## Parks and Recreation Needs Assessment Survey Executive Summary Report

## Overview of the Methodology

The City of Columbia conducted a Parks and Recreation Needs Assessment Survey during March and April of 2010. The purpose of the survey was to establish priorities for the future improvement of parks and recreation facilities, programs and services within the community. The survey was designed to obtain statistically valid results from households throughout the City of Columbia. The survey was administered by a combination of mail and phone.

Leisure Vision worked extensively with City of Columbia officials in the development of the survey questionnaire. This work allowed the survey to be tailored to issues of strategic importance to effectively plan the future system.

Leisure Vision mailed surveys to a random sample of 3,000 households throughout the City of Columbia. Approximately three days after the surveys were mailed each household that received a survey also received an electronic voice message encouraging them to complete the survey. In addition, about two weeks after the surveys were mailed Leisure Vision began contacting households by phone. Those who indicated they had not returned the survey were given the option of completing it by phone.

The goal was to obtain a total of at least 600 completed surveys from City of Columbia households. This goal was far exceeded, with a total of 753 surveys having been completed. The results of the random sample of 753 households have a $95 \%$ level of confidence with a precision of at least $+/-3.5 \%$.

The following pages summarize major survey findings.

Major Survey Findings

$>$ Visiting Park City Parks. Eighty-seven percent (87\%) of households have visited City of Columbia parks during the past year. This is significantly higher than the national benchmarking average of $72 \%$.

Of the $87 \%$ of households that have visited City parks during the past year, $95 \%$ rated the physical condition of the parks they've visited as either excellent (41\%) or good ( $53 \%$ ). This is higher than the national benchmarking average of $85 \%$ of households who rated the physical condition of parks as either excellent or good. In addition, $5 \%$ of households rated the physical condition of parks as fair and less than $1 \%$ rated them as poor.
$>$ City Parks and Recreation Facilities Visited. The City of Columbia parks and recreation facilities that the highest percentage of households have used/visited during the past 12 months are: walking, hiking, and biking trails (70\%), picnic shelters ( $50 \%$ ), playgrounds ( $47 \%$ ), nature trails ( $41 \%$ ), and activity and recreation center (38\%).
$>$ Reasons Preventing Households from Using City Parks and Recreation Facilities. The most frequently mentioned reasons preventing households from using City of Columbia parks and recreation facilities are: "we are too busy or not interested" (26\%), "household uses facilities from other organizations" (13\%), and "location of City facilities not close to my home" (12\%).
$>$ Participation in City Recreation Programs. The City recreation programs that the highest percentage of households have participated in over the past 12 months are: special events (28\%), youth and adult sports (26\%), aquatics ( $22 \%$ ), fitness/exercise classes (14\%).
$>$ Need for Parks and Recreation Facilities. The parks and recreation facilities that the highest percentage of households have a need for are: walking and biking trails (76\%), park shelters and picnic areas (70\%), small neighborhood parks (68\%), large community parks ( $66 \%$ ), nature trails ( $55 \%$ ), and playground equipment and play areas (51\%).
$>$ Most Important Parks and Recreation Facilities. Based on the sum of their top four choices, the parks and recreation facilities that households rated as the most important are: walking and biking trails (37\%), small neighborhood parks (33\%), large community parks ( $22 \%$ ), playground equipment and play areas $(20 \%)$, nature trails (17\%), and park shelters and picnic areas (16\%).
$>\quad$ Need for Recreation Programs. The recreation programs that the highest percentage of households have a need for are: special events/festivals ( $46 \%$ ), adult fitness and wellness programs (42\%), nature education programs/outdoor adventure (33\%), and youth learn to swim programs (28\%).
$>$ Most Important Recreation Programs. Based on the sum of their top four choices, the recreation programs that households rated as the most important are: special events/festivals (29\%), adult fitness and wellness programs (26\%), youth learn to swim programs (16\%), youth/teen sports programs (15\%), and nature education programs/outdoor adventure (15\%).
$>$ Recreation Programs Participated in Most Often at City Facilities. Based on the sum of their top four choices, the recreation programs that households participate in most often at City of Columbia parks and recreation facilities are: special events/festivals ( $25 \%$ ), youth/teen sports programs (12\%), and adult fitness and wellness programs (11\%).
$>$ Ways Respondents Learn about Programs and Activities. The most frequently mentioned ways that respondents learn about Columbia Parks and Recreation Department programs and activities are: "Leisure Times" Activity Guide (63\%), newspaper articles/advertisements (47\%), from friends and neighbors (47\%), and parks and recreation website (35\%).
$>$ Actions Most Willing to Fund. Based on the sum of their top four choices, the actions that the highest percentage of respondents are willing to fund with their parks and recreation tax dollars are: fix-up/repair older park facilities/shelters/playgrounds ( $47 \%$ ), upgrade/improve existing pools/sports fields/golf courses (29\%), acquire land for preservation \& develop walking/hiking trails (28\%), and acquire land to preserve open space $\&$ protect the environment ( $26 \%$ ).
$>$ Level of Satisfaction with the Overall Value Received from the Parks and Recreation Department. Seventy-five percent (75\%) of households are either very satisfied (41\%) or somewhat satisfied (34\%) with the overall value their household receives from the City of Columbia Parks and Recreation Department. Only 5\% of households are either somewhat dissatisfied (3\%) or very dissatisfied (2\%). In addition, $14 \%$ of respondents rated the Parks and Recreation Department as "neutral", and $6 \%$ indicated "don't know".
$>$ Level of Support for Renewing the 1/8-Cent Park Sales Tax for 5 Years. Eightythree percent ( $83 \%$ ) of respondents are either very supportive ( $63 \%$ ) or somewhat supportive ( $20 \%$ ) of renewing the $1 / 8$-cent parks sales tax for 5 years. Only $7 \%$ of respondents are not supportive of renewing the $1 / 8$-cent park sales tax for 5 years, and $10 \%$ indicated "not sure".
$>$ Level of Support for Renewing the 1/8-Cent Park Sales Tax for 10 Years. Seventy-nine percent ( $79 \%$ ) of respondents are either very supportive (57\%) or somewhat supportive ( $22 \%$ ) of renewing the $1 / 8$-cent parks sales tax for 10 years. Only $9 \%$ of respondents are not supportive of renewing the $1 / 8$-cent park sales tax for 10 years, and $12 \%$ indicated "not sure".
$>$ Level of Priority of Maintaining Existing Parks and Recreation Facilities. Seventy-seven percent (77\%) of respondents feel City officials should place either a very high ( $43 \%$ ) or high ( $34 \%$ ) priority on maintaining existing parks and recreation facilities. Only $4 \%$ of respondents feel that maintaining existing City parks and recreation facilities should be a low or very low priority, and $19 \%$ feel it should be a medium priority.
$>\quad$ Allocation of $\mathbf{\$ 1 0 0}$ for the Parks Sales Tax. Respondents would allocate $\$ 45$ out of $\$ 100$ for maintaining the condition of existing parks, trails, and facilities. The remaining $\$ 55$ was allocated as follows: acquiring, protecting and preserving parks, green space and stream corridors (\$21), new park/facility development (\$17), and trails - new construction, improvements, acquisition and connections (\$17).
> Change in Use of Public Parks and Recreation Facilities During the Past Year. During the past 12 months, $54 \%$ of households have used public parks and recreation facilities the same amount. In addition, $25 \%$ of households have made greater use of public parks and recreation facilities, and $12 \%$ have made less use of public parks and recreation facilities.

Benchmarking Comparisons

## National Benchmarking

Since 1998, Leisure Vision (a division of ETC Institute) has conducted household surveys for needs assessments, feasibility studies, customer satisfaction, fees and charges comparisons, and other parks and recreation issues in more than 400 communities in over 40 states across the country.

The results of these surveys has provided an unparalleled data base of information to compare responses from household residents in client communities to "National Averages" and therefore provide a unique tool to "assist organizations in better decision making."

Communities within the data base include a full-range of municipal and county governments from 20,000 in population through over 1 million in population. They include communities in warm weather climates and cold weather climates, mature communities and some of the fastest growing cities and counties in the country.

Communities within the following states are included within the National Benchmarking data base.

| $>$ Arizona | $>$ Montana |
| :--- | :--- |
| $>$ Arkansas | $>$ Nevada |
| $>$ California | $>$ New Hampshire |
| $>$ Colorado | $>$ New Jersey |
| $>$ Connecticut | $>$ New York |
| $>$ Florida | $>$ North Carolina |
| $>$ Georgia | $>$ Ohio |
| $>$ Kansas | $>$ Oklahoma |
| $>$ Kentucky | $>$ Oregon |
| $>$ Idaho | $>$ Pennsylvania |
| $>$ Illinois | $>$ Rhode Island |
| $>$ Indiana | $>$ South Carolina |
| $>$ Iowa | $>$ South Dakota |
| $>$ Maine | $>$ Texas |
| $>$ Massachusetts | $>$ Utah |
| $>$ Michigan | $>$ Vermont |
| $>$ Minnesota | $>$ Virginia |
| $>$ Mississippi | $>$ Washington |
| $>$ Missouri | $>$ Wyoming |

"National Averages" have been developed for numerous strategically important parks and recreation planning and management issues including: customer satisfaction and usage of parks and programs; methods for receiving marketing information; reasons that prevent members of households from using parks and recreation facilities more often; priority recreation programs, parks, facilities and trails to improve or develop; priority programming spaces to have in planned community centers and aquatic facilities; potential attendance for planned indoor community centers and outdoor aquatic centers; etc.

Results from household responses for the City of Columbia were compared to National Benchmarks to gain further strategic information. A summary of all tabular comparisons are shown on pages 3-9.

Q18. Funding for capital improvements for parks, trails, recreation facilities and green space preservation comes from a dedicated $1 / 8$-cent Park Sales Tax that was approved by voters in 2000 for a 5 year period and was renewed in 2005 for an additional 5 years. This tax amounts to 12.5-cents for every $\$ 100$ spent and is scheduled to expire March 2011. A vote to renew will not increase your taxes. Renewing the tax at its current rate would allow Columbia to continue to protect open space, acquire and develop parkland, and renovate and maintain the condition of existing parks, trails, and recreation facilities. Knowing this, how supportive are you of renewing the 1/8-cent Park Sales Tax for the same period of five years? (without "no response")

Q18. Funding for capital improvements for parks, trails, recreation facilities and green space preservation comes from a dedicated $1 / 8$-cent Park Sales Tax that was approved by voters in 2000 for a 5 year period and was renewed in 2005 for an additional 5 years. This tax amounts to 12.5-cents for every $\$ 100$ spent and is scheduled to expire March 2011. A vote to renew will not increase your taxes. Renewing the tax at its current rate would allow Columbia to continue to protect open space, acquire and develop parkland, and renovate and maintain the condition of existing parks, trails, and recreation facilities. Knowing this, how supportive are you of renewing the 1/8-cent Park Sales Tax for the same period of five years? (without "no response")

Q18. Funding for capital improvements for parks, trails, recreation facilities and green space preservation comes from a dedicated $1 / 8$-cent Park Sales Tax that was approved by voters in 2000 for a 5 year period and was renewed in 2005 for an additional 5 years. This tax amounts to 12.5-cents for every $\$ 100$ spent and is scheduled to expire March 2011. A vote to renew will not increase your taxes. Renewing the tax at its current rate would allow Columbia to continue to protect open space, acquire and develop parkland, and renovate and maintain the condition of existing parks, trails, and recreation facilities. Knowing this, how supportive are you of renewing the 1/8-cent Park Sales Tax for the same period of five years? (without "no response")

Q18. Funding for capital improvements for parks, trails, recreation facilities and green space preservation comes from a dedicated $1 / 8$-cent Park Sales Tax that was approved by voters in 2000 for a 5 year period and was renewed in 2005 for an additional 5 years. This tax amounts to 12.5-cents for every $\$ 100$ spent and is scheduled to expire March 2011. A vote to renew will not increase your taxes. Renewing the tax at its current rate would allow Columbia to continue to protect open space, acquire and develop parkland, and renovate and maintain the condition of existing parks, trails, and recreation facilities. Knowing this, how supportive are you of renewing the 1/8-cent Park Sales Tax for the same period of five years? (without "no response")

Section 8:
Survey Instrument

## City of Columbia, Missouri

Parks and Recreation Department

## A Few Minutes of Your Time Will Help Make Columbia a Better Place to Live, Work and Play!

## Dear City of Columbia Resident:

## Your response to the enclosed survey is extremely important...

The City of Columbia Parks and Recreation Department is conducting a Community Attitude and Interest Survey to establish priorities for the future improvement of parks and recreation facilities, programs and services within the community. Your household was one of a limited number selected at random to receive this survep, therefore, it is very important that you participate.

## We appreciate your time...

We realize that this survey will take approximately $10-15$ minutes to complete, but each question is important. The time you invest in completing this survey will aid the City of Columbia Parks and Recreation Department in taking a resident-driven approach to making decisions that will enrich the future of our community and positively affect the lives of its residents.

## Please complete and return your survey within the next two weeks...

We have selected Leisure Vision/ETC Institute, an independent consulting company, as our partner to administer this surver. They will compile the data received and present the results to the City. Yout responses will remain confidential. Please return your completed survey in the enclosed postage-paid enrelope addressed to ETC Institute, 725 W . Frontier Circle, Olathe, KS 66061.

If pou have any questions, please feel free to contact Becky Stidham in the Columbia Parks and Recreation Department at 573-874-7550. The Community Attitude and Interest Survey is a tool that will benefit all residents. Please take this opportunty to let your voice be heard!

16. From the list above, which FOUR of the actions would you be most willing to fund with your Columbia parks and recreation tax dollars? [Using the letters in Question \#15 above, please write in the letters below for your $1^{\text {st }}, 2^{\text {nd }}, 3^{\text {rd }}$, and $4^{\text {th }}$ choices, or circle 'NONE'.]

$$
1^{\text {st }}: \quad 2^{\text {nd }}: \quad 3^{\text {rd }}: \ldots \quad 4^{\text {th. }}: \quad \text { NONE }
$$

17. Please rate your satisfaction on a scale of 5 to 1 , where 5 means "Very Satisfied" and 1 means "Very Dissatisfied", with the overall value your household receives from the Columbia Parks and Recreation Department.
__ (5) Very Satisfied
(2) Somewhat Dissatisfied
$\qquad$ (4) Somewhat Satisfied
(1) Very Dissatisfied
$\qquad$ (3) Neutral
(9) Don't Know
18. Funding for capital improvements for parks, trails, recreation facilities and green space preservation comes from a dedicated $1 / 8$-cent Park Sales Tax that was approved by voters in 2000 for a 5 year period and was renewed in 2005 for an additional 5 years. This tax amounts to $\mathbf{1 2 . 5}$-cents for every $\mathbf{\$ 1 0 0}$ spent and is scheduled to expire March 2011. A vote to renew will not increase your taxes.

Renewing the tax at its current rate would allow Columbia to continue to protect open space, acquire and develop parkland, and renovate and maintain the condition of existing parks, trails, and recreation facilities. Knowing this, how supportive are you of renewing the 1/8-cent Park Sales Tax for the same period of five years?
$\qquad$ (1) Very supportive
(3) Not sure
$\qquad$ (2) Somewhat supportive
(4) Not supportive
19. The current $1 / 8$-cent Park Sales Tax was passed for a five year period. The longer the funding period, the more improvements can be made to the parks and recreation system, including open space preservation. Knowing that, how supportive would you be of renewing the 1/8-cent Park Sales Tax for a ten (10) year period?
$\qquad$ (1) Very supportive
$\qquad$ (2) Somewhat supportive
(3) Not sure
$\qquad$ (4) Not supportive
20. From the following options, how high of a priority do you feel city officials should place on maintaining the conditions of the existing parks, trails and recreation facilities in the Columbia Parks \& Recreation system?
$\qquad$ (1) Very high priority
(3) Medium priority $\qquad$ (5) Very low priority
$\qquad$ (2) High priority
(4) Low priority
21. City officials want to know how you want to see the Park Sales Tax dollars spent. On the items listed below, please indicate how you would appropriate $\mathbf{\$ 1 0 0}$ of the Park Sales Tax. (You may assign $\$ 0$ to any item, if you choose.)
\$ $\qquad$ Acquiring, protecting and preserving parks, green space and stream corridors
\$ $\qquad$ Maintaining condition of existing parks, trails, and facilities
\$ $\qquad$ Trails - new construction, improvements, acquisition, and connections
\$ ___ New park/facility development
\$ 100 TOTAL
22. During the past 12 months, have you and your family changed how much you make use of public parks, playgrounds, pools or other recreation facilities? (Check one)
