INTRODUCTORY SECTION

February 2, 2024

Honorable Mayor, City Council, City Manager, and the Citizens of the City of Columbia:

Introduction

Management Responsibility

The Annual Comprehensive Financial Report (ACFR) of the City of Columbia, Missouri (the City) is submitted for your review in compliance with the provisions of Article II, Section 17 of the City Charter. This ACFR was prepared by the staff of the Finance Department in close cooperation with the external auditor, Allen, Gibbs & Houlik, L.C. (AGH). Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City. We believe the data, as presented, is accurate in all material aspects, that it is presented in a manner designed to fairly set forth the financial activity of its various funds and that all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial affairs have been included. Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. This Letter of Transmittal is designed to complement the MD&A and should be read in conjunction with it.

The Financial Reporting Entity

The Governmental Accounting Standards Board has established the criteria to determine the financial reporting entity for a municipal government's financial report. Therefore, the City used these criteria to examine the relationship of the City to other associated but legally separate entities, to determine if their inclusion in this report would be necessary to fairly present the financial position of the City. These criteria generally have to do with financial benefit or burden, and levels of influence over the activities of these organizations.

The financial reporting entity includes all funds of the City. This financial report does not include the Columbia Regional Library District, the Columbia Housing Authority or the City of Columbia New Century Fund, Inc. For a more detailed explanation of the relationship to these entities, refer to footnote number one in the Notes to the Basic Financial Statements on page 41.

Government Structure

The City of Columbia is a constitutional home rule charter city and was organized in 1892 pursuant to the laws of the State of Missouri. The City is governed by a home rule charter and has a Council-Manager, non-partisan form of government which was adopted in 1949. The Mayor and six council members are elected for three-year staggered terms with two council members elected each year. The City is divided into six wards, with one council member representing each ward and the Mayor being elected at large.

Columbia is a full service City which provides not only the traditional basic services such as public safety, public works and planning, but also a wide variety of enterprise activities. Columbia provides a majority of utility services including water, electricity, solid waste, and sanitary sewers. Additionally, Columbia operates three transportation enterprises: the regional airport, public transportation and railroad operations. It is this comprehensive service approach that allows Columbia to be responsive to the community while managing growth in a professional and fiscally responsible manner.

Economic Condition and Outlook

The City of Columbia is located in Boone County in the central portion of the State of Missouri. The City's central location serves as a crossroad for travelers going east and west on Interstate 70 and north and south on U.S. 63. Columbia has excellent transportation resources serviced by the Columbia Regional Airport, Columbia Terminal Railroad, Columbia Area Transit System and one interstate bus service. The City encompasses approximately 65.20 square miles and has a current estimated population of approximately 128,545.

The City is the location of the main campus of the University of Missouri, Columbia College, and Stephens College. Approximately 41,273 students attend these institutions of higher education during the regular school year. In addition to higher education, Columbia is also a regional medical center with seven hospitals. Insurance is a major business operation in the City with home offices of Shelter Insurance Companies, the Columbia Insurance Group, and a regional office for State Farm Insurance Company. Columbia is a regional shopping area for central Missouri with 17 shopping centers. Other area industries consist of printing, structural metal fabrication, structural materials production, electronic products, auto parts and food processing.

All of these activities have given Columbia a fairly stable employment base. Public education (including the University) and government comprise over 30% of all non-farm employment and are four of the top ten employers in the Columbia area. Service industries provide approximately 45% of non-farm employment with the medical industry comprising two of the top ten employers. The retailing industry provides approximately 14% of the employment in the area. The unemployment rate in Columbia, approximately 4.0% in 2022-2023, has been well below the national average of approximately 6.3%.

Financial Planning & Fiscal Responsibility

The City of Columbia utilizes an annual budget process that results in both annual and long-term financial planning. It is important to use a balanced budget approach to ensure that the City operates within its means. The City budget begins with a conservative forecasted view of revenues along with estimated expenditures that fund citizens, council and staff priorities for the upcoming year. The process begins with the Strategic Plan that helps focus the efforts of the City staff who are responsible for each fund, and ends with the Council approving the budget before the new fiscal year begins. During budget development process, there are several opportunities for citizens to attend meetings and express their views on the budget. Work sessions as well as retreats are held with the City Council to gather their input, and inform them of any changes to the budget or the process.

The City of Columbia uses various methods of communicating the financial condition of the City. Financial documents such as the Monthly Financial Report, Capital Improvement Plan, Five Year Trend Manual, Budget document, Annual Comprehensive Financial Report, Popular Annual Financial Report, and Interim Financial reports are published on the City's website.

Major Initiatives

In fiscal year 2023 (FY23), the City of Columbia chose 4 major priorities: city employees, social services, public safety and transportation. The City Council approved the finalized classification and compensation study that implements pay ranges above market, and will invest more that \$10 million in the City's workforce. These changes will begin with the fiscal year 2024 budget.

The City increased funding for social services to address the issues of food insecurity and homelessness, which were exacerbated by the economic fallout from the COVID-19 pandemic. A large portion of the funding was used for supplemental food distribution, and overnight warming centers. There was also an injection of funds into the utility assistance program, along with increased social service staffing to make City services more accessible.

Fire station 11 was constructed, and placed into service in FY23, along with the fire apparatus needed for operations of the facility. For the Columbia Police department, \$1.5 million was set aside for a new records management system, which would allow the department to perform crime data mapping as well as synchronize communications with other agencies within the area.

The City's public transit system, Go COMO, continued to provide fare free bus services for the City throughout FY23. Public Works initiated a \$200,000 transportation study to look at how the City's bus system can better serve our changing

community. Also within transportation, the Columbia Regional Airport (COU) opened its new terminal, which included three passenger-boarding bridges. COU more than tripled its size from 16,000 square feet to a 52,000 square foot terminal.

Other Information

Independent Audit

The State of Missouri statutes require an annual audit of all funds of the City. The firm of Allen, Gibbs & Houlik, L.C. (AGH) has included its Independent Auditor's Report on pages 1-3.

Certificate of Achievement

We believe this report meets and conforms to the very high standards of the Government Finance Officers Association (GFOA) of the United States and Canada for financial reporting of state and local governments. The City of Columbia, Missouri has received a Certificate of Achievement for Excellence in Financial Reporting for each of the last forty three years, and we believe our current report continues to conform to the Certificate of Achievement Program requirements.

We will be submitting this report to GFOA to determine its eligibility for another certificate because a Certificate of Achievement is valid for a one-year period only. In order to be awarded a Certificate, the financial report must satisfy accounting principles and must be organized to strict program standards. Such reports must also satisfy applicable legal requirements.

Finally, I would like to say the preparation of the Annual Comprehensive Financial Report could not have been accomplished without the dedicated staff of the Finance Department, especially personnel in the Accounting Division who actually compiled the report. Appreciation is also extended to the Mayor, the City Council, and the City Manager, for their continued efforts in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted, Matthe **Director of Finance**

INDEPENDENT AUDITOR'S REPORT

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the City Council **City of Columbia, Missouri**

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Columbia, Missouri (City), as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Columbia, Missouri, as of September 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards (Government Auditing Standards)*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information listed on the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The supplementary information as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information as listed in the table of contents is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections as listed in the table of contents but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 2, 2024 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Allen, Gibbs & Houlik, L.C.

MANAGEMENT'S DISCUSSION AND ANALYSIS

City of Columbia, Missouri Management's Discussion and Analysis

As management of the City of Columbia (the "City"), we offer readers of the City's Annual Comprehensive Financial Report (ACFR) this narrative and analysis of the financial activities of the City for the fiscal year ended September 30, 2023. We encourage readers to consider the information presented here in conjunction with additional information provided in this report in our letter of transmittal and basic financial statements.

Financial Highlights

Columbia continues to be a growing city based on increasing population numbers and expansion of city limits. The City provides a full range of governmental and proprietary services that include ten enterprise activities.

- Total tax revenues of \$96,684,900 increased 13.5% in FY23.
- Charges for services in business-type activities decreased \$5,948,738 or 2.5%.
- The City's total net position increased \$41,487,560 or 3.4%. Governmental activities net position increased \$36,961,455 or 7.1% while business-type activities net position increased \$4,526,105 or .6%. Total unrestricted net position increased \$43,259,778.

The City continued to make all required contributions to its pension plans.

The Annual Comprehensive Financial Report

This annual comprehensive financial report consists of three parts:

- I. Introductory section
 - i. Transmittal letter and general information
- II. Financial Section
 - i. Management's discussion and analysis (this part),
 - ii. Basic Financial Statements
 - iii. Notes to the Basic Financial Statements
- III. Required Supplementary Information
- IV. Combining statements for non-major governmental funds, non-major enterprise funds, internal service funds, and fiduciary funds
- V. Statistical Section

The basic financial statements present two kinds of information. The <u>government-wide financial statements</u> provide both long-term and short-term information about the City's overall financial status. These statements are prepared on a full accrual basis to present information in a more corporate-like presentation. <u>Fund financial statements</u> are included to provide useful information on individual parts of the government. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. More relevant detail is provided by distinct presentation of major funds in the basic financial statements, rather than summaries by total fund types.

Government-Wide Financial Statements

The basic financial statements include two government-wide financial statements: the *Statement of Net Position* and the *Statement of Activities*. The *Statement of Net Position* presents information on all of the City's assets and liabilities. The difference between the City's total assets and deferred outflows of resources, and total liabilities and deferred inflows of resources are reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. The *Statement of Activities* presents information showing how the City's net position changed during the most recent fiscal year.

The governmental activities financial statements include the functions of the City that are principally supported by taxes and intergovernmental revenues. *The business-type activities financial statements* include functions that are intended to recover all, or a significant portion, of their costs through user fees and charges.

These statements can be found on pages 19 to 21. The government-wide financial statements report information about the City as a whole using accounting methods similar to those used by the private sector.

The statement of net position and statement of activities divide the City into the following:

- Governmental activities All of the City's basic services are considered to be governmental activities, including public safety, public works, health, parks, planning, cultural and economic development and general administration. These activities are supported primarily with general City revenue such as sales taxes, gross receipts taxes, Payment-in-Lieu-of-Taxes (PILOT), property taxes, fines and specific program revenue like permit fees and grants.
- **Business-type activities** All the City's enterprise activities are included here. These operations derive revenues from charges for services that are intended to recoup the full cost (or a significant portion of the cost) of operations. Two of these operations require subsidies from tax revenue (airport and transit).

The government-wide financial statements are required to also include legally separate entities (if any) for which the City is financially accountable. The City does not have any such entity that is required to be included as a "component unit" in its financial statements.

Fund Financial Statements

Another major section of the basic financial statements is the fund financial statements. These statements are on pages 22 to 37. The fund financial statements provide detailed information about each of the City's most significant funds, called "major funds". The city has six "major funds", two governmental-type and four business type. The major governmental-type funds are the General Fund and Capital Projects Fund. The business-type major funds are the Water and Electric Utilities, the Sanitary Sewer Utility, the Regional Airport and the Solid Waste Utility. All "non-major" funds are summarized and presented in a single column.

The City has three kinds of funds:

- Governmental funds Most of the City's basic services are included in *governmental funds*. These fund statements are prepared on a modified accrual basis. *Governmental funds* are used to account for essentially the same functions as *governmental* activities in the government-wide financial statements. However, unlike the *government-wide* financial statements, *governmental fund* financial statements focus on <u>near</u>-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. Capital assets and other <u>long-lived</u> assets, along with <u>long-term</u> liabilities, are not presented in the *governmental fund statements*. Because this information does not encompass the long-term focus of the government-wide financial statements, additional information is provided on pages 23 to 25 to explain the differences between them.
- **Proprietary funds** These statements include both enterprise funds and internal service funds. Statements are prepared on the full accrual basis and include all their assets and liabilities, current and long-term. This is the same basis used in the government-wide financial statements.
- Fiduciary funds These statements include activity of funds that report trust responsibilities of the City. These funds are summarized by type: pension, other employee benefit, private purpose trust and custodial funds. These assets are restricted in purpose and do not represent discretionary assets of the City. Therefore, these assets are <u>not presented</u> as a part of the government-wide financial statements.

Schedule of Net Position

The following table reflects the condensed schedule of net position as of September 30, 2023 and 2022:

	_	Governmental Activities			Busines Activi	• 1	-	Total		
		2023	2022		2023	2022		2023	2022

City of Columbia's Net Position

A review of the government-wide financial statement of net position reveals the following:

In accordance with GASB Statements No. 68, No. 71, and No. 75 which established standards for measuring and recognizing liabilities, deferred outflows and inflows of resources and expenses related to pension and OPEB plans, the City reported a net pension asset on the Statement of Net Position as well as related deferred outflows and inflows of resources related to its defined benefit plan with the Missouri Local Government Employees Retirement System (LAGERS). The total net pension asset for LAGERS as of September 30, 2023 was \$17,959,424. The City also reported a net pension liability of approximately \$166.4 million for its single employer defined benefit plan and firemen's plan as well as related deferred inflows.

Total assets for the City as a whole are \$1,744,096,701, which is consistent with the prior fiscal year.

Overall the City experienced a decrease in total liabilities of \$21,133,541, from \$535,118,093 to \$513,984,552. Net pension liability increased by \$1.19 million.

Total long-term liabilities decreased \$19,336,447 from \$484,263,454 to \$464,927,007. Long-term liabilities in business type activities decreased \$19,391,350 primarily due to a decrease in revenue and special obligation bonds payable and governmental activities increased \$54,903.

Governmental net investment in capital assets increased \$27,277,452, from \$437,589,613 to \$464,867,065 and net investment in capital assets for business-type activities decreased by \$30,209,102, from \$492,958,811 to \$462,749,709. Total restricted net position increased \$1,159,432 and total unrestricted net position increased \$43,259,778.

Schedule of Activities

The following table reflects the revenues and expenses for the City's activities for the years ended September 30, 2023 and 2022:

City of Columbia's Schedule of Activities

	-	Governn Activi		Busines Activi		Total		
		2023	2022	2023	2022	2023	2022

The government-wide statement of activities indicates the major sources of program revenues are charges for services, which increased by \$679,531 or .3%.

Total revenues increased \$8,604,885, or 2.1%, for FY23. The largest increase of \$17.8 million was in governmental activities. This was primarily due to collecting a full fiscal year of use tax, an increase in charges for services from combining Rec Services into Governmental Activities, and an increase in investment revenue. Total operating grants and contributions for FY23 decreased \$9,793,513, or 42.3%, due to a decrease in American Rescue Plan Act (ARPA) federal funded expenditures. Business type contributions and capital grants decreased by \$6,482,843 or 38.4% due to the decrease of CARES federal grant contribution to the new regional airport terminal.

Sales tax is the most significant revenue of governmental activities. The city receives voter approved sales tax revenue of 1% for general revenue, .5% for transportation, .25% for capital improvements and .25% for parks. In FY23, sales tax revenue collected was \$60,246,376 which represents 55.3% of the total \$109,028,170 general revenue for governmental activities. This is an increase of \$1,291,144 in sales tax revenue over FY22. This increase in sales tax revenue is attributed to the inflated prices of consumer goods and nominal population growth.

Use tax was voter approved by the City of Columbia residents April 5, 2022. The city receives use tax revenue of 1% for general revenue, .5% for transportation, .25% for capital improvements and .25% for parks. The City received \$8,115,773 in use tax revenue in FY23.

Investment revenue for both governmental activities and business-type activities increased by a total of \$17,513,608, due to favorable market conditions for the year ending September, 30, 2023.

Eight of the ten business-type activities show program revenue in excess of expenses. The Recreational Services fund was moved to the Park Sales Tax Special Revenue fund in FY23. The City budgets for subsidies or transfers to the Public Transportation and Airport Funds. The City maintains appropriate reserves in all of the business-type funds.

Total program expenses for FY23 are \$372,522,912, an increase of \$19,129,312. The majority of these expenses, \$226,261,958, are for business-type activities. Business-type activity expenses decreased \$7,881,406, or 3.4%. The most significant decrease in Business-type activity expenses was in the Electric utility where Power Purchase costs decreased by \$9,213,456. Governmental activities increased \$27,010,718, or 22.7% with the largest increase being in Personal Development due to combining the Recreation Services Fund into governmental activities in FY23.

Net transfers from business-type activities to governmental activities were \$35,248,044.

The City transferred \$4.9 million in general funds, transportation sales tax and parks sales tax funds to support the operations of various business-type activities. For purposes of the government-wide financial statements, \$16,759,394 in payment-in-lieu-of-tax paid by the Water and Electric Utilities to the general fund are included as transfers. Detail of individual transfers can be found in the *Notes to the Basic Financial Statements*.

Fund Statements

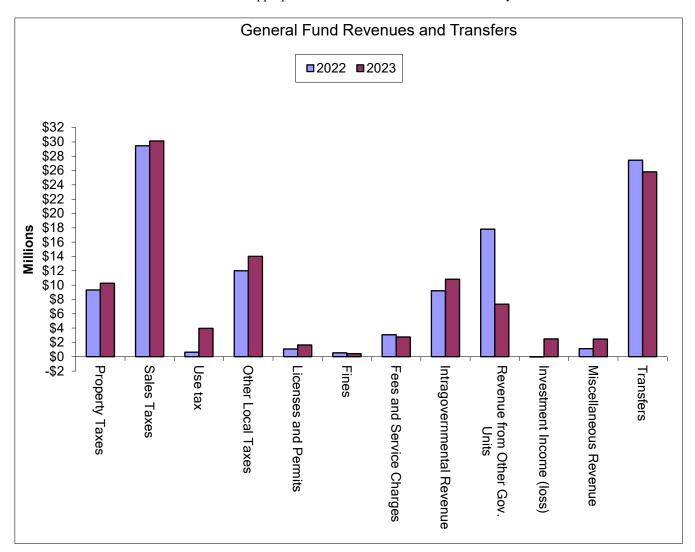

The City's *fund statements* can be found on pages 22 to 37 of the basic financial statements. A reconciliation to the government-wide financial statements has been provided with these fund statements.

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Governmental unassigned fund balance increased during FY23 by \$342,822. The City's *proprietary funds* provide the same type of information found in the government-wide financial statements, but show more detail.

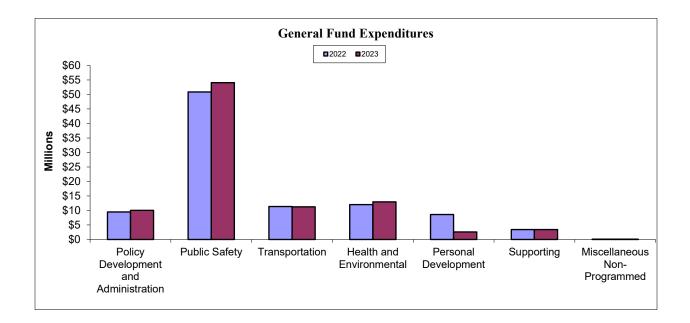

The *governmental funds* ended FY23 with an increase in fund balance of \$23.1 million. General Fund balance increased \$6,408,988, Capital Projects Fund balance increased \$8.1 million and non-major funds had a fund balance increase of \$8.7 million. The increase in Capital Project Fund is due to combining the Recreation Services capital projects into governmental capital projects in FY23. The General Fund balance increased due to collecting a full year of Use Tax and increase of investment revenue.

General Fund

The unassigned general fund balance is \$49,192,214. This is 46.5% of expenditures and transfers of \$105,733.217, well above the 20% target set by Council policy in August 2012. Care is taken to identify capital or other one-time uses of fund balance when the amount of appropriated fund balance increases substantially.

Overall revenues and transfers into the general fund were below the budgeted amount by \$4,448,144. Revenue from other local taxes was above budget by \$2,910,570, while sales tax receipts were \$1,000,458 above budget and revenue from other governmental units was \$8,545,192 below budget. General fund revenues excluding appropriated fund balance and transfers increased \$2,076,864 or 2.5%. The overall property tax rate remained constant at \$.40 cents for every \$100 of assessed value.

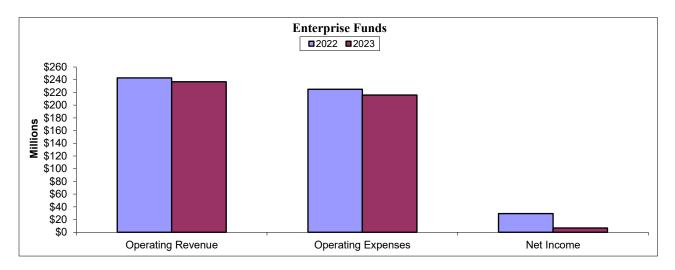

General fund expenditures were \$21.1 million under budget. However there were \$4.6 million in encumbrances which will be spent in FY24, leaving \$16.5 million under budget. General fund expenditures, including transfers, decreased \$2.6 million or 2.4%.

The total fund balance of non-major governmental funds increased by \$8,661,181 due in part to an increase in investment revenue, the issuance of Use Tax, and combining the Recreation Services Fund into governmental activities in FY23.

Enterprise Funds

A review of the net position of proprietary funds indicates that nine funds have positive unrestricted net position. Operating revenues decreased for the City's enterprise funds in FY23 by 2.45% and operating expenses decreased by 3.92%, respectively. The change in net position of \$6,400,903 was a decrease of \$22,895,341 over FY22. The City's enterprise funds continue to experience limited growth in customer base. Three of the City's internal service funds experienced a loss for FY23. In accordance with the requirement of operating internal service funds on a break-even basis, losses were budgeted and absorbed through the use of accumulated fund balances.

Water and Electric Utility Fund

Analysis of the Water and Electric fund shows that operating revenues and expenses decreased by 0.47% and 3.61%, respectively. The decrease in connection fees, sale for resale, and miscellaneous revenues, compared to FY22 primarily contributed to the 0.47% decline in the operating revenues. The decrease in operating expenses is primarily attributable to the decrease in purchase power costs, compared to FY22. The change in net position of \$5,679,305 was as a result of an increase of \$6,639,277 over FY22. Consistent with the limited growth in the City's customer base, the Water and Electric fund customer base grew approximately 1% from the previous year.

Airport Fund

In October 2022, the new airport terminal project was completed, and the terminal began operations, resulting in an increase in operating revenues of \$190,399 or 16.41% compared to FY22. Operating expenses also increased from \$4,686,969 in FY22 to 5,398,044 in FY23, a 15.17% increase primarily due to the capitalization of the new terminal and associated depreciation expenses. However, net income decreased by \$9.1 million from FY22 to FY23 due to a reduction in capital contributions previously awarded to the airport terminal project.

Sewer Fund

As of September 30, 2023, the total net position for the Sewer fund increased from \$224,936,924 in FY22 to \$237,413,565 million in FY23, a \$12.5 million increase due to a rise in donated sewer lines and investment revenue. However, the operating revenues decreased by \$835,678 in FY23, a 3.23% decrease over FY22. This reduction is mainly due to a 42% decline in sewer connections fees which is attributed to a drop in development compared to FY22. Operating expenses in FY23 increased by \$2,042,543, due to an increase in parts and labor.

Solid Waste Fund

As of September 30, 2023, the total net position for the Solid Waste fund increased from \$56,889,062 in FY22 to \$60,710,927 million in FY23, a \$3.8 million increase due to an increase in investment revenue. The operating revenues increased by \$415,014 in FY23, a 1.56% increase over FY22 due to a rise in investment revenue. The operating expenses also increased by 5.94%, a total of \$1,356,677 due to a reallocation of general and administrative expenses across all the utilities. In FY23, Solid Waste fund donated or redeemed all of its unused logo and non-logo bags increasing their operating expense along with a significant increase in outside labor needing to be used for daily operations.

Budget Variances

It is the City's policy to allow departments to carry forward the budget allocation for project funds or for items that are encumbered at fiscal year-end. The FY23 final budget for the general fund includes approximately \$1.9 million of encumbered funds carried forward from FY22.

Overall, the general fund ended FY23 with favorable budget variances for revenues, expenditures and transfers of \$16.7 million. Revenue from other governmental units (grants) was under budget projections by \$8.5 million, sales tax revenue was over budget projections by \$1,000,458, use tax revenue was over budgeted projections by \$1.9 million, and intragovernmental revenue fell short by \$2.1 million. General fund expenditures and transfers out were \$21.1 million under budget due in part to personnel vacancies and contractual obligations initiated in FY23 but not completed until FY24.

Major Capital Asset Events Fiscal Year 2023

- Construction of the runway extension at Columbia Regional Airport (COU) was finished December 2022, and is now open for use. With the extension, the length of the primary runway has gone from 6,500 to 7,400 feet. Taxi-way A was removed and replaced, costing \$2,999,700. A south parking lot was also constructed for the new terminal at the amount of \$485,938.
- Sewer Rehabilitation #8, "System Maintenance Replacement", with a total cost of \$1,610,437 started in FY21 was completed in FY23.
- Quail Drive, a reconstruction of an existing storm water system to reduce flood issues, storm pipe replacement, and extension to fix flooding problems in the area by Bray/Longwell at a cost of \$676,295.
- Security fencing around the top perimeter of the Fifth and Walnut parking garage was installed at a cost of \$918,013.

Additional information on the City's capital assets can be found in Note IV on pages 61-64 of the *Notes to the Basic Financial Statements* in this report.

Debt Administration

The City's debt issues are discussed in Note VII on pages 69-77 of this report. Please refer to it for additional information.

Fiscal Year 2024 Budget

There are no proposed City sales tax increases for FY24.

In FY24, the City budgeted an increase in Sales Tax of 2.2% over the actual revenue collected in FY23.

On April 5, 2022, the citizens of Columbia, Missouri, approved a 2% local Use Tax to be collected on goods and services purchased from out-of-state vendors. Collections for this tax were voluntary until January 1, 2023. For FY24, we are estimating \$7.38 million, or 11.9% of estimated sales tax revenue. The actual FY23 Use Tax collected was \$8,115,773.

In FY24, a pay adjustment of 2% was budgeted, as well as an initiation of a new class and compensation study which may lead to a budget amendment to address compression. The City also absorbed an 11% increased cost of employee health insurance rates through the Employee Benefit fund.

There was a net increase of 42.9 full time equivalents in FY23. These additions restored some of the positions cut due to the pandemic in FY21, but also added new positions to address current needs.

Financial Contact

The City's financial statements are designed to present users (citizens, taxpayers, customers, investors and creditors) with a general overview of the City's finances and to demonstrate the City's accountability. Any questions regarding the report or request for additional information should be directed to the Director of Finance, PO Box 6015, Columbia, Missouri 65205. Financial reports may also be found on the City's web site at <u>www.como.gov</u>.

CITY OF COLUMBIA, MISSOURI RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION SEPTEMBER 30, 2023

Amounts reported for governmental activities in the statement of net position are different because:

Total fund balance - total governmental funds		\$ 182,029,070
Capital assets used in governmental activities are not current financial resources, and therefore, are not reported in the governmental funds. Governmental capital assets Less accumulated depreciation	\$ 678,803,885 (210,920,853)	467,883,032
Internal service funds are used by management to charge the costs of information technology, fleet operations, self insurance, and employee benefits; and, therefore, the assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. Net position of governmental internal service funds Portion of internal service funds cumulative net position attributed to business-type funds	42,634,885	44,154,490
Certain deferred outflows and inflows of resources represent a consumption or acquisition of net position in a future period and therefore are not reported in the funds.		
Deferred charge on refundings of debt		550,549
Pension related deferred outflows - Lagers		5,254,747
Pension related deferred outflows - Police and Fire Fund		30,866,068
OPEB related deferred outflows		801,631
Pension related deferred inflows - Lagers		(2,240,981)
Pension related deferred inflows - Police and Fire Fund		(62,962)
OPEB related deferred inflows		(1,335,457)
 Long-term liabilities, including special obligation bonds and notes, accrued compensated absences, and pension liabilities are not due and payable in the current period and therefore, are not reported as liabilities in governmental funds. Accrued compensated absences Special Obligation Bonds, including unamortized bond premium Net pension liability - Police and Fire Accrued interest payable 	\$ (4,384,438) (8,975,816) (166,444,816) (21,490)	(179,826,560)
Some of the City's revenues will be collected after year-end, but are not available soon enough to pay for the current period's expenditures, and therefore, are reported as a deferred inflow of resources in the governmental funds.		1,000,283
The net OPEB asset reported in governmental activities is not a current financial resource and therefore is not reported in the funds		657,267
The net pension asset reported in governmental activities is not a current financial resource and therefore is not reported in the funds		7,938,282
Net Position of Governmental Activities		\$ 557,669,459

CITY OF COLUMBIA, MISSOURI RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED SEPTEMBER 30, 2023

Amounts reported for governmental activities in the statement of activities are different because:

t change in fund balances - total governmental funds		\$	23,140,63
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. Additionally, contributions of capital assets to the City are recorded as capital contributions on the Statement of Activities. This is the amount by which capital outlays and other miscellaneous capital asset transactions exceeded depreciation and amortization expense in the current year. Details of the reported amounts are as follows:			
Capital outlay Capital contribution Depreciation and amortization expense	18,593,527 1,185,014 (14,665,133)		
Net change			5,113,40
Transfer of capital assets to other funds			18,969,23
Net gain(loss) on disposal of capital assets			(52,69
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.			814,79
The repayment of the principal of long-term debt and capital leases consumes the current financial resources of governmental funds.			1,475,00
Amortization of deferred outflow of resources resulting from deferred refunding loss.			(124,65
Amortized premium on Bonds Payable			146,22
In the Statement of Activities compensated absences is accrued whereas in the governmental funds an expenditure is reported when due and matured.			(522,46
In the Statement of Activities interest is accrued whereas in the governmental funds an expenditure is reported when due.			5,15
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:			
Pension related amounts, pension expense - Lagers			(1,751,89
Pension related amounts, pension expense - Police and Fire			(13,364,4
OPEB related amounts, OPEB expense			(92,78
Internal service funds are used by the City to charge the costs of custodial maintenance, utility customer services, information technology, public communications, fleet operations, self insurance and employee benefits to individual funds. The net revenue of certain activities of internal service funds is reported with governmental activities.	1,331,110		
Change in internal service funds allocated to business-type activities	1,874,798		3,205,9
ange in net position of governmental activities		¢	36,961,4
		φ	50,901,4

The notes to the financial statement are an integral part of this statement.

Notes to the Basic Financial Statements September 30, 2023

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies employed in the preparation of the accompanying basic financial statements.

A. Reporting Entity

The City of Columbia (the City) operates under a City Manager/Council, home rule charter form of government. The City's Basic Financial Statements include the accounts of all City operations: Policy Development and Administration, Public Safety, Transportation, Health and Environment, Personal Development and Supporting activities. Enterprise operations owned by the City include a Water Utility, Electric Utility, Sanitary Sewer Utility, Regional Airport, Public Transportation System, Solid Waste Collection Operation, Parking Facilities, Railroad System, Transload Facility and Storm Water System.

The City's relationship to other legally separate organizations has been examined to determine if their inclusion in the City's basic financial statements is necessary to fairly present the financial position and activities of the City. The criteria used in this determination included an examination of the nature and significance of the organization's relationship with the City, financial benefit or burden to the City, the ability of the City Council to appoint members of the entity's governing board, and the level of influence the City has over the activities of the organization. Based on these criteria, the following related organizations have been excluded from the accompanying financial statements:

Columbia Regional Library District (Library District) - The City's Mayor appoints all members to the Library District's board on a staggering-term basis (appointments do not correspond to the mayoral term), and a board member cannot be removed except for specific acts (illegal acts, etc.). The Library District is able to establish and approve its own budget and legally set its own tax rates. Therefore, although the City appoints all members of the Library District's board, the entity is able to act independently without City oversight.

Columbia Housing Authority (Authority) – The relationship with this entity is similar to the Columbia Regional Library District. The City's Mayor appoints members of the Authority's board with the same restrictions, and cannot remove members without cause. The Authority establishes its own budgets, and is financed with federal funds and rentals. Operations are administered by the Authority without City oversight.

City of Columbia New Century Fund, Inc. (Foundation) - The Foundation is a legally separate, tax-exempt entity that acts primarily as a fund-raising organization to solicit contributions for the betterment of the City. The ten member Board is appointed by the City Council to serve a three-year term. No board member is allowed to serve more than two consecutive full terms on the Board. Although the City does not control the timing or amount of receipts from the Foundation, the majority of resources, or incomes thereon that the Foundation holds and invests are restricted to the activities of the City by the donors. However, the accumulation of restricted resources and the support given during the current year are not significant to the City.

B. Government-Wide and Fund Financial Accounting

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City. The effect of interfund activities has been removed from these statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external parties.

Notes to the Basic Financial Statements September 30, 2023

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements and the fiduciary funds financial statements. Revenues, including charges for services, are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The financial statements for the pension and other post employment benefits trust funds and custodial funds are prepared using economic resources measurement focus and the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to each plan are recognized when due, as the City has a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is due and payable. Interest and principal on general long-term debt is recognized when due, or when payments are due early in the next fiscal year, and the advance of resources to the debt service fund is mandatory, and debt service expenditures are recognized before year-end to match the resources provided for these payments.

Sales tax, use tax, gasoline tax, motor vehicle tax, interest, and revenues from other governmental units associated with the current fiscal period are all considered to be susceptible to accrual and so they have been recognized as revenues of the current fiscal period, when available. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following major governmental funds:

The *general fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *capital projects fund* is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital project funds exclude those types of capital related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

Notes to the Basic Financial Statements September 30, 2023

The City reports the following major proprietary funds:

The *water and electric utility fund* accounts for the billing and collection of charges for water and electric service for most city residents. Revenues are used to pay for both operating expenses and capital expenditures to maintain these services.

The *sanitary sewer utility fund* is used to account for the provision of sanitary sewer services to the residents of the city and a limited number of customers outside the city limits. All activities necessary to provide such services are accounted for in this fund.

The *solid waste utility fund* accounts for the provision of solid waste collection and operation of the landfill and Material Recovery Facility.

The *regional airport fund* accounts for all the expenses incurred and revenues received by operations at the Columbia Regional Airport.

Additionally, the City reports the following fund types:

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Debt service funds are used to account for the accumulation of resources and payment of general and special obligation bond principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the City is obligated in some manner for the payment.

The *Permanent fund* is used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the City's programs.

Internal service funds account for information technology, vehicle and equipment replacement, fleet operations, self-insurance reserves, and employee benefits for covered employees, provided to other departments or agencies of the City, or to other governments, on a cost reimbursement basis.

The *pension and other post employment benefits trust funds* are used to account for the accumulation of resources for pension benefit payments to qualified police and firefighter personnel and to account for the accumulation of resources for post employment benefits to qualified plan participants.

Custodial funds account for fiduciary activities that are not required to be reported in pension and OPEB trust funds, investment trust funds or private purpose trust funds.

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements except for interfund services provided and used.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations.

Notes to the Basic Financial Statements September 30, 2023

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Pooled Cash and Marketable Securities

Cash resources of certain individual funds are combined to form a pool of cash and investments. All amounts of pooled cash and investments are reported as cash and cash equivalents in the financial statements because the City is able to withdraw cash at any time without prior notice or penalty. Interest income earned as a result of pooling is distributed to the appropriate funds based on the average monthly balance of cash and marketable securities of each fund.

When a fund overdraws its share of pooled cash, the overdraft is reported as an interfund payable in that fund, and an interfund receivable in the General Fund. At September 30, 2023, \$53,330 was reclassified due to fund overdrafts for the Mid Missouri Solid Waste Management District Fund; \$59,097 was reclassified due to fund overdrafts for the Public Improvement Fund; \$1,656,770 was reclassified due to fund overdrafts for the Fleet Fund.

All City investments are reported at fair value in accordance with Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*, except for money market investments which are reported at amortized cost.

Collateral is required for demand deposits and certificates of deposit. The fair value of the collateral must equal 100% of the value of the cash and investments in excess of deposit insurance. Obligations that may be pledged as collateral are of the same type as authorized for investment by the City. These legal requirements relating to deposits and investments were met during the year ended September 30, 2023.

Obligations pledged to secure deposits are delivered to the custodial bank. Written custodial agreements provide that the collateral securities be held separate from the assets of the custodial bank.

Repurchase agreements are purchased from brokers and local banks. Securities underlying a repurchase agreement must have a fair value of at least 100% of the cost of the repurchase agreement. No substitution of securities is permitted. Securities underlying overnight repurchase agreements are held as collateral in the Federal Reserve Bank. For bank repurchase agreements, the securities are not held in the City's name but are pledged against the repurchase agreement pool held by the dealer bank. For broker repurchase agreements, the securities are held in the City's name.

2. Unbilled Revenue

The City records as accounts receivable in the Enterprise Fund financial statements the amount of accrued, but unbilled revenue for the Water and Electric Utility, Sanitary Sewer Utility Fund and Solid Waste Fund and non major Enterprise Storm Water Utility Fund, determined by prorating actual subsequent billings.

3. Tax Bills Receivable

Special assessment tax bills are sold at book value, without recourse, to the Designated Loan and Special Tax Bill Investment Fund (a non-major governmental fund) when the special assessment project is completed. These tax bills are reported as taxes receivable in the Designated Loan Fund.

Notes to the Basic Financial Statements September 30, 2023

4. Inventories

Inventories are adjusted to annual and periodic physical counts and are valued at cost utilizing the following methods of valuation:

General Fund - first-in, first-out Enterprise Funds - weighted average and first-in, first-out Internal Service Funds - first-in, first-out

The cost of governmental fund-type inventories are recorded as expenditures when consumed.

5. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the proprietary fund financial statements. Capital assets are defined as assets with an initial, individual cost of \$10,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

As permitted by generally accepted accounting principles, general government infrastructure assets (streets, bridges, sidewalks) have been capitalized retroactively to 1980 at historical cost.

The costs of normal maintenance and repairs that do not enhance functionality or materially extend the life of an asset are not capitalized.

Capital assets, with one exception, are depreciated using the straight-line method over the following estimated useful lives:

Buildings	40 years
Structures & Improvements	20-50 years
Air Easements	35 years
Mains & Sewers	99 years
Streets, Bridges, Sidewalks	50 years
Furniture and Other Equipment	10-20 years
Vehicles	2-10 years
Computer Equipment	5 years
Software	3 years

Landfill cells are depreciated using the units of consumption method.

Interest costs associated with constructed assets are expensed as incurred.

Notes to the Basic Financial Statements September 30, 2023

6. Leases

At the commencement of the lease term, for arrangements where the City is a lessee, the City recognizes a lease liability and a right of use (ROU) intangible asset. ROU assets represent the City's right to use an underlying asset for the lease term and lease liabilities represent the City's obligation to make lease payments arising from the lease. The City recognizes lease liability with an individual or aggregate present value of \$100,000 or more.

The City initially measures the lease liability at the present value of payment expected to be made during the lease term, and the lease payments reduce the principal portion of the lease liability. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

For governmental statements, an expenditure and other financing source will be reported in the period the lease is initially recognized. The expenditure and other financing sources should be measured as noted in the previous paragraph. Subsequent governmental fund lease payments are accounted for consistent with principles of debt service payments on long-term debt.

At the commencement of the lease term, for arrangements where the City is a lessor, the City recognizes a lease receivable and a deferred inflow of resources. The lease receivable is measured at the present value of lease payments expected to be received during the lease term. The deferred inflows of resources should be measured at the value of the lease receivable plus any payments received at or before the commencement of the lease term that relate to future periods.

The City uses the interest rate charged by the lessor as the discount rate. When the interest rate is not provided by the lessor, the City uses an estimate of its incremental borrowing rate based on current market data as of the commencement of the lease. The City includes lease extension and termination options in the lease term if, after considering relevant economic factors, it is reasonably certain the City will exercise the option to extend or terminate the lease. The City has not recognized ROU assets and lease liabilities for leases with non-cancellable periods of 12 months or less.

7. Subscription Based Information Technology Agreements (SBITAs)

For the year ended September 30, 2023, the City adopted GASB Statement No. 96, Subscription-Based Information Technology Arrangements (SBITAs). The implementation of this standard established accounting and financial reporting for all SBITAs.

SBITAs, which include software contracts, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. A SBITA is a contract that conveys control of the right to use another party's Information Technology (IT) software as specified in the contract for a period of time in an exchange or exchange-like transaction. SBITA contracts contain non-cancellable terms of 12 months or greater; or non-cancellable terms of 12 months or less if it is reasonably certain the option to extend will be exercised. SBITAs are recorded at the net present value of subscription payments expected to be made during the subscription term, plus any payments made to the SBITA vendor before the commencement of the subscription term and certain direct costs (less any incentives). A subscription asset should be amortized over the life of the subscription term. The City recognizes a subscription liability with an individual or aggregate present value of \$100,000 or more.

Notes to the Basic Financial Statements September 30, 2023

8. Property Tax Revenue Recognition

Property tax revenue is recognized independent of receivable recognition in the fiscal year for which the taxes have been levied (budgeted). Delinquent taxes expected to be received later than 60 days after the close of the fiscal year are classified as a deferred inflow of resources within the governmental fund financial statements.

The City's property tax is levied each December 31 on the assessed valuation of property located within the City as of the preceding January 1, the lien date. Taxes are due in full on December 31, and become delinquent on January 1. Missouri State Statutes mandate the assessment of a late penalty and interest for taxes that remain unpaid after December 31. Additional interest will accrue on all delinquent property taxes on the first day of each month from January to September.

9. Intragovernmental Revenue

Several funds remit to the General Fund a budgeted fixed amount for management and accounting services rendered by the General Fund.

10. Compensated Absences

All vested or accumulated vacation and scheduled holiday leave is accrued when incurred in the government-wide and proprietary financial statements. Certain amounts have been recorded in the governmental fund financial statements as part of accrued payroll and payroll taxes, since such amounts came due (matured) during the fiscal year ended September 30, 2023.

11. Fund Balance

In the fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the City governmental funds which include the General Fund, the Capital Projects Fund and Non Major governmental funds (Special Revenue and Debt Service Funds, for example). Amounts that are restricted to specific purposes either by a) constraints placed on the use of resources by creditors, grantors, contributors, or laws or regulations of other governments or b) imposed by law through constitutional provisions or enabling legislation are classified as restricted fund balances. Amounts that can only be used for specific purposes pursuant to constraints imposed by the City Council through an ordinance or resolution (which are equally binding) are classified as committed fund balances. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the City Council. Amounts that are constrained by the City's intent to be used for specific purposes but are neither restricted nor committed are classified as assigned fund balances. The City has not established a policy regarding the assignment of funds so assignments are made by City management based on Council direction. Non-spendable fund balances include amounts that cannot be spent because they are either (a) not in spendable form (inventory and prepaid items) or (b) legally or contractually required to be maintained intact. Unassigned fund balance is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications. The general fund will be the only fund that reports a positive unassigned fund balance amount. In the other governmental funds, if expenditures exceed the amounts restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When an expenditure is incurred in governmental funds which may be paid using either restricted or unrestricted resources, the City's policy is to pay the expenditure from the restricted fund balance and then from less-restrictive classifications – committed, assigned and then unassigned fund balances.

Notes to the Basic Financial Statements September 30, 2023

Below are the fund balance classifications for the governmental funds at September 30, 2023:

	General Fund	Capital Projects	Non Major Governmental	Total Governmental
Fund Balances		<u> </u>		
Nonspendable:				
Prepaid items	\$ 393,771 \$	- \$	6,490 \$	400,261
Permanent fund principal	-	-	1,500,000	1,500,000
Inventory	419,403		-	419,403
	813,174	-	1,506,490	2,319,664
Restricted:				
Police Forfeiture	317,905	-	-	317,905
Capital Projects	-	65,993,112	-	65,993,112
Telecommunications Gross Receipt Settlement	t 2,674,317	-	-	2,674,317
HUD Grant	-	-	6,379,379	6,379,379
Capital Improvement Sales Tax	-	-	5,825,081	5,825,081
Transportation	-	-	20,311,593	20,311,593
Convention & Tourism	-	-	7,083,095	7,083,095
Parks Sales Tax	-	-	5,664,160	5,664,160
Development Charge	-	-	531,625	531,625
Donations for Contribution Fund		-	539,434	539,434
	2,992,222	65,993,112	46,334,367	115,319,701
Committed:				
Policy Development and Administration	535,781	-	-	535,781
Debt Service	-	-	1,253,630	1,253,630

Supporting	75,482			75,482
	4,635,417	602,172	26,078	5,263,667
Unassigned	49,192,214		(31,213)	49,161,001
Total Fund Balance	\$ 58,168,808 \$	66,595,284 \$	57,264,978 \$	182,029,070

Notes to the Basic Financial Statements September 30, 2023

12. Minimum Fund Balance Policy

The City shall maintain a minimum unassigned fund balance equal to twenty percent (20%) of the General Fund budgeted expenditures for any given year. The reserves shall be used when approved by formal City Council action or under the following circumstances:

- 1. Large one-time cost but use of reserves would provide a long-term cost savings.
- 2. To mitigate service impacts during a significant economic downturn in the economy or a significant and unexpected loss of revenue.
- 3. Catastrophic event or natural disaster that threatens the safety of persons and property within the City.
- 4. City sustains unexpected liabilities created by Federal, State or other mandates out of its control.

If in any fiscal year the General Fund reserve balance is required to be used or is not achieved, the City Manager and Finance Director shall present to the City Council a strategy to meet the fund balance within two (2) fiscal years.

All other funds of the City shall maintain a minimum fund balance of ten percent (10%) of the fund's budgeted expenditures but shall work to achieve a twenty percent (20%) or greater fund balance reserve given the fund's specific operational needs.

13. Net Position

In the government-wide and proprietary fund financial statements, equity is displayed in three components as follows:

Net Investment in Capital Assets – This consists of capital assets, net of accumulated depreciation, less the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets. Net investment in capital assets excludes unspent bond and loan proceeds. As of September 30, 2023, the City had unspent bond proceeds of \$23,046,348 in the Water and Electric Utility, \$963,660 in the Sanitary Sewer Utility Fund and \$114,448 in the Solid Waste Utility.

Restricted – This consists of amounts that are legally restricted by outside parties or by law through constitutional provisions or enabling legislation. Governmental activities Net Position Restricted for Statutory Restrictions is \$47,154,031 which are restricted for capital projects, convention and tourism, and transportation.

Unrestricted – This consists of amounts that do not meet the definition of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, and then unrestricted resources as they are needed.

14. Unearned Revenue

Unearned revenue arises when resources are received by the City before it has a legal claim to them. In subsequent periods, when both revenue recognition criteria are met or when the government has a legal claim to the resources, revenue is recognized.

Notes to the Basic Financial Statements September 30, 2023

15. Deferred Outflows/ Inflows of Resources

In addition to assets, the financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represent a consumption of net assets that applies to future periods and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the financial statement element, *deferred inflows of resources*, represents a consumption for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to future periods and so will *not* be recognized as an inflow of resources (revenue) until that time.

The City reports Deferred Outflows/Inflows of Resources as follows:

Unavailable Revenues - Unavailable revenue is reported in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: property taxes and grants. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

Gain/Loss on Refunding - In the government-wide and proprietary fund financial statements, deferred outflows/inflows of resources on refunding represent the difference between the reacquisition price of a refunded bond and its net carrying amount, which is amortized and recognized as a component of interest expense over the remaining life of the old refunded bonds or the new refunding bonds, whichever is shorter.

Pension Related Items - The government-wide and proprietary fund statements of net position report pension related deferred outflows and deferred inflows of resources. The deferred outflows of resources represent pension contributions for LAGERS made after the measurement date, as well as the unamortized differences between projected and actual earnings on pension plan investments, differences in plan experience and changes in assumptions. The deferred inflows of resources represent the unamortized differences.

OPEB Related Items - The government-wide and proprietary fund statements of net position report OPEB related deferred outflows and deferred inflows of resources. The deferred outflows of resources represent the unamortized differences between projected and actual earnings on pension plan investments, differences in plan experience and changes in assumptions. The deferred inflows of resources represent the unamortized differences from changes in assumptions.

Lease Related Items – Lease deferred inflows include future lease payments not yet recognized as revenue for arrangements where the City is the lessor.

16. Future Accounting Pronouncements

This report does not incorporate GASB Statement No. 100, Accounting Changes and Error Corrections-an amendment of GASB Statement No. 62, GASB Statement No. 101, Compensated Absences and GASB Statement No. 102, Certain Risk Disclosures. The City will adopt and implement these statements at the required time. The City's management has not yet determined the effect the statements will have on the City's financial statements.

17. Bond Issuance Costs, Premiums/Discounts and Gain/Loss on Refunding

In the government-wide financial statements and the proprietary fund types in the fund financial statements, bond discounts and premiums are recorded as a reduction or addition to the debt obligation and bond issuance costs are expensed in the period in which they are incurred. Bond discounts and premiums are amortized using a method which approximates the effective interest method over the term of the related bonds. The gain or loss on refunding is

Notes to the Basic Financial Statements September 30, 2023

amortized as a component of interest expense over the remaining life of the bonds using a method which approximates the effective interest method and gains and losses are reported as deferred inflows and outflows.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the period in which the debt is issued. The face amount of debt issued and any related premiums or discounts are reported as other financing sources/uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures during the year they are incurred.

18. Adoption of New Accounting Pronouncements

Effective October 1, 2022, the City adopted the provisions of GASB Statement No. 91, *Conduit Debt Obligations*. The primary objective of this Statement is to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with commitments extended by issuers, arrangements associated with conduit debt obligations, and related note disclosures. This statement had no impact on the City's financial statements.

Effective October 1, 2022, the City adopted GASB Statement No. 94, *Public-Private Partnerships and Availability Payment Arrangements*. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs).

Effective October 1, 2022, the City adopted GASB Statement No. 96, *Subscription-Based Information Technology Arrangements (SBITAs)*. The objective of this statement is to better meet the information needs of financial statement users by establishing uniform accounting and financial reporting requirements for SBITAs, improving the comparability of financial statements among governments that have entered into SBITAs, and enhancing the understandability, reliability, relevance, and consistency of information about SBITAs.

Effective October 1, 2022, the City adopted GASB Statement No. 99, *Omnibus 2022*. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees.

19. Miscellaneous Revenue

Miscellaneous revenue includes sources such as auction revenue, photocopies, Housing Authority PILOT and other immaterial revenues.

20. Municipal Court Traffic Violations Fines and Costs

Missouri House Bill No. 103 amending RSMo Section 302.341.1 became effective on August 28, 2013. The amendments to the statute now require municipalities to report an accounting of the percent of "annual general operating revenue" from fines and court costs for traffic violations, including amended charges from any charged traffic violation, occurring within the city, town, village, or county and charged in the municipal court of that city, town, village, or county.

The State Auditor's office defines general operating revenue as: revenue that is not required by the enacting ordinance, law or Constitution to be used only for a designated purpose and can be used to pay any bill or obligation of a city, county, or other political subdivision. This includes, but is not limited to, general sales tax, general use tax, general property tax, and fees from certain licenses and permits, interest, fines and penalties. "General operating

Notes to the Basic Financial Statements September 30, 2023

revenue" does not include, among other items, designated sales or use taxes, user fees, grant funds or other revenue designated by law, ordinance, or Constitution, for a specific purpose.

The City collected \$239,521 of fines and court costs for traffic violations which represents .26% of General Fund operating revenues of \$92,987,366 (does not include appropriation of prior year fund balance, user fees and service charges, operating transfers and grants) for the year ended September 30, 2023.

21. Pension and OPEB

The net pension asset and net pension liability, net OPEB liability, deferred inflows and outflows of resources related to pensions and OPEB, pension expense, OPEB expense, information about the fiduciary net position of the Missouri Local Government Employees Retirement System (LAGERS), OPEB, and the Police and Fire retirement funds, and additions to/deductions from these fiduciary net positions has been determined on the same basis as they are reported by LAGERS, OPEB and Police and Fire retirement funds. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

22. Statement of Cash Flows

The City defines cash and cash equivalents used in the statement of cash flows as cash deposits, amounts included in the City's cash and investment pool and highly liquid investments with an original maturity of three months or less (both restricted and unrestricted) at the date of purchase.

23. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

24. Tax Abatements

City of Columbia, Tax Increment Financing (TIF)

The City of Columbia has authorized Tax Increment Financing (TIF) districts under Sections 99.805 through 99.875 of the RSMo, as amended. The type of taxes being abated by this program are Property Taxes (PILOT) and Economic Activity Taxes (EATS). Tax increment financing (TIF) is a public financing method that is used as a subsidy for redevelopment, infrastructure, and other community-improvement projects. Per 99.810 RSMo, the criteria for recipients to be eligible for the program are as follows:

(1) The redevelopment area on the whole is a blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision and an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met;

(2) The redevelopment plan conforms to the comprehensive plan for the development of the municipality as a whole;

Notes to the Basic Financial Statements September 30, 2023

(3) The estimated dates, which shall not be more than twenty-three years from the adoption of the ordinance approving a redevelopment project within a redevelopment area, of completion of any redevelopment project and retirement of obligations incurred to finance redevelopment project costs have been stated, provided that no ordinance approving a redevelopment project shall be adopted later than ten years from the adoption of the ordinance approving the redevelopment plan under which such project is authorized and provided that no property for a redevelopment project shall be acquired by eminent domain later than five years from the adoption of the ordinance approving such redevelopment project;

(4) A plan has been developed for relocation assistance for businesses and residences;

(5) A cost-benefit analysis showing the economic impact of the plan on each taxing district which is at least partially within the boundaries of the redevelopment area. The analysis shall show the impact on the economy if the project is not built, and is built pursuant to the redevelopment plan under consideration. The cost-benefit analysis shall include a fiscal impact study on every affected political subdivision, and sufficient information from the developer for the commission established in section 99.820 to evaluate whether the project as proposed is financially feasible;

(6) A finding that the plan does not include the initial development or redevelopment of any gambling establishment, provided however, that this subdivision shall be applicable only to a redevelopment plan adopted for a redevelopment area designated by ordinance after December 23, 1997. Assessed Valuation of "base year" is established and 100% of the taxes resulting from the incremental increase in assessed valuation are remitted to the Project Special Allocation Fund rather than disbursed to various taxing entities. For the EATs, the base amount is established and 50% of the incremental increase in EAT's is remitted to the Special Allocation fund. Cash in the Special Allocation fund is disbursed to the Trustee and then to the Developer through semiannual payments for the Notes issued. There is no provision for recapturing abated taxes or for adjusting the base assessed valuation or the base EATs. Taxes revert back to the taxing entities at the end of the abatement period or upon payoff of the Notes issued, whichever comes first. The four City of Columbia tax increment financing arrangements are disclosed in the table below.

A summary of the taxes abated for the year ended September 30, 2023 is as follows:

Tax Abatement Program	Abatement Period	Abatement Period	Tax Type Abated	axes Abated for FY23	Recaptured for FY23
TIF - Tiger Hotel Redevelopment (EATS)	July 2009	July 2032	a Sales Tax	16,985	-
TIF - Tiger Hotel Redevelopment (PILOT)	July 2009	July 2032	a Property Tax	4,208	-
TIF - Regency Hotel Redevelopment (EATS)	February 2011	February 2034	a Sales Tax	19,892	-
TIF - Regency Hotel Redevelopment (PILOT)	February 2011	February 2034	a Property Tax	 9,693	
		Totals for the C	ity for FY2023	\$ 50,778	

a: Abatement period may end earlier upon payoff of Notes issued for redevelopment costs.

II. EQUITY IN POOLED CASH AND INVESTMENTS, CASH, AND OBLIGATIONS UNDER REVERSE REPURCHASE AGREEMENTS

The City maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of the pool is displayed on the governmental funds' balance sheet and proprietary funds' statement of net position as "Cash and Cash Equivalents" and displayed in total on the government-wide statement of net position as "Cash and Investments." The investments of the pension and other post-employment benefit trust funds, certain debt service reserve accounts and cash with fiscal agents in the enterprise funds are held separately from those of other City funds.

Notes to the Basic Financial Statements September 30, 2023

A. Deposits

At year-end, the bank balances of the City's deposits were either covered by FDIC or by Letters of Credit issued by the FHLB and held by the City's agent in the City's name. At September 30, 2023, the bank balances in the City's checking accounts were \$3,479,042.

B. Investments

State statutes, the City Charter, Policy Resolutions, and legal opinions authorize the City to invest in obligations of the U.S. Treasury, agencies, and instrumentalities; states, agencies and political subdivisions thereof; mutual funds containing authorized securities; certificates of deposit of banks and savings and loans in Missouri; and repurchase agreements. U.S. government agency securities consist of investments in FNMA, FHLMC, FFCB, FHLB and Government National Mortgage Association mortgage-backed securities. Mortgage-backed securities do not have a contractual maturity date and the City is subject to the risk of prepayment on these securities when changes in market interest rates occur. The City is also authorized to enter into reverse repurchase agreements.

The assets of the City and trust funds may be invested, reinvested and managed by an investment fiduciary who shall "act with the same care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a similar capacity and familiar with those matters would use in the conduct of a similar enterprise with similar aims." Authorized investment securities include those listed above as well as common stock, preferred stock, real estate mortgages, corporate debt securities including bonds and prime commercial paper, prime banker's acceptances and taxable municipal debt instruments.

Money market mutual funds held by fiscal agents are classified as cash and cash equivalents on the balance sheet but as investments for custodial risk disclosure.

Fair Value of Investments

The City and trust funds measures and records its investments, other than money market accounts, using fair value measurement guidelines established by generally accepted accounting principles. The definition of *fair value* is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- Level 1: quoted prices (unadjusted) in active markets/exchanges for identical assets or liabilities;
- *Level 2:* quoted prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other than quoted prices that are observable,
- *Level 3:* unobservable inputs based on the best information available in the circumstances, to the extent observable inputs are not available.

The City and trust funds invest in fixed income investments seeking to achieve positive returns utilizing experienced portfolio managers. These investments are valued at least monthly with pricing available daily. Investments are available in 1-3 days.

For the City and trust funds, the following fair value techniques were utilized in measuring the fair value of its investments:

U.S. Treasury securities, corporate equities, and mutual funds: These investments are reported at fair value based on quoted market prices obtained from exchanges and market maker trade pricing.

Notes to the Basic Financial Statements September 30, 2023

Corporate obligations, fixed income securities and other fixed income: These investments are reported at fair value based on evaluation using market sources and integrating relative credit information, observed market movements, and sector news into the evaluated pricing applications and models.

U.S. Government securities: U.S. Government securities are reported at fair value based on bullet (non-call) spread scale for each issuer for maturities going out to forty years. These spreads represent credit risk and are obtained from the new issue market, secondary trading, and dealer quotes.

Mortgage-backed securities: Mortgage-backed securities are reported at fair value via models using various inputs such as but not limited to daily cash flow, snapshots of the TBA market and the U.S. Treasury market.

Municipal bonds: Municipal bonds are reported at fair value based on trades, bid price or spread, two-sided markets, quotes, benchmark curves including but not limited to treasury benchmarks and LIBOR and swap curves, market data feeds such as MSRB, financial statements, discount rate, capital rates, and trustee reports.

Corporate bonds: Most corporate bond evaluations found on customer statements are obtained by UBS, the City's investment manager, from Interactive Data Pricing and Reference Data. Interactive Data's evaluators gather information from several market sources and integrate relative credit information, observed market movements, and sector news into the evaluated pricing applications and models.

Exchange traded funds: ETFs are exchange traded funds, quoted on the ASX. The units of an ETF trade like listed shares.

Notes to the Basic Financial Statements September 30, 2023

At September 30, 2023, the City had the following recurring fair value measurements:

		Fair	t Using	
		Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs	Significant Unobservable Inputs
Investments Measured at	Totals			
Fair Value:	as of 9/30/23	Level One	Level Two	Level Three
Guaranteed U.S. Agencies	\$ 3,981,390 \$	5 - 5	\$ 3,981,390	\$ -
U.S. Treasuries	15,159,142	15,159,142	-	-
U.S. Agencies	335,354,383	-	335,354,383	-
Corporate Bonds Inv Grade	10,816,375	-	10,816,375	-
Corporate Bonds High Yield	4,265,013	-	4,265,013	-
Municipal Bonds	3,870,048	-	3,870,048	-

	577,387,202	219,099,993	358,287,209	

Investments measured at amortized cost:

Money Market Accounts	62,274,023
	\$ 639,661,225

Interest Rate Risk

Interest rate risk is the risk that the fair value of investments will be adversely affected by a change in interest rates. The City does not have a formal interest rate risk policy.

Notes to the Basic Financial Statements September 30, 2023

As of September 30, 2023, the City had the following investments and maturities:

				I	nvestment Mat	turi	ties (in years))	
Investment Type		Fair Value	 Less Than 1	1-5	6-10	More Than 10			
Guaranteed U.S. Agencies	\$	3,981,390	\$ 5,837	\$	2,499,301	\$	-	\$	1,476,252

Total	\$	373,446,351	\$ 153,862,107	\$	197,191,351	\$ _	7,108,575	\$	15,284,318

Credit Risk & Concentration of Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Credit risk is measured using credit quality ratings of investments in debt securities as described by nationally recognized rating agencies such as Standard & Poor's and Moody's. Concentration of credit risk is the risk of loss attributed to the magnitude of investment in a single issuer.

The City does not have a specific credit risk policy and there is no limit on the amount that may be invested in one issuer. The City's investments are to be purchased using the "Prudent Person" standard. Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

Custodial Credit Risk

In the event of a failure of a financial institution or counterparty, custodial credit risk is the risk that the City would not be able to recover its deposits, investments or collateral securities in the possession of an outside party. The City's investment policy requires assets held by a custodian as determined by the board of trustees be held in the name of the City of Columbia. In addition, the City addresses custodial credit risk by diversifying its investment portfolio and requiring all assets to be invested with the care, skill and diligence that a prudent person familiar with such matters acting in a like capacity would use in a similar enterprise.

Notes to the Basic Financial Statements September 30, 2023

The following table lists the credit ratings per Fitch, Moody's and/or Standard and Poor's of the investments as of September 30, 2023:

				Quality Ratings	
Investment Type	_	Fair Value	AAA+ to Aa2	BBB+ to Baa3	Not Rated/ Not Applicable
Guaranteed U.S. Agencies*	\$	3,981,390	3,981,390	-	-
U.S Treasuries*		15,159,142	15,159,142	-	-
U.S. Agencies		335,354,383	4,106,627	465,213	330,782,543
Corporate Bonds		15,081,388	6,869,413	8,211,975	-
Municipal Bonds		3,870,048	3,870,048		
	\$	373,446,351	33,986,620	8,677,188	330,782,543

* U.S. Treasury securities and certain U.S. Agency securities are explicitly guaranteed by the U.S. government and therefore, are not subject to credit risk disclosures.

Notes to the Basic Financial Statements September 30, 2023

A reconciliation of cash and cash equivalents as shown on the government-wide statement of net position is as follows:

	Balance September 30, 2023
Investments	\$ 639,661,225
Investments with fiscal agents	1,113,470
Cash with fiscal agents	15,867,685
Cash on hand	36,981
Imprest accounts	1,236,729
Total	\$ 657,916,090

	Government- Wide Statement of Net Position	Fiduciary Funds Statement of Net Position	Total
Cash and investments	\$ 399,430,088	\$ 1,333,709	\$ 400,763,797
Investments	_	171,473,902	171,473,902
Closure and postclosure reserve	7,322,777	—	7,322,777
Customer security and escrow deposits	8,205,644	—	8,205,644
Restricted assets:			
Cash and investments	8,903,713	—	8,903,713
Bond covenant account cash, investments,			
and unspent bond proceeds	 61,246,257	 	 61,246,257
Total	\$ 485,108,479	\$ 172,807,611	\$ 657,916,090

The City generally intends to buy and hold the securities in its portfolio until maturity, and to sell when there is substantial economic gain available. The City maintains a minimum of 5% of the pooled investment portfolio in cash and cash equivalents to reduce the likelihood of selling a security to meet cash requirements. During the next fiscal year, the City does not intend to sell any securities at a loss in order to meet cash requirements.

The City's investment policies require that securities underlying repurchase agreements must have a fair value of at least 100% of the cost of the repurchase agreement.

C. Reverse Repurchase Agreements

The City is permitted to enter into reverse repurchase agreements; that is, a sale of securities with a simultaneous agreement to repurchase them in the future at the same price plus a contracted rate of interest. The fair value of the securities underlying reverse repurchase agreements normally exceeds the cash received, providing the dealers a margin against a decline in fair value of the securities. If the dealers default on their obligations to resell these securities to the City or provide securities or cash of equal value, the City would suffer an economic loss equal to the difference between the fair value plus accrued interest of the underlying securities and the agreement obligation, including accrued interest. There were no defaults during the year, and there were no reverse repurchase agreements outstanding at year-end.

V. COMMITMENTS

A. Construction Commitments

At September 30, 2023, construction contract commitments of the City were:

		Amounts
Major Governmental Fund:		
Capital Projects Fund	\$	3,203,215
Enterprise Funds:		
Major Funds:		
Water and Electricity Utility		2,371,437
Sanitary Sewer Utility		7,822,262
Airport		49,913
Nonmajor Funds		141,365
Total Enterprise Funds		10,384,977
Total	\$_	13,588,192

Construction contract commitments of the City will be paid from capital improvement sales tax, parks sales tax, federal and state grant revenues, county road tax, development fees, bond proceeds, enterprise revenues, and general revenues of the City.

B. Obligations to Purchase Electric Power

The Water and Electric Utility has an agreement with the Board of Municipal Utilities, Sikeston, Missouri, to purchase electric power effective through May 31, 2021 or to the end of the useful life of the Sikeston Power Station, whichever period is longer. The City agreed to purchase 55 Megawatts at 110% of its proportionate share of

Notes to the Basic Financial Statements September 30, 2023

monthly power costs (including debt service costs related to the revenue bond issue) as defined in the agreement. The City also contracted to purchase an additional 11 Megawatts from Sikeston commencing on June 1, 1992. The 11 Megawatts was purchased at \$4.50 per kilowatt per month until May 31, 2002. On June 1, 2002, the capacity charge for the 11 Megawatts changed to 100% of the fixed costs and the energy charge changed to 110% of the energy costs.

The City has a wind generation purchase and transmission service agreement with Associated Electric Coop., Inc. effective through June 2027. The City has been allocated 11.1% of the net energy and green tags produced by the Bluegrass Ridge Wind Farm. The City pays an energy charge of \$55 per MWH during the term of this agreement, and receives transmission service from Associated Electric. The current transmission charge is \$13,437.01 per month.

The City has an agreement with Ameresco Jefferson City LLC to purchase power from a 3.17 megawatt generator from a landfill gas plant located in Jefferson City, Missouri. The City has agreed to purchase the electric output of the plant over a twenty year period starting in March 2009 at a fixed cost of \$52.50 per megawatt hour.

The City of Columbia is a member of the Missouri Joint Municipal Electric Utility Commission (MJMEUC). MJMEUC is a state wide agency that is authorized by state law to operate as an electric utility for the benefit of its members. The City has two agreements with MJMEUC for the purchase of power, the Prairie State Energy Campus from Peabody Energy, and the Iatan 2 project from Kansas City Power & Light Company. The agreements establish advisory committees that consist of representatives of the participating unit power purchasers. All decisions of the MJMEUC Board of Directors regarding Prairie State, or Iatan 2 will give consideration to the recommendations of their respective member committee, but final decision on any matter effecting either agreement shall be made by the MJMEUC Board of Directors.

In June 2007, the MJMEUC Board of Directors gave final approval for the participation in the construction, operation, and financing of the Prairie State Energy Campus. MJMEUC's interests are approximately 195 MW, and the City expects to receive approximately 26%, or about 50 MW from the units. The City's agreement with MJMEUC does not create any ownership rights on the part of the City to the Prairie State units. MJMEUC has capitalized its total costs incurred in connection with the development and construction of the Prairie State units and intends to recover those costs through monthly capacity charges. Unit one of Prairie State was placed in service in June 2012 and unit two was placed in service in November 2012. The City started paying capacity charges on unit one in February 2012. The City agreed to make payments to MJMEUC for costs associated with Prairie State that were not capitalized, or rolled into the financing of the project based on the City's purchase percentage.

In 2009, the MJMEUC board gave final approval for an agreement with Kansas City Power & Light Company for a unit power interest in Iatan 2; a coal fired generating station near Weston, Missouri. MJMEUC will receive 100MW from the new unit. Of MJMEUC's 100 MW ownership, Columbia has agreed to buy 20 MW. The City's agreement with MJMEUC does not create ownership rights on the part of the City to the Iatan 2 Unit. MJMEUC has capitalized its costs in connection with the development and construction of the Iatan 2 unit and intends to recover those costs through a monthly capacity charge now that the Iatan 2 unit has begun commercial operation. Iatan 2 started production in January 2011. The City agreed to make payments to MJMEUC for its purchase percentage of costs associated with Iatan 2 that could not be capitalized.

The City has an agreement with Crystal Lake Wind III, LLC to purchase 21 megawatts of wind energy from Iowa. This is a 20 year contract with energy cost starting at \$42.50 per megawatt hour in 2012, increasing to \$43.50 in 2013, and \$44.50 in 2014. In 2015 the price increases to \$45.00 per megawatt hour, and remains at that rate until the end of the contract term. In October 2020, the City approved an amendment to the existing Purchase Power Agreement (PPA) with Crystal Lake III, LLC, for the purchase of wind energy. The amendments will reduce the cost of the existing PPAs, increase the amount of energy to be supplied by Crystal Lake III, LLC and extend the term of the existing PPA's by approximately 8 years to 2040. Crystal Lake III, LLC proposed repowering the wind farm with updated equipment and estimates an additional 40,000 MWH's per year can be produced. The capacity of the wind farm will remain the same at 66 MW. Crystal Lake III, LLC, offered the City this incremental energy at a

Notes to the Basic Financial Statements September 30, 2023

discount in exchange for extending the term of the PPA's. The discount will take the price from \$45.00 per megawatt hour to \$26.21 per megawatt hour the first year with adjustments each year after.

In February 2018, the City entered into an agreement with Truman Solar, LLC for the purchase of solar energy. The solar farm will be a 10 MW solar facility that will be attached directly to the City's 13.8 kV distribution system built by Truman Solar, LLC. The additional solar energy will increase the energy from renewable sources by an additional 1.9% of total energy required. The term of the contract is for 30 years with a contract prices of \$44.81 per megawatt hour with no escalation in the price for the life of the contract. The solar system came on-line in May 2021.

In November 2019, the City entered into an agreement with Boone Stephens Solar for the purchase of solar energy. This solar field would have been tied directly into Columbia's 69 kV system at the existing Bolstad substation, "Point of Delivery" and a 64 MW solar facility. The term of the contract is 20 years, with a contract price of \$31.65 per megawatt hour. The expected commercial operation date is 12/31/2023. On June 27, 2022, the City received notice from the company of the termination of the PPA between Boone Stephens and the City due to specific conditions of the contract not being met by the deadline outlined in the contract.

C. Pollution Remediation Obligations

The Missouri Department of Natural Resources issued the City a "Letter of Warning" on March 19, 2009. The letter notified the City that the Water Treatment Plant site was in non-compliance with Clean Water Laws and Operating Permit #MO-G640087 and "caused pollution of an unnamed tributary to Perche Creek, waters of the state or placed or caused or permitted to be placed water contaminants in a location where it is reasonably certain to cause pollution of waters of the state." The contaminant is lime softening sludge which was improperly disposed of by stockpiling it on-site.

Due to the non-compliance with this permit, the City was required to: prepare a site specific sludge management plan for the water treatment plant site; to install storm water Best Management Practices (BMP) to prevent a discharge of contaminated storm water from the site; and, apply for a site specific storm water discharge permit for this site.

The City applied for a beneficial use exemption for the stockpiled sludge at the water treatment plant to allow the stockpiled sludge to remain in place. The request has been approved by the Missouri Department of Natural Resources, with conditions. The City is required to prepare plans and install a clay cap to contain the stockpiled sludge.

It is estimated that the cost of the work will range from \$501,500 to \$936,000 with the primary variant being the availability of materials near the plant. The estimated cost to the City is \$783,925, calculated as follows:

65% probability that the actual costs will be \$936,000 (65% * \$936,000) = \$608,40035% probability that the actual costs will be \$501,500 (35% * \$501,500) = \$175,525Total estimated liability \$783,925

The City does not expect to recover the remediation outlays from insurance, or any other parties. The total estimated liability, less costs incurred to date, is recorded in the Water and Electric utility fund. The remaining balance as of September 30, 2023 is \$696,768 and is reported in Accounts Payable.

Notes to the Basic Financial Statements September 30, 2023

D. Encumbrances

Purchase orders are issued throughout the fiscal year to encumber budgets in the governmental funds. Outstanding encumbrances as of September 30, 2023 are as follows:

Major Funds:		
General Fund	\$	4,635,417
Capital Projects Fund	_	5,139,888
Total Major Funds	-	9,775,305
Total Nonmajor Funds	_	412,585
Total encumbrances	\$	10,187,890

VI. INTERFUND ACTIVITY

Interfund receivable and payable balances and advances at September 30, 2023 are as follows:

_	Interfund receivables and advances		Interfund payables and advances
\$	3,536,702	\$	—
	1,063,933		—
			675,190
	—		1,656,770
	3,059		1,767,505
	—		501,170
	—		3,059
\$	4,603,694	\$	4,603,694
	\$ \$	receivables and advances \$ 3,536,702 1,063,933 3,059 	receivables and advances \$ 3,536,702 \$ 1,063,933 3,059

Advances at September 30, 2023 include \$562,763 in the Non-Major Enterprise Recreation Services Fund, and \$501,170 in the Major Enterprise Solid Waste Fund that are classified as Noncurrent Liabilities because the funds advanced from the Permanent Fund-Designated Loan Fund were restricted for use on capital projects. The \$501,170 advance to the Solid Waste Fund was for land purchased on Route B and an advance for the construction of a Solid Waste Facility. The \$562,763 advance to Recreation Services was for the Clary-Shy Community Park improvement project and Phase I of the Sports Fieldhouse project located in A. Perry Phillips Park. These advances generally are not scheduled to be repaid in the next fiscal year. Management considers these collectible.

Payment in lieu of taxes of \$1,767,505 is reported as a receivable in the General Fund and a payable in the Water and Electric Utility Fund.

Payables from the Non-Major Special Revenue consisting of: Public Improvement Fund, \$59,097; Mid Missouri Solid Waste Management District Fund, \$53,330; Recreation Service Fund, \$562,763.

Payable from internal service fund \$1,656,770 is due to the General Fund for fund overdrafts of cash and cash equivalents of the Fleet internal service fund on September 30, 2023.

Notes to the Basic Financial Statements September 30, 2023

Loans with a balance of \$3,059 from the Water and Electric Utility to the Railroad Fund relate to construction work and the purchase of a locomotive. The total amount will be paid off within the next fiscal year.

Interfund transfers consisted of the following amounts:

						Transfer Fr	om

Transfers are used to (1) move revenues from the fund that budgets or ordinance requires to collect them to the fund that budgets or ordinance requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use restricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Included in the transfers schedule is \$4,762,708 from the Water Utility Fund and \$11,996,686 from the Electric Utility Fund to the General Fund. The transfers represent PILOT payments.

Notes to the Basic Financial Statements September 30, 2023

B. Special Obligation Refunding and Capital Improvement Bonds – Series 2020 B, C, 2016

In October of 2020, the City issued \$5,120,000 of Special Obligation Refunding Bonds, Series C for the purpose of refunding the 2012A-2 Special Obligation Improvement Bonds, outstanding in the principal amount of \$5,650,000. Principal is due annually on October 1 through October 1, 2030 and interest is payable on April 1 and October 1. At the option of the City, bonds maturing on October 1, 2029 and thereafter will be subject to redemption and payment prior to maturity on October 1, 2028 at the redemption price of 100% of the principal amount redeemed plus accrued interest to the redemption date. The interest rates on this issue range from 1.0% to 1.30%.

In September of 2020, the City issued \$41,105,000 of Special Obligation Electric Utility Bonds, Series B. The bonds are special obligations of the City payable solely from the annual appropriation of funds by the City for that purpose. The bonds were issued for the refunding of the 2012D and the 2012E Electric special obligation bonds. Interest is paid semiannually on April 1 and October 1. Principal is due each year on October 1, through October 1, 2033. At the option of the City, bonds maturing on and after October 1, 2029, may be subject to redemption and payment prior to maturity on or after October 1, 2028 at the redemption price of 100% of the principal amount redeemed plus accrued interest to the redemption date. The interest rates on this issue range from 2.00% to 5.00%.

In July 2016 the City issued \$17,580,000 of Special Obligation Refunding Bonds for the purpose of advance refunding the 2008B Special Obligation Improvement Bonds, outstanding in the principal amount of \$19,785,000. Interest is paid semiannually on March 1 and September 1 with final payment due on March 1, 2028. The interest rates on this issue range from 2% to 5%.

C. Special Obligation Improvement Bonds – Series 2020, Series 2017

In May of 2020, the City issued \$14,120,000 of Special Obligation Improvement Bonds (Airport Terminal Project). The bonds are special limited obligations of the City, payable solely from the annual appropriation of funds of the City for that purpose. The bonds were issued for the purpose of paying the costs of building a new terminal at Columbia Regional Airport and paying costs incident to the issuance of the Bonds. Principal payments are due annually on October 1 through October 1, 2034 and interest payments are due on April 1 and October 1. At the option of the City the Series Bonds maturing on or after October 2, 2028, are redeemable on October 1, 2027 and thereafter at par plus accrued interest. The interest rate on this issue is 1.9%

In April of 2017, the City issued \$5,520,000 of Special Obligation Improvement Bonds (Solid Waste Systems Project). The bonds are special limited obligations of the City, payable solely from the annual appropriation of funds of the City for that purpose. The bonds were issued for the purpose of paying the costs of various improvements to the City's solid waste system, and paying costs incident to the issuance of the Bonds. Principal payments are due annually on February 1 through February 1, 2037 and interest payments are due on February 1 and August 1. At the option of the City the Series Bonds maturing on or after February 1, 2027, are redeemable on February 1, 2026 and thereafter at par plus accrued interest. The interest rates on this issue range from 3.0-3.375%.

D. Special Obligation Refunding and Capital Improvement Bonds - Series 2019, Series 2015

On April 16, 2019 the City of Columbia issued \$10,400,000 in Special Obligation refunding bonds with an average interest rate ranging from 2.35%-5.0% to refund \$11,850,000 of outstanding 2009 Taxable Special Obligation Improvement Bonds (Build America Bonds/Direct Subsidy). Principal payments are made on March 1 of each year through March 1, 2034. Interest payments are made on March 1 and September 1 of each year through March 1, 2034. The Bonds are special limited obligations of the City, payable solely from the annual appropriation of the funds by the City for that purpose. The net carrying amount of the old debt was greater than the reacquisition price of the new debt by \$2,238. This amount is being netted against the new debt and amortized over the remaining life of the current debt, which is the same as the life of the refunded debt. As a result of the current refunding the City reduced its total debt service requirements by \$2,145,351, which resulted in an economic gain of \$1,075,034.

Notes to the Basic Financial Statements September 30, 2023

On December 8, 2015 the City of Columbia issued \$7,080,000 in Special Obligation refunding bonds with an average interest rate of 3.069% to currently refund \$8,855,000 of outstanding 2006 Special Obligation bonds with an interest rate ranging from 4.00% to 5.00%. The interest in paid semiannually on February 1 and August 1. Principal payments are due on February 1. The final payment is due on August 1 2026. The Bonds are special limited obligations of the City, payable solely from the annual appropriation of the funds by the City for that purpose. The reacquisition price was greater than the net carrying amount of the old debt by \$1,030,713. This amount is being netted against the new debt and amortized over the remaining life of the current debt, which is the same as the life of the refunded debt. As a result of the current refunding the City reduced its total debt service requirements by \$2,667,087, which resulted in an economic gain of \$648,817.

E. Water and Electric Revenue Bonds – 2019 Series, 2015 Series, 2014 Series.

In October of 2019, the City issued \$70,445,000 of Water and Electric System Revenue Refunding Bonds. The bonds are to be paid by the net revenues of the system and certain accounts under the Ordinance to the extent pledged under the Ordinance. The bonds were issued for the refunding of the 2009A Water and Electric System Revenue Bonds and the refunding of the 2011A Water and Electric System Refunding and improvement Revenue Bonds. Interest is paid semiannually on April 1 and October 1. Principal is due each year on October 1, through October 1, 2041. At the option of the City, the bonds or portions thereof maturing on October 1, 2028 and thereafter may be called for redemption and payment prior to their stated maturity on October 1, 2027 and thereafter, in whole or in part at any time at the redemption price of 100% of the principal amount thereof, plus accrued interest to the redemption date. The interest rates on this issue range from 3.00% to 5.00%. The bonds require \$5,403,872 in a debt service reserve account.

In May of 2019, the City issued \$15,150,000 of Water and Electric System Revenue Bonds. The bonds are to be paid by the net revenues of the system and certain accounts under the Bond Ordinance to the extent pledged under the Bond Ordinance. The bonds were issued to provide funding for acquiring, constructing, extending and improvements the Water System. Interest is paid semiannually on April 1 and October 1. Principal is due each year on October 1, through October 1, 2049. At the option of the City, the Bonds or portions thereof maturing on October 1, 2027 and thereafter may be called for redemption and payment prior to their stated maturity on October 1, 2026, and thereafter in whole or in part at any time at the redemption price of 100% of the principal amount, plus accrued interest to the redemption date. The interest rates on this issue range from 3.00% to 5.00%.

In August of 2015, the City issued \$51,280,000 of Water and Electric System Revenue Refunding Bonds. The bonds are to be paid by the net revenues of the system and certain accounts under the Ordinance to the extent pledged under the Ordinance. \$18,065,000 of the bonds was issued for the current refunding of the 2005A Water and Electric System Revenue Bonds and \$33,215,000 was issued to provide funding for improvements in the Electric Utility. Interest is paid semiannually on April 1 and October 1. Principal is due each year on October 1, through October 1, 2045. At the option of the City, the Bonds or portions thereof maturing on October 1, 2024 and thereafter may be called for redemption and payment prior to their stated maturity on October 1, 2023 and thereafter, in whole or in part at any time in any order of maturity selected by the City and by lot in multiples of \$5,000 within a maturity, at the redemption price equal to the principal amount thereof, plus accrued interest thereon to the date of redemption. The interest rates on this issue range from 3.00% to 5.00%. The bonds require \$3,684,714 in a debt service reserve account.

In July of 2014, the City issued \$14,180,000 of Water and Electric System Revenue Refunding Bonds. The bonds are to be paid by the net revenues of the system and certain accounts under the Ordinance to the extent pledged under the Ordinance. The bonds were issued for the current refunding of the 2003A Water and Electric System Revenue Refunding Bonds and the advance refunding of the 2004A Water and Electric System Revenue Bonds. Interest is paid semiannually on April 1 and October 1. Principal is due each year on October 1, through October 1, 2028. At the option of the City, the bonds or portions thereof maturing on October 1, 2023 and thereafter may be called for redemption and payment prior to their stated maturity on October 1, 2022 and thereafter, in whole or in part at any time in any order of maturity selected by the City and by lot in multiples of \$5,000 within a maturity, at the redemption price equal to the principal amount thereof, plus accrued interest thereon to the date of redemption.

Notes to the Basic Financial Statements September 30, 2023

The interest rates on this issue range from 2.00% to 3.00%. The bonds require \$1,418,000 in a debt service reserve account.

The bond ordinances require 110% coverage of the aggregate debt service for each fiscal year. The Water and Electric Utility Fund is required to be accounted for in a separate enterprise fund under the bond ordinances. These ordinances also require that after sufficient current assets have been set aside to operate the fund, all remaining monies held by the fund be restricted in separate accounts in the following sequence:

Nature of accounts	Amount	Authorized expenditures
(a) Current bond maturities and interest	Monthly accumulations equal to semiannual debt service.	Paying current principal and interest on bonds.
(b) Revenue bond reserve	Amount equal to 1/60th of the debt service requirements until said account shall equal the debt reserve requirements in the amount of \$18,602,525.	Paying principal and interest in the event of a deficiency in the current bond maturities and interest account.
(c) Renewal and replacement account	Amount of \$25,000 per month. Such payments shall be continued until the amount deposited and held in said fund shall equal \$1,500,000.	Paying unforeseen contingencies and meeting emergencies arising in the operation of the system.
(d) Revenue bond construction	To account for revenue bond issue proceeds prior to their expenditure for construction of utility plant.	To provide funds to pay construction cost to the extent such monies are available.

F. Sanitary Sewer Revenue Bonds – 2020 Refunding Series, 2019 Series, 2017 Series, 2015 Series, 2013 Refunding Series, 2010 Series A, 2007 Series B, 2006 Series B, 2004 Series B, 2003 Series B, 2002 Series A

In October of 2020, the City issued \$6,125,000 of Sewerage System Refunding Revenue Bonds. These bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues of the system. These bonds were issued to refund the City's Sewerage System Revenue Bonds, Series 2012 outstanding in the principal amount of \$6,680,000. Payments of principal are due on October 1 of each year, beginning on October 1, 2021 through October 1, 2036. Interest payments are due on April 1 and October 1 of each year through October 1, 2036. The interest rate on this issue range from 1.25% to 5.0%. The bonds require \$470,425 in a debt service reserve account.

In September of 2019, the City issued \$9,805,000 of Sewerage System Revenue Bonds. These bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues of the system. These bonds were issued to refund the 2009 Taxable Sewerage System Revenue Bonds (Build America Bonds/Direct Subsidy). Payments of principal are due on October 1 of each year, beginning on October 1, 2024 through October 1, 2034. Interest payments are due on April 1 and October 1 of each year through October 1, 2034. The interest rate on this issue is 2.490%. The net carrying amount of the old debt was greater than the reacquisition price of the new debt by \$12,591. This amount is being netted against the new debt and amortized over the remaining life of the current debt, which is the same as the life of the refunded debt. As a result of the current refunding the City reduced its total debt service requirements by \$4,231,660, which resulted in an economic gain of \$1,278,783.

In April of 2017, the City issued \$15,790,000 of Sewerage System Revenue Bonds. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system, fund a debt service reserve, and pay costs related to the issuance of the Bonds. Payments of principal are due on October 1 of each year through October 1, 2037, and interest payments are due on April 1 and October 1. The bonds maturing on and after October 1, 2026, are

Notes to the Basic Financial Statements September 30, 2023

redeemable on October 1, 2025 and thereafter at par plus accrued interest. The interest rates range from 2.0% to 5.0% on this issue. The bonds require \$1,070,613 in a debt service reserve account.

In March of 2015, the City issued \$18,200,000 of Sewerage System Revenue Bonds. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on October 1 of each year through October 1, 2035, and interest payments are due on April 1 and October 1. The bonds maturing on and after October 1, 2024, are redeemable on October 1, 2023 and thereafter at par plus accrued interest. The interest rates range from 3.0% to 5.0% on this issue. The bonds require \$1,232,886 in a debt service reserve account.

The City issued \$59,335,000 of Sewerage System Revenue Bonds, Series A in January of 2010. This issue had a not to exceed amount of \$59,335,000. The final drawdown has been made and the total was \$58,030,645. As of September 30, 2023, \$29,524,400 is outstanding and recorded as revenue bonds payable in the Sanitary Sewer Utility Fund. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on each January 1 and July 1 beginning July 1, 2013 through July 1, 2032. Interest payments are due on January 1 and July 1. The Bonds may be called for redemption and payment prior to stated maturity in whole or in part at any time, at the redemption price of 100% of the principal amount thereof plus accrued interest thereon to the date of redemption. In July of 2021, the City did a rate adjustment on the outstanding debt, lowering the interest rate from 1.49% to .72%, for a total savings in interest of \$1,610,421.

The City issued \$1,800,000 of Sewerage System Bonds, Series B in November of 2007. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 of each year, beginning in 2009, through January 1, 2028, and interest payments are due on January 1 and July 1. The bonds maturing on and after January 1, 2018, are redeemable on each June 1 and December 1, commencing on December 1, 2016, at par plus accrued interest. The interest rates range from 4.00% to 5.00% on this issue.

The City issued \$915,000 of Sewerage System Bonds, Series B in November of 2006. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on July 1 of each year, beginning in 2007, through July 1, 2026, and interest payments are due on January 1 and July 1. The bonds maturing on and after July 1, 2017, are redeemable on each June 1 and December 1, commencing on June 1, 2016, at par plus accrued interest. The interest rates range from 4.00% to 5.00% on this issue.

The City issued \$650,000 of Sewerage System Bonds, Series B in May of 2004. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 of each year through January 1, 2025, and interest payments are due on January 1 and July 1. The bonds maturing on and after January 1, 2015, are redeemable on each June 1 and December 1, commencing on June 1, 2014, at par plus accrued interest. The interest rates range from 2.00% to 5.25% on this issue.

The City issued \$3,620,000 of Sewerage System Revenue Bonds, Series B in May of 2003. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 of each year through January 1, 2024, and interest payments are due on January 1 and July 1. The bonds maturing on and after January 1, 2014, are redeemable on each June 1 and December 1, commencing on December 1, 2012, at par plus accrued interest. The interest rates range from 2.00% to 5.25% on this issue.

The City issued \$2,230,000 of Sewerage System Revenue Bonds, Series A in May of 2002. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 of each year through January 1, 2023, and interest payments are due on January 1 and July 1. The bonds maturing on and after January 1, 2013, are redeemable on each June 1 and December 1, commencing on June 1, 2012, at par plus

Notes to the Basic Financial Statements September 30, 2023

accrued interest. The interest rates range from 3.0% to 5.375% on this issue. This bond was paid off in January 2023.

The bond ordinances require 110% coverage of the aggregate debt service for each fiscal year. In compliance with the bond ordinances, the Sanitary Sewer Utility Fund is accounted for in a separate enterprise fund. Additional bond ordinance requirements provide for the restricting of operating revenues after current operating expenses have been met. These restrictions occur in the following sequence:

Nature of accounts	Amount	Authorized expenditures
(a) Operation and mainte- nance	Equal to one month's operating expenses of the utility.	Operating expenses when non- restricted current assets are not available for payment.
(b) Sinking fund (cash with fiscal agent)	Current fiscal year bond maturity and interest accumulated monthly.	Payment of current principal and interest on bonds.
(c) Revenue bond reserve	Amount equal to \$1,232,886 for the 2015 Revenue Bonds, and \$1,070,612 for the 2017 Revenue Bonds, and \$470,425 for the 2020 Revenue Bonds.	Payment of principal and interest due on bonds when other funds are unavailable.
(d) Contingency	Amount of \$2,000 per month. Such payments shall continue until the amount deposited and held in said fund shall equal \$200,000.	Unforeseen contingencies; emer- gencies affecting operation and maintenance replacement for effective and efficient operation.
(e) Revenue bond construction	To account for revenue bond issue proceeds prior to expenditure for construction of utility plant addi- tions.	Cost of construction projects.

In November 2013, voters approved the issuance of \$32,340,000 of Sanitary Sewer Revenue bonds and as of September 30, 2023, there is \$5,771,000 remaining from this authorization that has not been issued.

In August 2018, voters approved the issuance of \$42,845,000 of Water and Electric Revenue bonds and as of September 30, 2023, there is \$27,695,000 remaining from this authorization that has not been issued.

Notes to the Basic Financial Statements September 30, 2023

G. Leases

Lessor

The City has entered into several lessor agreements with various parties to lease space for placement of Antennas and Communications Equipment at various sites throughout the City. These lease agreements are set to expire at various dates through 2040 with estimated incremental interest rates between .48 to 1.64%. The City is set to receive rent and interest payments annually as follows:

	Governmental	Activities	Business Type	Activities	
Fiscal Year	 Principal	Interest		Principal	Interest
2024	\$ 117,208	3,352	\$	147,801	9,887
2025	117,940	2,620		148,850	8,839
2026	90,958	1,882		49,941	7,781
2027	36,729	1,271		28,098	7,186
2028	56,781	3,219		28,559	6,725
2029-2033	11,834	165		149,977	26,446
2034-2038	-	-		162,685	13,738
Thereafter	-	-		68,870	1,699
-	\$ 431,450	12,509	\$	784,781	82,301

The total lease revenue received by Governmental Activities was \$113,522 which includes \$4,038 of interest revenue for the fiscal year ending September 30, 2023, and the total lease revenue received resulting from Business Type Activities was \$207,948 which includes \$11,364 of interest revenue.

The Columbia Regional Airport has entered into several lessor agreements to lease building and ground space to various parties set to expire at various dates through August of 2052 with estimated interest rates ranging from 1.64 to 1.88%. The City expects to receive the following rent and interest payments below, these payments do not include any variable rental components from the lease agreements.

	Columbia Regional Airport Fund					
Fiscal Year	Principal	Interest				
2024	71,380	35,772				
2025	72,680	34,472				
2026	74,004	33,147				
2027	75,353	31,799				
2028	76,726	30,426				
2029-2033	405,119	130,640				
2034-2038	443,403	92,356				
Thereafter	785,521	66,377				
	\$ 2,004,186	454,989				

Total lease revenue received by the airport for the fiscal year ending September 30, 2023 was \$107,152 which includes \$37,050 of interest revenue.

The Parking Utility Fund has entered into two lessor agreements with different parties. One lease is for parking spaces in the garage, this lease is set to expire April 2112 with an estimated incremental interest rate of 1.88%. The other lessor agreement is for the rental of office space in the Fifth and Walnut Parking Garage, this lease is set to expire September 30, 2025 with an estimated incremental interest rate of .43%. The City expects to receive the following rent and interest payments from these leases:

Parking Fund						
est						
114,518						
113,808						
113,181						
112,657						
112,123						
552,247						
537,306						
,828,404						
,484,244						

Notes to the Basic Financial Statements September 30, 2023

Total lease revenue received by the Parking Fund for the fiscal year ending September 30, 2023 was \$188,990 which includes \$115,219 of interest revenue.

I. Pledged Revenues

The City has pledged future sanitary sewer operating revenues, net of specified operating expenses, to repay \$96,481,800 in sanitary sewerage system revenue, revenue refunding and special obligation bonds. The bonds are payable solely from sanitary sewer net revenues and are payable through 2037. Annual principal and interest payments on the bonds have required on average 60 percent of net revenues. The total principal and interest remaining to be paid on the bonds is \$84,424,671. Principal and interest paid for the current year and total net sanitary sewer revenues for the current year were \$7,544,230 and \$12,871,159 respectively.

The City has pledged future water and electric operating revenues net of operating expenses to repay \$137,130,000 in water and electric system revenue and special obligation bonds. The bonds are to be paid solely from water and electric net revenues and are payable through 2050. Annual principal and interest payments on the bonds have required on average 49 percent of net revenues. Total principal and interest remaining to be paid on the bonds is \$175,175,213. Principal and interest paid for the current year and total net revenues were \$16,723,388 and 34,404,775, respectively.

J. Legal Debt Margin

The City's assessed value supports a general obligation bond limit of \$498,002,152. The City did not have any general obligation bonds outstanding as of September 30, 2023.

VIII. RISK MANAGEMENT

A. Self-insurance

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 1988, the City established a self insurance retention program for workers' compensation, liability, and property losses with two issues of special obligation bonds (repaid) to establish reserves for self-insurance. Excess coverage insurance policies cover individual claims in excess of \$750,000 for general liability, \$100,000 for property losses, and workers' compensation claims in excess of \$500,000 for most employee classifications and \$750,000 for Police, Fire and Electrical employees. The City carries insurance policies for airport and railroad liability and health clinic professional liability.

All operations of the City participate in the program and make payments to the Self-insurance Reserve Internal Service Fund's Liquidity Reserve based on an estimate of the amounts needed to pay claims. The claims liability of

Notes to the Basic Financial Statements September 30, 2023

\$6,352,967 reported in the Self-insurance Reserve Fund at September 30, 2023 is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. None of the claims liability have been discounted. The City has not purchased annuity contracts from commercial insurers to satisfy liabilities for any claim, therefore, no liability for claims has been removed from the balance sheet.

Changes in the claims liability amount in fiscal years 2022 and 2023 were:

	_	Beginning of fiscal year liability	 Current year Claims and changes in estimates	and s in Claim		 Balance fiscal year-end
9/30/2022	\$	5,426,243	\$ 2,175,446	\$	(1,665,326)	\$ 5,936,363
9/30/2023	\$	5,936,363	\$ 3,479,423	\$	(3,062,819)	\$ 6,352,967

B. Employees' Health Plan

The Employee Benefit Internal Service Fund accounts for the transactions and reserves associated with the City's medical, dental, prescription drug, life, and long-term disability programs for City employees. Coverage for health, dental, and prescription drug plans are self-insured. The City has a stop-loss attachment point of \$100,000 per person. Other coverages are with commercial insurance carriers.

Incurred but not reported claims of \$1,009,250 are reported in the Employee Benefit Fund as of September 30, 2023. These medical, prescription, and dental reserves are estimated based on submitted claim lag reports using a 15-month run-off, which are adjusted for inflation/utilization trends, plan design and population changes. Changes in the claims liability amount in fiscal years 2022 and 2023 were:

	 Beginning of fiscal year liability	 Claims and changes in estimates	<u> </u>	Claim payments	 Balance fiscal year-end
9/30/2022	\$ 966,400	\$ 10,932,505	\$	(10,880,205)	\$ 1,018,700
9/30/2023	\$ 1,018,700	\$ 10,994,635	\$	(11,004,085)	\$ 1,009,250

IX. LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

State and federal laws and regulations require that the City of Columbia place a final cover on its landfill when closed and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. During fiscal year 1994, the City adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 18, *Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs*. GASB No. 18 requires that, in addition to recognizing operating expenses related to current activities of the landfill, an expense provision and related liability be recognized for future closure and postclosure care costs that will be incurred near or after the date the landfill no longer accepts waste. The recognition of these landfill closure and postclosure care costs is accrued ratably over the useful life of the landfill based on the portion of the landfill used during the year and is being recorded in the Solid Waste Utility Enterprise Fund.

Landfill closure and postclosure expenses to date are \$11,200,767, which is based on 88.57% usage of the landfill. The recorded liability for unpaid costs, as of September 30, 2023 is \$9,039,463. The City will recognize the estimated remaining costs of closure and postclosure care of \$1,491,563 as the remaining capacity is filled. The estimated total current costs of the landfill closure and postclosure care (\$12,692,330) is based on the amount that

Notes to the Basic Financial Statements September 30, 2023

would be paid if all equipment, facilities, and services required to close, monitor and maintain the landfill were acquired as of September 30, 2023. However, the actual cost of closure and postclosure care may be higher due to inflation, changes in technology, or changes in landfill laws and regulations. The estimated remaining life of the landfill is approximately 3 years and 4 months.

The City of Columbia has executed a contract of obligation with the Missouri Department of Natural Resources for landfill closure and postclosure care costs. This financial assurance instrument allows the Missouri Department of Natural Resources to collect the required amount from any state funds which could be dispersed to the City should the City fail to perform closure or postclosure care activities.

X. CONTINGENCIES

A. Grants

The City receives significant financial assistance from numerous federal, state, and local governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the individual fund types included herein or on the overall financial position of the City at September 30, 2023.

B. Litigation

Various suits and claims against the City are presently pending involving claims for personal injury, tax appeals, and miscellaneous cases. In the opinion of management, both individually and in the aggregate, such suits or claims will not have a material effect on the financial position of the City.

XI. EMPLOYEE RETIREMENT SYSTEMS AND PLANS

Except for Railroad employees, all full-time, regular employees of the City of Columbia participate in one of three retirement plans. The City administers two single-employer defined benefit pension plans, the Police Retirement Fund which covers full-time regular police officers, and the Firefighters' Retirement Fund which covers full-time regular firefighters. The Authority to provide pensions for Police and Firefighters is established in Revised Statutes of Missouri (RSMo) Section 86.583, and firefighters' retirement and relief systems for all municipalities in RSMo Section 87.005-87.105. Benefit provisions and contribution requirements are established by City ordinance, and may be amended by City ordinance. Management of the retirement plans is vested in the Police Retirement Board and the Firefighters' Retirement Board. Each board shall consist of five (5) members, two (2) of whom shall be members of each department, two (2) of whom shall be registered voters and residents of the city. The chief of each department shall be an ex officio, nonvoting member of the board.

The City also participates in the Missouri Local Government Employees Retirement System (LAGERS) which is a defined benefit pension plan that provides certain retirement, disability and death benefits to plan members and beneficiaries. This plan covers substantially all of the City's employees not covered by the Police or Firefighters Retirement Funds. LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with RSMo. 70.600-70.755. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at <u>www.molagers.org</u>.

Notes to the Basic Financial Statements September 30, 2023

Below is a summary of amounts reported by the City:

	 Lagers Pension	Police Pension	Fire Pension	Total
Net Pension Liability	\$ - \$	64,706,538 \$	101,738,278 \$	166,444,816
Net Pension Asset	17,959,424	-	-	17,959,424
Deferred Outflows of Resources	14,362,650	10,463,416	20,402,652	45,228,718
Deferred Inflows of Resources	7,292,564	-	62,962	7,355,526
Pension Expense	10,191,069	10,433,192	16,032,522	36,656,783

A. Police and Fire Pension

1. Plan Description

Participants in the Police and the Firefighters' Retirement plans become fully vested at the completion of their probationary period, which is generally one year after employment. Participants employed September 30, 2012 or earlier are eligible for retirement benefits, payable monthly for life, upon reaching the age of 65, or 20 years of credited service. Police participants employed October 1, 2012 or later are eligible for retirement benefits, payable monthly for life, upon reaching the age of 65, or 25 years of credited service. Firefighter participants employed October 1, 2012 or later are eligible for retirement benefits, payable monthly for life, upon having completed at least one year of active service and reaching the age of 55. The plans also provide early retirement, death, and disability benefits. Benefits and refunds of the Police and the Firefighters' Retirement pension plans are recognized and payable when due.

Participants in the Police Retirement plan employed September 30, 2012 or earlier receive a normal benefit equal to 3.0% of their highest average salary multiplied by the number of years of active service up to 20 years, plus 2% of the highest average salary for each year of service in excess of 20 years, but not to exceed 70% of the highest average salary. This benefit shall continue for life. Participants in the Police Retirement plan employed as of October 1, 1991 could elect a second option. Under this option employees retiring after January 4, 1993 receive a benefit increase of 2% each year from retirement to age 62. When a covered employee reaches age 62, the retirement benefit shall equal 2.2% of the highest average salary times the years of service to a maximum of 52.5% of the highest average salary with 25 years of continuous service. The benefit calculated at age 62 is then increased by 2% for each year from retirement to age 61. This benefit is then payable from age 62 and increased in each future year by 2% of the preceding year's benefit.

Participants in the Police Retirement plan employed October 1, 2012 or later receive a normal benefit equal to 2.0% of highest average salary per year of covered employment up to twenty-five years. For each year of service in covered employment over twenty-five, the retiree shall receive an additional 1.5% of highest average salary per year, up to a maximum of 57.5% for twenty-five years of service. In the first month of each plan year the retirement benefit shall be increased by 0.6%.

Participants in the Firefighters' Retirement plan employed September 30, 2012 or earlier with 20 or more years of service receive a normal benefit equal to 70% of the highest annual salary plus 2% per year for each year in excess of 20 years, up to a maximum of 80% of the highest annual salary. The normal benefit is increased annually by 2%. Participants in the Firefighters' Retirement plan employed October 1, 2012 or later receive a retirement benefit equal to 2.5% of the retiree's highest average salary multiplied by the number of years of active service. If a retiree is age 50 and not yet age 55 at the date of retirement, the retirement benefit payable will be reduced by 0.5% for each month that the retirement date precedes age 55.

Notes to the Basic Financial Statements September 30, 2023

Membership of each plan consisted of the following at the date of the latest actuarial valuation:

	Police	Fire
	Pension	Pension
Number of participants:		
Current membership (receiving benefits)*	199	190
Terminated entitled, not yet receiving benefits	46	10
Current active members*	145	129

* Included in the total for current active and current membership (receiving benefits) Police and Fire members are 16 Fire DROP (Deferred Retirement Option Program) members and 5 Police DROP members.

Financial Statements for the Police and Firefighters' Retirement Funds are included in the Fiduciary funds financial statements as part of the pension and OPEB trust funds. There are no separately issued financial statements for the Police and Firefighters' Retirement Funds.

2. Funding Policy and Assumptions

The City's Police and Fire pension contributions for the fiscal year ended September 30, 2023, were made in accordance with actuarially determined contribution requirements determined through actuarial valuation.

The roll-forward of total pension liability from September 30, 2022 to September 30, 2023 reflects expected service cost and interest reduced by actual benefit payments and administrative expenses. Actuarially determined contribution rates are calculated as of September 30 which is 1 year prior to the beginning of the fiscal year in which contributions are reported.

The City's annual pension cost for Police and Fire pensions and the related information for each plan is as follows:

	Police Plan	Fire Plan
Contribution rates:		
City	47.06%	70.22%
Plan members – contributory	8.35%	4.00%
Plan members – noncontributory	3.50%	
Actuarial valuation date	9/30/2022	9/30/2022
Actuarial cost method	entry age normal	entry age normal
Actuarial assumptions:		
Investment rate of return	6.25%	6.25%
Projected salary increases *	2.75% - 11.75%	2.75% - 11.75%
* Includes inflation at	2.75%	2.75%
Benefit increases	2% annually until	2% annually
	attained age of 62; 1.5%	-
	thereafter	

The healthy retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were 115% of the PubG-2010 mortality tables for males and females, adjusted for fully generational mortality improvements using Scale MP-2020. The base year for males was then established to be 2017. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to the above described tables. This assumption was last reviewed and updated as part of the five-year experience study for the period October 1, 2015 through September 30, 2020.

The actuarial assumptions used in the September 30, 2022 valuation were based on results of an actuarial experience study for the five year period October 1, 2015 through September 30, 2020. There were no benefit changes during the year. A 0.35% load was added to the normal cost for administrative expenses. This change was reflected as of September 30, 2021.

Notes to the Basic Financial Statements September 30, 2023

3. Investments

Due to the compatible investment objectives of the funds, the City pools the Police and Firefighters' Retirement Funds portfolio. Investments shall be made by the director of finance or the director's designee under the direction and review of the investment committee. The investment committee shall establish a general policy for investments, and the fund shall be invested by the director of finance in accordance with that policy. The investment committee shall review the investments from time to time as it shall deem appropriate. The director of finance shall make a quarterly report of investments and disbursements.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. The fund's investment policy establishes the following target allocation across asset classes:

Asset Class	Asset Allocation Target %	Long-Term Expected Real Rate of Return
Domestic Equity - Large Cap	27.00%	5.62%
Domestic Equity - Small Cap	13.00%	5.86%
International Equity	15.00%	6.92%
Domestic Corporate Fixed Income	20.00%	2.29%
Domestic Government Fixed Income	12.00%	1.77%
High Yield Bonds	3.00%	4.61%
Real Estate	5.00%	3.61%
Hedge Funds	5.00%	4.06%
	100.00%	
Total Real Rate of Return		4.51%
Plus: Price Inflation - Actuary's Assumption	ons	<u>2.50%</u>
Net Expected Return		7.01%

For the year ended September 30, 2023, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 13.18 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

4. Changes in the Net Pension Liability of the Plans:

The net pension liability is to be measured as the total pension liability, less the amount of the pension plan's fiduciary net position. In actuarial terms, this will be the accrued liability less the market value of assets (not the smoothed actuarial value of assets that is often utilized in actuarial valuations performed to determine the employer's contribution requirement.)

An actuarial valuation to determine the total pension liability is required to be performed at least every two years. If the actuarial valuation is not calculated as of the plan's fiscal year end, the total pension liability is required to be rolled forward from the actuarial valuation date to the pension plan's fiscal year end.

The total pension liability shown in this report is based on an actuarial valuation performed as of September 30, 2022 and a measurement date of September 30, 2023. Standard update procedures were used to roll forward the total pension liability to September 30, 2023.

Notes to the Basic Financial Statements September 30, 2023

The components of the net pension liability at September 30, 2023 were as follows:

a: Fire division:

		Increase (Decrease)	
	Total Pension	Plan Fiduciary	Net Pension
	Liability	Net Position	Liability
	(a)	(b)	(a)-(b)
Balances at 9/30/2022	\$193,510,746	\$ 93,441,891	\$100,068,855

5. Single Discount Rate and Rate Sensitivity:

GASB Statement No. 67 includes a specific requirement for the discount rate that is used for the purpose of the measurement of the Total Pension Liability. This rate considers the ability of the fund to meet benefit obligations in the future. To make this determination, employer contributions, employee contributions, benefit payments, expenses and investment returns are projected into the future. The Plan Net Position (assets) in future years can then be determined and compared to its obligation to make benefit payments in those years. As long as assets are projected to be on hand in a future year, the assumed valuation discount rate is used. In years where assets are not projected to

Notes to the Basic Financial Statements September 30, 2023

be sufficient to meet benefit payments, the use of a "risk-free" rate is required, as described in the following paragraph.

The single discount rate (SDR) is equivalent to applying these two rates to the benefits that are projected to be paid during the different time periods. The SDR reflects (1) the long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

A single discount rate of 6.25% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 6.25%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Regarding the sensitivity of the net position liability to changes in the single discount rate, the following presents the plan's net pension liability, calculated using a single discount rate of 6.25% as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage point higher:

Notes to the Basic Financial Statements September 30, 2023

6. Pension Expense and Deferred Inflows and Outflows of Resources Related to Pension

For the year ended September 30, 2023, the City recognized pension expense of \$26,465,714 in the Police and Fire Funds. The City reported deferred outflows and inflows of resources related to pensions from the following sources:

	Fire Fund			
	Deferred Deferr			Deferred
	Outflows Inf.		Inflows	
	of Resources of		f Resources	
Differences in experience	\$	6,784,346	\$	(62,962)
Changes in assumptions		9,053,455		-
Difference between projected and actual investment returns		4,564,851		-
Total	\$	20,402,652	\$	(62,962)

	Police Fund			
	Deferred Defer			eferred
	Outflows Inflo		nflows	
	0	f Resources	of R	esources
Differences in experience	\$	2,912,943	\$	-
Changes in assumptions		4,733,709		-
Difference between projected and actual investment returns		2,816,764		
Total	\$	10,463,416	\$	-

Amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Fire Fund	
Year ending	Pension
September 30	Expense
2024	\$ 6,703,217
2025	6,488,546
2026	7,312,945
2027	<u>(165,018)</u>
Total	<u>\$20,339,690</u>
Police Fund	

r once r und	
Year ending	Pension
September 30	Expense
2024	\$4,472,279
2025	4,054,255
2026	2,739,331
2027	<u>(802,449)</u>
Total	<u>\$10,463,416</u>

Deferred outflows of resources and deferred inflows of resources related to differences in experience are being amortized over a closed period equal to the average of the expected service lives of all employees as of the

Notes to the Basic Financial Statements September 30, 2023

beginning of each measurement period. The deferred outflows of resources related to the difference between expected and actual investment earnings is being amortized over a closed five year period.

The City's funding policy provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are designed to accumulate sufficient assets to pay benefits when due. Administration costs are financed by the revenues of the Police and Firefighters' Retirement Funds.

There were no long-term contracts for contributions outstanding on September 30, 2023. Although the assets of the plans are commingled for investment purposes, each plan's assets may be used only for the payment of benefits to the members of that plan, in accordance with the terms of the plan.

7. Statements of Fiduciary Net Position for the Firefighters' and Police Retirement Funds as of September 30, 2023 are as follows:

	irefighters' irement Fund	Reti	Police irement Fund	. <u> </u>	Total

DROP

The Deferred Retirement Option Program (DROP), implemented on August 21, 2007, is a program that allows qualified employees to retire without terminating their employment for up to 5 years while their retirement benefits accumulate and earn interest compounded monthly at an effective annual rate of 4.0% for DROP members with an effective DROP date on or before September 1, 2012, and 2% for DROP members with an effective DROP date after September 1, 2012. This program is available to eligible active members of the Columbia Police Department or the Columbia Fire Department who are in the Police Retirement Fund or Firefighters' Retirement Fund, respectively. DROP participants are still eligible for COLA increases. Employer and member contributions continue to be made while the member participates in the DROP. Member contributions are not deposited to the member's DROP account.

Eligible members of the Police Retirement Fund or Firefighters' Retirement Fund may participate in DROP when vested and they have reached their normal retirement date. In most cases an employee's normal retirement date is when vested and upon reaching age 65, or when they have completed 20 years of service, regardless of their age.

Notes to the Basic Financial Statements September 30, 2023

DROP eligibility begins the first month an employee reaches their normal retirement date. DROP participants must have written authorization from their employer and approval by the Administrator. In no event may the DROP period exceed 60 months.

If the qualified employee fails to terminate employment at the end of the DROP period, both the retirement and DROP participation will be voided, and the employer must pay any additional contributions that may be required to establish service credit for the time the participant was in DROP.

Changes in the DROP balance in fiscal year 2023 were:

Year	Balance at				Balance at
Ended	Beginning				End of
September 30	of Year	Credits	Interest	Distributions	Year
2023	\$2,125,276	\$1,456,790	\$48,730	\$946,751	\$2,684,045

B. LAGERS

1. General Information about the Pension Plan

Benefits Provided:

LAGERS provides retirement, death and disability benefits. Participants in the LAGERS plan become fully vested after five years of service. Participants are eligible for a monthly defined service retirement benefit with full benefits for general and utility employees at age sixty. Actuarially reduced benefits are available for general and utility employees at age fifty-five. LAGERS also provides disability and death benefits.

2023 Valuation

Benefit Multiplier:	2.00%
Final Average Salary:	3 Years
Member Contributions:	0%

Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

At June 30, 2023, the following employees were covered by the benefit terms:

	LAGERS
Number of participants:	
Inactive employees or beneficiaries currently receiving benefits	870
Inactive employees entitled to but not yet receiving benefits	376
Active members	927
	2,173

Contributions:

The LAGERS contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute.

(Continued)

Notes to the Basic Financial Statements September 30, 2023

The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer do not contribute to the pension plan. Employer contribution rates are 13.4% General and 18.4% Utility.

Net Pension Liability (Asset):

The City's net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of February 28, 2023. Standard update procedures were used to roll forward the total pension liability to June 30, 2023.

Actuarial Assumptions:

The total pension liability in the February 28, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Wage Inflation 2.75% Salary Increase 2.75% to 6.75% including inflation Investment rate of return: 7.00%

The healthy retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were 115% of the PubG-2010 Retiree Mortality Table for males and females. The disabled retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were 115% of the PubNS-2010 Disabled Retiree Mortality Table for males and females. The pre-retirement mortality tables used were 75% of the PubG-2010 Employee Mortality Table for males and females of General groups and 75% of the PubS-2010 Employee Mortality Table for males and females of General groups. Mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scale to the above described tables.

The actuarial assumptions used in the February 28, 2023 valuation were based on the results of an actuarial experience study for the period March 1, 2015 through February 29, 2020.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	Target	Long-Term Expected
Asset Class	Allocation	Real Rate of Return
Alpha	15%	3.67%
Equity	35%	4.78%
Fixed Income	31%	1.41%
Real Assets	36%	3.29%
Strategic Assets	8%	5.25%
Cash/Leverage	-25%	-0.29%
	100%	

Notes to the Basic Financial Statements September 30, 2023

Discount rate:

The discount rate used to measure the total pension liability is 7.00%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

2. Changes in the Net Pension Liability (Asset)

a: General/Utility division:

	Increase (Decrease)				
	Total Pension	Plan Fiduciary	Net Pension		
	Liability	Net Position	Liability (Asset)

Notes to the Basic Financial Statements September 30, 2023

3. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension

For the year ended September 30, 2023, the City recognized pension expense of \$20,260,669. The City reported deferred outflows and inflows of resources related to pensions from the following sources:

	General/Utility Division			
		Deferred	Deferred	
	Outflows		Inflows	
	of Resources		of Resources	
Differences in experience	\$ 7,178,146		\$	(4,233,388)
Changes in assumption		-		(3,059,176)
Difference between projected and actual investment returns		5,003,345		-
Contributions subsequent to the measurement date*		2,181,159		
Total	\$	14,362,650	\$	(7,292,564)

*The amount reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction in the Net Pension Liability for the year ending September 30, 2024.

Amounts reported as deferred outflows and inflows of resources related to pensions, other than contributions subsequent to the measurement date, will be recognized in pension expense as follows:

General/Utility Division	
Year ending	Pension
September 30	Expense
2024	\$ (1,246,702)
2025	(5,669,676)
2026	8,932,233
2027	2,873,072
Total	<u>\$ 4,888,927</u>

Deferred inflows of resources and deferred outflows of resources related to differences in experience and changes in assumption are being amortized over a closed period equal to the average of the expected service lives of all employees as of the beginning of each measurement period. The deferred outflows of resources related to the difference between expected and actual investment earnings is being amortized over a closed five year period.

C. 401(a) Retirement Plan

The City sponsors and administers, through a contract with Central Bank of Boone County, a 401(a) plan which is a defined contribution plan established to provide benefits at retirement to permanent employees of the City. At September 30, 2023, there were 1,305 plan members. The City will contribute to the plan on behalf of each participant an amount equal to 2.0% of the participant's salary contingent upon the participant making a matching contribution to a Section 457 deferred compensation plan. Police and firefighter employees participating in the city's Police and Fire Pension plans are not eligible to participate in the 401(a) plan. For the year ended September 30, 2023, the City contributed \$845,893 to the plan. Plan provisions and contribution requirements are established and may be amended by the City Council.

D. Post Employment Health Plan (PEHP)

Beginning with the fiscal year ended September 30, 2010, the City no longer makes contributions towards the employee post employment health plan. However, employees who terminate employment after 10 or more years of service may be eligible to convert unused sick leave hours (at the rate of \$2.00 for every hour of final accumulated

Notes to the Basic Financial Statements September 30, 2023

sick leave) for deposit into the employee's PEHP account. For the year ended September 30, 2023, \$41,480 was contributed to the plan.

E. Other Post Employment Benefits (OPEB)

Plan Description:

The City of Columbia post employment Health Plan is a single employer defined benefit plan that is self funded. The Plan provides medical, prescription drug benefits and dental benefits to eligible retirees and their dependents. The City has no OPEB board.

Eligible non-Medicare retirees receive health care coverage through a self-insured Point-of-Service plan offered through Anthem Blue Cross Blue Shield.

Eligible Medicare retirees receive health care coverage through a fully-insured Medicare Supplement Plan F and a Part D Rx plan offered through United American. The dental benefits provided are the same as those provided pre-Medicare.

Eligibility is as follows:

Police and Fire:

20 or more years of continuous service and receipt of pension benefits from the City.

All others:

Age 60 with 5 years of continuous service.

In addition, any employee receiving long term disability benefits is eligible for postemployment health benefits.

As of October 1, 2022, the date of the latest actuarial valuation, plan membership consisted of the following:

Retirees receiving benefits	29
Active members	1,128
Total plan members	1,157

Reserves:

The authority to establish reserves was granted by the City Council in Resolution 212-08 which authorized the City Manager to establish a Section 115 trust fund for the City's post-employment health insurance benefits and to execute related agreements and documents.

Contributions:

Retirees and spouses pay 100% of the premium equivalent rates shown below. As such, there is no Employer liability assumed for dental and Medicare eligible medical and pharmacy benefits.

Notes to the Basic Financial Statements September 30, 2023

2022-2023 Annual Premium Equivalent Rates:

	Pre-65 Coverage		Post-65 Coverag		
Plan	Single	Double	Single	Double	
\$750 PPO	\$ 11,067 \$	23,242 \$	6,317 \$	12,634	
\$1,500 PPO	10,642	22,349	6,317	12,635	
\$2,800 HDHP	10,837	22,716	6,721	13,439	
Dental	403	804	403	804	
T ()					

Investments:

The investment policy of the City is determined based on the goals and objectives of the Plan and the risk tolerance of the City. As new information regarding the economic environment becomes available, the investment policy may need to be revised. Asset allocations fluctuate due to market performance; however, the targeted OPEB asset allocation is as described below. The City's objective in selecting the Expected Long-Term rate of return on Assets is to estimate the single rate of return that reflects the historical returns, future expectations for each asset class, and the asset mix of the plan assets.

	Target Allocation	Expected Return
Asset Classes	(a)	(b)
Fixed Income	19%	2.5%
Equity	69%	6.0%
Cash	5%	-2.5%
Other	7%	1.5%
	100%	

Actuarial Methods and Assumptions:

The total OPEB liability of \$3,467,609 was determined using an actuarial valuation date of October 1, 2022 rolled forward to the plan's year end of September 30, 2023, the measurement date.

Discount rate	7%
Annual wage increases	3.25%
Price inflation	2.50%
Long-Term Expected Rate of Return	7%
Healthcare Cost Trend Rates	7.5% initially, decreasing .25% per year
	to an ultimate rate of 4.5%.

The discount rate is the single rate that reflects (1) the long-term expected rate of return on OPEB plan investments that are expected to be used to finance the payment of benefits, to the extent that the OPEB plan's fiduciary net position is projected to be sufficient to make projected benefit payments and OPEB plan assets are expected to be invested using a strategy to achieve that return, and (2) a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another scale), to the extent that the conditions for use of the long-term expected rate of return are not met.

Notes to the Basic Financial Statements September 30, 2023

Net OPEB Liability/(Asset)	(\$1,595,292)	(\$1,164,526)	(\$652,347)

OPEB plan assets (termed OPEB plan fiduciary net position) are measured at fair value, using the same valuation methods used by the OPEB plan for purposes of preparing its statement of fiduciary net position. The money weighted rate of return (net of investment expense) is (20.26%).

Notes to the Basic Financial Statements September 30, 2023

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2023, the City recognized OPEB expense of \$190,215. The City reported deferred outflows of resources related to OPEB from the following sources:

	OPEB	OPEB
	Deferred	Deferred
	Outflows	Inflows
	of Resources	of Resources
Difference between projected and actual investment returns	\$ 377,574	-
Difference between expected and actual experience	29,420	(1,385,287)
Changes in assumptions	1,013,314	(980,838)
Total	\$ 1,420,308	\$ (2,366,125)

Amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ending	OPEB
September 30	Expense
2024	\$ 15,560
2025	18,087
2026	128,652
2027	(219,115)
2028	(284,480)
2029+	(604,521)
Total	(<u>\$945,817)</u>

The deferred outflows of resources related to the difference between expected and actual investment earnings is being amortized over a closed five year period. The differences between expected and actual experience as well as the changes in assumptions are being amortized over a closed 8 year period.

Financial statements for the OPEB plan are included in the Fiduciary funds financial statements as a part of the pension and OPEB trust funds. There are no separately issued financial statements for the OPEB plan.

Notes to the Basic Financial Statements September 30, 2023

The components of the net OPEB liability (asset) under GASB 74/75 at September 30, 2023 were as follows:

Notes to the Basic Financial Statements September 30, 2023

XIII. SUBSEQUENT EVENTS

On October 26, 2023, the City issued \$27,695,000 of Water and Electric System Revenue Bonds. The bonds were issued for the purpose of providing funds to (1) extend and improve the Water Utility, (2) fund a debt service reserve account for the bonds, and (3) pay certain costs and expenses of issuing the bonds. The bonds are special limited obligations of the City, payable solely from and secured by a pledge of the net revenues of the Water and Electric System and certain accounts under the Bond Ordinance to the extent pledged under the Bond Ordinance.

The Bonds represent the final installment of \$42,845,000 of waterworks and electric system revenue bonds authorized by the required majority of the qualified voters of the City on August 7, 2018.

The Columbia Sports Fieldhouse Phase II (expansion) will include four additional hardwood courts, restrooms, office space, meeting room and common areas. Due to the inflation, on December 4, 2023, this project received an additional \$2,000,000 from Park Sales Tax and \$2,500,000 from the Designated Loan Fund. The loan has a maturity of 10 years with an interest rate of 4.83% and will be paid using 1/8-cent Park Sales Tax funding designated for capital improvement.

Required Supplementary Information Notes to the Budgetary Comparison Schedule For The Year Ended September 30, 2023

Budgetary Information

An annual budget is prepared under the modified accrual basis of accounting and adopted on a basis consistent with GAAP in September prior to the beginning of each fiscal year for all revenues and expenditures of the General Fund of the City. Accordingly, the budget schedule presents actual expenditures in accordance with accounting principles generally accepted in the United States of America. The primary basis of budgetary control is at the department level. Departments may not legally exceed their total appropriation without City Council approval. A review of the current year's budget is made by the departments in September of each year and interdepartmental transfers are made with City Council approval. Any remaining unencumbered appropriations lapse at fiscal year end. Any increase in appropriations during the fiscal year must be approved by the City Council. During the current budget year, supplemental budget appropriations were necessary to approve funding for new grant programs, as well as other approved City programs. These appropriations increased the General Fund budget by \$7,828,052 and this increase is reflected in the final budgeted amounts in the accompanying required supplemental information.

Project budgets prepared under the modified accrual basis of accounting are adopted for the Capital Projects Fund. All projects remain appropriated until completed or until the City Council decides to eliminate the project. The Debt Service Funds are controlled by related bond ordinances and have legally adopted budgets. Special Revenue Funds with legally adopted annual budgets are: Convention and Tourism Fund, Public Improvement Fund, Capital Improvement Sales Tax Fund, Park Sales Tax Fund, Contributions Fund, Non-Motorized Grant Fund, Mid Mo Solid Waste Mgt District Fund and the Transportation Sales Tax Fund.

Capital outlay and miscellaneous nonprogrammed activities, which are presented separately on the governmental funds statement of revenues, expenditures and changes in fund balance, have been reclassified to their appropriate functional classification in the budgetary comparison schedule.

Notes to Schedule:

Changes since prior valuation:

1. Medical networks and administration was moved from UnitedHealthcare to Anthem effective 1/1/2023.

2. Deductible for the HDHP was increased from \$2,800 to \$3,000 effective 1/1/2023.

3. Premium equivalent rates were updated to reflect current rates.

*Schedules are intended to show information for ten years and the additional years' information will be displayed as it becomes available.

2016	(126,898)	345,380	(472,278)	65,437,191	0.53%
2015	-	354,262	(354,262)	65,437,191	0.54%
2014	91,731	18,339	73,392	57,823,146	0.03%

* The total retiree premium contributions received exceeded the gross claims and fees paid. While the net claims paid are negative, the contribution from the employer is \$0.

Beginning Fiscal Year ending September 30, 2017, the ADC is calculated in accordance with the Employer's funding policy, if one exists.

Prior to Fiscal Year ending September 30, 2017, the ADC is equal to the Annual Required Contribution (ARC) calculated under GASB Statement No. 45.

Notes to Schedule

Valuation date	October 1, 2022
Actuarial cost method	Individual entry age normal as a level percentage of payroll
Asset valuation method	Market value
Inflation	2.50%
Healthcare cost trend rates	The immediate trend rates are assumed to decrease to an ultimate trend rate over a period of 5 to 15 years.
Salary increases	3.25%
Investment rate of return	7.00%
Retirement age Police and Fire	20 or more years of continuous service and receipt of pension benefits from the City.
Mortality	The mortality assumptions include a margin for future mortality
	improvements using Scale MP-2021 projected fully-generationally
	from the central year of data, 2010.

2014	8,384,318	8,037,243	347,075	45,782,304	17.56%

Notes to Schedule of Contributions						
Valuation Date:	February 28, 2023					
Notes:	The roll-forward of total pension liability from February 28, 2023 to June 30, 2023 reflects expected service cost and interest reduced by actual benefit payments.					

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry-Age Normal and Modified Terminal Funding
Amortization method	A level percentage of payroll amortization method is used to amortize the UAAL over a closed period of years. If the UAAL (excluding the UAAL associated with benefit changes) is negative, then this amount is amortized over the greater of (i) the remaining initial amortization period or (ii) 15 years.
Remaining amortization period	Multiple bases from 9 to 19 years
Asset valuation method	5-year smoothed market; 20% corridor
Inflation	2.75% wage inflation; 2.25% price inflation
Salary increases	2.75% to 6.75% including wage inflation
Investment rate of return	7.00%, net of investment expenses
D	
Retirement age	Experience-based table of rates that are specific to the type of eligibility condition.
Retirement age Mortality	Experience-based table of rates that are specific to the type of eligibility condition. The healthy retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were 115% of the PubG- 2010 Retiree Mortality Table for males and females. The disabled retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were 115% of the PubNS-2010 Disabled Retiree Mortality Table for males and females. The pre- retirement mortality tables used were 75% of the PubG-2010 Employee Mortality Table for males and females of General groups and 75% of the PubS-2010 Employee Mortality Table for males and females of Police, Fire and Public Safety groups. Mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scale to the above described tables.

Notes to Schedule of Contributions

Methods and assumptions used to determine contribution rates:

Valuation date	September 30, 2021
Actuarial cost method	Entry-Age Normal
Amortization method	Level Percentage of Payroll, Closed
Remaining amortization period	30 years
Asset valuation method	4-year smoothed market; 25% corridor
Inflation	2.75% wage inflation; 2.50% price inflation
Salary increases	2.75% to 11.25% (including 2.75% wage inflation)
Investment rate of return	6.25%, net of investment expenses
Retirement age	Experience-based table of rates that are specific to the type of eligibility condition.
Mortality	115% of the PubG-2010 mortality tables for males and females, adjusted for fully generational mortality improvements using Scale MP-2020.

SUPPLEMENTARY INFORMATION

COMBINING FUND FINANCIAL STATEMENTS AND SCHEDULE

NON-MAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Non Motorized Grant Fund - to account for federal grant monies reserved for non-motorized transportation projects.

Mid MO Solid Waste Management District Fund - to account for the operations of the MMSWMD funded by a state collected landfill fee. Operations are administered by the City per council approved agreement with the District.

Convention and Tourism Fund - to account for the four percent tax levied on the gross daily rental receipts due from or paid by transient guests at hotels or motels. The revenues are used by the City for the purpose of promoting convention and tourism in the City.

Community Development Grant Fund - to account for all federal monies received by the City and disbursed on Community Development Grant projects.

Public Improvement Fund - to account for and disburse monies the City receives from the City sales tax and voter-approved development fees. This fund receives a portion of the City sales tax which is allocated for a wide range of public improvements to the City including streets, sidewalks and parks. Development fees are used solely for construction of collector and arterial streets.

Capital Improvement Sales Tax Fund - to account for the 1/4 cent sales tax renewed by voters in August 2015, to be collected until December 31, 2025 for funding of capital improvement projects.

Park Sales Tax Fund - to account for the voter-approved, City-enacted 1/4 percent sales tax and expenditures for funding of local parks. Starting in FY23, Park Sales tax fund now includes the Recreational Services fund as well as the General fund Parks and Recreation amounts.

NON-MAJOR GOVERNMENTAL FUNDS

Special Revenue Funds (continued)

Contributions Fund - to account for all gifts, bequests, or other funds derived from property which may have been purchased or held in trust by or for the City of Columbia, Missouri.

Transportation Sales Tax Fund - to account for the voter approved, City-enacted sales tax and expenditures for transportation purposes which include financial support of the public mass transportation system, construction and maintenance of streets, roads, bridges, and airports to the extent of tax revenues.

Permanent Fund

The Permanent Fund is used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs.

Designated Loan & Special Tax Bill Investment Fund - to account for the purchase of all special assessment tax bills. The fund also makes loans and advances to other funds.

NON-MAJOR GOVERNMENTAL FUNDS

Debt Service Funds

The Debt Service Funds are used to account for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the government is obligated in some manner for the payment.

2016 Special Obligation Refunding Bonds - to advance refund the City's Special Obligation Bonds, Series 2008B.

CITY OF COLUMBIA, MISSOURI

NON-MAJOR ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises-where the intent of the government's council is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the government's council has decided that periodic determination of net income is appropriate for accountability purposes.

Parking Facilities Fund - to account for revenues and expenses resulting from the operation and maintenance of City parking lots, municipal garages, and parking meters.

Recreational Services Fund - to account for revenues and expenses for various recreational services provided by the Parks and Recreation Department for which participants are charged fees. Moved to Park Sales Tax Special Revenue Fund in FY23.

Storm Water Utility Fund - to account for storm water funding, implementation of storm water management projects, and provide maintenance to existing drainage facilities.

Public Transportation Fund - to account for all the expenses and revenues resulting from the provision of public transportation services by the Columbia Area Transportation System.

Railroad Fund - to account for revenues and expenses resulting from the operation of a railroad branch line which runs from a Norfolk and Southern main line in Centralia, Missouri to the City of Columbia.

Transload Fund - to account for revenues and expenses associated with the operation and maintenance of the Transload Facility.

CITY OF COLUMBIA, MISSOURI

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

Information Technology Fund - to account for the provision of hardware infrastructure to support the computing requirements of the City, as well as developing or implementing software to improve the operating efficiencies of the departments within the City.

Fleet Operations Fund - to account for operating a maintenance facility for automotive equipment, and for fuel used by City departments.

Self Insurance Reserve Fund - to account for the reserves established and held in trust for the City's self insurance program, and to account for the payment of property and casualty losses, and uninsured workers' compensation claims.

Employee Benefit Fund - to account for the City of Columbia's self-insurance program for health, disability and life insurance for covered City employees. Other employee benefits accounted for in this fund include retirement sick leave, medical services, service awards, cafeteria plan and employee health/wellness.

Vehicle and Equipment Replacement Fund - to account for available funds for the replacement of vehicles and equipment.

CITY OF COLUMBIA, MISSOURI

FIDUCIARY FUNDS

Fiduciary Funds are used to report assets held in a trustee or custodial capacity for others and therefore cannot be used to support the City's own programs.

PENSION TRUST FUNDS

Police and Firefighters' Retirement Funds - to account for the accumulation of resources for pension benefit payments to qualified police and firefighter personnel.

Other Post Employment Benefit Trust Fund - A fiduciary component unit to account for the accumulation of resources for post employment benefits to qualified plan participants.

CUSTODIAL FUNDS

TIF funds - The Tiger Hotel, Broadway Hotel and Regency Hotel are TIF funds used for financing for redevelopment projects.

MO Foundation for Health - to account for the spending of the Columbia Center for Urban Agriculture, and collect reimbursement from the Missouri Foundation for Health for a grant issued to the Columbia Center for Urban Agriculture for a community food assessment and for construction and programming costs associated with the Clary-Shy Agriculture park.

Flexible Spending Fund - to account for the moneys received and disbursed for the employee benefit scafeteria plan.

Evidence Holding Fund - To account for funds received by the police department from seized and forfeited properties under guidelines established by the U.S. Department of Justice.

Show Me Courts Fund - To account for the collection and disbursement of the management fees for Show Me Courts automation software.

CITY OF COLUMBIA, MISSOURI

STATISTICAL SECTION

The Statistical Section "relates to the physical, economic, social and political characteristics of the City." Its design is to provide financial statement users with additional historical perspective, context, and detail to assist in using the information in the financial statements, notes to the financial statements, and required supplementary information to understand and assess the City's economic condition.

Financial Trends Information - is intended to assist users in understanding and assessing how the City's financial position has changed over time.

Revenue Capacity Information - is intended to assist users in understanding and assessing the factors affecting the City's ability to generate its own-source revenues, sales tax and property tax.

Debt Capacity Information - is intended to assist users in understanding and assessing the City's debt burden and its ability to issue additional debt.

Demographic and Economic Information - is intended (1) to assist users in understanding the socioeconomic environment within which the City operates and (2) to provide information that facilitates comparisons of financial statement information over time.

Operating Information - is intended to provide contextual information about the City's operations and resources to assist readers in using financial statement information to understand and assess the City's economic condition.

Sources: Unless otherwise noted, the information provided in these schedules is derived from the annual comprehensive financial reports for the relevant year.

* Rate structure was changed as of July 1, 2023 and the FY2022-2023 column reflects the rates in effect as of July 1, 2023. The electric service rates for residential service, small general service, and the energy charge portion for large general service and industrial services are increased or decreased by a fuel adjustment allowance. The fuel adjustment allowance is computed annually based on the energy costs estimate (purchased power and fuel) per kilowatt hour.

* The rates shown in this table are those in effect at July 1, 2023. The electric service rates for residential service, small general service, and the energy charge portion for large general service and industrial services are increased or decreased by a fuel adjustment allowance. The fuel adjustment allowance is computed annually based on the energy costs estimate (purchased power and fuel) per kilowatt hour.

DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT SEPTEMBER 30, 2023

Source: Assessed value data used to estimate applicable percentages provided by the Boone County Collectors Office. Debt outstanding data provided by each governmental unit.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognized that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

(a) For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the City's boundaries and dividing it by each unit's total taxable assessed value.

* All tangible property.

** Section 95.115 of the 1978 Missouri Revised Statutes permits any county or city, by vote of two-thirds of qualified electors voting thereon, to incur additional indebtedness for city purposes not to exceed 5 percent of the taxable tangible property therein, as shown by the last assessment.

Section 95.120 of the 1978 Missouri Revised Statutes permits any county or city, by a vote of two-thirds of qualified electors voting thereon, to incur additional indebtedness for city purposes not to exceed 5 percent of the taxable tangible property therein, as shown by the last assessment.

Sections 95.125 and 95.130 of the 1978 Missouri Revised Statutes provide that any city may become indebted not exceeding in the aggregate an additional 10 percent for the purpose of acquiring right-of-ways, constructing, extending, and improving streets and avenues and/or sanitary or storm sewer system, and an additional 10 percent for purchasing or construction of waterworks, electric, or other light plants, provided the total general obligation indebtedness of the city does not exceed 20 percent of the assessed valuation.
