## SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

**Non Motorized Grant Fund** - to account for federal grant monies reserved for non-motorized transportation projects.

**Mid MO Solid Waste Management District Fund** - to account for the operations of the MMSWMD funded by a state collected landfill fee. Operations are administrated by the City per council approved agreement with the District.

**Transportation Sales Tax Fund** - to account for city-enacted sales tax and expenditures for transportation purposes which include financial support of the public mass transportation system, construction and maintenance of streets, roads, bridges and airports to the extent of tax revenues.

**Convention and Tourism Fund** - to account for the five percent tax levied on the gross daily rental receipts due from or paid by transient guests at hotels or motels. The revenues are used by the city for the purpose of promoting convention and tourism and economic development in the City of Columbia. Twenty percent is to be used for planning and constructing airport terminal improvements.

**Community Development Grant Fund** - to account for all federal monies received by the City and disbursed on Community Development Grant projects.

**Public Improvement Fund** - to account for and disburse monies the City receives from the city sales tax and development fees. This fund receives a portion of the city sales tax and is allocated for a wide range of public improvements to the City which includes streets, sidewalks and parks. Development fees are restricted to construction of collector and arterial streets.

**Capital Improvement Sales Tax Fund** - to account for the 1/4 cent sales tax approved by voters in 2015 to be collected until December 2025 for funding of capital improvement projects.

**Park Sales Tax Fund** - to account for the city-enacted 1/4 percent (to be reduced to 1/8 percent in 2026) sales tax and expenditures for funding of local parks.

## ENTERPRISE FUNDS

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises-where the intent of the government's council is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the government's council has decided that periodic determination of net income is appropriate for accountability purposes.

**Water and Electric Utility Fund** - to account for the billing and collection of charges for water and electric service for most city residents. Revenues are used to pay for both operating expenses and capital expenditures to maintain these services.

**Sanitary Sewer Utility Fund** - to account for the provision of sanitary sewer services to the residents of the city and a limited number of customers outside the city limits. All activities necessary to provide such services are accounted for in this fund.

**Regional Airport Fund** - to account for all the expenses incurred and revenues received by operations at the Columbia Regional Airport.

**Public Transportation Fund** - to account for all the expenses and revenues resulting from the provision of public transportation services by the Columbia Area Transportation System.

**Solid Waste Fund** - to account for the provision of solid waste collection and operation of the landfill.

**Parking Facilities Fund** - to account for revenues and expenses resulting from the operation and maintenance of city parking lots, municipal garages, and parking meters.

**Recreation Services Fund** - As of FY23, this fund has been moved to the Park Sales Tax Special Revenue fund.

**Railroad Fund** - to account for revenues and expenses resulting from the operation of a railroad branch line which runs from a Norfolk and Southern main line in Centralia, Missouri to the City of Columbia.

**Storm Water Utility Fund** - to account for storm water funding, implementation of storm water management projects, and provide maintenance to existing drainage facilities.

**Transload Fund** - to account for revenues and expenses associated with the operation and maintenance of the Transload Facility.
