strategic plan. We're not there yet, but both the Police Department and Public Safety Joint Communications departments are developing plans together with our many Boone County partners.

A modern records management system is an urgent task for the Columbia Police Department, which is seeking accreditation by the Commission on Accreditation of Law Enforcement Agencies (or CALEA). Several Missouri cities already have this designation.

The CALEA program has become the primary method for an agency to voluntarily demonstrate a commitment to excellence in law enforcement. CALEA accreditation for the Police Department is a goal that Chief Burton and I put on the front burner when he became Police Chief. We have "a ways to go."

As we plan, it would be helpful if all our safety agencies first identified the shared values that reflect their history, tradition and their reasons for serving citizens. I think we would find many common values that reveal the bedrock for our core safety competencies.

How does each safety agency "live" those values, and what special role does each safety agency fill? What strengths, weaknesses, opportunities and threats affect each department's ability to do this important work now...in five years...and 20 years from now? How do careful planning and collaboration increase value for citizens?

I will tell you that getting to excellence requires investment...in work space, training, technology, equipment and people. None of this is cheap, but doing it on-the-cheap is money down the drain. It is not a good way to manage risk or maintain trust.

During retreat, I will talk with Council members about these issues and get their guidance for short- and longer-term budget actions.

Just for the Fire Department, we're looking at millions of dollars, over the next ten years, to keep our equipment in good shape and build a new fire station for our expanding community.

We estimate that we can build a station for about \$2 million, and that's the cheap part. Operating a station costs about \$1 million annually, which we just cannot afford in today's economy.

We need to add back the four firefighter positions not filled in this year's budget and start hiring and training to staff a future Fire Station 10. And we must acknowledge and plan for the Fire Department's growing role in advanced life support services.

Most of our fire calls involve emergency responses to hazards and accidents, not responses to fires. Nationally, the fire service is seeing a shift from fire calls to other kinds of emergencies.

We need to prepare with training, equipment and qualified personnel. We must plan for excellence.

Let's spend a few minutes with utilities, perhaps the most direct service that regularly touches each home, business and property. Utilities are more than an over- and underground spaghetti of pipes, cables and conduits.

They deliver lifeblood services, like energy and water. Or they take away noxious or possibly harmful things, like wastewater and stormwater.

The core values here are easy to state: safe, reliable, environmentally responsible and affordable service at a price that covers the cost of service and debt. These values, however, are not easy to do.

We have voter approval to maintain bond requirements for electric, water and wastewater services, and I am committed to working with Council members to keep all utility rate increases as low as possible. I am equally set on reaching higher levels of customer service, performance and accountability.

All our utilities become more complex every year, with new regulations, growth and unanticipated challenges. Our operations no longer are the small-town type they were just a few years ago.

Our sewer rates have received a lot of scrutiny and criticism, some of it deserved. In my opinion, the guidance in our local sewer rate ordinance is out-of-date and off-the-mark. It's open to individual judgment and inconsistent application. NOT excellent, but we're working on a community solution.

Our stormwater utility needs even more attention. Stormwater essentially is water that drains quickly, over hard surfaces and un-paved areas, to streams. If unchecked, it can carry pollutants and sediment, causing property and environmental damage.

If you've seen water rushing or pooling in streets during a heavy rain, you've seen stormwater. If you notice that freshly-planted flowers abandoned your yard for the gulley, you've seen the effects of stormwater.

Again, we have an existing ordinance and rate structure, but not the horses to do the job. The stormwater utility now generates about \$1 million each year...far from what's needed to properly engineer and staff this function, and not enough to meet federal and state environmental standards.

We are working to rebalance our regulations, especially in already developed areas. I will discuss our consultant's options and recommendations with Council members.

The recent announcements by IBM and Linen King to bring jobs to Columbia are good news for us. Between them, the two companies bring wide job diversity and will use buildings and facilities already in place. This is a good investment matched to current resources.

I am very proud of the united community that helped tip the balance to Columbia, including our Economic Development Director, Mike Brooks. But he's not done, and I don't want him to rest. People with good jobs is part of our quest for excellence.

There is too much energy and opportunity in this city to let any of it go untapped. I like to think that we are a city of solutions for employers and entrepreneurs, both home-grown and otherwise.

Some of our solutions are industrial sites in various stages of readiness for new tenants. Council members want to add a second Missouri-certified site to our inventory, and we are working to get our site at Waco Road and Route B to meet certification standards.

A certified site is at least ten acres with, at a minimum, water, sewer and electric service. It has proper zoning and site control and is marketed for business recruitment or expansion, not for retail. The State of Missouri holds standard data on all certified sites so that it's easily available when opportunities come up.

Forbes.com recently named Columbia as the eighth best place for business and careers. I find this one of the most exciting ratings we've received in a long time. It recognizes that our city has long-term solutions for innovators and entrepreneurs.

My take is, we're just getting started. It's all about good jobs.

We have an opportunity to relocate our regional economic development organization, or REDI, Inc., to downtown space at our new parking garage. It's been our plan, all along, to have street-level space for retail and other business tenants at that location.

REDI's current lease is expiring, and moving improves its access to City Hall services and to the University of Missouri campus. It opens the possibility of working with the University and the Small Business Development Center to create a place where students, graduates and other residents can cook up entrepreneurial partnerships.

The incubator set up by the University of South Carolina in their Columbia could be a model. The University has a new research district in a recently re-developed part of the city. It's designed to incorporate its surrounding "vibrant" community.

Can our incubator host student entrepreneurs who create jobs? Can it foster their interest in staying here to raise families and establish roots? I don't know, but I'd sure like to try. It's an important part of our future.

Will better bus and air service be important to this growing population of employers and workers? It already is. One of IBM's requirements is bus service to its facility and the ability to transport customers and employees easily by air.

In the last fiscal year, Columbia Transit carried more than two million bus riders, even with a fare increase. That's a 250 percent increase over FY 2005. Numbers were up for fixed routes, campus shuttles and ParaTransit services.

This is encouraging, but it's not yet excellent service. Our largest soft spot is the orange bus line. Its current route is hard to cover in a 40-minute "headway."

The orange line is routinely late, and that frustrates riders. When the orange line is late, it delays people who are waiting to transfer at Wabash Station. To make up time, bus drivers are speeding.

As the orange line goes, so goes the transit system. NOT excellent.

At retreat I will discuss with Council some wholesale changes intended to make things run on time, reach areas we have not served before and make sure that buses go to workplaces and other key areas. We can do it piecemeal, but we have an opportunity to make a significant difference at what I believe is a reasonable cost.

We'll also talk about improving service and capacity at Columbia Regional Airport. Delta Air Lines has been a good partner with us since it came here in 2008, and I think the feeling is mutual.

Flights out of Columbia have been 70 percent full, on average, since Northwest started service. The airline switched all flights at Columbia to 50-seat regional jets. And Delta announced that, effective this September, it will serve Columbia Regional without a federal subsidy.

Getting off the Essential Air Service subsidy is something that very few communities are able to achieve and still maintain air service.

A lot of thanks are due to airport staff, to the Airport Advisory Board and to a supportive passenger community, but our work is far from done. Our master plan describes more than \$64 million in improvements over the next 20 years. And there are competing priorities.

We need new pavement and other improvements to meet Federal Aviation Administration standards and keep our runways safe. That means scheduling financing and construction in a way that lets us keep flying without serious disruptions.

These costs, if we meet federal regulations, can be 95 percent reimbursed with federal funds. But we still have to come up with a five percent match.

Our 30-year old terminal must be modernized and must meet significant federal air security standards. Terminals generally are not eligible for grants.

Passenger counts are key factors in keeping our current service and attracting new air carriers. And I would like to see flights to at least one more significant hub city.

As new employers and more workers come to the region, I think Columbia Regional will attract more business. It could be another center of excellence, if we do things right.

Last December we started talking with Council members about their interest in asking voters to renew our capital sales tax for parks. Over the last ten years, revenue from this 1/8-cent sales tax has created one of the city's most admired and valued public assets...green space for play, for exploration and for pure enjoyment.

Voters first approved this tax in 2000 and renewed it five years later, when it was set to expire. We are at that five-year mark again and, in my opinion, the tax adds significant value to our quality of life.

As Council asked, we independently surveyed citizens to see if their thoughts about parks had changed. We'll discuss our findings and future options at retreat.

This ballot issue typically defines the amount of revenue to be raised, the time period, plans for acquiring land and the balance between creating new facilities and maintaining those we already have. Specific projects must be identified.

If Council members agree, the sales tax renewal question would go to voters this November, but there still is a lot of work to shape the ballot proposal.

All of these retreat topics are connected by common threads:

- A City budget that challenges us to be smarter, more frugal and more focused on critical services;
- The City workforce, which has gone two years without raises, seen some decreases in employee benefits and which, because of expected retirements, needs to retain the knowledge that will walk out the door;
- The community's vision for Columbia's future, and our plans to carry out its goals and strategies; and
- The City's standing obligation to voters who, over the years, have supported bond issues to build and maintain our public works infrastructure.

The discussions we have with Council members at retreat will guide the budget I propose to them at the end of July. I expect that the FY 2011 budget will still be very tight and that we will continue to stretch every dollar, even if it means considering some service cuts.

But I remain hopeful that, as our local economy picks up steam, new resources may be available for core services and other citizen obligations. I am committed to reaching for excellence. Columbia citizens deserve no less.

All Council retreat materials are online, and I encourage you to review them at www.GoColumbiaMo.com under the heading "Featured Information." Thanks for your attention today. I look forward to working with all of you in the coming months.

Expenditure Summaries

City of Columbia
Columbia, Missouri

OVERALL EXPENDITURES

- ✦ **Personnel Services:** **Increase of 1.8% includes a net addition of 11.50 permanent positions.** A net of four General Fund positions were removed due to the current economic conditions. Four fire fighters, two communication operators and one police officer were added to the General Fund. Nine positions were added in Enterprise Funds due to expansion of facilities at the Waste Water Treatment Plant, Landfill, Transload Facility, Water Treatment Plant, and Parking garage. Six additional positions were added in Internal Service Funds in the areas of Custodial, Building Maintenance, and Fleet due to expansion of those operations. Fire and Police pensions increased significantly. Health insurance costs are not anticipated to increase for FY 2011.
- ✦ **Power Supply:** Includes a 2.3% decrease in cost the City must pay for purchased power for various contracts based on experience in 2010.
- ✦ **Supplies and Materials:** Decrease of 4.0% in response to economic conditions, mostly in the General Fund. Largest decreases include communication equipment, instruments & apparatus and electronic equipment.
- ✦ **Travel and Training:** Decrease of 29.7% in travel and training for city professionals in response to economic conditions. Many of the departments experienced decreases between 25% - 50%.
- ✦ **Intragovernmental Charges:** These are charges for services between City departments. FY 2011 shows an increase of 4.8%. Many of these funds have utilized fund balance in previous years. Staff re-worked methodology on many of the internal charges. The intent was to allocate charges more accurately based on utilization of the service. Increases were kept to a minimum in the current year while ensuring fees recover cost of services provided. Many of the Internal Service Fund budgets were reduced so that minimal cost recovery would be passed along.
- ✦ **Utilities, Services & Miscellaneous:** FY 2011 shows a decrease of 36.7%. The decrease is mainly in Sanitary Sewer for money was used in FY 2010 to begin the addition of Waste Water Treatment Plant.
- ✦ **Capital:** This category accounts for all items over \$5,000 and includes vehicles, equipment, buildings, etc. FY 2011 shows a decrease of 80.9%. Capital tends to fluctuate from year to year. The most significant decrease in capital is due to the reduction in the Electric Utility from the 2010 purchase of the Columbia Energy Center for \$18 million in the Capital Improvement Plan. In addition, the City will not be able to adhere to its replacement policy for vehicles and other equipment in 2011 due to budget constraints.
- ✦ **Other:** This category accounts for non-operating types of expenses including subsidies, transfers, interest payments, and depreciation. FY 2011 shows an increase of 9.2% due to increased debt payments.
- ✦ **Operating Expenses:** This category includes those expenses which are directly related to the fund's primary service activity. FY 2011 shows a only 0.2% increase in response to economic conditions. Increases in pension costs were offset by significant decreases in other areas. The General Fund eliminated two vacant positions and one tied to a grant that is ending. Fifteen positions were added in other funds in response to expanding facilities.
- ✦ **Non-Operating Expenses:** This category includes those expenses incurred that are not directly related to the fund's primary service activities and include items such as interest expense, depreciation, subsidies, and transfers. FY 2011 shows a 7.2% increase due increases in transfers for capital projects, depreciation on new capital project that will be placed into service and payment in lieu of tax.
- ✦ **Debt Service:** This category includes those expenses incurred for the payment of long-term debt. FY 2011 shows an 10.7% increase. New debt payments for the Sanitary Sewer Waste Water Treatment Plant, purchase of Lemone property, and increased debt payments for the government center.
- ✦ **Capital Additions:** This category includes those expenses for items that cost over \$5,000 each (our fixed asset limit) and include the replacement of fleet vehicles and other equipment. FY 2011 shows a decrease of 34.2%. The City will not be able to adhere to its replacement policy for vehicles and other equipment in 2011 due to budget constraints.
- ✦ **Capital Improvement Plan:** FY 2011 shows a 68.5% decrease. A large portion of the decrease is due to Enterprise projects. Both the Electric and Sewer utilities had large projects budgeted in 2010. The purchase of a generation unit at the Columbia Energy Center in 2010 was approximately \$18 million. Work will continue on the Waste Water Treatment Plant expansion for the Sewer utility, however the entire construction contract was budgeted in 2010. Smaller scale projects are budgeted for 2011 for these utilities.

Overall Budget Summary FY 2011

Overall Budget Summary

	Actual FY 2009	Budget FY 2010	Estimated FY 2010	Adopted FY 2011	% Change From Budget FY 2010

Expenditures - Gov. Fund Type FY 2011

Expenditures - Enterprise Fund Type FY 2011

Expenditures - Internal Service Funds FY 2011

Overall Expenditures by Fund Type FY 2011

Financial Summary - Highlights / Significant Changes

Personnel Services 0.3% Decrease: Includes a net decrease of 3.50 vacant permanent positions and a slight decrease in health insurance costs. These reductions have been offset by increases in pension contributions of 10.66% for fire pension and 10.29% for police pension. Four vacant firefighter positions were removed from the budget due to economic conditions. Two vacant administrative positions in courts and the prosecutors office were also removed due to lower than anticipated activity from red light camera enforcement. One engineering position was eliminated in Public Works due to the ending of grant funding. Two communication operators were added to Public Safety Joint Communications, one traffic officer was added to Police and a .50 Administrative Support Assistant II was added to Neighborhood Services.

Supplies and Material 12.9% Decrease: Primarily due to the reduction required by current economic conditions.

Travel and Training 27.0% Decrease: Primarily due to reductions required by current economic conditions.

Intragovernmental Charges 3.8% Increase: Includes increases in Self Insurance and Information Technology fees reinstated for computer replacement. Custodial fees increased due to more space to clean with opening of new government center.

Utilities, Services & Misc. 12.9% Decrease: Decreases in funding in the Capital Improvement Plan, primarily in streets.

Other/Non Operating Increased 10.3% and 8.5%: A majority of the increase is due to an increase in transfers of special revenues to support the Capital Improvement Plan and debt service payments.

Debt 18.0% Increase: New debt payments for the purchase of Lemone property and increased debt payments for the government center.

Capital Improvement Plan 20.4% Decrease: Capital projects and funding for those projects fluctuate from year to year. The decrease is due to a reduction in street and parks projects.

Personnel Services 3.5% Increase: Includes a net increase of 9 permanent positions. Expansion of facilities at the Waste Water Treatment Plant, Landfill, Water Treatment Plant, Transload facility and Parking garage required these additional permanent positions.

Power Supply 2.3% Decrease: Based on full year information with new purchase power contracts.

Supplies & Materials 2.1% Increase: Electric utility increases for construction materials, fleet parts and equipment parts.

Intragovernmental Charges 6.4% Increase: Includes increases in Self Insurance Charges, Information Technologies Computer Replacement Fees and Custodial and Building Maintenance.

Utilities, Services & Misc. 47.2% Decrease: Reflects decreases in the Capital Improvement Plan in Sewer. Waste Water Treatment Plant Expansion project was budgeted in 2010.

Capital Additions and Capital Improvements 54.5% and 73.4% Decrease: Capital additions reflects decreases in the Electric and Solid Waste utilities. Capital Improvement Plan decreases are primarily in the Electric utility for the purchase of generation capacity in 2010 and the Waste Water Treatment Plant expansion in the Sewer utility.

Debt Service 6.5% Increase: Reflects new debt payments for sewer ballot projects (Waste Water Treatment Plant Expansion).

Personnel Services 3.9% Increase: Includes 6 additional permanent, 3 in Custodial and Building Maintenance and 3 in Fleet Operations for expansion of services.

Supplies and Materials 5.8% Decrease: Primarily due to reductions in Print Shop items for resale and electronic items in Information Technologies.

Travel and Training 57.1% Decrease: Primarily due to budget constraints that has required cuts in this category.

Utilities, Services & Misc. 4.3% Decrease: Includes decreases in telephone charges, maintenance agreements and health insurance claims costs.

Capital Additions 30.6% Increase: increase in computer equipment in Information Technologies for storage area network units.

Other 6.9% Decrease and Non-Operating 6.8% Decrease: Reduced transfers from Fleet Operations to the Designated Loan Fund in 2010. Information Technologies shows a significant decrease in depreciation.

✦ **Health & Environment** Decrease due to several grants ending in 2010.

✦ **Public Works** Decrease due to the ending of Federal Non Motorized Grant.

✦ **Debt Services:** Increases Includes payments on the revenue and special obligation bonds to fund capital improvements for the Downtown Government Center improvements and the Lemone property purchase.

✦ **Subsidies/Transfers & Other:** Increased transfers of Special Revenues for Capital Improvement Projects.

✦ **General Government Capital Plan:** Decrease due to reduced funding available for Street and parks projects.

Enterprise Fund Expenses By Fund FY 2011

Enterprise Fund Expenses By Fund

	Actual FY 2009	Budget FY 2010	Estimated FY 2010	Adopted FY 2011	% Change From Budget FY 2010
Electric Utility Fund	\$ 117,216,212	\$ 162,242,849	\$ 156,907,540	\$ 134,749,220	(16.9%)

Information Technologies Fund	4,022,612	5,128,575	4,617,368	4,567,672	(10.9%)
Public Communications Fd	1,655,060	1,809,169	1,756,935	1,692,279	(6.5%)
Utility Customer Serv. Fd	1,987,355	2,273,716	2,125,740	2,049,965	(9.8%)
Total	\$ 32,214,669	\$ 34,649,907	\$ 33,177,480	\$ 33,630,220	(2.9%)

✦ **Employee Benefit Fund:** decrease due to staff's efforts to stabilize expenses over the past few years.

✦ **Custodial & Bldg Maint. Fund:** Reflects additional staff and supplies necessary to maintain increased space for new Government Center

✦ **Fleet Operations Fund:** increased staff to more cost effectively service vehicles in house.

✦ **Public Communications Fund:** decrease reflects reduction in capital equipment and reduction in operating costs.

✦ **Utility Customer Services Fund:** reflects decrease in postage due to electronic billing and efforts to reduce credit card fees.

(THIS PAGE INTENTIONALLY LEFT BLANK)

Overall Revenue Summaries

City of Columbia
Columbia, Missouri

OVERALL REVENUES

✦ **Property Taxes:** The growth in Property Taxes is projected to be 1.9% over Estimated FY 2010. The growth of assessed valuation of real property for new construction is projected to be 2.0%, personal property is reflecting an 2.0% growth. No change is projected for penalties and other property taxes. The General Fund rate will remain at \$0.41 per \$100 assessed value as it has since 2002. There is no G.O. Bond levy.

✦ **Sales Taxes:** The growth in Sales Taxes is projected at 1.0% over Estimated FY 2010. This reflects a slight improvement in economic conditions. Estimated growth for FY 2010 has been revised to reflect a current trend of 0.3% growth. Staff is closely monitoring sales tax receipts to determine if further adjustments will be necessary. General retail sales remain steady, home improvement/construction and dining and entertainment sectors are showing some sign of improvement. Recent job announcements in the area should improve sales tax receipts. The decline of 1.1% over Estimated 2010 is due to the expiration of the 1/8th cent Parks Sales Tax in March, 2011. The voters will be asked to renew this in November, 2010.

✦ **Gross Receipts Taxes:** Stable at only 0.5% decline due to natural gas receipts. Varies greatly due to weather.

✦ **PILOT:** (Payment-In-Lieu-Of-Taxes) The Water and Electric Fund pays the General Fund annually an amount substantially equivalent to the 7% gross receipts taxes and property taxes which would be paid if the utilities were owned privately. PILOT payments are projected to grow at 3.3% over Estimated FY 2010 based upon modest growth trends and projected rate increases in the Electric Utility and Water Utility.

✦ **General and Administrative Fees:** (G&A) The City charges proportionately for all services performed by General Fund departments for enterprise, internal services, and other City funds. This also includes a component which estimates how much some of our City-owned utilities (Sewer, Solid Waste, and Storm Water) would pay in a payment-in-lieu-of-taxes equal to the amount they would pay in property taxes. G&A Fees are projecting a 1.4% decrease over Estimated FY 2010.

✦ **Grants:** The 7.2% decrease is due to the Non-Motorized Transportation Grant , and a few select Police and Health grants not continuing in 2011. Any new grant awards will be appropriated during the year.

✦ **Capital Contributions:** The decrease of 15.1% reflects the change in federal capital grants for Sewer project received in 2010.

✦ **Transfers:** These include both subsidies and transfers between funds. FY 2011 reflects an 7.4% increase over estimated FY 2010. A majority of the increase is due to transfers of special revenues to support the Capital Improvement Plan.

✦ **Other Local Revenues:** Includes Licenses and Permits, Fines, Governmental Fees and Charges, and Miscellaneous Revenues such as Auction Revenues from the sale of surplus equipment and other miscellaneous revenues. For FY 2011, Other Local Revenues decreased 2.1% over Estimated FY 2010. This reduction is primarily in the General Government funds due to one time donations received in 2010.

✦ **Appropriated Fund Balance:** Typically the city appropriates funds in excess of reserve requirement to support General Fund operations and capital projects. In an effort to mitigate the long term effect of the current economic downturn, staff has proposed to reduce the amount General Fund Appropriated Fund Balance by almost \$650,000 from FY 2010. The City's General Fund Balance is projected to be 23% at 2011 year end, well above the 16% policy requirement. However the City's long term fiscal plan requires decreased use of Fund Balance. There is a decrease in the Capital Project Fund of Appropriated Fund Balance that is available for transportation projects.

✦ **Enterprise Fund Fees:** These are fees charged to users for utility and other types of services. The 5.4% increase for FY 2011 reflects a only a small growth in the number of customers as well as rate increases proposed in Water (10%), Electric (2%), Solid Waste (\$1/mth residential) and Sewer (15%).

✦ **Internal Service Fund Fees:** These are fees charged for providing services to other City departments. The 5% increase reflects increases in Self Insurance Fees and increases in charges for custodial and building maintenance due to expansion of city facilities.

GENERAL FUND REVENUES

The City of Columbia receives revenues from a number of sources, including Property Taxes; Sales Taxes; Other Local Taxes; PILOT; General and Administrative (G&A) Fees; Grants; Interest Revenue; Transfers; Franchises, Licenses and Permits; Fines; Fees; Service Charges; Miscellaneous Revenues; and Appropriated Fund Balance.

Some of the City's major revenue sources include: Sales Taxes, Transfers, PILOT, Other Local Taxes, and G&A Fees. Revenues highlighted below are those which are shown to change significantly from Estimated FY 2010 to Adopted FY 2011.

✦ **Property Taxes:** The growth in Property Taxes is projected to be 1.9% over Estimated FY 2010. The growth of assessed valuation of real property for new construction is projected to be 2.0%, personal property is reflecting an 2.0% growth. No change is projected for penalties and other property taxes. The General Fund rate will remain at \$0.41 per \$100 assessed value as it has since 2002. There is no G.O. Bond levy.

✦ **Sales Taxes:** The growth in Sales Taxes is projected at 1.0% over Estimated FY 2010. This reflects a slight improvement in economic conditions. Estimated growth for FY 2010 has been revised to reflect current collections of 0.3% growth. Staff is closely monitoring sales tax receipts to determine if further adjustments will be necessary. General retail sales remain steady, home improvement/construction and dining and entertainment sectors are showing some sign of improvement. Recent job announcements in the area should improve sales tax receipts.

✦ **Gross Receipt/Other Local Taxes:** No changes projected from 2010 Estimated.

✦ **PILOT:** (Payment-In-Lieu-Of-Taxes) The Water and Electric Fund pays the General Fund annually an amount substantially equivalent to the gross receipts taxes and property taxes which would be paid if the utilities were owned privately. PILOT payments are projected to grow at 3.9% over Estimated FY 2010 based upon modest growth trends and projected rate increases in the Electric Utility and Water Utility. PILOT revenue is highly weather dependent.

✦ **General and Administrative Fees:** (G&A) The City charges proportionately for all services performed by General Fund departments for enterprise, internal services, and other City funds. They are based on an account of actions performed for the various enterprise and internal service funds (i.e.. Bids, purchase orders issued, investments, payroll functions etc.). The fee does still include a payment-in-lieu-of-taxes from some of our other City-owned utilities (Sewer, Solid Waste, and Storm Water) equal to the amount they would pay in property taxes. G&A Fees are projecting a 1.4% decrease over Estimated FY 2010.

✦ **Grants:** A decrease of 17.2% over Estimated FY 2010 is due to the expiration of Non-Motorized Transportation Health, and Police grants. As grant opportunities become available in 2011 the budget will be amended.

✦ **Appropriated Fund Balance:** Typically the city appropriates funds in excess of reserve requirement to support General Fund operations and capital projects. In an effort to mitigate the long term effect of the current economic downturn, staff has proposed to reduce the amount General Fund Appropriated Fund Balance by almost \$585,000 from FY 2010. The City's General Fund Balance is projected to be 23% at 2011 year end, well above the 16% policy requirement. However the City's long term fiscal plan requires decreased use of Fund Balance.

General Fund Revenues FY 2011

**Other Local Taxes include gasoline, cigarette and motor vehicle taxes

✦ In FY 2008 a large settlement required wireless companies to pay gross receipt taxes.

ENTERPRISE FUND REVENUES

The City of Columbia has ten enterprise funds that are projected to generate a total of \$199,324,481 in revenues for FY 2011. The City provides the following utilities to its citizens: Electric, Water, Storm Water, Sewer, and Solid Waste collection. The City's other enterprise activities include Railroad, Public Transportation, Regional Airport, Parking, and Recreation Services.

Some of the City's major enterprise sources include: Sales of Electric and Water, Solid Waste Collection Charges, and Sewer Charges. Revenues highlighted below are those which are shown to change significantly from Estimated FY 2010 to Adopted FY 2011.

✦ **Electric Fund:** The sale of electricity is a major revenue source for this fund. There are approximately 45,200 customers that receive electricity from the City. The growth rate in new customers has slowed to just under 1% per year. The major sources of electric revenue are as follows: Residential Sales (36%), Commercial and Industrial Sales (54%), and Sales to Public Authorities (10%). A 2% rate increase is included for FY 2011 for the maintenance and operation of the Electric system.

✦ **Water Fund:** The sale of water is the major revenue source for this fund. There are approximately 45,000 customers that receive water from the City. The growth rate in new customers has slowed to just under 1% per year. A 10% increase in revenue from the rate change is included. Of this amount, 5% is for debt as approved by the voters and 5% is for the operating and maintenance of the Water system.

✦ **Railroad Fund:** Current economic conditions continue to effect rail traffic, however traffic flow is projected to stabilize in FY 2011. A capital charge continues to be placed on coal deliveries for CIP funding. This charge is targeted to rail bed improvements. These are the CIP projects that replace tie, rails, and improve the rail line surface. The 32.9% decline is due to the federal grant received in 2010 for the Capital Improvement Plan.

✦ **Recreation Services Fund:** This fund provides various recreational services for which participants are charged fees. These fees are expected to recover only a portion of the cost of providing the activity. The remaining revenue comes in the form of subsidies and transfers from the General Fund and the Parks Sales Tax Fund. The department utilized their recent Cost of Service Study to propose a number of fee increases for FY 2010. No fee increases are proposed for FY 2011.

✦ **Public Transportation Fund:** Revenues have increased overall due to an increase in federal grants. Revenues from ridership are projected to remain the same for FY 2011. The 63.5% increase in revenues is due to projected federal funding for the Capital Improvement Plan.

✦ **Regional Airport Fund:** Revenues reflect a decrease of 28.8%. FAA grants to support the Capital Improvement Plan account for this decrease. Operating revenues are projected to increase 7.4% due to increased activity at the airport.

✦ **Sanitary Sewer Fund:** Sewer charges are the major revenue source for this fund. There are approximately 44,000 sewer utility customers. A 15% rate increase is included for FY 2011 to pay for the 2008 voter approved ballot issue revenue bonds used to fund capital improvements and operating increases.

✦ **Parking Fund:** Parking fees are charged to users of the City's garages, surface lots, and metered parking. No fee increases are proposed for FY 2011.

✦ **Solid Waste Utility Fund:** There are about 42,000 Solid Waste utility accounts served by the City. A residential rate increase of \$1 per month is proposed. This increase is needed to support the increased operations at the landfill and the Capital Improvement Plan.

✦ **Storm Water Fund:** Storm water fees paid by utility customers as well as development charges are the major revenue sources for this fund.

Enterprise Fund Revenues By Fund FY 2011

Enterprise Fund Revenues By Fund

	Actual FY 2009	Budget FY 2010	Estimated FY 2010	Adopted FY 2011	% Change From Estimated FY 2010

INTERNAL SERVICE FUND REVENUES

The City of Columbia has seven internal service funds that are projected to generate a total of \$32,797,854 in revenues. In the past the City has adjusted a number of the fees charged by these departments to allow for the use of amounts that have accumulated from net income. Many of these funds are now charging fees for the full amount of the cost of the services they provide. This results in higher rates of increases than may have been charged in the past.

The rates charged to the user departments are adjusted, as needed, to cover the costs of providing the goods and services. An initial rate is set at the beginning of the budget process and then it is reviewed during the budget process to ensure that the Internal Service Funds are able to recover their operating costs.

Several funds will still have a planned use of fund balance in FY 2011

Below are revenue highlights of changes experienced from Estimated FY 2010 to Adopted FY 2011.

✦ **Employee Benefit Fund:** This fund is used to account for the City of Columbia's self insurance program for health, disability, and life insurance for covered City employees. In addition, charges for Employee Health/Wellness (which consists of physicals, drug testing, Hepatitis B shots, etc.), employee recognition and post-employment health benefits are included in this fund. In FY 2011 the fund shows a 3.2% increase which includes a slight decrease in rates for active and pre-65 retirees. Post-65 retirees will see an increase.

✦ **Self Insurance Reserve Fund:** This fund is used to account for the reserves established and held in trust for the City's self insurance program, and to account for the payment of property and casualty losses, and uninsured workers' compensation claims. The 9.7% increase in FY 2011 revenues over Estimated FY 2010 is due to the increased amount collected from the other departments to pay for the ever increasing claims paid by this fund.

✦ **Custodial and Building Maintenance Services Fund:** This fund provides janitorial and building maintenance services to the other City departments. FY 2011 revenues reflect a 34.7% increase. Staff is proposed to be added due to the expansion of city facilities. These increased costs are passed on to departments through user fees which are reflected in the increase.

✦ **Fleet Maintenance Fund:** This fund provides equipment maintenance and repair operation for Public Works and other user departments. Departments are charged a shop labor rate. An additional shift has been added in FY 2010 to help minimize the amount of outside labor work. This fund also provides a fueling station for many of the departments. A 4.1% increase is projected FY 2011 over Estimated FY 2010.

✦ **Information Technologies Fund:** This fund provides computer services to the other City departments including the support and administration of the AS/400 midrange computer, a Wide Area Network (WAN), Local Area Networks (LAN), telecommunications (PBX), personal computers, and workstations. Fees are assessed based upon each department's usage of the AS 400 and the number of computer workstations for all departments. The revenues for FY 2011 reflect no increase over FY 2010 estimate.

✦ **Public Communications Fund:** This fund provides public communications, web communications/electronic government, printing and mail services, cable broadcast and neighborhood relations services. FY 2011 revenues reflect a reduced allocation of Cable Franchise fees that are utilized to support this operation.

✦ **Utility Customer Services Fund:** This fund charges various City departments for billing the following types of utilities: water, electric, sanitary sewer, solid waste, and storm water. FY 2011 revenues reflect a 2.6% decrease.

Summary, Trends and Fund Statements

City of Columbia
Columbia, Missouri

General Government Fund Balance

General Fund -The City of Columbia has consistently been able to utilize balances from previous years from unspent appropriation and revenues in excess of budget as a funding source in its budget process as "Appropriated Fund Balance". Tight budgetary controls and prudent revenue estimates have resulted in actual expenditures averaging between 96% and 98% of budget and actual revenues averaging between 102% and 104% of budget. The City will only budget the amount of fund balance that will maintain the 16% of expenditure threshold required by City Council Policy Resolution. The chart below depicts the last 10 years use of fund balance. FY 2010 fund balance is above the required 16% due to preparation for FY 2011 and the potential additional funds the city will need to have to sustain operations.

Special Revenue Funds - The budgets for the City's Special Revenue Funds can vary greatly from year to year. By nature these funds are restricted for special use and will often allow a portion of these funds to accumulate until such time as sufficient resources are available for projects, typically capital projects. Then funds will be transferred out and a reduction in fund balance will occur.

Debt Service Funds – Funds may accumulate or be utilized in any given budget year to meet the requirements for debt service reserves as outlined in various bond ordinances.

Capital Projects – The City will periodically budget funds that have accumulated from interest earnings or closed out/completed projects. The City does not allocate interest earnings to each project during their construction.

General Fund				
Fiscal Year	Revenues	Expenditures	Unreserved, Undesignated Fund Balance	Fund Balance as a % of Expenditures
2002	\$51,593,618	\$48,626,769	\$10,429,820	21.45%
2003	\$54,210,002	\$49,723,710	\$11,489,854	23.11%
2004	\$58,238,591	\$52,905,356	\$12,149,115	22.96%
2005	\$60,917,104	\$57,935,849	\$11,522,093	19.89%
2006	\$66,716,295	\$61,530,716	\$12,987,278	21.11%
2007	\$70,693,991	\$66,433,679	\$11,408,301	17.17%
2008	\$78,898,068	\$69,468,759	\$15,241,449	21.94%
2009	\$77,275,976	\$72,554,174	\$22,066,660	30.41%
2010 estimated	\$76,732,601	\$75,066,921	\$20,104,366	26.78%
2011 proposed	\$76,114,775	\$76,114,775	\$17,216,310	23%

Net Working Capital and Retained Earnings/Net Assets Enterprise Funds

Enterprise Funds

User charges/rates are set in the City's Enterprise Funds to recover the costs of providing service and provide sufficient funds for the capital needs of the enterprise. The City also attempts to avoid significant rate increases in any given year. Periodically major changes in the cost of operations or major capital expansion will require large rate increases to cover these costs. The City has taken the approach where sufficient balances exist, to phase in these increases over a period of several years to minimize the effects on our citizens. In 2001 the city experienced an increase in retained earnings due to changes in accounting standards and financial reporting and the implementation of GASB 34 which required the City to include contributions in Net Assets. The City also adjusted its capitalization threshold during this time frame. In 2007 the city engaged an independent consultant to perform a cost of service study and to review rate structures for Water, Electric, Sewer and Solid Waste.

Internal Service Funds

User charges/rates are set in the City's Internal Service Funds to recuperate the costs of providing service and provide sufficient funds for the capital needs of the operations. It has been typical for these funds to accumulate retained earnings over the years due to the fact that they are able to operate without expending their entire budget. When an internal service fund has accumulated excess retained earnings, the City will adjust the rates. This allows the City to maintain appropriate levels of retained earnings without large swings in the rates charged out to departments in any given year. In 2001 the city experienced an increase in retained earnings due to changes in accounting standards and financial reporting and the implementation of GASB 34 which required the City to include contributions in Net Assets. The City also adjusted its capitalization threshold during this time frame. The City continues to set minimal rate increases in order to spend down balances in the internal service funds.

FUND DESCRIPTION

The General Fund is used to finance and account for a large portion of the current operating expenditures and capital additions (not capital improvements) of City Government. The General Fund is one of the largest and most important of the City's funds because most governmental programs (Police, Fire, Public Works, Parks and Recreation, etc.) are generally financed wholly or partially from it. The General Fund has a greater number and variety of revenue sources than any other fund, and its resources normally finance a wider range of activities.

DEPARTMENT EXPENDITURES

	Actual FY 2009	Budget FY 2010	Estimated FY 2010	Adopted FY 2011	Percent Change

DEPARTMENT DESCRIPTION

City General is the part of the budget where non-departmental expenditures are located. These include various subsidies and transfers as well as other items which are not related to a specific department.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Due to the current economic conditions the following amounts have been reduced in the budget: Council Reserve decreased from \$100,000 to \$25,000, Contingency decreased from \$100,000 to \$0, General Government Reserve decreased from \$60,000 to \$50,000 and street lighting was reduced by \$200,000. Performance Excellence (LPE). LPE funding in the amount of \$40,000 has been added in response to Council's adopted resolution to participate in the journey to excellence program. These funds will be utilized for employee training, consulting services and other cost associated with the program.

DEPARTMENT DESCRIPTION

The Mayor and City Council act as the legislative and policy making body for the City of Columbia. Operating under a home rule charter, the Council uses various voluntary citizen boards, commissions, and task forces as well as public hearings in the development of City policy matters. According to the City Charter, the City Council is responsible for the appointment of the City Manager, City Clerk, and Municipal Judge.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The decrease is due to a reduction in anticipated expenditures.

AUTHORIZED PERSONNEL

DEPARTMENT DESCRIPTION

The City Clerk's office serves as the depository for all official records of the City, and the Clerk certifies City records for the courts, City departments, and citizens. The Clerk's office serves as a center for citizen inquiry, proclamation preparation and signing, and personal appearance requests. The Clerk maintains membership rosters for all boards and commissions. The City Clerk also acts as secretary to the Board of Adjustment.

DEPARTMENT OBJECTIVES

Maintain and provide access to official city documents in the most expedient and efficient manner; and to expeditiously respond to the citizenry, City Council, Boards and Commissions, and City staff requests for services as provided by this department.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

No significant changes.

DEPARTMENT DESCRIPTION

The City Manager's Office is responsible for the general administration of the City of Columbia, an annual statement of City programs and priorities, preparation of the annual budget, and 5-year capital improvements plan, preparation of Council agendas and special staff reports, and program coordination and development. The City Manager is directly responsible to the City Council for the proper administration of all the City affairs as well as implementation of policies and programs adopted by the Council. The City Manager attends all Council meetings and Council work sessions. The City Manager appoints all officers and employees of the City except for the City Clerk and Municipal Judge. City Counselor is appointed subject to approval of Council. Appointment of subordinates is generally delegated to the appropriate Department Director.

DEPARTMENT OBJECTIVES

(1) Provide effective and efficient delivery of services to residents; (2) Enhance communication with City Council and citizens; (3) Provide necessary written and verbal information to assist the City Council in setting policy for the needs of the citizens; (4) Provide timely responses to Council and citizen inquiries; (5) Prepare and monitor annual operating and capital budget and keep the Council advised of the financial conditions of the city; (6) Implement policies authorized by the City Council; and (7) Exercise direction over all municipal day-to-day operations of the city.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

None.

DEPARTMENT DESCRIPTION

The Finance Department is responsible for the administration, direction, and coordination of all financial services of the City involving financial planning, budgeting, treasury management, investments, purchasing, accounting, payroll, business licensing, risk management, and utility customer services.

DEPARTMENT OBJECTIVES

General Finance Activities: The Finance Department will provide the support necessary to allow the City to conduct business in an efficient and effective manner. This includes performing the day to day processing activity, providing accurate and timely management information, external financial reports that adhere to professional standards, and managing the city's capital needs through investing and borrowing activities. In addition, the Finance Department is responsible for ensuring the City adheres to all federal, state and local requirements that relate to purchasing, budgeting, and related activities.

Purchasing: To provide easy accessibility to a variety of centralized purchasing options which consistently result in cost savings and meet the procurement needs of the using departments. To actively monitor and administer the ProCard and the Travel card to ensure all expenditures are within the limits and intent of the policy and a prudent use of taxpayer dollars. To monitor contract compliance ensuring the City meets its obligations as established by the project funding source; federal, state and locals laws

Business License: Extensive monitoring and enforcement of all business licenses and other licenses and permits as well as cigarette and hotel/motel taxes and regulations required by City ordinance; and revising the existing ordinances to ensure all applications are processed in the most efficient and effective manner.

Risk Management: Maintain adequate protection for the City through the self-insurance fund for property, casualty and Worker's Compensation; and obtain adequate straight insurance coverage for Boiler and Machinery, Airport, Railroad, and the Health Department.

Utility Customer Services: Provide accurate and timely billing for city utilities, (electric, water, sewer, solid waste and storm water); effective handling of inquiries and complaints handled in person and by phone; set up payment arrangements for customers with delinquent bills; and provide information to customers needing utility assistance.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

During FY 2011 the Finance Department will continue to monitor and evaluate the City's financial condition and internal controls. The Compliance Officer will continue to ensure proper compliance with federal grant requirements. As requested by the City Manager, staff will continue to work with the Finance Advisory Committee to review City finances and make recommendations for change. Staff will continue efforts to expand document imaging and find ways to improve work flow and reduce space required for files. Budget staff will continue efforts to lead the City's efforts to develop performance measures, coordinate the Capital Improvement Process, as well as work with the City Manager and City Council for ways to address budget issues created by the recent economic downturn.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DESCRIPTION

This Division is primarily responsible for the administration, direction, coordination, and supervision of all financial functions and operations for the City, including preparation of the Annual Operating Budget, the five-year Capital Improvement Program and the Ten Year Trend Manual. Duties include providing overall direction to Division heads and personnel involved with Administration and Planning, Accounting, Purchasing, Business License, Risk Management, Treasury Management, and Utility Customer Services. Additional duties include providing expertise and technical coordination of new bond requirements, providing recommendations to the City Manager on short-and long-range fiscal policy, and representing the City at public functions involving financial considerations.

HIGHLIGHTS / SIGNIFICANT CHANGES

The Administration division will continue to work with the City Manager's Office and the Finance Advisory Committee to review the City's revenue structure in order to provide relief during this economic downturn. Extra emphasis will be placed on monitoring revenues and expenditure to ensure departments stay within the resources allocated for FY 2011. Staff will continue to review, update and create financial policies to strengthen management practices reviewed by the rating agencies which should assist the City in maintaining or improving our rating during these tough economic times. Staff will continue to review pertinent sections of the City Code of Ordinances to identify areas of improvement in an effort to provide customer service to the citizens of Columbia in the most effective and efficient manner. Staff will work with the City's financial advisor and rating agencies to structure and issue debt that is necessary to finance the capital plans of the major utilities including special obligation, sewer and water. Staff will work with other City departments to develop meaningful Performance Measures for use by management and City Council. Staff will support the City's efforts to participate in the Missouri Quality Award program.

DESCRIPTION

The Accounting Division is responsible for recording and reporting all financial transactions on an accurate and timely basis, preparing financial statements in accordance with Generally Accepted Accounting Principles, and issuing internal and special reports as required.

HIGHLIGHTS / SIGNIFICANT CHANGES

During FY 2011 the Accounting Staff will continue work to expand the implementation of document imaging software for accounting records. We have begun implementing document imaging with automated workflow software. Special emphasis will continue on working with the internal auditor and departments to ensure compliance with "stimulus" funding regulations. Staff will continue to work with the external auditors to streamline and improve the efficiency of the audit process.

DESCRIPTION

This Division is responsible for the cash management and investment of all City funds, and collection of payments due the City. Specific duties include management of investment portfolios for Pooled Cash, the Self-Insurance Reserve Fund, and Police and Firefighters' Retirement Fund; oversight of cashiering operations; management and oversight of banking and custodial services; coordination of debt service; and assistance with the 401A retirement plan.

HIGHLIGHTS / SIGNIFICANT CHANGES

Activities of Treasury Management over the past year included the following major activities in addition to normal operations.

- 1) Implemented onsite electronic deposit to improve cash flow collections and improve efficiency of deposit process.
- 2) Drafted revised pension policy for Police & Fire Pension Plan in cooperation with plan board members.
- 3) Presented cash handling training sessions for staff of various departments throughout the city.
- 4) Analyzed credit card fees to assess methods of cost control.
- 5) Implemented changes to processes and systems with third party electronic payment vendors.
- 6) Assisted auditors with review of data tracked through cash receipts and general ledger.

Future projects for Treasury Management include selection of and transition to external financial management along with revision of the general investment policy and procedures. A secondary area of emphasis will be continuing revision of internal efficiencies and use of improving technology. Fast paced changes in banking technology require ongoing reviews and updates including a growing need to address rules related to international transactions.

DESCRIPTION

The Purchasing Division is responsible for providing easy accessibility to a variety of centralized purchasing options which consistently result in cost savings and meet the procurement needs of the using departments. Purchasing staff actively monitor and administer the ProCard and the Travel card to ensure all expenditures are within the limits and intent of the policy and a prudent use of taxpayer dollars. Staff also monitors contract compliance ensuring the City meets its obligations as established by the project funding source; federal, state and locals laws. The addition of a Procurement Officer and Compliance Officer in FY 2010 has allowed the department to better meet the needs of the City.

HIGHLIGHTS / SIGNIFICANT CHANGES

Purchasing administered approximately 329 annual contracts, processed an estimated 3969 purchase orders, 191 formal bids and 335 informal bids at a value of approximately 88 million. The Travel Card and Procard programs have functioned smoothly this year providing an easy to use, highly accountable method of payment for small dollar purchases and travel needs. Purchasing continues to serve as a service department to the city assisting with the procard and travel card programs, contract negotiation and administration, specification research, DBE compliance and liaison with local, state and federal agencies to ensure compliance and secure funding for city projects. Purchasing is very active in local, state and national purchasing initiatives to ensure we stay abreast of the latest trends in public purchasing. Much effort was extended to update federal programs in the areas of Title VI, Limited English Proficiency, ADA Transition Planning, Program Participation during FY 2010. Electronic Bidding has continued to grow and now 100% of all formal bids are available to the public through our electronic bid system.

DESCRIPTION

The Business License Division is responsible for processing and issuing licenses and permits which include business and alcoholic beverage licenses, armed guard and security guard licenses, private detective licenses, taxi and limousine licenses, chauffeurs/taxi drivers permits, solicitors permits, animal licenses, and various other permits and licenses. Additional duties include the enforcement of the provisions of the Code of Ordinances which pertain to these licenses and permits, as well as administering the collection of cigarette and hotel/motel license taxes. Additional responsibilities include providing consumer protection against non-regulated operations in Columbia, the inspection and enforcement of garage sales and special permits, and the monitoring of payment of sales tax to the City by retail businesses prior to the renewal of a City business license.

HIGHLIGHTS / SIGNIFICANT CHANGES

Planning emphasis for FY 2011 will be to continue extensive monitoring and enforcement of the City Code of Ordinances as they pertain to business and alcoholic beverage licenses, hotel/motel license taxes, cigarette taxes and all other licenses and permits required by City ordinance. Additional planning emphasis will be placed on revising the existing business license regulations to provide a more efficient and effective licensing process, working closely with the Police Department to ensure liquor establishments remain in compliance with City alcoholic beverage ordinance provisions and State liquor laws, and research options with regard to the development or purchase of an online software system that will enable all licensing customers to submit applications, renew licenses and submit payments via an established website.

City of Columbia - Finance Department Utility Customer Services
12.00 FTE Positions

* Position not included in Utility Customer Service's FTE count.

DESCRIPTION

The Utility Customer Services Division (UCS) is responsible for all billing related activities for the City's electric, water, sewer, solid waste, and storm water enterprise activities. As the City's primary interface to the customers, UCS staff handles all inquiries and service orders from customers and related City departments in an efficient and customer friendly manner. Our goal is to make it easy for our customers to interact with UCS and the City of Columbia.

HIGHLIGHTS / SIGNIFICANT CHANGES

- * Implement "Go Green" paperless utility bill option; the goal is to reduce printing and postage costs.
- * Re-engineer collection process for Cycle 99 Accounts. These are accounts that do not have a metered service (have any combination of sewer, trash and/or storm water without having water or electricity with the City). The goal is to use new legislation to reduce delinquency.
- * Work with Water and Light to create a rate structure to reduce the cost of commercial bank paying fees.
- * Reduce the number of accounts sent to collections by doing in-house follow up on delinquent final bills.
- * Reduce abandon call rates; the goal is 15%.
- * Improve knowledge of CX system, investigate use of Q Rep reporting.

City of Columbia - Finance Department Self-Insurance Fund

3.00 FTE Positions

* Position not included in Self-Insurance's FTE count.

DESCRIPTION

The Self-Insurance Reserve Fund accounts for the transactions and reserves associated with the City's Self-Insurance Program. This program provides coverage for the City's workers' compensation, and property and casualty claims. Claims administration is managed by the City Finance Department.

HIGHLIGHTS / SIGNIFICANT CHANGES

The Risk Management division continues to emphasize loss prevention and claims administration in an effort to minimize the frequency and severity of claims. Risk Management staff, with the City's Executive Safety Committee, identify employee safety training needs, work to improve City-wide safety programs and strengthen claim policies and procedures. Employee Safety training during FY 2010 included Safety Jeopardy (safety manual awareness), Workplace Violence/Verbal Judo, Fire Safety & Prevention, City Emergency Management, Confined Space Safety, Respiratory Protection, Backhoe Safety, Safe Forklift Operation, Driver Safety, and Heat Stress.

The division's full time safety specialist has allowed us to continue an accident investigation process on all workers' compensation injuries to identify possible procedural and operation improvements.

Risk Management continuously reviews the City's self-insurance and commercial insurance coverage to maintain the best protection at the most economical cost. In FY 2011 Risk Management plans to implement improved data driven programs to reduce workers' injuries and claims, complete property valuations to insure City-owned property is adequately insured, continue to work with City departments to conform contract language to protect the City's interests, and complete quarterly claim reviews

DEPARTMENT DESCRIPTION

The Human Resources Department is responsible for coordinating the efforts of all City departments in the recruitment, selection, hiring, evaluation, promotion, training and development of a diverse staff of qualified and dedicated employees to serve the citizens of Columbia. General pay and benefits administration, employee health and wellness programs, and drug and alcohol testing are also the responsibility of the Department.

DEPARTMENT OBJECTIVES

Assist all departments in recruitment and selection of qualified individuals to staff City positions. Provide employees evaluation, training and development opportunities that will increase retention, provide upward mobility and create high morale, that are designed to reduce turnover. Provide accurate management information on compensation and benefit issues, and recommend strategies for pay and benefit plans that provide appropriate overall compensation to employees and control costs to the City. Manage the Employee Benefit Fund and the insurance and benefit programs funded in that budget. Those programs include health, dental and prescription drug insurance, life insurance, long term disability insurance and employee recognition. Provide employee health and wellness programs for City employees. Administer drug and alcohol testing for new and federally-mandated employees. Assist all departments in complying with federal, state and local employment laws, policies and procedures.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The Human Resources Department implemented the fourth and final year of a complete review of the City job classification and pay plans in 2010. Recruitment, selection and retention efforts will continue to be priorities. Program emphasis is placed on pay and benefit strategy, training, and performance appraisal.

Implementation of an on-line employment application and applicant management system is planned in 2011. Salary data and labor market refinement for positions through the use of an on-line system is also in development.

2010 work with the Workforce Talent Strategy Committee on knowledge retention programs and training continues. Employee education and information sessions on benefit plans will be expanded.

Developed a more robust employee orientation program. That program will be implemented in late 2010. Develop recommendations for the City compensation philosophy, including improving the classification and pay plans. Develop and deliver training programs for basic skills improvement, including customer service. Work with Workforce Talent Strategy Committee on implementation of supervisor and manager training academy.

DEPARTMENT DESCRIPTION

The Law Department is charged with managing all litigation in which the City is a party and advising the Council, the City boards and commissions, the City Manager, and department directors on legal matters. The Department is composed of two divisions: the City Counselor and staff manage the civil law of the City, and the City Prosecutor prosecutes ordinance violations.

DEPARTMENT OBJECTIVES

The Law Department's primary objective is to assist the Council, Manager and City departments in setting and meeting their objectives by providing high-quality legal support services.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

One Assistant City Counselor position has been eliminated due to lower than anticipated number of red light camera citations.

DEPARTMENT DESCRIPTION

The Municipal Court, under the City Charter, is organized to process violations of City ordinances resulting from citizen complaints, traffic violation, and misdemeanor arrests. By State statute it is a division of the Circuit Court of Boone County and subject to the administrative authority of the Presiding Judge of that court. Activities include processing traffic violations and recording convictions, collection of fines, scheduling of trials, and preparation of dockets. The court is also charged with serving subpoenas, issuing and service of warrants for traffic violations and other charges.

DEPARTMENT OBJECTIVES

(1) Process docket and record municipal ordinance violations including parking tickets; (2) Collect fines; (3) Schedule and conduct trials; (4) Monitor compliance with orders; (5) Issue and serve subpoenas; (6) Issue and serve summonses and warrants; and (7) Report monthly to the Circuit Court.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

One administrative position has been eliminated due to lower than anticipated number of red light camera citations.

DEPARTMENT DESCRIPTION

The Police Department serves as the primary law enforcement agency for the City. Its mission is to reduce crime and improve public safety by enforcing the law, solving problems, and encouraging citizen responsibility for community safety and quality of life.

DEPARTMENT OBJECTIVES

To continually enhance Community Policing within the community by demonstrating integrity in all our actions, treating all people with respect and creating partnerships with the community.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

To begin the process of rebuilding community partnerships through a department wide system of geographic based policing.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DESCRIPTION

The administration of the Police Department is under the Chief of Police and the Deputy Chief of Police. It is responsible for the overall management of the entire police operation for the City of Columbia. The Public Information Officer and Accreditation Manager answer to the Chief of Police. More detail on these new positions below.

HIGHLIGHTS / SIGNIFICANT CHANGES

- Much has changed since the retirement of the former Police Chief. After an active interim period of nine months, a new Police Chief arrived in Columbia and began work on March 30, 2009. A comprehensive move toward geographic policing has begun, and organizational analysis and planning has begun on a department wide level.
- Organizational structure has been changed.
- Budgetary issues are of primary concern, and have caused prudent police management to examine all areas of the department for the most efficient use of resources and maximizes customer service for all citizens, despite financial limitations.
- Streamlining of the way reports are written, processed and handled is underway with short deadlines for efficient customer service for needed police information. A centralized report review officer is now in place for all officer reports to free up field supervisors for on scene supervision of a much wider scale.
- For further outreach and coordination of departmental interaction with the media, the position of Public Information Officer (PIO) was created. Late in this current budget year a second full-time PIO position was added. These officers are responsible for internal and external information flow and coordination with all media representatives and other interested parties.
- The training facility is now open. The new facility houses 96 students in the main classroom and another 25 in the small classroom. This facility provides training to regional law enforcement agencies, fire departments, and other city departments as needed.

Total Permanent	8.00	4.00	4.00	5.00	1.00

DESCRIPTION

The move to geographic policing is placing responsibility on all levels of supervision and management for specific geographic areas of the entire city.

This will be facilitated by the increase in command and doubling of command presence over small geographic areas of the city. Where there was once one patrol captain over the entire city, now there is two. Where once two Lieutenants were in charge of time of day responsibilities, now four Lieutenants are over four smaller geographic sectors. Each is the de facto police chief for the geographic area. And those commanders will be accountable to the Chief and Deputy Chief for the activity that occurs in those geographic areas. This "ownership" of the assigned areas creates investment and community partnerships and carries from the Sergeant to the individual officer level as well.

HIGHLIGHTS / SIGNIFICANT CHANGES / GOALS

Budgetary issues have caused police management to critically examine all areas of the department for the most efficient use of valuable resources, and how to best provide core services while maximizing customer service opportunities.

Changes to the basic structure provided two main divisions whose emphasis will be on the coordination and provision of core law enforcement services, while allowing patrol and investigative functions to work more closely together. This re-organization and restructuring of the Police Department will facilitate the implementation of geographic policing.

The typists and Community Service Aides were moved to Operations Support Services to better reflect their daily duties. One additional police officer was added to the traffic unit.

DESCRIPTION

The Administrative Support Division provides the following: Records management, secure storage and control, computer operations, equipment supply and maintenance, vehicles and building.

HIGHLIGHTS / SIGNIFICANT CHANGES

Budgetary issues have caused police management to critically examine all areas of the department for the most efficient use of valuable resources, and how to best provide core services while maximizing customer service opportunities.

Changes to the basic structure provided two main divisions whose emphasis will be on the coordination and provision of core law enforcement services, while allowing patrol and investigative functions to work more closely together. This reorganization and restructuring of the Police Department is facilitating the implementation of geographic policing, improve first-line supervision, and provide opportunities to improve efficiency and effectiveness.

The typists and Community Service Aides were moved from Patrol to better reflect their daily duties.

DEPARTMENT DESCRIPTION

The Fire Department is charged with protecting lives and property from fire, explosion, hazardous materials and other natural or man-made disasters, or any situation that threatens the well-being of our customers. By also providing emergency medical, public fire education, fire investigation and code enforcement services to the public, the Department takes an active role in improving the overall safety of our customers.

DEPARTMENT OBJECTIVES

(1) Deliver effective emergency and non-emergency services to minimize death, injury, property, and environmental loss to our community within acceptable time/distance criteria. (2) Provide a safe work environment for our personnel by continuing to train fire/rescue personnel to the required standards. (3) Provide excellent customer service to the citizens and visitors of Columbia by providing fire and life safety programs. (4) Provide a code enforcement program that includes fire inspections and review of construction plans. (5) Support operating divisions with sufficient staff and supplies. (6) Maintain fiscal responsibility and continue capital improvement programs.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Despite significant personnel and operational budget cuts, our goal is to continue providing high quality service to our customers. The new fire service agreement, upgraded ISO rating, and new Station 9 all pose challenges as well as opportunities to meet this overall goal.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DESCRIPTION

This division of the Fire Department is responsible for the efficient organization and performance of the entire department. Along with preparing the budget, procurements, payroll, records, reports, and grant applications, this division plans and implements the departmental goals, objectives, policies, and procedures.

HIGHLIGHTS / SIGNIFICANT CHANGES

Work continues on an extensive self-assessment process, with the goal of achieving and maintaining national accreditation status. Maintaining the City's ISO rating also is a continuous and long term task.

Implementation of the ten-year capital improvement plan approved by the voters in November 2005 is well underway, always with the emphasis on customer service. In the same spirit, Fire Administration looks for ways to form local and supplier partnerships to stretch the taxpayer dollar. During the budget process several line items have been reduced to mission-critical levels, and Administration will focus on overseeing and managing these activities.

DESCRIPTION

This Division, which comprises the largest number of personnel and equipment, provides for all the emergency services of the Department, including fire suppression, rescue, emergency medical, and responses to natural and/or man-made disasters and hazardous materials incidents.

HIGHLIGHTS / SIGNIFICANT CHANGES

The public expects quick resolution of their fire, accident, and medical emergencies. Rapid response expectations dictate station location, apparatus condition and flexibility, and sufficient personnel trained to safely manage these situations.

With the goal of focusing on mission-critical activities, the Fire Department's budget has been changed significantly:

- Four vacant fire fighter positions have been eliminated for FY 2011.
- Recent memo of understanding with the hospitals provided for their ambulance staff to request help from fire personnel who hold paramedic licenses. This pilot ALS program has so far been successful.
- Fire fighting equipment replacements will be focused on defects or failures rather than enhancements and upgrades.
- Travel for training opportunities will be significantly reduced.
- Safety and upkeep issues at fire facilities will be addressed with in-house labor whenever possible. Previously identified projects have been deferred, and any unexpected major repair will pose difficult challenges.

*FY 2011 - Funding Fire Station #2 - added (4) Fire Fighters and upgraded (3) to Engineer and (3) to Lieutenant.
(1) Fire Fighter was reclassified to a Lieutenant and move to the Fire Marshal's Division.

DESCRIPTION

The responsibilities of this division focus on training for fire, emergency medical, hazardous materials, and rescue operations. In its supportive role for Emergency Services, this division also provides a central supply and storage facility, operates live fire drills in the burn building, and conducts research and development of new techniques and equipment.

HIGHLIGHTS / SIGNIFICANT CHANGES

Program goals for this fiscal year include the continuation of specialized training and support of on-going training for the organization. Other current programs include promotional processes, training for future officers, Basic Recruit School and state-mandated EMT continuing education.

The new fire service agreement mandates joint City/County training; these sessions have successfully begun.

A future goal, perhaps grant-funded, involves distance-learning technology that will enable shifting the delivery of certain classroom sessions from the central Academy out to the individual fire stations. This shift will eventually result in fuel savings as well as increased availability of fire companies for incident response.

DESCRIPTION

This Division is responsible for coordinating the Department's efforts to improve the safety and well being of our customers and community with an emphasis on "fire prevention through education". The major duties include public fire safety education, fire code enforcement and fire inspections, fire investigation, research and development, and related records and reports.

HIGHLIGHTS / SIGNIFICANT CHANGES

Division goals are to continue providing public safety education programs and department presence to reduce accidents and injuries. The Knox Box, child safety seat and smoke alarm programs have been appreciated by the public. The division continues to help customers understand and comply with the International Fire Code. Currently a temporary assignment, an additional FTE marshal to permanently handle plan and development reviews will be a high future budget priority.

Fire Marshals take a municipal team approach, joining with Police Officers to check on local establishments. Inspectors partner with Public Works in proactive code education for businesses and builders. With the Health Department, we train and use citizen volunteers for Community Emergency Response Teams (CERT) for supporting first responders during disasters. With the University we share jointly in the time, cost, and assignments of an assistant fire marshal. Each year citizens show their support for fire prevention through Share the Light donations.

DEPARTMENT DESCRIPTION

Emergency response from a public safety entity begins with a telephone call to the 9-1-1 Operations Center in the Public Safety Joint Communications department. Generally, public safety personnel are dispatched to respond and handle situations on a daily basis. The Office of Emergency Management strives to ensure proper plans are in place for the various multi-hazards that may impact our area at any time. These two departments work closely together to ensure a smooth and organized transition from the initial incident to the conclusion.

DEPARTMENT OBJECTIVES

Public Safety Joint Communication's goal is to be the public safety answering point and dispatch center for the citizens of our community. We receive emergency and non-emergency calls, determine what public safety response is needed, and dispatch the appropriate agencies to handle the situation. The mission of the Office of Emergency Management is to prepare, mitigate, respond and recover from disasters. It is important to coordinate efforts between public safety, public services, government agencies and the citizens of our community in an event of disaster.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

These two departments continue to work together to modernize the Operations Center and equipment with the latest technology available. We are always looking for better ways to improve communications to our user agencies as well as to the citizens of the Columbia/Boone County area. We have been updating and implementing new procedures, policies and best practices to ensure we are ready for the daily incidents as well as any hazards and disasters that may strike our area.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DESCRIPTION

Emergency response begins with a telephone call to the 9-1-1 Operations Center located in the Public Safety Joint Communications department. Our Communications Operators answer all 9-1-1 emergency calls as well as the non-emergency calls for the Columbia/Boone County area. Joint Communications currently dispatches for ten user agencies in our area which include the Columbia Fire Department, Boone County Fire Protection District, Southern Boone County Fire Protection District, Columbia Police Department, Boone County Sheriff's Department, Ashland Police Department, Hallsville Police Department, Sturgeon Police Department, Boone Hospital Ambulance Service, and University Hospital Ambulance Service. In addition, we also provide assistance to other public safety agencies in our area.

DEPARTMENT OBJECTIVES

PSJC has now successfully implemented Medical and Fire Priority Dispatching and continue to achieve accreditation. The final step in this process will be to implement the Police Priority Dispatching. This department was reorganized to improve efficiency for our user agencies and citizens of our community. We have completed numerous radio project initiatives in the past year to improve radio communications throughout the County.

HIGHLIGHTS / SIGNIFICANT CHANGES

With the implementation of the Fire Priority Dispatching this past year, we have improved our dispatching and fire response. A Systems Support Analyst position was added to our organization with existing budget money to assist with our internal CAD system as well as assist all of our user agency requests. We were able to complete five different radio tower sites initiatives to include upgrades at existing sites as well as new site development to improve our user agency radio communications. A radio inventory was completed for all City and County agencies to ensure all mobile and portable radios would work together and departments could communicate effectively.

DESCRIPTION

The Office of Emergency Management strives to ensure proper plans are in place for the various multi-hazards that may impact our area at any time. The mission of the Office of Emergency Management is to prepare, mitigate, respond and recover from disasters. It is important to coordinate efforts between public safety, public services, government agencies and the citizens of our community in an event of disaster.

DEPARTMENT OBJECTIVES

Education through various means was the big focus this past year in the Columbia/Boone County area. The objectives were to ensure people were prepared for severe weather, tornadoes, and other hazards that impact us in mid-Missouri. The Emergency Operations Plan for the Columbia/Boone County was updated and reformatted to improve the overall plans already in place.

HIGHLIGHTS / SIGNIFICANT CHANGES

Once again, numerous grants were applied and received through various governmental agencies. Many presentations were requested and given to local civic groups, regular press releases were sent, media interviews were conducted and events were held this past year to educate and prepare our citizens. The Community Organizations Active in Disasters (COAD) was re-formed and planning for the future. A Faith Based Community Network (FBCD) was established to pull the various faith organizations together to assist in preparing their congregations as well as make plans to help their community in time of need. Human sheltering and pet sheltering needs were focused on this past year as preparations are in progress to include more plans in these areas to the existing EOP for the County.

DEPARTMENT DESCRIPTION

The mission of the Columbia/Boone County Department of Public Health & Human Services is to promote and protect the health, safety, and well-being of the community through leadership and service. Programs and services provided throughout the department are based on identified local health and human services needs or by local, state and federal authority.

DEPARTMENT OBJECTIVES

Administration: Responsible for the management of the department including community health assessment, planning, organizing and evaluating the operations of the Community Health, WIC, Environmental Health, Animal Control and Human/Social Services Divisions.

Community Health: Responsible for providing population based health services for citizens of Columbia and Boone County which includes: communicable disease control (investigation, screening, treatment and surveillance), family planning, well-woman and sexually transmitted disease clinics, coordination of regional HIV counseling, testing, outreach and education for 33 counties, childhood / adult immunizations, lead testing, childcare center nurse consulting and education, chronic disease education and screening, and rural health clinics

WIC Program: Responsible for providing nutrition education and supplemental food packages to women, infants, and children under age five who meet medical and income requirements. This program serves clients who are pregnant or breast-feeding, low birth weight or premature or demonstrate a medical or nutritional risk factor.

Environmental Health: Responsible for county-wide Environmental Health programs including food safety inspections in restaurants, grocery stores, food warehouses, and food delivery vehicles, laboratory analysis of drinking water, food products, milk products, and water used for recreational purposes, food handler education, public health nuisance control including sewage disposal, administration of the Boone County Waste Water Permit Program, weeds, mosquito breeding areas, rubble accumulations, rodent infestations, and coordination of mosquito control activities. Additionally, this division enforces the City's anti-smoking ordinance. Environmental Health performs inspections of licensed day care homes and centers and performs lodging inspections under the authority of the Missouri Department of Health and Senior Services.

Animal Control: Responsible for enforcing Columbia and Boone County animal control ordinances. Services include investigating animal bite cases, rabies prevention, impoundment of dogs running at large, assistance in locating lost animals, animal cruelty and neglect investigations, and responding to injured animal and wildlife calls 24 hours per day.

Human Services: Responsible for providing staff support to the Boone County Community Services Advisory Commission, the Human Rights Commission, and the Substance Abuse Advisory Commission; administers city and county funding to local social services agencies; promotes human rights and diversity by investigating human rights violation complaints, conducting human rights and diversity education, and coordinates the annual Columbia Values Diversity Celebration.

Social Services: Responsible for information and referral, prenatal case management, eligibility determination, medication assistance, pregnancy testing, assisting children, families, and adults apply for Medicaid/MC+ programs, coordination of the utility assistance program, emergency dental pain relief services, and coordination of the in-home health services program.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

To respond to current economic challenges impacting the budget, the department is reducing operational costs, while focusing on maintaining the core public health infrastructure needed to respond to emerging public health issues and threats such as disease outbreaks and maintaining regulatory mandates. H1N1 grants and two Missouri Foundation for Health grants are ending and all operational costs have been removed from the FY 2011 budget.

DESCRIPTION

This division is responsible for providing direction and oversight to all departmental operations including the planning, organizing, budgeting, and evaluating of all services provided by various divisions. The Administration Division coordinates all public health emergency planning for the city and county and issues certified copies of birth and death records.

HIGHLIGHTS / SIGNIFICANT CHANGES

Administration will continue to focus on managing costs and services across the department in anticipation of continuing economic challenges in FY 2012. This will include coordinating with Missouri Department of Health and Senior Services to evaluate state mandates in light of decreased state and local revenues.

DESCRIPTION

Responsible for enforcing Columbia and Boone County animal control ordinances. Services include investigating animal bite cases, rabies prevention, impoundment of dogs running at large, assistance in locating lost animals, animal cruelty and neglect investigations, and responding to injured animal and wildlife calls 24 hours per day.

Animal Control is staffed seven days per week from 7:00 to 7:00 p.m. from November through April 7:00 a.m. to 9:00 p.m. May through October.

HIGHLIGHTS / SIGNIFICANT CHANGES

There are no significant operational or staffing changes planned in the Animal Control Division for FY 2011.

The budget includes two contracts with the Central Missouri Humane Society (CMHS) for FY 2011. The first is the annual agreement for the boarding and care of animals impounded by Animal Control Officers. CMHS has requested a 2.64% increase for the calendar year 2011 agreement. The budget also includes \$20,000 in funding to CMHS to continue the Municipal Shelter Services Agreement which was approved by Council using discretionary funds in FY 2010.

DESCRIPTION

This division provides county-wide Environmental Health programs including food safety inspections in restaurants, grocery stores, food warehouses, and food delivery vehicles, laboratory analysis of drinking water, food products, milk products, and water used for recreational purposes, food handler education, public health nuisance control including sewage disposal, administration of the Boone County Waste Water Permit Program, weeds, mosquito breeding areas, rubble accumulations, rodent infestations, and coordination of mosquito control activities. Additionally, this division enforces the City's anti-smoking ordinance. Environmental Health performs inspections of licensed day care homes and centers and performs lodging inspections under the authority of the Missouri Department of Health and Senior Services.

HIGHLIGHTS / SIGNIFICANT CHANGES

Environmental Health will continue to focus on the core responsibilities of food safety, nuisance ordinance enforcement, and swimming pool inspections. Staff will also continue to pursue FDA Standardization.

For FY 2011, Environmental Health will upgrade an ASA II position to ASA III and an Environmental Health Specialist to Senior Environmental Health Specialist.

DESCRIPTION

Responsible for providing population based health services for citizens of Columbia and Boone County which includes: communicable disease control (investigation, screening, treatment and surveillance), family planning, well-woman and sexually transmitted disease clinics, coordination of regional HIV counseling, testing, outreach and education for 33 counties, childhood / adult immunizations, lead testing, childcare center nurse consulting and education, chronic disease education and screening, and rural health clinics.

HIGHLIGHTS / SIGNIFICANT CHANGES / GOALS

There are no significant changes planned for FY 2011. The division will continue to focus on core public health services to prevent disease and illness, meeting current contract requirements, and identifying new funding sources and partnerships to improve public health outcomes based on local needs.

The division will continue to coordinate with IT in 2011 to complete implementation of an electronic medical record system funded by the Missouri Foundation for Health Infrastructure grant to increase efficiency of clinical services.

DESCRIPTION

Direct social services are provided in order to better achieve the department vision of optimal health, safety, and well-being for all. Services include but are not limited to: information and referral, prenatal case management, eligibility determination, medication assistance, pregnancy testing, assisting children, families, and adults apply for Medicaid/MC+ programs, coordination of the utility assistance program, emergency dental pain relief services, and coordination of the in-home health services program.

HIGHLIGHTS / SIGNIFICANT CHANGES

There are no significant changes to the budget for this division. The division continues to analyze ways to increase efficiency and remain responsive to increasing citizen needs resulting from the challenging economic environment.

During FY 2010, existing personnel were utilized in integrating social services in the WIC program. A Social Services Specialist is now located in the WIC clinic to meet with clients to improve health and social services outcomes via referrals and case management.

*In FY 2011 Community and Social Services Manager title changed to Human Services Manager

DESCRIPTION

The WIC program provides nutrition education and vouchers for supplemental food to prenatal, breast-feeding, and postpartum women, infants and children under five years of age who meet income guidelines and have a medical and/or nutritional risk. WIC services are available to both Columbia and Boone County populations. In addition to their nutrition mission, WIC is actively involved with other community efforts including evaluation of immunization records, referral to the Medicaid for Children program, referrals to community based health care providers, and voter registration.

HIGHLIGHTS / SIGNIFICANT CHANGES

The WIC program continues to grow with increased demand for services. Program staff works to identify ways to increase efficiency, improve customer service and increase approved caseload. The division completed a conversion to an electronic records program in early 2009. This has enabled the division to better monitor outcomes, assess client demographics, and reduce the demand for thousands of paper charts each year.

Medicaid reimbursement for certain WIC services has doubled in the past year and the department anticipates that the annual caseload and per client reimbursement rate may be increased during FY 2011.

DESCRIPTION

Human Services division includes the management and oversight of all social services and human rights programs. The division provides staff support to three commissions: Boone County Community Services Advisory Commission, Human Rights Commission and the Substance Abuse Advisory Commission.

The division administers the RFP, allocations, contracting, and oversight for social services funding for local agencies, the Emergency Shelter Grant, Human Rights Enhancement program funding, and other state and federal grants.

The Human Rights Specialist investigates all complaints of discrimination, conducts educational programs, and coordinates with the Human Rights Commission. This division is also responsible for coordinating the Columbia Values Diversity Celebration.

HIGHLIGHTS / SIGNIFICANT CHANGES

The division has successfully implemented the transition to a multi-year funding cycle to increase efficiency and to better affect positive outcomes in the community. There are no significant staffing or operational changes within the division.

Social Services funding was reduced from \$903,743 to \$893,556 for FY2010.

Due to budget limitations, the Human Rights Enhancement program was reduced from \$5,441 to \$2,500 for FY 2010.

DESCRIPTION

Each year the City of Columbia, through the Human Services division, submits an Emergency Shelter Grant application to the State of Missouri, Department of Social Services for funding to provide emergency shelter services to the homeless as well as services designed to prevent homelessness. The City of Columbia uses these funds to subcontract with local agencies to provide additional services to homeless families and individuals as well as those persons most at-risk of becoming homeless in our community. Populations being served with Emergency Shelter Grant funds include homeless families and individuals, battered and abused women, and U.S. military veterans.

HIGHLIGHTS / SIGNIFICANT CHANGES / GOALS

There are no significant changes to this budget. Funding for the Emergency Shelter Grant is anticipated to remain at \$75,000 per year.

DESCRIPTION

The City of Columbia and Boone County provide funding to local social services agencies that provide services in five priority areas:

- Basic Needs and Emergency Services
- Children, Youth, and Families
- Economic Opportunity
- Independent Living
- Mental Health

The Boone County Community Services Advisory Commission, with members appointed by the City Council and Boone County Commission, makes annual recommendations regarding the social services funding plan. The Commission process includes review of agency applications, agency presentations and public hearings, reviews of pertinent community needs assessment data, review of agency evaluations, and the development of the annual social services funding plan. The Commission monitors community needs and resources throughout the year in order to assure that social service funding targets the most critical needs in an efficient and effective manner.

HIGHLIGHTS / SIGNIFICANT CHANGES

No significant changes.

DEPARTMENT DESCRIPTION

The Planning and Development Department provides long-range land use planning, transportation, housing, community and economic development planning services to the community. The Department also provides staff services to the Planning and Zoning Commission, Bicycle and Pedestrian Commission, Historic Preservation Commission, Community Development Commission, Loan and Grant Committee, the Columbia Area Transportation Study Organization (CATSO) and the Comprehensive Plan Task Force.

DEPARTMENT OBJECTIVES

Perform the above responsibilities, duties and assignments in an effective and efficient manner.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

During FY 2011 the Department will complete the data gathering and early public involvement phases of a new comprehensive plan, continue development of a "congress" of neighborhood associations for citizen involvement in planning; prepare two special area plans to guide anticipated development; and continue an annual reporting system on development. In the housing and community development area, it will implement the Neighborhood Stabilization Program federal grant and develop a framework for a Housing Trust.

DESCRIPTION

The Community Development Division administers the Community Development Block Grant (CDBG) and HOME Investment Partnership programs by coordinating applications for the use of these funds with the Department of Housing and Urban Development (HUD), other city departments, and outside organizations. The Division provides assistance to: the Community Development Commission in review of CDBG funding requests; the Loan and Grant Committee in the evaluation of housing rehabilitation applications from low to moderate income home owners; and other community agencies and private developers in rehabilitating and building new affordable housing and community facilities.

HIGHLIGHTS / SIGNIFICANT CHANGES

Considerable Effort will be directed toward implementation of the Neighborhood Stabilization Program and the Analysis of Impediments to Fair Housing Choice. Continued emphasis will be placed on improvement of low to moderate income neighborhoods through improvement of public infrastructure and community facilities, demolition of dilapidated buildings, and construction of replacement housing, assistance to home owners and prospective home buyers, and rehabilitation of existing housing. The Division will also prepare a framework for a Housing Trust or similar organization for Council consideration.

DEPARTMENT DESCRIPTION

This Department provides the necessary support to encourage and facilitate the growth of the economic base in Columbia. This task includes working with the various local and state development agencies, as well as the local educational institutions in an effort to recruit new investments, assist new business start-ups, and retain existing business. This Department staffs Regional Economic Development, Inc. (REDI), which provides other operating funds.

DEPARTMENT OBJECTIVES

The staff's goal is to promote positive economic growth while maintaining Columbia's exceptional quality of life. The department and REDI promote specific activities designed to improve the area's business climate and promote Columbia as a business destination. Promotional and marketing activities include personal contacts, direct mail campaigns, web marketing campaigns, and trade shows, in addition to producing current, relevant reports on the economic indicators of the community. An additional emphasis has also been placed on life sciences and technology development through collaborative efforts between the business community and University of Missouri.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The department has been reorganized in an effort to re-direct its efforts from emphasizing traditional business recruitment to greater support for its partnership with the University.

Staff continues to put an emphasis in the area of life sciences and technology development by supporting and promoting the Life Science Business Incubator and Discovery Ridge Research Park on the University of Missouri campus. Staff has also assisted in business retention and expansion efforts with local industries. Current marketing efforts include partnering with various Colleges at the University of Missouri on trade shows and events that highlight the specific strengths of MU.

In an effort to develop more shovel-ready industrial sites, the non-profit Columbia Area Jobs Foundation was established to receive gifts of property, and to lease and/or option property for industrial uses. REDI is also providing a portion of funding to support the CORE Partnership, a 12-county regional collaboration, and is now participating in the Kansas City Knowledge Partnership which encourages the attraction of start-ups and companies based around the strengths of the University.

DEPARTMENT DESCRIPTION

The Office of Cultural Affairs' (OCA) mission is to enhance the vitality of the city and the quality of life for all citizens by creating an environment wherein artists and cultural organizations can thrive by fostering opportunities for creative expression and the preservation and celebration of the City's multi-cultural heritage. The OCA strives to enhance the artistic, management and marketing capabilities of local artists and arts organizations; increase public and private resources for the arts; develop a broader audience for the arts; and encourage cooperation, partnerships and collaborations within the city's diverse cultural heritage.

DEPARTMENT OBJECTIVE

- To continue to implement the following general goals: promote the arts and life-long learning; market the arts; integrate business and the arts; advocate public art policies; and ensure managerial, fiscal and human resources to achieve all programs and services.
- To raise awareness about accessibility to, participation in and support for Columbia's rich array of artistic and cultural offerings.
- To place new works of public art in Columbia with the goal of enhancing the public environment and civic pride while maintaining works currently owned by the City.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

- Columbia was named a "Creative Community" by the Missouri Arts Council and the Governor at the annual state "Arts Awards" in 2007. Columbia is the first city in the state and one of just four to receive the distinction.
- The OCA's Community Arts Program grant ranked number one statewide in the Missouri Arts Council's FY10 grant evaluation. That ranking holds for three years insuring the greatest allocation in the pool of applicants. Funds received support programs and services such as the Arts Express newsletter, the Commemorative Poster and technical assistance to local arts organizations.
- The OCA's updated Cultural Plan, called "Creative Columbia," was approved by City Council in 2006. The next update began in 2009 with a goal of it being completed and presented to City Council in late 2010. Included in the new revision will be more specifics on Percent for Art given the growth of that program over the years.
- Requests from local arts organizations for arts funding totaled \$153,500. A formula for determining funding levels continues to be employed in an effort to allocate funds in the most equitable way. The Commission on Cultural Affairs will continue to assess all funding policies. For the fourth year, a restricted account was used to augment the amount made available in the city's budgeting process. The FY 11 budget allows the dollars allocated to local arts groups to reach near the \$100,000 mark. (The restricted account was created from the OCA's fund balance at the time the department moved to the general fund.)
- The annual Columbia Festival of the Arts was discontinued after the 2008 event due to declining participation of artists and declining revenue. In its place, the OCA began co-sponsoring with the Parks and Recreation Department a children's art themed event, emphasizing its partnership with school arts programming and redirecting some available funds to local arts agencies, and an annual concert at the newly completed Stephens Lake Park Amphitheater.
- Public art programming continues to be a major emphasis. Recently completed projects include those at Fire Stations No. 7 and No. 9 and in the plaza/streetscape of the addition to City Hall. Projects currently underway include the Fifth and Walnut Parking Garage and interior spaces of the new addition to City Hall.
- The Traffic Box Art Program, a graffiti abatement collaborative with the District and the Columbia Police Department, continues with a second box completed in 2009 and a third in 2010.
- A collections management database was developed in cooperation with the IT Department. It is providing efficiencies in managing new and ongoing public art projects as well as ongoing maintenance.
- Community arts resources were expanded with the continued offering of the Public Art Guide, a Gallery Guide (with funding from the CVB) and continued growth of the Arts Express newsletter mailing (hard copy and online).
- Missouri Arts Council grants allowed for further development of the Stephens Lake Park Amphitheater, a collaborative with the Parks and Recreation Department, and for consultant's fees related to the update of the city's cultural plan.
- Collaborations with downtown arts efforts include support the quarterly Artrageous Fridays events and participation in a Cultural Tourism Collaborative.
- Ongoing opportunities local arts organizations and their volunteers to interact include ArtSuccess workshops and participation as a regional location for the Missouri Arts Council's statewide arts summits.

DESCRIPTION

The Office of Neighborhood Services was created in FY 2010 with existing staff from six different City Departments. The mission of the Office is to improve the quality of life for Columbia's residents through fairly and swiftly enforcing city codes related to residential life and build a sense of community by offering valuable volunteer opportunities, providing resources for neighborhood leaders to solve issues independently and managing donations support our community.

HIGHLIGHTS/SIGNIFICANT CHANGES

Programs of Neighborhood Services include addressing chronic nuisance properties, graffiti abatement, health and safety code enforcement (shared with Health), the Neighborhood Leadership Program, the neighborhood recognition program, the Neighborhood Response Team, property maintenance code enforcement in residential areas, rental housing compliance, the City's volunteer program, the Columbia Trust, the New Century Fund, and the administration of the Community Foundation of Central Missouri. It is our intent to be a resource for residents who need assistance and answers from city government and to connect them to the appropriate department or staff person.

The police officer assigned to Neighborhood Services is responsible for the Crime-Free Multi Housing Program and is the staff liaison to the Neighborhood Watch Program. He also serves as a resource to rental property owners regarding tenant screening and criminal activity in rental properties.

Focuses for our work in FY 2011 includes finding efficiencies in the rental inspection program to accomplish more with our current staff, effectively addressing nuisance structures to have them up to code or demolished, and increasing the number of cases prosecuted when a violation is found and corrections are not made in a timely manner.

DESCRIPTION

This division coordinates the promotion of volunteer opportunities within City Government. Advised by a Volunteer Working Group made up of city staff from a variety of departments, the office recruits volunteers, matches them with projects that compliment their interest and experience, and tracks their volunteer hours. The office also works on volunteer recognition activities and public relations events to promote volunteerism for City government.

In addition to general volunteer coordination, Volunteer Programs (VP) coordinates a number of specific programs including the Park Patrol, the Adopt a Spot Beautification program, Cleanup Columbia, Youth in Action, and TreeKeepers and CARP, the Columbia Aquatic Restoration Project. The office also has responsibility for the Columbia Trust and the Share the Light program and administers the New Century Fund, Inc. and the Community Foundation of Central Missouri.

HIGHLIGHTS / SIGNIFICANT CHANGES

During fiscal year 2009, 47,387 volunteer hours were reported at a value of nearly \$960,000, not including hours contributed by boards and commissions. Highlights during 2009 include the graduation of a 13th TreeKeepers program, the continuation of the Park Patrol (a community policing program for Columbia's trails), a volunteer recognition in the spring, and the 14th city-wide "Cleanup Columbia" including sponsorship by local media and businesses.

The Adopt a Spot beautification continued with 96 projects throughout the community. The division sponsored it's eighth year of Youth In Action, a summer volunteer program for youth ages 12-15. VP also works with the Office of Emergency Management to plan to handle volunteers who respond in the event of a disaster.

The office serves as a central point for those who wish to volunteer with the city and staff who can benefit from the help of volunteers. The office will work with approximately 750 new volunteer contacts in FY 2010.

VP also has responsibility for the Columbia Trust, Share the Light, and administering the New Century Fund. In May, the Trust Specialist position was filled; this staff person is working to establish the Community Foundation of Central Missouri and also manage gifts and grants received by the City of Columbia.

DESCRIPTION

Staff in Neighborhood Programs work on code enforcement related to residential life and support the efforts of neighborhood groups.

HIGHLIGHTS / SIGNIFICANT CHANGES

In FY 2010, a new team was assembled with staff from various departments (Volunteer Programs, Public Communications, Public Works and Health & Human Services) to focus on neighborhood issues and the enforcement of rental house codes with a new alignment with volunteer resources.

The draft mission of the Office of Neighborhood Services is to improve the quality of life for Columbia's residents through fairly and swiftly enforcing city codes related to residential life, offering valuable volunteer opportunities, providing resources for neighborhood leaders to solve issues independently and managing donations to support our community.

Initial programs this office will carry out include: Neighborhood Response Teams (NRT), graffiti abatement, the neighborhood recognition program and rental housing inspections. In addition, some programs that the Office of Volunteer Services led in FY 2009 will become the responsibility of this division. Those include the Neighborhood Leadership Program, Keys to the City events and board & commission training sessions.

In addition to existing programs, this division will explore efforts to strengthen neighborhoods through assistance from city staff and programs and cooperation with community groups as well as additional capacity building efforts so residents are better able to address issues independently.

DEPARTMENT DESCRIPTION

The Columbia Parks and Recreation Department oversees over 2,900 acres of park land and maintains 74 parks and recreation facilities. A wide array of sports, recreation activities, lessons, and special events are available for citizens of all ages. Open space, parks, and trails provide opportunities to enjoy the natural beauty of Columbia. The Department is organized into two divisions: Park Services and Recreation Services. The summer youth employment program, Career Awareness and Related Experience (CARE), is also administered by the Parks and Recreation Department.

DEPARTMENT OBJECTIVES

The Columbia Parks and Recreation Department is committed to delivering effective, courteous, and responsible leisure services, and to maintaining, preserving, and developing the natural resources entrusted to us. We strive to provide all citizens with a variety of high quality leisure opportunities. In delivery of these services, all participants are to be treated with fairness, dignity, and respect. To achieve these objectives, Park and Recreation staff constantly pursue excellence while attempting to provide the best possible services within resource limits placed upon the Department.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The General Fund component of this budget contains Department Administration, a portion of the Park Services Division's two principle programs, Park Management and Operations and Park Planning and Development, and the C.A.R.E. Program. The Recreation Services Fund includes funding for all recreation activities and the operation of support facilities for those activities. Revenues generated from recreation activities and facilities are deposited in the Recreation Service Fund. Recreation activity fees are used for operations while revenues from the facility user fee, golf improvement fee and recreation center improvement fee are appropriated by the City Council for capital projects. Funding is budgeted in the Recreation Services portion of the budget for the operation of the Activity and Recreation Center (ARC).

The FY 2011 budget includes the following highlights/changes: (1) An overall decrease of 1.7% from FY 2010. (2) A \$6,028 increase in temp help for the Park Management & Operations division for approx 700 add'l hrs for help with clean-up, maintenance, repair and to maintain the addition of 60 recycle bins. (3) A \$4,478 increase in temp admin help as the dept processes more purchasing transactions than any department in the City and with additional fleet entry requirements, this one day per week (416 hrs) of extra help will help offset the additional workload. (4) Reduction in materials and supplies budget by 4.2%. (5). The C.A.R.E. program is funded at FY 2010 levels including partnership funds from the Boone County Family Resources program.

City of Columbia - Parks and Recreation Dept. (General Fund)

43.50 FTE Positions

* This position is budgeted 100% in the Recreation Services Fund

** This position is budgeted in the General Fund

*** A portion of this position is in the Recreation Services Fund and in the General Fund

DESCRIPTION

The General Fund portion of the Parks and Recreation Department Budget includes Administration, a portion of Park Planning and Development, a portion of Park Management and Operations, and the C.A.R.E. Program. Additional Park Planning and Development expenses are budgeted in the Capital Projects sections of the budget. Park Management and Operations maintains recreation service facilities, and those expenses are budgeted in the Recreation Services Fund. Program areas not having revenue producing capabilities are budgeted in General Fund.

HIGHLIGHTS / SIGNIFICANT CHANGES

Significant increases are related to anticipated higher fuel and intergovernmental charges. Personnel does include a \$10,506 increase in temp help for the Park Management & Operations program for additional maintenance help.

DESCRIPTION

The Administration Division consists of the Director, Public Information Specialist, Administrative Support Supervisor, 1.50 Administrative Support Assistant III, and 1.00 FTE Administrative Support Assistant II. This division assists the public with reservations, registrations, and information. Support and assistance is provided to all other divisions within the Department to ensure the successful operation of all areas of the Parks and Recreation Program. Areas of support include budget and accounting, promotion, and the establishment of Department policies and procedures.

HIGHLIGHTS / SIGNIFICANT CHANGES

The operating budget for the Administrative Division has been reduced by 0.8% with the primary reductions being in materials and supplies (-4.2%) and utilities and services (-1.8%).

DESCRIPTION

This program targets economically, socially and academically disadvantaged youth ages 14 through 18 for career training. This is accomplished by providing educational resources to the trainee in the form of vocational training, placement with a local employer for 160 hours of work experience, and coaching trainees on the job. Wages are provided by the City of Columbia. Supervision of trainees is provided by those agencies or businesses where they are employed.

HIGHLIGHTS / SIGNIFICANT CHANGES / GOALS

This budget contains funds to maintain the program at the same level as the FY 2010. It includes partnership funding from the Boone County Family Resources to expand the CARE program to included youth with disabilities during the school year (10-12 youth and some administrative help). The budget also includes a \$5,000 grant from the Missouri Arts Council for the Out of School - CARE Gallery. Approximately, 235-245 disadvantaged youth participate annually (40-45 options program participants & 175-200 summer employment program participants). The C.A.R.E. program will continue to offer tutoring & GED assistance to a number of youth through the school year (the Options program). Increase in Personnel is due to a transfer of \$5,000 from Misc Contractual to temp help and Supplies & Materials increase is due to computer replacement.

DESCRIPTION

In the General Fund, Park Services Division, the Planning and Development Program is responsible for all parks capital improvements. Program staff identify, plan and develop recreation areas and facilities to meet the varied recreation and leisure needs of the citizens of Columbia. Also included in this division is the City's Horticulture and Forestry programs that are responsible for landscaping/forestry activities for parks, trails, public buildings, median strips, and the downtown.

HIGHLIGHTS / SIGNIFICANT CHANGES / GOALS

Significant increases are due to higher intragovernmental charges and utilities. While supplies and materials decreased 3.7% overall, this budget includes an increase of \$12,000 for trail maintenance materials. Frequency and total acres mown has been reduced to accommodate the addition of new parks. In FY 2010, the budget increases in personnel are related to the transfer of mowing responsibilities from Park Management & Operations to Horticulture.

DESCRIPTION

In the General Fund, Parks Services Division, the Parks Management and Operations Program is responsible for the management, maintenance, and operation of parks, playgrounds, indoor and outdoor recreation facilities, grounds, and support areas. The management, maintenance and capital replacement of the Parks and Recreation Department's fleet is administered by program staff. Included in this budget is the Park Ranger program.

HIGHLIGHTS / SIGNIFICANT CHANGES

Budget increases are primarily related to higher fuel and intergovernmental charges. Some supplemental funding has been budgeted to replace rolling stock equipment as per the City's replacement schedule. (1) Temp help was increased by \$6,028 for the Park Management & Operations division for approx 700 hrs of add'l help with park maintenance clean-up, repairs and to maintain the addition of 60 recycle bins. (2) A \$4,478 increase in temp admin help as the dept processes more purchasing tickets than any department in City and will have additional fleet entry requirements. (3) Supplies & Materials increase related directly to fleet fuel & oil costs.

** A portion of these positions are also budgeted in the General Fund.

*** (1) Recreation Specialist is split .25 ARC/.75 Adaptive and reports to the ARC Director

(THIS PAGE INTENTIONALLY LEFT BLANK)

DESCRIPTION

The Recreation Services Fund includes the Recreation Services Division and those costs in the Parks Services Division which are necessary for operation of facilities within Recreation Services. Recreation Services provides a broad spectrum of leisure services to meet the needs of all segments of the community. This includes group and individual programming to promote a high quality of life through positive social, cultural, psychological, emotional, and physiological development. The sections administered in the Recreation Services Division are: Sports Programming; Aquatics; Community Recreation; Golf /Concessions; Senior/Life Enrichment/Special Events Programs; Special Olympics Adaptive; and the Activity and Recreation Center (ARC)

HIGHLIGHTS / SIGNIFICANT CHANGES

In FY 2010, the Recreation Services budget had a significant number of changes, therefore this year the budget remained relatively flat. The budget reflects a \$75,000 decrease in supplies and materials with a \$22,945 increase in intragovernmental charges and \$50,344 increase in capital additions. Decrease in supplies & materials is due to ARC equipment replacements being shown as capital and not as operating expenses. Many of the replacement pieces included in the FY 2011 budget cost in excess of \$5,000 and are defined as capital rather than supplies.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DESCRIPTION

The Recreation Services Fund includes a portion of the Park Services Division expenses for the management, operation, and maintenance of the facilities operated and/or programmed by the Recreation Services Division. These area include all aquatic facilities, athletic fields, golf courses, indoor recreation facilities, and special event support. A selected portion of the fleet replacement and maintenance operations are also included in the Recreation Services Fund.

HIGHLIGHTS / SIGNIFICANT CHANGES / GOALS

Significant increases are related to higher intergovernmental charges. Proposed FY 2011 budget represents a minimal amount for supplemental equipment replacement.

DESCRIPTION

The Recreation Services Fund, Recreation Services portion, includes expenses and revenues associated with the operation of divisional programs and activities. The programming sections in this area include: Adult/Youth Sports; Aquatics; Community Recreation; Golf/Concessions; Special Olympics; Seniors; OAK Tours; Classes and Special Events; and Adapted Community Recreation (Paquin Towers).

HIGHLIGHTS / SIGNIFICANT CHANGES

Budget does reflect operating all aquatic facilities at the same hours of operation in 2011 as in 2009 and 2010. Hours of operation were reduced in 2009. Adapted Community Recreation program received an increase of \$16,000 provided by the Boone County Family Resources in FY 2010. Budget reflects the same financial support in FY 2011 from our partnership with BCFR.

DESCRIPTION

The Recreation Services Fund, Activity & Recreation Center (ARC) portion, includes expenses and revenues associated with the maintenance and operation of the Center's programs and activities. The programming sections in this area include: Center Administration; Sports; Fitness; Aquatics (ARC only); Recreation; and Maintenance.

HIGHLIGHTS / SIGNIFICANT CHANGES

This budget represents another full year (8th) of operation for the ARC and maintains services at the current level of operation. This is the sixth year that a portion of the capital improvement fees collected at the ARC will be used to replace fitness (cardio/strength) equipment. Decrease in supplies and materials is due to equipment replacements being shown as capital items and not as an operating expense. Many of the replacement pieces included in the FY 2011 cost in excess of \$5,000 and are defined as capital rather than supplies.

MAJOR PROJECTS

In addition to recreation activity fees, which fund the partial or total operating cost of a recreation program, the Department collects recreation user fees which are dedicated for capital improvements to recreation facilities such as pools, athletic fields, golf courses, Activity and Recreation Center, and other facilities.

FISCAL IMPACT

The Department is not requesting any Recreation Service User Fee funded capital projects for FY 2011. Staff is currently working on improvements to the American Legion baseball fields as funded by Recreation Services User Fee (RSR) funds in FY 2010.

DEPARTMENT DESCRIPTION

The Public Works Department operates and manages the Engineering, Street, Traffic, and Protective Inspection Divisions; Public Transportation; Columbia Regional Airport; Sanitary Sewer Utility; Parking Utility; Solid Waste; Storm Water Utility; Custodial and Building Maintenance Services; and Fleet Operations Funds. Also, the Department is responsible for plans and specifications, contract management, and inspection of all public improvements made by the City of Columbia to ensure that the improvements are completed according to the specifications on a timely basis and in the most cost effective manner possible.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

- Quality of life issues will continue to be a high priority for the Public Works Department. There will be continued emphasis placed on protection of water quality from storm water run off with the EPA Phase II Storm Water Regulations. Construction has begun on some major roadway projects; Mexico Gravel Road from Hinkson Creek to Route PP and the Old Route K Bridge over Hinkson Creek. Construction continues on Scott Boulevard from Smith/Rollins southward to Brookview Terrace with anticipated completion in spring 2011.
- A Major roadway project that will start construction in fall 2010 is Clark Lane from Ballenger to St. Charles Road. Other 2011 projects include Rolling Hills Road from the extension from Old Hawthorne to Richland Road and Scott Phase II from Vawter to Route KK. These roads are currently in preliminary design stage.
- Highlights of the coming year are to be the continued implementation of the five year street Capital Improvement Plan, continued work on various sewer districts throughout the city to eliminate private sewers, on-site septic tanks and lagoons, continued implementation of the April 2008 sewer bond with construction of the Wastewater Treatment Plant.
- Public Works will continue to work closely with MoDOT and the FAA on all aspects of state and federal funding and maximizing use of existing commercial air service and obtaining additional air transportation and work towards improving the one stop system in Building and Site Development. Construction of a fifth garage in the downtown area at 5th & Walnut to be completed in late 2010. Staff will aggressively seek to supplement limited local resources with grants that are appropriated to the department's mission and will continue efforts to interactively communicate with the public in order to better understand and respond to the public's needs.

DEPARTMENT DESCRIPTION

The General Fund Public Works Operations are charged with the traditional municipal public works functions of street, sidewalk, traffic system maintenance and operations, as well as building and construction inspections. In addition, engineering, survey, and right-of-way responsibilities are located in this office. Coordination, inspection and management of all public improvements are done through this office.

DEPARTMENT OBJECTIVES

Administration & Engineering: Design, construction and management of the public infrastructure in a professional and cost effective manner.

Streets: To ensure all city streets are safe and passable to the traveling public.

Traffic: Provide, improve and maintain traffic control devices to allow the safe and efficient movement on city streets.

Parking Enforcement: Create and assure parking turnover in the City's enforcement areas. Enforce the no parking regulations in hazardous locations. Generally, enforce all parking ordinances in the central business district.

Building and Site Development: Protection of the public by assuring compliance of all building, rental housing, zoning, sign, and subdivision codes through the city. This division was previously called Protective Inspection.

City of Columbia - Public Works Administration & Engineering

25.60 FTE Positions

* Positions are budgeted in various Public Works divisions/funds or CIP.
** (1) Engineer II and Senior Planner - Listed on the Non-Motorized Grant page

DESCRIPTION

The Administration section provides management of all divisions and functions of the Department including Engineering, Building and Site Development, Streets, Traffic, Transit, Regional Airport, Sanitary Sewer, Parking, Solid Waste, Custodial and Maintenance Services, Fleet Operations, Public Improvements, and Right-of-Way acquisition. The Engineering Division provides survey, design, contract administration and inspection of various public improvement projects, reviews of subdivision improvements, issuance of permits and inspection of all construction on public right-of-way.

HIGHLIGHTS / SIGNIFICANT CHANGES

The following projects are in right-of way negotiations for bidding in fall/winter 2010, Clark Lane from Ballenger to St. Charles Road, Worley Street Sidewalk, and Texas Sidewalk. These projects have had public hearings and are identified for construction in 2010/2011. Rolling Hills Road from the extension through Old Hawthorne to Richland Road will start in right of way negotiation fall 2011.

The remaining sales tax projects are in various stages of design. Both Scott Boulevard from MKT to Vawter and Scott Boulevard from Vawter to Route KK have been surveyed and preliminary design has begun.

The Burnam-Rollins-Providence intersection project is in the concept design and public involvement stage, a public hearing is expected in fall 2010 or spring 2011.

Maguire/Warren Extension is in early design phase and the construction has not been budgeted.

*In FY 2011 (2) Engineering Supervisors were reclassified to Engineering Managers.

^ A portion of these positions are budgeted in the Capital Improvements Fund.

DESCRIPTION

The Non-Motorized Grant Section is a pilot project mandated by federal legislation to develop a network of transportation facilities, including sidewalks, bicycle lanes, and pedestrian and bicycle trails with the purpose of demonstrating how much walking and bicycling can replace car trips.

HIGHLIGHTS / SIGNIFICANT CHANGES

The City has been receiving funds from the Federal Non-Motorized four year grant program from federal FY 2006 through FY 2009.

Major projects funded by this grant include sidewalks and pedways, trails, intersections, promotion & education, striping of bike lanes and routes, and installation of bike racks at various locations around the city.

The program, GetAbout Columbia, completed three intersection projects; Stadium/Forum, Stadium/Providence and Providence/Stewart Road and three short sidewalk projects. The Providence Bikeway South (Rock Bridge Elementary School to Green Meadows Road), Stadium Sidewalk (Providence to College), two connectors to Bear Creek Trail and the Providence /Green Meadows intersection are in various stages of construction.

Projects in the construction bid cycle include the Garth MKT connector, Providence sidewalk (Smiley to Blue Ridge), Broadway sidewalk (Fairview to Stadium), 763 sidewalk (Business Loop to Big Bear Blvd), and County House Trail. Projects still in design and scheduled for construction through 2011 include reconstruction of the Providence Road and Business Loop intersection, a signalized crossing of Providence at Douglass School, the Walnut Street sidewalk (Williams to Old Hwy 63), MKT trail connections to Greenbriar and Katy Place, Hominy trail, and the Old Hwy 63 pedway. The MKT trail connection at Wilson's and Forum Blvd and the Wabash Walkway (COLT trail) contingency project still require scope resolution and engineering.

The Grant also funded a supplemental contract for promotion and educational programs.

City of Columbia - Public Works Streets Department
39.35 FTE Positions

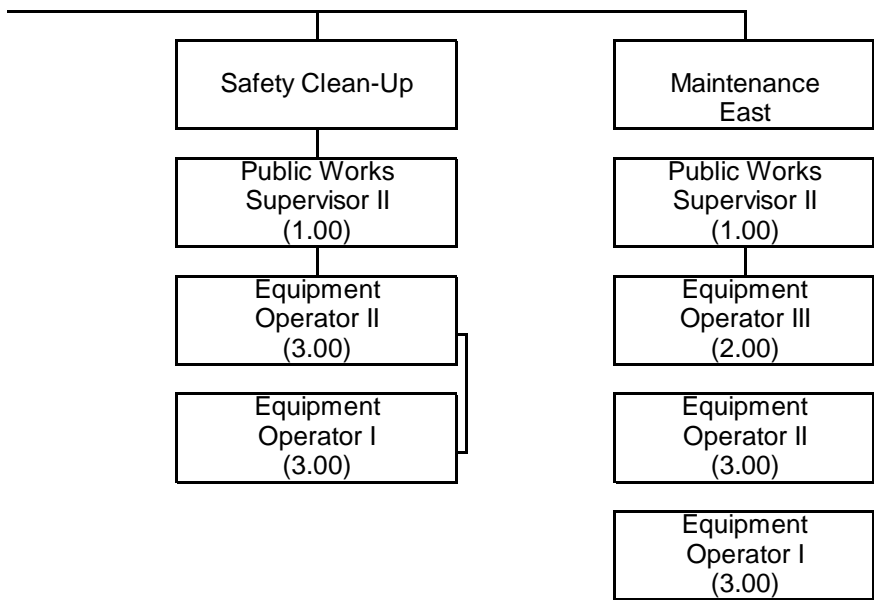

* Position not included in Street Department's FTE count.
** Positions are budgeted in various Public Works divisions and/or funds

(THIS PAGE LEFT INTENTIONALLY BLANK)

DESCRIPTION

The Street Division provides maintenance of 23.05 miles of unimproved streets and 465.34 miles of improved streets, snow removal on all City streets, mechanical and manual street cleaning, mowing of public right-of-ways, and utility service cut repairs. The Traffic Maintenance Division fabricates, installs and maintains approximately 20,000 traffic control and street names signs, paints 1,040,000 feet of pavement striping, paints curbs/crosswalks/symbols, and provides traffic signal maintenance.

HIGHLIGHTS / SIGNIFICANT CHANGES / GOALS

Continued emphasis will be given to our normal street maintenance program, including asphalt overlay and seal coating of improved streets. A total \$1,000,000 will be available for contractual street maintenance work to maintain the overall streets during FY 2011. The Street Division owns, operates and maintains an asset management system that permits timely analysis of maintenance costs and infrastructure condition.

City of Columbia - Public Works Building and Site Development
18.33 FTE Positions

* Position not included in division's FTE count

**Positions are budgeted in various Public Works divisions and/or funds

DESCRIPTION

Building and Site Development is committed to responding to our community's building safety needs in order to deliver an effective and efficient system of services, which minimizes risk to life, health and property.

Staff is responsible for issuing residential and commercial permits for new construction, repair, alterations, etc. Additionally, all business license applications are reviewed by this division. This activity assures proper zoning, and building use prior to issuance of a business license.

HIGHLIGHTS / SIGNIFICANT CHANGES / GOALS

- * Building and Site Development is continuing to develop the one stop process for commercial plan review. Currently the division is working alongside other city divisions, as well as the design professional community to develop a system that allows small, less complex commercial projects to be reviewed and permits issued within days rather than weeks.
- * Responding to citizen concerns and complaints remains a top priority for this division. To assist with processing complaints, staff has developed a tracking system to assure all complaints that come into the office are addressed and resolved in a timely manner. Additionally, while this division makes every effort to assist citizens with their concerns by addressing them directly, some must be forwarded to other divisions. This division has also developed follow up procedures to assure all citizen concerns are responded too.
- * Building inspections will continue to be provided twice daily. Laptop computers will allow inspectors to respond to code questions in the field. Additionally, inspectors will be able to enter results from the field.
- * Staff members also provide assistance to volunteer trade boards for electrical, mechanical, and plumbing as well as the building construction codes commission, and the board of adjustment.

City of Columbia - Public Works Parking Enforcement

4.00 FTE Positions

* Positions not included in Parking Enforcement's FTE count.

DESCRIPTION

The Parking Enforcement Division is responsible for administering the parking ordinances of the City via parking control enforcement in the central business district and the metered University streets. The Parking Enforcement Section is responsible for enforcing the parking and loading zone ordinances adopted by the City Council, which seek to ensure adequate parking for downtown employees, customers, and businesses. This division works with the City Prosecutor's office, affected businesses, and consumers in the identification and mitigation of problematic enforcement zones.

HIGHLIGHTS / SIGNIFICANT CHANGES

Emphasis will continue on enforcing parking ordinances to optimize parking in the downtown and university areas, thereby improving traffic flow and enhancing the economic viability of the central business district. Special emphasis will continue toward ensuring that the public is aware that the hours of operation for all parking meters, garages and lots is 8:00 am to 6:00 pm and that parking is enforced during those hours Monday through Saturday.

City of Columbia - Public Works Transportation

37.85 FTE Positions

* Positions not included in Transportation's FTE count.

** Positions are budgeted in various Public Works divisions and/or funds

DEPARTMENT DESCRIPTION

Columbia Transit (CT) operates to provide public transportation to as many citizens as possible at the lowest possible cost, while maintaining timely and dependable service.

DEPARTMENT OBJECTIVES

To provide mass transportation to as many citizens as possible, at the lowest possible cost, while maintaining timely and dependable service.

APPROPRIATIONS

(THIS PAGE INTENTIONALLY LEFT BLANK)

DESCRIPTION

This Division is responsible for all transit services except contracted University Shuttle and Para-transit services. Scheduled transit service is provided on four cross town routes and on a.m./p.m. commuter routes. Special services are offered during MU home football games.

HIGHLIGHTS / SIGNIFICANT CHANGES

Ridership continues to show a steady increase and peaked in 2009 at over 2 million. 2010 is experiencing a very slight decline. CT has taken receipt of five new 40 foot buses, and has an earmark for two more 40 foot and one 35 foot bus with expected delivery in September 2011.

A Transit Advisory Commission was established in 2010. Staff will work with this new commission to update the Master Plan. Significant route improvements are being implemented in August 2010, reaching to many areas of the community not previously served. CT will continue to provide service to off-campus apartments via the Gold and Cottages Fixed Routes through private public partnership with these facilities. A new three year contract was signed with one establishment in 2010. Two others need to be renewed in 2011. A total estimated ridership of 1,100,000 is anticipated in FY 2011.

DESCRIPTION

The Para-transit system provides service to persons with a disability that prevents them from riding the regular fixed route buses. This service is supplemental to the fixed route service and is required by the Americans with Disabilities Act (ADA).

HIGHLIGHTS / SIGNIFICANT CHANGES

This system provides "curb to curb" service and is demand responsive. Users of the system must be certified as ADA eligible. The system provides service to certified riders anywhere within the City; however, users inside the ADA para-transit service area have priority over users outside the ADA para-transit service area. Para-Transit service is provided by eight mini-buses that are lift equipped. CT has a grant earmark to expand this fleet by two in 2011. CT will work to receive additional funding, should subsequent stimulus grants become available, to replace all para-transit vans overdue for replacement. Non-emergency medical clients are also served by this system. For FY 2011, CT estimates ridership to increase to approximately 34,500.

DESCRIPTION

This service provides transportation service from outlying University parking facilities to designated University campus areas, and is reimbursed via contractual agreement with the University.

HIGHLIGHTS / SIGNIFICANT CHANGES

The University of Missouri continues to experience record enrollments and must lease space from off-campus housing. CT contracts to provide increased hours of operation and provides bus services to and from the central campus area and to & from peripheral parking lots for both University students and employees. The daytime shuttle service utilizes eight vehicles. Evening shuttle service to off-campus student housing uses three vehicles. Campus handicapped accessible service uses one mini-bus to provide service via this contract. University Shuttle ridership is expected to be over 940,000 in 2011.

MAJOR PROJECTS

Columbia Transit continues to update its fleet and facilities by appropriating local funds with available FTA grants. CT will continue to explore options for Commuter Route transfer station locations, as well as, commission a feasibility study for a new operations center. Improved routing implemented in 2010 now provides service to the North East corridor.

HIGHLIGHTS / SIGNIFICANT CHANGES / GOALS

- Purchase two 40 ft buses, one 35 ft bus and two expansion Paratransit vans in the Fall of 2011 using funds from an earmarked grant.
- Seek funding to purchase and install 43 automated vehicle locator (AVL) systems, solar lighting systems for our shelters and benches, and farebox motherboard upgrades.
- Seek funding for scheduled replacement of Paratransit vans.
- Seek funding for purchase and installation of additional shelters and benches.
- In 2010, CT made application for these & other capital items via the "State of Good Repair" Notice of Funding Availability (NOFA).

FISCAL IMPACT

Columbia Transit attempts to maintain a prudent replacement schedule to ensure a fleet that does not require extensive resources to maintain. The replacement of vehicles is greatly influenced by the availability of federal funds as well as local funding.

City of Columbia - Public Works Regional Airport

17.20 FTE Positions

* Position not included in Airport's FTE count.

** Positions are budgeted in various Public Works divisions and/or funds

(THIS PAGE INTENTIONALLY LEFT BLANK)

DEPARTMENT DESCRIPTION

The purpose of the Columbia Regional Airport is to provide safe and usable Airport facilities for the operation of commercial, general aviation and military aircraft, and to foster and create a healthy environment so that the community may access the national air transportation system and promote the economic growth of the region.

DEPARTMENT OBJECTIVES

To prudently protect the taxpayers' investment by managing the Airport in strict accordance with Federal Aviation Administration and Transportation Security Administration regulations by providing a certified airport which consists of a fully staffed fire and law enforcement office, maintenance, and administration. To offer a safe, serviceable, and attractive place for air travelers, commercial airlines, general aviation, charter services, air cargo, and supporting tenants; and to implement innovative ways to increase revenues, procure new commercial, cargo and general aviation services, and increase the traffic flow through the facility.

DESCRIPTION

Airport Administration is responsible for the overall operation and management of the Columbia Regional Airport. As part of the Public Works Department, Airport Administration works closely with other City departments, the Missouri Department of Transportation (MoDOT), the Transportation Security Administration, and the Federal Aviation Administration. Airport Administration is responsible for negotiating and managing Airport real estate leases, concessionaire contracts, and collecting Airport revenues. Airport Administration handles public relations activities, Airport improvement and development projects, and oversees the operation of the Public Safety and Airport Maintenance Programs.

HIGHLIGHTS / SIGNIFICANT CHANGES

The top priorities will continue to be maximizing use of existing commercial service, obtaining additional commercial service to Columbia Regional, increasing cargo and general aviation operations, and looking for alternative revenue streams to support general operations. Pinnacle Airlines, doing business as Delta Connection through a DOT Essential Air Service (EAS) contract, started operations in August 2008 with nonstop service to Memphis International Airport. The EAS contract expires at the end of August 2010 and Delta has agreed to continue to provide the services subsidy free. The airport was also able to secure a second MoDOT Aviation Trust Fund grant for commercial air service marketing that has enabled the airport to market to a greater section of mid-Missouri and utilize television ads as well as print media and radio. Administrative staff has also been working closely with Reynolds, Smith & Hills consulting firm on the Airport Master Plan Update, which was completed and approved by the City Council in 2009 and forwarded to the FAA for approval.

Airport Administration will continue to work closely with the FAA and MoDOT Aviation on all aspects of state and federal funding and continuous updating of Airport Improvements Program (AIP) projects. Staff will also be working on the retention and expansion of current tenants and marketing to acquire new tenants, either aviation or non-aviation related.

DESCRIPTION

The duties of this Program are to assure that the runways, taxiways and other airfield operating areas are maintained in accordance with FAA standards with regard to safety and airfield maintenance. This includes airfield lighting, pavement maintenance and marking, snow removal, and safety area maintenance. In addition, this Program is responsible for the overall maintenance and upkeep of the City-owned Airport buildings, including two terminal buildings, the Automated Flight Service Station and backup generator building, maintenance buildings, roads, fences and adjacent land areas. The Program also maintains Airport vehicles and equipment, and is responsible for training operating personnel. During aircraft emergencies and fire fighting, the maintenance personnel assist Airport Public Safety personnel.

HIGHLIGHTS / SIGNIFICANT CHANGES

Airfield Maintenance has continued to maintain the operating areas of the airfield (runways, taxiways and aprons) in accordance with FAA standards. An update to the existing Airport Master Plan was completed in 2009 and submitted to the FAA for review and comment. The focus of the Master Plan was to determine the existing condition of the airfield pavements and to make recommendations as to what reconstruction is needed and what type of runway extension projects should be considered for the facility.

DESCRIPTION

The duties of the Terminal Area personnel are to maintain all facilities and provide custodial services to ensure the terminal buildings and areas are clean, well maintained, neat and safe for the general public's use.

HIGHLIGHTS / SIGNIFICANT CHANGES

The terminal buildings are 40 years old and require constant attention to maintain both the buildings and adjacent areas in a manner which reflects well on the City and the Airport. Continued efforts will be directed toward maintaining the high standards met in the past. New lobby seating was installed in FY 2010 and updates to the main terminal will continue as long as funding is available.

DESCRIPTION

Airport Safety has three primary duties: to provide crash, fire and rescue services in the event of an aircraft fire; to provide traditional fire and law enforcement protection at the Airport facility in accordance with FAA and Transportation Security Administration (TSA) regulations, City ordinances, and State statutes; and to control Airport compliance with FAA's airport certification requirements.

HIGHLIGHTS / SIGNIFICANT CHANGES

Continued emphasis will be placed on training in fire, crash rescue and law enforcement techniques to ensure compliance with FAA and TSA requirements. Airport Safety Officers are triple qualified; they are commissioned City of Columbia Police Officers, Certified Aircraft Rescue Fire Fighters, and Certified First Responders. FAA and TSA security regulations require great emphasis on Airport access security and continued attention to operational and safety matters. Current TSA requirements mandate increased presence of law enforcement personnel whenever airline passenger and baggage screening operations are being conducted in preparation for commercial flights, greatly increasing the demands on the Public Safety Office. In addition, national homeland security and counter-terrorism requirements have significantly increased Safety Office responsibilities in all areas of general airport and property security.

DESCRIPTION

With no personnel assigned primarily to this duty, all hands participate in snow removal efforts - Airport Maintenance, Airport Safety and the Airport terminal personnel. Airport Safety personnel on watch assist the custodians in snow removal efforts around the terminal and aircraft rescue, and fire fighting equipment building. Airport maintenance personnel operate the snow plows, runway sweeper, and snow blower.

HIGHLIGHTS / SIGNIFICANT CHANGES

The effect snow and freezing rain have on airfield operations are a continual challenge for the maintenance staff. The use of urea for ice melting purposes has significantly improved snow removal operations so that the airfield can be utilized more quickly after a winter weather event. Snow removal operations will continue to be monitored closely and modified as necessary to ensure continued safety with little to no impact on operations.

MAJOR PROJECTS

Completion of the Airport Master Plan update will be a top priority in FY 2011. Funding and construction phasing of runway rehabilitation and extension projects will be the emphasis of the master plan. Major project for 2011 will be the design expansion for crosswind RW and parallel TW.

FISCAL IMPACT

Funding for the FY 2011 projects will come from FAA grants and Transportation Sales Tax.

DEPARTMENT DESCRIPTION

The Sewer Utility is charged with the responsibility to protect the public health and to ensure minimal impact upon the aquatic environment by adequate collection and treatment of wastewater within a regional area including Columbia. This is achieved by engineering review of proposed and existing facilities and through effective and economical operation and maintenance of collection and treatment systems.

DEPARTMENT OBJECTIVES

To ensure new construction meets current Federal, State and City requirements. To provide the lowest practical cost for maintaining sanitary sewer facilities and resources. To provide proper treatment of wastewater by complying with the standards imposed for effluent discharge to the environment. To provide a prudent, reasonable, and responsible approach to meeting the objectives through careful management of the material and human resources provided for that purpose.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DESCRIPTION

Guidance for the overall Utility operation and maintenance functions is provided by the Administration Section.

HIGHLIGHTS / SIGNIFICANT CHANGES

The average daily flow received at the wastewater treatment plant for FY 2011 is expected to be about 16.5 million gallons per day. Bids were opened, contracts were awarded and construction of the Columbia Regional Wastewater Treatment Facility Improvement project began in FY 2010. This wastewater treatment plant project is expected to be completed in August 2012. Construction of the Clear Creek Pump Station and Force Main project began in FY 2010 and is expected to be completed in FY 2011. The Upper Hinkson Creek Outfall Relief sewer project was completed in FY 2010. Interconnections with the Boone County Regional Sewer District (BCRSD) to eliminate their wastewater treatment facilities that discharge to waterways that flow through the City of Columbia are projected to continue. In addition to working with BCRSD for sewer interconnections, O&M management assistance to BCRSD under an agreement executed in August of 1990 is expected to continue through FY 2011. At the beginning of FY 2010, over 3,100 BCRSD customers were wholesale treatment customers of the Sewer Utility. There will be a 13% rate increase in FY 2011 based on the April 2008 ballot issue projects plus a 2% raise for operating expenses bringing the total rate increase to 15%.

DESCRIPTION

The Engineering Section of the Sewer Utility is responsible for the planning and design of various sewerage improvements such as sewer districts, trunk sewer extensions, pump stations and wastewater treatment facilities. This work includes preparation of construction contract documents; i.e. plans and specifications, construction inspection, supervision and providing assistance in easement acquisition. Sanitary sewer plans for private development are reviewed to ensure conformance with City and State rules, regulations and standards. All sanitary sewer plans, maps and other reference documents are maintained and updated for use by contractors, developers, realtors and the general public.

HIGHLIGHTS / SIGNIFICANT CHANGES

Design work continues on various sewer districts throughout the City to eliminate private sewers, on-site septic tanks and lagoons. The Upper Hinkson Relief Sewer, Wetland Treatment Unit # 1 Berm Repair, Sewer District #148- Garth Avenue Sewer District 159-South Route K, Sewer District #142-Anthony Street, Sewer District #162-Valley View projects were completed in FY 2010. Work continues on 100 acre point sewers as necessary. Approximately 17,000 linear feet of existing sanitary sewer lines were rehabilitated by no dig methods during FY 2010. City wide manhole inspection program moves into year four and approximately 2,500 manholes were inspected in FY 2010. Approximately 350 manholes were rehabilitated in FY 2010. Bids were opened, contracts were awarded and construction of the Columbia Regional Wastewater Treatment Facility began in FY 2010. Construction of the Clear Creek Pump Station and Force Main Improvement, North Grindstone Outfall Sewer Extension Phase I, Sewer District #163- Ballenger & Aztec, Sewer District #164- Manor Drive, Sewer District #167- Timber Hill Drive projects began in FY 2010. Final design of the Upper Hinkson Creek Outfall Sewer Extension Phase 1, Hominy Branch Outfall Relief Sewer, and North Grindstone Outfall Sewer Extensions Phase II & III will continue in FY 2011.

* A portion of these positions are budgeted in the Capital Improvements Fund.

DESCRIPTION

Operation of the Columbia Regional Wastewater Treatment Plant (WWTP) is provided 24 hours per day, 7 days a week by three shifts. Responsibility for adequate treatment of wastewater and wastewater biosolids (sludge) rests with the Plant Operations section. Operations also conducts tours of the WWTP and constructed wetlands. The Field Operations section is responsible for the operation of the Wetlands and the effluent pumping station located adjacent to the MDC Eagle Bluffs Wildlife Area, plus the wastewater treatment and spray irrigation system at the Columbia Regional Airport. The Plant Maintenance section performs breakdown and preventative maintenance on Plant equipment and all field facilities, makes modifications and new installations as needed, is responsible for care of buildings, and provides routine operation of twenty-two wastewater pumping stations located in the Columbia area. The Sludge Management Program is responsible for the ultimate disposal of the anaerobically digested biosolids by land application and for annual reporting to MDNR, as well as grounds maintenance at the WWTP, wetlands and field facilities. The Laboratory Section performs process control testing, MDNR monitoring and compliance reporting for the WWTP, and field sampling for the Biosolids and Pretreatment Programs. Industrial pretreatment management is also provided by the Laboratory section.

HIGHLIGHTS / SIGNIFICANT CHANGES

Black & Veatch Consulting Engineers completed the design for the upgrade of the Wastewater Treatment Plant in FY 2009. The upgrade was necessary to serve the growing population of Columbia and address more stringent wastewater treatment requirements to ensure compliance with Missouri operating permit standards. The design also includes methods to improve odor control at the wastewater plant. Construction of the plant upgrades began in January 2010 and is anticipated to take approximately three years to complete.

An additional Wastewater Operator I and Utility Maintenance Mechanic II position will be added to the FY 2011 budget. These positions are a phase-in of the additional staff that will be needed once the Wastewater Treatment Plant upgrades are completed.

**In FY 2011 the union affiliation was added to this position.

DESCRIPTION

The Sewer Maintenance Section is responsible for the maintenance of approximately 670 miles of sanitary sewer pipe. This involves routine cleaning of sanitary sewer pipe; routine internal television inspection of pipe; repair and/or replacement of pipe and manholes; and investigation of complaints and correction of problems identified.

HIGHLIGHTS / SIGNIFICANT CHANGES

The emphasis this year will be to work with Sewer Engineering to develop and implement an Inflow and Infiltration (I & I) Assessment and Reduction Plan. The objective of the plan will be to eliminate, to the extent feasible, wet weather sewer overflows (SSO's) and water in basement (WIB) back-ups. The I & I Assessment and Reduction Plan will include: developing guidelines and procedures; conducting investigations; monitoring and documenting inflow data; and determining and implementing cost effective solutions.

**In FY 2011 the union affiliation was removed from this position.

MAJOR PROJECTS

Voters approved a 77 million dollar revenue bond issue in April 2008. Several improvement projects will be funded by the bond issue over the next five years. Projects include improvements to the Columbia Regional Wastewater Treatment Facility, repair and rehabilitation of older sewers, economic development extension and extending main sewer trunk lines to the 100 acre point in developing drainage basins to eliminate or prevent sewer discharges into creeks flowing through the City.

HIGHLIGHTS/GOALS

The CIP projects that are anticipated to be completed in FY 2011 include the North Grindstone Outfall Sewer Extension Phases I & II, Hinkson Creek Siphon Elimination project, Cascades Pump Station project, Clear Creek Pump Station and Force Main Project, Gans Creek Pump Station Project, and 100 acre point trunk sewer extensions. Construction work for the Columbia Regional Wastewater Treatment Facility Improvement began in FY 2010 and is expected to be complete in the summer of 2012. Design work will continue on the North Grindstone Outfall Sewer Phase III, Hominy Branch Outfall Relief Sewer and the Upper Hinkson Outfall Sewer Extension Phase 1. Construction will be started and/or completed on several sewer district projects in FY 2011, such as Sewer District #161-Stewart-Ridge, Sewer District #168-South Country Club Drive, Sewer District #169-Edgewood-Westwood, PCCE #13-Hunt Court, PCCE #15-Anderson. Design work will also continue on several other Sewer District projects that will eliminate private common collector sewers and on-site systems. It is also anticipated that the Sewer Utility will complete another sewer main and manhole rehabilitation by "no-dig" methods project in FY 2011.

FISCAL IMPACT

In order to pay back the 2008 revenue bonds, a rate increase of 15% will be implemented in FY 2011.

City of Columbia - Public Works Parking Facilities

7.85 FTE Positions

* Positions not included in Parking's FTE count

** Positions are budgeted in various Public Works divisions and/or funds

(THIS PAGE INTENTIONALLY LEFT BLANK)

DEPARTMENT DESCRIPTION

The Parking Utility operates, maintains and administers five parking facilities, 10 surface lots as well as on-street parking meters. It is responsible for the collection of income from the facilities, the collection and data preparation of parking and parking facility studies, plus the installation and maintenance of the parking meters, gates, attendant buildings and other facilities.

DEPARTMENT OBJECTIVES

To provide and maintain convenient and adequate parking, both on-street and off-street, in the downtown business district. To collect income from parking facilities for the maintenance and operation of these facilities and provide financing to additional facilities, as needed.

DESCRIPTION

The Parking Utility operates, maintains and administers five parking facilities, 10 surface lots as well as on-street parking meters. It is responsible for the collection of income from the facilities, the collection and data preparation of parking and parking facility studies, plus the installation and maintenance of the parking meters, gates, attendant buildings and other facilities.

HIGHLIGHTS / SIGNIFICANT CHANGES

Working with the downtown business district, the Parking Utility works to ensure that the present and future parking needs in downtown Columbia are met. All meters in the business district and University campus have been converted for the EZ Park Card. The Parking Utility sells the reloadable EZ Park cards on the third floor of the City Daniel Boone Building and Utility Accounts office, the Turner Garage on the University campus and the Boone County Government Center.

Design and development is complete and construction begins on a new mixed use parking garage located at 5th & Walnut. It is scheduled for completion in the fall 2010. The Plaza Garage will continue to see preventive care maintenance and upgrades. The cove seals will be replaced this year. The entrance/exit gates, the ticket dispenser, and the permit card readers will all be replaced this year. The City Ramp will see the replacement of the expansion joints. FY 2011 will also see significant structural repairs made to the 10th & Cherry garage.

City of Columbia - Public Works Solid Waste

88.05 FTE Positions

* Positions are budgeted in various Public Works divisions/funds or CIP

(THIS PAGE INTENTIONALLY LEFT BLANK)

DEPARTMENT DESCRIPTION

This utility is dedicated to the management of resources for the protection of public health. Human resources are managed to provide efficient refuse and recycling collection, material recovery, and disposal services utilizing sound engineering practices. Natural resources are managed through education, reuse and recycling for the protection of the environment.

DEPARTMENT OBJECTIVES

To provide an efficient collection, material recovery, and disposal service while protecting the environment.

DESCRIPTION

The Solid Waste Utility is responsible for the management of waste using sound engineering practices to protect human health and the environment. Administrative duties include keeping abreast of new regulations, designing waste and recyclables collection systems, collecting waste and recyclables, processing and marketing recyclables, landfilling and managing human resources.

HIGHLIGHTS / SIGNIFICANT CHANGES

Implementing and managing the newly permitted bioreactor landfill with emphasis on sustainability.

Installation of an energy loop utilizing waste heat produced by the electric generators at the landfill to heat the buildings at the landfill and material recovery facility will be completed for the FY2011 heating season.

Recycling bin pilot program will end in February 2011.

The 10 year solid waste vision plan is going into it's 4th year and successfully implemented the following: bioreactor landfill is fully operational, voucher system to replace route distribution of plastic bags, yard waste collected with trash, new fueling station for landfill, expansion of the landfill operation center, and an aggressive equipment replacement schedule. New landfill disposal cell #5, will be constructed this year.

DESCRIPTION

Commercial collection provides waste removal services and recycling services from small single offices to large manufacturers. Services and equipment are available that range from a single bag for small generators to large 40 cubic yard compactors for manufacturers.

HIGHLIGHTS / SIGNIFICANT CHANGES

Roll-off service is seeing increased competition from private companies. Front and rear loading containers for commercial accounts and route efficiencies will be the focus for our permanent commercial container recycling and trash services.

DESCRIPTION

Residential solid waste services include collection of refuse, recycling, yard waste and white goods from single family and multiple residential units.

HIGHLIGHTS / SIGNIFICANT CHANGES

Residential route efficiencies will be the focus this year. Maintaining a balance on the routes is a challenge with our current rate of growth. Collection day changes may need to be made for some of the residents to balance routes.

DESCRIPTION

Columbia Sanitary Landfill operates using environmentally sound engineering practices for disposal of municipal solid waste while complying with state and federal regulations. A 15- acre Compost Facility is operated on the landfill property and two half-acre mulch drop-off sites are maintained in town.

HIGHLIGHTS / SIGNIFICANT CHANGES

Total tons received at the landfill for fiscal year 2009 was 146,289. Tonnage is down approximately 20,000 tons, due to the economy. This decrease represents about \$640,000 in revenue.

Disposal Cell #4 is being filled and operated as a bioreactor under a Research Design & Development Permit. Cell #5 is being designed and will be constructed during the summer of 2011.

Water & Light Dept. completed its second year of operating a bioenergy plant using landfill gas for electrical generation. Water and Light pays Public Works for the volume of landfill gas utilized in electrical generation.

Two equipment bays were added to the landfill operation center to allow room for equipment and container maintenance.

The Compost Facility continues to operate at or near capacity. Annual tonnage for FY09 was 8,150. Finished compost is sold to customers @ \$12/c.y. + tax, or \$8/c.y. + tax for quantities greater than 100 c.y. purchased within each calendar month. Food waste composting is pending approval by DNR, but should begin this fiscal year.

DESCRIPTION

Contract collection of waste from all the facilities on the MU campus.

HIGHLIGHTS / SIGNIFICANT CHANGES

The City and University have been worked closely on an amendment to the contract that was renewed effective January 1, 2010. Recycling service was added to the contract.

University beverage container recycling collection began in August 2009. Office paper recycling began in September 2009. The University receives revenue from the sale of recyclables.

City staff continues to work with university personnel to increase efficiencies in solid waste services on campus by placement of compactors in lieu of dumpsters.

The City works closely with the University, MU Athletics and Sustain Mizzou on special event recycling.

The City is also working with the University to provide collection containers for Tiger Treasures. Tiger Treasures is a partnership with the University and United Way agencies. This program sells the reusable materials residential students leave behind to the public. Over 15 tons of material were collected.

DESCRIPTION

This program includes weekly collection of commingled recyclables from residential units, daily collection of commingled recyclables from 10 drop-off locations (including the University of Missouri and Columbia College sites), 10 apartment drop-off containers rotated among 30 apartment complexes, bi-monthly (April through November) collection of household hazardous waste, and weekly collection of major appliances, and yard waste. The Public Works Volunteer Program utilizes over 3,900 volunteer hours per year in waste reduction activities such as Adopt - A -Spot litter control, household hazardous waste greeters, mulch site aides, worm loan aides, composting workshop leaders, special cleanups, and various other waste reduction projects. The Material Recovery Facility (MRF) sorts and processes for marketing the incoming recyclables the city collects as well as recycling brought in by private haulers.

HIGHLIGHTS / SIGNIFICANT CHANGES

The Material Recovery Facility received 9,026 tons of recyclables during FY 2009. The facility processes material 50 plus hours per week, primarily with temporary labor. Sorted cardboard, newspaper, office paper, chipboard, aluminum, steel cans, and plastic bottles are baled and marketed. Glass is crushed and used as sand and 1/4" cullet in various projects.

Recycling markets follow the economy and slowly improved this fiscal year.

Six new recycling trucks were purchased this year. Residential recycling picks up only dual stream from the curb, since obtaining our bioreactor permit.

Convenience store beverage container recycling includes 41 locations with a total of 149 bins located throughout the City.

Non-residential recycling program implemented in FY05 continues to expand, providing services to approximately 150 businesses. Commercial Recycling provides recycling collection service to Stephens College and the University of Missouri-Columbia campuses.

Three Mid MO SWMD grants and the corresponding City match purchased 4,250 bins for a blue bin recycling pilot, 57 bins for use in the City's Special Event program and 40 rear loading containers for the Commercial Recycling Program.

A pilot program to explore replacing bags with bins for recycling will end in February 2011.

The Household Hazardous Waste collection serviced 3,625 cars in 2009 and collected 125,903 pounds of material.

The Volunteer Program continues to support the Adopt-A-Spot Litter Control program, with 98 active groups. These dedicated volunteers donated over 3,000 hours to keep our city clean. There were 5,726 total volunteer hours donated in FY2009.

MAJOR PROJECTS

The Landfill Gas To Energy project completed it's first year of operation. Cell 4 began accepting waste as a Subtitle D disposal cell in Jan. '08 and became permitted for operation as a bioreactor cell April of 2009. Cell 5 will need to be constructed in the coming fiscal year.

CIP projects scheduled for fiscal year 2011

\$3,830,000 for Landfill Cell #5

FISCAL IMPACT

Minimal impact on operations.

City of Columbia - Public Works Storm Water Utility

6.40 FTE Positions

* Positions not included in Storm Water's FTE count.

** Positions are budgeted in various Public Works divisions/funds or CIP.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DEPARTMENT DESCRIPTION

The Storm Water Utility operates through funding approved by voters in April of 1993. Funding sources include development charges on new construction and Storm Water Utility charges on existing improved properties. The Storm Water Utility was established to provide funding for the implementation of storm water management projects, maintenance of existing storm water drainage facilities, and modeling of developing drainage basins with an eye toward implementation of regional detention facilities to control run off from developing areas.

DEPARTMENT OBJECTIVES

To assure the movement of emergency vehicles during storm periods, to protect the public from rapidly flowing water or flash floods, to minimize losses and property damage resulting from uncontrolled storm water runoff, and establish requirements for construction of storm water management facilities in newly developed areas.

APPROPRIATIONS

(THIS PAGE INTENTIONALLY LEFT BLANK)

DESCRIPTION

The purpose of the Storm Water Utility is to assure the movement of emergency vehicles during storm periods, to protect the public from rapidly flowing water or flash floods, to minimize losses and property damage resulting from uncontrolled storm water run off, and establish requirements for construction of storm water management facilities in newly developed areas.

HIGHLIGHTS / SIGNIFICANT CHANGES

Middlebush Culvert Replacement is currently in final design and is expected to be constructed during FY2 011. Royal Lytham-Fallwood is currently under design; however, construction is unknown due to lack of funding. Construction of the Brandon Road culvert and Mill Creek Drainage Basin Phase II projects were completed in FY2 010.

The City continues to provide assistance to citizens with storm water concerns such as: structure flooding, street flooding, and erosion problems. In fiscal year 2009, the City responded to 176 calls for help, advice on yard grading, maintenance and alternative storm water management practices.

Some concerns indicate the need for maintenance by the City or the scheduling of a Capital Improvement Project. As projects are identified and prioritized, they are programmed in the Capital Improvement Program.

The City also continues to provide education and outreach on storm water quality Phase II Storm water permit.

DESCRIPTION

The Storm Water Utility - Field Operations is responsible for maintaining and repairing existing facilities and constructing small storm water projects (less than \$200,000).

HIGHLIGHTS / SIGNIFICANT CHANGES

Field Operations continues to work on identified problem areas in public right-of-way with the highest priority given to flooding of homes and major streets in accordance with the approved Storm Water Utility Plan.

City of Columbia - Public Works Custodial & Building Maint.
16.25 FTE Positions

* Position not included in Custodial and Building Maintenance's FTE count.
** Positions are budgeted in various Public Works divisions and/or funds

(THIS PAGE INTENTIONALLY LEFT BLANK)

DEPARTMENT DESCRIPTION

Custodial and Maintenance Services Fund provides custodial services to the City Hall Building, Howard Building, Gentry Building, Sanford Kimpton (Health) Building, Wabash and Grissum Building. Building maintenance for these facilities as well as all fire stations, Walton Building, police buildings and other City facilities is provided.

HIGHLIGHTS / SIGNIFICANT CHANGES

To provide for functional, safe, healthful and clean facilities at the best cost and to preserve the facilities. Preventive maintenance and good housekeeping affects not only the life and maintenance costs of a facility, but also the morale and productivity of the occupants and users and the perceptions of the public.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DESCRIPTION

This section provides general maintenance on the buildings previously mentioned including all electrical, plumbing, heating, air conditioning and structural maintenance as required.

HIGHLIGHTS / SIGNIFICANT CHANGES

Managing work orders and maintenance activities continues to be improved by not only advancements in the HTE system but also with improvements in the processing of requests. Maintenance crews provide remodeling services, general repairs, and renovations to city buildings.

Staff training and development will continue to be a priority. A number of staff hold licenses for various trades, and specialties. In addition, staff members review methods for more cost effective, and eco-friendly maintenance as advancements in methods, and technology become available.

Sustainability for city buildings is always reviewed to find more efficient methods of building operations.

With the completion of the city hall addition and renovation of the historic Daniel Boone Building an additional Building Maintenance Mechanic has been approved for FY 2011.

* Mid year 2010 (1) Maintenance Mechanic was reclassified to a Maintenance Specialist and then in FY 2011 the Maintenance Specialist was reclassified to a Utility Maintenance Mechanic IV.

DESCRIPTION

This section provides custodial services in the buildings previously noted as well as snow removal services at the City Hall, Gentry and Howard Buildings. In addition, the custodians will provide security for the Daniel Boone Building during evening meetings.

HIGHLIGHTS / SIGNIFICANT CHANGES

Staff training and development will include reviewing procedures, and methods for eco-friendly cleaning supplies as they become more readily available cost effective option.

With the completion of the city hall addition and renovation of the historic Daniel Boone Building two additional Custodians has been approved for FY 2011.

City of Columbia - Public Works Fleet Operations

31.45 FTE Positions

* Position reports to Public Works Director

** Positions are budgeted in various Public Works divisions and/or funds.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DEPARTMENT DESCRIPTION

The Fleet Operations Division provides preventive maintenance, mechanical repair, repair parts, acquisition support, and fuel for the vehicles and equipment belonging to the Public Works Department, the Police Department, the Fire Department and other City departments.

HIGHLIGHTS / SIGNIFICANT CHANGES

The Fleet Operations Division will continue 24 hour operations. The expanded operating hours have shown significant reduction in sending repairs to commercial vendors and more timely completion of preventive maintenance services. The upgraded unleaded fuel site installed at the Grissom Building will be completed and will result in reducing unleaded fuel costs by approximately \$.04 per gallon and an annual savings of approximately \$9,500.

An additional Vehicle Mechanic and Stores Clerk will be added to the third shift, along with an Administrative Support Assistant III that will help with data entry and tracking of performance measurements.

(THIS PAGE INTENTIONALLY LEFT BLANK)

MAJOR PROJECTS

Upgrade and move the unleaded fuel site inside the perimeter fence at the Grissum Building. Continue with facility and storm water improvements in and around the Grissum Building.

FISCAL IMPACT

New 10,000 gallon unleaded tank will allow \$.04 per gallon savings on fuel costs for a projected annual savings of approximately \$9,500.

DEPARTMENT DESCRIPTION

This fund is responsible for the operation and maintenance of the short line Columbia Terminal Railroad (COLT).

DEPARTMENT OBJECTIVES

To provide the customers of the Columbia Terminal Railroad with safe, reliable, and efficient rail service.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Rail traffic has fluctuated due to the economic slowdown. Traffic is projected to stabilize in FY 2011.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DESCRIPTION

The Water Utility is responsible for the supply of safe drinking water and fire protection service to the City, by providing production, treatment, and distribution systems. The utility operates a well field in the Missouri River bottoms, the McBaine Water Treatment Plant, the Hillsdale, West Ash and South Pump Stations, elevated water towers, and a distribution system. The personnel test and set meters, install and maintain fire hydrants, operate a laboratory and water testing facility, perform all maintenance on towers, lines, leak repair, customer service calls, flush mains and service valves, and maintain a backflow prevention system. Crews do some extension of water mains; however, most are contracted due to the large amounts of machinery and personnel required. The Water Utility serves over 45,000 customers.

HIGHLIGHTS / SIGNIFICANT CHANGES

A 10% revenue increase is included. Of that amount, 5% is to address debt service requirements of the water bond issue passed by voters in August 2008. The other 5% is to address the increased cost of materials and services used by the utility to operate and maintain the existing system.

City of Columbia - Water and Electric (Water Summary)

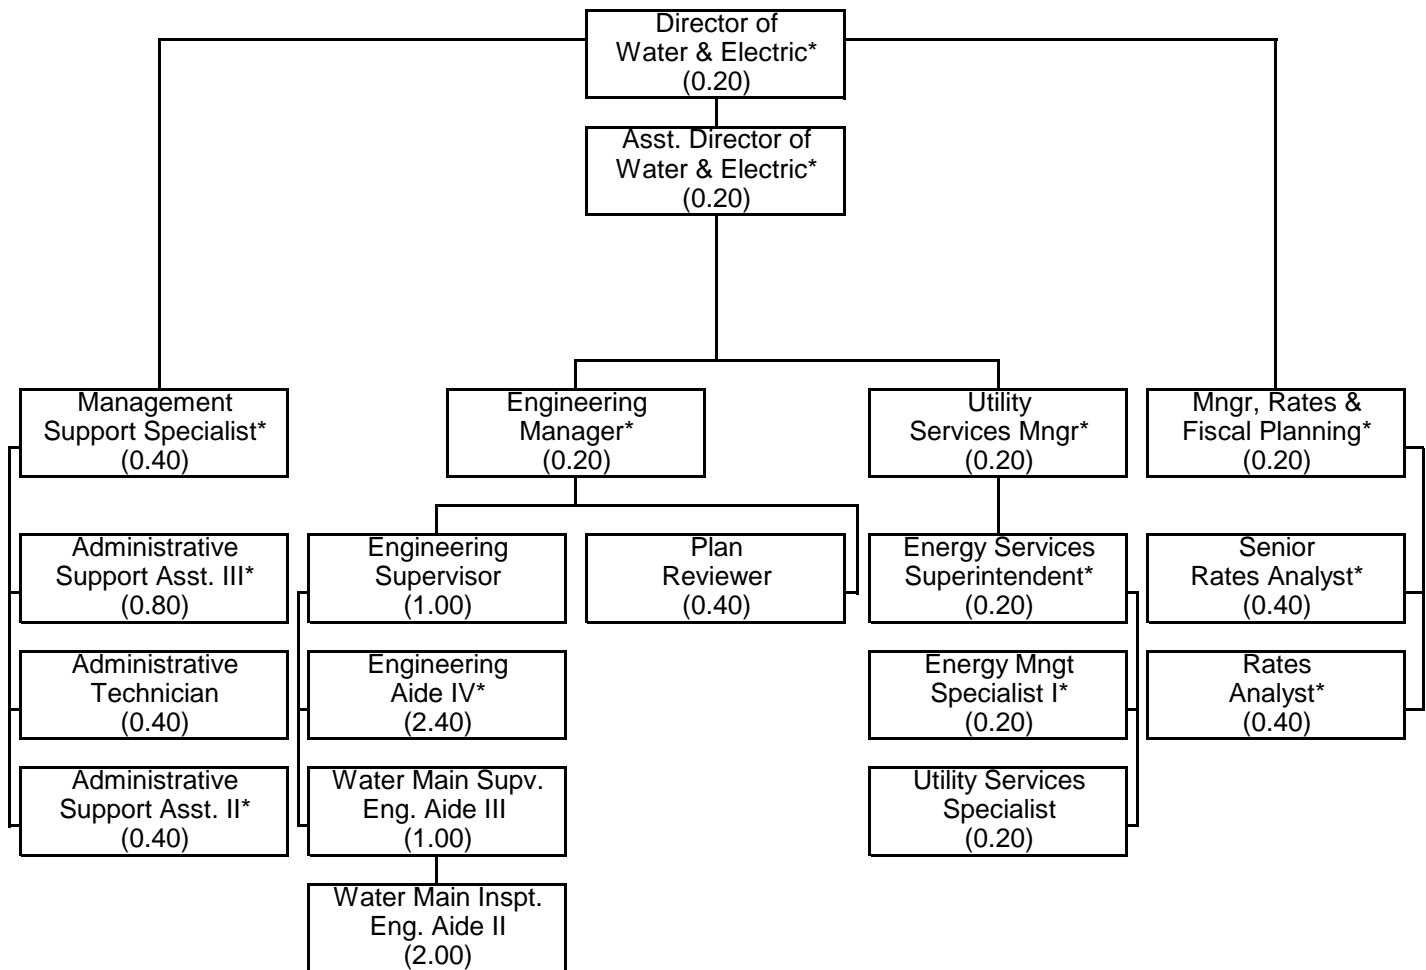

82.40 FTE Positions

City of Columbia - Water Administration & General

11.20 FTE Positions

* Positions are budgeted in various Water and Electric divisions.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DESCRIPTION

The Administrative Office is responsible for all operations of the utility. This office also includes the Engineering Division which is responsible for all extensions, planning, and layouts for construction crews, review of subdivision plans, and field review of all contract work. The Rates and Fiscal Planning Division works on the development of computer models which will provide budget projections, revenue and production requirements, rate design and cost of service studies. Also included in Administration is the Utility Services Division that is responsible for conservation and demand management programs, and marketing in general.

HIGHLIGHTS / SIGNIFICANT CHANGES

This budget includes funds for normal operation and maintenance. The administrative offices will be relocated to the renovated Daniel Boone Building during FY 2011.

*In FY 2011 the Administrative Support Supervisor was reclassified to a Management Support Specialist.

City of Columbia - Water Production & Distribution

71.20 FTE Positions

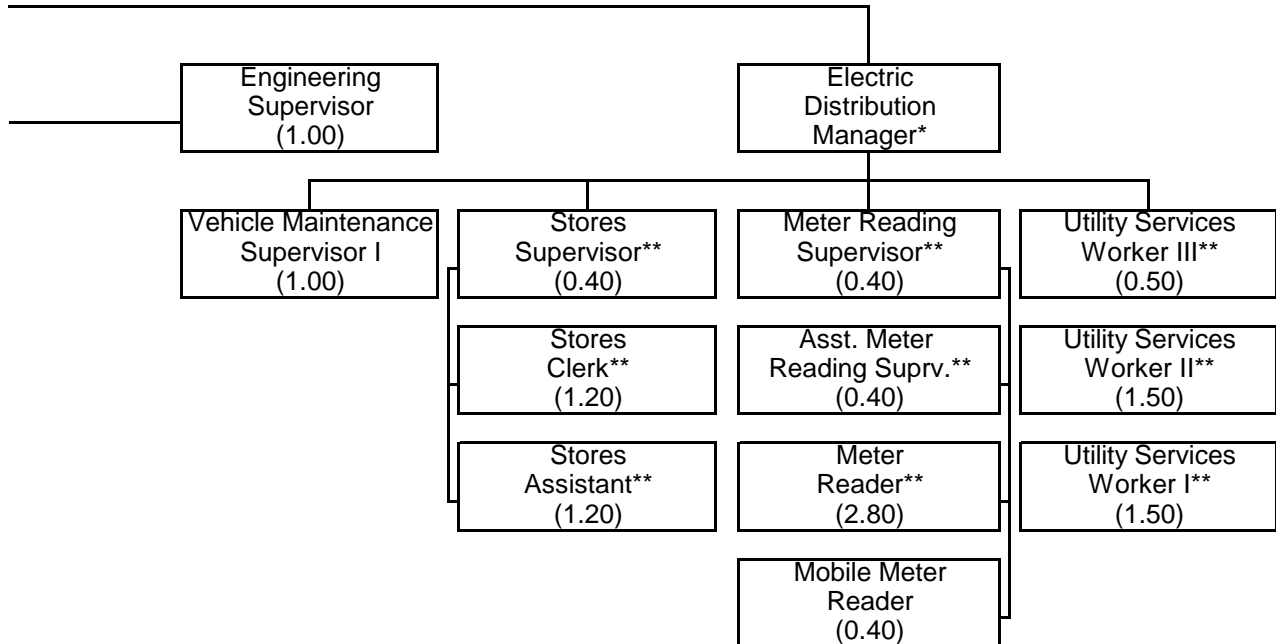

* Position not included in Production or Distribution's FTE counts.

** Positions are budgeted in various Water and Electric divisions and supervised by the Electric Distribution Manager.

City of Columbia - Water Production & Distribution

71.20 FTE Positions

* Position not included in Production or Distribution's FTE counts.
** Positions are budgeted in various Water and Electric divisions and supervised by the Electric Distribution Manager.

DESCRIPTION

This division is responsible for the production and treatment of water entering the distribution system. Duties include operation of the well fields, the water treatment plant and responsibility for operating a testing laboratory thereby assuring the highest quality water possible. Water treatment plant personnel are also responsible for monitoring and operating the distribution system pump stations and storage facilities.

HIGHLIGHTS / SIGNIFICANT CHANGES

The budget includes funds for normal operation and maintenance plus an increase to cover the cost of changes in the purification process as required by regulation. An increase of two positions is shown in the budget. One is a transfer of duties from Electric Engineering and the second is a new Relief Operator to meet operation needs.

DESCRIPTION

Responsible for providing safe, reliable distribution of the supply of water for individual consumption as well as fire protection to the citizens of Columbia. This task is accomplished through the operation of the Hillsdale, West Ash and South Pump Stations, elevated water towers, and the distribution systems. This division tests, sets meters, installs and maintains fire hydrants, maintains all towers, lines and service valves and responds to customer service calls. Water main extensions are performed by this division, as well as contracted out due to the specialized machinery and personnel required.

HIGHLIGHTS / SIGNIFICANT CHANGES

The budget includes funds for the normal operation and maintenance of the division.

MAJOR PROJECTS

This budget provides funds for the capital improvements in the Water Utility.

HIGHLIGHTS / GOALS

The 2008 ballot issue provided funding for much needed maintenance of the water system. Projects planned for FY 2011 will follow the outline provided by the ballot issue. Additional projects have been identified and will be funded from enterprise revenues. These capital investments in the water system will help insure continued reliable service.

FISCAL IMPACT

FY 2011 will include the first of four 5% rate increases for the 2008 bonds. The budget includes the major capital improvements that are outlined in our Capital Improvement Program.

DESCRIPTION

The Electric Utility provides the citizens of Columbia with a safe, reliable and cost effective electric supply. This requires the Department to operate and maintain the electric generating and distribution system to serve over 45,200 customers.

HIGHLIGHTS / SIGNIFICANT CHANGES

A 3% revenue increase is included to cover operation and maintenance costs of the system.

City of Columbia - Water and Electric (Electric Summary)

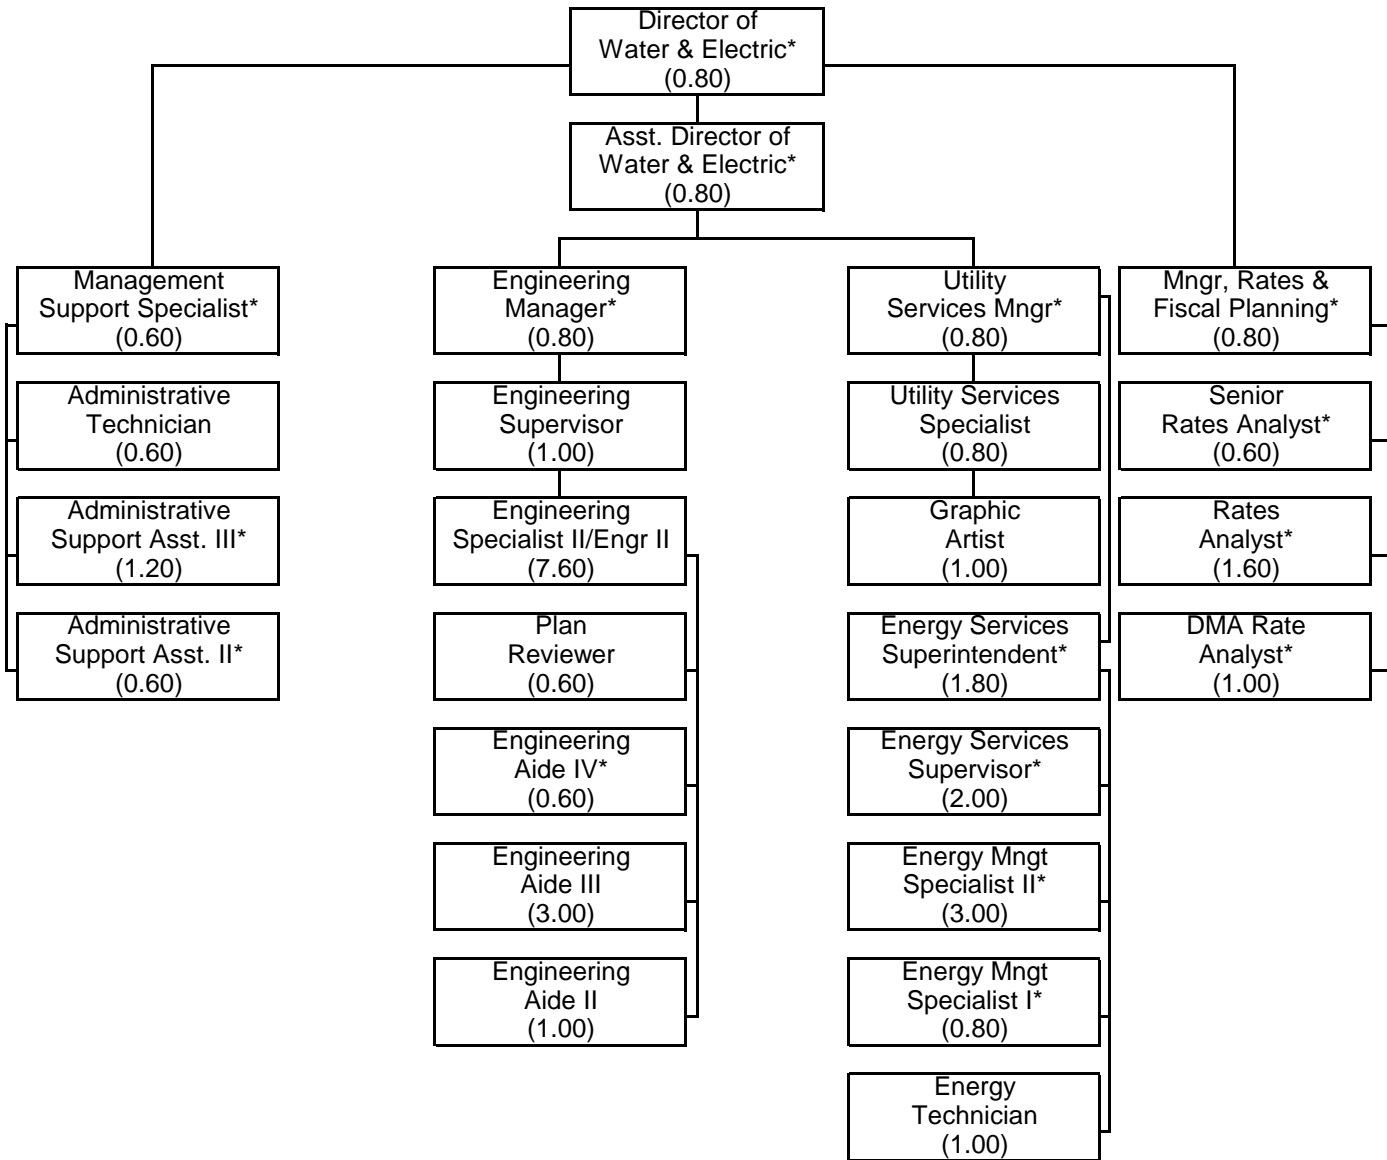

170.20 FTE Positions

* Trans. & Dist. - Transmission and Distribution

City of Columbia - Electric Administration & General
34.40 FTE Positions

* Positions are budgeted in various Water and Electric divisions.

DESCRIPTION

The Administrative office is responsible for all operations of the utility. This office also includes the Engineering Division which is responsible for extensions, planning and layouts for construction crews, review of subdivision plans, and field review of all contract work. This group also does long-range planning and coordinates the work of consultants. The Rates and Fiscal Planning Division functions somewhat as a corporate planning division. This group works on the development of computer models which will provide load forecasting, budget projections, revenue and production requirements, rate design and cost of service studies. Also included in Administration is the Utility Services Division that is responsible for conservation and demand management programs, and marketing in general.

HIGHLIGHTS / SIGNIFICANT CHANGES

This budget includes funds for normal operation and maintenance. The administrative offices will be relocated to the renovated Daniel Boone Building during FY 2011.

City of Columbia - Electric Production Power Plant

54.00 FTE Positions

* Position not included in Power Plant's FTE count.

** Shifts consist of 8:00am-4:00pm, 4:00pm-12:00 midnight, 12:00-8:00am and a relief shift

DESCRIPTION

This division is responsible for the production of electricity for the citizens and the operation of the Municipal Power Plant. Personnel staff the City's generating station on a 24-hour per day basis. The maintenance crew performs all routine maintenance and repair work except for major overhauls and reconstruction. Personnel schedule delivery of coal, operate an industrial water treatment system, operate the boilers and turbine, cooling tower, and other equipment. A central dispatch office is operated on a 24-hour basis. Dispatching personnel arrange for and schedule all power purchases via various interconnections operated with other utilities and maintain an integrated operation with them. The Transload Facility has been added to the responsibilities of this division.

HIGHLIGHTS / SIGNIFICANT CHANGES

Two positions have been added to address the operational needs of the Transload Facility. The City began operating the facility in FY 2010 with temporary employees after the default of the previous operator. The City subsequently purchased the facility and this budget reflects the full operational needs of that addition. One position has been moved from electric engineering to electric production.

City of Columbia - Electric Transmission & Distribution

81.80 FTE Positions

DESCRIPTION

This division handles all of the electrical system beyond the production facilities, as well as the general warehousing and building facilities for the distribution operation. This division is responsible for all line crews and electric construction and maintenance of transmission lines, substations, distribution lines and fiber optic communication system. This division installs all underground lines, services, transformers and electric meters. The personnel install and maintain the City street lights. Meter testing is handled by this division as well as all customer turn-ons and turn-offs. A distribution dispatching center for water and electric crews is operated during normal working hours. Tree trimming and line clearance work is done by contractors, and inspection personnel are in this division. This division also operates the Water and Light garage and vehicle maintenance facilities, and warehouse.

HIGHLIGHTS / SIGNIFICANT CHANGES

The budget includes funds for the normal operation and maintenance of the division.

MAJOR PROJECTS

This budget provides funds for the capital improvements in the Electric Utility.

HIGHLIGHTS / GOALS

Funding of projects identified in the Capital Improvement Program will require the presentation of a ballot issue to voters during FY 2011. Projects funded with enterprise revenue are included in this budget. Additional project funding will depend on the outcome of the proposed ballot issue.

FISCAL IMPACT

This includes the major capital improvements that are outlined in our Capital Improvement Program.

DEPARTMENT DESCRIPTION

The Convention and Visitors Bureau (CVB) promotes Columbia as a meeting, leisure and group tour destination through direct solicitations, tradeshow attendance, advertising and marketing.

DEPARTMENT OBJECTIVES

To increase the number of regional and national conventions held in Columbia; to increase the number of Sunday through Thursday visitors and lodgers while retaining existing weekend business; to increase leisure travel visitation through the enhancement and development of festivals, events and attractions; to provide exceptional service to our convention and meeting customers; to increase awareness of tourism as a viable form of economic development.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Hotel gross receipts tax revenue declined by more than 15% in FY 2009. The second quarter of FY 2010 is showing signs of recovery although not to pre-recession levels. We are budgeting 2011 revenues flat with 2010 as the tourism industry is still somewhat fragile. It is very dependent upon the state of the economy, recovery in manufacturing and service industry sectors, gas prices and the unemployment rate. Industry projections for 2011 are 2-3% growth in occupancy. We are budgeting for no growth but hoping that the projections are correct.

2011 marketing initiatives included a \$104,000 cooperative marketing campaign which will focus, primarily, on a state-wide radio campaign promoting Columbia's festivals and our reputation as a dining and entertainment destination.

In FY 2011 the CVB will contract for the development of earned media. Earned media is media that is generated at no cost to the CVB. This may be through articles by travel writers, magazine articles or newspaper coverage of some aspect of Columbia's tourism product. Earned media has nine times the value of placed media (advertising).

Work on arts tourism development over the past decade is evident in the overall increase in arts initiatives, press coverage and arts based activities. Many of our cultural assets face critical funding deficits and many have greatly reduced services, staffing and hours of operation. Our challenge is to maintain the viability of our cultural assets until the economy rebounds.

Goals in 2011 include: Meet or exceed 2010 room night production of 20,000 room nights. Meet or exceed current 90.7% excellent rating on post convention surveys. Increase social, military, religious and fraternal organization bookings by 3%. Generate a minimum of \$150,000 in earned media. Increase group tours by 10%.

Web and Communications

E-news letters are now sent to our hospitality community as well as our clients. Video has been added to our website. The CVB is now able to monitor earned media (non-paid media) through our subscription to Cision. We also participate in a pay-per-click program through the Missouri Division of Tourism. Our Twitter followers now exceed 1800 and we have over 350 facebook fans. We're working with the University Missouri's School of Journalism on a smart phone application which will provide guided tours of Columbia's downtown and campus.

Primary focus for 2011 includes: Community newsletter, quality You Tube videos of local attractions and leisure activities, and more real time promotions of local events and festivals.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DESCRIPTION

The Convention and Visitors Bureau has four primary responsibilities: 1) to promote Columbia as a destination for meetings and conventions; 2) to promote Columbia as an overnight and day-trip destination for leisure travelers and group tours; 3) to facilitate partnerships and cooperation among Columbia's tourism related businesses and associations and 4) to assure that Columbia is a "user friendly" destination for visitors through the provision of visitor brochures in tourism information centers and in businesses throughout Columbia.

HIGHLIGHTS / SIGNIFICANT CHANGES

FY 2011 Goals: Long-term Investments for the Public Good and Managing Costs and Services

We have adjusted our budget for FY 2011 to allow for the reinstatement of the Administrative Support Assistant II which was left vacant in 2009 and 2010. This will relieve the Administrative Assistant's position of a great deal of additional work and give support to the Web and Communications position which has grown in scope and the volume of work delegated to it.

We continue to support the operations and development of the Columbia Regional Airport. Our marketing support in 2009 and 2010 decreased due to the airport's successful application for federal funds designated for advertising and marketing. The status of those funds for 2011 is in question. We will incorporate the airport into our marketing and promotions whenever possible if federal funding is not available.

DESCRIPTION

In November, 1999, Columbia citizens passed a 2% increase in the hotel/motel tax. Of the 2%, one-half was designated for the enhancement or development of festivals, events and attractions. The Convention and Visitors Advisory Board was expanded to 12 members and charged with the development of guidelines for the Tourism Development program. The Board is also responsible for the review of applications and submission of funding recommendations to the City Council for final review and approval or amendment. In 2007, the program was divided into three separate funds: Festival and Events, Attraction Development and Sports Development.

HIGHLIGHTS / SIGNIFICANT CHANGES
Tourism Development Fund (TDP)

- In 2009, the Council approved the creation of the Signature Series for the Tourism Development Program's Festival and Events fund. Signature Series events are those which have been funded through the TDP for a minimum of five years; have been excellent stewards of TDP funds and have a proven ability to attract out of market visitors and generate overnight visitation. The Signature Series has allowed us to stabilize funding for those long-lasting, high quality events.
- The recession created financial difficulties for our existing and developing attractions. Loss of federal funds, along with declining contributions, has created challenges that in some cases could not be overcome. We have and will continue to make every effort to assist our attraction base with advertising and marketing support.
- In 2011, our goal is to better define the mission of the Attraction Development Fund and what attractions might be the best fit for Columbia. We propose doing this through a dialogue with the community either in the form of a Charrette or another structured feed-back process.
- Our Sports Development Fund (SDF) has produced more than 25,000 room nights since its inception and is one of our most successful programs. In 2009 we began attending TEAMS with the Missouri Association of Convention and Visitors Bureaus. The tradeshow offers us the opportunity to meet with sports event planners from across the country. We have booked several events following the tradeshow.

DEPARTMENT DESCRIPTION

The Office of Sustainability was implemented in FY 2010 to further implement Resolution 160-06 A endorsing the U.S. Mayors Climate Protection Agreement and to set forth a road map for sustainability and energy efficiency in the community. As part of that overall plan, it was felt important to have a department and staff dedicated to spearheading all of the sustainability efforts for the community. This will ensure that all areas of the local government and community are working together to reach the same goals guided by this department and staff.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The City received a Department of Energy Stimulus Block Grant in the later part of FY 2009 with partial funding for a Sustainability Manager. This department will be responsible for planning, directing, coordinating and integrating short and long term sustainable comprehensive action plans, resource conservation, and related sustainability programs, personnel and operations to advance a more sustainable, vital and well planned future for Columbia.

Department will direct, plan, organize, integrate, and evaluate the activities related to sustainability and develop appropriate processes and monitoring and tracking systems that include life cycle and cost/benefit analyses as well as coordinate the Building a Sustainable Columbia Steering Committee and Community Wide Planning Process. The Manager of Sustainability will be responsible for coordinating and directing development and writing of Building a Sustainable Columbia Action Plan for the Community and City Owned Facilities.

Department will write and administer sustainable related grant applications/awards; coordinate development and establishment of green house gas (GHG), Energy and other Sustainable Targeted Reduction Goals; coordinate and integrate city facility and community wide public outreach and education programs/public forums; develop, track, monitor and measure verifiable and replicable data to achieve reduction goals in all city owned facilities and communitywide.

Significant in 2011 is funding from the Department of Energy to coordinate retrofitting of city facilities to achieve green house gas (GHG), energy and other sustainable targeted reduction goals. Department will direct and oversee preparation of analyses and recommendations regarding policy issues with regards to sustainability and long range plans.

Department will assume a high degree of cross-functional interactions with departments, particularly Public Works and Water & Light as well as the City Manager's Office, alignment of efforts with the state, federal government, University of Missouri, other institutions of higher education and residents.

Anticipated Outcomes/Benefits:

- Demonstrate that the City of Columbia is taking a proactive approach to managing their environmental impacts across a range of disciplines, such as energy, waste management, and transportation for the entire community.
- GHG and energy reduction goals will be achieved and cost savings realized as a result of the efforts of this department.
- Columbia will have a verifiable and replicable Sustainable Action Plan for other communities to model.
- Columbia will be able to share guidance and best practices with the state and other municipalities.
- Through education, public communication, and outreach the community will be aware of sustainable best practices.
- Implement related Imagine Columbia's Future goals and strategies.
- Funding of position for three years with City, block grant funding and savings to be reviewed upon completion of that time period.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DEPARTMENT DESCRIPTION

The Employee Benefit Fund accounts for the transactions and reserves associated with the City's medical, dental, prescription drug, life and long-term disability programs for City employees, plus other benefits such as safety and service awards and sick leave buyback. Employee health and wellness programs are also managed through this fund. Coverage for health, dental, and prescription drug plans are self-insured. Other coverages are placed with commercial insurance carriers.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The City's self-funded health insurance plan continues to experience increases in claim costs. The highest rate of increase continues to be in the prescription drug portion of the plan. Claims experience will continue to be closely monitored, and enrollment audits will be completed. The impact of OPEB/GASB 45 on retiree health plan participation is evaluated annually. The City implemented changes in 2008 that significantly reduced this liability.

Employee health and wellness programs that target prevention/reduction of chronic health conditions are a primary focus of the Employee Health unit. Activities include an annual health fair, Weight Watchers At Work, physical activity challenges, employee exercise classes at the ARC and access to health screening services every two years. A pilot program for employee discounted memberships at the ARC was implemented in 2010. Data from that program will be used to develop recommendations for employee incentives in the future with the goal to decrease health claims costs of wellness program participants.

Employee education and information sessions on benefit plans have been expanded. Additional benefit fact sheets have been placed on the intranet, with links to appropriate providers. Retirement planning workshops, developed in 2006, will continue in 2011.

Drug and alcohol testing for new and federally-mandated employees is a function of this program. Automated External Defibrillators (AED) devices have been installed in all City work locations, including Water and Light Department line trucks and at the transload facility. Employee Health staff provides CPR/AED training to all interested staff members. Over 200 employees were recertified in 2010. An Employee Health/Wellness fee is charged to all departments to cover the cost of the Employee Health operations.

This budget includes full funding for the required contribution for post-employment benefits liability as defined in OPEB-GASB statement 45.

A position was added in FY 2009 to analyze and manage health and wellness plans data, work with the City's benefits consultant and prepare management reports. A comprehensive audit of eligibility and enrollment has been completed of the medical, dental, prescription drug and life insurance plans.

Research and recommendations for providing Health Savings Accounts (HSAs) and Health Retirement Accounts (HRAs), or similar options, are being developed.

Additional wellness programs will developed to provide employees opportunities to improve their health.

DEPARTMENT DESCRIPTION

Information Technologies (I.T.) is responsible for support and administration of AS/400 midrange computers, a Wide Area Network (WAN), Local Area Networks (LANs), telecommunications (PBX), personal computers (PCs), and workstations throughout all City departments. I.T. provides systems development, system enhancements, upgrades, repairs and consulting in regards to individual department needs. I.T. also works to improve the operational efficiencies of the City as a whole.

DEPARTMENT OBJECTIVES

Information Technologies will, within the framework of its existing resources, continue to provide the highest level of support possible to all user agencies. We will continue to identify and suggest new and better methods of providing services to our users at the lowest possible cost.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

During FY2010, the I.T. Department relocated the City's main data center to the new Government Center. Over 100 servers were moved to the new data center. The Help Desk moved approximately 250 PCs and phones in one week to move employees to their new office areas.

Priorities for the new year include moving employees back into the historic Daniel Boone building including the entire Water & Light Department from the Williams-Keeper building.

DEPARTMENT DESCRIPTION

The Public Communications Department provides direct technical and consultation services for City agencies, City Council and the public. Its umbrella covers coordination of communications strategies; web-based, print and broadcast outlets; and central document support services. It has become increasingly responsible for operation and facilitation of the City's communications network (excluding telecommunications) and meeting facilities.

DEPARTMENT OBJECTIVES

To increase opportunities for citizens to communicate with City government; improve the clarity, consistency and timeliness of City communications, both internally and with external constituencies; to provide high-quality service that helps all aspects of communications; to facilitate improved customer and citizen service.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

In FY 2010, significant, continuing achievements include support for short- and long-term public information campaigns and events; an annually updated Citizens Handbook; new online services for the public and City employees; and increased overall output through all the outlets the department administers. Tasks and challenges for FY 2011 include adjustment to an increasingly paperless environment; greater reliance on electronic communications; relocation of some staff to offices in the restored Daniel Boone portion of City Hall; improving internal and external customer perception and experience with the City of Columbia; and continually seeking cost and work efficiencies.

(THIS PAGE INTENTIONALLY LEFT BLANK)

DESCRIPTION

Staff is available to support any City agency with services that enhance communications with internal and external audiences. Services include publications, graphic design, news writing and editing, event planning, ad copywriting, photography, consultation on communications strategies, news media relations and coordination of responses to requests for public records. Administrative support is provided for special programs, standing and ad hoc committees, for City Council members and for City Manager initiatives.

HIGHLIGHTS / SIGNIFICANT CHANGES

In FY 2010, Staff created a paperless employee newsletter; hosted Republic of Georgia officials using Columbia government as a democratic model; helped boost Columbia's 2010 Census response rate; launched a free, wireless alert service; and helped support major City events with media and materials. In FY 2010, the Neighborhood Response Coordinator transferred to the new Office of Neighborhood Services, putting our department's focus squarely on communications. In the FY 2011 no-growth budget environment, Public Communications will continue to add value for its internal customers by stabilizing costs, increasing efficiency, building on existing relationships with City departments, filling service gaps and adopting needed communications policies. The budget includes funds for a citizen survey, and the department will research opportunities to set up a central calling and online information center.

DESCRIPTION

The E-Government Coordinator supports all City agencies and is responsible for all facets of web communications, online services and other E-Government products. This work includes strategic planning, training, monitoring, maintenance, budgeting and implementing new online applications. The Coordinator serves as liaison for the Internet Citizens Advisory Group (ICAG). City agencies pay reasonable costs for these services.

HIGHLIGHTS / SIGNIFICANT CHANGES / GOALS

In FY 2010, the division helped launch two services for the Police Department...viewing and mapping of 24-hour delayed responses to incidents and interactive and searchable crime statistics mapping; helped the Finance Department implement paperless utility billing; helped the City Manager's office create an online Vision implementation tracker; and other services. Tasks and challenges for FY 2011 include accommodating increasing internal and external demands for services; redesigning the City website; placing more information online as the use of paper diminishes; guiding the Public Communications Department's records management strategies; and improving citizen services through use of the City website.

DESCRIPTION

As part of the Document Support Center, Print Services supports all City agencies by providing high-speed copies and binding; perforating, drilling, folding, inserter, scanning and shredding services. City agencies pay reasonable costs for these functions.

HIGHLIGHTS / SIGNIFICANT CHANGES

In FY 2010, Print Services changed its business model to adjust to an increasingly paperless environment. New scanning and shredding services satisfy the City's growing need for appropriate records management and disposition, replace some of the income lost to electronic publications and require new skills. Staff developed improved job and revenue tracking systems. During FY 2011, basic copying services will be maintained to meet internal needs, and scanning services are expected to accelerate. Staff will move from the City Hall addition to permanent space in the restored Daniel Boone Building and will continue to adopt cost-savings and efficiencies.

DESCRIPTION

As part of the Document Support Center, Mail Services supports City agencies by providing central and off-site pickup and delivery of internal mail, US mail and UPS packages, at least twice daily. Mail Services also arranges special deliveries, when needed. Staff monitors security of mail and packages to minimize the threat of potential hazards. City agencies pay reasonable costs for these functions.

HIGHLIGHTS / SIGNIFICANT CHANGES

The goal of Mail Services is to maintain this internal service and assure that it is customer-friendly, timely, efficient and responsive. Staff will continue to implement US Postal Service regulations and price structures. Challenges for FY 2011 include accommodating more in-house mail customers as City departments move to the restored Daniel Boone Building; maintaining seamless service during the division's own move to permanent space in the restored structure; and adjusting to changed practices as customers rely more on electronic transmissions.

DESCRIPTION

The City Channel supports all City agencies by broadcasting public service-oriented programming to persons who subscribe to cable television service in Columbia; live and rebroadcast sessions that include meetings of the City Council and other boards; the City Manager's regular and special news updates; and special meetings and news conferences on Council issues. The Channel produces continually changing public service announcements and original local programming aired on a two-week broadcast "loop" that informs citizens of City programs and services. It also airs general interest programming available from Missouri state agencies. City agencies pay reasonable costs for program production and other services.

HIGHLIGHTS / SIGNIFICANT CHANGES

In FY 2010, in addition to its regular broadcast duties, the City Channel played a significant role in designing, engineering, equipping and operating meeting and broadcast space in the City Hall addition. This work resulted in a City Council Chamber that accommodates Council members, City officials, news media, presenters and audience members with updated audio-visual technology. The City Channel also manages new meeting facilities for large and small groups using City Hall. Tasks and challenges for FY 2011 include continually adding value to internal and external customers' experience with the City Channel, in all of its functions.

DEPARTMENT DESCRIPTION

The Columbia Trust was founded in May 1999 as a formal structure for the City to receive gifts of cash, land, and other items. Other programs under the umbrella of the Trust include the New Century Fund, Inc. and Share the Light. Donations include volunteer time, and gifts of cash, property and land. Proper procedures have been established to ensure funds and donations are expended for the purpose designated by the donor.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

The Contributions Fund has three aspects: The Columbia Trust which includes gifts directly to the city, Share the Light which allows donations to a variety of programs through the utility bill, and the New Century Fund, a separate 501c3 organization with a board appointed by city council.

The New Century Fund functions as a fundraising tool for the City of Columbia and is used to receive gifts and grants on behalf of the City. The New Century Fund board has been approached to assist with fundraising for the City Hall Plaza project, including the art, streetscape and landscaping. Although the Martin Luther King, Jr. Memorial Restoration was complete in FY 2006, the New Century Fund holds the endowment fund for future repairs and maintenance.

Share the Light has received approximately \$112,000 in donations since beginning in the summer of 2001. More than \$87,000 has been appropriated for use in a variety of city projects including public art, community beautification, youth recreation scholarships, youth dental care, public health issues, fire prevention & education and crime prevention. Donations will again be solicited for this program in September 2009.

The Columbia Trust continued with the Share the Light program, publishing a newsletter promoting giving to the City and by publishing an annual report of gifts to the City of Columbia. Acknowledgment are also sent to many donors, including some who give to the CASH and HELP utility assistance programs.

DEPARTMENT DESCRIPTION

Special Revenue Funds are established to track the receipts and disbursement of taxes collected for use for a specific purpose. In most cases, the legislation that enacts these taxes limit the use of these funds. In the case of the Public Improvement Fund it is the policy of the City Council to restrict the use of these funds for public improvement purposes. Transportation Sales Tax and Special Road District Tax proceeds are restricted for use for general transportation and road and bridge maintenance expenditures. The Capital 1/4 Cent Sales Tax is restricted by legislation for capital improvement purposes and by Council policy for use on specific projects outlined during the ballot issue. Parks Sales Tax is limited for use for park and recreation purposes.

DEPARTMENT HIGHLIGHTS / SIGNIFICANT CHANGES

Much of the revenues collected on an annual basis in the special revenue funds are accumulated for use to fund projects in the Capital Improvement Plan (CIP). The FY 2011 CIP requires the use of balances in the Transportation Sales Tax, Parks Sales Tax and Special Road District Tax Funds. Staff is reviewing changes that may be necessary to the capital plans funded with the various sales taxes due to the decline in revenues. Changes, if necessary will be made in future years.

DEPARTMENT DESCRIPTION

On November 8, 2005, Columbia voters passed a ten year extension of the one quarter cent capital improvement sales tax. This vote extended the tax from January 1, 2006 to December 31, 2015. The city bonded for the approved projects that include replacement fire trucks, two new fire stations, construction of a police training facility and emergency storm warning sirens. Transportation projects to improve major streets to relieve traffic congestion and sidewalk improvements were also approved. These revenues are used to service the debt and pay for other approved capital projects. A decline in revenue may require a change in the capital plan in future years.

DESCRIPTION

In November of 2000, the voters of the City of Columbia passed a Local Parks Sales Tax in the amount of one-quarter of one percent (for five years), and one-eighth of one percent thereafter, on retail sales made in the City. The collection of this tax commenced on April 1, 2001. These funds must be used for parks purposes. In November 2005 voters approved a five year extension of the one-eighth of one percent sales tax that was to expire March 31, 2006. The extension is for an additional five years and is to fund renovation/improvements to existing parks, acquisition/development of parks and additional trails and greenbelts. This 1/8th cent Parks Sales Tax is due to expire in March, 2011. Voters will be asked to renew this in November, 2010. A decline in tax revenue may require the capital plan to be adjusted in future years.

DESCRIPTION

Section 94.600 of the Revised Missouri State Statutes allows cities to authorize a 1/2 cent sales tax for transportation purposes if a simple majority of the voters approve such action. The voters of the City of Columbia authorized the addition of this tax on April 6, 1982. State Statutes require proceeds from the tax to be accounted for in a trust fund separate from other sales tax resources. When the City receives proceeds from the transportation sales tax, the money is placed in a Transportation Sales Tax Fund. These funds are then transferred to subsidize Airport and Transit activities, fund various road projects, and pay for street and sidewalk related activities in the General Fund.

DESCRIPTION

The Public Improvement Fund was established to account for and disburse monies the City receives from the city sales tax that it allocates for the Capital Improvement Plan. This fund receives a portion of the city sales tax and is allocated for a wide range of public improvements to the City which includes general government projects in the Capital Improvement Plan. The amount of the General Fund Sales Tax allocated for FY 2011 is 4.1%.

DESCRIPTION

The Special Road District Tax Fund was created to account for the road and bridge tax revenues that are collected by Boone County and shared with the City per agreement. These revenues are used to improve, maintain, construct and repair streets and roads within the City limits that qualify per this agreement. The majority of these funds are transferred for street projects in the Capital Improvement Plan.

CAPITAL PROJECTS SUMMARY

DESCRIPTION

The City prepares a five year capital plan to address the capital needs of current and future years. The Capital Improvement Plan (CIP) is coordinated by the Finance Department with assistance from the Planning Department. This plan contains two distinct sections: General Government and Enterprise. General government capital needs are funded primarily with Sales Taxes that are set aside, either by Council policy for general capital needs or voter referendum for specific projects. Enterprise capital projects are funded primarily through revenues generated by the enterprise.

MAJOR CAPITAL PROJECTS

Our continued emphasis will be maintaining the facilities and infrastructure we have and to construct new infrastructure needed for a growing community. In November of 2005, Columbia voters passed several ballot initiatives that approved funding for public safety and transportation needs for ten years and parks funding for five years. The FY 2011 CIP continues to implement projects identified and funded in that ballot. In addition, this plan continues to fund projects that were funded with a Sewer ballot that was approved by voters in April 2008. It was once again necessary this year to move out all Storm Water projects while the City develops a plan to finance the needs identified. In November 2008 a ballot initiative to fund capital projects for the Water utility was approved by voters for system improvement, many in the older areas of the city. An electric project ballot is anticipated in FY 2011.

MAJOR PROJECTS SCHEDULED/FUNDED FOR FY 2011:

- Continued implementation of the transportation plan approved in the 2005 ballot with major projects on Rolling Hills and a major study of Providence Burnham intersection.
- Public Safety: Includes continued funding for radio system enhancement and 2 fire trucks.
- Parks: The last year of funding of projects approved by the 2005 ballot.
- City continues to work with Special Business District to fund a portion of the downtown beautification projects.
- Water: Includes \$7.3 million of 2008 ballot projects such as main upgrade on Route PP and 24" east transmission main.
- Electric: Utilizes enterprise revenues for many of the annual project needs. Identifies projects for a ballot issue anticipated for FY 2011.
- Railroad: Includes funding for improvements to crossings and enhanced tie replacement program that is funded through a \$5 per ton capital project charge paid by the electric utility on coal.
- Sewer: Includes construction for the Waste Water Treatment Plan expansion/upgrade and other ballot projects approved by the voters such as Hominy Branch Outfall and a number of private common collector elimination projects
- Solid Waste: Includes funding for Landfill Cell # 5.

BUDGET CONSIDERATIONS

Major funding sources for the City's Capital Plan continues to be Capital Sales Tax, Parks Sales Tax and Grant funds. As sales tax revenue continue to decline, the City is reviewing planned projects to determine any necessary modifications. The 1/8th Parks Sales Tax utilized for capital project funding expires in FY 2011. Staff has been working with Council to develop a list of projects to present to voters to ask for another 5 year extension in November. Other ballot issues being considered for 2011 include electric and storm water.

OPERATING IMPACT

Enterprise operations reflect an increase of 1.8% in operations primarily due to expansion of existing facilities at the landfill, parking garage and waste water treatment plant. The electric utility operations include addition cost for the operations of additional generation capacity at the Columbia Energy Center. While lease payments will decrease overall for City departments, there is an increase in operating costs for the additional space added with the government center addition and renovation of the old Daniel Boone Building.

CAPITAL PROJECTS FUNDING SOURCES FOR FY 2011 ADOPTED BUDGET

Abbreviations	Funding Source Descriptions
Ballot - All Dates	<u>Ballot</u> - Funds authorized by public vote via a ballot issue.
Capital Improvements Sales Tax	<u>Capital Improvements Sales Tax</u> - Funds generated from the 1/4 Cent Capital Improvement Sales tax issue voted on in 2005.
CAP-FB	<u>Capital Projects Fund Balance</u> - Monies made available through the closeout of old projects.
CDBG	<u>Community Development Block Grant</u> - Federal Entitlement Grant Program (annual) administered by U.S. Department of Housing and Urban Development, 100% grant requires no matching local funds.
Contrib. From Utilities	<u>Contributions from Utilities</u> - Funds transferred from City utility funds for projects from which they will benefit.
Co rd tax reb	<u>County Rebate Funds</u> - Funds received by Columbia from Boone County for maintenance/improvement to roads under City jurisdiction after annexations.
Development fee	<u>Development fee</u> - A fee assessed at the time a building permit is issued for new construction, at a rate of \$0.15 per square foot. Revenue gained from this is used for construction of collector and arterial streets.
Donations	<u>Donations</u> - Monies or gifts donated from non-governmental entities.
EU loans	<u>Electric Utility Loans</u> - Funds provided for a project from the electric utility.
Ent Rev	<u>Enterprise Revenue</u> - Actual income to one of the City's utilities, such as sanitary sewers, water, etc.
FAA Gr	<u>Federal Aviation Administration (U.S.) Grant</u> - Competitive federal grant funds for local matching funds.
FTA	<u>Federal Transit Administration Capital Grant</u> - Grant for transit related capital projects. 80% Federal; 20% Local funding.
Future Bonds Future Financing/Ballot	<u>Future Bonds/Ballot - for future funding</u> - Funds to be generated by bonds presented to the voters in the future or by other identified sources. (Future Bonds or Future Financing)
GCIF	<u>Golf Course Improvement Fund</u> - A \$1-per-round fee collected from golfers which is set aside for improvements at the City's golf courses.
Gen Fd/PI	<u>General Fund/Public Improvement</u> - Local funds generated through the sales tax.
Grants	<u>Grants</u> - Monies received from from local, state, county or federal entities.

Abbreviations	Funding Source Descriptions
Park Sales Tax	<u>Parks Sales Tax</u> - Funds generated from the 2005 Local Parks Tax issue for the amount of one-quarter for five years and one-eighth thereafter.
Prior Yr App (PYA)	<u>Prior Year Appropriation</u> - Funds approved in previous years.
RSR Fd	<u>Recreation Services Fund</u> - Funds generated from user fees paid by participants in programs involving capital facilities. User fee structure established by citizen election.
Tax Bill	<u>Tax Bills</u> - Charges, on a per lineal foot basis, assessed to property owners abutting new roads, or roads undergoing major improvements, for the improvements to their property. Charges based on benefit to property as determined by City Council.
TDD Transportation Development District	<u>TDD</u> - Additional sales tax charged on retail sales inside the TDD boundaries that is specifically used to fund transportation infrastructure for the development.
Transp S Tax	<u>Transportation Sales Tax</u> - 1/2 cent sales tax authorized by the voters for transportation purposes.
Unfunded	<u>Unfunded</u> - Projects beyond current FY which have no definite funding commitment.

CAPITAL PROJECTS - GENERAL GOVERNMENT - SUMMARY

PURPOSE

This budget adopts the FY 2011 portion of the Capital Improvements Plan as the general government capital budget for the fiscal year. This budget accounts for funds from the Public Improvement Fund, Community Development Block Grant, Special Road District Fund, Special Assessments (tax bills), and related state and federal grants. After the projects are completed, improvements are capitalized per GASB 34 requirements.

Parks and Recreation Impact of Capital Projects

Adventure/Extreme Park Development [ID: 315]

Moderate to significant. Depends on maintenance responsibilities and levels of care.

Again Park Improvements [ID: 296]

Minimal impact as these are improvements to existing structures.

Albert-Oakland Park Bathhouse Imprvmnt C00278 [ID: 273]

No impact.

Albert-Oakland Park Improv-Athletic Fields Reno [ID: 274]

No impact.

Albert-Oakland Park Improv-New Restroom [ID: 307]

Mimimal. Closing the pool restroom should balance out additional costs of this restroom.

Albert-Oakland Pickleball Courts [ID: 1204]

Minimal. Staff is maintaing existing sand volleyball courts so periodic maint of asphalt courts will be similar.

American Legion Park Phase II [ID: 1216]

Minimal. These features exist at this time.

American Legion Renovation-Phase I C46072 [ID: 429]

Minimal. Improvements to existing facilities

Annual City/School Park Improvement C00249 [ID: 257]

No impact as maintenance is conducted by School District.

D = Year being designed; C = Year construction will begin.

For projects planned beyond five years, please refer to the City's Capital Improvement Plan Document.

Parks and Recreation

Annual and 5 Year Capital Projects

Funding Source	Current Budget FY 2010	Adopted Budget FY 2011	Requested Budget FY 2012	Priority Needs FY 2013 - FY 2015	Future Cost	D	C
Parks and Recreation Impact of Capital Projects							
Parks Projects							
Annual Park Acquisition/Land Preservation C40145 [ID: 258]							
Impact will be minimal after acquisition amounting to no more than minimal clean-up and weed control mowing. Estimate: \$1,500 per year on a 10 acre, all turf park.							
Annual Park Improv - Major Maint. Programs C00056 [ID: 259]							
Will generally offset if funds are used for repairs and/or renovations on existing facilities.							
Annual Park Roads & Parking Improvements C00242 [ID: 260]							
Minimal impact on operation. May save funds currently used for lot repairs.							
Annual Trail Program [ID: 1344]							
Minimal to none. May assist with operations as these funds may be used to offset major maint items that exceed what can be handled with operating budget.							
Antimi Sports Complex: Replace Lights 4 fields [ID: 1249]							
Minimal.							
Aquatic Facility [ID: 428]							
Goal is to develop a facility that will recover 80-90% of operational costs.							
ARC Floor and Improvements - C46071 [ID: 1332]							
None.							
ARC Gym/Fitness Expansion [ID: 297]							
Estimate \$20,000 in maintenance/utilities that may be offset with increase in membership revenues.							
ARC Parking Lot Lighting - C46071 [ID: 1152]							
Minimal. Repairs and preventive maintenance is all that's needed. Approx \$200 per year in materials and \$300 for labor.							
Armory Sports Center Improvements C00231 [ID: 330]							
No or minimal impact.							
Armory Sports Center Improvements - Gym [ID: 298]							
Estimate \$20,000 for maint, utilities, and programming needs.							
Armory: Locker/Activity/Mtg Room Improvements [ID: 1253]							
Minimal. Might actual help as current floors are hard to clean.							
Atkins Park Development-Future phases [ID: 317]							
Minimal to significant. \$5,000 to \$50,000 per year.							
Atkins: Finalize 5 Field Baseball Complex [ID: 450]							
Significant.							
Atkins: Restroom/Conc & One Field Addition [ID: 449]							
Estimate approx \$12,500 for approximate 6 month use of facility.							
Auburn Hills Neighborhood Park Development C00276 [ID: 262]							
This new neighborhood park will require annual maintenance of all grounds and facilities. The current annual budget impact to operations would be approximately \$8,000.00 - \$10,000.00.							
Barberry Neighborhood Park Development [ID: 1345]							
\$8,000 - \$10,000/year for maintenance.							
Bear Cr Tr-Hrd Surface Wash/Prblm C00353 [ID: 447]							
None. Will reduce maintenance problems.							
Bear Creek Boardwalk Renovation [ID: 378]							
No impact. Wooden board requires on-going maintenance. New product may reduce that somewhat depending on material used.							
Bear Creek Trail Restrooms [ID: 1181]							
Heated restrooms will cost about \$14,600/yr. Non-heated, seasonal restrooms cost about \$9,600/yr.							
Bear Creek Trail-Blue Ridge Rd-Lange C00351 [ID: 380]							
Estimate \$1,500-\$2,000 for materials pending location of trail.							
Bear Creek Trail: Lange to Fairgrounds [ID: 437]							
Estimate \$1500-\$3,000 annual const							
Bench Replacement C00413 [ID: 1010]							
None							

D = Year being designed; C = Year construction will begin.

For projects planned beyond five years, please refer to the City's Capital Improvement Plan Document.

Parks and Recreation

Annual and 5 Year Capital Projects

Funding Source	Current Budget FY 2010	Adopted Budget FY 2011	Requested Budget FY 2012	Priority Needs FY 2013 - FY 2015	Future Cost	D	C
Parks and Recreation Impact of Capital Projects							
Parks Projects							
Bonnie View Park: Future Phases [ID: 309]							
Park this size will require annual maintenance of all grounds and facilities. The current annual budget impact to operations would be approximately \$20,000 - \$25,000 when Phase I and II are completed.							
Bonnie View Park: Phase I C00114 [ID: 293]							
Park will require annual maintenance of all grounds and facilities. Depending on scope of Phase I, the current annual budget impact to operations would be approximately \$20,000 to \$25,000 when development is completed.							
Brown Station Park Improvements C00414 [ID: 1087]							
Development will increase maint task needed especially after playground installed. Mowing, inspections, mulch, trash, etc., will need to be conducted. Anticipate approx \$2,500/yr.							
Capen/Grindstone Trailhead Improvements C00457 [ID: 280]							
Depends on final plan and what amenities are included.							
Cascades Neighborhood Park Development C00415 [ID: 281]							
This new neighborhood park will require annual maintenance of all grounds and facilities. The current annual budget impact to operations would be approximately \$8,000.00 - \$10,000.00.							
Clyde Wilson Park Improvement C00459 [ID: 1214]							
Minimal to non-existent.							
Cnty House Tr PhII:Stadium-Cowan C00356 [ID: 431]							
\$1500-\$3000 for materials and supplies							
Comprehensive Master Plan [ID: 300]							
None.							
Connect Cosmo Prk/Bear Cr & I70 Bridge C00354 [ID: 442]							
Minimal							
Cosmo Rec Area: Playground Renovation [ID: 319]							
Minimal to none. Playground inspections are required and fall surface material must be maintained. May increase depending on type of play equipment purchased.							
Cosmo Rec Area: Tennis Shelter Improvements [ID: 1180]							
None							
Cosmo Rec Area: Football/Lacrosse Imprvmnts [ID: 318]							
Significant. Depending on utility rate increases and estimated hours of use, the utility bill and the operational/maintenance time needed could add approx \$10,000 to the budget. Detailed operation analysis will be conducted as the project nears implementation							
Cosmo Rec Area: New Restroom [ID: 1266]							
New restroom will require approximately \$3,000-\$5,000 in annual maintenance.							
Cosmo Rec Area: Shelters Replacement [ID: 320]							
Might reduce annual dollars spent on tuck point repairs, shingle replacement, roof leak patching and bird nest removal in rafters.							
Cosmo Rec Area: Soccer Improvements [ID: 283]							
Since the project will be addressing field improvements to existing fields the overall impact to operations should be minimal.							
Cosmo-Bethel Four Court Tennis Complex C00345 [ID: 268]							
Depends on location of tennis courts and maintenance responsibility. If located on park property, will require an additional \$2,500-\$5,000 for additional materials and supplies.							
Cow Branch/Bear Cr: Blackfoot-Providence [ID: 434]							
Estimate \$1,500-\$2,000 for materials pending location of trail.							
Cow Branch: Providence to Auburn Hills -C00357 [ID: 448]							
None, pending construction of trail.							
Douglass Park Baseball Improvements C00416 [ID: 284]							
No impact. Improve existing fence.							
Douglass Park Spray Grounds C00417 [ID: 285]							
\$5,000 in utilities and maintenance labor. May have some additional revenues if constructed as part of pool facility.							
Downtown Improvements C40074 [ID: 340]							
No impact.							

D = Year being designed; C = Year construction will begin.

For projects planned beyond five years, please refer to the City's Capital Improvement Plan Document.

Parks and Recreation

Annual and 5 Year Capital Projects

Funding Source	Current Budget FY 2010	Adopted Budget FY 2011	Requested Budget FY 2012	Priority Needs FY 2013 - FY 2015	Future Cost	D	C
Parks and Recreation Impact of Capital Projects							
Parks Projects							
Downtown Optimist Park Improvements [ID: 1254]							
Minimal. Items exist in the park now.							
East High School Park Development [ID: 1172]							
Concept only. Depends on facilities included and revenue.							
Eastport Neighborhd Park Develop C00348 [ID: 288]							
This new neighborhood park will require annual maintenance of all grounds and facilities. The current annual budget impact to operations would be approximately \$8,000.00 - \$10,000.00.							
Enclose Albert-Oakland Pool [ID: 1221]							
Significant, but if HHS Pool is not being used, then cost is offset.							
Fairview Park: Renovate Shelter & New Playground [ID: 321]							
Minimal to none. Current features exist. May increase depending on type of play equipment purchased.							
Field/Douglass In-holding Park Acquisition [ID: 302]							
No or minimal impact.							
GNM: Bear Cr Tr-Conn/Imprv Pythons Ct Con C00352 [ID: 441]							
\$1,500 - \$2,000 annual maintenance.							
GNM: Cnty House Tr Ph I: Twn Lakes-Stadium C00355 [ID: 374]							
Estimate \$1,500-\$2,000 for materials pending location of trail.							
GNM: Green Mead to Rock Brdg C00358 [ID: 438]							
\$1,500 - \$2,000 annual maintenance.							
GNM: Hominy Trail: Woodridge Park-Clark Ln C00362 [ID: 445]							
\$2,000 - \$3,000 annual maintenance							
GNM: MKT Connectors/Improvements C00360 [ID: 440]							
\$1,500 - \$2,000 annual maintenance.							
Greenbelt/Open Space/Trail Acq & Devlpmt C40113 [ID: 370]							
Estimate \$1000-\$2500 for trail maintenance pending location of trails and materials used.							
Grindstone Crk Trl: Grmdstn Nature Area-Confluence [ID: 1271]							
Concrete trail maint estimated to be approx \$583/0.25 mile. Based on estimated trail length of 1.4 miles = \$3,265							
Harmony Cr Trail: Smithton Connector [ID: 436]							
Estimate \$1,500-\$2,000 for materials pending location of trail.							
Hickman Pool renovation C00364 [ID: 1043]							
New HVAC system will likely increase utility costs. These are shared with the school district.							
Hinkson Cr Trail: Grindstone-Stephens Ph I C00245 [ID: 388]							
Estimate \$1500-\$2000 pending location of trail.							
Hinkson Cr Trailhead Restroom [ID: 384]							
Heated restrooms will cost about \$14,600/yr. Non-heated, seasonal restrooms cost about \$9,600/yr.							
Hominy Brnch Trail: Clark Ln-Thessalia Ph III [ID: 386]							
Moderate: \$1,500-\$2,500 for materials and supplies, pending length and location of trail.							
Hominy Brnch Trail: Stpheps-Woodridge Ph I C00282 [ID: 372]							
Estimate \$1,500-\$2,000 for materials pending location of trail.							
Ice Skating Facility - Indoor [ID: 303]							
Significant. Operational study to be completed pending Council approval. Target operational goal would be to generate 70-80% of total expenses.							
Ice Skating Facility - Outdoor [ID: 304]							
Significant. May require an additional \$20,000 in utilities, materials and labor							
Indian Hills Park Improvements C00445 [ID: 286]							
Estimate \$2500-\$3500 in annual maintenance costs which may be partially offset with shelter rentals.							
Indoor Pavilion/Shelter, Location TBD [ID: 458]							
Minimal. Revenues may recover most expenses							
Indoor Sports Center - Multipurpose [ID: 1217]							
Some may be offset depending on revenues and staff that may be located from another facility to this one.							

D = Year being designed; C = Year construction will begin.

For projects planned beyond five years, please refer to the City's Capital Improvement Plan Document.

Parks and Recreation

Annual and 5 Year Capital Projects

Funding Source	Current Budget FY 2010	Adopted Budget FY 2011	Requested Budget FY 2012	Priority Needs FY 2013 - FY 2015	Future Cost	D	C
Parks and Recreation Impact of Capital Projects							
Parks Projects							
Jay Dix Park Improvements [ID: 1182]							
Additional mowing and maintenance of the Jay Dix Station area is required, but not the trail.							
Kiwanis Park Improvements [ID: 322]							
Minimal to none. Current features exist. May increase depending on type of play equipment purchased.							
LAN Golf Course Clubhouse Renovation [ID: 460]							
Minimal							
LAN Golf Course Driving Range Improvements [ID: 306]							
No impact.							
LAN Golf Course Tee Improvements [ID: 324]							
No impact. Existing tees are heavily used and enlarging them would minimize wear.							
Lange Neighborhood Park Development C00446 [ID: 289]							
This new neighborhood park will require annual maintenance of all grounds and facilities. The current annual budget impact to operations would be approximately \$8,000.00 - \$10,000.00.							
Lions-Stephens Park Improvements [ID: 1264]							
Minimal. Items exist in park already.							
LOW Golf Course Clubhouse Renovation [ID: 459]							
Minimal							
LOW Golf Course New Shelter [ID: 305]							
Minimal. Increase revenues from rentals should offset maintenance expenses.							
LOW Golf Course Tee Improvements [ID: 323]							
Minimal. Existing tees are heavily used and enlarging them would minimize wear, but staff will have additional areas to mow and maintain.							
Mill Creek School Park Development C00216 [ID: 351]							
No impact. Maintenance is performed by CPSD.							
MKT Parkway Improvements and Bridge C00034 [ID: 352]							
No impact.							
MKT Sewer Plant #2 Natural Area Restoration C00460 [ID: 1346]							
Addition of 1200 foot of 8' foot gravel trail to maintain.							
MKT Trail Restrooms C00283 [ID: 373]							
Potential break even cost. Save money on portable toilet rentals versus cleaning of restrooms.							
MKT Trail: Building/Restroom Improvements [ID: 1268]							
Minimal. If restroom is heated with extended use, extra funds for utilities & maint labor may be offset in part by reduction of portable toilet rental.							
Moon Valley Connector: Bucks Run-Hominy Crk [ID: 1299]							
Minimal impact for this connector, especially if built out of concrete.							
N Fork Grindstone Cr: Grindstone-LOW Rec Area [ID: 433]							
Estimate \$1,500-\$2,000 for materials pending location of trail.							
Nifong Park Improvements [ID: 326]							
Minimal to moderate. Depends on future number of historical buildings added to park.							
Nifong Park Improvements C00295 [ID: 452]							
Minimal.							
Nifong Park: Maplewood Barn/Home & Parking [ID: 1265]							
Minimal.							
Norma Sutherland Smith Park Development: Phase I [ID: 311]							
This new community park will require annual maintenance of all grounds and facilities. The current annual budget impact to operations would be approximately \$20,000 - \$25,000 based on shelter, restroom, parking, playground features.							
Paquin Park Improv-Phase III-Raised Beds C00447 [ID: 290]							
No impact.							
Park Management Center Phase II [ID: 457]							
Minimal depending on improvements.							
Park Sign Renovation C00458 [ID: 1308]							
Minimal to none. A new stone sign may actual decrease maintenance costs compared to annual painting of wooden signs.							

D = Year being designed; C = Year construction will begin.

For projects planned beyond five years, please refer to the City's Capital Improvement Plan Document.

Parks and Recreation

Annual and 5 Year Capital Projects

Funding Source	Current Budget FY 2010	Adopted Budget FY 2011	Requested Budget FY 2012	Priority Needs FY 2013 - FY 2015	Future Cost	D	C
Parks and Recreation Impact of Capital Projects							
Parks Projects							
Parks Management Center Improvements C00199 [ID: 291]							
No impact.							
Perche Cr Trail Phase I: MKT to Gillespie Bridge [ID: 427]							
\$3,000-\$5,000 per year for maintenance.							
Perche Cr Trail Phase III: I-70 to Bear Crk [ID: 451]							
\$3,000-\$5,000 per year for maintenance.							
Playground Equip Replacement [ID: 426]							
Minimal. Playground equipment currently exists.							
Proctor Park Improvements [ID: 327]							
No impact to minimal.							
Rainbow Softball Ctr Imprvmt Ph II [ID: 282]							
Minimal to none. Minor repairs conducted now..less than \$750 per year.							
RC Track Improvements [ID: 1219]							
Minimal. Joint agreement for volunteer club to maintain the track.							
Rock Quarry Park Tennis/Basketball C00419 [ID: 292]							
Estimate approximate \$2,500-\$3,500 in materials and utilities.							
Rock Quarry Park/Building Improvements [ID: 308]							
No impact. May reduce operational costs.							
S. Fork Grindstone Cr: Confluence-Olivet Rd [ID: 435]							
Estimate \$1,500-\$2,000 for materials pending location of trail.							
Scott's Brnch Ph I: Bonnie View-Scott Blvd C00422 [ID: 376]							
Estimate \$1,500-\$3,000 for materials pending location of trail.							
Scott's Brnch Ph II: Chapel Pedwy-Perche Cr C00461 [ID: 377]							
There is a steep slope from Chapel pedway to Perche Creek so maint will likely be \$1,200-\$2000 for landscaping and turf mgmt. Assumes this portion is in concrete.							
Shepard Tennis Court Renovation [ID: 1218]							
Minimal. Poor conditions of courts is causing higher than normal maint costs.							
Skate/Bike Park Improvements [ID: 310]							
Depends on type of course. Concrete parks have lower operation costs (\$10,000) versus wood, metal or other parks (\$15,000+). Litter clean up is included.							
Smiley Lane Neighborhood Park Dev. C00420 [ID: 295]							
This new neighborhood park will require annual maintenance of all grounds and facilities. The current annual budget impact to operations would be approximately \$8,000.00 - \$10,000.00.							
Synthetic Turf-Athletic Fields-Special Event [ID: 1186]							
Synthetic turf proponents indicate that a payoff is expected in 10 years due to lower maintenance costs compared to turf fields.							
South Regional Park - Gans/Philips Phase I [ID: 1176]							
Based on Phase I funding, budget impact to operations would be approximately \$20,000 - \$30,000.							
South Regional Park - Philips Phase I C00279 [ID: 277]							
This new community park will require annual maintenance of all grounds and facilities. The current annual budget impact to operations would be approximately \$20,000 - \$25,000 when developed.							
South Regional Park Development Phase II [ID: 1175]							
This new community park will require annual maintenance of all grounds and facilities. The current annual budget impact to operations would be approximately \$20,000 - \$25,000 when developed.							
South Regional Park Planning C00350 [ID: 294]							
No impact - planning only. Future impact substantial after development.							
Stephens Lake Park Development - Phase II [ID: 313]							
Estimate \$15,000-\$40,000 depending on facilities built. Revenue funds may be available due to rental possibilities.							
Stephens Lake Park Developmnt - Phase I C00095 [ID: 367]							
Funds planned for as part of Park Sales Tax.							

D = Year being designed; C = Year construction will begin.

For projects planned beyond five years, please refer to the City's Capital Improvement Plan Document.

Parks and Recreation

Annual and 5 Year Capital Projects

Funding Source	Current Budget FY 2010	Adopted Budget FY 2011	Requested Budget FY 2012	Priority Needs FY 2013 - FY 2015	Future Cost	D	C
Parks and Recreation Impact of Capital Projects							
Parks Projects							
Strawn Road Park Development: Phase I [ID: 1154]							
Depending on nature of development, it could range from \$4,000 to \$15,000 per year.							
Twin Lakes Rec Area: Park & Aquatics Imprv [ID: 314]							
Goal is to be self-sufficient with this project but using current aquatic recovery plan, anticipate revenues will provide at least 50-65% of maintenance costs.							
Walkway Repair C00421 [ID: 1011]							
None							
Waters-Moss Park: Phase I Development [ID: 1174]							
Anticipate that approximately \$40,000 will be needed but there will be some savings in terms of this site saving travel time and having some revenue generating amenities.							
Youth Athletic Field/Atkins Dev Phase I: C00280 [ID: 279]							
Substantial, depending on scope of facilities							

D = Year being designed; C = Year construction will begin.

For projects planned beyond five years, please refer to the City's Capital Improvement Plan Document.

7	Police/Fire ProQA Priority Dispatch System C00425 [ID: 509]		2008	2009

Public Safety Impact of Capital Projects	
Additional Fire Station #9 C00306 [ID: 465]	
Approximately \$1,000,000 annual cost of personnel and other operations.	
Additional Fire Station 3-5 Years [ID: 475]	
\$800,000 annual cost of personnel and other operations in 2006 dollars.	
Additional Pumper for New Station [ID: 476]	
Additional fleet maintenance cost.	
Columbia Police Training Facility C00262 [ID: 464]	
Facility to be fully operational in FY 2009. Operational costs such as utilities will not exceed \$15,000 for the year. These costs may be offset by use of other public safety agencies.	

D = Year being designed; C = Year construction will begin.
 For projects planned beyond five years, please refer to the City's Capital Improvement Plan Document.

Other General Government Impact of Capital Projects

Other General Govt

Broadway Streetscape C00308 [ID: 516]

Minimal

Municipal Office Space Expansion C00099 [ID: 512]

Will increase operating space and maintenance and utilities associated. Will reduce lease expense in Police, Water & Light and other budgets. The operating impact will not occur until 2010. The City will seek Leadership in Environmental Engineering and Design (LEED) certification.

Upg/Redundant Phone/IT Eqmnt Data Ctr C00287 [ID: 515]

During the construction and move to the new data center, downtime will need to be kept to a minimum as services are moved to the new facility to avoid any significant service interruption. Operating costs will increase and be absorbed in the Information Technologies budget in 2009.

D = Year being designed; C = Year construction will begin.

For projects planned beyond five years, please refer to the City's Capital Improvement Plan Document.

22 William Street Undergrounding - EL0154 [ID: 1134]						2010	2010

Electric Impact of Capital Projects

Annual Commercial Expansion - EL0117 [ID: 556]
Incremental impact on operational costs. General growth in system will require additional maintenance with periodic increase in staff.
Annual Distrib. Transformers & Capacitors-EL0021 [ID: 559]
Incremental impact on operational costs. General growth in system will require additional maintenance with periodic increase in staff.
Annual Fiber Optic Cable - EL0082 [ID: 560]
Incremental impact on operational costs. General growth in system will require additional maintenance with periodic increase in staff.
Annual Load Management - EL0049 [ID: 561]
Growth in number of switches requires additional people to check and maintain. Installation reduces growth in system load, thereby reducing purchased power costs.
Annual New Electric Connections - EL0053 [ID: 563]
Incremental impact on operational costs. General growth in system will require additional maintenance with periodic increase in staff.
Annual Replacement of Existing UG System EL0107 [ID: 562]
Work is performed because of numerous faults on a line. Replacing problem cable will reduce outages.
Annual Residential Expansion - EL0116 [ID: 564]
Incremental impact on operational costs. General growth in system will require additional maintenance with periodic increase in staff.
Annual Street Light Additions - EL0052 [ID: 565]
Incremental impact on operational costs. General growth in system will require additional maintenance with periodic increase in staff.
Annual Substation Feeder Additions - EL0115 [ID: 566]
Incremental impact on operational costs. General growth in system will require additional maintenance with periodic increase in staff.
Annual Underground Conversion - EL0027 [ID: 555]
Long-term could reduce maintenance
Maguire - Street Light Addition EL0137 [ID: 686]
Additional lights to maintain
Mexico Gravel Rd SLA - EL0138 [ID: 687]
More lights to maintain
New South Side 161/13.8 Kv Substation - EL0121 [ID: 551]
Additional substation to maintain may require additional staff.
Transmission Improvements - EL0112 [ID: 548]
Incremental impact on operational costs. General growth in system will require additional maintenance with periodic increase in staff.

D = Year being designed; C = Year construction will begin.

For projects planned beyond five years, please refer to the City's Capital Improvement Plan Document.

Water Impact of Capital Projects

Annual Close Loops - WT0123 [ID: 586]							
Incremental impact on operational costs. General growth in system will require additional maintenance with periodic increase in staff.							
Annual Differential Payments - WT0143 [ID: 642]							
Expansion of system requires additional maintenance							
Annual Fire Hydrants & Valve Replacements - WT0127 [ID: 587]							
Incremental impact on operational costs. General growth in system will require additional maintenance with periodic increase in staff.							
Annual Main Relctn for Streets & Highways - WT0125 [ID: 589]							
Incremental impact on operational costs. General growth in system will require additional maintenance with periodic increase in staff.							
Annual New Srvc Connections:Install/Rpl WT0128 [ID: 592]							
Incremental impact on operational costs. General growth in system will require additional maintenance with periodic increase in staff.							
Annual Water Main Replacements - WT0130 [ID: 590]							
Incremental impact on operational costs. General growth in system will require additional maintenance with periodic increase in staff.							
ASR #3 - Conversion of Existing Deep Well - WT0140 [ID: 581]							
Incremental impact on operational costs. An additional ASR well to maintain.							
Backup Generators for ASR's & Pump Stations WT0150 [ID: 649]							
Increased maintenance requirement							
Convert Constant Speed Pumps to Variable WT0145 [ID: 644]							
Will provide greater flexibility in operation							
Drill Alluvial Well #16 - WT0134 [ID: 577]							
Incremental impact on operational costs. Additional well to maintain							
Drill Alluvial Wells #17 and #18 - WT0138 [ID: 582]							
Incremental impact on operational costs. Two additional wells to maintain.							
DT: Rpl Valves on Broadway - WT0149 [ID: 648]							
Better control of system							
Gas Chlorination System Conversion - WT0146 [ID: 645]							
Safer process for handling chlorine							
S Section of 24" East Transmsn Main WT0137 [ID: 584]							
Provides more reliable system.							

D = Year being designed; C = Year construction will begin.

Sewer Impact of Capital Projects

Annual Private Common Collectors - C43112 [ID: 752]

Will reduce inflow and infiltration which will reduce treatment costs and improve the efficiency of the collection system

B-8 Relief Sewer - Rangeline & Vandiver [ID: 794]

Add \$10,200/yr to operate & maintain sewer

B-9 Relief Sewer - Garth & Vandiver [ID: 795]

Add \$4,000/yr to operate & maintain sewer

Bear Creek Outfall Extension - C43176 [ID: 736]

No impact- increase in maintenance costs for new sewer will be offset by decrease in maintenance costs by eliminating the pump station.

C-5 Trunk Relief Swr-Rock Quarry:Nifong-Zoe [ID: 802]

Add \$2,000/yr to operate & maintain sewer

Cascades Pump Station Upgrade C43193 [ID: 804]

Add \$15,000/yr to operate & maintain pump station

D = Year being designed; C = Year construction will begin.

For projects planned beyond five years, please refer to the City's Capital Improvement Plan Document.

Sewer

Annual and 5 Year Capital Projects

Funding Source	Current Budget FY 2010	Adopted Budget FY 2011	Requested Budget FY 2012	Priority Needs FY 2013 - FY 2015	Future Cost	D	C
Sewer Impact of Capital Projects							
Sewer							
Clear Creek Pump Station Upgrade Phase I - C43191 [ID: 744]							
Add \$10,000/yr for operating larger station							
Cnty House Brnch (SW Outfall) Enlargement C43177 [ID: 737]							
Add \$6,000/yr to operate & maintain sewer							
Cow Branch Outfall [ID: 725]							
Reduce operation cost by \$15,000. Increase in line maintenance cost would be offset by decrease in pump station maintenance cost							
Flat Branch Watershed Relief Sewers [ID: 801]							
Add \$41,000/yr to operate & maintain sewer							
Gans Creek Pump Station C43216 [ID: 803]							
Add \$6,500/yr to operate & maintain pump station							
Gans Creek Pump Station Upgrade [ID: 1196]							
\$35,000 to operate and maintain larger pump station							
H-21 B Interceptor - C43188 [ID: 738]							
\$1,000/yr for tv inspections and cleaning.							
Haystack Acres Pump Station Interceptor C43230 [ID: 1304]							
Eliminating the two pump stations will reduce operational cost by \$15,000 per year.							
Hinkson Creek Siphon Elimination - C43189 [ID: 739]							
Project will not increase O/M costs.							
Hominy Branch Outfall Ext:LOW Rd-Mxco Grvl [ID: 727]							
Add \$12,000/yr to maintain and operate sewer							
Hominy Branch Outfall relief Sewer C43210 [ID: 797]							
Add \$11,000/yr to operate & maintain sewer							
Little Bonne Femme Regional Pump Station [ID: 729]							
Add \$100,000/yr to operate and maintain new sewer lines & pump stations							
Lower Bear Crk Outfall Relief:Creasy-Rangeline [ID: 792]							
Add \$7,500/yr to operate & maintain sewer							
Lower Southwest Outfall Relief Sewer [ID: 798]							
Add \$4,000/yr to operate & maintain sewer							
M-2 Interceptor Relief -Merideth Branch Crk [ID: 796]							
Add \$3,000/yr to operate & maintain sewer							
North Grindstone Outfall Ext. Phase III C43214 [ID: 732]							
Add \$10,000 to maintain and operate sewer							
North Grindstone Outfall Extension Phase II C43205 [ID: 731]							
Add \$12,000/yr to maintain and operate sewer							
PCCE # 3 - Stewart & Medavista - C43198 [ID: 780]							
Add \$7,000/yr for tv inspections and cleaning sewer							
Rocky Fort Outfall Sewer [ID: 733]							
Add \$34,000/yr to maintain and operate sewer							
Sewer District #142 - Anthony Street - C43118 [ID: 772]							
\$1,000 per year to operate.							
Sewer District #148 - South Garth Ave- C43171 [ID: 773]							
Add \$1,200/yr for tv inspection and cleaning sewer							
Sewer District #154 - C43170 [ID: 776]							
Add \$7,000/yr for tv inspections and cleaning sewer							
Sewer District #162 - Valley View & Old 63 -C43200 [ID: 781]							
Add \$2,500/yr to tv inspections and sewer cleaning.							
Southwest Trunk #2 Relief Sewer [ID: 799]							
Add \$6,000/yr to operate and maintain sewer							
State Route 763 Sewer Relocation - C43190 [ID: 740]							
No impact							

D = Year being designed; C = Year construction will begin.

For projects planned beyond five years, please refer to the City's Capital Improvement Plan Document.

Sewer

Annual and 5 Year Capital Projects

Funding Source	Current Budget FY 2010	Adopted Budget FY 2011	Requested Budget FY 2012	Priority Needs FY 2013 - FY 2015	Future Cost	D	C
Sewer Impact of Capital Projects							
Sewer							
Upper Bear Crk Outfall Relief:Rangeline-63 [ID: 793]							
Add \$12,200/yr to operate and maintain sewer							
Upper Hinkson Creek - C43186 [ID: 741]							
Add \$8,000/yr to operate and maintain sewer.							
Upper Hinkson Creek Outfall Ext. C43213 [ID: 806]							
Eliminate a pump station, simplifying maintenance. Additional \$27,810 to maintain and operate sewer.							
Upper Southwest Outfall Relief [ID: 800]							
Add \$2,000/yr to operate & maintain sewer							
Valley View Pump Station Interceptor C43233 [ID: 1305]							
Project will reduce operational cost by \$15,000 per year.							
Woodrail Pump Station Replacement C43234 [ID: 1306]							
Existing Pump Station was constructed in 1980 and is at the end of its useful life. Existing equipment must be replaced. Project will reduce maintenance costs and improvement system reliability.							
WWTP Improvement Project Phase I - C43194 [ID: 791]							
Add \$500,000/yr to operate and maintain expanded facility. Will need to add at least (2) employees when the plant opens.							

D = Year being designed; C = Year construction will begin.

For projects planned beyond five years, please refer to the City's Capital Improvement Plan Document.

Storm Water Impact of Capital Projects	
Brandon Road Culvert - C49068 [ID: 808]	
Reduction in maintenance. Less labor, materials and equipment costs to repair previously inadequate facilities.	
Greenwood-Stewart Phase II C49093 [ID: 810]	
Reduction in maintenance. Less labor, materials and equipment costs to repair previously inadequate facilities.	
Middlebush - C49039 [ID: 812]	
Reduction in maintenance. Less labor, materials and equipment costs to repair previously inadequate facilities.	
Mill Creek Drainage Basin Phase II - C49080 [ID: 813]	
Reduction in maintenance. Less labor, materials and equipment costs to repair previously inadequate facilities.	

D = Year being designed; C = Year construction will begin.
 For projects planned beyond five years, please refer to the City's Capital Improvement Plan Document.

GENERAL INFORMATION

The City is authorized to issue General Obligation Bonds payable from ad valorem taxes to finance capital improvements. General Obligation Bonds are supported by a pledge of the City's full faith and credit. The applicable Missouri statutes are listed below. The computation of legal debt margin is on the following page. The City currently has no General Obligation debt outstanding.

The City is authorized to issue Revenue Bonds to finance capital improvements to its various utility operations such as the electric system, water system, sewer system and parking. These types of Revenue Bonds require a majority vote of the qualified electorate voting on the specific proposition. All Revenue Bonds issued by the City are payable out of the revenues derived from the operation of the facility that is financed from the proceeds of such bonds.

The City is authorized to issue Special Obligation Bonds. These bonds are special obligations of the City. The payment of the principal of and interest on the Bonds is subject to an annual appropriation by the City. The City is not legally required or obligated to make any such annual appropriation, and the decision whether or not to appropriate such funds will be solely within the discretion of the then current City Council. The City Council has never failed to appropriate Special Obligation Debt payments.

The City's stable financial condition as well as sound debt administration practices allow it to continue to enjoy favorable bond ratings of its General Obligation Bonds, Special Obligation Bonds, and Revenue Bonds. The City has consistently held a General Obligation Rating of AA and Revenue Bond rating of A1 for most utilities. Water & Electric Revenue Bonds currently have a AA-rating.

MISSOURI STATUTES

Section 95.115 & 95.120 of the 1978 Missouri Revised Statutes permits any county or city, by vote of two-thirds of qualified electors voting thereon, to incur additional indebtedness for city purposes not to exceed 5 percent of the taxable tangible property therein, as shown by the last assessment. Section 95.125 and 95.130 of the 1978 Missouri Revised Statutes provides that any city may become indebted not exceeding in the aggregate an additional 10 percent for the purpose of acquiring right-of-ways, constructing, extending and improving streets and avenues and/or sanitary or storm sewer system and an additional 10 percent for purchasing or construction of waterworks, electric or other light plants provided the total general obligation indebtedness of the city does not exceed 20 percent of the assessed valuation.

GENERAL INFORMATION**03/01/98 Water and Electric Refunding and Improvement Bonds (Interest rates: 3.75% - 6.00%)**

Original Issue - \$28,295,000
Balance As of 09/30/2010 - \$2,520,000
Maturity Date - 10/1/2012

In March of 1998 the City issued \$28,295,000 in Water and Electric Refunding and Improvement revenue bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. A portion of these bonds were used to defease \$5,215,000 of the 1992 bond issue. The remaining bond proceeds were issued to provide funding for improvements to the water and electric distribution system.

02/01/02 Water and Electric Improvement Bonds (Interest rates: 3.00% - 6.00%)

Original Issue - \$16,490,000
Balance As of 09/30/2010 - \$13,350,000
Maturity Date - 10/1/2026

In February of 2002 the City issued \$16,490,000 in Water and Electric Improvement revenue bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. The bonds were issued to provide funding for improvements to the Water and Electric Utility system.

02/15/03 Water and Electric Series A Refunding Bonds (Interest rates: 2.00% - 5.00%)

Original Issue - \$8,950,000
Balance As of 09/30/2010 - \$5,610,000
Maturity Date - 12/1/2015

In February of 2003 the City issued \$8,950,000 in Water and Electric Refunding bonds. The bonds are payable solely from, and secured by a pledge of the revenues of the Water and Electric system. The bonds were issued to refund the 1985 Series B Water and Electric Bonds.

03/30/04 Water and Electric Series A Improvement Bonds (Interest rates: 2.00% - 4.25%)

Original Issue - \$17,095,000
Balance As of 09/30/2010 - \$15,065,000
Maturity Date - 10/1/2028

In March of 2004 the City issued \$17,095,000 in Water and Electric Improvement Bonds. The bonds are payable solely from, and secured by a pledge of the revenues of the Water and Electric system. The bonds were issued to provide funding for improvements to the Water Utility system.

05/17/05 Water and Electric Refunding and Improvement Bonds (Interest rates: 3.00% - 5.25%)

Original Issue - \$30,630,000
Balance As of 09/30/2010 - \$28,235,000
Maturity Date - 10/1/2029

In May of 2005, the City issued \$30,630,000 of Water and Electric System Revenue Bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. \$19,425,000 of the bonds were issued to refund \$19,685,000 of the outstanding 1998 Water and Electric Refunding Bonds, and \$11,205,000 were issued to provide funding for improvements and additions to the City's water works facility.

09/28/06 Electric Special Obligation Bonds (Interest rates: 4.25% - 5.00%)

Original Issue - \$38,535,000
Balance As of 09/30/2010 - \$38,535,000
Maturity Date - 10/1/2032

In September of 2006 the City issued \$38,535,000 of Electric Improvement Bonds. Bonds are planned to be payable solely from, and secured by, a pledge of revenues from the Electric System. The bonds were issued to provide funding for improvements to the Electric Utility System.

03/13/08 Electric Special Obligation Bonds (Interest rates: 4.00% - 5.50%)

Original Issue - \$21,465,000
Balance As of 09/30/2010 - \$21,465,000
Maturity Date - 10/1/2033

In March of 2008 the City issued \$21,465,000 of Electric Improvement Bonds. Bonds are planned to be payable solely from, and secured by, a pledge of revenues from the Electric System. The bonds were issued to provide funding for improvements to the Electric Utility System.

WATER AND ELECTRIC BONDS**GENERAL INFORMATION****09/29/09 Electric Special Obligation Bonds (Interest rates: 3.00% - 4.125%)**

Original Issue - \$16,725,000

Balance '09 Wtr & Elc Ref. & Imprv Bond (09/29/09) - \$16,725,000

Maturity Date - 10/1/2034

In September of 2009 the city issued \$16,725,000 in Water and Electric Improvement Bonds. The bonds are payable solely from, and secured by a pledge of the revenues of the Water and Electric system. The bonds were issued to provide funding for improvements to the Water Utility System.

GENERAL INFORMATION**06/01/92 Sanitary Sewerage System Series B (Interest rates: 4.25% - 6.55%)**

Original Issue - \$870,000
Balance As of 09/30/2010 - \$210,000
Maturity Date - 01/01/13

In June 1992, the City participated in the State Revolving Loan program to issue \$870,000 in Bonds.

06/01/99 Sanitary Sewerage System Series A (Interest rate: 3.625% - 5.25%)

Original Issue - \$3,730,000
Balance As of 09/30/2010 - \$2,035,000
Maturity Date - 01/01/20

In 1999 the City participated in the State Revolving Loan Program to issue \$3,730,000 in Bonds. Voters approved the issuance of these Bonds in November of 1997.

12/01/99 Sanitary Sewerage System Series B (Interest rate: 4.125%-6.00%)

Original Issue - \$1,420,000
Balance As of 09/30/2010 - \$775,000
Maturity Date - 07/01/20

In 1999 the City participated in the State Revolving Loan Program to issue \$1,420,000 in Bonds. Voters approved the issuance of these Bonds in November of 1997.

11/01/00 Sanitary Sewerage System Series B (Interest rate: 4.35% - 5.625%)

Original Issue - \$2,445,000
Balance As of 09/30/2010 - \$1,460,000
Maturity Date - 07/01/21

In 2000, the City participated in the State Revolving Loan Program to issue \$2,445,000 in bonds. Voters approved the issuance of the Bonds in November of 1997.

05/01/02 Sanitary Sewerage System Series A (Interest rates: 3.00% - 5.375%)

Original Issue - \$2,230,000
Balance As of 09/30/2010 - \$1,530,000
Maturity Date - 1/1/2023

In 2002, the City participated in the State Revolving Loan Program to issue \$2,230,000 in bonds. Voters approved the issuance of these bonds in November of 1997.

11/13/01 Sanitary Sewerage System Special Obligation Bonds (Interest rates: 3.65% - 4.80%)

Original Issue - \$2,685,000
Balance As of 09/30/2010 - \$1,790,000
Maturity Date - 2/1/2021

In November 2001, the City issued \$2,685,000 of Special Obligation Bonds in finance improvements to the sanitary sewer system of the City.

09/15/02 Sanitary Sewerage System Revenue Refunding Bonds (Interest rates: 2.00% - 4.00%)

Original Issue - \$7,940,000
Balance As of 09/30/2010 - \$4,975,000
Maturity Date - 1/1/2017

In September of 2002 the City issued \$7,940,000 of Sewerage System Revenue Refunding Bonds. These bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues of the system. These bonds were issued to refund the 1992 Sewerage System Revenue Bonds.

04/01/03 Sanitary Sewerage System Revenue Bonds (Interest rates: 2.00% - 5.25%)

Original Issue - \$3,620,000
Balance As of 09/30/2010 - \$2,650,000
Maturity Date - 1/1/2024

In 2003, the City participated in the State Revolving Loan Program to issue \$3,620,000 in bonds. Voters approved the issuance of these bonds in November of 1997.

GENERAL INFORMATION**05/28/04 Sanitary Sewerage System Revenue Bonds (Interest rates: 2.00% - 5.25%)**

Original Issue - \$650,000

Balance As of 09/30/2010 - \$515,000

Maturity Date - 1/1/2025

In 2004, the City participated in the State Revolving Loan Program to issue \$650,000 in bonds. Voters approved the issuance of these bonds in November of 1997.

02/01/06 Sanitary Sewerage System S.O. Revenue Bonds (Interest rates: 4.00% - 5.00%)

Original Issue - \$8,380,000

Balance As of 09/30/2010 - \$7,230,000

Maturity Date - 2/1/2026

In February, 2006, the City issued \$20,005,000 of S.O. Revenue Refunding and Improvement Bonds. A portion of the issue, \$8,380,000 was for constructing, improving, and extending the City-owned sanitary sewer utility. Voters of the City authorized the issuance of \$18,901,000 of sanitary sewer system revenue bonds in 1997, of which \$2,121,000 remained and was allocated to this issue. The remaining \$6,259,000 was from 2003 voter approval of \$18,500,000.

11/01/06 Sanitary Sewerage System Revenue Bonds (Interest rates: 4.00% - 5.00%)

Original Issue - \$915,000

Balance As of 09/30/2010 - \$770,000

Maturity Date - 7/1/2026

In November 2006, the City participated in the State Revolving Loan Program to issue \$915,000 in bonds. Voters approved the issuance of these bonds in November 2003.

11/01/07 Sanitary Sewerage System Revenue Bonds (Interest rates: 4.00% - 5.00%)

Original Issue - \$1,800,000

Balance As of 09/30/2010 - \$1,650,000

Maturity Date - 1/1/2028

In November 2007, the City participated in the State Revolving Loan Program to issue \$1,800,000 in bonds. Voters approved the issuance of these bonds in November 2003.

09/29/09 Sanitary Sewerage System Taxable Revenue Bonds (Build America Bonds/Direct Subsidy) (Interest rates: 5.44% - 6.02%)

Original Issue - \$10,405,000

Balance As of 09/30/2010 - \$10,405,000

Maturity Date - 10/1/2034

In September 2009, the City issued \$10,405,000 of Taxable Revenue Bonds. The bonds were issued for the purpose of constructing, improving, and extending the City-owned sanitary sewer utility. Voters authorized the issuance of \$18,500,000 of sanitary sewer system revenue bonds in 2003, of which \$9,526,000 remained and was allocated to this issue. The remaining \$879,000 was from 2008 voter approval of \$77,000,000.

01/14/10 Sanitary Sewerage System Revenue Bonds (State of Missouri - Direct Loan Program - ARRA) (Interest rates: 1.49%)

Original Issue - \$59,335,000

Balance As of 09/30/2010 - \$59,335,000*

Maturity Date - 7/1/2032

In January 2010, the City participated in the State Revolving Loan Program to issue \$59,335,000 in bonds. The bonds were issued for the purpose of improvements for the wastewater treatment plant. Voters approved the issuance of these bonds in April 2008.

* The bond issue of \$59,335,000 is a "not to exceed" amount. Interest expense, included in the debt service requirements listed, is based on principal of \$59,335,000. Actual interest expense will be 1.49% of the actual draw downs made towards the maximum amount of \$59,335,000.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)

PURPOSE

This fund accounts for and disburses funds received by the City from the Dept. of Housing and Urban Development's Community Development Block Grant Program. These funds are to be used to provide facilities and assistance to low and moderate income citizens of the City such as housing programs, neighborhood improvements and community facilities. After receiving recommendations from the Community Development Commission, the staff, and public hearings, the Council adopts this budget and submits it to HUD for final approval. Following that approval, the funds become available in the spring of 2010.

In 2009 the City Council adopted the following guidelines for the expenditure of the annual allocation of Community Development Block Grant funds: 30-45% for Housing Programs, 30-50% for Public Improvements, 0-30% for Community Facilities, Community Services and Economic Development and 10-16% for Planning and Administration.

HOME REQUESTS**PURPOSE**

This fund accounts for and disburses funds received by the City from the HOME Investment Partnership Act Program from the Department of Housing and Urban Development. HUD allows funding to be provided in four six basic categories: Owner Occupied Housing Rehabilitation, Homebuyer Assistance, Community Housing Development Organizations (15% required set aside), Rental Housing, Tenant-Based Rental Assistance, and Administration (10% Maximum). All funds must be spent on projects that are defined by HUD as meeting their definition of "affordable." After receiving recommendations from the Community Development Commission, the staff, and public hearings, the Council adopts this budget and submits it to HUD for final approval. Following that approval, the funds usually are available by the middle of the fiscal year.

For the FY 2011 budget, city staff has begun the process of establishing meaningful performance measurements. This was called for in the City's Vision Plan and supports the Journey to Excellence effort. This appendix is the first step in a multiple year project to identify and gather data to measure performance and outcomes. During FY 2011 city staff will identify appropriate benchmark communities which may result in changes to these measures. While some City operations are further along in the project, budget staff felt it important to illustrate the draft system and what it could look like. While GFOA requires some type of performance measurement be included in the budget document, staff sees the project as parallel to the budget process, with measurement criteria being set and approved by Council in the next few months, and annual goals being set just prior to the adoption of the budget.

(THIS PAGE LEFT INTENTIONALLY BLANK)

	Actual 2008	Actual 2009	Budget 2010	Goal
Council Meeting Web Agendas				
Workload:				
* Number of Regular and Special Council Meetings	26	26	26	26
Efficiency:				
* Number of Times Web Agenda is Finalized by 5:00 p.m. on the Thursday prior to the Council Meeting				
Effectiveness:				
* Percentage of Times the Web Agenda is Finalized by 5:00 p.m. on the Thursday prior to the Council Meeting				
Comment:				
* This measures whether or not agenda information is provided timely by other departments and whether after hours work is required by the Clerk's Office.				

Post Council Meeting Information on the Web

Workload:				
* Number of Regular and Special Council Meetings	26	26	26	26
Efficiency:				
* Number of Times the Post Meeting Results are Posted on the Web within 48 hours of the Council Meeting				
Effectiveness:				
* Percentage of Times the Post Meeting results are available on the Web within 48 hours of the Council Meeting				
Comment:				
* This includes Updated Links to Web Stream; Actions Taken by Council on the Web Agenda; Approved Minutes; Ordinances/Resolutions/Updated Code (in format of CodeMaster); etc. This shows how quickly information is available to the public after a Council Meeting.				

City Manager Project Tracker Assignments	Actual 2008	Actual 2009	Budget 2010	Goal
Workload: <ul style="list-style-type: none">* Total Number of Requests Received Efficiency: <ul style="list-style-type: none">* % of requests that require a motion Effectiveness: <ul style="list-style-type: none">* 60% of those items will be responded to and finished in 30 days;* 40% will take more than 30 days to complete Comment: <ul style="list-style-type: none">* In the event that any matter requested by any council person to be presented to the Council in the form of a report, ordinance or resolution requires the expenditures of significant staff time or of public monies over and above those costs inherent in the administration of city government, the city manager shall inform the Council person. The council person shall present such request to the council in the form of a motion to instruct the city manager and staff to prepare such report, ordinance or resolution. This measurement documents the number of city manager project trackers received in a fiscal year and demonstrate city staff's responsiveness to council inquiries.				

Administration	Actual 2008	Actual 2009	Budget 2010	Goal
Budget Review/Forecasting				
Workload:				
* Number of Department Line Items Reviewed^	14,686	14,942	14,314	14,350
* Number of Budget Staff Performing Reviews	2	2	2	2
Efficiency:				
* Percent of budgets prepared and provided to depts. 24 hours prior to budget meeting with City Manager.	95%	95%	100%	100%
Effectiveness:				
* General Fund Actual Expenses as a Percent of Estimated Expenses ^^	N/A	96%	98%	98%
* General Fund Actual Revenues as a Percent of Estimated Revenues ^^	N/A	+2%	'+/- 2%	+/- 2% - 5%
Comments:				
^ Line items reviewed are counted twice as both staff members review every line item				
^^Effectiveness measures how closely the city's estimates are to actual expenditures				
Budget staff makes every effort to provide all necessary information to the departments prior to the department meeting with the City Manager. However there are times when circumstances beyond staff's control effect this measurement.				

Police and Fire Pension Management

Workload:				
* Number of employees	0.50	0.50	0.50	0.50
* Number of Police and Fire retirees and beneficiaries	228	243	254	
* Number of pension payments issued (annual)	2,736	2,916	3,048	
Efficiency:				
* Number of staff hours dedicated to Police and Fire Pension	1,040	1,040	1,040	1,040
* Cost per retiree/beneficiary to process monthly pension payments	\$123	\$116	\$111	
Effectiveness:				
* Percent of Fire/Police pension checks reissued	0.2%	0.2%	0.1%	0.0%
* Percent of time pension checks are issued by the last day of the month	100%	100%	100%	100%
Comments:				
1.00 Finance Employee is split 50% in business license and 50% in administration to administer police and fire pensions.				
* The goal is to process and send out accurate Police and Fire pension checks in a timely manner. A low percentage of reissued pension checks indicates an efficient and effective processing system.				

Accounting

Payroll

Workload:

* Number of payroll checks written	46,900	47,900	49,000	49,500
* Number of payroll staff	2	2	2	2

Efficiency:

* Payroll checks processed per payroll employee	23,450	23,950	24,500	24,750
* Cost per check process ^				

Effectiveness:

* Percent of payroll records corrected	0.11%	0.11%	0.06%	0.05%
--	-------	-------	-------	-------

Comments:

Our goal is to minimize this number and pay employees correctly and timely. Only salary and benefits of payroll members included in costs at this time. Our goal is to include citywide costs in the future.

AP Transactions

Workload:

* Total number of AP Transactions processed	76,880	76,850	77,000	77,100
* Number of AP staff members^	5.0	5.5	5.5	5.5

Efficiency:

* Invoices processed per A/P employee	13,980	13,970	14,000	14,020
* Cost per AP transaction				

Effectiveness:

* Number of A/P transactions processed after due date	0.24%	0.22%	0.16%	0.10%
* Percent of A/P transactions processed after due date				

Comments:

^The number of A/P checks voided is an important indicator of effectiveness of this system.

Our goal is to minimize this number and pay our vendors correctly and timely. Only salary and benefits of A/P staff members included in costs at this time. Our goal is to include citywide costs in the future.

Treasury Management

Payment Receipts

Workload:

* Number of cashiers^	6.75	6.75	6.75	6.75
* Number of receipts processed	567,500	580,200	586,000	590,000
* Number of on site customer visits	112,100	115,300	109,200	108,000

Efficiency:

* Cost per payment processed ^^	\$0.299	\$0.292	\$0.289	\$0.287
* Number of payments processed per cashier	84,074	85,956	86,815	87,407
* Number of on site customer visits per cashier	16,607	17,081	16,178	16,000

Effectiveness:

* Percent of payments processed and deposited within 24 hours	100%	100%	100%	100%
* Percent of payments requiring corrections	0.080%	0.079%	0.080%	0.100%

Comments:

^ Number of cashiers includes temporary employees- 2080 hours equals 1 FTE

^^ Only salary and benefits of staff members included in costs

The goal for the cashiering operation is to process and deposit all payments within 24 hours of receipt with an accuracy rate of 99%. The Treasury operation strives to maintain the lowest bank expenses for the required processes.

Treasury Management

Investment of funds

Workload:

	Actual 2008	Actual 2009	Budget 2010	Goal
* Total dollar amount of Investment portfolio	\$336,971,025	\$354,033,383	\$318,497,809	\$315,000,000
* Total dollar amount of pension funds	\$73,606,019	\$74,818,537	\$82,975,360	\$85,000,000
* Total dollar amount of pooled cash funds	\$257,218,936	\$272,342,674	\$225,670,212	\$220,000,000
* Number of securities held	183	223	205	235

Efficiency:

* Percent of funds invested	100.0%	100.0%	100.0%	100.0%
-----------------------------	--------	--------	--------	--------

Effectiveness:

* Meet or exceed defined benchmarks for pension funds 90% of the time over a 3 year rolling average	Yes	Yes	Yes	Yes
* Meet or exceed defined benchmarks for pooled cash funds 80% of the time over a 3 year rolling average	Yes	Yes	Yes	Yes

Comments:

To optimize investment returns, funds should be invested according to a targeted asset allocation plan. Returns should consistently exceed a reasonable benchmark for each fund. The Police and Fire Pension benchmark is based on a composite of a portfolio made up of 50% S&P and 50% Barclays Aggregate. Pooled cash benchmark to be determined.

Purchasing

Formal & Informal Bids

Workload:

* Number of buyers	5	5	5	5
* Number of Formal and Informal bids prepared	750	755	760	800

Efficiency:

* Cost per bid (only buyers cost included)	\$213	\$213	\$212	\$220
* Number of bids per buyer	150	151	152	160

Effectiveness:

* 90 % of informal bids are completed with in 21 days (close of bid to purchase order prep)	80.00%	80.00%	82.00%	85.00%
* 90% of Formal bids are completed with in 50 days (close of bid to purchase order prep)^	80.00%	80.00%	82.00%	75.00%

Comments:

^Some formal bids may take longer than 50 days due to federal bidding regulations.
Any purchase over \$15,000 requires a writtem formal bid and open competitive process soliciting bids from interest party
Any purchase over \$1,000 but less than \$15,000 can be obtained aquiring 3 bids and selecting according to city charter.
Monitoring these bid processes helps to determine the purchasing department's efficiency in assisting departments with their purchasing needs as well as timely communication with the vendors.

Purchasing	Actual 2008	Actual 2009	Budget 2010	Goal
Bids - Co-op Contracts				
Workload:				
* Number of bids/items purchased utilizing Coop Contracts				25
Efficiency:				
* Cost per co-op purchase (only buyers costs included)				\$75
* Number of co-op purchases per buyer				5
Effectiveness:				
* Percent of time saved utilizing coop contracts vs conducting an individual bid				60 30.00%
* Amount of money saved utilizing a coop contract vs. conducting an individual bid				75,000
Comments:				
Co-op contracts are pre-negotiated contracts with other Federal, state or local entities (that have already gone through the competitive bid process). The co-op allows the city to purchase supplies and materials off the contract for an established period of time. It is beneficial to measure the cost and the time saved using the co-op contracts.				
Contract Compliance				
Workload:				
* Number of compliance reviews conducted by City compliance Officer	NA	NA	NA	900
* Number of compliance reviews conducted by regulatory Agency.				5
Efficiency:				
* Percent of city conducted review resulting in corrective action	NA	NA	NA	30%
* Percent of regulatory agency conducted reviews resulting in corrective action	NA	NA	NA	10%
Effectiveness:				
* 100% of non-compliant city reviews corrected	N/A	NA	NA	95%
* 100% compliance in audit findings by regulatory agencies	N/A	NA	NA	100%
Comments:				
Due to new federal regulations the city must be in compliance of all contracted projects. This measure will help ensure we are monitoring and staying in compliance with audit findings.				

Business License				
Business Licenses Issued				
Workload:				
* Number of business licenses and permits issued	5,795	5,859	6,244	6,400
* Number of business license employees	2	2	2	2
Efficiency:				
* Number of licenses per business license employee	2898	2930	3122	3200
* Cost per license/permit	\$25	\$29	\$31	\$20
Effectiveness:				
* Percent of business licenses issued within 5 business days of receipt of application	80.00%	82.00%	83.00%	95.00%
Comments:				
Number of business license employees includes (1) 0.50 administrator, (1) 1.00 and (1) 0.50 temporary employee Only salary and benefits of business license employees included in costs				
* Measuring the number of business licenses is one indicator of business growth in our community.				

Business License

Complaints:

Workload:

* Number of business license complaints

11

Goal

0

Efficiency:

* Average number of hours to resolve a complaint

12

11

10

8

Effectiveness:

* Percent of complaints resolved within
five (5) business days

85%

88%

90%

100%

Comments:

Our goal is to reduce the number of complaints and arrive at a resolution in a timely manner. A good measure of quality customer service is a lower percentage of complaints and minimal time required to resolve the complaint. If a complaint can be resolved within five (5) business days, this is an indicator that we are being effective and efficient in providing assistance to our licensing customers as well as enforcing the provisions of our City Code.

Utility Customer Services

Utility Billing

Workload:

* Number of customer reps.*

11.40

11.40

11.40

11.40

2,892

* 5% or less of the bills sent require being canceled
and rebilled.

2.00%

0.40%

0.40%

0.00%

Comments:

It is the goal of the utility billing operations to send out accurate and timely bills. When errors occur, bills are canceled and new bills are sent. A good measure of the effectiveness of the billing operation is how many corrected bills occur. A lower percent of bills that are canceled and rebilled at a reasonable cost per bill indicates an efficient and effective operation. *Customer reps include (2) temp employees that work 1,500 hours each year.

Utility Customer Services	Actual 2008	Actual 2009	Budget 2010	Goal
Phone Calls				
Workload:				
* Phone call totals	113,270	113,940		
Efficiency:				
* Number of calls that are not answered or abandoned	27,862	23,911		
Effectiveness:				
* 85% or more of all phone calls are answered	80%	83%	84%	85%
Comments:				
The volumn of phone calls during times when college students are moving in and out of housing is very difficult to staff. When call volumes are at there highest levels wait times increase and callers may give up and hang up. These are considered abandoned. A measure of good customer service is the percentage of calls that staff can answer during the busiest times of the year.				

Risk Management				
Safety Contacts				
Workload:				
* Number of safety specialists	1	1	1	1
* Number of employee contacts for safety training, assessments, testing	800	1,000	1,200	1,500
Efficiency:				
* Staff cost per safety contact				\$4.00
* Percent of employee population trained in safety issues				50.00%
Effectiveness:				
* Percent of employees who file a work comp claim	16.39%	20.13%	24.15%	24.00%
* Percent of employees who file a work comp claim that have been trained in a safety class	5.00%	5.00%	5.00%	5.00%
Comments:				
It is Risk Management's goal to increase safety training with the overall goal of improving the City's safety culture, thereby reducing the number and cost of Workers' compensation claims. Accomplishing this goal will necessitate providing safety training specific to employee and departmental needs, and training as many staff as is possible within the Risk Management resources.				

Workers Compensation Claim Cost				
Workload:				
* Number of Workers' Compensation Claims	233	232	230	220
Efficiency:				
* Administration Cost Per Claim	\$677	\$698	\$708	\$700
Effectiveness:				
* Average total cost of a workers compensation claim	\$5,042	\$3,296	\$3,800	\$3,000
Comments:				
Risk Management hopes to both reduce the number of work related injury and illness claims and control the associated medical and lost time costs. Medical costs are monitored and price savings pursued where feasible. In an effort to reduce lost time costs, Risk Management is working with departments to improve return to work opportunities. Administrative cost per claim are expected to remain stable if the number of claims minimally fluctuates.				

HUMAN RESOURCES**Key Performance Indicators**

	Actual 2008	Actual 2009	Budget 2010	Goal
Internal Employee Promotion				
Workload:				
* Number of permanent jobs posted	143	115	120	120
Efficiency:				
* Ratio of internal applicants to external applicants				
Effectiveness:				
* Percent of internal employees moved	12%	12%	12%	12%
Comments:				
Align with City Manager's goal to grow our employees and promote from within. Efficiency measure tracking to be calculated and base number established in FY 2011.				
Turnover				
Workload:				
* Number of permanent employees	1,220	1,236	1,298	1,302
Efficiency:				
* Ratio of permanent employees leaving city service to number of permanent employees	1:12	1:13	1:13	1:13
Effectiveness:				
* Citywide employee turnover rate	8.03%	7.85%	8.00%	8.00%
Comments:				
Align with City Manager's goal to retain talent. National turnover average for local government is 12.1%. Source: Bureau of Labor Statistics, as of 9/30/09.				
Employee Relations				
Workload:				
* Number of grievances and complaints filed	20	25	30	25
Efficiency:				
* Ratio of grievances and complaints appealed at department level versus City administration level (HR, CM, PAB)	4:1	7:1	5:1	4:1
Effectiveness:				
* Percent of grievances resolved at department level	80%	88%	82%	80%
Comments:				
* Goal is to resolve employee concerns at the lowest possible level.				
Employee Training				
Workload:				
* Number of training classes	312	246	250	300
Efficiency:				
* Cost of program per participant				
Effectiveness:				
* Percentage of employees trained				
Comments:				
* Align with City Manager's goal to provide appropriate employee training. Efficiency and effectiveness measure tracking to be calculated and base numbers established in FY 2011.				

	Actual 2008	Actual 2009	Budget 2010	Goal
Number of Ordinances & Resolutions prepared				
Workload:				
* Average number of requests for council bills received per meeting	N/A	N/A	28	N/A
Efficiency:				
* Average time spent per ordinance or resolution (excluding complex legislation)	N/A	N/A	N/A	N/A
Effectiveness:				
* Percent of legislation completed within time requested	N/A	N/A	N/A	97.00%
Comments: These performance indicators show whether legislation for council consideration is being prepared in a timely and efficient manner.				
Number of charges filed				
Workload:				
* Average number of tickets received per week.	246	327	386	N/A
Efficiency:				
* Average number of tickets reviewed per week.	246	327	386	N/A
Effectiveness:				
* Percentage of cases successfully prosecuted.	83.00%	86.00%	89.00%	90.00%
Comments: These performance indicators will help determine the adequacy of staffing levels. Also, a significant drop in the successful prosecution rate would flag the need to investigate the cause.				

Court operations - caseload	Actual 2008	Actual 2009	Budget 2010	Goal
Workload:				
* Number of traffic cases filed*	9,387	12,962	13,000	
* Number of ordinance cases filed*	3,379	3,564	4,000	
Efficiency:				
* City expenditures per traffic case filed	\$69	\$52	\$66	
* City expenditures per ordinance case filed	\$197	\$190	\$213	
* Number of files Disposed -using estimated expenses	12,717	16,526	17,000	
Effectiveness:				
* 93% of cases are disposed - clearance rate	97%	95%	96%	93%
Comments:				
<p>These figures were prepared using formulas from the National Center for State Courts. The income figures used in these computations do not include income from Probation Services Fees which offsets a considerable portion of our probation/collection officer salary, parking ticket income, warrant fee income, and the income from the S.T.O.P. program for stealing offenders.</p> <p>The Clerk's office also processes warrants, search warrants, window and telephone contacts with the public and lawyers, record search requests by the thousands, literally; deals with towing and parking ticket issues, staffs court sessions, performs banking and accounting functions, handles collection of monies due the court and probation supervision of defendants, prepares numerous state judicial reports, sends conviction information to the required State recipients, and several other duties that will not show up in the figures for costs per case cited herein.</p> <p>Since 2003, it was important to the Judge and Clerk to keep the clearance rate at 95% or above. The 2009 Municipal Clearance rate state wide was 93%. The court has been able to do that so the pending caseload stays stable and does not build up a large back load of pending cases. The court is able to meet this goal in light of the continued increase in the court's caseload without an additional division of the court.</p> <p>*Does not include red light camera violations</p>				

POLICE**Key Performance Indicators**

Operations	Actual 2008	Actual 2009	Budget 2010	Goal
Reduce number of patrol vehicle accidents				
Workload:				
* Total number of patrol vehicle accidents per fiscal year		47	40	35
Efficiency:				
* Reduce patrol vehicle accidents by 25%		36	30	26
Effectiveness:				
* Cost of insurance claims		\$101,003	\$50,196	\$37,647
Comments:				
There are thirty-three patrol vehicles engaging in 800,000 miles of patrol activity per year. By reducing motor vehicle accidents, we will reduce injuries to officers, citizens, and liability to the city. All patrol officers will be trained on the new driving simulator and it is anticipated that this will reduce accidents.				

Investigations				
Workload:				
Number of felony cases investigated	2,242	2,750	2,800	2,800
Efficiency:				
Number of crime victims notified	2,242	2,750	2,800	2,800
Effectiveness:				
Percentage of crime victims notified	100%	100%	100%	100%
Comments:				
Crime victims are notified within 72 hours so citizens are aware of the status of the case. Detectives call victims if a case is assigned, otherwise, letters are sent to notify them if more information is needed.				

Support				
Internal Affairs Investigations (IA)				
Workload:				
* Total cases assigned to IA	NA	117	117	117
Efficiency:				
* Cases taking longer than 60 days	NA	32	20	10
Effectiveness:				
* Percentage of cases completed within 60 days	NA	73.00%	83.00%	99.00%
Comments:				
Attempt to work all IA cases to conclusion within 60 days. This is one indicator of responsiveness to citizen/community concerns and to determine if allocating sufficient resources. The more quickly and efficiently we complete these investigations, the more likely citizens are to feel their concerns are being addressed appropriately.				

POLICE**Key Performance Indicators**

Support

**Actual
2008****Actual
2009****Budget
2010****Goal****Reduce Delinquent Reports****Workload:**

* Number of reports to Records annually

Comments:

* The fire service agreement with Boone County Fire Protection District as well as other regional and state relationships require participation in these preparedness activities.

FIRE	Key Performance Indicators			
-------------	-----------------------------------	--	--	--

Training	Actual 2008	Actual 2009	Budget 2010	Goal
Increase number of EMT-P Paramedic certifications				
Workload:				
* Number of firefighters who are certified Paramedics		20	19	
Efficiency:				
* Number of add'l Paramedic certifications obtained and new Paramedics hired		0	(1)	
Effectiveness:				
* % increase of firefighters on staff who are certified Paramedics		0	-5%	100%
Comments:				
* The Fire Department is working toward being providing Advanced Life Support services on more medical incidents. The number of Paramedics on staff directly affects the ability to provide ALS. Negative number represents an employee who was trained and has since resigned.				

Fire Marshal				
Determining an origin and cause after investigation and analysis.				
Workload:				
* Number of incidents requiring investigation and report	151	132	NA	
Efficiency:				
* Number of investigations resulting in determination of origin and cause	108	88	NA	
Effectiveness:				
* Determine origin and cause 75% of the time	72%	67%		75%
Comments:				
* Insurance companies and police investigators rely on reports from the fire marshal to guide their decisions and actions.				

Fire Code Plan Reviews				
Workload:				
* Number of plans reviewed	x			
Efficiency:				
* Number of days for initial review	x			
Effectiveness:				
* Percent of initial reviews signed off in HTE within 10 business days	x			
Comments:				
* As part of the one-stop shop plan review approach, the department's goal is to turn around the fire code compliance portion in an appropriate length of time.				

911 Calls and Administrative Calls	Actual 2008	Actual 2009	Budget 2010	Goal
Workload:				
* Total phone interactions	378,368	366,650	375,000	370,000
* Call Takers on Duty 24/7	1	1	1	1
Efficiency:				
* Average Cost per call	\$0.58	\$0.58	\$0.57	\$0.58
Effectiveness:				
* Abandoned 911 calls	6,932	7,000	7,100	7,000
Comments:				
The workload reflects the total phone transactions for both 9-1-1 and administrative calls. We do not want to deter citizens from calling 9-1-1 but to reduce the volume through educating the public on how and when to call.				

HEALTH & HUMAN SERVICES**Key Performance Indicators**

Administration	Actual 2008	Actual 2009	Budget 2010	Goal
Public Health Emergency Preparedness				
Workload:				
* Number of Mass Vaccination Flu Clinics	4	3	7	3
Efficiency:				
* # Vaccinations / Clinic	422	431	518	450
Effectiveness:				
* Average Thru Put (Minutes)	NPM	NPM	NPM	15
Comments:				
We track this performance data because it is a core activity of public health emergency preparedness planning and meets contract criteria for evaluation and revision of local plans. NPM = Not Previously Measured				
Contracts Management				
Workload:				
* Total Dollar Value of Contracts Received	1,596,334	1,423,738	1,721,993	1,356,436
Efficiency:				
* Per Capita Value of Contract Funding	\$10.65	\$9.38	\$11.20	8.71
Effectiveness:				
* % Contracts Meeting all Requirements / Performance Expectations	92%	96%	96%	95%
Comments:				
Contract management represents a significant portion of the division work load. These measures allows us to compare the amount of state, federal and foundation public health funding per capita and can be compared to other communities. This is also a measure of quality control as it relates to contract compliance. Note: Grant levels and availability are variable.				

Environmental Health				
Public Health Nuisance Enforcement				
Workload:				
* # Inspections (Annual)	7,128	6,938	6,938	6,800
Efficiency:				
* Average # Inspections / Employee	792	720	750	750
Effectiveness:				
* % Nuisance Violations Brought Into Voluntary Compliance prior to Abatement or Judicial Process.	97.65%	98.02%	98.00%	98.00%
Comments:				
* Public Health Nuisance Enforcement is a major activity of the division. This measure enables us to monitor inspection volume, workload assignments, and division's goal of voluntary compliance as opposed to judicial or abatement processes.				

HEALTH & HUMAN SERVICES**Key Performance Indicators**

Environmental Health	Actual 2008	Actual 2009	Budget 2010	Goal
Food Safety				
Workload:				
* # Food Safety Inspections	2,082	1,729	1,729	1,729
Efficiency:				
* # Food Safety Inspections/FTE	231	192	203	210
Effectiveness:				
* Average # Critical Violations / Medium and High Risk Establishments	2.63	4.05	3.00	3.50
Comments:				
Food safety is a core public health activity. This measure enables the division to monitor work volume, workforce capacity/efficiency, and inspection trends related to the highest risk practices that lead to food borne related illnesses.				

Animal Control				
Animal Impoundment				
Workload:				
* # Animals Impounded	1,370	1,385	1,385	1,385
Efficiency:				
* Personnel Costs / Impoundment	\$22.95	\$23.72	\$23.72	\$23.72
Effectiveness:				
* % Animals Returned to Owner	49.70%	45.40%	45.00%	50.00%
Comments:				
Animal impoundment activities represent a major activity of the division. New efforts to increase licensing and microchip placement are intended to improve the effectiveness measure. This measure has a direct correlation to the cost of the annual agreement with the Central Missouri Humane Society.				

Bite Investigations				
Workload:				
* # Bites Reported/Investigated	227	258	258	258
Efficiency:				
* Personnel Costs / Bite Investigation	\$37.61	\$38.66	\$38.15	39.00
Effectiveness:				
* # Bite Cases Reported / 100,000 Population	151	169	167	167
Comments:				
Animal bites are reportable by state law. Bite investigations tie directly to rabies prevention and control strategies. Tracking trends in bite investigations enables us to better develop strategies to increase rabies vaccinations and to promote responsible pet ownership.				

HEALTH & HUMAN SERVICES**Key Performance Indicators**

Community Health	Actual 2008	Actual 2009	Budget 2010	Goal
Communicable Disease prevention and Control				
Workload:				
* Number of communicable disease reports received and mitigated	3,222	4,047	4,100	4,100
Efficiency:				
* Average cost per communicable disease investigation	\$64	\$61	\$68	\$68
Effectiveness:				
* Percent priority communicable disease reports initiated within 24 hours of receipt	no data	no data	95.00%	100.00%
Comments:				
* We track this performance measure data because it is a Department of Health and Human Services deliverable for the Core Functions Contract. It allows us to track the workload of the communicable disease group.				
Percent Children Fully Immunized by Age 2 years				
Workload:				
* Number of immunizations provided annually	19,998	23,154	26,000	26,000
Efficiency:				
* Cost per immunization given	\$8	\$7	\$6	\$6
Effectiveness:				
* Percent Children Fully Immunized by Age 2 years	56%	67%	80%	85%
Comments:				
This is a quality improvement measure that we track to assess the quality of our reminder recall program and to meet the quality criteria of the federal and state immunization program.				

Women, Infants & Children (WIC)**WIC and Community Nutrition Program
Caseload and Efficiency**

Workload:				
* Annual WIC caseload	28,080	29,400	30,228	30,228
Efficiency:				
* Program cost per client visit	\$12	\$12	\$14	\$14
Effectiveness:				
* Percent of Certification/Recertification/Infant Reassessment visits completed in less than 60 minutes	no data	no data	90.00%	100.00%
Comments:				
* Client satisfaction of the WIC program is partially dependent on providing a quality service in a reasonable amount of time. To decrease excessive wait time encourages clients to keep their appointments.				

HEALTH & HUMAN SERVICES**Key Performance Indicators****Women, Infants & Children (WIC)****Breastfeeding Peer Counselor Program**

	Actual 2008	Actual 2009	Budget 2010	Goal
Workload:				
* Percentage of prenatal clients receiving breastfeeding education	no data	100%	100%	100%
Efficiency:				
* Program cost per client visit	\$9	\$9	\$6	\$6
Effectiveness:				
* Percentage of clients initiating breastfeeding at delivery	58%	60%	75%	75%
Comments:				
* The WIC division has a breastfeeding rate that exceeds the state WIC rate. This exceptional rate is at least partially dependent on the amount of education that prenatal clients receive regarding the benefits of breastfeeding to both the mother and child.				

Social Services**Maternal/Child Risk Assessment**

Workload:				
* Number of risk assessments	154	126	150	180
Efficiency:				
* % of Medicaid eligible assessments billed	100%	100%	100%	100%
Effectiveness:				
* % of clients for which assessment was completed	100%	100%	100%	100%
Comments:				
Rationale: Risk assessment is a critical component of our maternal/child case management program. These measures allow us to monitor the number of risk assessments completed as well as allowing us to monitor the percentage of women for whom assessments are completed. Because this is a service which is reimbursable by Medicaid, these are also a measure billing quality control.				
Note: We expect the number of assessments performed will increase as social services staff are integrated into WIC.				

Human Services**Contracts Management**

Workload:				
* Total dollar value of human service contracts issued	1,146,959	1,119,717	1,312,795	1,280,808
Efficiency:				
* Per capita value of human services contracts	\$11.97	\$11.50	\$13.27	\$12.76
Effectiveness:				
* % of contracts meeting all contract requirements	100.00%	99.00%	100.00%	100.00%
Comments:				
Rationale: This program represents a significant portion of the division work load. These measures allows us to compare the amount of human services funding per capita to other communities. This is also a measure of quality control as it relates to contract compliance.				
Note: Grants and GR funding levels and availability are variable.				

HEALTH & HUMAN SERVICES

Key Performance Indicators

Human Rights	Actual 2008	Actual 2009	Budget 2010	Goal
Educational Outreach				
Workload:				
* Number of educational sessions with businesses/organizations	n/a	n/a	n/a	130
Efficiency:				
* Staff cost per educational session (based on one hour per session)	n/a	n/a	n/a	\$25
Effectiveness:				
* % of businesses/organizations reporting information provided was useful	n/a	n/a	n/a	75%
Comments:				
Rationale: These measures are intended to document the quantity, quality, and cost of our newly developed civil rights outreach and education program.				
Note: This is a new program to begin in FY2011.				

PLANNING**Key Performance Indicators****Completion of Land Use Plans

Comments:

Special area plans may include Providence Corridor, Old 63 Corridor, scattered "infill" development sites. Workload is the estimated level of effort to complete a plan. Efficiency is the percentage of days to complete compared to days scheduled. The effectiveness is the frequency with which the plan is applied in staff reports, commission, council, and citizen discussions on topics to which the plan applies. An ineffective plan is one that is not used when intended.

Current Planning cases completed (zoning, subdivision, variances, vacations, planned district, revisions, annexation, annexation agreements)**Workload:**

90%

90%

Comments:

Workload is measure of full deployment of resources on public applications and city-initiated applications. Efficiency measure is consistency with the published schedule, which measures predictability of the process. Effectiveness measure is an indicator of the effectiveness of City planning policies. If policies are up-to-date and clear, voting will be more consistent with recommendations

PLANNING**Key Performance Indicators**

	Actual 2008	Actual 2009	Budget 2010	Goal
Comprehensive Plan, writing, implementing, updating				
Workload:				
* Department person-hours dedicated to plan production	n/a	n/a	n/a	1,100
Efficiency:				
* Public meetings and production of "deliverables" of the plan) within 30 days of published schedule	n/a	n/a	n/a	#
Effectiveness:				
* Citizen participation includes 400 individuals and 20 civic, business, and professional organizations	n/a	n/a	n/a	
Comments:				
The Plan when completed is the key source of guidance for land development decisions (annexations, capital improvements, site development, zoning, subdivisions, land and historic preservation, etc.). Workload is the estimated level of effort to complete the plan. Efficiency measure is an indicator that the plan is progressing according to a published schedule. Effectiveness measure is an indicator that the plan is representative of Columbia's diversity.				

CDBG**

Rehabs, CDAP's, ER's, Demo Programs

Workload:				
* Number of housing improvements made for low-income persons using funds in city housing programs		61	61	61
Efficiency:				
* Number of housing improvements made in comparison with the goal set in the City's five-year plan		96%	100%	100%
Effectiveness:				
* Applicants satisfaction with completion of project as measured by survey		n/a	n/a	90.00%
Comments:				
The Department runs housing programs that assist rehabilitation, emergency repair, code compliance repair, and demolition of dilapidated buildings. Workload indicates full deployment of budgeted funds; efficiency indicates progress toward meeting five-year goal; Effectiveness: We will begin conducting a follow-up survey of satisfaction of all participants beginning in 2011				
** Community Development Block Grant				

Consolidated Plan Annual Measurements for HUD

Workload:				
* Hours spent compiling required performance measures		N/A	N/A	300 hours
Efficiency:				
* Completion, revision, and filing of required reports on deadline		On time	On time	On time
Effectiveness:				
* Goals tracking at 80% or greater compared to Consolidated Plan goals		56%	60%	65%
Comments:				
The Consolidated Annual Performance Evaluation Report (CAPER) is an annual report required by the U.S. Dept. of Housing and Urban Development. It measures progress toward quantitative goals based on perceived needs. Timely preparation is a requirement of grant funding. The report can be used to re-evaluate the need for each program and activity.				

	Actual 2008	Actual 2009	Budget 2010	Goal
Sub-receipt monitoring				
Workload:				
* % On Site Monitoring of sub-receipts vs. planned in Action Plan (HUD calendar year)		N/A	75%	80%
Efficiency:				
* % Completion of projects by deadlines		53%	60%	80%
Effectiveness:				
* % Compliance with monitoring findings and recommendations		n/a	n/a	100%
Comments:				
<p>"Sub-recipients" are agencies that receive federal block grant funds for housing and community development activities. The Dept. is obligated to monitor sub-recipient organizations for compliance with grant program rules and best practices. The efficiency measure is an indicator that the organizations receiving funding have adequate capacity to invest the grant funds productively. The effectiveness measure indicates that sub-recipients are taking corrective actions to protect the city's grant resource, which is subject to federal oversight.</p>				

ECONOMIC DEVELOPMENT**Key Performance Indicators**

	Actual 2008	Actual 2009	Budget 2010	Goal
Existing Industry Visits				
Workload:				
* Number of Possible Visits	36	36	12	30
Efficiency:				
* Actual Visits	36	36	12	30
Effectiveness:				
* Number of local business being tracked in e-Synchronist Software	n/a	n/a	12	30
Comments: Existing industry support is a key element of a successful economic development program. This is a tool that will help us manage this effort.				
External Marketing Trips				
Item 2				
Workload:				
* Total number of External Marketing Trips	5	7	8	4
Efficiency:				
* Cost per participation	\$2000/trip	\$2500/trip	\$2500/trip	\$2500/trip
Effectiveness:				
* Number of qualified leads & prospects generated by participation	75	100	125	100
Comments: Marketing trips are an important component of a succesful attracting element of economic development.				
Sponsored Economic Event				
Workload:				
* Sponsored Economic Event	2	2	5	6
Efficiency:				
* Number of Attendees	250	250	500	600
Effectiveness:				
* Survey mechanism to be devised for participant evaluation for select events.	n/a	n/a	n/a	n/a
Comments: Communicating the importance of economic development to a diverse audience is a key component of a successful economic development program.				

CULTURAL AFFAIRS**Key Performance Indicators**

	Actual 2008	Actual 2009	Budget 2010	Goal
Annual Funding of Local Arts				
Workload:				
* Total number of arts organizations funded	16	18	18	18
Efficiency:				
* average award (max. request = \$10,000)	\$5,938	\$5,278	\$5,333	\$7,000
Effectiveness:				
* citizens & visitors served by funded projects	108,971	128,403	pending	125,000
Comments:				
* The contracts with local arts groups represent a purchase of arts services that extend the reach of the Office of Cultural Affairs in an effort to serve the public and visitors. In 2009, the city's cost per participant was 75 cents. Funded events range from in-school programming to concerts to exhibits to workshops and lectures to special events. Visual, performing and literary arts programming are represented.				
Traffic Box Art (graffiti abatement)				
Workload:				
* Number of downtown boxes addressed	1	1	3	3
Efficiency:				
* Artist's honorarium & material costs	1,500	n/a	2,000	2,000
Effectiveness:				
* Percent of painted boxes vandalized	0%	n/a	0%	0%
Comments:				
* This collaborative with the Office of Cultural Affairs, Columbia Police Department and The District is an example of how the arts can be used to address a community problem. Since the pilot project box was painted in 2007, no incidences of graffiti has occurred on the boxes addressed even though the boxes were regular targets of vandals before they were painted.				

NEIGHBORHOOD SERVICES

Key Performance Indicators

Volunteer Programs	Actual 2008	Actual 2009	Budget 2010	Goal
Volunteer Programs				
Workload:				
* Number of volunteer hours	43,323	47,387	45,000	46,000
* Number of new volunteer contacts	713	748	750	725
* Volunteer Programs Staff - # FTE	2.25	2.25	1.75	1.75
Efficiency:				
* National Value of an hour of volunteer service (Est. for '10 and '11)	\$20.25	\$20.85	\$21.00	\$21.10
Effectiveness:				
* Total value of volunteer service to the city	\$877,291	\$988,019	\$945,000	\$970,600
* Value per FT Volunteer Program Staff	\$389,907	\$439,120	\$540,000	\$554,629
Comments:				
* Volunteers play an important role in enhancing City programs and services. The act of volunteering adds to the quality of life for our residents.				

Cleanup Columbia				
Workload:				
* Number of volunteers participating	1,425	1,707	1,624	1,700
Efficiency:				
* Number of hours given by volunteers	2,568	3,284	2,465	2,700
* Number of bags of litter collected	1,839	2,196	1,529	1,700
Effectiveness:				
* Value of volunteer service to the City	\$52,002	\$68,471	\$51,765	\$56,970
* Filled bags picked up per volunteer	1.29	1.29	0.94	1.00
Comments:				
Cleanup Columbia is an annual city-wide trash pick up event. As a result of this event, the City is cleaner, more citizens are exposed to volunteering and participants have a greater sense of community pride. Fluctuations with data surrounding Cleanup Columbia are often due to weather the day of the event, trash found by volunteers at their assigned location, group size and time spent by each volunteer.				

Neighborhood Programs				
Code Enforcement Efforts				
Workload:				
* # Code enforcement cases investigated	*	*	3,000	3,000
* # of FTE working on code enforcement	*	*	2	2
Efficiency:				
* # of inspections made per FTE	*	*	1500	1500
Effectiveness:				
* % of inspections resulting in compliance	*	*	90%	92%
* # of unresolved cases referred for prosecution				♦
Comments:				
Code enforcement activities protect property values in the City and show responsiveness to citizen concerns. Staff in ONS enforce Property Maintenance Code violations, unlicensed vehicles on private property, zoning violations in rental property, and nuisance violations in the Neighborhood Response Team area.				
♦ This number will be tracked in FY11 and reported with the FY12 budget.				

NEIGHBORHOOD SERVICES

Key Performance Indicators

Neighborhood Programs	Actual 2008	Actual 2009	Budget 2010	Goal
Rental Inspections				
Workload:				
* # of rental inspections made	7,017	6,262	3,750	5,000
* # of rental reinspections/complaint inspections	*	*	1,850	2,000
* # of unlawful rentals that become compliant	*	*	275	275
* # of rental inspectors	3.00	3.00	2.50	2.50
* # of rental complaints received				♦
Efficiency:				
* # of inspections made per staff member	2,339	2,087	2,240	2,800
* % of rental complaints inspected within 48 hours				♦
Effectiveness:				
* # of rental properties in compliance in the City of Columbia	21,981	21,960	22,715	22,750
* % of rental complaints resolved within 30 days				♦
Comments:				
<p>Enforcement of the Rental Conservation Law ensures safe housing for many Columbia residents. A goal for ONS in FY11 is to increase the number of inspections performed by each inspector by providing more support staff and increasing the automation of the rental inspection process. The % of rental properties not in compliance is difficult to measure. ONS staff work to identify properties not in compliance through investigations and analyzing property utility and ownership data. Known rental properties that do not comply are subject to prosecution.</p> <ul style="list-style-type: none"> ♦ These numbers will be tracked in FY11 and reported with the FY12 budget. 				

PARKS & RECREATION

Key Performance Indicators

Administration	Actual 2008	Actual 2009	Budget 2010	Goal
Financial Assistance				
Workload:				
* # of applications received	285	378	396	400
* # of applications meeting eligibility requirements	274	363	380	385
Efficiency:				
* # of applications funded	245	340	344	350
* Amount of assistance awarded	\$45,980	\$62,211	\$65,000	\$65,000
Effectiveness:				
* % of qualified applications funded	85.96%	89.95%	86.87%	87.50%
* # of participants benefiting	573	761	743	800
Comments:				
Tracking financial assistance data aids decision-makers in analyzing whether the community's demand for financial assistance to participate in recreation programs is being met by the amount budgeted and gives the Department data to communicate with the public regarding how many people the City is helping with this program. Note: When financial assistance funding for the fiscal year is exhausted, eligible applicants are given first priority in the next funding year. The two main reasons for not meeting eligibility requirements are 1) residence is not within the city limits, and 2) income exceeds the threshold for financial assistance.				
Park Special Use Permits				
Workload:				
* Number of permit applications received	194	226	230	230
Efficiency:				
* Number of permits approved	190	221	225	225
Effectiveness:				
* Percentage of applications approved	98%	98%	98%	98%
Comments:				
The number of requests from citizens to hold special events in the parks will indicate if there is a need to increase the number of parks and facilities available to meet their needs and demonstrates the role recreation facilities have in supporting community and private events.				

C.A.R.E - Career Awareness
Related Experience Program

**CARE Summer Employment Program; Including
CARE Gallery**

	Actual 2008	Actual 2009	Budget 2010	Goal
Workload:				
* Applicants hired	200	209	180	175
Efficiency:				
* Participants completing program	175	191	162	158
Effectiveness:				
* Percent of youth who complete the program	88%	91%	90%	90%
Comments:				
Tracking the percentage of participants that successfully complete this program can aid in evaluating the success of the program and in determining the number of enrollments needed to adequately expend the dollars budgeted for the program.				
Note: With the recent economy, there was an increase in the number of youth completing the eight week summer employment program. To compensate for the increase, the program was reduced by three working days in 2009.				

Missouri Options School Year Program

Workload:				
* Students hired/enrolled in the program	30	30	30	35
Efficiency:				
* Participants completing program	20	21	27	31
Effectiveness:				
* Percent of students who complete the program	67%	70%	90%	89%
Comments:				
Tracking the percentage of students that successfully complete this program can aid in evaluating the success of the program and in determining the number of enrollments needed to adequately expend the dollars budgeted for the program.				
Note: Worked with all three local schools to decrease the number of youth not earning a high school diploma or GED. The number of hours worked per student have increased each year. In 2005, students worked a total of 850 hours and in 2009 they logged 7,424 hours.				

**Boone County Family Resources Partnership
(BCFR) with CARE Program**

Workload:				
* BCFR clients hired/enrolled in the program	N/A	N/A	10	10
Efficiency:				
* Participants completing program	N/A	N/A	8	8
Effectiveness:				
* Percent of BCFR clients who complete the program	N/A	N/A	80%	80%
Comments:				
Tracking the percentage of participants that successfully complete this program can aid in evaluating the success of the program and in determining the number of enrollments needed to adequately expend the dollars budgeted for the program.				

PARKS & RECREATION**Key Performance Indicators****Parks Management****Park Ranger****Workload:**

* Total number of requests for police response to park locations	1,524	1,398	1,400	1,400
--	-------	-------	-------	-------

Efficiency:

* Total number of requests for police response to park locations handled by Park Ranger	381	323	325	325
---	-----	-----	-----	-----

Effectiveness:

* Percent of requests handled by Park Ranger	25%	23%	23%	23%
--	-----	-----	-----	-----

Comments:

The percent of requests handled by the Park Ranger indicates the amount of work load alleviated from the Columbia Police Department. However, until the Park Ranger Program is expanded, it is unlikely that the percentage of calls handled by the Park Ranger will substantially increase, due to schedule limitations of having only one FTE ranger.

Note: part-time rangers are not POST-certified and are not authorized to respond to 911 calls.

Parks Services**Golf Course, Golf Carts and Clubhouse Maintenance****Workload:**

* Number of days courses open	273	300	300	300
-------------------------------	-----	-----	-----	-----

Efficiency:

* Golf course maintenance operating expenses [includes non-capital golf cart purchases and maintenance, clubhouse and course maintenance and utilities, and 66% admin expenses in 552-5410]	\$653,400	\$674,492	\$726,420	\$694,363
* Maintenance cost per round of golf played	\$12.00	\$10.90	\$11.18	\$10.68

Effectiveness:

* Total number of golf rounds played	54,446	61,907	65,000	65,000
--------------------------------------	--------	--------	--------	--------

Comments:

Tracking the cost per round of golf played helps decision-makers analyze and set appropriate fees. It also gives the Department data to use to communicate with golfers how fees are set and structured. The number of golf rounds played indicates the number of times people were served by this program.

Note: 2008 was unusually rainy year, resulting in less days open.

PARKS & RECREATION
Key Performance Indicators

Parks Services	Actual 2008	Actual 2009	Budget 2010	Goal
Athletic Field Maintenance				
Workload:				
* Number of athletic fields maintained	46	48	48	48
Efficiency:				
* Athletic field maintenance operating expenses (also includes utilities and 34% admin expenses in 552-5410)	\$322,672	\$334,741	\$338,524	\$338,524
* Field maintenance cost per participant (participant numbers do not include field rental participants)	\$3.59	\$3.25	\$3.39	\$3.39
Effectiveness:				
* Number of participations using sports fields	89,926	103,113	100,000	100,000
* Number of field rentals (in addition to leagues and programmed play)	535	478	500	500
Comments:				
Tracking the cost per participant helps decision-makers analyze and set appropriate fees. It also gives the Department data to use to communicate with participants how fees are set and structured. The number of participations and field rentals indicates the number of times people were served by this program. Note: 2009 - Two new baseball fields at Atkins Park were opened for play.				
Aquatic Maintenance (w/o ARC)				
Workload:				
* Number of pools maintained	5	5	5	5
Efficiency:				
* Pool maintenance operating expenses (includes utilities; excludes HHS capital)	\$230,119	\$218,667	\$252,616	\$239,985
* Pool maintenance cost per participant	\$2.94	\$3.14	\$2.65	\$3.20
Effectiveness:				
* Number of participations	78,284	69,648	95,322	75,000
Comments:				
Tracking the cost per participant helps decision-makers analyze and set appropriate fees. It also gives the Department data to use to communicate with participants how fees are set and structured. The number of participations indicates the number of times people were served by this program. Note: Twin Lakes swimming lake was closed beginning in 2009 due to budget constraints.				

PARKS & RECREATION

Key Performance Indicators

Recreation	Actual 2008	Actual 2009	Budget 2010	Goal
Indoor/Outdoor Citywide Special Events				
Workload:				
* Number of events planned	49	45	46	47
Efficiency:				
* Number of events held	46	43	44	45
Effectiveness:				
* Total number of participations	58,060	59,230	60,200	61,000
Comments:				
Tracking the participation in citywide special events helps decision-makers know the number of citizens served and is an aid in evaluating the value of this service to the community when budgetary decisions are made.				
Note: Many of the City-Wide Special Events are held outdoors, therefore, the event may or may not occur if the weather does not cooperate. The weather also affects attendance. The event may happen if the weather is marginal but may not attract as many participants.				
Youth Classes and Activities (not inclusive of all department offerings)				
Workload:				
* Number classes/activities planned	3,949	3,887	3,947	4,000
Efficiency:				
* Number of classes/activities held	3,918	3,852	3,907	3,970
Effectiveness:				
* Total number of participations	93,821	89,565	90,185	90,000
Comments:				
Tracking the participation in youth classes/activities helps decision-makers know the number of times youth were served by this program and aids in evaluating the value of this service to the community when budgetary decisions are made.				
Note: Participations reflect the number of times individuals (18 & under) participated in classes/activities coordinated by Community Recreation, Life Enrichment and Sports Programs. Activities are held at local parks, ball fields, and indoor facilities (Armory, Rock Quarry House, Stephens Lake Activity Center).				
Golf Course Operations				
Workload:				
* Number of days courses open	273	300	300	300
Efficiency:				
* Total revenue generated	\$1,161,048	\$1,287,847	\$1,375,688	\$1,375,688
* Revenue generated per golf round played	\$21.32	\$20.80	\$21.16	\$21.16
Effectiveness:				
* Total number of golf rounds played	54,446	61,907	65,000	65,000
Comments:				
Tracking the number of rounds played and days the courses are open are standard tracking items for golf courses, as they have a direct impact on the revenue generated and a golf course's ability to recover its operating costs.				
Note: Weather has an impact on the number of days the courses are open.				

PARKS & RECREATION**Key Performance Indicators****Recreation - ARC Activity and Recreation Center****Membership Services - Multi-Pass, Monthly, and Annual Passes****Actual
2008****Actual
2009****Budget
2010****Goal****Workload:**

* Number of memberships sold	5,435	8,542	8,500	8,500
* Total ARC revenue generated minus user and capital improvement fees	\$1,621,857	\$1,741,768	\$1,742,713	\$1,742,713

Efficiency:

* Total revenue generated from memberships (only)	\$1,158,461	\$1,272,384	\$1,220,000	\$1,220,000
---	-------------	-------------	-------------	-------------

Effectiveness:

* Percent of revenue recovered from the sale of memberships	71.43%	73.05%	70.01%	70.01%
---	--------	--------	--------	--------

Comments:

Memberships are the main portion of a recreation center's revenue and are an essential item to track. Changes in the number of memberships sold may indicate a need to increase efforts to solicit new members and/or retain existing ones.

Changes in % of revenue generated from memberships may indicate a need to adjust fees.

Note: In FY09, started selling 30 day memberships. Each time a member purchases a 30 day membership, it counts as one membership sold, therefore, the numbers reflect a large jump in membership sales. FY09 was the first year membership fees were raised.

ARC Operations**Workload:**

* Annual attendance	328,382	345,645	335,000	335,000
---------------------	---------	---------	---------	---------

Efficiency:

* Total Revenue generated minus user and capital improvement fees	\$1,621,857	\$1,741,768	\$1,742,713	\$1,742,713
---	-------------	-------------	-------------	-------------

Effectiveness:

* Percent of recovery of direct operating expenses	98.35%	104.17%	100.00%	100.00%
--	--------	---------	---------	---------

Comments:

The recreation center was proposed with the goal to recover 100% of its operating costs. Tracking this goal is essential to be able to respond to public inquiries and indicates when there is a need to adjust fees.

Note: At the beginning of October 2008, membership rates increased for the first time since opening in December 2002.

Camp Adventure - Summer Day Camp**Workload:**

* Number of weeks held	9	9	9	9
* Total estimated participants (goal)	330	330	330	330

Efficiency:

* Total actual number of participants	333	312	330	330
---------------------------------------	-----	-----	-----	-----

Effectiveness:

* Percentage of goal achieved	101%	95%	100%	100%
-------------------------------	------	-----	------	------

Comments:

Tracking the percentage of participants achieved can be an indicator of whether the program needs to be expanded or reduced, affecting budgetary decisions for this program.

Note: Columbia Public Schools offer a "FREE" summer school program from middle of June to the second week of July, so 100% capacity is not expected during these weeks.

PUBLIC WORKS-GENERAL FUND

Key Performance Indicators

Engineering	Actual 2008	Actual 2009	Budget 2010	Goal
Development Plan Review Time				
Workload:				
* Number of plans reviewed	667	440	474	511
Efficiency:				
* Average number of days for 1st plan review and comments	9.05	6.53	5.97	7.00
Effectiveness:				
* Percent of 1st plan reviews and comments within 14 days to owner	97.31%	98.64%	98.42%	100.00%
Comments:	The department intends to track the time of plan submission for reviews as part of the re-organization this will enable us to review our staffing levels and allow improvement in our process.			
Design project omissions				
Workload:				
* Total \$ amount of projects constructed	N/A	N/A	N/A	\$11,000,000
Efficiency:				
* Total \$ amount of change orders	N/A	N/A	N/A	\$1,100,000
Effectiveness:				
* Percent of change orders designed in-house	N/A	N/A	N/A	20.00%
* Percent of change orders designed by contract	N/A	N/A	N/A	80.00%
Comments:	The intent of tracking change orders of in-house versus out of house designers is to help provide budgetary justification of staff levels of engineers and technicians within the design section.			

PUBLIC WORKS-GENERAL FUND

Key Performance Indicators

Streets	Actual 2008	Actual 2009	Budget 2010	Goal
Seal coat				
Workload:				
* Number of seal coat miles maintained	N/A	N/A	N/A	N/A
Efficiency:				
* Number of miles of seal coat on streets with a PASER rating of 5 or 6 per year - (<i>PASER-Pavement Surface Evaluation and Rating</i>)	N/A	N/A	N/A	N/A
Effectiveness:				
* Percent of total miles of streets with PASER rating of 5 or 6	N/A	N/A	N/A	5.00%
Comments:	This measurement will be an important budgeting indicator when scheduling annual street maintenance. PASER is a manual widely used across the country to rate gravel, brick, asphalt and concrete streets on their condition. The rating system is a numbered system from 1 to 10 depending on the surface type. There are pictures and definitions at each level that describe what type of maintenance is required if any.			
Asphalt overlay				
Workload:				
* Number of miles maintained	N/A	N/A	N/A	N/A
Efficiency:				
* Number of miles of overlay on streets with PASER rating of 4 or lower per year	N/A	N/A	N/A	N/A
Effectiveness:				
* Percent of total miles of streets with PASER rating of 4 or lower	N/A	N/A	N/A	5%
Comments:	This measurement will be an important budgeting indicator when scheduling annual street maintenance PASER is a manual widely used across the country to rate gravel, brick, asphalt and concrete streets on their condition. The rating system is a numbered system from 1 to 10 depending on the surface type. There are pictures and definitions at each level that describe what type of maintenance is required if any.			

PUBLIC WORKS-GENERAL FUND

Key Performance Indicators

Protective Inspection	Actual	Actual	Budget	Goal
Permits issues	2008	2009	2010	
Workload:				
* Number of total permits issued (Bldg, Electrical, plumbing, etc)	5,834	5,701	5,150	5,200
Efficiency: ** RESIDENTIAL **				
* Average number of days it takes to issue a permit (Bldg permit takes more time)	<1	<1	<1	<1
Effectiveness:				
* Percent of permits issued within 7 days	100.00%	100.00%	100.00%	100.00%
* Percent of permits issued within 14 days	0.00%	0.00%	0.00%	0.00%
* Percent of permits issued within 21 days	0.00%	0.00%	0.00%	0.00%
* Percent of permits issued greater than a month	0.00%	0.00%	0.00%	0.00%
Efficiency: ** COMMERCIAL **				
* Average number of days it takes to issue a permit (Bldg permit takes more time)	N/A	N/A	8.87	7.50
Effectiveness:				
* Percent of permits issued within 7 days	N/A	N/A	20.00%	20.00%
* Percent of permits issued within 14 days	N/A	N/A	70.00%	70.00%
* Percent of permits issued within 21 days	N/A	N/A	8.00%	8.00%
* Percent of permits issued greater than a month	N/A	N/A	2.00%	2.00%
Comments:				
Provide information and goals to better assist in the review and permitting for both residential and commercial development. Tracking the permitting process will continue to show areas of improvement as well as future goals and areas of possible needs.				

Passenger Usage	Actual 2008	Actual 2009	Budget 2010	Goal
Workload:				
* Total number of passengers	1,862,498	2,018,593	1,998,407	2,098,327
Efficiency:				
* Cost per passenger	\$2.00	\$1.77	\$1.79	\$1.70
Effectiveness:				
* Percent of cost recovered	20.10%	20.30%	27.30%	27.70%
Comments:				
Passenger usage is a strong indicator of Customer Satisfaction. Increasing ridership suggest that the service is meeting the needs of current customers who may ride more frequently, as well as, attracting new riders. As ridership increases, the cost per passenger diminishes. Schedule reliability is one of the strongest factors influencing passenger usage and customer satisfaction.				

Commercial Service Usage	Actual 2008	Actual 2009	Budget 2010	Goal
Workload:				
* Total number of enplaned passengers	10,918	24,843	35,000	35,000
Efficiency:				
* Number of on time completed flights	N/A	N/A	N/A	N/A
Effectiveness:				
* Percentage of flights that are on-time 80% of the time	N/A	N/A	N/A	N/A
Comments:				
The goal of this measurement is to continuously show passenger increases, due to flights being on time. This will help the Airport obtain future additional air service with a continued passenger increase.				

	Actual 2008	Actual 2009	Budget 2010	Goal
Sewer Maintenance				
Workload:				
* Total miles of sewer lines	664	671	680	690
Efficiency:				
* Total number of miles cleaned annually	166	320	285	300
Effectiveness:				
* Percent of sewer lines cleaned annually	24.95%	47.72%	41.91%	43.48%
Comments:				
<p>The goal of the sewer utility's cleaning program consists of routine cleaning or inspecting every public sewer main. The routine cleaning or inspection frequency for lines in which an obstruction may result in a backup into a residence or business is intended to be at least a minimum of once every five years. The routine cleaning or inspection frequency for all other lines is intended to be at least a minimum of once every ten years.</p> <p>This measurement can be used to verify if the cleaning and inspection frequency goal is being attained and as an indication of when to begin planning for additional equipment and personnel to ensure the goal can be met. Routine cleaning and inspection of sewer mains is essential for minimizing overflows and backup into buildings.</p>				
Sewer Overflows				
Workload:				
* Total miles of sewer lines	664	671	680	690
Efficiency:				
* Total number of overflows per year (overflows and water in basement)	28	12	15	20
Effectiveness:				
* Number of overflows and water in basement per 100 miles of sewer main	4.22	1.79	2.21	2.9
Comments:				
<p>One of the goals for the sewer utility is to minimize both sanitary sewer overflows and water in basement backups. Less than 4 overflows per 100 miles of sewer main to generally considered to be acceptable. This measurement can be used to gauge the effectiveness of our maintenance programs relative to other utilities. This criteria has been used in surveys the sewer utility has participated in previously.</p> <p>Note: wet weather overflows are not included in the totals above. A wet weather overflow is caused by the infiltration and inflow of storm water during rain events.</p>				

PUBLIC WORKS-PARKING**Key Performance Indicators**

	Actual 2008	Actual 2009	Budget 2010	Goal
Surface lot and garage capacity				
Workload:				
* Total number of actual parking permit spaces available at fiscal year end	1,425	1,425	1,402	1,972
Efficiency:				
* Total number of active parking permits at fiscal year end	1,380	1,387	1,450	1,652
Effectiveness:				
* Percent of capacity used	96.80%	97.33%	103.42%	83.77%
Comments:				
Effectiveness is determined by tracking and maintaining parking usage at less than 87% of total workload capacity. If workload capacity exceeds 88% in two consecutive fiscal years it would generate a trigger for planning which should include converting parking lots to permit parking and/or a new parking facility.				

PUBLIC WORKS-SOLID WASTE
Key Performance Indicators

	Actual 2008	Actual 2009	Budget 2010	Goal
Residential				
Workload:				
* Number of residential customers	31,343	31,998	32,244	32,800
Efficiency:				
* Number of skips (call-ins)	N/A	436	460	400
Effectiveness:				
* Percent of pick-ups without calls	N/A	98.60%	98.57%	98.78%
Comments: Solid Waste responds to multiple calls daily, not all calls are skips. This number represents what could be determined as actual skip, based on evaluation by a supervisor. An example of a non-skip would be a late set out.				
Recycling				
Workload:				
* Total tons of recyclables collected	9,046	9,026	9,031	9,200
Efficiency:				
* Total tons of recyclables sold	8,259.06	6,148.55	7,103.31	7,259.31
Effectiveness:				
* Percent of recyclables marketable	91.30%	68.12%	78.65%	78.91%
Comments: All incoming vehicles are weighted at the landfill scales to obtain total tons. Marketing and shipping is by private contractors and trucks leaving the facility for market are weighted. The different (total-sold) is trash that comes through our facility and is landfilled, less what is current waiting transport. Most of the trash is from our drop-offs.				

Inlet Cleaning	Actual 2008	Actual 2009	Budget 2010	Goal
Workload:				
* Total number of inlets	N/A	N/A	N/A	N/A
Efficiency:				
* Total number of inlets cleaned per year	N/A	N/A	N/A	N/A
Effectiveness:				
* Percent of Storm Water inlets cleaned every 10 years	N/A	N/A	N/A	N/A
Comments:				
This measurement will guide maintenance supervisors with respect to daily work assignments.				

Maintenance Work Orders	Actual 2008	Actual 2009	Budget 2010	Goal
Workload				
* Total number of work orders issued per year	107	207	250	280
Efficiency:				
* Average number of days for work order response	<1	<1	<1	<1
Effectiveness:				
* Percent of work orders responded to within 2 days	95.00%	97.00%	97.00%	97.00%
Comments:				
Assist in tracking the work load of both the Building Maintenance and Custodial Divisions. Maintaining and providing custodial services for the new City Hall addition as well as the newly renovated Historic Boone, tracking the requests for services and response times will serve to establish goals for not only this year but future years.				

PUBLIC WORKS-FLEET

Key Performance Indicators

	Actual 2008	Actual 2009	Budget 2010	Goal
Backlog				
Workload:				
* Total number of vehicles/equipment maintained	1,203	1,210	1,212	1,212
Efficiency:				
* Average number of repairs completed daily	31	40	40	42
Effectiveness:				
* Average number of vehicles/equipment pending repair each day	64	47	50	45
Comments:				
In order to capture the efficiency and effectiveness data, additional entries on repair orders are required. These entries were made beginning FY 2010 and the data in these two areas for FY 2008 and FY 2009 are not available.				
Vehicle/Equipment Repairs				
Workload:				
* Total number of repairs completed annually	10,343	10,446	10,310	11,000
Efficiency:				
* Average number of hours to complete a repair	N/A	N/A	19	19
Effectiveness:				
* Percent of repairs completed within 24 hours	N/A	N/A	80.00%	80.00%
* Percent of repairs completed within 72 hours	N/A	N/A	90.00%	90.00%
Comments:				
The Federal Transit Administration (FTA) specifies that all preventive maintenance services are completed no later than within 10 percent of the stated schedule interval. The preventive maintenance service schedule for Columbia Transit fleet is every 4,000 miles. Therefore, the services must be completed before the interval from the previous service exceeds 4,400 miles. The FTA further specifies that for a 12 month period, at least 80% of the entire transit fleet must meet the stated service criteria. For FY 2008 & FY2009, the percent for effectiveness is N/A as some vehicles from these two fiscal years have been disposed of and the service schedules are no longer available to evaluate.				

RAILROAD**Key Performance Indicators**

Freight Transportation Provided	Actual 2008	Actual 2009	Budget 2010	Goal
Workload:				
* Revenue tons of freight carried	183,561	104,747	143,695	130,169
Efficiency:				
* Truckload equivalents removed from highways	9,178	5,237	7,185	6,508
Effectiveness:				
* Reduction in Missouri CO2 emissions, tons	1,578	901	1,236	1,119
Comments:				
Transportation of freight by rail is more energy efficient and environmentally friendly than other surface transportation modes. Moving freight by rail removes trucks from congested highways and leads to lower emissions of carbon dioxide and other pollutants.				

Water Distribution

Actual
2008Actual
2009Budget
2010

Goal

System Average Interruption Duration Index (SAIDI) Index**Workload:**

- * Sum of all customer water outage durations
- * Total number of customers served

Efficiency:

- * Total number of minutes the average customer is without water for a one year period. (SAIDI)

Effectiveness:

- * SAIDI is measured in units of time, often minutes or hours. It is usually measured over the course of a year.

Comments:

- * The System Average Interruption Duration Index (SAIDI) is the average water outage duration for each customer served, and is calculated as: sum of all customer interruption durations / total number of customers served.

System Average Interruption Frequency Index (SAIFI) Index**Workload:**

- * Total number of customer interruptions
- * Total number of customers served

Efficiency:

- * Total number of water outages the average customer receives for a one year period. (SAIFI)

Effectiveness:

- * SAIFI is measured in units of interruptions per customer. It is usually measured over the course of a year.

Comments:

- * The System Average Interruption Frequency Index (SAIFI) is the average number of interruptions that a customer would experience, and is calculated as: total number of customer interruptions / total number of customers served.

Customer Average Interruption Duration Index (CAIDI) Index**Workload:**

- * Sum of all customer water outage durations
- * Total number of customer interruptions

Efficiency:

- * Average outage duration that any given customer that has an outage would experience. Could also be viewed as the average restoration time. (CAIDI)

Effectiveness:

- * CAIDI is measured in units of time, often minutes or hours.

Comments:

- * The Customer Average Interruption Duration Index (CAIDI) is related to SAIDI and SAIFI, and is calculated as: SAIDI / SAIFI.

WATER UTILITY**Key Performance Indicators**

Water Distribution	Actual 2008	Actual 2009	Budget 2010	Goal
Water System Efficiency				
Workload: <ul style="list-style-type: none">* Sum of all water pumped for sale to customers in millions of gallons* Sum of all water sold to customers in millions of gallons				
Efficiency: <ul style="list-style-type: none">* Percent of water sold to customers from the water pumped for sale				
Effectiveness: <ul style="list-style-type: none">* System losses are minized when the efficiency is high.				
Comments: <ul style="list-style-type: none">*				

Electric Production

Actual

2009Budget
2010

Goal

**System Average Interruption Duration Index
(SAIDI) Index****Workload:**

- * Sum of all customer power outage durations
- * Total number of customers served

Efficiency:

- * Total number of minutes the average customer is without power for a one year period. (SAIDI)

Effectiveness:

- * SAIDI is measured in units of time, often minutes or hours. It is usually measured over the course of a year, and according to IEEE Standard 1366-1998 the median value for North American utilities is approximately 1.50 hours.

Comments:

- * The System Average Interruption Duration Index (SAIDI) is commonly used as a reliability indicator by electric power utilities. SAIDI is the average outage duration for each customer served, and is calculated as: sum of all customer interruption durations / total number of customers served.

**System Average Interruption Frequency Index
(SAIFI) Index****Workload:**

- * Total number of customer interruptions
- * Total number of customers served

Efficiency:

- * Total number of power outages the average customer receives for a one year period. (SAIFI)

Effectiveness:

- * SAIFI is measured in units of interruptions per customer. It is usually measured over the course of a year, and according to IEEE Standard 1366-1998 the median value for North American utilities is approximately 1.10 interruptions per customer.

Comments:

- * The System Average Interruption Frequency Index (SAIFI) is commonly used as a reliability indicator by electric power utilities. SAIFI is the average number of interruptions that a customer would experience, and is calculated as: total number of customer interruptions / total number of customers served.

Electric Production

Customer Average Interruption Duration Index (CAIDI) Index**Actual

Efficiency:

- * Average outage duration that any given customer that has an outage would experience. Could also be viewed as the average restoration time. (CAIDI)

Effectiveness:

84.18

80.00

80.00

75.00

- * CAIDI is measured in units of time, often minutes or hours. It is usually measured over the course of a year, and according to IEEE Standard 1366-1998 the median value for North American utilities is approximately 1.36 hours

Comments:

- * The Customer Average Interruption Duration Index (CAIDI) is a reliability index commonly used by electric power utilities. It is related to SAIDI and SAIFI, and is calculated as: SAIDI / SAIFI.

Electric System Efficiency**Workload:**

- * Sum of all power purchased or generated for sale to customers
- * Sum of all power sold to customers

Efficiency:

- * Percent of power sold to customers from the power purchased for sale

Effectiveness:

- * System losses are minized when the efficiency is high.

Comments:

*

	Actual 2008	Actual 2009	Budget 2010	Goal
Meetings Serviced				
Workload:				
* Number of meetings services	202	190	200	230
Efficiency:				
* Cost per room night				
Effectiveness:				
* Customer Survey Excellent rating	91%	92%	93%	94%
Comments:				
Cost per room night is a new criteria. Customer satisfaction is key indicator of potential for return business				
Sales Generated				
Workload:				
* Sales leads generated	85	102	112	115
Efficiency:				
* Cost per lead				
Effectiveness:				
* Leads converted to definite business	68%	56%	65%	65%
Comments:				
Cost per lead is a new criteria. Measures CVB efficiency and effectiveness in bringing new business to Columbia.				
Group Tours				
Workload:				
* Group tours leads generated	62	64	75	120
Efficiency:				
* Cost per tour booking				
Effectiveness:				
* Group Leader Satisfacting Rating				
Comments:				
Higher lead target due to Dinner Train anticipated group tour bookings. Group leader satisfaction is a key predictor of return business.				
Tourism Development Fund - Events/Sports				
Workload:				
* # Applications Processed				
Efficiency:				
* Cost per approved application				
Effectiveness:				
* Number of room nights generated				
Comments:				
Measures program cost and return on investment. - New measurement				

EMPLOYEE BENEFIT FUND

Key Performance Indicators

	Actual 2008	Actual 2009	Budget 2010	Goal
Average medical/dental cost per member				
Workload:				
* Annual contributions	\$8,313,041	\$8,535,149	\$9,213,668	\$8,380,372
* Number of members	2508	2423	2382	2382
Efficiency:				
* Average medical/dental cost per member	3.91:1	4.59:1	4.60:1	4.22:1
Effectiveness:				
* Rate of increase at or below national trend	\$3,314.61	\$3,522.55	\$3,868.04	\$3,518.21
Comments:				
Provide benchmark comparisons for a competitive benefit package while managing cost to city.				

Average claim cost per member				
Workload:				
* Number of members	2508	2423	2382	2382
Efficiency:				
* Average claim cost per member	0.97:1	0.98:1	1.19:1	1.17:1
Effectiveness:				
* Rate of increase at or below national trend	\$2,444	\$2,385	\$2,834	\$2,792
Comments:				
Provide trend information to use for budget/plan design amendments with goal to keep city costs below national trend.				

Employee Health Program Utilization				
Workload:				
* Number of participants	2,849	4,114	3,697	3,553
* Number of participants - Voluntary Programs	2,263	2,838	3,233	2,778
* Number of participants - Mandatory Programs	586	1,276	464	775
Efficiency:				
* Ratio of participants to FTE's	2.00:1	3.22:1	2.88:1	3.00:1
Effectiveness:				
* Percentage of employees utilizing Employee Health	78%	86%	86%	**
Comments:				
Goal is to increase wellness program participation in order to decrease medical claim costs incurred by employees.				
** Currently tracking by all conditions; will start tracking by individual employee and condition in 2011.				

**PC and Printer Support – Help Desk Calls
response time - High and Medium Priority**
**Actual
2008**
**Actual
2009**
**Budget
2010**
Goal
Workload:

- * Total Number of help desk calls

Efficiency:

- | | | | |
|-----------------------------------|-------|-------|-------|
| * Number of High Priority Calls | 61 | 51 | 50 |
| * Number of Medium Priority Calls | 1,326 | 1,457 | 1,500 |

Effectiveness:

- | | | | |
|---|--------|--------|---------|
| * 90% of calls responded to within 20 minutes | 95.00% | 98.00% | 100.00% |
| * 90% of medium calls responded to within 2 hours | 89% | 92% | 84% |

Comments:

Being an internal customer service department we have to ensure that our customers are able to get their work done in a timely manner. Responding to service calls within the Service Level Agreement response times is very important. We hope to train employees to better use the systems supplied to them by tracking the types of service calls we receive.

PUBLIC COMMUNICATIONS
Key Performance Indicators

Public Communications Office	Actual 2008	Actual 2009	Budget 2010	Goal
News releases				
Workload:				
* # news releases issued by Department		388	388	388
Efficiency:				
* Avg. # of releases issued per week		10	10	10
Effectiveness:				
* # stories reported in local media		N/A	N/A	1,340
Comments:	<p>Workload is related to planned and unplanned City activities. Local commercial news media make reports based on relevance to their customers. At this time, the measure does not include: news releases issued by other City departments; stories initiated by the news media; or stories reported by non-local media. While this would provide useful data, it most likely requires a paid service or significant staff time to continually and consistently check selected online sources. The Public Communication's goal is a 75% report rate.</p>			

City Channel				
Video segments for broadcast				
Workload:				
* # video segments completed	78	107	107	107
Efficiency:				
* Avg video cost per minute	\$111	\$116		
Effectiveness:				
* Percent clients satisfied with video	N/A	N/A	N/A	64%
Comments:	<p>Past citizen surveys have assessed general satisfaction with the effectiveness of City communications and the quality of City Channel programming without further definition. The outcome of any public information product should be greater understanding Any public communication product should provide customers with accurate, timely, reliable information that is easy to understand and that useful for taking further action. The outcome should be more specifically measured in statistically valid surveys and through other informal methods for gathering customer reactions. We have not measured this indicator since 2007. The goal is based on 2007 measure of satisfaction with effectiveness of City Communications with the public.</p>			

GLOSSARY

Accrual Basis of Accounting - Internal Service Fund and Enterprise Fund revenues and expenses are recognized on the accrual basis. Under this method of accounting, revenues are recognized in the accounting period in which they are earned, and expenses are recognized in the period occurred.

Account Number - A system of numbering or otherwise designating accounts, entries, invoices, vouchers, in such a manner that the number sequence used quickly reveals certain required information.

Adopted Budget - Refers to the budget amount as originally approved by the City Council at the beginning of the fiscal year.

Anticipated Expenditures and Revenues - The expenditures or revenues that are expected by the close of the budget year/fiscal year.

Appropriation - The legal authorizations made by the City Council (who approve department budgets) to the departments, offices and agencies of the City, allowing the departments to make expenditures and incur obligations for specific purposes within the amounts approved.

Assessed Valuation - This is the value of property set for tax purposes. The assessed value is set by the County Assessor, who is charged with determining the taxable value of property according to a formula set by the State of Missouri.

Budget - The financial plan for the operation of the City for the fiscal year.

Budgetary Control - The control or management of a government or enterprise fund/entity in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

Capital - An asset item with a value of \$5,000 or more and is expected to have an estimated life of greater than one year.

Capital Projects Fund - Capital Projects Funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities or improvements.

Debt Service Fund - The debt service funds are used to account for the accumulation of resources and payment of general long-term debt principal and interest.

Deficit - An excess of the liabilities of a fund over its assets. Also, the excess of expenditures over revenues during the budget year.

Department - The Department is the primary unit in City operations. Each is managed by a department director. Departments are generally composed of divisions which share a common purpose or which perform similar duties.

Depreciation - The decrease in value of physical assets due to use and the passage of time. In accounting for depreciation, the cost of a fixed asset is prorated over the estimated service life of such an asset, and each year is charged with a portion of such cost. Through this process, the entire cost of the asset is ultimately charged off as an expense.

Encumbrance - Commitment for unperformed contracts for goods or services. An amount of money committed and set aside, but not yet expended, for the purpose of a specific good or service.

Enterprise Funds - These funds are used to account for resources committed to self-supporting activities of governmental units that render services to the general public on a user-charged basis. Budgeted enterprise funds include: Water Utility, Electric Utility, Sanitary Sewer Utility, Regional Airport, Public Transportation, Solid Waste Collection, Parking Facilities, Recreation Services, Railroad, and Storm Water Utility.

GLOSSARY

Expendable Trust Fund - A trust fund whose principal and earnings may be expended. The only expendable trust fund that is budgeted is the Contributions Fund.

Expenditure - An actual obligation incurred for goods or services received whether or not yet paid by a City check or by an interfund transfer for internal City bills.

Fiscal Year - The period used for the accounting year. The City of Columbia has a fiscal year of October 1st through the following September 30th.

Fund - A fund is a self balancing set of accounts designed to track specific revenues and the uses of those revenues.

Fund Balance - An accumulated excess of revenues over expenditures. Any amount left over after expenditures are subtracted from resources is then added to the beginning fund balance each year. Each fund begins and ends each year with a positive or negative fund balance. The exception to this is Enterprise Funds and Internal Service Funds which are accounted for in the same manner as private businesses and record retained earnings as opposed to a fund balance.

Fund Equity - Additional funds generated by the cost of operating as internal service funds which is used to offset charges assessed to other internal departments.

Fund Type - In governmental accounting, all funds are classified into seven generic fund types: General, Special Revenues, Debt Service, Capital Projects, Enterprise, Internal Service, and Trust and Agency.

GAAP - Generally Accepted Accounting Principals

General Fund - The fund used to account for all City activities not required to be accounted for elsewhere. The General Fund of a governmental unit is made up of the resources available for the purpose of carrying on the unit's operating activities. The General Fund includes the following departments: City Council, City Clerk and Elections, City Manager, Municipal Court, Human Resources, Law, Planning, Economic Development, Finance, Fire, Police, Health, Joint Communications, Emergency Management, Community Services, Divisions of Public Works (Administration and Engineering, Streets, Traffic, and Protective Inspection), and Divisions of Parks and Recreation (Administration, C.A.R.E. Program, and Parks).

General Obligation Bonds - Bonds backed by the full faith and credit of the City.

Governmental/Trust Funds - Includes the General Fund, Expendable Trust Funds, Non-Expendable Trust Funds, Special Revenue Funds, and Capital Project Fund.

Legal Debt Margin - The amount of additional debt the City may legally issue. It is currently 20% of the assessed value less general obligation debt currently outstanding.

Intergovernmental Revenues - Revenues from other governments in the form of grants, entitlement, shared revenues or payments in lieu of taxes.

Internal Service Funds - These funds are used to finance, administer, and account for the financing of goods and services provided by one department to other departments of the City on a cost reimbursement basis. Budgeted internal service funds are Fleet Operations, Custodial and Maintenance Services, Finance Utility Customer Service, Information Technologies, Public Communications, Employee Benefit Fund, and Self-Insurance Reserve Fund.

Intragovernmental Charges - Charges assessed to all other departments i.e. Enterprise, Special Revenue, Governmental and other Internal Service funds for services provided to those various departments. Some of the services include, delivery of mail, vehicle repair, custodial and building maintenance & computer support.

GLOSSARY

Modified Accrual Basis - General Fund, Special Revenue, Debt Service, Capital Projects, and Expendable Trust Funds are recognized on the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both available and measurable. Expenditures are recognized in the accounting period in which the fund liability is incurred. This basis measures resources available to the City.

Net Assets - A funds total assets less all liabilities.

Net Income - The excess of revenues over expenses. Net income is calculated for Internal Service Funds and Enterprise Funds. Net income is not calculated for a governmental fund.

Net-Working Capital - The total of all current assets less the total of all current liabilities.

Non-Expendable Trust Funds - A trust fund whose principal must be preserved intact. Revenues earned on the principal may be expended.

Non-Operating Expenses - Expenses incurred by Enterprise and Internal Service Funds that are not directly related to the fund's primary service activities. Examples of non-operating expenses include Interest Expense, Loss on Disposal of Fixed Assets, and Miscellaneous Expenses.

Non-Operating Revenues - Enterprise and Internal Service Fund revenues that are not directly related to the fund's primary service activities. Examples of non-operating revenues include Interest revenue, gain on disposal of fixed assets, and miscellaneous revenue.

Operating Budget - The annual budget and process which provide a financial plan for the operation of government and the provision of services for the year. Excluded from the operating budget are capital projects which are determined by a separate, but interrelated process.

Property Tax - This refers to the property tax placed on property. The tax income is determined by multiplying the tax rate by each \$100 of assessed valuation.

Proposed Budget - The recommended City budget submitted by the City Manager to the City Council in late July each year.

Retained Earnings - Profits generated by enterprise funds that are either reinvested into the fund or are kept as a reserve for specific objectives - such as to pay off a debt or purchase capital assets.

Revenue Bonds - Bonds whose principal and interest are payable exclusively from earnings of an enterprise fund. In addition, these bonds may contain a mortgage on the enterprise fund's property.

Revenues - Money generated through taxes, charges, licenses and other sources to fund City operations.

Special Obligation Bonds - Special obligations of the City. The payment of the principal of and the interest on the Bonds is subject to an annual appropriation by the City. The City is not required or obligated to make any such annual appropriation.

Special Revenue Funds - These funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes. Budgeted special revenue funds include: Convention and Tourism Fund, Transportation Sales Tax Fund, Community Development Block Grant Fund, Cultural Affairs Fund, Parks Sales Tax, Capital Impr. 1/4 Cent Tax, Special Road District Tax Fund, and Public Improvement Fund.

Subsidy - Legally authorized subsidy from a fund receiving revenue to the fund through which the resources are to be expended.

GLOSSARY

Supplementals - A list of requests by each department which include computers, all other equipment, vehicles, trucks (capital items) and personnel. Requests are listed in priority order and then reviewed and amended by the City Manager and the Department Director based on the budget year's spending limitations.

Transfer - Legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended.

Trust Funds - These funds are used to account for assets held by the government in a trustee capacity. Trust Funds are composed of two main types, Non-Expendable and Expendable. The only Budgeted Trust Fund is the Contributions Fund.

User Charges or Fees - The payment of a charge or fee for direct receipt of a service by the party benefiting from the service.
